Germany Ordered to Pay Twenty Billions Before First of May

Article 235 of Versailles Treaty Stipulates Payments Must Be Made in Gold, Commodities, Ships or Securities—Expenses of Armies of Occupation Must First Be Met—Germans Only "Wasting Time" to Further Delay Settlement.

Paris, March 15.—Germany was yesterday called upon by the allied reparations commission to carry out Article 235 of the Versailles Treaty, which stipulates that Germany must pay before May 1, 1921, the equivalent of 20,000,000 gold marks. The treaty provides that this payment may be made in gold, commodities, ships, securities or other valuable articles, and that out of this sum the expenses of the armies of occupation are first to be met. The reparations commission also asks Germany to pay over to the allied powers the cost of the occupation of the Ruhr and the cost of the maintenance of the French Government's army in the Ruhr.

TEN PER CENT RENT INCREASE NOT ENOUGH SAYS ONE LANDLORD Taxes, Repairs, etc., Have Greatly Increased. SUPPLY AND DEMAND Good Tenants More to Be Desired Than Higher Rents, States Another.

That "circumstances alter cases" is an aphorism with which school copy-books have made everyone familiar. This crisp sentence is apparently the main factor governing the opinions of London landlords on Hon. Walter Rollo's fair rentals bill, which has just passed its first reading in the Ontario Legislature.

CITY COUNCIL WILL STRIKE TAX RATE THIS AFTERNOON DESPITE EDUCATION BOARD

Work Would Have Been Accomplished Two Weeks Ago Had It Not Been for Trustees' Delay—Informal Meeting Could Have Easily Been Called, Declares the Mayor.

The city tax rate, exclusive of the board of education's share, will be struck by the city council at 4 o'clock this afternoon, Mayor Little stated today. It will be about 24 mills. This action, which is tantamount to throwing the board on its own resources, is without precedent in the history of the city.

Board of Education Refuses To Bring In Its Estimates Today

Inform City Clerk That 24 Hours Notice Must Be Given Before Special Meeting Can Be Held—The City Council Must Take Full Responsibility for Any Reductions.

Having conscientiously done their duty to the ratepayers, the teachers and the boys and girls of the city of London in the preparation of the educational estimates for 1921, the board of education today refused, through its chairman, to be driven by the city council into any hasty or haphazard reduction of the revised estimates which it presented to the council Monday.

COUNT WITTE'S BOOK REFUTES KASER'S STORY

Says Wilhelm Made Treaty With Russian Czar Against France.

THE BJORKOE COMPACT Witte, With Aid of Count Lamsdorff, Broke Infamous Agreement.

NEW YORK, March 14.—The former German emperor's proposal for a league of nations, as described in his book written with the object of showing that Great Britain was responsible for the war, is definitely refuted by the forthcoming memoirs of Count Witte, the noted Russian statesman.

Referred to Treaty. "Having referred to my success at Portsmouth," says Witte, "I then turned to the general political situation in Europe and reverted to our Father's conversation. I reiterated my profound belief in the desirability of a general rapprochement of the three main bodies of Europe: Russia, Germany and France; this rapprochement, in my opinion, would be joined by other European powers, and delivered from the burden of military expenditures, Europe would be enabled to create a mighty naval power which would dominate the world. His majesty assured me that he shared my views, and that he would do his utmost to bring my scheme into effect at his meeting with Emperor Nicholas at the Hague, which was to me his extraordinary piece of news, his majesty asked me whether I was satisfied with this development, and my innocence I replied that his words had filled my heart with joy. We parted."

Interview with Nicholas. Upon his arrival in St. Petersburg (Petrograd), Count Witte had an interview with Emperor Nicholas. "The emperor," writes the Count, "was most friendly to me, and he had received a letter from Emperor William in which the German sovereign spoke of me in admiring terms, and expressed his desire to share the views which were the foundation of his agreement with Germany, concluded at Bjorkoe. The text of the mysterious agreement, however, has not been made public."

Do you really approve of the Bjorkoe compact? "I replied in the affirmative and proceeded to discuss the desirability of an entente between Russia and Germany and France, when he interrupted me, saying: 'Hadn't you read the Bjorkoe compact?'"

"But," he confessed that I had not, "whereupon he handed me the text of the document, saying that he had received it only the previous day, and adding me read it the count looked profoundly excited and upset. As I read the document I understood the cause of his excitement. The substance of the agreement was that Germany and Russia obligated themselves to defend each other in case of war with any other European power, including France. 'Russia pledged itself to make every effort to gain France over to this union (but whether this result was attained, the agreement between the two countries was, nevertheless, valid).'"

"The treaty dishonors us in the eyes of France. Is it possible that all this has been concluded without your and that you know nothing about it?" Count Lamsdorff repeated that until the previous day he had been kept in complete ignorance of the matter.

"Does not his majesty know that we have a treaty with France?" I asked. "Of course his majesty knows that," he replied, "but the fact must have slipped from his mind, or, what is more probable, his brain was befogged by the influence of the German ambassador, who failed to grasp the substance of the matter. 'We put our heads together to find a way out of this situation. It was through the influence of Count Witte and Count Lamsdorff that the treaty was eventually abrogated.'"

STILLMAN SUIT VEIL IS LIFTED

Move by Millionaire's Wife's Attorneys May Bare Many High Society Secrets.

NEW YORK, March 15.—With Mrs. Anne Urquhart Potter Stillman, defendant in the divorce suit, James H. Stillman, multi-millionaire president of the National City Bank, in retirement, her attorneys today began a fight to force the husband into the open and get him upon the witness stand in a preliminary litigation.

The lawyers have begun to abandon their efforts to put the divorce case through secretly and quietly. There were indications that, before it is finally decided, it may learn much of the inner secrets of high life.

Stillman Estate Under Guard. Mrs. Stillman is living quietly at her magnificent country home in the Pocomoke section of the Pocahontas, D. Rockefeller estate. The Stillman place is under heavy guard.

Plans for the defence have suffered as a result of the mysterious disappearance of an Indian guide, formerly employed at the Stillman summer camp in Canada, who was to have been one of Mrs. Stillman's chief witnesses.

The missing guide's story had been counted upon by Mrs. Stillman to refute some of the banker's allegations regarding her relations with Fred Beauvis, the half-breed who was named as co-respondent.

The missing guide's story also was counted upon to furnish substantial support to Mrs. Stillman's amended answer, which is to be the subject of a legal fight in the White Plains courts during the present week.

Search Proves Vain. It is understood that the missing witness, who is a half-breed Indian, came to this city some time ago and related his story to Mrs. Stillman's attorney. Employment was secured for the Indian in a physician's office, so he could be kept under constant watch. A few days ago he was wanted to make a deposition, and it was found he had vanished completely. Search was instituted, but the Indian could not be found. It was reported that the witness had been seen in Atlantic City, and one of the attorneys for Mrs. Stillman is there looking for him at present.

Among the rumors which were current and subsequently denied today was one that Mrs. Stillman had consented to allow her to go to California or Reno and get a quiet divorce with all the papers sealed.

ALL JOIN IN NIGHT REVELRY AT DUSSELDORF

Army of Occupation Having a Gay Time in Germany.

DUSSELDORF, March 14.—Night long revelry, in which German civilians, German police and French, British and Belgian soldiers freely fraternized, holds uninterrupted sway in Dusseldorf's gay cabarets, huge dance halls and wine restaurants. The curfew regulations imposed by the French commandant have been lifted. The popping of champagne corks, the screaming of jazz music, the strident voices of girls extolling the beating of heavy boots on the dancing floors, the sound of the French bugles blowing "Lap" and continue until after the soldiers of occupation roll out of the windows of revelry.

The chief body of soldiers is still held in barracks, but many of the men manage to insure nocturnal gaiety with their officers who are transmitted with few restrictions. The occupying forces vie with each other and with the Germans for dance and with the Germans permission to purchase refreshments for them and the hard-boiled orchestras kept busy satisfying appeals for favorite national dance tunes. German "blues" police view the making from the rims of bubbling wine glasses and make no sign of interference. It is a happy scene, but the misunderstandings threaten disorder. The night crowd appears to be a mixture of occupation and the occupiers in cheerful spirit, and the proprietors of the amusement places, most of whom are courteous as unable to conceal their delight at the steady piling up of profits.

MAY TAKE CASE UP AT OTTAWA

Col. Robinson Not Justified in Refusing Armories, "Drys" Claim.

[Special To The Advertiser.] WINDSOR, March 14.—"It's perfectly all right if Colonel Robinson or whoever he is does not want us to have the armories, there are other places in Windsor that we can get," but Mr. Johnson is coming here just exactly as we have said he would," said tonight of Hughson Johnstone, secretary of the local referendum committee, following the meeting of the management committee of the "dry" organization. Mr. Johnstone stated that only routine matters were dealt with at tonight's meeting, and that "practically no reference was made to the Robinson-Johnson episode whatever."

Howard Gardner, of Walkerville, chairman of the management committee, said that he "understood" another hall would be secured, where "Robinson-Johnson would hold his Windsor meeting."

Speaking of the refusal of Col. Robinson to permit the local armories to be used for the temperance cause, Mr. Johnstone said he was "surprised at the attitude" of the officer commanding the 1st Regiment, and he particularly objected to the reference Col. Robinson is said to have made to "foreign agitators."

Mr. Johnson is an American gentleman, and we will try to get him to speak for the Liberty League no attempt to oppose him made by the temperance forces," Mr. Johnstone said, and he thought "the treatment should be accorded the dry worker, Mr. Johnson. He also hinted that Ottawa would "be something about the armories incident, but denied that the "something" would come from the local "dry" organizations.

PACKERS WILL MEET WORKERS

Both Sides To Confer With Labor Secretary To Avert Strike.

CHICAGO, March 14.—Both the packers and representatives of their employees today agreed to meet on March 21, in Washington with Secretary of Labor Davis, who has offered his services as mediator in the hope of averting a threatened strike in the packing industry. The packers announced that they would be represented by James L. Condon and Carl Meyer, their attorneys, who are already in Washington.

The union leaders said that their representatives had not been selected, and suggested that Secretary Davis request the personal presence of J. Ogden Armour and other big packers at the meeting.

Representatives of the men objected to the appearance of the two attorneys for the employers, declaring that the absence of the principals would tend to delay the proceedings.

The packers declared that Mr. Condon and Mr. Meyer would have full authority to represent them. The packers reiterated their statement that they "took it for granted that neither the justice of recent wage reductions nor the readjustment of working hours would enter into the proposed discussions."

All the big packing plants were operating with full forces today, the first day under the recently announced cut of from 12 1/2 to 15 per cent in wages.

GIBBS REFUTES WILD STORIES

"England Is All Right," He Tells Toronto Audience.

TORONTO, March 14.—Sir Philip Gibbs, the noted British correspondent, author and lecturer, in an address at Massey Hall here tonight before a large audience said that the gloomy pictures that had been painted of England in Canada and elsewhere had been overplayed. "England is still there," he said, "and in spirit and in purpose, and in common sense, England is all right."

Sir Philip referred to the anti-British propaganda of the Hearst papers in the United States, and said they were dangerous, because if some vital difference occurred between the United States and Great Britain the propaganda which had been going on might stir up passions, though he did not think that would occur. He had received many letters while in the United States, some of which suggested there would be war between Great Britain and the United States.

"Now that is a lie," declared Sir Philip. "It is a lie which is denied most passionately by the great American people themselves, because they realize, as we realize, that if such an appalling thing were to happen it would be the end of the white civilization itself."

DEVELOP NAVIES OF DOMINIONS, BRITAIN'S PLAN

Each Unit To Work So As To Insure Co-operation.

NO COMPETITIVE BUILDING

Not Concerned With Plans of Other Powers, Says Lord Lee.

LONDON, March 14.—(By Canadian Associated Press).—An admiralty memorandum on naval estimates, referring to the naval policy for consideration at the coming imperial conference says that the lines on which it is proposed to proceed are towards the development of dominion navies under the administrative and executive command of their own officers, each navy being a responsibility for its own government, all working, however, under the guidance of a common doctrine, to insure intelligent co-operation in a universal system of staff training necessary. It is proposed that a certain number of Dominion officers shall each year take a course in the naval staff college, the Dominions eventually establishing their own staff colleges under the same system.

A Big Decrease. The estimate £3,750,000 for the completion of ships in hand, and £2,500,000 for the replacement of obsolescent ships, correspond, after necessary deductions are made for increases in prices, wages, pensions, etc., with the pre-war figure of £3,450,000, and £2,100,000 respectively. The total of £2,950,000, consequently there is a decrease of £19,000,000, as compared with 1914-15.

It cannot be too strongly emphasized that in no way does the present plan begin with the replacement of obsolete ships. Lord Lee declared, "The government neither contemplates, nor contemplates, any building program. Indeed, it trusts it may be possible, as a result of frank and friendly discussion with the principal naval powers to avoid anything approaching competitive building, either now or in the future."

But, meanwhile, it would be a dereliction of duty to allow the training and morale of the royal navy to deteriorate. The navy has provided it with material which is equal to the best, and which it can feel confident. It is also imperative to avoid irreparable loss of time and building facilities which might make it impossible to maintain our sea security, should it be threatened.

Give the Figures. Lord Lee pointed out that the estimates for the current year are £14,000,000 gross, and £8,250,000 net on the estimates of the previous year. The non-recurrence of the additional terminal charges, he stated, would amount to about £8,250,000, including the cost of the completion of light cruisers, air-craft carriers, destroyers and submarines begun during the war.

He anticipated that the low level of this nature would remain to be liquidated after the end of 1922.

VICTIM THOUGHT BANDITS WERE ONLY "KIDDING"

Witnesses Tell of Murder of Druggist Sabine in Toronto.

TORONTO, March 14.—Eleven witnesses testified at an inquest here tonight on the shooting and killing of Cecil Sabine, a druggist, by hold-up men on Saturday night, March 6, and the inquest was then adjourned until Wednesday night. None of the suspected men in the case were called, but at the next sitting they will be put in the witness box.

William McFadden and Roy Hotrum, two of the men under arrest on a charge of murder in connection with Sabine's death, were present during the taking of evidence, but Jack Conley, the third man charged with the murder, was detained in another room in the morgue building, and Walter Hutz, a chauffeur, who is held as a material witness, was kept in still another room.

The prisoners were closely guarded while at the morgue, and additional police officers were on the outside of the building as they arrived from the jail and departed for the jail again.

Detective Leavitt, Constable Arthur White, ambulance driver, and Dr. Frank Scott, who operated upon Sabine for the bullet which resulted fatally for the druggist, testified. Mr. Sabine told them that he regarded the command "hands up" as a joke when two young men entered his store.

"Quit your kidding," he had said to the man nearest to him at the counter, when the revolver which was pointed at him exploded and he fell to the floor.

Gave Description. To these three witnesses and two others who testified at the inquest, remained conscious for some time after the shooting, described the man who shot him as between 20 and 25 years of age, 5 feet, 7 or 8 inches in height, of thin features and dark complexion. The hold-up men took between \$25 and \$35 for Mr. Sabine.

William H. Stokes, a clerk in the Sabine drugstore, said that he was in a rear room when the shooting occurred. When he entered the store, he was standing beside the cash register, with a white handkerchief hanging over the lower part of his face, but he left at once.

Mr. Sabine was lying on the floor and told Stokes that he was shot. The store had been burglarized four times in a year, witness (Stokes) said. He could not identify the man whom he had seen in the store just after the shot was fired. He was under the impression that there were two men in the store as he entered, but was not positive as to this.

COST \$1,051,537 TO COLLECT TAX

OTTAWA, March 14.—(By the Canadian Press).—The cost of using the revenue from the business profit tax act and the income tax act during the fiscal year 1920 was \$1,051,537. A total of 186 employees were engaged in the administration of these acts. This information was conveyed to Hon. Charles Murphy by Sir Henry Drayton in the House of Commons this afternoon. Sir Henry stated that the cost of administering these acts in 1919 was \$495,797 and 1918 \$108,195.

KRONSTADT WILL FACE BLOCKADE

Trotsky's Decision Means Suffering To Women and Children.

LONDON, March 14.—Leon Trotsky, the Russian Soviet war minister, according to advices received here today, has decided to blockade Kronstadt despite the fact that this will entail great suffering to the 8,000 women and children in the town. The reason for Trotsky's unwillingness to bombard the town is the presence of the warship Pstopajevsk, which he is anxious to retain intact, the advices state.

TORPID LIVER FOR OVER FOUR MONTHS

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

When the liver becomes lazy, slow or torpid it is not working properly, and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow.

Milburn's Laxa-Liver Pills quickly remove the secretions, clear away the waste and effete matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood, and cause so many troubles.

Mrs. Alice McMill, Napanea, Ont., writes: "I was very badly run down, and had a torpid liver for four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials, and I am a different person today. I can safely recommend Laxa-Liver Pills to any one troubled with liver trouble."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct. Receipt of price by The T. Milburn Company, Limited, Toronto, Ont.

The Vatican at Rome Recommends Nuxated Iron

If you lack BODILY or MENTAL VIGOR; If you are WEAK, NERVOUS or IRRITABLE, TRY NUXATED IRON TODAY!

Nuxated Iron CONTAINS ORGANIC IRON LIKE THE IRON IN YOUR BLOOD AND LIKE THE IRON IN SPINACH, LENTILS AND APPLES.

NUXATED IRON also contains a remarkable product, brought to the attention of the French Academy of Medicine by the celebrated Dr. Robin, which represents the principal chemical constituent of active living nerve force FOR FEEDING THE NERVES, so that NUXATED IRON might be said to be both a BLOOD and a NERVE FOOD.

THERE ARE 30,000,000,000 RED BLOOD CORPUSCLES in your blood and each one must have iron.

Today about one person out of every three is said to suffer more or less from the great debilitating weakness brought on by malnutrition or lack of sufficient nourishment, which is caused NOT BY LACK OF FOOD but often by LACK OF SUFFICIENT ORGANIC IRON in the blood to enable you to GET THE STRENGTH OUT OF our food.

IRON IS THE MASTER PRINCIPLE OF THE BLOOD AND BLOOD IS LIFE. Our forefathers ate the husks of grains and the skins and peels of vegetables and fruits, rich in strength-giving organic iron, but modern methods of cooking throw all these things away—hence the alarming increase, in recent years, in Anemia—iron starvation of the blood with all its attendant ills.

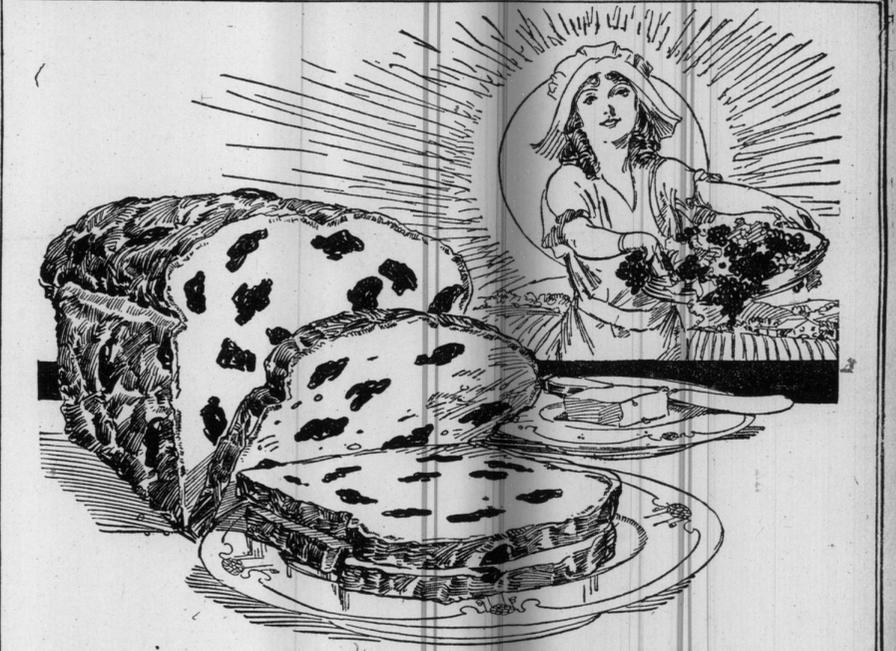

When, as a result of iron starvation, you get up feeling tired in the morning, when you find yourself nervous, irritable and easily upset, when you can no longer do your day's work without being all fagged out at night, when your digestion all goes wrong, or you have pains across the back, shortness of breath, heart palpitation or your face looks pale and drawn, do not wait until you go all to pieces and collapse in a state of nervous prostration, or until in your weakened condition you contract some serious disease, but consult your family physician and have him take a specimen of your blood and make a "blood-count" of your red blood corpuscles to test the iron-power of your blood yourself by adding plenty of spinach, carrots, or other iron-containing fruits and vegetables to your daily food and take organic iron—Nuxated Iron—with them for a while and see how much your condition improves. Thousands of people have surprisingly increased their strength, energy and endurance in two weeks time by this simple experiment.

But be sure the iron you take is organic Nuxated Iron and not metallic iron which people usually take and which is made merely by the action of strong acids on small pieces of iron. The fact that you may have taken metallic iron without receiving any benefit does not prove that Nuxated Iron will not help you. Nuxated Iron represents organic iron in such a highly concentrated form that one ounce is estimated to be approximately equivalent (in organic iron content) to eating

half a quart of spinach or one quart of green vegetables. It is like taking extract of beef instead of eating pounds of meat. Nuxated Iron is used by over 4,000,000 people annually.

Beware of substitutes. Look for the letters N.I. on every tablet. Your money will be refunded by the manufacturer if you do not obtain perfectly satisfactory results. At all drugists.

Serve such bread because it's real raisin bread and because it's healthful.

Raisins are rich in natural iron content. Natural iron in the blood makes ruddy, rosy cheeks. Rosy cheeks make pretty women prettier.

One needs but little iron daily, but that need is vitally important. Eat raisins daily and be sure you're getting all the iron you need.

COAL
Why should you fill your
cellar with coal that
you are not certain will
burn, or if it does burn,
will not give heat or sat-
isfaction, when you can get
PREMIUM coal at a slight
advance in price over the
ordinary anthracite? This
coal costs more per ton,
but what of that, when it
gives you more heat per
pound; in other words more
heat per dollar? We have
estimated that this coal
will cut your fuel bill 18
per cent.

this city nearly all his life.
He is survived by four sons, George
W., Charles S. and John D. Oliver of
London; Frank D. Oliver of Detroit;
one daughter, Mrs. W. G. Smith of
Chatham; two brothers, John of Lobo,
and William of Saskatchewan, and four

HE DARKENED HIS
GREY HAIR
TELLS HOW HE DID IT.
Mr. J. A. McCrea, a well-known resi-
dent of California, who was called
Daddy and Grandpa on account of his
white hair, and who darkened it with a
home-made mixture, recently made the
following statement:
"Anyone can prepare a simple mix-
ture at home that will darken grey hair,
and make it soft and glossy. To a half
pint of water add 1 ounce of bay rum,
a small box of Orlex Compound and 1/4
ounce of glycerine.
These ingredients can be bought at
any drug store at very little cost. Apply
to the hair twice a week until the desired
shade is obtained. It does not
color the scalp, is not sticky or greasy
and does not rub off."—Adv.

ADVERTISER PUZZLE CONTEST
CLOSES ON MARCH 19TH

All Entering Now May Share in Awards Totaling Two Thou-
sand Five Hundred Dollars.

You have until Saturday, the 19th,
to submit a solution of the puzzle, and
a line for one of the big cash
prizes, the highest of which has a value
up to \$700. After the 19th it will be
too late. So don't delay.
Contestants sending in solutions from
now on should exercise care in filling out
the blanks accompanying their
puzzle charts. Write names and ad-
dresses plainly and complete all ad-
dresses, as well as the street and
number. Incomplete addresses, as well
as names and addresses written ille-
gibly, oftentimes lead to mistakes and
confusion.
The attention of contestants is also
called to the question in the blank re-
garding "Do you subscribe now?" It has
been interpreted by a few as asking if
they were then ordering the paper
started for the first time. If you have
not been receiving the paper previously
put "No" after the question, and if
you are an old subscriber answer "Yes."
Accurately answered this question will
insure new subscribers receiving their
paper more promptly.
It has been stated several times, and
is repeated again, that the time a solu-
tion is received has no bearing upon
its winning a prize. The prizes will be
awarded solely upon the merits of the
solutions received, irrespective of when
they were registered. Those submitted
this week right up to the close of con-

THOS. MITCHEL TREE
PLEASURES AT GRAND
IN ORGAN RECITAL

Spectacular Prologue Adds To
Fascination of Big
Feature Film.
Two-Feature Films and Su-
perb Comedy Also On
Allen Program.

By combining an unusual musical
treat in the form of an organ recital
by Thomas Mitchel Tree, London's cele-
brated blind musician, two feature pic-
tures, either of them great enough to
return to, and a superbly staged
comedy into one evening's entertain-
ment, the management of the Allen
Theatre is offering the theatregoers of
this city the first half of this week.
One of the largest and most noteworthy
programs ever staged in a local play-
ing stage setting of the kind, with
its flaring banners, spicery, jazz band,
candy vendors and crowd of country
folk all gazing in wonderment at
the gaudily-dressed dancing girls,
etc., the scene attained a realism that
carried the imagination with it to a
degree seldom attained by the art of
the silver screen.
Maurice Tourneur in his picturiza-
tion of this popular Old England story
made famous the stage by Neil Burges,
has attained a remarkable suc-
cess, in which his choice of the most
excellent replicas of characters that
may still be found in the unfaded
countryside hamlets, though unfortu-
nately they are fast disappearing race.
The narrative throughout is interest-
ing and genuine human interest,
which grips the heart and soul, and
excellent presentation of simple love
combating the evil machinations of the
village money shark.
The whole picture is most artistically
staged and realistic in its treatment
of the leading role, in which the
striving for victory. Probably the
most realistic scene of the picture is
the rescue of the house almost aban-
doned by the householder, and the
Albion's farm from the clutches of the
greedy moneylender.
The race after and the capture of
the greasy pig and the climbing of the
greasy pole, tests in which the
starring Bryant Washburn, who
starring Bryant Washburn, stars with
membered success, delight the younger
generation, and which are presented
effectively as though seen in actual life.
David Burton as the miserly man,
Helen Jerome Eddy in a pleasing part
and other well-known screen
artists, such as Edith Chapman,
Jan V. Mose, John Stepping and
Charles Barton have succeeded to a
remarkable degree in realizing and
producing the very human characters
of the picture.
"The County Fair" will be presented
at the Grand throughout the week,
along with a very pleasing picture
comedy and news films. The bill is
a small box of Orlex Compound and 1/4
ounce of glycerine.
The funeral will be held Thursday
afternoon to Woodland Cemetery. Ser-
vices will be conducted by Rev. D. C.
MacGregor of St. Andrew's Church.

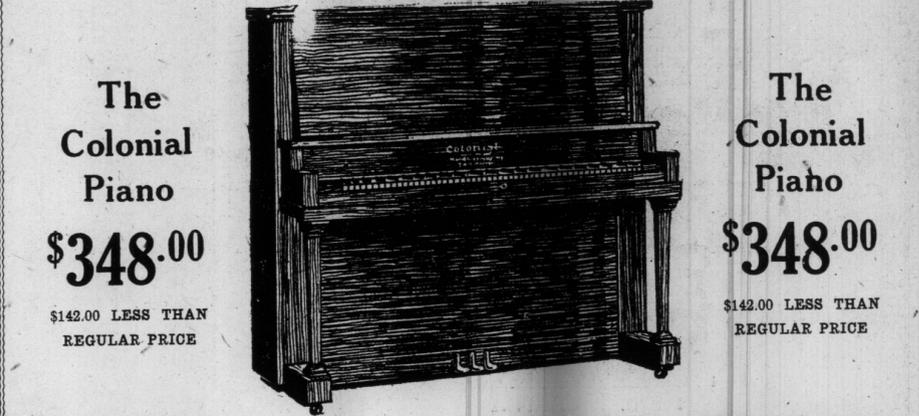

FILM DEPICTS LIFE
AS WAFFLE IRONS
Picturized Stringer Story At
Loew's Theatre Has Unique
Philosophy.

"Are All Men Alike?" a screen
adaptation of Arthur Stringer's in-
teresting story, with charming May
Alison in the leading role, is one step
above the ordinary run of pictures. It
provided an evening's pleasant en-
tertainment for Loew Theatre patrons last
night.
The writer said, was like a
waffle-iron which marked all with the
same square.
May Alison takes the part of a girl
who tried to be different from other
girls, but who, in the end, was reduced
to the common level. When very young
she was more like a boy than a girl, a
real genuine boy, who liked to bathe in
the Lily pond and tinker with machinery.
She was very much opposed to being
kissed. A boy neighbor, Gerald West,
she spurned, because to her he was
silly.
He had stolen a kiss from her, and
by so doing had won her emity. As
she trod onward along the pathway of
life, however, she found that other ad-
mirers did not hesitate to do likewise
when she refused to part with a kiss
voluntarily. Finally she is faced with
two damnable suits and one for alienation
of affections. Her father sends her to
Gerald, who has become a lawyer, to
have her difficulties straightened out.
He promises to help her if she will do
as he bids afterwards. She consents.
One of his terms is that she marry him
immediately. She fulfills her promise.
The vaudeville as a whole, and each
individual turn, was good. Grace Ayer
and her brother, a plucky, and very
much at home on roller skates. Koley
and Irwin present a good line of char-
acters, much of it a very witty nature.
Jean Gordon Players, a quartet of
Highlanders, having a pleasing little
playlet.
Smiling Bill Parsons in a Capital
Comedy, a Mutt and Jeff Cartoon and
news films complete the program,
which will be repeated Friday and Wed-
nesday.

EPIDEMIC OF DYSENTERY.
It affects many people more in winter
than in summer—in the one case it is
due to improper eating—in the other, to
congestion excited by cold. A small
dose of good old Nerville's repeated a couple
of times usually removes the trouble
very promptly. If there is pain, relief
is almost immediate. For cramps, colic,
stomach pains, and the like, Nerville's
in sweetened water is certainly a won-
der. 35c at all dealers.

Pioneers of Woolen Business in Canada
Celebrate Half a Century
of Success.
Stanfields, Limited, held a five days
convention at Truro, N. S., recently, and
it came to a close with a banquet ten-

to the officers, business executive and
salesmen of this great manufacturing
organization, now the chief industry of
Truro, and one of the most important
in Eastern Canada.
The late Mr. C. E. Stanfield, who
came from his uncle's mill in Bradford,
England, and built a mill at Truro,
Prince Edward Island, some fifty years
ago, was one of Canada's pioneer
woolen men. He knew his business
thoroughly and brought with him those
sterling British qualities of honesty,
thoroughness and careful workmanship
which quickly made his goods sought
after by his neighbors. Looking for
wider fields, he came to Truro and built
two mills, finally building a third and
Stanfield mills, where the first cardigan
jackets and Sannockburn tweeds made
in Canada were knitted.
Ever since John and Frank Stanfield
retired from business, the Stanfield
mills were sold to the present owners,
and set up in the business and are
still the active heads as president and
vice-president, respectively.
