## THE <br> (CANADIAN PHILATELIST: <br> Vol. 1. <br> MARCH, 188S, <br> No. 3.

## An Apology.

For the third time we present the Canadian Philatelist defore the philatelic public, this time in humble supplication, asking your pardon for the manner in which it has appeared the last two months The fact is readers, we were behind time on account of sickness of the editor and our printer having disappointed us.

We have changed our printer, and now can promise you a first-class job.

We are now behind about two months, and in order to catch up we will make an extra exertion.

Yours respectfully, Canadran Pailatelist.

## Increase in value in U. S. Stamps.

Written expressly for the Canadian Philatelist.

> (by cavadeasis.)

To the stamp collectors of 1888; many stamps which were common in 1875 are now exceedingly rare. Looking over the current prices of Scott's 1888 catalogue a great advance is noted in the price of U. S. stamps. A few examples will show this more plainly:-In $187 \overline{5}$ a 12c. agriculture department stamp could be got for $S$ cts, now it is catalogued at $\$ 1$; sn executive department 6c. stamp, went a begging for 18 cts, now $\$ 2$ is asked for a fine specimen, the 90 cent.justice, which was sold plentifully by Tripet in Boston in 1875 for 30 cts. each, Scott now asks $\$ 3.50$, and a navy 7 c . sold for 12 cts . is worth at present \$1. The 90c. Nary I bought in 1875 for 2 öc. but would net part with a duplicate under $\$ 2$.

Of the State department stamps, the 30c. and 90 c . are now decidedly the rarest, selling for $\$ 1$ and $\$ 2.50$ respectively, yet in 1875 10 c . and 30 c . would have purchased them. There has also been a great advance even in so called common Treasury, the 24c. denomination, being catalogued by Scott at $\$ 1.25$. My specimen cost me 6 cts. Outside of canadian bill stamps there h. 3 not been such a rapid rise in price on this continent as there has been in U. S. departmental stamps Nearly all the U. S. newspaper stamps could be had in 1875 for from 25 c . to 50 c ., now $\$ 1.25$ to $\$ 5$ seems to govern.

## Chronicle. .

Antiogula - The new 5c. stamp has been changed to red on pale green.

Argentine Reptiblic. - A new sevies of stamps has been issued as follows: $\ddagger$ c. brown similar to the 4 c . brown of 1877 . 5 c . rose same design as 8 c . of 1877 . 10c. brown same design as 10 c .18 z 8 , but with a portrait of Alvellariedia 15. yellow brown same design as 15c. of 1867. These stamps are all perforated and lithographed.

Bavaria. - The current issue has the perforation changed to $14 \frac{1}{2}$ instead of 12. The intention is to issue stamps of 30 and 40 pf .

Bbitisi Eonduras.-The currency of this colony has been changed, it now being dollars and cents. The following stamps have been surcharged cents. 2c. on 6d.; 3c. on 3d.; 10c. on 4d; 20c. on 6d. 50c. on 1s.

British North Borneo.-There is a 5c. gray postage and revenue reported.

Frence Colonies.-Surcharged stamp from "Guiana" is reported. The 15 c . let-
ter cd. is printed on blue and gray.
Honduras. - The new stamps are suid to be made by a stamp dealer in Germany and will Dot be out for some time.

Mauritios. - The 40. is vermilliun, as well as the 3 c . and 10 c .

New South Wales.-There has been prizes paid for design for the new jubilee set of stamps. Values are as follows:-1d, $2 \mathrm{~d}, 4 \mathrm{~d}, 6 \mathrm{~d}, 8 \mathrm{~d}, 1 \mathrm{~s} ., 5 \mathrm{~s}, 20 \mathrm{~s}$. They are to be inscribed 'New' South Wales' and 'one hundred years'. The value to be written in words.

Philupine Islands. - The color of the new set is the only change, the design is unchanged: 1c. green; 5c. blue; 6c. vellow brown. The $21 / 8 \mathrm{c}$. blue, of 1882 has been surcharged in oval "Union-Gral-3-cent-Habilitudo."

Russia - The 2 kop is now light green instead of dark green.

Santander.-The new 10c. violet is inscribed "Departmento de Santander," and of the new type there is a 5 c . vermillion.

Sengal.-We hear of 5 c on, 30 c . and 10c on. 4c.
Tomara.-There are three new stamps inscribed "Departmento del Tolima" 5c. vermillion; 10c. green; 50c, blue.

Usited States.-The color of the 30c. has been changed to brown; and the 5 c . Garield to dark blue.
Urugoay.--The 5c. is again blue; 7c. orange; 20c. brown; 25 cent vermillion.

## PHILATUM.

## United States Notes.

The Youth Ledger office has been moved to Bloomfield, N. J., and will hereafter be called the Collectors Ledger. Would it not be a good idea to chance it to magazine form at the same time.

The "Stamp Collector Figaro" is to come out this month with a new engraved cover. We look for something grand as the paper is well worthy of having something firstclass, by the way, the progress of this paper exceeds any we have yet seen or expect to see.

Mr. Joseph J. Casey is still holding large auction sales in New York, monthly.
One of our well-known stamp dealers has published a directory of the "Stamp dealers of United States". Price 10 cts.

The "American Journal of Philately has again appeared after a long rest. It starts
out with vol. 1, No. 1. The tirst number contained 32 pages, 16 of these pages were an adenda to the 49th edition of their catalogue.

Part III of Sterling's collection was sold February 16th. 595 lots were sold. The amount realized was $\$ 384.71$.

We have heard that a No. 2 of "The Collectors Journal " has appeared.

Scott Stamp and Coin Co's. 83rd and 84th auction sale of stamps and coins 1s. Nova Scotia \&c. Among the coinswere an 1804 silver dollar which sold for the small amount of $\$ 470.00$. Others have been known to sell for $\$ 1,20000$.

A Kentucky stamp magazine has been announced for April, by Crigler \& Stephenson.

The "Missouri Philatelist" which has been announced has not yet arrived.

## A. P. A, Notes.

The "American Phalatelist" for March contains 40 pages; this being about the average pages monthly. The contents of it is far ahead of any other. A list of foreign envelopes is published monthly by John K. Tiffany, president of A. P. A. Some queer stamps published monthly by our wellknown writer T. C. Watkins. Stamps of French colonies and chronicles by W. C. Stone and many other articles by first-class writers.

18 collectors joined the A. P. A. in February and 38 applications were sent to the secretary.

Looking over the list of members monthly and you will tind that nearly all the Philatelists of any note are joining now: for instance, H. F. Ketcheson, president of C. P. A., and many others too numerous to mention.
If the A. P. A. keeps going on as it has in the past five months there is no doubt, but that. No. 1000 will be registered, providing they have a rusher for seoretary, as they have now. "The great city of Rome was not built in a day." This motto will do for the C. P. A. as well.

Members are now buzzing round about the c.rming election. Who will be president? Tiffany, Brock, Sterling,Mekeel, all of the above have been suggested for president by members.

How would T. C. Watkins do for vice president?

The high priced envelope deal seems to
have kn:ocked Bogart in the head for this coming election.

If the dues of the A. P. A were only one dollar per annum there would be a larger number join.

JUSTUS.

## Notes \&c.

We have received a card from a collector in Philadelphia saying:-
"Sir,-Please send me a bundle of copies of your paper monthly, as I wish to get you subsciribers.

Non Parcel.
We can only say that we sond any collector one specimen copy upon application and only one, so save your postage.

To those who receive sample copies of this issue are requested to till out blank on another page and send it with 12 cents and we will accept it for a year subscription.

The registration fee on letters to the United States whs reduced to 2 cents early this month. It costs an American 10 cents to register a letter to Canada.

We have heard of a $\frac{1}{2} \mathrm{c}$. New Foundland, 1888, with double perforaton.

The "Eastern Philatelist for March conthins two well written articles on the collecting of post cards and philatelic papers.

We call attention to the stamp dealers directory department, which all dealers should be represented in. For terms see Amother page.
We understand that Mr. Carter called us one of his exchanges. Well if you own it brother, send us two copias from January.

We have been sending tro copies of this prper to every philatelic publication or publication having a philatelic department, and the following named papers are the only ones we can find that mean what they advertise about eachnagers:

## Montenegro \& Its Postage Stamps.

Montenegro, (an Italian translation of the native name Genagora, Black Mountain.) is a small but independent principality. situated between Bosnia and Albania. Until 1878 it was separated from the Adriatic by a narrow strip; now it touches the coast and has two sea ports, Antivan and Dalcigno, which are closed to the navies of all nations, Mouteuegro being prohibited from laving war shipg. It contains about 3,550 equare miles and is everywhere mountaneous, the mountains being in most cases clothed with dark forests of fis, ash, beach, oak, ilex, willow and poplar. Mount Dormitor, in the north is 8,500 feet and MIt. Rom, in the east 9.500 above the sea-level. Agricultare is practised to some extent, but it is in a very rade and primitive atate. The products are the same as other Earopean countries in the same latitude. Few oxen are reared but goats, sheep and swine abound. There are no towns worthy of mention save Podgoritzka, (pup. 7,500) and Antivari, (pop. 5000); these are in the recently conceded portion. Montenegro belonged in the midale ages to the great Servian kingdom; but after the dismemberment of the latter, and its conquest by the Tarks at the battle of Kassona. 1389, the Monteuegrins, under their prince, who was of the royal blood of servia, maintsined their indepen. dence.-Cettenge the capital, has been styled the emallest capital in the worla. There are scarcely a hundred houses in it, but these are built substantally of atone, with roof of heary Italian tiles, apon which mighty pieces of rocks were placed, to enable them to withstand the storms which come upon them from the mountains. "One peca. liarity of this country is that the cottages have no chimneys, and the manners cf the inhabitants are most primative. Prince Nicholas 1, the present ruler, is mach beloved by his people, and though heis with them and of them, he is every inch a king. The costume of the masses is simple and their habits frugal, notwithstonding wherever a bit of gay color can be flaunted it is sure to be shown.
At present Prince Nicholas is turning at. tention to arts and peace, his country having been harrassed with wars for the past five
ct uturies. He is a port and a play writer but still finds time to devote to the carep of state aud to agriculture, his snngs are the delight of the ducnteufgrin cottager.

Postage stamps were-introduced in 1874, cousifting of seven values. vz: 2 goldur or nootch.) jellow; 3 soldi, green ; 5 soldi, red; 10 soldi. blue; 15 soldi, brown; 25 soldi. lilac. They hear the bust of Nicholas I, within a wreuth, the value in at the bottom, and an insornption in the native lapguage ut the top and on erch side. Used specimens are rarely met with, but when it is cousidered how poor and iguorant the psople are, and that few even among tre piests can write, and prubably \& vast number of those never saw or beard of a postage ctamp, this is not to be woudered at.

The usual specimens are retailed to collectors by dealers, who bay them in sheets from the gorernment and from other sources. tharefore counterfeits are cften met with. look out for them.

This set wheu complete forms an interesting stuaty. The contrast in color is good. and. on the whole, montenegro hys contribated a neat little set of stamps to tho collecting public. Jubsus.
