FREDERICTON, N.B., WEDNESDAY, FEBRUARY 22, 1956

Price 5 cents per copy

## Drama Society to Present One Act Plays

As the Red 'n Black vacates Teachers' College after their very successful production, the Drama Society prepares to enter it to stage their production of four one-act plays. The production will take place Feb. 28, 29, and March 1.

The four plays being presented provide a varied programme which should appeal to all tastes. Two are being directed by Prof. Shaw, while the other two are under the direction of students. They will include a Canadian comedy, a rather amusing drama, a mystery, and a fantasy. The last has never been attempted by the Society before, and as far as can be discovered, has never been produced before in Fredericton, at least not in recent years.

The comedy is "The Voice of the People" by Robertson Davies. Under the direction of Prof. Shaw, it will have a cast composed of John Coolen, May Anne Keith, Barbara Douglass, and David Fisher. The mystery, also under Prof. Shaw's direction is "Sorry, Wrong Number" by L. Fletcher. Part of the cast includes Joan Mansfield, Mrs. E. A. Bobby, Gino Blink, John Coolen, David Fisher, David George, and Barbara Douglass. "The Lady of Larkspur Lotion", a drama by Tennessee Williams, has Inga Legere, Robert Hawkes, and Beth Cattley in the cast. It will be directed by Alda Mair. The last play to be presented will be the fantasy, "The Maker of Dreams" by Oliphant Down. It will have Stephen Fay, May Anne Keith, and Iain Barr in the cast, and it will be directed by Elsworth Briggs.

The production is scheduled for Teachers' College Auditorium February 28, 29, and March 1, beginning at 8:15 p.m. General admission will be 50c, or Student Pass.

## Student Discounts Coming Soon

This coming week, on Thursday, the 23rd of February, the long-awaited, long-anticipated STUDENT DISCOUNT SERVICE which we feel will highlight this year's activity as far as this local committee is concerned. We are starting this program off with a limited amount of stores due to the fact that we are late in getting this program in operation and therefore, are merely experimenting with the plan this term and if all goes smoothly it will go into full operation next fall with a greatly expanded amount of stores that will fit all the student's needs.

The cards will be distributed this THURSDAY only. At the same time each student will be asked for 15c. The money received will be used in the establishment of the Atlantic Regional Scholarship which will be introduced this coming year. The stores at which these cards will be tenderable will be advertised on Thursday, and from that day until the end of the term they will be valid.

## ACCLAMATIONS

The following positions were filled by acclamation: Second Vice-President, Pat Miller; Secretary, Janet McLellan; President of AAA, Eric McAlary; Vice-President, AAA, Jim Robinson; Secretary, AAA, William Paterson. These pictures will be carried in next week's paper. Due to lack of space, it was not possible to print pictures of those running for class pictures.

## PRESIDENTIAL CANDIDATES

JIM MACDONALD

The Editor,  
The Brunswickan,  
Dear Sir:

Through the medium of your paper I should like to express my views, as a candidate, on the forthcoming election. Running for the position of president of the Students' Council is not, I feel, proper for the candidate to make campaign promises or express personal views. Personal views are not important as the president does not form the policy of the council. It is up to the students through the representatives they elect, to form the policies. This has not been so in the past. The reps. have on many occasions expressed personal views rather than the wishes of the students' electors before marking their ballots. This should not be a popularity contest. The person who is elected president must be for the students.

(Continued on Page 4)

HAZEN MARR

Dear Students:

I have accepted the nomination for President of the S.R.C. because I feel my experience in campus organizations as well as with the S.R.C. itself qualifies me to properly handle the situation. I have been Chairman of the S.R.C. Social Committee for the past two years, Feature of the Brunswickan, worked with the Red 'n Black four years. Before changing to Arts, I spent two years in Engineering where I was elected Vice-President of the Engineering Society. I have seen the S.R.C. change from an organization which derived its power from control of the purse to one with few financial problems and more time to spend promoting student affairs. The changed status of the S.R.C. requires a new outlook. The governing body must begin to take the initiative; to originate ideas of its own. The Winter Carnival is an excellent example

(Continued on Page 4)

JIM MCKENZIE

To U.N.B.'ers

A candidate for the Presidency of the S.R.C. cannot put forward any specific platform since he acts as an impartial chairman. As a member of the executive he must, of course, carry out such functions as you, through your elected representatives, direct. Rather than advance his own ideas, his duty is to see that every proposal from the students be given a fair hearing and consideration. If you, the Students, see fit to elect me to the position of President of the S.R.C., I shall endeavour to work in co-operation with YOU to give the Student Government you desire. I shall work for all students to the best of my ability. My aim will be to encourage efficient and responsible Student Government of which we at U.N.B. may be proud. In addition to having executive experience in various campus organizations, I have also served

(Continued on Page 4)

## POLLING BOOTHS AROUND CAMPUS

The S.R.C. elections will be basically the same as in other years. The returning officer will be Doug Lacate, chairman of the Constitution Committee of the S.R.C. and senior Representative.

There will be three polling booths on the campus. Arts, Science, Business Administration faculties will vote in the Arts building, Foresters in the Forestry building and Engineers in the Civil Engineering building. The need for faculties to vote in their own respective buildings is necessitated by the fact that a close check must be kept on voters — and this is the easiest way of doing it.

The polls will be open from 9 A.M. until 1 P.M. in the morning and again from 2 P.M. until 3.30 in the afternoon. Counting will start immediately following the closing of the polls. There will be two clerks at each poll and candidates may appoint scrutineers to watch over the voting.

The election for President and Vice-President will be by preferential voting. Each voter will put down his first, second, and third choice. While the voting for Treasurer and Representatives will entail just a cross beside your choice

## Election Speeches

Campaign speeches by candidates for the executive will be given in the Gym between 11 A.M. and 12 A.M. on Monday, Feb. 27th., two days before the election. Eleven o'clock lectures will be cancelled for the speeches. First to speak will be the candidates for President, and they will be allowed five minutes to speak. Then come the candidates for Vice-president and Treasurer, who will speak for three and two minutes respectively. The candidates will be introduced by the retiring president R. C. Hale. Questions from the audience may be addressed to the speakers after they have given their speeches. The Student Centre will be closed during the hour of the speeches.

W. Y. Smith, head of the Department of Economics and Political Science; and Jack Ernst, student member of the National Federation of Canadian University Students. The discussion will be recorded for broadcast over Radio Station CFNB and the general public is invited to attend.

Mr. Fraser produces many of his magazine's major articles in addition to his regular feature "Backstage at Ottawa." On the international front in recent years he has visited such places as Japan, India, Pakistan, Formosa, Indo-China, Iran, Israel, Egypt, Yugoslavia and England.

He was a member of the Canadian delegation at the Kyoto Conference of the Institute of Pacific Relations and in 1954 he also attended the Canada-United States Economic Conference.

A graduate of Acadia University, Wolfville, Mr. Fraser holds an honorary degree of Doctor of Civil Law from his Alma Mater. He first became a newspaperman with the Montreal Herald, switch to the Montreal Star, and eventually to the Gazette, where he became associate editor.

At the end of 1943 Mr. Fraser resigned to become Maclean's Ottawa Editor.

## Founders' Day Expanded; Students to Participate; Will Conduct Open House

Fredericton — Founders' Day at the University of New Brunswick, which is being held this year on Thursday, February 23, will be an expanded affair and the traditional evening ceremony will be supplemented by an "open house" for members of the general public.

Dr. Colin B. Mackay, UNB president, said today that students of the provincial university will play host to the public who will be invited to inspect all campus buildings from 2 p.m. to 4 p.m. on Founders' Day.

Dick Hale, president of the Students' Representative Council, announced that students will welcome visitors to the campus in the Bonar Law-Bennett Library and they will conduct the campus tours. Classes for the afternoon have not been cancelled, in order that guests may see the university at work.

Following the tours, campus visitors will be invited for tea or coffee in the Students' Centre from 4 p.m. to 4.30 p.m.

Evening ceremonies, which will be held in the Memorial Hall at 8.30 p.m., will be presided over by Dr. Mackay and the Honorable D. L. MacLaren, P.C., lieutenant-governor of the province and visitor to the University on behalf of Her Majesty, has signified that he will be present to assume the chair.

The lieutenant-governor will accept the traditional payment of the quit rent from Dr. Mackay. The ceremonies commemorate the granting of the provincial charter which transformed the Fredericton Academy of Liberal Arts and Science into the College of New Brunswick in February, 1800.

An added feature of the evening ceremony will be the presence of the University Band, which will play several selections during the program. Further details concerning the Founders' Day speaker and other events will be found elsewhere on this page.

## Founders' Day Expanded; Students to Participate; Will Conduct Open House

Fredericton — Founders' Day at the University of New Brunswick, which is being held this year on Thursday, February 23, will be an expanded affair and the traditional evening ceremony will be supplemented by an "open house" for members of the general public.

An added feature of the evening ceremony will be the presence of the University Band, which will play several selections during the program. Further details concerning the Founders' Day speaker and other events will be found elsewhere on this page.

## Will Deliver Founders' Day Address at UNB

BLAIR FRASER

Blair Fraser, Ottawa editor of Maclean's Magazine and one of Canada's best-known radio political commentators, will deliver the Founders' Day address at the University of New Brunswick here Thursday, February 23.

Mr. Fraser, who was born in Sydney, N.S., will speak at the traditional evening ceremony in Memorial Hall at 8.30 p.m. Earlier in the day, Mr. Fraser will join members of the faculty and a student representative in a panel discussion on the topic "How can we finance higher education in Canada?"

The panel discussion, which will be held at 4:30 p.m. in the Memorial Students' Centre, will also feature Prof. W. C. D. Pacey, acting Dean of Arts; Prof.

## Photo Award

Fredericton — D. F. Merrill, a fifth-year forestry student at the University of New Brunswick has won the Bausch & Lomb Photogrammetric award for the best paper on photogrammetry in a Canada-wide competition, it was announced today.

Competition for the award, which consists of a prize of \$100 and a year's paid-up membership in the Canadian Institute of Surveying and Photogrammetry, is open to any regular student, undergraduate or graduate, at any Canadian university or college.

The award is made annually by the Bausch & Lomb Optical Company, and the competition is sponsored by the Canadian Institute of Surveying and Photogrammetry.

Mr. Merrill, whose home is in Ottawa was recently awarded a Price Brothers Scholarship valued at \$500.

## Founders' Day

### Calendar of Events

- 1 P.M. — President's luncheon for Members of the Legislative Assembly and Fredericton City Council — Memorial Students' Centre.
- 2 P.M. - 4 P.M. — Campus tours for the general public — Tours of the various campus buildings will originate in the Bonar Law-Bennett Library. Students will act as hosts to the public.
- 4 P.M. - 4:30 P.M. — Tea or coffee for campus visitors in the cafeteria for campus visitors - Memorial Students' Centre.
- 4:30 P.M. - 5:15 P.M. — Panel discussion featuring Mr. Blair Fraser, Ottawa editor, Maclean's Magazine; Profs. W. C. D. Pacey and W. Y. Smith; and Jack Ernst, representative. Discussion will be recorded for broadcast, and public participation is invited for question period. Topic: "How can we finance higher education in Canada?" - Memorial Students' Centre.
- 8:30 P.M. — Founders' Day ceremony. Mr. Fraser will deliver the Founders' Day Address. Memorial Hall.

VOL. 88 FREDERICTON, N.B. FEBRUARY 22, 1956

### It's Up To You . . .

Elections at UNB have the tendency of interesting only those up for election, and even the interest in nominating worthwhile candidates lacks enthusiasm. The usual reason for such apathy is that there is no issue to be decided and no one can be expected to get hot and bothered about as every day an occurrence as an election. There are elections going on all the time. The trouble lies in the fact that though an issue may not be at stake in most campus elections there is always one in S.R.C. elections: the S.R.C. levy and how it is going to be spent.

Your vote is worth upwards of \$25.00. Do you normally throw \$25.00 away without a thought? Do you mind giving money away each year without any control over what it is to be spent on? Wouldn't you like to see some of this come back to you in value received? If your answers are negative then don't vote. You haven't the sense to look out for your own good and probably wouldn't know how to vote intelligently. If your answers are positive then your only method of gaining any results from your desires is to vote for the candidates whose abilities and intelligence to make decisions match those of a person you would intrust with your monetary affairs. The results you will get from the S.R.C. for the next year will match the calibre of representatives YOU elect. If the candidates do not come up to the standards you would prefer then you have only yourselves to blame for not nominating better ones.

Those up for election are interested in campus affairs and are willing to serve you, doing your business. The time and effort spent on student government affairs goes unrewarded, rather, it results in constant abuse. To eliminate this we recommend that each voter consider carefully the candidates carefully and make his or her choice only after giving great thought to the question. To the candidates we suggest that those of you who are honoured by election, attempt to act in the best interests of the students and make student government at UNB what it should and could be—an active and living organism promoting the interests of the students. There is much that the S.R.C. can do if it is composed of people who are willing to think and work at their job.

An S.R.C. representative is supposed to do much more than just attend weekly meetings. This has too often been the practise in the past. It is the members of the Students' Representative Council who should be promoting the new ideas and projects undertaken by the S.R.C. not the members of the voting campus. Too often the Council has spent its time in acting as a jury before which students parade presenting their ideas and budgets for judgment. No wonder little campus interest can ever be aroused for S.R.C. meetings. The members have taken little interest in it themselves. These meetings provide nothing of value for the spectator but a chance to argue and to see the weakness of the members when they are presented with a problem. The oft quoted phrase "It is only the wording of a motion that makes it or breaks it—a negative vote is rare" is only too true. S.R.C. members in the past have rarely given deep thought to any proposal. Revotes are too common. Good members, interested members, ones who will take their job seriously, working and talking S.R.C. throughout the duration of their office, are what is needed if the Students' Representative Council is ever to rise out of its slump of disfavour in the eyes of the electorate.

The elections are one week from today. The candidates have been presented to you in the pages of this newspaper. Speak to them when you see them. Find out what they stand for. Would YOU trust them with your \$25.00 to spend? Would YOU trust them to make decisions in your name? When election day comes, make your vote as you see fit, but vote. YOU are the S.R.C. and can bear some credit for the faults of the representatives during their term. YOU elect them; YOU should see that they do their job. With the exception of the students no, one, positively no one, cares what the S.R.C. members do. YOU are the only people who have any control over them. Exercise that control when you vote next week, and attend meetings next year.

### Founders' Day . . .

The University authorities are attempting to make Founders' Day a more significant event at the University this year than it has been to date. On February 23rd. the campus will be opened to the public for inspection during the afternoon followed by a panel discussion concerning the problem of finance to "Higher Education in Canada", and in the evening the traditional ceremony of the paying of the "quit rent" will climax the day. Mr. Blair Fraser, Ottawa Editor of Maclean's Magazine, and prominent Canadian political analyst will deliver the Founders' Day address.

A significant new feature this year will be the increased participation of the student body in the operations of the ceremonies. The administration and the Students' Representative Council have held several meetings with the result that students will have a part in Founders' Day as never before. We applaud the efforts being made to make this anniversary one of interest, to all, students, faculty, and public. We sincerely hope it will continue on in its present trend to become a day of great importance at UNB.

MIKE CAUGHEY

GORDON McALLISTER

WILLIAM RAY

HANS FOERSTEL

DAVID BRYANT

WALTER DOHANEY

BARRY RITCEY

#### MIKE CAUGHEY

As a candidate for the vice-presidency of the SRC, I pledge myself to do all that is possible to promote good government on this campus - whether elected or not. If elected, I promise to represent you, the student of UNB, to the best of my ability.

I believe that any member of the SRC executive should have considerable experience in campus activities. Having been a member of the SRC for the past two years, a representative on the Athletic Board since its reorganization, president of the Radio and Curling clubs, I feel that I have the background necessary to hold the position of Vice-President.

#### GORDON McALLISTER

During the three years I have been associated with the Student body at U.N.B., I have followed closely the activities of the S.R.C. and many of the associated organizations.

In this period I have served as interim-secretary of the S.R.C., Vice-President of the Engineering Society and treasurer at the S.R.C. and A.A.A. until circumstances prevented my return to the University last year. The experience in these organizations, I feel, supply me with the necessary experience and knowledge of the campus to represent the student body as Vice-President of the S.R.C.

#### WILLIAM RAY

I have been nominated for the office of Treasurer of the S.R.C. and feel if elected, I can do an honest and competent job. I entered the University last fall as a Freshie-Soph in the Faculty of Arts, after attending the University of Bishop's College. This year I was Co-chairman of the Executive Committee of the Winter Carnival. I have been elected Vice-President of the Arts Union.

My only platform is to promise to attend to the S.R.C. finances in YOUR best interests and to endeavour, if possible, to lower the S.R.C. fee without cutting the value received by the students, through more efficient management.

#### HANS FOERSTEL

Presently enrolled in the Civil Engineering Course, I have been a Sophomore Representative on the SRC for the past year. During the past year I also was assistant manager of the Varsity Soccer team.

While on the Council, I was a member of the Financial Committee; this experience and the experience I gained as business manager in high school, I feel, will be of great assistance to a treasurer. While I hope that you do consider my qualifications when you vote, I urge you to take an interest in these elections and to exercise your voting privilege and duty.

#### DAVID BRYANT

I have been an active member of the Forestry Assoc. for the past three years. In '54-'55, I was manager of the track and field, and a member of the freshman week committee, and treasurer of the Forestry Assoc. This year I have been the secretary of the Association, and I worked in the Red 'n Black.

I feel that I have a varied background for organizational work and can serve you competently on the Council.

#### WALTER DOHANEY

In the past I have not taken too much interest in the Student Council and have now come to the conclusion I have been shirking my duty to my classmates and myself. I think the Student Council should be a well knit group working for the good of the students on the campus and pledge myself in this respect if elected.

#### BARRY RITCEY

I can suggest no other policy than a true unbiased representation of you, the student. Prior to this bid for office, I have not been directly associated with administrative work at UNB, but in two years here, I have played football, have helped prepare for the winter carnival and the Red 'n Black.

ELDON THOMPSON

JOHN TORUNSKI

ART COWIE

#### ELDON THOMPSON

Hailing from the foggy city of Saint John, I came to UNB four years ago as a Beaverbrook Scholar. Since that time I have become a member of the Engineering Society, Radio Club, Engineering Institute of Canada, and am a fourth-year member of the Residence Society. If elected to the SRC, I will do my best to follow the wishes of the often forgotten student. On the NFCUS question, I am for what NFCUS proposes to accomplish but strongly against NFCUS as it now stands.

#### JOHN TORUNSKI

This year I found myself in the position of manager of the Ski Team. Apparently some students feel that my efforts should, next year, be directed in representing the Senior Class in the SRC. If I am elected, I will do my best to make the 'likes and dislikes' of the Senior Class heard.

#### ART COWIE

Having taken part in several collegiate sports in the past few years, I propose, if elected, to widen my scope of interest in the SRC and take a fighting part in the individual student rights and beliefs.

### How To Conquer Frustration

When someone or something stands in our way, we feel pent-up or thwarted. Result: our frustration turns to anger and we work off our feelings by lashing out at someone else.

March Reader's Digest tells you how you can spare yourself needless pain and trouble . . . simply by knowing what frustration does to you and the other fellow. Get your March Reader's Digest today: 43 articles of lasting interest condensed to save your time.

# CAMPAIGN STARTS FRIDAY

Canadian students and professors made substantial contributions to the construction of this health centre at Delhi which was opened on January 18th, 1956. Part of the funds raised by WUS in Canada this year will be sent to Pakistan to help in the building of student lodgings there.

## WUSC AT WORK IN GREECE AND INDIA

### GREECE

Let us take a trip to Greece and meet a few of the 25,000 young University and Technological students, who live in crowded and unhygienic conditions in Athens or Salonica.

Since World War II the student who is able to continue his studies further than High School is considered an extremely privileged and lucky one; the present conditions make higher learning accessible only by the very few who happen to be financially independent.

There are two major universities in Greece, offering degrees in Arts and Science, Medicine, Law, and Theology: The National University of Athens and the University of Salonica. In addition to the above Institutions, there are separate Universities and Colleges for Political Science and Economics, Agriculture and Forestry, and the Athens Institute of Technology for students who are interested in Engineering and Fine Arts. Although it appears that there are quite a few institutions for higher learning, yet they are far from being able to accommodate the tremendously increasing number of high school graduates every year.

This year finds again most of the Greek universities and colleges unbelievably overcrowded and an overwhelming need for textbooks as well as scientific apparatus. Shortage in paper makes textbooks sell at prices far beyond the average student's budget. There are very few scholarships available and things like financial help for students simply do not exist. Thousands of students who are attending various colleges in Athens are unable to

improve their financial status by summer or part time employment since the country has always suffered from employment, and the few odd jobs that are available during the summer months go to preferred unemployed veterans.

In order to keep themselves in college, most of the students have to make sacrifices not only in their recreation and sports, but even in their diet and clothing, with the result that many are undernourished as well as underclothed. Statistics show that nearly 25% of the students suffer from T.B.

WUSC has, and still provides aid for the needy students in Greece as well as in other European and Asiatic countries. The University of Salonica, thanks to WUSC, has at last a much needed Student Centre and Cafeteria where the students are able to get their meals at modest prices.

We, who are fortunate in a prosperous country, might not be able to appreciate this contribution, but it is more than certain that to the students of Salonica who are at the present enjoying the facilities which the generous gift of WUSC has given them, this Centre means that their worries at least as far as their daily bread is concerned are over and that they can apply themselves to their studies more seriously and effectively in the future.

This is only one example of the many projects which WUSC carries on not only in Greece but in almost 40 countries around the world. It is with much joy and pride that I take this opportunity to personally endorse the work of your local WUSC committee in this campaign with the sincere hope that every student

and teacher in every faculty will do their part by giving generously.

(Signed) JOHN D. COLETSOS

### INDIA

WUSC has made a considerable contribution towards the improvement of student conditions in Asian countries and especially those of India, a land of 350 million people.

Due to its immense population most of the Indian Universities are unbelievably overcrowded. About 50,000 students sit for the matriculation examinations every year in my province only. Lots of them cannot afford to go to college or other vocational institutions. WUSC helps the brilliant and deserving students by providing books, equipment, and other necessary materials. It provides scholarships for higher studies in Canada, mostly for technical education and the sciences.

Again WUSC has helped to build and equip new hospitals, and improve some of the existing ones... the medicines and drugs provided by WUSC have saved innumerable lives.

The friendship and understanding thus created between the two nations is one of the most important achievements which WUSC can claim. In a way, the results achieved by WUSC can be easily compared with those of many of the United Nations bodies such as UNESCO, etc.

We people in that part of the world are very thankful for its interest shown in our well-being and improvement. I heartily endorse its work and objectives.

(Signed) GURINDER SINGH

### Why Give to WUSC?

Perhaps you are among those students who, during the past few weeks, in contemplation of the Campaign which begins this week-end have asked yourselves and others, "Why should I give one dollar or anything to WUSC?"—"What am I going to get for my money?"—"What good reason is there that I should be concerned in any way with student problems elsewhere?" These and several others are actual questions which have been asked of the local committee during the past two weeks.

Are there any of you who would dispute the fact that one of the most overpowering forces in the world today is that of FEAR? FEAR, which destroys the ability of people to live together in a world which is so rapidly shrinking. How long is it going to take the world, students, you and I to fully realize the stark truth of Emerson's words, that "Knowledge is the antidote to fear?"

The objectives of the World University Service are to assist university students and faculty in need, to improve communications between centres of learning isolated by language or distance, and to encourage mutual service between members of all universities and colleges. These aims are realized through exchange of information and scholarship opportunities, through material assistance to self-help projects from more economically favoured nations, and through personal contact brought about by seminars and study tours.

In effect, the World University Service is building bridges across the world to the end that all who cross may be enriched in knowledge, understanding, and fear. In their struggle upward, students everywhere need a helping hand. Their road is hard, their needs are critical. But... they can count on friends. One of these friends is the World University Service. However, WUSC itself needs a hand, for it is dependent on the generous and sacrificial donations of students and teachers such as yourselves.

Yours is an essential role in the building of bridges across the world. YOUR gift to the World University Service can be a major factor in the continuation of this invaluable work of extending horizons of international understanding.

★ ★  
WON'T YOU SHARE TODAY SO THEY CAN SHARE TOMORROW?

★ ★  
UNB'S OBJECTIVE IS \$1000.

★ ★  
DON'T LET US FAIL THIS YEAR.

### Starting Gun; International Whist

On Friday, February 24th the local committee of the World University Service of Canada will officially open its 1956 Campaign to raise \$1000, which will be used to carry on the work of WUSC in student communities all around the world. During the two weeks from February 24th to March 9th, every student and teacher on the campus will be contacted personally by one of the committee members. This will give everyone an excellent opportunity to ask questions about the work of WUSC if they wish to be reassured of the tremendous worthwhileness of the cause towards which their money is going.

### Just 1 Dollar From You

The limits of the world have shrunk to within 24 hours. No longer is it possible for students in any one part of the world to ignore the fate of those in any other.

World University Service was formed to unite the university community throughout the world in programs of mutual self-help, both materially and spiritually. It is based on the premise that want, misery and poverty breed prejudices, hatred, and unhappiness.

What has been the record of the World University Service in Canada? Students and professors at Canadian universities have contributed to housing projects for students in Israel and Egypt; to a 100-bed hostel in Korea; to a 100-bed student hospital in Calcutta. They have helped to provide 189 scholarships for Greek students; to build a 33-bed student TB sanatorium in Japan; to send \$50,000 in drugs to Korean students; and they have contributed substantially to student health centres in Patna and Delhi.

These things are commendable but in terms of need they are scarcely adequate. In Japan, it is estimated that 29,000 students, equivalent to half the university enrolment in Canada, are tubercular. Until WUS built its sanatorium there was no provision for these ailing students who had no choice but to continue their unhealthy existence, spreading dangerous bacilli.

Indonesian universities are taxed beyond their power. We often speak of overcrowding of schools and universities in Canada, and the great influx of students predicted for 1965 alarms us. Since 1945 the student population in Indonesia has risen from 500 to 2,000,000.

Israel has been flooded with newcomers during the last few years. Many of these are university-aged people. Thousands of them have virtually no place to live. What accommodation there is taxed beyond capacity.

Pakistan has been hard hit with floods and thousands of students have been rendered homeless. Government figures show that 80 per cent of Pakistan's 80,000,000 population is illiterate and the country desperately needs university-trained personnel.

★ ★  
HELP THEM TO HELP THEMSELVES

GIVE GENEROUSLY TO W.U.S.C.

The campaign will open at 8.30 p.m. Friday, February 24th in the Student Centre where the committee is sponsoring an evening of International Whist, an easy, yet fascinating and enjoyable card game. Tickets for the event are on sale for \$1.00 each which include refreshments and a chance for any of the many wonderful prizes which have been donated by local merchants. Students, professors, and friends from the city are all invited to join in the fun on Friday night but are reminded that there are only a limited number of tickets available. If interested give Ron Pearsall a call at 9004.

Another highlight of the Campaign will be the meeting to be held in the Student Centre at 8.30 p.m. on Monday, February 27th. "Africa — Land of the Black Man" will be the theme of movies and interesting talks to be given by Theophilus Okonokwo, whose home is in Nigeria, and Peter Pearce, who has travelled extensively throughout Northern and Southern Rhodesia as well as in the Union of South Africa. Everyone is invited to come along and bring his or her friends to this meeting which is expected to be one of the most interesting of the year.

Winding up the Campaign on Friday, March 9th, the faculty along with several students are working together to produce a hilarious Variety Show in Memorial Hall.

### Plenty in the Midst of Poverty

In North America we enjoy that "plenty" while in Asia over one billion people eke out an insecure and meagre existence. In statistical terms it means annual income of less than \$50.00 per person, a TB rate of over 6% and an illiteracy rate of over 85%; in stark HUMAN terms it means that the vast majority of people have not even one proper meal per day, and die before the age of 29; it means many students are crowded six to one in a small room. Compare these figures with those of Canada.

Who will be the Asian leaders of tomorrow? The answer must be the present university students of Asia. They are doing their best to attend university but their best is not good enough, they need a hand. We must lend our hand and sow a seed of friendship. Our dollar shared today can mean a co-operative and understanding Asia of tomorrow.

World University Service passes the bonds of race, religion, and creed and gives help to them who help themselves. A student in any country in need will find an open door but WUS also needs help to carry on its task.

### How Would You Fare Without Books?

Books—did you ever stop to think about them? Probably the most frequented place on the campus, during the first week of each College year is the University book store.

Those of you in Arts and Science especially, will realize the importance of the Library in our University community; the Library, with its great store of books which are available for your use—just for the asking, and where, during the course of your stay here, you will spend a great deal of your time.

Imagine now, a situation in which there was no library; in which there was no bookstore; where, indeed, of the books required for your own particular course, there were none, but for a few, timeworn and very precious copies.

It's pretty hard to imagine that situations such as that could exist today, isn't it? But believe me, they do. And do you know what the students there do? They have typewriters and mimeograph machines, and from a typewritten copy of these few precious books, they mimeograph their own texts.

One such place is India, and those typewriters and mimeograph machines are supplied by World University Service, in merely one of its many programs of aid to University students the world over. World University Service is a self-help organization, dedicated to the service of those who will help themselves.

As the winner of one of the World University of Canada scholarships to this year's International Summer Study Seminar in Germany, I am happy to have this opportunity to support WUSC and the work it is doing.

These International Study Seminars, by the way, are but another of the many projects being carried on by W.U.S.C., and are designed to bring students together for study and the promotion of mutual understanding.

The new T. B. Sanatorium in Japan, opened last August, is, I feel, an outstanding example of this program of self-help. World University Service contributed \$15,000 towards the construction of this building; the balance of \$14,790, was raised by the Japa-

### Jack Ernst Wins W.U.S.C. Scholarship

The local committee of the World University Service of Canada is extremely pleased to announce that Jack Ernst, a fourth year Engineering student, will represent UNB at the International Seminar to be held this summer at Tutzing, near Munich, Germany.

Jack will sail from Montreal on June 12 and on arrival at Le Havre will proceed to Paris where, accompanied by 35 other Canadian students and their leaders, he will study the work of international agencies such as UNESCO and NATO. Following this, he will spend five weeks on a study tour of Spain and Portugal in order to gain a background of personal experience and a basic understanding of European conditions, problems and attitudes to enable him to contribute more effectively to the Seminar. The Seminar itself, held from July 29 to August 19, will be on the theme "Universities and Freedom" with the sub-title 'Objectivity, freedom and responsibility in university education'. Before returning home to Canada and UNB on September 13, Jack will have two weeks of free time to see and do the things he wishes anywhere in Europe.

Jack was selected from amongst four applicants for the scholarship, all of whom were of the highest quality, at a meeting of the selection committee which was comprised of Dr. F. E. MacDiarmid, Deputy Minister of Education, Dr. Colin B. Mackay, Dr. Althea Warren, Prof. Whalen, Beth Cattle, Robert Hawkes and Ronald Pearsall. The selection marks the first time that an Engineering student will represent UNB at the annual international summer programme.

(Signed) JOHN D. ERNST

ground of personal experience and a basic understanding of European conditions, problems and attitudes to enable him to contribute more effectively to the Seminar. The Seminar itself, held from July 29 to August 19, will be on the theme "Universities and Freedom" with the sub-title 'Objectivity, freedom and responsibility in university education'. # DO WE NEED NFCUS?

## NO!

## THINK!

## YES!

"Government is a trust, and the officers of the government are trustees; and both the trust and trustees are created for the benefit of the people."—Henry Clay.

"Ignorance never settles a question."—Benjamin Disraeli.

It is with the above in mind that we who are opposed to continued membership in the National Federation of Canadian University Students take to pen and platform in an attempt to convince the students of this university that NFCUS, as presently constituted, operates against their best interests. We do this in the hope that you will see fit to "vote No to NFCUS" in the forthcoming referendum. By so doing you will relieve your Students' Council of the odious duty of relaying \$500.00 of your money to an ineffective, wasteful and confused organization.

NFCUS, since its formation 29 years ago, has been singular in its failure to achieve the objectives its name implies. As a federation of university students it has failed to bring tangible benefits to you who are its members. The federation has survived a sequence of withdrawals by member universities, attacks upon the unrealism of its policies, a series of ineffective executives and a spell of Communist infiltration. Its fees per member have been raised through the years from 5c to 50c, and at present there is agitation for a further 50% fee increase. The apathy of its members, produced by the inherent weaknesses of the organization itself, have acted to preserve NFCUS through the onslaughts of its critics.

Whenever the question as to whether one should become a donor to an organization arises, the logical course is to ask: "What benefits do I, or some other person whom I wish to help, receive from this institution?" This method will lead one to a conclusion as to the value of the organization. Let us examine the supposed benefits those who maintain we should remain members of NFCUS claim, we will receive for our \$500.00.

1. Canadian University Debating Association and Canadian University Press: It must be acknowledged by all parties that the C.U.D.A., for the past 20 years, has operated, for all intents and purposes, independently of NFCUS and does not require the support of that organization in order to perform its duties. In fact, when NFCUS renewed her influence in the CUDA during 1953-54, the management of the debating association stumbled into a morass of confusion which is yet to be equalled. The Canadian University Press, too, conducts its affairs without recourse to the organizational or financial assistance of NFCUS. Those who attempt to justify our continued membership in the federation on the grounds of the success of these two organizations are resorting to deceptive arguments.

2. Federal Government Scholarships: NFCUS, together with innumerable other organizations, was heard by the Massey Commission. NFCUS recommended that the Government provide scholarships for students. To date no action has been taken. If any action is taken, it will be taken as a result of the recent decision of the Rockefeller Foundation to withdraw its financial aid to Canadian education unless the Canadian Government exerts itself in this field. The benefits, if any, which will accrue to us will hardly be the result of spasmodic activity on the part of NFCUS.

3. Overseas Travel: This bureau of NFCUS obtains booking at slightly reduced rates for students desiring to travel abroad and assists in the planning of their foreign tours. NFCUS pays \$2100.00 salary to a travel secretary who spends his time organizing an activity in which less than 1% of the Canadian student body can participate.

4. Photographs, Art and Short Story Contest: NFCUS has budgeted \$100.00 to sponsor these undertakings. It is illogical to attempt to justify the gross deficiencies of NFCUS on the grounds that the federation supports these contests. They could easily be sponsored by an executive University and arrangements for same made by an exchange of letters between the various student unions.

5. Income Tax Exemption for students: For 29 years students have been promised such exemptions by NFCUS and for 29 years no such exemptions have been forthcoming. It is highly unlikely that NFCUS will ever be able to persuade the Government to give such exemptions.

Fifteen of NFCUS's 42,000 members took part in an Inter-regional Study Exchange Plan last year.

What, then, you may ask, does NFCUS do with the approximately \$18,000.00 it receives each year? The administration and salary expenses of the national office use up approximately \$11,500.00 of this income. To bring delegates back and forth from its annual conference NFCUS spends \$5300.00. Propaganda publications which until this referendum have reached only executive members of the various student councils, cost \$1200.00. This leaves approximately \$1,000.00 which NFCUS proposes to use to print membership cards, send delegates to various international student organizations, organize the art contest and defray unforeseen expenses. The above figures are taken from the 1955-56 NFCUS budget and show that it costs NFCUS \$17,000.00 to administer \$1,000.00 of your money.

And so we approach the conclusion of our argument against our continuing as members of NFCUS. It must be realized that the majority of those who ask you to "Vote No to NFCUS" are not opposed to the idea of a federation of Canadian university students. We are opposed to THIS federation, as an inefficient, ineffective and wasteful organization. U.N.B.'s withdrawal will not mean the disintegration of NFCUS, but rather may serve to make it aware of its responsibilities and duties—an awareness which has not been brought about by the speeches urging reform which have been made in the past by our delegates to its annual conferences.

And so we urge you to mark your ballot "NO" when you go to the polls on February 29th.

**JIM MacDONALD**  
(Continued from Page 1)

I urge all students to get out and vote for the candidates that will represent, faithfully, and protect your views.

In closing I should like to say that I am prepared to serve the students for the coming year if they feel that I am qualified to be their president.

Thanking you, I remain,

Yours very truly,

Jim MacDonald.

**HAZEN MARR**  
(Continued from Page 1)

of the situation. The S.R.C., instead of promoting it from the beginning, waited until it was all but forced to go along with the idea. This is the sort of thing that should be changed.

If I am elected, I will endeavour to put these ideas into effect. Also, I strongly urge you to consider the candidates for Representatives for no S.R.C. can work for the student unless the students are well represented.

Hazen Marr.

NFCUS as an organization, and as an idea has been discussed at length in countless SRC meetings, has provided topic for many an argument and has been responsible for flaring tempers, usually latent. Yet, in spite of, or because of this, NFCUS has remained virtually unknown to the average student; NFCUS! What is NFCUS? This has become a familiar phrase. The "Brunswickan", because of certain discrepancies it feels are implicit in the federation, has attempted to point out fallacies to the students; the NFCUS committee has retaliated by pointing out what it feels to be worthy in NFCUS. This could conceivably be carried on for years, with little or no change in either policy.

HOWEVER - - - -

However, since UNB contributes \$500.00 yearly to the national treasury of NFCUS, on a basis of .50 a student; since this money has been forwarded continually to the federation for the past 27 years; and finally, because the average student on this campus should know to what use his funds are being put, and if these policies are mutually beneficial—the idea of the referendum was conceived and duly executed—a referendum that will enable the student to decide HIMSELF whether it is to his advantage to be a member of NFCUS.

TO BE ALL AND END ALL - - - -

In this referendum, you, the student will be deciding the "be all and end all" of the National Federation on this campus. Do so, only AFTER you have found out what NFCUS is, and what it has done. This information, together with a knowledge of the shortcomings of the organization, will enable you to make a wise decision. Such information can be gleaned from the NFCUS committee, chaired by Bill Griffin and from this and previous issues of the "Brunswickan".

SUFFICIENT CALIBRE - - - -

The basic issue at stake is whether the National Federation, its administration, policy, plans and benefits are of sufficient calibre to warrant future participation. It's a question of efficiency, need, and importance. And finally, it's a question of money. Is \$500.00 wasted?

The student is the only one affected and is the only one that can decide!

Remember that several universities have seen fit to withdraw from the federation. Their problems paralleled ours. It's no disgrace to withdraw from a federation, if that organization is not doing a useful job. Also, it's a mistake to forsake such a body if there is some significant need it fulfills. National organization is an ambitious task; if it succeeds, there are many benefits to be derived from it; if it fails, its members are deprived of money, time and effort which could be put to other and more advantageous ends.

### NOTICE!

Although there is an inconspicuous notice to the effect that soft drinks are to be consumed only in the cafeteria, it has become quite common for students to take the bottles up to the common room.

These bottles mark the table tops, and since accidents are inevitable, the rugs are taking a beating. Also, due to the fact that the janitor does not report for work until 10.30 p.m., the accumulation of bottles makes the common room look grubby most of the day.

As I believe that the majority of the students are in favor of it, I request everyone to observe the rule that soft drinks not be taken out of the cafeteria.

J. C. MURRAY, Director  
Memorial Student Centre

February 14, 1956.

for information write the Registrar,  
Fredericton, N.B.

Next week students at the University of New Brunswick will be asked whether they think U.N.B. should remain a member of the National Federation of Canadian University Students. This is a very important question and before you make your decision, please consider very carefully the ideal NFCUS stands for, what it has done, what it is doing, and what it could do. The letters NFCUS have had an unfortunate tendency to get lost in the shuffle of alphabetical agencies that bombard us; but these letters have a very special meaning for the university student. The aim of this article is to show you what these letters stand for.

N—for national is the first and perhaps the most important of these letters. Canada needs a national federation of its students more, perhaps, than any country in the world. The differences in Canada—cultural, geographical and language—are vast and lead very easily to isolationism and provincialism. Fighting this regionalism and provincialism is one of the chief jobs NFCUS does. It provides a bond between student across Canada—from Nova Scotia to British Columbia, between people at Laval, Toronto and Manitoba. NFCUS is the only national link that includes all the Canadian students. The withdrawal of any university considerably weakens that bond and affects students all across the country.

National activities which NFCUS organized include the Canadian University Press (now, of course, flourishing under its own steam, but originally organized by NCFUS); the NFCUS Debating Association, (formerly CUDA) in which Manitoba debaters have often successfully participated; and NFCUS holds annual art, literary, and photographic contests. Many Manitoba students have entered these contests and won prizes. These are some of the few chances we get to compare our cultural talents with those of other Canadian students and to help promote that so-badly-needed, so-often-cried-for enigma—Canadian culture.

NFCUS also holds a national conference each year at which representatives from every Canadian university come together to discuss the problems which concern them all. Such things as national scholarships, the cost of textbooks, a national student insurance plan, and student administration relationships are examples of these problems which NFCUS has undertaken to work out.

NFCUS, then, is a national organization, to which we, as Canadians in the university community, should belong.

F—for federation—is the second word in the name. Like Canada, NFCUS is a federal organization. It has a national office and committees in each member university. The job of the national office is to administer affairs of a national and international level, while the job of the local committee is to implement national plans on a local level and to deal with indigenous problems which might arise. If one university withdraws from NFCUS, the whole federation and all the other Canadian universities are affected, as the whole of Canada is affected if one province fails to cooperate. NFCUS spokesmen may go to the government at Ottawa asking for national scholarships and if they must say "We speak for Canadian university students except for those at the University of \_\_\_\_\_," the whole request is considerably weakened. Don't let UNB be that weakening exception! A federation, to be strong and effective, must have the wholehearted support of its members, and if it gets this support, and can speak with the united voice of Canadian students, it will provide them with the welfare and benefits that are its aim. And it must be emphasized that the only reason NFCUS exists is because it was set up by Canadian students to provide these benefits for Canadian students.

C—is for Canadian. NFCUS attempts to overcome the divisions that afflict Canadian students and to speak with a united voice for their needs.

The inter-regional study plan which NFCUS operates permits the exchange of students between Canadian universities giving many students a chance to see how the rest of the country lives. This plan is another of the valuable things NFCUS does.

NFCUS also brings students together in seminars between French and English-speaking universities. This helps people of the two main heritages in Canada to appreciate and understand each other more fully.

The national federation tries to help Canadian students in all parts of Canada to understand each other and to co-operate on mutual problems as Canadian students.

U—the very word "University" implies catholicity. All universities belong together; they all share the same enterprise, as do university students. The word implies a universality which does not stop at national boundaries. This article has already mentioned the catholicity which is so needed within Canada, and just as we are members of the Canadian university population, so we are members of the international student population. NFCUS provides us with very respected representation at international student conferences.

At conferences such as the International Student Conference, where national unions of students from almost every country in the world are represented, Canada speaks with an authoritative and respected voice. With the world situation as it is, with two camps facing each other, it is imperative that a country as important as Canada should have representation in international student affairs.

It is a fact that several national unions of students send representatives to NFCUS conferences, indicating the importance and esteem in which NFCUS is held in international circles.

S—for student is the final word. All this is at the student level. We think this is not a weakness, but a strength. Students are generally the more intelligent part of the population. Among them, with few exceptions, are the leaders of tomorrow. They should affirm national unity—which you will do on Feb. 29 by voting "yes." The cost, which you have already paid in your student fees, is fifty cents. It's a bargain made possible only by numbers. You can make the assertion and have the reality of national unity at the student level by voting YES on the NFCUS ballot, February 29.

**JIM McKENZIE**  
(Continued from Page 1)

as your Treasurer for 1955-1956, a post which has given me an insight of the present strength and weaknesses of the S.R.C.

of President of the Students' Representative Council.  
Yours sincerely,  
Jim McKenzie

**JACK ERNST WINS**  
(Continued From Page Three)

No President of the S.R.C. can function adequately without a good Council. I therefore urge you to take as much care in your choice of candidates for executive and council representatives as it is hoped that this grant you will, no doubt, in your choice will be renewed again this year.

WILLIAM GRIFFIN

**WILLIAM GRIFFIN**

I hail from Boston, Mass. and am registered in the third year Forestry Class here at UNB. I would like to present myself as a candidate for the position of Student Representative for the Intermediate class. I have had previous experience on the board of the SCM and this past year I have been the local Chairman for The National Federation of Canadian University Students and I would like it known that if elected I will remain very strongly pro-NFCUS.

SHEILA CAUGHEY

**NICK TELLER**

I came to UNB from Barbados, BWI, in the fall of '54 to study Business Administration. I have been an SRC rep. for the past two years, a director in the '55 Red 'n Black, Treasurer of the '56 Winter Carnival, and am advertising Manager of the '56 Yearbook. I shall strongly oppose all bias, and at once denounce any dishonourable attitudes that may be expressed within the council. I shall do everything in my power to make heard the feelings of the Junior Class.

TED BOSWELL

GEORGE BASTIN

During the past year, I have watched with interest the workings of our SRC and I feel that what we need above all is TRUE class representation. This I would propose to give you, representation which would voice your opinions. I shall also, if I am assured of your support, strive for a final answer on the NFCUS question, and stricter controls on the budget. I am a member of the University Investment Syndicate, as well as Business Administration and Camera Club.

ROBERT MIYAGAWA

**ROBERT MIYAGAWA**

When asked to write a brief statement as a candidate for Intermediate Representative on the SRC, I was slightly at a loss for words. I have always been interested in the SRC but have not actually taken part in any of its activities. I have no election promises but, if elected, I shall try to do my best.

STEPHEN FAY

**GAYLE WILSON**

At the present time I am secretary-treasurer of the ladies' society, a member of the Residence House Committee, the social committee, and a columnist in the Brunswickan. If elected I will try my best to represent the interests of the Junior Class.

ROSIE HARRIS

**TED BOSWELL**

I was a freshman forestry representative on the Students' Council for 1955-56. While on the Council I was a member of the applications committee and took an active part in all debatable points. As co-chairman of the Ticket Sales for the Winter Carnival I proved myself capable and responsible.

If elected, I will do my utmost to uphold the rights of the Sophomore Class.

**ROSIE HARRIS**

As House Rep. of the Maggie Jean Residence, I'm open to first hand "pros and cons" of University affairs, but of course, that doesn't mean that I don't hear opinions from the majority of our UNB population, namely boys. As a member of the Pre-Medical Society and Ski Club Social Committee, as Secretary of SCM and having worked in Carnival activities, I've learned to view University problems with an open mind.

PETER KENT

**PETER KENT**

I finished high school in Montreal and moved to Fredericton last summer. Since I have been at UNB, I have joined the University Band, the staff of the Brunswickan, the Camera Club, the Canterbury Club and the Curling Club, in which I am on the executive. I also instruct a class for the Royal Life Saving Society. If the Sophomore Class of 1956 chooses me as their representative to the SRC, I will see that the best interests of the class are put before the Council and strive to see these interests realized.

HERB SHEPHERD

**HERB SHEPHERD**

During the academic year of 1955-56, I served as a freshman engineering representative on the Students' Representative Council. I was a member of the SRC Finance Committee and helped in the presentation of the Fall and Spring Budgets to the SRC. During the Winter Carnival, I was instrumental in the sale of Carnival Tickets. As a member of the Residence and an active participant in student activities, I will do my best to serve the Sophomore Class and its interests.

DICK STEEVES

**DICK STEEVES**

I came to UNB from Hillsborough and Moncton High Schools as a Beaverbrook Scholar. Here I joined "The Brunswickan" staff as assistant Business Manager, and also the Curling Club. If elected I will direct my voice and vote toward maintaining a fair and, at the same time, efficient, SRC in which the views of the Sophomore Class are clearly and wholeheartedly stated.

PETER WILLIAMSON

**PETER WILLIAMSON**

I am a resident of Boston, Mass., and am studying Business Administration at the University. I was a member of the Varsity Swimming Team last year, and have served a term through your vote. If you see it advisable to return me as a Sophomore Representative, I will carry out my duties to the best of my ability.

JOAN YOUNG

**JOAN YOUNG**

I am an Arts Student presently enrolled in the Pre-Medical Society. As a reporter for the Brunswickan, I have attended most of the meetings of the SRC and would be able to represent the Sophomore Class. My activities up the hill this year included the ski club, cheerleading, the classics play and the float committee of the Winter Carnival.

ELSWORTH BRIGGS

I have been associated for three years with Drama and Debating Societies; last year's President of the former, Secretary of latter. Also, I am President of the Junior Class and will be next year's Football manager. I think these many and varied activities help fit me for the SRC. The SRC itself, I think, should make more attempts to control expenditure, so that money is spent in the best interests of the Student body. The SRC should develop intelligent attitudes towards all campus organizations, but have no more than a general regulatory function in relation to them.

HOLLIE CRAIG

I am a third-year Electrical Engineer hailing from Harvey Station, N.B., and am running for intermediate rep of the SRC. My interests are: Basketball, Badminton, and I am on the executive of the St. Andrews Young Peoples' Society as well as a student member of the Engineering Institute of Canada. If elected I promise to do my best to further the interests of my fellow students.

**EXPORT**  
CANADA'S FINEST  
CIGARETTE

ROBERT MIYAGAWA

**CAREL VAN VREDENBURCH**

I want to thank the Intermediates for nominating me as your representative. I am from Holland and came to UNB to study Forestry. During the last three years I have been a member of the Forestry Association and a member of the ski-club. I was Junior representative in the SRC during the last year. If elected I promise to give deep thought to the several issues brought up in the Council and to safeguard your interests in every possible way.

BRUCE GATES

**GINO BLINK**

I intend, if elected to be a representative in every meaning of the word, to raise the standards of the SRC review and improve the constitution. My experience in organizational and representative work is:— In Holland: Secretary and President of the educational committee at college; organizer and president of the Army Officers School Student Organization. At UNB:—Publicity Manager of WUSC; active in the Brunswickan, Drama Society.

GINO BLINK

**SHEILA CAUGHEY**

As past secretary of the SRC and having served as Freshette representative, I would like to offer myself as Junior rep. for the year '56-'57. My various activities include basketball, bowling, columnist for the "Brunswickan", and membership in the Engineering Society. If elected my aim would be to carry out the wishes of those I represent.

LINDON GRAY

**STEPHEN FAY**

Last year I came from England to enter this University as a freshman in the Arts Faculty. I came with an interest in Student affairs and this interest has increased throughout the year with regular attendance at SRC meetings. If I am elected I can assure you that my aim will be to vote as my class wishes, even if the views they express should conflict with my own wishes.

CLIFF EMBLIN

**BRUCE GATES**

It is my staunch desire to serve on the SRC as one of the four Junior representatives. I served two years on the executive of the Student Council in high school, and last year I was elected co-director of the Arts division of Queen's University Radio Station. Further-more, I believe that the course which I am following, Business Administration, is of great advantage in the managing of Student Activities.

TOM FOULKES

**LINDON GRAY**

I came to UNB two years ago from Kemptville, Nova Scotia to enroll in the faculty of Forestry. I have been a participant in many campus activities. Athletically I have been active in swimming, skating and badminton and non-athletically in the Forestry Association, the Radio Club, the Flying Club, the Debating Society and I am treasurer of the SCM.

NICK TELLER

**TOM FOULKES**

I am a sophomore Forester hailing from Ottawa, in my first year. I was Vice-president of the freshman class and ran the football program concession. This year I was a member of the Red Bombers, and have been active in intramural sports. During the past term I have been a member of the SRC. If elected I shall do my best to represent the wishes of the Junior Class of '56-'57.

# UNB NEARS BALL TITLE

With a 3-0 record, UNB's Red Raiders have virtually clinched first place in the New Brunswick-Prince Edward Island Intercollegiate basketball league. If Saint Dunstan's should down the Raiders in Charlottetown this coming Saturday by 60-odd points, they would come out on top of the loop; but this event looks very unlikely judging by the 81-20 drubbing handed out by the Hill Men to them earlier at the Lady Beaverbrook Gym.

In a league fixture held at Sackville last Saturday, the Red and Black squad downed Mount A 70-44 for its third victory.

Due to poor refereeing, the game gradually got out of hand, with both teams contributing to the elbowing and fouling. Only 20 fouls were called during the contest, eight of these against UNB. Mount A made four of eleven free throws, while the Raiders capitalized on 16 out of a possible 21.

John Gorman, out two weeks with a sprained wrist received in the Saint John invitation tournament, was back in the line-up, and netted 14 points for the winners.

UNB has been without the services of its chief rebounder Jim Milligan since he sprained his ankle in Ricker. Although he will be unable to play in the Saint Dunstan's game, he will be ready for the Maritime finals, if UNB takes the title. Replacement Ron Manzer meanwhile has been holding down Jim's job with great success, scoring 30 points in the last two encounters.

### Summary

UNB—Gorman 14, Fitzmaurice 0, Wightman 4, Vaughn 0, Forbes 14, Manzer 14, Brannen 17, Doiron 2, Rhineland 5, Thorpe 9.

Mount A—McEwan 2, Black 6, Goss 0, Mawhinney 0, MacDougall 2, Roberts 6, Davidson 0, Edgcombe 12, Butler 4, Freeborne 12.

## Bulldozers Win Water Polo Tilts

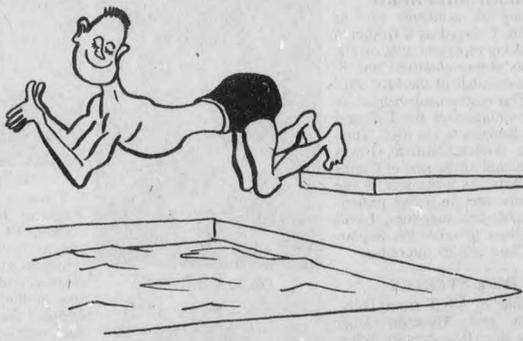

Engineering squads took two wins in the splash league in last Saturday's scheduled play.

Two evenly matched teams, Engineers 3 & 4 and Science, put on a fine swimming exhibition, with the calculators coming out on top, 4-3, in the last minutes of play. Jeff Starr, captain of the winners, played a hard-driving game as he collected three of his team's tallies. Joe Whiteley collected the other counter. John Burns and Jim Gregory, co-captains of the opposition, led the losers at a fast pace; Burns netting two and Gregory one.

Engineers 1 & 2 downed the Foresters in the other contest by a 5-2 margin. Taylor, Forrest and Williamson were outstanding for Engineers, with captain Taylor racking up three and the other two scoring one apiece. Although the opposing Foresters are not showing

### OUR BOY!

The star of the UNB swim team has been harassing The Brunswickan day and night since the first issue, begging us to run his picture. So, to pacify him and his fans, we are giving in to his pleas and exhibiting him to the right of these lines. All freshmen are requested to note the championship form and to begin immediately, if not sooner, to adapt themselves to the form devised by aquatic coach Amby Legere.

## Red Bloomers are best in Eight-Team Meet for Provincial Golden Ball Championship

University of New Brunswick's co-ed basketballers, the Red Bloomers, Saturday were crowned queens of the provincial Golden Ball Tournament, downing Saint John Rotarians 29-23 in the meet final at Lady Beaverbrook Gym.

Iris Bliss sparked the university showing with 21 points in the championship contest. She connected for seven baskets, and a like total of free throws. Betty McKee's 12 pointed Rotarians' offensive showings.

Plaster Rock Rockettes claimed the tourney's consolation title. The Rockettes took the secondary honor with a 36-26 nod over Saint John and District CYO.

was the Golden Ball Trophy, the donation of Hal Betts.

UNB held a 15-9 lead over Saint John at the half. Thirty-one fouls were called, 18 against Saint John. At the four time, UNB connected for seven points, all by Iris Bliss, on the 17 attempts while Rotarians tallied on three of 14.

In the consolation finale, Rockettes compiled a 21-14 margin in the opening half and outscored CYO 15-11 in the second. Betty Robertson, with 12, and Laura Reynolds, with 11, were Rockettes' big guns while Coffee came up with 10 Saint John credits.

CYO was charged with 17 of 31 fouls. In the resulting foul serves, Saint John tallied 11 aces on 15

tries and Plaster Rock registered six on 18.

Here are the results:  
Championship Play  
First Round

Fredericton City 14, McAdam Town Girls 10.

Consolation Play  
Semi-Finals  
Plaster Rock 21, McAdam 16.  
Saint John CYO 28, Bathurst 24.

Final  
UNB 55, Saint John and District CYO 25.

Plaster Rock—Giberson 9, Troy 4, Reed, Perry, Robertson 12, Reynolds 11, Clyde, Tomlinson, Everette.

Saint John CYO—Boyce 6, Gullive, Kempf, Tolon, McGuire 1, Coffee 10, McGarrity 8, Ritchie, Mackin 12, Thomas 3, McCullum 5, Holmes.

## Devils Dumped for Fifth Time

## Tommies Go Big On First-Frame Penalty to Hedley Savoy

St. Thomas University of Chatham, led by Mike Regan, broke loose for two goals on a first-period powerplay and skated on to whip University of New Brunswick Red Devils 5-1 in New Brunswick-Prince Edward Island Intercollegiate League hockey Saturday night at Lady Beaverbrook Rink.

Regan, an apt opportunist, was the marksman on three Tommy goals to be the night's scoring star. Single St. Thomas scores were contributed by Robert Haley and Pete McKee. Pete Coombes hit the twines for UNB.

A minor penalty to UNB defenseman Hedley Savoy in the first frame paved the way for the Tommy triumph. Less than a half-minute after Savoy was whistled from 30 feet out which slipped under the fallen UNB cage cop.

The above photo depicts action which took place in the Lady Beaverbrook Arena as Mount A downed the Red Devils 6-4. The Mount A goalie can be seen blocking a close hard shot off the stick of forward Doug Caldwell, while Devils Bill Dickie (16) and Ron Ketch (in the background) take in the play.

That 2-0 lead turned the tide and the contest was never in doubt again. Haley made it 3-0 in the second and, after Coombes took Jim McNutt's shuttle for the lone home-side marker, Regan and McKee potted extra insurance for the visitors.

It was the fifth straight loss for UNB. The Devils, however, played a sharp first period and were in high gear before the two-goal St. Thomas outburst took the wind out of their sails. UNB's last chance to gain an intercollegiate victory this season is set for next Saturday when Devils visit Mount Allison University at Sackville. Mounties won the sextets' meeting 6-4 here.

Referees Ted Bedard and Arnold Cream whistled down 15 minor infractions. Ten of the minors were served by Tommies.

Lineup  
St. Thomas—Goal: Dorson; defence: Violette, Murphy, Keating, McKee; forwards: Russell, McGinn, Boyle, David, Gulliver, McCarthy, Haley (Cherpetta, Regan).

UNB—Goal: Brown; defence: Seears, Savoy, Lalor, Scammell; forwards: Moeckler, Coombes, McNutt, Ketch, Caldwell, Dickie, Lyons, Chalmers, Flieger.

Referees: Ted Bedard and Arnold Cream.

### Summary

First period: 1. St. Thomas, Regan (David) 14:42; 2. St. Thomas, Regan, 16:20.P. penalties: Keating 1:49, Gulliver 5:07, Lyons, 6:37, Boyle, 12:32, Savoy 14:15, McKee 16:26.

Second period: 3. St. Thomas, Haley, 11:47. Penalty: Gulliver 18:25.

Third period 4. UNB, Coombes (McNutt) 6:55; 5. St. Thomas, Regan, 16:50; 6. St. Thomas, McKee 18:47. Penalties: McGinn 2:05, Savoy 5:07, Boyle 5:07, Russell 6:42, Caldwell 8:32, Gulliver 8:59, McNutt 19:23, Gulliver 19:35.

Stops:  
Dorson 10 13 8-31  
Brown 6 11 14-31

## Intramural Hockey

Three games were played last Sunday in the intramural Hockey league. The games played on Monday and tonight will finish the regular schedule, with the playoffs slated for this coming Sunday.

The first game last Sunday saw Sophomore Engineers down the Freshmen Engineers A's squad by a 5-2 score. Benwell with two, Soamell, Campbell and Mathew were the marksmen for the winners, while Clark collected the lone tally for the losers.

The Science men defeated the Senior Engineers in the second tilt by virtue of a 4-1 margin. Burns with two, McKinnon and Watson scored for Science with Jardine finding the nets for Seniors.

In the final set-to, Arts and Freshmen Engineers played to a 2-3 draw. Morad and Sears for Arts and Bearsto and Wallace for Engineers took the scoring honours.
