Independent Order Of Foresters

The monthly meeting of Court Doak town, No. 1632, I. O. F. was held at the Hall at Doaktown, N. B. on Monday evening, May 10th at 3 o'clock, and was largely attended. The visiting Deputy Supreme Chief Ranger, Joseph H. O'Brien, B. A. occupied the chair.

In his opening remarks the Chairman congratulated the Court on its record in having increased its membership over one hundred per cent within the past few weeks. He hoped for even greater progress in the immediate future. He drew attention to the magnificent strides the Order has made in the past year and attributed the increase largely to the growth of the fraternal spirit of its members. In this connection he was proud to say that the Society has now within its fold over nine hundred children of Deceased Foresters. That in addition, the Society looks after the welfare of such of its Members, who are seriously ill, and provides two Sanatoriums for the free treatment of all its members, who contract tuberculosis. That in one of these Sanatoriums at Rainbow Lake, New York, one hundred and twenty-seven members were completely cured of consumption last year. He urged upon them the vital necessity of holding regular meetings. That they keep in touch with the Order's rapid progress, its benevolent, fraternal and charitable work, so that they could explain it intelligently and accurately to those outside the Order. That each member as his part in building up his court in order to make it a power in the community. To spread the spirit of Forestry amongst all men. To impress upon all, by their individual example the grand principles for which the Order stands, Liberty, Benevolence and Concord.

Brother Lieut. Col. Geo. W. Mersereau, Past High Chief Ranger had much pleasure in endorsing the remarks of the Deputy Supreme Chief Ranger in an eloquent and lengthy address he gave interesting reminiscences of his experience as a Past Executive Officer. Of the rapid progress of the Order on the Atlantic Coast which territory he had recently visited. Of the pride in his home Court which had demonstrated its vitality by doubling its membership and of his experience Overseas as a Soldier and Forester.

Brother Mersereau's speech was well received and enthusiastically applauded. The following gentlemen also addressed the Meeting, Brothers Wm. Whyte, C. Hildebrand, James Holmes, Henry Swim, James Swim, Major H. Mersereau, J. Andrews of Court La Tour, St. John, N. B. Brother Andrews gave an interesting account of the advantages, in a social way, of being a Forester, whilst Overseas.

The Rec. Secty. read the call of the High Chief Ranger, E. A. McKay Frederickton, for the choice of delegates to the High Court Meeting in St. John, N. B. on July 6th. The following delegates will represent Court Doaktown, Lieut. Col. G. W. Mersereau, William Whyte, Henry Swim, alternate, James Holmes and James Swim.

The regular night of meeting was changed to the fourth Monday 11 each month.

Brothers William Whyte G. W. Mersereau were appointed a Committee to make arrangements for a permanent place of meeting. The annual election of officers will take place at the next meeting at which a full attendance is requested.

Nordin, N. B.

REVISOR OF LISTS

Mr. Joseph Jardine has been appointed Revisor of Electoral Lists for the Town of Newcastle.

SUCCESSFUL CLEAN-UP DAY

Clean-Up Day held last Tuesday in Newcastle was, despite the prevailing bad weather, a grand success. Men and teams were kept busy all day hauling refuse to the Town Dump and one has only to look at the streets, to be convinced that a vast improvement is noticeable. While such good work was accomplished on Clean-Up Day, there still remains much which can be done, and because Clean-Up Day is over, it does not by any means signify that our work is over. Keep the good work going and make Newcastle what it ought to be.

Fraser's Plans For Extensive Developments

It is quite evident from recent developments that Fraser Companies Limited, lumber and pulp and paper operators, have in course of working out plans of development calculated to make the province of New Brunswick a big factor in Canadian pulp and paper production.

Plans have been announced involving a re-organization on a large scale of the Fraser companies, and having as their aim the establishment of a large new power plant at Tobique Narrows and the erection of a sulphite pulp and paper mill for the manufacture of newspaper.

In the meantime, in the prosecution of their plans, Fraser Companies have purchased the Dominion Pulp Mills, at Chatham (N. B.), the output of which will add 15,000 tons per annum of easy bleaching sulphite pulp to the present Fraser 35,000 ton output from Edmundston mill, financing for which was completed just one year ago by the issue by Royal Securities Corporation of \$2,000,000 of six per cent first mortgage serial bonds.

It is understood that the purchase of the new addition of Fraser Companies plants was financed by the recent purchase by Royal Securities of the unused balance of \$450,000 of the same bond issue. All of the bonds have been sold.

Both in variety and quantity the present output of Fraser Companies is extensive enough to form a broad foundation for new developments. The company's ten saw mills in the eastern portion of Quebec province, and in New Brunswick, now produces yearly 100,000,000 feet of pulpwood, 185,000,000 feet of lumber, 135,000,000 shingles and 50,000,000 laths. In addition to this lumber output, the company already produces 35,000 tons of bleached sulphite pulp, and 15,000 tons easy bleaching sulphite pulp of the Dominion Pulp Mills at Chatham.

It is expected that the recent developments will mark the beginning of an extensive expansion on the part of the Fraser Companies.

ST. JOHN EXHIBITION

The St. John Exhibition Association is again going to hold a show and has fixed its dates at September 4th, to 11th, inclusive. This will be the first Exhibition to be held in St. John since 1914 as the Exhibition plant has for the last five years, been employed for Military purposes. The Militia Department have just handed back the plant and have also paid over a substantial amount to offset the damage done by their occupation, so that the Association is in a position to expend more money than is usually the case and therefore expects to make this year's show a distinct success in every way. In addition to some splendid free acts in front of the Grand Stand, contracts have been entered into that will make the Midway a more elaborate affair than ever. These contracts include some seven riding devices and about fifteen big tent shows; in fact, the Midway will, this year, resemble a first class Summer Carnival rather than the "fair" row of former years.

CARD OF THANKS

The Lord-Beaverbrook Chapter I. O. D. E. wish to thank all those who helped to make the Rummage Sale such a grand success.

Excellent Presentation By Local Talent

The Girls' Junior Club of St. James' Church presented "A Kentucky Belle" in four acts in the Park Hall, Friday afternoon and evening to crowded houses. The matinee was held at 3.30 p. m. and the evening performance at 8.15 o'clock. The audience at the evening performance was a record one and each number was thoroughly enjoyed and heartily applauded by those present. Miss Edna Menzies as the leading lady executed her part in a most pleasing and acceptable manner and when considered that it was her first appearance on the stage, her presentation was worthy of one more accustomed to theatrical performances. She is to be highly congratulated on this her first appearance.

Miss Helen Armstrong as a lady with aristocratic tendencies showed wonderful talent and accomplishments.

Misses Elizabeth McTavish, Elva McCurdy, and Sadie Smallwood in the roles of gentlemen took their most difficult parts in a very pleasing manner and their make ups were the subject of much comment on the part of the audience.

Miss Hazel McMaster as Isabel's friend, proved her to be a staunch one and showed her ability in being equal to every occasion that arose.

Miss Kathleen Moore in the role of Nurse and Miss Katherine Hill as John Cason Gordon's Sister each took their parts perfectly, while the Linemen Misses Blanche Taylor, Minnie Stothart, Jennie McMaster and Lily Pedolin, dressed in overalls were the subjects of many comments, in their difficult roles.

Miss Helen Stables as Cindy and Miss Maude Hill as Henry, who took the parts of negro servants, kept the house in laughter and were heartily applauded.

The Choruses by Misses E. Nicholson, M. McCurdy, A. Falconer, M. Thompson, A. Cassidy, F. Cassidy, I. Macfarlane and Ella Cornish were well received.

Miss Isabel Ferguson, delighted the audience with the Highland Fling and responded to an encore.

Miss J. E. Burt and Mr. Lincoln Crocker, Violinists and Miss G. W. Jamson, accompanist gave several selections which were appreciated by all.

Mrs. L. H. McLean, as Conductor and Soloist is to be highly congratulated on the grand success of both performances for which she has given so much of her time and talent. The proceeds are to be used for the purpose of procuring a Tablet in memory of the honored dead and the valiant living of St. James' Church, Newcastle, N. B.

A repetition of the drama will be staged in Millerton on Tuesday evening and in Blackville at a later date.

"MICKEY is what I call a real big picture."—A. H. Woods

New Brunswick Temperance Alliance

The New Brunswick Temperance Alliance has arranged to carry on an aggressive campaign in preparation for the referendum on provincial prohibition which comes early in July. Rev. Thomas Marshall, vice-president of the Alliance, has been chosen as campaign director and will devote the next two months in the interests of the work, organizing forces to roll up a vote for prohibition in this province.

A woman's mind, like a chicken salad contains a lot of things that no man ever suspects.

There were 2,348 millionaires in the United States when the war began and nearly 7,000 when it ended—a fact which causes The Saskatoon Star to reflect that war produces two sure crops one misery, the other millionaires.

Funeral Of Frank Gillis

The remains of Engineer Frank Gillis were brought to Newcastle on the Fredrickton express Monday night, and taken to his home on Lower King Street, where a large number of deceased's friends viewed the remains. Deceased was thirty six years of age. He is survived by a wife (nee Annie Dunn of Nelson) and three sisters, Mrs. Frank Hayes of Renous, Mrs. Walter Corbett of Mansfield and Miss Ida of Regina, Sask.

(Mr. Gillis was a native of Newcastle and was well known. All who knew him speak in the highest terms of his good character and devotion to duty and his many friends here sympathize sincerely with his family in the loss of a good husband and father.

The funeral took place at three o'clock, Wednesday afternoon, in St. Mary's cemetery. Services were conducted by Rev. F. W. Dixon. The funeral was under the auspices of the B. of L. E. and large numbers of the brotherhood were present from Campbellton and Moncton to pay their last respects to a devoted and highly respected member of their order.

Looking For Trouble And Got It

Lieutenant J. Dunton Sharman, who saw five years of active service with the Canadian army in the Great War, and whose brilliant extemporaneous addresses at club luncheons this winter are so well remembered, tells an amusing story of his experience at the time of his enlistment as a private in 1914. To use the lieutenant's own words:

"I knew the Commanding Officer of the first Canadian fighting regiment to be organized and he gladly accepted my offer of service. Every thing went well until I came to the medical examiner, when I was promptly turned down as not being rugged enough to stand the hardships of war.

"Not discouraged I went to the headquarters of the Mechanical Transport unit and took the test as a motor driver. For an hour I gave the examining officer the thrills of his life on a three-ton truck, and at the end of the time he cried "Enough" and gave me a certificate as a first-class driver.

Fitted Out

"Carrying my chest well forward I presented the certificate at the unit office, where I was congratulated upon my rating, but told that the unit was all filled up and that they could not take me on the list. As I went out I noticed a long line of men entering the Quartermaster's stores, and saw that each man had a uniform when he came out. I took the chance, and in half an hour was clothed at the government's expense. "I kept out of sight for two days, and took my first long breath after the great convoy of ships was well out from the coast of Canada. I was uncertain as to the best method of making my presence known when an examination on motors was announced. I took the examination and signed my name, and that afternoon I was summoned to the Commanding Officer's quarters.

Bawled Out

"I shall never forget the 'bawling out' he gave me. He said that nobody wanted me there. I tried to comfort myself with the thought that he did not know just how badly the King wanted me. I knew that he could not turn the feet back to take me home and that he did not dare send one ship alone. I thought the days of walking the plank were over and I could see that he did not know what to do. After the storm of his rage had passed he sent me out of the room. I was wondering how long I would have to stay in jail when he sent for me again and said:

Honor Trust Upon Him

"You have committed a grave military crime. What excuse have you? Shut up. I don't want any back talk from you. You were looking for trouble; here it is. Put on these corporal stripes."

"A few weeks later they added to my punishment by making me a sergeant, and some time after I had again volunteered for the infantry and been accepted, they threw a commission into the trench one day, and as I was the muddiest man there, it stuck to me.

"Yes, I am glad that it is all over, but all of the punishment and the year spent in hospital beds are more than compensated for by my association with hundreds of thousands of the world's best men, who made a reality out of the dream of a world-wide brotherhood of man.

THE PLEBISCITE

ON PROHIBITION
The Plebiscite on prohibition will be taken during the week beginning the 4th of July, but on which day has not as yet been finally decided. Shots Fired At Man on South-west Miramichi Boom

(Fredericton Gleaner)

Labor difficulties on the North Shore of New Brunswick reached a serious stage on Saturday when shots were fired, presumably by strikers or strike sympathizers, at a man who remained on duty at the South-West Miramichi boom as he opened the boom to allow some rafts for the Nelson mill of the Fraser Companies Limited to pass through.

The announcement that such a situation had been reached was the first news of the strike that reached here, but it appears that when rafting operations were to commence last Thursday, the booms being filled with logs, the men refused to work under the conditions offered by the South-West Miramichi Boom Company. They demanded a 9 hour day but the operators contended this could not be granted because of tide conditions and the work would have to be carried on the same as in the past.

The boom workers had been organized during the winter and Thomas Dawson, their president, is said to have twice visited the booms after the strike was declared to forbid men who remained there against continuing to work. However, there were some logs already rafted for the Fraser mill at Nelson and it was when the boom was being opened by the one

MALNUTRITION is the root of much weakness and hinders progress and growth.

Scott's Emulsion the world-famous tonic-food, is the natural enemy of malnutrition and weakness. Scott's three or four times daily, builds strength—helps drive malnutrition away.

Scott & Bowne, Toronto, Ont.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting; then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

man who remained on duty there that the shots were fired by unknown persons on the northern shore of the river, which is only about quarter of a mile in width at that place.

Donald Fraser, of the Fraser Companies Limited, who arrived here on Saturday night to spend the week end in Fredericton, declared this morning that the lumbermen operating on the Miramichi and comprising the South-west Miramichi Boom Company would take steps to have the necessary protection provided so that the rafting and running of the rafts when made up could be carried on without molestation of the strikers and their sympathizers.

"There have been no further developments in the matter since the shots were fired on Saturday", said Mr. Fraser, "because nothing has been done in the way of running any more rafts. We have named next Wednesday as the date for the strikers to return to work, if they want their positions, and we will be in a position by that time to assure the work going on without interference, but I don't feel at liberty to say what steps are being taken in that connection. We don't know who fired the shots at the man on the sheer boom, but it of course looks very much as if it was the work of somebody connected with the strike."

"It has the flavor"—a rich, satisfying flavor that every man who chews, appreciates.

And the quality is always the same—buy it where you will.

Black Watch CHEWING TOBACCO

The incident at the Southwest Miramichi boom on Saturday is the first clash of the kind that has happened since all classes of labor on lumbering operations on the Miramichi were organized some months ago. So far as can be learned about 60 men were affected by the strike and all those employed at the rafting and at the sorting booms quit work with a few exceptions. After the strike was called those remaining at work were warned not to allow any lumber to be rafted or to allow rafts to go through the booms and it was when these orders were disregarded that the shots were fired.

One result of the strike has been to tie up sawing operations at several of the mills on the Miramichi, the Fraser mills on the Miramichi, the Fraser mill at Nelson, which requires about 140,000 feet of logs daily, and several other plants being shut down.

Conference Of Dominion-Wide Lib.-Conservatives

Toronto, May 10—"That, in the opinion of this conference of Dominion wide Liberal-Conservatives the time has arrived to perfect organization in all the provinces of Canada, and through such organization prepare those who believe in the traditional policy of MacDonald and Cartier to register their opinion at the impending general election of that great policy."

Such was the substance of a resolution unanimously adopted at a round table conference here today of Liberal-Conservatives when at least three delegates were present from every province under the guiding leadership of Hon. Robert Rogers.

This conference arose from a meeting held here on April 16, and is the first move towards Dominion organization on strict party lines to be followed as early as possible this year by a national Conservative convention at Ottawa "for the purpose of selecting a leader and dealing with such matters as may properly come before the convention."

While the meeting was private it was stated afterwards that the proceedings had been entirely harmonious and some dozen resolutions were handed the press as having been adopted unanimously.

These deal with the problem of returned soldiers and the debt the country owes them; the value of enfranchised women to the political future of the country; the necessity of a united Canadian people putting aside class prejudices; the encouragement of agriculture; the rallying of the ranks of labor against the criminal activities of the I. W. W.; and the need more than ever of the traditional national policy, during this period of reconstruction.

One resolution, reading that it endeavored to grow and prosper in the present ambiguity and vacillation in the councils of our country must give way

MINARD'S

THE PLACE OF MUSIC IN THE COMMUNITY

If you are a lover of music, become a Public Figure in your community. Identify yourself, and not in any shrinking or self-effacing manner with all possible public movements.

There is hardly any important public occasion that does not, at some time demand, on at least per mit of music. Make it your business to see that the musical is there. Be the one to provide it, either through your personal performance or by arrangement for the appropriate kind. Bands for Public Banquets, singers, choruses or quartets are needed for public receptions, and music should be provided for all holidays.

All this counts powerfully towards making music take its place of proper importance in our community life.

And don't miss it such activities do make you a sort of public figure, and begot your scowling critics, as a "PUSHER."

The world and especially music in our town needs a lot of just such "PUSHERS."

DISGRACEFUL SIDEWALKS

Our sidewalks are to say the least disgraceful. It is almost impossible either day or night for pedestrian to walk on them without stumbling and falling. The first thing we know our corporation will be up against a claim for damages, if the walks are not put into some kind of a half decent condition. Some of the sidewalks should be torn up altogether, and would be much safer if nothing were put in their stead than they are in their present condition. An appropriation is made each year for Public Works and the money so voted should be judiciously expended. It is up to our new Town Council to make good.

DEPLORABLE CONDITION

Our attention has been drawn to the language used by some of the younger boys who attend Harbin's Academy. It appears that they have established a code of their own, which they communicate to one another by way of their fingers. They do not confine these communications to their own sex, which would be bad enough, but have no hesitation in extending the same to their opposite sex, who are absolutely ignorant of their meaning. Naturally the question is asked "What do you mean," and the words which are most despicable, vulgar, and blasphemous, the answer is given. Surely prompt action should be taken by the authority, to put a stop to such a deplorable condition, which exists in our Public school.

"MICKEY" is one of those rare comedies that meets all requirements in the way of pleasing the most critical of audiences." —*Dramatic Mirror*, August 17, 1918.

Full of the Devil

The minister in making an announcement for the evening meeting said:—

Elder Jones will present a paper on "The Devil." This is a carefully prepared paper, and is full of the subject.

Many things we would like to say are the more that we think of it.

It takes a strike to make people understand that they are hungry for the product of our industry.

SOME WAR DATES

Get Them Out to Keep in Your Scrap Book.

Austria declared war on Serbia, July 28, 1914.

Germany declared war on Russia, August 1, 1914.

Honduras declared war on Germany, July 19, 1918.

Armistice signed, November 11, 1918.

Peace treaty signed by the Germans, June 28, 1919.

A Fresh-water Seal.

The seal is a typical marine animal, and hence the occurrence of a species of phoca in Lake Baikal, which is of fresh water and has no connection with the sea, is of special interest. Dr. Charles Hesse has obtained skins and skulls of two specimens of the Baikal seal, which have been offered to the Museum of Natural History, where the species have not hitherto been represented. It is the only seal which habitually lives in fresh water, though the common seal will often resort to estuaries, and even ascend rivers, as one did some time ago in the Trent, as far up as Hazleford, where it was shot. The Vikare seal, again common in the Arctic regions, and also found in the north of the Baltic, occurs in Lakes Ladoga and Onega. It is able, however, to reach these from the Baltic by means of the Rivers Neva and Svir. The Baikal seals, on the other hand, have no communication with the ocean. Their occurrences in Lake Baikal, along with abundant salmon, point to a change in the physical geography of the district. They suggest that in former times an arm of the sea stretched from the Arctic Ocean sea stretched from the Arctic Ocean to the site of the present lake.—*Family Herald*.

An Elephant's Teeth.

The elephant has what a dentist calls "magazine gun teeth" because of the curious fact that when the big pachyderm wears off a front tooth it is replaced by the one just behind it, the whole row moving up a tooth. It is said this takes place continually, so Jumbo always is guaranteed a set of teeth, no matter how many he wears out.

Mongers' Sacred Kneecap.

"Ned Kelly, the old buck kangaroo, has been having a fight with the boss dog of the side deer herd," said Sergeant McGee of the San Francisco park police, "and it is the first time ever heard of two herbivorous animals so widely different in species having common ground for a quarrel."

"As a matter of fact, it was the side deer that started the trouble. He was trying to show off before the boss and started butting at poor old Ned Kelly who was peacefully loafing about with no thought for trouble. The first butt of the deer set Ned thinking, the second set him mad, the third—well, Ned Kelly just turned about and gave the side deer one wallop under the stomach with his fist. The side deer then made two jumps, and fell on his back, and the boss dog, who had been watching the fight, dropped on it and kept it down until Ned Kelly had time to pick up his gun and shoot the side deer as a rule."

Declares Fireman

Wife Overjoyed At Results Of Tanlac Bought For Her By Husband

"My wife is now able to do her housework for the first time in many years, and I want everybody to know that it's all because of the good results she has gotten from TANLAC," says L. Constantine, a fireman employed by the Reid, Newfoundland Railway, living at 87 Hamilton St., St. John's, Newfoundland, while telling of his wife's recovery since taking the medicine.

"For years and years," he continued "my wife's health has been bad, and she was so weak and thin I looked for her to give out and break down any time. Her circulation was poor and she was so pale she hardly had the color of blood in her face. Her nerves were on edge and at the least excitement or unusual noise she would shake like a leaf. Headache spells often came on her and at night it was next to impossible for her to sleep well. She had little or no appetite and she knew that she had lost all her strength and energy and was so weak she was almost helpless. It looked like the more medicine she took the worse she got and I can hardly understand how she managed to hold out as long as she did.

"A friend of mine who had been taking Tanlac told me what it had done for him so I went straight to a drug store and bought some to see if it would help my wife. Well sir, she seemed to improve with each dose and in a few days she was looking better and actually like a different person. Her appetite returned, everything she ate agreed with her and now, although it has been only a little over a month since she started taking Tanlac she has already gained about fifteen pounds. Her blood has been purified, she is stronger than in years and has now gone back to doing her housework. The headaches have left her and her nerves are steady and she knows what it is to enjoy a good night's sleep and rest. She is so overjoyed that she is praising Tanlac all the time, and since I have seen what it has done for her I believe that when I bought this medicine I did the best act of my life."

Tanlac is sold in Newcastle by E. J. Morris, in Redbank by Wm. M. Sullivan and in Daiktown by O. Hildebrand.

WEDDINGS

DAWSON-WALSH
The marriage of Miss Lucy M. Walsh, daughter of Mr. and Mrs. Edward Walsh, to James Dawson, of Barnaby River, was solemnized on Wednesday afternoon, May 5th. The marriage ceremony was conducted by Rev. E. J. Bammon. The bride was dressed in blue with hat to match. The bride's maid was Miss Lizzie Robinson, of Doaktown, and John J. Dawson, brother of the groom, was best man. The happy couple were the recipients of many valuable gifts. They will reside in Barnaby River.

OBITUARY

GRACE LYONS
The death of Miss Grace Lyons, of Doaktown, occurred on Friday at the Victoria Hospital, Fredericton. Deceased who had been a nurse at that institution for upwards of two years, died after a week's illness with scarlet fever and pneumonia. She was twenty-one years of age and is survived by her mother, Mrs. James Beck, of Doaktown, two sisters and one brother. The remains were taken to Doaktown for interment.

"LEST WE FORGET"

To stand by the sailor and the soldier who stood so faithfully by their side in the dark year of war, is the obligation that rests upon every Canadian. One of the Organizations whose duty it is to keep alive this spirit of helpfulness and fidelity is the Navy League of Canada, it is doing a great work for the sailor and for the families of the sailors, both of the Navy and Mercantile Marine, and should be heartily supported.
In St. John its labors find expression very largely through the activities it has been rendering through the Seaman's Institute, in looking after the sailors passing through the Port, as well as in the financial aid, that it giving to the widows and families of sailors.
No fewer than 35,000 sailors were handled at the St. John Seaman's Institute during the past winter.
With an increase of Port business and an increase in the number of sailors, the St. John Branch of the Navy League finds itself under the necessity of considering the enlargement of the Seaman's Mission building which will mean quite a large expenditure.
Fredericton has a very active Branch which has been most helpful to the sailor.
Other communities that have shown an interest in the objects of the League in the past are:—Moncton, Woodstock, Sussex, Eggleville and Chatham. A renewal of their interest is greatly to be desired.
The New Brunswick Branch of the Navy League has lately elected R. E. Armstrong, of St. John, as its President, and C. B. Allan, Secretary.
If there are communities in the Province that would like to participate in the work that the Navy League is doing, information with regard thereto would no doubt be cheerfully supplied by these officials.
New Brunswick is the last Province that should forget what it owes to our sailors.

PERSONALS

Mr. R. Armstrong left yesterday for New York City.
Miss Molly Hennessy is a patient at Hotel Dieu, Chatham.
Miss Jean Clarke of St. John is visiting Mrs. C. C. Hayward.
Mr. and Mrs. Daniel McQuarrie of Moncton are visitors in town.
Mr. E. A. McCurdy spent a few days of last week in St. John.
Mr. Wm. Anderson, of Burnt Church was a visitor to town last week.
Mr. and Mrs. Wm. McNeill of Camp were visitors to town last week.
Messrs James Robinson and H. A. Frank were in town on Thursday.
Dr. and Mrs. R. Nicholson spent a few days of last week in Fredericton.
Mrs. James Landry has returned from a visit to relatives in Fredericton.
Mr. and Mrs. George Fury of Warmling are spending the summer in Millertown.
Chaitle Morris has returned to his home from St. Xavier College to spend his vacation.
Mr. and Mrs. James O'Donnell are receiving congratulations on the arrival of a son at their home.
The marriage of Miss Bessie Rogan of Newcastle and Raymond Murdoch of Chatham.
Mrs. W. A. Russell and Miss Evans have returned to their home in Shediac after a pleasant visit to friends in town.
Mrs. Sarah Fowler left last week for Toronto. She was accompanied as far as Montreal by Mrs. A. McM. Astle and Mrs. H. A. Vye.
Cecil E. McWilliam was given the degree of B. Sc. in Electrical Engineering First Division at the U.N.B. Encampment on Thursday of last week.
Misses Jennie and Alice Shaddock, H. N., of New York are spending a vacation with their parents Mr. and Mrs. William Shaddock of Trout Brook.
Miss Eloise LeBlanc has resigned her position with the Maritime Produce Co., and left last week for her home in Memramcook. Miss LeBlanc is to be one of the principals in a happy event which takes place in the near future.
Mrs. Robert Armstrong and Miss Agnes Russell entertained at the tea hour on Wednesday of last week in honor of their sister Mrs. W. A. Russell and Mrs. Evans of Shediac. Mrs. R. L. Melrose and Misses Helen Armstrong and Lyle McCormick served.
Last Thursday May 13th, Mr. Alex. S. Gremley Past D. G. M. for the North Shore was a visitor in St. John N. B. and while there was admitted as a member of the Mystic Shrine. This degree is one of the highest that can be attained in Free Masonry and Mr. Gremley is to be congratulated on his rapid advancement.
Among those present were: Mrs. W. A. Russell, Miss Evans, Shediac, Mesdames O. Nicholson, D. Morrison, J. S. Fleming, Jas. Stables, C. C. Hayward, W. D. Srothart, John McCormick, John Russell, W. A. McMaster, A. J. Ferguson, Wm. Ferguson, Miss Jean Clarke, St. John, Mrs. Hamilton and Miss Bella Russell.

ONE WOMAN'S EXPERIENCE

OF Interest to Childless Women.

Toronto, Ontario.—"I suffered for a long time from a female weakness, inflammation, and a terrible backache caused by that condition. One day one of your booklets was left at my door, and I read how other women with troubles like mine had been made well, so I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Sanative Wash, and it helped me wonderfully, and I now have the finest little baby boy that any mother could want. I want to recommend Lydia E. Pinkham's Vegetable Compound to any woman who has female troubles."
Mrs. JOSEPH LA BELLA, 778 Shaw Street, Toronto, Ontario, Canada.
The experience of Motherhood is a trying one to many women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.
In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong, and this good old-fashioned root and herb remedy contains no narcotics or harmful drugs.

Anaemia Robs Its Victims By Stealth

Conditions of Thin Blood That Could be Corrected Easily are Stealing the Health and Energy of Many Men and Women, and Boys and Girls.

Anaemia, which literally means bloodlessness, is one of the most prevalent troubles of the present day. If neglected it is apt to develop into pernicious anaemia, one of the most hopeless diseases. While anaemia attacks men and boys, it is more prevalent among young girls and women and for this reason every woman, particularly every mother, should know how to recognize the signs of this trouble which steals its approach so gradually and so stealthily that it is often far advanced before the nature of the trouble is noticed. One general symptom of anaemia, is pallor. The cheeks gradually lose their color and the lips become pale or white. With this loss of color there comes a tendency to fatigue, a palpitation of the heart, and breathlessness after slight exertion with occasional headaches. In the more severe cases fainting spells frequently occur.
In ordinary anaemic conditions, including the anaemic that affects young girls in their teens, Dr. Williams' Pink Pills are all the medicine required. Fresh air, sunlight and nourishing food will do the rest. Any woman or girl taking Dr. Williams' Pink Pills can tell by the growing redness of her lips that the pills are making her blood rich and red.
Miss Mabel Fenner, Liverpool, N. B., says:—Before I began the use of Dr. Williams' Pink Pills I felt like a complete wreck of my former self. My blood was thin and watery; I suffered from faint and dizzy spells, and had headaches almost every day. I was taking doctor's medicine, but it was not helping me and at this time I was learning my trade as a tailor, and was forced through my illness to give up work. After reading an advertisement of Dr. Williams' Pink Pills one day I decided to give the pills a trial. After taking two boxes I felt that I was being benefited, and continued their use until I was fully restored to health. The pills certainly did wonders for me, and I cannot recommend them too highly.

The purpose of Dr. Williams' Pink Pills is to build up the blood. They do this one thing and they do it well. They are for this reason an invaluable remedy in diseases arising from less or deficient blood, as rheumatism, neuritis, after-effects of the grip and fevers. The pills are guaranteed to be free from opiates or any harmful drug, and cannot injure the most delicate system.
You can procure Dr. Williams' Pink Pills through any dealer in medicine, or they will be sent you by mail at 60 cents a box or six boxes for \$3.50 by writing direct to The Dr. Williams' Medicine Co., Brockville, Ont.

"MICKEY" well worth the wait. . . . It contains comedy, pathos, suspense, in fact, almost everything . . . Ought to appeal to all audiences R. W. B. in "Exhibitor's Trade Review" August 3, 1918

How Forest Fires Start
 The rise in the price of lumber has awakened all Canadians to the fact that the forests comprise one of Canada's greatest resources. The land on which our forests stand is in the majority of cases not fit for farming, and, consequently, the time when no forests are growing thereon represents a dead loss. Forests grow again with comparative rapidity, but areas burned over by fire are slow to reproduce, and when trees come on again they are likely to be of inferior kinds. Thus there is every inducement to save our forests for the axe and to save them from fire. Yet in Canada eight or ten times as much timber has been bumped as has been cut. Our government and lumber companies are now fighting forest fires, but they still take a terrible toll. Fires start from many causes, but camp-fires left alight by tourists and hunters, and cigarette stubs and burning mat-

OWES HER LIFE TO "FRUIT-A-TIVES"

After Years of Suffering with Dyspepsia, this Fruit Medicine Gave Relief

Mlle. ANTOINETTE BOUCHER
 917 Dorion St., Montreal.

"I am writing to tell you that I owe my life to 'Fruit-a-tives' for this remedy relieved me when I had abandoned all hope of ever recovering my health. I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good. I read something about 'Fruit-a-tives' being good for all Stomach Troubles and Disorders of Digestion so I tried them. After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored. I thank the great fruit medicine, 'Fruit-a-tives', for this wonderful relief."

Mlle. ANTOINETTE BOUCHER.
 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

has thrown carelessly into the underbrush are among the most prolific. It is to the advantage of every citizen, young and old, to aid in keeping down the forest fire evil.

Have You a Tree Plantation?
 During the past twenty years a number of patriotic farmers and land owners in Eastern Canada have

sought to test the possibilities of growing groves of forest trees either from seed or from young plants. In some cases these have been walnut, chestnut, or basket willow, in other sugar maple, oak, pine, spruce, or cedar. The information as to the success of these plantations and the soil and other conditions is of the utmost value to those studying tree growth in Canada. The Director of Forestry, Ottawa, would be glad to learn from the owner of any such plantation, especially those more than ten years old, particulars, location, etc. If conditions and location warrant, an officer of the branch will endeavour to visit the plantation in the course of an inspection trip.

OBITUARY

WALTER GRADY
 The death of A. Walter Grady occurred at the Fisher Memorial Hospital Woodstock, N. B. on April 23, 1920.

His death was indeed a great shock to all his friends though he had been seriously ill for weeks previous to his death.

But all reports were favorable and he was able to be up and out of doors again.

When Thursday April 22nd his brothers were summoned to his bedside, and he passed peacefully away on Friday afternoon at 3 o'clock.

Deceased was dearly beloved by all who knew him, being so bright and cheerful at all times and making the best of all troubles that came his way.

He was well established in the Confectionery Business in Edmuntston, N. B.

And leaves to mourn his loss besides his mother and father, Mr. and Mrs. Grady. Three sisters Mrs. Peter McLaggan, Mrs. W. D. J. Underhill Blackville and Mrs. Eugene P. Elgre. Cranbrook B. C. and five brothers Charlie and Hiram, Edmuntston N. B. Alexander of Salmo B. C. Robert of Island Falls Me and Otto E. of Derby, N. B. all of whom attended the funeral.

The floral tributes were numerous and beautiful.

The funeral took place Monday at 2 p. m. Service at the house conducted by the Rev. Mr. McNeill Doaktown in the absence of the regular pastor Mr. Grant.

The hymns sung were special favorites of the deceased. "Softly and Tenderly Jesus is Calling" and "Sometime We'll Understand". Instead of the Dead March when the remains were being taken cut the choir softly sang "The Christians Goodnight."

Interment in St. Andrews cemetery, Blackville, N. B.

IN MEMORIAM
 Amos Walter Grady, age 34 died in Fisher Memorial Hospital Woodstock on April 23rd 1920
 Adieu to thee, dear son and brother. Mourned as thou art by all who knew Of thy true heart, like many another Saddened by suffering, tried and true While life shall last we shall regret thee And holds thy memory ever dear Loved friend of all who could forget thee? The thought of whom calls forth a tear. Endear'd to all who knew thee best Revered and loved, worth be thy rest God in his Goodness called Thee Walter, Rich thy reward in his dear home. At that clear call you did not falter "Dear God you called me and I came Your fond reply, from lips now dumb. May 1920 THE FAMILY

HOW YOU CAN TELL GENUINE ASPIRIN
 Only Tablets with "Bayer Cross" are Aspirin—No others!

 There is only one Aspirin, that marked with the "Bayer Cross"—all other tablets are only acid imitations. Genuine "Bayer Tablets of Aspirin" have been prescribed by physicians for nineteen years and proved safe by millions for Pain, Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis. Handy tin boxes of 12 tablets—also larger "Bayer" packages, can be had at any drug store. Made in Canada. Aspirin is the trade mark registered in Canada, by Bayer Manufacturing Co., of Germany. Beware of cheap imitations. The Tablets of Bayer Company, Ltd., will be stamped with their "Bayer Cross" mark. The "Bayer Cross"

Want to Feel Just Right? Take an NR Tonight
 JUST TRY IT AND SEE how much better you feel in the morning. That "leary" headache, tired, don't-know-what's-the-matter feeling will be gone—you'll feel fine.
TROUBLE IS, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pills, oil, salts, calomel and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.
Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.
 And oh, what a relief! You'll be surprised to find how much better you feel—brighter, better every way. If habitually or stubbornly constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet after that will be sufficient to keep your system in good condition—keep you feeling your best.
 Get a 25¢ Box
 Nature's Remedy is sold everywhere and recommended by your druggist

High Cost of Railroading

At the annual meeting of the shareholders of the Canadian Pacific Railway, held in Montreal, Mr. E. W. Beatty, President of the Company, stated that the annual report reflected vividly the situation prevailing in respect of the increased cost of operation. The gross earnings were the largest in the Company's history, exceeding those of 1918 by \$19,391,352, yet the net earnings were less by \$1,569,251. The large increase in working expenses showing a total increase since 1917 of \$28,152,706 is a striking example of the effect of the increased cost of wages and material in spite of the Company's conservative and economical administration.

While it is gratifying that even with these exceptional costs the Company had during the past two years earned fixed charges and usual dividends, nevertheless the relation between earnings and expenses must now receive most careful consideration. The upward trend in costs of the last two years has not been equalized by increases in the gross earnings and operating economies. The extent of the rate increases fixed by the Dominion Railway Commission has not equalled the increased costs recently forced on all Companies. Between 1914 and 1919 the working expenses of the Company had climbed from \$87,588,000 to \$144,000,000, an increase of 64 per cent. Within the same period the increases in freight and passenger rates amounted in actual fact to 30 per cent. in freight rates and 10 per cent. in passenger rates. Thus during the past five years the percentage increase in operating expenses was double the percentage in tolls accorded to the Railway Companies.

Owing to the parity of conditions existing between the United States and Canada, the Canadian roads during the war had to accept the high wage scales made effective under Government control of American roads and also to continue operating under similar tariff tolls. These tariffs were entirely inadequate as results in the United States clearly demonstrated. Recent legislation has assured American carriers of rates which will return fixed percentage on the value of the undertakings used in the public service. This will mean a reconsideration of, and increase in the rates now current in the United States. No doubt the necessity of rate adjustments will be given earnest consideration by the Government and the Dominion Railway Board. Such readjustment is amply warranted both on the ground of the value of service rendered by the carriers and the cost to them of performing such service.

The rates in Canada should be determined having regard to the cost and value of services, and the legitimate needs of the railway companies. The properties of the Canadian Pacific are in excellent condition and at the same time in the history has it been better equipped to perform its important public services or to play its full part in the advancement of the transportation future of Canada.

The irrigation project in Alberta has developed 143,526 acres by means of 2,809 miles of irrigation ditches, at a construction cost of

\$15,186,348 and operation costs of \$1,761,268. Success of the irrigation block will, it is hoped, lead to the expansion of irrigation projects under Federal or Provincial Governments, thereby diminishing the danger of crop failure in irrigated districts.

The value of any enterprise depends on the ability to progress and on the maintenance of high credit necessary to the development. Railways must be enabled to keep pace with the progress of the country, by expanding the facilities, constructing necessary new lines and supplying the public with adequate efficiency and comfort in service. The railway net earnings of the Company for 1919 represent a return of only four per cent. on the actual cash invested in the railway itself. A nominal surplus of \$344,249 has been placed in reserve to meet the special taxation imposed by the Dominion Government. The fixed charges and interest on the preference stock of the Company are low and the dividend of seven per cent payable on the common stock from the railway earnings is moderate. Any corporation conducting so extensive an enterprise must have reasonable surpluses. Yet the surplus after the deduction of the fixed charges and the dividends amounted to less than half of one per cent of the gross earnings. Revenues, therefore, during the past two years were obviously inadequate. Rates should be established which represent a fair return for the service rendered. Profit earned by a Company's efficiency and economy and by the character and extent of the equipment and facilities, should not be confiscated, nor should the revenues accruing to one Company from service well performed be taken to supplement the revenue of a competitor less successful. The theory that the rates be not increased, but that the deficits be met from general revenues of the Company is economically unsound and discriminating against the public in favor of those using railway facilities. The Company's equipment must issue of \$12,000,000 was secured at highly favorable interest rates. The amendment to the Company's Charter permitting the increase of the number of the Directors from fifteen to eighteen is purely empowering.

Immigration to Canada is anticipated on a large scale, and while retrenchment and financial conservatism are wise, the Company's Directors have the same implicit faith in the future growth and the prosperity of the country as before, and the same confidence in the Company's ability to play an important part in its development and prosperity.

Four retiring directors, Sir John C. Beatty, Mr. Grant Hall, Sir Vincent Meredith, Bart., and Sir Augustus M. Nanton, were re-elected. At a meeting of the Board subsequently held Lord Shaughnessy was elected chairman, E. W. Beatty, president, Grant Hall, vice-president, and executive committee appointed in as follows: Richard B. Angus, E. W. Beatty, Grant Hall, Sir Herbert S. Holt, Sir Edmund B. Osler, Lord Shaughnessy.

Soft Or Piebald Wheat

It is well known that, when grown on certain soils and especially in certain seasons, wheat instead of being dark and translucent, is pale or spotted with patches of light color. If this condition is very marked the wheat is called "soft", and if it is less evident the term "piebald" is often used. In Kansas and some other States the phrase "yellow berry" is employed to designate the same condition. There is considerable misapprehension in regard to softness in wheat. Some varieties, such as Prelude for instance, are extra hard in their nature and very seldom produce soft kernels, such as White Russian, which are essentially softer. Most of the popular sorts, though usually hard in character, become soft under special conditions of soil and climate. Even the extra hard wheats of the Durum class, such as Wild Goose, sometimes show softness.

Soft kernels of wheat contain a lower proportion of gluten and a higher proportion of starch. The interior of a hard kernel is horny and translucent, while the interior of a soft kernel is whitish and opaque. As bran also is translucent, the soft kernels are paler than the hard ones. The bran itself, however, does not change color when the wheat becomes soft and the term "yellow berry" is quite misleading. A soft sample of a so-called red wheat (which is really reddish-brown, rather than red, in colour) is not yellowish but paler reddish-brown. The popular idea that Red Fife wheat turns into White Fife when it becomes soft is entirely erroneous; the difference between these two varieties lies only in the colour of the bran. White Fife is just as hard a wheat as Red Fife though of a different colour; yellowish rather than reddish.

Softness is the outcome of peculiar soil conditions especially in regard to soil structure and the quantity of moisture present. Land from which trees have recently been cleared is particularly liable to produce soft wheat. It is also well established that in countries where the summer is rather long and where the temperatures are moderate the wheat is usually softer than in districts where the summer is short and where great extremes of temperatures occur. A full explanation of the causes of softness has not yet been arrived at.

It is generally believed that soft wheat is inferior in quality to hard wheat for bread making; this is usually true, provided the samples compared belong to some hard ones. For milling purposes hard wheat is preferred as it is easier to handle and it usually gives better satisfaction to bakers who desire to make extremely light bread. For pastry and cake, flour from soft wheat is better. Hard wheat being more in demand usually brings a higher price than soft wheat. As a rule, therefore, farmers who grow wheat in soft soil suffer a financial loss on that account. Such wheat, however, (if of a usually hard variety) is perfectly good for seed purposes, because the softness is not inherited.

Not much is yet known as to the best way to overcome the tendency of any soil to produce soft wheat. To a certain extent this is doubtless beyond control, but it appears probable that cultivation and especially the ploughing under of sod will produce harder wheat. This could be expected particularly if the land under tillage were formerly covered with trees.

Glasgow Friends Send Greetings on Jubilee Appeal

Hats off to the Salvation Army! An Organization that after fifty years of work emerges from its war activities as strong as ever demands our admiration. There is no social ills that it does not attempt to heal, it does a work that no one else will undertake. It has, of course, some critics but what are they compared to its hosts of friends.

The Church too, has paid its tribute. Spurgeon declared that "if The Salvation Army were wiped out of London 5,000 extra policemen could not fill its place in the repression of crime and disorder.

And what is the secret of The Army's success? Nothing but earnestness. Its workers live quiet, modest lives. No one can say that they benefit financially by their association with the great Organization. They get no more than a mere living wage. The Army is wedded to poverty. It lives from hand to mouth. It practices perhaps the most genuine Socialism that the world has ever seen. Renunciation is the watchword.

And what tragically and pathos lie behind its activities. Its Officers tackle the roughest proposition in the foulest surroundings. They arrest the world's suicides, they train the tramps' children for honest work; its women do not hesitate to tackle the wife-beater; they are not afraid to enter public-houses. It provides cheap meals, "poor men's hotels," it clothes the slum families. It has midnight patrol parties to search for the homeless, it waits to help at the police-court and at the jail-gates; it has homes for the Criminals, Drunkards' Brigades, Homes for Inebriates, Homes and Workshops for Fallen Women, See Missions. It

has had nearly 100,000 women and girls in its Maternity and Rescue Homes. Good Work? Of course it is. Critics may pick flaws, but the answer to all criticism should be another question—Would you care to see The Army wiped out?

The Big Value in FLOUR for Bread, Cakes & Pastry

The St. Lawrence Flour Mills Co.
Montreal, P.Q. Halifax, N.S.

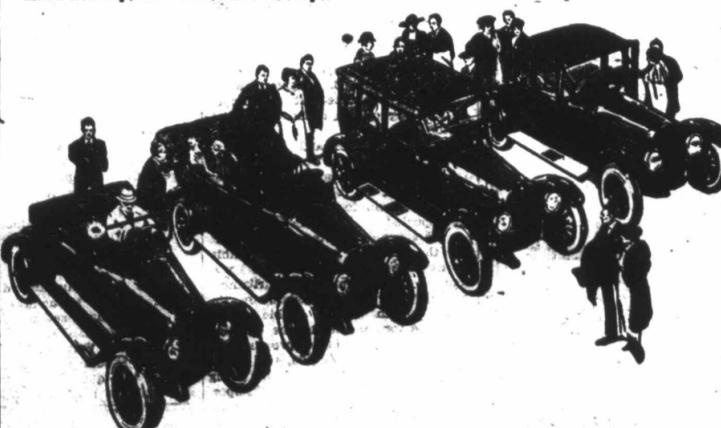

New Standards of Value \$1465 GRAY-DORT

Gray-Dort has brought peace-time standards of value to the motor car business. Greater value than the light car has heretofore offered. \$1465 brings you a car comparable with those costing several hundred dollars more.

LOOK FOR THESE THINGS IN THE CAR YOU BUY
The Gray-Dort motor is big enough for its job—not stunted—3 1/2" bore and 5" stroke—with big water jackets and a big, honeycomb radiator. The crankshaft is husky—many pounds heavier than other builders of light cars think necessary. The pistons are extra-light and three-ringed. Special design prevents valve-warping. High-carbon steel gives toughness to moving parts.

The carburetor is a Carter—improved this year. Westinghouse starting and lighting. Connecticut ignition (newly improved). The whole chassis parallels the motor in quality. Heavy frame of channel steel. Husky rear axle, Chatham-built. Long springs, cantilever in the rear, and built here under our inspection. The big brakes now have Thermoid lining. A new steering gear, 50% larger and stronger than the light car standard.

The Gray-Dort is as pleasing to the artist and to the driver as it is to the mechanic. The smooth lines of the body are restful after so much of the extreme in present-day cars. The Gray-Dort finish, development of 60 years' coach-building, will win your instant, and lasting approval. Add the smartness of French-pleated upholstery, and a new top, tailored in our own shops.

TEMPERANCE ALLIANCE TO ASSIST IN MAKING THE REFERENDUM A SUCCESS

Session of Organization Held in Fredericton Last Tuesday Morning and Afternoon.

The Report of the Executive Presented—Expression of Approval of the Action of Hon. Mr. Tweeddale and Mr. Peck in Presenting a Resolution to Legislature—Appreciation of Efforts of the Chief Inspector

Fredericton, N. B., May 11—The New Brunswick Temperance Alliance was in session here both morning and afternoon today completing its business and adjourning. The morning session was devoted entirely to the presentation and consideration of the report of the executive, touching upon matters connected with the recent vote of the legislature. In the afternoon there were some interesting discussions and opinions on some matters differed. Resolutions embodying the sense of the meeting were passed.

The announcement that the sessions were open to the public was not official and was incorrect. Press representatives who went on the understanding that the sessions were open were informed that such was not the case and the report was handed out by the secretary, Rev. Mr. Boothroyd.

Those who attended the meetings from Northumberland County were Rev. L. H. MacLean, Thos. A. Clarke, and E. A. McCurdy, President of County Alliance for County of Northumberland.

Resolutions were passed as follows:

1. That the executive be instructed to take all the necessary steps to organize thoroughly the different polling sections of the province.
2. That full authority be given the executive to provide all the necessary help in organization work so as to insure the success of the referendum.
3. That as far as possible each locality be urged to look after the organization of their own polling district, the executive standing ready to supply all the necessary help in organization so as to secure the success of the referendum vote.

That arrangements be made for an extensive plan of publicity in the different newspapers of the province and for the printing of the necessary campaign literature or distribution.

5. In view of the manifest blessings, moral and material, which have attended such measure of prohibition of strong drink as has been granted us, also in view of the stringent prohibitory laws now in force in the United States of America, this Alliance feels justified in calling upon the governments of Canada and of this province to adopt the most vigorous laws within their several jurisdictions forbidding all traffic in strong drink for beverage purposes and to enforce thoroughly all such laws.

6. This Alliance would once again record its appreciation of the sane and judicious efforts of Chief Inspector W. D. Wilson in the very difficult and arduous task in which he is engaged and would hereby express their utmost confidence in him and pledge him the strongest support in his work.

The report of the executive was presented by the Rev. Thomas Marshall, vice-president, and was adopted expressing approval of the action of Hon. Mr. Tweeddale and Mr. Peck in presenting to the legislature a resolution asking the dominion government for a referendum on the matter of importation of liquor into the province; also one thanking the members of both parties who voted for the resolution.

Executive Report

The following report by the executive of the N. B. Temperance Alliance was submitted at an important meeting of the alliance in Fredericton today:

To the members and friends of the New Brunswick Temperance Alliance, your executive committee would report as follows:

1. The Dominion government having repealed the order in council under which the importation of liquor into the province had been prohibited, an amendment to the law was made by the dominion parliament providing for a referendum by the people which should enable them to decide for themselves the question of importation into the province. If the referendum is carried, the dominion government would then bring into force the law prohibiting importation into the province and bringing back the advantages prevailing under the order in council.

2. Acting under instructions from the alliance, your executive laid before the provincial government to secure the passage of a resolution through the House of Assembly asking the dominion government to hold a referendum on the question of im-

portation of liquors into the province. Your executive laid before the government the necessity for this referendum so as to make the provincial law efficient, pointing out that so long as the importation of liquors into the province continued it made impossible a stringent enforcement of the province law. It was also pointed out to the government that if the people voted in favor of stopping the importation into the province it was sufficient evidence that the people did not wish it soft within the province and therefore the referendum on the provincial law would be unnecessary and there would also be a saving to the province of some \$30,000 in making the one referendum answer both purposes.

The government did not see its way clear to grant your request and decided to hold a provincial referendum. Your committee believed the government's course to be unwise and not in the best interests of the province. We agreed, however, to all in with the plans suggested by the government that the provincial referendum should come first and that it would be convenient for all parties if it should be held some time about the end of June of this year.

3. Arrangements were then made to ask the legislature to pass the necessary resolution asking the dominion government to bring on a referendum later in the year after the provincial referendum had been held whereas if the resolution was not passed at the coming session of the legislature the present unsatisfactory condition must continue for probably another eighteen months, as no referendum could be taken until after the next session of the local house and a resolution passed by it asking for the same.

4. The Honorable Mr. Tweeddale agreed to move the resolution and Mr. Peck of Albert county to second it, as follows:

"That the following resolutions be passed and sent to the secretary of state of Canada.

RESOLVED that under the provisions of Part IV. of the Canada Temperance Act as enacted by chapter eight of the statutes passed at the second session of the parliament of Canada held in 1919, this legislative assembly doth request that the votes of the electors in all electoral districts of this province may be taken for or against the following prohibition, that is to say:

"That the importation and bringing of intoxicating liquor into the province for beverage purposes may be forbidden."

5. Your committee interviewed the different members of the legislature and at a meeting of the members held in the House of Assembly, at which most of the members were present, the case for the referendum for prohibiting importation was presented by the vice-president and Bishop Richardson on behalf of the alliance and other interests were represented by the Rev. J. S. Sutherland of Fredericton, Rev. Frank Baird of Woodstock, and A. A. McLeod of Moncton.

7. A copy of the following letter enclosing a copy of the resolution was laid on the desk of each member New Brunswick Temperance Alliance Fredericton, N. B. April 14, 1920

Dear Mr.—
The Temperance Alliance of N. B. would respectfully desire to present to you their request for your favorable consideration of the enclosed resolution and your vote in favor of the same, asking the dominion government to bring on a referendum giving to the people an opportunity to express their wishes at the poll in regard to the importation of liquor into this province for beverage purposes.

Yours sincerely,
DONALD FRASER, Pres.,
THOS. MARSHALL, Vice-Pres.

8. When the resolution came before the house an amendment was moved by Mr. Michaud of Madawaska county and seconded by Dr. Campbell of St. John, "that it was not advisable that the people of the province should express their opinion on the question of inter-provincial trade in liquors until they have

pronounced themselves in favor of the retention of the prohibition law." The question being put on the amendment the house divided as follows:
Yeas—Hon. Mr. Foster, Hon. Mr. Smith, Hon. Mr. Veniot, Mr. Dugal, Mr. Tilley, Mr. Taylor, Mr. Campbell, Mr. Capson, Mr. Magee, Mr. McGrath, Mr. Dyaart, Mr. LeBlanc, Mr. Michaud, Mr. Leger (Gloucester), Mr. Mercier, Mr. Smith (Sunbury), Mr. Melanson, Mr. Boudage, Mr. Robichaud, Mr. Legere (Westmorland), Mr. Sweeney, Mr. Crockett—22.
Nays—Hon. Mr. Byrne, Hon. Mr. Murray, Hon. Mr. Tweeddale, Hon. Mr. Roberts, Hon. Mr. Burchill, Mr. King, Mr. Young, Mr. Baxter, Mr. Potts, Mr. Peck, Mr. Smith (Albert), Mr. Pinder, Mr. Sutton, Mr. Grimmer, (Continued on page 9)

Headaches, neuralgia, sleepless-
ness, nervous spells, irritability,
tired, worn-out feelings, soon disap-
pear when the vigor and energy of
the nerves are restored by the use
of this great food cure.

50 cents a box, 6 for \$2.75, all dealers, or
Edmanston, Bates & Co., Ltd., Toronto.

THE PRIMARY CAUSE

of most sickness is neglect of the
liver. Constipation follows. The
poisonous matter which should
pass out of the body spreads
through the system. This is the
cause of sick headaches, sour
stomach and biliousness and these
troubles are sure indications that
the liver needs attention.

THE CURE FOR ALL LIVER ILLS IS
Hawker's Little Liver Pills

SMALL, EASY TO TAKE,
SUGAR COATED.

HON. H. A. McKEOWN, Chief
Justice, New Brunswick Supreme
Court, says:

"I find Hawker's Little Liver
Pills an excellent liver regulator,
and we are receiving similar testi-
monials in every mail.

Sold by all Druggists and General stores at 25c.
None genuine without the Company's name.

HAWKER'S NERVE AND STOMACH TONIC.

THE GREAT INVIGORATOR,
BUILDER OF THE SYSTEM.

HAWKER'S TONIC AND GENTLE SALINE
IS A SAFE AND SPEEDY CURE
FOR ALL COLIC AND COLDS.

THE CANADIAN DRUG CO., Limited,
ST. JOHN, N. B.

Temperance Alliance to Assist Referendum

(Continued from page 8)

Mr. Smith (Charlotte), Mr. Jones,
Mr. Dickson, Mr. Hunter—18.

Hon. Mr. Speaker declared the re-
solution carried as amended.

17. This province now enjoys the
desirable reputation of being the
only one in the dominion whose leg-
islature has refused to vote upon the
question of total prohibition for rich
and poor alike. All that the legis-
lature was asked to do was to give
the people themselves the opportu-
nity to express their wishes, for there
is now no other way to stop the im-
portation of liquors into the province
until the house passes the resolution
and referendum vote is taken.

18. Your committee used its best
judgment and efforts to secure a
favorable vote and whilst we did not

succeed we have the satisfaction of
knowing that the responsibility for
its failure does not rest upon the
alliance. The responsibility for all
the ills arising from the present
condition of things will rest, and not
very lightly, upon the shoulders and
consciences of the men who refused
to the people the right to decide for
themselves what they wished.

11. Even the blindest and most ob-
stinate opponent of prohibition
knows what the end will be and that
it is only a temporary advantage the
liquor traffickers have gained. Soon
or or later all we are asking for will
be obtained.

12. It is for us to learn the lessons
the situation should teach us and
we need not, in the least, be discour-
aged. A full house would have given
us a majority, the majority against
us was not one of the whole house

13. One lesson we ought to learn
very thoroughly and that is if we
want temperance legislation we must
see to it, irrespective of our political
shibboleths, that we send temperance
legislators to do our legislating.

14. Another is a need for a thor-
ough organization of the whole coun-
try to bring out the full vote in favor
of prohibition. The last vote in
favor of prohibition gave a large
majority in its favor and there is
little doubt that a large majority
will be given in its favor again, es-
pecially now since women have an
equal vote with the men.

15. The announcement was made
on May 7, officially by the premier,
that the referendum on the prohibi-
tory law of this morning would be
taken some time early in July. He
also announced that the questions
to be submitted had been prepared,
but would not be disclosed until the
date for the vote had been fixed.
We have every reason to believe
the questions will be satisfactory.

Secretary's Report

16. It is now our duty to see that
a thorough organization of the whole
province is made so that in every
polling place we have satisfactory
arrangements made to bring out the
full temperance vote. Considerable
progress has been made in this di-
rection as will be seen from the fol-
lowing report of the secretary. The
report is in part as follows: "To the
Members of Sub-Executive:

"I began work in July, 1919. The
work has been the education and
organization in the interests of pro-
hibition of the liquor traffic in this
province, the purpose being to organ-
ize every polling district previous
to the referendum vote.

Meetings have been held as fol-
lows and in nearly all cases organ-
ization has been completed:

Sunbury county includes Minto
(Northfield), Magerville, Blackville
Corner (Sheffield), Russlagornis
(Lincoln), Oromoco and Geary
(Benton), Patterson Settlement
(Blissfield), and Fredericton Jun-
ction, Gladstone.

York county—Devon, Kinsley,
Nashwaakia, Fredericton, Penniac,
Merysville, and other points pre-
viously organized.

Queens County—Chipman and
Newcastle Bridge.

Charlotte county—Every parish is
organized, including St. James, St.
George, St. Patrick, Clarendon, Penn
field and Lepreau.

Kings County—Hatfield Point,
Beulah, Springfield, Bolesale Creek,
Sussex, Hampton Village, Midland
and Bloomfield.

Albert County—Hillboro, Albert
Mines, Curryville, Hopewell Cape,
Hopewell Hill, Albert, Waterside,
Harvey, Alma provided for.

Westmorland County—Moncton
provided for, Sunny Brae, Point de
Bute, Dorchester, Sackville provided
for, Port Elgin, Balfield, Salisbury,
Petitodisco.

Kent county—Buctouche, McPee's
Mills, Coats Mills.

Northumberland County—Rogers-
ville, Chelmsford, Nelson, Upper
Derby, Lower Derby, Newcastle,
Millerton, Chatham, Blackville,
Boletown, Douglstown, Loggville,
Redbank, Black River provided for.

Auxiliary associations are establish-
ed at Newcastle, Fredericton, Sussex
besides various temperance orders
affiliated with the alliance.

In almost every county in the
province there is an original branch of
the New Brunswick Temperance Al-
liance."

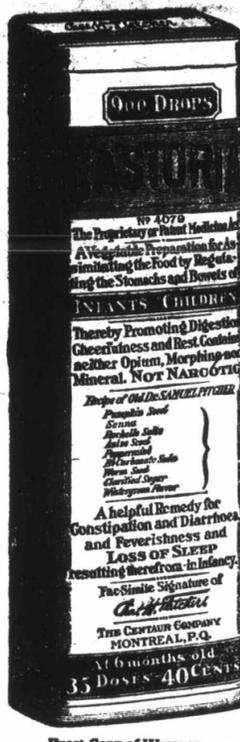

Since that meeting the following
places have been organized:

Wentford, Pénobscot, James,
Georgetown, Westfield, Norton, Ap-
haqui, St. Martins.

Conferences are being arranged
for in St. John, Sussex, Moncton,
Sackville, Newcastle, Chatham, Bar-
bour, Campbellton, Woodstock,
Fredericton, Perth and Andover,
Edmundston, St. Stephen.

17.—In spite of all the unsatis-
factory conditions in regard to the
enforcement of the prohibitory law
such great advantages have accrued
to the country as to have proved its
great value and to make it worth
while in the best interests of the
country to retain it, and once the
law preventing importation is carried
and which is sure to come at no
distant date, the advantages of our
provincial law will become apparent
to every observer.

18.—In view of the seriousness of
the situation and the important re-
sults dependent on a large majority
vote, the challenge comes to our best
citizenship to do everything possible
to ensure success. What is now
needed is an united and energetic
province-wide effort by those who
believe in prohibition to ensure the
bringing about of a crowning victory

Local and General News.

EMPIRE DAY
Friday, May 21st is Empire Day, and will be observed by the Public Schools.

RUMMAGE SALE
The Rummage Sale held by the Lord Beaverbrook Chapter I. O. D. E. in the Town Hall last Saturday proved a great success and the substantial sum of 231.15 was realized.

SALARIES RAISED
At a recent meeting of the school trustees, the salaries for female teachers were raised \$100. The salaries of the male teachers were dealt with according to schedule.

PRESENTATION
A. D. Farrar & Co. have presented the St. Mary's Convent Business Class with a clock bearing a brass plate, upon which, the name of the student with the highest standing each year will be inscribed.

FIRE ALARM
An alarm was sent in Sunday afternoon for a Forest Fire along the C. N. Railway track just in rear of the Miramichi Cemetery. A number of men motored to the scene and assisted in putting the fire out.

I. O. D. E. FLAG RAISING
The raising of the Flag presented by the Lord Beaverbrook Chapter I. O. D. E. to Harkin's Academy, will be held at 2.15 p. m. on Friday May 21st. Empire Day. Flag Charts will be presented by the I. O. D. E. to all the schools. The public is invited to attend.

FIRST APPEARANCE
The Town Watering Cart made its first appearance on the streets yesterday afternoon, and effected good work by keeping down the dust, which was beginning to get troublesome. We hope this will not be its last appearance but that it will stay on, the job throughout the season.

GOOD ADVERTISING
Last week we advertised on article "For Sale" in our columns and on the day in which the Advocate appeared on the streets, our advertiser had disposed of the property, and on the following days received a number of enquiries. It pays to advertise in the "Union Advocate."

PUBLISHER'S ASSOCIATION MEETING
Mr. J. Fred Beason of Chatham, N. B. President of the North Shore Publisher's Association has called a meeting of that body, to be held at the Miramichi Hotel, Newcastle, N. B., on Saturday, May 22nd, at 3 o'clock p. m.

MAKE THE HOLIDAY COMPLETE
By attending the Basket Social and Dance in the Odd Fellow's Hall, Douglastown, on Monday evening May 24th. The Ladies are requested to bring baskets and good music will be provided. Gentlemen's admission 50 cents. No effort will be spared in providing a good social evening for all who attend.

BAND BOYS PRACTICING
The Newcastle Band Boys have commenced their practice for the summer months and a good attendance of members is reported. The boys expect, this season to be the best in the history of the Band and if given the encouragement due them by the citizens, we should be well provided with band music during the summer months.

SMALLER CROPS
The backward weather prevailing in New Brunswick is having a discouraging effect upon the farmers whose preparations to crop on a some what larger scale than last year may have to be considerably curtailed in consequence of the shorter seeding period. Only in a few places have starts been made in preparing the soil for seeding. Unless there would be a change to warmer and finer weather very soon there will be a considerable shortage in farm production in this section in comparison with last year.

UNITED WORKERS MISSION BAND
The United Workers' Mission Band of the Newcastle Methodist church held their annual meeting at the home of Mrs. T. M. Clarke on Friday evening, May 7. Reports showed that there were eighteen regular meetings held during the year and that the sum of \$69.48 had been raised. The following officers were elected for the ensuing year: President, Doris Atkinson; vice-president, Annie Ashford; recording secretary, Marion Gough; corresponding secretary, Catherine Malby; organist, Mary Crocker; mite box superintendent, Lillian Gough. After the business was concluded a pleasant hour was spent playing games.

PILES
Do not suffer another day with itching, bleeding, swollen, painful PILES. No surgical operation required. Dr. Chase's Ointment will relieve you at once and so certainly cure you. See a bottle at Douglas or Miramichi. John & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 10 stamps in payment.

S. S. ALEXANDRA
The S. S. Alexandra commenced down river trips last Thursday.

"MICKEY" is the greatest commercial proposition I have ever seen in the amusement field.—Alfred E. Aarjns, General Manager, Kiaw & Erlangers Theatres

SELF-DENIAL WEEK
The Salvation Army great Jubilee Self-Denial Drive is being conducted this week. The self Denial Fund has always been used to extend practical Christian work at home and abroad.

TIMBER LAND SALE
Archibald Alcorn of Blackville, N. B. has recently purchased a block of 2,200 acres of timberland from William McLaggan, also of Blackville. The purchase price is said to have been \$37,500.

HERRING HIGH
The herring catch on the north shore has been small thus far, but fair catches have been made off Esquimaux. As high as \$12 a barrel has been paid for salt fish for lobster bait, but the usual price is \$8.

DOMINION NOTES
Dominion of Canada notes in circulation total \$309,142,651, against which there is held in gold the sum of \$101,636,652, or approximately thirty-two per cent. In addition to the gold, however, there is held \$154,862,225 in approved securities.

RECEIVES PROMOTION
The many friends of George A. Durick will be pleased to hear of his promotion. Following the resignation of J. A. Carrick from the employ of the Canadian Drug Company, Mr. Durick has been promoted to the position of head of the drug department.

ALARM OF FIRE
An alarm of fire was sent in last Friday morning at 11 o'clock for a small blaze in the building used as an engine house by Mr. John F. Kingston at his Railroad Tie Haul-up on Mitchell Street. The blaze was extinguished by a few buckets of water and the damage caused was slight.

TWO YEARS FOR BIGAMY
Chatham, N. B. May 10—Francis Stocks of St. John who married Miss Carrie McEwen here about two weeks ago using the name of Scott and who was convicted of bigamy on Friday last was today sentenced to two years in the penitentiary. Mrs. Stocks, who was here for the trial, returned to St. John, Saturday.

AN "AT HOME" ON NIGHT OF 21ST
An "At Home" is to be held in the Town Hall on Friday evening next, May 21st. The function promises to be a success to be a success. The Prelude opens at nine o'clock, and a programme of dancing starts at ten sharp. Chaperones for the occasion are Mesdames W. M. Sinclair, J. D. Creaghan, P. J. McEvoy, J. McKeen, C. D. Manny and G. P. Burchill. The committee in charge are the Messrs T. H. Atkinson, E. P. McEvoy, J. L. McKeen, and A. B. McInerney (as secretary). Perry's concert orchestra will furnish music at the function.

POLICE COURT NEWS
The hen thieves who have been doing so much thieving in town during the past few months have been apprehended by Police Officers and were before Police Magistrate J. R. Lawlor on Tuesday last, charged with five indictments. The culprits were, Edward Hache, Henry Malley, John Daughney and Leonard Treadwell, who all pleaded guilty to the five charges and were sentenced to two years in the Boy's Industrial Home, St. John, N. B. The officers are to be congratulated in rounding this bunch of miscreants up in the remarkable short time of three days as no clue was found until Friday of last week. George Phair who escaped from the Industrial Home in St. John, N. B. a few weeks ago was arrested by the Police on Monday night, and is now in jail awaiting an officer from St. John to take him back to the Industrial Home.

IN MEMORIAM
In sad and loving memory of our beloved brother Lester Poslin Parker who died May 13th 1918. In a dark and lonely grave yard, Where the trees and branches wave, Lies our dear one, calmly sleeping In a silent grave. Friends may think we soon forget him, And our wounded hearts were healed But little do they know the sorrow, That's within our hearts concealed. You have left sad hearts behind you Where you once made glad our home, Left us sore and sadly grieving, But we know God's will be done, Oh, such holy memories cluster, Like the stars when storms are past, Pointing up to the far heaven, Where we hope to meet at last. "Gone but not forgotten." HIS SISTERS, Derby, N. B.

GIVE YOUR ORDER TO E. J. MORRIS, FOR ROSES AND CARNATIONS FOR THE BALL

HOLIDAY MAY 24TH
Monday, May 24th is a Public Holiday and the stores in town will be closed.

CASE THROWN OUT
The case of Criminal Assault entered by Mrs. Thos. Doucett against Inspector James Dickson of Chatham was on Thursday of last week dismissed by Police Magistrate J. R. Lawlor.

25 YEARS AGO
Mr. James Barnes, of Buctouche, who has the contract for the construction of the Central railway from Chipman to Newcastle, has everything in readiness for the work and will begin operations at once.

1920 ASSESSMENT RATE
The Rate of Assessment for Newcastle this year is the same as last viz 3.40%. The School Rate for outside Fire and Police District has been slightly increased.

ST. ANDREW'S CHURCH
The unveiling and dedication of the War Memorial Cross in St. Andrew's Newcastle Churchyard will take place on Sunday afternoon next May 23rd at 3 o'clock. The ceremony will be public and all are invited to be present.

GAS IN KENT COUNTY
There is every promise that during the coming summer a most searching investigation will be made for oil in Canada particularly in the northwest section of the country. The Anglo-Persian Oil Company, a powerful British syndicate two-thirds of the stock of which is owned by the British government, is boring in New Brunswick and recently struck a flow of gas near Coal Beach, in Kent county.

Somehow it's difficult for a man to believe that he is as good as he expects his wife to believe he is.

When a married man falls into a physical decline his brother is secretly convinced that somehow his wife is responsible.

The honeymoon is not actually over until that illuminating moment when a bride decides to exchange her chiffon negligee and pink satin mules for half a dozen bungalow aprons and a pair of flat-heeled, house slippers.

A Mother's Advice

Once a mother has used Baby's Own Tablets for her little one she is always happy to recommend them to others. Her advice, given after a careful trial, can be readily followed with assured good results. The Tablets are a mild but thorough laxative which never fail to regulate the bowels and sweeten the stomach. They always do good—they cannot possibly do harm even to the youngest babe. Concerning them Mrs. P. Laforest, St. Nazaire, Que., writes:—"For three months my baby was constipated and cried continually. On the advice of a friend I gave him Baby's Own Tablets and now at the age of five months he is perfectly well and weighs twenty pounds. I am delighted to advise other mothers to use them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.
