WEDNESDAY, Feb. 21st, 1912.

Canadian Naval Zone.

HOW THE EVENING TELEGRAM SAVED THE SITUATION.

On August 1st of last year we drew attention to an agreement which had been tabled in the Canadian House of Commons on the Friday immediately previous namely, July 28th. The feature of the agreement to which we directed attention was that a Canadian Naval Station was created in the North Atlantic which enclosed Newfoundland by a zone which stretches a thousand miles to the East and a thousand miles to the South of us. No words are to be found in the memorandum which exclude Newfoundland waters from the limits set forth in it.

The way the Australian Naval Zone was delimited in order to exclude New Zealand from the limits of the Australian Zone is in marked contrast to the absence of any expression to exclude Newfoundland from the Canadian Zone. If any one will take the trouble to mark out the Australian Zone he will notice the extraordinary contour that is made by the lines of demarcation in order to exclude by clear lines the waters around New Zealand from the naval jurisdiction of Australia.

New Zealand on the one hand is not surrounded by the waters of the Australian Naval Station, Newfoundland on the other being surrounded by the waters of the Canadian Naval Station.

As this memorandum was tabled in the Dominion House of Commons, shortly after the return of Sir Wilfred Laurier to Canada from the Conference, we assumed that this matter was one of the subjects discussed at that Conference.

We asked Sir Edward Morris for an explanation, and placed a measure of responsibility on the shoulders of Sir Edward Morris and Hon. R. Watson who were members of the Conference, using these words "What a contrast between the meek Morris at this Conference and the lion hearted Bond at the Conference of 1907."

According to the Secretary for the Colonies, Rt. Hon. L. Harcourt, "the matter was mentioned at the last meeting of the Imperial Conference." Sir Edward Morris, however, denies that the memorandum was either discussed or even read at the General Conference. But it is abundantly clear that His Majesty's Government considered the memorandum of the utmost gravity to Newfoundland otherwise the despatch of July 14th 1911, covering the naval memorandum, would never have been sent.

Moreover, it is evident that the Secretary of the Colonies contemplated its publication in Newfoundland for he intimated that he would telegraph the date when the document released for publication. A fortnight later, the text of the Agreement appeared in the Canadian papers. The Newfoundland Ministry, however, did not publish it. The Evening Telegram obtained a copy of the text and published a series of articles on it. Our first article appeared on Tuesday, August 1st. During that week we continued to impress on the Premier the necessity of an explanation. During the whole of that week the Government organs remained silent. On Monday and Tuesday the Daily News attempted to deal with it; and on Tuesday under the caption of "The Latest Mare's Nest." The correspondence tabled on Monday last shows that these articles were the purest bluff, and that Sir Edward Morris and his colleagues had become seriously alarmed. For on the 12th of August, eleven days after we had begun the publication of our articles, Sir Edward Morris wrote a letter to His Excellency the Administrator for transmission to the Secretary of State for the Colonies.

Although the despatch was sent from London, on July 14th, and would in ordinary course reach here towards the end of that month, the Premier did not submit it to the Executive until Aug. 11th, ten days after we had published the matter in the Evening Telegram. The Premier had at length woke up, and ministers were alarmed. Strangely they did not adopt the views set forth in the Daily News, but they voiced a protest, which was in harmony with the objections raised by the Evening Telegram. They did not consider it "The Latest Mare's Nest," but a matter of grave concern, calling for an undertaking that Newfoundland should not be affected by the Memorandum. We ask our readers to peruse carefully the following extracts from the Premier's letter, some expression of which we emphasize by printing them in black type:

"I had not an opportunity of submitting to Ministers the memorandum referred to until last evening and I now desire to convey to you an expression of their opinion in relation to it, with the request that you may be good enough to transmit the same to the Secretary of State for the Colonies.

By reference to Schedule "A." of the memorandum in question, it appears that the Canadian Atlantic Station includes the waters north of 30 degrees north latitude and west of the meridian 40 west longitude. This includes the waters surrounding Newfoundland, and you will observe that, under the provision of paragraph 4 of the memorandum, the Canadian Government may establish their stations in the waters referred to in Schedule "A."

Although this memorandum between the British Admiralty and the Canadian Government could in no way confer any right on that Government to come into the territorial waters of Newfoundland, and will confer on them no more rights than are held and possessed by the navies of any foreign power, it is open to contrary inference which is likely to create a feeling of doubt and uncertainty in the Dominions affected by this memorandum.

Ministers would strongly contend, and would do so successfully, that the rights enjoyed by the community of Newfoundland cannot be lessened,

liation Zone is in marked contrast to the absence of any expression to exclude Newfoundland from the Canadian Zone. If any one will take the trouble to mark out the Australian Zone he will notice the extraordinary contour that is made by the lines of demarcation in order to exclude by clear lines the waters around New Zealand from the naval jurisdiction of Australia.

New Zealand on the one hand is not surrounded by the waters of the Australian Naval Station, Newfoundland on the other being surrounded by the waters of the Canadian Naval Station.

During that week we continued to impress on the Premier the necessity of an explanation. During the whole of that week the Government organs remained silent. On Monday and Tuesday the Daily News attempted to deal with it; and on Tuesday under the caption of "The Latest Mare's Nest." The correspondence tabled on Monday last shows that these articles were the purest bluff, and that Sir Edward Morris and his colleagues had become seriously alarmed. For on the 12th of August, eleven days after we had begun the publication of our articles, Sir Edward Morris wrote a letter to His Excellency the Administrator for transmission to the Secretary of State for the Colonies.

Although the despatch was sent from London, on July 14th, and would in ordinary course reach here towards the end of that month, the Premier did not submit it to the Executive until Aug. 11th, ten days after we had published the matter in the Evening Telegram. The Premier had at length woke up, and ministers were alarmed. Strangely they did not adopt the views set forth in the Daily News, but they voiced a protest, which was in harmony with the objections raised by the Evening Telegram. They did not consider it "The Latest Mare's Nest," but a matter of grave concern, calling for an undertaking that Newfoundland should not be affected by the Memorandum. We ask our readers to peruse carefully the following extracts from the Premier's letter, some expression of which we emphasize by printing them in black type:

"I had not an opportunity of submitting to Ministers the memorandum referred to until last evening and I now desire to convey to you an expression of their opinion in relation to it, with the request that you may be good enough to transmit the same to the Secretary of State for the Colonies.

By reference to Schedule "A." of the memorandum in question, it appears that the Canadian Atlantic Station includes the waters north of 30 degrees north latitude and west of the meridian 40 west longitude. This includes the waters surrounding Newfoundland, and you will observe that, under the provision of paragraph 4 of the memorandum, the Canadian Government may establish their stations in the waters referred to in Schedule "A."

Although this memorandum between the British Admiralty and the Canadian Government could in no way confer any right on that Government to come into the territorial waters of Newfoundland, and will confer on them no more rights than are held and possessed by the navies of any foreign power, it is open to contrary inference which is likely to create a feeling of doubt and uncertainty in the Dominions affected by this memorandum.

Ministers would strongly contend, and would do so successfully, that the rights enjoyed by the community of Newfoundland cannot be lessened,

parted with, changed or ceded without their consent, and that the constitutional mode of procuring that consent is through the Legislature of Newfoundland, which consent would be the essential preliminary to the slightest modification of their territorial or maritime rights; and Ministers feel satisfied that this contention must be borne out by His Majesty's Government, and, indeed, that the Canadian and Australian Governments themselves would be the very last to consent for a contrary position.

With a view, therefore, of there being no misunderstanding hereafter, Ministers suggest that the attention of the Canadian Governments be drawn by the Secretary of State for the Colonies to this matter, and that it be made clear that the zone in which her navy may operate in the North Atlantic waters should in no degree encroach on Newfoundland's territorial and maritime waters, and that it be pointed out to them that the memorandum referred to in no way alters the status existing previous to the drawing of that memorandum."

It is apparent that the work of The Evening Telegram had not been in vain. In spite of the effort to save her face made in the Daily News, the Newfoundland Ministers were at length goaded into action. The mentioning of the matter at the Imperial Conference on the 20th June did not arouse the attention of the two delegates, Sir Edward Morris and Hon. R. Watson. It did not put them on enquiry. Newfoundland was apparently ignored and the delegates treated as cyphers. They knew not what was going on. They remained in the same state of torpor, in spite of the despatch of July 14th, until roused from their indifference and neglect by the efforts of the Evening Telegram. On the 11th of August, they were awake and insisted on an undertaking that Newfoundland should be expressly excluded from the purview of the memorandum, and this they obtained on Sept. 13th from Secretary Harcourt. In these words:—

"In reply I have to request that you will inform your Ministers that the Canadian Stations were formed for the purpose of assigning to the Canadian fleet a definite area of action, in the same manner as Commanders in Chief of Stations abroad have a definite command, and in the arrangements discussed with the Canadian Ministers, Newfoundland was expressly excluded as requiring special provisions. In determining the limits of the Canadian Atlantic Station, there was no intention on the part of His Majesty's Government or of the Government of Canada to alter the existing position with regard to the control and jurisdiction of the Government of Newfoundland over its territorial waters, or to empower the Dominion Government to establish a station in those waters without the consent of the Government of Newfoundland."

Although the Secretary declares that "in the arrangement discussed with the Canadian Ministers Newfoundland was expressly excluded, and we accept his word, it is equally patent that there is not a word of exclusion in the whole of the memorandum, finally agreed upon, and tabled in Canada last July and in the House of Assembly last Monday, and that the only express exclusion, occurs in the despatch of September 13th, which the Newfoundland Ministry obtained after the Evening Telegram had goaded them into action and saved the situation.

The Police Court.
To-day a drunk who appeared for the third time was fined \$5 or 14 days. A man was summoned by Sergt. Byrne for stealing an oil cask worth \$1 from the premises of Bride O'Reilly of Water Street West. The man said he picked it up on the street but this assertion could not be believed, and he was fined \$10 or 30 days. A man who was summoned by his wife for assault had to give bonds to keep the peace.

News From Battle Harbor.
Messrs. Baine Johnston & Co. had a wire from Battle Harbor yesterday stating that during the month of February the prevailing winds were N.W. and N.E., with mild weather, but a very heavy sea running. The bays and harbours in that section are all broken up, and the people down there are all well.

parted with, changed or ceded without their consent, and that the constitutional mode of procuring that consent is through the Legislature of Newfoundland, which consent would be the essential preliminary to the slightest modification of their territorial or maritime rights; and Ministers feel satisfied that this contention must be borne out by His Majesty's Government, and, indeed, that the Canadian and Australian Governments themselves would be the very last to consent for a contrary position.

With a view, therefore, of there being no misunderstanding hereafter, Ministers suggest that the attention of the Canadian Governments be drawn by the Secretary of State for the Colonies to this matter, and that it be made clear that the zone in which her navy may operate in the North Atlantic waters should in no degree encroach on Newfoundland's territorial and maritime waters, and that it be pointed out to them that the memorandum referred to in no way alters the status existing previous to the drawing of that memorandum."

Byrne for stealing an oil cask worth \$1 from the premises of Bride O'Reilly of Water Street West. The man said he picked it up on the street but this assertion could not be believed, and he was fined \$10 or 30 days. A man who was summoned by his wife for assault had to give bonds to keep the peace.

News From Battle Harbor.
Messrs. Baine Johnston & Co. had a wire from Battle Harbor yesterday stating that during the month of February the prevailing winds were N.W. and N.E., with mild weather, but a very heavy sea running. The bays and harbours in that section are all broken up, and the people down there are all well.

No Mishap to the Bruce.

Mr. R. G. Reid informed the Telegram this morning that there was no second mishap to the s.s. Bruce. When she got to Low Point the ice was found to be packed so tightly and so deep that the injector could not work, there being no water—"fish" would fill in instead of water as the ice was 14 feet deep. Capt. Spracklin did not go back to Sydney but returned to Cranberry Head and lay there for the night. This morning there was a slight slack up in the ice and the Bruce again started to butt her way through.

Conviction Quashed.

This morning in the Supreme Court the Chief Justice delivered the judgment of the Court in the appeal of the two Englee fishermen against a conviction for hauling their nets on Sunday. The Court quashed the conviction, and although holding that the Act of Charles II. against Sunday trading applied to this country, they held that the hauling of fishermen's nets was not meant to be prohibited by that Statute.

Lloydsen Left Yesterday.

Mr. T. Cook's new sealer, the Lloydsen, left Grangemouth yesterday, where she bunkered and received repairs after being in collision with another ship. She should make a good run out as she is a speedy boat. Though they have received no word of her, Baine Johnston & Co. believe the Erna left Glasgow yesterday for here.

Coastal Boats.

REID Nfld. Co.
The Bruce left North Sydney at 10.30 a.m. yesterday. The Glencoe reached Trepassay at 7 p.m. yesterday and left this morning for Bay Bulls. The Home is at Placentia. The Invermore is also at Placentia.

WILL MEET TO-MORROW NIGHT. The ex-members of the C. L. B. will meet to-morrow night at 8 o'clock at headquarters.

Only 9 days more for STAFFORD'S Liniment Competition.—Feb. 19.

MAGISTERIAL ENQUIRY CONTINUED.—The magisterial enquiry into the death of Peter Murphy, of Odicin, who was fatally hurt on the train recently, was continued before Judge Knight to-day. The evidence of one witness was taken.

STUDYING FOR MINISTRY.—Mr. Stephen Pike, until recently of Ayre & Sons' dry goods, who resigned his position there, is now studying for the Methodist ministry and will be ordained in due course.

MAN COMMITTED SUICIDE.—Hon. R. Watson, Colonial Secretary, had a telegram last night from Mr. Wm. Mitchell, J.P., of Sound Island, Placentia Bay, saying that Samuel Bailey of that place committed suicide by drowning on Thursday last.

DIED SUDDENLY.—Mrs. McFarlane died suddenly at her home in Hoylestown shortly before 2 o'clock to-day. The cause of death is understood to be heart failure. Up to the time of her death she appears not to have complained of illness.

SHIPS IN OFFING.—The Tabasco, from Liverpool, was 5 miles off Bay Bulls in the a.m. this morning, and was then steaming south. The Almerana was at the same time 2 miles east of Cape Race. Both steamers will enter port when an off shore wind clears the ice from the coast.

THE GALVESTON ARRIVED.—Mr. A. H. Murray had a wire yesterday stating that the s.s. Galveston, fish laden from this port, arrived at Lelcoes, Portugal, on Sunday after the very good run of 11 days. Mr. G. C. Fern was a passenger on the ship.

DIED.
At Cape St. Mary's Lighthouse, on February 18th, of bronchitis, Ethel Mercedes Houlihan, youngest daughter of Mr. and Mrs. Patrick Houlihan.—R.I.P.

\$50,000 Wentzells, Limited.

7 P. C. Cumulative Participating Preference Stock, Price par \$100 per share.
Dividend payable half-yearly in March and September, calculated from date of purchase.

Capitalization.	Authorized.	Issued.	H. W. WENTZELL, President
Preferred Stock	\$300,000	\$282,000	O. E. SMITH, Vice-President
Common Stock	120,000	116,000	R. MOULTON, M.L.A., Burgeo, Nfld.
			J. J. PENNY, G. F. RING.

Transfer Agent—EASTERN TRUST COMPANY, Halifax.

CANADIAN INVESTORS LIMITED will receive subscriptions at par for \$50,000 of the cumulative participating preference stock of Wentzells Limited to bear dividend at the rate of 7 per cent. from the date of purchase.

WENTZELLS LIMITED is the largest wholesale and retail grocery house in the Maritime Provinces. It is also one of the most successful and best managed businesses in Canada. The business was started in a small way in 1892 by H. W. Wentzell, president of the company. Audited yearly statements are on view showing steady growth from year to year and make a record seldom surpassed. The trade embraces New Brunswick, P. E. Island, Magdalen Islands, St. Pierre, and Newfoundland, and extends from end to end of Nova Scotia. The annual turnover is now about \$900,000 and is expected to realize that figure for the year ending February 29th next.

The company has the exclusive and perpetual right to use the name "Wentzells" which has been very widely advertised and which is now a household synonym for standard family groceries of unexcelled quality and for reasonable prices and prompt delivery. The stock in trade is turned over several times yearly, thereby guaranteeing new stock at all times.

THE MANAGEMENT is in the hands of trained officials and employees. The founder of the business, Mr. H. W. Wentzell, has by his development abundantly demonstrated his knowledge of successful merchandizing. Mr. J. J. Penny, who shares the general management, has been associated with the business for fifteen years. Besides a staff of experienced men the firm's business premises, known as the "Big Store," corner Bell, Barrington and Water Streets, are equipped with all the latest facilities for handling trade.

PREFERRED SHARES are a first charge on the assets and earnings of the company, as there are no bonds, and the real and personal property of the company are absolutely unencumbered.

THE PARTICIPATING FEATURE of the preferred shares merits the particular attention of investors. The articles of association provide that out of the net earnings after paying the preferential dividend the directors may then declare a dividend not to exceed 6 per cent. on common stock in any one year, but cannot declare a greater dividend than 6 per cent. on common stock unless the dividend of 7 per cent. on preferred is correspondingly increased. The net earnings remaining after paying the preferential dividend exceed 11 per cent. on common stock.

SINCE THE INCORPORATION of Wentzells Limited in 1907 the company has paid a regular dividend to shareholders. On the record and prospects of the business these shares constitute a first class investment. The opportunity to buy them at \$100 is for a limited time only. Terms of payment can be arranged. Certificates for shares will be forwarded through any bank or express company, or by registered post upon receipt of cheque at the option of the purchasers. The bankers of Wentzells Limited, the Canadian Bank of Commerce at Halifax, will answer inquiries as to the position and prospects of the company.

With the exception of the year 1911-12, which is estimated, the following figures are extracts from the company's annual statement as audited and certified correct by Mr. R. Carter, chartered accountant:—

Year	Net Earnings	Total Sales
1907-08	\$27,681.23	\$785,708.09
1908-09	30,000.00	788,708.09
1909-10	27,000.00	\$16,535.64
1910-11	26,000.00	\$24,194.68
*1911-12	30,500.00	900,682.61

*The year closes February 29. The figures for 1911-12 are estimated on ten months' business to December 31st, when sales exceeded the corresponding ten months of the previous year by \$55,216.22

Cable News.

Special to Evening Telegram. LONDON, Feb. 20. The Government to-night intervened in the coal dispute. The subject was discussed at a Cabinet meeting. Premier Asquith then addressed a letter to representatives of owners and miners, requesting them to meet him and some colleagues at the Foreign Office on Thursday in order to endeavour to arrange a basis of settlement, and added that the Industrial Council had advised convening such a meeting. The Premier states that the Government hoped that means might be found by direct negotiations between the parties concerned to avert the disaster, but that the prospects that such would be achieved before the miners' notice of cessation of work expired on March 1st, were so small, the Government felt compelled to intervene. There is no need, says Asquith, for me to enlarge upon the very serious consequences, both to the industries of the country and to all classes, which would follow an extensive stoppage of the coal trade, which, if prolonged, would involve a general cessation of industry. The Government feel that they must not allow such a calamity to ensue without making every endeavour to aid in preventing it.

Special to Evening Telegram. LONDON, Feb. 20. The Peking correspondent of the Daily Telegraph cables that the Japanese Government claims that China is now without any government, and that in consequence the Mikado is despatching troops without uniforms to Manchuria. It is added that the Japanese will aid the Manchurian bandits in occupying and fortifying Tse Sing. They will then refuse to permit the Chinese National troops to cross the frontier. It is said that the whole Manchu frontier is ripe for eruption, and that the authorities at Peking are in a state of greatest anxiety.

Special Evening Telegram. LONDON, Feb. 20. A meeting of the coal owners of the United Kingdom, summoned to assemble in London to-morrow for a conference, arouses the hope that the threatened strike, which would involve over a million men, may be averted. The gathering of the coal owners indicates that they see a possibility of initiating a peace compromise.

Special to Evening Telegram. BOMBAY, Feb. 20. Thirty thousand bags of cotton were destroyed here by fire to-day. The damages are estimated at \$1,250,000. The Japanese Trading Company is the largest loser.

Special to Evening Telegram. BERLIN, Feb. 20. It is stated that on the trip of the new Zeppelin, the aerial cruiser Victoria Louise beat all airship records covering over 45 miles an hour.

Special to Evening Telegram. CALCUTTA, Feb. 20. A small steamer foundered yesterday near Rangoon. Fifty persons were drowned.

Assails Bridge.

Bishop of Detroit Classes it With Wall Street Speculation as Glaring Gambling Sin.

Albany, N.Y., Feb. 6.—Bridge whist and Wall Street speculation were denounced as glaring gambling sins of society by Bishop Williams, of the Episcopal Diocese of Detroit, in a sermon here to-day.

"Is there a spectacle more degrading, more abject," said the Bishop, "than a man with a will in him hanging breathlessly upon the throw of the dice, the dealing of the cards, the running of a horse, the whirling of a wheel, the sway of a game or the fluctuation of the stock market? The man that was meant to master fate has voluntarily surrendered to mere chance. There is nothing that so saps and destroys the will power, so hypnotizes and enslaves a man, so weakens and finally wrecks personality as this sin of gambling and betting."

"The gamblers of Wall Street and the gamblers of the bridge whist table are morally equally delinquent."

Cape Report.

Special to Evening Telegram. CAPE TOWN, To-day. Wind E. N. E., light, weather fine. Ice in on shore but slack with tide. The S. S. Almeriana is laying about three miles off in a safe position. Bar. 29.45; ther. 36.

COMPANY FOR EASTER.—Mr. Kitchy, of the Nickel Theatre, has leased the T. A. Hall for 3 years and will bring a first class theatrical company to play here after Easter.

RUSHING NEW ENGINES.—The new engines Nos. 113 and 114 are now being rushed by the staff at the Reid Co's. shops. Both will be finished by April month and will be sent over the Bonavista branch.

Operation for Piles Failed.

Zam-Buk Was Then Tried and Worked a Cure.

Writing from Poplar, E.C., Mrs. C. Hanson, wife of the proprietor of the Commercial Hotel, says: "I suffered for six years with bleeding piles. The pain was so bad at times that I could hardly walk, and ordinary remedies seemed utterly unable to give me any ease. Finally I decided to undergo an operation, and went to the Sacred Heart Hospital in Spokane. There they performed an operation and did all they could for me. For a time I was certainly better, but within twelve months the trouble started again and the piles became as painful as ever. I tried liniments, hot poultices, various 'pile cures,' and indeed everything I could think would be likely to do any good, but still I continued to suffer, and the shooting, burning, stinging pains, the dull, aching and wretched, 'worn-out' feeling that the disease causes continued as bad as ever.

"One day I read about Zam-Buk and thought I would try it. The first one or two boxes gave me more ease than anything else I had tried, so I went on with the treatment. In a short time I began to feel altogether different and better, and I saw that Zam-Buk was going to cure me. Well, I went on using it, and by the time I had used six boxes I was delighted to find myself entirely cured. That was three years ago, and from then to the present time there has been no return of the trouble."

Zam-Buk is a sure cure for piles, eczema, ulcers, abscesses, cold sores, chapped hands, varicose sores, burns, scalds, bruises, inflamed patches, and all skin injuries and diseases. Druggists and stores everywhere, 50c. box, or Zam-Buk Co., St. John's, Nfld., for price. Refuse harmful substitutes.

A Church Destroyed.

At St. John's, P. Q., valued at \$75,000. St. John's, Que., Feb. 6.—The Ibrerville Catholic Church was completely destroyed by fire early this morning. Nothing was saved. When the Ibrerville brigade turned out, the whole back of the Church was ablaze. St. John's called for help. The Church was rebuilt in 1894 by the late Canon St. George. It was valued at \$75,000. The sacred vessels and ornaments were worth \$100,000. It carried about \$50,000 insurance.

The Ladies of St. John's May Now Have Beautiful Hair—McMurdo & Co. Have the Article and Guarantee It to Grow Hair, or Refund Your Money.

McMurdo & Co., Chemists, backed up by the manufacturers of SALVIA the Great Hair Grower, guarantee it to grow hair.

SALVIA destroys Dandruff in ten days.

The roots of the hair are so nourished and fed that a new crop of hair springs up, to the amazement and delight of the user. The hair is mad-soft and fluffy. Like all American preparations SALVIA is daintily perfumed. It is hard to find an actress who does not use SALVIA continually.

Ladies of society and influence use no other.

SALVIA is a non-sticky preparation, and is the ladies' favorite. A large, generous bottle, 50c. The Sebell Drug Co., St. Catharines, Canadian distributors.

NEW 90 H.P. AUTO.—Otto Oppelt, who has been visiting his parents in Bavaria, will be in London next week, and when he arrives he will buy a 90 horse power auto for Mr. W. D. Reid. It is being built specially and Otto will look after the construction work. Mr. Reid will likely use it in England, and it should arrive here in April. Otto will wrestle with several while in England.

Sluggish Liver Action

Causes indigestion, constipation and bilious headache—Dr. Chase's Kidney-Liver Pills the cure.

"Sluggish liver has been my trouble," writes Mrs. I. P. Smith, Paris, Ont., "and I have been greatly benefited by using Dr. Chase's Kidney-Liver Pills. I have taken medicines from several good doctors, but none ever did me the same amount of good as Dr. Chase's Kidney-Liver Pills. I could not keep up and do my work if I did not use these pills when the bilious spells come on, and I have recommended them to many."

"Dr. Chase's medicines were about the only kind that came into my father's house 40 or 50 years ago, and they were always satisfactory."

Dr. Chase's Kidney-Liver Pills are prompt, definite and direct in their action on the liver, kidneys and bowels, and are therefore the most effective treatment obtainable for biliousness, indigestion and constipation. 25 cents a box, 5 for \$1.00, at all dealers, or Edmansson, Bates & Co., Toronto.

\$25 in GOLD Given Away

The great "QUEEN LINIMENT COMPETITION" open to every Man, Woman and Child in Newfoundland. On the 1st of March, 1912, will be given away to the Four or more successful winners of this competition the sum of \$25.00 in Gold.

We have on exhibition in the window of our Medical Hall, Theatre Hill, a rectangular box having an inside space as follows: length, 8 inches; breadth, 4 inches; height, 3 inches. This box is filled with Antibilious Pills of about the size of a pea.

The competition is to guess as near as possible the number of pills contained in the box. The person guessing the exact number, or the nearest number of pills in the box, will receive for the first prize \$10.00; second prize, \$5.00; third and fourth prizes, \$2.50 each.

In the event of two or more persons guessing the same number, the amount of the prize will be proportionately divided amongst the successful winners. That rule will apply to all prize winners. Every person purchasing a bottle of our "QUEEN OF LINIMENTS," whether in the city or outport towns, and mailing us the outside green wrapper of bottle, with the number of guess, together with their name and address, will have a chance of winning the grand prize.

Prepared by DR. F. STAFFORD & SON, Medical Hall, St. John's, Nfld.

SHOES.

Shoes are a form of triple-pleated misery which was handed down by our forefathers along with the saw-tooth wing collar and the razzor, which pulls like a live horse on the way to the barn. The union was unknown to the fauna and flora of this country until our forebears landed on Plymouth Rock and inoculated the noble red man with freewater and patent corn remedies, with the result that to-day chirophydy ranks among the fine arts and relieves more suffering than the remainder of the medical profession.

Our ancestors looked upon the corn doctor as a social pariah and seldom invited him to the house, but now he has the entree to our best homes and is received with peans of joy and a

Electric Restorer for Men Phosphonal to its proper tension; restores vim and vitality. Premature decay and all sexual weakness averted at once. Phosphonal will make you a new man. Price \$3 a box, or two for \$5. Mailed to any address. The Sebell Drug Co., St. Catharines, Ont.

Amendment Lost in the Commons.

Special to Evening Telegram.
LONDON, To-day.
The amendment to address in reply to the Speech from the Throne was rejected by a vote of 324 to 231. The amendment alleged that the Government had not fulfilled its pledges to reconstruct the Lords. In summing up for the Government Premier Asquith declared there was no truth in the statements of the Opposition regarding pledges having been given that a reconstruction of the Lords should precede Home Rule. The proper time for that, he said, was obviously not before but after settlement of the Irish question. A scheme reforming the second chamber would be submitted during life of the present Parliament; but an ideal system of a representative democratic Government would necessitate not only the reconstruction of the Lords, but alteration in the whole basis of representation in the Commons.
Col. Seeley said the additional cost of moving troops in connection with Churchill's Belfast visit was £2,700, adding that the right of free speech must be safeguarded at any cost. Moore interrupted the speaker with "there was no attack on free speech—it was the offensive choice of Hall," which was greeted with cheers. Col. Seeley retorted, "if the honorable member went to Dublin to make a speech he would take same measures to protect his right."
The Portia arrived at Placentia at midnight and left at 1 a.m. She is due here to-morrow morning.

Above All Things Keep Health

No matter how much hard luck one may have he can always "come back" if he has the snap and ginger of good health.
Right food is the most essential factor of health.
Grape-Nuts
FOOD
is made of wheat and barley and furnishes in the right proportions the elements Nature needs for keeping body and brain at their best.
Look for "The Road to Wellville" in packages of Grape-Nuts. This famous little book and Grape-Nuts have helped thousands—and may help you.
"There's a Reason"

Grape-Nuts food is made of Canadian Grain, in a Canadian Factory, by Canadian Labor.
Canadian Postum Cereal Co., Ltd., Windsor, Ontario, Canada.

Weekly Wireless Service.

Special to Evening Telegram.
OTTAWA, To-day.
Hereafter the people of Magdalen Islands will not be kept in ignorance of what goes on in the rest of the Dominion. It is announced that a weekly service by Marconi wireless would be established between Pictou and the Islands. The service is limited to 1,000 words a week, to be read in churches, etc. The annual cost to be \$450. Representatives of British West Indies are expected to come to Ottawa on the invitation of the Canadian Government the latter part of March to discuss framing of reciprocal trade agreement. Recommendations were made by the British Commission, headed by Lord Balfour, which investigated West Indian trade situation two years ago will not necessarily be basis of the coming negotiations.

6 Persons Killed.

Special to Evening Telegram.
SHIEVEPORT, La., To-day.
Six killed, several others reported to have met like fate, and property valued \$100,000, demolished by a tornado which swept through western outskirts of Shieveport.

Send For Mails.

The general impression is that both the Tabasco and Almeriana, now in the offing and beset by heavy slob-ice, have each a considerable mail on board, and as it is badly wanted, they not the Government send some of the powerful sealing steamers now in port to get the mails and bring them here. It is quite feasible, and if any passengers are on board the ships these could also be transferred. We have had no mail now for a long while, and it is up to the Government to get this thing done.

W. & N. C. O's. Dined.

The Warrant and N. C. Officers of the Methodist Guards were dined in the Armoury last night and a very enjoyable and happy time was spent by the large number who participated. The menu was of a varied and excellent character. Major Hutchings presided and the officers of the Brigade, who gave the spread, were present. The Major proposed the health of His Majesty the King, after which speeches were made by Major Hutchings, Capt. Blackwood and others, dealing with Brigade matters, while excellent songs were given by Lieut. Mews, Sergt. J. Pike and Corp. Ellis. A portion of the night was devoted to the discussion of matters affecting the organization, and the affair was profitable as well as pleasurable.

MORE SCARLET FEVER.—A case of scarlet fever was removed to Hospital from 21 Young Street to-day. Already one other case has occurred in the house, but is being nursed at home. A girl of 14 was removed to Hospital this morning from 28 Mullock Street, and two boys, aged 7 and 3 years respectively, ill of the disease, are being nursed at their home, Forest Road.

Railway News.

The incoming local express left Port aux Basques this morning for St. John's.
The west bound express left Gambo at 10.50 a.m., following the rotary.
The east bound rotary left Badger Brook at 11.40 a.m. coming to St. John's.
The Carbonar plow that went off the track at 11 o'clock last night when attached to the regular local train was put on the rails at 1 p.m. to-day and is due here at 5 p.m. This train has been out since Saturday night last.

PERCIE JOHNSON, Agent.

\$350 for Poor.

The Curling Bonspiel held yesterday at the Curling Rink was a great success. There was a large attendance and although the ice was wet and heavy there were some splendid exhibitions of the "roarin'" game. The ladies deserve to be complimented on the success. During the afternoon and night teas were served at a low rate to the spectators, to whom all the rooms in the rink were thrown open. All were well pleased with the treatment accorded them. The different contests were close and exciting. In the Mercantile contest, Job's defeated Baird's, Reid's beat Harvey's, and Bowring's defeated Baine Johnstone's. Secretary Salter says that the receipts will probably amount to \$350. During the evening Mr. John R. Bennett thanked the ladies heartily on behalf of the Club for the prominent part they had taken in making the event such a success. The curlers deserve great credit for having raised such a large sum for the poor. Other clubs would do well to follow their example.

At the T. A. Hall.

A large audience attended the T. A. Hall last night on the occasion of the production of "His Brother's Sin," by the T. M. White Co. The play is rather familiar to the theatre goers here, having been produced several times in recent years by the professional companies. The local troupe under Mr. White's direction gave a very clever presentation of the drama. The leading character was taken by Mr. T. J. Rolls who did full justice to the role of Jerry, the tramp; Mr. White again gave a true-to-life presentation of the villain; Mr. Leo Murphy, as the old southern gentleman, added new laurels to his brow; Mr. G. P. White in his delineation of the lover did clever acting; Miss P. Carroll, Miss Murphy and Miss L. Carroll all performed their parts in a very acceptable manner. All who attended the play were well pleased with the troupe's acting.

Cascarets Cleanse Liver and Bowels.

No Bilioussness, Headache, Sick, Sour Stomach, Indigestion, Coated Tongue or Constipation.
Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gasses, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give you a thorough cleansing inside and straighten you out by morning. The work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

Our Council.

This son's not supposed to be funny. In fact it's not really a "song." It's just a refrain that I struck in the train.
And I wrote as I came along.
Refrain:—
Oh, my! what a terrible thing,
Though it goes with a swing you'll agree.
So I'll sing the next verse, and if that's any worse,
What a terrible thing that must be.
Our Council is quite energetic. Their labors are worthy of note; For the poor workman they do all they can, Especially when they want his vote.
Refrain:—
Oh, my! it's a glorious thing,
As speakers they're great you'll agree.
But if they'd only do half what they promise to,
What a glorious thing it would be, M.

Considerate.

In making a demand for a higher rate of wages, we understand that the Carpenters' Union are taking the position of the contractors into consideration with regard to unfinished work. They will not make the demand on work that is already contracted for and not finished. In doing this they are acting with a spirit of fair play.

STEAMERS SEEN.—The s.s. Almeriana, on the way here from Halifax, was seen off Cape Race last evening in the ice. The Tabasco was also seen off Ferryland Head yesterday afternoon.
Minard's Lincture Cures Diphtheria.

Another View

OF THE REFORMATION.

Editor Evening Telegram.
Dear Sir,—In reply to an article in the Evening Telegram of the 20th inst., entitled "Archbishop Howley's Lenten Pastoral" we were most highly amused at the uncanny interpretation of the Reformation as given by the said Archbishop. In this article he attributes "the spirit of irreligion, worldliness, personal independence, and unbridled individual liberty, etc." to the Reformation, he goes on to say "the new spirit of rebellion to authority under the false name of freedom of conscience soon changed the old state of affairs, the mild paternal sway of the Church and the charitable rule of religious orders gave place to the stern authority of the State." Now every sane man who has an interest in the welfare of mankind must admire the noble stand of the little Wurttemberg monk who in the face of the fiercest opposition established the right of private judgment, or as the writer in question calls it, "freedom of conscience." Instead of being a curse to mankind the Reformation has been a blessing to Protestantism, and, more than that, has been a boon to the Roman Catholic Church as well. For example, where do we see the Roman Catholic Church at its best? Is it not in Protestant countries and where the work of the Reformation has done most? Again, where do we find Catholicism at its worst? Is it not in those countries where the Holy Father and his Church have had full sway and where Protestants are conspicuous for their absence? Let us compare conditions in South America, Spain, Portugal and Italy, with those of Germany, England, the United States and Canada! Look at Ireland! What a striking contrast between Ulster and the other provinces? Take, for example, education in South America as compared with that of North America; or the degree of moral and social order in countries under Roman Catholic rule. We prefer to let the present conditions of these respective countries speak for themselves. We deem it unnecessary to allude to their histories as every school-boy is familiar with them. Look at conditions around us! Who conduct the mercantile and commercial enterprises of St. John's that are of a useful kind? Are they not the men who have inherited the unparalleled blessing of "freedom of conscience," or its equivalent the right of private judgment. On the other hand who conduct the liquor business which is always a menace to a community?
We have no objection to Archbishop Howley or his colleagues giving religious instruction to their people. If such a article appeared in their church paper it is only what one may reasonably expect; but to air such views in the face of the general public is bound to provoke a reply. In such progressive times as these, and in countries where the "freedom of conscience" is cherished no sane writer could expect such statements to pass unchallenged.
A few days ago a correspondent to the Daily News spoke of certain very special, important and sacred rites observed in some outport Roman Catholic Chapel and mentioned among them "the festival of the Blessing of Candles." We hear as yet no mention of the blessing of electric lights. Suppose one were to criticize their Lenten dietetics in the light of medical science. Is there no need of emphasis being laid on abstinence from profanity, drunkenness, and other too common social and moral sins? Has the Archbishop forgotten the plain teaching of our Lord who said, "It is not that which goeth into a man defileth a man but that which proceedeth out of him?"

CITIZEN.
AT MECHANICS' HALL.—An entertainment was held at the Mechanics' Hall last night in aid of the Presentation Convent. Mr. J. Burke had charge of the programme which consisted of songs, recitations, etc. The proceeds were quite satisfactory.

AT 11.12 a.m. yesterday an alarm was turned in for a fire at No. 12 Colonial Street. The Central and Eastern firemen responded quickly but only the soot in the chimney was on fire and the blaze was quenched by a few buckets of water. The "all out" signal came in at 11.19.

At 11.25 a fire alarm was also sounded from box 31, bringing the Central and Western firemen to the establishment of Mr. Jos. Farrell, tailor, Water Street. Soot accumulating inside the fireboard in the cutting room caused the blast. Mr. Doyle with Mr. Farrell did good work in quenching the blaze with pails of water, but not before \$100 worth of damage had been done by fire and water. The "all out" signal was sent in at 11.30.

Neuralgia and Sciatica

Caused great suffering for 25 years. Nothing effective until Dr. Chase's Medicines were used.
"It affords me pleasure to speak favorably of Dr. Chase's Nerve Food and Kidney Pills," writes "M. W. T. Collins, Morphett, Ont." "I had been a sufferer for 25 years from neuralgia, lumbago and sciatica and nearly all the remedies advertised without one particle of benefit until I began the use of Dr. Chase's medicines. Before I had finished two boxes of the Nerve Food and Kidney Pills I noticed considerable benefit in my condition. I have so much confidence in these medicines that I have recommended them to dozens of my friends."
In severe cases of this nature the combined use of these medicines brings results which are both surprising and permanent. The Kidney-Liver Pills regulate the action of the kidneys, liver and bowels, while the Nerve Food enriches the blood and invigorates the nervous system. Edmanston, Bates & Co., Toronto.

Sale of Work.

The Cathedral Women's Association held a very successful sale of work at the Synod Hall last night. A large number of friends attended. Rev. Canon White presided and in opening the sale made a short speech in which he referred to the good work of the Association and the laudable object for which the sale was held. Teas were served by Mrs. White, President of the Association, and Mrs. Valentine. The candy table was in charge of Miss Nettie Hitchcock and the fancy work table was successfully managed by Headmistress Stevenson, Hardy and Miller. Several gramophone selections in charge of Mrs. Gus. Stafford. The proceeds will be added to the general funds of the church.

MAKES LIGHT

SUNLIGHT SOAP
TRY THE SUNLIGHT WAY

Uncle Walt
THE POET PHILOSOPHER.

The boy stood on the burning deck a long, long time ago, and people viewed the fire swept wreck, and said: "I told you so! I asked you forty thousand times to have your ship insured, and now you're punished for your crimes—you'll be well smoked and cured!" Another watched the fire's red raids, and said: "It serves him right! I tried to sell him hand grenades—he simply wouldn't bite!" A third remarked: "It's proper luck! I offered him one day a first class hook and ladder truck—he chivied me away!" The boy stood on the burning deck until he thought he'd bake, then wrapped his whiskers round his neck and jumped into the lake. He couldn't swim—he had a quail —his chance seemed mighty slim! 'Twas then that Mary's little lamb swam out and rescued him.

Two Fires.

At 11.12 a.m. yesterday an alarm was turned in for a fire at No. 12 Colonial Street. The Central and Eastern firemen responded quickly but only the soot in the chimney was on fire and the blaze was quenched by a few buckets of water. The "all out" signal came in at 11.19.
At 11.25 a fire alarm was also sounded from box 31, bringing the Central and Western firemen to the establishment of Mr. Jos. Farrell, tailor, Water Street. Soot accumulating inside the fireboard in the cutting room caused the blast. Mr. Doyle with Mr. Farrell did good work in quenching the blaze with pails of water, but not before \$100 worth of damage had been done by fire and water. The "all out" signal was sent in at 11.30.

Heard From the Glencoe.

A message was received from Trepassey last evening by the Reid Nfld. Co. saying that the S. S. Glencoe had arrived there at 7.30 p.m., 25 1/2 hours from Port aux Basques. Capt. Taylor decided to run into Trepassey last night to avoid being again caught in the ice that was then packed tight around Cape Race. She will have to wait there until the wind changes and loosens the ice.

LENTE DEVOTIONS.—To-day being Ash Wednesday, devotions will be held in the Anglican and R. C. Cathedrals this evening.

RUNNING SORE ON HIS LEG
Egyptian Liniment Quickly Healed It.

Mr. S. Masure, of Port Perry, Ont., is very glad he took his friend's advice and tried Douglas' Egyptian Liniment. He writes:
"Some time ago I had typhoid fever, was confined to bed for four months, and left with a running sore on my leg. I tried every remedy I could hear of, but found none to help me. I was prevailed upon to try Egyptian Liniment by my friends. Although thoroughly disheartened, I decided to give it a trial, and an very happy to say that the result was marvelous. The sore was soon entirely healed. To anyone suffering from ailments of a similar nature Egyptian Liniment is certainly a boon."
It is really wonderful the way Egyptian Liniment cleans out running sores and festering wounds, removes the unhealthy conditions, and permanently heals. It's just as good, too, for Sprains, Bruises, Rheumatism—in fact, for everything which liniment can cure.

A New Fast Service Express

Special to Evening Telegram.
OTTAWA, Yesterday.
Negotiations are in progress between the Government and Canadian English Transportation Company which if successful, will result in the establishment of a new fast service between Canada and England. The new company will put into operation on the Atlantic route from Halifax, steamships having a speed capacity of 24 knots, shortening the Atlantic voyage to one-half days. The intention is said to be to have six ships of this type by the time the service is in operation. Important features of the new service will be the equipment of steamers to withstand attacks from sea and the extent to which they are armed cannot be ascertained. It is said to be to have convertible under such circumstances and other conditions as to ensure value for their own defense, and the defence of unprotected shipping possible raids of the trade in time of war. The country's interest in the project has been keen since the past few days. The construction of the ships for the fast service will necessitate an outlay estimated at thirty millions of dollars. This sum in a large proportion is said to be coming from London.

Snakeskin Shoes

From all reptiles the ordinary man shrinks in disgust. Yet fashionable women are now being tempted to conquer their aversion to the tent of wearing snakeskin shoes of the smartest shops in the End of London is "featuring" shoes; but up to the present it has been to uncertain if the fashion really establish itself on wider lines.
Choice of quite a variety of snakeskin offered. There is the dark and fly marked skin of the deadly cobra or the lighter skin, with its delicate pigment markings, of the rapacious python. The skins of

Was Arrested at Sydney.

St. John's Policeman Arrests Man on Charge of Barratry.

One of the principals in the casting away of the schr. Annie C. Raymond was a man named Bishop, of Western Bay, who having heard quickly of the discovery of the crime by the authorities, slipped out of the country before the two men now in the Penitentiary for the offence were arrested. Enquiries as to his whereabouts were secretly made by the authorities here, and Const. Halfyard, who knew Bishop and who himself is a native of the North Shore, was despatched to Sydney to quietly investigate and if possible locate Bishop, who was believed to be there. The officer was armed with a warrant for his arrest, and finding his man as it was thought he would, he soon had him in the toils. The officer and his prisoner are now on the Bruce and will arrive here in that ship. The matter was quietly but nevertheless effectively brought to a conclusion.

Firemen Won't Get Increase.

The Firemen's Union held a meeting last night when the matter of wages paid the men at the sealfishery was discussed. The men for a few years past have been receiving \$25 per month with a share of the fat if such share did not exceed the monthly stipend. If it exceeded this they got a share and a share divided amongst them. It was proposed that the men ask for \$30 per month as a standard wage, irrespective of any share, also to ask for a share and the division of one amongst the men. The debate which ensued was more or less acrimonious, there was much diversion of opinion and no definite action was taken. Delegate Woods reported that he had interviewed the principal sealing firms as to an increase, but the reply was that no further increase could be made. Another meeting of the Union will soon be held to discuss the situation.

To Rebuild the Laundry.

Monday afternoon the Country Laundry Co. held a meeting of their directors and shareholders and determined to rebuild their premises which was destroyed by fire at midnight on Saturday. A concrete building will be erected on the site of the structure destroyed, and work will commence immediately. Mr. Johnston will not engage in business in that section in future. The Laundry Co. had its machinery and building insured for \$7,000, but lost 3,000 by the fire, and such sympathy is expressed for them about the city. They had been only three days at work when the accident occurred.

Why Don't You Try a 25c Bottle of

108

Nox a Cold in One Day

It will stop your cough in a few minutes; Nox a cold in a few hours; relieve bronchitis and asthma. Try it. 25c a bottle. Sold by McMurdo & Co.

An Imposing Funeral.

Yesterday afternoon the funeral of the late Master C. Kinsman, private in the Methodist Guards, took place. The Guards attended and mustered out strongly under the command of Major Hutchings, while a number of friends of the deceased also attended. The coffin was covered with the colors of the Brigade and contained many wreaths of floral offerings. A squad of the C. L. B. was present as a Guard of honour, and on the route to the General Protestant Cemetery, where interment took place, the band of the Guards discoursed the Dead March in Saul. Rev. F. R. Matthews, B.A., officiated at the graveside, and the "Last Post" was sounded by Bugler James Dwyer.

Free of Ice.

Channel was reported yesterday to be free of ice, the wind of Monday which was off shore having taken it off the land. Reports along the shore are to the effect that the ice is off the coast now down to Placentia. This should enable the codfishers of the S. W. Coast to go fishing and the bankers to go on their voyage.

INTER-BRIGADE RACE.—The inter-brigade relay skating race will take place in the Parade Rink soon. The boys of the different brigades are hard at practice. The trophy is a cup, which was won last year by the C. L. B.

A New Fast Service Proposed

Special to Evening Telegram.

OTTAWA, Yesterday. Negotiations are in progress between the Government and Canadian-English Transportation Companies, which if successful, will result in the establishment of a new fast service between Canada and England. The new company will put into commission on the Atlantic route probably from Halifax, steamships having a speed capacity of 24 knots, thus shortening the Atlantic voyage to four and one-half days. The intention is said to be to have 6 ships of this class by the time the service is in full operation. Important features of the new service will be the equipping steamers to withstand attacks of the sea and the extent to which vessels armed cannot be ascertained. The intention is said to be to have ships convertible under such structural and other conditions as to ensure their value for their own defense, also for the defence of unprotected ships during possible raids of the trade route in time of war. The country's interest in the new service will take the form of an annual subsidy. Representatives of the English capitalists interested in the project has been in Ottawa the past few days. The construction of the ships for the proposed fast service will necessitate an expenditure estimated at thirty million dollars. This sum in a large proportion is said to be coming from England.

Snakeskin Shoes

From all reptiles the ordinary woman shrinks in disgust. Yet fashionable women are now being tempted to conquer their aversion to the extent of wearing snakeskin shoes. One of the smartest shops in the West End of London is "featuring" these shoes; but up to the present it seems to be uncertain if the fashion will really establish itself on widespread lines. Choice of quite a variety of skins is offered. There is the dark and heavy marked skin of the deadly cobra, or the lighter skin, with its more delicate pigment markings, of the rapacious python. The skins of the

9
'Tis going to be good.

viper and boa-constrictor have also been made up. Snakeskin is very soft, pliable, and durable. The shoes are expensive, of course, for the skins are not too plentiful, but this factor should rather commend itself to smart people, as it renders it much more difficult to copy the fashion on cheap lines.
