CANADA LUMBERMAN

WEEKLY EDITION

The Lumberman Monthly Edition, 24 pages } \$1.00 PER YEAR { The Lumberman Weekly Edition, every Wednesday

THIS PAPER REACHES REGULARLY THE PRINCIPAL LUMBER MANUFACTURERS AND DEALERS THROUGHOUT CANADA, AND WHOLESALE BUYERS IN GREAT BRITAIN, THE UNITED STATES, AND OTHER FOREIGN MARKETS.

Vol. VIII.

TORONTO, ONT., APRIL 16, 1902

No. 11

CANADA LUMBERMAN

PUBLISHED BY

The G. H. Mortimer Publishing Co.'s
of Toronto, Limited

Confederation Life Building - TORONTO.

Branch Office:

IMPERIAL BUILDING, MONTREAL.

Weekly Lumberman, published every Wednesday. Contains reliable and up-to-date market conditions and tendencies in the principal manufacturing districts and leading domestic and foreign wholesale markets. A weekly medium of information and communication between Canadian timber and lumber manufacturers and exporters and the purchasers of timber products at home and abroad.

Lumberman, Monthly. A 24-page journal, discussing fully and impartially subjects pertinent to the lumber and wood-working industries. Contains interviews with prominent members of the trade, and character sketches and portraits of leading lumbermen. Its special articles on technical and mechanical subjects are especially valuable to saw mill and planing millmen and manufacturers of lumber products.

WANTED AND FOR SALE

Advertisements will be inserted in this department at the rate of 15 cents per line each insertion. When four or more consecutive insertions are ordered a discount of 25 per cent. will be allowed. This notice shows the width of the line and is set in Nonpareil type; 12 lines make one inch. Advertisements must be received not later than 4 o'clock p. m. on Tuesday to insure insertion in the current week's issue.

WANTED—TO SAW BY THE THOUSAND or to purchase for spot cash, two to four million feet of pine logs, delivered North Shore or Georgian Bay, as early as possible after this date. Write, giving description, price and where located, to A. P. EBERT, Warton, Ont.

WANTED—POSITION BY A "RUST-WORTHY" man, 34 years old, 4 years commercial accounting, eleven years millroading experience. Strictly sober and well recommended. Address Khoythial, P. O. Box No. 163, St. Hyacinthe, Que.

WANTED—HARDWOOD LUMBER. SOFT ELM, BIRCH, BLACK ASH, PISTIS and ends preferred. J. F. STRAGAL, 990 Hillcott Square, Buffalo, N. Y.

WANTED. NO. 1 SAWED SPRUCE OR PINE STAVES wanted. The above to be 23 in. long, plump 3/4 in. thick, and free as possible from knots and to be of standard, average width. Address, stating price, to M. CARL Cooper, Goderich, Ont.

FOR SALE. 100,000 ft. Dry 1", 1 1/2" and 1 3/4" Maple. 30,000 ft. 1" Birch. 130,000 ft. 1" 1 1/2", 1 3/4" Beech. 120,000 ft. 1" Dry Pine, No. 1 Mill Culls and Box and Better Shorts. Lath, Shingles, Pine and Cedar Timbers, etc. A. P. EBERT, Warton, Ont.

DRY PINE. WE HAVE ABOUT 1,500,000 FEET DRY PINE in 1, 2 and 3 inch common and better, prefer selling in bulk. Will quote freight rate to Buffalo, Chicago or Toronto on application. Correspondence solicited. N. B.—Would like to correspond with consumers of hardwoods. ST. JOHNS ISLAND LUMBER CO., Sault Ste. Marie, Ont.

SPECIAL TO LUMBERMEN. WITH A THOROUGHLY EQUIPPED PLANING Mill at Orillia, we solicit orders for re-sawing and planing of lumber, in any quantity; can match 26 inches wide; all work guaranteed first-class; prices on application. Address, NATIONAL BOX CO., Orillia, Ont.

FOR SALE. BAND MILL FOR SALE ON GEORGIAN Bay, eight miles from Parry Sound. Capacity 40 M. feet per day. Modern mill of our own manufacture throughout. Ample boiler capacity, fine piling grounds with tramways; 16 to 20 feet of water right up to dock; mill situated in a well sheltered harbor. This plant can be bought cheap, considerably less than its original cost. Immediate possession can be given and stock of 2 or 3 million logs can be sawn by the thousand or purchased at a reasonable price. Address WATERBROS. Brantford, Canada.

TO Pine and Spruce MANUFACTURERS.

Correspondence is solicited with Canadian manufacturers of pine or spruce who wish to form a connection with a reliable British house. Advertiser will shortly visit Canada and desires to have a personal interview with mill-men now doing or seeking to do an export trade. Best of references as to reliability and standing. Box 42, CANADA LUMBERMAN.

WANTED—A RAFT OF PINE LOGS ON Georgian Bay, apply at once to Box 20, CANADA LUMBERMAN.

WANTED. BASSWOOD; ONE MILLION FEET BASSWOOD, 12 ft. long, common and better. Also elm and red birch. JAMES S. BARRON & CO., Box No. 726 New York city.

WANTED—SEVERAL FIRST-CLASS DUNBAR Shingle Saws. Apply the Hastings Shingle Mfg. Co., Limited. See our ad in this paper about our new mill. Mill to be free from dust.

VALUABLE IS HORSE POWER SAW AND Shingle Mill for sale in a new settlement (Township Lyle), District of Nipissing, first class hardwood section. For particulars apply to POSTMASTER, Cross Lake P. O., Ont.

FOR SALE. SAW AND SHINGLE MILL WITH BIG stock of logs, been running all winter. IMPERIAL LUMBER CO., Toronto, Ont.

CURRENT TRADE CONDITIONS. ONTARIO.

The past week has shown more activity in the lumber trade. Retail buying has been a feature. Dealers who purchased quite heavily last fall have in many cases almost completely sold out their stock, and generally at a good profit, as prices of white pine are higher than they were at the close of the sawing season last year. Wherever possible wholesale dealers are increasing their holdings of dry lumber, which they are able to purchase on more favorable terms than can be made for the new cut. Indeed, many persons identified with the lumber trade are asking the question whether prices of new stock are not getting a little too high for healthful business. They point out that the buying this spring has in some instances been of the "boom" nature, where a disposition is shown to obtain something no matter at what price. These persons evidently have in mind the contracting that has been done by certain American buyers, who have agreed to purchase mill cuts, log-run, at high prices without first having inspected the log. This is, to say the least, a speculative venture, inasmuch as the quality of log-run lumber may vary very widely. In some directions precaution in buying is being advised. On the other hand manufacturers seem confident that there will be no slump.

In Toronto the building trade is being affected by the labor troubles. Architects have considerable work in hand which may be postponed in case of a strike, but which will be immediately carried to completion this season should the labor difficulties be settled at an early date. Hemlock lumber is scarce and strong. Higher prices are being asked for hard-

woods. These would seem to be warranted by conditions, as owing to the light crop of logs last winter it would not be surprising if a scarcity of hardwoods should develop before next fall.

QUEBEC AND NEW BRUNSWICK.

A number of transactions in waney pine timber have taken place within the past week, the prices indicating an exceptionally strong market. As compared with last fall, prices at Quebec are fully five cents per cubic foot higher. It is understood that a large quantity of waney pine was taken out last winter, so that the recent advance is in the face of a larger output, and therefore very gratifying to the trade. Other kinds of timber are quiet, with no particular improvement in prices. There has been a little more activity in spruce deals, the outlook for which is somewhat brighter. There is much uncertainty as to the log supply, and it is feared that St. John mills will necessarily remain idle for a portion of the season. Every effort is being put forth to get logs to the mills, but water is low on most of the streams.

MANITOBA AND BRITISH COLUMBIA.

Manitoba dealers have been notified of an advance in prices of British Columbia lumber on several lines. No. 2 edge grain stepping has been advanced \$1 to \$36. Flat grain stepping is also \$1 higher at \$31. No. 2 clear fir, 1, 1 1/2, 1 3/4 and 2 inch, up to 12 inches wide, has been advanced \$1.50 to \$30, and 14 to 20 inches to \$35, which is an advance of \$1.50. No. 3 fir flooring, 4 or 6 inch, is up \$1 to \$24. No. 3 ceiling, 12x4 or 6ms., is up \$1 to \$24. No. 3 siding is also \$1 higher at \$24. No. 1 clear red cedar, 1 inch, 8 to 12 inches wide, is advanced to \$38; 14 to 18 inches to \$39; 20 to 24 inches to \$50. Clear squares have also been advanced as follows: 3x3 and 3x4, 5x5 and 6x6, advance \$1.50; 7x7 and 8x8, \$3; 10x10, \$6. 1/2 inch bevel cedar siding is advanced \$2.

UNITED STATES.

The demand for lumber in the United States has not shown any particular change, but the undertone is strong. Shipments from Buffalo and Toronto have not been as heavy of late owing to the scarcity of certain items. There has been a very heavy call for strips. Our Buffalo list this week shows an advance of about \$5 per thousand on fine common, \$2 on No. 1 cutting up stock and No. 2 moulding strips, and \$1 on certain sizes of barn boards. No person seems to be expecting lower prices, probably for the reason that building operations in the Eastern States

LUMBERMAN'S BEST-POCKET INSPECTION BOOK

Containing Rules for the Inspection and Measuring of Pine and Hardwood Lumber in the leading markets of Canada and the United States. Embracing also many useful tables and calculations of everyday service to lumbermen.

Prepared by the Editor of the
"Canada Lumberman."

Toronto, Canada

1895

THE above is a fac simile of the title page of the latest and most complete Lumber and Inspection Book published.

We shall be pleased to send you a copy on receipt of six 2 cent Canadian postage stamps

THE CANADA LUMBERMAN,
Toronto, Canada.

are very active. During the month of March 738 permits were granted by the city of Philadelphia, representing a valuation of \$6,000,000. In many other cities the volume of building is correspondingly large. Chicago reports a heavy movement of lumber, with some irregularity in prices of common inch boards and strips. The base price of piece stuff is \$17.50 for short lengths and a dollar or two added for anything over 18 feet. Norway pine and hemlock show an advancing tendency. The last sales of hemlock in Chicago have been at \$10.75 and \$11. At Saginaw hemlock piece stuff is worth \$12, and boards one dollar more. Sales of pine lumber at Duluth have not been numerous of late. One transaction included 4,000,000 feet of No. 3 and better at \$18.

The scarcity of hardwoods at eastern points is causing some alarm. At Buffalo the supply of quartered oak is almost exhausted. Maple, birch and basswood are good sellers. Maple is steadily advancing and brings about \$2 more than three weeks ago, but the price is yet considered too low. The spruce market continues very firm as regards both demand and prices. The supply of dry stock is light and \$20 is talked of in Boston.

GREAT BRITAIN.

Recent developments in the British timber market have been rather favorable. Buyers are apparently more disposed to operate at current prices, although contracts have generally been for small lots. Prices of pine and spruce deals are quite firm, and the better qualities show a slight appreciation. For 3 x 9 spruce deals £8 10s. c.i.f. London is being asked. This size is very scarce and likely to advance. The stock of Canadian pine deals at the public docks at London on March 31st last was 890,000 pieces, almost the same as one year ago. Of spruce deals the stock was 1,259,000 pieces, an increase of 159,000 pieces over the stock of March 31, 1901. Messrs. Foy, Morgan & Company have compiled the following statistics, showing the supply of deals, battens, etc., at London at the present rate of consumption:

	1902	1901	1900	1899
Deals	3.6	3.5	2.0	2.1
Battens	3.1	2.7	2.0	2.1
Boards	5	4.6	3.2	2.8
Pine	5.6	3.8	2.7	3.6
Spruce	3.9	2.5	1.7	2.5
Floorings.....	3.7	3.8	3.1	2.6

As the consumption is rapidly increasing, it is thought that a more favorable showing will be made when the next monthly report is issued. The supply of Canadian lumber at Glasgow is proportionately smaller than at London or Liverpool. The stock of Quebec spruce deals is less than one year ago. This is also the case with first and fourth quality pine deals, but second and third quality are in larger supply. There is a heavy stock of soft elm timber, birch planks and red pine deals. Large sales of Canadian waney and square white pine are reported to have been made to Irish houses, chiefly for ship-building purposes, at high prices.

The assignment is reported of O. P. Fraser, lumber dealer, Liscombe, N.S.

Duncan, Ewing & Company, timber merchants, Liverpool, England, announce that they have taken James M. Lamb, who has been associated with them for some years, into partnership. The style of the firm remains unchanged.

STOCKS AND PRICES.

At Springhill, N. B., merchantable spruce logs are worth \$10 and battens \$8.

Tenders are invited by the city of Halifax, N.S., for the annual supply of lumber.

D. L. Mather, of Rat Portage, Ont., took out over 300,000 railway ties during the past season.

Tenders for the annual supply of lumber for the city of Winnipeg are invited up to 8 p.m. of the 17th inst.

Mickle, Dymont & Son will supply lumber for the corporation of Barrie, Ont., at \$18 to \$19 for pine, \$14 for cedar, and \$12 for hemlock.

It is understood that the price at which the cut of the South River Lumber Company was purchased was \$19 for log run, mill culls out.

Williamson & Morrison, of Montreal, have sold their 1902 output of three inch spruce deals to Dobell, Beckett & Company, of Quebec.

The management of the Mispec pulp mill at St. John, N. B., expects to take 5,000,000 feet of logs down the Mispec stream this spring.

M.R. Mackey, of Keewatin, Ont., took out during the past winter 100,000 railway ties, 25,000 cords of stove bolts, and 2,500,000 feet of logs.

C. L. Peck has finished sawing 200,000 feet of lumber at Hopewell Hill, N. B. McClellan Bros. are sawing on a 300,000 feet contract at same place.

The R. Laidlaw Lumber Company, of Toronto, are understood to have purchased the cut of the South River Lumber Company, and a portion of the cut of the Huntsville Lumber Company, the latter consisting largely of the upper grades.

The Pine Lumber Company, of Cartier, Ont., are reported to have sold their waney pine timber to W. & J. Sharples, of Quebec, at the price of 37 cents per cubic foot on cars at Cartier. The timber was of small average.

It is estimated by lumbermen that it will cost \$25,000 to save and raft the logs which went past Fredericton, N. B., in the recent freshet. It is said that about 60,000 pieces are already boomed at the mills, and about 40,000 more are safely in booms up river awaiting transportation.

T. D. Robinson, of Winnipeg, has secured the contract from George A. Mitchell to supply over half a million feet of lumber for the Strathcona apartment building to be built in that city. The fir joists will be brought from British Columbia, the hardwood flooring from Ontario, and the balance from the Lake of the Woods district.

Messrs. S. P. Musson, Son & Company, in their last report of the Barbadoes market, say: "There have been no arrivals of either white pine or spruce, and although the market is amply stocked with the former, and fairly so with the latter, there is rather a better feeling, and next arrivals should readily bring late prices and probably a shade better. No receipts of shingles have taken place, but there is no inquiry."

The Timber News says that St. John and Miramichi, N.B., spruce deals are being held at £5 15s to £6 per St. Petersburg standard f.o.b., which is not considered an inducing or safe price at which to operate extensively. This journal further says:—"A few sales have also been concluded in Bosnian whitewood of late, the shippers accepting £8 15s. c.i.f. London for 3x11 unsorted, and £8 5s. for a few

3 by 9, the 11 in. being the principal line in the contract. These are slightly lower prices than those demanded by the Canadian shippers for spruce. Whether the quality and manufacture of the European whitewood is fully equal to that of the spruce shipped from the Gulf of St. Lawrence we leave to experts to decide, but it is evident that in certain quarters the Canadian wood is being displaced, the difference in price being the sole reason for the change."

During the month of March the imports to London from Canada, according to Churchill & Sim, were as follows: Pine deals, 16,000 pieces; spruce deals, 12,000 pieces; birch planks, 10,000 pieces. In 1901 there were no imports of pine deals, but 22,000 pieces of spruce deal and 28,000 pieces of birch planks. These brokers say: "There has been little change in the pine deal market in London during March. Considerable sales of the new shipment from Newfoundland have been effected at rates which must be relatively satisfactory and the general market remains quiet, steady and well protected by the high prices being realized for further supplies. The demand here, however, is hardly as good as it was last month. In spruce deals there is no change to report here, prices are kept firm by the undeniable scarcity of further supplies for arrival, but the stock is a large one. The demand shows no elasticity and buyers continue to disbelieve in the threatened famine. Any large demand in the next three months would nevertheless not be easy to cope with. There is no change to report here in white pine timber or in oak. Birch, elm and ash have been but little enquired for."

THE BRITISH MARKET.

Messrs. Edmiston and Mitchell, in their report of the Glasgow market, make the following comments on Canadian stock:

WHITE PINE.—There have been a few enquiries for waney boardwood during the month, but we hear of no sales to report. There has been rather more doing in square wood, several sales having resulted at prices ranging from 2s. 6d. to 2s. 9d. for first quality and 2s. 3d. to 2s. 6d. for 2nd quality, according to size.

RED PINE.—There has been the usual small demand, and the stock is now only about 250 loads. The price is firm at 1s. 9d. for 300 feet wood.

OAK.—The demand has been quiet, though a few retail sales have been made at 3s. 6d. per cubic foot for long wood, and 2s. 10d. to 3s. for small wood of 12 inches to 14 inches on side. The stock is low, there being only about 700 loads on hand.

ELM.—There has been little enquiry during the month. Prices of 1st-class rock are firm on the basis of 3s. 1d. for 900 cubic feet per page. Soft wood and small squared wood are difficult to move except at low prices. The stock is heavy.

QUEBEC BIRCH.—The stock on hand is now reduced to a small compass, and prices are, if anything, rather firmer than they were, a small parcel of 15 inch logs having been disposed of this month at 18 1/2d. per foot "ex store." Prospects for the coming season seem fair, assuming that the import is not overdone.

N. B. BIRCH.—The stock is chiefly composed of Pictou wood, which is moving off slowly at about 15d. to 16d. per cubic foot for 15-inch average.

ASH.—The stock on hand though small

is difficult to move off on account of the poor quality generally. Buyers here have not responded to the advance in price asked by Quebec shippers, and only really good logs of fair size would sell at anything over 2s. per foot. Ash lumber has come more into favour of late, and the import from the States is increasing.

DEALS, &c.—Business during the month has been extremely quiet; the deliveries from public yards are, however, over the average, showing that consumption is good. Stocks of all kinds of pine goods are very low and record prices are being got for small parcels of broad 1st pine sidings and deals arriving per liners. Prices of spruce are firm. Current values are as under:—Broad first pine deals, £26 to £30; 11-inch, £23 to £25; ends and non-dimensionals, £18 to £22. Second pine deals, 11-inch and up, £18 10s. to £21; non-dimensionals, £12 10s. to £15. Third pine deals, 11-inch and up, £11 10s. to £13; ends and non-dimensionals, £8 10s. to £10. Fourth pine deals, 11-inch and up, £9 10s. to £10; narrows, £7 10s. to £8 5s. Red pine deals, 9-inch and up, £10 to £12; narrows, £8 to £8 15s. First pine sidings and strips, 9 and 10-inch average, £16 to £18; 10 to 12-inch average, £20 to £22 10s.; 13 and 14-inch average, £23 to £25. Spruce deals, 9-inch and up, £8 10s. to £9 10s.; 7 and 8-inch, £7 5s. to £8. Lower port pine and spruce, 9-inch and up, £8 10s. to £9; 7 and 8-inch, £7 to £7 15s.

Messrs. Alfred Dobell & Co. review the Liverpool market as follows:

Waney Board and Square Pine are in fair request. Prices are very firm.

Oak—The stock of first class wood is exceptionally light and full prices are being obtained.

Birch Logs—The consumption has been small, but values are firm. Planks have again arrived freely, and although a considerable quantity has gone into consumption the stock is still excessive and the prices easier.

Pine Deals and Boards—There has been an improved demand, but the stock remains heavy, although firmly held.

New Brunswick and Nova Scotia Spruce Deals—The arrivals have been large, but the consumption has been on a corresponding scale; 11 and 9-inch deals are exceptionally light in stock and

TO THE LUMBER TRADE

We will be represented in South Western Ontario by Mr. Frederick Shaw, of Forest, Ont., who comes with us as travelling salesman on May 1st, and who will call on the trade regularly. We are running our mills day and night and offer to the trade a well manufactured stock of band sawed lumber put up in grades under Michigan inspection rules. We solicit your inquiries, and all correspondence given prompt attention.

The Cleveland-Sarnia
Saw Mills Co., Limited

SARNIA, ONT.

April 16, 1902

command very high prices, but there are too many narrow deals in the market and low prices for such have to be accepted to effect sales.

Prices are about as follows:

1st quality	2nd	3rd	4th	5th	6th	7th	8th	9th	10th
Que. pine	18.00	17.00	16.00	15.00	14.00	13.00	12.00	11.00	10.00
Lower ports spruce	7.00	7.10	7.20	7.30	7.40	7.50	7.60	7.70	7.80
Quebec square white pine	1.17	1.10	1.00	0.90	0.80	0.70	0.60	0.50	0.40
Quebec waxy board pine	2.4	3.3	4.2	5.1	6.0	6.9	7.8	8.7	9.6
St. John pine (ins. average)	1.2	1.3	1.4	1.5	1.6	1.7	1.8	1.9	2.0
Lower ports pine	1.5	1.9	2.3	2.7	3.1	3.5	3.9	4.3	4.7
Quebec oak, 1st quality	1.8	2.1	2.4	2.7	3.0	3.3	3.6	3.9	4.2
Quebec oak, 2nd quality	1.2	1.5	1.8	2.1	2.4	2.7	3.0	3.3	3.6
Ash	1.8	2.1	2.4	2.7	3.0	3.3	3.6	3.9	4.2
Hickory	1.0	1.2	1.4	1.6	1.8	2.0	2.2	2.4	2.6
Quebec birch	1.0	1.2	1.4	1.6	1.8	2.0	2.2	2.4	2.6
St. John birch	0.10	0.11	0.12	0.13	0.14	0.15	0.16	0.17	0.18
Birch planks	0.10	0.11	0.12	0.13	0.14	0.15	0.16	0.17	0.18
Spruce spars	5.00	6.15	7.30	8.45	9.60	10.75	11.90	13.05	14.20
Spruce boards	12.6	14.4	16.2	18.0	19.8	21.6	23.4	25.2	27.0
Lathwood	12.6	14.4	16.2	18.0	19.8	21.6	23.4	25.2	27.0

THE BOSTON MARKET.

The spruce lumber market at Boston is exceeding firm, with a threatened rise of \$2 per thousand. Indeed, some of the Maine mills are returning orders on schedules, at present quotations, saying their price is \$20 or nothing. Notwithstanding the firmness of the situation the demand is not what it should be at the commencement of the building season, and some of the best posted merchants in the trade doubt the expediency of further advancing prices when there is danger of cutting off the demand. Building—especially house building—is largely optional, and the price of spruce advanced too far, it is vastly easy for the builder to put off building "this year." Quotations are not yet changed, though one or two prominent factors in the trade are asking \$2 per thousand higher: Ten and 12 inch dimensions, \$20; 9-inch and under, \$18; 10 and 12 inch random lengths, 10 feet and up, \$19.50; 2x3, 2x4, 2x5, 2x6, 2x7 and 2x4, 10 feet and up, \$16.50; all other randoms, 9-inch and under, 10-feet and up, \$17.50; 5-inch and up, merchantable boards, \$16; matched boards, \$18 to \$19; cut spruce boards, \$13; bundle framing, \$16 to \$17.

Hemlock is very scarce, with mills offering but little, and logs scarce: Boards, 12, 14 and 16 feet stock, \$15 to \$15.50 for good eastern; Vermont, \$14 to \$14.50; random, eastern, \$14 to \$14.50; Pennsylvania, No. 1, \$16 to \$17.50; No. 2, \$15 to \$15.50.

White pine continues to increase in value, with stronger quotations from the

mills: Here, uppers, 1-in, \$75 to \$80; 2 1/2 and 3 in, \$80 to \$85; 4-in, \$85 to \$88; selects, 1 to 1 1/2 in, \$68; 2-in, \$69 to \$70; 2 1/2 to 3 in, \$74 to \$76; 4-in, \$79 to \$80; fine common, 1-in, \$36 to \$38; 1 1/2 to 1 3/4 in, \$62 to \$66; 2-in, \$68 to \$70; 2 1/2 and 3 in, \$69 to \$71; 4-in, \$80; barn boards, \$23 to \$33; coffin boards, \$27 to \$32.

Hardwood lumber is active and prices are very strong at a sharp advance. The following quotations are for strictly carlots, and 1-inch is meant in each variety, with usual advances for thicker: Quartered oak, \$62 to \$65; plain oak, \$41 to \$45; common and rejects, \$38 to \$42; red oak, no market; whitewood, \$42 to 43; sap and common, \$30 to \$35; brown ash, \$41 to \$44; white ash, \$43 to \$46; maple, \$28 to \$30; end-dried white maple, \$38 to \$42; birch, \$27 to \$30; birch, 75 per cent. red, \$45 to \$50; elm, \$29 to \$31.

Shingles are very firm, very few extras on the market. The following quotations are for delivery after the middle of May, when new shingles will begin to arrive. Spot prices would be even higher: Extra cedar, \$3.35 to \$3.40; clear, \$2.85; second clear, 2.25; extra No. 1, \$1.75 to \$1.90; Washington and British Columbia red cedar, 16-inch, five butts to 2 inches, \$3.75 to \$3.80; 18-inch, \$4.25 to \$4.50.

Clapboards are still in very small supply, with the demand also small. Prices are at a wide range, and depend on how much they are wanted: Extra spruce, \$38 to \$40; clear, \$36 to \$38; second clear, \$33 to \$35; extra No 1, \$24 to \$26.

Laths are very firm at \$3.15 to \$3.20 for 1 1/4 inch; 1 1/2 inch, \$3.

The Tonawanda Lumbermen's Association and the Longshoremen's Union have agreed on a scale of rates to be charged for unloading lumber from vessels at the Tonawandas this season. The rate on white pine will remain at 30 cents per thousand feet. On Norway pine and

hemlock the rate will be 35 cents, an increase of 2 cents. An advance of nearly 10 cents, to 50 cents, was made on all hardwoods excepting basswood, on which the charges will be the same as last season. Slight advances were made on shingles and lath and an increase of 5 cents on No. 5 boards and scoots and 4-inch strips where the amount to be handled exceeds 50,000 feet, making the rate 35 cents. The rate at Buffalo is 34 cents on white pine.

BUSINESS NOTES.

W. H. White & Company, lumber, North Tonawanda, are opening an office at Buffalo.

The National Lumber Company has been organized in Toronto by H. M. L. Weller, J. T. Wardell, E. A. Taylor, W. R. P. Parker, and E. H. Bickford. The capital is \$100,000.

The Clark, Swan, Jackson Company, of North Tonawanda, has decided to dissolve partnership. Messrs. Clark and Jackson will give their attention to lumber interests in the west, while Mr. Swan and others, under the name of L. H. Swan & Company, will conduct a white pine business at Tonawanda.

TRADE OPENINGS.

The following were among the enquiries relating to Canadian trade received at the Canadian Government Office in London during the week ending 4th April, 1902. The names of the parties may be obtained from the publishers of this journal.

A Sheffield firm is seeking agencies for the following Canadian goods for the English market: Bicycles, office furniture, (desks, cabinets, etc.) freezers, organs, washing machines, wringers, chairs, clothes pins, enamelled ware and wooden novelties.

A Barcelona (Spain) house have requested to be placed in touch with reliable

saw lumber firms having interests in the maritime provinces of Canada who require representation in that city.

A London importer desires to be placed in communication with Canadian basswood mill owners able to ship large quantities of panels for piano-key makers; panels to be 48" x 18" x 3/4".

A firm in London are prepared to undertake the representation of Canadian firms exporting produce, woodware, office furniture, etc., for the English market.

Inquiry has been received from Newcastle for the addresses of the leading Canadian wood pulp mills.

ARTHUR RUSHFORTH
 Exporter of Mahogany Logs and Lumber
 Veneer Logs and Grooves, English Brown and Pollard Oak.
 A. B. C. Code used.
 Cable address "Veneer King."
 12 Derby Road, LIVERPOOL

New Mill Erected 1901.

Capacity 100 Million a Year.

Spicer Shingle Mill Co., Limited

It is not the purpose of this advertisement to try and convince the Lumber Trade of Canada that we are the only company in British Columbia manufacturing and shipping shingles in large quantities, or that we "know it all." We recognize that "there are others" and that we are not the only "pebble on the beach." To try and make you believe that we are the only people who can supply you promptly and in large quantities with a high-grade shingle would not only be a fish and a bear story combined, but it would be gull of the bitterest kind.

Our competitors in the shingle business in B. C. are nice people, and we presume that they know their business; but we are nice people too, and as we have been in the trade as long as any of them, and a great deal longer than the most of them, we know that we know our business, and that our competitors are not in the possession of any points of value regarding the manufacture of shingles which has not come to our knowledge.

Our old mill was burned down in May last, and in its place we have built what is at the present time the Largest Shingle Mill in B. C.

Our new Mill has 7 of the latest improved type of Dunbar machine, which we run night and day—giving us a capacity of about 100 Million a year.

Competent judges who have seen our new mill, tell us that it is one of the most substantial, carefully constructed, and best planned mills in this province. We ourselves think it is the very best shingle mill in B. C.; and we know that it is equipped with all the very latest improved Shingle Machinery.

Will the trade please note that our contract with the Pacific Coast Lumber Co. closed on December 31, 1901. Orders sent to us by letter or telegraph shall have our best attention.

We want our share of your shingle business, and can guarantee you satisfaction in every particular.

Spicer Shingle Mill Co., Limited,
 VANCOUVER, B. C.

Another Little Mill

There will be over a million feet of sawn lumber used in this one plant for construction only; over 30,000 lin. feet of piling, besides rock foundations; two car-loads of shingle machines only; over 7 miles steam pipe 1-2 inch and up in diameter. A summary of all the material that will be used in the construction of this plant shows that there will be over 320 car-loads, or 21 trains of 15 car-loads each.

With all our past experience in the shingle business, of which we make a specialty, and with all the latest and best improvements in machinery, and mill construction, we expect it to be the most complete and up-to-date mill in North America, where shingles can be made better than in the ordinary mill.

The above plant will be in operation about the first of June, and although this mill will have a daily (24 hours) capacity of 1,250,000 shingles, the dealers and consumers need not be afraid of any particular surplus, but can rest assured that there will be one firm on the coast manufacturing red cedar shingles from whom they can get their wants supplied in a hurry with that old reliable "Hastings Brand" so much talked about.

CUSTOMERS' ATTENTION.—Please take notice that on and after the 1st day of January, 1902, all arrangements with the Pacific Coast Lumber Co. of New Westminster, B. C., for the handling of any of our shingles will be ended, and until further notice our authorized general agents will be Mr. Jas. Twitchell, Clinton, Ont., for Ontario, and Mr. Samuel Ashfield of Winnipeg, Man., for Manitoba and the North-West; therefore, orders for straight or mixed cars sent through the above agents or direct to us will have equally prompt and careful attention.

Shingle Mill, Hastings, B. C.; Lumber and Shingle Mill, Vancouver, B. C.; Shingle Mill, New Whatcom, Wash.; Shingle Mill, Sumas, Wash.; Shingle Mill, Carroll Siding, Wash.

The Hastings Shingle Mfg. Co., Limited
 Office, 450 Westminster Ave., Vancouver, B. C.
