

GREAT GATHERING OF PRESBYTERIANS

Every Minister in Canada Expected to Attend Assembly in Toronto.

MASSEY HALL ENGAGED

Citizens Will Act as Hosts of Big Army of Delegates.

WINNIPEG, Jan. 30.—(Can. Press.)—Provided the remaining details can be satisfactorily arranged, the Presbyterian Church in Canada will hold a general assembly in 1913, of which there has been discussion for some time. The assembly will be held in the city of Toronto, and the ministers of every city and rural church and every home missionary in the service of the denomination will be asked to make the journey. The wife of every minister in Canada will accompany her husband, and will join in the meetings held there under the auspices of the Women's Home Missionary Society and the Women's Foreign Missionary Society. Incidental to the gathering there will probably occur a merging of these two women's organizations into a single body. In addition to the ministers and their wives there will be taken to Toronto a representative from every congregation, country congregation and mission field in the Dominion from coast to coast. It is not proposed that any portion of the cost of this great Presbyterian syncretistic conference should be imposed on the poorly paid servants of the church.

Toronto's Hospitality. It is estimated that the transportation charges for the event will amount to \$100,000. The plan is that this sum should be contributed by a small group of Presbyterian men, who in recent years have become very wealthy owing to the great prosperity of the country. In Toronto Massey Hall has already been engaged. The citizens of Toronto, it is understood, will be asked to contribute and provide for all ministers, their wives and the lay delegates. Special arrangements are being made for work arranging the program. In Toronto the usual meeting of the assembly will be held. It will be, however, preceded this year by the syncretistic congress and the meetings of the women's associations. The most distinguished Presbyterian leaders of the world will be invited to come to Toronto and address the gatherings. As a rule the assembly opens on the first Wednesday in June. This year the meetings will begin the previous week.

HAMILTON WOMAN MURDERED BY HUSBAND

Continued From Page 1. suade his wife to return to him, but she would have nothing to do with him because of his ill-treatment of her while they were living together. This morning Mrs. Riley received an unsigned postcard on which it was stated that the woman had been sent to the penitentiary before long. Riley claims that Sandy Durfee took Mrs. Riley to Toronto two years ago and lived with her there as her husband, and then came back to this city about two weeks ago and has been living in his mother's home here under the same conditions. After his arrest last night he stated that two years ago he had threatened to shoot his wife, and that he had not seen Sandy Durfee before he would have shot his first wife. He asked to be released for about two minutes so that he could settle with young Durfee, who he claims was the cause of his house being broken up. Mrs. Riley leaves four children, one boy and three girls—Annie, 4 years old; Charles, 13; Jennie, 15; and May, 16, who is living in Buffalo, Ontario. Detectives Cameron and Goodman took charge of the case, and locked up Sandy Durfee and Harvey Spratt, who was outside the house at the time of the shooting in an automobile talking to Maud Durfee in order that they should be held in custody. The World representative was at the scene of the shooting several minutes before the police, or any other newspaper man, had tried to get a statement from the woman before she passed away. Falling in this, he called several doctors, all of whom were out at that time. He returned to the house and was in time to direct the police patrol to the scene of the shooting.

WOMEN TO FIGHT TILL VOTE GRANTED

Mrs. Pankhurst Says It's Necessary to Strike Government Thru Other People.

DUNDEE, Scotland, Jan. 30.—(Can. Press.)—Well organized bands of suffragettes raised a pandemonium during the ceremony of conferring the freedom of the City of Dundee on Premier Asquith here today. The premises had hardly been acknowledged the honor when shrieks of "Traitor! Traitor!" resounded thru the hall. Stewards and policemen were soon busily occupied in throwing the women out of the buildings. Howls of "You brutes, you brutes!" and sharp scurrilous remarks were heard from the hall of each convey of evictors. One woman sprang over the front of the gallery and was only saved from falling among the crowded audience 20 feet below by the skirts and held her suspended. Geo. D. Smith Dead. MONTREAL, Jan. 30.—(Can. Press.)—The death occurred suddenly tonight in his apartments in the Windsor Hotel of George D. Smith, general superintendent of the Canada Steel Foundries, Limited, after connection with those interests since 1889.

SUCCESSFUL CAMPAIGN CLOSED

Some of the most prominent workers in the campaign to raise \$100,000 in Toronto for the Booth Memorial Fund.

SPLENDID RECITAL BY CHURCH CHOIR

Overflow Audience Listened to Vocal and Musical Program Last Night.

IN THE METROPOLITAN

Big Choir of Children Gave Vocal Renditions in a Charming Way.

The Metropolitan Church was not large enough to contain the people who gathered to hear the annual concert of the church choir last night. The seating capacity of the church is 2200, and all seats were occupied. Hundreds of people stood up wherever standing-room was available. To say that the big church was filled to the doors is no figure of speech, but a fact. It is estimated that 2500 people heard the concert, which is to be repeated at a date to be announced shortly. The groups of the choir against the background of shining organ pipes under the vaulted roof made a pleasant picture in grays and blacks that was in keeping with the beautiful church interior. The white dresses of the children's chorus grouped on either side of the choir relieved the picture's soberness. The regular choir of eighty voices, which has reached a high degree of perfection in the difficult art of singing choral music, was sung by Miss H. George Bruce, and a children's chorus of 125 voices. The church organist, Mr. H. A. Wheldon, displayed his faultless technique, and the sympathy that exists between himself and the choir was apparent. The first movement of the concert in a minor (first movement) achieved brilliantly by Miss Twobey, piano and organist, and Mr. Wheldon and organist. The organist gave a solo in concert. Three anthems, "Praise the Lord," by Ruediger; "Ave Maria," from Bach; and "Gloria," from Handel, were beautifully and impressively rendered by the perfectly trained choir. The last of these was sung by the choir unaccompanied. The anthem, "Ave Maria," was arranged for male chorus with soprano solo, and Miss F. Score was the soloist. The organist, Mr. Wheldon, displayed his faultless technique, and the sympathy that exists between himself and the choir was apparent. The first movement of the concert in a minor (first movement) achieved brilliantly by Miss Twobey, piano and organist, and Mr. Wheldon and organist. The organist gave a solo in concert. Three anthems, "Praise the Lord," by Ruediger; "Ave Maria," from Bach; and "Gloria," from Handel, were beautifully and impressively rendered by the perfectly trained choir. The last of these was sung by the choir unaccompanied. The anthem, "Ave Maria," was arranged for male chorus with soprano solo, and Miss F. Score was the soloist. The organist, Mr. Wheldon, displayed his faultless technique, and the sympathy that exists between himself and the choir was apparent.

Corporation of Trinity College

The graduates members of convocation have elected representatives on the corporation of the college as follows: in medicine, for two years, Dr. W. H. Fowler of Toronto; in law and divinity, for four years, Rev. J. S. Brantford, M.A., rector of St. George's Church, Toronto; and Dr. A. C. Martin, K.C., M.A., of Hamilton; for two years, Rev. R. W. Allen, M.A., rector of Whitby.

GEO. W. VAUX GETS BIG PROMOTION

Local Official Appointed Passenger Agent in Chicago For Union Pacific.

George W. Vaux, Canadian passenger agent of the Union Pacific and Southern Pacific lines, with headquarters in Toronto, has been appointed general agent of the passenger department of the Union Pacific Railroad, with headquarters in Chicago. The appointment is considered to be one of the most important that have been made in railway circles during the past year. The position places Mr. Vaux among the high officials of the road, and he will be in charge of practically all the passenger business in the eastern section of the line. The story of Mr. Vaux's railroad career is not unlike that of many other prominent men heading the various transportation corporations in America. Commencing service with the Grand Trunk in 1885, he was first an office boy in the general passenger department. He was subsequently clerk and later chief clerk. In 1900 he was promoted to the position of assistant general passenger agent, and nine years later moved in the same capacity to Chicago. In 1911 he was appointed general passenger agent at Montreal, and subsequently transferred and accepted the position offered him by the Union Pacific lines.

NEWSPAPERS WIN OVER THE BOOKS

Young Debaters Proved That the Press Has Greatest Influence.

Newspapers are more important to the age than books. At least that was the decision of the debaters who made the walk-in ring at the Parkdale Methodist Church last night. Maxwell Samuel, David Brody and Henry Borsook, the youthful orators from the Central Neighborhood House, who bore the brief of the press, were of the opinion that the ordinary newspaperman of today has Carlyle, Ruskin, Homer, Dickens, Shakespeare and all the other high-brow writers of the dead ages backed into the Nick Carter class, in so far as great influence upon the world is concerned. "Stop the printing presses of this great country tonight," dramatically declared Samuel, "and then picture to yourself the plight we would be in tomorrow morning. The wheels of commerce would cease to grind out dividends; the banks would close their doors; the women of our land would have nowhere to go for their fashions." But this argument did not impress the youthful Methodists Charles and R. Harris and R. Strandfield, who played a losing forensic game for the dead-and-gone ancients. They came back with the statement that the world would wallow in grief were the books and hymn-books to be taken from it. As the newspaper advocates, however, were all three of the Hebrew persuasion, this argument did not bring any consternation to their ranks. Both sides to the argument, however, displayed great skill and evidence of much study of their subject. The winning team is an evidence of the value of the year of work of the Central Neighborhood House in the Ward.

TRAIN SPED WITH DYING MAN ABOARD

Laborer, Badly Injured, Rushed Sixty Miles to Toronto Hospital.

DOCTOR IN ATTENDANCE

D. Enright Was Struck by Handcar at Horning's Mills.

With injuries so serious that the doctors entertain only the slightest hope of his recovery, Daniel Enright was rushed to Toronto last night on a C.P.R. train and taken to the General Hospital. Dr. Robert Davis accompanied the man, and during the trip had to give him constant medical attendance. Enright was hurt at Horning's Mills in Dufferin County, about 60 miles northwest of Toronto. The man had been employed for some time on the construction of a power dam. A handcar was being used to transfer the sand from the railway cars to the cement mixer. The car attained considerable speed on one portion of the track owing to the grade. For some reason Enright happened to be on the railway track. Before he was noticed, or before he himself became aware of his danger, the car struck him. He was hurled many feet, alighting on a pile of stones. Commerce carried the injured man to the engine house and summoned Dr. Davis. After making a superficial examination the doctor said that Enright had probably been fatally injured. He decided to have him rushed to Toronto. Dr. Davis found that the man had a compound fracture of the right arm, a compound fracture of the right leg, internal injuries, scalp wounds, and that his face was swollen. Enright is single, and had been employed as a laborer. He lived at Horning's Mills. He was conveyed from the train to the hospital in F. W. Matthews' private motor ambulance, which had been wired for from Horning's Mills.

NOT READY YET TO GIVE ANSWER

British Government Has Not Reached Decision on Anglo-American Treaty.

LONDON, Jan. 30.—(Can. Press.)—The British Government has not yet reached a decision on the question of the resumption of negotiations for the ratification of the Anglo-American arbitration treaty signed on Aug. 3, 1911, and which Secretary of State Knox declared that the United States was prepared to ratify. Sir Edward Grey, secretary of state for foreign affairs, made this announcement today in reply to a question on the subject in the house of commons. The whole United States note would be carefully considered, said Sir Edward, before any reply was sent to Washington. The inquirer had asked the foreign secretary if any answer to this part of the note had been sent, and suggested that the other powers might be asked to join in a simultaneous reply. HAMILTON HOTELS. HOTEL ROYAL Largest, best-appointed and most centrally located. \$3 and up per day. American plan. 57 St. Hamilton, Ont. Helps for the Afflicted Artificial Limbs, Trusses, Supporters, Crutches, Etc. WELLAND YOUTH FORTUNATE BOY

Has Been Awarded First Harvard Scholarship by Toronto Graduates.

GRANDDAD LIVED HERE

Harvard Avenue Is Named After Former Toronto Druggist.

Young John Harvard, grandson of the Toronto citizen after whom Harvard street was named, will be the recipient of the Toronto Harvard Club scholarship. The fortunate boy is the son of Bert Harvard of the Plymouth Cordage Co., Welland, Ont. The existence of the young Canadian relative of the founder of the great American university, was brought to the attention of the club last night, when he was their guest at a meeting held in the arts and letters clubrooms. The fact was mentioned that Harvard provided that every legal descendant named John should have free tuition at the university, or college, as it was then named. President Parker H. Kemple appointed a committee comprising Benj. Gould, B. Trainor and Dr. Logan to make arrangements whereby the boy should receive the benefits of the scholarship, also to trace the relatives of the Harvard family in Canada.

FEW MONEYED MEN CONTROL INTERESTS

Continued From Page 1.

tries. In the meantime the revision of the Bank Act should be postponed until that commission had reported, and the banks should be renewed at this session, not for the full ten-year period, but for two years, as suggested by the member for South York. Mr. Emmerson said that Major Currie had been at pains to announce that he owed money to any of the banks, thus leaving it to be understood that members less fortunate in that respect than himself could not fearfully discuss the bill before the house. "Here," he said, "I am a debtor to a bank and expect to have many business dealings with the banks in the future, but I propose now the less to express my views on the present situation in Canada, which, to my mind, is most alarming." Fears Money Trust. Mr. Emmerson said that there was every prospect of Canada being controlled by a money trust such as prevailed in the United States. There were 48 men who were directors in 121 of the biggest corporations in Canada, and he estimated that 48 were in directing force in 90 of these corporations, which controlled all the banks, insurance companies, trust companies and all the big financial concerns in Canada. These 23 men, thru interlocking directorates and financial influences, practically controlled the financial affairs of the country. Nine of the 23 men lived in Toronto, 13 in Montreal, and one, Lord Sigmond, in England. This group controlled the wealth and power there was a terrible menace to the country. "We are facing," said Mr. Emmerson, "a gigantic struggle between the great corporations and the people. I propose to stand with the member for South York, on the side of the people. The power exercised by the corporations is overwhelming. We see it in the play of the bidding on the left and right of the Speaker. This condition of affairs did not begin one year or two years ago. It has been under Liberal and Conservative governments alike."

Bill in Bankers' Interests

Mr. Emmerson said that he had been amazed to make the light of the charge that the present finance minister had been placed in the cabinet by the big interests, as their representative, and that he had been chosen to carry out their will, but the present bill caused him to regard the charge more seriously. The bill proposed to strengthen the financial hold of the Canadian Bankers' Association and afforded no relief to the people. "I was greatly pleased," he continued, "with the courage of the member for North Ontario (Major Sam Sharpe), who made an excellent speech in the house the other night. I was in hopes that this important question was to be discussed on its merits on both sides of the chamber. But now we are given to understand that the government supporters have been gagged and bound and will not be allowed to offer any further criticism upon the bill." For Government Inspection. Mr. Emmerson declared himself in favor of government inspection. When a franchise was granted to any corporation the government should insist upon receiving some compensation, and upon retaining some supervision. Mr. White had pointed out many reasons why the government did not care to undertake the responsibility of inspection. "Let me ask him why it is that the banks are so opposed to outside inspection," he said. Mr. Emmerson also declared himself in favor of more protection to depositors and as being against any further bank mergers. Mr. Buckle, Liberal member for Medicine Hat, thought that the lien upon the grain of the farmer should be extended to live stock and horses. He also favored state loans to farmers, as in Australia. Mr. Kyrie (Richmond, N.S.) thought that the government should pay a higher rate of interest upon the savings of the people, and should loan out some of this money to secure the farmers. Speaking of bank mergers, he said that ten years ago there were ten banks in the Maritime Provinces, but there were only two, the Royal Bank and the Bank of Halifax, which were being managed respectively from Montreal and Toronto. Foreboding Legislation. J. G. Turritt, Liberal member for Antinola, said the house was indebted

SCHOOL AGE WILL BE RAISED FROM FIVE TO SEVEN YEARS

Board of Education Will Ask For Legislation This Session—No Medical Inspection Just Now in High Schools—Dr. Noble Criticizes East End Creche.

Chairman Hiltz will head a deputation from the board of education to Hon. Dr. Ryne to ask for legislation at this session to fix the school age at seven to fourteen, instead of five to fourteen, as at present. Dr. Conboy told the management committee yesterday afternoon that he sent the resolution of the board in favor of the change to seven years last fall. The committee was unanimous for a vigorous effort to procure an immediate change in the law. A report showed that there are 1913 children in the first-book classes. "The same number as the state of seven years," remarked the trustee. Ninety per cent of the school principals reported against the present system, and in favor of the change to seven years. The five school inspectors were unanimous in reporting that text-book instruction before the age of seven was positively injurious. An early appointment with the minister will be arranged. Need More Room. Inspector Hiltz reported that Roden and Frankland schools require to be enlarged by twelve-room additions this year, and twenty-six other schools would require from two to six-room additions. Trustee Hiltz said: "We need 260 classrooms and we must get half of them built." The requirements will be dealt with by the property committee this afternoon. The proposed abolition of fees in the night high school classes at Jarvis and Harbord was negated.

Deliberate False Returns

Mr. Turritt dealt with the question of merger, holding that two banks should only be allowed to amalgamate by act of parliament. He severely criticized the continued inactivity of the banks in costly buildings, and said they were deliberately making false returns to the government. He said that the proposals as being worth only a nominal figure. Mr. White's bill, he said, was a bill which ignorantly satisfied the Bankers' Association. He said that the bill was being presented by the finance minister. The bill would hasten the coming monopoly in Canada which had been established by the banks. He said that the bill would control the railways, and whoever controlled the railways, and the railways would absolutely dominate the industrial situation of the country. Mr. Turritt, in conclusion, urged that the Bank Act be strengthened so as to prevent the banks charging usurious interest. He suggested that any bank officer demanding or accepting more than seven per cent interest be fined for the first offence \$1000, for the second offence \$500, and be imprisoned for three months. Mr. Turritt continued by Mr. Warnock (Macleod), Dr. Clarke (Red Deer), Mr. German (Welland), and Mr. Pardes (West Lanes). They urged that the government inspection, more protection for depositors, and stricter limitations upon the power of the banks to charge excessive interest be insisted upon. They united in condemning the bill as making no change in the existing Bank Act, which had remained on the statute book all these years with little amendment.

Opposes National Bank

Hon. W. T. White criticized the proposal to establish a big national bank, to be known as the Bank of Canada, thru which the government should issue all the currency now issued by the banks, saying there was no demand for such a measure. He also criticized the proposal to have the government issue Dominion notes secured by gold reserve of less than 100 per cent. These notes, in his opinion, would not circulate unless the country resorted to that money. He regretted that the banks could not obey the law which limited interest charges to seven per cent, but he doubted if anything should be done in this regard by the government. He suggested that the banks would discontinue establishing branches in newly settled portions of the country unless they were permitted to charge more than seven per cent. At the same time he agreed that 12 per cent, or even 10 per cent, was extortionate.

On Sale Friday & Saturday

Five Big Volumes, \$1.98 REGULARLY SELLING AT \$12

Here is the greatest bargain in books ever placed before the people of Toronto. Five handsome volumes of Everybody's Cyclopaedia, bound in English cloth, for the small sum of \$1.98. The great dictionary was conducted by The World some time ago was considered the most complete and authoritative of any ever published. It is now being reissued, and is being placed in the hands of the people by placing the largest order ever given to a printing house that such an offer can be made. THE price of the large Cyclopaedia Sets is usually so high, from \$50 to \$100, that they are invariably sold on the installment plan. The price of the new Everybody's Cyclopaedia, however, is so low, that a review of all these various large and good cyclopedias since 1900 there were only two, the Royal Bank and the Bank of Halifax, which were being managed respectively from Montreal and Toronto. Foreboding Legislation. J. G. Turritt, Liberal member for Antinola, said the house was indebted

Made-up English Brussels Squares, tan Oriental, size 5 3 x 7 3. February sale **3.85**

Best Five-frame English Brussels, green chintz, 9 0 x 9 0. February sale **15.75**

Handsome "Tan Oriental" 9 0 x 9 0. February sale **11.95**

Rich Red Chintz, English make, 9 0 x 10 0. February sale **15.75**

Blue Floral Chintz, English make, 9 0 x 12 0. February sale **15.75**

Forty Rolls of Good English Tapestry Carpets, floral, chintz and Oriental and green chintz, really good lot to select from at a 40 per cent. per yard reduction. They are standard regular goods, which we are clearing at a special reduction. The manufacturers of these goods are bound to get an accumulation from time to time of odd rolls, which have been put aside as not quite perfect, sometimes a slight smudge on the surface, or some other minor defect, sometimes a slight irregularity in the pattern, but they are not defective in the least, and yet often the irregularity is so slight that it is hardly noticeable to the ordinary person, and the wearing quality is not affected in the least.

We can sell all we can get of them very quickly, and it gives us a chance to offer them at a price reduction which keen buyers know means a lot.

The Linoleum is Two Yards Wide Only, and we will clear it at, per square yard, 48 inches x 48 inches, 44 inches x 44 inches and 30 inches x 30 inches **1.25**

Big Special Values in Men's Winter Overcoats

60 only in the lot, which sold in the regular way all season at \$24.00, \$22.00, \$20.00 and \$18.50. On sale Saturday at **15.00**

They consist of broken lines and odd sizes from our regular stock; double-breasted ulsters of fine Scotch and Irish ulstering cloths; thick, lofty fabrics, in which you get warmth without weight; also some single and double-breasted Chesterfield styles, with self collars; others have velvet collars. In the lot are a number of the new style "Guards" coats, which promises to be a great favorite for next season. They are made 43 to 46 inches long; double-breasted, with full back, drawn in with one-piece belt, causing the fullness to fall in pleats down to the bottom; sizes 34 to 42. On sale Saturday **15.00**

Designed with broad shoulders, full cut back and short length coats; full cut waist, seat and legs. Cut and designed for the fat chaps. Made from grey and brown tweed cloths. Splendidly tailored. Sizes 12 to 17 years. Saturday **5.95**

Men's English Boots

A. E. Marlowe, of Northampton, is one of the largest manufacturers of High-grade Boots in England. One of our best Toronto wholesalers handles this line exclusively, but at stock-taking found he had too many winter styles. For a quick clearance to make room for spring stock he offered us the entire range at almost half price. The Boots are here. We have added our small margin of profit, and they will be sold Saturday morning. Read full description below:

ENGLISH TAN CALF BOOTS, \$2.95. English leather and workmanship, with American styles, is a grand combination. There are four different styles in English tan willow and hazel brown calfskin. Some are calf lined, with bellows tongue; some have double viscolated, waterproofed soles; some have full wing toe-caps, neatly perforated. Every pair made by the Goodyear hand-sewn process. The sizes are 5 to 11, and the regular selling prices 2.95 were \$4.00, \$4.50, \$5.00 and \$6.00. Saturday, 8 o'clock **2.95**

Time 1:12 1/2. Orms, Mather, Galt, Ruth, Esther, Deerfoot, Gay, Ben Greenleaf, Aramones and Horton also ran.

GRAND PRICES FOR THE WILKS STANDARD BREDS

Great Sale of Horses at the Repository—Top Price For Gray.

One of the greatest gatherings ever brought together on such an occasion witnessed probably the greatest sale of standard bred horses ever held in Canada, when Miss K. L. Wilks' fine horses were sold at the Repository yesterday. The sale was conducted by the proprietor, Mr. C. A. Burns, in his usual excellent manner, and his extensive knowledge of standard-bred blood enabled him to do full justice to the merits of the choicely bred horses in this sale. The arena and stables had been beautifully decorated by the Roberts, and the horses were paraded at 11 o'clock and there was not the slightest hitch in the management of the sale from start to finish, each horse being brought out as quickly as the hammer fell on the preceding horse. The horses brought grand prices, Miss Wilks having a special report as follows: Daisy, grey mare, \$250; Blanche Pilot, brown horse, \$200; Harry, brown horse, \$150; Jim, brown horse, \$100; and many others.

HEAVY TRADE AT MAHER'S HORSE EXCHANGE

This week's trade at Maher's Horse Exchange has been exceptionally strong and a large number of sales took place. The mid-week sale was well attended and prices were right. The private sales, however, were the greatest features for the week, and resulted in a number of carload shipments east and west. A consignment of contractor's horses from Gaffney, Ltd., was disposed of, in addition to a large number of sound heavy draught horses fresh from the country. Some out of town buyers were present, and a number of cars of excellent stock to Renfrew; R. S. O'Neill shipped a carload to Port William; Mr. Dan Boyce purchased a carload for shipment to St. John, N.B.; N. Knippel, Renfrew, Co., purchased a carload for shipment to St. John, N.B.; and J. L. Dolson, Kettleby, L. Emerson, Davisville, Hugh Clark, Agincourt, City buyers were, R. H. Scott, E. Hinks, the Harry Webb Co., Ltd.; J. A. Musgrove, E. Crofton, J. Brennan, John Miller, M. Padgett, Toronto Fire Brick Co., and others.

Belleville Ice Races

BELLEVILLE, Jan. 30.—The horsemen of Belleville and district will hold their first race here on Feb. 15 and 16. The following committee of management was appointed: L. R. Ferrell, W. H. Clapp, H. E. Fairfield, F. Powell, Dr. Clapp, Mr. W. Carney is secretary. The classes and heats will be as follows: First day, Feb. 15—2:30 class, purse \$125; 2:20 class, purse \$175. Second day, Feb. 16—2:30 class, purse \$125; free-for-all, \$200; 2:30 class, purse \$100.

Wherever the Flag flies, "KING GEORGE IV" Whisky flourishes. It is the favourite beverage, not only here, but throughout the many lands of the British Empire, because of its mature ripeness, soft refinement, and exquisite flavour.

FRIDAY MORNING, JAN. 31, 1913

LET THE CITY BUILD THE HUMBER VALLEY CAR LINE

The city will make no mistake in taking over the Humber Valley car line rights-of-way offered by Home Smith. The lines will pay twice months after the start—enough population will go in and build and live there the moment the deal is announced that will pay the interest on the investment by the time the cars are ready for business.

WHEAT DUTIES AND PRICES.

Undertaking to answer The World's remarks the other day that "a rearrangement of the existing duties on British food imports would have distributed, not increased, the burden on the consumer," The Globe, free trader in theory, the not in practice, answered in effect that a duty on flour would have increased the price of bread.

BANKING IN THE STATES.

Saturday Evening Post: We now have the parcel post, and postal savings banks, and they are providing good. Both are borrowed from Europe. Another un-American borrowing from Europe is ahead of us. No other country would tolerate one which breaks down every time a severe strain comes. In other countries the banks are well as in fact. There is headship; there is a concentrated, there is reserve that is serviceable in foul weather as well as in fair.

EQUAL FRANCHISE IN NEW YORK STATE.

In 1912 the Empire State of New York will in all probability vote on an amendment to the constitution granting women suffrage rights on equal terms with men. The bill passed the senate last week with only one dissentient vote, and on Monday the house of assembly also endorsed the proposal with only five objectors.

TORONTO CENTRE OF THE MUSICAL TRADE.

Toronto with its university and the encouragement it gives to the study of music (it ought to give more) and with her numerous colleges for the teaching of singing and playing; with her singing societies and numerous choral organizations; with her bands and orchestras; with her generous patronage of everything that is good in music that comes to our halls and theatres, is one of the recognized centres of the art in America.

DEMOCRATS WILL CONTROL.

On March 4 the Democratic party in the United States will assume control of the federal executive and legislative of the United States. It is now

A SUCCESSFUL YEAR.

Close to fifty million dollars is the volume of policies now on the books of the Newcomb Life Insurance Co. This was one of the outstanding features of the excellent report presented at the annual meeting of the company yesterday.

THE SYSTEM, NOT THE OFFICIALS.

It was fairly well brought out in Wednesday's council meeting that the weaknesses in the waterworks department were the result as The World has always contended, of constant interference by the city council. If the officials were to blame, it was in complying with the orders given them.

NO IDLE HANDS.

One eminent advantage of the plan by which the controllers are each made responsible for a department will be to keep them busy. Controller Foster was the strongest opponent of the plan, for reasons best known to himself. The new system will require the controllers to pay much closer attention to their own business, and will make it less easy to run around picking out points for election purposes.

COMMONS MUST BE FREE.

Toronto News: Bank Act revision is not a party question. If there is any subject before parliament which demands complete and free discussion without reference to the party in power, it is the correction of inequalities in the duties on imports and exports. The house of commons should study the bill from an independent viewpoint, examine it as closely as may be, and make such whatever revisions be made, that they are the absolute business views of the majority of the members.

PROGRESSIVE IDEA NOT FAVORED IN MANITOBA.

WINNIPEG, Jan. 30.—(Can. Press).—The resolution favoring the adoption of the initiative and referendum was rejected by the Manitoba Legislature today. It was defeated on a straight party vote with the exception of Mr. Malloy, Liberal member for Lavander, who voted with the government in favor of the resolution.

BANK ALIENATION.

Peterborough Review: There is a decidedly growing demand in Canada—and neither political party will be able to ignore it—that bank mergers and money centralization shall be limited. It is a well-known fact that already two powerful groups of financiers—one in Montreal and the other in Toronto—pretend to have a financial operation in Canada. It is not a full citizenry into the Macdonald election, asked the local government members to co-operate in the clearing up of a trust, the so far affairs have been regulated with reasonable fairness.

DUKE'S VISIT TO MONTREAL.

MONTREAL, Jan. 30.—(Can. Press).—Preparations are being made by Sheriff Lemieux for the official visit of His Royal Highness, the Duke of Connaught to the court house, which is planned to take place on Tuesday next.

ST. KITTS REACHES OUT FOR NEW INDUSTRIES.

ST. CATHARINES, Jan. 30.—(Special).—Bylaws to grant partial exemption to the E. F. Goodrich Co., the huge Akron, Ohio, rubber concern, to establish a Canadian branch here, and also to W. J. Brigger, Hamilton, for the location here of a jam factory, were given the necessary readings tonight, and will be voted upon Feb. 25.

Godfrey Langlois, M. L. A., Says People Are Apathetic in Matters That Count.

MONTREAL, Jan. 30.—(Special.)—Godfrey Langlois, the very independent M.L.A. for St. Louis, gives a parting blast to his compatriots prior to leaving for Paris to join his family.

Commenting on the fact that while Ontario has over 8000 miles of railway Quebec has not 4000, Mr. Langlois, in an interview, says that it all comes from the people's apathy in matters of serious importance to the province during the past thirty years, and how much more profitable it would have been had the people taken up matters of practical importance.

LIPTON'S TEA

AIMS TO PREVENT CHARTER PEDDLING

Proposal in Senate That Authority Be Given to Railway Commission.

TO PROTECT INVESTORS

Gullible Individuals Victimized Under Present Loose System, It Is Alleged.

OTTAWA, Jan. 30.—(Can. Press).—A new way of issuing railway charters was today considered by the senate. Senator Davis moved the second reading of his bill providing for the granting of charters to railway companies by letters patent from the state department on the recommendation of the railway commission, which shall act only after an examination of the proposals and a report upon it by the engineers. It is stated that the present practice of issuing charters by parliament made operations too easy for charter mongers. Many charters were obtained by these people only to sell to some innocent investor. These people wasted a good deal of parliament's time.

Applicants have to make a survey as a preliminary to applying for a charter, and have to make a deposit with the government, which will be held until the road is built and all debts settled. The bill had been passed by the senate last year, but failed in the house of commons for lack of time. The original charter of the C. P. R. had been granted by letters patent and not by act of parliament. That was a successful application of the principle of the bill.

Might Widen Scope.
Senator Bequith said the bill proposed a new departure, as parliament has never assigned to a department the authority to expropriate land and property. The railway commission, he thought, could learn more about a railway project than could a parliamentary committee. "It might be well to require a report from the railway commission for each railway charter applied for." Senator David said that if the principle was good, it might be applied to bills for banks, loan and insurance companies, and everything else so finally there would be little use for parliament. He did not see why parliament should divest itself of the authority it had over railway legislation.

Sir George Approves.
Sir George Ross saw no objection to the bill going to committee for examination. "There seemed to be considerable good in the bill. The provision which proposed to provide that bonds should represent closely the value of the property which secured them seemed good. So did the provisions designed to prevent charter mongering. It might be well to restrict the authority of the secretary of state to some extent. It might be well to limit his right to granting charters to railways over or under a specified mileage and the government might want to have authority to refuse an application for a line where it intended to build itself. The Hudson Bay Railway was a case of this kind and it might be the government would want to build extensions to the Intercolonial."

Senator Dandurand agreed with senator Ross that this bill should go to the railway committee and be considered. The bill was given second reading and referred to the railway committee.

YOUNG TURKS NOT EAGER TO FIGHT

Willing to Let Powers Settle Disposition of Part of Adrianople.

WOULD HOLD AEGEANS

Their Cession Would Create Permanent Centres of Agitation, It Is Asserted.

CONSTANTINOPLE, Jan. 30.—(Can. Press).—In its reply to the joint note of the powers the Young Turk government asserts itself boldly. Apart from proposals to divide Adrianople and a plea for the retention of the Aegean islands, the new government takes advantage of the occasion to press for relief from the fetters of tariff and foreigners' extraterritorial rights, under which the Turks have long chafed. "The Ottoman government does not hesitate to recognize that the conclusion of peace corresponds with the hopes and interest of all," says the note, "and that it is desirable to put an end as soon as possible to a struggle which it in no way provoked."

"The imperial government has already given undeniable proofs of a conciliatory spirit by consenting to immediate sacrifices in Adrianople, being an essentially Musulman town and the second capital in Turkey, and therefore indissolubly bound up with the empire, the mere rumor of its cession provoked a sentiment of rebellion throughout the country, and aroused such excitement as to bring about the resignation of the last cabinet."

In Hands of Powers.
"The Turkish government is willing, as a final proof of its pacific disposition, to place itself in the hands of the powers regarding that part of Adrianople situated on the right bank of the Maritza River. The mosques and historic monuments are on the left bank, and the retention of that section is a necessity which the government cannot fail to take account of without exposing the country to a commotion which might result in the gravest consequences."

Regarding the Aegean islands, the argument is set forth that those nearest the Dardanelles are indispensable to the defence of the capital, while the others, forming an integral part of Asia Minor, are no less indispensable to the security of the Asiatic possessions. Any diminution of Turkish authority, therefore, would transform them into centres of agitation, which would spread to the adjoining shores and create a state of unrest, similar to that in Macedonia, which has threatened and still threatens the tranquillity of Europe."

Abide by Decision.
Turkey offers to abide by the decision of the powers regarding the status of the islands occupied by the left bank, if they have regard for the foregoing consideration and the integrity of the Dardanelles, which the note cleverly contends is a question of the highest importance to Europe. In conclusion, the note says: "The imperial government is convinced that the great powers, in a spirit of justice and equity, will recognize the extent of the sacrifice to which Turkey has consented, and will agree that the Sublime Porte would be right in rejecting any further demands which might be raised by the Balkan allies."

INITIATIVE AND REFERENDUM DEFEATED

TOPEKA, Kan., Jan. 30.—(Can. Press).—The initiative and referendum was defeated in the Kansas House of Representatives today. The measure received only seventy votes, 88 being the two-thirds necessary to carry.

MERRY RATE WAR NOW IN PROSPECT

C. P. R. Refuses to Join Pool Controlling Emigrant Traffic From Trieste.

CANADA WILL BENEFIT

Cut in Steamer Charges Will Stimulate Tide of Emigration.

BERLIN, Jan. 30.—(Can. Press).—The North Atlantic steaming conference, which began its sittings here Tuesday, ended abruptly today when the Canadian Pacific Railway refused to join in the pool. The other members unanimously decided to renew the combination, and there is a prospect of a lively rate war for storage business from Trieste.

A statement was given out by the conference, declaring that the lines represented failed to reach an agreement with the Canadian Pacific Railway, and decided to continue without that company's co-operation. A representative of the Austro-American line announced the intention of his company to inaugurate a regular service between Trieste and Canada. Held Out Olive Branch. George McL. Brown, the London representative of the Canadian Pacific, in an interview later, referred to the fact that the Canadian Pacific's Antwerp line withdrew from the pool last year. He said the chief business of the present conference was to endeavor to join in the Canadian Pacific back. He declared that the conference had flatly demanded that the Canadian Pacific Railway surrender its contract with Austria for its new Trieste-Canada line and pay a default. The combination offered not a single recompense of any nature, and he had therefore refused to join.

Mr. Brown added that the Canadian Pacific Railway faced the situation cheerfully, and was prepared to meet any rate reduction by the pool. He expressed the opinion moreover that low rates would benefit Canada. Both the Canadian Pacific and the Austro-American Companies expect to begin the Trieste service in March. The latter line is controlled by the Hamburg-American and the North German Lloyd.

Miss George's Recital.
Miss Margaret George's debut as a dramatic soprano takes place next Tuesday evening in Forester's Hall. Miss George has been abroad for the past year, and decided to return and give a series of recitals throughout Canada. She has an extensive repertoire, and her program includes a group of English, French, Italian and German songs. Her many friends will be much interested in hearing what Miss George has accomplished during the past year. Her assisting artists will be Ludwig Von Kunitz, violinist; Walter Kirschbaum, pianist; and Messrs. Thomas and Arthur George.

ASK GOVERNMENT FOR LARGE GRANT
Western Fair Will Increase Prize List and Improve Show.

A deputation from the Western Fair, London, visited Hon. J. S. Duff, minister of agriculture, yesterday and asked for \$10,000 from the federal grant to agriculture and an equal amount from the provincial department. Hon. Adam Beck introduced the bill, which was read twice. He said that the money was desired to increase the prize list and to make various improvements to the fair. Hon. Mr. Duff could make no definite promise, but stated that the government would give the fair association "something."

CANAL COMPANY GETS EXTENSION
Railway Committee, After Hearing Explanation of Delay, Recommend Renewal.

OTTAWA, Jan. 30.—A bill extending the charter of the Montreal, Ottawa and Georgian Bay Canal Company was brought before the railway committee today.

ARBITRATION TO AVERT BIG RAILWAY STRIKE
NEW YORK, Jan. 30.—(Can. Press).—Before the strike vote of the firemen is counted, which the conference committee of managers for the fifty-four eastern railroads affected admit will show ninety per cent of those voting favor a strike, the committee issued a statement tonight repeating its offer to refer the differences to an unprejudiced board of citizens for settlement.

Canadian Club.
A regular luncheon of the Canadian Club will be held at McCortney's at 1 p.m., on Monday, Feb. 5, 1923. The club's guest will be Sir Edmund Walker, C.V.O., LL.D., whose subject will be "The Needs of the University of Toronto." As the attendance will overtax the accommodation, members are advised to secure tickets early, and in any case not later than 11 o'clock on the day of the meeting.

For Winter Work

or winter play you need a food that contains heat-making, tissue-building material in a digestible form. Natural warmth and bodily vigor come from eating

SHREDDED WHEAT

because it supplies in a digestible form all the body-building, blood-making elements in the whole wheat grain. Heat the Biscuit in the oven to restore crispness; cover with hot milk and a little cream and serve with stewed prunes or other stewed fruits. The combination makes an ideal dish for the winter days, supplying all the strength needed for work or play and keeping the bowels healthy and active.

DR. DOCTOR
ALL DRUGGISTS

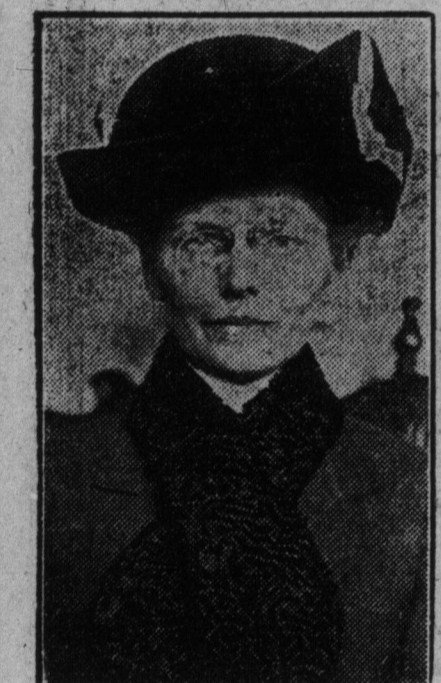

COMPLETE LIST OF PROVERB WINNERS

Continued From Page 1. Fifteen days' time, or until midnight, Dec. 31, to prepare their solutions and submit their answers.

Careful Checking. Every set of answers were carefully compared and checked with the correct solutions. When a contestant's set of answers was found to be eligible for a prize it was necessary to revise and recheck it several times, in order to reduce to a minimum the slightest chance of a possible error on the part of the clerical force.

When a contestant failed to follow the exact spelling and punctuation, and there were thousands who failed on these little points—the answers were marked wrong equally, and upon an even basis through the examination.

Little Points Counted. Many competitors will, after a first reading of the correct answers, think

MISS CHANDLER, 15 Manchester Building.

that they missed a lesser number than they really did. But if they will go over the correct list of proverbs carefully and consider the misspelled words, words left out, and the omission of various marks of punctuation, contained in many of the correct proverbs, they will be able to easily and quickly discover their mistakes, all of which played such an important part in eliminating them from the eligible winning class.

While nearly all of the proverbs were answered correctly, in different sets submitted, it is singular that no set of coupons contained a greater number of correct answers than those sent in by the first prize winner, namely, fifty-nine absolutely correct answers.

In many instances the examining board were compelled, with regret, to lay aside a neat and artistically arranged set of answers which would have entered the winning class had it not been for such small trifles as the misspelling of words, and omission of proper punctuation.

But these points of penalization were the rules, and the rules of the contest had to be followed, otherwise it would not have been a contest of fairness and equality.

How Answers Were Checked. The method employed in checking the answers was one of the most accurate that could be devised. The name and address of the contestant, which appeared upon each set of answers, was written at the top of a

THOMAS H. MEREDITH.

record sheet, a column for recording wrong answers and a column for coupons placed upon the sheet. The examining clerk began at the last, or seventy-fifth proverb, and carefully compared the answers of the set with the correct list, checking and recording the number of proverbs missed on the record sheet.

Where a set of answers disclosed twenty-five wrong, the total results were noted upon the record sheet, the set of answers marked N.G., and placed with the non-winners. If the set of answers stood less than twenty-five wrong it was placed in the winning class to be rechecked and revised.

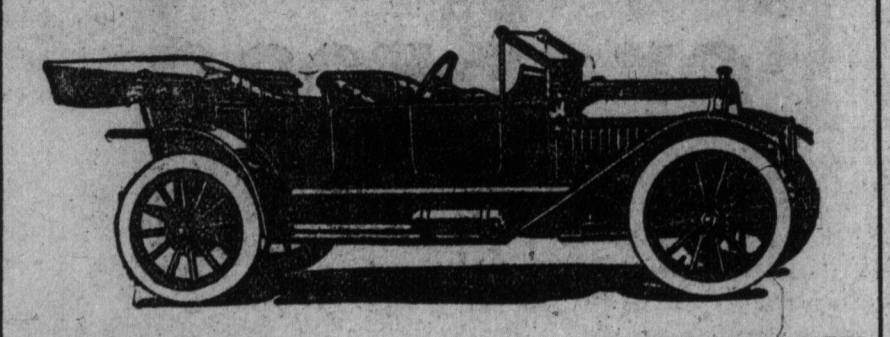

By this method the sets of answers containing the least number of mistakes were finally eliminated from the great mountains of sets of answers submitted. Where contestants had an equal number of correct answers the one with the least number of coupons was placed in the lead, which was fully in accordance with the rules.

All the contestants can rest doubly assured that their sets of answers had the most careful scrutiny and most rigid examination consistent with a full compliance with the rules and regulations.

Hearty Comment From Thousands. That the competition was amusing and instructive from an educational

LIST OF PROVERB WINNERS AND PRIZES THEY WON

1st Grand Proverb Prize \$2250 Jackson Touring Car

Purchased from The Jackson Car Co. OF ONTARIO, LIMITED 358 High Park Ave.

Toronto World Office, Toronto, Ont., January 21, 1913. Contest Manager, Toronto World Company, City.

Dear Sir:—After careful investigation of the examining, checking and filing of the answers submitted in The World's Proverb Contest, and which we have found to be carefully and accurately completed, we have awarded the prizes, and authorize you to distribute them as per the attached list of winners' names.

COMMITTEE OF AWARDS: L. E. Embree, Flora MacD. Denison, Thomas Wylie. THE DECISION OF THE JUDGES IS FINAL.

THE WINNERS AND THEIR SCORES

Table with columns: Prize, Winner, Address, Number Missed, Total Coupons. Lists winners from 1st to 17th prize.

Winners of Fountain Pens Who Missed 22 and 23 Proverbs

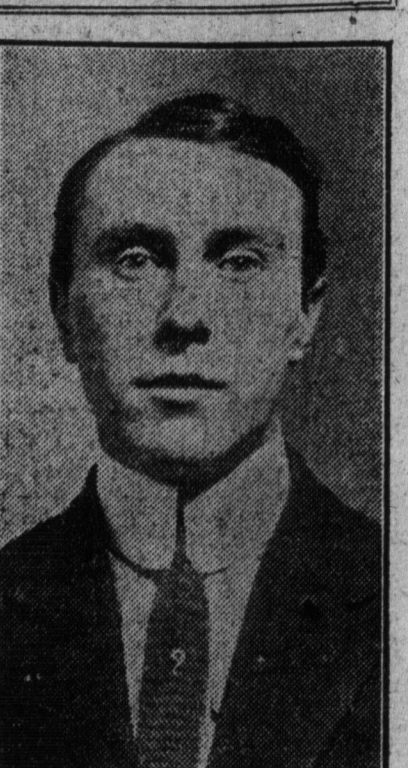

Table with columns: Winner, Address, Number Missed, Total Coupons. Lists winners from 18th to 42nd prize.

MISS MABEL GILBERT.

standpoint is fully borne out by the many clever and interesting comments that accompanied the packages of proverb answers. Nearly all contestants regretted the close of the competition, and all were unanimous in their praise for the entertainment and men-

First Prize Winner

ROBT. C. WILSON 583 Parliament St., City

set of answers accepted the rules of the contest as a contract, and no better evidence of the fulfillment of this contract can be cited than the testimonials presented by the judges themselves. Their personal attestations to these facts follow:

COMMENTS OF JUDGES ON PROVERB CONTEST

Expressions of the Judges Who Formed Committee on Awards and Their High Compliments For the Contest.

In presenting the proverb contest to readers of The Toronto World, the management of this paper felt that their sterling value in affording an entertaining method for adding to the

MRS. J. G. CHAPMAN.

store of educational assets would become generally appreciated and acknowledged by all, and in this calculation there has been no error. Mrs. Flora MacD. Denison, Pres. Canadian Women's Suffrage Association, gave her expression in the following: "One has only to look at the stacks of answers received in this contest and make a little estimate of the work involved in reaching these solutions, to get a little conception of the mental discipline that has been received by the contestants."

"They have studied proverbs, they have fixed many gems of thought, and experienced in their minds; they have done work, the

E. F. KOHL.

result of which greatly enlarges their mental horizon and increases their mental power, so whether they have won a prize or not, they have won that which is infinitely

Won Second Prize

L. P. SCHAUFLE 198 Bellwoods Ave., City

more valuable and which will remain with them as long as they live. One cannot speak in too high praise of the fairness in which contestants' solutions were handled and examined."

Thomas Wylie, advertising manager of the Robert Simpson Company, was deeply impressed with the fair and accurate method with which the examination of the answers was handled. Discussing these phases he said: "It is a real pleasure to be connected with a gigantic competition such as the Toronto World's Proverb Contest, one so intelligently and admirably handled, without bias or favoritism in the determination of the awarding the honor to serve as a member of the committee of awards afforded me the opportunity, as the contest must have afforded every contestant, to add to my store of information those epigrammatic sayings which posterity stamps with its approval and calls proverbs, while the spirit of fairness and impartiality shown by The Toronto World's contest managers have been flashed through their trying labors. Every contestant must know and feel that he has had the fairest treatment possible."

To the thousands of people who entered the contest and followed it from start to finish, The World offers its congratulations. The entertainment provided must have been interesting and helpful and even if they did not win one of the many prizes, they had secured a consolation that their time was well occupied and that next time they may land one of the grand prizes. To those who won the prizes The World extends its heartiest congratulations. Orders for the prizes can be obtained any time from now on at the business office of The World.

WINNER OF MOTOR ALMOST GAVE UP

Robert Wilson Threw Away Six Right Answers on the Last Night.

Even after tearing up six quite correct answers that he had worked out at the last minute, Robert Calderwood Wilson sent in enough right replies to win the motor in The World's Proverb Contest. Only his wife saved him from throwing away every chance he had of securing a prize. "But let Mr. Wilson, who is 21 years old, tell the story:

"On the last day I had come home from work feeling pretty tired. I felt I didn't have a chance, and was going to drop the whole thing. But my wife started to coax me, called me a quitter, and said it was a shame to let so much work go for nothing. Then I braced up and puzzled out six pictures that were still bothering me, but I was disgusted afterward and threw them in the basket. And they were right, too. I found out afterwards. At the last moment I went down to The World office with the ones I had worked out before. And out of that bunch I got six right. So even after throwing away six good ones I was safe."

Mr. Wilson, who is an estimator working for W. J. McGuire, plumber, and who lives at 584 Parliament street, has a complicated system for solving the problems. He wrote out about eight or ten likely answers for each picture, then decided them out carefully with the aid of a Proverb Book. The often tempted he never used the flipping of a coin. He was in the fight from the start, getting his World daily from a nearby newsstand. His wife, who was most responsible for his staying in the contest at the last minute, lent no assistance in the actual work, and at the outset, in fact, so he says, almost dissuaded him from entering the contest.

HARD WORK WON HIM THE PIANO

Liking For Old Sayings Helped—L. P. Schaufle Gets Second Prize.

Hard work, diligence and a liking for old sayings, have graced L. P. Schaufle, 198 Bellwoods avenue, with a grand piano. There was nothing startling, nothing unusual in the way he went after a prize in The World Proverb Contest, except that, being a railwayman, he worked on the pictures while others

FRUIT SENT IN STERILE PACKAGE

With the increasing demand for fresh fruits at all seasons of the year has come the difficulty of supplying them in a condition in which the dangers of contamination are largely averted. Decay is one of the limiting factors in the use of fresh fruits, and the many fruits that are out of season are equipped in their native form with a protective covering that calls for more than passing mention. Some time ago The Journal of the American Medical Association emphasized the

advantages afforded by the banana as a wholesome food and ventured the suggestion that this fruit, the growing popularity of which is still undiminished in American households, should be sent in its green state, largely of starch and water. The essential change during the process of ripening is a conversion of the starch into sugar. The rate of ripening is dependent on the temperature. The edible portion of each fruit is packed away in a pebble which serves a more useful purpose than has hitherto been realized. Experiments on the fruit in different stages show that the inner portions of the pulp of sound bananas are practically sterile. The peel is singularly resistant to invasion by bacteria. Even when bananas were immersed in fluids containing disease germs they did not penetrate into the interior. The probability of infection through the peel is therefore slight, the germs on the peel might be transferred to the consumer's fingers and thence to the mouth. This is an interesting example of a food delivered by nature in practically sterile packages. Nature's wholesome service should not be undone by careless methods of marketing such foods.

The upper decks of H. M. S. Iron Duke, the new British battleship of the dreadnought type, which will be ready for commission by January, 1914, is to be specially armored against

NO PARTISANSHIP IN UNIVERSITY

Hon. W. H. Hearst Urges Students Against Forming Political Parties.

KEEP BREADTH OF VIEW

Men Leaving College Should Not Have Fixed Political Opinions.

Before entering upon a discussion of the platform laid down by the Conservative party of University College, in an address before the Conservative students yesterday evening, Hon. W. H. Hearst, minister of lands, forests and mines, declared his opinion that the members of the Literary Society had acted unwisely in changing their former party lines to Liberal and Conservative and Socialist.

The view expressed by Mr. Hearst is becoming more generally held by a section of the student body, as the contest of party strife proceeds. A number of students, while acknowledging sympathy with Liberal, Conservative and Socialist principles, are anxious to see an independent element established in the society.

DUKE AND DUCHESS TO VISIT ENGLAND

Will Leave in Spring and May Not Return to Canada.

OTTAWA, Jan. 30.—The Duchess of Cornwall will return to England in the spring. The following bulletin was issued at Rideau Hall this morning: "Her royal highness is making steady progress towards recovery, and it is hoped that their royal highnesses will be able to return to Ottawa at no distant date."

"Signed, H. C. Lowther." The term of the Duke of Cornwall was arranged for two years, but it was thought that this would be extended. The two years will be up in October, and in view of the announcement made today, there is some speculation as to whether the royal party will return to Canada at all.

LAND VALUATORS DIFFER GREATLY

Real Worth of Mimico Radial Line Causes Worry to Arbitrators.

ESTIMATES AWAY OFF

Over One Hundred Thousand Dollars' Difference of Opinion Exists.

What should the city pay to expropriate the Mimico section of the Toronto and York Radial? According to the company, the price should be \$148,000. The city says the property is not worth a cent more than \$32,000, a difference of \$116,000. The arbitration proceedings before the Ontario Railway and Municipal Board are still in progress. For several hours yesterday the board listened to and debated on the testimony submitted by the valuers for both parties.

DUROCHER SURRENDERS TO POLICE OF OTTAWA

Sensational Disclosures of Crookedness in Civic Elections Coming to Light.

OTTAWA, Jan. 30.—(Can. Press.)—Charged with stuffing ballot boxes in the municipal elections, Joseph Durocher, for whom a warrant had been issued, surrendered to the police today and was released on \$2000 bail. Four others, V. Dumoulin, N. Lafleur, George Macneil, and Albert Bonit, were arraigned and remanded on charges of having voted illegally while a warrant was ordered for John Philippe, who did not appear on summons.

Principal Gordon Celebrates. KINGSTON, Jan. 30.—(Special.)—Principal Gordon of Queen's today celebrated the 68th anniversary of his birth. It is just ten years since he came to Queen's. He was born at Picton, N. S.

GOOD ROADS PLAN FOR WELLINGTON

County Council Considers Proposal to Expend Half-Million Dollars.

GUELPH, Jan. 30.—(Special.)—That the County of Wellington has a progressive council is shown in the fact that they have undertaken to reorganize a good roads scheme of some magnitude. The report of a special committee appointed at the December session to look into the matter of good roads was presented today, and provides for the spending of \$500,000 on county roads in the County of Wellington, debentures to be issued in order to secure the money. It is not proposed to raise all this money at one time, but only as it is needed, say \$100,000 at a time, so that the county will not have to pay interest on the entire amount at one time. The county now owns one complete road machinery outfit, but if this proposition goes through it is proposed to purchase four or five more and get to work on a large scale, the present system being considered too slow.

Builds New Blood Cells

It is estimated that there are over 75,000,000,000 red blood cells in the human body. These red blood cells move in the blood currents, carrying through their arteries each its little load of oxygen, which it transports to the distant tissues, which they may be invigorated and vitalized anew. When the red blood cells shrivel and waste, weakness and disease result, and it is by forming new blood cells that Dr. Chase's Nerve Food restores strength to the weakened and worn-out body.

GREAT INCREASE IN MEMBERSHIP

Ontario Motor League Starts New Year at Prosperous Clip.

The first meeting of the new board of directors of the Ontario Motor League was held at the National Club yesterday, preceded by a luncheon, at which there was an attendance of 20 members. The chair was occupied by Mr. Oliver Hezslwood, president of the league. There were 68 new members elected at this meeting, these halving from 37 different points outside Toronto. Among the new members elected was Sir Wilfrid Laurier. Letters were read from Hon. Sam Hughes, minister of militia and defence; T. H. Smellman, London, and Hon. J. S. Hendrie, appreciating and accepting the honor of being elected vice-presidents of the league. The total membership to date numbers 277, compared with 154 last year, the increase of 123 testifying to the value of membership in the league, and the benefits accruing from the work of the organization.

Subdividers Pay Over Five Thousand an Acre For Corner at Eglinton Avenue.

Ten and a half acres at the southeast corner of Spadina road and Eglinton avenue were sold yesterday by the Spadina Park Land Co., Ltd.

CHINESE SMUGGLING IS ACTIVE ALONG BORDER

Arrests at Niagara Indicate Existence of a Well-Organized Clique.

NIAGARA FALLS, Ont., Jan. 30.—(Special.)—That this is an organized company of Chinese border runners in Canada, with jumping-off places at Windsor, Sarnia, Ft. Erie and Niagara Falls, where agents operate in collusion with Chinese runners in the United States, is the opinion of the police, and immigration officials on both sides of the international boundary.

When Sergt. Welsh came across them they were bulled by a pack of some in wax-covered balls, some in vinyls and other small lots in wet pellets.

CHICAGO FIREMEN IN ARSON TRUST

Informer Says Men Were Paid to Designate Location of Fires.

CHICAGO, Jan. 30.—(Cap. Press.)—Several Chicago city firemen today were implicated as members of the "arson trust" by an informer who was interrogated at the state's attorney's office. This is the first suggestion of collaboration between firemen and members of the "ring" in Chicago.

"FOR HEAVEN'S SAKE"

Judge Morgan's Appeal to Man Who Stole Butter.

St. Mark's Church and Jack Toft's Hotel at Tecumseth Street.

Two well known old corners at King and Tecumseth streets have just been sold by the Anglo-American Realty Co., which stands Rev. J. J. Morrow's former church, St. Mark's. It was sold to the vendor from Walter Harland Smith at \$35,000.

The other corner sold was Jack Toft's old hotel, the southeast corner, 52 feet, 6 inches by 125 feet to a city lane. The vendor was D. Kennedy, and the purchaser A. W. Wolfe of the Western Printing Company. The building is three stories, with two stores and a terrace bar. The figure was \$15,000.

RELATIVES SUED JUDGMENT GIVEN

Transfer of Business Resulted in Litigation Before Judge Winchester.

"These people were relations and friends and why should they go to law?" asked Alex. MacGregor of Judge Winchester yesterday when W. J. Cooper, the barrister's client, was sued for \$52.90 by Henry Nowlwe, who, previous to Aug. 20, 1912, ran a grocery store at 234 Royce ave.

BEVERLEY ST. BAPTIST HAD EXCELLENT YEAR

Pastor's Salary Was Increased and Funds Provided For Addition to Building.

The annual social and business meeting of the members of the Beverley Street Baptist Church, held Wednesday evening, Jan. 23, was one of the most enjoyable in the history of the church. The reports from the various officers indicate marked progress in every branch of their work.

POLICEMAN'S BAD AIM MAY COST MAN'S LIFE

A Winnipeg Officer, Trying to Frighten Thief, Wounded a Bystander.

WINNIPEG, Jan. 30.—(Can. Press.)—John Zoepik, Nathanian, is lying in the general hospital with a bullet in his right temple, as the result of a revolver shot fired this morning by William Andrew Wisely, police constable, at another man who stole two bottles of milk from a delivery wagon.

TELLING TIME BY STAR CLOCK

Nearly every one knows that the stars rise in the east, circle across the sky and set in the west, much as the sun does. They are actually moving in circles round the pole of the sky as a centre. It is clear from this that, if they could be watched like the hands of a clock, we could measure time by them. As a matter of fact, says Prof. Forest Ray Moulton, in an interesting treatise which Popular Science Settings has made an abstract, our time is actually measured by them.

PASSENGER TRAFFIC
