French Airplanes Drop Several Tons of Bombs on Depots

GERMANS MAY DROP ATTEMPT TO BREAK LINES AT YPRES

GERMANS ARE FEVERISHLY BUSY REPAIRING DAMAGE IN HARBOR

Channel at Zeebrugge Still Blocked and is Likely to Remain So for Some Time.

London, May 3.—Latest reports show that the Germans are displaying great activity in endeavoring to repair the damage caused at Zeebrugge, the German submarine base on the Belgian coast, by the recent British naval raid. The channel is still blocked and it is thought likely it will remain so for a considerable time.

Apart from the fact that the entrance is occupied by two sunken concrete vessels the position of the sunken cruiser Thetis, which is at the edge of the shoal, is likely to increase the difficulties of dredging and prevent the harbor from being cleared up.

Admiral Jellicoe, former first sea lord, has sent warm congratulations to Admiral Keyes, in command of the naval forces at the time of the raid, on his achievement. Plans for the enterprise were submitted and approved by Admiral Jellicoe when he was first sea lord.

GERMANS MAY DROP ATTEMPT TO BREAK LINES AT YPRES

(Associated Press War Summary). Having met with a reverse in their operations on the northern side of the Flanders salient, where the French and British have stood shoulder to shoulder in defense of Ypres and the high ground which forms a bulwark in front of the channel ports, the Germans have, as indicated by the most recent reports, turned to the southern side of the angle in the allied lines in northern France. On Thursday night and Friday the German artillery had seemingly centred its fire on the line between Givency and the Nispepe forest, and it may be that the enemy soon will launch an attack against this vital section of the British line.

Despatches from the British headquarters tell of a tremendous cannonade in the Lys region, which may be taken to mean the part of the Flanders battlefield at or near Merville, where the Germans made their greatest advance after the fall of Arrmentieres.

May Not Try for Ypres. Articles appearing in German newspapers would seem to indicate efforts to prepare the German people for an announcement that there will be no immediate attempt to take Ypres. Experts, writing what may be considered inspired reviews of the situation, say that nothing would be gained by the capture of the ruined city. This may mean that the Germans will turn their attention to some other part of the front for a new effort, and the attainment of the line near Merville and further east may be the first step in an attempt to either bore straight thru the allied armies, or cut thru to the rear of the line, and force a British retirement from the Arras-Lens salient. So far as known, no infantry fighting has occurred in this sector in the last few days.

Allies Net Idle. While waiting for the Germans to make the next move, the allies have not been idle. All along the line, their patrols have been active, and at Handzouille and Villers-Bretonneux, before Amiens, they have taken tactical positions from the Teutons. One of these positions was Hill 82, north of Castel, a height which afforded good observation of the allied communication lines. The authority of General Foch, who was recently designated commander-in-chief of the allied armies in France has been extended to include the process on the Italian front as a result of the meeting of the inter-allied war council at Abbeville.

WAR NEWS

General Petain further extends furiously in French army.

German artillery shows considerable activity north of Albert on British front.

British troops co-operate with French in local fighting south of Villers-Bretonneux.

Lord Hugh Cecil says coming German peace offensive will be for home consumption.

Germans claim defeat of Finn Socialists in five days' battle and taking of 20,000 prisoners.

The enemy used 35 fresh divisions in addition to the nine already there against the British in the north.

If the enemy continues his offensive in Flanders, he must impair his chances of success in the south.

The British war office regards the results near Ypres as satisfactory, because the enemy used up more fresh divisions than the allies.

ENEMY GUNS SILENCED. Reciprocal Artillery Actions Proceed in Macedonia—Serbians in Raid.

Paris, May 3.—An official statement says: "Eastern theatre: There were reciprocal artillery actions along the Struma sector, in the region of Veitrenik and at the Cerna Bend. Our heavy artillery silenced many enemy batteries. Enemy reconnaissance parties were dispersed north and east of Mayasar, the region of Sokaki and at the Cerna Bend. Before Grademista a Serbian detachment penetrated Bulgarian trenches and captured prisoners."

DELUGE OF BOMBS FROM FRENCH PLANES

Many Thousand Kilograms of Projectiles Dropped on Various Stations.

Paris, May 3.—The statement issued by the war office tonight reads: "There was no infantry fighting during the course of the day, but there was great activity by the opposing artillery in the region north and south of the Ypres. Our batteries took under their fire and dispersed bodies of enemy troops south of Villers-Bretonneux and before Castel. There were lively artillery engagements on the right bank of the Meuse."

Eight German airships were brought down on May 3 and 4, and others, gravely damaged, fell behind their lines during a series of combats with our aviators. Effective aerial bombardments were carried out during the day and night of May 2, 27,000 kilograms of projectiles being dropped on the railway stations at Ham, Neule, Loye, Chaulnes and St. Quentin and upon bivouacs and cantonments in these regions. Seven thousand kilograms of bombs were dropped on the railway station at Aves-d'la-Ville."

It is said that he served for one year in France with the Canadian army, but on recovering from wounds received in a battle made his way to the United States, instead of back to the front. It is likely that he will face a district court martial in Toronto on three charges: Desertion from France, escaping from Toronto base hospital and assaulting of the military guard.

Two Witnesses Heard in Opening of Trial of Joseph Caillaux

Paris, May 3.—A preliminary hearing in the case of Joseph Caillaux, former premier, who is charged with treason, in connection with the operations of Bolo Pasha, was held this morning. Captain Bouchardon, of the military court of Paris, presided. The witnesses heard were Charles Roux, first secretary of the French embassy at Rome, and Gustave Herve, editor of La Victoire.

ENEMY GOT REPORT ON SALONICA ARMY

Former Khedive of Egypt Secured Important Document Thru Socialist Paper.

COPIED IN PAPER'S OFFICE

One of Accused Also Brought Back Large Sum From Switzerland.

Paris, May 3.—The most of today's session in the trial of directors of "The Bonnet Rouge" doctory society and Germanophile newspaper was taken up with the consideration of trips to Switzerland by M. Vercaillon, one of the accused men, in behalf of M. Duval, a director of "The Bonnet Rouge, who is also on trial. M. Vercaillon, an expert accountant, testified that Vercaillon brought from Switzerland 45,000 francs, which he gave to Duval.

Capt. Paul Denoe, recently severely wounded at the front, and wearing the cross of the Legion of Honor, the war cross with five stars, and two palms, was another witness. He was formerly administrator of the Sanatorium of the "Bonnet Rouge" and resigned from that post owing to the fact that Marx, the Mannheim banker, had obtained control of the society and desired entirely to eliminate M. Duval who unreservedly devoted to Marx's interest and had become "Marx's man." Marx was a dangerous man, of a sort well-known before the war. "A German ostentatiously professing Francoophile sympathies."

Information on Salonica. The close relation between the Bonnet Rouge case and the prosecution of Bolo Pasha was established when Police Commissioner, Farinacci testified that Abbas Himm, former private secretary to Yozon Pasha, came to France frequently and always returned with important military information. The report concerning the condition at Salonica was full and complete, showing that the German army was unable to take the offensive, giving the exact number of men in captivity by sickness and disease and the exact losses in recent battles in Macedonia.

The report was a copy of a document sent by Gen. Sarrail to the French Government, exposing the situation and asking for reinforcements.

Mme. Lewis, former stenographer for M. Marion, assistant manager of The Bonnet Rouge, identified the document, which she typed at her employer's request. They were copies of two letters from Gen. Sarrail to the minister of war, two telegrams and a ten-page letter from Capt. Mathieu to M. Paix-Boulais, who was suspected in January of having given important military information to unauthorized persons and was tried before a court martial concerning the situation at Salonica.

ULSTER COMMITTEE WITH VETO POWER IN PROVINCE AFFAIRS

Expected That It Will Form a Feature of the Home Rule Bill.

WILL BE LARGE GRANT

But Control of Customs and Excise Will Be Vested in Imperial Parliament.

London, May 3.—The form of the new home rule bill continues to be the subject of discussion in the newspapers and among politicians. According to the belief current at Westminster, the Irish parliament will be given powers which will be a combination of those recommended by the Irish convention's majority report, and those outlined by the letter written by Premier David Lloyd George to Sir Horace Plunkett, chairman of the committee.

It is expected that control of customs and excise will be reserved to the imperial government until after the war, as stipulated in the premier's letter, but this will be offset by the grant of a large sum of money for Ireland from the imperial treasury, and a few millions for urban housing.

The Ulster committee will be a feature of the parliament, this committee having power of veto over legislation affecting Ulster exclusively, possibly over the administration.

TRADE AGREEMENT HAS BEEN SIGNED BY U. S. AND NORWAY

Washington, May 3.—Signing of a general commercial agreement between the United States and Norway, the first agreement of the kind to be entered into by America with one of the north European neutrals, was announced tonight by the war trade board.

Under the agreement, Norway is assured supplies to cover her estimated needs so far as they can be furnished without detriment to the war needs of the United States, and its associates, and Norway, on her part, agrees to permit unhampered export to America and its allies, of all Norwegian products not needed for home consumption.

It is understood that none of the supplies imported from the United States or its associates or forwarded with the aid of American bunker coal shall go directly or indirectly to the countries of the north European neutrals. This applies to anything produced by any auxiliaries to production obtained under the agreement.

TO BEGIN EXCHANGE OF WAR PRISONERS

Russia Reaches Agreement With Enemy—New Bolshevik Army Organization Proceeds.

Moscow, May 3.—The exchange of prisoners with Germany will soon begin. A special commission charged with this work has arrived here with Count von Mirbach, the new German ambassador to Russia. There are three million Russians in German hands, while one million are held in Russia. The first to be exchanged will be women, boys under 16 and men over fifty, and invalids. These will be followed by the military prisoners of war.

It is proposed to exchange 40,000 weekly at ten different points. A few exchanges of invalids have already been made. Most of the German prisoners are in Siberia. Their transportation is a grave problem because of railway disorganization, and water transportation is to be used exclusively to move the men.

The formation of a new war department is progressing satisfactorily. Generals in the old army are accepting responsible positions and co-operating with the soviet government in the organization of the red army. Leon Trotsky has publicly stated that they deserve the respect of the workers, but his efforts to secure wide co-operation are hampered by the thoughtless remarks of a Bolshevik leader who called the generals "workmen's orderlies." Several prominent generals have resigned from the new army for this reason.

PEACE OFFENSIVE IN ATTRACTIVE FORM, NEXT GERMAN MOVE

London, May 3.—In the personal opinion of Lord Robert Cecil, minister of blockade, the failure of Germany's "knockout offensive" on the western front will result in a big peace offensive directed mainly against Great Britain and possibly made in an attractive form, but which will not afford any terms the allies can look at.

In this opinion, made in a statement tonight, Lord Robert expressed the further belief that the new peace offensive would be largely for German consumption, because "the rulers of Germany know if they have to rely on their own resources they cannot hold out much longer."

FLYING MEN BATTLE SEVERELY OVERHEAD

British Down Eighteen German Aircraft—Thionville and Zeebrugge Lockgates Bombed.

London, May 3.—The British official communication dealing with aviation issued tonight says: "A thick haze Thursday interfered with the work of our airplanes. Three and a half tons of bombs were dropped on Bapume and other targets in the battle areas. At times the fighting in the air was severe. "Fourteen hostile machines were downed and four were driven down out of control. Five of ours are missing. "During the night five and a half tons of bombs were dropped on Chaulnes, Junville, the railway junction at Bapume, and at Calx. Three very large bombs also were dropped from a low height on the lockgates at Zeebrugge.

"Friday another most successful raid was carried out against the railway station and sidings at Thionville. The Carlehuette works again were hit and several bursts were seen on the station, sidings and gas works. All our machines returned."

BATTLE IN FINLAND REPORTED BY BERLIN; 20,000 PRISONERS

Berlin, via London, May 3.—"In southwestern Finland we have overwhelmingly defeated the enemy during five days' battle near Lakhti and Tavassala, capturing 20,000 prisoners," says the German official communication issued this evening.

"From other theatres," the communication adds, "there is nothing new to report."

TO EXCHANGE PRISONERS

Berne, Switzerland, May 3.—German and Italian delegates to arrange for the exchange of prisoners held "their first conference here last night. Dr. Felix Colander, president of the Swiss republic, presided over the sitting.

U. S. SHIPPING PROGRAM YIELDS BIG RESULTS

Washington, May 3.—Exact figures on the progress of the merchant ship-building program this year were disclosed today for the first time. They show that under direction of the shipping board there have been launched 226 steel and wooden vessels with a total tonnage of 977,371,440,257.

NEARLY 5,000,000 POUND OF TEA STORED AT HEAD OF THE LAKES

Port Arthur, Ont., May 3.—Tea to the amount of 2,753,496 pounds is in storage at Port Arthur and subject to the new war tax of ten cents per pound with one cent allowed off for wrapping. The inland revenue officer here will therefore collect \$247,814 for the government. At Fort William an additional 1,950,000 pounds is in storage. The tea is held here by the railways for distribution to eastern railways.

GERMANS IN UKRAINE INVADE COUNTRY OF DON COSSACKS

Basel, Switzerland, May 3.—German troops in Ukraine, with a base on the line between Ekaterinoslav and Kharkov, have advanced into the region of the Donetz river coal basin, according to a despatch received here.

The Donetz River coal region is in the eastern part of the government of Kharkov and extends into the government of the Don Cossacks. This region shows that the German advance line almost directly north from the eastern shore of the Sea of Azov.

LOCAL FIGHTING WITH SOME SUCCESS, IS REPORT BY HAIG

London, May 3.—"In local fighting last night south of Villers-Bretonneux," says Field Marshal Haig's communication issued tonight, "the troops co-operated with the French and secured a few prisoners. "The enemy artillery showed considerable activity this morning north of Albert, in the Beaumont-Hamel sector. Apart from artillery activities on both sides on the other parts of the front there is nothing to report."

UP ALOFT!

C. M. Sanders, 223 Seaton street, climbed the pole of the new Robert Simpson Company building this week in order to put in a new rope on the pulley. He had the rope fastened round his shoulders, and it was necessary to have it fixed up before painting the pole could be done. It was therefore necessary for Mr. Sanders to "climb" up the pole the first time. The wind was blowing very strongly at the time, as may be seen from the distance the rope is out from the pole. It is estimated that the top of the pole is about 385 feet above the level of the street. Mr. Sanders does most of this kind of work throughout Canada.

CHOP SUEY HOUSE RAIDED BY POLICE

Detectives Uncover What They Believe New Method of Handling Whiskey.

Many unique methods have been adopted in Toronto since the advent of prohibition to sell whiskey, but probably the most novel method was uncovered last night through the activity of plainclothesmen Marshall and Sullivan of Court Street Station.

The officers had noticed that there was some attraction in the restaurant of Isaac Young, a Chinaman, who runs a chop-suey house at 190 York street, on the first floor. After working on the case for a while, they noticed that the rush of business took place at a certain hour in the evening. Last night when the crowd was at its height, Marshall and Sullivan decided to act.

According to the plainclothesmen, in order to get the whiskey, all one had to do was to sit down at a table and order a meal and give the waiter the "high sign," and instead of harmless Chinese tea the patron was served, either rice whiskey or another readily looking concoction.

The officers had noticed that there was some attraction in the restaurant of Isaac Young, a Chinaman, who runs a chop-suey house at 190 York street, on the first floor. After working on the case for a while, they noticed that the rush of business took place at a certain hour in the evening.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

On the British front yesterday all was quiet. The Germans remained as if petrified in their trenches; the British took part in a little local action beside the French south of Ypres.

It appears that the enemy now faces a dilemma. He has two courses ahead. He has the option of renewing his attacks on the front between the Lys and Ypres, or of renewing his offensive against the former point of touch between the British and French before Amiens.

From the belittling of the allied positions throughout, which is at present the main effort of the German press, it is being inferred that the enemy is preparing to break the news that he is about to abandon the Lys offensive.

The latest news from Salonica is that the allies are carrying a heavy bombardment, with the Bulgarian guns replying, and that the allied batteries have silenced many enemy horse to keep on the beligerent course a little longer.

"Work and Play" Books for Boys and Girls Less Than Half-Price, at 35c Each

Books That Will Entertain, Be Instructive, and Help Children Discover Their Bent

Parents nowadays are usually keen on supplying their children with books of value—just such books as these that are offered at an exceptionally low price. Books that will be joyfully received by a boy or girl who takes an interest in dabbling in things of the practical sort. Perhaps John is set on discovering the intricacies of the wiring in the electrical system of the house or car, or he takes a delight in "shaping things of wood." Mary, no doubt, likes to investigate the mysteries of needlecraft or house-keeping. Whatever their leanings, these "work-and-play" books will prove a wealth of amusement and instruction in the right way "to do this or that," whether it be in carpentry, electricity, gardening, home decoration, housekeeping, mechanics, needlecraft, working in metal, or outdoor sports. The complete set consists of eleven copies, neatly bound in cloth—books that would be splendidly suited for birthday gifts. Today is the day to get them at less than half-price, at 35 cents each, or three for \$1.00.

(We cannot take phone or mail orders, quantities limited). —Main Floor, James St.

The plate rails come in 2", 2 1/2" and 3-inch widths, and in quantity sufficient for average rooms. Special, per foot, 5 cents. 2,000 rolls of Tile Papers, in tile, block and art patterns, in green or blue shadings, and coated with a good grain varnish, thus rendering them impervious to water. Special, per single roll, 19 cents.

Special Value in Floor Wax, Tin, 29c

500 tins—Can be used for hardwood floors, woodwork, linoleum, furniture, auto bodies, etc. Special value, today, per tin, 29 cents.

Enamel for the porch and floor, in light and dark slate colors. This is a good, hard-drying quality, with a glossy finish, and splendid lasting quality. Special value, today, per quart, 69 cents. —Fourth Floor.

Sowing Seeds of Success

An important seed is clothing—and to get to the root of the matter you must start with the boy. Clothe the boy neatly and well—he'll think better of himself, and others will think better of him. "Good clothes" does not mean expensive clothes, as these items below will go to prove. Take, for instance, these:

Boys' Suits at Half-Price

Smart styles, every one, and at a price just half the regular. Some are swagger American models—the remainder are reliable garments from our own factory. All are in neatly tailored fancy Norfolk styles, with plain front and pleated backs; also in "Trench" style, showing loose belt, with buckle and slash pockets, the others having patch pockets. Fine cheviot finished tweeds, or in the higher-priced lines, homespuns in grey, fawn or brown mixed patterns. Full-fashioned bloomer pants. The coats have fine twill or lustre linings. Sizes 29 to 34. Half-price, today, \$5.25 to \$7.00.

Or These Suits, Half Usual Price, \$2.95

They represent a remarkable saving on the usual price, for, though some of them possess slight defects, their wearing quality is in no way impaired. They're made from strong, dark grey mixed tweeds, in several Norfolk styles, belt at waist and well lined throughout. Bloomer pants. Sizes 29 to 33. Special, today, \$2.95.

For the above two items we cannot take phone or mail orders, the quantity being limited. —Main Floor, Queen Street.

DARKEN YOUR GRAY HAIR

Younger! Use Grand recipe of Sage Tea and nobody will know.

Sage and Sulphur for gray hair to its natural color. Used it to keep her hair dark, glossy and attractive. Her hair took on a soft, wavy appearance. Mixture was applied effect.

Some is mussy nowadays, by using a bottle of Sulphur Compound. It is a famous old preparation, which can be depended upon for natural color and softness.

Downy hair is a nuisance. It keeps the hair so that nobody can see it. You simply wash with it every morning, and it disappears, and after a few days, it becomes dark and glossy. Sage and Sulphur Compound is a delightful toilet requisite, who desire a more youthful appearance. It is not intended for mitigation or prevention of gray hair.

Investigate the Advantages of the Deposit Account System

Sometimes you wish to be away in the afternoon; perhaps you have not the correct change for the driver. By opening a Deposit Account you can have your parcels delivered as paid parcels.

A deposit is first made at the D. A. Office, when a number is given you. You then purchase in the usual way at any department in the Store and instruct sales clerk to charge goods to your D. A., giving the number. The next delivery goods are delivered at your house as a paid parcel.

An itemized statement of all your purchases and deposits is mailed to you at the end of each month, showing balance to your credit.

Goods can be ordered by telephone and charged in the same way.

Interest at 5 per cent. per annum, computed twice yearly, is given on the daily credit balance up to \$1,000.00, and 3 per cent. on any money over \$1,000.00. Money may be deposited or withdrawn at any time. It is always necessary to maintain a credit balance.

For further particulars apply at the D. A. Office, Fourth Floor.

In the afternoon their excellencies will motor to the military hospital at Whitby, and in the evening will leave Toronto.

Dominion Police Make New High One-Day Record Catch

Dominion Police of Toronto military district, made a new high one-day record yesterday by placing 48 draft-act defaulters in the Canadian Expeditionary force. They were apprehended in the following cities and towns: Toronto, 10; Blind River, 15; Sault Ste. Marie, 4; Orillia, 2; North Bay, 2; Niagara Falls, Hamilton and Foley, each one. The Dominion Police investigated the cases of one thousand five hundred and twenty-eight alleged draft-act defaulters yesterday. In addition to the 48 men placed by the police in the army yesterday, there are the cases of 28 more men still pending from the previous day.

DECORATED FOR COURAGE.

Sergt. Polkinghorne Wins Distinguished Conduct Medal While Serving With Engineers.

Sergt. C. C. Polkinghorne has been awarded the distinguished conduct medal while serving with the Engineers. He remained for a long period in an advanced area maintaining and repairing telephone wires. His work was carried out continually under shell fire, and he showed the greatest courage and initiative in keeping the lines repaired. On one occasion, when a buried cable was broken in several places just before an attack, he worked continuously for twelve hours under intense fire until the whole line was repaired. It was due to his energy and resource that communication was maintained.

Sergt. Polkinghorne went overseas in January, 1916. He was formerly manager of the ledger department of the Harris Abattoir Co., Ltd. His father is G. E. Polkinghorne, of Limehouse, Ont.

OBITUARIES

WILL BE BURIED IN TORONTO.

The remains of the late James W. Allan, formerly of 147 Havelock street, and widely known in Toronto business circles, who died suddenly in Sovereign, Sask., on Tuesday last, are being brought to Toronto for interment. The funeral will be held from 471 Shaw street on the arrival of the body in Toronto.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or if your meals sour and turn into gas and acids, you have a real surprise awaiting you. Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal. Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

NEWS OF LABOR

LOOK INTO COMPLAINTS.

Youths Complain That Farmer Did Not Pay Them.

William Covert, business agent of the cinematograph operators, stated yesterday that he knew of a case in which three youths had been refused payment for a week's work done on one of the farms in a neighboring county. These boys had broken down in the attempt to carry on, and when called upon for wages the farmer had told them that he saw no reason why they should be paid for the week they worked.

T. A. Stevenson, who is a member of the organization resources committee, has promised to look into the matter.

SILVERSMITHS ORGANIZING.

The silversmiths and electroplaters of Toronto are in process of organization as a union, and will hold an organization meeting on Monday night.

CLERKS MAY DISORGANIZE.

The Retail Clerks' Association in Toronto is fighting its international body, and is considering the question of disbanding as a body. T. A. Stevenson, secretary of the District Trades and Labor Council of Toronto, has suggested the feasibility of having a general organizer of the A. F. of L. appointed to infuse new fire into the activities of the retail clerks.

EXPECT INCREASE IN SPRING WHEAT

Forty Thousand Bushels of Seed Distributed Thru Department of Agriculture.

Forty thousand bushels of spring wheat, ordered by the government for distribution thruout Ontario, of a total of 50,000, have been distributed in spite of the fact that owing to transportation difficulties there was considerable delay in getting the seed from Saskatchewan, where it was purchased. There was heavy demand for this wheat, and fully 100,000 bushels could have been disposed of had they been available, said W. B. Roadhouse, deputy minister of agriculture, yesterday.

When the remaining 10,000 bushels were shipped, orders were given to send it thru for shipment to England for milling purposes, owing to the fact that it was too late for sowing here. This meant a loss of about \$5000, but the fact that the additional 40,000 bushels were secured, and that that amount is in the ground is considered by the officials to offset the monetary loss.

Indications are that production of spring wheat in Ontario will be greatly increased this year, many districts reporting that in some cases the amount of acreage is triple that of former years. It is thought that on an average the amount will be double that of last year.

THREE THOUSAND MEN WILL BE IN PARADE

It has been arranged that the troops who will take part in the ceremony to be held in Queen's Park next Wednesday morning, when the governor-general presents a Victoria Cross and leave Exhibition Camp at 2:30 o'clock, and march via Dufferin and Queen streets, and University avenue. It is expected that over 3000 active reserve troops will attend the ceremony.

Three hundred members of the machine gun corps who have been stationed at St. Johns, Que., returned to Toronto last night to be stationed at Exhibition Camp. It is likely that Major J. Ness, who went overseas with the Eaton Motor Machine Gun Battery, will command them.

Active Service Troops to Get Short Furlough for Farm Work

Telegrams were sent out yesterday from the office of the adjutant-general, Toronto military headquarters, to the commanding officers of 24 active service units in Toronto and the other cities of central Ontario asking them to grant an ordinary furlough, not to exceed two weeks, to bona fide farmers, needed for seeding. All furloughs are to expire by June 1. Transport to their home points, it is announced that the claim of each individual man for this farming furlough must be given consideration by his commanding officer. Each case is to be separately investigated. This farming furlough can be participated in by men with the necessary qualifications, no matter what unit they belong to, including every branch of the service, such as infantry, artillery and cavalry.

COMMITTED FOR TRIAL.

Former Toronto Bank Manager Charged With Big Theft.

On the evidence of Detective Nursery, to whom the accused is said to have admitted stealing an amount of money in excess of the \$5000 at first charged, Louis M. Maynard, former manager of a local branch of the Dominion Bank, now charged with the theft of some \$53,000 from that institution, was committed for trial by Magistrate Kingsford in the police court yesterday morning.

The case is understood to implicate handbook agents in Toronto and in Buffalo, who, acting under instruction from a "betting commissioner" employed by Maynard, are said to have placed the money on the various race horses which were backed by the accused.

STRAIGHT PAYMENT.

The controllers it is expected, will recommend the city council to pay Crown Attorney Corley a clear \$2000 a year in respect to the prosecution of liquor cases instead of paying him \$5 for each case.

M. J. SHORT PROMOTED.

A. K. Hehner, general manager of the Bearings Service Co. at Detroit, announces the appointment of M. J. Short as manager of the Toronto branch. Mr. Short was formerly assistant manager of the local branch.

THE CRISIS!

JUST an ordinary cup of coffee! Surely nothing could be more commonplace to you. But—

To wounded, broken and exhausted Canadian men staggering out of a furnace of shells, at Vimy Ridge, with nerves torn to pieces, that little refreshment in the moment of crisis—who can measure its significance? For it may mean life itself!

Y.M.C.A. Red Triangle Fund
\$2,250,000 May 7, 8, 9
Canada-wide Appeal

Here is an officer's picture of the need: "I wish you and the people supplying free hot drinks could see the men coming in after a big action. They would look like grotesque scarecrows if you couldn't see the pathos of it. Their shoulders and heads sag forward and they slouch slowly along with never a glance to left or right. The strangest thing about them is their faces. If the tension is not broken the brain may snap. I certainly believe that in thousands of cases it was that first hot coffee that dragged the man back to life and sanity."

Is there a man, woman or boy in all Canada to whom these heroes would appeal in vain? Will you help the Y.M.C.A. supply the coffee and the thousand and one other needs of body, mind and spirit "over there?"

Can proud Canadians send a more heartening, more practical message to Canadian heroes now amid the perils of the greatest battle in history than this: "that the Canadian people responded to the Call of the Y.M.C.A. with magnificent, abundant whole-hearted Generosity!" Will YOU Help?

Portrait Exhibit Wins Much Praise

Miss Mary Helen Carlisle's Pictures Make Good Impression in Toronto.

Toronto art lovers will feel that they owe Miss Mary Helen Carlisle a debt of gratitude for an exhibition of her portraits. It is as a painter of gardens that Miss Carlisle has become famous, and after seeing her exhibit of garden portraits one readily understands that Miss Carlisle's fame has been justified.

Miss Carlisle is an English artist and when in New York some years ago began to paint portraits of American gardens. She exhibited these in England, and pleased the English public that she received many commissions to paint English gardens. It is these pictures of the gardens of England which Miss Carlisle is showing in Toronto at the Roberts Art Galleries on Yonge street.

Her pictures portray gardens which are not just laid out in beds, each one surrounded by a path, but are so arranged that they merge into a somewhat general color. The blending of the color is marvelous, with never a jarring note.

The Largest Portrait. Miss Carlisle's largest portrait is "The Terrace at Killarney from Killarney House," on the east side of Kenmore. It is an oil painting and owes much of its beauty to the contrast of the high lights and the shadows. The hedges and trees in the background make a truly agreeable setting for the flower beds so cleverly depicted.

"The Water Garden at Penhurst" is a pastel of rare beauty. This garden is in the most which is believed to have surrounded the building out of which Penhurst Castle grew, as early as the time of William the Conqueror. The Anchor and Border of Lord Northcliffe, is one of her most beautiful pictures. The beautiful blue of the anemone flowers and the white of the capable hands of the artist.

"A Wet Day at Robert Burns Cottage," is a little gem in pastel, and is the artist's picture of a garden. A pastel of hazy beauty is "Glamis Castle from the New Garden," which impresses one as having been painted at twilight, so soft is the coloring of the mauves, the greens and the blues.

A Friendship Garden. Lady Warwick's friendship garden is an interesting picture of a pretty scene. In this garden Lady Warwick has her friends each plant a flower. The result is a riot of colors and flowers which is very pleasing.

In all Miss Carlisle is exhibiting twenty-eight portraits, all of them things of beauty, and in singling out a few one feels that of having selected the others.

Miss Carlisle's miniatures, must not be forgotten, and of the eighteen which she is exhibiting the portrait of the late Queen Victoria stands out as the most notable. It is also an interesting fact that Miss Carlisle is the only woman who ever painted the late Queen.

A particularly beautiful miniature of Queen Mary and three of her children, drawn many admirably, as did also a very fine portrait of the late Cecil Rhodes.

Miniature Rings. Mention must also be made of the artist's miniature rings, which are remarkable for their detail. One particularly handsome one is of the head of the small child of William Randolph Hearst, in a setting of platinum and diamonds. A unique crystal from which peeps the eye of Maxine Elliott, is somewhat of a novelty.

This unique and interesting exhibit will be open to the public until May 11.

Strength Exhausted By Illness

And the Strain of Nursing Sick Children—Had Dizzy Spells and Palpitation of the Heart.

Ingersoll, Ont., May 3.—Gaining strength after an exhausting illness is usually a slow process, unless you can supply nourishment to the system in a condensed and easily assimilated form.

Because Dr. Chase's Nerve Food does this very thing it is highly appreciated as a restorative by all whose blood has become thin and watery, or whose nervous system is exhausted. Mrs. Elizabeth Harriott, Ingersoll, Ont., writes: "I am writing to tell you of the benefit I have received from the use of Dr. Chase's Nerve Food. About eighteen months ago I was very much run down after a severe attack of tonsillitis. This, and the strain of nursing several of my children who were sick almost at the same time, placed me in a very nervous, and in some ways, I was very drowsy, and dizzy spells, and had palpitation of the heart. A friend of mine advised me to try Dr. Chase's Nerve Food, so I sent for six boxes. I took them regularly, and after the first box I found my nerves were steadier and that the dizziness and palpitation were disappearing. I kept on using the Nerve Food, and found great relief in many ways. I got up early in the morning without feeling tired, and had some completely. My system is built up and I feel so much better. My daughters have also derived great benefit from taking Dr. Chase's Nerve Food. I am always recommending it to my friends, and I am sure you do not feel the effects of their working and no pain. You are at liberty to use this letter for the benefit of others who may be suffering as I was."

"I am acquainted with Mrs. Harriott, and believe that any statement she makes would be true."—R. N. Harriott, Druggist.

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of six boxes for \$2.75, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

The Safest Matches in the World

Also the Cheapest ARE

EDDY'S

"SILENT 500S"

SAFEST because they are impregnated with a chemical solution which renders the stick "dead" immediately the match is extinguished.

CHEAPEST because there are more perfect matches to the single box than in any other box on the market.

War time economy and your own good sense will urge the necessity of buying none but EDDY'S MATCHES.

SIR JOHN GIBSON COMMENDS "Y" WORK

The Toronto headquarters of the National Association of Canadian Y. M. C. A.'s, today received the following cable from C. W. Bishop, its representative in London, regarding Sir John Gibson, former lieutenant-governor of Ontario, who has been inspecting the work of the Y.M.C.A. in Flanders and France:

"Sir John Gibson back from France. Says he saw the work done in the war zone, and found that it was contributing greatly to the comfort and morale of the army. He especially commends the work in Paris, and formally opened Hotel d'Jona, finest soldiers' club and hotel in Paris, to be operated by the Canadian Y. M. C. A. for Canadian soldiers visiting Paris on leave. Sir John is sure the people of Canada will realize that they are making a great contribution to the work for the boys at the front."

SIR WILLIAM HEARST MAKES STRONG REPLY

Sir William Hearst emphatically denies the statement of L'Evenement, Quebec, which appeared in a morning paper alleging that previous to the creation of the Union government of Ontario, this statement was accepted by the Ontario Government in connection with the bilingual question. "I desire to give a complete and emphatic denial to the statement as set forth in 'The Globe,' he said yesterday. "It has no foundation whatever in fact and the paper in question must have been very badly imposed upon by someone."

There was no arrangement made or even considered, the prime minister said, and he referred to the stand which he had taken in the legislature and elsewhere. "So long as I am prime minister, the policy that regulation 17 was enacted to carry out and enforce, will remain the policy of the Government of Ontario," he announced.

SOCIETIES ABIDE BY WAR CHARITIES ACT

There have been 70 societies incorporated and registered under the War Charities Act, it was learned at the provincial secretary's department yesterday. This is in accordance with the legislation passed at the last session of the Dominion Parliament, making it illegal to conduct sales or collections of money unless this law has been complied with.

MAKES GENEROUS GIFT

Jas. Corson, of Grenadier road, has sent in the first of a series of monthly cheques for \$10, to the West Toronto branch of the G.W.V.A., which he proposes to have used for the needs of Mrs. Tarrington, the widow of the late James Tarrington, until such time as the pension commissioners have awarded a pension to the family. It will be recalled that Comrade Tarrington, altho gassed and discharged from the service as incapacitated, has never been granted a pension of any sort, and that a post mortem upon the remains has proven beyond a doubt that death was directly due to the effects of the poison gas. Hope is expressed that the pension board may make the pension retroactive to the date of discharge.

SPECIAL PRAYERS ASKED

The Bishop of Toronto will hold confirmation services on Sunday morning at Grace Church, College Heights, and will hold a similar service at St. Saviour's, East Toronto, in the evening. The bishop is asking all the clergymen to use in the daily services on Sunday and on the three rogation days following, the prayers provided for the purpose in the revised prayer-book, combining them with the usual prayers provided for use during the war.

GERARD CANNOT COME

James W. Gerard, ex-ambassador from the United States to Germany, has wired his regrets at his inability to visit Toronto during the Y.M.C.A. campaign. He sent his best wishes for the success of the campaign, which will be held in the interests of soldiers in Canada and abroad.

YORK MAKES GRANT TO Y.M.C.A. FUND

Special Meeting of County Council Donates Forty-Five Thousand Dollars.

A special meeting of the York County Council held yesterday afternoon, to hear a deputation composed of A. E. Ames, chairman of the Y. M. C. A. campaign for Ontario; G. A. Warburton, general organizer of the campaign; T. A. Bradshaw, J. K. Macdonald, and Capt. Carrie who is back from the front to help in the campaign. They were making a grant of \$45,000 from the county. Mr. Ames explained how the total sum of \$2,250,000 was being apportioned through-out Ontario, Ontario being Ontario's share, with \$500,000 for Toronto. He stated the money would be expended for work among the Canadian soldiers in England and France, in providing hot drinks, stationery, reading material, and athletic supplies, etc.

Mr. Macdonald, who has been treasurer of York County, explained how the \$45,000 asked for would only amount to 2-3 of a mill on the assessment, and told how York County was contributing \$45,000 to the Patriotic Fund, Red Cross, and other like purposes, involving a tax of 6.6 mills, but said that a 150 pound bond would pay for the assessment of \$5000 for the farmer.

After a short discussion, it was moved by J. G. Cornell, reeve of Scarborough, seconded by William Keith, reeve of Newmarket, that council grant the sum of \$45,000 to the campaign fund of the Y. M. C. A. The motion carried.

MUCH FOOD SPILS BEFORE ENTERING CITY

Dr. Otterwell, who is in charge of the food regulations under the direction of the medical officer of health, stated yesterday that the public would be well advised to bear in mind the fact that the figures of wastage and condemned food did not always refer to food directly wasted in Toronto, but to stock which was often condemned on arrival from out-of-side points.

Dr. Otterwell yesterday issued his first report since undertaking office, and in it he pointed out that the public storage buildings were suitable for their purpose. The fault for the losses of food was due to keen competition among wholesalers for possession of the large stocks on hand, which had been bought in the belief that supply would be short of the demand. There were large crops, a brisk market, and a general unwillingness to sacrifice to get rid of the surplus.

The health department has notified all owners of stocks that they must take immediate action to sort out and market their holdings, failing which the department will initiate proceedings against them. Such action has already been taken in two cases.

The department confirmed the report that two days ago 46 cases of scarlet fever had been condemned on arrival at Toronto. These would total about 1720 boxes, the no definite figures were available. The figures in regard to the destruction of oranges and onions might be said in general, said Dr. Otterwell, to relate to stock damaged in transit or at least before arrival in Toronto.

MORE SCARLET FEVER

An interesting fact in connection with the returns of cases of communicable and contagious diseases presented by the medical officer of health, is that during the first four months of 1918 there were many cases of scarlet fever as during the whole twelve months of 1917. The report of the total of 548 cases for 1917 shows a total of 548 cases for 1918, during the first four months of the year 1918 show a total of 1445 cases of diphtheria; during the first four months of 1918 there were 456 cases.

DENIES RESPONSIBILITY

Mayor Church denies that he promised Serg. Hunter \$2500 or any sum from the proceeds of Tribute Day. The police commissioners, he stated yesterday, had granted a permit to hold the day, granted for a specific purpose, and the money would have to be applied to that purpose. Mayor Church further stated his opinion that there should be only one soldiers' organization.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache.

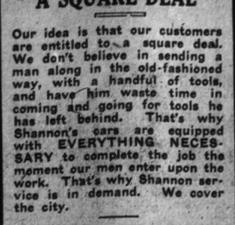

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid, which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy; full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about half a dozen ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

Labatt's An Old Friend with a New Name

LONG before Labatt's Brews come to the fermenting tuns, they have passed through the processes which give them the flavor, the body, the tonic quality which has made the old style Labatt's Ale, Canada's favorite for over eighty years.

Old London Brew, the new brew which Labatt's have put on the market, is made with the same ingredients, with the same care and skill, and by the same processes as the ale you have known and used for so many years.

EXHIBITION DIRECTORS INCREASE PRIZE LIST

Increase of about 10 per cent. in the agricultural prize list were ratified by a meeting of the Canadian National Exhibition directors yesterday afternoon, presided over by T. A. Russell. The increases will be largely confined to the utility breeds of live stock and to those grains most urgently needed at the front, and the expectation is that the action of the board will help stimulate the greater production campaign.

MAY BUILD RAILWAY TO REMOVE MATERIAL

Representatives of the Ontario Hydro-Electric Commission waited upon the Ontario Railway and Municipal Board yesterday and asked permission to construct and operate a railway from Chippawa thru the Township of Stamford, for the purpose of removing material being removed in the building of the Chippawa power scheme. It was explained that when the plant is built the railway will be taken up. In the meantime it would be necessary to cross some roads.

TRACTORS DISPOSED OF

No further applications for tractors are being taken by the Dominion Government, the 1000 ordered from the Ford plant having been disposed of. Of the 200 which the Ontario Government agreed to take, there are about 80 available. The department of agriculture urges those who contemplate securing a tractor to make their requirements known as early a date as possible, because in view of the demand from various states the manufacturers will be unable to fill individual orders.

Sunday and Monday

JUST what the Canadian Young Men's Christian Association is doing at home, in England, in France and elsewhere for our fighting men will be told with some fulness tomorrow in the City Churches, and on Monday evening at a citizens' mass meeting in Massey Hall. It will be a wonderful and thrilling story which will be told. Be sure to hear it. Mr. Asquith has said of such work—"It is the finest thing in Europe."

Sunday in the Churches Monday in Massey Hall

IN 57 city churches tomorrow specially designated speakers will define the work being carried on by the Canadian Y. M. C. A. for our soldiers. In addition many pastors will tell about the work in their own churches.

The purpose is to acquaint the citizens of Toronto with the nature and needs of the work for which \$2,250,000 is required for this year's programme.

Toronto's objective in the Red Triangle Campaign is \$500,000, of which \$65,000 will be devoted to Y.M.C.A. purposes in Toronto, including work for soldiers.

The Red Triangle Fund

Is being advertised in the public press to help you understand its objects and uses, and to persuade you to contribute to it as generously as your means permit. Read these advertisements—all of them. From each you will get something of value. So tremendously important is the war-work of the Y.M.C.A. that Lord Northcliffe has said of it—"I do not think the war can be fought without the Y. M. C. A." and Sir Douglas Haig has sent this message—"Send more Y. M. C. A. Secretaries to the Front." The Y. M. C. A. is helping in no small measure to assure final success—this by maintaining and augmenting the morale and physical fitness of our men. Learn about it all.

Saving \$22,000 by More Funerals.

A circular letter has been issued by Dr. D. J. Gibb Wishart, president of the Academy of Medicine; Miss Constance E. Hamilton, president of the Good Government League; Dr. Helen MacMurchy and Capt. Gordon Bates, calling for a deputation to wait upon the city council on Monday at 2.30 to present a protest against the impairment of the services of the health department of the city by the penny-wise, pound-foolish policy of the board of control and aldermen.

The estimates have been cut \$22,000 with the result that the city loses the services of two physicians, five dentists, 18 nurses and four clerks. Last year a cut of \$10,000 was made by reducing the number of city physicians. The further reduction of the staff this year will have its inevitable effect. A very high official of the province some years ago opposed the legislation proposed by the health authorities to grapple with the plague of tuberculosis. The legislation was held up. It was not so very long after that a member of this gentleman's own family fell a victim to the disease he refused to have controlled. No humane man could desire that the city council would be similarly taught by experience, but the people undoubtedly will suffer for the sins of their representatives.

It is a plain matter of fact that the reduction of the efficiency of the health department is simple murder to the extent of the increased death rate, whatever that may be. We are not Turks to sit down and say "Kismet, it is fate" when children and others die because we fail to take the means to save their lives. The blood of those sacrificed by the city council will be on the heads of the aldermen who consent to this policy.

When the death rate was reduced by the measures adopted under Dr. Hastings a clear demonstration was given of what is possible by the expenditure of a little money. If the death rate is increased by so much as .5 of an account of the cheese-paring of the city council it means about 250 lives lost for the sake of \$22,000 saved. Saved!

People who object to saving \$22,000 by increasing the death rate of the city should endeavor to be present at the city hall on Monday and impress the city council with the general opinion of their folly in this matter.

The Frieda Held Case.

Miss Frieda Held's resignation, once more presented to the board of education, withdraws the case from further discussion by that body. But it does not withdraw from the memory of the citizens the narrow-minded prejudices of those who refused to do justice to this soldier's fiancée. It is things like these that serve to keep alive, if not to justify the prejudices of the pacifists and pro-Germans who assert that the British are as bad or worse than the Germans.

When the board of education, which is supposed in some degree to represent the intelligence of the city, takes such a stand as disgraced them in the case of this much abused teacher, we can hardly expect the aliens in the country fully to accept our professions of principle, of fairness, of tolerance, or of just dealing at their face value, and while we yield to no one in our desire to see real pro-Germans and alien enemies of every description properly and stringently dealt with, we are not serving our own cause by unworthy harshness and unjustifiable persecution.

The Imperial Munitions Board.

D. D. McKenzie, M.P., of the Ottawa opposition, alleged that the debate on Thursday night in the imperial munitions board, and Sir Joseph Flavelle, its chief, had given the Northern Electric Company a rake-off of five per cent. on the millions and millions that passed through its hands. What the minor company got was five per cent. commission on certain five contracts it supervised by its own corps of experts. Money was saved and the quality was guaranteed. That was good business.

The administration of the imperial munitions board has been of the most careful and creditable character so far as can be learned. There has been no favoring, there is careful inspection, close accounting, and auditing, and no criticism has yet been able to disclose loss or looseness. The margin of profit has been kept down so fine that the contractors complain and the quality of the output has been maintained and even improved.

They have pressed into the service. No one who has not made some study of the work done by this board can form any idea of its magnitude, its accuracy, its good results, and the devotion and sacrifice of its heads and assistants. The imperial government, we have good reason for saying, is more than satisfied with its venture in establishing an imperial munitions board in Canada.

Lessons of the War.

It is well, perhaps, that the world is having a demonstration by their treatment of the people in various occupied Russian districts of what the Germans would do had they the strength to conquer the allies. We have had a host of pacifists and conscientious objectors, and pro-Germans of various degrees, telling us that all that was necessary to stop the savagery of war was to stop fighting. The Russians were foolish enough to believe this, and their last state is a good deal worse than their first. The fact is that the German system is brutal and nothing humane can be had from it.

From Finland to the Crimea there is beginning to be but one opinion of the German oppression. Had these people been treated with kindness, moderation and humanity the Germans could have solidified their conquest with ease. But the conquest began in selfishness and greed, was continued with lies and treachery, and its result is of a kind with its origin. The legend of the high-minded, generous and kindly German which some local Toronto pacifists have been trying to circulate will find no currency with Russia or the future. The Russians never cared for the Germans. They are now learning to hate them.

What has occurred in Russia, what previously occurred in Belgium, in France, in Serbia, everywhere that the Germans have gone as conquerors, even in China and German Africa, where the people they subdued hate them, would occur in the other districts of France, in Italy, in Holland, in Britain and here in Canada, if the Germans were able to assert their authority. It is in their nature, in their system, in their kultur, to behave like incarnations of cruelty. Inexperienced people, like some of our pacifists who are unaware of the depths which human nature may sound in its lowest developments, may be excused for their errors in regarding the Germans as a civilized and humane person. There can be no excuse for them after the facts of the war have been learned. The pacifists who refuse to learn them are simply pro-Germans and should so be treated.

A prejudice against patriotic feeling has affected many British people from time to time. They get fed up on the National Anthem and "Rule, Britannia," and they react towards some foreign nation as a consequence. Germany, before the war, was a favorite example. Even such an authority as Mr. Ramsay MacDonald fell into this pit of prejudice when in August, 1914, he declared, "There is no doubt whatever that when all is over, and we turn back to it in cold blood and read it carefully, so as to ascertain why England has practically declared war on Germany, we shall find that the only reason for beginning to end in it is that our foreign office is anti-German, and that the admiralty was anxious to seize any opportunity of using the navy in battle practice."

There are a great many people in Toronto, who still act upon that utterly false and distorted view, and it is difficult to get them to consider the other side. Prince Lichnowsky's memorandum, which has been published in The Times, is a sufficient antidote for anyone who has imbibed the Ramsay MacDonald poison. It is a complete vindication of British diplomacy, and raises the reputation of Sir Edward Grey (now Lord Grey of Falloden), to the highest level. On every occasion, when Sir Edward made peace proposals, Germany pressed for war. When Germany's own ambassador states these things, it is a sign that the "truth party" is growing. Prince Lichnowsky declares, "I had to support in London a policy which I knew to be fallacious. I was paid out for it, for it was a sin against the Holy Ghost." He declared also that the German White Book, with its tell-tale omissions, constituted a grave self-accusation.

"We encouraged Count Berchtold to attack Serbia. . . . We rejected the British proposal of mediation. . . . We deliberately destroyed the possibility of a peaceful settlement. . . . In view of these indisputable facts, it is not surprising that the whole civilized world outside Germany attributes to us the sole guilt for the world war."

These tremendous admissions or assertions of Prince Lichnowsky re-

veal nothing new to those who followed events prior to the outbreak of war on August 4, 1914. But they leave absolutely without excuse those who remain in the Ramsay MacDonald position, or who object to the war as unjust on account of the grounds for Britain's participation in it. A graphic piece of fiction in The Saturday Evening Post gives a glimpse of what is before the Germans after peace is declared, and they have to face the universal detestation of all the nations for their conduct in the territories they have devastated. They have learned nothing themselves after four years of the enormity and savagery of their conduct. Defeat is the only thing that will teach them peace.

A Farmer and Government House Hospital.

Editor World: As a farmer I would like to see Mr. Macdonald, our farmer-general, tell Mr. Keeney that there are a good many boys from the farm and back from the battlefields who have need of hospital accommodation and that it would do him to create a hospital in Toronto if it were given over to hospital work.

LITTLE GIRL KILLED BY AN AUTOMOBILE

When she ran in front of a motor car yesterday afternoon at the corner of Simcoe and Nelson streets, little Rose Feltman, aged 4, of 50 Nelson street was almost instantly killed.

COBBOURG GIRL STILL MISSING.

Cobourg, May 3.—The disappearance of 13-year-old Miss Mary Johns from her home here on Saturday night is still wrapped in mystery.

On Parliament Hill

BY TOM KING

Ottawa, May 3.—There was quite a breeze in afternoon over the Canadian Northern Railway situation. There was a disposition on both sides of the chamber to force the hand of the government...

The resolution gives authority to the governor-in-council to renew and extend accruing obligations of the Canadian Northern Railway Company.

Mr. Cabell, Liberal member for Pontiac, wanted to know who owned the Canadian Northern Railway Company.

Col. John A. Currie, Unionist member for North Simcoe, said the maturing obligations of the Canadian Northern Railway Company were no doubt short-time notes secured by government guaranteed bonds.

Registration Compulsory. John M. Godfrey emphasized the fact that registration so far as it concerns the individual registrant, is not a voluntary matter...

TORONTO TEACHERS FOR REGISTRATION

Every Member Present Volunteers for Service as Assistant Registrar.

If one may estimate the future prospects of national registration from the response of the teachers, public, separate and high school, to the registration...

Several hundred teachers listened while Inspector Covley, Mrs. Plumtree and Dr. G. J. Steele, explained the need of registration and how Canada and allies may benefit therefrom.

Mrs. Plumtree outlined the reasons for registration as follows: 1. It would constitute a stocktaking of the man and woman power of Canada...

2. It would be a call to personal service in the process of winning the war. This war is touching resources and conditions which were presumed to be beyond the reach of war...

3. Registration would reveal how many mouths in Canada had to be fed, thus showing the government how much food was needed at home and how much might accordingly be spared for the allies.

4. Criticism of voluntary help was sometimes rational from an economic standpoint, said Mrs. Plumtree, but there were surely some cases where the law of economics did not operate.

5. The first number was the grand procession of the school with "Help the Farmer" as their slogan. Following the band came the smaller children, carrying boxes of strawberries, then the hoe brigade, dressed in blue overalls and carrying hoes on their backs...

ANNUAL FESTIVAL OF SOMERS SCHOOL

Pretty and Attractive Program Pleases Large Audience.

The seventh annual festival of the Somers School of Physical Training was held in the Arena Gardens last night. The work done by the pupils of the Somers school is so well known that there is little left to be said.

The first number was the grand procession of the school with "Help the Farmer" as their slogan. Following the band came the smaller children, carrying boxes of strawberries, then the hoe brigade, dressed in blue overalls and carrying hoes on their backs...

SEVEN IN ROW FOR F. MITCHELL'S CUBS

Won Uphill Game From Reds—Giants Again Are Victors.

At Chicago (National).—Chicago won its seventh straight game yesterday by defeating Cincinnati, 3 to 2. The locals played an uphill battle, overcoming the lead of the visitors, but lost this advantage when Hendrix lost control in the eighth inning by walking four men. This, coupled with two hits and a sacrifice, gave Mathewson's men four runs and the lead. Score: R.H.E. Cincinnati.....1 2 0 0 0 1 4 0 12 2 Chicago.....0 0 2 1 0 2 0 4 14 1 Batteries—Bryant and Wingo; Hendrix, Weaver and Kilmer.

At Boston—New York bunched hits off Nehf in the first and fifth innings yesterday, each time scoring two runs, and made a fifth in the seventh on Benton's pass and Kauff's triple. New York winning, 5 to 1. Boston went into last place as a result of the defeat. The all-around playing of Louis Young was spectacular. It was his first game in this city. Pitcher Rudolph of the Boston team conferred with Manager Stallings and President Haughton here yesterday, but the three reached no agreement, and Rudolph said he would go back to his home tomorrow morning. His offer of \$10,000 to the Boston Club for his release was refused. Score: R.H.E. New York.....2 0 0 0 2 1 0 0 5 9 0 Boston.....0 0 1 0 0 0 0 0 1 8 6 Batteries—Benton and Raden; Nehf, Canavan and Wilson.

At Pittsburg—St. Louis won from Pittsburg here yesterday, 6 to 2. Effective work by Donk, the St. Louis pitcher, and timely hitting by his team mates, coupled with costly errors by Pittsburg, gave the victory to the visitors. Score: R.H.E. St. Louis.....0 2 0 0 4 0 0 0 5 10 3 Pittsburg.....2 0 0 0 1 1 0 0 3 6 3 Batteries—Donk and Snyder; Miller, Sanders and Schmidt.

At Brooklyn—Brooklyn defeated Philadelphia in the opening game of the series here yesterday, 5 to 2. It was the visitors' fourth straight defeat, and Whitted's run in the seventh was the first scored after thirty-three successive scoreless innings this week. The Superbas pounded Mayer and Tincup for ten hits, including two triples and two doubles. The score: R.H.E. Philadelphia.....0 0 0 0 0 1 0 1 2 8 4 Brooklyn.....1 2 0 0 0 0 2 2 5 10 0 Batteries—Mayer, Tincup and Burns; Coombs and Wheat.

How Leafs Will Line Up Today

Joe Wagner, purchased from Louisville, will report this morning and will work against Knottly Lee's team this afternoon. Joe was with Montreal two years ago. Outfielder Bailey, secured from the Boston Nationals, is also expected along today. The team will start at 3 o'clock. The Leafs will likely line up: Fisher, lb.; Wagner or Gadsby, 2b.; Bird, 3b.; Achenson, 3b.; Bailey, 3b.; and Thrasher, outfield. Howley will catch and the pitchers will all work.

TWO GOOD WORKOUTS BY HOWLEY'S HOPES

New Outfielders Show Life—Ball Games Are Needed. Give Dan Howley a first baseman and a couple of infielders and he is ready to go and give them a battle. The hustling manager is handicapped even in his workouts at the island. With a few more men Dan could line-up two teams and when you get down to hard pan this is the only kind of work that counts. A man may look like a million dollars picking up grounders or taking a rap at the bat in batting practice, but he must have the yard-wide stuff to get past in a game.

Yesterday morning it was like an early July day at the island. When the Howleys appeared after the cheese sandwich and glass of cream the weather had changed to early March. An east wind blew up shortly after noon and it was chilly. Nothing daunted the Leafs went right back to the knitting and put in a lively round. Lead and Gadsby, the two new outfielders, conducted themselves very nicely. Both know how to get under the high ones, and their batting left nothing to be desired. Dan will be able to tell you after a couple of practice games just how they stand. The infield composed of Les O'Connell, a pitcher, on first; Blount Burchell at second; Tommy Bird at short; and Achenson at third, worked well. The ground is rough and the ball hops badly, but the boys grab them and the throwing around the diamond is peppery. Red Fisher looks good at the plate.

At St. Louis—St. Louis outdid Cleveland again yesterday, 9 to 0. The visitors by the latter team, coupled with Davenport's wildness, enabled Cleveland to win, 2 to 1. Wood hit the hat, getting two doubles, which drove in three of the visitors' runs. Score: R.H.E. St. Louis.....9 0 0 0 0 0 0 0 5 9 1 Philadelphia.....0 0 0 0 0 0 0 0 3 9 2 Batteries—Groom, Enzmann, Coumbe and O'Neill; Davenport, Houck, Rogers and Nunnamer.

At Detroit—Hammering three Detroit pitchers virtually at will, for a total of 25 hits six of them for extra bases, Chicago scored a 19 to 2 victory over Detroit yesterday afternoon. James, who started for Detroit, lasted two innings, and gave way to Harry, but timely hitting and as many runs. Hall retired in the fifth after the visitors had added eight more runs to their count. Coveleskie finished the game. Score: R.H.E. Chicago.....1 5 0 2 6 3 0 0 2 19 25 0 Detroit.....0 1 0 0 0 0 0 2 3 8 2 Batteries—Williams and Schick; Lynn; James, Hall, Coveleskie and Spencer, Yelle.

COBOURG LAWN BOWLING TOURNAMENT IN JULY.

Cobourg, May 2.—At the annual meeting for organization of the Cobourg Lawn Bowling Club, it was decided to defer the arranging of a program until a later meeting, when the new officers will also be elected. It is expected that a tournament will be held in July or August. A successful season is expected.

WILL NOT PLAY SUNDAY CONTEST

New York, May 3.—August Herrmann, president of the National Baseball Commission, and John K. Tener, president of the National League, were today notified by C. E. Ebbets, owner of the Brooklyn Nationals, that it has been "deemed inadvisable" to play the game advertised for next Sunday at Harrison, N. J., between the Brooklyn and Philadelphia National League teams.

This decision, it is believed, resulted from intimations that International League officials would consider Sunday baseball in New Jersey near Newark an invasion of their territory.

In conference with Hempstead and Ebbets today we deem it inadvisable to play a game at Harrison next Sunday as advertised in today's papers, pending later consideration of subject," read the telegram sent to Herrmann and Tener by Ebbets.

Argos Have 410 Service Stars

The forty-fifth annual meeting of the Argonauts Rowing Club was held last night. The first president, the founder and father of the Argos, Mr. Henry O'Brien (aged 83), occupied the chair. The secretary read a glowing report of the club's activities, both in Toronto and France.

Mayor Church was present, and said: "The ferry service here in Toronto tonight, but a much larger one of Argonauts in France and England."

The following officers were elected: Hon. president, T. F. Galt, K.C.; hon. vice-president, Col. Groat; president, John J. Armstrong; first vice-president, Walter Morgan; second vice-president, J. N. Mackenzie; hon. secretary, Grant Cooper; captain, Art Wilson; vice-captain, H. Bavington; secretary-treasurer, James W. Barry.

LEAF'S FIRST GAME AT ISLAND TODAY

Knottly Lee's team will play Dan Howley's team this afternoon at the island. This is the kind of work that the Leafs need. The daily stunts of running, a little hitting and some infield stunts are all very well to give the boys their wind and limber up their salary soppers, but it does not get team play and make a first-class, smooth-working baseball machine.

It takes ball games, and nobody knows it better than our own Daniel. Hence the smile of joy on his map. He has done all that a mortal can do with the material on hand and he needs this and more of his kind to give him an insight on what the boys can do. Lee has gathered former Canadian League and local semi-pros, to give battle to the Leafs. They know the game and therefore should make it interesting for the Howleys.

SOCIETY CONDUCTED BY MRS EDMUND PHILLIPS

The smartest of shaded lights and any quantity of the most exquisite flowers decorated the large room on the ground floor of the Cafe Royal yesterday, used thru the courtesy of Hon. Frederick Nicholls. The luncheon was given by the Canadian National Guild for Sailors, arranged under the excellent management of Mrs. W. R. Riddick, Mrs. Mulock, Mrs. W. H. Cawthra and Miss Margaret Thompson, and should be a pattern for future patriotic luncheons, it was so beautifully arranged and wonderfully carried out. The food was of the best and the serving most tempting, 800 being served and many turned away. All the pretty girls in town dressed in white frocks, middie and sailor caps, a few of those assisting included Lady Kemp, Lady Henart, Mrs. Macdonald, Mrs. James George, Mr. and Mrs. Buntin, Mrs. Hamilton Burns, Mrs. Walter Willison, Rev. John Hall, Mrs. W. R. Riddick, Mrs. Macdonald, Mrs. P. Ashworth, Mrs. Wallace Nesbitt, Mrs. Gilbert Stairs. Among those present were Lady Hendrie and Miss Hendrie. In the afternoon there was a bridge upstairs of 25 tables under the management of Mrs. James George and Mrs. Alfred Wright. Mrs. Norman Allen was in charge of a very good one. A few of those playing were Mrs. Owen Smiley, Mrs. Stanley Floyd, Mrs. Percy Beatty, Mrs. Snydam, Mrs. Barnard, Mrs. C. C. Smith, Mrs. Smith, Mrs. Van Nostrand, Miss MacKenzie, Mrs. McCarter, Mrs. F. Baker, Miss Carly, Mrs. Walker, Mrs. Johnston, Mrs. Brydon, Mrs. A. Helliwell, Mrs. Morris, Mrs. Lane, Mrs. Buchan (Sarnia), Mrs. O'Reilly, Mrs. Church, Mr. F. Macdonald. The luncheon will be repeated today and in the afternoon there will be a cabaret.

Mr. and Mrs. Gerhard Heintzman and Miss Cornelia Heintzman have returned from Atlantic City. The engagement is announced of Rene, daughter of Mr. and Mrs. H. P. Thompson, 22 Bernard Avenue, to Mr. Walter George Grant, Lieutenant, R. F. A., third son of Mr. and Mrs. W. J. Grant, Hamilton.

Mr. A. D. Braithwaite is in town from Montreal. The mayor of Quebec is in town and is staying at the King Edward. Captain Harold Macdonald, who spent a few days in town, has returned to Quebec.

Sir George Gibbons, London, Ont., is at the Queen's for a few days.

Mr. H. H. Stevens, M.P. for Vancouver, and Mrs. Stevens are spending the week-end at the King Edward.

Mrs. Cecil King (Miss Phyllis Nelson-Terry) and Mr. King have arrived at the Queen's from the west. Miss Terry plays next week at the Princess in "The Land of Promise."

Mr. Archibald Col has returned from London, Ont. During his stay there he was the guest of the Bishop of London and Mrs. Williams at Bishopstowe.

Mrs. A. D. McTear, who has for the last eight months been living at the Ritz in London, will return in June to Canada and will be at Hycourt, Shaughnessy Heights, Vancouver, for the summer.

Miss Ethel MacKenzie and Mrs. Cyril Andrews are spending a few days at the Chateau Laurier, Ottawa.

Mr. and Mrs. L. Goldman and the Misses Goad, 176 St. George street, have returned from Atlantic City.

Mr. and Mrs. Frederick William Gates and their family have returned home from Detroit, and are staying with Mr. and Mrs. C. R. S. Dinnick.

In honor of their guest, Miss Kathleen Talbot, Professor and Mrs. Sherwood Fox, London Ont., will entertain this evening at their house, 1004 Waterloo street.

Hon H. W. Hughes, prime minister of the Australian Commonwealth, accompanied by Mr. Joseph Cook, minister of naval affairs in the Australian Government, will be at the King Edward early in June, en route to England, to be present at a conference of colonial government ministers. They will arrive in Vancouver from Australia.

Major O. N. Rowan and Mrs. Rowan have arrived from overseas and are staying at the Queen's.

Captain Fred W. Gilday of Montreal, who is staying with Mr. and Mrs. Howard C. Hoopes, received a cable on Saturday from France, stating that his brother, Lieut.-Col. Louis Gilday, had been wounded.

Lieut. Lenox I. Smith has returned to Ottawa from Toronto, where he has been spending a fortnight with his mother, Mrs. Larratt Smith.

Miss Charles spent the week with Mr. and Mrs. E. B. Smith, Tueltyn, London, Ont., while attending the meeting of the synod. Miss Charles is the Dominion organizing secretary of the Girls' Friendly Society.

A large and successful patriotic bridge party was held at the house of Mr. and Mrs. H. E. Moore, Bloor street. A musical program was decorated with quantities of pink roses and the hostesses looked handsome in white satin draped with lace and pearl embroidery. A musical program was given by Miss Marjorie Self, Miss Edith Self, Mrs. Fred Forsay and Mr. Leonard Wookey, who sang "Mother March" to his own accompaniment.

A Letter To the Women of Toronto

YOU who have risen to undreamed-of heights in war work are again being given a grand opportunity by the Young Men's Christian Association and the Young Women's Christian Association to sustain your nobly-earned reputation—this by giving your help and co-operation in their big financial campaign on

The Red Triangle Fund

May 7-8-9

This Fund helps our boys in a two-fold way. (1) by greatly augmenting the Food supply for our Allies, and (2) by throwing round our Boys good influence and loving care—the care nearest to that of HOME and MOTHER.

Women of Toronto, think what it would mean to YOUR BOY over there without the "Y". Then, when you have reflected on this, have your contribution READY. "She gives twice who gives quickly."

Please bear in mind that our Workers have large districts to cover, and that the time is short.

We appeal to you as WOMEN not to discourage our Workers by saying—"My husband is giving down town." Rather count it a privilege to make a personal contribution to so great a cause.

Duke of Connaught Accepts Presidency of Bible Society

The Duke of Connaught has accepted the presidency of the British and Foreign Bible Society, in succession to the late Marquis of Northampton. His royal highness is a friend of the society of many years' standing; and this active relationship to the work of the society will gratify a very wide circle, and nowhere more than in this Dominion.

FOR WAR PRISONERS.

The Women's Canadian Club of Edmonton has sent to the treasurer for the allied prisoners of war a cheque for \$1,781.92.

The Honorary Governors who will visit the Toronto General Hospital during the week commencing on May 5th are Messrs. Robert Laidlaw and H. P. Eckardt.

H. H. FUDGER RETIRES FROM MISSION BOARD

The general board of missions of the Methodist Church has accepted the resignation of H. H. Fudger as treasurer and appointed W. G. Wainwright as deputy treasurer in his place. They also expressed their regret at the loss of the services of Hon. N. W. Rowell, J. W. Flavelle and Arthur Mow, Gen. Wainwright, in the cause of Canada and Newfoundland.

The board appointed a committee of ten to meet with an international committee of fifty to draft a plan for a great financial and inspirational campaign to meet the challenge of the present crisis in human affairs. They also decided to reorganize the work in China upon lines recommended by Dr. James Endicott, foreign secretary, who has just returned from a visit to that field. The work in China is to be divided into three divisions, and annual divisional meetings of missionaries will be held.

AS PRISONER OF WAR.

Private Gamsy of the 3rd Battalion, and a brother of R. R. Gamsy, a well-known former legislator of the provincial house, addressed the women's auxiliary of the G.W.V.A., at its season last evening at St. Julian Hall, Bloor and Lansdowne. Pie Gamsy was taken prisoner at the Battle of St. Julien, and had many interesting experiences to relate in connection with the various methods employed by the Huns upon their captives.

"TIZ" FOR FEET

For Tired Feet, Sore Feet, Tender, Aching, Swollen, Calloused Feet and Painful Corns

"Can't beat 'Tiz' for aching, swollen feet. Don't stay footsick!"

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, burrion-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath.

will dance with joy; also you will find all pain gone from corns, calluses and bunions. There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Underground--

BENEATH Toronto's streets run 181,656 miles of telephone wire. Seventy-five per cent of all the city's telephone wires are underground.

These underground wires are enclosed in lead covered cables, many of which contain 400 pairs of wires. Underground construction is difficult and expensive at any time.

We are endeavoring to avoid at this time the heavy outlay necessary for the laying of much underground cable. We ask that with-holding all but the most urgent orders for telephone equipment you help us in this necessary war-time economy.

The Quality Goes Clear Through A Sane Selection

CONSIDER the Gray-Dort, and the 65 years old institution behind it.

Continued growth for 65 years has a reason. The public is a critical and competent judge, and will award its patronage only to worth, in the long run.

Believing this Wm. Gray before confederation laid down the cardinal principal of his business—to give his customers brimming value in every product he made.

The aims and ideals of this institution have not changed with a changing market. The value in Gray buggies has become the value in the Gray-Dort car.

The Gray-Dort is a good car at a low price. Except in size, it equals cars selling hundreds of dollars higher. It is just as staunch, just as reliable, as the costly cars. It has ample power for its

load. It is fast enough for anywhere off the race-track. It yields to no car for appearance.

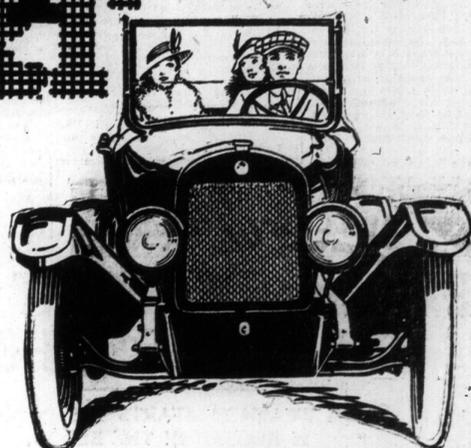

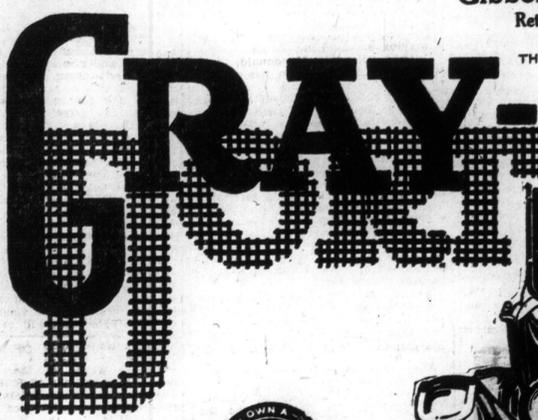

Yet it is economical to run—going far on a gallon of gasoline, and easy on tires. It is within the reach of every motorist's purse.

The new Gray-Dort embodies all the good features that won instant success for former models. The 4-cylinder motor is a triumph of smooth, economical speed and power. The chassis is sturdy and quiet. The springs are long. The upholstery is deep. The equipment is absolutely complete from electric starting and lighting to the tools.

Hints for Back-Yarders Vacant Lots Cultivation

HATCHING POULTRY NEED CLEAN COOPS Nests Should Be Clean and Insects Must Be Eliminated.

During the hatching season the poultry house and particularly the nest should be kept clean. Clean water and a supply of whole grain should be accessible to the sitters.

Destroy Mites. Clean out the house and thoroly sweep out forgetting the windows, walls and ceiling. When this is all swept out clean use a garden hose or a stiff brush and hot water.

BREEDING PEN IN DUCKS. What proportion of drakes to ducks should I keep for best results? How many duck eggs should be placed under a hen?

Get the garden under way at once. The weather has been fine. Near Toronto we have been able to finish spading in small gardens.

Save every particle of vegetable refuse, all lawn clippings, bones, fallen leaves and kitchen waste, and with them make a compost heap.

War Garden Bulletin PRACTICAL DAILY GUIDE FOR VACANT LOT AND BACKYARD GARDENERS ENLISTED IN GREAT PRODUCTION CAMPAIGN.

Make every seed count this year. The amateur gardener has a weakness for using more seed than is absolutely necessary.

Remember conditions in a country as large as Canada vary. Some portions are weeks ahead of others in these bulletins aim to strike about the average for Canada as a whole.

How to Use Manure. Fifty tons per acre is none too heavy a dressing. When spread on the ground before digging in it will be broken up by the soil.

Plant Onions Early. The onion is another rather difficult vegetable to grow. It requires a long season of growth and very often the seed is sown too late.

What Vegetables? Varieties to be sown (early in spring), beets, carrots, lettuce, onions, parsnips, peas, radishes, kohlrabi, garden cress, parsley, parsnip, radish, etc.

Week-End Offerings for Home Makers

Home-making is a continuous service when once you begin, so these offerings are not only for new beginners or those who will begin as brides in the next few weeks—they are for all who from season to season are MAKING and RE-MAKING the HOME.

Shopping in pairs is a favorite method on Saturday. The home-maker invites HIM to share the excursion to Simpson's and help choose the Rugs, Furniture and Draperies that are to beautify and transform the home. Expert help is available for consultation, and you may depend upon sympathetic and courteous service.

THE HOME-LOVERS' CLUB is ready to help solve your problem by extending payments as may be arranged with the Secretary. No charge for this accommodation directly or indirectly. Club office, Fourth Floor.
