The Semi-Tontine Return Premium Plan.

Provides that should death occur prior to the expiration of the Tontine period, the whole of the premiums that may have been paid will be payable with, and in addition to, the face of the policy—thus securing a dividend of 100 per cent. on the premiums paid, should death occur during said period.

The Commercial Plan.

The large number of business and professional men who have taken out large policies on the Company's Commercial Plan, show the demand for reliable life insurance, relieved of much of the investment elements which constitute the over payments of the ordinary plans, is not confined to men of small incomes, but exists among all classes.

It is the best plan for those who want insurance only, and the easiest for agents to work.

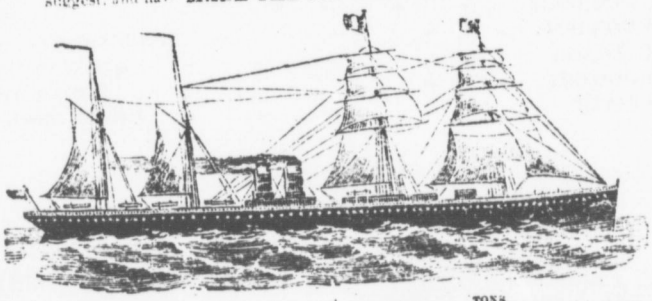
This Company's Policies are printed in clear large type, in plain, simple language, and are as liberal in their conditions as it is possible to have them, consistent with safety and equity to the policy holders generally.

Observe the following points, viz:—

(a) **The Policies are indisputable after three years from date of issue.**

(b) Travel without permit in any part of the world **will not invalidate the Policy**, which becomes subject to an extra premium only where an extra risk is incurred.

(c) Surrender values are allowed upon its ordinary and Semi-Tontine Policies after they have been in force three years, either by Paid-up Policies or in Cash; Loans are made on such Policies after being in force three years.



(d) The age of the insured will be admitted at any time by the Company on reasonable proof, but if not so admitted, any error in the age **will not invalidate the Policy.**

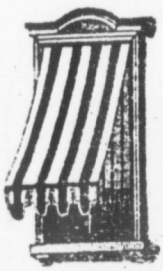
St. Lawrence Hall
MONTREAL.

Few Hotels in the Dominion or on the Continent have won the widespread popularity for prompt and satisfactory management as has the ST. LAWRENCE HALL. For over 38 years the travelling public have found the "Hall" the best and most complete equipped house in the Country, in all its departments. Every want that human foresight can supply, for the comfort and convenience of guests, the Management has ever provided for, and it is this attention that has given to the "Hall" its fame as the leading Hotel of Canada, both in the United States, Great Britain, and the European Continent. For over a quarter of a Century the "Hall" has held this proud position, and has had as its guests the most illustrious representatives of Royalty and the Peerage, who have in that period visited the Metropolis of the Dominion.

THE LOCATION of the "Hall" on James st., the principal thoroughfare of the City, cannot be surpassed in a sanitary point of view, and is the most centrally situated for all travellers.

IMPROVEMENTS.—The growth of Montreal in the past few years, and the ever-increasing demand for first class accommodation required by the travelling public, has called for large additions to the "Hall," which have been carried out and just completed. The Massive and Elegant exterior—five stories high, with mansard roof, and a clear frontage of 125 feet, on the most fashionable street of the City—at once attracts the attention of the Tourist, and a visit inside soon leads to the conclusion that for polite attention and satisfactory management, the "Hall" has no superior. The new improvements have increased the accommodation for guests to over 300 well-lighted and airy rooms, furnished in the most tasteful style and with every modern convenience. Passenger elevators are also provided, and the whole of the corridors, reading and other public rooms have been lighted, furnished and decorated in the most artistic manner.

THE DRAWING ROOMS.—The "Hall" is now provided with two of the handsomest Drawing rooms in the city. The New Room is one of the recent improvements, and is a marvel of beauty and elegance in its Decorations, Frescoes and Furnishings. The whole of the wood work is of red cherry with Lincrusta Walton panellings in gold, rich mirrors adorn the walls, and massive Gas Candle Chandeliers are suspended from the ceiling. The upholstering is of the richest and most luxurious description—the Carpets, Chairs, Sofas, Ottomans, etc., being specially made to suit the adornments in the room.



THE DINING ROOM has been enlarged, making it 100 feet long by 50 feet broad, and capable of seating 400 guests. The room has been thoroughly renovated and decorated by the best Italian artists, and is lighted by Gas and Electric light.

Billiard, Hair-Dressing, Sample and Bath Rooms are all connected with the Hotel.

All trains and steamboats are met by the "Hall" 'busses, and polite and attentive porters always in attendance to look after guests' baggage.

Rates from $2.50, $3.00 to $3.50 per day, according to location.

Mr. HOGAN, the genial proprietor, still gives his personal supervision to all Departments, thus securing for the guests every attention required.

Mr. Meadows,

Dear Sir,—The Automatic Water Closet you put in my hotel in the fall of 1886, has given me perfect satisfaction in every particular. It has been thoroughly tested, being used on an average fifty times a day, and has not cost me one cent for repairs, or one moment's annoyance of any kind. I can conscientiously recommend it as the cleanest, most perfect, and in the end the cheapest closet in the market.

Yours respectfully,

Collections Made in all Parts of the World

TERMS: $10.00 PER YEAR.

Moderate Rates for Collections out of City

We give each member their remittance and full report of accounts collected on the first of every month, or, if necessary, the day after collections are made.

Estates Managed. Rents Collected. Money to Loan at Lowest Rates.

Novel Mode of Collecting Debts.—The plan of operation is in brief as follows: Business men may become members by paying $10; then if they have any poor accounts to collect a notice is sent to the debtor that unless the debt is paid by a certain date a uniform collector will make him a visit. The collector wears a blue uniform glistening with brass buttons, and if he fails to get the money the first time, he promises to appear again. After three calls he comes before the delinquent with a badge upon his hat reading: **"Collector of Bad Debts."** This generally brings the money. If it does not, he calls daily and demands payment. These calls attract the attention of the neighbors, and Madame Grundy takes it up and there is music in the air in case the debtor persists in his refusal to pay. The creditor pays 15 to 25 per cent. of the amount collected. We do not make it a business to prosecute sick or distressed people, who by reason of their afflictions are unable to pay promptly, but those who are confirmed "dead beats" and who abound in every locality. Sometimes the irate dead beat goes in for a fight, and the collector may be bounced. In that case another and larger collector takes up the case.

DIRECT

INTRODUCTORY.

WHILE we feel very grateful to the business people of Toronto, who have almost universally given us all the assistance we could desire or expect in getting the necessary information for our 1890 Directory, yet we think we have just reason to complain of the treatment received from one or two firms, who are mean enough not to allow the men in their employ one quarter of a minute's time, each, to give their correct name, occupation and address once a year. Comment is unnecessary.

We still claim to have the best Directory in the world. We are pleased to be able to say that the number of subscribers to our publication for 1890 has far exceeded that of any previous year. We are also pleased to be able to say that our patronage in the way of advertising has far exceeded any previous year, for which we feel grateful, and trust that next year will show a still greater increase in this direction, as we know there are many who do not yet fully appreciate the advantages of our Directory as an advertising medium, and who, we are confident, would receive excellent results from a few dollars invested with us in that line. As usual the greatest possible effort has been made to have the information as full, complete and accurate as possible, and, although we will no doubt be responsible for an occasional error, we trust that we will not be held accountable for those that are not through any fault on our part.

The renumbering and naming of streets have given us a great amount of extra labor and expense. While we acknowledge the renumbering of the houses has been well done under the plan used, we also contend the system is wrong, or at least a better could have been adopted; however it will be an improvement in many instances. Some people were unkind enough to say that it was through our influence that the renumbering was done, for the purpose of securing extra patronage. We are glad to be able to say we were not consulted until after the work was commenced, and sorry to say the extra expense caused by the changes cost us more than the profits from the extra circulation. Below will be found the number of names that appear in our 1890 Directory, which we think shows a satisfactory increase. Actual number of names 66,482, multiplied by 3½, which is a low directory estimate, gives us a population of 216,066. Increase of names over 1889, 9,208, multiplied by 3½, makes the increase for year 1890, 29,922, or 15 per cent.

Percentage of population increase in the following cities in the United States:

Boston, Mass.	½ per cent.	Detroit, Michigan	5⅞ per cent.
Brooklyn, N. Y.	3½ " "	Milwaukee, Wis.	6 " "
Buffalo, "	3⅛ " "		

Toronto, Canada.....15 per cent.

Estimated Amount of money invested in buildings in Toronto during the years,

1886	$1,500,000	1888	$2,589,000
1887, including Parliament Buildings,	3,600,000	1889, including City Hall Buildings..	5,200,000

This shows a good, steady, healthy and substantial increase.

The following are the number of names appearing in each year's publication during the past fourteen years:

1877	18,979	1884	36,359
1878	19,354	1885	39,409
1879	20,226	1886	41,287
1880	21,919	1887	45,220
1881	23,166	1888	51,026
1882	23,879	1889	57,274
1883	33,592	1890	66,482

Wishing you all the compliments of the season.

Yours truly,

R. L. POLK & CO.

In order to give our old advertisers the opportunity of securing their usual space for advertising in our Directory, and for the purpose of relieving us in the hurry of the latter part of our work, we will call on you early for a renewal of your subscription.
