Indian Ruler Dazzles Geneva With Wives, Cars and Riches

GENEVA, Oct. 7.—An observer attending the Sixth Assembly of the League of Nations here remarked that the best news story he could imagine would be that the Maharajah of Patiala would turn out to be no royal prince of India, but an ordinary Indian, with false jewels and not enough Swiss francs to pay his hotel bill.

Tourists who expected to see His Highness, Dhiraj of Patiala, G. C. S. I., G. C. L. E., G. C. V. O., G. B. E., A. D. C.—to quote a few of his titles—emerge from his hotel and parade down the Quai Woodrow Wilson on a magnificent elephant to the League Assembly building, also have been disappointed.

Y. M. A. BANQUET.

The annual fall banquet of the German Street Young Men's Association will take place in the Admiral Beatty this evening at 8.30. A good program has been prepared and the affair promises to be an auspicious beginning of the season's activities of this association.

MEETING POSTPONED.

Because of the unfavorable weather yesterday and the small number who arrived for the meeting of the German Street Baptist W. M. S. in the afternoon, it was decided to postpone until next week the special programme which the W. M. S. was to have had as part of the rally week observance.

Adventures of the Twins

By OLIVE ROBERTS BARTON THE BURGLAR IS FOUND.

It was funny that Daddy Cracknuts forgot to tell his wife about somebody stealing the gasoline out of his car. But by the time he got to the Post Office and looked over his mail, and stopped at the Twins' garage to talk to his friends, it was lunch time.

And at lunch he and Mrs. Cracknuts were so busy talking about the children's new school shoes, and about the postal card from Mrs. Gray Tail saying that she was coming to visit them, that it never entered his head. It's just like a man to forget to tell his wife that he's been robbed, and that all his friends were coming that night to help him watch for the burglar.

He sneaked through the bushes toward Cracknuts' garage. Then Mister Bunny and his sons, Ben and Bill, and his nephews, the Cotton-tails, came quietly through the bushes. Prickles Porcupine arrived and said that although he couldn't do much, still he was a good watcher and had good ears, and if anyone came his way he would grab him.

And Wally Woodchuck and Grubby came, and really everyone almost came, even the old Owl gentleman who lived on the top floor. And the frog and turtles from the brook. There were so many people there watching for Daddy's burglar, that there wasn't anyone left to be a burglar. If there was, he'd like to know who he might be.

But one of the Cotton-tails stepped on a dry stick. And it went off like a pistol shot. Mrs. Cracknuts heard it and sat up in bed. "Wake up, Daddy," she said. "I think I hear something. Somebody must be trying to get into our garage."

Daddy Cracknuts felt like two cents when he had to go down and explain all about it. To Be Continued.

French Ship Blows Up At Dock; 4 Hurt

BORDEAUX, France, Oct. 8.—The bomb and shell laden transport Saint Brieux, exploded at her dock Wednesday precipitating a Communist hunt that ended only when it was determined that the explosion had been caused by a bursting oxygen tank. Four persons were injured.

The minister of marine ordered an investigation of a report that the explosion had been caused by a time bomb placed aboard the transport by a Communist.

STABLEMAN FOUND DEAD. GLACE BAY, N. S., Oct. 7.—Arthur Jacques, 38, a stableman at No. 2 Colliery, was found dead this morning with his head crushed under a box.

Fashion Fancies

By Marie Belmont THE shades of blue, which were practically banished for last fall, are very much with us at this present fall season. The little day dress above is effective in its combination of two materials and two shades of blue. The darker part is navy blue and the deep collar and amusing flounce are of royal blue crepe.

SHIP WITH NO STEEL USED TO STUDY MAGNETISM

By DAVID DIETZ. Scientists have known for many years that the earth is a magnet, having a north magnetic and south magnetic pole corresponding to the poles of any ordinary magnet.

The Carnegie Institution has spent much time studying the magnetic properties of the earth, maintaining a number of observation stations and using a ship, the Carnegie, which contains no iron or steel in its entire construction, to study magnetic effects at sea. But still the reason why the earth is a magnet remains one of the mysteries which the pioneers upon the frontier of science must solve.

millionth of the magnetic field which the earth does possess. Another factor to be taken into consideration is the matter of which the earth itself is composed. The ultimate particles are the protons and electrons which compose the atoms of matter.

Now the proton is the unit of positive electricity and the electron is the unit of negative electricity. Therefore the rotation of the earth means that all these units of electricity are rotating and therefore ought to produce magnetic fields. However, each atom contains the same number of protons as it does electrons. As a result, the field created by the positive units ought to balance that created by the negative units.

GIRL SINGER, 18, IS SIGNED FOR METROPOLITAN

Marion Talley, of Kansas City, to be in Grand Opera This Year.

NEW YORK, Oct. 8.—In announcing the plans of the Metropolitan Opera Company for the coming season, Giulio Gatti-Casazza, general manager, interpolated the news that Miss Marion Talley, of Kansas City, 18-year-old daughter of a telegraph operator, who made a sensation at an audition in 1922, has received a contract from the company and will appear during the second half of the season.

WINS ADMIRATION. It was granted, but Mr. Gatti-Casazza was frank in saying that he expected to hear that not unusual thing in America, a good voice, but nothing extraordinary. The girl, then only 18, sang to one of the most difficult audi-

ences imaginable. It included, besides Mr. Krehbiel and other newspaper critics, Mr. Gatti-Casazza, Otto H. Kahn and four of the most famous of the Metropolitan conductors—Bodansky, Morosoni, Hasselmann and Benoschek. There were also present Andreas Dippel and Nathan Franko. Miss Talley was not at all flustered by the eminence of her audience or the strangeness of her surroundings. She walked calmly on to the stage of the Metropolitan and filled the great house with a lyric soprano, remarkably developed for a girl of her age, the sort of voice that stirs even critical listeners to excited admiration.

The girl's audition was an unqualified success, but her backers and her parents took the advice of Mr. Gatti-Casazza against rushing her into public appearances. She has passed these last three years studying in this country and in Europe and is said now to be ready for a debut that will startle New York opera lovers.

BEGAN TO SING AT 3. The girl's father is an operator for the Missouri Pacific Railroad. He and Mrs. Talley, when they were here before, said their daughter had been singing since she was three years old, and that she first attracted the attention and aroused the pride of Kansas City when she was heard by Miss Blanche Lederman, Kansas City correspondent of "Musical America," and Mrs. George E. Powell, music critic of The Kansas City Star. She gave a benefit concert and a fund of \$10,000 was raised for her further education. Her friends then communicated with New York and made arrangements to bring her here for a Metropolitan audition.

ECONOMIC BARRIER EXTINCTION SOUGHT. WASHINGTON, Oct. 7.—The Inter-Parliamentary Union Conference, in final session here today, adopted resolution calling for an investigation of economic barriers between European nations with a view to their ultimate extinction.

A BEAUTY OF ITALY'S NOBILITY

Countess Teola Ludolf is one of the most beautiful women of the Italian nobility. Her engagement to Don Filippo Caffarelli II, secretary of the Italian embassy in London, has just been announced.

IRISH DEPUTATION TELLS OF MISSIONS

Addresses Are Given by Visitors at Meeting Held in Centenary Church.

A mass meeting attended by several hundred people was addressed last evening in Centenary church by three members of the missionary deputation from the Irish Church Missions, now commencing a tour of Canada and the United States in the interests of the work being done by the society. Rev. R. G. Fulton acted as chairman and led in the opening devotions, being assisted by Rev. E. E. Styles.

The first speaker was Dr. J. John Long, superintendent of the Limerick medical mission. He told of spending thirty-three years in medical mission work in Ireland, starting in Dublin. After he had been there for six years, he said, he had been asked by the Irish Church Missions to open a mission in Limerick.

He declared that they had had a great deal of trouble in getting a foothold in that city, which was essentially a Roman Catholic centre, but had succeeded after some time. He paid a tribute to the Free State Government, which he said was given fair treatment to all in Southern Ireland and was doing a great deal to preserve peace. The Protestants in County Clare, where he was, were only one per cent of the total population, he said, and they greatly needed assistance.

E. Clyde Parsons sang a solo. Rev. R. Mercer-Wilsh, M.A., secretary of the Missions, was the next speaker. He said that the welcome the deputation had received in Halifax and Saint John alone had repaid them for their trip.

Ireland was having many troubles, he said, and had passed through a great many wars, some of them real and some "make-believe." He went on to outline the work of the Missions, which has been founded seventy-seven years ago to carry the simple message of God's word to the people. He was followed by Tom P. O'Connor, who declared himself a former Sinn Feiner converted by the Missions.

Social Notes of Interest. ENGAGEMENT NOTICES. ENGAGEMENT Announcements will in future be subject to a charge of 50 cents per insertion.

Miss Christian Edwards, daughter of Colonel and Mrs. M. B. Edwards, of Saint John, who is attending McGill University, has arranged for a luncheon on Friday of this week to be given for Miss Jean Maxwell, daughter of Mrs. Edward B. Maxwell, of Montreal, who has returned to Montreal on Tuesday afternoon. Maxwell is taking place quietly next Saturday afternoon. Mrs. Maxwell entertained for her prospective daughter-in-law on Tuesday afternoon at her home. Many functions are being given in her honor in Montreal.

Mr. and Mrs. Keith Brown are visiting in Montreal and expect to be absent for two weeks. Mr. and Mrs. Roy Bell have gone on a hunting trip in the vicinity of Sussex, to be absent for ten days.

Mr. and Mrs. H. Arthur Peters, of the Admiral Petty Hotel, were host and hostess at the supper dance Tuesday evening in honor of Mr. and Mrs. Alexander MacNab and Dr. and Mrs. LeBaron Peters, of Bridgeport, Conn. The party were Mr. and Mrs. Fred C. Godsoe, Mr. and Mrs. Charles H. Peters, Dr. and Mrs. F. A. Godsoe.

Mr. and Mrs. Alexander MacNab and Dr. and Mrs. LeBaron Peters, of Bridgeport, Conn., entertained last evening at dinner for their friends, Mr. and Mrs. H. Arthur Peters, of the Admiral Petty, Dr. and Mrs. F. A. Godsoe, Mr. and Mrs. C. H. Peters and Mrs. and Mrs. Fred C. Godsoe. One of the private dining rooms was arranged cosily for the function and cards were enjoyed in the evening.

Mr. and Mrs. Cyril Bedford have arrived at their home, Audubon road, Boston, after a most delightful honeymoon trip. They motored to Quebec, Montreal, the White Mountains, New York and the Adirondack Trail on their way to Boston, and greatly admired the beauty of the country with autumn foliage. Mrs. Bedford before her recent marriage was Miss Gladys Whelpley, daughter of Mr. and Mrs. F. B. Whelpley, of Saint John.

Mrs. Harry Doherty, daughter of Mrs. Jeremiah Stout, of Fairville, has returned to her home in Waverly, Mass., after visiting her mother for some weeks. Mr. and Mrs. Charles E. Driscoll, of West Saint John, are on a motor trip to Quebec and Montreal and will return by way of New York.

Mrs. Alfred Splane, of Sea View, Lorneville, who has been visiting her mother, Mrs. Frank Glenn, and her daughter, Mrs. Willard Wood and Mr. Wood, all of Cheverie, N. B., has returned home. Mr. and Mrs. Edward Greer, of St. Martins, are visiting Mr. Greer's sister, Mrs. Philip McIntyre, in East Saint John. Mrs. Mary Sampson, of Swampscott, who has been visiting Mrs. Margaret Coughle, in West Saint John, has returned home.

HIRAM HORNBEAM IS TO ATTEND FAIR

Special Events For Tonight in Aid of Orphans—Good Attendance Last Night.

The most valuable door prize yet offered at the New Brunswick Protestant Orphanage fair will be offered tonight in the very handsome four-piece silver tea service which has been on view at the fair for the last few days. The appearance of "Hiram Hornbeam" at the fair is to be another special feature of this evening and before going to the fair Hiram will parade in the city. Last night the door prize, a load of wood, was won by ticket 5697, but was unclaimed. The door prizes of the last few nights are still unclaimed for.

Other prize winners last night were as follows: Ladies' ten pins, Miss Maud Kierstead; ladies' bean toss, Mrs. W. H. Burton; men's bean toss, W. R. Stearns; air gun, Isaac Mercer. St. Mary's Band gave an excellent musical programme and the fortune telling booth had an exceptionally big patronage. The ball players' competition was another feature that went well with the public and promises to be extremely popular.

The Potts Lodge of the L. O. B. A. from Lorneville, had charge of the county store last night and although they had so great a distance to come in such unfavorable weather the lodge members were there in force and they brought a large quantity of goods to stock the store. Tonight the 62nd Putters Band will play. An open house with no admission charge is being arranged for Saturday when all the orphans of the city are to be guests at the fair and the usual programme will be given for their pleasure.

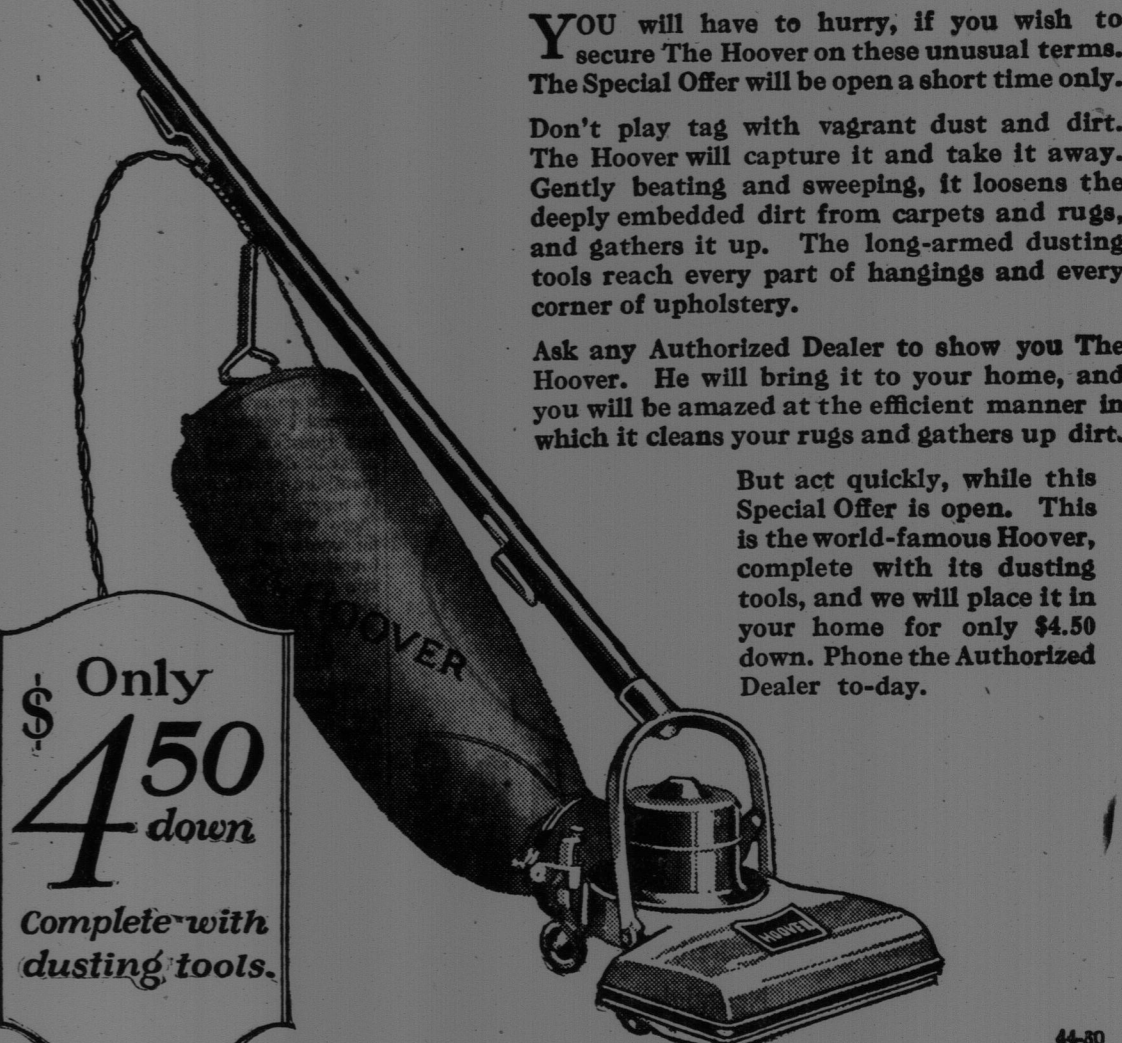

At BROWN'S Friday and Saturday Bargain Days A Saving of 20% to 35% on All Merchandise Listed Below

The HOOVER It BEATS... as it Sweeps as it Cleans

Now, for only \$4.50 down complete with dusting tools

YOU will have to hurry, if you wish to secure The Hoover on these unusual terms. The Special Offer will be open a short time only. Don't play tag with vagrant dust and dirt. The Hoover will capture it and take it away. Gently beating and sweeping, it loosens the deeply embedded dirt from carpets and rugs, and gathers it up. The long-armed dusting tools reach every part of hangings and every corner of upholstery. Ask any Authorized Dealer to show you The Hoover. He will bring it to your home, and you will be amazed at the efficient manner in which it cleans your rugs and gathers up dirt. But act quickly, while this Special Offer is open. This is the world-famous Hoover, complete with its dusting tools, and we will place it in your home for only \$4.50 down. Phone the Authorized Dealer to-day.

Authorized Hoover Dealers: Manchester, Robertson Allison Limited. Locations: Campbellton, Chatham, Fredericton, Moncton, Sackville, Maritime Sales Office and Service Station: 612 Dennis Bldg., Halifax.

NEW BRUNSWICK SCALE TO BE CONTINUED; GRAND FALLS DEVELOPED FREE OF POLITICS

Continued from Page 8.

that great store given by nature, to produce part to ship abroad. For this purpose the Maritimes were well situated with direct ocean connections with the markets of the world. It was absurd to see foodstuffs that could be produced here imported from other countries and sold despite the freight and other charges, which the others must absorb.

Co-operation was the keynote of the Canadian Manufacturers' Association. He thought it was a great thing to see men in business or industry get together, not for the purpose of advancing prices but for mutual counsel and advice.

LAUDS MERCHANTS.

It was a great thing for the province, he continued, that it had such a fine organization of good men as the Retail Merchants' Association. He paid a special tribute to the work of Miss Alward, the secretary.

Courage, confidence, hard work and self-reliance were the four important steps to success, he said in conclusion.

MR. RITCHIE SPEAKS.

Hon. R. J. Ritchie declared that everyone present should feel an incentive to go out of the meeting with stronger and deeper feelings in reference to the city, the province and the Maritime Provinces. All should be on the alert and should let the Government, whether Conservative or Liberal, feel that the Maritimes were asking not for sympathy but for simple justice.

They should demand from their public men the same spirit that had moved the present Premier of New Brunswick, Hon. Dr. J. B. M. Baxter, to lay down the principle that all should stand together and to declare that if the new Government, in case a new one were elected, did not do what it should for the Maritimes, he would resign, Hon. Mr. Ritchie asserted. What was wanted was not pleasant words but a determination to have the rights due these provinces.

Each one should hold himself ready to do something for the Maritimes when the opportunity presented itself, he added.

PROPOSES CHEERS.

He went on to say that all should give three cheers and another one for

Premier Baxter and his stand for the Maritime Provinces.

When time came to go to bed on Sunday night he would have completed his 82nd year, he said, and when he arose on Sunday morning he would commence his 83rd. He was strong for Saint John after spending the 82 years of his life here and was proud to see such Saint John men as David Magee, chairman of the meeting; Hon. Dr. Baxter, Premier of the province, and Acting Mayor Frink seated at the head table.

Mr. Stackhouse sang a solo. In introducing N. B. Douglas, secretary and general manager of the Dominion Board, Mr. Magee asked that the local merchants make special efforts to attend the meetings today.

GLAD TO BE IN CITY.

Mr. Douglas said that he was glad to be in Saint John to renew acquaintances made last spring and also because of the feeling in regard to the Maritime Provinces that he had experienced when here. He complimented the New Brunswick board on its representation at the meeting. He wished to convey the greetings of the Dominion Board, which had been formed in 1896.

Since his last visit here he had been endeavoring to make a survey of business conditions in Canada and felt that he could discuss the outstanding problems confronting the retail trade. The last 25 years had seen a great change in conditions. Some considered that these were the result of natural economic evolution but others believed that the present tendency of business to resolve itself into large corporations would reach a saturation point and it would be then that the individual stores would have the opportunity to show the service they had been intended to render.

The original trade condition of the country had shown that the small stores built at the cross-roads had built up a unity of spirit and enterprise that had resulted in the growth of the present cities.

GROWTH OF CITIES.

The growth of cities was determined many times by their natural physical locations. He believed that when the people of the smaller districts had got together more there would be a great increase in the prosperity of the whole country.

The retailer must increase his personal contact with the consumer by a greater co-operation of interest. He believed that the time was coming when the banker, farmer, financier, laborer and others must come to realize that his prosperity and that of all depended on the measure attained by each.

He suggested a conference of the various classes with representatives of the Government to discuss economic questions and to lay down principles of conduct in relation to them.

He believed that conditions today in the retail business were not so good as they should be. The fault did not lie wholly with either the retailer or the consumer. They must take the conditions as they found them and must seek a remedy. They should regain the personal element so largely lost.

LOCAL BUYER READY.

The local buyer was ready to support the local seller if the latter could offer him a price as low as he could get outside and was ready to support him even if the price were somewhat larger, if the seller could create a sufficient interest in himself.

Greater publicity was the way in which this interest could be created. He told of one provincial Retail Merchants' Association which had got a grant of \$10,000 from the Government of the Province, had spent \$8,000 of its own money and had been given about \$20,000 worth of free space to conduct a "buy at home".

The Dominion Board had gone to the Dominion Government and had recently received from the Post Office a reduction in prices for mailing circulars. He believed that a great deal of business could be created by putting the name of a business into the hands of a housewife and believed also that the housewife would be glad to hear of articles and their prices in this way.

He received the resolutions passed by the Dominion Board to assist the retailers in improving trade conditions.

CARTAGE CHARGES.

The first matter discussed was that of cartage charges. This included charges made for the delivery of goods from the warehouses to the point of delivery and also charges made by some manufacturers and wholesalers for the packages in which goods were put up. Many of the retailers did not keep an accurate account of their operating costs and the result was that these charges became a direct loss. The association had recommended that the executive try to get the manufacturers and wholesalers to absorb these charges and to make them part of their operating costs.

TAXATION PROBLEM.

Taxation, he declared, was one of the outstanding problems of the day, particularly to the retailer. The tax particularly discussed was the stamp tax on checks, notes, receipts and drafts. After considering everything the association had decided that this was a special tax on a special class. They felt it was unfair and that every effort should be made to have it removed or reduced.

The income tax had also come in for much discussion. The amount of revenue had been reduced and he felt this was due to the failure of some to make proper returns. The only ones of whom they could be sure were those whose incomes were fixed and he thought the tax was unfair for this reason.

SECTIONAL TRADE.

Because of the large number of classifications of retail business the association was trying to develop the trade sectional idea and to have each class of business consider its own problems and submit their findings to a central committee. He would suggest affiliation with other organizations in order to carry this out thoroughly.

The question of weights and measures inspection had been considered

The retail merchants, as the greatest users of weights and measures, provided an annual sum of about \$300,000 for this purpose. They felt that, as the inspection was made for the protection of the public at large, the public treasury should pay the costs. He thought the Department of Trade and Commerce was coming to realize the truth of this belief. They had been successful in getting an act to prohibit false advertising but thought it was not enforced strictly enough. It was the idea of the association that the provincial governments should be made to realize that it was the duty of the crown prosecutor to prosecute cases of violations rather than that of the associations.

WOULD STOP SMUGGLING.

The association had asked the Government to more strictly enforce the smuggling regulations in order to prevent dutiable goods being brought in free and sold in competition with those coming by the regular channels.

In regard to the question of credit defaults, where a debtor moved from one province to another, he told of a change in the law which the association was trying to bring about. At present it was necessary to get a judgment against the creditor in the province to which he moved. They wished the law changed so that registration of the judgment obtained in the province where the goods were bought in the court of the province to which the creditor had moved would be sufficient. The matter of the sales tax had been taken up with special reference to printers and confectioners. When first put on it had affected a great many manufacturers who were really retailers. It had been removed in many cases but the two classes mentioned were still liable. The association was now moving to have them freed also.

They were also working on the automobile luxury tax refund question and their records were about ready for presentation to the Government. The matter of contracts had been discussed and an earnest effort was being made, to have the retailers take special pains to make sure their contracts were

fair to themselves as well as to the other parties.

FREIGHT RATES.

The retailers had a great interest in the matter of freight rates, he declared, and felt they should be represented on the freight classification committee and allowed to make recommendations to the Railway Commission.

The matter of price cutting on trade marked goods was discussed by Mr. Douglas. He declared that many retailers were giving the impression by reducing their prices for these standardized goods that all their prices were lower, whereas they were making up the difference on other lines. This was destroying confidence between buyer and seller, he said. The retailers were to blame for this price-cutting error, he declared, because they had not properly co-operated. There were more than 150,000 retailers in the country and the organization could be the most representative on the continent. With the interest in the life of the community and of the country that it would have, he continued, it would make for the greater prosperity of the Dominion. It was not an organization for self-protection or self-protection, but for the good of the people as a whole.

The aim of the association, he said, was to try to make possible for the individual store the margin of remuneration it fairly earned by its service to the community. A standing vote of thanks was taken to the speakers of the evening on motion of M. E. Grass and Alex. Skene.

Gagetown Church Is Moved Two Miles

GAGETOWN, N. B., Oct. 7.—The Upper Gagetown United Baptist church which was re-dedicated on Sunday was moved a distance of two miles and had to be taken across railway tracks twice and over a bridge 50 feet long. To get the church over the bridge it was necessary to take one side off and to build a trestle.

Rev. L. F. Wallace, who was the pastor of the church during the summer and largely instrumental in having it moved, left this morning for Nova Scotia. On Monday evening the Ladies' Aid of the church met at the home of Mrs. S. C. Weston and presented to Mrs. Wallace, the pastor's wife, the sum of \$57 in appreciation of the work of Mr. and Mrs. Wallace during their stay here.

STEAMSHIPS AT NEW HIGH MARK IN MONTREAL

Breweries, Slightly Firmer, Also Receive Considerable Attention.

PRICE MOVEMENT IS CONFUSING IN WALL ST

Trading, However, Shows Relief Over Passing of Recent Strain.

MONTREAL, Oct. 6.—The feature of the first half hour's trading on the Montreal Stock Exchange this morning was Canada Steamships preferred, which came out under an overnight gain of 8-8 at the new high of 57-8-8. National Breweries also came in for considerable attention and firmed up 1-2 at 92-1-2.

Lake of the Woods was quoted at 170-182, this comparing with the last board sale of 188. St. Lawrence Flour on a small lot transaction sold at 87. This compared with the previous closing figure of 89 1-2.

The balance of the market was quiet and irregular. Asbestos eased 1-4 at 92-1-4. Besco second preferred was up 1-2 at 9. Bank of Commerce up one at 220. Power up 1-4 at 209 1-4 and Brazilian registered a gain of 1-3 at 72-7-8.

IN WALL STREET.

NEW YORK, Oct. 8.—Confused price movements marked the opening of the stock market today, although trading generally reflected relief over the passing of the recent money strain. Initial gains outnumbered losses but with a few exceptions were limited to fractions.

Barnet Leather scored 4-1-2 points to a new high record and American Smelting advanced 3/4 point. Pierce Arrow led an upward movement in the motor group but oil issues were heavy.

Morning Stock Letter

NEW YORK, Oct. 8.—Yesterday morning brought the same heavy waves of profit-taking that were seen in the previous two days. But yesterday afternoon these seemed to dry up and on smaller transactions special stocks advanced. The market still is in an uncertain position. The upward move does not seem over. New favorites are constantly being brought to the front and we still look for higher prices for many specialties. U. S. Rubber looks like it was still well bought and we expect considerably higher prices to act during this year. Steel stocks continue to act disappointingly, but in the next month or so some of them should sell higher. Sloss looks like it would sell a great deal higher on its big earnings. In the first nine months Sloss earned \$9 a share, with pig iron prices higher now, fourth quarter earnings should be a rate of over double the rate of the first nine months. SRR Pfd showed some better buying yesterday, and we think it can be bought for 100 in the next few months. May Stros was sagged off on the chairman's statement that directors were not contemplating any cash dividend rate. On a further reaction believe it can be bought.

MCGOY'S HELPS OLD FOLKS FEEL YOUNGER

Try This New Cod Liver Preparation To Increase Your Strength, Vitality and Endurance.

Why should any old person let feebleness overwhelm them in these enlightening days? Surely everyone knows by this time that the extract taken from the livers of the humpback codfish contains more health and weight producing vitamins than anything else on earth and is the greatest body builder in the world.

Any physician will tell you that. You'll like to take McCoy's Cod Liver Extract Tablets—they are sugar coated and easy to take as candy and they do help old people.

Why not try being years younger again, why not grow stronger in body, in mind, in vitality, why not take McCoy's Cod Liver Extract Tablets and drop years from your age in 90 days? We do believe that a 90 days' treatment will make you feel years younger—but at any rate try them for 80 days and if you are not satisfied get at Watson's two stores. Ross Drug Co., W. Hawker & Son, or any progressive. Be sure and get McCoy's—the original and genuine.

Brokers' Opinions

NEW YORK, Oct. 8.—Houseman: "The market shows more signs of weakness than it has in several months. Investment store stocks a purchase."

Clingman: "The general situation has developed in the general situation to justify any particular modification of our previous forecasts."

Hornblower and Weeks: "Stand aside and allow stocks to rise before the upward drive is resumed."

Current Events

NEW YORK, Oct. 8.—Bank of England rate unchanged, 4 per cent.

American Petroleum Institute estimates daily crude oil output last week at 2,996,350 barrels, decrease 11,160 daily from preceding week.

Union Oil of California quarter ended Sept. 30, earned 70 cents share, against twenty cents preceding quarter.

MONTREAL, Oct. 8.—With reference to the grain market, it is noted that grain traffic from the Lakes is now in full force and what is more to the point is finding plenty of ships in port, which is in striking contrast to the situation which cropped up last year when quite a serious condition occurred, which resulted in losses for Canada Steamships in operations for the last three months of its fiscal year.

PERSONAL

Friends of Mr. and Mrs. S. H. McCutcheon are pleased to welcome them home again after an absence of two years.

Little Miss Mary V. Mahoney, daughter of Mr. and Mrs. Holly Mahoney, was removed to her home on Monday, having so far recovered after a serious operation at the Saint John Infirmary three weeks ago.

Mrs. Thomas S. Daley came from Toronto on Tuesday to visit her sister, Mrs. John Ryan, 126 Rockland road.

Mrs. Geo. W. Tins of 123 Chesley street, has returned home after an extended visit of five weeks to her daughter, Mrs. C. A. Johnson of Quincy, Mass.

Man Is Elected To Office After Death

HARTFORD, Conn., Oct. 8.—A dead man was elected to office at the town election in Manchester, Wesley B. Porter, 66, who has been the Republican town auditor for 25 years, died at night and voters casting the straight Republican ticket voted for him, as his name remained on the ticket next day. The town selectmen will appoint another Republican to work with the Democratic auditor.

BANK CLEARINGS BETTER.

Saint John bank clearings this week total \$2,784,250, a gain over last year, when the figures were \$2,526,112. The 1923 total was \$2,739,958. Halifax clearings this week were \$3,890,467.

RESTRICTIONS ON RUBBER ARE OBJECTED TO

British Users Ask That Present System Be Abolished

PRICES ADVANCE

U. S. Tire People Say England Can Earn Enough to Pay Debt

LONDON, Oct. 8.—British restrictions on rubber production have caused such hardship among British rubber users that a deputation has called on the government in an effort to have the Stevenson rubber system abandoned. Rubber automobile and motor cycles manufacturers visited the Colonial Office Wednesday to urge that the production of rubber in the British colonies be unrestricted. It is announced at the Colonial Office that the request would be considered.

British restrictions on rubber production have raised prices enormously within recent months. Some American manufacturers have gone so far as to say that Britain would collect enough from the United States in rubber profits to pay her war debt.

NOVA SCOTIA FILLS LISTS FOR CONTEST

Fourteen Liberals, Fourteen Conservatives, One Labor Contest Fourteen Seats.

HALIFAX, N. S., Oct. 8.—With the nomination yesterday of M. B. Archibald, Liberal, in Colchester and Finlay Macdonald, Conservative, in Cape Breton south, both the straight line parties have closed the ranks of their candidates in Nova Scotia. Fourteen liberal, fourteen conservative and one Labor candidate are now in the field for Nova Scotia's 14 seats. The three cornered fight will be in Cape Breton South.

Start to Raze Parker House on Dec. 1

BOSTON, Oct. 8.—With the final payment of the \$1,800,000 purchase price of the Parker House property by the J. R. Whipple Corporation, the definite announcement is made by President Claude M. Hart of the corporation that work on razing the old Parker House will be begun on Dec. 1. When the site at the corner of Tremont and School streets is cleared, work will be immediately started on the new Parker House, 16 stories in height, and to contain approximately 800 rooms.

The new hotel is expected to be ready for occupancy early in 1927.

DOMINIONS NOT BOUND.

LONDON, Oct. 8.—The London Times published a Berlin despatch today quoting the Deutch Zeitung in a summary of the draft of the Britain pact, in which it declares that one article directly specifies that Britain only commits herself and not the dominions.

HVMN WRITER DEAD.

NEWARK, N. J., Oct. 8.—Hubert Platt Main, writer of well known hymns, among them, "Shall We Meet Beyond the River," died here yesterday, aged 87.

Bull Moose Found Locked in Death

Canadian Press.

NEW GLASGOW, N. S., Oct. 8.—Two bull mooses were found locked in death this morning, near Colonel Thomas Cantley's camp, at Sunny Brae, Pictou county. They had fought a duel during the night and honors were even.

Rheumatic Pains Go Swollen Joints Vanish

Thousands of sufferers have freed themselves from the bondage of rheumatism; rid themselves of the torturing pain; reduced the swollen joints; thrown away canes and crutches, and from helpless became able to work and be of use to themselves and their families.

They took Rheuma; the modern enemy of rheumatism, lumbago, sciatica, arthritis, and chronic neuralgia. Don't be skeptical about Rheuma. You will know in a few hours after beginning the treatment that the poisonous waste matter is leaving your system through the natural channels. You will feel better in a day; you will know you are going to be helped in less than a week.

There is no guess work about Rheuma bringing you back to health. That's why Wasson's two stores and druggists everywhere sell it with guarantee of money back if it does not give quick relief.

N. Y. BROKER SOUGHT

Alleged He Left \$1,000,000 Debts and Took Away \$60,000.

United Press.

NEW YORK, Oct. 8.—The authorities in Atlantic seaports have been asked to aid Attorney General Ottinger in a search for Peter G. Stamm, wealthy New York broker and sportsman, who according to Ottinger has sailed away from this city leaving \$1,000,000 in liabilities and taking with him \$60,000 in cash. Stamm, Ottinger charges, is now aboard his motor yacht, Atlantis, and is likely to put into some American port for supplies.

Gets Six Months For Manslaughter

COCHRAN, Ont., Oct. 8.—Six months' imprisonment was the sentence imposed by Mr. Justice Wright yesterday on Emil Baron, who last July took an axe and killed Donat Champagne, whom Baron had found with his wife in their home in Timmins. Baron was found guilty of manslaughter after having admitted the deed.

Indian and Chinese Languages Related

Canadian Press.

CHICAGO, Oct. 8.—New clues to the origin of the Red Indian language are believed to have been discovered by Dr. Edward Sapir, Canadian anthropologist, now of the University of Chicago.

Dr. Sapir's researches in linguistics have convinced him of the basic identity of the language spoken by certain native North American tribes with that of the primitive Chinese, a statement from the university says.

Snake Quest Fruitless.

NEW YORK, Oct. 8.—A dozen policemen with tear gas bombs failed to find a "black snake" in the home of Mrs. Albert Lowerre in Brooklyn. Mrs. Lowerre said that because she did not want to cause trouble she had not reported the "snake's presence" even after she had found it twined about her ankle, and it had bitten her cat to death, but after the reptile bit her on the hand it was a bit too much.

MODERN BOY SCORED.

JERSEY CITY, N. J., Oct. 8.—The boys of the American contingent are being trained to desire only a "flapper and a flapper," a speaker at the Master Plumbers' convention declared in deploring the shortage of plumbers' apprentices.

MATHEWSON, NATIONAL BASEBALL IDOL, SUCCUMBS TO SICKNESS

VETERAN DIES FROM EFFECTS OF GAS IN WAR
His Life and Example Will Never Be Forgotten

NEW YORK, Oct. 8.—Christy Mathewson, one of the greatest pitchers of all time, is dead in his mountain cabin at Saranac Lake, N. Y.

A hero of the Great War, as well as of the diamond on which he was the first big college star, he died last night of tuberculosis and pneumonia, the result of being gassed while a captain in the chemical warfare service in France.

A REAL SPORT.

Christy Mathewson, idol of the nation's baseball fandom over a span of more than two decades, and one of the greatest pitchers the game has ever known, was a symbol of the highest type of American sportsmanship.

Running the full gamut of baseball fame, first as a playing star, later as a coach and manager, Mathewson left the game to answer a greater call during the world war; subsequently fought and won a battle for his life, threatened by the effects of his service, and then capped the climax of his athletic career by returning as part owner and president of a major league club.

But after all the remarkable achievements of Mathewson's career are recounted, the greatest tribute of all will be paid to his wonderful pitching skill. For on the mound he was a master craftsman, the most consummate and brilliant artist of all time, in the opinion of many of the game's closest students.

"Big Six"—a sobriquet contracted from "Big Six Footers"—started his major league career with the New York Giants in 1900, and it was during his 17 seasons with that club that he carved a lasting niche for himself in the twirling hall of fame.

After the war, Mathewson returned from the service to rejoin his old teammates, the Giants, as a coach, and retired from the game temporarily in 1920, when his health was dangerously impaired. He came back, again hale and hearty, in February, 1923, to accept the presidency and part ownership of the Boston Braves.

COLLEGE GRADUATE

A graduate of Bucknell College, where he was both a football and baseball star, Mathewson broke into the professional game with the Taunton, Mass., club of the New England League in 1899, receiving a salary of \$60 a month for his first season.

Mathewson, however, was not long in attracting major league attention. Playing with Norfolk, in the Virginia League, in 1900, he won 21 out of 23 games, and was obtained by the Giants, who turned him back after a brief try-out, for more seasoning with the Southern Club. Later the same year he was drafted by the Giants in a deal by which the Reds secured Amos Rusie.

Mathewson's first major league appearance was in the role of relief pitcher in a game lost by the Giants to Brooklyn. He had but indifferent success as a pitcher and utility player until 1902, when John McGraw succeeded Horace Fogel as manager of the Giants. "Big Six" was playing first base at the time but McGraw quickly recognized his pitching ability and placed him in his strident toward greatness dated from that period.

Feats of pitching brilliance too numerous to catalogue filled Matty's record during the dozen years in which he ranked consistently among the most effective twirlers in the major leagues.

STARRED IN 1905

He was a prominent factor in the pennant victories of the Giants in 1904, 1905, 1911, 1912 and 1913; he twirled two no-hit games, one against the St. Louis Cardinals, in 1901, and the second against the Chicago Cubs, in 1905. He held jointly with "Cy" Young and Grover Cleveland Alexander, a major league record of winning more than 30 games three seasons in a row; but his greatest achievement was in the world's series of 1905 when he pitched three shut-out victories against the Philadelphia Athletics.

McGraw ranks Mathewson's feat in the 1905 series as the greatest in his memory. All five games in that series were shut-outs, Joe McGinnity twirled

"Vic" Aldridge Likely To Oppose Stanley Coveleskie In Today's Game

Along The Sport Trail

TYRUS RAYMOND COBB is anything but the aged old veteran some of the sport writers would have us believe, according to Malcolm MacGowan, president of the Trojans A. C., who has just returned from a three weeks' tour of the eastern American cities at one of which he saw the greatest player of all time in action.

It is a mark that has seldom been exceeded in the last few years. IT IS highly probable that no head will be paid by President Mille of the M. F. B. to the union protest that has gone forward from the local clubs regarding the naming of Halifax as the place for the annual meeting instead of some central point where expenses could be cut to the minimum.

GARFIELD LEMMON set the pace for the year in bowling circles recently by leading off a 19 string. It is going to take some beating.

SUBURBANITES HOLD BIG BANQUET

Rothsey and Fair Vale Teams With Their Friends Have Enjoyable Time.

The Fair Vale baseball club was host to the Rothsey team at a banquet held in the clubhouse at Fair Vale last night, it being an annual event at the closing of the league, this season Fair Vale being again the winner after exciting games during the summer months, the games being played at Rothsey and Fair Vale.

There was an enthusiastic gathering of players and supporters present and the evening was greatly enjoyed. After a bountiful repast had been served there was an instrumental and vocal program, along with addresses, and the feature of the gathering was the presentation of the championship cup along with other prizes.

The Rothsey-Fair Vale Baseball League has proved most popular for the last few years and the residents in that vicinity have had the pleasure of witnessing some fine games of ball. The ladies who had charge of the arrangements for the banquet were Miss Annie Dobbin, Mrs. Thomas Stack, Mrs. George Stubbs and Mrs. Parks. George Stubbs was chairman for the evening and speeches were made by the chairman, G. Dobbin, J. Higgins, E. Thomson, H. Rathburn and George Stiles. In the absence of E. A. Ellis, the title cup was presented by L. Wetmore. The program included piano solos by Leo Gallagher and G. Dribble, recited by G. Stubbs, solo, B. Ryan; and blackface jokes by Messrs. L. Gallagher and T. Stack.

This latter number aroused much merriment, particularly Mr. Stack's original verse on the players of both teams. E. Thomson gave a saxophone solo. The gathering was greatly enjoyed.

M'GRW TO COURT

Giants' Manager in Trouble Over Alleged Commissions on Club Sale.

NEW YORK, Oct. 7.—John McGraw, manager of the New York Giants, today was ordered to appear before Supreme Court Justice Wasservogel tomorrow for examination in connection with a suit brought against him by Wm. F. Peabody, former police captain, for payment of commissions alleged during sale of the ball club in 1918.

McGraw and Francis A. McQuade, treasurer of the club and a city magistrate are co-defendants in the suit, which was filed May 15, last. Peabody alleged an oral agreement was entered into in 1918, for his services and stated in his complaint that McGraw and McQuade received \$200,000 for the sale of a majority interest in the club to Charles Stoneham.

McGraw and McQuade denied the agreement in their affidavits.

WILL DISMANTLE SALE YACHT LOVIMA

The sailing sloop Lovima, purchased by L. M. Johnson, has been brought from her anchorage at Millidgeville, through the falls to the harbor, and Mr. Johnson states that after he has removed her heavy lead keel, mast and rigging, he will convert her into a motor pleasure yacht.

LARSEN WON. MONTREAL, Oct. 7.—The feature fight at the Mount Royal Arena tonight between Elsieur Rioux and Wolf Larsen was awarded to the latter, who earned a ten-round decision. It was a disappointing match. Larsen earned the decision by landing the header and more telling punches. Larsen weighed 181 and Rioux 197.

"BIG TRAIN" WAS HERO OF GREAT WIN YESTERDAY

Walter Johnson Pitches Remarkable Game as Senators Win, 4-1

PITTSBURGH, Oct. 8.—Overcast skies with the sun making a gallant attempt to break through the heavy, gray clouds, marked weather conditions here early today for the second game of the world's baseball championship. Frost temperature marked coats comfortable conditions were that the skies would clear before the game.

Only five times did the highly touted slugger of Pittsburgh menace the great one from Humboldt, Kansas, one safe blow coming from the bat of "Pie" Traynor to furnish the Pirates' only score. It was a somewhat far stand in right center. From that time Walter was master and only three other opponents reached second base. In his remarkable conquest, Johnson struck out ten men.

Managers, players and spectators agreed that the game belonged to the "Big Train." It was a contest that developed some flashy play in the infield. At the end, his right hand swollen from his gripping of the ball he attributed his success to the steadfast play of the men being hit.

MATES GIVE GOOD SUPPORT. But the "Big Train" needed all his cunning to turn back this spectacular young Pirate band and he was well supported by his mates, who again proved their ability as a combination to rise to their best at big moments.

Joe Harris, whose bat was added this season to the Washington attack, would have shared almost equally with Johnson in the day's honors had Barney been able to avert Traynor's homer and the only Pirate run. It was Harris who succeeded in doing this, in an outfield, who banged out a homer that put the Senators in the lead and it was the same Harris who started the fifth inning, facing Judge and Meadows, a decisive batting stroke of the game—a slashing single by Sam Rice with the bases full and two out, that brought over a brace of runs and clinched the battle.

SMASH CLIMAXES GAME. Rice's smash was the climax of the game's most dramatic moment and came just as it seemed that Meadows, twirling with all the skill at his command, seemed about to pitch himself out of his worst hole.

It looked like Meadows' finish in this inning when Joe Harris, Bluege and Peck rattled off singles in quick succession to fill the bases with none out, but the bespectacled veteran steadied in the crisis and fanned Ruel and Johnson in quick order.

There was a deafening roar from the crowd when Rice swung and missed the first pitch, marking the seventh successive strike scored by Meadows. A wide one, then a second strike came over, but Rice caught the next one and shot it over second just out of the flying reach of Eddie Moore.

BIG DAMAGE DONE. Joe Harris and Bluege crossed the plate and although Meadows quickly

Summaries—Home runs, Joe Harris, Traynor. Stolen bases, Grantham, Bigbee. Sacrifice hits, Judge. Double plays, Peck to Judge; Grantham unassisted. Struck out by Johnson. Top—Cayler 2, Barnhart 2, Wright 2, Grantham, Carey, Meadows, McInnis; by Meadows 6 in eight innings; off Johnson 6 in 9 innings. Hit by pitched ball, by Johnson, Carey 2, by Meadows 1, Stan. Harris. Left on bases, Washington, 3; Pittsburgh, 5. Base on balls, off Johnson, 1. Winning pitcher, Johnson; losing pitcher, Meadows. Umpires, Rigler plate, Owens first base, McCormick second, Moriarty third. Time of game, 1:55.

STEVE MATTHEWS IS UNCLE OF BALL HERO

In a King street window is shown an initialed baseball by Harold "Pie" Traynor, the hero of the Pittsburgh Pirates, who yesterday with a home run made the only score in the final game of the world series for his team. In addition to the ball, there is a picture of Traynor taken at a ball park with Stephen C. Matthews, cashier of the Western Union Telegraph Company in Saint John, who is an uncle of the Pirate favorite, and who was with the great ball player for a few days last summer.

retired Stan Harris for the third out, then turned the Senators back in order through the next three innings, the big damage had been done. There was a final sortie in the ninth, when Goose Goslin, facing Judge, singled, was sacrificed by Judge and scored on Bluege's second hit, but this was an anti-climax.

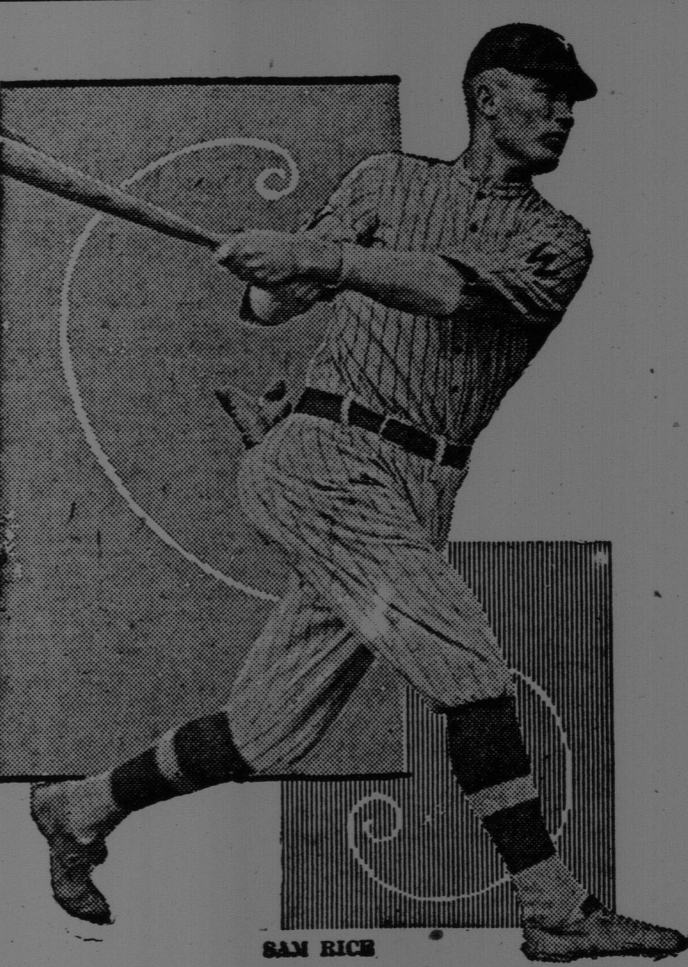

Except for Traynor's homer in the fifth and their eleventh hour threat in the ninth, the Pirates were easily subdued.

The National Leaguers had their chance to break through, for Carey twice got to base after being hit by pitched balls. Meadows walked. Johnson's only pass and Grantham got to first on a wild throw by Peck in the fifth, but Johnson and his mates put up an insurmountable barrier.

PIRATES SHINE IN DEFENCE.

Defensive laurels, however, for the most part belonged to the Pirates, with attacking honors going to Washington, where pre-series predictions had largely been based on a reverse situation. Traynor and Grantham particularly shone in the field for the Buccaneers, the former making a remarkable diving catch on a line drive by Ruel that cut off at least a two-base hit, while Grantham speared Goslin's smoking wallop in the fourth and converted it into a double play with Stan Harris far off base.

Starred in Victory

Sam Rice was one of the real heroes of Washington's victory over the Pirates yesterday, 4 to 1. He punched over two runs with a timely single.

HEAVY TRACK.

LEXINGTON, Ky., Oct. 7.—The Grand Circuit trotting card scheduled here today was postponed because of a heavy track.

SCHOOL RUGBY IS ATTRACTION THIS SATURDAY

High School and Rothesay Meet On Allison Grounds

SAINT John High School rugby team opens its 1925 campaign on the Allison grounds Saturday afternoon by entertaining the doughty Rothesay Collegiate team that gave Fredrickton High such a tough struggle last Saturday at the capital, only losing the decision by 8 to 0. In the past few years, Rothesay has always put up one better struggle against the locals here and has usually managed to win its games on its home grounds. The Saint John team this year is about on par with last year's team but can be depended on to inject plenty of action into the contest. The schoolboy rivalry in these games always makes them a popular attraction and a big crowd should witness the clash. Richard Petrie is captain of the local squad. The City Intermediate League also plans a getaway on its schedule on Saturday with two games. Rain called off the opening last week-end. This Saturday, Wanderers are scheduled to meet the Canucks, last year's champions, on the west side grounds while on the Allison grounds, the Nationals and Martellos will clash. There is a considerable amount of interest in this league.

White Sox and Cubs Battle To A Draw

CHICAGO, Oct. 7.—The White Sox and Cubs battled to a 10-inning draw today in the first game of the city series with the score 2-2. Darkness stopped the contest. Grover Alexander, the veteran pitcher of the Cubs, was pitched against Ted Blankenship, the young cowboy, who outpitched the Cub ace, but pitchers going the entire route. Alexander was touched for twenty hits, ten coming after the twelfth inning when Alexander showed signs of weakening. Blankenship improved as the game progressed.

cream; Stirling's raisings; Stuart's cakes; Logan's smokes; Hascow's drinks. Following this bountiful repast, during which an orchestra played, short speeches were made, thanking Manager Campbell and Mrs. Campbell for their hospitality. The team finished third in the league race this year and prospects for next year also were discussed. The boys thoroughly enjoyed the evening and were not slow in expressing their appreciation.

PRESBYTERIANS IN N. B. REPORT GOOD PROGRESS

Rev. Mr. Macdintosh Says Strong, Vital Church Exists Here

ENOUGH MINISTERS ALL THAT'S NEEDED

Bright Outlook in P. E. I. and Cape Breton, Maritime Synod Told

NEW GLASGOW, N. S., Oct. 7.—The Maritime Synod of the Presbyterian Church in session here today heard reports of the work of the church in New Brunswick, Prince Edward Island and Cape Breton. That progress had been made all through the province of New Brunswick was the report of Rev. Finlay G. Macdintosh, home missionary secretary of the Continuing Church in the Maritime Provinces.

In former Presbyterian church that had gone into union, he said, there was a minority group strong and enthusiastic and from one end of the province to the other there was a strong, vital church which would prove an effective part of the church in Canada. This is a Presbyterian cause without intermission, he said.

"Our line of continuity is not broken anywhere. All that is needed is sufficient ministers to lead the people," he added.

OUTLOOK BRIGHTER.

Rev. D. MacIvor reported for Prince Edward Island. The outlook in that province was brighter than it had been. Numerically and financially things were very good, said Mr. MacIvor, and the religious condition of the people was better than ever in the past.

Rev. Dr. Scott MacKenzie, of Sydney Mines, reported that students and ministers had occupied every Presbyterian church in Cape Breton during the summer months and the outlook for continued progress was bright.

There were 20 congregations, including 30 preaching points on Cape Breton Island. Probably no part of the Dominion had contributed more ministers to the Presbyterian church than Cape Breton and Dr. MacKenzie made a strong plea for the sending of three or four ministers to Cape Breton to take care of the work during the winter months if the gains made were to be held.

DR. STEWART GETS OVATION.

At the opening services, Rev. Mr. Ambrose, of Halifax, representing the Canadian Bible Society and the Maritime Synod, went strongly on record in support of the work. Dr. John Stewart, president of the Bible Society in Nova Scotia, was present and received an ovation.

The educational policy that will in future be pursued by the Presbyterian Church of the Maritime Provinces was the subject of interesting and animated discussion. Rev. Frank Baird and Rev. Robert Johnston, the moderators, outlined a proposed arrangement by which Pictou Academy might be affiliated with McGill University and the University of Toronto in the training of students of theology. The plan, which is not yet fully matured, but was discussed at length by a number of the leading members of the synod,

June and September Are Still Most Popular Months Among Saint John Brides

JUNE AND SEPTEMBER are well ahead of the other months in popularity among the brides in Saint John city. As a rule June has had an easy lead over September but this September has run June pretty close, the difference being only three weddings.

Marriages in the city this year have dropped behind somewhat, according to the records in the vital statistics department of the Sub-District Board of Health. T. M. Burns, secretary of the board, looked up the figures for marriage records for this year and last and it was found that the number of marriages up to the end of September this year there were 321 marriages in the city recorded while on the same date last year there had been 333 marriages reported to the board. The October marriages this year have so far brought the year's total up to 340.

The table of comparison for the marriages which were recorded in the city on the different months of the two years is as follows:

	1925	1924
January	19	27
February	19	19
March	24	40
April	87	95
May	29	86
June	72	83
July	62	88
August	26	59
September	59	68
Total	321	353

EDUCATION TALKED AT CAPITAL MEET

Maritime Council Session Hears Addresses on Different Phases.

FREDERICTON, Oct. 7.—Large audiences today attended the various sessions of the seventh convention of the Maritime Religious Educational Council which is being held in St. Paul's United church here. Rev. Dr. H. T. De Wolfe, president, was in the chair. In addition to the discussions of the problems which confront those engaged in Sunday school work among boys, girls and young people, there were many interesting addresses upon other pertinent subjects by men well qualified to discuss upon these subjects.

Paul H. Vieth, of Chicago, secretary of the International Religious Education Council, is taking a prominent place and so is Rev. Frank Langford, of Toronto, secretary of the General Board of Religious Education of Canada.

Rev. Hugh Miller speaks frequently on Bible messages. Today he dealt with "The Great Debt" at the morning session and with "The Sustaining Mission" in the afternoon. His addresses are very helpful.

The devotional services are under the direction of Rev. F. M. Milligan.

ARE GUESTS OF LADIES.

This evening the members of the Synod and the Board of the Women's Missionary Society, eastern division, were the guests of the Presbyterian ladies of New Glasgow at a supper and social hour in the First Presbyterian church.

At the evening sederunt many important phases of the church work were discussed by leaders. The sessions will continue throughout tomorrow.

Gagetown House Is Stripped of Contents

GAGETOWN, Oct. 7.—Nathaniel McIntyre, of Elm Hill, appeared before Magistrate D. A. Adamson today and was sent up for trial on the charge of having stolen goods in his possession and with entering. It is alleged that McIntyre entered the home of Mrs. Elias Peacock, of Lower Gagetown, and removed practically all the household goods, including furniture, bedding, clothing and papers, including receipts. The theft is said to have occurred between Sept. 9 and 21 when Mrs. Peacock was away from home. C. T. Harrison, clerk of the peace prosecuted. McIntyre, who was undefended, pleaded not guilty. He will likely come before Judge Slipp, under the Speedy Trial Act. Mrs. Peacock is said to have identified papers found in the home of McIntyre as some of those missing from her house.

SENTENCE SUSPENDED.

E. B. Hughes, who pleaded guilty recently to the charge of stealing \$290 from the Mutual Life Insurance Company, appeared before Judge J. A. Barry in the County Court Chambers yesterday afternoon, and was allowed his freedom after sentence of one year in jail had been imposed on him and suspended. Paul C. Quinn appeared for the accused.

NEW YORK FACES RECORD BUDGET

Total of \$425,000,000 Seen as Increases Pour in

Some Slashes Made—Many Employes are Seeking Raises in Salary

NEW YORK, Oct. 8.—That the 1926 budget will be at least \$25,000,000 more than the \$400,000,000 budget of this year was indicated by the tentative schedules of expenditures presented to the committee of the whole of the board of estimate. The committee met behind closed doors to consider the various departmental requests for next year. The estimate of an increase of \$25,000,000 in the new budget was held conservative by some members of the committee.

The 1926 budget must be adopted by midnight on the last day of this month, three days before the city election, and the Tammany members had hoped to hold the big total to this year's level for political effect. Indications, however, there would be at least the \$25,000,000 increase. This would make the new budget the largest in the history of the city.

Hylan Sidecasts

Mayor Hylan was not present at the committee meeting. He announced after his defeat for the majority nomination in the Democratic primaries that he would let the Tammany members take all the worry and responsibility for the 1926 programme.

The large increase forecast was attributed chiefly to mandatory payments, compelled by legislation at Albany, and the necessary payments of corporate stock, issued for some of the projects of the Tylan-Tammany administration. How much of this can be provided for within the figures of the present budget is not disclosed. Virtually all of the city departments have asked for large increases. Petitionary raises for hundreds of city employees have been filed with the board. Some of the Tammany members said they expected to save their faces by keeping the tax rate where it was through the increase in realty values.

N. S. COAL INQUIRY BODY COMPLETED

Doctor MacPherson and Hume Cronyn Appointed, Premier Rhodes Announces.

HALIFAX, Oct. 7.—Dr. H. P. MacPherson, resident rector of St. Francis Xavier University, Antigonish, N. S., and Hume Cronyn, a prominent business man of London, Ont., and member of parliament from 1917 to 1921, will, under the chairmanship of Sir Andrew Rae Duncan, of London, England, chairman of the advisory committee to the British Department of Mines, constitute the commission of inquiry into the coal mining industry of Nova Scotia, according to an announcement made tonight by Premier E. N. Rhodes.

Sir Andrew will bring with him a technical expert of the British Mines Department and the Government of Nova Scotia will supply whatever technical and clerical assistance the commission may require, the Premier stated. The date of the opening session

HOUSE BURNED.

MACADAM, N. B., Oct. 7.—Fire of unknown origin completely destroyed an unoccupied house here tonight.

Fire Department Out

Examiners of the board of estimate are endeavoring to cut down the departmental requests as much as possible. In the case of the fire department, where an increase of about \$145,000 over 1925 is sought, the examiners cut the increase to \$10,593. They approved an increase of \$229,619 for the department of street cleaning, one of system and one of \$199,617 for Bellevue and Allied Hospitals.

The Police Department's request for 1926 is \$3,600,000 more than the allowance in the budget this year. If the increase is permitted the police department budget would be \$4,835,222. It was said that the examiners expected to cut this increase to about \$2,000,000.

An increase of \$107,000 was allowed for the Department of Health.

\$608,000 Increase Asked

An illustration of the salary increase sought by city employes is the petition of officers of the fire department, filed with the board of estimate last month. The chief officers are requesting an increase of \$700 and the captains and lieutenants are requesting an added \$650 each.

There are 918 officers joined in the petition for more pay. They include the chief, twenty-one deputy chiefs, the chief medical officer, eighty-five batmen chiefs, 807 captains and 468 lieutenants. The officers state that they have received no salary increase since 1920, while many below that of lieutenants have received increases of 10 per cent. in one grade and 16 per cent. in another.

SOCIETY IS FORMED

Presbyterian Branch of Women's Missionary Society Elects Miss Shaw President.

A Woman's Missionary Society in connection with the Presbyterian Church in Canada was organized at a meeting held yesterday afternoon at the residence of Mrs. David Watson, Meeklenburg street. Ladies of the Presbyterian ladies of the city and West Saint John who had lost their church homes were asked to meet at Mrs. Watson's home for organization purposes. Although the weather was inclement, a goodly number assembled and with the aid of Miss A. E. Townsend, county vice-president of the Saint John Presbyterian of the Presbyterian Church in Canada, a society was formed. The meeting was an enthusiastic one, assuring well for the future of the new organization.

The officers elected were as follows: President, Miss Ethel Shaw; vice-president, Mrs. Armstrong; secretary, Miss C. Baillie, and treasurer, Mrs. J. Malcolm. It was decided to hold monthly meetings and the first Wednesday was chosen as the day of meeting.

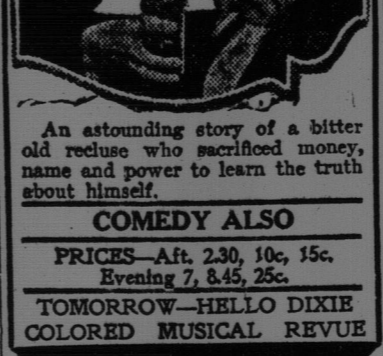

Radio Experiment Planned at Moncton

MONTREAL, Oct. 7.—An important international radio test has been arranged for the night of Thursday, Oct. 15, when CNRA at Moncton, will broadcast a programme at different wave lengths for the purpose of determining which can be received with best effect in England. The broadcast by the Canadian National Railways radio department is being prepared in conjunction with the British Broadcasting Company, the latter to pick up the Canadian programme at one of the stations which have recently been placed in commission for the purpose of receiving broadcasts from abroad and re-broadcasting to receiving sets in the British Isles.

Common Council Authorizes Necessary North End Sewer Renewal

GEORGE KANE BOND MATTER UP AGAIN

Assessment and Property— Labor Council Suggests School Trustee.

Authority for the renewal of the main sewerage pipe leading from Main street under the old car barns to Marble Cove, at an estimated cost of \$2,000, financing to be provided for by the city until the necessary unanimous vote could be passed by the Common Council, was granted Commissioner Wigmore at a meeting of the Common Council this morning. Acting Mayor Frink in the chair. Commissioners Wigmore, Harding and Bullock were also present. In asking for this authority, Commissioner Wigmore said that the section proposed for renewal was more than 65 years old and had recently collapsed entirely. He expressed regret that it required a bond issue but he said the work was an absolute necessity. All the commissioners supported the motion for authority.

GEORGE KANE'S BOND.

In the matter of the bond taken from George Kane for use in a trial recently was before the council on a letter from Weldon & McLean, solicitors for Mr. Kane, declaring that legal action would be taken if the bond were not returned.

Commissioner Harding said that at the trial the bond had been handed over to Judge LeBlanc and returned by him to the police authorities for safe-keeping. They had written His Honor asking that they be allowed to return the bond and expected a favorable reply any day.

On motion, the matter was referred to Commissioner Harding.

A communication from Weldon & McLean, on behalf of their clients, C. H. Peter & Sons, Ltd., asking that the fixed valuation on the tanney property be reduced from \$80,000 to \$10,000 owing to the fact that the tanney was not in operation was referred to a committee meeting with the chairman of the Board of Assessors could be present.

PROPERTY MATTERS.

J. H. A. L. Fairweather, solicitor for J. B. Day, owner of property at 88 St. Andrew's street, wrote asking what action the council was going to take on repeated requests by his client to prevent flooding of his property through, as he charged, sewerage changes there a few years ago.

Commissioner Wigmore said he had received the advice of the city solicitor on the matter and had prepared his own report. He said he would submit these at the next committee meeting.

W. E. A. Lawton, chosen by Edward P. Watson to valuate the property owned by him known as the Scriber building, wrote asking what action with the assessment on the building made by Edward Bates, selected by the assessors. Mr. Lawton said the building should be valued at more than \$8,000. The matter was referred to the chairman of the Board of Assessors.

FOR SCHOOL BOARD.

The Saint John Trades and Labor Council, through its secretary, Edward McGinnis, wrote recommending the appointment of James Shaw to the Board of School Trustees to fill the vacancy caused by the resignation of Allan McIntyre. The common clerk was instructed to acknowledge the communication and notify the Trades and Labor Council when the appointments would be made.

Commissioner Harding was given power to pay H. G. MacBeth the balance of his salary as foreman for No. 1 Company. Mr. MacBeth had resigned on account of leaving the city. Authority was granted to make payment on the following departmental accounts for September:—
Public Safety Department \$1,470.94
Public Works Department 4,713.87
Water and Sewerage Department 2,299.65
Men 2,299.65
Harbors, Ferries and Public Lands Department 1,583.79
Treasury Department 889.20

Here From States On Honey-moon Trip

Mr. and Mrs. Joseph Warren Long, former residents of Baywater and North End, respectively, and latterly of Brooklyn, N. Y., are in the city on their honeymoon visiting friends and relatives. They were married in the Tompkins avenue Congregational church in Brooklyn on Thursday by Rev. J. T. Cutler, and started at once on the homeward journey. Both bride and groom have numerous relatives and friends in their native places. The bride is a daughter of the late William Giggay and Mrs. Catherine Giggay, resident at 230 Millidgeville avenue. Ten years ago she left for Brooklyn and has been engaged in professional nursing. Mr. Long took up his work in Brooklyn less than a year ago while they are at home here they are being cordially congratulated and entertained on all sides.

Rev. Wm. U. Hatfield To Hampton Church

At a general business meeting of the United Baptist church of Hampton, N. B., held in the church on Monday evening, a unanimous call was extended to Rev. William U. Hatfield to become pastor of the church, left vacant by Rev. C. B. Lumsden, who is now pastor at Dartmouth, N. S.

Rev. Mr. Hatfield has been stationed at McAdam Jct. for the last four years and prior to that was pastor of the Havelock Baptist church for a number of years. The new pastor will begin his work at Hampton on Sunday, Oct. 18.

Local News

DECIDED UNNECESSARY

Coroner F. L. Kenney announced this morning that no inquest would be held in connection with the death of William Seeley who died as a result of hunger and exposure in a deserted lumber camp near Welsford.

HOME TOMORROW.

Rev. John J. Pinkerton, pastor of the Fairville United Church, is expected home tomorrow evening from Halifax, where he went to officiate at the Bell-Deinast wedding. Rev. Hugh Miller, of Silver Falls, took the mid-week service for Rev. Mr. Pinkerton on Wednesday evening.

HELPED ORPHANS.

Helen Rinchart, Josephine Sablin and Isabella Garland held a bazaar on Monday and Tuesday afternoons at 807 Charlotte street and realized \$6.41, which they have given to H. Usher Miller, secretary of the N. B. Protestant Orphan's Home, for the destitute little ones in the institution.

W. M. S. MEETS

The W. M. S. of the Douglas avenue Christian church met this week at the home of Mrs. Fred Welsford, with a good attendance. Mrs. George Armstrong led a fine program on Christian Brotherhood. A special hour was enjoyed with refreshments served by the hostess.

GIFT TO ARCHIVES

A copy of the reprint edition of the first history of New Brunswick, published in 1825 and written by Peter Fisher, has been presented to the local office of the Dominion Archives by W. Shives Fisher, grandson of the author. The reprint edition was published in 1921 under the auspices of the New Brunswick Historical Society.

AT HALIFAX MEETINGS.

Saint John men attending the meetings of the Maritime Engineering Institute, Halifax, are A. C. D. Blanchard, Gilbert A. Murdoch, A. B. Crookshank, R. H. Cushing, Alexander Gray, Gilbert G. Hare, Gordon Krebs, Geoffrey Stead, Frank P. Vaughan, J. A. W. Vanderweert, William J. Johnston, J. L. Holman, D. L. Hutchinson and M. A. Pooler.

BELETED APPLE BLOSSOMS

There is an apple tree on the farm of John Gordon, at Martintown, which does not know that winter is coming. Andrew Gordon, a son of the farmer, brought to The Times-Star office today two small branches from the apple tree, bearing both buds and blossoms, although the leaves show signs of frost-killing. The Gordon apple tree is the most optimistic and enterprising The Times-Star has heard of this October.

SPEND WINTER IN U. S.

Dr. E. J. Ryan will leave tonight for Philadelphia, where he will do post-graduate work at the University of Pennsylvania during the winter months. Doctor Ryan has been specializing in genito-urinary diseases in New York for the last year and on completion of his studies at Philadelphia will come his practice entirely to that specialty. Mrs. Ryan will accompany her husband as far as New York, where she will resume her art studies.

TWO NEW CLASSES

Two additional Red Cross home nursing classes, bringing the total in the province up to 48 with a membership of approximately 1,400, have been formed through the efforts of Miss S. A. Barrington, organizer for the province. One of the classes was formed at Jones Creek with Mrs. Walton as teacher while the other one was organized at Welsford with Miss Fowler, graduate of the Montreal General Hospital as teacher.

AWAY TO MONCTON

A. P. Paterson, chairman of the transportation committee, and P. MacLure Sclanders, commissioner of the Saint John Board of Trade, left this morning by auto for Moncton where they will go into conference this afternoon with F. C. Cornell, transportation expert, in regard to the progress being made in the preparation of the Maritime freight case. It is expected that representatives from the Halifax and Prince Edward Island boards of trade will also be present.

FOR BRIDE-TO-BE

Mr. and Mrs. John Thorne of Rockland Road were host and hostess for their daughter, Miss Ruby Thorne, when more than 40 lady friends called at their home and showered her with gifts in honor of her marriage which is to take place this month. A baby carriage filled with the novelties was wheeled into the room. Refreshments were served by Mrs. Thorne, assisted by Mrs. G. A. Kelly, Mrs. Alexander Ellison, Miss Marjorie Ellison, Miss Laura Hoyt. Many good wishes were extended the bride before the guests departed.

SUNSHINE CLASS SOCIAL

The Sunshine Class of the Tabernacle church held a talent social in the vestry on Tuesday. It took the form of a roll call. There was a lengthy programme, consisting of readings, recitations and solos, organ and violin selections. There was quite a large attendance and the class raised a good sum for a worthy cause. Mrs. M. Pitt, president of the class took the chair. The other officers present were Mrs. A. Keirstead, vice president; Mrs. Neeld, organist; Mrs. P. Paterson, treasurer. Those taking charge of the candy table were Mrs. T. Owens, Mrs. G. Grey and Mrs. H. Titus. The meeting closed with the national anthem.

IS SIX YEARS OLD

Mr. and Mrs. Ronald McAllister, Delhi street, entertained from 4 to 6 o'clock yesterday afternoon in honor of the birthday of their little daughter, Isabelle, who was six years old yesterday. The house was nicely adorned with pink sweet peas and asters and the dining room was decorated in pink. The table was centred with a tempting birthday cake in which were six pink candles. Rose baskets of delicious treats were at the places of the 15 little girl guests and the souvenirs in the cake were eagerly sought after. Mrs. A. Martin helped in serving while Miss Lorna Belyse, Miss Marjorie Irwin and Miss Jessie McAllister helped in games for the younger ones.

DAANGEROUS USE OF RIFLES REPORTED

Are Being Employed by Some in Trying to Shoot Ducks.

The dangerous practice of firing at ducks with rifles was brought to the attention of The Times-Star today by a Saint John business man who was on the Hampton marshes yesterday. He noticed a sharp, snappy report once or twice, and then discovered that two men, some distance away, were engaged in firing with rifles at ducks flying high overhead.

He points out that bullets thus fired are likely to cause death or injury to people living in the vicinity, even if they are a great distance away, because the modern rifle has a great range. The use of rifles in such sport is not only dangerous, but senseless.

ALSO FIRE LOW

A farmer living nearby told this business man that recently, when he was out in a boat on the river, a rifle bullet skipped along the water close to him, indicating that rifles have been used also in firing at ducks on the water, which shows an even greater disregard for the safety of others than shooting high-powered bullets at the flying birds. The business man rightly says that so-called sportsmen of this character should be brought to their senses.

It finds also that ducks are being offered for sale in the Rothesay district, an illegal practice which is likely to result in a heavy fine for those engaging in it.

THOUGHT TO HAVE FALLEN 3 STORIES

North End Young Woman Found in Yard and Taken to Hospital.

Discovered by her brother lying on the ground in her yard at 72 High street, Miss Mary Rooney, aged about 20 years, was taken to the General Public Hospital about 6:30 o'clock this morning for treatment for injuries received from falling from a third-story window. So far as can be ascertained at the hospital her condition is not serious. An X-ray is being taken as she complained of pains in her back and hips.

So far as could be learned no person saw the girl fall, but her brother was attracted to the scene by the sound of her groans. He summoned a doctor and the latter ordered the girl taken to the hospital. Examination there, it was said, failed to show any signs of bruises such as might be found considering the height she is supposed to have fallen.

HOTEL CHIEF HERE

Geo. H. O'Neill Speaks of Good Summer and Good Outlook at Beatty.

Geo. H. O'Neill of Toronto, Canadian general manager of the United Hotels Co. of America, arrived in the city on the C. P. R. express today and is at the Admiral Hotel. Mr. O'Neill is on one of his periodical official visits. He says the new hotel here, after a highly successful summer season—remarkably good in fact—was settling down to winter conditions with permanent resident patrons and is incalculably taking care of a chain of moose-hunting parties booked from various parts of the United States and Canada. The winter port passenger season would be the no-hotel run and social activities would keep the secretarial, cuisine and musical staffs busy.

INTERMEDIATE RUGBY.

The intermediate football league, which was postponed on account of the rainy weather, will open its season on Saturday, Oct. 10, instead of last Saturday, as scheduled. The schedule, as to time and place, 2:45 on the West Side grounds, will stand as before and all other games listed will be played as stated, only one week later. The Nationals and Canucks will start at 2:45 and they will be followed by the Martellos and Wanderers.

WILL BE INQUEST

A jury will be empanelled this afternoon and will view the body of Charles T. Hayter this evening at the latter's home at Parsonage, Corner Green. William Warwick announced this morning. The unfortunate man died following injuries received by being struck by an automobile near his home on last Friday evening.

As Hiram Sees It

MONTREAL—Well, here we be brought to Montreal. The mist we got onto the street Hanner grabbed me by the arm and saved a taxi feller from killin' one more. "Remember," says Hanner, "you ain't in Ottawa now." That's right, too—nor on the Marsh Road. Did I tell you about the time I had in a newspaper office in Ottawa? I went up on the elevator and I told a feller I wanted to see the editor. "Which one?" says he. "Any one," says I. "He ain't say he," says Hanner. "Where's the noo-editor?" says I. "He's in there," says he. "So I went in the feller there went right on workin'. I set down—" an' after a while he ask me what I wanted. I said I wanted to put a piece in the paper. "You want to see a reporter," says he—"an' he's in there." So I went in there—the reporter went right on workin' till the other feller come in an' tol' him I was there. Then he ast me what I wanted to say. "An' I tol' him. That was what he put in the paper—but I got away."

HIRAM.

The Fall Shooting Season Is Now Wide Open!

Autumn days are golden days for the true sportsman. But no matter what you hunt: duck, woodcock, grouse, deer, moose, caribou—your trip won't go down as a success unless you have the kind of equipment and supplies that meet every test.

Our business is to supply reliable hunting accessories at reasonable prices—Shot Guns, Rifles, Ammunition, Cartridge Belts, Gun and Rifle Cases, etc.

Just a Hat?

Do you realize that a Hat can make or mar the whole attire? Your Hat should fit your face as well as your head; it should suit your personality. That's why your Hat must have the right width of brim and height of crown. The color must suit your complexion. The right tilt is also essential. Of these you are certain with the Oak Hall expert fitting service. You can also depend on quality and true economy when you buy your Hat at Oak Hall.

Power Bonds Advancing

Steady increases in price have been registered by the various Water Power Bonds. This has been due in part to a general decline in interest rates with a resultant advance in Bonds bearing the high rates of earlier times. But the other strong factor is the reputation gained by this type of investment. Five points of profit certainty have special reference to Public Utilities—and this is well recognized by investors.

Therefore future issues will bear lower interest rates. Present issues, of which but few are available, will continue to improve in price, profiting the holder in both interest and principal. Our list today is worth possessing.
