INCOGNITO MEN IN RUSSIA

LABOR HOUSE IS REPORTED AS DIVIDED

King Summons Party Leader Whose Ideals are Anti-Monarchistic.

LABOR IS UGLY

Daughter of Premier Elect Takes Possession of No. 10 Downing St.

BY HARRY N. MOORE (British United Press.)

London, Jan. 22.—Ramsay Macdonald today became the first Socialist premier-elect of England. For the first time in British history the King summoned a party leader whose ideals are anti-monarchistic although his policy dictates a recognition of the constitutional position of the sovereign.

The scene in the House of Commons last night, when the division bell that was to guillotine Premier Baldwin sounded, was pathetic, everyone knowing that the greatest revolution in British history since the days of Cromwell had occurred. The situation is made the more pregnant by the railway strike, which shows that Labor is a house divided against itself.

All parties in the country with the solitary exception of the "Die Hards," are hoping that Macdonald will not introduce any radical legislation, but recent developments show that there is an ugly temper in certain sections of the Labor party.

Vote 228 to 256

The Baldwin Government went down to defeat last evening on the Labor want of confidence by a vote of 228 to 256, the closure being moved by J. Ramsay Macdonald, the Labor leader.

H. H. Asquith, Liberal leader, voted with the Labor party and only nine of the Liberals voted with the Government.

The press had exhausted all comment on the political situation during the last few days, and today added nothing of great consequence. It was noteworthy, however, that the Liberal newspapers were eager to justify the action of their party managers in putting the Labor party into power, for only a few of the Liberal members yesterday voted against the no confidence amendment.

Daughter Is Manager

Isabel Macdonald, the twenty-year old daughter of the new Premier, who since her father is a widower, will manage his official residence at No. 10 Downing street, and will mother her two little sisters there, visited this forenoon the old building set aside for the Premier's working and living quarters. She was shown through the rambling structure, comprising a labyrinth of hallways, offices and living apartments, making a careful if not exhaustive survey.

"I found it rather complicated," she said afterward when asked her impressions of her future home, "but I think I shall like it."

Miss Macdonald did not stand on conventions in paying her early visit to Downing street. She arrived a few minutes after Mr. Baldwin, then still prime minister, left the cabinet meeting to go to Buckingham Palace.

Macdonald Is Admired

Macdonald is admired for his personal qualities, but whether he is able to hold the same of the wider men of his party in check has yet to be determined.

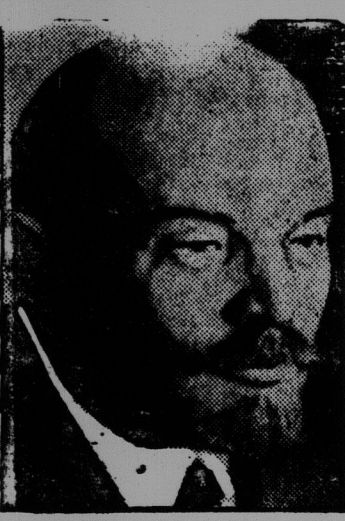

With regard to imperial questions it is generally admitted that the incoming Labor ministry is not likely to do anything to antagonize the Dominions. They fully realize the necessity of holding the Empire together as a great power for the maintenance of peace throughout the world.

The Labor party will also cultivate the friendship of the United States of America and to do everything in its power to rehabilitate workers throughout the world.

CRAIG MOVES FOR ELECTORAL REFORM

Manitoba's Attorney-General Wants Single Transferable Vote Bill Passed.

Winnipeg, Jan. 22.—Contending that the present system of election in single member constituencies often resulted in minority candidates being elected and urging the House to take the lead in the Dominion in passing a well-considered piece of electoral reform, Hon. R. W. Craig, Attorney-General, moved second reading of the single transferable vote bill in the Legislature last night.

Mr. Craig quoted authorities in favor of the single transferable vote, and said that the Canadian and British empires had adopted representative government, but that they had failed to embody the reports in legislation.

Britisher With Liquor Is Freed

Wilmington, N. C., Jan. 22.—The liquor-laden British schooner Kwasind, which has been held in custody here since she put in for repairs some time ago, was today freed by the U. S. Coast Guard cutter Modoc.

The schooner's cargo, which had been held under seal in the customs house, was returned to her master last week and the ship was dropped by the Modoc. It was announced, will accompany the Kwasind to Canadian waters.

Farmers and Dairymen Hold Annual Meeting

(Special to The Times.) Fredericton, Jan. 22.—The forty-eighth annual meeting of the N. B. Farmers and Dairymen's Association opened here this morning with the president, C. E. Pickett, of Andover, in the chair.

This morning's programme included addresses by F. Leslie Wood, provincial poultry superintendent, and G. R. Wilson, promoter for the Federal Little Shemogue project on the organization of co-operative marketing of lamb and poultry in the Bedford district.

Water Power Plans Delayed For Week

Ottawa, Jan. 22.—Although Premier King had nothing to announce for publication last night, following a lengthy session of the Cabinet, it is believed that the St. Lawrence water power plans prepared by the Ontario Government were under consideration and that a despatch in connection with the project will be forwarded to Washington about the middle of the week.

Wire Briefs

Ottawa, Jan. 22.—Future civic elections here will be held on the first Monday in December. They were previously held on the first Monday in January.

Toronto, Jan. 22.—Frank Ferguson, young married man of Toronto who was accidentally strangled in a fire that destroyed his home in a fire that caused property damage of half a million dollars when it destroyed the business centre of London, Ont., seven miles from here, early today.

Schwab Meets Big German Capitalists

Essen, Jan. 22.—Charles M. Schwab, U. S. capitalist, arrived here today. He called on officials of the Krupp plant, and probably will also meet Hugo Stinnes, who has been journeying in the Ruhr for the last few days.

MAY CLOSE MINES

Coal Districts Fear That the Miners Will Have to Cease Work.

HEARING IN MURDER CASE IS CONTINUED

DeWitt and Frederick Cairns Testify—Court Thronged at Godwin Youth Hearing.

Facing a charge of murdering Mrs. Clara Whitehead in her home in East St. John some time between December 17 and December 23, Stewart Godwin, sixteen year old son of Frank Godwin, Little River, was brought into the police court this morning and a preliminary hearing against him was held by William K. Ryan, who appeared on behalf of the prosecution. As the boy walked into the courtroom he smiled at his father and then looked at the witness stand. He seemed to pay little attention to the throng of people who had assembled in the court. He merely appeared on behalf of and heard details of the evidence. At times throughout the session he would sit watching the witness stand and the apparently paid no attention to the proceedings.

COAL DISTRICTS FEAR THAT THE MINERS WILL HAVE TO CEASE WORK

The coal districts fear that the miners will soon have to cease work if the stop-work continues owing to a lack of means for moving the output, while the industrial centres, dependent upon coal for operating their plants, fear enforced idleness because of inability to obtain supplies.

Atop these alarms came a statement by Ben Tillet, M. P., and a leader of the Transport Workers' Union, to the effect that the situation is far more serious than the public imagines. The transport workers have their grievances too," said Tillet, "and unless there is a speedy reconversion of the coal fields, it is likely to spread to wider and more devastating fields." A development of this kind would mean complete stoppage of transportation on the electric lines and over the highways.

On the other side of the picture the Daily Mail reports that the railway companies last night received a letter from the Associated Society of Locomotive Engineers and Firemen, expressing a willingness to resume negotiations. A settlement, says this letter, is to be discussed by the railway managers today.

However, the Labor Daily Herald asserts that none of the current rumors about the reopening of negotiations has any foundation and that the leaders of the striking union are focusing their attention on strengthening their position. J. Bromley, the secretary, told the Daily Herald he was unaware of any movement toward a settlement. This newspaper hints rather vaguely of the possibility of developments in the direction of bringing the disputants together when the new government is installed.

The Westminster Gazette editorially criticizes the handling of the present strike as a test of Labor's ability to govern, saying: "Unless the Labor party can prevent unjustifiable and unnecessary strikes of this kind its efforts to cure unemployment will be doomed to dismal failure from the outset."

Peace Prize Plan Offer Is Duplicated

Washington, Jan. 22.—An offer to duplicate his \$100,000 prize to the author of any peace plan, selected by the Senate select committee investigating propaganda was made today by Edward W. Bok, in a letter to Senator Moses, Republican, New Hampshire, chairman of the committee.

One Woman Killed, Others Are Burned

St. Johnsbury, Vt., Jan. 22.—One woman was reported killed, many persons were burned and injured, and 25 families were driven from their homes in a fire that caused property damage of half a million dollars when it destroyed the business centre of London, Ont., seven miles from here, early today.

Swab Meets Big German Capitalists

Essen, Jan. 22.—Charles M. Schwab, U. S. capitalist, arrived here today. He called on officials of the Krupp plant, and probably will also meet Hugo Stinnes, who has been journeying in the Ruhr for the last few days.

Says It Exceeds "In Flanders Fields"

Ottawa, Jan. 22.—That R. J. C. Stead's poem, "Kitchener of Khartoum" was the greatest war poem published in Canada during the war, and, in his opinion, greater than the famous poem of John McCrea, "In Flanders Fields," was the view expressed last night by Dr. L. A. Pierce, literary adviser to the Methodist Publishing House, Toronto, during a lecture on Canadian literature. Dr. Pierce thought that "Kitchener" was alive today, would desire to alter the line "Take up our quarrel with the foe."

LEADER OF REVOLUTION PASSES AWAY

Ill for Many Months, Bolshevik Statesman Finally Succumbs.

CLOSELY GUARDED

Death Comes as a Blow to His Millions of Followers.

BY JOHN GRAUDENZ (British United Press Staff Correspondent.)

Moscow, Jan. 22.—Lenine is dead. The man who led the Russian revolution and overthrew the long established order of the Czar, passed away at a moment when his party is beginning to reap the fruits of his labors.

Ill for many months, the Bolshevik leader died while others carried on the Soviet government he founded. Lenine had become an enigma to his countrymen, living in seclusion, his condition carefully concealed from the world. It was known that he had suffered a form of paralysis and that famous specialists had come from far lands to treat him.

Was Closely Guarded. Only a fortnight ago it was reported to the Star says: "At Llanrhaidr, G. E. E. Harley, younger son of the Rev. A. W. M. Harley, of Bridgewater, Nova Scotia, was married to Miss Dorothy Vera Williams of Birkenhead."

DR. J. B. GILCHRIST IS WARDEN OF KINGS

Two Votes Were Taken in County Council as First Was Protested.

The meeting of the Kings County Municipal Council was opened in Hampton this morning with ex-Warden Gorham in the chair. There was a full attendance with the exception of Councillor Belyas of Greenwich who is confined to his home by illness. About one half of the members attending at the present session are newcomers.

Dr. J. B. Gilchrist of Norton was elected warden for the term of two years, succeeding Councillor Snider of Kings. Two ballots were taken, the first of which resulted in a victory for Snider fifteen to thirteen. A protest was made, however, that two of the councillors did not vote and a new ballot was ordered and Councillor Gilchrist was elected fifteen to fourteen.

A vote of thanks was passed to the retiring warden, C. H. Gorham. The report of the secretary of the Municipal House was read. This afternoon Dr. Anglin will address the meeting.

BUDGET BALANCES

Secretary of French Committee Says Every Expenditure Covered by Revenue.

Paris, Jan. 22.—Maurice Bokanowski, general secretary of the budget committee of the chamber of deputies in reviewing the financial situation to the committee after it had adopted the new fiscal figures submitted by the Government, declared that the budget would be balanced to a cent.

"Thus," he declared, "we can assert and prove to the whole world that henceforth, after parliament has ratified the committee's work, there will not be a single cent for expenditure not entirely covered by a corresponding cent of revenue from taxation."

AGED EMPLOYEES OF CITY ARE RETIRED

Jas. McAuley and Joseph Wiley of Harbor Dept. Superannuated.

The city council this morning, sitting in committee, decided to recommend that two of the employees of the harbor department be retired on half pay, as they were both advanced in years and had given many years of faithful service to the city. It was also decided to send a copy of the report of the Civic Power Commission to E. A. Schofield in answer to his request for information as to the progress of this civic development.

FERRY ESTIMATES, PRESENTED TODAY, SHOW CUT OF \$5,000

Matter of Increases in Pay is Discussed and Will be Gone Into at Further City Hall Meeting.

The ferry estimates for 1924 were presented at a committee meeting of the city council this morning. They show a decrease of nearly \$5,000 over the 1923 estimates. Commissioner Bullock said that the request of the men for a restoration of the 25 cents a day which was cut off their salaries two years ago was granted. It would add \$1,985 to the amount of \$40,018.56 which he had estimated but the 1924 appropriation would still be below that of last year.

Annual Report Shows Net Profits of \$2,104,582 For Year

The ninety-second annual report of the Bank of Nova Scotia appears in another column of this issue. It is something of a financial institution to boast of that it is making its twenty-second annual report. We in the Maritime provinces have very kindly recollections of the Bank of Nova Scotia, which when it had its headquarters in Halifax, was one of the leading banks in the British West Indies particularly. He was trained in the banking profession in Canada.

ST. JOHN HOCKEY TEAM TO SUSSEX

The St. John hockey team left this afternoon for Sussex, where they are to play the home team this evening. The chances of the local boys were considered good as they perform well on hard ice, and while the Sussex team is admittedly a hard team to beat, it is expected that they will be forced to extend themselves to win. The locals will have Captain Brad Gilbert and Richard on defence. Murphy in goal, and the forwards and spurs will include J. Gilbert, Tardiff, Kiley, Short, Rathburn and MacGowan.

PRICES HIGHER BUT IRREGULAR

General Electric Reaches the Loftiest Point Since 1902 in Wall Street.

New York, Jan. 22.—Stock prices moved irregularly higher at the opening of today's stock market. General Electric continued its rapid advance, climbing 2 1/2 points to 213 1/2, the highest since 1902. While Producers and Refiners and American Hide and Leather Pfd. each moved up one point, Sinclair Oil dropped 1 1/2 points, on selling being heavy. It has been inspired by yesterday's testimony at the Teapot Dome inquiry.

SAFETY FIRST TO BE HIS SLOGAN

Montreal, Jan. 21.—Announcement is made by W. D. Roby, vice-president of the Canadian National Railways, of the appointment of W. A. Booth, chief draftsman, motive power department, Montreal, to be a director of safety first and first aid for the Canadian National Railways.

POCKET RADIO FOR POLICE IS PLANNED

Westchester County, New York, to Have Elaborate Broadcasting Protective System.

New York, Jan. 21.—One of the most elaborate police alarm systems that has ever been established anywhere in the country is being planned for Westchester county, with radio broadcasting as the medium of communication.

The plan is to establish a central headquarters for reports at Tarrytown radio broadcasting station. From this point all instructions, descriptions of men sought and information of general character will be broadcast.

STUBBORN COUGHS

Stop Quick With Home Made Cough Mixture.

Not until you make your own cough mixture—a half pint of it for a small sum—will you know how easy it is to stop any bad persistent cough as if by magic.

It's pleasant-tasting, but that don't stop it from knocking out a cough quicker than anything else in the world. Children love it.

Get from any druggist one ounce of Parmit (double strength)—to this add a little granulated sugar and enough water to make one-half pint—that's all there is to it.

This loosens the phlegm, stops the irritation, allays the inflammation, cleans out clogged nostrils, makes breathing easier, and causes sore throat and hoarseness to disappear.

With speed almost beyond belief this home made cough mixture stops the toughest hang-on cough, and all because in it there is a substance (too costly for ordinary cough syrups) that immediately covers the membrane like a soothing healing poultice and blessed relief comes at once.

And it is always worth while to bear in mind that any remedy that overcomes catarrh, partially or wholly, is bound to be of benefit to those who are troubled with head noises and catarrhal deafness.

Get Parmit and get better.

ROY HURT TOBOGGANING

Arthur, 16-year-old son of Walter Irving, 805 Princess street, received painful injuries on Friday night while on the toboggan slide at Lily Lake.

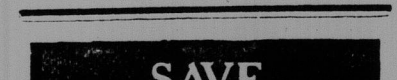

According to the lad the toboggan which followed that on which he was coasting crashed into a tree and he was splintered from the second toboggan passed right through the calf of his leg. The piece was about 10 inches long. He was brought to his home and today, although the injury is still painful, the lad is doing as well as could be expected.

FOR CONDITIONAL PULPWOOD BANN

North Bay, Ont., Jan. 21.—The Royal Commission on pulpwood opened a two-day session here today. John McMann, ex-councillor, who was in the pulpwood brokerage business in 1921, contended that experience of that year caused him to favor a conditional embargo.

SEND COUPON FOR A TEN-DAY TUBE

You Owe Yourself this dainty habit. Fight the film on teeth.

You men and women owe to yourself prettier, cleaner teeth. Teeth free from dingy film. Millions have learned the way to attain them. If you don't know it, please try it now.

Film is unclean

Film is that viscous coat you feel. It resists the tooth brush, and much of it clings and stays. Soon it becomes discolored, then forms dingy coats. That's why countless teeth are clouded more or less.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Under old methods, very few people, young or older, escaped these film-caused troubles.

These facts led dental science to seek for film combatants. Eventually two were found. One disintegrates the film, one removes it without harmful scouring.

Protect the Enamel

Peppodent disintegrates the film, then removes it with an agent far softer than enamel. Never use a film combatant which contains harsh grit.

TEN-YEAR MYSTERY SOLVED.

A ten-year-old mystery was solved yesterday with the finding of the body of Mrs. Gleason Pihlham in a wood lot within 200 rods of her former home, East Stueben, Me., by James Williams, a lad who was cutting wood with his uncle, Jesse R. Stevens. It is supposed the woman started for the river with the intention of committing suicide and became exhausted and perished in the woods.

KILLED SAVING SON.

Mrs. Maud Colter of Dartmouth was electrocuted yesterday when she went to the assistance of her son who had become entangled with an electric light wire in the cellar of her home. In her efforts to free the boy the wires became tangled around her ankles and she was instantly killed. The boy was uninjured.

Always in the Lead

TWO new and exclusive features which no car owner or tire dealer can afford to overlook are incorporated in Dominion Cord Tires for 1924.—

WEB CORD PROCESS SPRAYED RUBBER

The WEB CORD PROCESS makes the strongest, most resilient, most dependable cord tire that has been built by any method. This process is owned and exclusively controlled in Canada by the makers of Dominion Cord Tires.

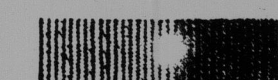

SPRAYED RUBBER: Nature's own pure rubber obtained direct by evaporation from latex—the milky sap of the rubber tree—unimpaired by coagulating acids, smoke curing or any other process through which crude rubber ordinarily passes. All the original adhesiveness, elasticity and strength of the rubber are retained in Sprayed Rubber now used exclusively in Canada for building the walls and treads of Dominion Royal and Ucord Tires.

More than ever, Dominion Cord Tires are the premier tires of Canada—and the standard by which tires and tire values in Canada are judged.

These new exclusive improvements in Dominion Tires, thoroughly proven by gruelling road tests, cost you nothing—they are simply added values which do not increase the price to you.

SIR GEORGE FOSTER

Sir George Foster is one of the elder statesmen whom times does not wither, and who have a very interesting store of reminiscences. It is a long time since Sir George, having turned the age of forty, told his prospective constituents in Kings County that he felt he was old enough to go into political life.

THE BOYS AND HOCKEY

Where will St. John get its hockey players of the future? Nearly all of those playing senior hockey in the city got their training elsewhere. If provision is not made in some way for the training of the boys, that condition must continue.

national feature. Premier Baldwin accepted the situation with cheerfulness, and there was no bitterness in the discussion which preceded the decision.

It has cost Great Britain £1,107,000 to date to fight the foot and mouth disease among cattle. Canadians will not be uncharitable enough to suggest that this is a judgment following the incorrect assertions made for years regarding Canadian cattle.

Mr. Arthur Anglin told the Rotary Club yesterday that he believed the English plan of city government is superior to either the commission or city manager plan.

The Ottawa Citizen says—"Professors at the University of Washington picked eighteen men who in their opinion made the greatest contributions to learning in the history of the world.

Premier Oliver of British Columbia declares that Alberta will aid in going the limit to get an adjustment of freight rates. The west like the east, wants better terms.

The members of the Board of Trade should turn out en masse on Friday evening to hear Dr. Britain discuss civic government.

The railroad strike will try the mettle of the Labor Government in G. A. T. Britain.

Shocking news comes from Toronto. The Star says that the school management committee required so much time to prepare for a trip which has encountered Canada from one end to the other, came into my office the other day, sank into a chair opposite me and declared with the utmost candor: "Mr. Meighen, I find that the greatest obstacle you have to overcome is the vice-president of the Undertakers' Association. You must get away from that."

Noting the fact that in the town of Orillia, Ontario, they have a public health nurse as well as a school nurse. Dr. Hastings of Toronto declared in a speech there last week that in dollars and cents alone, the value of public health work paid for itself tenfold.

MISS ARCHIBALD'S SUCCESS. (Cornelia, in Toronto Telegram.) "Yes," said a Toronto woman, "I was given a good start in English at home, but when I went to a public school I was finished. I spoke so differently from the other children they nicknamed me, and made such fun of me that I talked like did when I was with them, and like my mother when I was at home. Then even though my mother tripped me up occasionally I found out I spent more time with the children, so I just stuck to their language, and that's where I am today."

The Allies have proposed to treat Hungary as they treated Austria. By providing a loan for the latter it was made possible for her to rehabilitate her finances. Her statesmen heroically embraced the opportunity and have pursued a wise course with excellent results. If Hungary is ready to do the same the opportunity will doubtless be given her, as a sub-committee of the League of Nations has recommended that course. It is in such matters that the League is proving its value to Europe.

The passing of the Baldwin Government, to be succeeded by a Labor administration, was without any sensational feature.

Our general organizer, Hon. Dr. Toimie, he said, "who has just returned from a trip which has encountered Canada from one end to the other, came into my office the other day, sank into a chair opposite me and declared with the utmost candor: "Mr. Meighen, I find that the greatest obstacle you have to overcome is the vice-president of the Undertakers' Association. You must get away from that."

Of course the city pays for the keep of children sent to reformatories institutions, but St. John already does the same, and since the establishment of the juvenile court in Halifax it has been much less than before. In truancy cases alone the number is not one-tenth of what it was, so that from a financial standpoint the city is saving money. The truant officer takes all cases before this court.

There are two police-women in Halifax, who deal with cases of women and children. Some of their work is in connection with the juvenile court, but they do not in that way add one cent to the cost of the court.

HILL HUNGER. (West Virginia Review.) I think that something in the hill child dies. When he is taken to the level lands. The man bred by an ocean under-stands. And he will tell you that his sick heart sighs. For him of surt—and all his being cries. For near of waves and spray upon his hands; Ever beneath his weary feet the shivers and put some hair on the whiskers and put some hair on the whiskers and put some hair on the whiskers.

TO DISPOSE OF STOCK. At a meeting of the creditors of Nathan Rozovsky, who conducted the Model Shoe Store, 641 Main street, North End, held yesterday afternoon at the offices of the Canadian Credit Men's Trust Association, Ltd., trustees, two inspectors were appointed to act with the trustee in disposing of the goods in stock to the best advantage.

Among the indispensable. A city man called upon another, and after a glance noted the establishment, inquired: "How's your new office boy getting along?" "Fine!" was the reply. "He's got things so mixed up that I couldn't get along without him!"

The Winner. The Man at the Table—"Look here waiter? This lobster is without a claw. How's that?" "Walter—"You see, sir, they're so fresh, these lobsters, they fight with each other in the kitchen."

Bringing it Down to Date. The Artist—"Yes, I can touch up that portrait of your former husband. What do you wish done with it?" "Mrs. Multiwed—"Just paint out the head and I'll look near enough like my present husband."—Houston Post.

Good Beginning. The baby was howling. Pa stood it as long as he could and then ventured to make the inquiry: "What does the baby want?" "He is like most men," snapped Ma. "How is that, my dear?" "Doesn't know what he wants, but keeps yelling for it!" she returned. "He will make a great statesman." said Pa discreetly. Hearsh and Home.

NOTE ORPHANS' COLLECTION. At the meeting of committees from city lodges at the Knight of Pythias Castle last evening, it was unanimously agreed to give the gross receipts of the collection at the anniversary service this year to the Protestant Orphanage Fund. The precedent established last year will be followed. Last year the collection amounted to more than \$1,000. The objective this year is \$1,200. The service will be held Sunday afternoon, Feb. 17, at Centenary church.

Order Your Farm Help Now

IN VIEW of the great demand for farm help existing in Canada, the Canadian Pacific Railway will continue its Farm Help Service during 1924 and will enlarge its scope to include women domestics and boys.

THE COMPANY is in touch with large numbers of good farm laborers in Great Britain, Norway, Sweden, Denmark, France, Holland, Switzerland and other European countries and through its widespread organization can promptly fill applications for help received from Canadian farmers.

IN order to have the help reach Canada in time for the Spring operations farmers needing help should arrange to get their applications in early, the earlier the better, as naturally those applications which are received early will receive first attention.

SIR WM. MULOCK IS 81 YEARS OLD
He Rose From Farm Boy to be Chief Justice of Ontario.

Eighty-one years ago today, says The Toronto Telegram of Saturday, Dr. Thomas Mulock, an Irish physician, and his wife, nee Mary Cavithra, became the parents of a little son and the stage down Yonge street that night bore tidings of the store's arrival to the Toronto relatives. Little did they dream that the tiny stranger was destined to become Sir William Mulock, who after a distinguished career in politics, would be Chief Justice of Ontario. Hard times soon followed for the Mulocks, for the doctor died, leaving a widow and young family. Little William went to school in Newmarket, and between times toiled hard on the farm to help his widowed mother. Mr. Cotter, son of a Waterloo veteran, and at 26 still County Crown Attorney at Barrie, knew the Hill Mulock of those days, when not only boys, but grown people congregated to watch the novel sight of Ontario's first railway train drawn by the locomotive Toronto, belching wood sparks from her huge stack, thunder past to Newmarket station at 20 miles an hour.

Pitching hay on the farm, doing statutory labor on the roads, young William Mulock earned enough to send him to Toronto University. While studying for his Arts degree he lived in rooms on Melinda street, cooked his own meals and eke out a living as study master at Upper Canada College. A gold medalist in modern languages, he took his degree in 1883 and was called to the bar at Osgoode Hall in 1885. Oddly enough just when young Mulock was determining to become a disciple of Blackstone, Henry Blackstone, a grandson of that famous English judge, was in successful practice at Newmarket. "Was it coincidence or an inspiration?" In any case the young lawyer who had married into the wealthy and influential Crowther family in 1870, rapidly advanced at his chosen profession, founded the family firm, and in due course, became a K. C.

North York, with better taste than it displayed at the last general election, sent William Mulock to Parliament in 1892, where, among other things, he moved in 1894 for a reduction of the Governor-General's salary from \$50,000 to \$35,000 a year, and in 1895 did his best to stop the pernicious practice of members of Parliament accepting railway passes between their constituencies and Ottawa. When the long years of opposition were past and the sunshine of Laurier's premiership burst upon the Liberals in 1896, the faithful fighter from North York was rewarded with knighthood and the Postmaster-Generalship, which office he retained until the end of his political life. Sir William was also first Minister of Labor. His too, was the father of Imperial Penny Postage. "Was it 1898 that the late John Ross Robertson, then M. P. for East Toronto, dropped the first letter bearing the Mulock-designed map and the legend "We have a better map than has been" into the box at the General Post Office in Toronto.

Sir William was Vice-Chancellor of Toronto University from 1881 to 1901, when stress of work caused his retirement. His other public offices included presidency of the War-time Toronto and York Patriotic League, where he paid \$1,000 for a single T.S.R. car ticket put up at auction. Sir William has been Acting Lieutenant Governor of Ontario on several occasions. Lord of voice, brusque in manner, Sir William masks a kind heart. More than once he has been moved to tears when sentencing a prisoner. They say he actually kept the family of one man whom he had sent to jail. Sharp with stupid young lawyers on occasions, he is gentle and reassuring to bewildered witnesses whom counsel would browbeat. Such is the man who after twenty-three years rough-and-tumble in politics, has spent a busy afternoon on the bench.

As Farmer Mulock, on his 242-acre estate at Mulock's Corners, a stone's throw from his birthplace up Yonge street, he completely drops his legal mask. He loves to gaze at his prize cattle or to give orders concerning the blooded Shetland and Dartmoor ponies, which are his hobby. Here he lives all summer, motoring to Osgoode Hall as fast as the law allows. And here in cold weather visits he sits before a crackling fire of maple logs, eating one of the crisp Spies grown in his orchard planted with slips from the Kaiser's estates, or cracking black Canadian walnuts from the grove on the farm he grew from the kernels. On occasions like this Sir William's mind must hark back to the days when he drove with other young people to dance at the hospitable "Homewood" of the Barwick family on the hill at Holland Landing. Or perhaps he meditates just when it will be safe to take his grandson, William Mulock the fourth, to the pew at St. Paul's where the Chief Justice, formerly a Cathedralite, has been seen of late with his son and grandson, listening to Canon Cody's brilliant exposition of the Scriptures.

SCHOOL TEACHERS ENTERTAIN OTHERS

A most enjoyable social hour was spent at the Albert School yesterday afternoon, after the teachers' meeting concluded. Miss Harriet Smith, principal, with Miss Jessie Hart, domestic science teacher, entertained twenty-two teachers of the staff and of the King George School, with Gordon Titus, acting principal, who was formerly of the Albert School. The domestic department was beautifully decorated with tulips and yellow candles. Mrs. A. E. Hart and Mrs. John Emmerton resided and were assisted by Mrs. Gilbert Hart and Miss Isidore Smith, who replenished, and four girls of the school from Grade IX, who served. Speeches were made praising the splendid domestic department and its opportunities for teaching the girls culinary arts. Mr. Titus, on behalf of those present, made a graceful address of thanks to Miss Smith and Miss Hart, which was responded to by Mr. C. H. Cochrane, of the manual training department. The event was a great success and introduced the new department in the schools to the visitors.

HAVE WAGNER EVENING

The Epworth League of the Exmouth street Methodist church held its first regular meeting of the new year last evening when the programme was in charge of the citizenship committee of which W. L. Beville is the convener. The life and works of

Wagner formed the theme of the evening. Miss Ma-ton Cooper gave a reading from one of Wagner's plays and Kenneth Lawton read a sketch of Wagner's life. Several musical selections from his famous compositions were given. Miss Doris Jones gave a violin number with Miss Isabelle Carr

as her accompanist. A vocal solo was given by Miss Frances Withers as a piano duet by Mrs. Beville and Miss Mabel Sandell. James J. Hill, railroad builder, wanted to be a doctor, but had to go to work to support his mother.

Why Ford Predominates. Proof that Ford predominates is to be found in the fact that 50 per cent of all cars in Canada are Fords. Ford predominates because it supplies the essentials of adequate, economical transportation. Ford has been the pioneer in the automotive industry; has blazed the trail in every fundamentally sound transportation principle. Ford service is an outstanding example of Ford predominance. Authorized Ford service is to be found wherever motor cars are used—always capable, business-like and prompt. More than 4,000 service stations in Canada are assurance of this. TAMMANY AFTER WM. G. McADOO

New York, Jan. 21.—An important move in Tammany's plans to smother the presidential aspirations of William Gibbs McAdoo is seen in the introduction of a bill in the state legislature to change the voting system of the New York delegates at the national convention. Under the present rule the delegates, after the withdrawal of the candidate for whom they have been instructed, may use their discretion in voting for other candidates. The bill, which has just been introduced at Albany, provides that the state convention may require the delegates to a national convention to vote as a unit throughout the balloting. This system was in force at one time.

CRIPPLE AROUSES HOTEL GUESTS

Gives Fire Alarm—Six Storey Building is Emptied Within Seven Minutes.

Syracuse, N. Y., Jan. 21.—Hercules of a crippled man was a vital factor in preventing a disaster when flames threatened the Hotel Warner, in which more than one hundred persons were sleeping.

Arthur Prieur, one of the owners of the hotel, aroused by the smell of smoke, hobbled on crutches from room to room, aroused the endangered by thumping on their doors and made a quick check-up to see that all the guests had left the building.

Only one guest was reported injured, John E. J. Clark of New York, who slid down a rope from the fifth floor and fell to the ground unconscious when a severe fever above the sidewalk.

More than a score were carried down ladders. After Mr. and Mrs. A. H. Hall and their daughter, Mary of New York were on a fire escape, the child remembered that she had left her doll in her room. Despite the density of the smoke she

SEVEN YEARS OF TORTURE

Headaches and indigestion Ended by "Fruit-a-lives"

The Marvellous Fruit Medicine

Like thousands and thousands of other sufferers, Mr. Albert Varner of Buckingham, P. Q., tried many remedies and went to doctors and specialists; but nothing did him any good.

"Finally a friend advised him to try 'Fruit-a-lives'—now he is well. As he says in a letter: 'For seven years, I suffered terribly from Headaches and Indigestion. I had belching gas, bitter stuff would come up in my mouth, often vomiting, and was terribly constipated. I took Fruit-a-lives and this grand fruit medicine made me well.'

CEMETERY COMPANY HAS CREDIT BALANCE

The directors of the Cedar Hill Cemetery Co., met in their twelfth annual session last evening in the Chapel Vault, West St. John. Reports showed a good balance in the bank. The meeting expressed satisfaction at the purchase of the land which forms the Cedar Hill Extension and which has put the company in a self-sustaining position.

W. H. Alingham, president of the company, was in the chair and was, with the former directors, re-elected, as follows: Treasurer, George Gray; secretary, George Vincent; directors, James Williamson, George Hartshorn, William J. Little and Thomas Rippey.

A committee to see city clerks with regard to improving the old position of Cedar Hill, which is not under the jurisdiction of the company, was named as follows: James Williamson, George Hartshorn, George Vincent, Andrew Gregory and Thomas Rippey. The treasurer showed receipts for the year 1933-34 amounting to \$8,585.85, with a balance of \$116,228. Total assets were \$116,228. The directors were thanked for their reports.

NERVOUS AND BADLY RUN DOWN

Mrs. Emma Brown of West St. John, N. B., Was Heir to Illness

Convinced by Women But Now She Feels Fine—Another Victory for Drecto is Recorded.

Mrs. Emma Brown, of 66 Protection street, West St. John, N. B., was in a general run down condition. She suffered from stomach trouble, indigestion, and was extremely nervous. Her liver was torpid and biliousness and constipation resulted. At her age—40 years—this was a serious condition and what she suffered can better be imagined than told.

Today Mrs. Brown feels fine and she attributes it all to Drecto, that marvelous root and herb remedy, and tonic. Her entire system is toned up to normal working order and health is the result.

"My indigestion and stomach trouble are gone," she says. "My liver is working fine and I am no longer troubled with constipation, was very nervous at times and felt miserable and run down in health. I was going to continue it until I regain all my weight. I strongly recommend it to everybody."

How many women there are just like Mrs. Brown. What relief they would find from their ailments if they took Drecto. It is a simple combination of herbs, roots and leaves, compounded in proportions that make remedy bound to tone up the system and regulate the functions of the digestive organs.

Drecto contains no mercury, potash or habit forming drugs.

Drecto is being specially introduced in St. John by Ross Drug Co., 100 King St. Moore's Drug Store, Prince Edward St., E. W. Munroe, 357 Main St. and in West St. John by Watson R. Dunlop. It is also sold in package by T. H. Wilson, and by a good druggist everywhere.

WILL CELEBRATE BURNS' BIRTHDAY

The sons and daughters of Scotia in the Maritime Provinces and in many lands will observe the anniversary of the birth of Scotland's immortal bard.

In some places there will be dancing and lesser events socially. In St. John Clam Mackenzie, Order of Scottish Clans, will have an entertainment on Tuesday evening, Jan. 29, in the Orange Hall, German street. The program will include a concert, with Scottish songs and some of Burns' poetry, followed by dancing and refreshments. The Anderson's Society here does not observe Burns' night (Jan. 28) as they have an elaborate banquet on St. Andrew's night each year (Nov. 30).

FATHER WILL SUBMIT A COMPLETE FINANCIAL STATEMENT

J. J. Donovan, father of Louis Donovan, featherweight champion of the Maritime Provinces, announces that the program will include a concert, with Scottish songs and some of Burns' poetry, followed by dancing and refreshments.

Dr. P. A. Holmes, of Calgary, a former Nova Scotian, called the city yesterday en route to his home after a pleasant visit to Nova Scotia. He referred to the number of Maritime men who had gone to the west and made good out there, among them he named Hon. R. B. Bennett and Thomas Tweedie, both of New Brunswick.

WHOOING COUGH STOPPED BY VICKS

Toronto Mother Says New Vaporizing Salve "Worked"

The quick direct treatment for colds of children and grown-ups too, is an application of Vicks Vaporizing Salve to the chest at bed time. Not only is Vicks absorbed through the skin, but its healing vapors of Camphor, Menthol, Eucalyptus, Turpentine, etc., are breathed all night directly into the affected air passages. Relief usually comes by morning. As with good, too, for cuts, bruises, burns and itching skin troubles.

Mrs. William Morrison of 114 Sheridan Avenue, Toronto, says: "Last fall my baby had whooping cough so bad that she was afraid of losing her. I heard about Vicks Vaporub from my neighbors and decided to try it. Every morning and night I applied it as directed, and it worked wondrously. It seemed to break up the cough and ease her, especially through the night when it was most troublesome. I have also used Vicks for colds with good results and would not be without it."

At all drug stores, 50c a jar. For a free test size package, write for a free trial bottle of Vicks to V. I. Parfitt, Montreal, P. Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

SINGLE TAX PARTY TO HAVE TICKET

Call Convention in New York For Early in the Next Month.

New York, Jan. 22.—(United Press.)—The national committee of the Single Tax party has called a convention in New York City, for Feb. 9-11, to discuss the programme of the party this Presidential year. The call signed by W. J. Wallace, chairman of the party's national executive committee, says, in part: "The Single Tax party in addition to putting a Presidential ticket in the field has pledged itself to aid the California great adventure, and the campaign in Oregon to the end that single tax amendments to their respective constitutions will be on the ballot in both these States in 1934."

"The Single Tax party by championing California and Oregon in addition to its own individual responsibilities as a political organization is thus affording an unusually favorable opportunity for the co-operation of all shades of Single Taxers who see triumph for their cause through the agency of the ballot."

L. P. Deschamps, of Montreal, yesterday was elected president of the Single Tax party, Association of Canada. On the executive committee is J. D. Palmer, of Fredericton, N. B.

Not only is Vicks absorbed through the skin, but its healing vapors of Camphor, Menthol, Eucalyptus, Turpentine, etc., are breathed all night directly into the affected air passages. Relief usually comes by morning. As with good, too, for cuts, bruises, burns and itching skin troubles.

Mrs. William Morrison of 114 Sheridan Avenue, Toronto, says: "Last fall my baby had whooping cough so bad that she was afraid of losing her. I heard about Vicks Vaporub from my neighbors and decided to try it. Every morning and night I applied it as directed, and it worked wondrously. It seemed to break up the cough and ease her, especially through the night when it was most troublesome. I have also used Vicks for colds with good results and would not be without it."

At all drug stores, 50c a jar. For a free test size package, write for a free trial bottle of Vicks to V. I. Parfitt, Montreal, P. Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

SINGLE TAX PARTY TO HAVE TICKET

Call Convention in New York For Early in the Next Month.

New York, Jan. 22.—(United Press.)—The national committee of the Single Tax party has called a convention in New York City, for Feb. 9-11, to discuss the programme of the party this Presidential year. The call signed by W. J. Wallace, chairman of the party's national executive committee, says, in part: "The Single Tax party in addition to putting a Presidential ticket in the field has pledged itself to aid the California great adventure, and the campaign in Oregon to the end that single tax amendments to their respective constitutions will be on the ballot in both these States in 1934."

"The Single Tax party by championing California and Oregon in addition to its own individual responsibilities as a political organization is thus affording an unusually favorable opportunity for the co-operation of all shades of Single Taxers who see triumph for their cause through the agency of the ballot."

L. P. Deschamps, of Montreal, yesterday was elected president of the Single Tax party, Association of Canada. On the executive committee is J. D. Palmer, of Fredericton, N. B.

SAYS RED PEPPER HEAT STOPS PAIN IN FEW MINUTES

Rheumatism, lumbago, neuritis, headache, stiff neck, sore muscles, strains, sprains, aching joints. When you are suffering so you can hardly get around, just try Red Pepper Rub. Nothing has such concentrated, penetrating heat as red pepper, and when heat penetrates right down into pain and congestion relief comes at once. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes the sore spot is warmed through and through and the torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Be sure to get the genuine, with the name Rowles on every package.

MADE GOOD IN WEST

Dr. P. A. Holmes, of Calgary, a former Nova Scotian, called the city yesterday en route to his home after a pleasant visit to Nova Scotia. He referred to the number of Maritime men who had gone to the west and made good out there, among them he named Hon. R. B. Bennett and Thomas Tweedie, both of New Brunswick.

BANISH PIMPLES BY EASY METHOD

Stuart's Calcium Waters Have Remarkable Action in Removing Pimples, Blackheads and Other Such Beauty Spoilers.

With all the wonderfully pretty things to wear many a girl is distracted because her complexion is a fright. She has tried the way to banish pimples. Ask any druggist for a 60 cent box of Stuart's Calcium Waters and follow directions.

Their first action is to remove the sour fermentations that are apt to poison the blood and thus disfigure the skin. The effect is visibly noticeable to those troubled with a pimply skin, or one that is muddy or red or blotchy, scaly and rough and coarse. The Calcium Waters induce a reaction to healthier tendencies and soon the pimply complexion begins to assert itself. The blemishes fade away, the complexion seems animated and the entire appearance is one of vibrant beauty instead of unsightliness.

Get a 60 cent box of Stuart's Calcium Waters at the nearest drug store or write to F. A. Stuart Co., 638 Stuart Bldg., Marshall, Mich., for a free sample package.

WOULD DEMPSEY HAVE A CHANCE?

Comparison Between Gorilla and the World's Heavyweight Champion.

Jacksonville, Fla., Jan. 22.—(United Press.)—Back from the Belgian Congo after a hunting trip of three years' duration, Capt. Ben Burbridge, famous big game hunter, is ready to ship the skeleton and hide of a 600 pound male gorilla to the Smithsonian Institute in Washington.

The monster would make life, according to Capt. Burbridge, a play thing out of a dozen Dempsseys.

Six large elephants, several lions, tigers and other animals were captured during the trip.

Presented to the national Belgian museum in Antwerp was a 60 pound baby male gorilla, the only one in captivity.

Three other babies, taken alive by Captain Burbridge, died en route to Europe. Influenza accounted for their deaths, Capt. Burbridge said.

Here is a comparison of the measurements of the large gorilla killed by Capt. Burbridge with those of Jack Dempsey, world's champion heavyweight prizefighter:

Gorilla Dempsey Height 65 in. 78 in. Weight 650 lb. 192 lb. Reach 74 in. 74 in. Neck 29 in. 16 1/2 in. Forearm 15 1/2 in. 14 1/2 in. Wrist 13 in. 13 in. Biceps 17 in. 16 1/2 in. Ankle 14 1/2 in. 9 in. Waist 80 in. 32 in. Chest 61 in. 46 in.

Although the animal was about 40 years of age when killed, Burbridge showed newspaper men the excellent condition of the hide, the tremendous muscular development which caused the spine to arch forward and the powerful tearing teeth, two of which had been broken in combat.

The roar of the gorilla, said Burbridge, is more terrifying than that of either lion or tiger, and its charge is tremendous.

The gorilla, in making his way through the jungle, tears down and snaps with ease bamboo trees two or three inches in diameter and it the sound of snapping trees which shows the hunter that he is near gorilla.

In capturing one of the baby gorillas, Capt. Burbridge and a native had a battle in which the clothes were torn off the hunters' bodies by the gorilla, which weighed only forty pounds.

FRANCE PLANS A FOREIGN EXCHANGE CLEARING HOUSE

Paris, Jan. 22.—The ministry of finance is working on plans for the creation of a foreign exchange clearing house, according to the newspaper L'Ouverture.

The object, the newspaper says, is to guarantee the French manufacturers and traders doing business abroad the greatest stability and security by enabling them to obtain whatever foreign currency they need at prices that will not be affected by speculation.

Chicago, Jan. 21.—Young Jake Scheffer, son of the famous wizard, defeated Champ Willie Hoppe, 500 to 869 tonight in the first block of their 1,500 point match for the world's 152 ball-line billiard championship.

The Ottawa Senators defeated the Canadiens in Montreal last evening by a score of 3 to 2. The play was exciting throughout.

CENTRAL BAPTIST BOYS WIN

Last evening Central Baptist Trinitis Boys won their second game of basketball from Trinity Scouts on Trinity's floor by a score of 18 to 8.

This gives the series of the best two out of three games to Central Baptist. Both sides played good ball. The line-up follows:

Central Baptist: A. Arthurs (3), Nyberg (5), Eric Golding, Johnson, George Macdonald (3). Trinity: McRoberts, Sutherland (2), W. Waring (2).

A Health Secret It is frequently claimed by physicians that nine-tenths of all human ills may be traced to neglect to keep the bowels regular and the liver and kidneys active. The result is an accumulation of poisons in the system which cause pain and aches and give rise to such dreaded diseases as appendicitis, Bright's disease, diabetes, high blood pressure, etc. Dr. Chase's Kidney-Liver Pills are the ideal regulators of these vital organs because they act directly on the liver, kidneys and bowels, and ensure a thorough cleansing of the system. You will notice that while the price of Dr. Chase's Kidney-Liver Pills has been increased to 35 cents, the box now contains 85 pills instead of 25 as formerly. Likewise Dr. Chase's Nerve Food is 60 cents a box of 60 pills, instead of 50 cents a box of 50 pills. Edmanston, Bates & Co. Ltd., Toronto.

PROTESTS "FLAMING YOUTH"

Showing of the motion picture "Flaming Youth," starring Colleen Moore, at a Hackensack, N. Y. theatre, has provoked a storm of protest. Members of the local Woman's Club had a private showing of the film Tuesday night prior to its public exhibition and declared that "it is not a picture for young people to see."

EXCRUCIATING PAINS, CRAMPS

Entirely Remedied by Lydia E. Pinkham's Vegetable Compound

EBERTS, Ont.—"I started with cramps and bearing-down pains at the age of eleven years, and I would get so nervous I could hardly stay in bed, and I had such pains that I would scream, and my mother would call the doctor to give me something to take. At eighteen I married, and I have four healthy children, but I still have pains in my right side. I am a farmer's wife with more work than I am able to do. I have taken three bottles of Lydia E. Pinkham's Vegetable Compound and I feel that it is helping me every day. My sister-in-law, who has been taking your medicine for some time and uses your Sanative Wash, told me about it and I recommend it now, as I have received great relief from it."—MRS. NELSON YOTT, R. R. 1, Eberts, Ont.

Lydia E. Pinkham's Vegetable Compound is a medicine for ailments common to women. It has been used for such troubles for nearly fifty years, and thousands of women have found relief as did Mrs. Yott, by taking this splendid medicine.

Absorbine J. It hurts. Of course those nasty cuts and burns do hurt! But the pain will soon be gone and there will be no danger of infection if the wound is bathed with a solution of Absorbine J.

OPERA HOUSE HAS A BRIGHT COMEDY

"Connie Comes Home" is Fine Mixture of Humor and Pathos.

When Edward Childs Carpenter wrote "Connie Goes Home," as presented by the F. James Carroll Players last evening at the Opera House, he extracted the pathos from "Cinderella," mixed with it the poignant humor of "Peg of Old London," and the dramatic beauty of "Pollyanna," and rolled the whole into one satisfying piece that combines the sterling qualities of all three.

ST. JOHN SHIVERED AT 10 BELOW AS THE WIND BLEW FIFTY MILES

Old King Winter Asserted Himself Today All Over Country.

Old King Winter, who up to the present, has been traveling about disguised by bright spring-like days, balmy breezes and very much out-of-season buds, blossoms and butterflies, came from behind his mask last night and chilled the country to the marrow. Ushered in on the gusts of a forty-five to fifty miles an hour gale, he scattered frosts and biting blasts to right and left. The populace shivered and turned its collar about its ears, heaped the fuel higher, and came to the conclusion that there was really nothing wrong with the Gulf Stream after all.

Ten Below is Official
The mercury, which was playing hide-and-seek with the freezing point for the last two or three weeks, was taken suddenly unawares and started in haste to take cover. Down, down, it went with startling rapidity—at midnight it wavered "cherry" as it shivered past the zero mark, and before the cold light of dawn illuminated the figures which flanked the downward path it had reached 10 below the cipher. The cheerful day, however, brought its warming influence, and although still hesitant, the silver thread started slowly to expand again. At nine o'clock it stood at 8 below.

Reports from other parts of the province and in fact from all over Canada bring news of similar climatic conditions. At Glen Falls the mercury hovered around 18 below; at Reed's Point it was 10 below, and at ten o'clock had risen to 4 below; at Fernalth, in a sheltered spot, it was 10 below; at Glen Falls it dropped to 20 below; at W. A. Quinton's, Manawagashish road, it was 18 below, and in Fairville it was 18 below; at the Kennedy House, Rothesay, it dropped to 6 below, but the glass there is in a sheltered spot. Grand Falls says 25.

It was 10 below at Union Point and 10 below at Mowatt's drug store. Hampton reported 15 to 18 below. Reports gathered for The Times from outside places follow:—
Grand Falls—Clear, 25 below.
Edmundston—Fine, 25 below.
Woodstock—Fine, 22 below, wind, N. W.
St. Stephen—Clear, 18 below.
Sassex—Fine, 18 below.
Charlottetown—Clear, 12 below.
Moncton—Fine, 18 below. N. W. gale.
Campbellton—Clear, 18 below.
Halifax—Fine, 5 above.
Sydney—Fine, 5 above.
Fredericton reported 15, Montreal, 14, Amherst, 12.

Elsewhere
A 40 miles an hour gale, and the mercury falling to 15 degrees below zero, made yesterday the coldest of the year in Montreal. The change was as sudden as it was sharp. At 11 Sunday morning the temperature was 80 above, Sunday midnight it was ten above and at eight o'clock yesterday morning it was two above. Early in the afternoon the zero level was reached and thereafter the descent was rapid until at nine last night it was 15 below. Here the bottom of the cold spell seemed to have been reached.

Boston shivered today in the first severe cold wave of the winter. From a maximum of 26 degrees early yesterday there was a steady drop to a minimum of four early today. It was accompanied by a snow shower from elsewhere in New England the mercury fell far below zero.

In New York city the mercury hovered about five and a half degrees above zero while an icy wind whistled through the streets.

GET MEDALS FOR SAVING A KITTEN

Sailor Jumped Overboard in Harbor and Rescued Little Animal.

For their humane act in rescuing a tiny kitten from the waters of the harbor in last September, two sailors of the Canadian Government steamer Aberdeen, which was wrecked this winter in the Bay of Fundy, will receive medals from the Society for the Prevention of Cruelty here, so S. M. Wetmore, agent, announced this morning.

On September 2, the tiny animal was playing about the decks of the Aberdeen when it fell overboard. Without hesitation one of the sailors, Karl Clarence Potter, of Yarmouth, N. S., jumped after it and after some difficulty landed it on the deck of the steamer. The immersion had left the kitten in bad condition, so that it appeared to be almost dead. Thereupon another sailor, Alfred Richards, who is now residing in St. John, started to work over the little body and after nearly two hours, his efforts were rewarded and the kitten was restored to life.

Captain Kenny reported the matter to Mr. Wetmore and recommended some recognition of the kindly spirit of the two men. Mr. Wetmore agreed that their example was worth much in the community and the medals were decided upon. The medal for Mr. Potter will be sent to the Mayor of Yarmouth for presentation to the recipient, while Mr. Wetmore is planning to have Mr. Richards' officially presented to him by the Mayor of St. John.

The funeral of Mrs. Lydia J. Marr was held at noon today from the residence of her daughter, Mrs. F. L. Vincent, 134 City road. The body was taken to Goudale Point, where service was conducted in the Baptist church by Rev. Mr. Steeves.

TOLD OF COMPENSATION ACT
The speaker at the Gyro Club luncheon at noon today at the Hotel Dunlop was James L. Sugarc, who gave an interesting address on the Workmen's Compensation Board activities. The chair was occupied by R. B. McDade.

TO SAIL FROM HERE
Sir William Price, of Quebec, and party will arrive in Montreal from Quebec on January 24 at 6:30 p.m. via C. P. R., and will take the Canadian Pacific steamship special for St. John, the same day to contact with the Montserrat on which Sir William will sail for England on the 26th.

HAS UNTIL FRIDAY TO DECIDE
Charles Simon, a Syrian charged with shooting a dog, is being held in the highest esteem by a large circle of friends. The funeral will take place from her late residence on Thursday afternoon at 2:30 o'clock. Mrs. Crowley is survived by two sons, John, of Everett, Mass., and Charles, at home. One brother, David Gaudin, of Rothesay, also survives.

IS COURTEOUS
Two men were charged with drunkenness in the police court this morning. The trial or trial of the defendant pleaded not guilty. Policeman Melnis testified that he arrested the defendant at 10 o'clock this morning when he took him to headquarters. Policeman Thomas took charge of him. The defendant was remanded until Policeman Thomas could appear to testify. Magistrate Henderson remarked that the defendant was apparently still drunk, and the prisoner replied "thank you."

WILL BE NAVAL FUNERAL
Lieutenant H. A. Allister Morrison, R. C. N. Y. R., commanding officer of the Canadian Naval Volunteer Reserve, announced this morning that a naval funeral will be held for him on Sunday night at the General Public Hospital, while on his way from the West Indies to his home in England. The funeral procession will leave P. J. Fitzpatrick's Undertaking Parlor at 2:30 o'clock. A meeting of the local company has been called for 7:30 o'clock this evening to carry out drill for the firing party.

HARRY ALLEN—MISSIONARY
W. Harry Allen, the big game and fishing Nimrod is certainly one of New Brunswick's most energetic foreign travelers. He has been for the last few days touring New Hampshire and Massachusetts giving motion picture lectures about New Brunswick salmon, trout and goose hunting resources. On the 18th he lectured to the Boston Canadian Club. Mr. Allen is booked to go much farther afield in his current talks and may extend his trip as far as Chicago. He addresses well-to-do clubmen, sporting enthusiasts of all classes and women's outing organizations in club quarters, hotel dining rooms and community halls. The newspapers use his plain hunter narratives and pictures most willingly and the genial Harry is much sought after for personal chats in the very best circles.

PRESENTATION MADE
About sixty friends assembled last evening at the home of Mrs. Wm. Howard, 112 Harrison street, and tendered her a surprise party, taking this opportunity of bidding her farewell as she and family are going to Boston to reside with her husband, who was formerly employed by The Daily Journal and is now on the staff of the Boston Post. During the evening Al Colahan, on behalf of those present presented a purse of money to Mrs. Howard. In a few well chosen words she thanked the donors for their kind thought and gift. Music was furnished by the North End Stringed Band, composed of Messrs. C. Cain, J. Whitmore, J. Stevens, Mrs. Edwin Hamilton and Master Ronald MacLaren. Solos were sung by G. Ring, M. Howard and J. Cady. Delicious refreshments were served by Mrs. R. MacLaren, Mrs. A. Boyle and Mrs. W. Kelly.

TELLS DETECTIVE HE STOLE IN WEST

Young Protectionist at Police Station Accuses Himself of Theft.

Sergeant Detective Power was given quite a surprise this morning when a young man who had been in a cell during the night as a protectionist, appeared before him and asked to be placed under arrest. He said he was from Rapid City, Manitoba, and while there had stolen \$150 from The T. Eaton Co., and in addition had stolen \$50 from Alfred Thompson of Fernie, B. C., and \$250 from W. W. Brown of Vancouver. He was placed under arrest and held on a charge of vagrancy. When he appeared before Magistrate Henderson he said he came here seeking work. He was remanded to jail until further enquiries can be made about him.

The youth said he was sixteen years of age. He is a well built lad and stands over six feet one inch. He has a knowledge of the west and explained where several cities were located. He only had ten cents in his pocket.

WORK IS BEGUN FOR NEW HOTEL

Contractors Tearing Down the Dufferin—Last Day in Barber Shop.

The first actual work in connection with the erection of the big new Admiral Beatty Hotel, which will be constructed on the Dufferin site at the corner of King street and Charlotte street, commenced this afternoon, when a large crew of men, employed by John Rogers Sons, commenced to demolish the buildings. Since it was announced this morning that the contract for the purchase of the material and the demolition of the structures had been awarded the Flood concern, their focus in Prince street have been besieged by a steady stream of men looking for employment and the telephone was hardly an idle minute.

The demolishing crews will first remove the plumbing and heating fixtures, window glass and frames, doors and trim from the interior of the buildings and then proceed with the razing of the walls. It is expected that the site will be cleared in about a month and a half.

The clearing will extend from the Imperial Theater on one side around the corner of Charlotte street as far as the church rectory, which is not to be touched for the present.

The last tenant of the historic property to pull up stakes and escape the demolition will be the Arthur G. Brown, barber. Though open for business as usual today the tonsorial establishments in a rather feverish state of transition. Mr. Brown expects to make his move tomorrow, setting up shop in Canterbury street, near King street, once familiar as a barber location under the management of the Hodges brothers.

Pythians Plan Anniversary
Committee Arranging for Observance of 60th Birthday Next Month.

A joint committee from the four Pythian lodges of the city to make arrangements for the 60th anniversary celebration in St. John, met last evening in Castle Hall, Temple Building, Main street, and organized E. L. Shepley, Dikeman secretary. The St. John lodges have always observed the anniversary by a church service and this will be done this year. The service will be held in Centenary church at 4 p.m. on Sunday, February 17, this being nearest to the anniversary date, which is February 19.

REPORTED ON WAY HERE
The wireless station reports that at 10:18 a.m. the steamer Comino was 160 miles south, bound for St. John.

As Hiram Sees It

"Hiram" said The Times reporter to Mr. Hiram Hornbeam, "It looks as if the King of Greece would soon be looking for a job."
"Well," said Hiram, "the king find lots of shinin' examples."
"You are very disrespectful," said the reporter.
"Who to?" demanded Hiram—"that there king or the feller that shines for a livin'?"
"Really," said the reporter, "that is an embarrassing question."
"If them there Greeks," said Hiram, "was like us Britishers they could git along fine with a king, an' he'd hev lots to do an' nobody hollerin' fer a change. I've lived under Victory—an' an' Edward—an' George—and the's another chip o' the old block comin' along—an' I want to say not one o' 'em ever tried to run the show fer themselves. We got the best government ever had in the world. An' if it ain't better than it is it's our own fault—yes, sir."

During the months of January, February and March our Stores will Close at 1 o'clock on Saturday.

Art in Furnishing the Home

Where An End Table Fits In

Because they are very useful and perform a definite function in the modern scheme of interior decoration, the end table of walnut or mahogany has found great favor. At the end of the davenport or beside the big, easy chair, the end table holds a cheerful lamp, your favorite book, or perhaps a box of candy or smoking things.

Some in our stock have drop leaves which transform them into long davenport tables, some have one drop leaf, next the chair when in that position, which can be raised to make a card or tea table, some have book trough underneath, and still another includes a full sized smoker's cabinet, which does not interfere with its use as a very handsome end table.
