GAVE LORD MAYOR MEAT JUICE WHEN UNCONSCIOUS

'They Tricked Me and I Did Not Know It'

Delirious Nearly All Last Night—MacSwiney Case in Commons—The Killing of Michael Walsh of Galway.

London, Oct. 21.—There came this morning official confirmation of reports that Lord Mayor MacSwiney of Cork had been fed during a period of unconsciousness.

From the government side, it was said at the home office that the Lord Mayor had been fed last night. It was explained that the prison doctors were under instructions to use any possible means to keep him alive, but that during unconsciousness he resisted attempts to administer nourishment.

The Self-Determination League's account of the feeding said that the Lord Mayor upon regaining consciousness detected the taste of the meat juice and said to a sister nurse: 'They tricked me, and I did not know it.'

Lapsing into unconsciousness again, the Lord Mayor waved his arms violently and shouted: 'Take it away!'

MacSwiney was delirious during virtually all last night, the league bulletin declared, the delirium for the greater part of the time taking a violent form.

The bulletin concludes: 'The meat juice given the Lord Mayor during his delirium on the 20th day of his stay was the first nourishment which was given to him since his arrest on August 12.'

London, Oct. 21.—On a motion to adjourn the House of Commons last night, Mr. MacSwiney, Independent Labour Party member, called attention to the question of Lord Mayor MacSwiney.

Edward Shortt, secretary for home affairs, replied that he had no information as to whether the Lord Mayor had been fed during his unconsciousness.

Threaten To Strike In Sympathy With The British Coal Miners

Railwaymen and Transport Workers Issue Ultimatum to Government, Making Situation Far More Grave

London, Oct. 21.—The coal strike situation took an unexpected and grave turn this afternoon when the railwaymen and transport workers announced that they would strike in sympathy with the miners unless negotiations between the government and the miners were reopened this week.

Earlier Reports. London, Oct. 21.—Decision on the question whether the national union of railwaymen and transport workers was expected at meetings held by the two organizations here today.

Should the railwaymen and transport workers call a strike, a critical phase of the dispute between labor and the government would immediately ensue, it is believed, and the ministry of labor has been exerting its utmost efforts to prevent such a step.

Sentiment in the railwaymen's union seems to be divided over the course to be pursued. One wing opposing a strike, the other favoring a walkout.

Proposals for a compromise agreement which might permit the miners to return to work and defer final adjustment of their grievances have been brought forward, but they have not been submitted to leaders of the federation, so far as known.

Owners of mines may be called in by Premier Lloyd George to take up the subject of increasing the production of the pits and heads of the miners' federation may be asked to be present.

After the morning session of the executive of the National Union of Railwaymen, J. H. Thomas, general secretary, announced that the railroad men were considering the question of sympathetic action with the miners.

Vancouver, B. C., Oct. 21.—The province of British Columbia by a majority estimated at 25,000 expressed itself yesterday as preferring government control and sale of liquor to the prospect of continued prohibition.

The city of Vancouver, which at the former referendum was strongly in favor of prohibition, gave a majority of ten thousand against the present act.

Although government sale of liquor has been carried by a great majority of the British Columbia prohibition act, with its eight ounce amendment, must remain the law for the province until the legislature meets and enacts a new law.

ROUND HOUSE AT YARMOUTH SOUTH FIRE VICTIM

Totally Destroyed in Early Morning Blaze—Two Men Save Locomotives.

Yarmouth, N. S., Oct. 21.—Residents of Yarmouth South were startled at ten minutes to five o'clock this morning by several sharp blasts from a C. N. R. locomotive at Yarmouth South followed almost immediately by the sounding of the fire alarm.

It proved to be the large wooden round house of the C. N. R., which was totally destroyed, together with a large stock of equipment, tools and a large stock of supplies just in from Bridge-water.

The fire started in the oil room, which had been locked up, and supposedly from spontaneous combustion. The two men on the night crew say they first knew of the fire when they were startled by a sharp report of an explosion which blew out the doors of the room.

The two men turned their attention to two large locomotives, both of which had on a small pressure of steam, but sufficient to enable them to get out. This also enabled the men to move to safety the cars which make up the regular express, and also a loaded freight, both of which were on a side track very close to the burning building.

MUSICAL TREAT OF SPECIAL INTEREST AT IMPERIAL THEATRE ON TUESDAY NEXT

Miss Betsy Lane Shepherd, who is a great favorite with Canadian and American musicians, has a voice that is sweet, satisfying, very rich and clear, and her appearance in this city is anticipated with exceptional interest.

Miss Madeline MacGuigan Sokoloff, the violinist, is a delightful young artist who is winning laurels in the violin profession. She was a pupil of Wilhelm, the great violinist, and while under his tutelage made remarkably successful tours of the British Isles as a child prodigy. Later, she continued her studies with the great master, Hahay, in Budapest. Since coming to America she has become extremely popular, having appeared with the Philadelphia Symphony, Cleveland Symphony, and Summer Concerts at the Stadium, New York City.

CITY WORK ON LANSDOWNE AVE. TO BE STOPPED

(Continued from page 1.) as the work was urgent, the motion to have the bills paid, was passed. Commissioner Frink presented a request from L. G. Crosby to cut off the square end of the property leased to city at McLeod wharf and substitute a triangular portion equal in size on the other side of the property. The property is now leased at \$400 a year for the first seven years, and \$600 a year thereafter. On suggestion of Commissioner Frink Mr. Bullock agreed to take the commissioners to view the site. Adjoining the property is a site 20x12 feet leased to Jas. H. McFarland for a gasoline tank at \$20 a year, expiring on Jan. 1, and it was said he was agreeable to surrendering the lease to the Crosby company.

Mr. Bullock suggested this matter be looked into at the same time as the other. Agreed.

Commissioner Jones read a letter from Vroom & Co. in which they stated that they were agents of the Guarantee Company of North America, a Canadian company, through which a bond was issued for the work on the Spruce Lake water extension, and they had a license to carry on business in the city until January, 1927. They did not think that the city should object to the bond being given to them as they were taxpayers.

Mr. Thornton said that the bond was with a non-tariff company and said that he would not place any of the city insurance with a non-tariff company, even though they cut the rates, as he knew that the council would not permit him to do so. He asked when the license expired, and was informed by the mayor that it was on Oct. 8.

The mayor explained that the London & Lancashire Company had turned down the application for bond at 80 per cent, manufacturers and 20 per cent, contractors; the company wanted to class as the contractor, and the rate was one-quarter of one per cent. The saving effected was in the vicinity of \$2000.

Commissioner Frink asked the city engineer how the matter of the water extension and retaining wall stood. Mr. Hale replied that he had not quite finished his report, but that he was not satisfied with the report he had submitted, and was carrying the proposed extension down the road instead of down Visart street.

Commissioner Frink read a letter from W. H. Thorne Co. in which the firm stated that the building which they had purchased at the corner of Water street and Peterborough street, was being used as a warehouse and was found to be unsuitable on account of the present condition of the retaining wall. They suggested that the city and the firm co-operate to build a wall which would act as both a retaining wall and foundation for the property.

The road engineer reported that the present retaining wall of timber was in a bad shape and that the foundation of the warehouse could be built heavy enough to act also as a retaining wall. The cost to the city would be about \$700.

Commissioner Frink moved that the application be approved and that the estimated cost of \$700 be provided by bond issue on the signing of a release by the company relieving the city of any responsibility.

Commissioner Thornton suggested that Commissioner Frink obtain further information from the company as to their intentions regarding building.

Thomas, Stephen, 208 Brussels street, wrote that he had two walls of a building erected and was waiting for the city to remove retaining wall that was in bad condition. He suggested that he and the city co-operate in building a wall which would do for both a retaining wall and foundation for his house.

On Commissioner Frink's motion the matter was referred to him for report.

Mr. Frink referred authority for the public works department to withdraw from Lansdowne avenue any work to be done this year. He gave as his reasons that a retaining wall was to be built by the city co-operating with Taylor & White was encroaching on building feet over the street line. He said he had correspondence with Armstrong & Bruce from whom the lot on which the building stands has been leased, but nothing had been done. Mr. Taylor had said that he was agreeable to any reasonable proposition and it was with a view to having more active steps taken that he brought in the resolution.

Commissioner Frink read an application from Mary J. Broderick for the city.

IN WALL STREET

New York, Oct. 21, 1926.—The stock market was steady on very light dealings at the opening of today's session. Changes among the usual leaders were limited to the small fractions. Oils, tobaccos and utilities, particularly the local traction, overshadowed the steel, equipment and railway some of the latter rising within the first half hour. Maintenance of the London rate of exchange at yesterday's high level offered hope of a favorable turn in the British industrial situation.

Noon Report. With no perceptible increase of trading the market made further upward progress during the morning. Oils, tobaccos and utilities continued to stand out. Mexican Petroleum, Royal Dutch, American Tobacco B, Retail Stores, United Railways Preferred and Brooklyn Union Gas rose one to almost five points. Crucible Steel, Harvester Preferred, Sears Roebuck, Pittsburgh Coal and Osheena rails, particularly Colorado Southern, Chicago, St. Paul, Minneapolis and Omaha and St. Louis Southwestern, common and preferred, gained one to three points, but the more representative rails showed little change. Copper and paper issues were the only heavy shares. Call money opened at 7 per cent.

At 1.30. The cheaper rails of the western and southwestern groups and local transactions extended their gains at midday but steel, equipments, leathers and some of the food issues reacted 1 to 2 points. Reading 2nd preferred dropped 5 points on comparatively few transactions.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

NEXT WEEK'S SMART ENGLISH THEATRICALS

I. V. Esmond and Eva Moore in London Society Play—
Seat Sale Friday.

Following the phenomenal success achieved by the all-Canadian tour of "The Maid of the Mountains" under the auspices of Trans-Canada Theatres Ltd., the same organization will present for the entertainment of Canadian theatre goers on Wednesday and Thursday next at the Imperial Theatre, one of the most successful comedy hits known to the English-speaking stage of the last decade.

I. V. Esmond and Miss Eva Moore, who occupy today a unique position among British players and who have scored a larger number of comedy successes than any other actors known to the British stage, will present their latest war comedy success, entitled "The Law Divine."

This play, which attracted thousands of men from overseas in addition to capacity audiences throughout a phenomenal London run, deals in a most entertaining manner with a domestic problem which has had its parallel in every British dominion that contributed troops to the Great War.

The temporary estrangement of a husband returned from service overseas to war office duties, and a wife who has neglected her domestic duties owing to the allurements of war work of various kinds, and the astonishing human method of their reconciliation constitutes the basis of a comedy as entertaining, as fascinating, and as diverting as any which have packed the London theatres during the past ten years.

Mr. Esmond and Miss Moore will present "The Law Divine" with the original London production and the original London company. No more attractive theatrical entertainment is in sight for the Canadian stage during the present season.

The seat sale opens Friday of this week, but mail orders are being accepted now.

HOSPITAL COMMISSIONERS MEET. At a meeting of the board of commissioners of the General Public Hospital last night, Hon. Dr. J. W. Daniel, the chairman, presided. The doctors approved of the programme laid down by the College of Surgeons for standardized hospitals, but it was stated that a larger staff and more intensive study would be required for a higher class of work. It was decided to call for tenders for the connecting of the epidemic hospital with the heating plant of the main hospital, the plans of the consulting engineer having been approved. Among the reasons given by Miss Maud Retalick, superintendent of nurses, for tendering her resignation was the smallness of the remuneration given. Dr. H. Heilken, superintendent of the hospital, said last night that the St. John hospital was giving about an average salary. Dr. Heilken read a report of the meeting of the American Hospital Association, which he attended in Montreal recently.

FIND STUDENT SLAIN; MONEY IS UNTOUCHED

Body of Elmer C. Drewes Discovered Propped Against a Philadelphia Lamp Post.

Philadelphia, Oct. 21.—The body of Elmer C. Drewes, a student of Dartmouth, who left his home here on Saturday to return to college, was found with a bullet hole through the top of the head on an isolated road in the northern part of the city early on Sunday. The police believe that he was murdered. Money, bonds and jewelry valued at several thousand dollars were found untouched in his pockets. The body lay propped against a lamp post. An overcoat had been drawn over the knees and a soft hat lay in the lap. This, according to the police, clearly indicates that a robbery was not the motive. Drewes was a graduate of the officers' training camp at Plattsburg and during the war acted as military instructor at Princeton University. He left Dartmouth on Friday afternoon, spent that night and Saturday morning in New York, went from New York to Atlantic City and returned from Atlantic City to his home on Saturday afternoon. Drewes told his parents that he had collected a debt of \$100 from Charles Shaloss, a friend. Shaloss gave him a check for the amount, which Drewes had with him on Saturday and left the home to take a train at 9 p. m. for Hanover, N. H. The detect-

REFUSE INQUIRY INTO REPRISALS

"Rake Ireland from End to End for Arms"

Statement by Sir Hamar Greenwood—Lord Cecil and Mr. Asquith Support Henderson's Request for Investigation.

London, Oct. 21.—The Irish debate in the house of commons last night resolved itself into a duel between the opposition and the government—the former demanding and the latter resisting an independent inquiry into the reprisals. The defence of the government, set up by Sir Hamar Greenwood, chief secretary for Ireland, was that "while the Asquithians put the emphasis on the reprisals, I put it on the provocation." He insisted that no case had been made out for what he characterized as Arthur Henderson's insulting resolution, demanding an inquiry into the reprisals by the police and soldiers in Ireland. He incidentally remarked that the United States added, could not be a party to any surrender to crime. Lord Robert Cecil, former assistant secretary for foreign affairs, and former premier Asquith both pressed urgently for an inquiry. Lord Robert declared that the administration in Ireland in the last eighteen months was one of the most disastrous and tactless reigns in the country's history. For the sake of the country's good name the government ought to clear themselves of the charge of connivance in the reprisals. Mr. Asquith asserted that there was prima facie evidence that some officers and servants of the executive in Ireland had far exceeded the limits of legitimate self-defence and that until the perpetrators of the reprisals received condign punishment there would not be the shadow of respect for the authorities in Ireland. Andrew Bonar Law, government leader in the house, based his refusal for an inquiry on the necessity of supporting the officials and others responsible for the security of law and order. He declared the authorities had condemned the reprisals which since then had been greatly reduced. The government, he said, had been reduced to the lowest ebb.

FAREWELL BANQUET TO MR. AND MRS. LOWETH

A banquet was held in Trinity church school room last evening in honor of Rev. D. H. Loweth and Mrs. Loweth, who will leave next week for Providence, R. I., where Rev. Mr. Loweth has been appointed as curate in one of the Anglican churches. The boy scouts, girl guides and wolf cubs were present and presented to the guests a purse of gold as a token of their appreciation of the excellent work of both Mr. and Mrs. Loweth for the junior organizations in the church. Rev. Canon R. A. Armstrong was the chairman and C. E. Upham was master of ceremonies. Canon Armstrong spoke in glowing terms of Rev. Mr. Loweth as curate of Trinity church. A. C. Skelton presented to Mr. Loweth a gold swastika pin. Assistant Scoutmaster Paul Walsh in making the presentation of the purse of gold made a few appropriate remarks. Rev. Mr. Loweth in accepting the gifts on behalf of himself and Mrs. Loweth expressed their sincere gratitude. After the banquet which was provided by the ladies of the church, the evening was spent in games and amusements.

Our Travelling Salesmen Enjoy Selling Red Rose Orange Pekoe Tea

Travelling salesmen work very hard as a rule. They put in long hours, and the pleasure of travelling is not so great as to those of us who mostly live at home.

Naturally, therefore, these men must get a great deal of their pleasure and satisfaction from their work—they like to sell the finest of products and represent a good "house".

Our travelling salesmen are exceedingly critical of the products which they are asked to sell, and when we told them last January that we wanted them to sell a new tea of extra quality—much finer than has usually been sold in Canada—they were keenly interested, put the new tea to many tests amongst their friends, and gave it a lot of time and thought.

Having convinced themselves of the extra fine quality of Red Rose Orange Pekoe Tea, they started on their trips full of enthusiasm.

Their satisfaction, however, has been much greater on their later trips, because of the splendid renewal orders which are following their first sales.

Like good merchants, our salesmen enjoy selling the very finest tea—Red Rose Orange Pekoe.

Try the tea which has met with so much success.

Dr. Smith was elected in the autumn of 1916 as Liberal candidate in the following February. Dugal of Edmundston has severed his connection with the government and retired from politics. He has been a member of the Foster government without portfolio since the formation of the Foster government. He was elected M. P. for Madawaska at the general election in June, 1912. It was he who, in 1918, formally made charges against J. K. Fleming which resulted in his resignation of the premiership and his seat in the legislature.

Leo Morrell charged with the theft of a horse, harness and wagon from Camp Bros. of Fredericton and also with obtaining money under false pretenses appeared before Chief Justice Chandler at the sitting of the King's Bench Division in Woodstock on Tuesday and pleaded guilty to all charges. He was sentenced to one year each for stealing the horse, harness and wagon and to three years for obtaining money under false pretenses when he sold the outfit, but the latter sentence was allowed to stand. THE CASE OF THE KING AGAINST ALBERT ROBINSON OF ST. ANDREWS

The case of the King against Albert Robinson of St. Andrews was given to the grand jury yesterday afternoon. The charge against Robinson developed out of the trial of Louisa Matthews, charged with the murder of her infant child. She was acquitted of this charge, and the charge against Robinson grew out of evidence adduced at her trial. Preliminary examination was waived, and the grand jury brought in a true bill after considering about two hours. Attorney-General J. P. Byrne is prosecuting for the crown and A. R. Slipp of Fredericton is defending. The court adjourned until Tuesday, Oct. 28.

sent with an address and a purse of gold by his parishioners in St. Stephen last evening. The address was read by Mrs. Charles Casey. Father Moore was completely surprised, but replied it touching and grateful terms. The owners of the steamship Lyda have been fined \$10,000 for shipping coal from Canada to Europe via the United States. The ship was loaded at Port Hastings, N. S. with 4,500 tons of Inverness coal consigned to the United States. It was later discovered that the coal had been taken to Rotterdam. Suspicion had been aroused previously that the coal was intended for the other side, so the owners went to Ottawa and deposited \$10,000 cash to be returned to them if the coal was sold or delivered to a Canadian port or discharged in the United States.

Good Advice to a Dyspeptic

Give the Stomach Help to Digest Food and to Offset the Tendency to Acidity. Use Stuart's Dyspepsia Tablets.

The wholesome advice to starve your stomach health is being given by Stuart's Dyspepsia Tablets. Only the most robust judgment.

Stomach can stand such a strain. If you cannot eat, if what you eat sours, if your indigestions follow certain foods that cause heartburn, sour stomach, or gasiness try Stuart's Dyspepsia Tablets. And if there is a feeling as if your stomach had turned into concrete these tablets help digest the food and thus bring relief. Many physicians write "Stuart's Dyspepsia Tablets as directed" on a prescription blank when patients are distressed with frequent attacks of indigestion.

They furnish the alkaline effect to offset acidity of the stomach and also purperatin to aid intestinal digestion on starchy foods.

Get a 60 cent box at any drug store, eat what you enjoy, take a tablet or two after meals and thus avoid the distress due to indigestion or dyspepsia.

DAILY 'MOVIE' AT WHITE HOUSE MAKES PRESIDENT ARDENT 'FAN.'
Washington, Oct. 21.—President Wilson has become an ardent "movie" fan, according to the operator, who has been showing motion pictures to the president since last Christmas. When the president began to improve Mrs. Wilson suggested having pictures in the White House, and every week day since that time the best photoplays have been shown there by courtesy of the producers.

Before his illness President Wilson was a regular attendant at the theatre. He preferred vaudeville, and occupied a seat in the gallery of the chief house of that kind once a week, besides frequently seeing plays at other theatres.

The president is reported to prefer men screen actors, and delights in scenes laid in the west, filled with adventure and athletic feats.

TO RELIEVE CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this form, send it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parment (Double Strength). Take this home and add to it 1-4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parment is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.

METHYLATED SPIRITS (Denatured Alcohol)

CANADIAN INDUSTRIAL ALCOHOL COMPANY, LIMITED

DURING the last session of parliament, the Inland Revenue Act was amended so that the sale of Methylated Spirits (denatured alcohol) is no longer controlled and carried on by the Department of Inland Revenue.

Our Distillery at Corbyville, Ontario,—the largest Industrial Alcohol plant in the British Empire—is fully equipped and thoroughly organized to serve manufacturers who use Methylated Spirits or Denatured Alcohol.

We will be pleased to place at your disposal the advice of our chemists in regard to the use of specially denatured alcohol. One of these formulas may prove more suitable in your business than that which you are now using.

We also manufacture Ethyl Alcohol, Cologne Spirits, Fusel Oil and Non-Potable Alcohol.

All orders received by us will be given the prompt and careful attention that only an organization such as ours can give.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, OCTOBER 21, 1920

HOT SHOT FIRED BY GOVERNOR COX

Scores Senators Lodge and Harding in New England Campaign Speeches.

Boston, Oct. 20.—A scathing attack upon Senator Lodge of Massachusetts and criticism of Senator Harding, presidential nominee, were made yesterday by Governor Cox, Democratic candidate for president. "The arch conspirator of the age" was the epithet addressed to Senator Lodge because of his fight against the League of Nations. In Massachusetts he urged that Mr. Lodge be retired to private life. In New Hampshire he gave the same advice in connection with Senator Moses.

Senator Harding was heaped with ridicule in each address of the day in connection with his statement that the French had made overtures to him for a new association of nations. At a meeting at Harvard Union, Dr. Charles W. Elliot, president emeritus of the university, presided, and defended the league vigorously. He declared that a statement recently signed by thirty-one distinguished Republicans and friends of the league in favor of Harding misrepresented both the democratic platform and its candidates. How the thirty-one could have signed the statement was a mystery to him.

The Irish question was emphasized by Governor Cox. Hecticing his friends for the Irish cause and arguments that Ireland would be aided by the league, the governor scored Senator Harding's position, asserting that the latter had opposed self-determination for Ireland and all other peoples on every occasion.

MONEY IN STATES FOR AUSTRALIA AND NEW ZEALAND?
Sydney, N. S. W., Oct. 20.—Questioned regarding a private report that Australia could obtain a loan of fifty million pounds in the United States if floated promptly, Premier Hughes said today that he was not aware of any project for the raising of a loan in that country. According to the same report New Zealand could probably get a loan of twenty million pounds.

MESSENGER SLAIN; BURIED IN WOODS

Body of Camden, N. J., Bank Runner Who Disappeared with \$22,500, Found.

Mount Holly, N. J., Oct. 20.—David S. Paul, the sixty-year-old Camden Bank runner, who disappeared Oct. 5, with a satchel containing \$10,000 in cash and \$12,500 in checks, was found murdered in the Jersey Pine Belt, twenty miles east of here. Paul, who had been sought as an absconder or the victim of a mental lesion, was killed by highwaymen, the police now believe, and his body carried to the pines and buried.

The finding of the body is the first step toward clearing up a strange mystery. Thousands of persons in Burlington and Camden Counties knew the victim, both as a bank messenger and as a prominent member of the Broadway Methodist Episcopal Church, Camden. The body was found at Irick's Crossway, between Tabernacle and Chatsworth in Burlington County. James Cutts was going through the woods when he stumbled across a freshly made mound of earth. Wondering what it might contain, he dug down a little way and under only two feet of earth uncovered a man's foot.

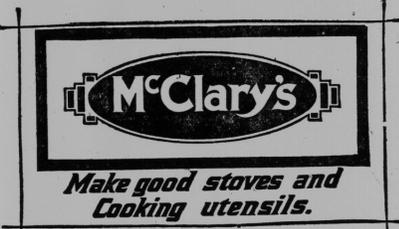

Cutts got in touch with Sheriff Haines and County Detective Parker at Mount Holly. They hurried to Irick's Crossway and with Cutts exhumed the body. It was that of the bank runner. There was not a penny of the \$22,500 on him which he had in his possession when he left the Broadway Trust Company for Philadelphia. County officials have satisfied themselves that the man was a murder victim. They could not determine immediately how the crime had been committed. After Paul left the Broadway Trust Company, on Oct. 5, he was seen getting into an automobile. When he failed to return from his errand, there was a belief that he had been picked up as a part of a plan to rob and murder him. The condition of the body did not indicate how long it had been buried, but officials think the whole crime was committed on the day

IMPORTANT POST FOR DALHOUSIAN

(Halifax Chronicle.) Many friends in Nova Scotia will be interested in the formal invitation issued by the directors of the McCormick Theological Seminary, Chicago, for the inauguration of Rev. John Alexander MacIntosh, D. D., as professor of the Philosophy of Religion and Ethics, which will take place on October 28th. Dr. MacIntosh is a native of Halifax and is a distinguished graduate of Dalhousie University. He was a member of the Arts class of 1892 and during his university course enjoyed rare popularity both as a student and as a student-wearer of the yellow and black of the football field. Dr. MacIntosh has made his home in the United States, he has held several ministerial charges in New York state and other parts of the United States, and his appointment to a professional chair in one of the most important theological institutions in the United States testifies to the high place he has won as a thinker and scholar. Dr. MacIntosh is a son of the late Mr. MacIntosh of the well known old firm

of MacIntosh & Leyden. Mrs. J. C. Jones and Mrs. John McFetridge of Halifax are sisters. Mrs. MacIntosh, who was Miss Sara Archibald of Sherbrooke, N. S., was also a member of the Arts class of 1892, and one of the most brilliant lady graduates of Dalhousie. Their old Dalhousie and other friends in Nova Scotia will be glad to learn of the distinction Dr. MacIntosh is achieving.

PLAYERS MUST SECURE CARDS

PLAYERS MUST SECURE CARDS

Ontario Branch of A. A. U. of C. Assists in Promoting School Athletics.

(Toronto Globe.)

Beginning with first of the year 1921 all players competing in amateur sport of any kind must hold an amateur card. This is the decision arrived at by the delegates at the eleventh annual meeting of the Ontario Branch of the A. A. U. of C.

Many of the large organizations, such as the O. H. A., O. B. A., O. A. L., A. G. R. F. U., O. A. B. A. and others, have already placed this matter before their executives, and at the commencement of their playing season will demand that before issuing a certificate to any player he must first secure his amateur card. This will place the matter of deciding the amateur status of any player with the union, and will also provide a central system of registration of all competitors in amateur sport of any kind.

The question of issuing amateur cards to hockey players who competed with and against the professionals who were whitewashed by the Alberta Branch of the Union last winter will be referred to the Canadian Amateur Hockey Association, and also debated at the annual meeting of the Amateur Athletic Union of Canada, which it is expected will be held in Winnipeg early in December. Three Rounds Only.

In connection with an application received to hold six-round amateur boxing bouts it was pointed out that the constitution only provided for three rounds, with an extra round in cases of no decision by the judges.

A motion was carried that a committee composed of a representative from each branch of sport be appointed to organize and assist in the promotion of athletics in colleges and schools in the outlying communities throughout the Province. This committee will be appointed by the President and will meet together shortly in order to plan activities for the coming season. It was pointed out that the future champion athletes must of necessity be found at the present time as youngsters attending these colleges and schools.

A meeting of the representatives of all industrial associations which have been recently accepted into membership will be held in the near future, with a view of obtaining more co-operation between such associations and the Union, so that there may be no misuse made of the advantage which industrial organizations have by the offering of positions to men to restore the mare to her former state.

Mr. Louis Rubenstein of the Quebec Branch of the A. A. U. of C. and President of the Canadian Skating Association, addressed the meeting, and requested that the Ontario Branch take order to keep their secret to see that the province, so far as the issuing of cards and sanctions are concerned. This request was referred to the incoming executive.

Ruth's Walks Set Record

Chalk up another record to the credit of Babe Ruth. According to statistics compiled by Ernest J. Langgan, who delves deeply into the dope each year for performances not covered in the usual list of records, Ruth drew a grand total of 120 passes during the 1920 campaign, or 32 more than any other American League player ever drew in a single season. Ruth was hit three times during the year, making a total of 123 trips to first base without hitting. The great number of complimentary unobtainable prevented Babe from setting up an American League record for runs batted in. He sent 186 over the plate during the

PAINTED THE HORSE AND WON THE RACES

PAINTED THE HORSE AND WON THE RACES

London, Oct. 20.—The Central Criminal Court here has engaged in the investigation of five charges of racing rackets and fraud involving sales of racing tickets the like of which it would have taxed the brain of the most imaginative of sporting novelists to conceive.

All the charges rested more or less upon the substitution of one horse for another either in running or in market deals, but one was invested with ingenuity and daring of a very special kind.

It is necessary to the painting of a well-known horse to represent one which had no existence except as described on an entry form for a certain race. The conspirators were resourceful enough to do it, although it meant the transmutation of a good bay mare with several distinctive marks to fill the description of a brown crook supposed to have been bought out of the army for nineteen guineas. Thus faked the mare ran, and, of course, won, bringing to those interested in her to the extent of several thousands of pounds.

In the meantime, however, another small difficulty had been got over—namely, the buying in of the mare at a considerable price—it was selling a race she won—for, of course, her connections had in order to keep their secret to see that she did not pass into other hands. With the ownership of the animal unchanged, there appeared to be every likelihood of the fraud passing undiscovered. So it did for some time. Indeed it might have remained buried but for the indifference of one of the parties to it in another matter, and the fact that so many people were necessarily in the secret as to render a disclosure almost inevitable once suspicion was aroused.

When laid on the trail the detectives quickly exposed a series of nefarious transactions which had been inspired by a man against whom there were already convictions for fraud. This person, who was passing under the description of a gentleman rider, was now sent to prison for three years.

PREMIER FOSTER ON CONTROL OF LIQUOR HERE

Appointment of Commission Under Consideration—It Would Have Nothing to Do With Enforcement of Law.

Discussing the proposal for the appointment of a commission which would assume entire responsibility for the wholesale dispensing of liquors in this province, Premier Foster said this morning that the matter was receiving consideration, but that no definite decisions had been reached as yet.

If the commission is appointed it will take over the duties now performed by the licensed wholesale vendors and no more wholesale licenses will be issued. The purpose for which such a commission would be appointed would be to safeguard the purity of the liquors required for medicinal purposes, to maintain a reasonable standard of prices, and to make easier the enforcement of the prohibitory regulations.

With respect to a statement appearing in a morning paper to the effect that the whole administration of the prohibitory act would come under the orders of the new commission, Premier Foster said that this was entirely in error, as the commission would have nothing to do with the enforcement of the act.

CONFERENCE ON THE SALES TAX

Ottawa Official Meets St. John Merchants.

Phases of the Matter Gone Into and Groups Arranged Fewer Than 5 Per Cent. of Canada's Merchants Declared Doubtful.

George W. Taylor of Ottawa, assistant deputy minister of inland revenue, held an informal conference this morning in the board of trade rooms with merchants of the city to the number of about fifty. R. B. Emerson, president of the Board of Trade was in the chair, and among others present were John J. McDonald, inspector of inland revenue, C. B. Lockhart, collector of customs, and C. F. Tilley, chief customs clerk.

Mr. Taylor dealt with problems arising out of the imposition of the sales tax. He said it had caused much concern and many unlooked-for difficulties had arisen but the difficulties had been met and dealt with as they arose. It was believed that success would crown the efforts of the department. The merchants had co-operated admirably and had seemed most willing to do all in their power to observe the law. Their attitude was very gratifying to the department. They took the stand that it was the law of the land that this sales tax. Mr. Taylor asked those present to ask him any questions of a general nature concerning the act and its operation.

In response to F. S. Thomas he said that the sales tax was a 2 per cent tax on goods sold by the manufacturer or jobber to the retailer or consumer. Difficulty often arose in determining the status of a dealer, but it must be remembered that the same firm could be licensed both as retailers and jobbers. The wholesaler or jobber must take out a license which would determine his status. Mr. Taylor said that in his opinion there would probably be some amendments to the act at the next session of parliament.

Fewer than 5 per cent of the merchants of Canada were men about whose integrity there was any doubt, and it was these 5 per cent that it was the aim of the department to watch closely. Mr. Taylor said he had had inquiries from Halifax to Vancouver concerning the law and all seemed willing to take their share of the burden.

The price at which a man sold his goods was not a matter for the department, though special discounts must be watched. In the case of f.o.b. shipments the department took the stand that the price quoted f.o.b. was the basic price for taxation, as was also the standard market price of the factory. Spending of the time at which the sales tax would be collected, Mr. Taylor said that the tax would be collectible on the sale and delivery of goods. This was in answer to a question put by F. A. Dykeman on behalf of the Retail Merchants' Association, regarding the effect of the act on goods sold and delivered prior to May 19.

Mr. Taylor said that if goods were sold and delivered prior to May 19 and paid in full, the tax was not collectible. If, however, the goods had been sold and delivered and partially paid for, the tax would be collectible on the unpaid balance. If the goods had not been delivered the tax was collectible. The tax was not refundable if it had been overpaid.

When goods were bought and paid for, the purchase money including the tax, and then returned or exchanged for goods of equal, less or greater value, the vendor might fight a claim for refund with invoice attached, at the end of the quarter, and the money would be returned by the department.

Questions were put by Mr. Hunt, F. A. Dykeman, F. S. Thomas, H. G. Marr and others. Mr. Taylor suggested "round the table talks" as the best means of solving concrete cases which confronted the various merchants and suggested that they form themselves into groups representing the same interests and meet with him. The following schedule was then arranged: This morning 11 o'clock, hardware and crockery dealers; 1 o'clock, 3:30, dry goods dealers; 4 o'clock, men's furnishings; 5:30, furriers and hatters; 6 o'clock dental interests; 9:30 tomorrow morning woodworkers.

Mr. Taylor expects to leave tomorrow night for Halifax.

POLICE COURT

"Is that his liver or his heart?" was the question asked by Arthur T. Merritt when he was brought to the police station and shown a shirt and sweater saturated with blood, which was worn by Charles Thompson, whom Merritt is alleged to have severely cut with a knife in a yard off North street early last Saturday morning, according to the evidence adduced by Detective Saunders in the police court this morning. It was said that Thompson's lung was punctured with the knife. Detective Saunders on the stand said the accused was under the influence of liquor when arrested.

Mrs. Minnie Cook who has been detained at police headquarters since last Saturday as a witness was allowed to go to her home this morning without giving evidence. The case was further postponed until the complainant is able to leave the hospital.

Mrs. Maud Holburn, 76 St. Patrick street, was charged with assaulting Victoria Carr, 80 St. Patrick street, who is too ill to attend court, according to her mother, Mrs. Emily, who gave evidence this morning.

The accused denied striking the girl, but said she grabbed her as she was about to slap her little boy's face and had thrown stones at him. The accused said she did not throw any stones. Mrs. Margaret Forham, also of St. Patrick street, corroborated Mrs. Holburn's evidence. The accused's little boy, Jack Holburn, aged seven, went on the stand and in a bright manner corroborated the evidence of his mother. At the request of Scott E. Morrell, counsel for the prosecution, the case was postponed for one week.

One man, before the court on a charge of drunkenness, when questioned by the magistrate as to where he got his liquor, replied: "I do not feel like talking to you this morning, your honor." To which the magistrate said: "No! And you do not look like it, either. You have a 'kemon' eye. He was reminded as he was not in a condition to be placed in the chair."
