### Prepared For Trouble at Winnipeg

Government Determined That the "Red Flag" Shall Not Take the Place of the Union Jack at the Strike-ridden City.

### PROHIBITION BILL TO SECOND READING

As on the Occasion of Its First Reading the Bill Was Only Subjected to a Half-hearted Criticism.

### Special to The Standard.

Ottawa, May 21.—The "red flag" will not be permitted to take the place of the Union Jack in Winnipeg. Speaking in the Senate today Sir James Loughery, government leader, made it plain that attempts at Bolshevism or revolution would be firmly put down, and that the government has now in Winnipeg all necessary force to achieve such an end. His exact words, uttered quietly but determinedly, were as follows:

"There is no change in the situation in Winnipeg. No overt act has been committed, there has been no disturbances or rioting of any kind. The government, however, is impressed with the gravity of the situation, and has taken all necessary steps to maintain law and order. It has within the city a number of troops, sufficient, I venture to say, to suppress any rioting or disturbance. The 9th Regiment, the 70th Regiment, the 10th Regiment, the Fort Garry Horse and 13th Battery, all these units, up to strength are in the city, and in addition, these are ample reserves made up of civil units. In addition there are a number of Northwest Mounted Police in Winnipeg, including a squad just returned from overseas, and is at the present detained in Winnipeg pending the development of any disturbance. Under the circumstances, which I have mentioned, the government should be able to maintain law and order in that city."

In the Commons the day was spent with the government's prohibition bill, the measure getting a second reading and progressing through committee. As on the occasion of its first reading the bill was subjected only to a half-hearted criticism. Members opposed to it while willing to wound were afraid to strike, and after Mr. Nowell had made a strong defence of the measure, antagonism waned to practically nothing.

### KILBANE AND FOX MATCHED TO GO SIX ROUNDS

Since His Arrival in America the Englishman Has Defeated Several Well Known Boxers.

Philadelphia, May 21.—Johnny Kilbane, world's featherweight champion, and Joey Fox, English featherweight titleholder, were matched here, today, for a six-round bout to be held at the Philadelphia National League baseball park on June 16. It is believed that since his arrival in this country about three months ago Fox has defeated several well-known featherweights.

### ROYAL INDUSTRIAL INVESTIGATORS HOLD SESSION AT HAMILTON

Employers and Employees Heard—Much Unrest in That District and Strike Votes Are Now Pending—Men Insistent Upon an Eight Hour Day and Better Housing Conditions—Federal Legislation for Eight Hour Day Suggested.

Hamilton, May 21.—Richard Riley, business agent of the Machinists' Organization for Hamilton and Niagara district, was the first to give evidence when the Royal Industrial Commission commenced sessions here this morning. He said there was much unrest in the district, and strike votes are pending in many unions. The majority of machinists are working nine hours, although some put in nine and a half hours. Most of the firms in which an eight hour day was in progress had been requested refused to confer with the unions, and this was

### "HOLD OUT AT ALL COSTS," SAYS LEON TROTSKY

Urges Bela Kun to Keep on Presenting a Fair Face to the Allies Fooling Them Until Rumania Falls.

### TYPHUS IS RAGING AMONG BOLSHEVISTS

Among 20,000 Austro-Hungarian Prisoners Returning from Russia a Tenth Are Dead from Typhus.

Vienna, May 21.—"Hold out at all costs," is the wireless word sent to Bela Kun, the Hungarian Communist leader, by Leon Trotsky, the Russian Bolshevik minister of war, in a new code arranged by airplane a week ago, so that the Allies might not intercept messages. "Keep on presenting a fair face to the Allies, thus fooling them until we are in possession of Rumania."

Nikolai Lenin, Russian Bolshevik premier, is also sending words of hope to Bela Kun. The Hungarian red arms has orders, it is affirmed here, to burn Budapest and slay all hostages, and then scatter to the four winds, in case the attacks of the Bolshevik army in east Rumania fail, and if also the Serbo-Czechoslovak advance succeeds.

General Franchet d'Esperey, who is in command of the Allied forces in Macedonia, and whose headquarters were transferred to Constantinople has arrived at Arad from Constantinople for the purpose of directing a new attack on Budapest.

Typhus is raging among the Bolshevik troops operating against east Rumania, and also among the troops and people of Ukraine, and in East Galicia and Lemberg. E. A. Frick, Swiss agent of the International Red Cross, and a nephew of H. C. Frick, of New York, has arrived in Vienna suffering from typhus. He spent March and April in Galicia and Ukraine. Among 20,000 Austro-Hungarian prisoners returning home from Russia, and halted by the Czechs, one-tenth are dying from typhus. So many have died in box cars that their comrades merely threw the bodies out, leaving them unburied along the tracks.

### CASHIN INVITED TO FORM CABINET IN NEWFOUNDLAND

St. John's, Nfld., May 21.—It is understood that former Finance Minister Cashin, who resigned yesterday, hereby forcing a crisis which led to the resignation of the loyal Lloyd cabinet, was invited by the Governor, today, to form a new ministry, and that the former is now considering the matter.

The cause of the cabinet crisis was differences between elements composing the ministry. One section, known as the "fishermen's union," and led by Lloyd, was regarded by the other as trying to usurp control of the majority seats at the next election, and thereby dominate the legislature. The other, led by Cashin, desires representation on the basis of the relative strength of the parties when the present parliament was elected six years ago.

### GERMAN CABINET REFUSE TO SANCTION SIGNING THE PEACE TERMS AS PRESENTED

Claim to Have Ceased Military Operations on President Wilson's Fourteen Points Which Were Promised as Basis for Peace Terms—Misquote, in Their Arguments, Some of Wilson's Speeches—Washington Comment on "What Might Follow."

Berlin, May 21.—"Germany declines to sign the peace terms laid before her because they spell economic destruction, political dishonor and moral degradation of the entire German nation, not only for the present, but also for still unborn generations," was a statement authorized by the cabinet on Monday through the Associated Press.

"That these consequences must logically follow acceptance of the peace conditions the American press itself has recognized without question," the statement continues: "Toward them Germany took the standpoint that acceptance of such conditions could not be demanded, and that the Entente was unjustified in imposing such demands."

"Germany has not only a moral right to complain with the general public, but also a legal right, clearly defined, according to the basic rules of international law, on all the Entente Powers and especially on the United States. A specific recognition of the right of Germany and of the German people to a peace of right, justice and reconciliation, instead of the partitioned and humiliated peace, which was agreed at Versailles, is contained in

the note of the American secretary of state Lansing, of November 5, 1918. "In the secretary of state notified the Swiss minister at Washington unconditionally that the established basis of President Wilson's fourteen points should be authoritative for the peace conditions. Secretary Lansing announced further that the Entente governments, after careful consideration, were also prepared to recognize the conditions set up by President Wilson as the basis for the conclusion of peace."

"The declaration of rights amounting from these specific declarations of all the Entente Powers and the United States constitutes Germany's sole asset in the general moral breakdown of all international politics which has found unsurpassable expression in the Versailles terms."

"Germany answers them with its clearly juristic right in international law. Toward the politico-moral bankruptcy of Versailles the German nation stands a creditor with undeniable rights, and it is not in a position to yield on this chief point. Germany concluded peace on the basis of President Wilson's fourteen points, which all America had made its own, and all America, every individual, is responsible for the failure of the peace. It is not the German people's business to indicate how their right shall be realized by the fourteen points, or to expect the peace of Versailles, which was agreed at Versailles, is contained in

the note of the American secretary of state Lansing, of November 5, 1918. "In the secretary of state notified the Swiss minister at Washington unconditionally that the established basis of President Wilson's fourteen points should be authoritative for the peace conditions. Secretary Lansing announced further that the Entente governments, after careful consideration, were also prepared to recognize the conditions set up by President Wilson as the basis for the conclusion of peace."

### Prohibition Bill Called Forth Warm Discussions In The Commons Wednesday

Ottawa, May 21.—The Commons spent today deliberating on the merits of the government bill validating, with modifications, the Orders-in-Council passed under the War Measures Act relating to prohibition in Canada.

The discussion took place in committee and was, for the most part, based upon an amendment moved by Mr. Hume Cronyn, which would have permitted the manufacture in Ontario of beer of a greater alcoholic content than that permitted elsewhere in the province, and which would have permitted the manufacture in Ontario of beer of a greater alcoholic content than that permitted elsewhere in the province, and which would have permitted the manufacture in Ontario of beer of a greater alcoholic content than that permitted elsewhere in the province.

Consideration of this amendment was productive of a general expression of opinion as to the merits of the government legislation, the great majority of the speakers being Unionist members. An exception was Mr. W. D. Euler, of North Waterloo,

### FIRE IN MOBILE RENDERS 1,500 PEOPLE HOMELESS

Ten Square Blocks of City's Residential Section, Near River Front, Wiped Out.

Mobile, Ala., May 21.—Ten square blocks of Mobile's residential section, lying near the river front, were swept today by fire which caused \$250,000 property damage, left 1,500 people homeless, and destroyed 249 buildings.

The flames were checked before reaching docks and shipbuilding plants which lay in the path. A citizen relief organization, hastily formed, is now caring for those left homeless. The fire which started in a trash pile, back of a retail store, was spread by strong winds over a wide territory, and fanned out of control for several hours during which the business and industrial districts of the entire city were threatened. The area devastated was one of the older residential sections, and few of the buildings destroyed were of modern construction. The fire was finally stopped at the western boundary of the Alabama Drydock and Shipbuilding Corporation's property.

London, May 21. (By Can. Assn. Press Cable)—The result of the new Market strikes run today was as follows: Dominion—3-1. Old Bill 33-2. Lord Basil—4-1.

those who constructed the fourteen points and brought them to acceptance, thereby inducing Germany to lay down her weapons. We do not believe that President Wilson, Secretary Lansing and the American people can take other than this German standpoint if they do not wish to do that which President Wilson in his message of December 4, 1917, condemned categorically when he said: "We would dishonor our own cause if we treated Germany other than justly and in a non-partisan manner and did not insist upon justice to wards all, no matter how the war ended. We demand nothing which we are not ready ourselves to admit."

"And the German people demand nothing more than that which President Wilson announced in his declaration. We demand nothing more than that Americans place the fourteen points opposite the peace terms. We do not believe that anyone in the United States will then have the courage to claim that there can be found in the peace conditions one single trace left of President Wilson's programme."

"And here begins America's definite duty to step in. America either must put its fourteen points through or it must declare that it is unable to do so, or that it does not want to do so, or that in case the world may be led to believe that America adheres to the peace conditions contained in President Wilson's fourteen points."

"That is our demand, to which we cling and we cannot imagine what argument from the American side would be effective against it."

In President Wilson's Congress address on December 4, 1917, there is no passage in textual agreement with the quotation in the cabinet statement. In that message the President said: "The wrongs, the deep wrongs, committed in this war will have to be (Continued on Page Two)

### WONNIEP HEARS OF REPORTS ON THE OUTSIDE

Passengers Arriving There from the East Tell the People of the Soviet Gov't, Etc.—Mayor Satisfied.

St. Paul, Minn., May 21.—(Special from J. P. E. Livers, Canadian Press Correspondent)—Passengers arriving in Winnipeg today from eastern Canada points first made the people of Winnipeg acquainted with reports there circulated to the effect that a Soviet government was in control of the city, that the "red flag" flew on the City Hall, that banks had closed their doors, and so on.

### LEONARD GIVES SLEEP WALLOP TO GEO. ERNE

Erne Went Down for the Count in the Sixth Round.

Tronton, N. J., May 21.—Bency Leonard, champion lightweight of the world, knocked out George (Young) Erne, of Buffalo, in the sixth round here tonight. Erne put up a game fight for three rounds and staggered the champion in the fourth. The titleholder became mad and gave Erne an unmerciful thrashing, the bell saving him in the fifth. After forty-five seconds he sent him to the canvas in the sixth, badly bleeding about the face and body.

Erne must be settled by themselves. As long as the city maintains law and order and sufficient food supplies, it is doing all that it is called upon to do, but if we can at any time act as mediators between the opposing parties we are here to do so. The objectionable cards on the bread or milk wages and the statement "by commission of the strike committee," have been taken down and will not be allowed up again. Give this message to the people of Canada as coming from the mayor of Winnipeg, as regards to Bolshevik or red element, the British flag is flying from the top of the City Hall and has been from the beginning and will stay there."

Mayor Gray added that the returned soldiers were acting as they had at the front—magnificently.

### GERMANS GET SEVEN DAYS' EXTENSION

This Period of Grace Granted That Plenipotentiaries May Have More Time to Study Treaty and Formulate Replies.

### GERMANS MADE PLEA FOR EXTENSION

Thursday, May 29th, is the Date Now Determined Upon When the Plenipotentiaries Must Give Final Answer.

### New York, May 21.—The Associated Press tonight issues the following:

A period of seven days' grace has been extended to Germany by the plenipotentiaries of the Entente and associated governments in which the German plenipotentiaries may conclude their study of the peace treaty and formulate such replies to the various clauses as they desire.

The extension of time, which originally was to have expired at noon Thursday, was granted at the request of the Germans, who advanced the plea that more time was required in order that they might formulate arguments of such importance and length that were the original date adhered to, it would be impossible to complete them. Thus, the time has been (or Thursday, May 29th.

Efforts made in Germany to ascertain even the gist of the contents of the proposed propositions of Germany have been without reward. Report has it, however, that lengthy negotiations with Alsace-Lorraine, the East German frontier, the territory occupied by the Allied forces, and the amount of its indemnity and the method of its payment are to be dealt with.

Almost simultaneously with the request by the peace plenipotentiaries for more time comes from Berlin a statement of the German cabinet that Germany is unwilling to sign the peace treaty. The document is a reiteration, although in stronger words, of the views of the foremost statesman in Germany that the sealing of the compact would spell the ruin of the former empire.

The old ground that signing the document, as it stands, would involve the economic destruction, political dishonor and moral degradation of the country is adhered to.

### ITALIANS CAUSE DELAY IN THE AUSTRIAN TREATY

Paris, May 21.—(Havas)—The Temps anticipates that the revision of the Austrian plenipotentiaries at St. Germain, will be delayed for a few days. This will be due, the newspaper says, to the fact that the Italian government appears not disposed to sanction the new Austrian Jugo-Slovak frontier so long as the question of the frontier between Italy and Jugo-Slavia remains undetermined.

### BRITISH AVIATOR ASKS FOR NEW NAVIGATOR FOR PROPOSED FLIGHT

Physicians Pronounce Morgan Unfit for Trans-Atlantic Air Trip Because of Injuries Received Sunday—Starts Rebuilding Another Craft to Take Place of Damaged Machine.

St. John's, Nfld., May 21.—Captain Frederick P. Raynham, the British aviator, whose Martinsyde plane was wrecked when he tried to take off in the wake of Harry Hawker, today cabled the builders of his machine in England asking that another trans-Atlantic navigator be appointed to replace Captain Charles W. F. Morgan, declared by physicians to be out of the trans-Atlantic race because of injuries received in the accident with Raynham.

The British aviator also cabled that repairs on the broken Martinsyde, already underway, involved the virtual building of another craft from the spare parts here without plans or specifications, in a country lacking mater-

### Strike Com. Meets With Opposition

Efforts of the Central Committee to Maintain Control of Utilities in Winnipeg Get Rude Setback.

### CITIZENS BEGIN TO TAKE INTEREST

Union Men at City Water Works Declined to Furnish Full Pressure, Places Filled by Force from Manitoba Engineers.

### Winnipeg, May 21.—Efforts of the central strike committee to maintain control of local public utilities and industries throughout the city met with the sharpest opposition today that has been shown since the general strike was declared last Tuesday. When union men at the city water works today declined to furnish full pressure, as the council had ordered, they left the building and their places were filled by a force supplied by the Manitoba Society of Civil Engineers. Leaders of the central strike committee were in conference until this afternoon and no announcement was authorized.

The central strike committee announced today that there has been a disagreement between Mayor Charles Gray and the union for disregarding the mayor's order demanding that placards, carrying the statement that certain business activities are "permitted by order of the central strike committee," shall be immediately discontinued.

The Western Labor News, official strike publication, made this announcement regarding the mayor's action: "The matter was fully discussed and there was an evident unwillingness on the part of the committee to accede to this request. But the whole matter was again referred to a committee for thorough discussion."

The Winnipeg Great War Veterans Association announced today that the association has decided to remain strictly neutral during the strike. The announcement also stated that President James Winning, of the Winnipeg Trades and Labor Council, told the association that there was a possibility of a strike settlement within a few days.

The central strike committee today agreed to the demand of the city council that "union permission" placards be discontinued. Deliveries of coal were being made this afternoon.

### SANE OR INSANE WINS JUDGMENT

New York, May 21.—John Armstrong Chaloner, Merry Mills, Va., millionaire, who escaped from an insane asylum here twenty-two years ago, was awarded \$30,000 verdict today against the New York Evening Post in his \$100,000 suit for alleged libel. The defendant at once moved to have the verdict set aside on the ground of excessive damages, and Judge Hand took the motion under advisement.

Chaloner's suit was based on an Evening Post article reporting the killing of John Gillard at Merry Mills, Va., ten years ago. Although insane, according to a judgment of the New York Supreme Court, Chaloner was permitted to prosecute his suit in the Federal Court when he produced judgments of a Virginia court declaring him sane.

WARNING AGAINST BOLSHEVISM

Canadian Officer's Outspoken Words Worthy of Consideration.

Canadian Officer's Outspoken Words. In a farewell to the 6th Battalion of the Devonshire Regiment, which he has commanded in Mesopotamia for nearly two years, Col. C. L. Flick, C. M. G. (of Nicola, B. C.), said he would like to give them a few words of advice. "You all know," he said, "that I am a Canadian, and that, in common with other Canadians, I have had a very hard time of it in the last few years before success was assured me. I want you to bear this in mind, when I have said what I have in my mind," he continued.

When you return to England you will find that national habits, customs and thoughts have undergone great changes—the England of 1914 has disappeared—its place taken by a more outspoken more courageous England—an England in which you will be hard to find, and when found must be won in competition with women.

You have heard of Bolshevism in Russia and Germany, and that an attempt has been made by the Germans in England to give Bolshevism a foothold in England. I am about to explain to you that Bolshevism is but another name for anarchy, or worse—it means battle, murder and sudden death in the streets and courts, lanes of Old England—of Devon perhaps.

On your arrival in England you will probably be met by one best described as a glad-hand soldier—he has very likely fought well in France or elsewhere—who has a personal or political axe to grind. Don't worry about him, for his advice will never buy you a pair of pants. He is merely a messenger of Bolshevism. You will find soldiers' associations either formed or forming, and if they are for the good of the common weal join them, but have nothing to do with firebrand methods of reform—they are but the Advanced Guard of Bolshevism.

Germany, as carried out in Germany and Russia, means rule by the lowest classes in the human scale. This is the name of Democracy. Democracy means the elimination of capital hand-owners, and all men who hire others to work for them. Real Democracy as applied to France, England, America, Australia, Canada and New Zealand means the government of the People by the People for ALL the People—born King George down to the last-born English baby.

Concentrated industrial strikes merely mean that agitators will try to coerce you to their view by cutting off the water supply from large cities, stopping coal mines working, causing strikes to cease from running—in short, stopping every national industry that they can. Supposing this to come about in England, what suffers? Why, the women and the children, the aged and feeble, your fathers, mothers, sisters and sweethearts. The result and the sorrow is the same to you if your loved ones die. It does not matter how that death is brought about—whether by machine guns or bayonets or starvation or cold.

Bolshevism is trying to bring these horrors about in the land you have been fighting for since 1914. Set your faces resolutely against all disturbances, from whatever cause. You have fought for and won freedom for yourselves and the whole world beside. Don't throw it away in a moment of temper or excitement. Make the New England free for everybody but the Hun. Free for the rich, free for the poor, free for the artisan and the mechanic, free for the landowner and the peasant.

German Cabinet Refuses To Sanction Signing the Peace Terms as Presented. (Continued from Page One) fought. That, of course, but they cannot and must not be righted by the commission of similar wrongs against Germany and her allies. The world will not permit commission of similar wrongs as a means of reparation and settlement.

In his Baltimore speech of April 6th, 1918, the President used language of which the German cabinet statement appears to be a paraphrase. On that occasion he said: "We have ourselves proposed no injustice, no aggression. We are ready, whenever the final reckoning is made, to be just to the German people, deal fairly with the German power as with all others. There can be no difference between peoples in the final judgment. It is, indeed, to be a righteous judgment. To propose anything but justice, even-handed and dispassionate justice, to Germany at any time, whatever the outcome of the war, would be to renounce and dishonor our own cause. For we ask nothing that we are not willing to accord."

SENATE GRAPPLES WITH THE POPE NAT'L SCHOOL RESOLUTION

Uniformity of Education Urged That Pupils from One Province Could Easily Fit Into Grade of Other Provinces Without Being Embarrassed—Reciprocity in Languages Also Urged.

Ottawa, May 21.—The debate on Senator Pope's National School Resolution was continued by Senator Choquette in the senate today. He said that the picture drawn by Senator Pope of conditions in Quebec was not a true one. He had been inspired by a certain group in Canada that desired to mould the thought of the French-Canadian in a way that it could not be moulded. Senator Pope had listened to Mr. Hocken, M. P., and others of the same group, and had been followed by editorial expressions in the Orange-Sentinel along the same lines.

Senator Choquette declared that Senator Pope's effort to set aside the provision of the constitution that education should be left to the provinces, could not succeed. That could not be done without general consent. He favored compulsory school attendance in Quebec, but only in the schools as at present constituted. He likewise favored the creation of a central educational committee at Ottawa, with power to apportion educational grants.

BY M. QUAD. The winter of discontent for Major Crofoot, grand promoter, was at hand. There was frost in his office window. Within the office was freezing temperature. He had no coal for the stove. The coal man had said that he would trust him no more.

The Major had three chairs in his office. He broke up the oldest one and fed the pieces into the stove. There was no use in courting him money. It had been counted over about ten times, and each time it counted just eighty cents. Napoleon and Washington had been reduced to less, but that didn't help the Major any. He owed the landlady \$40; he owed \$60 borrowed money; he owed his clothes cleaner, his cobbler, and he owed his landlady, and with a wail in his voice he murmured:

"Oh, why don't a sucker come in! Why, or, say! I would bless him and trim him."

A sucker knocked at the door. It was as if Providence had sent him. At the Major's response of "come in," there entered a stranger of innocent expression. The Major noticed his innocent look before he noticed his shabby dress.

"Is this Major Crofoot?" was asked. "It is."

"You deal in stocks and bonds and money enterprises?" "I do. Won't you sit down?"

"I have called to make a strange request of you," said the stranger, in an apologetic tone. "My name is Smith, and I am a comparative stranger in the city. I sold my farm the other day and got a check for \$5,000. I came in this morning to cash the check. They counted my money out to me in the bank in such a hurry that I think they made a mistake. I think they gave me \$9,000 in place of the \$5,000. I want to sit down at your desk and count it over."

"With the greatest pleasure in the world," responded the Major, as he placed a chair.

"You are an honest man," said Mr. Smith, "and I am an honest man, and neither of us would wrong or cheat a human being."

"I assure you that you are right," replied the Major with greatunction. "But what I was going to say was this. If the people of England made this mistake of one thousand dollars, it is their carelessness. They must pay for it. A careless man was had at a dishonest man. You have been very good to me in allowing me to use your desk, and it is only fair that you should be rewarded. If there is a thousand dollars left to be counted, I will divide it between us, fifty-fifty. That is, I will hand you over five hundred dollars."

THE OIL STOCKS CONTINUE STRONG

Aside from Oil the Market Was Sluggish and Tended to Increasing Heaviness.

New York, May 21.—The Oil stocks continued the strong upward movement in the early afternoon, but elsewhere the market was sluggish and tended to increasing heaviness. The sharp break of the forenoon in Marine common appeared to have shaken the confidence of holders of the pit. In that case, and it sold off sharply in the afternoon. The selling movement also spread to the Steel stocks and other portions of the industrial list, and finally wiped out a large part of the previous gains in the oils. In the late trading the Steels and Equipments rallied somewhat and the Oils recovered about 2 points on the average. The market again appeared to be a heavy volume of profit-taking with no great difficulty.

Rumors of a gigantic combine of oil companies were more persistent than ever, but still without anything like confirmation. The Iron Age says today that there has been some improvement in purchasing since the end of the government's attempt to regulate prices, but no rush to place orders. It believes, nevertheless, that heavy buying cannot long be delayed. Concessions in price are being made but there has been no open market. Sales 1,599,000.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly deny that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

GOOD ROADS CONGRESS HEAR POINTERS ON ROAD BUILDING

Federal Aid Question Discussed by Mr. Campbell, Dominion Director of Highways—Hon. P. J. Veniot Tells of the Wonderful Work Done by Him in New Brunswick.

Quebec, May 21.—The question of national or federal aid for the construction of highways in Canada claimed the attention of the delegates at the session of the Canadian Good Roads Congress here this afternoon. This subject was treated by Mr. A. W. Campbell, Dominion director of highways, who, owing to the absence of Hon. J. D. Reid, was expected to make some definite statement in this regard. Mr. Campbell, however, said that he was not in a position to say very much as to what measures of national aid might be granted, but he spoke at length and with authority on road building in Canada and touched on federal aid in a general way.

While every province, he said, had its particular problems to solve, the whole question could be boiled down to one point, which might be applied from ocean to ocean and that was how best to carry the load. Canada had three important means of transportation, waterways, railways and highways. Millions had been spent on the two first named, but none were so important as the wagon highways, and if these were closed up the railways and the ships would starve.

The big question, he said, was how to improve the 250,000 miles of wagon roads in Canada in order to facilitate traffic and have market produce reach the shipping points. High class roads were alright, but the provinces of Canada had to consider all their mileage. He believed in the classification of roads, according to the nature of volume of traffic over them. He urged careful surveys of all roads being built and was very emphatic in insisting upon the importance of drainage and a solid foundation without which it was sheer folly to lay an expensive surface covering.

Mr. Campbell strongly condemned the traffic requirements that were being called upon to serve. Where heavy traffic prevailed, the very best quality of roads was essential, but where traffic was of a lighter nature, less expensive roads filled the needs.

He affirmed that he was opposed to giving Federal aid towards the building of expensive roads where they were not required. Many believed that federal aid should be given towards the construction of high

Fitzgerald Wants To Be The Referee

New Haven Alderman is the First Candidate for the Position to Reach the Battle Ground—He Has Twenty Years' Experience.

Toledo, May 21.—David F. Fitzgerald, an alderman and ring official of New Haven, Conn., arrived here to fight to impress upon Tex Rickard his qualifications as referee of the Jess Willard-Jack Dempsey heavy-weight championship battle here July 4.

Fitzgerald, a six-footer of 200 pounds, is a ring official of twenty years' experience. He has refereed all of the important ring battles decided in Connecticut and has given decisions at the finish of all of them, which will be required here Independence Day if Willard and Dempsey are on their feet at the end of the twelfth round.

He refereed a contest in which Willard engaged before he became champion. Dempsey is nicely settled in his training camp on Mamee Bay and ready to begin the work of his conditioning ring. Jimmy De Forrest, of Long Branch, N. J., a veteran boxer and trainer, arrived today to assume charge of the challenger's work.

De Forrest has supervised Dempsey's conditioning for several matches. Before the end of the week a half dozen sparring partners will be on the job. The challenger plashed over muddy roads for six miles as a starter this morning, and played two games of football this afternoon. Then he assisted carpenters in erecting a ring in which he will do his boxing. Built for 4,000 spectators will be built around the ring.

London, May 21.—The Surrey lawn tennis championships at Burberton opened yesterday. The entries include an unprecedented number of overseas players, including seven Australians, eight South Africans, two Americans, one Fiji Islander and two Canadians.

The Canadian military athletic president, Colonel Mayes, has organized a Canadian tennis team to play a number of inter-Dominion and other matches, and also to compete in open English tournaments, with a view to improving the standard of lawn tennis in Canada.

The following have been chosen to represent the Dominion: Colonel Mayes, Winnipeg; Captain F. Fowler, Victoria; Captain L. Black, Calgary; Captain Wiswell, Nova Scotia; Captain Cardinal, Victoria; Captain Montgomery, Vancouver; Reserve, Captain Suckling, Montreal.

They will be partnered in the doubles in the order mentioned. Canada plays Cambridge on May 25.

FAMOUS WRESTLERS REPORTED KILLED

Alexandre Oberg and George Lurich Have Fallen in Recent Uprisings in Their Native Poland. That Alexandre Oberg and George Lurich, two of the most skilled wrestlers the world has ever seen, have fallen in the recent uprisings in their native Poland has been confirmed by several New Yorkers who have returned to Gotham from Warsaw.

The New Brunswickers who attended the monster wrestling carnival in Madison Square Garden, January, 1913, will remember Oberg as the man out of 63 contestants from every part of the world who remained undefeated at the end of six days' wrestling. And this notwithstanding that his usual mode was the Graeco-Roman style of wrestling and the catch-as-catch-can style.

Both these men, reports say, fell upholding the cause of their native Poland, long suppressed by the Han, and their "going west" is not without a glamour of romance, for as men of might they undoubtedly accounted for many of the enemy before losing the decision to the Great Referee.

Vincent Richards Is Reinstated

Is Holder of the Six National Tennis Titles—Restoration to Amateur Standing Becomes Effective on May 24.

New York, May 21.—Vincent Richards, holder of the six national tennis titles, has been officially reinstated to amateur standing by the amateur rules committee of the United States National Lawn Tennis Association, following his resignation from the employment of a local sporting goods firm.

The committee announced today that Richards' restoration to amateur standing will become effective on May 24, when his connection with the firm ends. Perry, Selbold, Noylar and Perkins; Morton and O'Neill.

St. Louis, 1; Washington, 0. St. Louis, Mo., May 21.—St. Louis defeated Washington today 1 to 0. The score: St. Louis... 000000000—0 6 0 Washington... 00000001x—1 13 0

The committee issued the following statement: "Vincent Richards has resigned his position in the sporting goods firm. It has been proved to the satisfaction of the amateur rules committee that Mr. Richards' name was used to advertise the sale of tennis goods without his authority, and his action in withdrawing from the sporting goods business has removed all other questions as to his amateur standing."

FIND DEAD BODY OF ROBT. CHILDS IN THE WOODS

Body Was Found Beside an Old Windfall Which Had Been Set Afire—Bullet Wound in Right Temple—Spent Last Summer in St. John. Rexton, May 21.—The dead and partly burned body of Robert Childs, the murderer, was found this morning in the woods about a mile from the scene of his crime. It was found lying beside an old windfall which had been set afire. Most of the clothing and flesh were burned from the body.

It is the general opinion that he took his own life shortly after doing the deed. Nearby was an automatic revolver and an empty liquor bottle. Inspector S. Belliveau, St. John, found the body. After an inquest by which it was found it was a case of suicide, the body was placed in a casket and buried where he died.

BREAD AND MILK.

After being handed round from Ottawa to Fredericton, to City Hall, to the Board of Health, to Doctor Roberts, to Commissioner Fisher, to Doctor Brown and back again over the same road, the bread-wrapping question seems to have passed into the discard. The last official pronouncement on this question was at the meeting in City Hall some months ago, at which the city might have taken action had it not been for the attitude of the District Health Officer, who intimated that the Department of Public Health would in the very near future adopt a policy in accordance with the wishes expressed at that meeting. After this pronouncement the commissioners took no action, nor has any action been taken by the Provincial Department of Public Health or by the local Board of Health. The latter organization has held several meetings since that time, but the question of wrappers on bread has never been brought up, nor has there been any intimation that it will be brought up, although a few members are desirous of having the matter settled in the right way. Meantime the spring is well advanced and the summer with its clouds of dust is at hand, with the resultant exposure of unwrapped bread to all the filth flying about the streets, to the danger from constant handling in delivery teams and in stores. This is merely another indication of the lack of energy so characteristic of the department of public health, which is never ready and which seems afraid to take any action whatever.

Intimation is also made that regulations governing the distribution and sale of milk are to be brought into effect at some time during the present year. These regulations, it is said, have been formulated and call for a much higher standard of milk than has been permitted to be sold in the past, but it is felt that these regulations to be made immediately effective so many milk producers would be shut out of the St. John market, on account of the inferior quality they are handling, that something in the nature of a milk famine would occur. In consequence of this belief regarding a condition which might be corrected within a month or two months at least, the application of these regulations has been suspended for six months, and perhaps longer, with the view of enabling milk producers to bring about the necessary improvements. But on these dealers have been notified of the impending change, so that it is the hope that before the snow flies again we may be able to purchase real milk in St. John. This is, however, only a hope, for if the matter rests with the present Department of Health St. John may be doomed to disappointment.

WORKMEN'S COMPENSATION.

In its comparatively brief career the Workmen's Compensation Board has been called upon to deal with some hundred applications for compensation due to accidents. It is really amazing how many employers are now making use of this regulation, who under previous conditions swallowed their losses through injuries to employees without comment. It is surprising, too, how many employers, who before the introduction of this Act were under the impression that no accidents ever happened in their plants, are now finding that accidents are of more or less frequent occurrence. In the past if a workman was slightly injured and lost a few days' time his wages were paid without remark. If the injury proved more serious and the man was laid off for a few weeks an allowance was made for medical expenses, etc., even though his wages were not paid him in full. But nowadays, no matter how unimportant the accident may appear, the employer is inclined to shift the entire responsibility to the Compensation Board, which of course is the proper policy for him to pursue. Yet people generally have no come to realize the necessity of making accurate reports. There is an aversion on the part of the Compensation Board as an institution which it is no harm to deceive. Consequently claims presented very frequently bear evidence of careless preparation and a desire to obtain a larger compensation than the injured party is entitled to receive. In this, too, it is found that practicing physicians are not wholly without blame, for while possibly actuated by a desire to see their patients fairly remunerated for loss of time, in many instances physicians' certificates grant the injured party a longer period of disability than the victim himself has already claimed. In such instances the diversity of statements presented necessitates the adjustment of reports, often resulting in delay which would be unnecessary were physicians, employers and claimants to exercise sufficient care in making their individual reports.

Will the Teachers "Walk Out"? New York World—The City of New York is facing a walkout of 17,000 women teachers if you veto this bill, Mr. Mayor, said Miss Tupper, principal of Public School 119, to Mayor Hylan. She referred to the Lockwood-Fertig bill, under consideration. This measure adds some millions—the precise amount is in dispute—to New York's budget. It passed in the last day's scramble in Albany. It is of course an arrogant attack on home rule.

Commandeering That Paid. Philadelphia Record—A few months ago the greater part of the Netherlands merchant marine was tied up in port because German submarines destroyed Dutch vessels as readily as English ones. Yet the Netherlands government was in a state of violent indignation because our government borrowed a lot of these vessels, paying well for them and assuming full responsibility for any that might be lost. The annual report of the Holland-America Line shows net profits of more than \$8,000,000, and the directors will write off reserve funds and extra reserve funds and reserve funds for building purposes and then pay a dividend of 40 per cent.

A BIT OF VERSE

THE SONS OF MARTHA.

(Rudyard Kipling.) The Sons of Mary seldom bother, for they have inherited that good part. But the Sons of Martha favor their Mother of the careful soul and the troubled heart; And because she lost her temper once, and because she was rude to the Lord her Guest, Her Sons must wait upon Mary's Sons, without end, or reprieve or rest. It is their care, in all the ages, to talk their buffet and cushion the shock. It is their care that the gear engages—it is their care that the wheels run truly—it is their care to embark and entrain. Tally, transport and deliver duly the Sons of Mary by land and main. They say to mountains, "Be ye removed." They say to the lesser floods, "Be dry." Under their rods are the rocks re-proved—they are not afraid of that which is high. Then do the hill-tops shake to the summit—then is the bed of the deep laid bare. That the Sons of Mary may overcome it, pleasantly sleeping and unaware. They finger Death at their glove's end where they piece and re-piece the living wires. He roars against the gates they tend; they feed hungry behind their fires. Early at dawn, ere men see clear, they stumble into his terrible stall. And hale him forth like a haltered steed, and goad and turn him till he fall. To those from birth is Belief forbidden; from these till death is belief. They are concerned with matters hidden—under the earthenly altars are the secret fountains to follow up, waters withdrawn to restore to the mouth. And gather the floods as in a cup, and pour them again at a city's drouth. They do not teach that their God will use them a little before the nuts work loose; They do not preach that His pity allows them to leave their work when they will—well choose. As in the thronged and the lighted ways, so in the dark and the desert they watch all their days, that their brethren's days may be long in the land. Raise ye the stone or cleave the wood to make a path more fair or flat; Lo, it is black already with blood some Son of Martha spilled for that! Not as a ladder from earth to Heaven, not as a witness to any creed, But simple service simply given to his own kind in their common need. And the Sons of Mary smile and are blessed—they know the Angels are on their side. They know in them is the Grace confessed, and for them are the Mercies multiplied. They sit at the Feet—they hear the Word—they see how truly The Promise runs; They have cast their burden upon the Lord, and—the Lord He lays it on Martha's Son!

Pop was in the setting room smoking with satisfied looks, and I sed, Pop, are you good at taking notes out of sittings? Im good at whatever I attempt, so if I attempted to divorce a string from its not, I have no doubt that I should meet with my customary success, sed pop.

Well heers one in one, I sed. Meaning a nott in a string. And I handed it to pop, saying, Will you see if you can undo it, pop? We aim to please, sed pop. Meaning he would try, and he took the string and started to begin to try to undo the nott, saying, Owtch, my thumb nabe, this must be like the famous Gordian nott that Napoleon or somebody had such a tussel with.

No sir, its jest a nott, I sed. Allow me to contradict you, a nott a nott for all that, but this nott is not jest a nott, its a sun of a gun, sed pop. And he kept on trying to get it out, making fierce faces and saying, Owtch every time he hert his finger nabe, being pritty swiften, me saying, Its pritty hard, aint it, pop? I dont wunt it, I was jest trying to see if I could make such a fierce nott nobody couldnt get it undid, do you want to try another one, pop? I sed.

Do you give it up, pop? I sed. On the contrary, sed pop. Meaning he didnt, and he kept on trying to undo it and getting madder and madder at it as if it was the nott fawit, and after a while he got it undid, saying, 3 cheers for perseverance, heers your string, wat do you want it for? I dont wunt it, I was jest trying to see if I could make such a fierce nott nobody couldnt get it undid, do you want to try another one, pop? I sed.

Come heer with that string, sed pop, Wich I did, and pop tied it around my rist with about 8 notts, saying, Now wen you get that undone with your other hand you can go out and play. Wich it took me about a hour to do wile the fellows was wisseeling for me outside.

Value of Human Life. New York Globe—A common dogmatic belief that human lives reach their lowest valuation in periods of war needs revision in the light of modern practice. When, as in early days, a dozen died of wounds to five killed outright in battle, it seemed that nations cared little what became of their men once they were rendered useless for combat by injury. The record improves steadily, however. Complete recovery of the world war are not yet completed; but in the British army 90 per cent. of the wounded who lived to reach the ambulance were saved, and the medical department of the United States army returned 85 1/2 per cent. of the men injured in combat fit to resume the fight.

PICTURES FORD AN ANARCHIST. He of Automobile Fame Severely Denounced in Tribune Libel Suit. Mount Clemens, Mich., May 21 — Henry Ford was attacked as an instigator, by propaganda, of the prepared-for-war parade bomb throwing at San Francisco, of inspiring resistance to government decrees during the war and similar offences, by Attorney Stevenson, in addressing Judge Tucker today, on behalf of the Chicago Tribune, which is being sued by Mr. Ford for one million dollars damages on a charge of libel. He compared the alleged Ford propaganda to the anarchistic literature which inflamed the assassin of President McKinley. "If these men are anarchists," shouted the lawyer, "Henry Ford is no less an anarchist, and this we intend to prove—to prove that he was not only an anarchist, but a dangerous anarchist."

THE BEST QUALITY AT A REASONABLE PRICE. Diamonds. Quality not price should be your first consideration in buying Diamonds. A Diamond is not a necessity—it is bought simply because of the pleasure that may come from its use, and no pleasure can come from the use of an article that you know or suspect to be of inferior quality. We carry only the better grades of Diamonds and the purchase of such a stone will be a source of continual satisfaction. We make a specialty of stones at the price most people want to pay—\$25 to \$100. L. L. Sharpe & Son Jewelers and Opticians. Two Stores—21 King St., 189 Union St.

There are five simple ways to tell good tea.

- First, by the bright copper color of the tea when steeped.
- Second, by the exquisite aroma.
- Third, by the delightful, refreshing flavor.
- Fourth, by the satisfying richness.
- Fifth, by the economical strength.

Make a brewing and you will find all these qualities combined in Red Rose.

St. John Boy Delivered the Valedictory Address, Treating a Modern Subject in a Most Intellectual Manner—Honorary Degrees Were Conferred on Well Known Men.

Special to The Standard. Sackville, N. B., May 21.—Mount Allison University Convocation was held Tuesday evening in the Charles Fawcett Memorial Hall. Dr. Borden, president of the university, presided, and gave an excellent address to the graduating class. The valedictory address, which was delivered by George F. Skinner, B. A. of St. John, was of a high order. Dealing with the labor unrest, he treated the source and progress of Bolshevism, pointing out that there are now signs of a new economic system which should overcome the evils of both Bolshevism and capitalism.

Dr. George A. Inch, of Fredericton, and Dr. Wm. L. Goodwin, of Kingswin, Ont., upon whom the degrees of LL.D. were conferred, delivered excellent addresses. Both speakers gave interesting reminiscences of their college days and expressed appreciation of the good influence of their Alma Mater, to which they attributed what success in life they had achieved. The musical numbers were well rendered and much enjoyed by an appreciative audience.

The following programme was carried out:

But to him who tries and fails and dies I give great honor and glory and tears. Give honor and glory and pitiful tears to all who fall in their death's sublime. Their ghosts are many in the van of years. They were born with time and in the advance of time. And great is the hero with sword undrawn, and good is the man who refrains from wine. But to many and many a time some pale-faced, fellow who dies in shame and lets God finish his thought sublime." I did not place in the ranks of those who fall, but I do cover for you a place with those who deserve success. Never in the human world did the world more need men of the Pauline type who can say, "I count not my life dear unto me"; men of the Galilean type who, imprisoned in a bigoted church because he had discovered the revolution of the earth upon its axis, in the face of death exclaims, "It does move!" men like Luther, who in the face of persecution and imprisonment exclaims, "I can do no other!"

Shall the revolution of democracy from guidance and control swing in Canada as in Russia to extremes of lawlessness and violence, or shall the prime intellectual product of our colleges, devoted unselfishly to a public service, grip and direct and control these turbulent popular movements in the interests of justice and more effective production? The future is yours if you and men and women of your type who have a vision of duty and are concerned to merit rather than win success—to serve rather than to get. Rest assured, my dear young friends, that you will be followed by the sincerest prayers and best wishes of your preceptors, who have watched your progress and rejoiced in your successes during the years of your undergraduate labors.

**N C-4 READY FOR FLIGHT TODAY**

The Wrecked N C-3 is Being Dismantled Preparatory to Shipment to United States.

It might be that the engine trouble which caused a postponement of the flight of the N C-4 for Liebon this morning had been remedied. The plane will start at daybreak tomorrow, weather permitting, he said.

The wrecked plane, N C-3 has been brought to the beach, where it is being dismantled preparatory to shipment to the United States on the tender Melville. Commander John H. Towers estimated today that it would take one hundred mechanics three months to put the machine into proper flying condition.

**BAPTISTS GET AFTER WILSON**

Denver, Col., May 21.—Unanimous action condemning President Wilson for his recommendation to Congress of the repeal of the war-time prohibition was taken today by the Northern Baptist Convention in session here.

**CAUSES OF EYESTRAIN**

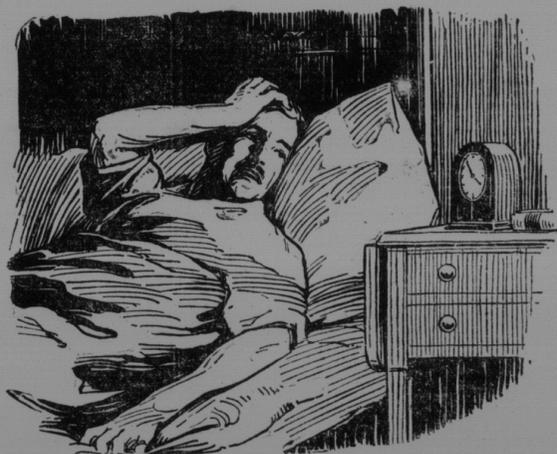

The glare and penetrating electric rays of modern lighting systems undoubtedly are the causes of much eyestrain and impairment of vision. (Consult K. W. EPSTEIN & CO., Optometrists and Opticians, 193 Union Street, M. 3554. Open Evenings.)

**PERSONAL**

Mr. and Mrs. James R. Robertson, who have been for some time in the south, visiting at Charleston, North Carolina, and Virginia Hot Springs, returned yesterday. Mrs. Franklin Stetson and Miss Stetson, who were at Virginia Hot Springs, have come as far north as Boston, and will return to St. John shortly.

On Saturday, May 24th, the steamer Champlain will leave at 10 a. m. daylight time, for Jemseg and intermediate landings.

**"Will Morning Never Come?"**

"If I could only sleep I believe my nerves would soon be all right, but night after night I lie awake and think about everything under the sun.

"What chance is there of getting better so long as this goes on?"

"None. Nerve force is being exhausted nearly twenty-four hours of every day, and there is no rest and sleep in which to replenish the waste."

"One thing sure I cannot stand it much longer, for I know that every week—yes, every day—finds me more restless and nervous, and less able to stand the strain of the day's work."

"I suppose the doctor could give me something to make me sleep, but I don't want that. I am weak enough now. I want something to build up strength rather than to tear down the tissues of the body."

"I believe I will try Dr. Chase's Nerve Food. I have often heard of it, but never thought I would need to use it. I was always so strong and healthy."

"This nervous trouble is a peculiar ailment. No one would believe what I suffer from sleeplessness and nervousness. I do not look like an invalid, but I certainly am one."

"One thing sure I shall not spend another sleepless night before I begin using Dr. Chase's Nerve Food. I expect it will take a little time to get my nerves right, but I shall get half a dozen boxes and give it a try out. Something seems to tell me that I shall not be disappointed."

Didn't Have Well Day in Five Years

Toronto Man Gains Six Pounds and Feels That His Strength Has Been Increased 100 Per Cent.

If there is a man in Toronto who believes in Taniae; that man is Harvey Hamilton, who resides at 475 Church street, and is employed by the Copeland-Chatterton Co., 1303 Queen street. Mr. Hamilton has lived in Toronto eighteen years and is well-known.

"Five years ago I had a severe attack of pneumonia," said Mr. Hamilton last Friday in conversation with the Taniae representative, "which developed into a general run-down condition, and I have not been like myself since. I lost weight until I was almost a shadow. I felt like I didn't have hardly any life or energy about me, and was so nervous I couldn't sleep over four or five hours any night. I lost my appetite and often didn't go to the table at meal time, for I knew if I did I couldn't eat a thing. The little I managed to eat did more harm than good and scored on my stomach, causing a stuffed-up, uncomfortable feeling. I had pains in my stomach and sides and often had dizzy spells. I got up in the morning feeling about half dead and dreaded to go to work, and all day I felt drowsy and sleepy. Often I felt so weak and played out I just had to lay down my tools and quit work. Yes, sir, I went five long years without enjoying a well day, and you can imagine how blue and despondent I was. This is the very shape I was in when I read in one of the Toronto papers the statement of a man who described his trouble just like mine. He said he had been relieved by Taniae, and I lost no time in getting a bottle.

It was about the best move I ever made in my life, for I now feel like I have taken a new lease on life. I have the finest appetite you ever saw, and eat three square meals every day, enjoy every mouthful, and have no disagreeable feelings afterwards. I have actually gained six pounds in weight and feel like my strength has been increased a hundred per cent. Gas has quit forming on my stomach, and all the pains have disappeared. I'm not nervous and I sleep like a log at night. I simply feel better all over and my work is no longer a burden, but is a pleasure to me. My friends all know the shape I was in before I took Taniae and now see my remarkable improvement. I know of four or five people who have begun taking Taniae since seeing the good it did me. If anybody doubts this statement all they have to do is to ask me and I'll tell them just what I told you, and that I consider it the finest medicine on earth."

Taniae, the medicine that accomplished such remarkable results in Mr. Hamilton's case is being sold in St. John by the Ross Drug Co., and F. W. Munro, under the personal direction of a special Taniae representative.—Advt.

GAS IN THE STOMACH IS DANGEROUS

Recommend Daily Use of Magnesia To Overcome Trouble. Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and blight right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk—is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Simple Herbs Cure Serious Troubles. MANY of the diseases of women should be prevented with care. Unusual excitement—mental or physical—disturbs the delicate balance of woman's sensitive nerves, and upsets her whole system. At the first indication of nervousness or any irregularity, take Dr. Wilson's HERBINE BITTERS. Its sale and certain—purely vegetable—regulates kidneys and bowels—overcomes headaches, indigestion, stomach trouble—purifies the blood—tones up and invigorates mind and body. At most stores, 25c a bottle; Family size, five times as large, \$1. The Grayley Drug Company, Limited, St. John, N. B.

Just One Hundred Years Ago Today

Little 350 Ton Steamship Savannah Completed First Trans-Atlantic Voyage by Steam Power—Savannah to Liverpool in Twenty-nine Days.

One hundred years ago today the little 350-ton steamship Savannah, using cordwood for fuel, made the first trans-Atlantic voyage by steam power, arriving at Liverpool on her twenty-ninth day out from the port of Savannah, Georgia.

The Savannah was built in an obscure shipyard outside of New York city, and took the ways on August 22, 1818. From the first voyage Captain Moses Rogers was her commander and Captain Stevens Rogers her sailing master. The vessel left New York March 28, 1819, and arrived at Savannah, her home port, for the first time on April 12, 1919.

The vessel was fitted with masted sails, which were used considerably, while the engines were used to a negligible extent, thus accounting for the slow passage. On May 22, 1819, the trip across the Atlantic was started, but few chances as possible were taken on the voyage.

Afraid of the Sargasso Sea and the mid-Atlantic, the Savannah followed the coast to Newfoundland before striking across the "big drink." The sails were used extensively, as the cordwood fuel had to be used sparingly, and when it was used produced heavy clouds of black smoke which partially obscured the vessel. The trip was made without incident until June 17, when the vessel was halted and stopped by the British cutter Kite, whose commander thought the Savannah was on fire and stopped her so that his crew might assist in fighting the flames.

The Savannah docked in Liverpool on June 20, after completing the voyage in 29 days and 11 hours. The engines were used only 18 days on the trip. Considerable excitement was caused in Liverpool when the vessel entered the port under a full head of steam, her funnel pouring a dense cloud of smoke. While remaining in the port the ship was the general centre of interest, the engineering fraternity especially being greatly interested in her steam motive power.

Proceeding by way of Stockholm, the Savannah arrived at St. Petersburg (now Petrograd) on September 18, where she was inspected by various diplomats and members of the Russian nobility. The ship left St. Petersburg on September 29 and arrived back at her home port on November 30, after a total absence of 193 days.

Having made the record voyage, the Savannah did not again attempt the rigors of a trans-Atlantic cruise. Shortly afterwards her engines were removed, and she was used with great success and profit as a coastwise sailing vessel.

She was wrecked off Long Island during a terrific gale in 1821, just two years after her maiden voyage. Today the city of Savannah is commemorating the event in a celebration to which many of the nationally important men have been invited. Pageants showing the development of the marine service from the humbug days of the Savannah up to the present time have been prepared and in general the programme is a fitting memorial to the intrepid little vessel with her crew, which has blazed the trail for the monster steamships which course the Atlantic today.

Considering the fact that the voyage started originally from New York and that the vessel was built at that port, the citizens of the beautiful Georgia town are certainly "putting one over" on Gotham, which has made no recognition of the event.

Sixty Soldiers Come Next Week

Members of Siberian Expeditionary Force Arrived in Vancouver Yesterday—Left for East Last Night on Special Train.

Next week will see the arrival at this depot of sixty members of the Siberian expeditionary force, according to a telegram received late last night by Charles Robinson, secretary of the New Brunswick Returned Soldiers' Commission.

These men, most of whom went over to Russia last summer, arrived at Vancouver yesterday on board the R. M. S. Empress of Japan and left by special train last night for this city. WEDDINGS. Taber-Reid. Yesterday morning at ten o'clock in the Tabernacle Baptist church, Charles Taber, of Bloomfield Station, Kings county, was united in marriage to Miss Elizabeth Jennie Reid, City road, St. John. The ceremony was performed by Rev. A. L. Tedford and the bride was given away by her brother, Mr. and Mrs. Taber, of Five Black River and on their return will leave for Bangor, Maine, on their honeymoon.

Fogo-Gould. A quiet wedding took place yesterday morning at 80 main street, when Rev. Dr. D. Hutchinson officiated at the marriage of Miss Fogo, a marine engineer of Dorchester, Mass., and Miss Gertrude Gould, of Amherst, N. S. The couple were unattended and left on a honeymoon trip to Boston and other cities in the States.

Perry-Campbell. Ralph E. Perry, formerly of Freeport, N. S., and later of New York, where he engaged as a marine engineer, was united in marriage to Miss Effie E. Campbell of Freeport, N. S., on Tuesday evening at the home of Rev. J. H. Jernigan, 186 Queen street, West End, who performed the ceremony. After a short wedding trip through the province, Mr. and Mrs. Perry will return to New York, where they will reside.

ARE ASKED TO ATTEND. The Local Council of Women are calling a meeting on Friday to hear an address on the emigration of British women to Canada. Mrs. Richard Hooper in the absence of Mrs. E. Ashton Smith has asked a number of patriotic societies to send representatives so that the subject may be fully discussed.

Those who are to speak are Miss Potts and Miss Girdler, who with Mr. Windham have come from England to find out conditions and get accurate information on the matter. They wish to get in touch with those who employ women to see what are the opportunities for workers in the Dominion. The party will arrive in the Dominion Wednesday and leave for Fredericton probably on Friday.

SERG. THOMAS RICKETTS, V. C. One Touch of Decoration Makes the Whole World Kin.

Lieut. M. F. Grose, V. C., M. C. with bar, of Sussex, N. B., is engaged in repatriation work of the staff of the Soldier Settlement Board. The men from down by the sea have done well in the war. Across the Strait of Cabot from New Brunswick, Sergt. Thomas Ricketts, V. C., D. M. C., and C. de G., of St. John's, Newfoundland, has the proud distinction of being the youngest holder of the Victoria Cross in the world, and the only one representing Newfoundland who obtained it in the present war.

Sergt. Ricketts is 17 years old, and by some magic enlisted when he was 15 years of age with the Royal Newfoundland Regiment. He is back in St. John's now, attached to some department of the government that is aiding in taking care of returned men. He obtained his reward on October 14th, 1918, during an engagement near Doghehem, Belgium, when the company to which he belonged was held up by machine guns and he advanced with the Lewis gun and dispersed the enemy's battery. Then he followed up the retreating Hunns and made them surrender. His heroism resulted in the capture of four field guns, one officer and seven men. His company advanced and obtained its objective.

There is a new bond between Canada and Newfoundland, as typified by Sergt. Thomas Ricketts, V. C., and Colonal. When the heart begins to palpitate, it will beat fast for several seconds, then slow, then start to flutter, and a feeling of utter depression will come over your whole system, accompanied by weak, fainting and dizzy spells.

Milburn's Heart and Nerve Pills will give prompt and permanent relief to all sufferers from any heart weakness or nerve derangements. Mrs. Walter Greives, Appleby, Ont., writes: "I had been run down, and doctors told me I was anemic, but did not help me with their medicines. I could not sleep nights, my heart palpitated so, and I could count every beat."

I used to have such dizzy spells I would have to go to bed. I was not able to do any work for eight months. A cousin of mine had taken Milburn's Heart and Nerve Pills and told me what they had done for her. I took eight boxes of them, and now I am able to help every day with the work. I am so thankful to tell others what they have done for me, so that they may try this great and wonderful remedy. I hope this may prove good to some one who is suffering the way I did."

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

HALIFAX GROANS UNDER ITS NEW TAX BURDENS

Tax Rate Struck at \$5.42 on \$100 Assessment on Land—Civil Budget Totals \$1,291,317.

Halifax, May 21.—The city taxation rate was struck this morning and is \$5.42 on the \$100 assessment on land. The rate is made up on the new system of taxation consisting of a business tax, household tax, license and special taxes, poll tax and real property tax. If the rate had been made under the old system it would have been \$2.85 made up as follows: City, \$1.89; School, 50; County, 46 1/2.

Chief Assessor McManus was officially notified that the civic budget would total \$1,291,317. The estimate prepared by the board of control and submitted to the legislature for approval, totalled \$1,226,336.26. The legislature increased this amount by \$55,981. The assessment on land, an official tax rate of \$5.42 on this gives a net return of \$639,222, and the balance is made up as follows: On improvements, \$485,182, rate \$1.75; business tax, \$128,898, rate 1 p. c.; household tax, \$48,404, rate quarter of 1 p. c. bank and companies' license, \$39,560 total, \$653,546. The amount to be raised on the land is reached by deducting the net revenue of \$639,222, obtained from other sources, from the total amount of the budget leaving a balance of \$657,774.48, and to this is added \$1,400 for school rebate, making \$659,174.48 required to be raised on land. As the assessment on land is placed at \$11,795.76 and the tax on it is \$5.42 it gives \$639,222.50, a slight amount more than is required.

SANE OR INSANE WINS JUDGMENT. Millionaire, Committed to Insane Asylum, Escapes, Sues Newspaper and Gets Verdict. New York, May 21.—John Armstrong Chaloner, Merry Mills, Va., millionaire, who escaped from an insane asylum here twenty-two years ago, was awarded \$20,000 verdict today against the New York Evening Post in his \$100,000 suit for alleged libel. The defendant as once moved to have the verdict set aside on the ground of excessive damages, and Judge Hand took the motion under advisement. Chaloner's suit was based on an Evening Post article reporting the killing of John Gillard at Merry Mills, Va., ten years ago.

Although insane, according to a judgment of the New York Supreme Court, Chaloner was permitted to prosecute his suit in the Federal Court when he produced judgment of a Virginia court declaring him sane.

# A new BOOTH TARKINGTON

Here is a story  
that will make you  
young again

# Story

**T**WO inimitably funny boys—and Florence, a little girl as diabolically naughty, as fascinatingly unexpected as the immortal Penrod . . . If you want to know how a small town can be uprooted—devastated—swept from its moorings—by the simple, outspoken publication of what two small boys overheard and saw—then read Booth Tarkington's big new serial, "The Oriole," in the June Pictorial Review.

The town of North End had been going along peacefully. Neighbors gossiped, young men "paid attention" to young ladies, young ladies "encouraged" young men in the comfortable, regular way. And then, all at once—a bomb!

Those two incorrigible boys, Herbert Illingsworth Atwater, Jr., and his friend Henry Rooter, decided to start a newspaper. Then enter Florence! You will laugh as no story ever made you laugh before. It is Booth Tarkington at his best—recreating, with a master hand, the magic and sparkle of your own adventures when you were fourteen.

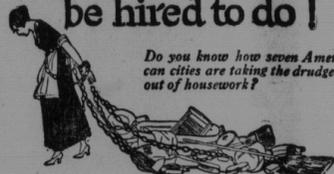

## Six full-page color pictures

- Major-General Leonard Wood—A daring and unconventional portrait, by Charles Chapman.
- Our Camouflaged Transports at Sea—A splendid marine painting, by Frederick Waugh.
- "Dethroned"—One of Anton Fischer's half pathetic, half humorous studies of American life.
- "Memorial Day, 1919"—A wonderful decorative painting, by Will H. Low., N. A.
- C. H. Twelvetree's adorable babies—Two whole pages of them, with irresistible comments by the author.

## Your Summer Clothes

And do not forget those wonderful Summer fashions—17 pages of them—10 pages in color—such as no other magazine even attempts to give you.

## WORK that women can't be hired to do!

Do you know how seven American cities are taking the drudgery out of housework?

**T**HE biggest single industry in America—the most important—and yet the most backward—Housework!

Eighteen million women working at it!—but never any attempt to regulate hours, wages, conditions of work!

Aren't you interested in what is being done to change this? Wouldn't you like to know how the drudgery can be taken out of your housework?

The intelligent wife of a college professor decided to keep a chart of the time absolutely necessary for her to devote to her household of five members. It came to 16 hours of labor a day!

No wonder women can't be hired to do this work! Read how New York City, Washington, St. Louis, Chicago, Philadelphia, Princeton and Montclair, N.J., are solving this problem. Read Katherine Glover's remarkable article in the June Pictorial Review.

## Stories of love and adventure

### It happened on her marriage day

She was only fourteen—the beautiful little gold-skinned bride who saw her Filipino husband go down the road to the jungle one moonlight night—and vanish forever in its mystery and silence.

Read Edward S. O'Reilly's thrilling romance of how a young American soldier found and rescued her—gave her the same chivalrous protection he would have given an American girl.

### He could not face the woman he loved

Mutilated in the Great War—one side of his face under a mask—young Captain Bloudon set himself doggedly to the task of facing life, facing work—but he could not face the woman he loved.

With dramatic force and inspiration—in a story that is almost a short novel—Edwina Stanton Babcock tells how a man mended his broken life—and how a woman's courage bridged the last step on his way to happiness. Read "Facing It"—another of Pictorial Review's wonderful war stories in the June issue.

### He had given his word—

He had promised a timid little white-haired woman the impossible—and he was a Southern gentleman. Read about the desperate dilemma in which this man found himself—and how rescue came from an unexpected source. "The Kidnapped Memorial" is one of Sinclair Lewis' finest stories of American life.

## THE AMERICANS ARE DOUBTFUL

Dissatisfaction in American  
Quarters at Paris Over  
Peace Treaty — Changed  
Feeling Towards Wilson.

London, May 21.—Dissatisfaction on  
the part of some members of the  
American peace delegation with the  
German peace treaty is reported by  
the Paris correspondent of the West-  
minster Gazette today.

"With every day that passes the  
disslike which some members of the  
American commission feel for peace  
treaty grows into active opposition,"  
the correspondent telegraphs, and he  
quotes one of the members of the  
delegation as saying:  
"The treaty does not mean peace;  
it means war."  
The correspondent adds he is great-  
ly concerned of evidences of a chang-  
ed feeling in American quarters re-  
garding President Wilson.

## COST OF THE WAR TO UNITED KINGDOM

The Staggering Figures An-  
nounced in the Commons  
Wednesday.

London, May 21.—In the House of  
Commons to a question asked, Austen  
Chamberlain, Chancellor of the Ex-  
chequer, stated that the net cost of  
the war to the United Kingdom, up to  
March 31, was about £5,700,000,000.  
Captain Guest, Parliamentary Sec-  
retary of the Treasury, stated that,  
owing to the circulation of mendac-  
ious documents alleging outrages by  
British troops in Egypt, the police  
searched a room in the Imperial Hotel,  
and seized documents which the direc-  
tor of public prosecutions was consid-  
ering. No action has been made.

## SUFFRAGETTES ARE FEELING HOPEFUL

U. S. Congress Gives Favor-  
able Action on Their Resolu-  
tion.

Washington, May 21.—The suffra-  
gette constitution amendment resolu-  
tion was passed today by the House  
after less than three hours' debate.  
The vote was 304 to 58, or 42 more  
than the necessary two-thirds major-  
ity. The resolution now goes to the  
Senate, where supporters plan to bring  
it to a vote. Final enactment of the  
measure within two weeks was pre-  
dicted by some suffrage leaders.

## EX-CROWN PRINCE LIABLE TO TRIAL

Under Terms of Treaty He  
May Be Brought Into Court.

London, May 20.—(Delayed)—Fred-  
erick William Hohenzollern, the for-  
mer German Crown Prince, will be  
liable to trial under the terms of the  
German peace treaty, it was declared  
by Andrew Bonar Law, the govern-  
ment leader, in the House of Com-  
mons today. Mr. Bonar Law said  
that the commandants of prison  
camps would also be liable under the  
treaty's terms.

## AUSTRALIANS LIKE THE ARMY

Many Men Returning from the  
War Are Joining the Special  
Reserve Being Organized.

Melbourne, Australia, May 21.—Re-  
turned Australian soldiers have been  
swarming from compulsory service in  
the Australian army under the De-  
fence of the Realm Act. Many of  
them, however, are voluntarily joining  
the special reserve being organized in  
the Commonwealth.

## To Relieve Catarrh, Catarrhal Deafness And Head Noises

Persons suffering from catarrhal  
deafness, or who are growing hard of  
hearing, and have head noises will be  
glad to know that this distressing  
affliction can usually be successfully  
treated at home by an internal medi-  
cine that in many instances has effec-  
tually complete relief after other treat-  
ments have failed. Sufferers who  
sincerely have had their hearing  
restored to such an extent  
that the tick of a watch was  
plainly audible seven or eight inches  
away from their ear. Therefore, if  
you know of someone who is troubled  
with head noises or catarrhal deaf-  
ness cut out this formula and hand it  
to them and you may have been the  
means of saving some poor sufferer  
perhaps from total deafness. The  
preparation can be prepared at home  
and is made as follows:  
Secure from your druggist 1 oz. Par-  
mitin (Double Strength). Take this  
home and add to it 1-4 pint of hot water  
and a little granulated sugar; stir un-  
til dissolved. Take one tablespoonful  
four times a day.  
Parmitin is used in this way not only  
to reduce by tonic action the inflam-  
mation and swelling in the Eustachian  
Tubes, and thus to equalize the air  
pressure on the drum, but to correct  
any excess of secretions in the middle  
ear, and the results it gives are nearly  
always quick and effective.  
Every person who has catarrh in  
any form, or distressing rumbling,  
hissing sounds in their ears, should  
give this recipe a trial.

**Stomach Wo Would Die**  
THOUGHT HE WOULD DIE.  
CAN EAT ANYTHING NOW.

But for indigestion and dyspepsia,  
many a life might be a pleasant one.  
The misery which stomach troubles  
cause the sufferer knows only too well,  
and any one who has suffered knows  
what joy it would give to be able to  
eat three good meals a day and not  
be punished for it after.

Nearly everything that enters a  
weak stomach acts as an irritant, and  
even the little that is eaten causes  
such torture and is digested so im-  
perfectly that it does little good.  
Before you can eat heartily, and get  
pick and choose your food, you must  
put your stomach right so that it will  
manufacture its own digestive fer-  
ments.

For forty years now Burdock Blood  
Bitters has been making weak stom-  
achs strong, and permanently curing  
severe cases of indigestion and dys-  
pepsia that other remedies were pow-  
erless to reach.

Mr. H. L. Fairweather, Cumberland  
Bay, N.B., writes:—"I was troubled  
with my stomach for two years, and  
sometimes was so bad I thought I  
would die. I tried everything I ever  
heard of, and had medicine from  
three doctors, but continued to grow  
worse. One day I read of some won-  
derful cures made with Burdock Blood  
Bitters. After taking two bottles, I  
could eat any kind of food without  
any bad effects, and by the time I  
had taken four I was in perfect  
health."

**TURKISH CABINET**  
Constantinople, Tuesday, May 20.—  
(Havas)—As a result of the resigna-  
tion of the Turkish cabinet, provided  
by the Allied occupation of Smyrna,  
Ferid Pasha has been entrusted with  
the task of forming a new ministry.

Registration for a Boys' Camp has been opened at the Y. M. C. A. The camp will be held at Chipman from June 28th until July 12th, and it is expected that it will be as enjoyable as in former years.

THE PROBATE COURT

In the matter of the estate of John O'Neill, who died intestate, letters of administration have been granted to Arthur P. O'Neill on the petition of the next of kin. The estate consists entirely of personality. L. A. Conlon is proctor.

CALLED FOR TENDERS

The Dominion Department of Public Works has called for tenders for an immigration shed on the western island to replace the building destroyed by fire last winter. It is to be a two story wooden structure, 147 feet long and 25 feet wide.

V. A. D. WORKERS RETURN

Miss Betty Adams and Miss Eileen Coughlan, two young ladies who went overseas with Mrs. Kahring's contingent of V. A. D. workers in 1916, returned home yesterday and were given a warm welcome at the depot by friends and relatives.

RECEIVED COMPLAINTS

Commissioner Thornton has received a number of complaints about speeding by automobiles around the city streets and is taking steps to stop the practice. He has announced that if necessary he will have a change made in the by-law increasing the penalty for this offence.

PLANTING TREES

Sixty trees are to be set out in the various squares around the city this spring and will be located as follows: King Square, eight; Haymarket Square, seven; old burying ground, twenty-five; Queen Square, ten; Market Place, West End, eight, and Tilly Square, West End, two.

WON THE PRIZE

R. E. Armstrong, secretary of the Board of Trade, was the successful bidder for the best name for the body to be organized at the coming All New Brunswick convention to be held in this city June 3rd and 4th. The name submitted by Mr. Armstrong is "All New Brunswick Tourist, Game and Resources League."

IN NEW QUARTERS

Commissioner Thornton yesterday moved to his new quarters in the Western building, where he has secured a suite on the ground floor. This gives him more room for the office staff and a private office for himself, making it more convenient all round. It also leaves available the mayor's ante-room and callers at city hall do not have to stand around the hall while waiting for His Worship.

HOURS FOR TEAMSTERS

The secretary of the Board of Trade has received a communication from the Express Traffic Association of Canada, calling attention to the fact that after June 1, the hours for the teamsters driving express teams will be from eight o'clock in the morning to five o'clock in the afternoon, and deliveries and collections will only be made between those hours.

HIGH SCHOOL HONOR ROLL

This evening at eight o'clock the honor roll of the St. John High School containing the names of over six hundred former pupils who served in the great war, will be unveiled by Miss Alice Walker, one of the vice-presidents of the Alumnae Society. Dr. H. S. Bridges will preside and an address is to be delivered by Sir Douglas Hazen. The ceremony is to take place in the assembly hall of the High School.

WERE WELCOMED HOME

A letter received yesterday from St. Andrews told something of the reception accorded by that town to the men of the 26th. The men left St. John by automobile and reached St. Andrews about midnight. They were met at the head of the town by a band and between five and six hundred men and given a great reception back to their home town. It was a fine night and young and old turned out to do honor to the boys who had brought such honor to New Brunswick.

Government Will Provide Big Amount

Dr. Addy Returns from Ottawa With Pleasing Announcement — \$95,000 to be Given for Hospital Extension.

That the sum of \$95,000 for hospital extension, in addition to whatever sum was spent by the municipality, would be available just as soon as the money was needed was the very pleasing announcement made yesterday by Dr. G. A. B. Addy, who has just returned from a trip to Ottawa. Of this amount \$32,500 will be provided by the Dominion government as their share of the overhead expense incurred in the caring for sick seamen. Under an agreement the government has been paying the cost of caring for sick and injured seamen but no allowance has been made for the overhead expense incurred in providing the room necessary for their accommodation. Dr. Addy pointed out that the hospital had reached the stage where all the room available was required for the local needs and the management could not undertake to provide the room to care for sailors unless the government was willing to pay a share of the cost. He gave as the cost of providing the facilities \$2,500 per bed and after carefully considering the matter decided to provide twenty beds and the sum of \$62,500 will be available.

While in Ottawa Dr. Addy received from a gentleman who refused to have his name made public an offer of \$25,000 toward the building of a maternity wing and \$7,500 toward the expense of equipping it, a total of \$32,500.

Dr. Addy received very assistance from the federal representatives, Messrs. Wigmore and Elkin and Senators Daniel and Thorne.

GENERAL COURT MARTIAL FINISHED

Closing Session Yesterday Afternoon and Officials Left for Ottawa—Capt. Ingleton and Lieut. Simms Acquitted

The final session of the general court martial which has been investigating the management of the Depot Battalion canteen was held yesterday when the cases against Captain Richard Ingleton, Lieutenant Stockwell Simms and Sergeant Rawlings were heard. Both officers were acquitted, but Sergeant Rawlings was found guilty of perjury and evidence regarding his character was taken. No information regarding the disposal of the cases regarding Lieut. Col. McAvilly, Major Rowe, Capt. Logan, Lieut. Belyea and Sergeant Rawlings will be given until the matter is considered at Ottawa.

SIXTEEN DRUNKS IN POLICE COURT

George Spratt, one of sixteen drunks, was fined \$30 or ten months in addition to the usual reward, which was handed to the other fifteen by the magistrate yesterday morning. A North End merchant who was armed with snake medicine for a proposed fishing trip, was fined \$300 for having liquor on his premises other than in his private house. The cases against John J. McNeely, charged with speeding, and J. C. Chesley, with driving under the closed crossing gate on Mill street, were postponed until noon today. A. L. Stearns, charged with driving his car on the wrong side of Union street, was allowed to go as he proved the proper side of the street was torn up and unfit to drive on. Harold Peters was fined \$20 for speeding at the foot of King street, but the fine was allowed to stand.

RETURNING SOLDIERS

Charles Robinson, secretary of Returned Soldiers' Commission, has received word stating that the following have arrived at Quebec on the S. S. Minnedosa for this district: Lieut. J. D. Williams, Long Reach, Kings Co., N. B.; Bdr. R. M. Anderson, West St. John, N. B.; Pte. H. Barlow, Campbellton, N. B.; Pte. R. S. Cahlan, Regina, Sask.; Pte. F. Cote, Chapleau, Ont.; Pte. F. J. Chapman, Regina, Sask.; Dvr. L. J. Chambers, Que.; Pte. R. McKay, Higgarville, Que.; Pte. C. P. Moore, Campbellton, N. B.; Sgt. W. J. Planter, —; Bdr. B. H. Smith, Fredericton; Cpl. V. B. Soper, Head of Mill Stream; Pte. R. E. Storry, 157 Queen street, East St. John; Gr. C. E. Walker and Pte. J. Wiseman, no addresses.

A GRAND ARRAY OF HOLIDAY APPAREL AT DYKEMAN'S

Exclusive Suit Modes, Dolmans, Coats and Capes, fashions of ready-to-wear of the most appealing type. New Neckwear, which forms such a pleasing effect on silk and serge dresses. New Vest effects of Pique and Satin, which appear so smart under a tailored suit. The new Hosiery shows some pleasing changes from the ordinary; such colors as deep green, stripes of black and color, roan, coffee, and a great variety of between shades. The new Silk Gloves must be mentioned, and well they might, for the seasons past have given us nothing so smart as those shown at our glove section. Vellings, so popular at this season of the year, the all-over style, which covers the hand and face; others just to cover the feet, and so many different styles, pretty scroll patterns, dots, etc. There are six splendid displays of holiday apparel awaiting you at this store.

CANADIAN GIRLS IN TRAINING

Interesting Sight to Visit Y. M. C. A. and See Gym Work and the Girls' Enjoyment of the Swimming Tank.

Anyone who wishes to see happy healthy girlhood would do well to pay a visit to the Y. M. C. A. on a Wednesday evening. The visit would have to be paid shortly for next Wednesday will be the last time for the C. I. G. T. classes which have given so much pleasure and lasting benefit to the girls who have attended them.

Basil Robertson, who has been giving his services in the instruction of the juniors and intermediates, says that the attendance has kept up splendidly and that the girls have been full of enthusiasm and interest. They carry themselves very differently now from the way they did at first and are getting hardened up to all the gym work.

The official figures are: Total attendance: March ..... 586 April ..... 869 May ..... 255 Total ..... 1,710 Total number of classes: March ..... 9 April ..... 20 May ..... 8 Total ..... 37 Average attendance for season to date—42.

Gymnasium work—The work on the floor consists of graded calisthenics, apparatus work and games. It may be explained that the falling off in the average is due to the fact that the senior classes did not keep up as well as the others for several reasons, and that as the days grow finer out of door is even more tempting than the gym work, interesting though it may be.

The ladies' swimming class had quite a large membership in the beginning but the spring days found the housewives' time very fully occupied and housecleaning gave many all the exercise they felt was needed for a while. Thanks are due to Mr. Maughan and A. M. Gregg who have been the instructors of the senior classes.

The swimming tank was a pretty sight last evening for the water which was formerly of a decidedly darkish shade since the installation of the new filtration plant is of a real sea green color and looks decidedly inviting. The plant is entirely satisfactory and credit is given to F. Neil Brodie who has done the work in the plant.

The time allowed the juniors is the most interesting hour to watch as the small girls are so keen about the cases regarding Lieut. Col. McAvilly, Major Rowe, Capt. Logan, Lieut. Belyea and Sergeant Rawlings will be given until the matter is considered at Ottawa.

LONELY PLACE AT SAND POINT

Immigration Building That Was Thronged With Passengers All Winter is Now Silent and Empty.

It is said a vacant church and an empty college are two of the loneliest things encountered in the usual course of events, but those who have occasion to visit the immigration building at Sand Point during these quiet days are confident that here is a lonelier spot for which there is no simile on the calendar.

To those who worked in the building during the days of the winter port the thunders of silence and absolute vacancy of the place conjures more ghosts than a midnight graveyard. Gone and forgotten are the men of affairs who had gazed upon the building from the decks of the ocean liners; gone are the thousands of Canadian fighting sons who, stopping for a few hours, have made the scene one of animation and happiness; gone are the mothers and children, tired and weary but brave in the fact that they have reached the native land and are on the way to home; gone are the blushing brides, English, Irish, Scotch and French, to the many scattered homes in this new land which they have never seen before; gone to every corner of this broad dominion are the thousands and thousands who have passed through this gateway, but in the empty and silent halls of the immigration building ghostly voices can be heard by those who have helped and greet and cheer the incoming guests as they arrived at the Sand Point docks.

IN CHANCERY COURT. The case of Cohen vs. the Hazen Avenue Synagogue was before the Chancery Court all day yesterday and will be continued today. The plaintiff is asking for reinstatement as a member of the congregation on the ground that the church acted unlawfully in dismissing him. The defence is along two lines: First that the action of the church was perfectly legal, and second, that the conduct of the plaintiff was such that he was not worthy of church membership. Cohen appears on his own behalf, and H. A. Powell, K. C., for the synagogue.

The Boys of the "Fourth Estate"

Eighteen Maritime Province Newspaper Writers Went Overseas — Seven Were from St. John Papers—Globe, One; Times, Two; Standard, Four.

When the call to the colors was sounded the boys of the "Fourth Estate" were well up with the first to respond. They played a most active part in the gains secured by every branch of the military service.

From the provinces by the sea many newspapermen volunteered and were through physical disability were "turned down" but the few who did get across acquitted themselves nobly, proving in their cases that the call of the pen was not mightier than that of the sword.

Of all occupations that of a writer seems one of the least war-like but the records of the Canadian journalists who served with the army are a credit to that of seasoned campaigners in the regular forces.

A glance over the records will show that, among others, the Maritime Province newspapers produced the following fighters: Lieut. Simon Fraser, Sydney Record; Lieut. Milner Stevenson, Charlotte-town Guardian; Capt. Douglas Black, Fredericton Gleason; Capt. Rev. E. H. Burgess, Sydney; Lieut. H. C. Crowell, Halifax Chronicle; Capt. J. Edgar March, St. John Standard; Lieut. J. P. Connolly, Halifax Herald; Lieut. Alex. W. Thorne, St. John Standard; Lieut. E. R. Dennis, Halifax Herald; Lieut. Willard McKinley, St. John Standard; Lieut. James Dever, St. John Times; Lieut. Francis X. Jennings, St. John Times.

Corporal Colin McKay, R. N. V. R. St. John Standard; Corp. R. L. Cotton, Charlottetown Examiner, (formerly president of the housecleaning Press Association); Capt. A. R. Brennan, Summerside Journal; Capt. D. B. Weldon, Moncton Times; Major L. D. Chipman, Annapolis Spectator.

It is also interesting to note that two women reporters also served overseas and acquitted themselves most ably. Miss Isabel McCaw from the Montreal Star served with the Scottish Women's Hospital Motor Transport Section in Serbia, and Miss Maurine Robb of the Winnipeg Tribune was for some time assistant administrator of the Q. M. A. C.

CORP. SAM MCKIM RETURNS HOME

Went Overseas With the 104th, Drafted to the 5th C. M. R., Wounded in August, 1918, and So Far Has Had Eight Months' Hospital.

Corporal Samuel W. McKim, who enlisted with the 104th Battalion in 1915 and went overseas with that unit, has returned to Canada looking real healthy but still using crutches as a result of an ugly thigh wound received by shrapnel.

Corporal McKim came over to Portland, Maine, in an hospital ship, and on Tuesday after reaching St. John was taken to the home of his parents, Mr. and Mrs. William McKim in Welsford. After enjoying a fourteen day furlough in the good country air he will journey to the military hospital in Fredericton for treatment.

At the time of enlisting in the 104th Corp. McKim was in the employ of the Imperial Oil Company, and during his short stay in the city Tuesday he was warmly welcomed home by numerous friends. He was accompanied to his old home in Welsford by his brothers Harry and Daniel, and it is needless to say that it was a joyous reunion between parents and their hero son.

After crossing to England Corporal McKim was drafted to the 5th C. M. R., and after passing safely through many hard fought battles he was severely wounded on August 28th, 1918. He spent eight months in hospital before he was invalided to Canada, and it is expected will be some time in the Fredericton hospital before he is discharged from there.

Commencing May 24th, the West St. John Street will be opened to the lead of King street. Fairville Street, Cars will be operated to Douglas avenue corner. Four additional cars will be put on the Main, Prince William and St. James street route. The Seaside Park service will start on this date. In the mornings one car will be operated from Seaside Park to Tiltor's Corner; Saturdays, Sundays and when fine weather permits, additional cars will be put on through the city and direct to Seaside Park.
