We do not ask you to encourage  
home industry,—we ask you to see  
the quality of goods we manufacture,  
and get our quotations. Goods man-  
ufactured by us are considered High  
Grade in the leading cities of Canada.  
Foreign woods imported direct from  
the south.

## MAIL ORDERS

We solicit out of town orders which  
receive our personal attention. The  
length of time taken to fill orders is  
governed very largely by how busy we  
are in the department of our factory,  
in which the particular goods are  
made. While we have exceptional  
facilities for promptly turning out  
goods, it is important to place orders  
as far ahead as possible. Orders are  
filled by us in the rotation in which  
they are received, and customers can  
always depend on our doing everything  
in reason to give prompt despatch.

OUR OFFICE IS CONNECTED WITH THE N. B. TELEPHONE BY TWO SE-  
PARATE LINES INSURING PROMPT ATTENDANCE.  
OFFICE HOURS—7 A. M. TO 6 P. M.

## BASEBALL NOTES

**AND JOTTINGS**  
Good Games Now the Rule And  
Attendance Are Increasing  
at the Bawl-Yard

"All roads lead to the bawlyard," So  
sang an ancient sage, and the echo is  
now heard coming from the rock  
bound heights of the Sugarloaf. Our  
peerless players have now got their  
spikes sharpened, and are fit for the  
fray, some of them even having imbibed  
the martial spirit of Roderick Dhu,  
who sang,  
"Come one, come all, this rock shall  
fly  
From its 'first base' as soon as I".  
In beautiful weather, and before a  
godly gathering of the youth and  
beauty of our town, not counting the  
various Exs who hold down the boards  
of the grand stand, the Vics and  
Mechs. engaged in deadly combat on  
Friday evening. The Mechanics had  
McNutt again on the firing line with  
our old friend Cady behind the mask.  
A new man in Savidant also appeared  
in centre field, who bids fair to make a  
big noise in the field some day soon.  
One of his foul tips into the stand  
caused our worthy ex-president to  
hastily "shove along" a bit, but got no  
more appeared in the field, but got no  
chance to show his acrobatic ability in  
furling long flies. Dickie opened the  
hitting for the Vics, but had a faint  
spell in the third, when nine runs  
came in. The final score was 11-4 in  
favour of the Mechanics.

Struck out by McNutt, 5, by Dickie,  
2. Left on bases, Mechanics, 3, Vics,  
4. Umpire, F. C. Lutz.  
On Monday evening in good weather  
and before a select gathering, the I.  
C. R. just nosed out from the Vics in  
the close score of 5-7. There was a  
fair number of the sweet young co-eds,  
who were unsisting in their plaudits  
of the finer hits of play. Troy's hit in  
the 3rd innings looked very much as  
if the box of cigars was won, but the  
ball landed on this side of the fence,  
the hit going only for two bags. Chip  
earned the glad hand for his catch of  
David's fly in the 4th, as did F. Roy of  
Palmer's in the 5th. The ball which  
was swatted for the long hits was lost  
in the long grass, to the south of the  
stand. This occupied the attention of  
the magnates, but we are assured  
there will be no Royal Commission ap-  
pointed although some of the smaller  
boys might have been able to throw  
some light on the subject of its ap-  
pearance. Notwithstanding the great  
heat the price of cooling thirst quen-  
chers remained stationary.

## VOCAL AND INSTRU-

**MENTAL RECITAL**  
Miss DeCorrevont and Miss Fer-  
guson of Dalhousie Score De-  
cided Success on Monday

Last Monday evening the Opera  
House was well filled with music  
lovers on the occasion of Miss F. De-  
Correvont's second musical recital.  
Miss DeCorrevont was assisted on this  
occasion by Miss Ferguson of Dalhousie,  
who made a most welcome appear-  
ance to Campbellton audience, and her  
violin and piano playing were much  
appreciated. Miss Ferguson is a play-  
er of no mean ability and will rank  
high in musical circles in the Mar-  
time provinces in the near future.  
Miss DeCorrevont was again well re-  
ceived and had to respond to an encore  
after the singing of "The March of  
the Cameron Men." Perhaps her best  
number of all was the solo "Fairy  
Pipes", with its lilting haunting mel-  
ody, and both ladies deserve a great  
deal of credit for the carrying out of  
such a heavy program with vigour and  
tasteful musical feeling. Miss  
Ferguson responded to an encore in  
her playing "Simple Aveu," while the  
Slumber Song by Hauser, was perhaps  
her sweetest number.

Miss DeCorrevont and Miss Fer-  
guson intend giving a series of concerts  
on the Gaspe coast, and will appear in  
New Carlisle on the evening of June  
29th. From there they will go to  
Chandler, probably appearing there on  
Wednesday the first of July. This will  
indeed be a musical treat of high ex-  
cellence and one that will most likely  
be taken full advantage of by music  
lovers in these towns.

- The program on Monday evening  
was as follows:  
1. Piano Solo  
Lustspiel Overture Keeler Bela  
2. Violin Solo  
Minuetto in G. No. 2 Beethoven  
3. Vocal Solo  
Rose Softly Blooming Spohr  
4. Pianoforte Solo  
Spring Song Hollander  
5. Vocal Solo  
Santo Spring Guy d'Hardelot  
6. Violin Solo  
Berceuse Godard  
7. Vocal Solo  
March of the Cameron Men Campbell  
8. Pianoforte Solo  
Polish Dance Scharwenka  
9. Vocal Solo  
Kathleen Mavourneen F. Crouch  
10. Trio

Arrangements have now been com-  
pleted for the visit of Chatham on  
July 1st. This is the first foreign  
game of the season, and the executive  
are making every effort to put a  
strong team in the field. It is ex-  
pected that the people of the town will  
show their appreciation of the league  
officials activities by turning out in  
large numbers to these games. Look  
out for the posters giving full partic-  
ulars.

The Chatham Gazette says:—  
On the 1st of July the pick of the  
Church League will play two games.  
The first will be in Campbellton against  
the best team in that town. The team  
that will be picked from the League is  
a strong one and ought to make things  
hum for the boys in the Northern  
town. The infield is especially strong  
being composed of such players as E.  
W. Watling, W. Godfrey, H. B. Mc-  
Lean, J. C. Godfrey, S. Watters, and  
E. Malloy, while those playing in the  
outfield will be H. Jardine, G. Mear,  
L. Snowball and A. Cameron.  
The ball players will leave on the  
11 o'clock train Tuesday evening the  
30th and is all probability will play  
afternoon and evening games.

## REV. T. P. DRUMM, B. D.,

**ACCEPTS MONCTON CALL**  
Presbytery Meeting Held at New  
Mills on Tuesday and Call Ac-  
cepted With Hesitation

The congregation of St. Andrew's  
church here learned with regret on  
Tuesday evening that Rev. T. P.  
Drumm had accepted the call to St.  
John's church, Moncton, and will sever  
his connection here this summer. An  
influential delegation of ladies and  
gentlemen attended the meeting of  
Presbytery which was held in New  
Mills on Tuesday morning, yet not-  
withstanding this fact the reverend  
gentleman felt that his duty called  
him to Moncton. This decision was  
not reached easily as Mr. Drumm felt  
it was quite unable to decide the mat-  
ter for himself and asked the presby-  
tery to decide for him. This, under  
the circumstances, could not be done,  
and after much hesitancy he accepted  
the call. Four commissioners ap-  
peared before the Presbytery on be-  
half of Moncton, while those who  
spoke on behalf of Campbellton church  
comprised Messrs. W. D. Duncan, W.  
F. Yonston, D. C. Firth, Mayor Andrew,  
Judge Matheson and others. It is only  
a little over four years ago since Mr.  
Drumm was inducted into the charge  
of St. Andrew's, and while here he  
has been greatly blessed and cheered  
by the unanimity of love from the con-  
gregation. The church has prospered  
and is now in a better condition, finan-  
cially and spiritually than it ever was  
before and has always been reckoned as  
one of the most missionary churches in  
the Maritime provinces. Rev. Mr.  
Drumm will be much missed in this  
community. The services in St. An-  
drew's church always were well at-  
tended, where the rev. gentleman en-  
joyed the distinction of being a power-  
ful preacher, many strangers attending  
the church on account of his sermons.

## CLOSING EXERCISES

**AT GRAMMAR SCHOOL**  
Twelve Graduates Will Receive  
Their Diplomas on Tuesday.  
—Reception at Night

The summer vacation of the schools  
here will begin on Tuesday, June 30th  
and the closing exercises will also be  
held that day, beginning at 10:30 a.m.  
Twelve graduates will receive their  
diplomas this year. These are: Geo-  
rgina Oatman, Enid McKenzie, Lulu  
McKenzie, Annie Murray, Nina  
Alexander, Greta Wall, Carrie Sharp,  
Fred Mowat, Gilford Bruce, Reginald  
McLean, Edmund Gallagher and Bert  
Burgess. Many of the graduates have  
done remarkably good work this year.  
Bert Burgess being the leader of his  
class, has been appointed valedictorian  
for this year.

A program of musical numbers will  
be given in the evening. Hall on  
Tuesday, Judge Matheson presiding,  
and it is expected that some of the  
clergymen and others will also speak  
to the pupils and parents. A reception  
will be held by the graduates in the  
Assembly Hall in the evening.

The High School Examinations have  
been held this week, commencing on  
Monday and will finish to-morrow af-  
ternoon. Thirty-four graduates pre-  
sented themselves, twenty-six being  
from our own school here, and eight  
from schools in the County of Restigouche.  
These examinations are be-  
lieved to be the best ever held at  
Grammar schools of the province, and  
are written on papers supplied by the  
Educational Department of Frederic-

## FUNERAL OF THE

**DECEASED JOHN BARBERIE**  
Largely Attended Funeral Held  
at Dalhousie on Wednesday  
Afternoon

Many friends in the county and  
province will learn with regret of the  
death of John Barberie, which occur-  
ed at "The Birches" Dalhousie, N. B.,  
on the 21st inst., after a lingering ill-  
ness, in the 78th year of his age. He  
was born in Dalhousie in the year  
1836, second son of the late Andrew  
Barberie, who for many years repre-  
sented the county in the local house.  
The late Mr. Barberie was appointed  
registrar of Deeds in 1873, which office  
he has filled until a few months ago.  
He was of United Empire Loyalist de-  
cent. He is survived by his wife who  
is a daughter of the late Capt. A. G.  
Allan, and a niece of the late Major  
General Sir John Hamilton Cox, C. B.,  
of the Gordon Highlanders, also four  
daughters, Mrs. W. K. McKean, St.  
John; Mrs. L. H. Johnson, Sydney, N.  
S.; Mrs. Arch. Fullerton, Adanac,  
Sask.; and Gertrude at home, also by  
three sons, Capt. Jack Barberie, Van-  
couver; Andrew Barberie, Dalhousie,  
and Frank at home.

The funeral took place on Wednes-  
day afternoon from "The Birches", to  
St. Mary's Episcopal Church, where  
the service was held by Rev. R. J. Cole-  
man, thence to St. John's Presbyterian  
cemetery, and was very largely at-  
tended by friends from all parts of  
Restigouche. The pall-bearers were  
James Reid, M. P., R. H. Montgomery,  
W. W. Doherty, Charles Powell, James  
E. Stewart and Timothy Robinson.  
Undertaker David Graham of Camp-  
bellton, was in charge of the funeral  
ceremonies, and when the large corte-  
ge passed down William Street, most  
of the stores had their blinds down, as  
a mark of respect for one of Dalhou-  
sie's pioneers, who was going to his  
last home.

## DRIVING ACCIDENT

**NEAR SHIVES ATHOL**  
Horse Bolts And Machine is  
Smashed in Collision With  
An Automobile

On Tuesday evening the county  
road between Athol and the town was  
the scene of a bad carriage accident.  
Mr. and Mrs. Cameron Andrew of  
Athol and Miss Steeves were driving  
to town, and when near Millers mill,  
the horse took fright and bolted. Mr.  
Andrew losing complete control of the  
animal. Dashing along the road, the  
equipage met and collided with the  
auto driven by Mr. S. W. Dimock, and  
the occupants of the carriage thrown  
out. Mr. Andrew was badly cut about  
the head and face, and Mrs. Andrew  
received a deep cut on the forehead.  
Beyond a few minor scratches and  
shock Miss Steeves was uninjured.  
The horse was then brought to a stand  
still and was not much the worse of  
the escapade. Medical attendance was  
immediately called to the injured par-  
ties, who after their wounds were  
dressed, were driven to their homes.  
On enquiry, we were informed that  
Mr. and Mrs. Andrew were progress-  
ing favourably, although still suffer-  
ing from shock.

It is expected that a large number  
of parents will attend the Closing Ex-  
ercises as the change in the hour to  
10:30 will suit the parents much bet-  
ter, allowing the exercises to be fin-  
ished by 12 o'clock.

A MUSICAL TREAT  
OF HIGH EXCELLENCE

The Royal Welsh Male Singers  
Will Appear Here at the Em-  
press Theatre June 29th

A musical treat is promised the patrons of music next week, when the Royal Welsh singers, sixteen in number, will appear at the Empress Theatre, for ONE NIGHT ONLY, June 29th. This great aggregation of singers has drawn unbounded enthusiasm wherever they appeared, and stand in the highest class of male voice singers.

The St. John Standard of June 2nd, says:—

The concert of the Royal Welsh Male Singers at the Opera House last evening is without doubt the most important musical event in this city since the Sheffield Choir appeared here in March, 1911, and recalled, in its standard of performance, the impression created by that great body of chorists. This being so, it is all the more to be regretted that the St. John public do not realize it and turn out accordingly, but this will doubtless be remedied on the two remaining nights of the engagement. It is certain that a more perfect aggregation of male voices, or a more complete exposition of the beauties of male voices singing has never been heard here.

The vocal blend was very excellent indeed and while the response to the conductor, G. F. Davies, was instantaneous, yet one could not help but feel that the expression was instructive and unanimous and not merely the lavish obedience to a baton. If any of the vocal sections can be singled out for particular mention it might be the first tenors, distinguished as they are, by voices akin to the counter tenor and a natural highness and clarity practically unknown in this country. The second basses, too, possessed depth and richness very satisfying. A particularly strong feature of the choir work is their beautiful and effective use of the bouche fermee or humming with closed lips, a vocal effect which depends for its success on the perfect voice production and placement. It was particularly demonstrated in "All Through the Night," and the encore to the sextette from "Lucia." The soloists were all heard to great advantage, and it is seldom that St. John is privileged to hear such delightful choral music as last night.

Frederick Gleaner.—John McNair, a North Shore lumberman, who brought out Will Be Sure (2.15 1/4) on the provincial tracks some years ago, has the pacing stallion back in his barn again. During the last two or three years Will Be Sure has spent most of the time on the Boston speedway, being in the stable of A. J. Furlyst, a well known New England horseman. He was sent there to be sold by Fred Ryan, of Sackville, who bought him a few years ago. Recently Will Be Sure was shipped to St. John, but there was some mixed regarding the sale and it did not go through. Now it is said that Mr. McNair has bought Will Be Sure back again, the reported price being \$800.

PASPEBIAC  
Miss Bernice LeBlanc of Gascons spent a few days with her cousin, Miss M. Irene Dea.

We are sorry to note that Mrs. M. O'C. Harris has had to return to Montreal, as her general health was not satisfactory. She left on the 17th, accompanied by her husband.

The Misses Mabel and Clara Amy and brother of Quebec, are the guests of Mr. and Mrs. John Clement for a few weeks.

Miss M. Irene Dea spent the weekend with her parents at Port Daniel West.

Mr. P. C. LeGallais and Mr. L. L. Dawson of the Bank of Nova Scotia, paid a visit to Chandler on Saturday returning on Monday.

Messrs. W. Helleur, J. S. Flemming, Renaud W. Lux and C. J. Lampkin were in town last week.

Among the vessels in port last week were the H. R. Silvers, the Speedy, Bravo and Isiah K. Stetson.

## PORT DANIEL

Mr. James Miller, Supt. of the Lobster Hatchery, informs your correspondent that notwithstanding some damage done by the storm, the spawn is in good condition and hatching rapidly. Owing to a new filtering device which has recently been installed, it is now possible to get perfectly clear water into the tanks. Previously, every storm resulted in a large quantity of muddy water being pumped in, causing the loss of a considerable percentage of spawn.

Among the recent arrivals, we are pleased to note, Miss Gracie Dow, who has been teaching in Cape Cove; also Miss Mabel Dow, Miss Julia Dow, and Miss Almira Horie, all of whom have just returned from Montreal.

The Model School having closed last week, Miss S. E. Hall left this morning for her home in Nova Scotia.

The Elementary department closes today. Results of the examinations are not yet to hand.

Frequent rains are still the order of the day.

We exceedingly regret to hear of a breakdown at the P. P. Viall Lumber Co's mill, but trust that speedy repairs may be effected.

We heartily congratulate the gentleman who found a number of fine salmon on the beach after the blow last week. It does not seem to be quite clear, whose net they had washed out of, therefore he sometimes unjustly rue "finding is keeping" holds good in this instance.

Port Daniel Lodge, No. 88, I. O. G. T., entertained a large number of visitors from Shigawake Wednesday, 17th June. Recitations, readings, games and refreshments helped to make an enjoyable evening.

Over thirty members in full regalia paraded to the Anglican church, Sunday evening to hear a most helpful and inspiring Temperance sermon by Rev. A. T. Love, who also holds a very prominent position in the Lodge.

The Bonaventure District Lodge, No. 3, I. O. G. T., will hold its quarterly session at Shigawake, Friday, June 26th.

## GASPE

At noon, on Friday last, all Gaspé was shocked by the news of a terrible accident at the Forest Reserve Pulp and Paper Co's mill at Sandy Beach, about three miles distant, one of the roaring machines having exploded, killing one and injuring three others. The dead is Elvin Mullin, age 15 years, of Sandy Beach, the injured are Mr. Gervin, millwright, P. Miller and R. Palmer. Mr. Gervin is in rather a serious condition, but has been pronounced out of danger, while the others miraculously escaped with only bruises and a severe shaking. How the other workers escaped is a miracle, as the force of the explosion was terrible. It is not known how the explosion was caused.

Much sympathy is felt for the parents and relatives of the victim, whose loss will be sincerely mourned by all who knew him.

Mr. Paul Leveille of the Malson-neuve branch of the Bank of Toronto, is spending his holidays at Gaspé.

The Model school has closed and many of the pupils are anxiously awaiting the reports from Quebec.

Miss B. Bechervaise, who has held the post of principal for the past two years, has accepted the same post at Bury, Que. Miss Bechervaise will be greatly missed, as her two years of work here have been splendid ones, and the good wishes of her pupils and friends follow her to her new position.

## HOPETOWN

In loving memory of our darling, Lydia May Ross, who was taken from us June 22, 1910, at the age of three years and eight months.

Silently the stars are gleaming,  
Upon a lone and silent grave,  
Where thou sleepest darling Lydia,  
One we loved, but could not save.

We often sit and think of her  
When we are all alone,  
For memory is the only friend  
That grief can call its own.

Father and Mother.

We are pleased to hear that Mr. J. E. Levesque, agent for the Fort Motor Co., is doing such good business, having sold several cars here, two of the purchasers being Robin Jones & Whitman and Mr. H. C. LeGrand.

## NEWSY ITEMS FROM NEARBY PLACES

Gathered by Graphic Correspondents.—Contributions to this Column are Solicited from every District of the Bay of Chaleur.

## DALHOUSIE

Dalhousie, June 23rd.—As the summer goes along, baseball becomes more popular, and the interest of the young crowd is turned towards the Dalhousie Athletic field, where, the series of games take place, for the splendid trophy donated by the A. J. Reach Company of Philadelphia, to the winners of the league.

The Banker's miss, are leading in the series at the present time, with the town team not far behind; but the bankers will not use a spyglass to denote the distance between them. The enthusiasm seems to be centered on the Diamond H. known as the Mill team, whom, though occupying the foot of the league, are looked up with confidence, by their fans, who cheer them with the hope that they will bring back the silver cup to their friends of the pine and tall timbers.

Natives of the Bay of Chaleur, must be delighted with the recent appointments made. Following the appointment of Hon. John Hall Kelly, to the Legislative Council of Quebec, comes the announcement of the elevation of Hon. Edmund J. Flynn, a native of Perce, Gaspé Co., to be Judge of the Superior Court for the districts of Montmagny and Beauce, to replace Hon. Judge Climon. He was sworn last week by Hon. F. X. LeMieux, Chief Justice of the Quebec Superior Court, who formerly represented Bonaventure Co.

Judge Flynn for many years represented the Co. of Gaspé, in the Quebec Legislature, and was for sometime premier of his native province. He was one of the best debaters in that assembly.

Hon. George E. Foster and Mrs. Foster, of Ottawa, arrived here on Friday, and are guests at the Inch Arran House. The minister will spend a couple of weeks in Dalhousie, and Mrs. Foster will stay at the Inch Arran for the summer. On Monday, Mr. Foster enjoyed some trout fishing on the Nouvelle River. He was accompanied by Mayor Montgomery and other friends.

Mrs. Arthur McGregor arrived here last week from Quebec, to spend sometime the guest of Miss Kate McGregor.

Mrs. Russel Mawhinney and Miss Annie Mawhinney, Upper Charlo, were visitors to town on Monday.

Mrs. N. E. L. Dyer, Miss B. Dyer and Master Claude Dyer, Montreal, are guests at the Inch Arran House for the summer.

Miss Louise Helen Wright, Montreal, arrived here on Friday to spend the summer months at the Inch Arran.

Mr. Flora McIver, St. Madrie, New York; is spending the summer in Summerside, the guest of her nephew, Mr. Ebenezer Ferguson.

Mr. James Verge, Registrar, Carleton, P. Q., was in town on Friday, on his way to Jacques River to attend the funeral of the late Dr. Henry Diabrow, which took place on Saturday afternoon.

Mrs. Dr. Martin and Miss McGinnis, Campbellton, were guests at the Queen here on Friday.

Mr. Joseph Pichette, Campbellton, was in Dalhousie on Friday returning from a visit to his old home at Robitaille, P. Q. He confirmed the report of salmon being very plentiful on the Quebec side of the Bay of Chaleur.

Mr. Simon. Poirier, Bonaventure, was in town last week.

Judge Matheson, Messrs. R. A. Lawlor, Hugh Carr, A. T. LeBlanc were here last week attending court.

The death of Mr. John Barberie, which occurred on Sunday night, although not unexpected, came as a surprise to his friends. He had been ill for several months, but recently was able to converse with many, and on Sunday afternoon he received several callers. He was 78 years of age. He was a son of the late Andrew Barberie, who represented the Co. of Restigouche at one time at Fredericton, and was a brother of the late Hon. J. C. Barberie. For many years he filled the position of Registrar of Deeds and Probates for the County of Restigouche.

## CHANDLER

The following were in town this week:—Mr. and Mrs. Belleisle of Campbellton; Mr. Cox of Moncton; Mr. Renault of Montreal; P. C. LeGallais, Mr. Dawson of Paspebiac; Mr. W. L. Kempfer of New Carlisle.

Mr. Arthur Ahle has opened an ice cream parlor next door to the "movies", we wish him every success in his new undertaking. We notice he is being patronized by his cosmopolitan friends.

Mr. A. Langlois' three story hotel, now under construction, is going ahead rapidly. He expects to be open to business during the month of July.

The fine weather seems to have come to stay. Sunday the town was packed with visitors. Lots of the young folk were to be seen along Chandler's beautiful shores, every second one carried a camera, so as to take back with them souvenirs of their visit.

Frank Ross and Heubles Carr are in town today.

Mr. Snow, dentist, left for Campbellton today.

J. C. Jones of Little Rives West, accompanied by Miss Stella O'Connor, were in Chandler Sunday.

Quite a few Chandler boys went fishing yesterday, and returned with a good catch, but the fish looked as if they were caught with silvery bait.

Lots of room for visitors in Chandler now, we have forty six boarding houses.

## NEWPORT CENTRE

The weather now seems to be making a special effort to be summery. Mr. Grant of Cape Cove was in town some time ago.

Quite a few commercial travellers have been in town this week. Among those were Messrs. Marcou, Chouard, LeBlanc, Teterault, Falu, Noron, Renault, Flemming.

Rev. Fathers Oullette, Dauteuil, Poirier, Cyr and Belleisle, were in town last week.

Mr. March, commercial traveller of St. John, and Mr. F. Arsenault of Bonaventure, were in town the 17th.

Mr. Jas. Poirier of Shigawake and his son Theodore, were here last week.

Mr. Chas. Stroz of Grand River was in town Sunday.

Mr. Harold Lemarquand, who has been at school in Paspebiac, is now at home for the summer months.

Mr. and Mrs. Jas. Jessop drove down to Grand River Sunday.

Miss Yvette Jessop and Wallace Jessop were down to Grand River for the closing exercises of Grand River Convent last Friday.

We are glad to hear that Mr. James Jessop of Newport, who has been studying law at Laval University, Quebec, has successfully passed his final examinations. We all wish this young lawyer success in his examinations for the bar.

## NEW CARLISLE

Dr. R. E. Leprehon, formerly of Montreal, who for the past three years has been travelling on the coast as specialist, having been obliged for that time to take a rest from general practice on account of ill health, is taking up again his general practice. He will be glad to welcome and do his utmost for those who wish to consult him. Charge of fees same as other doctors of the place. Residence between Paspebiac and New Carlisle, at the old Christie Home.

Each age of our lives has its joys. Old people should be happy, and they will be if Chamberlain's Tablets are taken to strengthen the digestion and keep the bowels regular. These tablets are mild and gentle in their action, and especially suitable for people of middle age and older. For sale by all dealers.

Mrs. R. Mitten, who has been spending several weeks visiting friends in the South of the province, has returned.

Dr. Rowley, St. John, arrived in town on Monday to spend a couple of days the guest of Mr. and Mrs. H. A. Hilyard.

**RED CROSS SPEARMINT DR. KING'S PEPPERMINT PEP SIN CHEWING GUMS**

Pure citric—pure sugar—pure fresh mint—best flavor are what make them so good. Make sure of getting them by looking for the Capid on every package. The wrapper of each packet is a coupon redeemable for hundreds of beautiful gifts. Get the catalogue of them where you buy the gum or write to us for one.

CANADIAN CHICLE CO., Limited  
PETERBOROUGH - ONTARIO

Made by Canadians in the most complete, up-to-date and cleanest factory of its kind in Canada.

THE DUDLY CYCLE CAR.

The people want something that they can run at a lower cost. The answer to this demand is the CYC-LECAR. The Cyclear is here to stay—it is not a fad. The DUDLY is a motor vehicle for two persons, capable of the road speeds of the average touring car on any road where cars travel, as comfortable as a big touring car and as reliable, being sold for \$385 and runs 32 miles on a gallon of gasoline average, and 10-40 to 15,000 miles on a set of tires costing \$40 a set.

## Letting The Light In

Shops and businesses that are illumined by advertising have a vitality and efficiency not possessed by shops and businesses that drape their service and activities with a pall of silence.

Everybody knows that it is in all ways good to let much light into dwellings, factories, shops and stables—into all places where life is and where health and efficiency are desired.

We commend to the merchants of this community the advantages and good results of persistent advertising in our columns, for the public always goes where light is—the public shuns dark places. Light means welcome and confidence.

## A WORD TO MERCHANTS

Advertising will go far towards retaining the loyalty of old customers and winning you new ones. Fifty-two advertisements in our columns will prove an excellent salesman—one whose yearly cost to you will be less than what you are now paying to some salesman behind your counter.

## YOUNG MAN DROWNED AT NEWCASTLE, N.B.

Shipped and Fell While Walking  
Along Edge of Barge.—Body  
Not Recovered

Newcastle, N.B., June 23.—A sad drowning accident occurred here shortly after seven o'clock this morning, when Hugh McDonald, aged 25, a native of Hexham, Northumberland Co. lost his life.

The deceased, who was employed by the Foundation Co. as a barge hand on the construction of the new bridge, had just commenced work for the day, and was walking along the edge of the barge, when in some unknown manner he slipped and fell into the water and was carried under the barge by the tide, which runs very swiftly at that point.

No one saw him fall, but his brother, Alex. McDonald, and several workmen heard a splash, and rushing to the side of the barge, were horrified when the unfortunate young man did not rise to the surface, as he was an excellent swimmer.

Grappling was at once commenced, but so far no trace of the body has been found.

He is survived by his parents, Mr. and Mrs. Kenneth McDonald, four sisters, Mrs. Ernest Holloway, Boston, Miss Francis and Isabelle, of Portland, and Miss Nevada, at home, and one brother, Alexander at Newcastle.

## AMHERST CRUELTY CASE IN COURT

Woman Swears Her Husband  
Struck Her on the Head and  
Face With a Dead Duck

Amherst, June 20.—That her husband was brutal to an extreme, that he had beaten her and hit her in the face with a dead duck was the charge preferred against Thomas Burgess of Lower Victoria street by his wife in the police court to-day.

The woman, a slightly built person with five children to feed on a meagre allowance, described the last outrage, the details of which were given a general denial by Burgess himself. Last Monday she says he came home from his work and found two ducks lying dead. He flew into a rage and accused his wife and children. Mrs. Burgess told him she didn't know how they got killed. She swore he then picked up the fowl and flung it into her face, followed her into the house and struck her again, using bad language the while.

In contradicting everything she said about him Burgess stated his wife was in trouble all the time. She wouldn't keep in the house and was "chumming round" with the neighbors. Even there in court she was with a woman he told her not to have anything to do with.

"I bring home my money, don't I, and put it on the table," he asked. "Yes, but I don't throw it away," replied his spouse.

On Mrs. Burgess promising to produce a neighbor who saw her husband hit her with the duck, the trial was adjourned till Tuesday.

Only Thursday night Mrs. Burgess returned from Halifax after failing to prevail upon Mrs. Egan of the Children's Aid Society, to relieve her of the support of some of her children. The burden of bringing them up, she claimed, was too great along with a husband who drank and ill used her.

## ANNIVERSARY OF ST. JOHN FIRE

Thirty-seven Years Ago on Sat-  
urday the City of St. John  
Was in Ashes

St. John, N. B., June 20.—To-day marks the thirty-seventh anniversary of the great St. John fire; it was on June 20, 1877, that the prosperity of this city was given a sudden and disastrous set-back, from which it has only recently recovered. On that date, for once the motto of the city was belied, and "O' fortunati, quorum jam moenia surgunt" (O fortunate city, whose walls are now rising), was looked upon rather ironically, but the people withstood the awful blow, like the true Britishers they were, added the word "again" to their motto, figuratively speaking, and victory was resulted from what might have been a crushing defeat.

The fire was a calamitous one, and was followed by a period of trying hardships by the greater portion of the city's population.

In the comparatively short space of nine hours, fully two-fifths of the entire city was laid in ashes, 1,612 houses were destroyed and at least as many families left homeless. At one time the fire was burning fiercely in three sections of the city, a brisk northerly carrying with it the destructive flames and flying embers over the heads of the terror-stricken residents, who stood and watched in awe the demon carrying everything before it. Before the fire had burned itself out two hundred acres lay in ashes, and stopped only when the water-line prevented the onrush of flame.

Col. The Hon. Sam Hughes should note the method of filling depleted ranks adopted in Mexico. A letter from one Mexican General to another ran: "General: I am sending you fifty volunteers. Please return the ropes."

## ONLY ABOUT ONE MONTH MORE

Automobile Contest Will End  
August 1st.—July Best  
Month

The time of the Graphic Automobile Contest is drawing to a close, as it closes August 1st.

The month of July is the best month of the year for procuring subscriptions in this district, and no doubt a strong effort will be made to pile up good scores during the next five weeks.

As an incentive for all our contestants to hustle for one particular week, we are offering a special prize of \$10.00 for the person handing in the largest number of new subscriptions during the week of July 6-11th. Read the announcement in another column.

The standing up to date is:—

Miss Amy E. Beck, Chandler, P. Q., 54,975.

Weston Chisholm, New Carlisle, P. Q., 597,660.

J. F. Marcotte, New Carlisle, P. Q., 214,715.

George Wilkins, Shives Athol, N. B., 413,790.

The Graphic gives 2,000 votes on every new subscription, and 1,000 votes on every renewal.

## WONDERFUL HAIR

Clean and free from dandruff and possessing all the radiance of perfect hair. This is just what Sagine means to those who suffer with itching scalp, dandruff, coarse, dry or common looking hair. Sagine is new life to faded unattractive hair. Sagine feeds the hair root with the necessary food for promoting a healthy growth. Sagine is the daintiest tonic you could wish for. It is not a dye and is not sticky or greasy. A large shaker-top bottle costs only 50c, and Mr. Wran gives his personal guarantee to refund the money if you are not entirely satisfied. Be sure to go to Thos. Wran's drug store as other stores cannot supply you.

### MR. FLEMING'S POSITION.

The evidence that was reluctantly given by Mr. Brankley, under the pressure of Mr. Carvell's questioning, plainly proves that Mr. Fleming was the head of the campaign-fund conspiracy that extracted about \$70,000 from certain lessees of Crown Lands. The contributions of the North Shore men, \$15 a square mile on their holdings, were dumped into a drawer in Mr. Brankley's office. Mr. Brankley was taken up to Mr. Fleming's room by Mr. Berry. Mr. Fleming, referring to Edgar R. Teed, whom as in the room, said: "Anything Mr. Berry tells you about this man is all right." Mr. Fleming retired, and Mr. Berry said to Mr. Brankley: "This is the man you are to give this money to." And Mr. Brankley subsequently made a newspaper wrapped bundle of the packages of money, and gave it to Mr. Teed in Mr. Berry's presence.

This is the whole story, and it is a damning story. Mr. Fleming would not be believed on oath if he should deny that he knew of the blackmailing operations of Mr. Berry. It is clear that he knew that he was the director, and that the money came to him or to the person he indicated.

The only possible defence in sight for Mr. Fleming is, that he got the money for campaign purposes and has not taken any of it for his own use.

But this defence at all is a legal or moral one. Mr. Fleming, unless the evidence to be given by Mr. Berry and Mr. Teed, is taken him to be the innocent victim of a conspiracy on their part to use him out, his use being for the benefit of the person who was the real director.

### CONSCIENCE MONEY

In September, 1909, Mr. P. O'Leary lost a wallet containing a little over \$1000 on the street here, and advertised a reward of \$200 for its return. There was no response to the advertisement at that time, and although some parties were suspected, there was not enough evidence upon which to work. One of these parties shortly after, left the country, and another party went to Mr. O'Leary in April of this year and confessed to finding the wallet with this money, and has promised to make up the amount. To show that the party intends to do so, Mr. O'Leary has already received over \$100 in money, and property to value of less than \$100, and the intention is to pay the whole amount. Mr. O'Leary has decided not to take criminal action, as the party is struggling to make a livelihood.

### GOOD RECITAL BY STUDENTS ON FRIDAY

Miss Asker's Pupils Give Interesting Little Concert For the Benefit of Library Fund

Last Friday evening a most enjoyable little recital was given in the Assembly Hall of the school by the pupils of Miss Stella Asker. A goodly number of the parents and interested friends were present, who much enjoyed the performances of the little folks. The piano solos were varied with a reading by Miss Muriel Stevens who gave Rudyard Kipling's "Wee Willie Winkie" and responded to an encore, and a flower song by Miss Ethel Farrar. The recital drill by the eight little girls were quite an innovation and the movements were well carried out. Special mention could scarcely be made of any of the performers although the piano duet by the Misses Josephine Dickie and Georgie Currie was much above the

### GOOD PROGRAM

The Royal Gwent Welsh Singers, who come to the Empress next Monday night, have appeared many times before royalty. All through the Maritime Provinces they have been most successful, and in other newspapers coming into the office of "The Graphic", we have observed very favorable criticisms of their appearances. The company numbers sixteen men, and includes Henry W. Astle, the famous baritone, who will sing "The Rosary", among other selections. The programme will be general in nature, but mainly devoted to great choruses, such as the Soldiers' Chorus from "Faust."

DON'T FORGET  
That the big sale at Rosenhek's is still going along merrily.

FLAT TO LET  
The upper flat of my house on Queen Street. For particulars apply to J. F. BOUDREAU, Town.

FOR SALE  
Gazowsky Chief, Standard bred, stud horse, registered A.T.R. No. 50870. Age eleven years, color Light Bay, Height 14 hands, perfectly sound, kind and gentle. Price on application. Apply to J. F. BOUDREAU, Port Daniel Centre, P. Q.

## General Gas Engine Repair Company Now Open.

Prepared to look after all kinds of Gas Engine Repairs and Garage Work.

Your Orders are Solicited.

All work guaranteed to give satisfaction. Sole Agents for Canadian Fairbanks Motors.

Garage, Wallace Building  
Corner Water and Queen Streets.

#### GOOD HAY PROSPECTS

The prospects for an abundant hay crop are exceedingly good. The spring, although backward, has been favorable, and the recent showers have been very beneficial for all kinds of crops.

Ladies waiters at almost half their value at GOLDENBERG'S SALE.

#### DRIVING ACCIDENT

While driving last Friday, Mrs. Drumm met with a slight accident on George St. The street had been newly graded, and on the horse going up the steep slope to a residence, the buggy tilted, throwing Mrs. Drumm out, severely bruising her about the limbs.

#### "WHO WILL MARRY MARY?"

The second series of Mary will start at the Opera House on Friday night, July 3rd, and will run every Friday and Saturday night and Saturday matinee. This series is "Who will marry Mary?" Do not fail to see the first part of this series, as this is very interesting.

#### ACCIDENT

The many friends of Mr. and Mrs. John A. McKenzie will regret to hear of the accident which occurred to their little son early. While playing with some of his friends on Monday evening, he was run over by a wheel and his leg badly bruised and sprained.

#### WEDDING

A bright and pretty wedding was solemnized on Tuesday evening, June 23rd, 1914, at the home of Mr. and Mrs. Joseph Stokes, when John Goodwill Christopher and Margaret Susan Huntington, both of this town, were united in marriage by the Rev. J. E. Lardie, Rector of Christ Church.

#### MARRIAGE

At Flatlands on Wednesday, 24th June by Rev. Gordon Firth, T. Karl McAliese of Melrose, Mass., to Jean Isabel Gillis of Flatlands.

#### AGRICULTURAL SOCIETY

The local agricultural society have been successful in getting here two standard bred horses, one a Clydesdale and the other a Hackney. These horses will be for use by the members of the society, subject to certain conditions. Mr. Henry McIntyre also received a pure bred Holstein bull, which although but young, is considered by competent judges, to be a splendid animal.

#### GRADUATES IN MUSIC

The closing exercises of the Halifax Ladies' College were held on Wednesday. There were six graduates. Among the graduates in piano playing of the Conservatory of Music were Miss Jean Connolly, of Salmon River, St. John Co., and Miss Lillian Mowat, Campbellton.

#### PROFESSIONAL

Alexander Spencer, Prof. of Music. Will accept a few more pupils in singing and Piano. Will prepare pupils for Concert singing and Oratoria. Apply personally or by letter, Waverly Hotel. Will visit Dalhousie twice a week, if enough pupils will come forward.

#### THE SALMON CATCH

Remarkable catches of salmon still continue to be made in the Bay Chaleur and Restigouche rivers. Reports from Gaspe to Matapedia are all to the effect that the salmon are unusually plentiful, and the size of the fish caught average about twenty pounds. It is almost impossible to give an idea of the size of the fish. Some are 10 to 15 lbs. weight.

Mr. Chas. Brown returned last week from St. Francis Xavier College, Antigonish, where he has been a student.

## SERIOUS ACCIDENT AT BATHURST MILL

### Alfred Theriault is Injured Seriously Through the Breaking of a Saw.

(From the Gloucester Northern Light)  
Shortly before noon on Thursday last, a short log which was about to be sawn by one of the band mills in the Bathurst Lumber Co's Village mill, fell off the carriage into the rapidly moving lower wheel of the band mill. A number of the steel spokes of this wheel were torn off, the saw was broken, the upper wheel was broken into fragments, and the steel and woodwork of the mill was violently thrown in all directions.

The sawyer, Mr. James J. Daigle, says that he had great difficulty getting the short log on the carriage, and as it could not be thrown on by the nigger, he locked the lever controlling it, until a man could adjust the log securely. Before it had been secured by the dogs, the carriage started to move toward the saw, the short log fell off, striking the lever and breaking it. The carriage then ran amuck, and the log caught in the lower wheel of the mill with the result above mentioned.

The men working on the carriage, Israel Pitre, Setter, and Alphonse Daigle and Ed. Bourgeois, Doggers, leaped off as soon as they saw it start on its mad career, and were practically uninjured, although the greater part of the wreckage of the mill was thrown all round them. The sawyer, James J. Daigle, and the Tailor, Leon Doucet, although working right beside the destroyed machinery, got off with a few slight bruises. Not so fortunate was Alfred Theriault, who was working about twenty feet away at a saw. A large fragment of wood or iron struck him in the breast, breaking several ribs, and injuring him internally. He was at once removed to the James H. Dunn Hospital, where it was found that although very badly hurt, he will likely recover in the course of a few months.

Two men working in the filing room, the filer, Adolph Groulx, and his assistant, Alex. Dicey, had very narrow escapes from death or serious injury. They were working almost directly above the wrecked machine, and great pieces of metal came crashing through the floor and piled up on all sides of them. Some of these pieces of iron weighed as much as one hundred pounds, one of which just touched Dicey and dropped on the floor beside him. Another piece of the band mill weighing about 75 lbs., was thrown straight up, going through the metal roof as though it were paper, and alighting on the steel roof of the engine room.

The band mill was completely destroyed, and until a new machine can be shipped, the mill will run on only one side, which will likely be as long as two weeks or more.

Those who were near the mill at the time of the accident, say that the noise of the smash sounded just like a boiler explosion, which goes to show what a tremendous noise was made by the break.

The men working in close proximity to the destroyed machinery are to be congratulated on their marvellous escape.

Shower of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.

## AN APPRECIATION

The Territorial Headquarters Staff, on behalf of The Salvation Army in Canada, desire to express, through the Press, their deep and sincere appreciation for the numerous messages of sympathy and condolence received from comrades, friends, churches, societies, and others. Since the event of the sinking of the S.S. Empress of Ireland, such messages have been conveyed by cable, telegram, and letter from all parts of the world, and especially the Dominion of Canada.

It is our desire to let it be known that, particularly the assurances of prayer, have strengthened our hearts, have encouraged our confidence, and have stimulated our faith, and, furthermore, as the realization of the extent of our loss through this appalling catastrophe becomes keener day by day, the kind words of cheer and counsel will help us in our endeavors to carry on the great work of The Salvation Army in extending the Kingdom of God upon earth.

## WESTMORLAND MAN'S MARITAL TROUBLES

### Questions if Divorce Granted in Massachusetts is Valid in New Brunswick

Is a divorce in the courts of Massachusetts any good to a couple who were married in New Brunswick? If it is, Herbert B. Parlee, who is the plaintiff in one of the cases on the docket for trial at the term of the court opening here on July 7th, apparently does not think so. Parlee, who is a barber and now resides at Petitcodiac, is asking for a divorce from his wife, Mary E. Parlee, who now lives in Boston, where she has become Mrs. Oscar F. Richardson.

The defendant according to the libel which has been filed in the case, obtained a divorce from Parlee on the grounds of desertion. The decree was issued in March, 1912, to become six months later. On October 30th, of the same year, she married Oscar F. Richardson and the marriage certificate, which has been filed as an exhibit here, shows that her present husband gave his age as 28 years, and his occupation as a motorman, while she asserted that she was 39 years old and was a cook; their residence previous to March were Nos. 11 and 12 Ernest streets, in the Roxbury district of Boston, respectively.

Husband No. 1 now names Husband No. 2 as co-respondent in his action for divorce, declaring that a divorce in the courts of Massachusetts is no good to a couple married in New Brunswick, and that the defendant, in becoming the wife of husband No. 2, violated the marriage laws with husband No. 1.

Mrs. Parlee-Richardson was formerly Miss Mary E. Higgins, being the daughter of W. J. Higgins, of Salmon River, Northfield, Sunbury county, N. B., at whose home she was married to Parlee by the Rev. W. E. McIntyre on May 17th, 1892. There were two children, a boy 18 years old in British Columbia, and the other a girl, a couple of years younger, living in Boston.

## NEW BANDON & INKERMANS DECIDE FOR LOCAL OPTION

(From the Gloucester Northern Light)

The steady advance of the temperance movement in the County of Gloucester is strikingly evidenced by the large majorities polled for Local Option in two more of the parishes: New Bandon and Inkermans last Thursday.

Rev. W. R. Robinson, Grand Scribe of the Sons of Temperance, and Rev. Mr. Stavert, Secretary of the Dominion Alliance for New Brunswick, assisted the residents of the parish of New Bandon in their fight against the liquor traffic, and the result shows that their labors were not in vain.

Great credit is due Mr. J. W. Nixon of Mizonette, who organized and conducted the temperance side of the contest, and through whose efforts the Government was induced to call for a vote on the question.

When Local Option comes into force in these parishes, there will be only one parish of the county in which liquor will be sold under the license law—that of Bathurst, and signs are not lacking that make it appear as though an attempt will be made here also to fall in line.

precipitation for the numerous messages of sympathy and condolence received from comrades, friends, churches, societies, and others. Since the event of the sinking of the S.S. Empress of Ireland, such messages have been conveyed by cable, telegram, and letter from all parts of the world, and especially the Dominion of Canada.

It is our desire to let it be known that, particularly the assurances of prayer, have strengthened our hearts, have encouraged our confidence, and have stimulated our faith, and, furthermore, as the realization of the extent of our loss through this appalling catastrophe becomes keener day by day, the kind words of cheer and counsel will help us in our endeavors to carry on the great work of The Salvation Army in extending the Kingdom of God upon earth.

## CUMBERLAND GIRL SUES FOR SLANDER

### Jury Finds in Her Favour And Awards \$100 Damages.—Was Accused of Stealing

Amherst, N. S., June 19.—For defamation of character Ivy Mathieson, was today awarded a hundred dollars damages in her suit against T. M. Brown, manager of the Joggins store, owned by the Maritime Coal Railway and Power Co.

Messrs. Geo. H. Sterne and F. L. Miller appeared for the plaintiff.

Miss Mathieson was formerly a clerk in the store of which Mr. Brown is manager. Last December she was promptly discharged. On her father and mother seeking information, as to why she lost her position, it was alleged by them that Mr. Brown had said she had been taking goods from the store, without either paying for them or charging them on the books. Another witness was called and rather corroborated the evidence given by the plaintiff and her parents.

Messrs. Hanway and Patton appeared for the defence, which was to the effect, that Miss Mathieson's sister was seen on several noon hours taking goods from the store to the home, for which the officials said there was no charge or no cash slip. This was in turn denied by the plaintiff.

The defence claimed further what is legally known as qualified privilege, that they acted honestly in alleging the girl a thief, that there was no evidence of malice.

The prosecution held that the verdict would rest on whether the jurors believed there was wrong doing on the evidence adduced in court. He declared the defendant had been advised to dismiss the girl without prosecuting her as "they had not enough proof."

Moreover he claimed there was a display of malice when, after his ire was aroused by the girl's father, the man openly told her he thought she stole. The plaintiff asked for enough damages to pay the costs of the case.

In charging the jury the judge declared this qualified privilege was destroyed by persistence of the defendant in alleging the girl a thief without furnishing the court with convincing evidence of his contention. He said it was only a question for the jurors to decide whether they would give more damages than was asked.

## AUTO BADLY SMASHED

(From the Gloucester Northern Light)  
Dr. Duncan had a narrow escape from death or serious injury last Monday when his automobile was struck by a train at the crossing near the station. The doctor had backed his machine across the tracks on his return from a professional call at one of the houses near the crossing, as the road was not wide enough to turn the auto, and a freight train backed into him. The doctor saw his danger just in time to jump out of his machine, which was completely smashed.

The doctor and other witnesses of the accident say that when he started to cross the tracks, everything looked clear, and it was only when he was nearly across that the freight backed upon him.

It is to be hoped that Dr. Duncan will take action against the railway so that a recurrence of such an accident which might have more serious results, will be guarded against in the future.

Once more the comparative uselessness of lifeboats swinging on davits mounted on the decks of sky-scraping liners has been demonstrated.

## DUGAL INVESTIGATION PROVES INTERESTING: LUMBERMEN PROVE WILLING CONTRIBUTORS

### Chief Scaler Berry Succeeds in Raising Big Fund—Premier Flemming's Name Connected With Graft Collection—Berry Still in Boston.

Evidence on the charges made by Mr. L. A. Dugal, M. L. A., against Hon. J. K. Flemming was commenced at the first session of the Royal Commission appointed to investigate. The chairman, Mr. Justice McKeown, presided, and ex-Judge W. W. Wells and Mr. W. S. Fisher, the other Commissioners, were present.

The entire morning was devoted to the evidence of Col. Thomas G. Loggie, Deputy Minister of Lands and Mines, who testified regarding the quantity of timber lands held by each of the lumber companies and the amounts paid by them in bonuses. Premier Flemming was present during the latter part of the hearing.

The examination of the witness was conducted by Mr. F. B. Carvell, M. P., chief counsel for Mr. Dugal. The witness's information on some points in connection with the different companies was not complete, and it was arranged that he should prepare and submit a tabulated statement giving particulars in full.

Representing Premier Flemming are Messrs. M. G. Teed, K. C., George W. Fowler, M. P., T. J. Carter, K. C., Anderson, and J. A. Berry, while Mr. Dugal was represented by Mr. F. B. Carvell, M. P., Dr. W. B. Wallace, K. C., P. J. Hughes, of Fredericton, and J. H. Stevens, K. C., of Edmundston. In addition, there were present in court Messrs. L. A. Dugal, M. L. A., E. S. Carter, Hon. John E. Wilson, Col. Loggie, John P. Burchill, H. W. Woods, M. L. A., G. Earle Logan, L. P., P. J. Tilley, M. L. A., J. B. M. Baxter, M. L. A.

When the hearing opened, Mr. Teed stated that he had received from Mr. Carvell some particulars which he thought ought to be filed. Mr. Carvell stated there were two additions to be made to the list of charges, in connection with James A. Rundell holding 55½ miles, at \$825, and William M. Sullivan or Daniel Sullivan, about \$2,000, which should be added. He would file complete particulars with the Commission.

Col. Thomas G. Loggie, the first witness, was examined by Mr. Carvell, and stated that he had held the position now known as Deputy Minister of Lands and Mines for the past six years. He knew W. H. Berry for twenty years, and he held the position of sole superintendent of scalers. The scalers of lumber got general instructions from the department, but Mr. Berry was the superintendent. He could not place the scalers where he wished. The final returns of the scalers are made through Mr. Berry, but the fortnightly reports were made direct to the department. Mr. Berry had the right to revise the returns.

Mr. Carvell referred to a New Brunswick Act of 1913 relating to crown timber lands, one section of which provided that the licensee should have to pay a bonus for the renewal of the license. This was to be fixed by the Lieutenant-Governor.

Witness continued that Mr. Berry had arranged about the bonus.

Mr. Fowler—"Arranging" might have a wide meaning. Does the witness understand the question?

Witness—I mean that Mr. Berry fixed the details of the matter, acting under Mr. Flemming's instructions.

Mr. Carvell—Do you know of any report of what Mr. Berry did?

Witness—I saw no report of it, only an order-in-council regarding the bonus. I was not consulted regarding the order-in-council. As far as I know, the arrangements were made by Mr. Berry and the Minister.

Witness produced a list of the names of crown timber limits, showing the amount of the bonus.

Q.—Can you leave this document, or take a departmental document?

A.—This is a certified copy, but I

could get you one.

John S. Leighton of Woodstock gave evidence as to serving the subpoena on W. H. Berry in Boston, where he had found Berry in good health.

John P. Burchill was the next witness called. He said in answer to Mr. Carvell that he lived at Nelson, New Brunswick, and was a lumber merchant. He held in his own name about 130 miles of lumber or altogether about 141 miles but some of this he held for others. Answering Mr. Carvell he went on to say that he paid the whole of the bonuses on the total of 141 miles. He had held the lumber land ever since the general land sale of 1893. He had been a member of the legislature prior to 1903 and had always known Berry as W. H. Berry and always thought that the name was William.

After the passage of the Timber Act he met Berry at Newcastle and had a conversation with him on the classification clauses. Berry asked for particulars and witness sent his woods foreman to give him all the particulars he wanted.

Mr. Burchill next met Berry some time in June at a gathering of lumbermen when they came together as he thought, to talk over the provisions of the Lumber Act. There was a general conversation and the lumbermen, continued the witness, understood that Berry was then acting as the representative of the department of lands and mines.

"I asked him about the sections of the act and one point was whether lumbermen would be allowed to drop sections of lands which had been abandoned as cut over. He said the government would be able to allow some but that where a man had land which lay in blocks he would have to take it as it came." Berry also spoke of the stumpage being fixed for ten years and of the bonuses. The general feeling at that meeting was that the rate should not be \$100 but that \$75 maximum was about all that the land was worth as a financial undertaking.

Witness was then asked by Mr. Carvell about the next meeting he had with Berry at Chatham. Berry suggested that the lumbermen should put up a fund of money.

How much?

"Fifteen dollars a mile."

Counsel for Mr. Flemming here interposed with objections and after a lively tilt the witness was allowed to proceed with his evidence.

Mr. Carvell (to witness)—You were telling us about the fund at \$15 a mile. What did he (Berry) say?

Witness—He said there had been some expense in connection with this thing and they would require a lot of money for election purposes and that this proposition had been made to collect a fund.

Q.—Did he say by whom the proposition was made?

A.—No.

Q.—What did you say?

A.—I asked him if the proposition was made to other lumbermen and he said it would be to those having 100 miles or more.

Q.—Did you promise to give the \$15 a mile then?

A.—No. I told him that if he wanted an answer at the moment it would be a positive "no" but that if he would give me a day or two I would consult friends and talk it over. Berry then said that the bonus had not been

decided upon but he thought that the maximum would be \$100 a mile for class A.

Q.—Did you mention this to anyone.

A.—Yes; I mentioned it to Snowball, Brankley and Ritchie. Mr. Brankley is manager of the Miramichi Lumber Company.

Q.—Did you see Brankley again?

A.—Yes; I think it was the following day.

Q.—Did you have a talk with him?

A.—Not much.

Q.—Did Berry tell you to pay the money to him?

The question was objected to by Mr. Carter and not answered.

Q.—Did you have a talk with Mr. Brankley as to when and where and to whom the money was to be paid?

A.—I think it was on the following day.

Q.—Where did you see him?

A.—At his (Mr. Brankley's) office.

Q.—Did you take anything with you?

A.—Yes, a package of money.

Q.—How much?

A.—\$2,000.

Q.—Was it in the form of a cheque or bills?

A.—Bills.

Q.—What did you do with it?

A.—I took it out.

Q.—What did you say?

A.—I told him it was \$2,000 and asked him if it was satisfactory.

Q.—What did he say?

A.—He said "leave it there I am not going to touch the dirty stuff or words to that effect. Mr. Berry is in the next room; you better speak to

him about it."

Q.—Well?

A.—Berry then came in and said "All right and I left it."

Q.—Was your land shortly after this classified at \$100 a mile?

A.—Yes.

Q.—You say that was practically promised by Berry?

A.—I have already said so. Berry said that the matter was not settled, but that he thought that the maximum would be \$100 a mile.

Walter Stevens sworn, said he was manager of the Dominion Pulp Co., Lower Newcastle, for the last eight years. The president is A. E. Reed, of London.

The holdings of the company were 288½ miles. After giving particulars of the payment of the bonus, witness then testified that Mr. Reed, of their firm, went to Woodstock to see Premier Flemming before July 12. He (witness) on June 26 saw Mr. Berry, who telephoned him to meet him in Newcastle, which he did.

Witness—"I asked 'what do you want me for?' He said 'What do you want me for?' I said 'I want to know what the amount of our bonus will be.' He said 'I cannot tell you until you see Mr. Brankley.' I saw Mr. Brankley in his room at his hotel."

Witness then testified to the payment of \$4,500 which was paid to Mr. Brankley in his office.

Mr. W. B. Snowball, the next witness said that he was president and manager of the J. B. Snowball Co., Ltd., head office at Chatham, with mills at Chatham Tracadie and Millerton, four

in all. The company held about 516 miles of crown lands.

Mr. Carvell—Did you have any conversation with Mr. Flemming or Mr. Berry about the classification?

A.—Mr. Berry came to see me early in June. He telephoned me to come to the Touraine Hotel. I took my land cruiser with me and we found Mr. Berry in a parlor with a lady stenographer. We discussed the timber, the streams, driving, cost of logging, the value of our mills and similar matters. I left my cruiser, Mr. Donovan, with them to supply any additional information Mr. Berry wanted. I did not see Mr. Berry again until about the end of June. He was at the hotel. He told me that there had been a discussion of the land bonus at a meeting of the government in St. John. Some of the government wanted to make it \$150 and others \$100. He said he wanted to know what I thought about it; how would \$100 suit me. I said that \$75 would be enough. I had talked with Mr. Flemming and Mr. Griffler and did not think they would insist on more than \$75.

"He said there was no hope for that. I asked if he was authorized to fix it at \$100. He said: 'Yes, if we can agree.' I said I will talk it over with my friends."

He said: "There is something else I want to discuss with you." I said 'yes.' He said, 'It is thought that this would be a good time to raise a fund. I said 'yes.' He said, 'About \$15 a mile.' I said that this is the first time such a proposition was ever put up to me, and I could not answer until I talked it over with my friends. He said he did not want it to get out. I said I would do nothing without consulting Mr. Burchill and Mr. Ritchie. He said all the others have promised, but these two who say they want to talk it over with you."

"I talked with these gentlemen about the proposal. Afterwards I saw Mr. Berry and told him that I could not give him a decided answer. He said 'If you decide to pay, give the money to Mr. Brankley.'"

Q.—Did you pay the money to Mr. Brankley?

Mr. Teed objected on the grounds that the scope of the inquiry was limited to payments made before the classification, and also that the question was too broad.

Mr. Carvell—Do you mean to say that if a payment was one day late that we cannot secure evidence of it?

Q.—Did you have any more conversation with Mr. Berry?

A.—Yes, by phone. Once early in July. He said every one else had contributed and he thought I should pay up. I said I had not decided. He called again about July 13 or 14. I asked if I was getting the same classification as others? He said everyone was paying \$100. I objected that some of my lands were not worth that, but if everybody was being treated alike, I would pay also.

Q.—Did you pay?

A.—Yes.

Q.—When?

Mr. Teed objected on the grounds that if the payment had been made after the classification there could be no extortion. Mr. Carvell agreed that the arrangement was made before the classification was fixed, and the date of payment was immaterial.

Again the lawyers for the premier interposed objections and the Court

considered. After which the commissioners gave their ruling that the evidence of the witness was admissible, and Mr. Snowball swore to the payment of \$7,200 which he deposited in the Bank of Montreal, Chatham, to the credit of Mr. Brankley.

"Angus McLean was sworn. He testified that he is a lumber manufacturer, of Bathurst, manager of the Bathurst Lumber Company for the last six years. His company operates on crown lands and in July, 1913, they had 834 square miles.

The witness said that for the lands in their own name and others they were interested in they paid about \$25,000, one-quarter of the bonus, at the rate of \$100 a mile.

Q.—Did you pay any other monies before July 10, 1913?

A.—Not in the way of a bonus.

Q.—Or to have the licenses renewed?

Objected to.

The witness told of meeting Mr. Berry in the Touraine Hotel, Chatham. "He told me that we would have to pay \$100 a mile for the bonus and \$15 a mile for an outside fund."

"Did he say for what?"

A.—He said for a campaign fund.

Q.—What did you say?

A.—I did not decide then but a day or two later we had a meeting of the lumbermen interested, when the matter was discussed. It was at that meeting that we decided.

Q.—When did you tell Mr. Berry.

A.—Mr. Berry was there.

Q.—Did he say to whom you were to pay?

A.—Yes; to Mr. Brankley of the Miramichi Lumber Company.

Q.—Did you talk of this with Brankley between the time of your conversation with Mr. Brankley and the meeting?

A.—Yes.

Q.—Did you learn then to whom the money was to go after it got out of Mr. Brankley's hands?

A.—Yes.

Q.—Did you learn it was going to the hands of E. R. Teed, of Woodstock?

The witness then testified to paying \$15,000 to Mr. Brankley, depositing the sum at Bathurst, with instructions to place it to his credit at Chatham. Premier Flemming instructed Brankley and told him to do whatever Berry said; and Brankley paid \$22,000 over to Flemming's friend, E. R. Teed, of Woodstock.

Hubert Sinclair, of the firm of the Edward Sinclair Lumber Co., said his company held 210 miles of crown lands, and had secured a renewal under the provisions of the new act. Their land had been put in the highest class and paid \$100 a mile bonus. Witness had known W. H. Berry, chief scaler for the government, and had talked with Berry concerning the renewal of timber licenses. Berry had told him that a campaign fund was needed and he thought that \$15 a mile from each lumberman would about meet the requirements. Witness had told Berry he would like to contribute, and Berry had told him to pay the money to Brankley's office. He met Berry and Brankley in Newcastle and had been told to place the money in a satchel in a certain room in the Miramichi Hotel. He had put \$3,000 there on June 26th or 27th.

Witness testified that he met Berry about June 26th, 1913.

Q.—What did you say to him?

A.—That I was willing to pay in the way designated, by him and he stated that we could pay the money into Mr. Brankley's office as was done by the others.

Q.—What did you do?

(Continued on page 16)

## Does Advertising Bring Results

Every Merchant Using Advertising Space Should Ascertain This

In this day of advanced merchandising, it is as needless to advertise as it is to have windows in your store.

Advertising is the modern "motive power" to assist in moving goods.

In order that advertising may give results, there are two or three things which are essential.

FIRST.—You must be sure that the paper you are using goes into the homes of the people you wish to serve. That is has the circulation in the district you wish to cover.

In this respect the Graphic cannot fail to meet your requirements. Over eight hundred Graphics go into homes between Richardsville and Athol, while in the counties of Restigouche and Bonaventure, there are nearly 2,500 subscribers, Gaspe Co. is responsible for about 300, while the balance of 350, making a total of 3150, go to points outside this territory. Never in the history of newspaper publishing in this territory has any newspaper come near this figure, and we guarantee that it is four times that of our local contemporary, and our books, subscription lists and press room records are open to any advertiser who wishes to verify this statement.

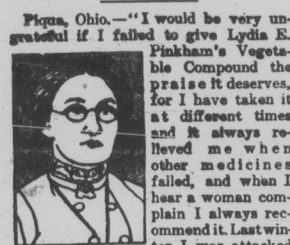

SECOND.—Advertisements must be truthful, and be backed up by honest business methods and honest goods.

We ask the merchants in this district, who are not using our columns to investigate our statements and we are confident that they will be convinced that the Graphic is the medium to reach the best and most people. Our advertising rates are very little, if any higher, while our guarantee calls for FOUR TIMES the service. Surely this is worth something. Think it over.

## FEELS LIKE A NEW WOMAN

As Lydia E. Pinkham's Vegetable Compound Dispelled Backache, Headaches and Dizziness.

Piqua, Ohio.—"I would be very grateful if I failed to give Lydia E. Pinkham's Vegetable Compound the praise it deserves, for I have taken it at different times and it always relieved me when other medicines failed, and when I hear a woman complain I always recommend it. Last winter I was attacked with a severe case of organic weakness. I had backache, pains in my hips and over my kidneys, headache, dizziness, lassitude, had no energy, limbs ached and I was always tired. I was hardly able to do my housework. I had taken Lydia E. Pinkham's Vegetable Compound on one other occasion, and it had helped me so I took it again and it has built me up, until now I feel like a new woman. You have my hearty consent to use my name and testimonial in any way and I hope it will benefit suffering women." Mrs. O. C. TOWNSEND, 421 E. Wayne St., Piqua, Ohio.

Women who are suffering from these distressing ills peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health. If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

### BATTLESHIPS USELESS.

Sir Percy Scott, one of the most distinguished officers of the British Navy, has written a letter to the London Times, which has fluttered the devotees of the naval experts in the Old Country. Sir Percy sees the end of battleship building. He expresses the opinion that submarines and aeroplanes have entirely revolutionized naval war, making battleships useless, while there will be very little use, he believes, even for fast cruisers.

Battleships, he declares, can be destroyed with a flotilla of submarines even in a closed harbor, and if a battleship is not safe either on the high seas or in the harbor, what is the use of a battleship? What is required to do, Sir Percy Scott says, is an enormous fleet of submarines and aeroplanes, and a few fast cruisers, providing a place to keep them in safety during war time can be found. Sir Percy Scott's view that submarines can attack and destroy warships within their harbor has long been proclaimed by Admiral Lord Fisher, who when First Sea Lord of the Admiralty is said to have made no secret of his belief that the British Navy could, by its submarines, destroy the entire German fleet.

If Sir Percy's views are correct, it is fortunate, indeed, even from the merely technical point of view, that Mr. Borden's scheme to take \$5 million Dollars from the people of Canada to build Dreadnoughts, which, in the evolution of naval warfare would be useless, was defeated. But, apart from this, there are so many reasons why Canada should congratulate herself that this large sum of money was not diverted from legitimate and productive purposes to the coffers of the Admiralty that Sir Percy's views as to the passing of the battleship will not excite so much interest in Canada as they might otherwise have done. It will be, however, exceedingly difficult to rouse any enthusiasm even amongst the Flag-Flappers and Empire-savers for a gift of Dreadnoughts, so long as the opinion of this eminent authority goes unchallenged.

## Ayer's Sarsaparilla

Changes tendency toward disease to tendency toward health. No alcohol. Sold for 60 years. Ask Your Doctor.

Two retired Minnesota farmers, on their way to their old homes in Germany for a visit, were lost on the Empress of Ireland. One of them was afraid of railroad accident and refused to travel by a night train to Chicago. He said that he shouldn't feel safe until he was aboard ship.

The price of nails has been advanced 25 cents per keg as a result of the increased protection granted by the Borden Government. One statistician who has worked out the matter finds that Canada will thus have to pay \$750,000 a year extra to the nail makers because the Government has increased the height of the fence around them.

A sprained ankle was cured by applying Chamberlain's Liniment, and observing the directions on each bottle. For sale by all druggists.

## LIFE DIARY OF

MRS. WEAVER

Her Experience Was a Very Sad One.—Never Again For Martha

Do not judge from mere appearances, for the light laughter that bubbles on the lip often mantles over the depth of sadness, and the serious look may be the sober veil that covers a divine peace and joy. The bosom may ache beneath diamond brooches, and many a blithe heart dances under coarse wool.

Assuming the above to be true, we will proceed to tear a page from the life diary of Mrs. Weaver and present it to our readers.

That New Suit. "What am I going to do about that new suit I must have?" said Martha Weaver to her husband as he came in from work one evening.

"Why is there any question about that? Go to Hopkins & Co. and get what you need. If you need a suit get it," answered her husband. "I have looked there," replied Martha, "but they haven't anything that I want. I just need a simple suit, but I want good material, and it must be neatly and well made, one that I could use for almost any occasion. I would prefer a ready made suit, but those that Hopkins & Co. have appear to be made of poor, flimsy material, and they are decked out with such cheap, flashy, dowdy trimming, that I just cannot bear to wear them," replied Martha.

The False Step. "Well, what do you want to do—run into the city and get you a suit?" asked John.

"No. That does not suit me either for when I have to pay my fare, my hotel bill and other incidental expenses it makes the cost too high and also takes more time than I can spare for the purchase of one suit," said Martha. "Could you not order one? Didn't I see some small order catalogues around here awhile ago?" asked the interested husband.

"Yet I could do that, but I am almost afraid to risk it. Still, their styles appear to be good, and the prices quoted seem reasonable. I have been thinking about doing that. I will look them up again and see what I can do," answered Martha.

Martha's Heart Sank. Martha had little difficulty in "looking up" the catalogue, as the house seemed full of them, and after critically examining the suit pictures a simple blue took her fancy. The description corresponded with her idea of what she wanted; the trimming looked neat and of good quality. The price was satisfactory, so after debating for some little time she decided to send for it. A draft was forwarded, and the long vigil pending the arrival of the suit was as depressing upon John as upon Martha.

At last it came—express bill and all—and eagerly the box was opened and the suit laid on the bed for inspection. It did not quite measure up to the proportions of the picture in the catalogue. The color was not good. There was too much coat and not enough skirt, and besides, the skirt was not draped as the advertisement said. It just hung, and hung uneven at that. The work was not neat; the trimming was of cheap, showy quality, scant and inferior. Martha's heart sank to zero. She knew she would be ashamed to wear that suit at home, much less among her well-dressed friends. What was she to do? She needed a suit badly, but she realized that to attempt an exchange would result as disastrously as in the first place, and she could ill afford another new one.

Defects More Pronounced. The longer Martha had the suit the more numerous and pronounced became its defects, until at last her pride rebelled, and she refused longer to wear the miserable parody. She said she would much prefer to wear a "good" old suit than a "poor" new one. For with the poor new one she was conscious and ashamed when she felt any one looking at her or her suit.

Mr. and Mrs. Weaver held a consultation, after which Mrs. Weaver declared that never again in her life would she buy anything from a picture or from a catalogue house, scant and inferior. Martha's heart sank to zero. She knew she would be ashamed to wear that suit at home, much less among her well-dressed friends. What was she to do? She needed a suit badly, but she realized that to attempt an exchange would result as disastrously as in the first place, and she could ill afford another new one.

## FALLING HAIR AND ITCHING SCALP

Needless—Use Parisian Sage

Now that Parisian Sage can be had at any drug counter, it is certainly needless to have thin, brittle, matted, stringy or faded hair. No matter how unsightly the hair, how badly it is falling, or how much dandruff, Parisian Sage is all that is needed. Frequent applications and well rubbed into the scalp will do wonders. The hair roots are nourished and stimulated to grow new hair, itching scalp, dandruff and falling hair disappear. The hair becomes soft, shiny, abundant and radiant with life and beauty. It is the only hair restorative and conditioner that will do the work.

Fifty cent bottle from The French Hair Dressing Co., New York. For sale by all druggists.

## COMMENTS ON THE

REDISTRIBUTION

Restigouche County is in Some Measure to Blame for the Annexation to Madawaska

Dalhousie, June 7th.—Comments are heard on all sides now that it is law, that in future, Restigouche Co., notwithstanding its immense territory, its growing population, its great railway, harbor and fishing interests, will be deprived of its past privilege of electing its own member to the Dominion parliament. The fathers of confederation, who made Quebec the pivot so that the province for all time, could only elect 65 members to the House of Commons of Canada, never dreamed that the west would make such strides in such a short period of time. No doubt the two political parties at Ottawa during the session which has just closed, grappled with the situation as best they could. In any case, the whole scene is changed and the conventions to be held soon will be of great importance, and the question we are asked, where will the conventions be held. The county of Restigouche enters the new arrangement at a disadvantage, and we are somewhat to blame. When propositions were made to our municipal council, to add one or two more parishes along the line of the International, the propositions were rejected, and now we stand with only eight districts to send delegates to a convention, while Madawaska has twelve. However, we are united to a people, who by their past history have been generous, fair and patriotic and with the convenience of travel between the two counties, since the building of the International Railway, there should be no difficulty in coming to an understanding, which would have most beneficial results for the people of the united constituency of Madawaska and Restigouche.

## BOUR ACID STOMACHS

GASES OR INDIGESTION

Each "Pape's Digestin" digests 3000 grains of food, even all stomach acidity in five minutes.

Time! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, eructations or undigested food, no dizziness, bloating, foul breath or headache. Pape's Digestin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach remedy in the world and best because it is harmless. Put an end to stomach trouble forever by getting a large bottle of Pape's Digestin. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder. It's the quickest, surest and most harmless stomach doctor in the world.

## TO FREE OCEAN

ROUTE OF DERELICTS

International Patrol For the North Atlantic

Washington, D. C., June 19.—To free the North Atlantic of derelicts, the revenue cutters Seneca and Miami early in July will establish an international patrol in these waters, as authorized by the international maritime conference in London last year. At present two cutters are working out of Halifax to warn vessels against icebergs, which may cross paths frequented by steamers between Europe and America. As soon as the danger of icebergs has passed two cutters will search for derelicts, which imperil shipping. One of the cutters will make its headquarters somewhere in the Azores, and confine its duty to the European end of the trans-Atlantic routes. The other will make its headquarters either in Newfoundland or Nova Scotia, and limit its efforts to the American end of well-travelled courses. All leading countries keep waters for at least 200 miles off their coasts free from other obstructions, but this will be the first time an effort has been made by the international co-operation to clear the high seas of derelicts. A majority of the derelicts in the North Atlantic are carried from the shores of the United States by the Gulf stream and other currents towards Europe and back by currents to the Atlantic coast. The two cutters will use gun-tether to demolish the derelicts. They are equipped with dredges, "cut through" other vessels, and will be able to remove them to the location of a wreck, to

## CANADIAN PEACE

CENTENARY MOVEMENT

Circular Giving Reports of the Proposed Celebration is Now Issued

The movement for celebrating the Hundred Years' Peace between the British Empire and the United States, is, judging by a circular just issued by the Canadian Peace Centenary Association taking rapid hold in Canada, Great Britain and the United States.

The general proposals contain four main features, (1) Monuments and other memorials, (2) Thanksgiving Services in the churches, (3) Educational Propaganda, (4) Festivities.

The circular enumerates various suggestions regarding the erection of monuments, and stated that the matter has been referred to an International Committee.

February 14, 1915, has been selected for Thanksgiving Services in all the churches of the British Empire and the United States. This date is the nearest Sunday to February 17, 1915, the centenary of the ratification of the Treaty of Ghent.

The educational propaganda includes several important features, among which may be mentioned the preparation of a series of pamphlets dealing with the various treaties which have made the long peace possible, which it is intended to send to all the schools in Canada. Tableaux and masques are in course of preparation, which will also be sent to the schools for production upon a date to be hereafter arranged. A somewhat unique proposal is that schools in Canada and the United States, in places bearing the same name, should be invited to exchange Shields. It is intended to arrange for the writing of competitive Essays on Anglo-American relations and provision is being made for Provincial and Dominion prizes.

About 100 centres have been chosen for special celebrations in Canada, and strong local Committees have been arranged for in a majority of these.

The circular also reports the progress made in Great Britain, in Canada, and strong local Committees have been arranged for in a majority of these.

The circular also reports the progress made in Great Britain and the United States, and contains replies received last Christmas from World Rulers to a message sent in connection with the celebration by the American Committee.

The Dominion Government has arranged for an appropriation to meet the preliminary organization expenses. In announcing this, the Rt. Hon. R. L. Borden said: "The cause which the Canadian Peace Centenary Association and the corresponding bodies in the United Kingdom and the United States have set before them is one with which we are warmly sympathetic. It is a triumph of humanity that during a century of rapid development, despite the existence of serious international differences and problems, the British Empire and the United States have found wiser and more humane methods of adjusting differences than the arbitrament of war. We welcome the achievement of a century of peace, and hope that it will prove to be the first century of peace, the forerunner of a long series stretching into the future as far as human anticipation can trust itself.

The list of members is a most representative one, and contains the names of all the Lt. Governors, all the Ministers of Education and nearly all the Premiers of Canada. The local committee, who will form the nucleus of a large general committee, is composed of the following gentlemen:—His Worship Mayor Anderson, His Honor Judge McLaughlin, Dr. Piquet, Rev. J. R. Purdie, Messrs. F. M. Anderson, A. E. G. McEwen and John T. Hildes. The President of the Canadian Peace Centenary Association is Sir Edmund Walker, of Toronto, and the Honorary Secretary, Major Hamilton of Ottawa. The Honorary Treasurer is Mr. J. H. Hildes, of Montreal. The Honorary Organizing Secretary, Hope Chase, of Montreal, is also a member.

## THE GATLIN TREATMENT

EST. 1900 FOR DRINK OR DRUG HABIT

The efficacy of this remarkable treatment has been proven in thousands of unfortunate liquor and drug cases and their relatives.

The treatment is composed of purely vegetable medicines, is guaranteed harmless, quick in its action, certain and lasting in its results.

It is the only scientific treatment administered without the use of hypodermic injections or any other strenuous method.

Treatment may be had at any of the Gatlin Institutes established throughout the world, or a special treatment will be furnished those who prefer remaining at home.

For complete information sent sealed in plain envelope, address:—

### GOOD CONCERT BY SCHOOL PUPILS

Entertainment in Dalhousie School Last Friday Evening Much Enjoyed by Audience

Dalhousie, N. B., June 17th.—The concert given by the teachers and pupils of our Superior school in the Star theatre on Friday evening last was a great success, and Principal L. D. Jones and his assistants Misses Emma Hargrave, Annie McInerney and Lisa Wallace are receiving congratulations, as they realized the handsome sum of ninety-three dollars to purchase costumes for the different departments of the school.

The following is the programme which was so successfully carried out before a very appreciative audience.

- 1st. Our House—A chorus by the pupils of the Junior Intermediate and Advanced Departments.
2. Broom Drill—By the girls of the Advanced and Intermediate Departments in Military Costumes.
3. The Elopement of Ellen. A farce. Act one.
4. Vocal Solo—"My Little Persian Rose", by Miss Jennie McLean of Charlottetown.
5. Handkerchief Drill, by 16 girls of the Junior Department.
6. Song with an encore, by little Mary Coleman in grade one.
7. The Elopement of Ellen. Act second.
8. Violin selection by Miss Rosalind Ferguson.
9. Sailor Drill by small boys, and an appropriate sailor song by Miss Jennie McLean.
10. T Thanksgiving Quarrel by Emmanuel Monzolo, Georgina and Nickle Bateman.
11. Elopement of Ellen, Act third.
12. Solo by Mr. Griffin.
13. Good night by girls of the Primary Department.

The Farce was played by Grace McEwen, Amanda Roy, Hazel McKenzie, George McNeil, Gordon Mott, Harold Polley, and Martin McCluskey of Grades nine and ten.

### COLD WEATHER KEEPS SALMON FROM RIVER

Restigouche Salmon Fishing is Reported in Fredericton as Being Entire Failure

The Fredericton Mail says:—Absolute failure of the salmon-fishing on the Restigouche River has been reported to the provincial department by its representatives in that section. Such a condition of affairs in that part of the province has never been known to exist before at this season of the year. The Restigouche is famous all over the world for its salmon-fishing and large amounts of money have been invested in the erection of fishing club-houses along the river and its tributaries. There are a number of sportsmen from the United States now at some of the club-houses, waiting for the salmon-fishing to improve.

On the Miramichi similar conditions are said to prevail. The sea-trout which usually make good sport at Indiantown have been conspicuous by their absence so far this season.

Cold weather is assigned as the cause of the failure of the fishing or its extreme lateness. The backward summer, with cool weather and frosts in the early part of this month, is said to be keeping the fish in the sea and out of the rivers.

### BERRY WAS SERVED WITH A SUBPOENA

Special Officer From St. John Found the Chief Government Scaler in Boston Hotel

Mr. E. S. Carter, speaking with the St. John Globe Monday morning of the investigation of the timber bonus charges, said a special messenger had gone to Boston and served Mr. W. H. Berry with a subpoena to appear before the Royal Commission on Tuesday. The messenger reported, said Mr. Carter, that Mr. Berry entertained him splendidly and appeared in the best of health, his appetite being good and his sleep sound. Mr. Carter said as Mr. Berry is an employee of the Provincial government, it was expected the government would find means to bring Mr. Berry before the enquiry. About thirty witnesses were in the city Monday evening, Mr. Carter said, and added that practically all subpoenas had been served. These, with witnesses for the defence, will make the number of persons to be examined very large. Mr. F. B. Carvell, M. P., is in St. John in connection with the investigation, and is stopping at the Royal.

### RESTIGOUCHE CASES IN APPEAL COURT

Argument in Two Cases is Heard at Fredericton Regarding County Council Matters

Fredericton, N. B., June 11.—Argument was heard in the Court of Appeals this morning in the case of the King vs. the Municipality of Restigouche ex parte Archibald Murchie and John Lawlor, jr. Mr. A. T. LeBlanc showed cause against an order to quash proceedings of the Restigouche County Council setting aside the election of Murchie and Lawlor as councillors for the parish of Durham. Mr. J. P. Byrne supported rule. Court considers.

After unseating the above councillors, the County Council ordered a refund of the deposit of \$50 to those who had protested the election, and this order is being attacked by an application for certiorari. The case is King vs. Municipality of Restigouche, ex parte Archibald Murchie. Argument will also be heard on an application in ex parte Murchie for a quo warranto to unseat Councillor Leveque, of the Parish of Dalhousie, for violating the Liquor License Act.

### MAY SHOVE CLOCKS AHEAD ONE HOUR

This Daylight Saving Plan is Now Much Discussed in Western Cities

Spokane, Wash., June 16.—Whether Spokane's clocks shall be set ahead one hour, thereby changing from Pacific to mountain time, is a question which is causing lively discussion among residents of this city.

The question has been given an official tinge by a formal request made of the city commissioners by Thomas H. Brewer, a bank president. Desiring to get an expression of public opinion regarding the proposed change, the commissioners have referred the question to the chamber of commerce, which organization is conducting an investigation.

Mr. Brewer and other advocates of the change in time, rest their case on the increased amount of daylight which people would enjoy during waking hours. Other arguments they advance in favor of mountain time for Spokane in substance follow: Benefit to health, more recreation, better conditions for sleep, beneficial to children, advantageous to farmers and suburban residents visiting in the city, more daylight for working men and women in homes, more efficient work in industrial plants, closer mail, telegraph, telephone, freight and express connections between Spokane and the east; and saving in the cost of artificial illumination.

Setting the clocks ahead would mean 201 additional hours of daylight in a year, and would add an equal number of hours of darkness in the morning for sound sleep. Opponents of the change declare confusion would result from a dual standard time, inasmuch as the railroads would continue under Pacific time, and that the regulation of courts, banks and public offices would suffer.

Grocers belonging to the Spokane Grocers' Association have voted unanimously for the change in time, and have pledged their co-operation in a campaign seeking to secure this result.

### 10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

### MINERAL SPRING FOUND AT SUSSEX

Examination of the Water Made And Remarkable Health Giving Qualities Claimed

Sussex, N. B., June 18.—Sussex, the growing centre of the rich agricultural district of Sussex Vale, which contains the headquarters of the lovely Kennebecasis, along whose shores fringed with wooded uplands, the Loyalists from New Jersey settled, has added another laurel to its fame as a health resort by the discovery of a mineral spring, which is said to have medicinal attributes of an exceptional high order and which is attracting much attention. Experts claim that this spring has remarkable health-giving salts and that its waters retain their purity and quality for years.

Professor R. F. Rutten, director of the department of chemistry at McGill University, who has made an examination of the spring, reports it to have a pleasant alkaline chloride water, very beneficial and health-giving. According to the professor's analysis the actual alkalinity of the water as determined corresponds to 23.73 grains of sodium carbonate per gallon. The residue did not char when ignited, showing absence of more than a mere trace of organic matter. A party of physicians have been invited to visit the spring and to investigate a number of reported cures that resulted from the use of the water.

The Ottawa Journal says that competent men are kept out of the militia by the heavy cost of uniforms. An officer's uniform, says, will cost as much as \$500. "Very well," says the Toronto Star, "the remedy is easy. Forbid the wearing of a uniform worth more than \$50. Gorgeous uniforms will not frighten invaders away."

### MYSTERIOUS DEATH AT NORTH BAY, ONT.

Swede Found Killed on Railway Track and Companion is Held

North Bay, Ont., June 13.—As a result of the death of Was Grinchuk, a Swede, from injuries of a nature to excite suspicion, another Swede who was his companion when he was hurt is being held here by the police pending an inquest by Coroner Campbell this afternoon. Grinchuk was found lying beside the tracks of the Canadian Pacific Railway and died while he was being taken to the hospital here. There is only one wound on his body. His companion said that the man was struck by a freight train while he was walking on the tracks. The police believe that the wound came from some other cause.

There is no real need of anyone being troubled with constipation. Chamberlain's Tablets will cause an agreeable movement of the bowels without any unpleasant effect. Give them a trial. For sale by all dealers.

### VISITORS TO PRITCHARD'S LAKE

Mr. and Mrs. R. K. Shives, Mr. and Mrs. F. O. Condon, Mr. and Mrs. Lockhart, Miss Frances Fraser, Miss Isabelle Fraser, Messrs. D. S. Trueman, P. McHugh, D. D. S., Alex. K. Shives, P. E. Shephard, W. **WILSON'S FLY PAD POISON**

Every ten cent packet will kill more flies than \$3.00 worth of any sticky fly killer. Refuse substitutes, which are most unsatisfactory.

**MODERN MODES NOT FOR GOOD WOMEN**

**Scathing Indictment of the Modern Dress at Meeting Held in Chicago**

Chicago, June 16.—The subject of dress came up before the women gathered here for the biennial convention of the General Federation of Women's Clubs. Mrs. Robert J. Burdette, of Pasadena, Calif., discussed it in its relation to morals, while the assemblage itself, by a great majority, exemplified the beauties of sartorial simplicity.

Mrs. Burdette, in discussing modern dress, spoke to an expert and appreciative audience.

"With forbidden knowledge," said the speaker, "came self-consciousness, came the sense of shame and the protective garment—and thus did the transgressions of our first parents cover all future generations with a blanket mortgage of clothes which we are paying off with heavy interest."

"Whether clothes were first worn as an ornamental covering or for protection matters little, for we seem even to this day to consider the first of prime importance. No matter if the neck be exposed nearly to the waist line and the limbs nearly halfway to the knees, if only the style be followed, health and suggestiveness are lost sight of in the craze to be in fashion."

"As the fashions are today, a woman would have to design nearly everything for herself if she would not wear immoral clothes. The reason is plain enough. Fashions, especially French fashions, are not designed for good women. They are designed for money to suit the merchants. That is the reason that every new fashion is designed originally for the demi-monde of Paris."

"Throughout Europe the women of high nobility and social position are like wrens compared with these cockatoos of the half-world. It is an unpleasant thought that it is the latter who set the standard which our fashionable women follow with naive avidity."

The speaker gave especial emphasis to her next statement:

"The following of such dictation causes foolish women to eat their hearts out with longings they cannot afford to gratify; leads to unhappiness; the ruin of homes, and the bartering of virtue itself."

Mrs. Burdette said that women should determine for themselves what style of dress most becomes them, and then stick to that style. American women are too independent, too individual, she admitted, to be content with a national costume.

"No one thing today in a woman's life more saps her strength, time, means and nervous vitality, than the triple-headed lion that guards every event of daily life in the form of the questions 'what shall I wear?' 'how shall it be made?' and 'how shall it be paid for?'"

**ROMANCE IN LIFE OF BONAVENTURE MAYOR**

**Youthful Love is Rekindled After Many Years by the Sight of an Old Photograph**

Duluth, Minn., June 9.—A photograph of his sweetheart of thirty-two years ago, which recently fell into the hands of Mr. Simon Poirier, Mayor of Bonaventure, Que., rekindled the love which he cherished, as a youth for Miss Louise Brotherton, later Mrs. Louise Morris, 217 South Sixtieth Avenue West.

When the two were sweethearts in Maine, Mr. Poirier was studying for the priesthood. He gave up the idea when the two became engaged. A quarrel resulted in the young woman urging the young man to continue his studies for the clergy and their separation. He, however, did not go into the work of the church, but became a business man. Both married twice during the intervening years.

The photograph was sent to Mr. Poirier by his sister, who learned that Mrs. Morris was living in Duluth. Mr. Poirier came to Duluth some weeks ago. He has since returned to Quebec, and with him went the sweetheart of his youth, to be married immediately after their arrival there.

Mrs. Morris lived here nearly twenty years, and has many friends in West Duluth.

**AN UNJUSTIFIABLE APPOINTMENT**

**Transcript Takes Exception to the Appointment of Mr. E. R. Teed as a Reviser**

The Moncton Transcript says:—In the list of revisers published in the Royal Gazette for June 17 there appears the name of E. R. Teed, of the town of Woodstock, N.B., as having been appointed by His Honor the Lieutenant-Governor as the government reviser for the town of Woodstock, in Carleton County.

It is this gentleman, to whom the money was paid by Mr. Brankley out of the graft fund.

The initials are the same. The residence is the same, and the Hon. Mr. Fleming, who is personally responsible for appointments made in Carleton County, has apparently shown his recognition of Mr. Teed's services by appointing him as reviser for the town of Woodstock, in Carleton Co.

**FOUR MEN HURT IN BATHURST MILL**

**Band Saw Carriage Runs Amuck Doing Much Damage**

Bathurst, N. B., June 19.—A serious accident occurred this morning in the village mill of the Bathurst Lumber Co. A band sawyer lost control of the carriage on which was a short log, which struck the lever and broke it.

The carriage ran wild and the log caught in the lower wheel of the band mill, completely wrecking the machine and damaging the mill considerably. The flying debris struck Fred Theriault, some distance away at another machine, injuring him seriously.

Three other men were slightly injured by pieces of iron, one of which weighing seventy-five pounds went through the roof. Theriault was rushed to the hospital and was last night reported likely to recover. One side of the mill will be idle for two weeks as result.

The residence of Mrs. James Theriault, of St. Simon, near Caraquet, and widow of one of the fishermen lost in the recent storm, was totally destroyed by fire Tuesday night. There was no insurance.

The frantic British militants seem determined to wreck their cause by mad acts of violence such as will arouse public hostility to a dangerous pitch. They are proving that a great many women, fortunately still a small minority, are not fit to have a part in the transactions of public affairs.

**FATAL ACCIDENT AT MONCTON FRIDAY**

**Crowded Street Car Derailed After Collision With Fast Driven Auto**

Moncton, June 19.—Bliss Fowler, son of Charles Fowler, I. C. R. machinist, aged 28 years, was killed this morning when an automobile and street car collided, derailing the street car and causing it to crash into a telephone post. Fowler was caught between the car and post and so badly crushed that he died two hours later in the hospital. Motorman John McGill is at the Moncton hospital suffering from a broken shoulder and other injuries. Irvine Malcolm, a passenger in the automobile, is suffering from the shock and painful injuries.

The automobile was driven by Alfred Dunlop, who escaped without injury. The street car was crowded with men going to work in the I. C. R. shops, and it is a wonder there were not more fatalities.

The automobile was coming down Highfield street and the occupants did not notice the street car coming up Main street until on the crossing Dunlop endeavored to turn his automobile up Main street but was unable to clear.

Both occupants of the automobile are held on charges of excessive speeding.

**WELL KNOWN GRAND TRUNK STATION IS TO CHANGE ITS NAME**

One of the oldest stations on the Grand Trunk Railway in the Province of Quebec is about to change its name.

To travellers between Montreal and Lewis, Stanfield has been for half a century a well known point on the railway, being almost midway between Quebec and Richmond. Clustering around the station there has grown up a thriving community of nearly three thousand people. But while the station has been called Stanfield since the line was built, and the Post Office has also been known as Stanfield, the township took the name of Princeville, being incorporated in the list of municipalities under that title and transacting all its business under that guise. One of the first settlers in the district bore the name of Prince and by his donations of land for public purposes and other acts, did much towards the upbuilding of the township. When incorporation was sought, and the municipality took the name of Princeville, although the postal and railway address was Stanfield.

Now, in accordance with the wishes of the people in the community, the Grand Trunk Railway authorities have decided to call the station Princeville, having acted upon the opinion of the Council, which was unanimously in favor of the change. Accordingly, on the 28th of June, when the official time table changes go into effect, Stanfield station, Third District G. T. R., will disappear from the records and the new legend on the station will spell out Princeville.

**In a Receptive Mood**

"So you actually went to church last Sunday?"

"I really did."

"Excuse me if I seem skeptical. What was the text?"

"Aha, I have you there! The text was 'He giveth his beloved sleep.'"

"Good word. And who were they?"

"All the beloved; it seemed to me."

**GIVE 'STRUP OF FIGS' TO CONSTIPATED CHILD**

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When pearly, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently move out of the little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

**NOTICE OF SALE**

To Joseph R. Sharpe, Merchant, Eliza Chamberlain, wife of Duncan Chamberlain, William J. McKay, Mas. on, Timothy Mann, Policeman, Jerry O'Dea, Real Estate Agent, Mary Thompson, wife of Thomas Thompson, Charles T. Major, Carpenter, Harriet Chamberlain, Married Woman, and Frederick Glover, Merchant, all now or lately of the Town of Campbellton, in the County of Restigouche, and Province of New Brunswick, and to all others whom it doth or may concern:—

WHEREAS by Indenture of Lease, dated the sixteenth day of May, A. D. 1898, registered in the office of the Registrar of Deeds in and for the County of Restigouche as No. 2721 on pages 506, 507 of Book "C" of said Records, all that certain lot of land and premises situated lying and being in the said Town of Campbellton and bounded and described in said Indenture of Lease as follows:—

Commencing at a stake on the Eastern side of said lot known as Shapley's Southern line (now MacMillan's Southern line) thence running a Southerly course along said road a distance of one hundred and eighty feet thence Easterly until it strikes land owned by Adam and Robert Ferguson thence Northerly to the afore-said Shapley's Southern line thence Westerly to the place of beginning, was demised and leased to the Mortgagor his executors, administrators and assigns for the term of nine hundred and ninety-nine years from the month of July A. D. 1879 at the yearly rent of \$1.00.

AND WHEREAS by an Indenture of Mortgage bearing date the twenty-ninth day of May, 1906 and duly registered in the Restigouche County Records as Number 5908 on pages 668, 669, 670, 671 and 672 of Book "C" of the said Records, and made between the said Neil Smith and Alexander E. County of Restigouche, on Saturday, the fifth day of September next, at the hour of two o'clock in the afternoon, at and singular, my right, title and interest as such Executor, as aforesaid, in and to the said Indenture of Lease, and the lands and premises thereby demised, and hereinbefore bounded and described, and in and to the buildings and improvements thereon situated and being, and in and to the residue yet to come and unexpired of the said term of years, and the rights and appurtenances to the said lands and premises belonging and appurtenances.

For terms of sale and other particulars apply to the undersigned Solicitor, or to the undersigned Executor.

Dated the twenty-ninth day of May, A. D. 1914.

JOHN ROBERT MCKENZIE, Executor of Mortgage.

W. A. TRUEMAN, Solicitor.

The first aerial sham battle in the history of the world probably will be fought above Salisbury Plain, G. B., within a few days. The greatest assemblage of military aerial crafts is now gathering for the manoeuvres, there being nearly a hundred aeroplanes and seven hundred pilots and mechanics of the Royal Flying Corps camped there. The camp is at a remote place on the vast plain and is guarded by sentries armed with revolvers.

**NOTICE OF SALE**

To Neil Smith of the Town of Campbellton, in the County of Restigouche and Province of New Brunswick, and all others whom it may in any wise concern.

WHEREAS by a certain Indenture of Lease bearing date the Ninth day of July in the year of our Lord one thousand eight hundred and eighty, made between William W. Doherty of the Town of Campbellton, aforesaid, Mill-owner of the first part and the said Neil Smith, C. R. Inspector of the second part and duly recorded, in the office of the Registrar of Deeds in and for the said County of Restigouche as No. 2721 on pages 506, 507 of Book "C" of said Records, all that certain lot of land and premises situated lying and being in the said Town of Campbellton and bounded and described in said Indenture of Lease as follows:—

Commencing at a stake on the Eastern side of said lot known as Shapley's Southern line (now MacMillan's Southern line) thence running a Southerly course along said road a distance of one hundred and eighty feet thence Easterly until it strikes land owned by Adam and Robert Ferguson thence Northerly to the afore-said Shapley's Southern line thence Westerly to the place of beginning, was demised and leased to the Mortgagor his executors, administrators and assigns for the term of nine hundred and ninety-nine years from the month of July A. D. 1879 at the yearly rent of \$1.00.

AND WHEREAS by an Indenture of Mortgage bearing date the twenty-ninth day of May, 1906 and duly registered in the Restigouche County Records as Number 5908 on pages 668, 669, 670, 671 and 672 of Book "C" of the said Records, and made between the said Neil Smith and Alexander E. Alexander of the Town of Campbellton, Executor of the said Neil Smith, by and for the said Mortgage, grant, bargain, sell, assign, transfer, convey and set over unto the said Alexander E. Alexander, his executors, administrators and assigns the said lot and premises hereinbefore in part recited Indenture of Lease and the said lot of land thereby demised and the improvements thereon being and the term of years therein yet to come and unexpired.

AND WHEREAS the said Alexander E. Alexander has since departed this life after having duly executed his last Will and Testament appointing Lucy Alexander, Executrix and Charles J. Alexander, Executor of the said Last Will and Testament.

AND WHEREAS default has been made in the payment of the Principal money and interest secured by the said Indenture of Mortgage.

Notice is hereby given that for the purpose of satisfying the said principal money and interest due on and secured by the said Indenture of Mortgage and by law, and unpaid there will, in pursuance and by virtue of a power of sale contained in said Indenture of Mortgage he sold at Public Auction in front of the Post Office in the Town of Campbellton on Friday the Twenty-fourth day of July next at Two O'clock in the afternoon, the above mentioned Indenture of Lease and the lands and premises therein mentioned and described, that is to say the said leasehold interest herein and the improvements thereon being and the said term of years yet to come and unexpired and all other the rights and appurtenances to the same belonging and appurtenances, which under the said Indenture of Mortgage the undersigned, Executrix and Executor can or may legally sell and assign.

A. E. G. McKENZIE, Executor

April 22nd-3 mos.

County of Restigouche, on Saturday, the fifth day of September next, at the hour of two o'clock in the afternoon, at and singular, my right, title and interest as such Executor, as aforesaid, in and to the said Indenture of Lease, and the lands and premises thereby demised, and hereinbefore bounded and described, and in and to the buildings and improvements thereon situated and being, and in and to the residue yet to come and unexpired of the said term of years, and the rights and appurtenances to the said lands and premises belonging and appurtenances.

For terms of sale and other particulars apply to the undersigned Solicitor, or to the undersigned Executor.

Dated the twenty-ninth day of May, A. D. 1914.

JOHN ROBERT MCKENZIE, Executor of Mortgage.

W. A. TRUEMAN, Solicitor.

The first aerial sham battle in the history of the world probably will be fought above Salisbury Plain, G. B., within a few days. The greatest assemblage of military aerial crafts is now gathering for the manoeuvres, there being nearly a hundred aeroplanes and seven hundred pilots and mechanics of the Royal Flying Corps camped there. The camp is at a remote place on the vast plain and is guarded by sentries armed with revolvers.

**NOTICE OF SALE**

To Robert L. Duncan of the Town of Campbellton, in the County of Restigouche, Farmer, and all others whom it may in any wise concern.

Notice is hereby given that under and by virtue of a Power of Sale contained in a certain Indenture of Mortgage bearing date the 23rd day of March, A. D. 1908, and made between the said Robert L. Duncan, of the first part, and the undersigned Clara Jane Trueman, wife of W. Alder Trueman, by her maiden name of Clara Jane Thompson, (the said Mortgage being unexpired at the time of the execution of the said Indenture of Mortgage), and duly registered in the office of the Registrar of Deeds for the said County of Restigouche as Number 11491 on pages 100, 101 of Book "C" of said Records, all that certain lot of land and premises situated lying and being in the said County, there will for the purpose of satisfying the money secured by the said Indenture of Mortgage, default having been made in the payment thereof, be sold at public auction in front of the Post Office Building in the Town of Campbellton, on TUESDAY, the first day of SEPTEMBER next, at the hour of two o'clock in the afternoon, the said lot and premises in the said Indenture of Mortgage mentioned and described as follows:—All that certain lot, piece or parcel of land and premises situated, lying and being in the Town of Campbellton aforesaid and bounded and described as follows:—

Commencing at a point on the southern side of a reserved street running east and west on plan of lot laid out upon the property of the said Robert L. Duncan, three hundred and forty-nine feet distant westerly along the southern side of said reserved street from the eastern boundary line of the lot of land now owned and occupied by the said Robert L. Duncan, and at the intersection of the southern side line of said reserved street with the eastern side line of another reserved street running north and south on said plan, two hundred and sixty-six feet distant southerly along the eastern side of said last mentioned street, from the southern side line of Gerrard street (which said reserved streets are now both under construction), thence running south four degrees and forty-five minutes, one hundred feet, thence south seventy-eight degrees and thirty-nine minutes, one hundred feet, thence north four degrees and forty-five minutes east one hundred feet to the southern side of said street running east and west, thence north seventy-eight degrees and thirty-nine minutes along said last mentioned street to the place of beginning, being known and distinguished as Lot Number 20 on plan of "Lots laid out and surveyed for the said Robert L. Duncan by Deputy Land Surveyor, Daniel Millan," together with the appurtenances to the same belonging.

Dated the twenty-first day of May, A. D. 1914.

CLARA JANE TRUEMAN, Mortgagee.

W. A. Trueman, Solicitor.

May 27-1c.

**NOTICE OF SALE**

To Joseph McDonald, Felix L. Harris, W. Hedgesman Harris, Georgina M. Harris, H. Reginald Harris and Sarah A. McDonald, all of the Town of Campbellton in the County of Restigouche and Province of New Brunswick, heirs of Sarah McDonald late of the Town of Campbellton aforesaid, deceased, and Jane Harris, of the said Town of Campbellton, Administratrix, of the estate of Harry McDonald, deceased, and all others whom it may in any wise concern:—

Notice is hereby given that under and by virtue of a certain Power of Sale contained in a certain Indenture of Mortgage bearing date the ninth day of September in the year of our Lord one thousand nine hundred and thirteen, and made between Sarah McDonald and Joseph McDonald, Mortgagees, of the first part and Ernest H. Hamilton, Mortgagee, of the second part, and duly registered in the office of the Registrar of Deeds in and for the County of Restigouche on the 10th day of September, A. D. 1913 as No. 16413 on pages 100, 101, 102 and 103 of Book "H" of the said Records, the said Indenture of Mortgage, default having been made in payment of principal and interest thereon, and the said Indenture of Mortgage being and the said term of years therein yet to come and unexpired, and all other the rights and appurtenances to the same belonging and appurtenances, which under the said Indenture of Mortgage the undersigned, Executrix and Executor can or may legally sell and assign.

Dated the Eleventh day of April, A. D. 1914.

LUCY ALEXANDER (L.S.) Executrix

CHAS. A. ALEXANDER (L.S.) Executor

A. E. G. McKENZIE, Executor

April 22nd-3 mos.

## PEOPLE GO CRAZY WHEN OIL IS STRUCK

### Legitimate Business is Forgotten in the Excitement—Every One Selling Out Stock

One of our subscribers in the West, writes us from Winnipeg regarding the oil boom, and in the course of his letter says:—

Great excitement here when the Dingham well first struck oil. Real estate offices, restaurants, jewellery shops, and all kinds of places were selling oil stock. One jeweller shoved all his jewellery to the back of the store, and the money came in so fast he used to throw it in one of the silent saloons, others used waste paper baskets and anything handy. Quieter now, but if they strike two or three more wells, the same scenes will be enacted. The Dingham oil is selling right at the well for 25c a gallon, and is practically all gasoline. They use it in the cars just as it comes from the well. If it holds out, and it does not carbonate the cars, it will net them about \$10.00 a barrel against \$1.00 for crude oil. The natives here are confident that several other wells will strike oil within the next two or three weeks.

## SENATOR BELCOURT SUED BY HIS WIFE

### Court Actions Cause a Sensation in Social and Political Circles in Ottawa

Ottawa, June 17.—More or less of a sensation has been caused in political and social circles in the Capital by an act for alimony taken by Mrs. Mary Margaret Belcourt against her husband, Senator N. A. Belcourt, of Ottawa, and a counter-action by the latter for the recovery of his three children. Senator Belcourt is seeking the return of his children on a writ of habeas corpus. He alleges that they were taken away from him by his wife when she left him on May 19. The writ on which the action is based has been filed in the office of the clerk of the Ontario Supreme Court in Toronto. The case will not likely be called until the fall sitting of the court. Senator Belcourt married Miss Mary Margaret Haycock, who is his second wife, in 1903.

## THINKS SUFFRAGETTES MAY BE LYNCHED

### Anglican Minister Touring Canada Says so if Militant Methods are Continued

Ottawa, June 16.—"If the militant methods employed by the English suffragettes are continued, it will result in lynching," stated Rev. A. H. Sewell, vicar of Bishopston, Anglican church, Bristol, to-day. Mr. Sewell, with his wife is on a trip around the world.

"It is no sort of political business but a money making scheme," said he to a reporter as he sat in an easy chair in the rotunda of the Chateau Laurier. He went on to explain that many women were leaving good situations in order to work for the militant organizations where they believed they would get "good pay" and fame at the same time.

"All England is paralysed at present," he said, "and it is almost as bad as some 'Revolver Jim' and a reign of terror has begun.

"For instance at our Easter Festival we had to guard the church until midnight and then had the police patrol it until morning."

It is now well known that not more than one case of rheumatism in ten requires any internal treatment, whatever. All that is needed is a free application of Chamberlain's Liniment and massage the parts at each application. They find and see their quickly it will relieve the pain and soreness. Sold by all druggists.

Reuben C. W. Gordon, D.D., declared that the Roblin Government in Manitoba is supported by the great mass of the population and is the only government that can be trusted.

## SUNKEN EMPRESS CAN BE RAISED BY AIR

### The Work However Would Be Slow, Expensive and Most Dangerous

That the Empress of Ireland can be raised and the bodies entombed in her cabins recovered is the view of Mr. A. J. Lee, an expert salvage and wreck-engineer. To do the work will require a specially elaborate equipment in mechanical apparatus and in all likelihood, this apparatus will have to be brought from England, which will cause considerable delay in beginning work.

"But," said Mr. Lee, "there are other factors which make the task enormously difficult and expensive, and possibly the work may have to be abandoned.

"The only way by which the Empress of Ireland can be raised is by compressed air, and in her case this will prove exceedingly expensive. To apply compressed air, it will be necessary, first of all, to build a steel hatch over the area where the great hole exists in the ship. Into this hatch must be inserted an air-lock by which the divers and repairers commonly called 'sand hogs' enter. Air is then compressed into the hold; the pressure forces the water in the hold down to the break in the hull. Once the air escapes, no more pressure can be obtained, and the water will recede no farther. The workmen are in a position to begin repairing the break, but this can only be done inch by inch. When completed the divers and workmen can walk unimpeded throughout the hold of the ship, and thus do their salvage and recovery work.

"Now," continued Mr. Lee, "any one can see what a slow and also expensive process that will be. It will necessarily be more expensive, because, in this case, the work will require the attendance of divers at the air locks, and owing to the great depth of water in which the Empress of Ireland lies, these air locks must be very long. They will have to be strongly guyed and watched continually day and night to keep them from being broken by the action of the waves and other water pressure.

"Moreover, the work is dangerous and frequently results in the death of the repairers ('sand hogs'). They can work only in very short shifts, for every twenty-seven feet of water means one pound pressure of air per inch. So that the pressure below on the bodies of the workmen becomes so great as to cause what is known as 'the bends,' a most painful cramping of the bones and viscera. Also considerable care has to be taken by the men in rising to the surface. They must come up very slowly in order to accustom their bodies, lungs and heart to the lighter air pressure above. So precarious is this matter that frequently repairers after reaching the upper air have died. Work of this sort, then must be paid at a very high rate of wages."

In concluding, Mr. Lee stated that he believed the Wotherspoon compressed air method could be applied as successfully to the raising of the Empress of Ireland as it was to the raising of the Maine, the Bavarian, the Mount Temple and the Royal George.

"But," he added, "whether the extrinsic difficulties, such as the enormous expense, and possibility of getting men to do the work, will prevent the undertaking is a matter that can be settled only by the engineers and the underwriters."

## Vigorol

If you want to feel well, bright and cheery, full of ambition; be able to move about, quick and smartly—VIGOROL, the Great French Tonic, will brace you up—it cleanses the whole system. If the manufacturers could only impress this upon every one who does not feel as they ought to, the world would owe them a great gratitude; but all we can do is to ask you to try one bottle, and see for yourself. The change will be wonderful. You need a strong tonic—then take VIGOROL. Sold at Whites Drug Store.

## SCALING SAID TO INFLUENCE STUMPAGE

### Forrestry Bulletin Urges That an International Standard Be Set

There are over forty different log-rules now in use in the United States and Canada, showing a variation of over 50 per cent in the amount of lumber they ascribe to a log of any given size. This great disparity is due to the fact that the majority of these log-rules are but rules of thumb evolved from the rough diagrams or experience of the early lumbermen who were always careful to allow a liberal, though arbitrary, percentage for waste in sawing. Originally inaccurate, they are becoming increasingly so with the introduction of band-saws and more modern milling methods, and attempts, as yet unsuccessful, have been made to substitute these old rules by a standard rule having mathematical accuracy. Probably the best rule yet formulated is the 'International Log Rule' prepared by Dr. J. F. Clark when Chief Forester for Ontario, which he verified by extensive tests at the mill.

It is interesting to compare this International Rule with those in most common use in Canada. A sixteen-foot log twelve inches in diameter contains, according to the International Rule, 105 feet, board measure, of lumber; according to the Scribner Rule, used in the Prairie Provinces, 75 feet, board measure, and according to the Doyle Rule, in most common use in Eastern Canada, only 64 feet, board measure, of lumber. The disparity is even greater in smaller logs and it is small logs which make up the greater part of the cut in Canada to-day. Thus, so far as stumping dues are concerned, it is safe to say that very often the lumbermen pay for only half the merchantable lumber the average log really contains. It is significant that when the British Columbia government recently decided to increase the royalty paid on timber cut in the interior of the province, it accomplished that purpose merely by stipulating that the British Columbia Log Rule should henceforth be used in that region instead of the Doyle Rule, thus increasing by 45 per cent the amount of estimated lumber in the logs cut.

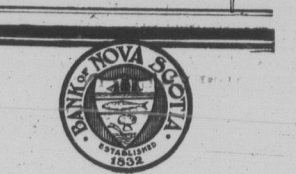

It is possible that in other parts of Canada the bonus paid by the lumbermen in addition to stumping dues makes up for this loss in scaling. But, other things being equal, lumbermen operating under a lenient rule have an unfair advantage over those whose logs are more closely scaled and the only final remedy would seem to be the adoption of a general rule such as the International, or, better still, the substitution of cubic measurement of logs, a practice which has long been in operation in Europe—where high lumber prices make accuracy not only desirable but necessary.

## LARGE SUCCESSION DUES FOR QUEBEC

### Over One Million Dollars Received From Estates of Lord Strathcona and James Ross

The treasury of the Province of Quebec has been enriched to the extent of \$1,300,000 by the succession dues from the estates of the late Lord Strathcona and Mount Royal and Mr. James Ross. It is stated on good authority that the amount paid in by the executors of the late Canadian High Commissioner in London reaches about \$600,000, while those administering the fortune left by Mr. James Ross have paid in \$700,000, for although the estate of the late Mr. Ross is not so considerable as that of Lord Strathcona, the amount assessable in the Province of Quebec is considerable more, hence the difference of \$100,000 in favor of the Jas. Ross estate.

The first woman to become a fully qualified sea-going captain is Frau Baudins, the wife of a Danish ship's surgeon. She has obtained a master's certificate by examination and has been appointed to a steamer making voyages between Copenhagen and the United States.

## LEARN TO SWIM

Boys are being organized today to a wonderful extent. There are boy scouts, boy cadets and clubs and teams of boys everywhere. The idea is good and the carrying it out is better. In the midst of this training in order that the boy may be better equipped for life's battles, let there be an organization started to teach every boy to swim. In fact every boy and girl too should learn to swim.

Can you swim? If not, you should learn at once. The pleasure the pastime affords is itself sufficient justification for learning how, but there is a good reason why you should swim. The knowledge may some day be the means of saving your life or perhaps that of another. No one can read the accounts told by survivors of the Empress disaster without a realization of what a knowledge of swimming meant to the crew and passengers. Commenting on this, the Toronto Globe points out that most of the saved owe their lives to the fact that they could swim. Of course some good swimmers were among those who perished, but the men and women who had a knowledge of the saving art, faced bravely and confidently the terrors of the night. How many times in the stories told by the survivors, is seen the simple statement, "I struck out for the lights of the Stordad." Some of those who had skill and confidence were able to render assistance to others unable to help themselves. Appalling as was the loss, the Toronto Globe expresses the view that it was not greater than the toll of life through drowning in this Dominion every two years, a fact that should impress on all, the importance of learning to swim. All cannot become experts, but in most cases of accident a little knowledge would be sufficient to enable the victim to keep cool and to remain afloat until help arrived. Knowing how to swim is regarded as of such importance by the Toronto Globe that it would have the art taught in all schools, eliminating, if necessary some of the fads of the day to make time for this very necessary accomplishment.

How often we hear it said to a sailor, "Of course you are a good swimmer," and frequently to the amazement of the questioner the answer is, "I cannot swim a stroke." This is true of too many sailors; hence when the ship goes down or becomes wrecked, the loss of life is appalling. It would be a good thing if some of the organizations were to employ an instructor who would teach all our boys and girls, and grown ups too, who are sufficiently robust to stand it, the art of swimming. Many a tragedy would be thus averted; many homes whose children, while out upon the water, would be relieved of great anxiety and the community at large would be, in this respect at least, properly safeguarded.

Many a fellow who says he doesn't believe in doing things by halves will do you out of 50 cents.

There are said to be 45000 words in the English language, but even that is not enough when somebody steps on you pet com.

The average woman doesn't believe in putting off till to-morrow what she can wear to-day.

THE CAMPBELLTON GRAPHIC, CAMPBELLTON, NEW BRUNSWICK, THURSDAY, JUNE 25, 1914.

#### YOUTH KILLED IN GASPE PULP MILL

**Rossing Machine Burst With  
Terrific Effect—One Man Kill-  
ed and Four Badly Hurt**

Gaspé, P. Q. June 20.—A serious accident occurred here today in the mills of the Forest Reserve Pulp & Paper Co., Ltd., when one young man was instantly killed and four others, more or less hurt.

The mill had just started at 1 a.m., and Lionel Palmer, operator of one of the pulp rossing machines, was just about to put in the first block when suddenly the machine flew to pieces, Elvin Mullin, of Sandy Beach Centre, a youth of about fifteen years of age, was underneath the machine and was instantly killed by the flying pieces. His skull was badly fractured and one leg and one hand practically cut off. John Gurvin, foreman of the mill, a former resident of Loggieville, was standing near by and very narrowly escaped being killed. He is reported to have a serious bruise but will recover.

Lionel Palmer and Percy Miller were also considerably bruised. One part of the machine, weighing 200 pounds, was hurled through the roof of the mill and cut off one of the wire cables which holds the smokestack in place.

An inquest was held by Coroner Jones later in the afternoon over the body of Elvin Mullin. Much sympathy is felt for the family of this young man.

#### COLLISION ON THE I. C. R. MAIN LINE

**Two Engines Collide at Green  
Point on Saturday Evening  
But Damage Was Slight**

What might have been a serious accident, a repetition of the fatal Aulac wreck, which is still fresh in the minds of citizens and railway men, occurred late Saturday evening at a place known as Green Point, on the main line of the Intercolonial, and situated between Bathurst and Campbellton, on the Northern Division. As it was, the engine of No. 40, southbound, had a head-on collision with Jamieson's north-bound special. Both trains were fortunately moving at a slow rate of speed and the damage done was comparatively slight. The pilots of both engines were somewhat damaged and it was a narrow escape from a bad wreck. Railway officials are holding an investigation as to the cause.

#### BIG CATHES OF SALMON REPORTED

**Nets on Both Sides of Bay  
Chaleur Making Good Money**

After a backward fishing season, to have been kept out of the Bay and river by the backward spring, started to come last week with a rush, and from all along the Bay Chaleur come reports of big hauls. Not only are the salmon plentiful, but they are exceedingly large. It is reported that one taken at Carleton was 59 pounds. So far as the Graphic knows, this is a record fish.

It was reported here Saturday that the nets of a well known fisherman at Carleton took 1900 salmon on Friday.

In the angling waters, fishing has greatly improved during the last two weeks, and fly fishermen are having good sport. Mr. George Cleghorn of Montreal, who has leased the Wheeler waters at Runnymede, has had very good sport, landing up to June 18th, 28 salmon, averaging twenty-three and a third pounds each. This is a very high average.

When your child has whooping cough be careful to keep the cough loose and expectoration easy by giving Chamberlain's Cough Remedy as soon as required. This remedy will also lighten the tough mucus and make it easier to expectorate. It has been used successfully in many epidemics and is safe and sure. For sale by all dealers.

#### DUGAL INVESTIGATION PROVES INTERESTING.—LUMBERMEN PROVE WILLING CONTRIBUTORS

(Continued from page 1)

A.—I met the next day, at Newcastle, Mr. Berry and Mr. Brankley, and I told them I had the money. I think it was Brankley who said "There is a grip in a room at the hotel," and I put it in the bag.

Q.—How much?

A.—\$3,000.

Q.—When was that?

A.—That was about June 26 or 27.

Q.—This was in addition to the amount of the bonus?

A.—Yes, in addition to the amount of the bonus.

A. H. F. RANDOLPH  
Allan H. F. Randolph, a member of the firm of Randolph & Baker, then went into the witness box.

Mr. Carvell—Did Mr. Berry or any other person ask you to pay to the campaign funds over and above the bonus?

A.—No.

Q.—How much?

A.—No.

Witness then left the stand and it was understood that he was only called at his own request to deny making payments as alleged in the statement filed by Mr. Carvell.

JAMES ROBINSON,  
lumberman, of Millerton, Northumberland county, swore he paid on his own lands \$2,176, and for Tim Lynch Co., \$3,830 into the fund exacted by Berry. At the time of payment towards this fund Berry promised that a fixed period for stumpage would be put through at \$1.50 per thousand, and later such agreement was put through. I felt it was necessary to pay the amount asked for the campaign fund.

A. E. SAYRE, OF ST.

JOHN, A LUMBERMAN  
was asked to pay \$15 a mile into the campaign fund by E. R. Teed, of Woodstock. I said I would pay if others did the same. I was told that others had paid. I drew the money to pay, but made up my mind not to. I went to the Royal Hotel to meet Mr. Teed and tell him so, but he was not there. I met W. H. Berry and told him. I knew that he and Teed were here on this business.

ARTHUR HILYARD, DALHOUSIE,  
related the interviews with Mr. Berry about the payment of the amount to the campaign fund, so-called, his refusal to do so, and Berry's persistent efforts to induce him to do so. If he decided to pay it, he was instructed to pay it to Brankley.

JOHN W. BRANKLEY,  
manager of the Miramichi Lumber Company, was the next witness. This is the person to whom the lumbermen paid the several amounts for the election fund. He related several interviews he had with Mr. Berry about paying into the campaign fund, but about the payment of the amount to allow him to pay any graft. He then gave evidence of receiving the election fund paid by several lumbermen, acting as treasurer. He went to Fredericton about June 20th, 1913, where he met Mr. Berry, Hon. Mr. Fleming and Mr. E. R. Teed. Mr. Berry took him to Hon. Mr. Fleming's room. He met Mr. Fleming and Mr. E. R. Teed in the room. Hon. Mr. Fleming said "Anything Mr. Berry tells you about this man is all right," meaning E. R. Teed, as he afterwards found out. Mr. Fleming left the room and Mr. Berry introduced him to Mr. Teed. Mr. Teed was in court and identified by the witness.

The witness said: "I went home, and about June 26 Berry and Teed came to Chatham, and I gave Teed the money I had then received from James Robinson, the Lynch estate, Sinclair Co., Miramichi Pulp Co., J. P. Burchill, Allan Ritchie, James Rundell. He put it in a valise and took it away. Later on, about July 25th, I went to St. John and met Teed and Berry, and paid Teed \$23,200, money for the campaign fund received from Bathurst Lumber Co. and W. B. Snodgrass.

Mr. Teed, counsel for Mr. Fleming, only asked one question in the cross-examination. Again and again counsel for Mr. Fleming attempted by technical objections to exclude the

evidence, but unsuccessfully. Premier Fleming was not in court to-day.

FRED BEATTY,  
manager of the Stetson Cutler Co., swore to the payment of twenty thousand dollars to Berry and Teed, in the Dufferin Hotel, St. John, which money was over and above the regular bonus, and which he was instructed to pay from the Shives Lumber Co., the Richards Manufacturing Co., and the Stetson-Cutler Co., which latter company practically owns and controls the above named companies of Campbellton.

Wm. Sullivan, of Red Bank, swore he did not pay into the graft fund.

James Rundell, whom Brankley swore left a package for the bag, was not present, when called, and the Commission adjourned till to-morrow at 10 o'clock, to hear his evidence, as well as that of manager Jones, of the Partington Co., and two or three others in the lumber business.

Mr. Carvell advised the Commission that he proposed to ask for an adjournment for two or three weeks, while the railway charges were being investigated, in order that W. H. Berry might be brought if possible to give evidence, as well as George C. Cutler, and to await the return of the manager of the Lawson Lumber Co., of Jacquet River.

The last sitting of the court was held on Friday morning when the first witness was N. M. Jones, manager of Partington Paper Co. He swore to the payment of \$3,225 into the graft fund, but that he had refused four or five times to do so. He also swore that he was influenced to pay because he feared if he did not do so his company would not be treated as favorably as those companies that had already paid as Berry told him they had all paid. On all occasions of Berry's visits, except one, E. R. Teed was with him. Berry requested cash, I said I would pay cash if he gave me a voucher. He refused to give a voucher and suggested then I issue a cheque to J. E. Moore. In the presence of Berry, I issued the cheque; Moore endorsed cheque and handed it over to Berry. I felt I had no right to pay and think so yet.

James Rundell was the next called, but did not answer and he court, at the request of Mr. Carvell, took a short recess.

On resuming, Mr. Carvell stated that owing to the non-appearance of certain witnesses who had been served with subpoenas, he desired the investigation adjourned till after the Valley Railway investigation. Counsel on both sides conferred and it was decided to postpone to a date to be announced during the railway investigation.

So far it has been proven that over \$66,000 was received into the alleged election fund.

The counsel for Dugal are making every effort to secure the attendance of Berry, and the fact that the government have not so far made any effort to force their official to come back, causes a great deal of talk.

Will there be a break in the work of the royal commission on investigating the Dugal charges?

Something very like it was hinted at in the last meeting on Friday but over the week-end the matter has not been carried any farther so far as can be gathered. On Friday M. G. Teed, K.C., told the commissioners he had an important engagement for July 7 and succeeding days. T. J. Carter, K.C., is counsel for the federal railway department in the Southampton Railway case, and he suggested that probably F. B. Carvell, M.P., would be there too, as he laid the charges.

Mr. Carvell declined to be drawn, however. "I might arrange to be represented by proxy," remarked Mr. Carvell. "I might arrange with Hon. H. F. McLeod, M.P., to represent me." On the same date, too, Mr. Justice McKeown will be engaged in the divorce court at Fredericton and as there is much business he may be engaged for some time.

Should the investigation into the St. John Valley Railway charges not be completed by July 7 it was agreed on Friday that there would be an adjournment. Mr. Carvell returned to Woodstock on Saturday for the week-end.

While the Valley Railway investigation may not result in such startling

## S. A. POIRIER SPECIAL SALE -FOR- 5 DAYS ONLY STARTING FRIDAY, 26 UP TO WEDNESDAY, JULY 1

We Sell The Whole Stock at Cost Prices

50 Black and Blue Serge Suits, well made up to date, former price \$17.50 to 22.00 for 12.50.

### The Gold Dust Twins' Philosophy

NOW you have often said—"Oh dear, I dread when eating time comes near. It's not so much the cooking, grab, but cleaning after,"—there's the "rub." Each kitchen holds a mass of work, no tidy little wife should shirk.

The kitchen floor, the kitchen sink, the kitchen pots as black as ink, the kitchen kettles and the pans, the silver, glass and cups and cans; wherever you may look, the toil means more than any kettle's boil. To just "prepare" a meal is "fun," but work, with THAT is scarce "begun."

If those who stay up days and nights to win the cause of "Women's Rights" would only vote the GOLD DUST PLAN they soon would have the best of man.

More time for comfort and for smiles; more time to play a woman's wiles, for once the GOLD DUST TWINS appear, Hard Labor's cry you never hear; frail woman is a queenly soul who plays the "Take-it-Easy" role. Each GOLD DUST package sets her free by bearing out its guarantee, and never more those household woes that every weary woman knows. File up the dishes as you will, the GOLD DUST TWINS will clean 'em still. Old floors and woodwork sinks and pans, turn out as Master Cleaner Plans. From sun to sun, and chore to chore, your tasks will fret you no more.

The Gold Dust Twins

### THE STANDARD RULES

To be adopted May 30th, 1914. Call for a Watch from 19 to 23 Jewels, Stem Wind, Lever Set, and adjusted to five positions. We carry all the popular standard makes, including Elgin, Hamilton, Illinois, Waltham, Etc. Guaranteed to pass all Railroad inspections in America.

We would be pleased to show you the FINE POINTS of these Watches.

OUR PRICES ARE THE LOWEST POSSIBLE

Special attention given to the repairing and adjusting of Railroad High Grade Watches.
