VALUATION PLACED ON BUILDINGS USED FOR MILITIA LOW

Mayor Objects to \$5,000 for Victoria Hospital.

Assessment Commissioner Stephen Grant values the property in London now in use by the militia department at \$307,600, for which it pays no rent. However, Mayor C. R. Somerville and Controller J. M. Moore disagree. They believe that the valuation is nearer \$302,000.

Mr. Grant's figures are:

Exhibition buildings	\$253,000
Princess avenue school	\$6,000
Soldiers' Club	6,000
Victoria Hospital	5,000
Total	\$307,600

There are three brick buildings at Victoria Hospital in use of controller Moore says they are worth \$20,000 each. The mayor says they are worth much more than \$5,000. The city goes back to Mr. Grant.

INTEREST INCREASES

Noon Day Prayer Services Will, Therefore, Continue.

No week since the inauguration of the union noon hour prayer services has the attendance been larger or deeper interest been manifested than during the past week. Arrangements have been made by the Ministerial Alliance for continuing the services next week under the following leaders: Monday, Rev. W. J. Knox; Tuesday, Rev. D. Rogers; Wednesday, Rev. H. Bingham; Friday, Rev. H. Bingham; Saturday, Adjutant Martin.

COMPLETING PLANS

Social Service Council Organization Perfected June 18.

Notices are being sent out within the next few days to twenty-five organizations in the city, asking them to appoint representatives to attend a meeting to complete organization of the Social Service Council of London, which will be held in the Y. M. C. A. on the evening of June 18th. The local Social Service Council will be affiliated with the Provincial and Dominion councils, which are active in the city, and the majority of the agencies working for social and moral betterment in Canada.

L. AND P. S. NO BETTER

Crossings Neglected Same as Other Roads, Is Complaint.

Max Lerner told the board of control Friday that the London and Port Stanley Railway was no better than any other railway for keeping its level crossings in a proper state of repair. He complained of the condition of Hill street crossing. He had complained to officials of the railway with no result. He said that the crossing was almost impassable for heavily-loaded wagons. Hill street, he claimed, was much worse than many streets in the neighborhood, but they were all bad.

The city engineer will be asked to take up the case with the railway.

WELL SATISFIED WITH BABY'S OWN TABLETS

Mrs. Edmond Gagne, Tikapee, Que., writes: "I am well satisfied with Baby's Own Tablets. They are absolutely necessary in homes where there are little children. They cured my baby of constipation and I was able to be without them." Thousands of mothers always keep a box of Baby's Own Tablets on hand as a safeguard against constipation, colic, cold, simple fever or any other of the minor ailments of little ones. The tablets are sold by medicine dealers or by mail at 25¢ a box from The Dr. Williams' Medicine Company, Brockville, Ont.

HIGH BLOOD PRESSURE

This is but a symptom of some other constitutional disease. It is caused by a clogging up of the arteries, due to the formation of sediment which makes the arteries hard and brittle, and while the same amount of blood through greater pressure is exerted in these arteries and we have what we call High Blood Pressure. Hacking's Heart and Nerve Remedy will dissolve this uric acid formation and beneficial results are sure to follow. A 6-box treatment will work wonders, and anyone having this trouble should not hesitate to try this remedy. Price five a box, 6 boxes for \$25. Sold by all dealers or by mail, postpaid, C. B. Hacking, P.M.B., Listowel, Ont.

Snapshots From Home

Buy a camera and give cheer to the boys at the front by sending them pictures from home. The Kodaks and Brownies are easy to operate and good pictures can be procured at little expense.

J. H. Back & Co.
210 DUNDAS STREET.

ENFORCEMENT OF TRAFFIC BYLAW TO BE STRICTER

Police Commission Will Be Asked To Tighten It.

The police commission will be asked to more strictly enforce the traffic regulations in the city. The board of control discussed the question when the recommendation of No. 2 committee, that traffic officers be stationed at King and York, corners of Richmond street, was read.

Controller E. S. Little said that the drivers of cars should be forced to keep to the right in making turns at all corners. It was also suggested that the drivers of cars should be forced to stop at intersections.

Controller Merrifield said that there were many dangerous points. He mentioned Dundas and Wellington streets. Controller Little suggested that the curbing at all corners might be moved in close to the walks, allowing for a rounded corner, with a standard in the centre, which all cars would have to go around.

HORRORS! DANDELION

Wine In Booze Class, Declares Inspector

Those Who Make Favorite Old Drink Must Beware.

Home brewers of dandelion wine are liable to be charged with a breach of the Ontario temperance act, says License Inspector J. E. Keenleyside. There will no doubt be some unwelcome news, as many citizens are making the beverage this year who never thought of it before.

CITY FIGHTING FOR

EXTENSION OF LIMITS ON EXPRESS DELIVERY

Companies Would Give Service on Paved Streets Only.

The express companies strongly object to making deliveries in London on unpaved streets. In an application for an extension of limits has been made to the Dominion Railway Board, and the express companies are preparing to fight it.

RE-EXAMINATION OF ELIGIBLES BRINGS IN NEW EXEMPTION PLEAS

Men Rated in Category Have To Present Other Grounds.

A large number of men throughout this military district, who have been rated to higher medical categories after re-examinations, are being ordered before tribunals.

These men will be given an opportunity of making claim for exemption on some other grounds, as they cannot be exempted on medical category grounds alone if found either in A or B categories.

TOO STRONG ODORS FROM CITY FISH STALL

Controller Would Therefore Have It Moved From Market.

Controller J. M. Saunders thinks that the fish stall should be removed from the market. He said that the market should not be burdened during the hot summer months with the smell of fish. A committee will be asked to get through the place.

MOTORIZATION OF FIRE DEPARTMENT AGAIN BROUGHT UP

Controllers Advocate Light Trucks for Outside Halls.

That the days of the horse-drawn fire apparatus in London should be quickly ended is the opinion of the members of the board of control. The question was discussed on Friday. Fire Chief John Aitken was recently authorized to purchase four horses, and now another is dead, making five necessary.

Controller J. M. Moore said that he would sooner see the horses done away with and light trucks purchased instead. He said that the horses kept in the north end station made the trip down town three times the other night. It was too hard on them. He said that other horses were purchased lighter trucks for the outside stations. The trucks of two light trucks would not be equal to the horsepower of the horses.

BULK OF CONTRACTS FOR CLOTHING GOES TO PREVIOUS BIDDER

Fire Department Uniforms To Be Made By Greene-Swift.

Greene-Swift, Limited, has received the bulk of the contracts for making fire department uniforms, awarded by the board of control.

Last year the tenders were awarded to the same firm. A nursery was awarded because the firm in question did not run a union shop.

Gray's, Limited, was awarded three tenders: Five dozen shirts at \$12.75; four dozen pillow-cases at \$30.00; four dozen roller towels at \$30.75. The other tender, T. F. Kingsmill, was lower on the first two items and 25 cents higher on the third.

The Greene-Swift Company submitted a number of samples of cloth for uniforms. The one accepted called for \$20.75 for coats and \$11.25 for trousers. Dambra & Waisel, Limited, submitted an extra pair of trousers, for \$8.20.

BIRTHDAY PARTY FOR CLEVER INDIAN CHILDREN

Daughters of Oneida Reserve Family Make Good School Record.

Little Miss Hazel Charles, an exceptionally bright and attractive young Indian girl, descendant of a famous Oneida Reserve family, celebrated her 10th birthday this week in this city. In Alexander Charles, her mother, Mrs. Charles, and her father, Mr. Charles, who were bidden the playmates of the girl, living in the neighborhood, on Grey street. Hazel not only had a kind of fun, but over so many nice presents. Among these was a very nice money from an Indian soldier, to buy whatever she pleased with.

Hazel and her bigger sister, Marion, and her mother have a very warm feeling for the men in khaki. Away overseas, some of the men in France, the big brother of the small girls, Pvt. Levi Forest Charles, serving king, was killed in the battle of the Somme. Mother Charles wears, as her most treasured ornament, his A. M. C. badge. Hazel's brother is the only man of the family now, because Daddy died six years ago. If he could have lived, he would have been a very proud and only of the son following in the footsteps of his father, but also of the way, have made a good record not only in day school but in the Hyatt Avenue Sunday School as well.

The New Arlington-Columbian

HOTEL AND COTTAGES. HIGH-CLASS SUMMER RESORT. COBBOURG-ON-LAKE, ONTARIO.

Cobourg is 70 miles east of Toronto, directly opposite Rochester, N. Y., with only a day's drive. It is 160 miles; on main line of Grand Trunk Canadian Pacific and Canadian Northern Railways.

Excellent climate, absolutely free from mosquitoes; always cool, with refreshing breezes off the lake. Fine sandy beach, surf bathing, no undertow, excellent bathing facilities. Fishing, boating, bowling green, tennis, golf, etc. Fine macadamized roads, for motoring. First-class garage, with garage, no cold storage food used; white service; elevator.

Special rates for June. Rates moderate. Write for illustrated booklet. law 7 July 6.

QUERIES REGARDING MILITARY SERVICE

Send in Your Problems and They Will Be Answered From Official Information by The Advertiser.

APPIN. Q.—1. What is the address of the registrar-general?
2. I am a married man. What papers shall I carry?
3. Will I have to send my marriage certificate to get a copy?

—1. Parliament Buildings, Toronto, Ont.
2. A copy of your marriage certificate.
3. You can get a copy from the clerk of your municipality if the marriage was performed there. Otherwise you can get it from the registrar-general of the province where the marriage was performed.

NORTHWOOD. Q.—What are the chances of a 22 man, 22 years old, obtaining leave of absence for farming?

A.—Only the A men of that age have been called. If he is not a soldier when the B men will be called. No information regarding what leave will be granted them when called is available. It would seem that you would have good chances of obtaining leave on agricultural grounds, but all depends on how pressing is the need for men. If you were the sole support of dependents you might also get leave, if they would suffer serious hardship by your enlistment.

PARIS. Q.—1. A man in category A is within the draft age, and his exemption expires June 1. If he is not notified by the registrar when and where to report, and does not report, is he a deserter after that date? Will the registrar notify such men?

2. Are B men put in the same training as A men?
3. "I," his exemption reads "until June 1," he needs nothing but await notification from the registrar. If his exemption expires because of some other reason, such as a change in occupation or circumstances, he is bound to report to the registrar after that date. If he cannot be a deserter until he fails to report when ordered.

4. What are the conditions of service for men in categories lower than A who are liable to be called for re-examination at any time. If they are released from the category in the meantime, can they be utilized, they then have an opportunity to claim exemption on any other grounds (unless they are of the class for which exemptions have been cancelled), and if not exempted can be called for service.

W. S. H. Q.—I am 25, and put in category E last fall. Am farming. Am I liable to be called for re-examination for overseas service or service in Canada?

A.—Men in categories lower than A are liable to be called for re-examination at any time. If they are released from the category in the meantime, can they be utilized, they then have an opportunity to claim exemption on any other grounds (unless they are of the class for which exemptions have been cancelled), and if not exempted can be called for service.

E. L. Dashwood. Q.—I am 19 years old and was examined last week for the R. F. C., and placed in category A. Will I still have to register before June 1?

A.—Unless you have been attested as a member of the Canadian Expeditionary Force, or of the R. F. C., you are still a civilian, and therefore must register. Once you are attested, you are a soldier, and are not bound to register.

ELMWOOD. Q.—Where should I write for a birth certificate and what will it cost?

A.—Write to the clerk of the municipality where your birth was registered, or to the registrar-general, Parliament Buildings, Toronto, Ont., if you were born in Ontario. The charge varies from 25 to 75 cents.

Have You Cleaned Your Silverware?

Don't go through that dreadful ordeal of rubbing and polishing with paste or powder. The time is past for such labor.

INSTANTANEOUS BRIGHT WILL DO IT IN A JIFFY.

All you have to do is to dip your silver pieces in the water as directed and they come out bright as new. This little piece of metal will clean your silverware for years. Price.... 25c

Western Ontario's Mail Order House

Their Scientific Construction Will Be Explained

Beginning Monday we will have in our Stove Department (in the Basement) an expert from the Gurney-Oxford foundry, who will be pleased to explain and inform users of gas stoves of the decided advantages and gas and fuel saving devices in the construction of Gurney-Oxford Stoves. When you are told that a certain stove is a conservator of coal or gas, there must be a reason behind that statement, or it means nothing. This representative is an expert in stove construction and the functions each and every part should perform, and will point out and explain why the Gurney-Oxford Gas Stove consumes less gas, also why the Gurney-Oxford range burns less coal. Apart from the convenient construction of these stoves there are the vital points—the consumption of coal or gas, and a most important consideration under present conditions. If there is any point about your gas stove you don't fully understand this demonstrator will be pleased to inform you.

Keeping the Prices Down To Normal

The following list of popular models will show that prices have not advanced on these stoves in proportion with other lines of iron and steel construction.

Our Special Model, three burners, large oven, is the most compact and serviceable range on the market. See this range. Special..... \$16.50
\$22.00 Model, full size, has four burners, 18-inch oven. This moderately-priced gas range is designed to meet the demands for a stove that will give great satisfaction. Price \$22.00.
\$29.50 Model, with a large cooking top, four burners and a simmering burner, bake oven 18 1/2 x 20, oven sides and bottom burners lift out, top frame is one piece and is removable. Price \$29.50
Cabinet Gas Ranges, with high oven. These ranges are the best of their kind, and are equipped with every modern improvement, the baking and broiling ovens are particularly roomy, all oven linings lift out for easy cleaning. Prices \$42.00, \$48.00, \$55.00
Gas Plates in two and three burners..... \$2.25 to \$4.25
Ovens..... \$3.00 to \$4.00

New and Interesting Facts from Science and Life

Why the BATTLE TANK Is REALLY a GIGANTIC CATERPILLAR

IMAGINE what a vision of frightfulness that hideous specimen of the larval state, the hickory-horned devil, would be to the human race, if he were enlarged to the size of a battle tank, approximately 8 feet wide and 28 feet long! What a sight to make men's knees shake with fear, with his waving antennae, his fierce and gleaming jaws, his towering horns, his beady eyes and his ponderous bulk! He would ignore all obstacles as he went trampling and devouring over the plain, his vertical mouth opening and shutting meanwhile like a ponderous valve.

In the realm of twigs and leaves, the cry "The Caterpillars are coming!" must mean as much as the alarm "The Tanks! The Tanks!" means to the Germans.

The caterpillar is not the inoffensive slug which he often seems to be as he is seen bestirring himself across some woodland walk. His hide is very thick and underneath it is a heavy layer of fat. The doughty warrior ants coming out with their nippers to assail him do not worry him much. Up goes the tank of the world underfoot and down he comes with a swing of the forward part of his body and a group of his enemies are crushed to extinction.

Several varieties of caterpillars have very effective weapons of offence. The species from which comes the swallowtail butterfly mounts a rapid-fire poison-gas gun. When he is hard pressed by his enemies he will project from his head a tube which looks not unlike the barrel of a Lewis machine gun and discharge an odor so offensive that insects within scent of it curl up and die.

The British tank is a terror to the Teuton infantry as it starts relentlessly over No Man's Land, crushing everything within its reach and mowing down the enemy. It brushes aside wire entanglements, shatters dugouts and forts of reinforced concrete and slays cowering wretches in the trenches whose cries for mercy the men in the car of death cannot hear.

In this vivid description, in which the motion of one of the most formidable and terrifying of modern war machines is compared with that of the lowly larvae from which comes the radiant butterfly, John Walker Harrington, writing in Popular Science Monthly, shows that the war tank is to modern battle what the caterpillar may well

be in the wars of the insect world. Just as man copied the fish for submarines, the birds for airplanes, he has modelled the battle tank along the lines of a gigantic caterpillar. So remarkable, in fact, are the numerous points of close resemblance between the battle tank and the caterpillar that it can be said that the idea for this formidable war machine was secured solely from nature. As Mr. Harrington points out, this famed "cruiser" of the battlefields might never have been built, but for the invention of the farm tractor of Benjamin Holt, with its caterpillar tread.

After spending about an hour within a battle tank Mr. Harrington says that at every point he was more and more impressed with the idea that not only does the tank resemble the caterpillar in movement, but that there are strange like-

A ROCKING CHAIR SEE-SAW

HOW a see-saw easily can be made from a discarded rocking-chair is described as follows in Popular Mechanics:

The pack of the chair is removed, and the long ends of the rockers cut off, or the rockers refitted so that the ends are of equal length from the cen-

The Rocker Support Is Made Low to Remove Danger of a Fall.

tre. The legs can also be braced with boards if such straightening is necessary. A suitable board is fastened to the top of the chair with screws and handholds are provided, as shown. The rocker support should be made low enough so that there is little danger from a fall.

How SHELLS Are GIVEN the THIRD DEGREE

HAVE you ever stopped to think just how ammunition experts manage to check up the huge quantities of cannon shells shipped to No front? Do you know that extremely fine electrical precision apparatus is employed for the purpose? Among such devices is the delicate electric chronograph, a highly sensitive and accurate electrical instrument used for recording the speed of shells in flight. This instrument showed the ordnance inspectors of the Russian government that they were sending shrapnel shells through the air at the rate of 1800 feet per second.

A Russian test on American-made ammunition conducted at Lakehurst, N. J., where over 3,000,000 shells were tested. Each shell could not, of course, be tested so the inspectors satisfied themselves with checking up 60 shells from every 3,000 produced. If one shell when fired failed to register properly on the photo taken by the electrically operated camera, the whole lot of 25,000 shells was immediately returned to the manufacturer.

The electric chronographs or split-second clocks used in timing the velocity of the shells when fired, are connected up to a network of electric wires placed at certain predetermined intervals along the proving range. As the projectile of the velocity test is as follows: As the bullet or shell leaves the muzzle of the gun it strikes one network of electric wires, severing one of the wires, which causes one of the electrically controlled split-second chronographs to be immediately actuated. The shell speeds on for say a thousand yards or so, depending upon the test and size of shell, when it strikes another network, severs a wire, opens the circuit of a second split-second chronograph and the deed is done. It is evident that by checking up the difference in time between the two (or more) chronographs and knowing the distance the shell traveled between both clock actuations, that the velocity of the shell in feet per second is at once determined.

A steel pit is used for exploding shells that have failed to go off when fired. The shells are

SPOILED POTATOES Can Be Used to Make BREAD

BECAUSE of the scarcity and high price of all kinds of foods, numerous methods have been devised not only to prepare new viands and to reduce consumption, but to utilize more completely some products which were wasted before. One of these very interesting methods, just devised by a Frenchman, M. Ducomet, a professor of the Rennes National Agricultural College, makes possible the saving of potatoes spoiled either by the phytophthora disease or by frost. This scientist discovered that for months the starch of the potatoes, that is to say nine-tenths of its food value, resisted the following method enabling the farmer to utilize the spoiled potatoes which otherwise could not have been used even to feed hogs.

The tubers, having been washed, are abandoned in piles until completely spoiled. They are then crushed with a little water and the mass put through a sieve. To the pulp obtained in this way

AMERICAN MEDAL of HONOR Is RAREST of DECORATIONS

NAVAL and military men of America claim that their "Medal of Honor," equivalent to Britain's Victoria Cross, is the hardest to gain, the most rarely awarded, and therefore the most precious and least known of all such decorations throughout the world.

When a man is entitled to wear an inconspicuous bronze star pendant from a blue ribbon on which are 13 white stars, it is certain that he has performed a deed of almost superhuman fearlessness. The Medal of Honor is a five-pointed star with a medallion in the centre bearing the head of Minerva and around it "United States of America" in relief. On each ray of the star is an oak leaf, and the points themselves are trefoil shape. A laurel wreath in green enamel encircles the whole, and this wreath is surmounted by the word "Valor," which in turn is surmounted by an eagle that attaches the decoration to its ribbon.

The holder of this decoration, if an army man, wears, when in service uniform, a button or badge, awarded, and made of blue silk with 13 white stars. If in the navy, the decoration is represented by a small red, white and blue bow knot. The Medal of Honor was first authorized by Congress on March 3, 1862, and was for non-commissioned officers and privates only. But in 1863 it was extended to commissioned officers as well. In the war between the states 1500 Medals of Honor were won, 96 per cent. going to private soldiers.

The Illustrations at the Left and Right Clearly Show the Resemblance Between a Tank and a Caterpillar, both of Which Are Here Drawn on the Same Scale.

nesses in structure, in armor and even in control between the two objects.

"The tank," continues Mr. Harrington in his illustrated account, "is a high-powered, armored motorcar in that it moves not on wheels but on two steel belts traveling on wheels but on two steel belts traveling on the heavy metal frames on either side of its diamond-shaped body. The belts consist of shoes ingeniously linked together in endless chains. Each shoe has a flange, with which the chains are connected by gearing with the powerful engine in the back of the tank. The front sprockets are fitted to heavy sprockets. The rear sprockets are connected by gearing with the powerful engine in the back of the tank. The front sprockets are idlers over which the belts glide. There are also wheels which rest on the upper surfaces of the belts. At the top of the frames are rollers over which the belts pass. The tank is really laying down two tracks or a railroad of its own."

In comparing the caterpillar with the tank Mr. Harrington describes the former as follows: "The body of the average caterpillar consists of 13 segments, four of which belong to his thorax or, dropping into mechanical terms, his fore com-

partment, while nine are assigned to the abdominal section. The number of segments varies with the species. The chest portion has three pairs of true legs, so-called because they are well jointed, easily controlled and muscular. They are protected with horny sheaths and are in effect armored. With these true legs the caterpillar can steer himself, help himself along a twig, or seize leaves.

"The pro-legs, or false legs, appear on at least five of the segments, the shoes of the tank belts to some extent and they perform the same functions. They are fleshy unjointed protuberances rather than limbs. At the bottom of each one are minute hooks which are used automatically in giving the animal a hold on the surface he is traversing. They are for clasping, and in fact the rear pair are so modified as to be called clasps. Now, if a caterpillar could keep his pro-legs or shoes mov-

The Great DIFFICULTY of RAISING GOLDFISH

ABLE to the eye, are nourished for seven days by the yolk sac, after which they are removed to rearing tanks. The water in these has been left stagnant and is rather dirty in appearance, caused by the presence of infusoria, the first food of the infant fish. Afterward the prepared food, on which they have to exist for the rest of their lives, is given. Fan-tails are produced by inbreeding, and as soon as the newly hatched lot grows large enough to show its characteristics, these are sorted out.

INFORMATION That Every WOMAN Should HAVE

Enamel baths can be thoroughly cleaned with a flannel dipped in paraffin, and should not be scrubbed with soap, as this cracks the enamel.

Instead of washing combs, clean them by brushing and pulling a piece of cotton through the teeth, always changing it as it gets soiled; then rub with a clean cloth.

Holes in plaster walls may be stopped with a mixture of sand and plaster of paris mixed into a paste with water. When dry cover with a piece of paper to match the wall.

For worm-eaten furniture peroxide of hydrogen is excellent, and should be used without water. As it has no smell, it is more pleasant in use than paraffin and other remedies often used for old furniture, and it does not injure the polish.

Candle Cure for Stammering

LISPING and stammering are separate imperfections of speech which require entirely different treatment.

Lispers, for instance, can be cured in a short time by tongue and palate gymnastics. They "lisp" simply because they do not work their tongue and palate properly. A writer in Popular

Science Monthly says that by making the child speak before a mirror the teacher can correct these mistakes.

Stammering is a nervous disorder which cannot be cured so easily. The pupil involuntarily applies too much force at certain parts of the vocal organs, causing the stuttering and a sputtering with which we all are familiar. One cure is to relieve the overworked parts by distributing the energy evenly. This is learned by pronouncing certain flowing sounds in front of a candle until the flame does not flicker.

Practising Breath Control with a Candle Flame.

Science Monthly says that by making the child speak before a mirror the teacher can correct these mistakes.

Stammering is a nervous disorder which cannot be cured so easily. The pupil involuntarily applies too much force at certain parts of the vocal organs, causing the stuttering and a sputtering with which we all are familiar. One cure is to relieve the overworked parts by distributing the energy evenly. This is learned by pronouncing certain flowing sounds in front of a candle until the flame does not flicker.

ing over his head and over his tail in an endless chain arrangement, his resemblance to the tank as far as the locomotion details are concerned would be perfect.

"Some of the caterpillars have such a rapid, undulating movement, that it is hard at first to analyze their elements. The caterpillar actually walks by extending and contracting the fleshy segments of his body, the power being transmitted mostly to his pro-legs.

"Anyone who has seen the fuzzy larvae of the tussock moth going up a tree trunk will realize that the caterpillar is happy at any angle. The same principle of construction illustrated in that insect permits the tank almost to stand on end without losing balance.

"For the sake of simplicity, the wheels at the rear of the tank by which it was once steered have been discarded and the direction is given by running the two belts at different speeds. The land-ship is rudderless. The caterpillar can twist his segments at the joints.

"The observation facilities and guide centres of both are in their forward compartments. The commander of a tank and the driver sit well forward in the Juggernaut, looking out of very narrow slits. When it is necessary to close the slits on account of rifle fire, the pilot gropes his way as best he may. The captain or lieutenant in command is the brains of the steel-clad caterpillar.

"Caterpillars have fairly active brains and a good workable ganglia or nerve centre. On either side of the head they have small, shining eyes in the rows. They also get good information about the nature of the surface over which they are passing by lowering delicate filaments or sense organs known as palpi.

"The camouflage of tanks and caterpillars is effective always. 'Old Crusty' at the western front and 'Old Crawly' of the garden both resort to disguise. The tank is often painted the hue of the mire; the caterpillar assumes the tone of the soil.

There scarcely seems a characteristic, common to the foliage of either of the furry denizens Mr. Harrington, either of the furry denizens which may turn the tide of this war, which does not reveal that, after all, the terrors of the terrain are titanic caterpillars.

NO MORE NERVOUS HEADACHES

Since She Tried "FRUIT-A-TIVES," the Famous Fruit Medicine.

MISS ANNIE WARD.

"It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine, 'Fruit-a-tives.' I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors, but nothing seemed to help me until I tried Fruit-a-tives."

"After I had taken several boxes, I was completely relieved of these troubles and have been unusually well ever since."

"MISS ANNIE WARD."

"Fruit-a-tives" is fresh fruit juices, concentrated and increased in strength, combined with sweet tonic, and is a positive and reliable remedy for Headaches and Constipation. Fifty cents a box, 6 for \$3.50, trial size 25c. At all Dealers or Fruit-a-tives, Limited, Ottawa.

FRECKLES

Don't Hide Them With a Veil! Remove Them With Othine—Double Strength.

This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by any druggist under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

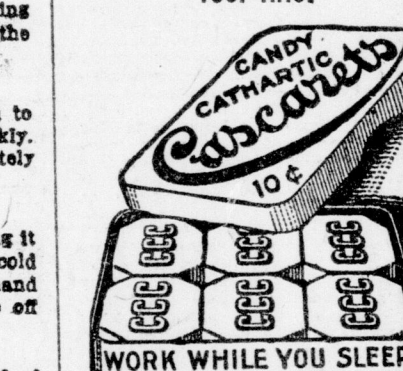

Be sure to ask the druggist for the double-strength Othine; it is this that is sold on the money-back guarantee.

IT'S YOUR LIVER!

YOU'RE BILIOUS, HEADACHY, SICK!

Don't stay constipated with bad breath, stomach sour or a cold.

Enjoy life! Liven your liver and bowels tonight and feel fine.

Tonight sure! Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, breath offensive and stomach upset. Don't stay bilious, sick, headachy, constipated and full of cold. Why don't you get a box of Cathartic Candy from the drug store now? Eat one or two tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. You will wake up feeling fit and fine. Cathartic Candy never grips or bothers you all the next day like calomel, salts and pills. They act gently but thoroughly. Mothers should give cathartic candy to their children. A whole Cathartic Candy any time. They are harmless and children love them.

Stains caused by indelible ink on linen may with patience be made so faint as to be scarcely perceptible. First of all, moisten the stain with iodine, then use hyposulphate of soda. Next rinse in clear water and dry well, and the stain, if a new one, will often entirely disappear and even an old one will grow very faint.

Instinct Stronger Than Reason

THAT even in men instinct is sometimes stronger than reason is illustrated by the following incidents:

There had been shipped on a Mississippi river steamer a box with a glass cover, containing a very active rattlesnake. Whenever any one approached the box the serpent would strike the cover. The owner of the reptile challenged any one to hold his finger on the glass and let the rattlesnake strike at it. There was no danger, and it seemed an easy thing to do. First one and then another tried it, but when the snake gave its vicious spring the finger was invariably drawn back with a jerk. Instinct was stronger than reason and will combined.

A young man in Paris had lost his last son at the gambling table, which included a large sum belonging to his employer. He started for the Seine to drown himself. On the way there was a great commotion, caused by the escape of a lion from a strolling menagerie. People fled in all directions. Instantly the man who was seeking death climbed a lamp post and clung to the top of it, trembling in every limb. When the animal was captured and the danger was over he proceeded the river and plunged in.

"The Ship of Doom," a Thrilling Melodramatic Photoplay, at the Patricia Today.

Huddled in the lifeboat they sat, Clara Gove, her sweetheart, Martin Shaw, and Captain Shattuck, notorious commander of the ill-fated "Black-bird." The boat but a few short hours before had gone to her last rest, a mass of raging flames.

There was a bullet hole below the water-line of the lifeboat and the captain's sea plug had failed to work. It was a time for stringent measures, and one of those in the lifeboat might live, overboard so that the others might live. With one man out of the boat the bullet hole would be above the water-line. "We'll draw cuts for it," was the captain's order, and well Martin Shaw knew who would draw the straw carrying the death sentence. For since he had slain Jeff Whittlesley in a fight, following an insult to Clara, he had been pursued by evil luck.

Shaw was right; he drew the death lot. Hungrily his eyes bade a last farewell to the woman he loved, and he breathed a silent prayer to the one in whom he had no faith that no harm

might befall Clara. She swooned, and soon the little craft was out of sight. This is one of the gripping scenes which makes the new Triangle picture, "The Ship of Doom," at the Patricia Theatre today and tonight, a masterpiece of thrilling adventure of the sea. How Martin Shaw's prayers are answered and the punishment which fate has in store for the brutal captain makes a fitting climax to this picture, in which Claire McDowell and Monte Blue are featured.

Frank Keenan Portrays Role of District Attorney in "The Public Defender."

Frank Keenan, who assumes the role of the sinister district attorney in "The Public Defender," is conceded to be the foremost interpreter of character on the American stage today. Mr. Keenan brings to the part all the wealth of experience and extensive knowledge that comes with an association of 27 years with the best dramatic art. Frank Keenan is the one actor before the American public who can successfully convey a thought by the means of facial expression is undoubtedly verified by his performance in "The Public Defender."

Although having played leading parts in many successful plays in the support of the most distinguished stars of the eighties and nineties, it was not until

his engagement by David Belasco in 1900 that Frank Keenan's genius as an actor was accorded the recognition it had long deserved. Almost overnight he sprang into fame through his marvelous portrayal of "Jack Vance" in Belasco's

"The Girl of the Golden West," which ran for over a year in New York City. Mr. Keenan's remarkable success in "The Girl of the Golden West" was followed by a four-year engagement

with David Belasco, during which time his status as a star, whose name at the head of a cast meant crowded houses and broken box-office records, became permanently fixed.

Later he appeared in "The Warrens of Virginia," under Belasco's direction, and duplicated his initial big success under the same management.

This great photoplay will be shown at the Patricia Theatre next Monday, Tuesday and Wednesday.

Famous Editorial Writer Advocates "a Public Defender."

Among the advocates of the plan to establish public defenders in every municipality which contains a public prosecutor, as outlined in Harry Raver's screen production of "The Public Defender," is Dr. Frank Crane, the well-known editorial writer of the New York Globe.

Dr. Crane is enthusiastic about the movement, and has written of its progress frequently. Recently in a two-column article on the subject he said in part: "If we have a public prosecutor or district attorney, why not a public defender? It is not as much the business of the state to protect the innocent as it is to convict the guilty? One of the best results of establishing the office of public defender is that it will help remove the feeling entertained by so many people that the courts are only for the wealthy. This feeling has been unfortunately but too well grounded."

Since Dr. Crane first started to write on the public defender question, and pointed out the necessity of such an officer in our judicial system, over nineteen officials of this character have been appointed throughout the United States.

"The Public Defender," a great photoplay, will be shown at the Patricia Theatre next Monday, Tuesday and Wednesday.

At the Majestic Theatre today.

MARY PICKFORD
NOW A COLONEL
IN U.S. ARMY

Famous Screen Star at the
Majestic First Four Days
of Next Week.

In the past year the public has referred to Mary Pickford affectionately as "Our Mary," America's Sweetheart, and the like, but now it is "Colonel" Mary, for Miss Pickford is conferred upon her by Col. R. J. Farnum, commanding the 143rd Regiment Field Artillery, when she recently adopted soldiers at Camp Kearney, California.

On this occasion Miss Pickford gave a handsome silk standard with a silver plate. They in turn, gave her a beautiful loving cup, while she officiated at a footfall game and later was the honor guest at a regimental banquet and ball. Miss Pickford's popularity is not confined to the front, but to the motion picture theatre-goers, not only in this country, but abroad as well.

Miss Pickford is soon to be seen in this city in her newest Artcraft picture, "M'liss," based upon Bret Harte's delightful story of the days of '49 in California. She appears in this picture as a boyish girl, brave, resourceful, kind and tender-hearted. Her characterization in this picture will add to her gallery of portraits a distinguished figure that will serve to largely increase her fame and popularity. She is excellently supported in this picture by the players being Theodore Rosch and Charles Meighan, Tully Marshall and Charles O'Neil. "M'liss" is scheduled to be shown at the Majestic Theatre Monday, Tuesday, Wednesday and Thursday.

William Farnum in "The Conqueror"

Many touches of the humorous side of animal life are shown in the R. A. Walsh production of "The Conqueror," in which William Farnum plays the star role. The interior of the cottage of an old negro man, portrayed by Big Jim Marcus, will show the old fellow's mule.

Dorothy Dalton at the Majestic Today.

Few motion picture stars before the public today have more magnetic charm than has Dorothy Dalton, who will be seen in her new Thomas H. Ince Paramount photoplay, "The Mating of Marcella," at the Majestic Theatre today.

Miss Dalton's artistic talent displayed in "Love Me," and "Tyrant and Underworld," which she played with her usual skill and resourcefulness, has endeared her to her audience. Her characterization in this picture will add to her gallery of portraits a distinguished figure that will serve to largely increase her fame and popularity. She is excellently supported in this picture by the players being Theodore Rosch and Charles Meighan, Tully Marshall and Charles O'Neil. "M'liss" is scheduled to be shown at the Majestic Theatre Monday, Tuesday, Wednesday and Thursday.

Good Comedies Will Be Shown at Each Performance.

MATINEES, 10c; EVENINGS, 15c--WAR TAX, 1c EXTRA.

Douglas Fairbanks, the famous athletic motion picture star, will be seen at the Majestic Theatre June 10 and 11 in "Mr. Fix-It," conceded to be the funniest of all funny photoplays in which "Doug" has appeared.

STAR

H. B. Warner in "God's Man," at the Star Monday and Tuesday.

"God's Man," the remarkable photoplay which comes to the Star Theatre on Monday and Tuesday next, and which stars H. B. Warner, does more than amuse--it teaches a most potent moral lesson. It brings New York and New Broadway, the elite underworld and its "Sons of Subterfuge" and the "Scarlet Host," right home to its viewers.

"God's Man" is a production of the Frohman Amusement Corporation, the concern which made masterpiece, "The Witching Hour."

William Farnum in "The Conqueror"

Many touches of the humorous side of animal life are shown in the R. A. Walsh production of "The Conqueror," in which William Farnum plays the star role. The interior of the cottage of an old negro man, portrayed by Big Jim Marcus, will show the old fellow's mule.

ROSE DAY CANVASS RESPONSE IS GOOD, BUT RETURNS WILL NOT, IT IS EXPECTED, REACH 1914 MARK

Early Start Made by Taggers of Women's Sanatorium Aid in Sale of Plague Defying Flowers.

Six o'clock by sun time, and 7 o'clock by daylight-saving time, scores of young matrons, fresh as the June morning in their white frocks, were out on the streets, looking for Rose Day business. Over the arm of each was slung an attractive full green basket filled to overflowing with decorated little pink roses. Before long, the roses were being transferred to the heads of the taggers, and the taggers were beginning to sing. It was the beginning of the returns which will mean the continuance, for a considerable period, of the work of the Women's Sanatorium Aid of London for the tubercular poor of London. It was the beginning of the returns which mean visiting nurses, proper clothing, bedding and nourishing food, fuel for the winter, where necessary, and care for the whole family when the breadwinner is laid aside by the grim white plague.

The returns, according to the amount, will bring just so much nearer the day when the dread disease of tuberculosis will be stamped out of London and district.

Mrs. John Stevely, Mrs. B. C. McCann, Mrs. A. B. Greer, Mrs. T. H. Hurdon, Mrs. Charles White, Mrs. Ziegler were in charge at headquarters in the former patriotic drive and victory loan headquarters.

No more ideal quarters could be found. Formerly called a store, the place is lined with shelves. This forenoon these were partially filled with baskets of roses, etc., to be given out.

Not as big as in 1914. No idea was obtainable before going to press of the approximate amount turned in. It is believed, owing to war conditions, and the many calls upon the public, that the amount will fall considerably below that of four years ago, some \$4,000.

The last rose day was held in the early autumn of 1914, and only one patriotic tag day and before an appeal of any extent had been made to the public for the manifold forms of patriotic relief work that have since presented themselves. In the meantime the good work of the taggers, health, healing and relief for which the Women's Sanatorium Aid stands.

Mrs. John Stevely, president of the association, on Friday at noon addressed the noon hour gathering in the McClary mission room, meeting with a sympathetic response.

To tell several of the work of the taggers, she called in person at several of the larger factories, McCormick's, the Empire Brass Works, Richards-Wilcox, the London Building, Harris, etc., while other officers of the society were visiting factories elsewhere.

Mrs. J. B. McKillop, superintendent of Lord Kitchener No. 28 Nursing Division, has charge of the taggers, district, and several young girls are being offered their roses there are enthusiastic over the reception accorded them.

One had visited the headquarters. "It was great," she said, "and ready to respond." Others told of officers conducting them around at the heights, and the consequent good reception they met every place there.

Boy Scouts Working. Mrs. Cleghorn has under her command a team of Boy Scouts, who are giving an excellent account of themselves.

In the north end, Mrs. A. C. McCann has charge, assisted by Mrs. Fritz Beck and Mrs. Christy. Mrs. B. T. Edwards, Mrs. J. B. Campbell and Miss Leonard are looking after East London.

Mrs. A. E. Miller, Mrs. Judd, Mrs. W. D. I. Jarvis and Mrs. Fred White in South London, other captains who have charge of districts are:

Mrs. Wm. Martin, Mrs. Crawford, Mrs. H. H. Bingham, Mrs. T. W. McFarland, Mrs. Shuttlesworth, Mrs. Yendall, Miss Nellie Wilson, Mrs. Mary Hamilton, Miss Margaret Hamilton, Miss Markham, Mrs. McBride, Mrs. Jewell, Mrs. Alex. Furdson, Mrs. Nelles, Miss Carson, Mrs. Munro, Mrs. Stuart, Mrs. Ray Lawson, Mrs. Joseph Brown, Mrs. Morley Adams, Miss Harris, Miss Davis, Miss Mary Campbell, Mrs. K. McCormick, Miss Barron, Miss Hanson, Mrs. Ronald Harris, Mrs. I. Jeffrey, Mrs. Underwood, Mrs. Gordon, Philip, Mrs. A. E. Tait, Mrs. Fraser, Miss Matthews, Mrs. C. McCormick, Mrs. Stevenson, Mrs. W. Falls, Mrs. D. Arnold, Mrs. Jones, Mrs. E. C. Mitchell, Mrs. Seaborn and Mrs. E. C. Mitchell.

Markham. About four hundred workers in all are assisting.

The weekly collections of papers and old rubbers help to swell the fund for the relief work of the Women's Sanatorium Aid.

24 CASES LISTED

Six Criminal Trials Stated for County Court.

Twenty-four cases are listed for hearing at the June term of the county court and general sessions of the peace at the court house next week. The court opens on Tuesday afternoon, 11 o'clock. Judge Taubert Macbeth presiding. The cases are as follows: *People vs. Jones*, *People vs. Smith*, *People vs. Brown*, *People vs. White*, *People vs. Black*, *People vs. Green*, *People vs. Grey*, *People vs. Blue*, *People vs. Red*, *People vs. Yellow*, *People vs. Purple*, *People vs. Pink*, *People vs. Orange*, *People vs. Silver*, *People vs. Gold*, *People vs. Bronze*, *People vs. Copper*, *People vs. Iron*, *People vs. Steel*, *People vs. Lead*, *People vs. Zinc*, *People vs. Tin*, *People vs. Nickel*, *People vs. Cobalt*, *People vs. Vanadium*, *People vs. Manganese*, *People vs. Silicon*, *People vs. Boron*, *People vs. Fluorine*, *People vs. Chlorine*, *People vs. Sulfur*, *People vs. Phosphorus*, *People vs. Arsenic*, *People vs. Antimony*, *People vs. Bismuth*, *People vs. Tellurium*, *People vs. Selenium*, *People vs. Molybdenum*, *People vs. Rhenium*, *People vs. Osmium*, *People vs. Iridium*, *People vs. Platinum*, *People vs. Gold*, *People vs. Silver*, *People vs. Copper*, *People vs. Iron*, *People vs. Steel*, *People vs. Lead*, *People vs. Zinc*, *People vs. Tin*, *People vs. Nickel*, *People vs. Cobalt*, *People vs. Vanadium*, *People vs. Manganese*, *People vs. Silicon*, *People vs. Boron*, *People vs. Fluorine*, *People vs. Chlorine*, *People vs. Sulfur*, *People vs. Phosphorus*, *People vs. Arsenic*, *People vs. Antimony*, *People vs. Bismuth*, *People vs. Tellurium*, *People vs. Selenium*, *People vs. Molybdenum*, *People vs. Rhenium*, *People vs. Osmium*, *People vs. Iridium*, *People vs. Platinum*.

Six criminal cases are entered for trial. Out of the eighteen civil actions now on the list, ten are marked to be heard by juries and eight by Judge Macbeth alone.

OPENS ON MONDAY

County Council June Sessions Start Then.

The June sessions of the Middlesex county council will commence on Monday afternoon next. The sessions will be held at the county buildings which will last the week out. It is expected that the majority of the councillors are desirous of returning to the council as early in the county rate is the most important question to be disposed of. The council is expected to submit a report on the county roads for work on their farms.

Six criminal cases are entered for trial. Out of the eighteen civil actions now on the list, ten are marked to be heard by juries and eight by Judge Macbeth alone.

8,000 WILL REGISTER IN TORONTO DISTRICT

Toronto, June 1.—The response of the 19-year youths to the registration ordinance in the district has exceeded expectations. It is likely that 8,000 names will have been received when the office closes today.

A DECORATED GUN

Advertiser Illustration. —Newark News. This gun won the Croix-de-Guerre. Isolated and camouflaged on a lonely hill this gun was planted to wait for German goths. It waited its chance for weeks, and then one day, high in the air, came a solitary German scout about two miles off. Crash went the gun. It was a miracle—direct hit! And the French were so pleased they gave the gun the Croix-de-Guerre for its feat.

STRIKE TUESDAY RECOMMENDS CITY OF GARBAGE MEN TO PAY \$250,000 FOR PART OF LINE

No Change in Collectors' Attitude Indicated So Far. Board of Control Would Buy Traction Company.

UP TO COUNCIL NOW If Board's Recommendation Accepted, Service May Be Suspended.

The garbage collectors are still at work and keeping mum as to their intentions. However, there is nothing to indicate that they have changed their minds, and it seems certain that unless the council overrules No. 2 committee and the board of control by granting their demands, there will be no garbage collection on Tuesday.

The board of control will recommend to the city council on Monday night that the London and Lake Erie Transportation Line, between London and Port Stanley Railway Commission and Messrs. E. R. Wood and T. H. Hamilton, be purchased by the city.

The meeting was held at a private meeting in the city hall last night. The board of control, the London and Lake Erie Transportation Line, between London and Port Stanley Railway Commission and Messrs. E. R. Wood and T. H. Hamilton, be purchased by the city.

DOMINION POLICE NOW UNDER RULES OF MILITARY FORCE

Change, Effective Today, Makes It Detachment.

GETS W. O. R. COMMISSION

N. C. O. Gazetted Today—Officers Come Under Strict Dress Regulations.

Orders issued to the London Mobilization Centre today state that men coming under the proclamation of May 4, may voluntarily report for duty to any unit in need of recruits, providing they are not already in the service.

Every man so reporting must produce his receipt from the deputy registrar, and the registrar must immediately notify. No man will be enlisted without producing documentary proof either that (a) he does not come in class one, or (b) if he does he is complying with the law. Every man not producing such proof will be treated as a deserter.

UNDER PROVOST MARSHAL. Advice received at military headquarters today states that the Dominion Police are placed under the control of the militia department, and will be commanded and administered by the provost marshal of the city.

The provost marshal of the city will be known as the Civil Detachment, and will be in charge of both the civil and military sections of police.

Inspectors and sub-inspectors of the civil detachment will be responsible to the provost marshal for the discipline and work of their sections.

HOLIDAY FOR KING'S BIRTHDAY. Monday, June 3 (King's Birthday), will be observed as a holiday in camp here, the arrangements having been made at the discretion of the various commanding officers. His majesty desires that there be no military parades, and other special observance of the day. Headquarters will work on half staff, in order to handle the duties of the district.

MAY BE KEPT HERE. Camp orders state that dental students who have completed two years or more in their course are not to be sent overseas.

CHECKING UP STAFF. A board of officers, with Lieut.-Col. W. J. Douglas as president, will assemble from time to time for the purpose of ascertaining thoroughly whether or not there are too many or too few clerks and other employees in each of the various departments.

The object of these investigations will be efficiency and economy, and a separate report will be submitted for each department.

MUST DRESS CORRECTLY. Further orders on dress regulations for troops in training are issued today. The regulations are as follows: Uniform, and officers of units must be uniformly dressed. Soft caps, blue and buff collars, and blue trousers. From June 7 all ranks must at all times wear the uniform, and after this date military police are instructed to take the name of any of the ranks who are not in uniform.

In this regard, officers will be paraded before the assistant adjutant-general, and their names sent to Ottawa for action. N. C. O.'s and men will be disciplined by their commanding officers, and the punishment awarded in each case reported to the A. A. G. All ranks reporting from overseas are to be immediately acquainted with the regulations in force in this district.

TRANSPORTATION COMES. The eighteen members of the original list continuing on furlough here have received transportation to their point of embarkation, en route back to their respective homes, furlough having expired. Some of the party have already left London.

CAN SELL NEAR BEER. District orders state that there is no objection to the sale of 2 per cent local option beer in canteens and officers' messes.

POLICEMEN GOING TO SCHOOL. Nine members of No. 1 Detachment, Canadian Military Police have received orders to proceed to Ottawa, to take a course in the Military Police School in that city. This school is in charge of Major Baron Osborne, former assistant provost marshal, M. D. No. 2.

N. C. O. GETS COMMISSION. Capt. George J. G. Forbes (18825), late 40th Battalion, C. E. F., now 1st Depot Battalion, W. O. R., has received his commission, and is appointed a lieutenant in the W. O. R., according to district orders.

DESERTER PLEADS GUILTY. Pte. Henry R. Hamel (1134), (late R. C. E. F.), having surrendered himself as a deserter, and signed a confession of his guilt, is posted to the 1st Battalion, C. G. R., according to camp orders. Trial by district court martial has been dispensed with by order of the officer commanding M. D. No. 2.

HOME CANNING SAFE FROM POISONING IF STUFF WELL COOKED. Ottawa, June 1.—An unfortunate impression has got abroad, according to Prof. Abraham, chairman of the section of the food board, that home bottling is dangerous on account of botulism, a form of poisoning. This has been given currency in certain medical circles at the request of the War Food Council.

Botulism is not a new disease, nor can it occur if vegetables are thoroughly sterilized," said Mr. Abraham. "If all home-canned fruits and vegetables are cooked, poisoning cannot occur. This point has been missed by a number of the amateur gardeners, whose fears are naturally aroused in the absence of knowledge, and is especially unfortunate that any misapprehension should exist at a time when every ounce of food that can be produced will be required. I therefore strongly urge everyone who can produce garden truck to do so on the widest possible scale. Women and children can especially help in this branch of production."

Public Accepting New Banking Hours Well, Says Manager. No Complaints Over Early Closing, Which Started Today.

The change in business hours for all Canadian banks went into effect today, and all the city financial institutions opened for business at 9:30 o'clock this morning, and closed at noon. On other week days the banking hours will be from 9:30 o'clock in the morning to 2:30 o'clock in the afternoon.

The change in hours was brought about as the result of representations made to the minister of finance by members of the Canadian Bankers' Association.

In recently published advertisements in the newspapers the association requests the co-operation of the public because of bank employees having been called upon to serve in the army.

Proclamation May Make Limerick and Tipperary Special Military Areas

LONDON, May 31.—A dispatch to the Central News Agency from Dublin says a proclamation was issued today saying that the counties of Limerick and Tipperary will be proclaimed special military areas if unlawful meetings and assemblies continue.

SUNDAY SCHOOL ASSN. ORGANIZED IN ST. MARYS

ST. MARYS, May 30.—The officers of the 14th County Sabbath School Association held a convention in the Baptist Church this afternoon. Representatives were present from the town Sunday schools and those in the Township of Blanchard and organized a local Sunday school association. Dr. P. I. Coupland presided.

Rev. D. H. Wing, secretary of the Ontario Sunday School Association, spoke on the subject "Building Our Sunday Schools Bigger and Better." His address was followed by the election of a committee to carry out the plan of organization.

PLEADS NOT GUILTY TO CAUSING BODILY HARM. SARNIA, May 31.—Alfred Croucher, who was charged in court today with doing bodily harm through wilful neglect while driving Mrs. A. Miller's car, pleaded not guilty. The trial was adjourned until more witnesses are called.

On two charges of using insulting language to neighbor Mrs. A. Stripp had to pay for fine and costs \$14.

KAISER HANDS STAR TO HIS STAR SLAUGHTERER. AMSTERDAM, May 31.—Emperor William has conferred upon Crown Prince Frederick William the Star of Grand Commander of the Royal House of Hohenzollern, with swords, a Berlin dispatch today announces.

NEW SUPERINTENDENT TAKES OVER HER WORK. ST. THOMAS, May 31.—Mrs. Fenton of Hamilton, formerly of London, who was recently named as superintendent of the Amniss Wood Hospital, assumed her duties today. Mrs. Fenton, the former superintendent, left today to take another position. It is understood that the investigation which has been asked for may not be proceeded with.

JOINS THE ARTILLERY. ST. THOMAS, May 31.—Douglas Macdonald, son of Hon. F. J. Macdonald, Ontario minister of public works, Rodney, has enlisted at Toronto, and left this week on train at the Petawawa artillery camp.

JOINS THE A. M. C. ST. THOMAS, May 30.—Sperren Chant, son of ex-Mayor Chant, has enlisted in the Army Medical Corps in London. Mr. Chant has been engaged in probationary work in connection with the London conference, being in charge of the Elm Street Mission.

St. Thomas, and, although desirous of enlisting, exemption had been secured for him on account of the security of this class of church workers. This exemption was recently renewed at the request of the church, but Mr. Chant decided, notwithstanding, to enlist, and did so voluntarily.

Mr. Chant was recently passed on for continuance as a probationer by the St. Thomas district of the London conference.

How You Can Get More Money For Your WOOL

When I discovered many years ago the great difference between the amount of money the Farmer usually received from the peddler or small dealer for his wool, and the price at which the peddler or dealer sold the wool to us; I was amazed.

Of course nearly all the wool eventually comes to ourselves and a few large dealers—but the greater number of hands thro' which it has to travel the smaller the price the farmer receives as each one has to have a profit.

Consequently it seemed to me good business to deal directly with the farmer and pay him the much higher prices which we used to pay to the peddlers and middlemen—thus eliminating the peddler and middleman to a great degree.

By shipping direct to us the Farmer secures a very much higher price for his wool which is not only a good policy but a profit instead of a loss to him.

The satisfaction expressed by the many Farmers who shipped their wool direct to us for many years is so great that I am encouraged to continue the same policy to a greater extent this year.

For over 30 years I have been buying wool and know the market from A to Z. Before selling your wool this season don't fail to write me first for prices, stating the number and breed of sheep you have.

I have published a book on "Sheep-raising" and preparing wool for market—that is very useful to all sheepmen. Send me your name and address and I shall be glad to send you a copy free. Write for it today sure—address me personally, using Desk number as follows:

The Farmers who ship to me receive their cash in full by return mail—at highest Toronto prices—with no deductions except transportation costs.

BRITAIN'S LATEST SCANDAL.

THERE WILL BE a disposition on the part of all calm, level-headed persons to await further particulars of the alleged wrong-doing of ex-Premier Asquith, Mrs. Asquith, Viscount Haldane, and others, before believing what has been said about them in the trial of Noel Pemberton-Billing, who is charged with libelling Maude Allan, dancer, and J. T. Grein, theatrical manager.

This is not the first time allegations have been made against Mrs. Asquith, and it stands to her credit that in a former case the libeler failed utterly to substantiate his statements; indeed, they were proved absolutely without truth.

Viscount Haldane has been suspected, if not of pro-Germanism, at least of having too much admiration for German efficiency and methods, but it has been supposed, generally, that this friendship for Germany ended with the beginning of the war and consisted merely of sympathy with her standards of scholarship.

Since Mr. Asquith ceased to be premier there have been broad hints thrown out that he was inclined to pacifism and was not so bold and steadfast as when he made the famous declaration that Britain would "never sheathe the sword until Belgium recovers in full measure all, and more than all, that she has sacrificed, until France is adequately secured against the menace of aggression, until the rights of the smaller nationalities of Europe are placed upon an unassailable foundation, and until the military domination of Prussia is wholly and finally destroyed." Whether there was reason for the insinuations against him is by no means certain.

Were the assertions made against these persons purely personal, the Empire would be but little interested, but they reflect on the loyalty of the designated ones and, if true, would stamp them as traitors. This fact may call for a strict investigation, especially as it is said that official influence has been used unsparingly to keep the reports from becoming public property. An inquiry appears to be essential; if the charges are false, the establishing of that fact is due to those whose names have been mentioned; if true, the Empire's safety demands that proper measures be taken to prevent harm being done to the cause.

There is always the possibility that the book held in Germany, which is alleged to contain the names of about 47,000 Britishers, in addition to those mentioned, who are held in bondage to Germany through fear of exposure of personal vices, is part of a plot to undermine the morale of Britain and cause division among the Allies. All possibilities must be taken into account by the British authorities and sifted to the bottom. The responsibility is heavy on the Government, and it is to be regretted that this additional burden should have been placed on it at this critical time. Only the fullest light and publicity on everything in connection with the case will satisfy the nation.

THOSE WHISKERS.

IT "GETS THE GOAT" of Sir George E. Foster to see women wearing furs in summer, but he must remember that there are other kinds of hairy throat protection which, to some, look equally foolish in the hot months.

GERMANY'S MUSSULMAN FRIENDSHIP.
 THE CENTRAL POWERS have announced that they are in favor of a Mussulman Government for the Crimea, which means placing it under Turkish rule and leaving all Christians at the mercy of the Turks. It also means, of course, German control in the event of the Teutons having their way, since Turkey would never be allowed any great degree of independence.

Is there not, in addition to this, an appeal to India? By declaring in favor of a Mussulman regime for the Crimea, the Teutons are giving the people of that creed recognition never before expressed. All past attempts to appeal to India on Germany's behalf, and they have been numerous, have been failures. It is realized that there is in that great continent a general desire for home rule of a broader and more far-reaching kind than has been granted by Britain and that the lack of this home government has had its influence in holding India back from giving to the cause as generously as lay in her power.

Germany may be advocating Mussulman rule in the Crimea as a promise to India of similar concessions if she will rise up and attempt to throw off the British guardianship. Hun agents may be busy spreading this promise in India now, and pointing to the Crimea as a guarantee of good faith. It may be an indirect bid for India's assistance in this war.

Had the Indians accepted the early German-Turk propaganda that this was a religious war so far as the latter were concerned, there might have been grave danger in the present plan, but Indians refused to take that view, and have remained loyal. There is little likelihood that the Crimean proclamation will affect them in the least.

AN EFFECT OF THE WAR.

"GIPSY" SMITH, the widely-known British evangelist, has been telling Torontonians of the work that goes on in Y. M. C. A. huts behind the firing line in France and, incidentally, he has struck out vigorously at some critics and "reformers." He told his audience of having preached the gospel at one end of a hut and having sold cigarettes to the Tommies at the other. He knew there were some people who

would be shocked and would exclaim: "What! You a messenger of the Lord, serving the boys with cigarettes!"

His answer to these was: "Yes, my saintly friends, and never lost any dignity in doing it. You've preached a religion of words long enough; get off the pedestal and do something."

There is much speculation in these days as to what good results will follow the war, apart from the preservation of world liberty. Is one great effect—broader toleration of the beliefs of others—not already assured? Here is Gypsy Smith, not many years ago holding up smoking as one of the cardinal sins, laying aside his personal prejudice and helping the soldiers to obtain the comforting weed; not long ago "Ralph Connor," temperance writer and preacher and a sworn foe to cigarettes, proclaimed the fact publicly that he personally had found the latter useful in France and would as soon deprive the fighting man of his gun as of his tot of rum when he needed it; Catholic priests on innumerable occasions have made easier the dying hours of Protestant soldiers, and Protestant ministers have performed the same service for Catholics.

Can bigotry and narrow-mindedness thrive after the war as they did before. The answer is given by these changes that have taken place. Less attention is going to be paid to unimportant details in life and more to essentials.

WHY DEPRIVE THE CHILDREN?

BECAUSE THERE IS raging the greatest of all wars, and because the need of economy and thrift in money and foods is being impressed insistently on everyone, it has been decided by London's Board of Education, in agreement with some of the teachers, that there will be no public school picnic at Springbank this year. By this decision, the little ones are deprived of the annual pleasure to which each one of them has looked forward from year to year with excited anticipation, but if it were necessary that all such pleasures be abandoned there would be at least an excuse for the board's decision. The necessity, however, does not seem to exist, and there is a feeling abroad that an unfair trick has been played on the children.

Other annual picnics and banquets are being held as usual, so why should the little ones be selected as the ones to sacrifice? Every day or two announcements are made of organized outings in various parts of the district, and in the city itself banquets are not unknown. At Guelph, on Thursday, the Laymen's Association held its usual banquet in connection with the Methodist conference, a large number being in attendance.

During the early years of the war, it was a recognized principle that children should be shielded from the effects of the strain to the greatest possible extent, no matter how seriously the enjoyments and pleasures of their elders must be curtailed. Unnecessary exchange of gifts among grown-ups at Christmas time was frowned on, but all were agreed that the little tots should have as good a time as could be provided. Has there come a change? Have the older persons grown tired of the burden, and are they shifting it on to the children?

If a picnic for school children is deemed too frivolous for these serious times, let the name be changed; call it a conference, a convention, or one of these weightier names which will cloak the object. At any rate, let the question be reconsidered, and let the outing be held.

A GREAT JOURNALIST.

CANADIAN JOURNALISM loses a conspicuous and creditable ornament in the death of John Ross Robertson, proprietor of the Toronto Evening Telegram. He was a pioneer in his field, having launched and successfully conducted the newspaper which for many years has borne the imprint of his indelible and dynamic personality. Two-fisted vigor and an outspoken fearlessness were the cornerstones of his paper's success, apart from the fact that it developed to a remarkable degree the system of completely "covering" its local field with a fine-tooth comb. A remarkable hold this newspaper secured upon its clientele by means of its classified advertisement department. These built the paper up, held its readers, and until the present day have the front page position of honor. They ironically called the Telegram "the servant girl's paper," and at the same time they realized that this very description acknowledged the newspaper as a great tribute of the people.

Mr. Robertson made the Telegram. Perhaps his great success came to him because he knew his people, and he must have loved them, too. Manifestations of his regard were seen in many spheres. A leading Free Mason, a staunch supporter of clean sport, a veritable father to the Sick Children's Hospital, a man keenly interested in a personal way in those about him and in the younger generation of newspapermen, he is well able to fill a niche in Toronto's hall of fame if not in Canada's. He refused knighthood and other honors, but he did not make any fuss about these natural actions. He was a type of fighting journalist, who knew the human emotions and believed in reaching the people through their good impulses. Most everyone in the land knew "John Ross" or knew of him. He had thousands of friends, and if he had enemies they were the impersonal kind. Through the influence of his newspaper, which was peculiarly himself, he has held Toronto in the hollow of his hand for many years. May he rest in peace as "finis" is written to his honorable career.

EDITORIAL NOTES.

Russia has begun telling China what it must do, but it does not follow that China will obey.

Cabinet ministers are great preachers on economy, but have failed to understand the proverb that "example is better than precept."

"Bumper Crops" is becoming a favorite headline now, which is encouraging. If only there is bumper labor supply to handle them, all will be well.

Why should Hon. Albert Seivigny and Joseph Rainville be hunting jobs in Ottawa when there is such need of labor on the farms? There is an opportunity to prove their patriotic intent.

William Proudfoot, M.P., says the statements made by his constituents are not worth answering. Is this just the correct attitude for the servant of the public to adopt towards his constituents?

WORTH THE PRICE.

The cost of living may be high, but there are very few who will not admit that it is worth it.

When you agree with a man, he has nothing left to argue about. But when you agree with a woman, she keeps right on arguing.

The trouble with owning a good fountain pen is that it tempts you to write too many letters.

Some men's minds are so small that they regard a nickel in much the same way as an elephant regards a peanut.

Why does a 200-pound teamster always sit on one end of the wagon seat and force it out of plumb, when he could just as well sit in the middle of it?

The more questions you ask the more you will find out that isn't so.

And a dentist is about the only man on earth who could kill the nerve of some people.

There is some class to a small boy. He despises a sofa pillow poodle as much as he loves a common cur who is just plain dog.

When a man spends \$10 in a taffy and wins something worth about a dollar, his friends never get done talking about a lucky cuss he is.

A horse can swear with his ears. But a man being an intelligent animal, has to use his mouth.

A husband can be so homesely that his face hurts him. And he can be so hard up that a dime looks like \$10. But he doesn't come home after midnight without being accused of leading a double life.

A wife has a sneaking suspicion that her husband could thread a needle easily enough if he had to do some mending and she wasn't around. And she is right.

VOICE OF THE PEOPLE

A BOOST FOR THE Y. M. C. A.

To the Editor of The Advertiser:

Kindly give me a small space to say a few words. I feel it my duty to tell the people of Canada what I know of the work of the Y. M. C. A. during my fifteen months in France.

At Le Havre, which was the Canadian base in 1916, and part of 1917, the Y. M. C. A. was the only place where you could get your English pound notes changed honestly. That is one good point.

You pay two cents a cup for coffee there, and I do know that we got biscuits, cakes and eggs cheaper than in England.

Well, up the line we go with the best of luck and as we stop at the different stations the Y. M. C. A. is there and gives you coffee and writing paper free. About three parts of a canteen full of coffee free and the

sandwiches and biscuits are not so dear as in England, and cigarettes and tobacco were even cheaper. I was sorry to have to spend a couple of francs because of shortage in change. They hardly ever had it. That is the only kick I have against this, to my mind, grand institution.

Why do I call it grand? Come with me to Albert. There was only a small Y. M. C. A. there, but the prices were the same as at the base. Le Havre coffee was given as long as it lasted. Now, come nearer the line in an old dugout that Fritz had left just a few days before. The German bodies had not been buried, and there we got coffee free. When we came down the sunken road near the place where the sugar refinery had been, Bill Nelson, Gikner and myself and others of the stragglers, received two tins full of coffee and two cigarettes each. My! was this not a godsend after drinking out of shell holes with floating bodies in them?

At Bully Grenade, Treves Alley Trench and at Marock we received free coffee and had to find whatever we could to drink out of. Mr. Johnson, who used to drive for McLeod's of this city, was our stretcher-bearer. There was no difference in the price of things, either at the Chaplains or the Salvation Army or the Y. M. C. A. and do they not stick together? Just as man and officer in the trenches.

The Y. M. C. A. has beautiful concerts. Ten days before Vimy the Y. M. C. A. brought soldier artists from England to entertain us.

At Newel St. Vast, which was called the white city, is an old dugout in the trench, the Y. M. C. A. while being shelled all the time, gave coffee free. There is no Newel St. Vast now.

About April 20, 1917, there was a large marquee of the Y. M. C. A. put up right in front of one of our big guns. I remember sleeping very soundly in it, with others, and there was a premature explosion, and the gun was out of action. So was the trench. A piece of shell killed one of our bandmen, and another fellow, who was just telling us of the good time he had had in Blighty, got another piece. So the marquee was shifted about a mile farther away.

At the cross-roads there, in a cellar covered with sandbags, is a Y. M. C. A. worker. When we asked him for some coffee he said, "I am sorry, boys, the patrol officer will not let me light a fire until it is dark, for Fritz will see the smoke." We had not so very long to wait, and being tired it did us good, and all the time Fritz was shelling that house by the cross-roads. It needs strong men stay there for our benefit.

Now, we come to the base at Etaples.

Is there another society in the world doing what the Y. M. C. A. does there? Here is a boy lying in one of the hospitals, just facing the German Prisoners' Hospital, and the doctors say he has only a few days to live. His mother and sweetheart are brought from their home in England and when they arrive at Etaples station, a young lady in a Y. M. C. A. motor car meets them, takes them to the hospital and returns in about an hour. Again: who pays the Y. M. C. A.? Can you beat it?

I was on police duty for about three weeks. I will not dwell on the sports at Le Fourquet and Etaples, but almost every other night there is a concert and pictures. You just wait what you like. In England, at Boulogne, are there not titled ladies giving every ounce of their strength so that we might feel comfortable? Have we not a grain of gratitude, as men that have done their bit to those doing theirs in another kind of work, but all helping towards victory?

In West Sandling, England, if there is not likely to be a raid, the Y. M. C. A. gives a good concert and boxing blindfolded as well; then at Buxton, a free and easy song concert almost every night. When we landed in New York a Y. M. C. A. representative met us, and gave us a three months' ticket to use the Y. M. C. A. as often as we liked, and when we landed in London no one knew we were coming. One of the War Veterans, GEORGE A. TURNER, 224 Waterloo Street, London, Ont., May 23, 1918.

Dear Luke—In a recent conversation I happened to quote some of your stuff, and remarked: "As Luke says." And one of these and everything fellows who overheard me-buttin' in with: "I know the Bible pretty well, and Luke never said anything of the kind."—G. W. A.

DODD'S KIDNEY PILLS
 ALL KIDNEY DISEASES
 PNEUMONIA, BRONCHITIS, DIABETES, BACKACHE
 BRIGHT'S DISEASE
 NUMBER 23 THE PROPHET

Canada's Registration
Its Purpose and Application

CANADA faces the gravest crisis in her history. Four years of war have taken from the Dominion a heavy toll in talent and labor, yet despite the shortage of man power, our Allies still depend on Canada to maintain her own fighting forces at full strength and to increase her exports of food and war materials, so vital to them, and to the successful prosecution of the war.

Every ounce by which Canada can increase her food production and every ounce Canada can save in her food consumption is needed for export to the Allies.

Should the war continue for another year, food cards and a rationing system may have to be instituted. It is the duty of Canada to be prepared for whatever situation circumstances may force upon her.

It is quite probable that before the war is won our Government may have to place restrictions upon the occupations in which men and women may engage. In such an event the Government wishes to be in a position to render all possible assistance in keeping our population usefully and profitably employed.

Registration Day, June 22nd

These conditions point to the necessity of Canada knowing the exact capabilities of her men and women at home.

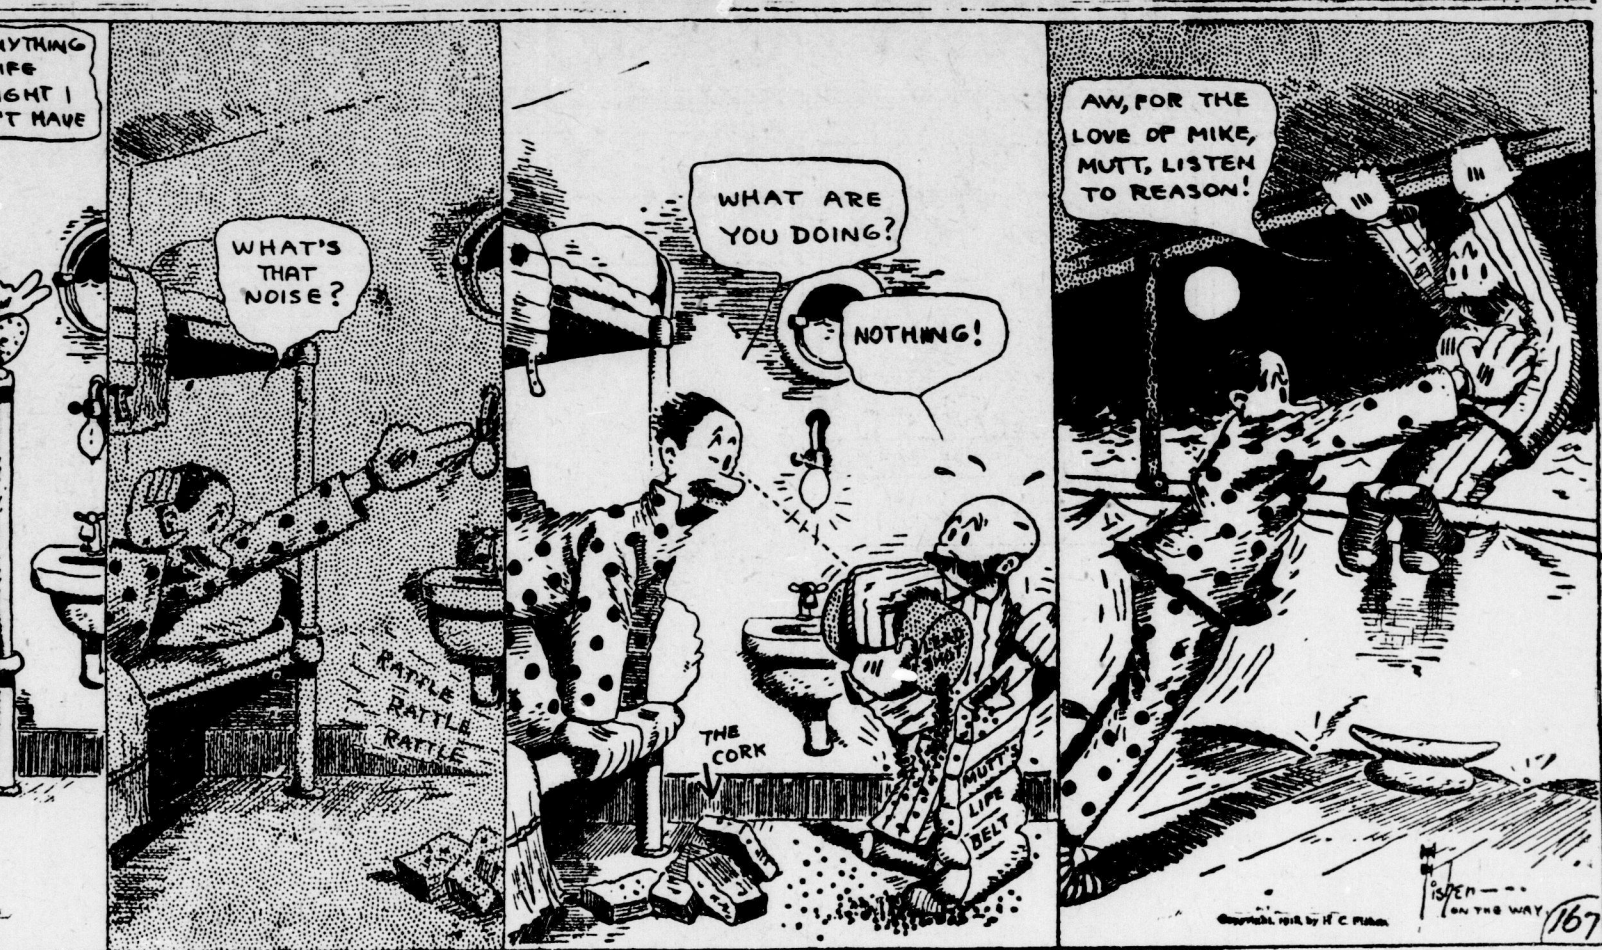

All persons residing in Canada, male or female, British or alien of 16 years and over, will be required to register on June 22nd and truthfully answer the questions set forth upon the registration card.

It is not the Government's intention to conscript labour in any form, but to assist in directing it wisely, so that every available unit of human energy may be utilized to the best advantage.

The information procured through registration will be used—as an aid to the Military Authorities in procuring the men necessary to maintain "Canada's First Line of Defence"—to mobilize all units of available labor in the Dominion and direct them from less essential to more essential occupations—to establish and intelligently administer a system of food rationing should that become necessary.

Issued by authority of
Canada Registration Board

TWELVE STARS OF THE TURF TO START IN KENTUCKY HANDICAP

Richest of All Races for Thoroughbreds Over Three Years To Be Run Today—Cudgel Favorite, With Pif Jun. Formidable Rival.

LOUISVILLE, May 31.—Twelve stars of the running turf are to be run today at the post at Douglas Park tomorrow to struggle for fame and fortune for their owners, which goes with winning the sixth running of the Kentucky handicap, the richest of all American races for thoroughbreds, 3-year-olds and over. The distance is at a mile and a quarter for a purse of \$10,000 added money, and will be worth approximately \$15,000 to the winner. Horsemen pronounce the field the most unequal in quality in the history of the event. It includes such horses as the mighty Cudgel, the crack son of Broomstick, which will carry top weight and go to the post the favorite under the colors of J. K. L. Ross, the Canadian turfman; R. L. Baker's King Gort, which won the race last year, and probably will make another bid for it; Mr. Baker's Elf, which made a new

RUTH IS FIRST, WITH BURNS CLOSE SECOND, IN AMERICAN LEAGUE

Larry Doyle Continues To Lead in National, With Smith Next.

Chicago, June 1.—A drive for second place batting honors in the American League is under way with Burns, the Philadelphia first baseman, leading the attack. Burns, according to averages released today, tossed George Slaughter during the week ending last Wednesday and has an average of .359. Slaughter is five points behind him. "Babe" Ruth continues at the top of the list with a mark of .407, but he is out of the game owing to illness. Slaughter continues to show the way to base slaters with the 16. Schmidt of Boston tied his team record, 13, with a walk-off home run.

Leading batters: Doyle (New York) .426, Smith (Boston) .388, Daubert (Brooklyn) .353, Wickland (Boston) .351, McKim (Chicago) .350, Kauff (New York) .349, Allen (Cincinnati) .343, Mann (Chicago) .339, Young (New York) .338, Lee Magee (Cincinnati) .332.

BOBBY HECK Baffles LEAFS, WINNING FOR THE STARS EASILY

Toronto Men Only Get Two Hits Until Eighth Inning.

BINGOES BEAT BIRDS

Herbert's Wild Pitch Fatal to Baltimore—Hustlers Defeat Bisons.

SYRACUSE, May 31.—Syracuse bunched hits on Thorman and took the first game of the series from Toronto here this afternoon 6 to 3. Bobby Heck held the Leafs to two hits until the eighth, when, with a safe lead, he cased up. Score—Syracuse 6, Toronto 3. R. H. E. Syracuse 10 0 0 0 0 1 1 2 9 2 Thorman and Howley; Heck and Cobb.

HERBERT'S WILD HEAVE

GIVES BINGOES DECISION

BINGHAMTON, May 31.—Herbert's wild pitch with two men on bases in the eighth inning scored both men and gave Binghamton a 2 to 1 decision over Baltimore in a tight pitching battle here today. Higgins weakened in the ninth and two hits gave the Birds their only score. Score—R. H. E. Binghamton 0 0 0 0 0 1 0 2 5 3 Herbert and Egan; Higgins and Smith.

BISONS' FIRST GAME

AT ROCHESTER IS LOSS

ROCHESTER, May 31.—Buffalo made its first appearance of the season here today, and lost to Rochester 4 to 0. Shields was hit hard in the fourth inning, when Rochester scored three runs off five hits. Score—R. H. E. Buffalo 0 0 0 0 0 1 0 0 1 5 1 Rochester 4 0 0 0 0 1 0 2 1 0 Shields and Meyers; Hagan and Smith.

MANY PLAYERS OF OLD

OTTAWA TEAM IN KHAKI

OTTAWA, May 31.—The majority of the ball players who helped Frank Shaughnessy bring the Canadian League pennant to Ottawa for several years when the Ontario circuit was booming have exchanged their diamond spangles for khaki uniforms.

Manager Shaughnessy is now second in command of the 74th Battery, which has gone to the front at Etoswa, and he will soon go overseas. Frankie Puller, who played shortstop, is with the American forces in France, while Artie Schwind, also an infielder, who fought under General Pershing in Mexico, has also gone over to the big fight.

Pitcher Urban Shocker was recently called from the St. Louis Browns to the colors, and word was received today that Catcher Powers, infielder Snydel and Pitcher Roberts had joined the United States navy. Carl Stewart, who played in the Canadian League last season, is also overseas and has been promoted to a lieutenant and decorated with the military cross for gallantry under fire.

Leading batters: Doyle (New York) .426, Smith (Boston) .388, Daubert (Brooklyn) .353, Wickland (Boston) .351, McKim (Chicago) .350, Kauff (New York) .349, Allen (Cincinnati) .343, Mann (Chicago) .339, Young (New York) .338, Lee Magee (Cincinnati) .332.

FINE BOXING BOUTS

AT ARMORIES WILL DRAW LARGE CROWD

Everything in Readiness for Big Program—Sergt. Palmer in City.

Final arrangements for the grand military boxing tournament have been completed, and from present indications it will be one of the most successful athletic exhibitions ever staged in this city. Sergt. Palmer, ex-welterweight champion of Canada, is in London for his match with Capt. Dyer, the local boxing instructor, and is expected to make a sensational first-round combat with the former champion of the British army and navy.

Sergt. Palmer's never before decision in Canada. He went overseas with the 17th Battalion, and while in England he knocked out Jim Sullivan, and made a draw with Pat O'Keefe, the champion welterweight of the British Isles.

From a pugilistic standpoint the record of Sergt. Palmer is little to be desired. He delivered a beating to Sam Campbell in thirty seconds, via the K. O. route some years ago, and among his best known fights was a match with Clayton Wilson, whom he trimmed in eight rounds.

Palmer is representing Capt. Lou Scholtes, who is in charge of athletics in the military. Capt. Scholtes, who is also noted for his activity in other directions of sport. He has promised to coach local military sportsmen for future bouts, and it is owing to the opening of a new soldier baseball league in Toronto that he will be unable to attend the boxing tournament to be held here tonight.

Tickets are selling at a fast rate, and the armories is certain to be packed.

NEALE A COWARD?

Earl Neale plays the coward's role, says a Toronto paper, in commenting upon his assault on Catcher Snydel. Those who do not know the circumstances of the case with the case should refrain from making harsh remarks. When in London Oskee was one of the best-natured players on the local team, and it is certain that his loss of temper at Chicago on Thursday was the result of extreme provocation. Kiltner, no doubt, roused the ire of Neale with an undeserved epithet which a man of Neale's calibre could not, with self respect, endure.

SHOCKER TOO GOOD FOR JUNGLEERS, WHO LOSE TO BROWNS 3-2

Former Ottawa Moundman Holds Tigers to Three Bingles.

CICOTTE TAKES FIRST

Initial Victory for White Sox Pitcher Is Loss to Indians.

DETROIT, May 31.—Detroit was able to hit Shocker safely but three times today, and lost to St. Louis 3 to 2. The game was called at the end of the eighth inning to allow St. Louis to catch a train. The winning run was scored in the sixth inning, on a base on balls to Demmitt. Smith's sacrifice and Gedeon's single. Score—R. H. E. St. Louis 3 0 0 0 2 1 0 3 6 2 Detroit 2 0 0 0 0 0 0 2 3 0 Shocker and Numanaker; Boland, C. Jones and Yelle, Spencer.

WITH CICOTTE ON THE MOUND, CHICAGO WINS

CLEVELAND, May 31.—Chicago defeated Cleveland 3 to 2 today, it being Cicotte's first victory of the season. He relieved Williams in the second, after Cleveland had scored one run on four passes, and had the bases filled with two out. Cleveland tied the score in the seventh, but Murphy's double, followed by E. Collins' single, produced the winning run in the eighth. Chicago's first two runs were on errors.

Score—R. H. E. Chicago 0 0 0 0 0 0 1 0 3 12 Cleveland 3 0 0 0 0 0 0 2 3 5 Williams, Cicotte, G. Schwegel, Morton, Bagby and O'Neill.

POSTPONED.

At Boston—Washington vs. Boston, postponed by agreement, Boston leaving early for New York.

OTHER GAMES NOT SCHEDULED.

CHURCH BASEBALL LEAGUE ORGANIZED FOR THIRD SEASON

Eight Clubs Enter Circuit Under Direction of London Advisory Committee.

The London advisory committee, C. S. E. T. Baseball League opens its third season next week. Eight clubs have entered, and the league will be played in two series—Series A, consisting of the Methodist, Baptist, and Anglican churches, and Series B, consisting of the St. Mark's, Anglican, King Street Presbyterian, Hamilton Road Presbyterian and Centennial Methodist. P. T. Robinson, chairman of the London advisory committee, will throw the first ball at Springfield diamond on June 4. The games start at 4:45 p.m. The following is the schedule:

Series A.

Askin Street vs. Adelaide, June 4.
Talbot Street vs. Adelaide, June 6.
Askin Street vs. Adelaide, June 11.
Springbank Park vs. Adelaide, June 13.
Springbank Park vs. Talbot Street, June 15.
Adelaide Street vs. Adelaide, June 20.
Adelaide Street vs. Askin Street, June 25.
Springbank Park vs. Talbot Street, June 27.
Springbank Park vs. Askin Street, July 2.
Springbank Park vs. Adelaide Street, July 11.
Springbank Park vs. Adelaide Street, July 11.

Series B.

St. Marks vs. Hamilton Road, June 4.
Centennial vs. King Street, June 6.
St. Marks vs. Centennial, June 11.
Centennial vs. King Street, June 13.
Hamilton Road vs. King Street, June 15.
St. Marks vs. Centennial, June 20.
Hamilton Road vs. St. Marks, June 25.
Centennial vs. Centennial, June 27.
St. Marks vs. Centennial, June 30.
King Street vs. Hamilton Road, July 4.
King Street vs. St. Marks, July 9.
Centennial vs. Hamilton Road, July 11.
St. Marks vs. Centennial, July 15.

PEAKE DISQUALIFIED FOR FOUL; GETS WEEK'S REST

NEW YORK, May 31.—Jockey Preaker was set down for a week by the stewards at Belmont Park today. His mount, Airman, finished first in the fifth race, but was disqualified for fouling Monomoy coming into the stretch. The race was awarded to Monomoy.

FORMER CANADIAN LEAGUE PLAYERS STAR IN MAJORS

Oskee Neale Touted as Best Drawing Card on Cincinnati Team—Shocker, Kopp, Heck and Others Make Good.

What do you know about it? Our old friend Oskee Neale, erstwhile London's best little left fielder in the old Canadian League circuit, is now touted as the biggest drawing card with the exception of "Big Six" Mathewson on the Reds payroll. Toronto papers, jubilant because the Cincinnati have consented to play an exhibition match with the Leafs, advise fans to be sure and see the game in order to witness "The remarkable work of Oskee Neale, the brilliant young star outfielder, formerly of the London Canadian League team."

All of which goes to show that the difference in the calibre of ball players by Class C leagues and the majors is not as great as generally imagined. Neale was one of London's most valued players, but his exhibitions were not such as to warrant the belief that he would graduate into a class of players such as Cobb, Jackson, Speaker and Ruth.

Then take the case of Bobby Heck. "Bobs" was one of the best star specialists in the Canuck circuit, but who thought that he would make good with a Class B team? But he has made good. The "sizzlers" which Bobby used to shoot over the pan at Tecumseh Park are even more effective in the larger company. He is the backbone of the Syracuse pitching staff, and it is predicted that Heck will graduate into higher company next year.

Then there is Mervin Kopp, formerly outfielder with the St. Thomas Canadian League nine. Kopp's work in the big game has been most consistent. His baseball ability was being more and more recognized and his crowning achievement was when he stole home with the score tied, and won the game for his team recently.

Another St. Thomas player who has made good with a vengeance is Glad Granger of the Indians. Glad has been called to the war and the loss of his services with the Clevelanders will be a serious handicap.

All of these boys were considered "good" players when with the Canadian League, but they are now recognized "stars" of the larger company. One of the references to the work of Neale is made in the Toronto Globe. It is as follows:

"All six Mathewsons will accompany the team and bring the regular line-up, that which has battled its way into third position behind the Giants and Cubs. Included in the Redleg bat line is Oskee Neale, the sensational outfielder who made his debut in the Canadian League with the London team. Neale has attracted widespread attention this season by his all-round proficiency.

On the Canadian team are also Dave Roush, who with Benny Kauff shared the batting and fielding honors of the Federal League; Ivy Wingo, the sensational outfielder who made his debut in the Canadian League with the London team. Neale has attracted widespread attention this season by his all-round proficiency.

On the Canadian team are also Dave Roush, who with Benny Kauff shared the batting and fielding honors of the Federal League; Ivy Wingo, the sensational outfielder who made his debut in the Canadian League with the London team. GIANTS TRIM PHILLIES WHEN YOUNG SINGLES WITH THE SACKS FULL

Niehof Has Leg Broken in Collision With Young While Chasing Fly.

PIRATES DEFEAT CARDS

Six Slabmen Used in Game Marked by Poor Hurling and Heavy Hitting.

PHILADELPHIA, May 31.—Young's single, with the bases filled in the fifth inning, won today's game for New York. Pinch-hitter Adams and Meusel hit singles in the ninth, but Saliee tightened up after Cravath drove a liner into the bleachers that was foul by not more than two inches. Young and Niehof collided in the third inning while chasing a fly, and Second Baseman Niehof's leg was broken below the knee.

CARDINALS BUMPED BY PIRATES IN POOR GAME

PITTSBURGH, May 31.—Six pitchers were used by Pittsburgh and St. Louis today, the Pirates finally winning, 12 to 7. The game was marked by ineffective hurling and heavy hitting.

WET GROUNDS.

At Brooklyn: Brooklyn vs. Boston; wet grounds.

AIR MAN, PILOTED BY PEAKE, DISQUALIFIED FOR ROUGH TACTICS

Purse Awarded to Ross Monomoy, Who Came Second.

NEW YORK, June 1.—The first disqualification of the racing season at Belmont Park came yesterday in the fifth race, and judging from the cheers which greeted the verdict, the judges the action was popular. J. K. L. Ross, Winfrey's Air Man of the purse and gave the race to the favorite, Commander J. K. L. Ross Monomoy.

Charley Peake, the jockey on Air Man, who had been responsible for the defeat of Monomoy by rough riding through the stretch, was set down for six racing days by the judges, and his mount placed last in the field of six. Johnny McTaggart was up on Monomoy. At the start Peake got Air Man away with a flourish, and he was away. Rounding the turn into the stretch, Peake made a move for the lead, and McTaggart was up on Monomoy. Once turned for home, Peake showed Air Man toward the rail, which prevented the other two from getting into the inside, and then with Monomoy allowed his mount to neck Peake in the stretch, and he was away. Rounding the turn into the stretch, Peake made a move for the lead, and McTaggart was up on Monomoy. Once turned for home, Peake showed Air Man toward the rail, which prevented the other two from getting into the inside, and then with Monomoy allowed his mount to neck Peake in the stretch, and he was away. Rounding the turn into the stretch, Peake made a move for the lead, and McTaggart was up on Monomoy. Once turned for home, Peake showed Air Man toward the rail, which prevented the other two from getting into the inside, and then with Monomoy allowed his mount to neck Peake in the stretch, and he was away. Rounding the turn into the stretch, Peake made a move for the lead, and McTaggart was up on Monomoy. Secrets of Health and Happiness

How Science Now Diagnoses Measles "Ahead of Time"

By DR. LEONARD KEENE HIRSBERG,

A. B., M. A., M. D. (Johns Hopkins University.)

DR. HIRSBERG

Now Dr. H. Keene Hirsberg

announces his newly discovered method

of diagnosing measles. This French

physician discovered that a suction cup

applied to the chest and back, for 30

to 60 seconds, of a person exposed to

measles, will inform the doctor some-

times five days before hand, that the

victim will then fall ill of measles.

Almost Tells "Schedule"

The 25 healthy persons not exposed

to measles, who were examined by this

method, exhibited only a whitish ring

under the cup. Eighteen others were

observed to show a reddish ring as if

the skin were stripped and dotted with

red in the form of a circle. All of these

developed measles from three to five

days later.

When the diagnosis was made only

48 hours before the eruption, the red-

dotted circle was much wider and of a

deeper color. Twelve hours before the

eruption, the red circle was found to be

still broader, the color often deepening

into purple.

Obviously, the nearness of the measles

can be roughly estimated by the degree

of color and width of the circle. The

color deepens as the moment for the

measles eruption approaches. The test

is not present in scarlet fever or

rubella.

The Aim of Science

In cantonments, camps, barracks and

base hospitals, this new Goddard test

has helped beyond a doubt to diminish

the number of cases of measles.

Through it, men have been isolated and

quarantined several days earlier than

they would have been otherwise.

Measles, rubella, chicken pox, the

skin eruptions of certain medicines,

foods, drinks and odors may be

diagnosed at times, the one with the other.

Bronchitis and the several different

types of pneumonia also require like-

wise methods of diagnosis to separate

one from the other. Similarly heart

murmurs must be differentiated.

There is a primary school lesson. In the

long hours and hard work, which a

scientific worker employs to make a

curate diagnosis, you find "the be all

and the end all," and the settled pur-

pose to deal honestly to the full extent

of the best of the world's real knowl-

edge.

Answers to Health Questions

D. A. Z. Q.—Is there any medicine

that will cure appendicitis?

A.—An operation is regarded as the

only cure for appendicitis.

M. K. L. Q.—What can I do for

bloodshot eyes and what causes them?

A.—Bloodshot eyes may be due to in-

fection in the eyelids, to eye strain or

disorders of the eye. You should have

your eyes thoroughly examined, and in

the meantime bathe them with borax

acid water. You should consult an

oculist.

MRS. L. E. P. Q.—What could I do

for my son who smokes more than is

good for him?

A.—First, the will to stop smoking

must be invoked. Then gum or caramel

candies are to be chewed when the im-

pulse to smoke appears. Slippery elm,

licorice balls and a full stomach con-

tract the craving. Glycerite of tannin

may be applied to the gums, tongue

and other smoke-thirsty parts.

Q. W. C. Q.—I have an itching in

my lower regions. Please give me

something to stop this.

A.—Apply a little of the following to

the itching parts:

Pink calamine 2½ drams

Zinc oxide 2 drams

Glycerine 2 drams

Lime water 3 drops

Rosewater 2 ounces

BEE BROWN. Q.—I am going on a

sea trip, and I am afraid I will get sea-

sick. Will you please tell me what to

do?

A.—Take calomel and ½ grain of soda

every half-hour for four doses, and

keep the intestines active in this fash-

ion for two days before you sail, and

every day while you are on shipboard.

A.—Take calomel and ½ grain of soda

every half-hour for four doses, and

keep the intestines active in this fash-

ion for two days before you sail, and

every day while you are on shipboard.

R. B., London, Ont. Q.—Could you

kindly tell me what is a good remedy

for pimples?

A.—Try a little of the following for

the pimples:

Sulphur lott 2½ drams

Balsam peru ½ dram

Camphor ½ dram

Green soap 1 dram

Lanolin ½ ounce

Vaseline 1 ounce

2. Never be satisfied with the word

"catarrh." It is no diagnosis. It is ex-

pressed in a great many cases to cover

the lack of diligence in searching for the

real cause of the trouble. Often ex-

amination of the nose and throat by a

nose and throat surgeon will reveal de-

flected bones, tumorous growths, aden-

oids, infected tonsils and other things

which a slight operation will correct.

R. G., Florence, Ont. Q.—Could you

give me a good remedy for darkening

grey hair?

A.—Place an ounce of henna leaves in

a jar with a quart of boiling water

over-night. Then strain and heat again

then is a primary school lesson. In the

long hours and hard work, which a

scientific worker employs to make a

curate diagnosis, you find "the be all

and the end all," and the settled pur-

pose to deal honestly to the full extent

of the best of the world's real knowl-

edge.

TROUBLED **WITH** **CONSTIPATION** **FROM 16 TO 20.**

Constipation is one of the commonest ills of mankind, and one too often allowed to go unlooked after until some serious complication sets in.

If the bowels are properly looked after there will be no constipation, jaundice, sick or bilious headache, heartburn, coated tongue, sour stomach, floating specks before the eyes, etc.

Milburn's Lax-Liver Pills will keep your bowels at regularity in no time. The constipation will disappear entirely.

Miss Emma E. Melanson, Halifax, N.S., writes: "I am now 16 years of age, and since I was 16 I have been greatly troubled with constipation, so much so that at times I would be in bed three or four days a month. I tried all the old-fashioned remedies, castor oil, cascara, etc., with only temporary relief until my sister-in-law gave me some of Milburn's Lax-Liver Pills. From the first they seemed beneficial, and I gave them a fair trial. This was two years ago, and with an occasional dose I have kept entirely free from constipation for the period mentioned."

Milburn's Lax-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

DR. JAS. BECKETT NOT DEAD AS REPORTED

CHATHAM, May 31.—A letter from Toronto today states that Dr. James Beckett, late of Thamesville, is alive and well, and that there was absolutely no foundation for the rumor, which was originated in Wabash, that he had been found dead in a New Ontario lumber camp where he is physician. The dental comes from Mrs. Martin, his sister.

In the death of Miss Janet Harrison, Harwich Township loses one of its most active patriotic workers. She has been ill for the past three months, two of which were spent in the hospital. The deceased lady was almost 81 years of age. Surviving are four sisters, Mrs. Wm. Stephenson of Sarnia, Mrs. F. H. Collins of West Lorne, Mrs. Leslie Remington of Detroit, and Miss Margaret of Harwich Township, and two brothers, Robert and William, of Harwich. The funeral will be held on Sunday to Maple Leaf Cemetery for interment.

CHATHAM COLLECTOR HAVING A BUSY TIME

CHATHAM, May 31.—Inland Revenue Collector Stewart Lamont today received advices that the new tax on moving picture houses must be collected at once and he so notified the proprietors. He is also busy making collections on tax stamps. Instructions have been received that a tax must be paid on all second-hand autos which were inventoried by dealers on May 1, but that second-hand machines taken in exchange since the first of the month are not affected by the new regulations. The jeweler's tax is held in abeyance for the time being.

FOUND NOT GUILTY OF OFFENCE AGAINST GIRL

ST. THOMAS, May 31.—John Taylor was found not guilty today when he appeared before Judge Colter, charged with running a girl under 16 years of age, a ward of the Children's Shelter and a resident of Aylmer. The offence was alleged to have been committed at a skating rink in Aylmer over a year ago. The girl is one of a family of fifteen, of whom twelve are living. Considerable evidence was heard by the court.

MAKING YOURSELF WELL AND STRONG

You Can Improve Your Physical Condition by Keeping the Blood Pure.

People with strong constitutions escape most of the minor ills that make life miserable for others. Don't you envy the friend who does not know what a headache is, whose digestion is perfect, and who sleeps soundly at night? How far do you come from this description? Have you ever made an earnest effort to strengthen your constitution, to build up your system, to ward off discomfort and disease? Unless you have an organic disease it is generally possible to so improve your physical condition that perfect health will be yours. The first thing to be done is to build up your blood, as poor blood is the source of physical weakness. To build up the blood Dr. Williams' Pink Pills is just the medicine you need. Every dose helps to make new blood which reaches every nerve and every part of the body, bringing color to the cheeks, brightness to the eyes, and steadiness to the hands, a good appetite and splendid energy. Thousands throughout the country whose condition once made them despair, owe their present good health to this medicine. If you are one of the weak and ailing give Dr. Williams' Pink Pills a fair trial and note the daily gain in new health and abounding vitality. Among those who have proved the truth of these statements is Mrs. Fred Goslin, R. R. No. 2, Ruthven, Ont., who says: "A few years ago I underwent an operation for a fibroid tumor. I had been ailing so long that I did not gain as the doctors said I should. I was in such a rundown condition that they said it would take me a very long time to recover. But instead of gaining, I was growing weaker, and the doctor said I must go back to the hospital. I did not want to do this, and having often heard of Dr. Williams' Pink Pills as a strength builder, I decided to try them. I was greatly surprised at the help I received from them. In three months I was able to go about, and our home doctor expressed his astonishment, as he had not expected me to recover, believing pernicious anaemia had set in. It took me about a year to recover my full strength, but ever since I have been doing my own housework, and have to give Dr. Williams' Pink Pills the praise for my present state of good health."

You can get these pills through any medicine dealer or by mail post paid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Company, Brockville, Ont.

Rheumatism

Muscular and inflammatory stiff and swollen joints, pains in the back, etc., promptly relieved. This potent, penetrating oil goes straight to the seat of the trouble, drives out the disease and establishes a normal condition. The standard family remedy for rheumatism for generations.

ALL HOPE OF U.S. PEACE MOVE WITH AUSTRIA NOW GONE

Possibility Shattered by Karl's New Agreement With Germany.

WASHINGTON, May 31.—Complete subjugation of Austria-Hungary to German domination and the elimination of any hope for even semi-independence that may have been entertained by the Czechs, Jugoslavs and other anti-German elements in the dual monarchy is seen here as the certain result of the new military treaty between Germany and Austria-Hungary. The state department has just received through its own sources what is believed to be the text of this remarkable document, and it is said to confirm the general statements of its press. Among other things, it is common that if there ever was a common front upon which the United States might have discussed peace with Austria, it has disappeared along with what liberty of action had been left to the dual monarchy by her ally.

JOHN ROSS ROBERTSON'S DEATH A GREAT LOSS TO CANADIAN MASONRY

HAMILTON, May 31.—Most Wor. Bro. William H. Wardrop, K.C., was deeply shocked and grieved by the death in Toronto of John Ross Robertson, Mr. Wardrop said. "He was the greatest authority on Masonry in Canada, and was looked upon throughout the world as an outstanding figure. No man in Canada ever devoted so much time to Masonry as John Ross Robertson. Both by work and the liberal expenditure of money, he showed a devotion to Masonic principles that has been equaled by no man in this country so far as I know. His death will be an incalculable loss to the craft."

ITALIAN EDITOR IS ARRESTED RESULT OF REVOLT LAST YEAR

MILAN, Italy, May 31.—Menotti Serrati, editor of the Socialist "Avanti," was arrested here today in connection with his activities in Turin at the time of the revolt there last year.

Serrati is a member of the central committee of the Italian Socialist party. The red days of Turin, as known in Italy, began on August 11 and lasted several days. The Italian authorities were obliged to use machine guns against the rioters and some barricades in the streets were destroyed by bombs thrown from airplanes.

No official figures have been published as to the number of dead and wounded in the last year. Estimates of the numbers killed varied from 50 to 500. The riots were due partly to delay in providing Turin with sufficient bread and partly to political discontent.

HEAVILY FINED FOR ASSAULTING YOUNG GIRL

CHATHAM, May 31.—Robert McNeill, of Port Alma, pleaded guilty today to a charge of assault preferred on behalf of a 15-year-old girl whose home was near his. He was fined \$50 and costs by Judge Stanworth in county court. Immediately after the alleged offence the man disappeared, but a short time ago surrendered voluntarily to the county police.

James Campbell, of Tupperville, who has been wanted by the county police for about four years, has been arrested in Windsor, and will be brought here for trial on a charge of non-support. Patrick McElvane, of Dover Township, must explain to the magistrate in Blenheim why he did not allow another auto to pass him on the gravel road and also why he drove more than twenty miles an hour. The hearing is set for next Tuesday.

EVIDENCE CROPS UP EVERY DAY

That Dodd's Kidney Pills Always Help Kidney Disease.

Quebec Man Who Suffered From a Run-down System and Kidney Disease Finds Quick Relief.

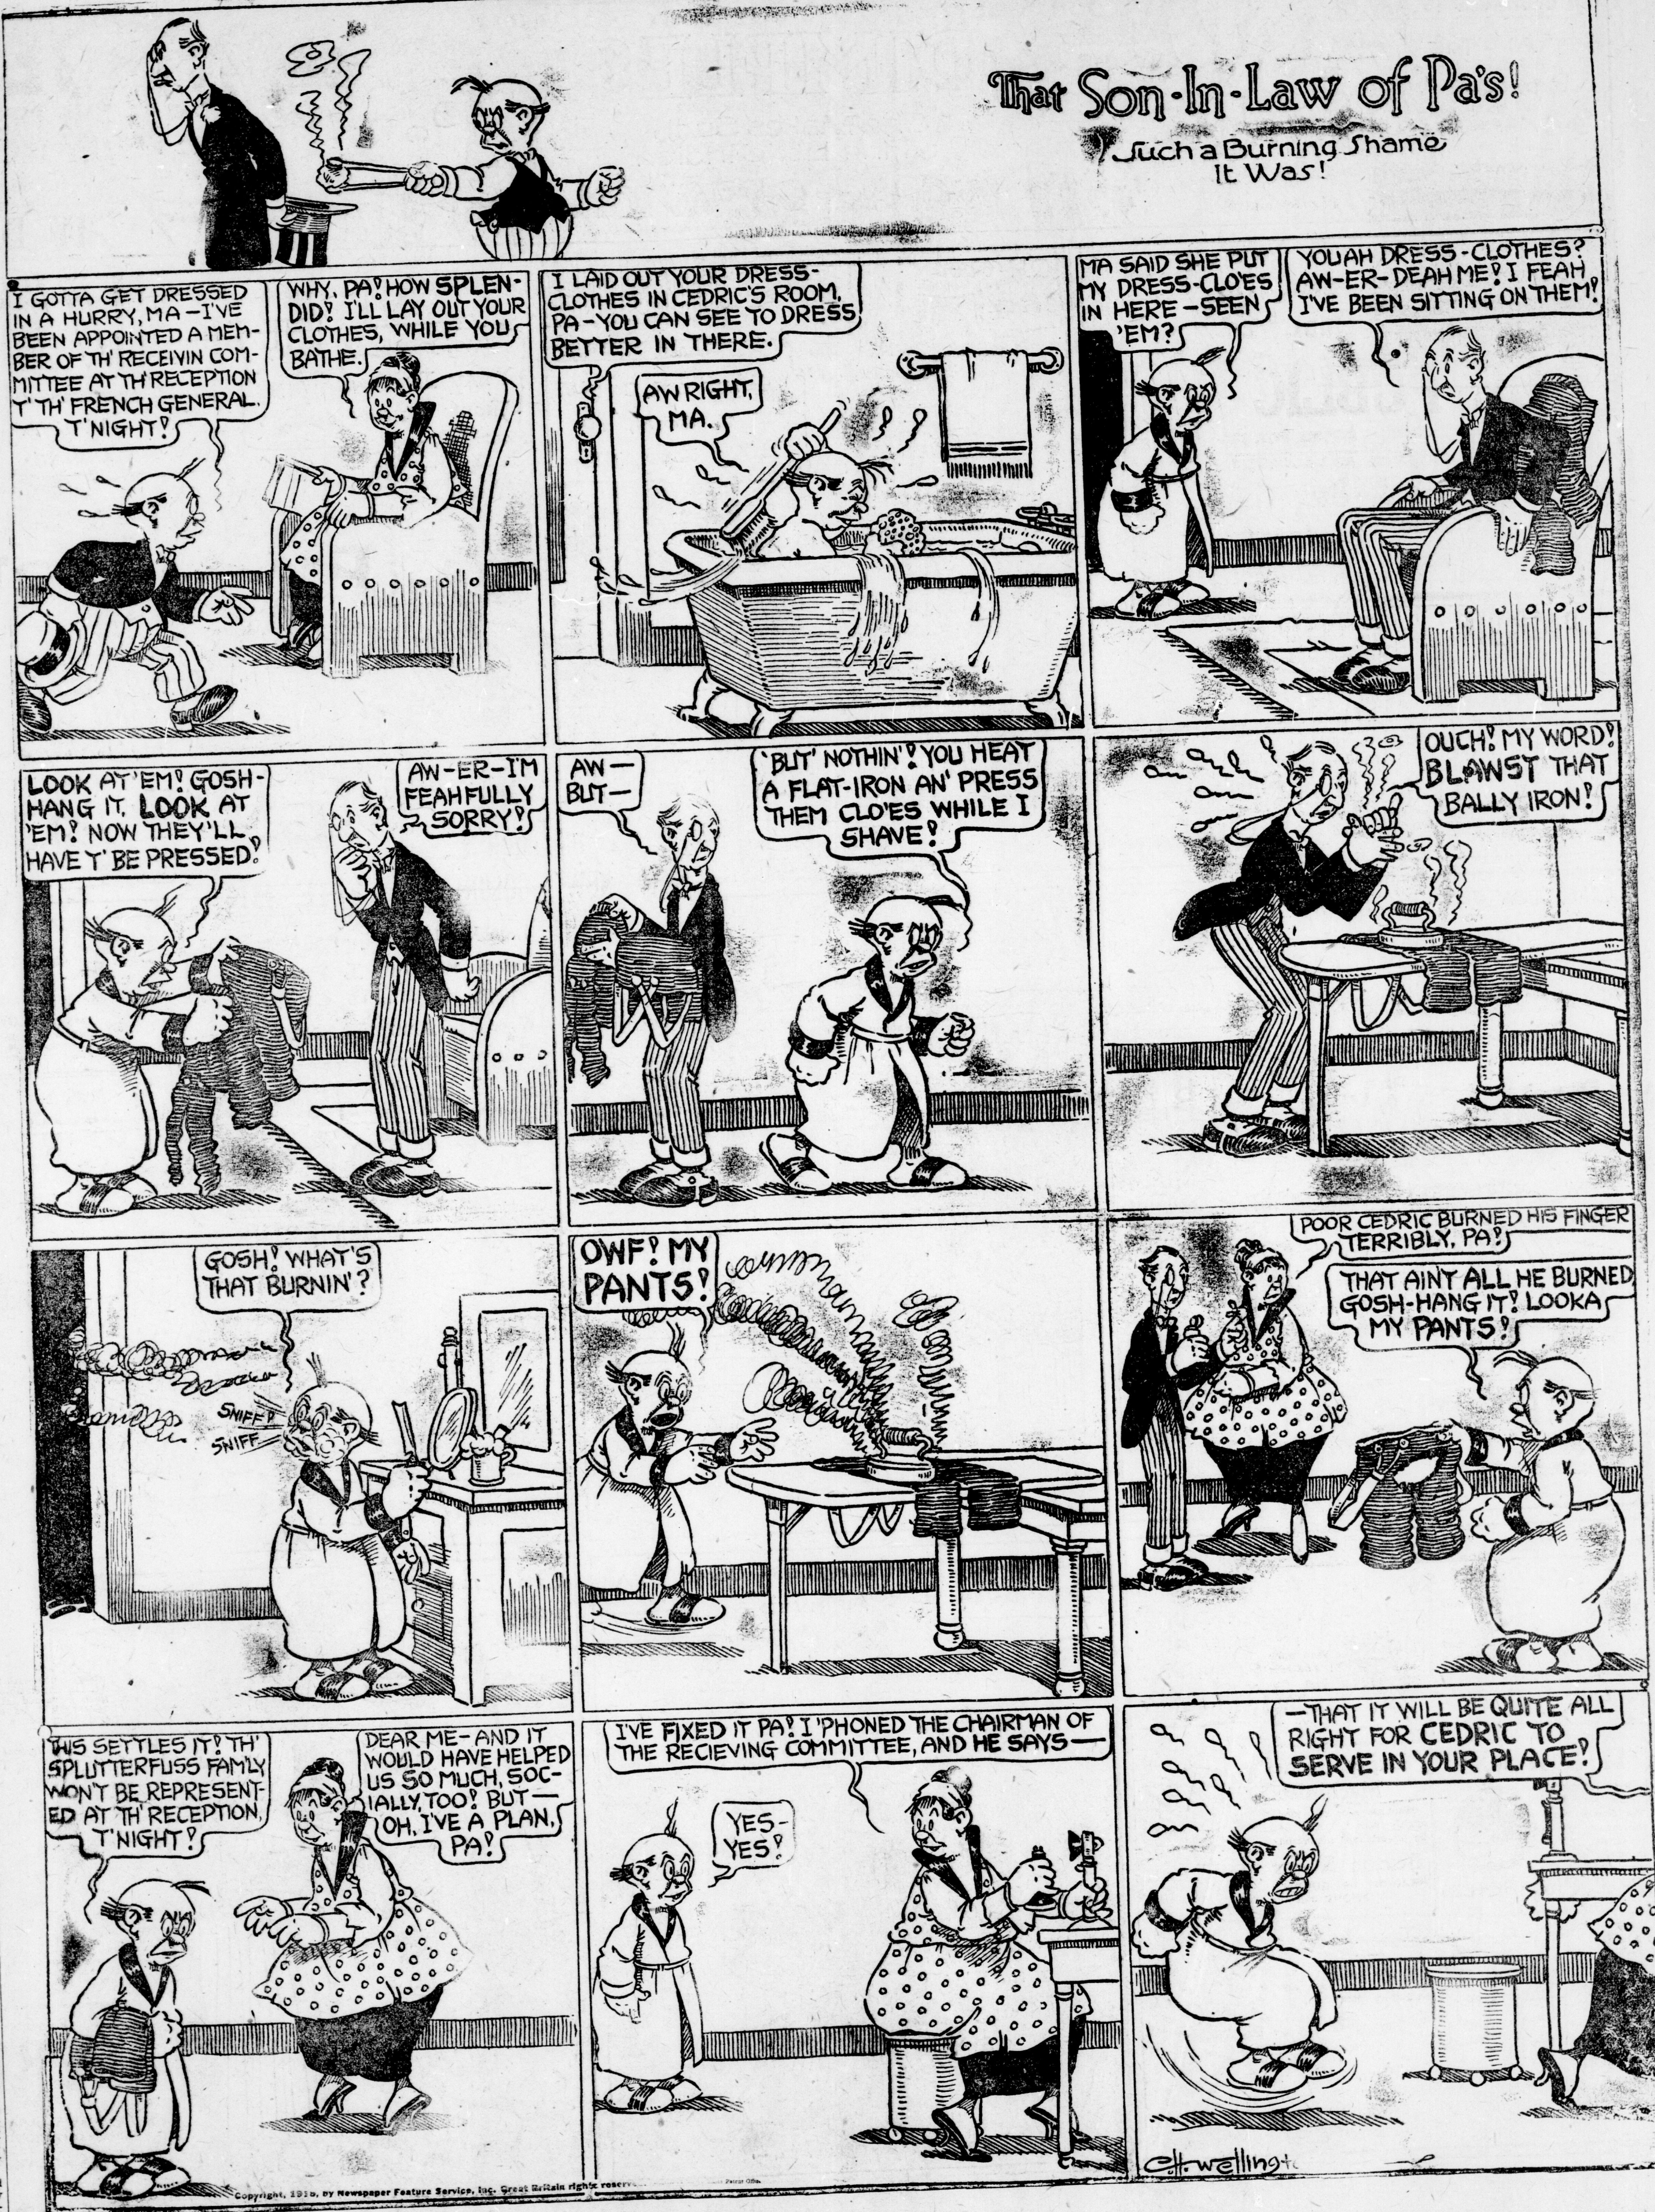

Miguasha Point, Que., May 31.—(Special).—More evidence crops up in this vicinity every day to prove that the run-down people there is no remedy to equal Dodd's Kidney Pills. Among the many who have come forward with statements is Mr. Paul Landry, a well-known resident, whose testimony can easily be corroborated.

"It is with great pleasure that I write to tell you your Dodd's Kidney Pills are the best medicine that I have ever taken," Mr. Landry states. "When I commenced to take them there was not much hope for me. After taking four boxes I felt like myself again. I advise all persons who suffer from kidney disease to take Dodd's Kidney Pills."

Dodd's Kidney Pills are popular all over this country, because they not only cure the pains and aches of the different diseases springing from disordered kidneys, but also give new life and energy all over the body. They do this naturally. They cure the kidneys. Cured kidneys strain all the impurities out of the blood, and the pure blood carries nutriment instead of poison to all the nerves and muscles. You have never heard of a person Dodd's Kidney Pills harmed. You hear of thousands who have benefited by them.

That Son-In-Law of Pa's!

Such a Burning Shame It Was!

ITALY SO SHAKEN THAT DISCORD SHE CANNOT STRIKE NOW

hat Italy May Take Initiative, Germany, by Air
Floods Country With Biographical Propaganda,
But Italians Do Not "Bite" This Time.

ON, May 31.—A new
people's conference in
Italy was disclosed today
by the press, saying thousands
of people had been
called to Rome to discuss
the recent message of
the Pope to Italy, and
that the government had
been asked to accept it.
The message was said
to have been received with
great interest.

It is suggested that the
conference will be held
in the Vatican, and that
the government will be
asked to accept the
message. It is also
said that the conference
will be held in the
Vatican, and that the
government will be
asked to accept the
message.

NOTS INCREASING.
May 31.—(British Ad-
vocate.)—The number of
prisoners taken by the
Germans in the Balkans
is increasing.

THEY SMASH
TO BULGARS
ON BIG FRONT
May 31.—More than 1,500
Bulgarian prisoners, and
a large number of weapons,
have been taken by the
Germans in the Balkans.

WARD STRIKERS
REMAINING OBEDIENT
They Offer Which Sounds Pretty Fair
Demand More.

VANCOUVER, May 31.—There seems
to be no settlement of the
dispute in sight, according to reports
from the city. The strikers
are still out, and the
company is still out.

THE FRED DEACON
CAME FROM BOTHWELL
BATHFORD, May 31.—Mrs. D.
Deacon, who has been
suffering from a long illness,
died at her home.

DEACON, May 31.—The
deceased was born in
Bothwell, Scotland, and
came to Canada in 1880.
He was a member of the
United Brotherhood of Car-
penters and Joiners.

SERVICE TO THE NATION DEMANDS GOOD HEALTH

War is bringing home to every man, woman and child the fact that service to the nation is not a matter alone for the soldier and sailor and munition worker.

There is work, necessary work, for everyone to do, in the way of thrift and production and to do this work, health is the first essential. Even the most willing will find progress is slow if the health is bad.

Probably the most common complaint among those doing unaccustomed tasks is backache. Work may cause a tired feeling that will easily pass off but this backache that almost doubles one up is an indication of a condition of the system that needs treatment. The Kidneys are giving evidence of their weakness and the sufferer should be thankful for the timely warning given by this pain.

The quickest and surest relief from backache is a treatment with Gin Pills. Gin Pills are the tested specific for the healing of the Kidneys. Anyone who wishes to perform his or her full duty to the Nation in these strenuous times will find relief from backache in Gin Pills.

Sold by all dealers—50c. a box, or 6 boxes for \$2.50. Money back if you are not satisfied. Free sample on request to National Drug & Chemical Co. of Canada, Limited, Toronto, or to the U.S. Address, Na-Dru-Co Inc., 202 Main St., Buffalo, N.Y.

Lemon Juice For Freckles

Girl! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.
Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! it is harmless.

Cooks and Stewards wanted for the Canadian Naval Service.

Cooks, age 18-50, experienced. Pay \$1.10 to \$1.50 per day and \$25.00 separation. Stewards, age 18-50, well educated; pay \$1.10 to \$1.50 per day and \$25.00 separation—under usual conditions. Boy Stewards, age 16-18, well educated, 50c. daily, no separation.

**MEDICAL SERVICE
MADE FINE RECORD
IN RECENT RETREAT**

All Wounded Were Safely Removed From Enemy's Clutches.

AN ATLANTIC PORT, May 21.—A British medical mission, representing the British Medical Society, arrived here today to attend the American Congress of Medical Societies, to be held in Chicago June 19. The members include: Sir James MacKenzie, Sir Arthur Lane and Col. Herbert A. Bruce, consulting surgeon of the British army in France.

The British surgeons will tell the congress of their experiences in the war, of their failures and successes, and of the medical problems to be met in dealing with the wounded and the health of armies.

Col. Bruce, who was formerly at the University of Toronto, completed a visit to the advanced hospitals at the front before coming here. During the recent retreat, though tremendous difficulties were imposed on the medical service, the wounded were all safely removed to hospitals in the rear, and none was allowed to fall into the hands of the enemy. The nursing and medical personnel also escaped, though unfortunately suffering some casualties.

"I found," Col. Bruce said, "everywhere among the British officers and men at the front a spirit of quiet confidence in being able to withstand any attack of the enemy and a stern determination to hold the line at all costs until the arrival of sufficiently large reinforcements from America to insure complete and final victory."

**Female Swindler
Claims Brantford
as Her Home Town**

Margaret Kennedy Will Be Sentenced at Windsor on Monday.

WINDSOR, May 31.—Dressed in the height of fashion and apparently confident of success in the charges against her, Miss Margaret Kennedy, alias Mrs. Ben Conley, appeared in Judge Dromgole's court at Sandwich today, but right away she found herself in trouble, for Crown Attorney Rodd forced her to admit that she had been once convicted in Detroit for theft, had been arrested in Windsor two years ago for swindling, and was also in bad standing with the authorities at Battle Creek, Mich.

The young woman, who declares she is a daughter of Levi Kennedy of Brantford, said she was married when only 18 to Benjamin Conley, who is now a United States army officer. She is now divorced.

Judge Dromgole found her guilty of fraudulently obtaining several articles of jewelry and an automobile from Windsor business firms by using worthless checks in payment. She will be sentenced Monday.

**SPECIAL SERVICE FOR
SOLDIERS AND SAILORS
AT PRESBYTERIAN MEET**

PAISLEY, May 31.—More than 150 delegates from all parts of the district attended the annual meeting of the Presbyterian W.M.S. held at Southampton yesterday. The president, Mrs. Thomas Wilson of Walkerton, was in the chair. The first part of the afternoon session was a devotional meeting, and nurses, led by a few most impressive remarks by Mrs. Norman Robertson, Walkerton.

The delegates were welcomed by Mrs. E. Bouniey of Southampton, and the welcome was acknowledged by Mrs. Farrell of Hanover. Reports from all departments showed a very successful year. The financial statement gave a picture of the work done in various districts by two returned missionaries, Mrs. J. M. Waters of Ruitan, India, and Mrs. J. M. Waters of Ruitan, India, who were much enjoyed. The former told of the home life of Chinese women, and the latter of the work done in India and the part that country has taken in the war. He told of a Christian regiment of Hindus on active service in respectance.

Solos were rendered by Miss McIvor of Southampton.

The following officers were elected: President, Mrs. Norman Robertson; president, Mrs. Keith, Glanville; vice-president, Mrs. McKenna, Glanville; corresponding secretary, Miss Dewart, Port Huron; treasurer, Mrs. H. McIvor, Port Huron; mission fund secretary, Miss Havill, Walkerton; stranger secretary, Mrs. Young, Tara; supply secretary, Miss Warren, Walkerton; recorder secretary, Mrs. J. A. McArthur, Paisley; literature secretary, Mrs. S. McCallum, Paisley; Home Hope secretary, Mrs. Tolmie, Southampton.

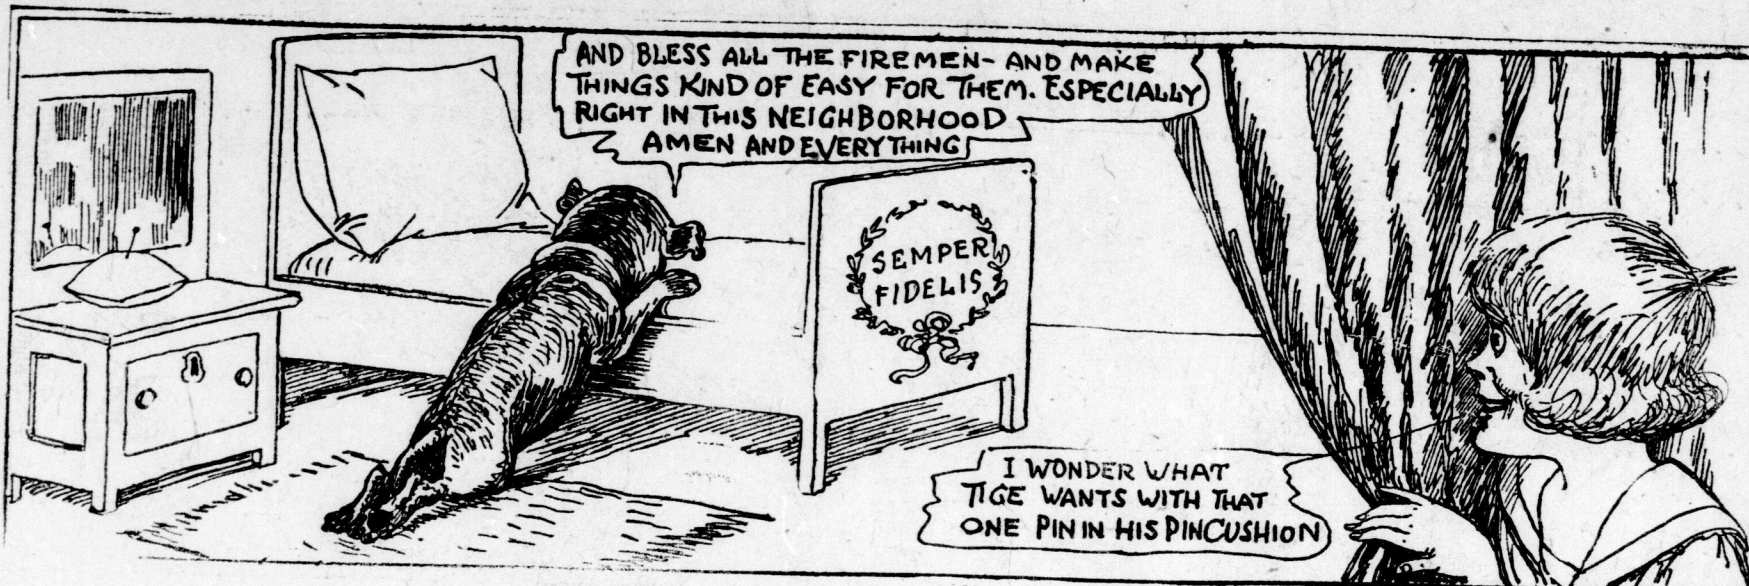

IN GERMAN PRISON CAMP. ST. THOMAS, May 31.—Flight Lieut. Charles Gillan, who was reported missing on April 29, in a prisoner of war camp in Germany. A cable received by his friends Mr. and Mrs. J. C. Gillan of East street, today from the Red Cross of Geneva brought the welcome news.

Leg Sore

A huge sore—very deep—full of foul discharge. Aching all day; no rest at night. Then—just a few drops of the D.D.D. cooling liquid. D.D.D. Irritant at night. In due time complete cure. We guarantee D.D.D.

The Liquid Wash

Dear Smitty,
I have been to a fire - and have come home again - It was several blocks away from here but it made an awful difference at our house. He has got an awful walley Smitty. Some blow - You know - they ought to let the women fight Smitty - fight back other I mean - the men are afraid to fight - after all Smitty it is not such a hardship to eat standing up - that's what I'm doing today. Ma was thinking of attacking me with a hand grenade - It was hand work but she fell back on the old hair brush and it fell back on me. Oh boy!

HE GOES TO A FIRE.
