M.NERAL WATERS

POINT DU JOUR, PARISH OF L'ASSOMPTION.

Point Du Jour, Parish Of L'Assomption.

THESE truly valuable WATERS are distinguished for the large quantity of Bromine and lodine they contain, and are acknowledged superior to all other Medicinal Waters. They are the most agreeable refreshment of the description that have yet appeared. They can be used cold to the greatest degree in the most oppressive heat of Summer, and that without altering or affecting injuriously the health of the person using them; upon the contrary, they are found to improve and strengthen. The large number of cures effected by the use of the above Waters, enable us to recommend them to the public as an excellent remedy in a very great number of cases. The names of a few only of the persons of celebrity, who have given their written recommendation of the Waters, are here given. These, however, show the happy results arising from their application:

R. Evq de Kingston,
Jos. M. Belanger, Ptr.,
P. C. A. Munro, M. D.,
A. Maloh, M. D.,
A. Cageneuve, M. D.,
A. Rolfin, M. D.,
C. B. Bihaud, M. D.,
R. L. Macdonnell, M. D.,
R. L. Macdonnell, M. D.,
Persons who have not received the fittle volume containing these certificates at length, can obtain it at the Depots, where the Waters are Sold; by reading it, they will feel convinced that they have effected wonderful cures in various cases, and that they have been found superior to all others.

RIVIERE DES PRAIRIES, March 1, 1850. RIVIERE DES PRAIRIES, March 1, 1860.

Sir.,—Since you are desirous to ascertain the effect which the Waters of the Point di Jour Springs have produced on myself, I must inform you, that I have used them medicinally at their Source, and have found them highly substrious. I was at the time so affected by the consequences of a severe disease of the Digestive, Organs that my Physician judged it right to suspend for a time all active remedica, even for the repression of Dyspepsia, and an absolute Retention of the Browels, under both of which I was suffering severely. He prescribed for my relief the Mineral Waters, and I made use of those of the Point du Jour, as being the nearest. I was at the time so weak, that it was with difficulty I kept my feet. However, at the experation of three weeks, it was restored by using the Waters. These Waters are of a gaseous mitter, containing a large quintity of saline particles, and agreeever, at the expiration of three weeks.

have not been weakened or entervated in their constitunion in consequence; upon the contrary, by using them
they find their appetite increased, and their digestion rendered more regular. After a dose of 3 or 4 four glasses, 4
found that they had the effect of increasing the urinary
secretions at first, and that these decreased in the same
proportion that the alvine secretions increased. The action of the nervois and sangulary systems were thereby
moderately augmented, and, instead of finding myself
morose and sad as I had been during some days before
them, I perceived myself involuntarily disposed to pleasure and gaisty. Many who, in the same circumstances,

Sun,—I observe with pleasure that the Mineral Waters, at their source hi Point du Jour, Parish of the Assomption, in the supering the celebrity they deserve. For myself, who am, perhaps, one of the first that albuted to them in the newspapers, in the year 1838, I can is estify that since then I have had occasion to try various Mineral Waters, nevertheless I have never doubted that the preference must be given to those of Point du Jour—having myself had much experience.

The Proprietors have their Depot established at No. 6, Jacques Cartier Place, next door to the Hotel of Serafine Girakli, Esq. The distance for conveying the Waters to the Depot is so triding, that we are enabled to have a constant supply fresh, and are consequently in possession of a better market than any other person. Prices, 74d. per gallon, and 2s. the dozen, (in bottlen.) Sick persons, unable to pay for it, can have some gratis, by producing a certificate from their Physician, since we are unwilling that any should be deprived of these healing and vonderful Watersprepared by Providence for his creatures, which are apparently designed for the alleviation and cure of many protracted and dangerous diseases.

An article which, in every respect, supercedes Sigarboth on accounts of its healing stritues, and its durability. The discovery of the improvement is there out of a succession of experiments during three years. For the invention of which, Dr. Halsey has been awarded the only patent ever granted on Pills by the Government of the United States of America. The Gum-Conted Porest Pills present a beautiful transparent, glossy appearance. The well known wholescome qualities of pure Gum Arabic with which have are conted, renders them still better than Dr. Halsey a Sugar-Coated Pills. The Gum-Conted Pills are never hable to injury from dampases, but remain the same, retaining all their virtues to an indefinite period of time, and are perfectly free from the duagreemble and municing tutte of Reidenes. In order to gvoid all impositions, and to obtain Dr. Halsey's use and gounde Pills, each that the base of each box bears the signature of G. W. Halse E.Y.

life. When I commerced taking them, I laid at
the point of death, with Propay, Piles, and Ashma. My Physicians lad given me over as past
cure, and my family had lost all hope of any recovery. While in this deadful stustion, your
Porest Wine and Pills were procured for me, and
before I had fluished the first bottle of the Wine,
and box of Pills, I experienced great rel.ef; my
body and lienbs, which were greatly as ollen, became sensibly reduced. Hopes of my recovery
began now to revive, and after continuing the use
of your medicines for about a month, the Pilesand
Asthma were completely cured. The Dropsy,
with which my life was placed in such great danger, was also nearly gone. I have continued the
use of your Medicines until the present time, and
I now enjoy as perfecthe-tith as ever 1 my

I ascribe my recovery entirely to the use of
your excellent Medicines. Several of my neightors have also used them with similar success in

Previous to taking the Wine and Palis, I had recourse to the heat mutical treatment, but accomplished. who knew me thought my case incurable. Previous to taking the Wine and Pilis, I had recourse to the best medical treatment, but continued to grow worse to an alarming degree. Some of my friends spoke despairingly of my case, and tried to persuade me from making use of any advertised remedies; and, I doubt not, but what there are hundreds who are dissuaded from taking your excellent Medicines, in consequence of the deception and inefficiency of many advertised remedies put forth by unprincipled men, in flaming advertisements. But, what a pily it is that the deception used by other should be the means of dissuading many lubaring under dissease, from making trial and, being cured by your excellent remedies. Humanily speaking, they have saved my hie; when I commenced making use of them, I was in a wretched condition, but began to experience the good effects in less than three days; and, in aix weeks from the time I purchased the Mcdicines, to the great surprise of all my friends, I was entirely cured, and had increased litteen pounds in weight, having taken one box of the Pilis and two bottles of the Wines. Would to God that every poor sufferer nould avail himself of the same remedies!
