Town and County News
FUNERAL OF MRS. HADEN.—We would
call attention to the change made in the
time of Mrs. Haden's funeral, which
will take place to-morrow (Sunday) after-
noon, at 2 p.m., instead of on Monday,
as announced yesterday.

ILLUSTRATED LONDON ALMANAC.—We
are in receipt of this Almanac for 1875,
from Mr. John Anderson. It is got up
in a very fine style, contains a large
amount of useful and interesting reading
matter, and is profusely illustrated with
plain and colored engravings. For sale
at Anderson's Bookstore.

Grip comes out this week with a new
frontispiece of very original design, and
a good cartoon, entitled "The New Con-
servative." In this connection we may
state that Mr. J. W. Bengough, the
talented cartoonist, will deliver his lec-
ture, "The Pleasantries of Public Life,"
in the Town Hall next Friday evening.
Copies of Grip may be obtained at An-
derson's and Day's Bookstores.

Mr. Thomas Bengough, who has for
some months been on the reporters' staff
of the Mercury, left this morning to fill
an engagement as short-hand writer with
Prof. Fowler, the celebrated phonologist.
We wish him all success in his new en-
gagement, and hope that he will soon be able
to bump the heads, and read the char-
acters of those who apply, as well as his
employer.

AN UNFOUNDED REMOR.—Some excite-
ment was caused in town this morning
by a report that last night, an indecent
assault had been made upon a married
woman living near Allan's mill. Upon
inquiry, we find the report is entirely
without foundation. The women had
gone out for a walk, and were return-
ing unexpectedly upon two men
who were standing by the fence, near
the gate, and got badly frightened and
screamed. Hence the report.

DEATH OF CAPT. DICK.—The Toronto
papers chronicle the death of Captain
Dick, proprietor of the Queen's Hotel,
and for so many years intimately con-
nected with many great enterprises
which have contributed to make Toronto
what it is, one of the most flourishing
cities in the Dominion. He died on Fri-
day morning, the 6th inst., of a disease
not unexpected, Capt. Dick having been
for nearly a year in feeble health, and
during the past month in a very precari-
ous condition, it was not the less pain-
ful when numberless flags were, towards
noon, observed at half-mast, and the
day forenoon. The event was espe-
cially learned that the occasion was
the decease of this highly respected
citizen. Capt. Dick was widely known
in connection with lake navigation. He
built and commanded several steam-boats
on Lake Ontario, and may be said to be
the father of the steam navigation on that
up the northern route to Lake Superior,
his boat, the Rescue, being the only one
which sailed between Collingwood and
Thunder Bay for several years. He
owned the Queen's Hotel in Toronto,
and built the Royal Hotel in Niagara.

Y. M. C. A. LITERARY CLASS.—The Lit-
erary Class of the Y. M. C. A. held their
weekly meeting on Friday night. There
was a good attendance present. At the
President, Mr. Bengough, had made an
engagement to leave town, he tendered
his resignation, and Mr. Kenneth Mac-
lean was elected to the vacant office.
Mr. Geo. Anderson was elected Vice-
President in consequence of Mr. Mac-
lean's promotion. After routine, the
chairman of the evening announced a
reading by Mr. S. Saunders, entitled
"The Christian Life, or the Captain up-
Above." The reading was well received,
after which the president called for a
debate. The subject was: "Resolved that
the works of Nature are more admir-
able than the works of Art." The af-
firmative side referred to inanimate na-
ture, taking a landscape for their illus-
tration; animate nature, showing that
Man and Woman as works of Nature,
which had no life. They briefly touched
on the Earth and likewise on the Universe.
The negative side touched on Painting,
Poetry, Architecture, &c., and also on
Man and Woman, arguing that Nature
arts had their influence on these beings,
they were not so much admired in their
natural state. The class rendered their
verdict in favor of the affirmative. A
programme was announced for Nov. 20th,
as there will be no meeting of the class
on the 15th inst., in consequence of the
Mission Committee of the Y. M. C. A. hav-
ing appointed a special week of prayer for
next week. The subject of debate for
the 20th inst. is: "Are the Inventions of
modern times detrimental to the working
classes?" We would also call attention
to the 5th anniversary services of the As-
sociation to be held in Chalmers Church,
on Thursday next.

POLICE COURT.
(Before the Police Magistrate.)
Patrick Kenny and Michael Maloney,
were charged with trespassing on the
property of Mr. David Allan, and doing
damage thereto. Kenny on account of his
youth was let off, and Maloney was
fined \$1 and costs.

MR. GLADSTONE ON RITUALISM.—Mr.
Smalley, writing to the New York Tribune
from London, says that Mr. Gladstone's
essay on Ritualism in the Contemporary
Reviews for October has pushed that peri-
odical to the almost unexampled fame of a
tenth edition. It is long since any-
thing from Mr. Gladstone's pen has float-
ed a magazine beyond its usual anchor-
age. For magazine purposes he is reckoned
a trifle heavy, and the days when a
mere name or series of names would sell
a monthly publication are pretty much
over. In this case, Mr. Gladstone wrote
on a topic which is uppermost in people's
minds, which has just been legislated up-
on, which will have to be legislated upon
a good deal more, and upon which,
whether considered ecclesiastically or
politically, he is a great authority.

NEW YORK, Nov. 7.—The London Times,
commenting on the recent Democratic vic-
tory in the United States, says it is for-
tunate that at present there is no serious
issue raised between the parties on Union
or State affairs, as revealed by the elec-
tions. It gives occasion for some anxiety
to know that when Congress meets in
March, the new House will be controlled
by a large Democratic majority—yet in
spite of all this, Grant will remain in office
till 1877. There is no power in the Con-
stitution to change a single member of
the Administration. The events of the
week between the condemnation of Grant.
The Pall Mall Gazette says a profound
distrust of Butler and other leaders had
taken hold of the minds of the people,
who otherwise were content to vote with
the party.
A verdict is pronounced against a third
term for Grant; against the policy of
his Administration towards the South;
against the salaries bill and the failure of
the frauds investigation. Some of Grant's
blunders are irreparable and others re-
trievable. The Standard's leader is much
the same as the Pall Mall Gazette's.
The Morning Post thinks Grant might
have averted the result by opening his
eyes to the assertion of other partisans
was not sufficient to make the people be-
lieve his earnestness in abandoning the
idea of a third term.
LONDON, Nov. 7.—A Spectator telegram
to the Daily News from Rome, says the
Rope intended to receive a deputation
yesterday morning, but failed on enter-
ing the hall. Physicians declare his in-
disposition slight.
The Times' correspondent at Paris tele-
graphs there is good reason to believe
that the Duke Decazes's answer to Spain's
last note will be presented on Monday
next. It has been reported that a very
eloquent reply is preparing which is
calculated to put an end to the discus-
sion by its completeness, and give proof of its
good will of France.

PARIS, Nov. 7.—L'Univers says it is re-
ported that Italy is about to issue a mem-
orandum to the European Powers, call-
ing attention to the dangers to Italy from
the intrigues of the Vatican, declaring
that the Government can no longer toler-
ate a permanent conspiracy in its own
capital, and urging the Powers to dis-
continue the custom of maintaining Ambas-
sadors at the Holy See.
PROMA, Ill., Nov. 7.—A fire last night
destroyed Farmer's livery stables—70
head of horses, 75 tons of hay, and a large
number of carriages, buggies, etc. Loss
\$50,000.
RIO JANEIRO, Nov. 6.—Advices from
Buenos Ayres are to the 30th ult. Their
contents are favorable to Gen. Mitre.
The city was tranquil, but the state of
siege continued. The relations with Ur-
uguay were pacific, but communications
with Montevideo were still interrupted.
The insurgent army under Rivas had re-
treated northward, and the Government
troops pursuing had captured one piece
of artillery. This was effected probably
in the engagement of the 28th ult., at
the mouth of the Salado. The insurgents
regard that affair as important, and
say the retreat was necessary to insure
future success. The insurgent Gen. Ar-
rondo, was advancing on Montevideo,
when a battle with Argentinian forces, un-
der Rocca, was imminent. The Govern-
ment was confident of Rocca's success,
and hopeful of suppressing the insurrec-
tion before the end of November.

that they have repelled two sorties of the
garrison of Iran, and are taking mea-
sures to intercept the forces coming to
the relief of the town.

Local and Other Items.

ACCIDENT.—A few days ago Mr. Robert
Simmie, freeman at G. & J. B. Preston's
mill, Harrison, fell from the top of a
pile of slabs about 25 feet high, breaking
a number of ribs and otherwise bruising
his body.
EXTENSIVE SHIPMENTS.—The Reporter
says during the months of September and
October of the present year, Mr. Thomas
Todd, Commission merchant of Galt,
shipped to European and American mar-
kets, produce of the value of \$100,000, con-
sisting of butter, cheese, hops, and grain.
ACCIDENT.—On Saturday, the 17th ult.,
Mr. Wm. Jordan, of the 3rd con. Mary-
borough, got caught in the tumbling shaft
of a threshing machine, which twisted
him around a number of times in a hur-
ry, casting him off as naked as the day he
was born but not otherwise injuring him.
FATAL ACCIDENT ON THE NARROW GAGES.
As the noon train going east on the T. G.
and B. Railway was crossing at Mac-
dewie, on Wednesday 4th inst., it ran into
a buggy, in which were Mr. William Wil-
liamson, an old and respected resident of
Albion, and Miss Ann Dean. Mr. Wil-
liamson was instantly killed, and Miss
Dean badly injured.
FREE PENITENTIARY.—The
Free Press says that building opera-
tions upon the new penitentiary have
ceased for the season. Some twenty-five
men will be kept on during the winter,
getting up the increasing stone. The work
so far has been extremely satisfactory to
all concerned, the contractor having ex-
ecuted over three thousand yards of
rock, erected masonry eleven feet high
upon the foundation, and burnt 400,000
bricks.
BETTER D.—Mr. George Randall, for the
last eight or nine years, an engine driver on
the Grand Trunk Railway, and lately on
the "1 inch fall," and "Scotch Ex-
press," has retired from the service of
the company. Mr. Randall is well and
favorably known to travellers in the
vicinity of Guelph.
T. G. & B. R.—The Toronto, Grey &
Bruce Railway Company have opened
their Western Division to Worcester,
and on and after the 16th inst.,
there will be a run to Toeswater. The
Company have also made arrangements to
run two trains daily each way between
Toronto and Owen Sound, and also two
trains each way on the Western
Division, as far as Harrison. Trains
leave Harrison on each day at 5:30 a.m.,
and leave Worcester at 7:30 a.m.,
and on at 10 after the 16th will leave
Toeswater at 6:30 a.m., each day.
CURIOUSNESS OF THE BALLOT.—The
Cornwall Gazette has heard some curious
details about the polling at the late
election. In one township, 25 out of 88
who voted at one polling place could not
write, and the Deputy Returning Officer
had to make a list of names. Several votes
were "killed" through the ballot ticket
being written on. In some cases voters
signed their names on the back of the
ticket, and some put a cross opposite
each candidate's name, thereby showing
confidence in either, and "killing" the
vote.
RIFLE MATCH.—A Rifle Match took
place on Friday, between the Albert
Rifle Association of Galt, and the Bruce
Rifle Association of Waterdown, each
club shooting on their own ranges. The
Albert Association won by 13 points, the
scores being 248 to 235.
ACCIDENT AT GODERICH.—While the
Lucknow mail stage was taking on pas-
sengers at the depot at Goderich, on Fri-
day, the horses became restive, com-
menced plunging, and kicking, and finally
overturned the stage. The driver, Mr.
Robertson, was thrown from his seat, and
badly hurt. A young woman who was
inside, got slightly cut about the face, and
an old lady, about eighty years of age,
was so badly out on the head that it is
doubtful if she will recover.
**The Ottawa Iron and Steel Manu-
facturing Company.**
A FAVORABLE OPPORTUNITY FOR INVESTORS.
As will be seen by the prospectus in
our advertising columns, a company has
been formed to work the well known
mine, known as the Haycock Iron Loca-
tion.
The shares have been fixed at the low
amount of twenty-five dollars each, so as
to give everyone an opportunity of in-
vesting in this promising undertaking, of
the success of which the owner of the
property is so firmly convinced, that he
sees in the shareholders a guaranteed
dividend of 10 per cent. for three years,
by the deposit of paid up shares to the
amount of one hundred and twenty-five
thousand dollars, and a further sum in
cash to the extent of the first year's
dividend.
The proprietor, Mr. Flaycock, who has
already spent a very large sum in devel-
oping the mine, states as his firm con-
viction that as soon as the bloomeries
are erected, which it is proposed to
erect, are at work, a dividend of at least
25 per cent. will be realized.
The reports of Dr. Chapman, the
eminent mining engineer, and the testi-
mony of well-known practical men who
have visited the ore, seem to place beyond
doubt the wonderful richness of the mine,
while the almost unlimited quantities of
ore lying within easy reach of the mine,
stamp the Haycock Iron Location as one
of if not the
RICHEST MINES EVER DISCOVERED.
There seems to be little doubt that the
applications will far exceed the number
of shares available, and we would advise
proposing investors to lose no time in
sending in their applications.
The amount of deposit is only two
dollars per share, and the balance is pay-
able in easy instalments.—Ottawa Free
Press, Oct. 31st.

trance, from which, it would seem, she
awakened en route, and struggling for

opened at the cemetery and the horrible
fact discovered.

Extraordinary Conspiracy Case.

This case is certainly one of the most
remarkable of successful fraud ever in-
vestigated before a Canadian Court. It
was tried at Hamilton a few days ago.
Ballantyne was put into the dock, a true
bill having been found against him, in
connection with one Simpson, on the
charge of conspiring to defraud one Elder
out of \$2,200, in the month of June last.
The particulars, as alleged, are that Elder
immigrated to Canada early last summer,
bringing with him between three and
four thousand dollars. He soon made
the acquaintance of Ballantyne and Simp-
son, who after dining out that the green
and new friend had money, conspired to-
gether to get possession of it, which they
successfully did, after the following fa-
shion. They told Elder that one Gilles-
pie, a journeyman, baker, had sworn out
a warrant against his body, and that he
would be arrested at once if he did not
flee the country. The advice was acted
upon, but before leaving he was induced
to give them an order for the money de-
posited in the bank, with the under-
standing that they would send it to him.
This latter agreement, however, they
failed to carry out, and appropriated the
money to their own use. Subsequently
Elder returned to demand his money,
but no sooner did he arrive than he was
arrested upon the capias referred to and
lodged in goal, where he still remains,
being without friends or money. There
is no doubt that the charge trumped up
against him is without the slightest founda-
tion, but still he is there. The fact
becoming known to some people in the
city the affair was investigated, when
Ballantyne and Simpson were committed
for trial. The evidence given, clearly es-
tablished the guilt of Ballantyne, who
has heretofore been considered a respect-
able man in Hamilton, and the confes-
sion made by Simpson, who turned
Queen's witness, went to show that the
plot had to rob Elder was one of the
most villainous ever concocted. Ballan-
tyne was found guilty—the trial having
lasted over four days, during the whole
of which time the Jury were under the
charge of the Sheriff when not in Court.
Ballantyne was sentenced to seven years
in the Penitentiary.
James Simpson, who was an accom-
plice of Ballantyne in swindling Elder,
pleaded guilty to the charge, and was
sentenced to three years in the Peniten-
tiary.
Signs of Trouble.
A French paper points out that Russia
and Germany will be involved, in the
course of two or three years, in a terrible
struggle. The former country is com-
pleting her armament and railways, and
is getting ready for the fray, which will be
caused by a demand on the part of Germany
for the cession of the German Baltic
Provinces. Herr Von Moltke has his
eyes out making maps of Livonia and
Courland, and his officers are learning
the Russian language.
It is stated on good authority that
France is organizing an army that will
exceed, in numbers, the immense host at
the command of Germany. If the
finances of the country will bear the strain,
before long the extension of the military
force will be completed, for it is asserted
that in the present temper of the people
it would be possible to enroll all the men
in the country, young and middle-aged
for some sort of service. To match this
force, the German Emperor has proposed
a Bill empowering the Commander-in-
chief to place the whole male population
under military law. This will enable
him to add half a million well-drilled
privates to the forces every year.
W. G. & B. Railway.
The following is the notice contained
in the Ontario Gazette.—Notice is here-
by given that application will be made to
the Legislature of the Province of Ont-
ario at the next session thereof for an
act to enable the W. G. & B. Railway
Company to issue bonds for such amount
as may be necessary to pay the debts,
claims and liabilities of the said Company,
and relieve their line of Railway from the
lien of the Contractors, thereon. The
Great Western Railway Company having
refused to work the well known mine
in respect of aiders in terms of the Third
Section of the Act amending the Acts of
the W. G. & B. Railway Company pas-
sed 15th February, 1871, such bonds to
rank for payment of interest and redemp-
tion and in every respect part pass with
those issued under the lease and agree-
ment with the Great Western Railway
Company; or to enable the W. G. & B.
R. Company to borrow and raise on the
security of their Railway or any part of
the same or by the issue of preference
stock or preference bonds or by the issue
of paid up stock or otherwise, or to enable
the said Company to open their line of
Railway, subject to the lien or claim of
the contractors thereon; and to enable
the said Company to construct a line of
Railway from some point on the River
into the Southern Extension of their Rail-
way to secure connection with some other
line or lines of Railway, or to amalgamate
with some other Railway Company, or to
secure to the said Company running or
other powers over the line of the Great
Western Railway Company or any other
Railway Company; and for the issue of
such preference or other bonds as may
be necessary for the equipment and run-
ning of the said Railway, and for such
alterations in the terms of the lease and
agreement with the Great Western Rail-
way Company as may be found necessary;
and for such other amendments as may
be deemed advisable.
There is a strike among the miners in
all the collieries in Picton county, the al-
leged cause being a reduction of twelve
per cent. in wages for the winter.
The Premier arrived in Kingston on
Friday, and in company with Major-
General Selby Smyth, inspected the
fortifications and the dockyard, with a
view to their improvement, preservation,
and adaptation to the use of the Military
College.
An attempt was made in London on
Thursday night to break good by McKay,
Nicholas, and O'Hearn, prisoners await-
ing trial on various charges. Informa-
tion was given to the turnkey by another
prisoner named Deek, who occupied the
same cell. A large hole had been made
in the brick wall when the plot was dis-
covered, and the escape of the prisoners
prevented.
The Presbyterian body in Harris-
burg have taken steps towards the erection
of a new brick church, on the same site as
the old one, and the subscriptions already
taken up for the purpose amount to the
sum of about \$2,000, which is a
good beginning.

SATURDAY EVEG. NOV. 7, 1874.

The Outlook in New York.

Nearly every New York paper is warning working men not to go to that city. Business continues to be very dull, not only in that city, but over all the Union, and there is no prospect this year of any change for the better.

A Pertinent Question.

The Cobourg World thus touches upon the Mail and Herald:

The Guelph Herald, in speaking of the late election in Cornwall says: "As in the previous election, which has recently been exposed in the controverted election court, the whole influence of the Government was directed to elect Mr. Macdonald."

Argenteuil, Mr. Abbott's pocket constituency, has gone Reform by one hundred and seven majority. Mr. Cushing is elected. The ballot worked splendidly.

Tory papers say the Liberal leaders are now busy "elevating the sponge." Just so, and wiping off the Parliamentary slate with it, such names as Peter White John Joseph, C. Abbott, Josiah Burr, Plumb and Dr. George Turner Orton. It's not a healthy sponge for Tories.

The Conservatives of Carleton are arranging matters for the next Local election, and to throw over Mr. McMann altogether.

Concerning the North-west territories it is stated that the Government intends to introduce a comprehensive measure next session for the government thereof. It is not intended to make any further appointments in the North-west Council, of officials at present.

WELLAND.—At the Reform Convention, held at Crowland on Friday, the Hon. Mr. Currie was unanimously chosen as the Reform Candidate at the approaching elections for Ontario. His election by a large majority is considered certain.

EAST NORTHUMBERLAND.—At a large and enthusiastic meeting of the Reformers of the East Riding of the County of Northumberland, held on Friday, the late member, Mr. James L. Biggar, received the unanimous support and nomination of the Convention for the ensuing election for the House of Commons, which will probably soon take place.

It is probable that the Ontario Government may at the coming session introduce a bill for dividing Toronto into three divisions for the local elections, as it is for the Dominion elections. A. M. Smith, a prominent Reformer, who ran for the Mayorship last election, is spoken of as a likely candidate. J. J. Withrow will probably contest East Toronto with M. C. Cameron.

The Minister of Marine has decided to continue the system which has been in operation during the last year, or another year, in maintaining a nautical school at Quebec and will allow Mr. Seaton—who is a very able and competent instructor, and who has been recently instructing pupils at Quebec—the sum of \$1,600 for one year, to enable him to keep efficient Nautical Schools open at Quebec, Halifax, and St. John, for the period of one year from the 1st inst.

Seven or eight families in Seaforth, were poisoned with head-cheese last week.

Facts worth Remembering.

Parties purchasing goods always wish to buy them at the cheapest rate. Now the nearer you can get to the Manufacturer, the cheaper are the goods. Mr. Horsman, the popular Hardware merchant of this town, last summer visited the manufacturing districts of Europe, and purchased very largely from the manufacturers there.

THE FALL OF THE LEAF.

The year is on the wane—is on the wane! The dead leaves whirl in eddies at my feet; Bare branches, spectre-like, stud all the plain...

HELENA GRAHAM,

THE BRIDE'S SACRIFICE.

CHAPTER I.

"The executioner led her to the fatal drop, a great shout arose from the crowd, then all faded away; and looking up, as if from an appalling dream, I saw the interpreter beckoning me from the door."

"Helena! Helena! my dearest love!" he said in alarm. "What is it?" "Nothing—nothing," she answered, in a tremulous voice. "But, O Herbert, do you believe the prediction?"

"Well I should be obliged to do the best I could. What will be will be, you know. But I have no such fear. Nonsense, Helena, a Graham of the Isle trembling thus at imaginary danger."

"Tell me one thing more, Herbert, and I promise—only one," said Helena, laying her hand on his shoulder, and looking up in his face earnestly, while her voice trembled in spite of all her efforts.

On Monday evening, the 2nd inst., a complimentary supper was tendered to N. M. BRITISH QUARTERLY REVIEW.—The *British Quarterly Review* for October offers great attractions to the general reader, several of the articles being of unusual interest. Foremost among them we may mention "The Lesser Light," which is an account of what is known and conjectured concerning our satellite; and "The Mystics of the Fourteenth Century," which, for the most part, men who had felt, more than others, the weariness and sorrow of human life. Motley's writings are so well known and liked, that one turns with pleasant anticipations to anything that comes from his pen. There are many extracts from his "New Historical Works" in the present review. The article on Landseer is not biographical, but is a description and criticism of his style and works. We find two controversial articles on ecclesiastical topics. "The Abolition of Patronage and the Scotch Churches," and "The Established Church and its Defenders." An article, "Our Naval Requirements," is well worth reading. Eighty pages of this Review are devoted to notices of new books, under the heading "Contemporary Literature." Works on all subjects are mentioned, and they are so classified that either student or novel-reader can see at a glance what new treats, the literary world has in store for him. Our readers will do well to provide themselves for the coming year with one or all of the periodicals reprinted by the Leonard Scott Publishing Co. They are as follows: *The London Quarterly*, Edinburgh, Westminster, and *British Quarterly Reviews*, and *Blackwood's Magazine*. Price, \$4 a year for any one, or only \$15 for all.

IT HAS BEEN WELL SAID THAT THERE is great waste of time and energy by those reformers and phisicians, who to bring about better conditions, are always addressing themselves to the head to the neglect of the stomach. It is an elementary law governing the human system, that the Brain and the Stomach are two neighbors who cannot afford to be equally for any length of time, without mental deterioration or destruction; and an improvement in the latter implies improvement in the other. By using Dr. Wm. Rutherford's COMPOUND FLUID OF PHOSPHATE AND CALCEA the Mind and Body will become harmonized by the perfection of Digestion and Assimilation of food, and the formation of Healthy Blood.

BEARINE OR REAL BEAR'S GREASE,

A HAIR BEAUTIFIER, Preserver, and Dressing.

This elegant preparation named from the Canada Bear, from which its most essential element is obtained, is a scientific compound of Real Bear's Grease, and other ingredients, so combined as to retain for a great length of time, its original fragrance and purity. As a dressing for the Hair, nothing can be more beautiful or reasonable. It is elegantly perfumed, and renders the hair soft, pliant and glossy. It serves to give it that peculiar richness and color, which is so essential to a complete toilet. It is the cheapest, most harmless, and best Dressing in the world.
