

"Triads" Are Busy

They Have Defeated Imperial Chinese Troops and Occupied Several Places.

Report That the Russian Troops Will Be Recalled From Manchuria.

Immense Stores of Arms and Ammunition Captured at Mukden.

London, Oct. 9.—The Times publishes a report that Emperor Nicholas has recently decided to recall the Russian troops from Manchuria after Mukden had been occupied.

The Shanghai correspondent of the Times, writing October 7, says: "It is reported that French troops hold Lu Ko Shio, on the Lu Haia railroad. The Russians and Germans hold the Peking forts, and have also taken Tong Shan and the Kai Ping mines, thus monopolizing the coal supply in Northern China.

"It was expected that Count von Walderssee would maintain an even balance between the powers, whereas the actual result of the operations places all the strategic positions in the hands of other nations. A strong feeling prevails that the situation is daily becoming more gloomy."

"Five thousand Triads," says a despatch to the Daily Telegraph from Canton, "have defeated the imperial troops and occupied several places between Mine Bay and Deep Bay. They are moving southward, and the victors to-day despatched Admiral Ho and General Tong to oppose them."

St. Petersburg, Oct. 8.—The Russian general staff has received official despatches confirming the occupation of Mukden. Lieut.-Gen. Sabbotich entered the city on October 1. He advanced from old Nin Chwang on September 24 with 11 battalions of infantry, Cossack cavalry and 40 guns, and after fighting two engagements routed the Chinese army on September 27. Before withdrawing, the Chinese looted and fired the city. The Russians captured many modern guns and immense stocks of war material.

Pekin, Oct. 8.—Gen. Yamaguchi will retain 10,000 Japanese troops—2,000 of them along the line of communications. Eight thousand Germans will winter in Pekin, and 1,500 Russians. The number of British troops who will be retained has not been received. Sir Alfred Gessell will probably keep a brigade. The allies are starting supplies for the month. Count von Walderssee's headquarters will be in the buildings in the imperial pleasure grounds, occupied by the Chinese.

Berlin, Oct. 8.—The somewhat optimistic view of the Chinese situation which prevailed in Germany last week has been unfavorably affected by the report that the Chinese court resolved to settle permanently at Nien Ping, in the province of Shensi. This the Berliner Tageblatt regards as "indubitable evidence that the Chinese court is anti-foreign in its attitude."

"The failure of the court to return to Peking," it says, "makes a farce of the proposed peace conference. It is the Chinese government could annul the whole procedure at any moment by revoking the credentials of Prince Tuan and Li Hsiang Chang."

Without claiming any official authority for its attitude, the Tageblatt continues favorably upon a proposal to declare Emperor Kwang Hsu deposed.

The Berliner Post considers that the latest news shows that the Chinese court neither intends to return to Peking nor to punish the guilty adequately.

The German Zeitung says that the Delcasse note is a "wedge driven into the recently re-established harmony of the powers."

From its Shanghai correspondent the Frankfurter Zeitung has received the following: "The Chinese government, many, which is immensely rich, wishes to transfer its interests to the foreigners, fearing that the property will be seized as indemnity by the powers."

HUMBERT'S MURDER. Trying to Find Out If It Was Planned in the United States.

New York, Oct. 8.—The investigation to determine whether the murder of King Humbert of Italy was planned by anarchists in Paterson, N. J., was resumed to-day in that place by Special Commissioner Tremble and Count Fratt, the Italian vice-consul in New York. The session was behind closed doors. The forenoon was taken up with the information of D. Mazzotta, who it is alleged wrote handbills for the anarchists and acted as secretary for the Paterson group. When he left the court room he refused to talk, having been warned by the officials conducting the inquiry.

AT THE CAPITAL. Sitting of Supreme Court—Mr. Robidoux Made a Judge.

Ottawa, Oct. 8.—The Supreme court to-day dismissed with costs the appeal of the Trust Guarantee Co. vs. City of Rossland. The city borrowed \$10,000 on promissory notes and issued debentures to meet the liability. The money failed to deliver the debentures to the trust company, according to agreement, and the company sued for \$8,000 damages. To-day's judgment confirms that of the court below.

Mr. J. E. Robidoux, late provincial secretary of Quebec, who was disappointed in not being made premier, has been appointed superior court judge. James Clarke, Past Grand Master of the Orange Order in Eastern Ontario, died to-day. He had been an Orange man 57 years.

"SKIN THE GOAT." Re-arrested For Failing to Report on Ticket of Leave.

Liverpool, Oct. 9.—James FitzHarris, the Phoenix Park murderer, known as "Skin the Goat," was re-arrested here last evening for failing to report himself under the terms of his prisoner release license. It is probable that he will be only temporarily detained.

CONVENTION CALLED. President Mitchell Summons the Miners to Meet on Friday.

Shenandoah, Pa., Oct. 8.—President Mitchell this morning issued a call for the convention of mine workers of the three districts comprising the anthracite field, to meet in Scranton on Friday next. The text of the convention call is as follows:

"Temporary Headquarters, United Mine Workers, Hazelton, Pa., Oct. 8. To All Mine Workers and Mine Employes of the Anthracite Region: Brothers,—In view of the fact that the mine owners have posted notices offering an advance on the wages formerly paid and believing it to be our place and duty to consult your wishes as to our future action, we deem it advisable to ask you to select delegates to represent you in convention. You are therefore notified that a convention will be held at Scranton, Penn., beginning Friday, October 12, at 10 a. m. The basis of representation will be one vote for each 100 persons on strike, or if desired, one delegate may represent as many as 500 mine workers, but no delegate will be allowed to cast more than five votes. The delegates should have credentials signed by the chairman and secretary of the meeting at which they are elected, and the credentials should bear the seal of the local union.

(Signed) John Mitchell, President Mine Workers America; T. D. Nicholas, President District No. 1; Thomas Duffy, President District No. 7; John Fahay, President District No. 9. N. B.—Delegates will be notified of the hall in which the convention will be held upon their arrival in Scranton."

Dissolution Of Parliament Order in Council Said to Have Been Passed Yesterday.

Statement That Polling Will Take Place by Middle of November.

Ottawa, Oct. 8.—It is said that at to-day's meeting of the cabinet an order-in-council was passed dissolving parliament, but the official notice is withheld for the present. Up to a late hour to-day no instructions had been given for the issue of an order in the Canada Gazette containing the announcement of dissolution. A prominent Liberal made the statement to-night that the day of polling would be earlier than the 13th November, possibly November 6 or 8. It is not the intention to wait for the return of Lord Minto, St. Petersburg, Oct. 8.—At the provincial meeting of the cabinet held at Quebec to-day a number of meetings.

Montreal, Oct. 8.—G. A. Lebaron has been chosen as Liberal candidate in the riding of St. Lawrence.

THE TERMINAL CITY. Examining the Britannia Mine—Vancouver's Voters Let—Japanese Frauds.

From Our Own Correspondent. Vancouver, Oct. 8.—J. D. Kendall, M. E., formerly located in Vancouver, has returned to British Columbia to make an exhaustive examination of the Britannia copper mine, who recently purchased the property.

It was previously stated, \$10,000 of the purchase price has already been paid down, and if Mr. Kendall's report is as favorable as the promoters of the mine have previously examined the property, the Vancouver-Sydney syndicate will not only continue their payments, but will also purchase a new company, capitalized at \$5,000,000, and set aside sufficient capital to develop the mine on a large scale.

Correspondence has been going on for some time between the Vancouver, Victoria and Westminister lacrosse teams, with the idea of arranging a match between the Vancouver team and a combination team made up of players from the Vancouver and Victoria teams.

The proposition is to play the game in Vancouver for exhibition purposes only, half of the net proceeds to go to the Westminister and half to Vancouver and Victoria teams.

United States to-day, Mr. Walker, collector of voters for Vancouver, had received 4,450 names, and he continued to come up with the list of names. There were over 9,000 names, but it is thought that 3,000 of these were dead, gone away or duplicated, and the remainder are the names of Vancouver.

Capt. Tatlow has received a communication from the Attorney-General's department, stating that in regard to the cancellation of the commissions of the notaries mixed up in the Japanese naturalization frauds, all necessary enquiries were being made regarding the same, and full details were being secured in the premises for the consideration of the department.

In the matter of Ludgate's lease, the information was given that the matter was now receiving the attention of the department, but that the members for Vancouver would be notified before any action was taken.

At a joint meeting of the United Socialist League party and the Canadian Socialist League, the following resolution was passed:

"Resolved, that this convention endorse the action of the cabinet in nominating Conrad W. McClain as a candidate for the Westminister district, and the concerted action to use every means in its power to secure his return to the Dominion house."

STRATHCONA ARRIVES. He Says Pacific Cable Will Be Built Within Two Years.

Montreal, Oct. 8.—Lord Strathcona arrived from Windsor station by McGill this morning and was met by a reception. Lord Strathcona made a speech when he reached his residence, and on being in Canada. He was glad the Strathcona House should be such a good thing in South Africa.

The Pacific cable Lord Strathcona stated, will be built within a couple of years.

Westminister, Oct. 8.—The following officers were elected at the annual meeting of the Royal Agricultural Society, held at the Victoria Hotel, to-day: President, H. J. Turner; vice-presidents, T. G. New Westminister, vice-presidents, T. G. Earle (Lytton), D. S. Ker (Victoria), J. D. Roberts (Vancouver), A. C. Wells (Chilliwack), H. D. Heincken (Victoria); secretary, G. D. Brymer; manager and secretary, W. H. Keay.

Strikers' Convention

Expectation That It Will Result in Accepting Operators' Offer.

General Satisfaction Expressed at Prospects of an Early Settlement.

Programme for the Meeting to Be Mapped Out on Thursday.

Philadelphia, Oct. 8.—President Mitchell issued his call to-day for the talk-of miners' convention to discuss the operators' offer of a 10 per cent. increase in wages.

The convention will be held in Scranton and will open on Friday next. Representation in the convention will be on the basis of one delegate with one vote for each 100 persons on strike.

It is the general expectation that the decision of the convention will be to accept the increase and return to work.

Quietness prevailed throughout the anthracite regions to-day, the call for the convention being generally accepted as a signal for cessation of hostilities all round, and many expressions of satisfaction by miners and operators and by merchants and others in the mining section to-day over the prospect of an settlement of the troubles.

Scranton, Pa., Oct. 8.—Music Hall, a theatre adjoining the district headquarters, has been secured for Friday's convention of the United Mine Workers. The hall is a large one, and is situated at the St. Charles hotel, a block and a half away from the city centre.

It is maintained in this city until the strike is over, as this the meeting here is the matter of early closing of the mines on Wednesday afternoon being demonstrated, the work of arranging the matter of the convention will be attended. BOERS NOW ENGAGE WITH DEWET'S COLUMN

HAVE WEPENER THREE DAYS' FIGHT NEAR VREDERBOUT RESULTS IN BOERS FLIGHT.

London, Oct. 10.—The Times publishes the following despatch from Vrederbout Orange River Colony: "The British Boers had a three days' fight, from October 7, inclusive, with Gen. Dewet's commando, of a thousand men and five guns. It took place in a veritable sea of mountains near here. The Boers were dislodged and dispersed, and they did not make a stand."

British Are Attempting to Surround Them in Orange River Colony.

Capetown, Oct. 8.—The Cape House of Assembly to-day passed a second reading a bill to raise a loan to insure the immediate payment of half the losses sustained by private persons through the war.

The Boers now occupy Wepener, as well as Ronville and Ploekburg, in the Orange River Colony, and the British are attempting to surround them.

London, Oct. 8.—It is reported, according to the Pietermaritzburg correspondent of the Daily Mail, that from 4,000 to 5,000 Boers have retreated from Ploekburg's Ridge and are now gathered with four Long Toms and 22 other guns. The correspondent learns that the Long Tom ammunition is almost exhausted.

Lydenburg, Oct. 8.—Gen. Buller's force has been pursuing the Boers since the Boers were driven from Ploekburg's Ridge, and is now near Ohrigstad, and is still marching northward. The Boers nowhere make a stand.

"PROBLEMS PLAY." Mr. Charles Wyndham Opens His Season With Mrs. Dane's Defence.

London, Oct. 9.—Mr. Charles Wyndham opened his season at Wyndham's Theatre, London, this evening, in a new piece entitled "Mrs. Dane's Defence," by Mr. Henry Arthur Jones. The drama is a "problem play," with a rather obscure solution in which the eternal law that suffering must follow sin works itself out in Mrs. Dane's case, as it has done since the days of Mary Magdalene.

Empress Not Well

Reports That Chinese Dowager Is Lying Ill at Tai Yuan Fu.

German Reinforcements From Tien Tsin Have Now Reached Peking.

Two High Officials Will Be Beheaded and Others Severely Punished.

London, Oct. 10.—The Berlin correspondent of the Standard understands that the Chinese imperial edicts are regarded there with skepticism, and that Count von Walderssee has been instructed to resume operations.

The Times has the following from Tien Tsin, dated October 7: "Three French battalions started yesterday for Pao Ting Fu. The British are waiting for the Germans, but may start without them."

The Standard's Tien Tsin correspondent, writing Sunday, says: "I hear the Chinese are concentrating at Hwang Lu pass, leading into the province of Shan Ti, with the intention of opposing any attempt of the allies to pursue the imperial court."

Shanghai, Oct. 8.—The Chinese assert that the governor of Shan Tung and the Yang Tse viceroy sent a joint memorial to the Emperor declaring it to be impossible to guarantee the despatch of money and provisions to Si Ngan Fu, and threatening to resign unless the court returns to Peking. It is believed that Emperor Kwang Hui is anxious to return and that the Empress Dowager favored an expedition to Peking.

British Elections

Chamberlain Ridicules Attempt to Hold Him Up as a Bogey.

Says Great Britain's Foreign Policy Is in Lord Salisbury's Hand.

Standing of Parties Not Affected by the Few Returns Yesterday.

London, Oct. 10.—(3 a.m.)—From returns received at midnight it appears that the government gained 2 seats in yesterday's pollings in the parliamentary general elections. They are the Middle-ton division of Southeast Lancashire, where E. D. Fielden defeated Mr. J. Duckworth, Liberal, who represented the constituency in the late parliament; and Monmouth, where Dr. Rutherford Harrie, who now enters parliament for the first time, defeated 4,412 votes, as against 3,720 cast for his Liberal opponent, Mr. Spicer, who represents Monmouth.

Among the other noteworthy elections was that of Mr. William St. John Brodick, under secretary of state for foreign affairs, in the Gullatford division of Surrey, with a majority of 2,207 over his Liberal opponent, Mr. Chapman, and that of Mr. John Ellis, Liberal, in the Ruchell division of Nottinghamshire. Mr. Ellis has represented Ruchell since 1885. The Ministerialists in fighting him made effective use of his pro-Boer letters published by Mr. Chamberlain, and the majority he secured at the general election of 1895 was reduced by 187 votes. The Liberals are holding their own in Yorkshire, and in some districts their candidates have doubled the majorities of the previous general election.

Five hundred and twenty-two new members have been officially declared elected, of whom 337 are Ministerialists and 185 belong to the opposition. The Ministerialists have gained 52 seats more than their opponents.

Considerable adverse comment, Conservative as well as Liberal, has been caused by the declaration attributed to Mr. Chamberlain in a recent speech: "I feel that the government will be sold to the Boers." Mr. Chamberlain writes to the Daily Mail this morning, repudiating the statement, and explaining that the words were a quotation from the Mayor of Mafeking: "A seat lost to the government is a seat gained by the Boers."

The Daily Mail, commenting upon Chamberlain's communication, still insists that the government will be sold to the Boers, and that "quite a large number of Liberals have consistently supported the government's policy in the Boer war."

The Deadly Mosquito Bite

Apparently He Causes Malaria Sickness by Poisoning His Victims.

Experimenters Keep Healthy in Campagna When It Cannot Attack Them.

In the British Medical Journal of May 12th, 1900, page 1187, it was announced that an experiment was to be made under the auspices of the Colonial office to test the truth of the mosquito theory of malaria by a practical application of it under conditions such as dwellers in malarious regions have actually to face. Dr. Luigi Sambon and Dr. G. C. Low, both connected with the London School of Tropical Medicine, volunteered to live in the shadow of the mosquito in the malarious region of the island of Java.

The testimony of Professor Grassi disposed in the most satisfactory manner of the sinister rumour to which allusion was made. The wisdom of our forefathers has warned us not to halloo before we are out of the wood, and the same maxim of proverbial philosophy may be taken as applying with special force to a malarious swamp. The experiment has still some six weeks to run before the object is regarded as fully completed.

Paine's Celery Compound

The Only True Nerve-Medicine and Nerve Food.

IT BUILDS UP AND KEEPS IN PERFECT CONDITION THE GREAT NERVOUS SYSTEM.

When the marvellous complexity, delicacy and power of the mysterious nerve system is fully realized, we are not surprised at the astounding assertion of Dr. Lanning, Professor of Clinical Medicine in Hahnemann Medical College, Chicago, that "all diseases are due to lesions of the nervous system," or, in other words, disease results from an weakened or disturbed nervous system.

It was the life work of the great physician Dr. Phelps to give suffering men and women a medicine that would act directly on the nervous system. Dr. Phelps succeeded nobly and well. He placed Paine's Celery Compound before some of the ablest physicians that ever assembled in Dartmouth Medical College. It met with their full approval, and they at once prescribed it in their practice, and found it a life-saver when other means failed.

spots. They lived practically amongst marshes and other places hitherto supposed to be most deadly. They have not kept the fever off by the use of quinine, but they attribute their immunity to the careful use of the mosquito nets at night.

Craigflower Once Again

Famous Road Dispute Subject to Lively Debate at Meeting of Council.

Re-Opening By-Law Passes its Second Reading—Railway Connection.

As predicted in the Colonist, yesterday evening's regular meeting of the city council proved an exceedingly lively and interesting one. The Craigflower road dispute was anticipated, 'bopped up severely from below,' and Beckwith re-introducing the re-opening by-law, which has received its first reading in July last. After a lengthy debate, with a number of lively and sometimes humorous incidents, the by-law passed its second reading, on the understanding that it is again considered in committee at the next regular meeting, a clause providing adequate compensation to the property owners interested, will be inserted. Aid. Kinman made a vigorous protest against the by-law being given a second time, claiming that it was being sprung the matter upon the board without notice. He wished for an opportunity to present some amendments which would meet the wishes of the property owners.

A communication from Mr. T. C. Sorby, asking the board to reconsider its action in the matter of his claim for \$300 for certain plans furnished in 1896, was laid upon the table.

A report from the railway committee recommending that the city clerk be instructed to correspond with the heads of the large railway corporations, with the view of obtaining railway connection with the mainland, was the subject of a very brief debate. It was finally referred back to the railway committee.

There were present, His Worship Mayor Hayward in the chair, and a full board. Quite a number of residents of Victoria were in attendance in expectation of hearing something said in regard to the celebrated Craigflower road dispute.

The first communication was from the commander-in-chief and officers of the Pacific squadron extending an invitation to a ball to be given on the 19th inst. at the Assembly Hall. Invitation accepted with thanks.

H. McInnes-Lamb wrote saying the B. C. Mining Record was about to publish a Christmas number which would contain most interesting matter and many illustrations, and asking the board to be referred to finance committee for report.

F. Whitworth, secretary of the Provincial Hospital Building Committee, reported that the directors of the hospital had been negotiating for the purchase of a complete disinfector plant, and expressed the opinion that the city was taking a very wise course in not having facilities for disinfecting in the event of an outbreak of infectious disease.

Ald. Yates thought the matter a most important one, and moved that the letter be referred to a special committee for report. Ald. Cameron thought it important to the desirability of having a plant of the kind described, but there were no funds available.

Ald. Yates' motion carried. Ald. Cameron complained that in pulling down certain buildings on Broad street, which had been condemned by the city, had been done to a building adjoining, occupied by Mr. B. S. Day.

Ald. Stewart was of the opinion that the owners of the condemned buildings were responsible for any damage which might result from the destruction of the buildings. Ald. Beckwith thought it important to find out if the city was responsible in such matters, and moved that it be referred to the city solicitor for report.

A. L. Belys, Q.C., on behalf of his client, J. F. Adams, asked that a sheet of plate glass, broken by city workmen, be replaced. Referred to city engineer for report.

Laura S. J. Campbell drew attention to the necessity of a light on the corner of Carr street and Avonlea road. Referred to electric light committee for report.

Thos. C. Sorby wrote as follows: Sir, The report of the special committee with reference to my claim re James Bay bridge does not make it quite clear why the report of the committee is so important to the original award was never laid before the council of 1896.

From reports published in the Colonist and Times, of the meeting of council held on the 22nd Oct., 1894, Mr. Mayor Taylor, in reply to an enquiry made by Ald. Munro, explained that the only hitch was that the finance committee could not say where the money was to be taken from. The money appropriated under this head had been used for some other purpose. It was only right that the successful bidder should be paid their money—they could not be held responsible for a mistake of the council.

To the successful bidder, the money was paid, and the money they could not be held responsible for a mistake of the council. To the successful bidder, the money was paid, and the money they could not be held responsible for a mistake of the council.

Ald. Beckwith moved that the letter be received and laid upon the table. The matter might be reconsidered and looked into a little more fully.

Ald. Stewart did not think there was much use in waiting any longer on the matter. He had not any knowledge now of the matter, and he had no doubt that Mr. Sorby's claim was a just one.

Ald. Kinman moved that the letter be received and filed. Enough time had been wasted over the matter already.

Ald. Cooley thought it most peculiar that neither the first nor second prizes had been given. Mr. Sorby had complied with the conditions of the contest at the time it was, he thought, entitled to the money.

It having been suggested that the matter should again be considered, His Worship promised to consider whether he would not recommend that the question of Mr. Sorby's claim be referred to the Finance Committee.

What Heavy Marching Means

Captain Mason's Diary Tells of the Hardships of Soldiers Life.

Day After Day Canadians Pushed Along With Very Little Rest.

From Mail and Empire. Lieut.-Col. Mason has received a letter from his son, Capt. Mason, of 8 company, R.C.I.F., following Kruger's army, Aug. 22nd, 1899. The diary of the episode were suppressed by the Pretoria censor; but all knew that his inability to march was due to a severe attack of malaria, which had a capital effect in keeping up the spirits of the men in the long and fatiguing journey. Everyone knows that Capt. Mason was shot through both lungs at Paardeberg, and was then taken back to Capetown, but refused to be invalided home, and insisted on rejoining his regiment at great personal risk. His legion of friends, well therefore, hear with interest the diary of his march, which is a most interesting and valuable record of the hardships of soldier life. The diary, some extracts from which are given below, records some of the most interesting incidents of the campaign, and anything in the diary.

Exhibition Next Year

Meeting of Citizens Evidently Suggestion to Revive Agricultural Shows.

Strong Committee Appointed to Arrange the Preliminary Details.

There was a good attendance at City hall yesterday evening, at the meeting called by the Mayor in response to a petition for the purpose of discussing the advisability of holding an agricultural exhibition in Victoria next year. It was present were unanimously of the opinion that it was desirable that an exhibition should be held, providing the transportation problem could be satisfactorily solved; and a strong committee was appointed to arrange the preliminary details.

His Worship Mayor Hayward occupied the chair, and Mr. E. E. Wootton as secretary. His Worship explained the objects of the meeting, were desirous of seeing an exhibition held, providing it might be a success. Mr. G. H. Brown seconded the motion, and there seemed no doubt that the matter would be referred to a committee for report.

The meeting got down to business at 8 o'clock, and the following resolutions were adopted: That it is desirable that an agricultural, industrial and mineral exhibition be held during the year 1901, and that a committee be appointed to arrange the preliminary details.

The mover had no doubt that the matter was able to hold a very successful exhibition. He had seen the exhibition in the past, and could do so in the future. The farmers would be in their power to aid the affair, and he was sure that the exhibition would be a success.
