## SYNOGRAPHS.

The only club the Japs in Vancouver have any connection with is the police baton.

Six inches of snow fell in Lethbridge this week, but it was too mellow to be graded No. 1 hard.

The airship trials in the British Army were a success, all the government was asked to do was to raise the wind.

Instead of holding up a hack driver Niagara burglars raided a bank, but only succeeded in securing some loose change, as money is very tight in the financial institutions at present.

A party of British Journalists have been invited to visit the Cobalt mining camp. They have been advised to leave their luggage "brawses" at the King Edward as the only "tub" in Cobalt is owned by a Chinaman.

THOSE beaver coats with bonnets to match for the little folks.—SWIFT BROS.

A KANSAS man is convinced that advertising pays. He advertised for a lost five dollar bill and a stranger, who had picked up one on the streets read the advertisement and restored the bill to the advertiser. A few days later while looking over a vest he had laid off, the original lost bill was found in a pocket. He says advertising pays 100 per cent.

THE Board of License Commissioners for East Lambton met at the Roche House, Wednesday afternoon, to consider the transfer of the license of the Columbia Hotel, Alvinston, and the Gattis House, Theford. Transfers were granted conditional on certain financial matters being satisfactorily adjusted. Mr. A. Gilroy, of Alvinston, took his seat on the Board, succeeding Mr. L. I. Hunt.

THE Department of Education is calling for tenders for the supply of flags for the rural schools of Ontario. The ensigns are to be the Union Jacks, and the coat-of-arms of the Dominion of Canada. For the purchase of ensigns of this type the Legislature voted an appropriation of \$5,000 as a beginning. Each rural school will receive a flag, which must be displayed in the class rooms at the direction of the trustees. The ensigns are to be flown on high days and holidays from the flag staffs. No provision has been made for presenting them to the urban schools. That step may be taken later.

THE County Judge will hold a court on the Watford Voter's lists on Saturday the 14th at 10 a. m.

THE Rev. Mr. May occupied the pulpit of the Presbyterian church on Sunday last the pastor being in St. Marys.

AFTER a lingering illness, extending over three years, Mr. James Albert Jamieson passed away at the family residence, Simcoe st., Thursday forenoon, in his thirty-seventh year. Funeral Saturday, to the family burying ground Nairn. See cards for announcement. Obituary notice next week.

THE Detroit papers considered 50,000 a large attendance at the State Fair on Labor Day. What do they think of upwards of 125,000 at the Canadian National Exhibition in Toronto on the same day? Every Canadian is proud of the Toronto Fair, as it is familiarly called, and the one just closed, in particular. It was a record breaker, and, for an annual affair, is a world beater.

THE kickers on the farm are not so hard to get along with as the kicker in town. On the farm there is the kicking cow and our long eared friend the mule, while in town there is the man who wants all the municipal improvements without paying for them. The cow may be sold for beef, the mule traded for a shotgun but nothing but a funeral will get rid of the town kicker.

FOR Quality and Quantity ask your dealer for the new big plugs of "Bobs," "Stag" and "Currency" Chewing Tobaccos.

Do you ever have any trouble with your canned fruits? spoiling especially canned tomatoes? mean the good home made kind, put up in glass jars. Just try this: When you put them away wrap each jar in dark blue paper (you can get it from the drug store); they use it for Seidlitz powders). Then put the jars away in a dark place. This is a good thing to remember and put in practice when you want to keep anything from the action of the light.

At the last regular meeting of the Petrolia council, Mr. Strrett gave notice that at the next meeting of council he would move that the council recommend the license commissioners to reduce the number of hotel licenses from five as at present to four. He also gave notice that he would move at the next meeting of council that this council memorialize the county council to the effect that some provision be made for the care of consumptives within this county.

You will regret it if you miss the Athletic Club Concert in the Music Hall Thursday, Sept. 19th. First class talent Admission 25c. and 50c. Reserved seats at drug stores.

MR. R. L. BORDEN, leader of the Conservative party in Canada, will speak on the public questions of the day in the Princess rink, London, on Friday evening of this week, at 8 o'clock. Hon. Adam Beck, M. P. P.; Mr. Rufus Pope, ex-M. P., and prominent Western Ontario members will deliver addresses. Special cheap return railway tickets on all lines.

A RESURRECTED bunch of local ball players, reinforced by the Waddell brothers, the Forest battery, played a game with the Stratroy team at the Park on Thursday afternoon of last week. The first five innings was fair ball, but after that the visitors went to sleep. The final score was 9-1 in favor of the homers. The weather was cool, but some of the old fans were hot at parting with their two shillings.

SPECIAL range all wool cashmere hose, ribbed and plain, 4 pairs for a dollar.—SWIFT BROS.

SPEAKING at the convention of the Ontario Postmasters' association, recently held in Toronto, Chief Superintendent George Ross, of the Canadian picture department, said that 30,000 picture postcards were sent to the dead letter office in the Dominion every week from the border towns. The cards, he said, were for the most part sent by Americans who were in the habit of crossing the border to mail them to their friends in Canada and insist in sticking United States stamps on them.

DETROIT'S population is 449,318, according to R. L. Polk & Co.'s directory. The directory for 1907 has just been issued and is the seventy-first edition of that edition. The method of estimating population has been in use for many years and has been found to tally closely with the federal and state statistics in census years. It consists in multiplying the number of names in the directory by two and one-half. In the present volume there are 179,655 names of persons who lived in the city at the time the canvassers took the information.

THE Watford Orchestra had a rather unpleasant experience returning from the garden party at Salem on Thursday evening of last week. The night was pitch dark and a curve in the road on 24 side road was not noticed and the bus turned turtle. Musicians, instruments, etc., were tumbled into a miscellaneous medley, but, fortunately no one was seriously injured. Col. Kenward, who was at the helm was shot into space and had to go into the dry dock next day for repairs. Tommy Swift received a nasty scalp wound, but nothing serious, and the ladies escaped with a few scratches and bruises. The bus looked like the wreck of the Schooner Hesperus. A wrecking party came to the rescue and the party reached home with their instrumental outfit looking like scrambled eggs.

Princo Edward county casing factories have been submitted to a rigid inspection,

## McINTYRE-DUNLOP.

A pretty house wedding took place on Thursday, Sept. 5th, 1907, at the residence of Mr. and Mrs. A. Dunlop, Front St. W., when their second daughter, Alvanetta May, was united in marriage to Mr. Archibald McIntyre. The handsome and spacious rooms were beautifully decorated with an abundance of flowers. The ceremony was performed by the Rev. S. W. Mackworth, pastor of the Methodist church. While the wedding march was being played by Miss Ella McLeay, the bride entered on the arm of her father. She was gowned in ivory oriental lace robe over white mousseline-de-scine, the bridal veil being caught up by a wreath of lilies of the valley and carried a showery bouquet of bridal roses and lilies of the valley. The bridesmaid was Miss Florence McCulloch, of London, gowned in white silk with chiffon and lace trimmings and carried a bouquet of pink roses and carnations. The groom was assisted by Mr. Duncan D. Livingston, of Alvinston. A beautiful array of handsome and costly presents testified to the popularity of the young couple. The groom's gift to the bride was a gold bracelet set with diamonds, to the groomsmen gold cuff links, and to the bridesmaid, pianist, and waitresses, gold stick pins with pearls. After the wedding dinner the happy couple left amid showers of rice and flowers on the 3 p.m. express for Toronto, Niagara, and other eastern points.

## BOWLING.

Two links of Watford Bowlers went to Wyoming Tuesday. The game was played in a drizzling rain, and under the shade of umbrellas, the home players sustained their reputation as good entertainers as well as good bowlers.

## Stole Bicycles.

Mar Jong is an up-to-date Sarnia Chinaman, who sports ready made clothes and a sixty-dollar bicycle, which is the pride of his heart. Three or four weeks ago the bicycle disappeared during the evening from in front of his laundry and no trace of it could be found. A few days ago in Point Edward Mar Jong saw a man riding a bicycle that looked familiar, and he informed the police. The bicycle was painted red, and had different handle bars, pedals, tires, saddle, etc., from the one described to the police, and the number had been removed. The Chinaman was positive that the frame at least was his, and with this clue to work on, the police have succeeded in rounding up three young men and have found the explanation of several bicycle thefts.

The young men are Wm. Metcalfe, of Water street, Sarnia; Earl Williamson, of Point Edward, and George McDonald, of Point Edward.

There are three charges against McDonald; receiving stolen property, bringing stolen goods into Canada, and stealing a wheel belonging to Frank Fessant from in front of the Chapman House.

The wheel brought in from Port Huron is now at the police room awaiting an owner. The young men are said to have secured it on Butler street in Pt. Huron.

Williamson and Metcalfe are charged with stealing Mar Jong's bicycle, and Metcalfe is also accused of bringing stolen goods into Canada.

All pleaded guilty to all the charges in the police court room on Monday and were remanded for sentence.—Canadian.

## The Late James P. Cameron.

The Petrolia Topic has the following reference to the death of a resident of that town who was well known to many of our readers:

On Saturday Petrolia citizens were called upon to mourn the death of one of its lite long citizens in the person of Mr. James P. Cameron, familiarly known among his more intimate friends as "Jimmie" Cameron. The town embraced few residents better known or more generally liked.

Mr. Cameron, although up and around until within a month or six weeks, had

not enjoyed good health for a number of years.

The deceased was born in Middlesex county near the city of London, on April 10th, 1856, and was therefore in his fifty second year at the time of his death. When but a boy, he along with the rest of the family moved to Oil Springs, and after remaining there a few years came to this town where he has since resided. In 1884 he married Miss Katie O'Leary who survives him. Besides his wife and two brothers, Daniel and Hugh in Australia, he leaves to mourn his loss five children at home,—four daughters, Irene, Marguerite, Jeanie and Geraldine and a son Freddie.

The deceased gentleman was a charter member of Petrolia Tent, No. 17, K. O. T. M.

The funeral service was held at St. Phillip's church, Petrolia, at 9:30 a.m. on Monday, September 9th, after which the remains were conveyed to Wyoming and interred in Mount Calvary cemetery.

Innumerable wreaths and floral offerings from various organizations, as well as private citizens, testified to the high esteem in which deceased was held.

The body was laid in its last resting place by Messrs. E. Pollard, E. Preston, C. McGowan, A. Kavanagh, John Farrell, and Wm. Dunlop as pall bearers.

The out-of-town relatives who attended the funeral were, Mr. and Mrs. D. O'Leary and son Freddie of Port Huron, Mr. and Mrs. Chas. Rutter and Mrs. Aggie O'Leary, of Guelph, and Mr. R. Roche of Winnipeg. Mr. and Mrs. Ed. win Hunt, of St. Louis, Mo., who were visiting in this vicinity were also in attendance.

## Brakeman Eart, of Sarnia Tunnel, Instantly Killed at Wyoming.

His foot slipped just as he attempted to spring from the journal to the step so as to facilitate the making of a coupling, and as a consequence W. Hart, a Grand Trunk freight brakeman, who runs out of Sarnia Tunnel, was instantly killed at Wyoming Wednesday morning about half past eight o'clock.

Hart was one of the crew bringing the London way freight, in charge of Conductor McQuade, along the line to London. They arrived in Wyoming about 8.15 and proceeded to do the switching connected with the work which they had to do at that station. Hart was making some sort of a running coupling, and as he caught the hand hold he swung onto the journal to swing from there to the step higher up, as is the custom of experienced and expert trainmen.

However, just as he steadied himself to lean over his foot slipped and the wheel drew him under the car. No one saw the accident, and two cars passed over him killing him instantly, although he was not mangled. His fellow workmen notified him as the second and last car of the string passed over him. His bones seemed to be broken, which leads to the theory that he must have been rolled underneath the brake beams and axles.

The officials were at once communicated with and the body taken to an undertaking establishment, where it was viewed by Coroner Chappelle, of Wyoming, who has not as yet decided to hold an inquest.

Hart is survived by a wife and one infant child. Mrs. Hart was at once apprised of the death of her husband and came to Wyoming from Sarnia on the first train. Mr. Hart had been in the employ of the Grand Trunk for six months.

## Man Fined \$37.50 for Selling a Railway Ticket.

Winnipeg, Sept. 10.—Lindsay P. Lawrence, was brought up before Magistrate McMicken and fined \$37.50, including costs, for bartering a C.P.R. ticket.

## Mistook Son for Wildcat.

Vonda, Sask., Sept. 10.—F. Bodnar, shot and killed his three-year-old boy last night. The child was asleep in the grain, and both Bodnar and the hired girl mistook him for a wild cat.

## CHOP STUFF.

Dr. Jas. A. McLeish, of Parkhill, Ont., has been appointed Government Meat Inspector in the factory of the Wm. Ryan Packing Company, Fergus, Ont.

The four year old son of John Howey, of Briden, died on the 25th ult., from the result of a fall, received two weeks previously.

Luther Harris has sold his 100 acre farm in Adelaide to Jos. Uren for the sum of \$5900. He intends leaving shortly for the Northwest.

Mr. W. D. Sutton, ex-reeve and for many years a most successful business man of Oil Springs, has moved with his family to Hamilton.

Some ill clad person entered the Gloucester Presbyterian church about four weeks ago and, breaking into a locked cupboard where the ladies of the church had placed some clothes they had procured for the Northwest box, attired himself in a complete new outfit and escaped, leaving in exchange his old clothes.

We learn that it was found necessary to amputate the great toe of Mr. E. Pearce the G. T. R. crossing watchman, Wyoming who has been confined to the Sarnia hospital for the past month. He is improving as well as can be expected and expects to be able to resume his duties in the course of a fortnight.

**Canadian Apples in Britain.**

Mr. J. H. Jackson, Canadian commercial agent for the Leeds and Hull district of England in his latest report treats of the fruit trade prospects and pronounces them to be excellent. The northwest of England he regards as a very promising market, and the local fruit dealers are just as anxious to become connected with reputable importing firms. Canadian apples, Mr. Jackson declares have attained such fame in the British market, that a shipper has only to make regular shipments and maintain a uniform, standard of quality to ensure, not only years, but many years' trade.

How good a field this district offers is evident from the information supplied by the commercial agent regarding the City of Hull. Its weekly market is attended by buyers from all parts of the northeast of England, and over 150,000 barrels of imported apples were sold in Hull last year. Some of the larger fruit importers regularly dispose of between 5,000 and 10,000 barrels per week. Direct steamer service is now available from Montreal to Hull, and as Australia also has direct connection, Mr. Jackson says Canadian shippers will have to look to their laurels to maintain the lead.—World.

**A Great Disaster.**

The collapse of part of the massive steel bridge being built over the St. Lawrence river at Quebec, on the 29th of August, is a great national calamity. It has been in course of construction for the past seven years and would have been one of the greatest bridges in the world when complete. It was 23 minutes to six o'clock p. m. when the bridge fell just as many of the workmen were preparing to leave. No cause, as yet, has been assigned. The Government will make a thorough investigation and discover if possible wherein the defect lay. The property loss of about \$2,000,000 is nothing in comparison with the loss of between 70 and 80 human lives. The work will of course go on although it will take between one and two years to rebuild the portion that fell. Our King, and the Viceroy of India, have cabled their sincerest sympathy to relatives and friends of all who have lost their lives in the sad calamity.

The disaster recalls an even more terrible one—the Tay Bridge Scotland. It was on Sunday evening, Dec. 28th, 1879, when a North British mail train was passing over it, it fell. About 90 persons perished. The whole train plunged into the Tye. Investigation resulted in a verdict that "the bridge was badly designed, badly constructed, and badly maintained".

**You Prevent Hay Fever, or Cure It**

in a prompt, pleasant and effective way, by inhaling the germ-killing throat and lung healing Catarrhzone. Delightful to use, simple in its operation, free from stomach nauseating and destroying substances. It is a marvel of scientific efficacy. Catarrhzone kills the germs that excite the disease, heals the inflamed surfaces and prevents absolutely a recurrence of the malady. Catarrhzone cannot fail to cure Hay Fever because it destroys its cause. Druggists, 25c, \$1.00, or mailed to your address if price is forwarded to Polson & Co., Kingston, Ont.

**Ontario Wheat.**

The average Ontario farmer does not worry very much over the problems of good chemistry or such details as the requisite amount of hydrocarbons or proteid in bread. But he is vitally interested in those problems that affect the market for his products and the cost of living.

There seems to be little relation between the loaf on the table and the markets of the Province. There is a close relation, however—because of the fact that individuals all over Ontario insist on buying Western flour thinking it the best because it has been so extensively advertised. This taken in the aggregate, has caused the decline in the demand for Ontario wheat and the building up of the West at the expense of Ontario farmers and millers.

That the market has been largely lost and that feed is dear cannot be disputed, but what is vastly more important to the farming community of Ontario is the signal success of Ontario millers in driving out Western competition in the Maritime markets. People in Ontario eat bread made from Western flour. People in the Maritime Provinces prefer what is known as Ontario blended flour, and the effect of this demand is already felt by those millers who make a specialty of the new flour.

The exploitation and discovery of the fact that just enough Western flour needs to be added to the richly flavored, but weaker flour of Ontario, to make the best and most nourishing bread in the world, spells opportunity for Ontario farmers. They cannot afford to neglect this latest move to regain the home market, and the sooner they realize that it is financial folly to encourage Western industry at the expense of their own bank accounts, and insist on buying only flour milled in Ontario, the sooner will such a demand be created for Ontario blended flours, that millions of money will remain in Ontario, to benefit the wheat growers and stockmen of this province.

**The Passing of Summer.**

Summer is on the wane. Of this unwelcome fact one is reminded by the chill in the early morning air, by the tempered though still genial warmth of the midday sunshine, by the swiftly shortening afternoons, by the sere leaves on the pavements, and perhaps most forcibly of all by the stream of cabs hurrying passengers with much luggage away from the railway stations. All these things tell one, even should the calendar be neglected, that summer is fading into autumn, and that the season of growth is giving place to the season of maturity. Perhaps of all the year this period of transition is the most beautiful and enjoyable. It is still warm enough to make outdoor life enjoyable, and there is a tonic in the

crisp air, mellowed by the golden sunshine. At every hand in the country are evidences of plenty. The hay has been made, the grain is now harvested, and the rustling corn is ripening in the fields. Autumn is coming apace, but as yet there has been no frost to wither the flowers or change the color of the foliage, and, owing to frequent rainfalls and a cool summer the grass and leaves are almost as fresh and green as in early spring.—Montreal Star.

**Diet Not the Whole Thing.**

Your table is loaded with food—digestible and wholesome, yet you never gain strength. What's the trouble? Look within, and what do you find? A lazy liver, stomach overloaded with work—less work because the bowels and liver are not sufficiently active. Relief is quickly supplied by Dr. Hamilton's Pills. They make weak folks strong by removing the cause of the weakness. Digestion improves, constipation leaves, liver takes new life, kidneys wake up,—the whole system is enlivened by Dr. Hamilton's Pills. No medicine better for sick or well, 25c at all dealers.

**Will Raise Prices.**

In view of the probable shortage in the honey production this year the Honey Crop Committee of the Ontario Beekeeper's Association decided upon an increase in prices. Comb honey will be very scarce, it is said, the first grade bringing \$2.50 to \$2.75 and the second grade \$1.75 to \$2.25. Reports indicated that fully fifty per cent of the bees throughout the county perished during last winter. In some places the honey flow has been poor making the crop practically nothing. On the whole, it will be considerably less than last season.

**Stop Limping Cure the Corn.**

Quickly done by Putnam's Painless Corn Extractor. Acts in one day, causes no pain, removes every trace of soreness. Fifty years of success proves Putnam's is the best. Refuse substitutes.

**Sir Frederick's Prescription.**

The King of England's famous surgeon, Sir Frederick Treves, has this to say to the rising generation. It comes from one who knows: "Boys, don't bother about genius, and don't worry about being clever. Trust rather to hard work, perseverance and determination. The best motto for a long march is: 'Don't grumble. Plug on.' You hold your future in your own hands. Never waver in this belief. Don't swagger. The boy who swaggers, like the man who swaggers, has little else than he can do. He is a cheap jack crying his own paltry wares. It is the empty tin that rattles most. Be honest, be loyal, be kind. Remember that the hardest thing to acquire is the faculty of being unselfish. As a quality it is one of the finest attributes of manliness. Love the sea, the ringing beach, and the open down. Keep clean body and mind."

**A Cure for Costiveness.**—Costiveness comes from the refusal of the excretory organs to perform their duties regularly from contributing causes usually disordered digestion. Farnelle's Vegetable Pills, prepared on scientific principles, are so compounded that certain ingredients in them pass through the stomach and act upon the bowels so as to remove their torpor and arouse them to proper action. Many thousands are prepared to bear testimony to their power in this respect.

**Barn Burnt.**

Strathroy, Sept. 5.—About 9 o'clock last night fire destroyed the barns and sheds with the season's crops, belonging to John McLeod, con. 18, West Williams, about one and a half miles west of Parkhill.

How the fire started is a complete mystery. Mr. McLeod was in Parkhill at the time. One theory advanced is it started from a spark from the engine, as they had been cutting feed most of the day and that the fire smouldered along until fanned by the breeze in the evening. Mr. McLeod's loss will be up in the thousands.

Brandon's Big Crop.

Brandon, Man., Sept. 3.—Two days of beautiful harvest weather has brought the South Brandon district were cutting their wheat today. In North Brandon the crop is heavier and a few days later, but if the hot weather continues the cutting will be general here, too, by Wednesday or Thursday. The farmers in North Brandon claim they have one of the biggest crops ever reaped in this district and claim the yield will be from thirty to thirty-five bushels to the acre.

Are You a Woman

Needing Strength

Not long ago you were able to enjoy life. You had vigor, strength, ambition—did everything with zest and pleasure. Upon your cheeks was the hue of health, in your eyes the sparkle of vim and animation. Today all is a drudge. Not actually sick, but if your work were less imperative, how gladly you would rest. You are breaking down. Nervous system is out of gear. Digestive powers are weak. Blood lacks nourishment. Just one thing to do—Build up—Win back your health with Ferruzone. No remedy restores so fast, builds up so permanently, instills such vigor or surplus strength like Ferruzone. A case showing how Ferruzone acts is illustrated by the following from Mrs. H. Wright of Enfield, N. S. Six months ago I experienced a serious illness. It commenced with splitting headaches, dull pains through the chest and shoulders, I found it hard to get satisfying sleep—would roll and toss and in the morning felt tired all over. Then I grew nervous, lost flesh, got pale and had heavy dark circles under my eyes. My strength got so low I couldn't do housework. I was worried and unable to eat and feared I would not get well. Ferruzone braced me up in a few weeks. It seemed to supply wonderful strength. I gained in flesh, looked better and was able to sleep. In all I took twelve boxes of Ferruzone and my cure was complete. If Ferruzone doesn't help and cure you—then nothing ever will; your druggist sells it in 50c boxes—Better try Ferruzone.

Terrible Accident at Quebec.

Quebec, Aug. 30.—The toll of death caused by the collapse last night of the great cantilever bridge which spans the St. Lawrence river at Levis, two miles above the city of Quebec, numbers at least 75 and may reach 80. Up to an early hour today less than 20 bodies had been recovered. The terrific drop of the great structure from 180 feet above the surface of the river crushed the bodies of many of the workmen in a frightful manner and it is feared many of them never will be found. Many of the dead were Americans brought here by the Phoenix Bridge Co., of Phoenixville, Pa., which had the contract for the iron work on the bridge.

PLAIN TALK FROM THE DOCTOR

A prominent physician, famous for his success in the treatment of kidney and bladder troubles, stated that to the following prescription is due a great deal of his success: One ounce fluid extract dandelion; One ounce compound salatan; Four ounces compound syrup sarsaparilla. Mix and take a teaspoonful after meals and at bedtime, drinking plenty of water. This mixture will, he says, positively cure any diseases arising from weak, clogged or inactive kidneys, and will assist these organs to cleanse the blood of the poisonous waste matter and acids, which if allowed to remain, cause lumbago, lame back, rheumatism and sciatica, and at the same time will restore the kidneys to healthy normal action. The ingredients, which are purely vegetable and entirely harmless, can be procured from any good druggist and mixed at home at very little cost. This advice will undoubtedly be much appreciated by many readers.

The Hon. W. J. Hanna Settles the Question Raised.

The Free Press reporter interviewed the member for West Lambton in reference to the question of whether there was any truth in the report he was to become Attorney General and be a candidate in Toronto instead of this constituency, with the following result:—The provincial secretary was asked if there was any truth in the report to the effect that he might tackle the office of attorney general, and also that he might change his place of residence from Sarnia to Toronto and run for one of the Toronto divisions. Mr. Hanna laughed. "That is one of the hot weather stories that people get up when they haven't anything else to do," he said. "There is absolutely nothing in it. I have no thought of moving to Toronto. West Lambton is my home. West Lambton is where all my interests are. West Lambton is where I intend to stay."

"Then it is your intention to run for West Lambton in the next campaign?" "That is not a matter for me to decide. That is for a convention. But Lambton is my county. It was there I was brought and there I entered politics. Whatever little I may have accomplished, either in my profession or in politics, it was by the friendship and encouragement of the people of Lambton that I accomplished it. My services are at the command of the electors of West Lambton so long as they want them. It falls to few men to be as well treated by a constituency as West Lambton has treated me."

"They gave it to you pretty hard the first time you ran?" "They did. But let me tell you I did not suffer in the end from that. I found a lot of friends in that campaign, and I have been finding more good friends ever since. The second time I ran, I had friends enough to put me close up to the winning mark. The third time I had friends enough to carry me over and elect me; and last time I had friends enough to put me in by a majority which ought to have been big enough to satisfy anybody. Whether I ever deserved what the people here have done for me is a matter about which I have some doubt but that my friends in the riding deserved from me the very best service that I can give them in a matter about which I have no doubt at all. As to leaving West Lambton and looking for a seat in some other constituency, not any of that for me."

THE GREY NUNS & ZAM-BUK.

Leading Institutions Now Use This Balm.

Many of the leading institutions throughout Canada have now adopted Zam-Buk as a standard preparation without equal for skin diseases and injuries, burns, blood poison, etc. From the St. Patrick's Asylum, Ottawa, comes the following appreciation of its merits: "GENTLEMEN.—In the orphanage department of the Asylum, we have found Zam-Buk very good for healing cuts, cold sores, and skin injuries generally, and shall continue to use it for such. Yours sincerely, (Signed) GREY NUNS." When a mother rubs on to the delicate skin of children a balm or salve to heal some cut, bruise, burn, eruption or skin disease, she needs to be as careful as if she were giving a child an internal remedy. Zam-Buk is pure—free from all animal and all mineral matter, and may be applied with wonderful benefit even to the skin of young babies. Zam-Buk heals sores, cures eczema, skin eruptions, ulcers, ringworm, itch, barber's rash, blood poison, bad leg, salt rheum, abrasions, abscesses, cuts, burns, scalds, and all skin injuries and diseases. Of all stores and druggists at 50c, or from Zam-Buk Co., Toronto for price, 3 boxes for \$1.25.

WATFORD, SEPT. 13, 1907.

### FAIR NOTES.

Don't fail to make your entries early. Don't forget the dates, Sept. 25th and 26th.

Prize lists are out and copies can be had from the secretary.

Applications for booth privileges may be made to J. F. Elliot, director in charge. See list of specials in prize list. Others will be added and published in these columns.

The speed specials include a free for all for a purse of \$200; 2.30 class \$150, and a 2.50 race for \$100.

Wednesday will be citizen's night. The hall will be open, and a first class entertainment given on the platform in front of the grand stand.

N. B. Howden Est. is offering a two dollar piece of choice China for the best lever cake made with Howden's Baking Powder, cake to be theirs.

L. D. Caldwell, music dealer, is offering a handsome prize of a \$25 Thomas organ for the best patriotic chorus by a class of rural public school pupils, not less than 12, and three schools or more to complete. This will be well worth competing for.

The East Lambton Fair is one of the best of the fairs in the west, and is increasing in importance each year. Let all unite in making this year the best yet. Become a member, make an exhibit, and boom the fair in every way.

Under the new Act the Government grant to the E. L. A. S. will be considerably less than usual, and the directors hope for increased cash contributions to make up the deficiency, and keep the fair up to the standard. The contributions so far have been liberal, and no doubt many of our citizens will assist in this practical way.

### WARWICK.

Mrs. Wm. Hall, second line north, visited her sister, Mrs. Hillis, at Toronto, last week.

Dr. and Mrs. James Baird, of Dowagiac, Mich., have returned home after spending the week with Warwick relatives.

As J. A. McKenzie has secured a position with the Watford Milling Co. he will offer by public auction on 27th inst., his farm, containing 100 acres, (Kingstone homestead) and also his entire stock and implements.

Mr. Charles Cundick, one of Warwick's largest land holders and progressive farmers, has recently purchased a property, consisting of a brick house and outbuildings and ten acres of land in London Township, less than a mile from the city, for \$5,000, and purposes removing there in the spring. Mr. Cundick will still retain an interest in his old home in Warwick, but will enjoy a well earned rest for a few years.

### Always Have An Excuse.

Government Inspector Farrington, who prosecuted a case of adulterating milk in the county magistrate's court, London, stated "it is farmers residing in other parts of the Province who are guilty of such offenses, and some day in the near future we hope to put a stop to such practices entirely."

Mr. Farrington said that the excuses given by offending farmers when called into court were often highly original.

"One farmer as an excuse one time," said he, "that a little girl visitor had put some water in a can of his milk just for the fun of the thing. Another one was of the opinion that his cows drank too much water for the quantity of grass they consumed. Still another stated that a piece of ice had been accidentally dropped in a pail of milk about to be shipped. The majority of the offenders, however, laid all blame on their hired help. Perhaps the most original excuse of all, though, was that offered by the man who said that he had milked early in the morning when there was frost in the pail, and that later it had thawed out causing the milk to become adulterated. The latter offender was fined \$50.

### PLYMPTON.

The electrical storm which visited this section about 4.30 last Thursday morning, struck the commodious residence of Mr. John McDougall, 6th line east, which was totally destroyed together with the greatest part of the contents. The house which was built only about five years ago at a cost of \$1,200, was occupied by Mr. McDougall (who is a bachelor) and his sister Bessie, who keeps house for him. Mr. McDougall was at the barn doing his chores at the time the house was struck, leaving his sister asleep upstairs. By the time he had reached the house and aroused his sister, the building was in flames and but little time allowed for the removal of furniture, but a small portion of which was saved. The total loss will aggregate about \$1,600 on which there was an insurance of \$500 and \$200 on contents. This is the third loss Mr. McDougall has sustained by fire during the past 15 years, having previously lost two barns in succession.

### WEAK, SICKLY PEOPLE.

Will Find New Strength Through the Use of Dr. Williams' Pink Pills.

A great many young men and women are suddenly seized with weakness. Their appetite fails them; they tire on the least exertion, and become pale and thin. They do not feel any specific pain—just weakness. But that weakness is dangerous. It is a sign that the blood is thin and watery; that it needs building up. Dr. Williams' Pink Pills will restore lost strength because they actually make new, rich blood—they will help you. Concerning them Mr. Alfred Legage, of St. Jerome, Que., says: "For several years I have been employed in a grocery and up to the age of seventeen I had always enjoyed the best of health. But suddenly my strength began to leave me; I grew pale, thin and extremely weak. Our family doctor ordered a complete rest and advised me to remain out of doors as much as possible, so I went to spend several weeks with an uncle who lived in the Laurentides. I was in the hope that the bracing mountain air would help me, but it didn't, and I returned home in a deplorable state. I was subject to dizziness, indigestion and general weakness. One day I read of a case very similar to my own cured through the use of Dr. Williams' Pink Pills, and I decided to give them a trial. After taking four boxes of the pills I felt greatly improved so continued their use for some time longer and they fully cured me. I am now able to go about my work as well as ever I did and have nothing but the greatest

praise for Dr. Williams' Pink Pills." The blood—good blood—is the secret of health. If the blood is not pure the body becomes diseased or the nerves shattered. Keep the blood pure and disease cannot exist. Dr. Williams' Pink Pills make rich, red blood—that is why they cure anaemia, rheumatism, indigestion, headache, backache, kidney trouble and the eight ailments of girlhood and womanhood. Sold at 50 cents a box or six boxes for \$2.50, by all medicine dealers or by mail from Dr. Williams' Medicine Co., Brockville, Ont.

### ORR—BROWN.

The home of Mr. Wm. Brown, Lamont, was the scene of a very pretty wedding on Monday, September 2nd, at eleven o'clock, when his youngest daughter, Frances Ada, was united in marriage to Mr. Chester J. Orr, of Arkona, her pastor, Rev. John Moore, officiated. As the strains of Mendelssohn's wedding march were heard, the bride leaning on the arm of her father, entered the room, where under an arch of evergreens and flowers the groom awaited her. She looked very pretty in a dainty dress of Persian lawn trimmed with valenciennes lace and insertion. She wore the customary bridal veil and carried a beautiful bouquet of white roses. Her niece, Laura MacDonald, acted as maid of honor, and was also dressed in Persian lawn with valenciennes trimmings. The ceremony and congratulations being over, the guests, about fifty in number, made their way out to the lawn, where under a bow of maple leaves a dainty dinner was waiting for them. The tables were served by the members of the Lamont choir of which Mrs. Orr was leader. Miss Minnie McDonald, of Sylvan, organist of the choir, played the wedding march. Amid the showers of rice, old shoes and good wishes, the happy couple left to meet the three o'clock train at Parkhill. They will visit Toronto, Niagara and Buffalo and other points, and on their return will take up their residence on the 2nd con. of Warwick. The bride's travelling dress was of navy blue panama cloth. She was the recipient of many handsome presents, showing the high esteem in which she is held by her friends. The groom's gift to the bride was a very handsome gold locket, to the maid of honor a locket and chain and to the organist a pearl brooch. Their many friends in this vicinity wish them a long, prosperous and happy life together and trust that there will be only clouds enough arise to make the sunny days seem brighter.

### CAMPBELL—CLARK.

"The Maples," the residence of Robert Clark, 10th con., Rosanquet, was in holiday attire on Tuesday, Sept. 3rd, when his third daughter, Annie, was united in the holy bonds of matrimony to Robert Campbell, a prosperous young farmer of Warwick. Promptly at eleven o'clock the bride entered the parlor leaning on her father's arm and took her place under an arch of evergreens trimmed with asters and in the presence of the immediate relatives of the two contracting parties. Rev. I. Hosking, of Warwick, performed the ceremony. The bride was beautifully attired in a gown of Persian lawn, elaborately trimmed with valenciennes lace and insertion. She carried a bouquet of bridal roses. Little Misses Annie Mutton and Lulu Elliott, cousins of the bride, made charming flower girls and ring bearers. Rev. Thomas of Warwick ably assisted the groom. After the usual congratulations the guests repaired to the dining room which was decorated in pink and white, where a dainty repast was served. The young couple left on the afternoon train for Toronto and other eastern points. The presents were numerous and beautiful, testifying the esteem in which the young couple are held. Among the presents was a beautiful gold watch and chain the gift of the groom.

### AGNEW—SMITH.

A very quiet home wedding was solemnized in Warwick West Tuesday afternoon at the home of Mr. and Mrs. F. W. Smith, when their eldest daughter, Jessie K., was married to Dr. J. A. Agnew, of Crestline, Ohio. The ceremony was performed by the Rev. Murtion Shore, rector of Warwick, assisted by Rev. H. P. Westgate, of Atwood, at 1 o'clock, in the presence of immediate relatives, under an arch of flowers, interwoven with Canadian and United States flags. The happy couple left on the 5:24 train for London and other places north. After a honeymoon trip they will reside in Crestline, Ohio, U. S. A. The groom is a popular young physician, and the bride one of Warwick's most popular young ladies. Dr. and Mrs. Agnew have the best wishes of a host of friends for a long and happy life.

### FALL FAIRS.

The West Middlesex Union Fair, to be held in Strathroy on Monday, Tuesday and Wednesday, Sept. 16th, 17th and 18th has long had the reputation of being one of the best of Ontario's County Fairs. The speaking events are always a feature, and include an exhibition by Ian Bars, the fastest three year old pacer in Canada. On Tuesday there will be a 2:50 and 2:18 class. On Wednesday a 2:28 and an open race, besides relay and foot races, and many other attractions.

### SUTORVILLE.

Harvest Thanksgiving services will be held in Christ Church, Sutorville, on Sunday, Service at 3 o'clock in the afternoon and 7 in the evening the Rev. Murtion Shore, Rector of Warwick will conduct both services. The Thanksgiving offering will go towards the missionary work of the church.

# BY-LAW NO. 10, 1907 OF TOWNSHIP OF WARWICK.

A By-law to provide for drainage work in the Township of Warwick in the County of Lambton, and for borrowing on the credit of a municipality the sum of Eight Hundred and Fifty Dollars, the portion to be contributed by the said municipality for completing the same. Provisionally adopted the 2nd day of September, 1907.

Whereas, Duncan McGill, one of the parties interested in and assessor for the construction of the Higgins Local Drain, has petitioned the Council of the said Township of Warwick to have the said drain cleaned out and put in a proper state of repair.

And whereas, thereupon the said Council has procured an examination and report made by C. A. Jones, being a person competent for such purpose, of the said area proposed to be drained and the means suggested for the drainage thereof, and of other lands and roads liable to assessment under the Municipal Drainage Act, and has also procured plans, specifications and estimates of the drainage work to be made by the said C. A. Jones, and an assessment to be made by him of the lands and roads to be benefited by such drainage work and of other lands and roads liable for contribution thereto, stating as nearly as he can the proportion of benefit, outlet liability and outlet liability, which in his opinion will be derived or incurred in consequence of such drainage work, by every road and lot or portion of lot, the said assessment so made being the assessment thereunder by this By-law enacted to be assessed and levied upon the roads and lots or parts of lots hereinafter in that behalf specially set forth and described; and the report of the said C. A. Jones in respect thereof and the said drainage work being as follows:—

Petrolia, June 24th, 1907.

**SPECIFICATIONS OF WORK.**  
The drain is to be deepened to the depths and dimensions shown and fluted on the accompanying profile. The bottom to be made an even grade be-

tween stakes and the sides sloped 1 horizontal to 1 vertical but the present banks are not to be disturbed. Should any error appear in the figured depth at any station, the grade is favorable to be made to conform with that shown on the profile.

The depth of the drain is from the ground beside the stakes on the side next the drain. The depths figured on profile below the grade line represent approximately the amount of deepening opposite each stake.

The earth from the excavation is to be cast about equally on each side of the drain where there is no fence constructed along one side thereof and where there is a fence so constructed the earth is all to be cast to the side opposite the fence and in all cases at least 3 ft. clear of the edge.

Any fences the contractor may require to take down in the prosecution of the work shall be replaced by him as soon as that portion of the drain is completed.

Remove all logs or driftwood from the drain between stations 280 and 307, through which portion there is no excavation.

Build a culvert on the 6-7 sideroad over the drain, to be 10 ft. wide in the clear and 20 ft. long, to be at least 9 inches higher than the present one, to have 7 posts on each side placed at 3 ft. centres, sunk at least 2 ft. below the bottom of the drain as completed, to be at least 8 inches diameter at the small end.

A 2 inch by 8 inch plank on edge to be galnef into the inner face of the posts at the top and well spiked thereto. Stringers to be 3 inches by 14 inches by 12 feet long and covered with 3 inch pine plank, the plank to be spiked to the posts with 2 inch iron henlock plank the full depth of the drain.

A similar culvert to the above, only 8 ft. wide in the clear instead of 10 ft. to be built over the drain on

### SUFFERING THE SURE PENALTY

Health Thus Lost Is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, bearing-down pains, flatulency, nervousness, sleeplessness or other female weaknesses.

These symptoms are but warnings that there is danger ahead, and unless heeded a life of suffering or a serious operation is the inevitable result.

The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound.

Miss Clara Beaubien, of Beaufort, Quebec, writes:

Dear Mrs. Pinkham: "For several years I have suffered with a female weakness which proved a serious drain on my vitality, sapping my strength and causing severe headaches, bearing-down pains and a general worn-out feeling, until I really had no desire to live. I tried many medicines, but did not get permanent relief until I took Lydia E. Pinkham's Vegetable Compound. In two months I was much better and stronger, and in four months I was well; no more disagreeable discharge, no more pain. So I have every reason to praise the Vegetable Compound, and I consider it without equal for the ills of women."

For twenty-five years Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, has under her direction and since her decease, been advising sick women free of charge. Her advice is free and always helpful. Address, Lynn, Mass.

## HORSE BREEDING IN ONTARIO.

### Report of Inspectors Who Made Special Investigations.

The report of the inspectors appointed by the government to make a special investigation into horse-breeding in Ontario has been published by the department of agriculture, and is now ready for distribution. It is largely statistical, and gives at considerable length details of the work of the commissioners in every county in the province. Opinions gathered in interviews with private individuals and at public meetings as to what should be done to improve the breed of horses are included. In all the counties the consensus of opinion was in favor of stallions being licensed and registered, and the inspectors in their reports favor the passing of an act to that effect. In many counties the horses were not of a good class and one cause of the determination of the breeds was held to be the syndicate system of buying and dealing in so-called first-class animals for breeding purposes. At a number of the public meetings held it was urged that more attention should be given at farmers' institute meetings to the question of improving the quality of provincial bred horses.

### Toronto growing.

It is estimated that at the same rate of assessment growth in wards 4, 5 and 6, as has been shown in the first three wards of the city, the total assessment will show an increase of more than \$2,000,000 over last year. At 18 1/2 mills, would mean about \$370,000 added to the city's revenue from taxes. If the population increases on the same scale the increase this year will be more than 18,000.

### A Helpful Book.

Professor (to graduating class in college)—"Young man, there is one more question I would like to ask, and that is, 'what books have helped you most in your struggles for an education?' Young Sead's (promptly speaking up from the foot of the class)—"Dad's cheque book has helped me about as much as any of 'em, so far."

### When Illness Comes.

Have you near at hand a remedy that will alleviate pain and help till the doctor comes? A wise thing is to have right in your home a bottle of "Nerviline" which gives instant relief, and prevents disease from spreading. Nothing known for the stomach and bowels that compares with Nerviline. For cramps, indigestion, heartburn and headache, it's indispensable. For fifty years Polson's Nerviline in 25c bottles has been a family stand-by. Get it today.

### Fell Into Scalding Water.

Toronto, Ont., Sept. 5.—Two-year-old Irene McLaughlin, Balmuto street, was so badly scalded yesterday that she died today from her injuries. She was playing around her mother, who was washing, and walking backward fell into a pail of boiling water. She was taken to the hospital for sick children today, but died at 10:30.

### Killed in his Stable.

Meaford, Sept. 3.—Mr. Joseph H. Taylor, of Grierieville, a farmer, 40 years of age was trampled to death by one of his horses while removing the harness after the day's work.

### Minnie Turner Remanded.

Toronto, Sept. 5.—Minnie Turner who is accused of the murder of Rose Wiltzer, by performing an illegal operation was before the police magistrate today and was remanded for a week.

### Rheumatism Almost Killed Her.

For years Mrs. S. Stalshmidt of Humberton, Ont., was a martyr of rheumatism "I was so stiff and lame I could scarcely walk" she writes. "An attack striking my limbs made walking impossible. Friends and doctors gave prescriptions but I only got relief from Ferruzone. I took twelve boxes and gained from the first. Today I am well, feeling stronger, weigh heavier and look the picture of health." Whether muscular or inflammatory, chronic or otherwise, Ferruzone does cure rheumatism and sciatica, 50c per box at all dealers.

## LOCAL OR OTHERWISE.

THE wages offering farm help in the West are from \$35 to \$45 for experienced men, and for inexperienced \$25 to \$30.

THERE is a great falling off this season in the number of young men who are joining the harvesters' excursions to the West.

THE woman who made a pound of butter from the cream of a joke, and a cheese from the milk of human kindness, has since washed the close of a year and hung 'em on a bee-line.

A STALK of corn brought in by Mr. R. M. Brown, who lives about one mile west of the village, measures 11 feet, 6 1/2 inches. This is the longest corn that has been brought into the town this season.

IT is probable that the bye-elections to fill vacancies in the house of Commons will be held about the middle of September, probably on the 18th or 19th. Nominations will be a week earlier. There are four vacancies, including London.

THE wholesale price of all large sizes of coal has advanced ten cents per ton in London and elsewhere. This however, is only a usual monthly advance in the wholesale price of coal throughout the summer.

THE Michigan Central railroad has issued special instructions in regard to the handling of explosives. Every trainman has been supplied with printed orders as to the care he must exercise in the handling of dynamite, nitro-glycerine and commodities of the kind. The document is voluminous and the men are kicking because it states that any slip in the orders will mean instant dismissal from the service.

THIS is the time of the year when a sentimental mother appears at the school house with her sissy boy and tells the teacher that he is very high spirited, and must not be whipped, that he can be ruled by kindness and kisses. And this is the time of the year when the boys in school make note of what the mother says, and resolves to thump the sissy boy as soon as they catch him on the play ground.

THE rule so generally observed by the railroads of burning the old ties as soon as they have been replaced by new ones, was promulgated some years ago. An accident occurred on the Great Northern railroad several years ago and it was afterwards proven that it was due to the presence of rotten ties found beside the track which had been previously replaced by new ones. Since then it has been the custom to burn all ties as soon as they have been replaced by new ones despite the requests of needy persons to use them as fuel.

A FORM of farmers' co-operation that has been tried for several years, in various parts of the country, is what is known of the syndicate threshing outfit. A number of farmers, sometimes 10, often 20, join together and buy a threshing outfit with latest improvements. These farmers meet and elect their officers who hire the men necessary to operate the machine. Outside farmers are charged for all work they do at the regular rate. And each member of the syndicate is also charged for regular day rate. At the end of the season the shareholders meet and the books are closed. After all expenses of operation are paid and such payments as are due of the machinery the balance goes in the form of a dividend upon the stock.

THE thirteenth annual convention of the Sarnia District Epworth League and Sunday School will be held at Wyoming on Sept. 19 and 20. Over 800 programs for the event have just been issued. To the credit of the Sarnia District they send a missionary to China—the Rev. Mr. Jolliffe. Each church is entitled to send two delegates who will represent both League and Sabbath School. Rev. E. W. Edwards, of this place, is conference representative and he is doing his utmost to make his convention banner one. Mr. Edwards is also on the program for Friday morning from 11.20 to 11.40 on "Relationship of League and Sunday School to Local Option."

THE report for the lunatic asylums for the Province of Ontario for 1906 gives the following statistics regarding the London asylum:—There were 1,000 persons there last year, 527 females and 473 males, of whom 20 were discharged as cured and 6 improved. The total admissions since the opening of the institution were 5,261 of whom 1,359 were Methodist, 1,294 Presbyterian, 995 Episcopalians, 207 Catholics, 450 Baptists, 46 Unitarians, and the balance of other denominations. In nationalities, 3,230 were Canadians, 718 Irish, 663 English, 149 Scotch. Heredity, business troubles, worry and intemperance are given as causes of their insanity and between 40 and 50 years of age are most frequent admissions.

### Barn Burnt.

Comber, Ont., Sept. 5.—The barns of Mr. Arthur Holmes, about three miles from Comber, were struck by lightning during the storm about 11 o'clock last night, and were consumed, with the contents, which includes about all the season's crops. Two small stacks near the barn were saved by the efforts of those present. There is no insurance, and Mr. Holmes is a heavy loser.

### Fatal Fall From Car.

Toronto, Ont., Sept. 5.—R. C. Moyle, a farmer's son from Paris, is lying in St. Michael's Hospital in a critical state through falling off a car at ten o'clock last morning. Moyle and another Paris man named Mason were riding north on a belt line car, when the former tried to move back from the middle of the car to the smoker. The car was going fast and he fell off onto the asphalt. When picked up he was unconscious and it is thought that he will die.

George Ferguson's barn, near Caledonia, was struck by lightning and destroyed. The seating capacity of Colborne street Methodist church, London, has been increased by 1,000.

**UNITED STATES COURT OF CLAIMS**  
The Publishers of Webster's International Dictionary alleges that it is, in fact, the popular Unabridged thoroughly re-edited in every detail, and vastly enriched in every part, with the purpose of adapting it to meet the larger and severer requirements of another generation.

We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished and the result that has been reached. The Dictionary, as it now stands, has been thoroughly re-edited in every detail, has been corrected in every part, and is admirably adapted to meet the larger and severer requirements of a generation which demands more of popular philological knowledge than any generation that the world has ever contained.

It is perhaps needless to add that we refer to the dictionary in our judicial work as of the highest authority in accuracy of definition; and that in the future as in the past it will be the source of constant reference.

Copyrighted, 1907, by Mary McKoon.

They were all up in Aunt Clara's room, packing the box, when Jessie Boyd came in at 4 o'clock to ask Carrie what she was going to wear that evening to the musicale. Jessie went upstairs without ceremony. She was Carrie's most intimate friend.

"Oh, there you are!" said Carrie, who was sitting on the foot of the bed with a pile of clothing on her lap. "I've been wondering all afternoon what had become of you. We're packing the box to go to mother's cousin in West Holden. Aunt Clara wants—"

"Where's the bottle of benzine?" asked Agnes, interrupting. "You had it last, Carrie."

"Look on the shelf in my closet," said Carrie. "What are you going to do with the benzine?"

"Clean the spots off that tan cloth cape of mine. I'm ashamed to send it as it is now."

"Oh, you needn't be ashamed to send anything," said Aunt Clara, who was on her knees before the box, spreading some newspapers over the bottom. "They are so poor they'll be glad of everything, no matter how old. You haven't time to clean off spots."

"They can do it for themselves," said Carrie. "Here, auntie, hadn't you better put these old white skirts in first?"

"Seems to me, Carrie, you could wear that white skirt with the ruffles yourself," remarked Mrs. Brandon, who was pulling over the contents of a trunk she had dragged in from the hall. "It doesn't look at all worn."

"No, but it doesn't hang right," rejoined Carrie, "and it's too short. Besides, I despise a ruffled petticoat."

"Very well," said her mother in a resigned tone. "Put it in. You and Agnes are dreadfully extravagant. I don't wonder your father complains about expenses."

"Here are some old nightdresses," said Mrs. Brandon. "I intended to tear them up for window cloths, but Rachel might patch them up."

"Of course she will," said Aunt Clara, seizing upon the nightdresses eagerly.

She thoroughly enjoyed the packing of this box. She always declared that, no matter what her faults were, no one could accuse her of not being generous.

The trunk yielded, in addition to the nightdresses, an old black alpaca skirt which had been spoiled by paint when the front porch had been given a fresh coat the previous fall, a much worn pair of shoes, a black straw bonnet which had been lying in the tray "for ages," several pairs of hose in sad need of darning, a gray wrapper damaged by moths and a black silk petticoat the ruffles of which were whipped out.

"You could use that silk for lining a grenadine, Frances," said Aunt Clara.

"But I don't expect to have a grenadine this summer," rejoined her sister, "and it seems a pity not to put in something decent."

"Well, if you had been to Cousin Rachel's and seen how poor they are," said Clara, "you'd know that anything would be acceptable. Rachel has a real gift for turning and patching too."

"For my part, I'm glad to get rid of my old clothes," said Carrie, "and I vote we send Cousin Rachel a box every year. It's a good deal better than making bundles for the Associated Charities to distribute. We know just where the things are going." She tossed her aunt a green surah waist, the seams of which were frayed. "I can wear the skirt around mornings with a percale shirt waist," she added.

All this time Jessie Boyd had stood quietly at the foot of the bed, looking on.

"Has your cousin any girls about my age?" she asked, regarding attentively the two faded waists which Aunt Clara was folding together.

"Dear me, yes," answered the lady. "Alice is just your age and Stella a year or so younger. Then there are two little girls of ten and twelve, Amy and Ruth. I stopped over in West Holden for a day in March on my way home from Florida and saw them all. They're pretty girls, too, particularly Alice. I felt so sorry for them. I don't suppose Alice ever had a pretty gown or a bunch of ribbons in her life."

"Then would you mind if—could I send something?" stammered Jessie. "I wouldn't want them to know, of course, but I have several little things, and—"

"Oh, my dear child, yes," Aunt Clara interrupted. "Bring anything you choose; I'll pack it. No matter how old it is, they can make use of it."

Jessie went home at once. In about twenty minutes she returned with a good sized pasteboard box, with a narrow pink ribbon tied around it. On the cover was written, "For Alice."

"You're just in time; I'm ready to have Peter nail up," said Aunt Clara.

"Oh, I'm not to see what you're sending. Now, my dear child, you needn't be ashamed of it, whatever it is, for they have so little that anything—I only hope Rachel will appreciate the trouble I've taken," and she followed Jessie into Carrie's room.

There, on the bed, lay the gown her younger niece was to wear to the musicale. It was a cream china silk, trimmed with lace and white ribbon, and beside it was a pair of high heeled slippers of French kid.

"You'll wear your new china silk waist, of course, Jessie," said Carrie as her friend glanced toward the bed.

Jessie shook her head. "No, I've decided on my blue organdie," she answered quietly and then began to talk of something else.

They were opening the box in the sitting room at West Holden when Alice Brent came in, breathless. She was a slender girl, with soft eyes.

"Has it come?" she cried. "How glad I am I got here in time. I've been sure, but we weren't going to unpack it until you came," said Stella. "We just wanted to have it all ready. It's a family treat, to be enjoyed together."

Jessie's pasteboard box came out first, as it was on top.

"Something especially for me?" cried Alice. "How lovely! But I won't open it until the last. Take out the other things, mother, dear."

The other things were taken out. One by one Mrs. Brent unfolded them and laid them in a pile on the floor. Not one of the girls ventured to make a remark of any sort, and Alice did not dare glance at Stella.

"That is all, I think, my dears," said the mother as she placed on the pile the white petticoats Carrie had contributed. "I will put all the things in my closet and examine them at my leisure."

"Blessed are they who expect nothing, for they shall not be disappointed," remarked Stella.

"Stella! Mrs. Brent's voice was one of rebuke. Little Ruth began to weep. "Here, let's look at my box, Ruthie," said Alice. "We mustn't forget that."

"Probably filled with soiled ribbons and discarded artificial flowers," muttered Stella, in whose black eyes angry tears burned hotly.

With fingers that trembled a little, Alice untied the pink ribbon and removed the cover of the box.

"Oh, oh!" she said. "Mother, look here! Just see!" And then her voice broke and tears filled her eyes.

In the box, neatly folded, lay a pretty white china silk waist trimmed with lace, a pair of perfectly new tan gloves, three dainty handkerchiefs and twelve yards of fine white lawn.

"There's some mistake," said Stella; "this doesn't agree with the rest at all. Probably they will write to have it returned."

"Stella, dear, we couldn't expect them to send things they could use themselves."

"No, I suppose not, and I'm an unthankful wretch. Beggars shouldn't be choosers, but"—and her voice quivered a little—"it isn't in me, somehow, to be a grateful beggar."

Mrs. Brent wrote a well worded letter of thanks to her cousin.

"I must not neglect to tell you," she said in conclusion, "of Alice's pleasure in the contents of the pasteboard box. The pretty gloves and dainty silk waist fitted her perfectly, and she is busy today making up the lawn, which will be her best gown all summer."

Aunt Clara bit her lip as she laid the letter down.

"How ridiculous of Jessie to send new things!" she muttered. "And I was so particular to tell her that anything would do."

**THROUGH THE HEART!**

WHEN THE NERVES BECOME A WRECK AND VITALITY RUNS LOW BECAUSE THE HEART FAILS TO DO ITS WORK—THROUGH THE SELFSAME HEART—IF CURE COMES—MUST IT COME

**Dr. Agnew's Cure for the Heart**

Cures the nerves through the heart. Experience of the highest medical authorities has conclusively proven that the quickest way to cure diseases of the nerves is to fortify the heart with "food" that is natural to it, and that enriches the blood; and it has been proven also, beyond the shadow of a doubt, by this same high medical authority, that Dr. Agnew's Cure for the Heart is the most potent nerve nourisher and heart strengthener that has been "gathered in" from nature's lap to assuage sufferings, stop pain and heal the heartsick; and when you know that with the heart, the main spring, the balance wheel of life, out of order, the future looks out on nothing but darkness and suffering, why postpone applying the remedy? Why delay taking hold of the healing hand that will lift you back to health? Dr. Agnew's Cure for the Heart will relieve any and every form of heart disease in 30 minutes.

Margaret Smith, of Brussels, Ontario, says: "Many a time my suffering was so great that I would have hailed death with a welcome, but four bottles of Dr. Agnew's Cure for the heart wrought a wonderful cure in me."

**Shorthand**

We teach the "Gregg" System of Shorthand because we know it is the best.

It is written in one straight line and based on the movement required to write ordinary longhand. It requires no shadings, back slants or vertical strokes which are "hard to remember" and require "slackening up" to make correctly.

The Gregg is thus easier to learn, write and read. A speedy, accurate stenographer is the result.

The Principal of our Shorthand School graduated under the author of the "Gregg" system, and her two assistants are graduates of the Business Educators' Association. You are assured of the very best tuition here.

More information in our large, illustrated catalogue, which we would like to mail you free. First lesson on Gregg sent free on application.

**MY IMPRESSION OF THE BRITISH ISLES.**

In my former letter I endeavored to describe the manner in which the first few weeks, spent in the motherland, had impressed me, and now after spending more than two months here, I would like to give you some description of a few of the places I have visited. The "Emerald Isle" has some of the most beautiful scenery in the world. The Killarney lakes and their surroundings can scarcely be surpassed in their grandeur.

Is it any wonder that poets and artists love this beautiful spot. To see it for ourselves we have come over into County Kerry, the south-western part of Ireland, and stand some forty miles north of Cork and two hundred south-west of Dublin. There are three lakes here, strung on a crooked, connecting stream, like jewels on a ribbon. The upper lake, the smallest of the three, holds eight little islands in its arms and is itself protected by the surrounding mountains. The scene is endlessly varied, with all the coquettish, alluring curves where the shores appear and disappear and come in sight again. The rocks and hills and streams, all around here are thick with old legends of giants and fairies, and many tourists, even in this modern age, look for the "little people" who dwell in this enchanted land. We must say only a word or two about Blarney Castle. Who has not heard of the Blarney stone? The stone is set in the castle wall away up in the north-east angle of the tower, several feet below the battlement, an inscription was once here but now is illegible from the effect of time and weather. As we look at this high structure, with walls eighteen feet thick, we think of the age of Elizabeth, and King William and Cromwell, when this castle bore an important part in many of the heavy sieges of the most brilliant of the Irish wars. The trip down Sackville street in the famous "jaunting-car" will not soon be forgotten. This is the most beautiful street in Dublin, the buildings being quite modern and the surroundings most beautiful. Just a word about the great "Fair", the Irish International Exhibition, which is held in Dublin this year. The buildings are very beautiful, all being perfectly white and with the fancy decorations and electrical display on the grounds and I am more proud than ever of my native land and in the midst of all the exhibits from the various countries of the world, the one which appealed most to me was the "Canadian Exhibit." Without prejudice I can truly say that it was the best display on the grounds and I am more proud than ever of my native land and in the midst of all I felt like shouting "The Maple Leaf Forever." One could easily spend a day or two looking through the Canadian Pavilion, it is so large and every exhibit is interesting as well as magnificently arranged. Leaving the Emerald Isle and crossing the sea, after landing at Holyhead, we pass through Wales and any description of this little country that we have heard, does not exaggerate it in any way, because one would have to travel a long distance to see anything more beautiful than the scenery in Wales. Then I spent a day or two at Blackpool, one of the most famous seaside resorts or "watering-places" in England. I have witnessed great crowds of people but never have I seen one half the number at any one place that I saw here. All classes, rich and poor, farmers and gentry, masters and servants, all come here together for their holidays. The high tower, the winter gardens, the palace, the sports, the promenade and the magnificent sands are beyond description, and of all the places I have visited, none will be more fondly remembered than this famous "resort." Travelling on from the sea-coast, inland, we come to the most beautiful inland scenery in the British Isles, unless it may be the Highlands of Scotland. In Dovedale, with its winding stream, and evergreen hedges and verdant trees, one could spend hours, then climbing the hills and ascending to the summit of "Thorpe Cloud" a mountain peak nearby, as we look over the valleys men and horses look like mere specks upon the earth. While we are up among the clouds, so wonderful it seems, here we are in England enjoying these grand sights, which can even compare with even the beauties of Switzerland. We must not forget to say a word about Scotland "The Land of the Heather." Edinburgh claims to be the most beautiful city in the world and in many respects she rightly claims this privilege. It is situated on the east coast, about two miles from the estuary of the River Forth. As we look down Princess street, a mile-long avenue, we see both a fashionable promenade and a main business thoroughfare, chief among its objects of interest is that graceful monument to Sir Walter Scott. It was erected in 1844 at a cost of \$80,000. Other important places of interest are, the University, National Gallery, Edinburgh Castle and the Royal Institute. Again we stand by Loch Katrine, 400 feet above the sea level. This little lake, only ten miles long, is very deep, in many places over 500 feet. Placid and clear its water reflects as from a mirror the surrounding scenery. It was on one of these hills above this lake that Sir Walter Scott made his hero meet the Highland rebel and his men.

"These are Clan Alpine warriors true And, Saxon, I am Roderick Dhu." Here, although only sixty miles from Edinburgh, the great metropolis, here the little islets seem to float in beauty on the water, a dream within a dream, far "far from the meddling crowd." Edinburgh is not the only beautiful city in Scotland, for Glasgow, with its Parks, University, Art Gallery, Churches and Shipping and Building Docks, has a grandeur which, in some respects seems to surpass even Edinburgh. As we take the "tram car" and journey out through the country we come to Paisley, an old historic spot. Here we see Coates' famous thread mills and Wallace's old castle and other important and interesting places.

The Scotch people are genuine in all their ways and of all the places I have visited in my travels, the impression of Scotland will stand among the first. The Scotch "lassies" are certainly "bonnie" and the "laddies" are brave and true. Such is the impression that I have of this motherland and after touring for a few weeks, yet, perhaps visiting Paris and other places on the continent, I shall return to Ontario, much wiser in experience and knowledge than when I left on May 24th. Thanking you for this space in your valuable paper,

I am, most sincerely,

TORONTO.	
Toronto, Sept. 10.—The run at the city cattle market consisted of 62 cars, containing 950 cattle, 1,350 sheep and lambs, 300 hogs and 150 calves.	
The usual conditions applied to today's market. Good cattle were in good demand and were not to be had, and poor cattle were plentiful, with little demand for them at all.	
There is no inquiry for stockers and feeders, as the farmers have no pastures to put them on if they did buy them.	
Exporters are practically not to be had, and the class of cattle that are being sent over to the old country markets are our good butcher cattle, costing about \$4 50 to \$4 75 a cwt. and weighing about 1,200 pounds.	
The fact of the matter is, there are no cattle in the country, and as the farmer reads that good prices are to be obtained for good cattle, he says to himself that he has just the kind of cattle that they want, and sends them in and everybody is doing the same.
