WATFORD, ONT., FRIDAY, MAY 26, 1922

\$2.00 PER YEAR IN ADVANCE
In United States \$2.50

LOCAL HAPPENINGS

Holeproof Hosiery at Swift's.
For used cars see R. Morningstar, 14a-6t.

The gentle showers of rain on Friday and Saturday were welcome and growth is now very rapid.

Sale of fancy embroidered centrepieces, runners and squares, regular \$1.00 to \$1.50 for 79c.—A. Brown & Co.

Have you seen our Wall Paper samples, some very pretty patterns at low prices.—P. Dodds & Son.

The first straw hats of the season made their appearance on the street this week. The weather fully warranted them.

Men's Sox, Holeproof, 50 cents up.—Swift's.

Hyde Park Orator—"It's knowledge we want! Ask the arid man when Magna Charta was King of England—an 'e can't tell yer."

Regular meeting of Peabody Lodge, I.O.O.F., Monday evening, May 29th. First degree. Good attendance requested. Refreshments.

He asked her twice to marry him. The reason now he knows:

She said "I'll never marry a man with an eyebrow 'neath his nose. Smart Tricolette Blouses, special \$2.85, new shades.—Swift's.

Next Monday May 29, a league baseball game will be played with Forest at Watford and on Wednesday, May 31, Watford plays at Bridgen.

The captured German gun has been removed from the lawn of the public library and will be placed near the memorial flower bed on Federal Square.

Mr. Carl A. Class has purchased from Miss K. McDonnell the McDunnell homestead, corner of Ontario and McGregor street, for some time occupied by him.

Specials for Friday and Saturday—2 pair ladies' black cotton hose 25c; 2 pair brown jersey gloves 25c; 2 pair blue chambray shirts 90c; extra good quality 32 inch ticking, 30c per yard.—A. Brown & Co.

A good many of the present day young people seem to have forgotten the old copy book maxims "Familiarity breeds contempt," and "Procreantion is the thief of Time."

Empire Day was observed in the public school Tuesday, by programs in the several rooms of a character that drew the attention of the children to the nature of the day and its origin.

The foundation of Mr. Joseph McCormick's new two story house on Huron street is ready for the superstructure which will be commenced as soon as the material can be secured.

Get your supply of these fancy shirts \$1.29, on sale Saturday morning.—Swift's Shirt Shop.

Roaming hens cause ruffled tempers. If you have chickens, keep them. Don't expect your neighbors to keep them during the day, even if you do supply a roosting place at night.

The way freight on the G.T.R. between Sarnia and London may be equipped with radio outfits in the near future. Brakeman Smith of Sarnia has made application to the authorities to have this done.

Ladies silk hose, fancy drop stitch black, cream, navy, 69c.—Swift's.

Queen's weather prevailed on Victoria Day making the holiday a very enjoyable one. Being the first summer holiday everyone anticipates its coming with pleasure. Quite a few town people went to the lakeside.

Merlo, Merlo & Ray, Windsor, the contractors for the main street pavement, have several men here this week finishing up odds and ends that could not be done last fall on account of the bad weather.

Irish Linen Towels direct from Belfast, ask to see them.—Swift's.

Town and country boys and girls should encourage birds to nest around the premises, by building bird houses. It does not take very much time or effort, yet the satisfaction derived from having birds guests around all summer makes the effort well worth while.

In Arnprior when the auditor's report is published, the list of all the owners of dogs who have paid their tax is incorporated. While this is a somewhat expensive method of giving this information to the public, it should be a pretty sure check that no dog owner has been overlooked.

Many of us have often felt that very little over half the dogs of Watford are carrying a "tax paid" tag.

Silk Petticoats and Bloomers \$4.00 each.—Swift's.

E. L. Moffatt will ship from Watford every Friday in future instead of Saturday, after this week.

The Tennis Club will be re-organized Friday evening, May 26th, at 7 o'clock, at the court on Ontario street, as the officers for the year will be elected a good attendance of all those interested in tennis is requested.

The Canadian "Go-to-Sunday-School Day" will be observed in the Watford Methodist Sunday school next Sunday, May 28th when the program prepared by the Religious Education Council of Canada will be carried out.

Henry Sharp has taken the contract of delivering the mail on Rural Route No. 3, Watford, and is now on the job. There has been no regular courier on this route for some months as the remuneration was judged insufficient by most of the people interested in the work.

Pillow cotton, sheeting, towels and towelling.—Swift's.

When the general conference of the Methodist church in Canada meets in Toronto in September, it will be called upon to deal with the question as to the eligibility of women members of the Methodist ministry. Women delegates will attend the conference, thus promising an interesting debate on the matter. One day I strolled down Main street, and met a powdered girl;

Her skirt was short, her ankle slim; My head was in a whirl.

I followed; when she turned around I ran—you bet your life.

For through that bright complexion I recognized my wife.—Subscriber.

The Woman's Missionary Auxiliary met at the home of the President, Mrs. Maxwell, on Thursday, May 4th. After the regular business Mr. Hager then took charge of the meeting and proceeded with election of officers. President, Mrs. D. Maxwell, 1st vice-president, Mrs. White; 2nd vice-president, Mrs. Hager; treasurer, Miss Kerr; Rec.-secretary, Mrs. W. Harper; Cor. secretary, Mrs. Thompson; Stranger's committee, Mrs. Moody; Supt. of Christian Stewardship, Mrs. James. Mrs. W. Harper was appointed delegate for the convention held in Windsor, Mrs. Maxwell the alternative.

The new Billie Burke Dresses at Swift's.

Mr. J. D. Brown is visiting his son in Sarnia.

Miss Marjory Swift is home from London University.

Mrs. Kincaid is at present visiting friends in London.

Chas. Hasket, Sarnia, spent the holiday in town.

Mrs. Alfred Nash is spending a few days in London with her children.

W. B. Laws spent a few days last week with J. D. Fraser of Leamington.

Dr. Hicks attended the Canadian Dental Association meeting in Toronto last week.

Mr. D. Rothwell, with the John Deere Co., Welland, gave the Guide-Advocate a pleasant call on Tuesday.

Miss Phyllis McManus, Sarnia, spent the week end with relatives and friends in Watford and vicinity.

Mrs. Wm. H. Mitchell and little son Jack, of Prince Albert, Sask., visited Mr. and Mrs. Angus Mitchell last week.

A quiet wedding took place at the First Methodist Episcopal parsonage, Port Huron, Mich., on Thursday, May 18, when Miss Alma V. Barnes, daughter of the late Mr. and Mrs. S. D. Barnes of Watford, became the bride of Mr. Paul H. Schroeder of Port Huron, the ceremony being performed by Rev. John S. Tredinick. After a short honeymoon to Detroit and London, Mr. and Mrs. Schroeder will reside at 1505 Fourteenth street, Port Huron.

The marriage of Miss Verna Isabelle, daughter of Mr. and Mrs. Jas. Shea, townline of Warwick and Brooke, and Ivan J. Bryce, son of Mrs. James Bryce, Warwick, took place quietly at the Parsonage, Watford, on Thursday afternoon, May 18th, 1922, at 3 o'clock. Rev. T. A. Steadman officiating. On return from their wedding trip Mr. and Mrs. Bryce will reside on their beautiful farm, second line south, Warwick. Their friends wish them many years of happiness.

WARWICK

Mr. W. D. McKenzie was at Leamington last week visiting his sister, Mrs. G. W. Ross.

D. D. Brodie underwent an operation for mastoids at the Sarnia hospital last week and is progressing favorably.

Grace Church, 4th line, Warwick, intend holding their annual garden party at the home of Mr. and Mrs. George A. Westgate. Watch for particulars next week.

Miss Edythe G. Joynt, was among the list of nurses who graduated from Victoria Hospital, London, last Thursday, and is now receiving congratulations.

Mrs. Wm. Hare, who has been spending the winter with her daughter, Mrs. Jos. Hume, left on Tuesday by boat for Winnipeg, where she will spend a month before returning to British Columbia.

The members of the Men's Adult Bible Class of Zion Sunday school met on Wednesday evening, May 17, at the home of their popular teacher, Mr. Elmer Collier, for re-organization. Earl Fuller, the retiring president, occupied the chair and the following officers were elected: President, Wm. E. Parker; vice-president, H. A. McKenzie; sec.-treasurer, Ted. Young; teacher, Elmer Collier. Organization being over the remainder of the evening was spent in games of various kinds, music and singing, after which Mrs. Collier provided a bountiful supper. Nothing was left undone by Mr. and Mrs. Collier to make the evening pleasant, enjoyable and profitable and the class showed their appreciation by tendering Mr. and Mrs. Collier a hearty vote of thanks for their genial hospitality.

The annual meeting of the Warwick W. I. was held in the Town Hall on Thursday evening, May 11th. The meeting opened with the "Maple Leaf" followed by all repeating the Lord's prayer. The president read a letter from the Reeve, Mr. Parker, announcing that a german machine gun had been donated to the Warwick W. I. by the government. It was decided that Mrs. A. Auld and Mrs. J. Robinson wait on the council for suggestions as to mounting the gun. The following officers were elected: President—Mrs. D. Fallon; vice-president—Mrs. Ben Smith; Secretary—Miss Doris Robinson; District Director—Miss E. Morris; Auditor—Misses Mina Wilkison and Anna Auld; District representatives—Mrs. D. Fallon; Mrs. E. Morris; Misses Doris Robinson and Amy Leggate. On the resignation of Mrs. J. Robinson, Mrs. D. Auld was made president of the School Fair. The next meeting will be held on June 3, and the July meeting combined with the delegates' meeting on June 27th. The meeting closed with "God Save The King."

The Winnipeg Tribune of a recent date has the following: Dr. T. B. Westgate, field secretary of the Missionary society of the Church of England in Canada, has gone east to attend the synod of the diocese of Huron, his native diocese, which will open Monday in London, Ont. He will preach Sunday in St. John's church, London; Monday evening he will preach the synod sermon in St. Paul's Cathedral and Tuesday evening deliver an address at the synod banquet. Next Friday Dr. Westgate will lecture in Montreal and will preach in Ottawa the Sunday following. On his way east he held a conference at Chapleau at the Anglican Indian Industrial school with Bishop Anderson, of Moosonee, and Canon Gould, general secretary of the Missionary society, with regard to the situation at that school and at Moose factory. At Sault Ste Marie the field secretary conferred with Archbishop Thorne on matters pertaining to Indian residential schools in that part of Ontario. Dr. Westgate was attached to the Imperial army after being released on the arrival of the Australians, from a German prison camp in German East Africa, where he was serving as a "Church of England minister at the time war broke out. He was court-martialed as a spy by German military authorities, but the case was sustained, his black men remaining true although put to torture by the Germans.

Eddie Willis, formerly of Thamesford, disappeared from the farm of Walter Walker, of Parkhill, on Easter Sunday and has not been heard of since. He can be identified by a hairlip, dark eyes and hair is in his 19th year. His parents, who live in Thamesford, are very anxious.

BROOKE

The Annual meeting of the Brooke W. I. was held in Chalmers' church, May 16th. The meeting opened by the singing of "The Maple Leaf."

The following officers were elected: President, Mrs. W. S. Shugg; 2nd vice-president, Miss R. Clark; secretary-treasurer, Miss R. McLean, asst. sec., Miss V. Annett; auditors, Mrs. W. S. Shugg, Mrs. A. Rundle; pianist, Mrs. H. J. Lett; District director, Miss Belle MacIntyre; District representatives, Mrs. W. Annett, Mrs. H. J. Lett, Mrs. W. S. Shugg, Miss R. McLean; branch directors, Mrs. D. McNeil, Miss M. Harrison; program committee, Miss M. Harrison, Mrs. J. Searson, Miss B. MacIntyre and Mrs. J. Carroll. Mrs. Shugg then gave a very helpful paper on Canadian Laws concerning women and children. The meeting was brought to a close by the singing of the National Anthem. Next meeting at the home of Mrs. D. Campbell, June 13th, when Dr. A. Ross of MacDonald Institute, Guelph, will visit our Branch.

NEW BLOOD ON WATFORD BASEBALL LINE-UP THIS YEAR

Locals Should Develop Into Good Snappy Team Before Many Games Are Over.

A little more interest is being taken in the County Baseball League this year by local fans, probably on account of a few new players being added to the lineup. New men not only add material support, but stimulate the former players to better action and closer harmony.

Kahn, of Strathroy, has joined the staff of the Andrews Wire Works, and will relieve "Tiny" Rogers on the mound.

"Bill" Roche, last year on the Forest line-up, is slated for 1st base; and G. H. Siddall, the new man in Siddall Drug Co., will be found on 2nd base. With "Soup" Irwin on 3rd, "Nig" Roche at the plate, and "Smoky" Leigh and Harry Cooke in the field, the locals should step into the League with plenty of vim.

The first home game will be on Monday evening, May 29, at 5:30, when they meet Forest, the runners-up for the district last year. This undoubtedly will be one of the best exhibitions of the season.

If you are at all interested in baseball come up and watch the first home game. Give the boys all the support you can. A little encouragement will go a long way towards pushing them into a good place on the league's standing.

WATFORD LOSES FIRST GAME TO WAUBUNO BY SMALL MARGIN

Baseball opened in the Lambton County League on Victoria Day. Watford played their first game at Waubuno, a country corner five miles southwest of Bridgen. Although the good bunch of fans who accompanied the team were highly pleased with the game and the good action of the locals, Waubuno managed to come out of the ninth on top of a 7-5 score. Although they are a new bunch to the locals, Waubuno has always been able to play real ball, and for some years have been the ruling power in the southern part of the county. While it is regretted that the first game of the season went into foreign hands, the boys are all prepared to entertain Forest right royally when they meet here next Monday evening. As this is the first game at home a good bunch of fans will be on hand to see the boys in their first home workout. Game called 5:30. Admission 25c and 15c.

CHOP STUFF

The village of Norwood has accepted the offer of \$5,000 from the Carnegie Corporation for the erection of a library.

A Lobo farmer reports that hardly anybody is raising horses in that township. He does not know of a good young driving horse for sale in the district.

The Central Methodist church, Sarnia, propose building a new school room at a cost of \$32,500.

While catching at a baseball game in Comber, Monday evening, without a chest protector, Clare Dalgleish of West Tilbury, missed a pitched ball and was struck over the heart. He lived only three minutes after being hit.

FORD

never held up for weak storage battery.—R. Morningstar. 17t-18t.

Wesley Sharpe, 12th con., Bosanquet, had a team of horses attached to a manure spreader run away on Tuesday, he was thrown off the spreader which ran over him causing a broken rib, and some internal injuries, which are not thought to be serious.

Western Ontario's great March ice storm may have marked the beginning of a new era in hardy fruit culture, for throughout the district today there is a unanimous report of the absence of all the usual parasites which at this time of the year cause fruit growers such concern. Fruit trees are loaded with such a wealth of blossoms as has not been seen in years, and many observers of repute attributes both the heavy blossoming and absence of fruit pests to the trees having been encased in ice for the greater part of a week.

The death of Maria C. Southworth wife of John H. Cornell, of Theford, on May 16, marks the passing of an old pioneer of Bosanquet. She was the daughter of Eleazar and Anna Southworth, and was born in Farley, Vermont, in 1836. She was of the old Puritan type, her ancestors coming over in the Mayflower. Her great grandfather was an officer in the Revolutionary war and her father a Captain in the war of 1815. She was the youngest and last surviving member of a family of thirteen. In 1837 her parents settled in Pickering, and at the age of 18 she came with them to Bosanquet, being among the first settlers in this township. In 1856 she was united in marriage to Samuel Dark, and one daughter, Mrs. C. O. Foote, of Seattle, Wash., was born to them. Mr. Dark died in 1859, and two years later she became the wife of John H. Cornell, who survives, with five children, Mrs. Henry Traver, of Theford; Mrs. G. L. Savage, of Canac, Mich.; Chester E. Cornell, of Stony Plain, Alta.; Sylvanus E. Cornell, of Edmonton, Alta.; and Mrs. Manford Kemp, of Theford. Seven grandchildren and three great-grandchildren also survive.

THE NEW TAXATION

Ottawa, May 23.—The new taxation announced by Hon. W. S. Fielding in the House to-day follows:

Sales tax increased by 50 per cent. The sales tax jumps from 3 to 4 1/2 per cent.

Passenger automobiles, 5 per cent, up to \$1,200; 10 per cent, above \$1,200. The previous tax was 3 per cent all round.

Confectionery is taxed 5 per cent. Ale, beer, porter, etc., to pay tax of 15c a gallon.

Mineral waters and other soft drinks, 10c a gallon.

Checks, 2c up to \$50; 2c on each additional \$50.

Telegrams and cables, increased from 1c to 5c.

Transfer of stock, increased from 2c to 5c per share.

Beet sugar, 49c per 100 pounds. Cigars, excise from \$6 per thousand to \$9 per thousand.

Cigarettes increased from \$6 and \$11 per thousand to \$9 and \$14.

The excise of 5c a pound on tobacco grown in Canada, is not to be collected when such a tobacco is taken into a licensed factory.

Five per cent, tax on cost of insurance in purely mutual companies hitherto exempt.

Tax reduced on matches in small boxes.

No change in income taxation.

GARDEN PARTY IN ADELAIDE NEXT FRIDAY

A Garden Party will be held at the home of Ira E. Downer, Adelaide, lot 13, con. 4, on Friday evening, June 2nd, under the auspices of the Napperton U.F.O. and W.F.W.O. Clubs.

The 2 1/2 hour program will be given by the Presbyterian Choir, Strathroy, 22 members in the company and each an artist, all dressed in old time costumes (some 100 years old). A varied program will be given: violin selections, readings, solos, duets, quartettes, etc. This has been given twice in Strathroy and people are coming out to hear it the 3rd time.

The very popular Fisher Orchestra will also be present to supply music while the people are gathering and at intermission. Proceeds go to help swell the building fund of the Strathroy Hospital.

Admission 25c and 15c. Grounds illuminated by Mr. Meredith Morgan's Deice light system. Orchestra will be on hand at 8 p.m. to start their part of the program.

FRIDAY, MAY 26, 1922

OF PASSING INTEREST

French aerial transport companies are preparing to cut passenger fares to the same level as that charged by railroad companies.

Seventy-six millionaires committed suicide in the United States last year. Great wealth is no guarantee of happiness and peace of mind, and only too often it is but an added burden and an incentive to lower living.

The Workmen's Compensation Act plays a big part in this Province. Accidents totaling 54,851 were reported under the Act during the past year, of which 542 were fatal. The sum of \$7,076,769 was awarded in benefits to injured workmen.

Eskimo pie, which is said to be replacing the ice cream cone, was accidentally discovered by a Denver soda clerk who split some milk chocolate in an ice cream can, and noted that the chocolate hardened without melting the ice cream. Thus was brought about a new form of confection.

It is officially stated in the United States that only 10 per cent. at most of former drinkers are drinking now, and these are drinking but five per cent. of the quantity of liquor that was formerly consumed.

The general opinion among representatives in Quebec is that there will be a sufficiency of farm labor during the coming season, with the usual scarcity of first-class men. Wages

per month, with board, will likely range from \$25 to \$40 a month, mainly around \$30. Married men, with house, garden, etc., will get from \$350 to \$550 a year.

The business of the Ford Motor Company and Detroit, Toledo and Ironton Railroad may be transacted by Radio Telegraph and Telephone in next six months. Four stations are now being devoted to transmission of company messages, it was announced Friday. The stations are located at Northville, Flat Rock and Dearborn, Mich., and Springfield, Ohio. The company is transmitting between 2,000 and 3,000 messages a month for the railroad company, officials said, and if within the next six months the plan proves feasible, the broadcasting station will be enlarged, the railroad directed and the company's commerce throughout the United States carried on through it. Business is now being carried on between Springfield and the Highland Park branches by Radio Telegraph and Telephone, the officials said.

On consideration of the Judges' Act in the Senate Hon. Mr. Barnard gave notice of an amendment to the effect that the governor-general-in-council, on the recommendation of the Minister of Justice, after three months' notice had been served on a judge, who through age or other infirmity was unable to perform his duties and who still refused to retire, that the salary of the said judge be reduced to \$1 per annum, and continue at this amount until he retires, when his retiring allowance would be based on the salary previous to notice being given of the desire for his resignation.

It is a great thing to have a geographical mind, because then only could one appreciate the following from the Providence Journal: "A twelve-year-old girl has walked from the Atlantic to the Pacific in less than seventeen hours. It may be unnecessary to add that this interesting feat was accomplished on the isthmus."

A. W. McNeill's motion to prohibit the manufacture and importation of

oleomargarine in Canada was voted down in the Commons on Monday by a majority of 26. The debate was general and did not follow any party lines. The motion read "That in the opinion of this House it is desirable that in the best interests of the dairy industry and of the public generally the manufacture and importation of oleomargarine should be discontinued in Canada after September 1st next.

COMMENTS BY EXCHANGES

Sharp practices will not cure dull times. What Ireland needs is a coalition party.

The white race will continue to dominate only so long as it acts white.

Take care of your sense and your dollars will take care of you.

Lots of peace has been made, but supply is still short.

The slogan seems to have changed from votes for women to smokes for women.

"Peace Concluded in Ireland." If we remember right, it came to a conclusion some centuries ago.

Whenever capital and labor wrestle, prices come out on top.

Listening to the story of the coal operators almost brings a lump to one's throat—not to one's big executive.

"Business needs more able executives." That's encouraging. For a time we feared it would need an executor.

When a man tells you he is working up the ground don't assume he is making a garden. He may be playing golf.

EXCELLENT REPORT OF STERLING BANK

Profits Increased and Policy of Strengthening Position of the Bank Successfully Followed

A very satisfactory result attended the operations of the Sterling Bank the past year, as indicated by the sixteenth annual statement presented to the shareholders to-day, April 29. As stressed by President Somers in his address to the shareholders, conditions during the year were by no means ideal from a banking point of view, but none the less the earnings showed a satisfactory increase, totalling \$260,694, enabling the 8 per cent. dividend to be comfortably paid, enabling the substantial amount of \$130,000 to be set aside for writing down of assets, and leaving a balance of profits of \$38,035 to be carried forward.

The general position of the bank is shown as extremely satisfactory. Toronto assets now reach the sum of \$23,444,227, of which \$10,413,247 is in Dominion and provincial government securities and \$1,384,993 in municipal funds, almost as high grade a form of investment as could be devised. Total readily available assets amount to \$15,660,449, equal to 90 per cent. of public deposits and 72 per cent. of the bank's total public liabilities, a very strong position indeed.

Both total current loans and deposits increased during the year, the former amounting to \$7,053,386, and the latter to \$17,353,098.

The reserve fund of the bank stands unchanged at \$500,000.

BETTER SLEEPING CARS NEEDED

(The Railway Age, New York)

A bed-chamber for both sexes in which the occupants are separated by flapping, ill-fastened curtains and in which these travellers are obliged to wriggle out of and into their clothing in a series of acrobatic movements, half of them climbing to their roosts by step-ladders, is an institution which is hardly up to our twentieth century ideas of modesty or comfort. It would seem that inventive genius which has evolved the "folding apartment" in our cities might overcome these crude and offensive conditions in our sleepers. A series of extremely narrow staterooms with transverse berths and just sufficient floor space in which to stand on one's feet while dressing or undressing is one theory which it would seem might be put into practice by inventive genius. It would be possible that such an arrangement might be worked out for single or double berth combinations and without a serious sacrifice of passenger-carrying capacity. Solid partitions would, of course, replace the miserable makeshift of present curtains and decency and comfort make a night journey a pleasure. Let there be some real progress in sleeping-car interior lay-out.

One of the most effective vermifuges on the market is Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will prove a very serviceable medicine for children in regulating the infantile system and maintaining it in a healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

Farm Loans

If you require additional funds for legitimate farming extensions this year you will find a talk with our local Manager a profitable one.

You will find, too, that each loan carries with it a full measure of Sterling Bank Service.

G. T. SOMERS, President. Toronto, April 29th, 1922.	A. H. WALKER, General Manager.

AUDITOR'S REPORT

This statement has been duly vouched for by comparing all entries with the books at the Chief Office and certified Returns from the Branches, and in my opinion is properly drawn up so as to exhibit a correct view of the condition of the Bank.

Cash and Securities have been checked at the Chief Office at 29th April, 1922, as well as at another time during the year, as required by Section 36 of the Bank Act.

I have obtained all the information and explanations required, and am of the opinion that the transactions of the Bank, which have come under my notice have been within the powers of the Bank.

J. J. ROBSON, C.A., Auditor.

The President in his address, said in part: "The earnings reached the sum of \$260,694.22, an increase of about \$5,000 over last year, a substantial return on our average mid-up capital, so that after paying a dividend of 8%, amounting to \$98,618 it leaves us with a substantial amount with which to follow out our usual policy of writing down our assets in a conservative way.

Some of the salient features of this Report may be summarized to express more clearly the development made by the Bank during the year:

Earnings show an increase.

Assets, despite deflated conditions, remain practically unchanged.

Current loans show an increase.

Our total assets now reach the sum of \$23,444,226.69. You will note that we hold \$10,413,247 in Dominion and Provincial Government Securities and \$1,384,993.50 in Municipal Bonds. I need not point out to you the stability of this class of security, but it must be a source of considerable comfort to you to know that our assets consist of such investments. Our total readily available assets are \$15,660,448.79, or 90% of our deposits from the public and 72% of our total liability to the public. The proportion of our readily available assets to our total liabilities, including Capital and Reserve, is 68%. This shows an exceptionally strong position, and I need hardly say that it is in this strength and stability that lies the source of our development and increasing success.

I Can Save You 36½ Days a Year

You know from laborious experience that you spend at least an average of one hour a day in pumping water for use about your farm.

Stop losing this valuable time. Save your strength. Install a Toronto Windmill and see how quickly it will pay for itself.

Toronto Windmills are quiet, efficient workers. Cost nothing to run. Require practically no attention outside an occasional oiling.

And when linked up with a Toronto Pump and Toronto Water System, a Toronto Windmill will give you a city water service right on your farm.

FOUR Shingles In One Brantford ASPHALT Slab Slate

THE newest idea in roofing. Just think of the time and cost of labor saved in laying the roof of a big barn, freight shed or other large building with this new Brantford Asphalt Slab Slate which is four shingles in one. Fewer nails are also required.

Brantford Asphalt Slab Slates are so cleverly designed that a roof laid with them has the appearance of being covered with individual size shingles.

One size only: 32 inch x 12 inch, with cut outs five inches. They are laid five inches to the weather. Red or green color.

Brantford Asphalt Slab Slates are made of the same materials as our famous Brantford Asphalt Slates which have given such satisfaction for artistic homes.

The same roofing in roll is called Brantford Crystal Roofing and weighs 80 to 85 lbs. per square.

Particulars about these roofings furnished on request.

BIRD'S COMBINATION WALL BOARD

NEW ROOMS IN A FEW HOURS

Do you need another room? Do your walls need redecorating? Bird's Combination Wall Board is just what you should select for making two rooms out of one, for replacing old walls and ceilings, or for wainscoting.

Bird's Wall Board is oak grained on one side, cream white on the reverse side. If you wish to paint it, it takes paint easily and economically. Comes in sheets ready to use—only hammer and saw needed to put it up. Artistic interiors made in a few hours.

Think how many places there are in your home where Bird's Wall Board can be used to advantage. Then come in and let us tell you how little it costs.

Made by the makers of Paroid Roofing.

JOHN MCKERCHER, WATFORD

CHILDHOOD INDIGESTION

Nothing is more common in childhood than indigestion. Nothing is more dangerous to proper growth, more weakening to the constitution or more likely to pave the way to dangerous disease. Fully nine tenths of all the minor ills of childhood have their root in indigestion. There is no medicine for little ones to equal Baby's Own Tablets in relieving this trouble. They have provided of benefit in thousands of homes. Concerning them Mrs. Jos. Lunette, Immaculate Conception, Que., writes: "My baby was a great sufferer from indigestion, but the Tablets soon set her right and now I would not be without them." Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

FORMER PLYMPTON MAN MEETS HORRIBLE DEATH

The article below refers to Robert Molton, a former resident of the 8th line of Plympton, and is a special despatch from Port Arthur under date of May 10th:

Robert Molton, a well-to-do settler at Cloud Bay, 35 miles from Fort William, was murdered Tuesday afternoon at 4 o'clock by an unknown party. Provincial police spent last night at the scene of the tragedy and returning today with Frederick Baldwin, whom they have detained in Port Arthur, on eight days' remand as a suspect. Baldwin was found wandering around one of the roadsides not far from the Molton homestead. It is alleged he has been paying attention to Gladys Molton, elder daughter of the dead man. It is also alleged that Molton had strenuously shown his objection of his last visit. Molton's body was found on the Molton road, off the highway half a mile. He had been shot three times. His younger daughter, Dorothy, found her father's body on her way home from school. A man was seen by the wife of Neighbor Randall waiting where the road branches in. This person was seen to disappear up the road after Molton had passed the turn, and a few minutes later three shots rang out. Mr. Molton was Road Commissioner in Cloud Bay, and highly respected. He leaves a widow and two daughters. He had lived at Cloud Bay many years. A brother, Henry Molton, has a farm nearby. Baldwin when arrested was wearing overalls. He is in Port Arthur jail, but has nothing to say and has not been asked any questions, nor can he be seen. An inquest was opened tonight by Coroner R. W. Boyd. After the jury viewed the remains adjournment was taken till the evening of May 19th. Near the scene of the fatality was found the brass jacket of one of the cartridges. The Coroner believes the murder was committed by soft nosed bullets from a high-power rifle.

Beside the relatives mentioned above deceased is survived by two other brothers and five sisters viz: Fred of the 6th line, Plympton; Alex of Port Huron; Mrs. Geach, London Road, Plympton; Mrs. Cicero Wallis, Forest; Mrs. McArthur, of Adelaide; Mrs. Robt. Carroll, of Sarnia, and Mrs. Johnson, of Detroit.

Latest reports state that Baldwin has confessed the crime.

PALE, WEAK GIRLS AND DELICATE WOMEN

Can Find New Health by Enriching Their Blood Supply.

Nature intended every girl and every woman to be happy, active and healthy. Yet too many of them find their lives saddened by suffering—nearly always because their blood is to blame. All those unhappy girls and women with colorless cheeks, dull skins, and sunken lusterless eyes, are in this condition because they have not enough red blood in their veins to keep them well and in the charm of health. They suffer from depressing weariness and periodical headaches. Dark lines form under their eyes, their heart palpitates violently after the slightest exertion, and they are often attacked with fainting spells. These are only a few of the miseries of bloodlessness. When the blood becomes thin and watery it can be enriched through the use of Dr. Williams' Pink Pills and the troubles that come from poor blood disappear. In almost every neighborhood you will find some formerly ailing woman, or pale breathless girl who has a good word to say for this medicine. Among them there is Miss Laura Monaghan, Campbellton, P.E.I., who says:—"Before using Dr. Williams' Pink Pills I was in a badly run down condition. I was pale, thin and scarcely able to go about. The least exertion made my heart palpitate so violently that I was actually afraid one of those spells might carry me off. Often my nights were sleepless, and as the treatment I was taking did not help me I was almost in despair. Finally a friend advised the use of Dr. Williams' Pink Pills and in the course of a few weeks after beginning this treatment there was a decided improvement in my condition. I continued using the pills and am now enjoying good health. I am glad to give you my experience in the hope that some other sufferer may find the way to better health." These pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

FOREST

Geo. E. Decker, formerly of Forest, died in California April 24th.

Mr. Walter Morris and Edith and Mary visited their grandfather, Jno. Scoffin and aunt Amy on Sunday, prior to moving to Dayton, Ohio, where their father, Mr. Thomas Morris has been for the past month.

Mrs. N. McCahill who has spent the past month in Royal Oak, Mich., with her daughter, Mrs. Arthur Codling, came home Saturday. Mr. and Mrs. Codling accompanied her home and spent Sunday with Forest friends.

The A. Y. P. A. of Christ church enjoyed a Progressive Walk, on Friday evening as far as the 6th line, Warwick, where a large bonfire was built on the flats beside Hickory Creek, at the Arkona bridge, and a social time spent.

The members of Miss Lilla Bailey's class of Christ church Sunday school met at her home, Broadway street, last Thursday evening to say farewell to one of their members, Miss Elizabeth Vennear, who is shortly going to Windsor to reside. The evening was spent in music, games, etc., after which lunch was served. Before returning to their homes Miss Vennear was presented with an ebony toilet set as a remembrance from her class-mates.

PETROLEA

The many friends of Mr. Sterling Tobias, who has been suffering from carbolic acid burns in Victoria Hospital, London, will be glad to hear that he is recovering nicely.

Mr. John F. Donald, who owns a piece of property, required by the Water Commission as a site for the proposed new reservoir on the P. & E. lowline and the Commission so far have been unable to agree on a price. The Commission wanted about an acre of land and was willing to pay \$380 for it but Mr. Donald stood firm for \$500. A bylaw was passed by the Commission at a meeting held last night to expropriate about 1 1/2 acres.

About forty young people of Wyoming Methodist League, motored to Petrolea on Monday night and entertained the local leaguers, in the basement of the Methodist church, with a splendid musical program. After singing a hymn and a short prayer the meeting was handed over to the visiting President, Mr. W. W. Rice, who after a few appropriate remarks, continued the program as follows: Solo, Miss Annie Brownlee; instrumental, Miss Vida Harkins; vocal duet, Misses M. Hallam and Irene Jones; reading, Miss Marion Stinson; vocal duet, Miss Vida Harkins and Harold Smith. The way in which the numbers were applauded demonstrated the appreciation of the audience. The program was followed by games in charge of the local President, after which a tasty lunch was served. A hearty vote of thanks was extended to the home leaguer by the visitors for the way in which they were received. The singing of "O Canada" brought the evening to a close.

WHAT IS HOME;

A magazine invited replies to the question, "What is home?" and eight hundred answers came, representing all classes of society, from homes of wealth or poverty, refinement or crudeness. Seven, which the Editor called "gems," were selected and published. They deserve further notice. Here they are:

- Home—A world of strife shut out, a world of love shut in.
- Home—The place where the small are great and the great are small.
- Home—The father's kingdom, the mother's world, and the child's paradise.
- Home—The place where we grumble most and are treated the best.
- Home—The centre of our affection round which our heart's best wishes twine.
- Home—The place where our stomachs get three square meals daily and our hearts a thousand.
- Home—The only place on earth where the faults and failings of humanity are hidden under the sweet mantle of charity.

ANOTHER GAME SANCTUARY

A new provincial game sanctuary has been set aside by order-in-council of the Provincial Government, in the township of Caledon, Peel county, The Peel game reserve, which comprises about 2,000 acres, is the fifth one which has been marked off by the Government, the others being the Miner, in Essex county; the Eugenia, in Grey; the Pease Marsh, in Grey, and the Nopiming, on the banks of the Ottawa and Mississippi rivers. The Peel reserve has been designated at the request of residents in that locality. The hunting, taking or killing of any game bird or animal in or upon such preserve is now prohibited. It is not intended at the present time to stock the sanctuary with further game.

Guide-Advocate

FRIDAY, MAY 26, 1922

A heading in a Toronto paper is "What Do Women Want?" That's easy. The unmarried ones want husbands and the married ones want money and bargain sales.

Members of the House of Commons require two days to observe the memory of the late good Queen Vic, but ordinary voters must be content with one.

Calgary Albertan—Is the day close at hand when moving picture films will be broadcasted by wireless, enabling families to have the best movies right in their homes, on a sheet pinned to the wall?

Mary Pickford has started to accumulate a library. Well, she won't have to turn the book agents away because she is short of the price to buy any expensive work she desires, like many of us are obliged to do.

The open season for gasoline price advances has begun. The way the American oil companies are putting up prices, two or three advances in a couple of weeks, suggests a combined effort to get in the hay during daylight saving. The oil companies in Canada are getting the fever also.

The Drury Government is out for the coin. Liquor export warehouses will be asked to pay a tax of \$15,000 each year into the coffers of the Province, and a flat five per cent. on all part-mutual wagers at race tracks will have to be turned over daily to the Province. Furthermore, legislation will probably earmark an increase in the fee for motor car licenses next year.

Fifty persons were arrested and fined when a raid was made on a cooking main in Montreal recently but the detective who caused the arrest had to do some crowing to gain admittance. In the good old days one could carry his rooster to the back lot under his arm and the neighbors could gather around without interference.

Kitchener, Welland and some other towns are squabbling about standard and daylight saving time. This question, one would think, could be easily settled to the satisfaction of all by adopting standard as the time to go to work and daylight time for the hour of quitting work. This would be a fair compromise and should be acceptable to all parties. Fifty-fifty, so to speak.

It was stated in the House of Commons Monday that the dining cars on the government railways were run at a loss of \$117,394.22 during 1921. Judging by the charge made for sufficient food to take the edge off one's appetite one is inclined to think that the figures must mean a surplus not a deficit. By the way where did they get that odd twenty-two cents? Anything so small as that could not be found in a dining car with a magnifying glass.

THE ONTARIO RAILWAY AND MUNICIPAL BOARD

IN THE MATTER OF THE Application of the Commissioners for the Telephone System of the Municipality of Brooke for an Order authorizing the Council of the said Municipality to pass by-laws for the following purposes:

- 1. For the issue of debentures to the amount of Six Thousand Dollars (\$6,000.00) to meet the additional cost of establishing and extending The Brooke Municipal Telephone System.
2. For the issue of debentures to the amount of Seven Thousand Dollars (\$7,000.00) to meet the cost of reconstructing that part of the said system damaged by sleet storm.

The repayment of the debt incurred under the proposed by-laws will be met by a levy of ten equal annual instalments upon the property of the subscribers to the said system.

APPOINTMENT FOR HEARING. The Ontario Railway and Municipal Board having directed Francis Dagher, Esquire, Telephone Expert, to enquire and report upon the above matter, doth appoint Tuesday, the Sixth day of June, A.D., 1922, at the hour of ten o'clock in the forenoon (Railway Time) in the Town Hall in the Town of Alvinston, for the holding of such enquiry, at which time and place all persons having an interest in the matter and desiring to be heard are directed to attend.

Dated at Toronto this Eighteenth day of May, A.D., 1922. H. O. SMALL, Secretary. m26-2t

WYOMING BANDITS (London Police Capture Five of Robbing Wyoming)

London, Ont., May 21 months' persistent quest daring bandits who raided of Toronto, at Wyoming, October 20, last, and \$14,000 in cash, culminating night in a sensation by provincial police is claimed by authorities for the four participants. The men arrested, are: Ed. A. McMullen, 28, single; George Anderson, 31, single; C.P.R. fireman, aged 27, single; John Yohn, 414 Pall street, C.P.R. fireman, aged 28, single. Manager Lambert, of Elliott, the teller, and the village, named Tyler four men sleeping in a the village on the day of the were brought to London. According to the police, the money has not been taken to the suspects' feigning thus secured resu Saturday night round-up. The Wyoming trio w county jail again and, allege, verified their emio As the crime occurred in County, the prisoners will be referred as soon as possible county jail at Sarnia, and be brought to trial in the. The money has not been ed, but the police are report that it was divided. Hamilton, and subsequently, McMullen carried \$32 when apprehended. The little or no money.

The provincial police working on the case for weeks, and in the final stage round-up, had the ass Pinkertons from Toronto, acting for the insurance, which indemnified the bank. The inability of one of to keep his counsel is said been the beginning of the events leading up to the. Certain clues were received weeks ago, and quite a London girl, alleged to be of one of the men, told youth that she had a secret. ed the word alone, and in stage it reached the Crown. The girl, and another who l on the scene, furnished m able information.

There is some uncertainty whether a reward stands arrest of the robbers. The Bankers' Association by standing offer of \$5,000 bank in Canada for the such bandits, but that offer made until some time after summer incident. It is reported that the girls who information are disposed to the fruits of victory if any able.

Captures Effected.

It is understood that the ers have been shadowed time, and the provincial off fairly well aware of the abouts when the arrests were ed upon last night. Action 10.30 at the corner of Du Adelaide Streets, when l Officers Palmer of London, of Sarnia, in a car driven l their deputies hailed M machine, in which Ayres an man were riding. The McJ stopped close to the curb a officers pulled over to t Mullen suddenly engaged his and attempted to make a b detectives' chauffeur out him and the cars jammed the curb. At the instant P Atkins sprang to the runni of McMullen's machine. l who was driving, instantly d volved and attempted to f was handcuffed and overpo ter a sharp struggle and a guns, while Ayres, collapse rear seat. The third man, probably unaware of what pening, and who, the polic not wanted for the robbery, was not interfered with. Th ers were taken at once to t ty jail and the officers proc a house on Horton Street, Clarence and Wellington where Yohn was visiting friend. Officer Palmer ente took his prisoner without r in the meanwhile Anderson, ing in his own automobile, vinal officers' machine pit up near his own home o Street and followed him to door. As he stopped he was surprise and offered no figh Anderson alone admitted fee record. He recently thirty days for a breach of A., and last summer he wa bolts for some days as a trouble at Port Burwell. A who was set upon by robbe a search of the spot next with an Elgin constable an a cheap watch which had been by one of his assallan watch was sent to London an fled by a local jeweler as o had been loaned to McMull his own railroad watch w repaired. McMullen claimed watch had been stolen from pocket in a caboose at Port. and he was discharged. The men are charged with robbed the Wyoming branch Bank of Toronto on Thurs ber 20, obtaining about \$

WYOMING BANDITS CAPTURED

London Police Capture Four Accused of Robbing Wyoming Bank

London, Ont., May 24.—A seven months persistent quest for four daring bandits who raided the Bank of Toronto, at Wyoming Village, on October 20 last, and carried off \$14,000 in cash, culminated Saturday night in a sensational round-up by provincial police which it is claimed by authorities, accounts for the four participants in the robbery. The men arrested, all Londoners, are: Ed. A. McMullen, 535 Prince Avenue, mechanic, age 28, single; George Anderson, 60 Palace street, C.P.R. fireman, aged 29, married; John John, 414 Fall Mall street, signmaker, aged 27, single; William Ayers, 817 Maitland Street, painter, age 28, single.

Manager Lambert, of the bank; Elliott, the teller, and a boy from the village, named Tyler, who saw four men sleeping in a school near the village on the day of the robbery, were brought to London yesterday. According to the police, these witnesses were taken to places frequented by the suspects and identifications thus secured resulted in the Saturday night round-up. This afternoon the Wyoming trio went to the county jail again and, the police allege, verified their opinions.

As the crime occurred in Lambton County, the prisoners will be transferred as soon as possible to the county jail at Sarnia, and they will be brought to trial in that city.

The money has not been recovered, but the police are following a report that it was divided, buried in Hamilton, and subsequently removed.

McMullen carried \$323 in cash when apprehended. The others had little or no money.

The provincial police have been working on the case for several weeks, and in the final stages of the round-up, had the assistance of Pinkertons from Toronto, who were acting for the insurance company which indemnified the Wyoming bank.

The inability of one of the robbers to keep his counsel is said to have been the beginning of the chain of events leading up to the capture. Certain clues were received some weeks ago, and quite recently a London girl, alleged to be a friend of one of the men, told another youth that she had a secret. She passed the word along, and in the next stage it reached the Crown Attorney. The girl, and another who later came on the scene, furnished much valuable information.

Captures Effected.

It is understood that the prisoners have been shown for some time, and the provincial officers were fairly well aware of their whereabouts when the arrests were decided upon last night. Action came at 10.30 at the corner of Dundas and Adelaide Streets, when Provincial Officers Palmer of London, and Atkin of Sarnia, in a car driven by one of their deputies hailed McMullen's machine, in which Ayres and another man were riding. The McMullen car stopped close to the curb and, as the officers pulled over to them, McMullen suddenly engaged his machine and attempted to make a break. The detectives' chauffeur out-jockeyed him and the cars jammed against the curb. At the instant Palmer and Atkins sprang to the running board of McMullen's machine. McMullen, who was driving, instantly drew a revolver and attempted to fight. He was handcuffed and overpowered after a sharp struggle and a flash of guns, while Ayres collapsed in the rear seat. The third man, who was probably unaware of what was happening, and who, the police say, is not wanted for the robbery, fled, and was not interfered with. The prisoners were taken at once to the county jail and the officers proceeded to a house on Horton Street, between Clarence and Wellington Streets, where John was visiting a lady friend. Officer Palmer entered and took his prisoner without resistance. In the meanwhile Anderson was driving in his own automobile. The provincial officers' machine picked him up near his own home on Palace Street and followed him to his own door. As he stopped he was taken by surprise and offered no fight.

Anderson alone admitted any police record. He recently served thirty days for a breach of the O.T.A., and last summer he was in the toils for some days as a result of trouble at Port Burwell. A farmer, who was set upon by robbers, made a search of the spot next morning with an Elgin constable and found a cheap watch which had been dropped by one of his assailants. The watch was sent to London and identified by a local jeweler as one which had been loaned to McMullen while his own railroad watch was being repaired. McMullen claimed that the watch had been stolen from his vest pocket in a caboose at Port Burwell, and he was discharged.

The men are charged with having robbed the Wyoming branch of the Bank of Toronto on Thursday, October 20, obtaining about \$10,000.

Just at closing time, three o'clock, four men entered the Wyoming bank and the quartet approached the teller and asked for change for a \$5 bill. As the teller prepared to give him the change the other three pulled handkerchiefs down over their faces and drew guns.

Only one member of the staff had any intimation of the hold-up. Ronald Brown, the junior in the bank, saw the men approaching and, fearing that all was not right, left by rear door as the men entered the front, taking one of the guns with him. He spread the alarm and attempted to rouse the villagers to action, but without success. Despite the warning which Mr. Brown had given, the bandits were enabled to ransack the bank for some 10 minutes, and leave practically unmolested.

The four men ransacked not only the teller's cage, but the vault, where they obtained the greater part of their loot. They forced the manager to open the safe at the point of a gun.

When the men had completed their almost leisurely search of the premises they left the building by the rear door, cutting across a couple of vacant lots to a side street, where they made their getaway. Mr. Brown who had stayed in the vicinity of the car, fired several shots at the men as they drove away. One of the bandits stumbled as he was about to enter the car, but whether he was struck by a bullet it was impossible to tell.

When the bandits left Wyoming they headed east in the general direction of London and barely escaped encountering the London police, who had been notified and were patrolling the roads to the west of the city.

At the time it was believed that the men had used a car stolen from the garage of R. T. Wright, at Thorndale, on the night previous to the robbery. The car was later fished from the Niagara River, near Chippawa, a total wreck.

It is expected that the men will be taken to Wyoming for preliminary hearing, but it is not known when this will be.

The alleged Wyoming bank robbers were taken to the county jail at Sarnia by motor on Tuesday and placed in custody of Lambton officials. It is expected that the men will be taken to Wyoming for preliminary hearing on Friday.

WANSTEAD

Mrs. George Leach is leaving for the West shortly to visit her son, Chester.

Mr. Jas. Armstrong, Wanstead, is in St. Joseph's Hospital London, taking treatment.

The local basketball team have been practicing for the first game of the season at Mandaunin on Tuesday, May 23rd.

The Wanstead U. F. O. are intending to share with the Kerch Club on May 24th with the day of sports that is being prepared.

Great surprise was expressed in this vicinity at the capture of the hold-ups who looted the Wyoming Bank. Better still get the Murrell Bros.

Mr. Russel Anderson and his sister Irene, accompanied by Mrs. John Brereton, Mrs. Alvin Alexander and Mr. Bert Minjelly of Galvary church motored to London on Wednesday to attend the Young People's Convention at the Adelaide St. Baptist church.

The return game between the Wyoming and Wanstead baseball teams

was played Monday night and the local team proved themselves quite at home, defeating the villagers by 11-8. Arrangements were made for a game on Saturday but was postponed on account of wet grounds.

ARKONA

Seed Corn, Sugar Cane, Millet on hand.—Brown Bros.

Mr. Gus Murray has accepted a position in the Standard Bank.

Mr. George Fuller is installing a Radio station in Fuller Bros. store.

Dr. Woods attended the Dental Convention held in Toronto last week.

Mrs. James Byreley of Sarnia, spent the weekend with friends in the Ark.

Mr. Ed. Dickinson has commenced work on his new residence on King street.

Mr. Eames of Hamilton is spending a few weeks with her mother, Mrs. Russel.

Mr. Hawkins of London renewed old acquaintances in the Ark one day last week.

Mr. and Mrs. Horatio Smith are spending the week with their daughter in Detroit.

Mr. and Mrs. C. Everest of Port Huron are renewing old acquaintances in the Ark.

Holeproof Hosiery in silk and lisle—the best value in Canada. For sale by Brown Bros.

Mr. Edward Pressey and family of Strathroy spent Sunday with Mr. and Mrs. Thos. Pressey.

Arkona merchants will close on Wednesday afternoons during June, July, August and September.

Mr. James Evans and family motored to Durand, Mich., where they will spend the present week with relatives in that city.

Mrs. Burnard Morningstar who underwent an operation in London hospital some time ago, is recovering at her home here.

The little son of Mr. and Mrs. Ernest George had the misfortune to break his leg while playing in the yard last week.

Mr. R. H. Wilson was nominated as councillor to fill the vacancy caused by R. E. Wilson (resigned). Mr. Wilson was elected by acclamation.

Mr. Delos Uiter met with a painful accident last week when sliding down a tree, a pitchfork which was leaning against it ran into his leg.

Recently the community supper netted over \$50 towards the Soldiers' Memorial which is to be unveiled July 1st, the first day of the Arkona Old Boys' Reunion.

A few friends met at the home of Mrs. Hugh Ross in honor of her birthday. A very pleasant afternoon was spent which Mrs. Ross, being a "shut-in" enjoyed. After serving lunch, and music on the victrola, all left wishing her all happiness.

The Women's Institute met at the home of Mrs. Benedict, Saturday, and elected the following officers: President, Mrs. Alex. Oakes; vice-president, Mrs. R. Smith; second vice president, Mrs. Seymour Lampman; secretary-treasurer, Mrs. W. C. Lucas; treasurer of cemetery fund Mrs. N. Stoner.

The Ladies' Aid of the Methodist church met at the home of Mrs. B. Ott, last Friday, and elected the following officers: President, Mrs. F. Nelson; vice-pres., Mrs. P. Bearss, secretary, Mrs. Alex. Johnston; assistant secretary Mrs. J. L. Brown, treasurer Mrs. (Dr.) Woods; assistant treasurer, Mrs. F. Lamb; pianist, Mrs. Glover Sr. The ladies are purchasing a tray for the church communion service and will redecorate the interior of the church. The past year has been very successful.

KERWOOD

Mrs. Rowe of London visited her niece, Mrs. Seymour Langford.

Mr. and Mrs. M. C. Morgan and family spent Sunday with friends in London.

The St. Paul's W. A. will meet at Mrs. Robt. Denning's on Wednesday, May 31st, at 2 p.m.

Mrs. McDonough of Copetown was the guest of Miss M. Barnes over the weekend.

Mr. and Mrs. Clare Fuller of the second line south, spent Sunday guests of Mr. and Mrs. Fred Richardson.

The District Meeting of the Women's Institute will meet at Mosa S. S. No. 9, on June 7th. There will be morning and afternoon sessions. Dinner will be served.

The Kerwood Lodge also the surrounding lodges of Odd Fellows will meet on Sunday next at the lodge room and march to St. Paul's church for worship at 3 o'clock.

An At Home will be held in the Methodist church next Thursday evening when all the congregation will meet for a social time and reports of the different societies will be given. Tea will be served at the close of the meeting.

The annual summer meeting of the Women's Institute met at the home of Mrs. de Gex and was well attended. Members and their friends to the number of sixty enjoyed the

INWOOD

Mr. Leslie Armstrong is visiting in Detroit.

Mrs. Jennie P. Warner is visiting in Albion, N. Y.

Dr. S. F. Tichborne is visiting in Philadelphia, Pa.

Miss Bertha Oakes of Watford is renewing friends in town.

Mr. and Mrs. Alex. Blaikie spent a few days recently in Wyoming.

Dr. and Mrs. McLean and son were in Forest Tuesday of last week.

Mr. Ben Richardson of Kerwood is visiting his son, Mr. R. J. Richardson.

Miss Leitch of Oakdale has accepted a position in Calhoun's Confectionery store.

Mr. and Mrs. J. H. Morrison and Franklin left Thursday to spend a few days in Detroit.

Mr. and Mrs. J. A. Patterson of Toronto are visiting at the home of her father, Mr. J. P. MacVicar.

The Inwood Baseball team motored to Oil Spring Monday night and were defeated by the Oil Springs team.

Miss Beverly Tichborne, nurse-in-training, at St. Joseph's Hospital, Chatham, was home a couple of days last week.

Messrs. W. R. Dawson, Arthur Loosemore and Johnston Vance attended the Shriners' Ceremonial in Windsor last Friday.

Mr. and Mrs. George Cade of Mt. Brydges spent a few days in town and attended the funeral of her uncle in Sarnia on Sunday.

Mr. and Mrs. Andrew Munro, and Mr. and Mrs. W. J. Munro attended the funeral of their uncle, Mr. John Munro in Sarnia last Sunday.

Mr. Donald MacVicar of Knox College, Toronto, is visiting a few days with his parents at the manse, prior to spending the summer months in Manitoba.

Mr. and Mrs. J. W. Johnston and Mr. and Mrs. Clayton Johnston motored to Detroit last Friday for a few days visit and also attended the Shriners' Ceremonial in Windsor.

address given by Mrs. McDonough, the Department Speaker, sent to the Institutes in this section of Middlesex Co. The address was along good practical lines, rural problems and how to meet them; making money is secondary to making right-thinking and right living men and women out of our boys and girls. The teaching of right principles in the home. The supervision of school surroundings. The social side of country life are in the hands of its women and should be the first things in the home, Mrs. McDonough also told us how the government would assist in the purchase of play grounds in our community and also help with a community hall, and they also send out to Institutes who have facilities to show them, moving pictures along many educational and entertaining lines. She also touched on the laws of our country and pointed out to the Institute many laws that need revising and the united work of the Women's Institute could do it.

PLYMPTON

Mrs. Nancy Dewar, Sarnia, visited relatives on the London Road on Sunday.

Mrs. Carter is visiting with her daughter, Mrs. J. McCormick, London Road.

Mr. and Mrs. Harold Thompson of Sarnia spent Sunday with Mr. and Mrs. Will Forbes.

Mr. and Mrs. Allan Crookard and Keith, of Mooreline, visited "The Grievies" on Sunday.

Miss Mamie Kerton, who is housekeeper on the Hamonic, made a short visit, last Monday, to her home London road.

Mr. John D. Grieve, Miss Eleanor Grieve, Mr. and Mrs. Douglas Grieve and family, spent the weekend with friends in London.

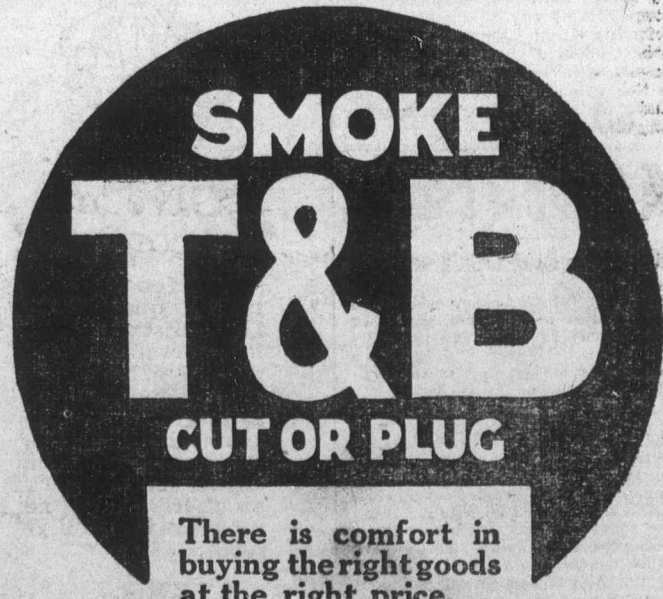

On account of Camlachie withdrawing from the Plympton Girls' Basketball League, the scheduled games for Kerch and Camlachie, May 22nd, was not played.

THE "HYDRO" RECORD

(By J. E. Middleton).
 A clear knowledge of the possibilities of the Hydro-Electric enterprise was not possible when the first contracts were signed. The twelve Pioneer municipalities had estimates before them as to the probable business, but these same estimates were questioned and even ridiculed by representatives of Private power companies.

The municipal councils went forward in faith, believing that the assurances of the Hydro officials were worthy of credence, and resting mainly upon the character, intelligence and public spirit of the men behind the enterprise. The results of ten years of operation justify in full measure the courage of the Councils which submitted the by-laws, and of the ratepayers who supported them. Each of the twelve has seen successive reductions of rates, and yet each has accumulated large surplus and reserve accounts. Despite the prophecies of some amateur seers the administration of the Hydro-Electric System has been kept clear of politics. No Patronage List has been maintained. The staff has been augmented by the appointment of the best available men without reference to their political views or to their acquaintanceship with eminent politicians. In a word, the "Hydro" has been operated as a business enterprise.

The administrators brought it through an economic typhoon caused by the war, maintained the equipment at the highest efficiency, faced enormous increases in the cost of labor and materials, met sudden and exceptional demands for power, and yet were able to reduce rates from time to time in scores of municipalities. In every respect the "Hydro" has had a creditable record. The hopes of its most optimistic friends have been realized. The amateur seers have been proved false prophets.

In view of these circumstances the "Hydro" has won the hearty approval of thousands who ten years ago were in a state of doubt as to the wisdom of the plan. Men who wondered if co-operative municipal ownership could ever succeed, know now that the project is practical in every detail. They are convinced that light and power can be supplied to consumers within 250 miles from a modern hydroelectric plant at rates which private companies cannot meet. They know that this most important result has been brought about without laying any additional tax-impost upon the ratepayers of any co-operating municipality—that the consumers in their moderate monthly bills carry the entire investment with ease and at the same time pile up surplus funds to balance their outstanding obligations.

A Double Escape

DOCTOR'S DAUGHTER'S STORY.

Another Toronto home provides evidence of how a simple cut, scratch or bruise, may pave the way to deadly blood-poison. Doesn't it show there's a vital need for keeping a reliable antiseptic like zam-buk, always handy?
 When called upon at 3, Bushness Avenue, Mrs. J. E. Zealley, daughter of the late Dr. Bevan, of St. David's, S. Wales, said—"My boy Alfred scratched his leg with the brass leg of a shoe lace. A nasty poisoned sore developed and it defied all the usual ointments. Hearing splendid reports about zam-buk I decided to give it a trial. To my great relief, the balm soon caused healing to set in. All inflammation and poisonous matter was quickly removed by zam-buk. It healed the sore without leaving a scar.
 Again when I fell over a steel fender and injured my knee badly, zam-buk alone saved me. My daughter, a nurse, was of the opinion that only an operation could remove the mass of inflammation and pus. But I again pinned my faith to zam-buk, and it cleansed and healed the wound in a few days. Equally valuable for eczema, pimples, cuts, burns, etc.

FITTING AND SHOWING THE HOG

(Experimental Farm Note)

The fitting and showing of swine is an art in itself quite apart from that of breeding. The careful breeder who prides himself on the breeding, and typiness of his hogs need not necessarily be unbeatable in the show ring. In large show classes where the competition is keen, the winning individuals must possess other qualifications than truiness to type alone, and probably one of the most important considerations other than type is what may be called show condition. This show condition is found in its greatest perfection at our larger shows where breeders with years of experience at their backs are in keen competition with one another. For those breeders who are less experienced and who may wish to take a hand in the game a few suggestions at this time may not be averse. Individuals which it is the intention of the owner to exhibit at this fall's shows should be selected at once. This is important if maximum size and development is to be obtained, and every day that this is delayed means that much more of a handicap for the individual in the show ring.

It is impossible to realize the desired results by forcing at the last moment, it being necessary, in order to obtain full development, to bring the individual along gradually. Forced feeding results in excess fleshing, with retarded development of frame, or on the other hand it may result in grossness and lack of quality.

Pasture, supplied with shade from the sun, and also, if available, running water, provide ideal conditions for the hog during the summer. These, combined with a well balanced meal ration fed in conjunction with green feed and skim milk, form a combination that is capable of giving the most favourable results.

The meal ration which is selected for this purpose should be one calculated to develop bone and muscle during the initial stages of the fitting period, and for the latter stages a somewhat higher percentage of fat producing foods should be supplied.

In order to appear to the greatest advantage the skin of the hog must be free from blemishes or roughness of any kind, and present a clear healthy appearance. One great source of trouble more particularly with white skinned hogs is that of sunburn. This can largely be prevented if some protection from the sun either natural or artificial is available where the hog may take shelter throughout the hotter parts of the day. These precautions are not sufficient, however, if the skin of the hog is to appear to the best advantage, so washing must be resorted to. It is not sufficient to let the washing go until the day before showing. Some considerable time before the hog is to be shown, at intervals of a few days, a thorough scrubbing with a soft bristled brush, linsed soap, and clean water are advised in order to clean the dirt out of the pores. Cleanse with clear water, and carefully remove all soap. Such treatment results in the freshness and bloom that is so attractive and desirable in show hogs.

Frequent handling of the hogs is necessary in order to have them accustomed to the presence and also submit to the will of their attendant without undue disturbance.

W. G. Dunmore,
 Assistant Animal Husbandman.

"Give me Vancouver!"

So perfect are the talking qualities of Long Distance that folks nowadays think nothing of calling up such distant points as Los Angeles, Vancouver, New Orleans, Dallas and Cuba. The answer comes back as clearly as if the voice was in the next room.

TEA SHORTAGE—HIGHER PRICES

In 1920, so much more tea was produced than required throughout the world, that the market dropped to a very low level. The situation was so serious for the growers that they agreed to reduce their production 20% during 1921. Consumption, which has increased tremendously, and the production of tea being curtailed, has resulted in the highest prices for tea in years. The recent reduction of four pence per pound on tea tax in England has further stimulated consumption, which means that even higher prices may soon be expected.

Death came to B. P. Overholt, principal of the Amherstburg High School, Sunday morning while he was engaged in reading his Bible in his home. Heart disease was the cause of death. Mr. Overholt was 44 years old and for the past 12 years had been at the head of the town's educational affairs.

There was an impressive dedication service in St. John's Anglican church Wednesday night when His Lordship the Bishop of Huron dedicated a brass cross for the communion table of the church. The cross was presented by Mrs. Cowan, of London, "to the glory of God and in memory of Major Thomas Cowan," who was at one time a resident of Strathroy.

CATARRAH DEAFNESS
 is greatly relieved by constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions. Circulars free. All Druggists. F. J. Cheney & Co., Toledo, Ohio.

Muscular Rheumatism Subdued.
 When one is a sufferer from muscular rheumatism he cannot do better than to have the region rubbed with Dr. Thomas' Electric Oil. Let the rubbing be brisk and continue until ease is secured. There is more virtue in a bottle of it than can be fully estimated.

FRICITION-- THE UNSEEN ENEMY OF MOTOR VEHICLE AND TRACTOR EFFICIENCY

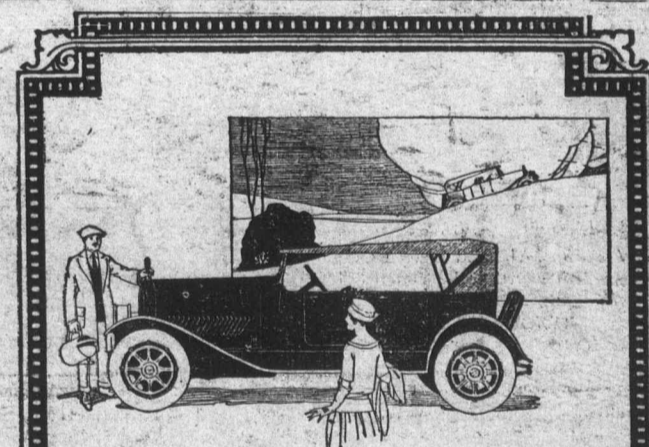

One of the most important factors in the operation of motor vehicles and tractors is correct lubrication. "CERTIFIED" Lubricants are manufactured with scientific exactness (by one of the largest oil refiners in Canada) and eliminate wear by stopping friction; when used continuously creates in every motor in any make of car perfect and permanent lubrication.

Motorists whose policy is to save "maintenance-cost dollars" rather than "price per gallon pennies" consider "CERTIFIED" Oils and Greases by far the most economical motor vehicle and tractor lubricants obtainable. Upon request one of our Lubricant Service-Sales men will call and explain further the merits of "CERTIFIED" Oils and Greases—the better motor vehicle and tractor lubricants.

Keep Your Car Looking New all the Time

DON'T let your car get dull and dingy. Keep it up-to-date; keep up your pride in it.

You can keep it looking like a new model if you'll give it a coat of Lowe Brothers Auto Varnish Colors every six months. Do it yourself. It's great fun. All it will cost is three or four dollars, and you'll

enjoy doing it. There isn't any trick to it at all.

Roll it out of the garage the second day, and the neighbors will think you have bought a new car.

If you want to change the present color, you have your choice of eight others. Come in and see the sample spokes and learn how easy it is to keep old cars looking new.

W. L. McCrae & Co.

Lowe Brothers

Paints - Varnishes

Canon Davis, who shortly retires from the rectorship of St. George church, Sarnia, had a strenuous day's work last Sunday. In the morning he preached to the Masons, then baptised twelve children. In the afternoon he officiated at a funeral and in the evening conducted the regular church service. A day of such activities would tax the physical endurance of a much younger man.

TO ENJOY PERFECT HEALTH

Every Woman's Wish—Read Mrs. Cassidy's Experience

Paris, Ontario.—"For five years I suffered with pains in my back and from other troubles women often have. All of this I was unfit for work and was taking the different medicines that I thought were good. I saw the advertisement in the papers of Lydia E. Pinkham's Vegetable Compound and have taken it faithfully. I am now in good health and do all my own work. I recommend it to others and give you permission to publish this letter in your little books and in the newspapers as a testimonial."—Mrs. D. Cassidy, Box 451, Paris, Ontario.

This medicine which helped Mrs. Cassidy so much is worthy of your confidence. If you are troubled with such ailments as displacements, inflammation, irregularities, or other forms of female weakness you should give it a trial now.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Mass. This book contains valuable information.

Wedding Cakes a Specialty

A Prime Dressing for Wounds.

In some factories and workshops carbolic acid is kept for use in cauterizing wounds and cuts sustained by the workmen. Far better to keep on hand a bottle of Dr. Thomas' Electric Oil. It is just as quick in action and does not scar the skin or burn the flesh. m

BOOMING BETTER SIRE

Publicity Methods Used in Forwarding the Campaign.

Motion Pictures the "Reel Thing"—Lantern Slides Also Useful—The Use of Gate Signs is Becoming Popular With Breeders—Can't Have Eggs and Mites, too.

(Contributed by Ontario Department of Agriculture, Toronto.)

The ultimate object of the campaign for better sires is to improve the quality of the beef and dairy herds of the country. To achieve the object it is necessary, first, to create in the minds of farmers an interest in and a desire for a better class of cattle. This cannot be done by writing and talking alone. The ideal way to create this interest would be to have the people see numbers of good cattle. As this is seldom practicable, the next best thing is the use of good pictures. It is in this direction that we have found motion pictures useful. If you can show an audience a number of reels of high class cattle, you secure their interest immediately, and when shown in pastures similar to the pastures in their own fields the appeal is very strong. Wherever such pictures have been shown, it has resulted in a number of the audience making enquiry about breeding, feeding and methods of caring for cattle to obtain the best results.

Motion Pictures Have Their Limitations.

Motion pictures are not well adapted for making studies of type. In this connection that we have found lantern slides valuable. The slides we have used have included close-up pictures of ideal representatives of all breeds contrasted with slides of undesirable and unprofitable types. One of the most interesting scenes showing a number of scrub cows, the good bulls to which they were bred and the resulting calves. This is the next best thing to having the animals actually there. In brief, motion pictures secure the attention of the audience and create a desire for information; lantern slides illustrate types and methods. Motion pictures made on Ontario farms have been used to illustrate the leading beef and dairy breeds. Wherever possible, groups of animals by one sire are included to show uniformity and high standard of breed type.

It is proposed to prepare a picture of market animals showing different grades. Some examples of grade cows of poor to fair quality with their calves by high class bulls, showing marked improvement in one generation by the use of a good sire, have been secured. It is hoped to secure more of these as they are the very best of object lessons.

The Use of Gate Signs.

In an educational campaign there are a number of essentials; one of which is to create an interest in the minds of those you wish to influence. It is not an easy matter to reach the man who most requires instruction. Bulletins and other literature sent to him often find their way into the waste basket unread. He is not easy to get out to meetings where the matter is to be discussed. The main object in using these signs is to reach the man who does not read bulletins or attend meetings. When he sees a sign on his neighbor's gate announcing the fact that a pure-bred bull is kept on that farm, it starts him thinking. If every farm where a pure-bred bull is kept is indicated in this way, natural curiosity will as a rule lead a man to make inquiries. Such an individual will probably have been claiming that his grade bull is just as good as the pure-bred, but he soon realizes that if he keeps a bull and has no sign up stating that it is pure-bred, the inference is that it is inferior.

The spirit of "Keeping up with the Joneses" while it may in some cases cause discontent, is a real factor in human progress. When you get a man in a receptive frame of mind, you have accomplished considerable; in other words, you have fertile soil. The mission of the gate sign is to create interest, and in this it is succeeding in a great measure.—J. E. Rettle, Assist. Live Stock Director, Toronto.

Can't Have Eggs and Mites, Too.

Hot weather brings the roost mites. They multiply so fast that the hen-house is swarming with them and the egg yield has dropped to almost nothing, perhaps, before you realize what is the cause. Therefore, don't wait for them. Make the house disagreeable to these pests before they show themselves. The process of keeping out the mites is one of the simplest in poultry culture. Kerosene will do it. It is easily applied, either by a broad flat paint brush or a spray. The paint brush will save kerosene, but takes time. The spray will save time and use kerosene. Take your choice, but paint or spray the roost and supports with kerosene before the mites put in an appearance. The morning is the best time, as the roosts will be dry and much of the odor from the oil will have disappeared before the hens return at night. Spray or paint every two weeks during warm weather. A good-sized egg check every month keeps the ball rolling. Don't let the mites get!

SEASON OF 1922

THE FASHIONABLY BRED CLYDESDALE STALLION

BARON'S JIM NO. 8488 C. S. B. OF CANADA

ROUTE

Monday, May 8—Will leave his own stable, Lot 27, Con. 12, Brooke, and proceed to Nichol MacIntyre's, lot 19, Con. 11, Brooke, for noon; W. W. Taylor's, lot 8, con. 10, Brooke, for night.

Tuesday—James Wilson's, lot 22, con. 10, Enniskillen, for noon; night, Isaac Ferguson's, lot 18, con. 14, Enniskillen.

Wednesday—Noon, Robert Capes, lot 1, con. 14, Brooke; night, Swanton Chambers, lot 11, con. 5, Warwick.

Thursday—Noon, James McIntosh's lot 18, N.E.R., Warwick; night, Jas. Parker's, lot 28, Con. 2, Warwick.

Friday—Noon Thence to his own stable where he remains until the following Monday morning.

W. M. P. REID, Proprietor and Manager Watford, Ontario

IN THE STUD-SEASON OF 1922

The Highly Bred Stallion PETER V. DILLON (63080-1895)

Enrolled under the Ontario Stallion Act. Inspected and Approved. Enrolment No. 4324. Form II.

2 year old record 2:28 1/4, 3 year old trial 2:15. Foaled in 1912. Bred by Vimont Brothers, Millersburg, Ky. Sired by Peter the Great, by Pilot Medium. Dam, Little Wonder, by Baron Dillon.

Peter V. Dillon will make the season of 1922 at the Race Track, Watford, with the exception of Tuesday night when he will stand at Chas. Anderson's stable, Forest.

For particulars address George Kilmer, Forest, or James O. Brush, Watford.

The New Farm House and Trees.

When planning to build a farm house it is well to select a location near good trees, so that their shade may be used and enjoyed by the family every day during the summer. It takes so long to grow good trees that existing ones should be cherished and utilized to the fullest extent. If trees must be planted they should not be placed directly in front of the farm house, but should be put somewhat to each side so as to make a frame through which a view of a portion of the front is obtained.

Apple Production.

Ontario continues to lead among the provinces of Canada in apple production with a total yield of 1,621,800 barrels, valued at \$13,078,765, an average price of \$8.06. Nova Scotia was not far behind with 1,166,000 barrels, valued at \$10,331,420, or an average price of \$9.42. British Columbia, on the other side of the continent, the province which is fast taking the lead in fruit production, held the third place with a production of 604,540 barrels, which at an average price of \$10.12 were worth a total of \$5,106,905. Quebec's total yield amounted to 88,000 barrels, worth \$569,688, or an average of \$6.47, and that of New Brunswick 30,000 barrels, valued at \$167,371, an average of \$5.78.

The total increase for the year in production amounted to 93,650 barrels over the figures of 1919, and in value \$5,452,939. The Provinces of Ontario and Quebec are responsible for these increases, both recording substantial gains over the previous year, while the other three fruit-growing provinces registered declines.

Pest Insurance.

Premier Oliver of British Columbia suggests a levy be made against all orchards as a "pest insurance," the funds to be used in compensating growers whose fruit or blossoms have been destroyed in the fight against the codling moth.

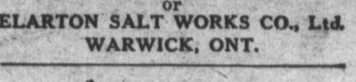

Everybody knows that in Canada there are more

Templeton's Rheumatic Capsules

Sold than all other Rheumatic Remedies combined for Rheumatism, Neuritis, Neuralgia, Sciatica, Lumbago, etc. Many doctors prescribe them, most druggists sell them. Write for free trial to Templeton, Toronto. Local Agent—J. W. McLaren

W. L. FRASER, Proprietor. m5-4 R.R.2, Forest.

Good News for Under-Nourished

Hundreds of people are literally starved in the midst of plenty because the system is unable to obtain sufficient nourishment from foods lacking Vitamins. Modern methods of preparing foods destroy those health-giving, strength-producing, body-building elements known to Science as "Vitamins" with the result that health is impaired, people are under-nourished, have indigestion, boils and skin troubles.

NYAL VITAMINE TABLETS supply Vitamins in concentrated form. They contain Yeast, Iron and other valuable agents for building up firm, healthy flesh, purifying and enriching the blood and strengthening the mental functions.

Take NYAL VITAMINE TABLETS, and watch your weight increase.

THE FARMER OF 1950

We've heard of inventions on land and sea. But greater inventions in future there'll be. The fables of old will sink in the past when viewed from the present that's travelling so fast. We've seen the horses pass out of sight. Motors and trains put up a great fight to remain as records of man and his ways. The aeroplane then took command of the days. It proved a greater boon when first it appeared, but faded in mist, its memory revered. To the coming of Radio, the power unseen, whose work is so much of a heavenly swing. No more must the farmer his laborers follow. Even by Radio he plows up his fallow. A tower is built in the corner of his farm and in it he sits remote from all harm. While by means of switchboards, currents and keys. He guides his machinery while sitting at ease; and listens attentively to some lengthy talk. Of some noted statesman out taking his walk. The cows in the pasture patiently wait. The power of Radio to open the gate. No need of a dog to follow them

home. With a Radio set secured to their dome. A gramophone barks, the sound is transferred, and homeward comes the obedient herd. The feed is put down from its place in the mow and untouched by hands is fed to the cow. The cows are watered, the pigs are fed, the chickens securely tucked in their bed. They tell us that music will make the hens lay, so listening to music they pass time away. The cows are more gentle when the milkmaid will sing, so a Radio Set in the stable they bring, and the old Jersey, who used to be frisky, now chews her cud to the time of Paderewski. The cream is churned and the butter is made, and produce to market by Radio conveyed. With markets all over the wide universe, the farmer is able now to converse. Then after the tasks of the day are done, he musters his family for evening fun. No more in their motors to town do they speed. For a Radiophone supplies all that they need. The babies are sung to sleep in their crib, stories are told in a manner quite

glib; speeches are made and songs are sung. Everything pleasing to both old and young. The farmer no more envies his city friend, for joys on the farm he has without end. So much depends on the varied wave length. The height of the aerial, the battery strength. That we often wonder while scientists rave, and figure and puzzle o'er the lengths of the wave, if ever a time in the future will come, when with Radio Sets "We can make our own rum." S. C.
