SAVE FOOD

In a time needing food economy many people are not getting all the nourishment they might from their food. It is not how much you eat, but much you assimilate, that does you good.

The addition of a small teaspoonful of Bovril to the diet as a peptogenic before meals leads to more thorough digestion and assimilation and thus saves food, for you need less.

AMERICANS AND ITALIANS

THE ITALIAN TROOPS HAVE RECAPTURED ALL LOST ARTILLERY

They Have Also Completely Re-occupied the Cape Sile Bridgehead—The Capture of Belleau Wood by the American Troops is of Considerable Strategic Importance.

While the Italians have been busily engaged in cleaning up the Piave battle front, gathering together the spoils of war and making straggling Austrians prisoners, the American troops stationed in the Belleau Wood, north-west of Chateau Thierry, have been devoting their time to showing the Germans again the fighting timber of which they are made.

Following up their recent attack as a result of which they occupied the Wood in its entirety; they have advanced their positions materially northwest of the Wood and made prisoners of 264 of the enemy, in addition to inflicting heavy losses in men killed or wounded.

The attack was launched Tuesday night with the purpose of driving out the few remaining nests of Germans in the Wood—nests which enemy parties constantly were harassing the Americans. It followed a hurricane of artillery, the intensity of which stunned even those of the Germans who previously had gone through the terrific drumfires of the British and French. The hammering of the guns was kept up for 13 hours before the infantry set out to accomplish its task, and the havoc wrought by the Americans, many of them of high explosives, was evident from the number of enemy dead strewn the ground and the state of general demolition that prevailed.

AMERICANS CAPTURE BELLEAU WOOD

The capture of Belleau Wood is of considerable strategic importance owing to the fact that from it the Germans had been able to rake the Allied positions on all sides of it with their artillery. Its eastern and northern edges also commanded the rear behind the German lines running to Chateau Thierry.

All the positions held by the Austrians on the lower Piave, constituting the Capo Sile bridgehead have been now taken by the Italians and the entire bank of the river is clear of the enemy. Nearly 500 prisoners were taken. Aside from the fighting, there has been little activity in the southern section of the Italian sector.

On the mountain, however, bombardments are in progress in various sectors and intensive artillery operations are going on along the entire front.

ITALIANS RECAPTURE LOST ARTILLERY

The Rome War Office reasserts that all the artillery lost by the Italians to the Austrians in the initial stages of the fighting has been recaptured.

On the battlefield in France and Flanders the operations continue on a minor scale.

The British, both in Flanders and in Picardy have carried out successful encounters against the Germans.

PRIZES FOR BOYS AND GIRLS

The Regulations Suggested Last Year Will Govern the Present Contest.

Owing to a misunderstanding, certain Children's Contest prizes promised last year were not awarded. Considering this fact we wish to repeat the offer this year in a modified form. Here is our offer:

To the boy or girl of Annapolis County, who exhibits the best pig, calf, lamb, pen of chickens, or collection of canning, at any school exhibition held in the County, the Education Department will pay a bonus of \$5.00. The regulations suggested last year will govern this present offer, which are as follows:

1. The exhibitor must have taken all care of his pigs and calves after they are four weeks old and chickens from time eggs were procured for hatching.
 2. Girls' work will be judged according to the usefulness of her productions.
 3. Every exhibit must be accompanied by an essay describing how the work was done.
- We hope local judges can be found who will be agreeable to all parties concerned. If not, we will arrange

to have some graduate from the Agricultural College do the judging.

Please call the attention of your children at once to this offer. Their material will be judged at exhibitions held at Lawrencetown, Bridgetown and Annapolis; also such centres as may be named later.

Trusting a large number of contestants will incidentally become food producers and food conservers, I am,
Very truly yours,
L. A. DEWOLFE.

Will all those who have school gardens, competing for the garden prize, please notify me as early as possible so that the gardens may be inspected.
R. E. THURBER.

The church was filled to the doors Sunday evening to listen to his farewell remarks. The Baptist church being closed to enable Rev. M. S. Richardson and congregation also to be present.

We know that they will receive a hearty welcome in Lunenburg and wish them continued success in their new field of labor.

His successor is Rev. W. J. W. Swetnam, a native of England, and a graduate of the Wesleyan Theological College of Montreal. He was ordained at Riverport with Mr. Reynolds in 1908, being the only two who remain in this Conference. Mr. Swetnam's first pastorate was the Brunswick street church at Truro, then followed Glace Bay and Kaye street church, Halifax. Here the saddest event in his life occurred when Mrs. Swetnam and their only son, Carman were killed in the Halifax explosion. His daughter, Dorothy, however, was spared and is at present residing with her aunt, wife of Rev. W. H. Watts, at Wolfville.

Mr. Swetnam is a strong pulpit man and an active and energetic pastor. We join the members of his new pastorate in extending a hearty welcome and wish him the same success that has been the good fortune of the man whose place he has been called to fill.

BRIDGETOWN CHANGES PASTOR

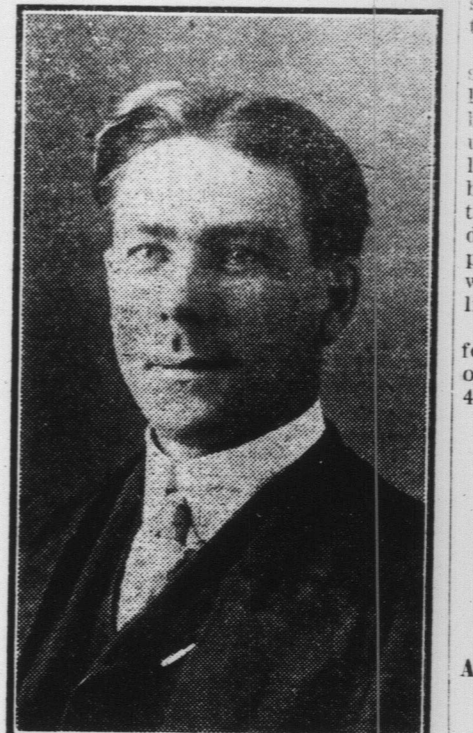

REV. A. R. REYNOLDS LEAVES FOR LUNENBURG AND REV. W. J. W. SWETNAM ARRIVES

Mr. Reynolds Made Many Friends Here Who Regret His Departure—His Successor is Also a Strong Pulpit Man and an Active and Energetic Pastor.

After four years of successful labor as pastor of the Providence Methodist church of Bridgetown and surrounding circuit, Rev. A. R. Reynolds, accompanied by Mrs. Reynolds and two children, leave tomorrow for Lunenburg, where he has become the Methodist pastor of that town.

Under the guidance of Mr. Reynolds, some forty or fifty have united themselves with the Methodist church here. No pastor and his wife could be more faithful either in spiritual or public affairs than Mr. and Mrs. Reynolds.

The former is not only a good preacher in the pulpit, but an earnest worker for the good of the entire

community, an interesting entertainer and a gentleman who will be greatly missed in social circles. He is a Past Master of Rothsay Lodge, A. F. & A. M., and also a member of Crescent Lodge, I. O. O. F., and Mrs. Reynolds is a member of Autumn Leaf Rebekah No. 41.

He has been a personal friend of the editor and his friendly calls and cheerful assistance will long be remembered.

POTATO SPRAYING

By G. E. Sanders, Dominion Entomological Laboratory, Annapolis Royal, N. S.

Of all operations conducted on the farm, it is probably that spraying potatoes is the most profitable. In fact, when one considers that the increased crop due to spraying one acre of potatoes at a cost of about \$15, is about 100 bushels, it becomes apparent that probably the operation or investment that can be relied upon to give the greatest returns of any open to farmers at least is potato spraying. It is equivalent to buying potatoes at 15 cents per bushel and it is more than probable that the price of potatoes will be more than ten times fifteen cents per bushel. Experiments carried on by the laboratory staff on the school plot at Annapolis in 1917 show that an acre of potatoes at the height of the growing season will store about 5 bushels of potatoes per day. The potato being mostly starch is made up almost wholly of materials that are gathered from the air by the leaf and

not of materials taken from the soil. As soon as the top dies, the storing of starch in the form of potato tubers stops. Unsprayed potatoes are likely to be and usually are attacked by potato blight when the normal crop of tubers is from one third to one half stored, and as soon as the tops are killed by the blight the storage of tubers ceases. Spraying with Bordeaux will protect potato plants absolutely from blight and will result in a normal season in keeping the tops green from ten to fifty days longer than normal. Keeping the tops clean for only three days will result in 15 bushels more potatoes per acre or more than the value of fifteen dollars, and fifteen dollars will spray an acre four or five times, cost of labor as well as materials included.

In view of the shortage of food and the probable scarcity of potatoes in 1918-19, it is but little short of a crime for a man to neglect the thorough spraying of his potatoes in 1918. Every acre thoroughly sprayed five times, means in a normal season, one hundred bushel more potatoes, and this year the country needs the potatoes.

Potatoes should be sprayed when about eight inches high, with a poisonous Bordeaux mixture, repeat every ten days or two weeks until the tops are done growing. Make sure that all parts of the plant, the tops and undersides of the leaves and the stems are thoroughly wet with the mixture.

To make Bordeaux mixture: Dissolve 4 pounds of bluestone in 20 gallons of water, and slake in another barrel 4 pounds of lime, making it up later to 20 gallons of milk of lime. Pour the two by alternate buckets into the spray barrel and add the poison. In using hydrated lime, dissolve the 4 pounds of copper sulphate or bluestone in 40 gallons of water and add 5 pounds of hydrated lime, stirring rapidly all the while.

- As a poison, one can use any of the following, they being arranged in order of value, present prices considered. To 40 gallons use:
- 1 1/2 lbs. arsenate of lime powder.
 - 1 lb. crystal arsenate of soda.
 - 1 lb. bordeaux arsenate of soda.
 - 1 1/2 lbs. arsenate of zinc powder.
 - 4 lbs. arsenate of lead paste.
 - 2 lbs. arsenate of lead powder.
 - 1 lb. paris green.

THE RACES AT AYLESFORD

A Large Crowd Witnessed a Good Programme

The horse races at Aylesford drew a large crowd Monday afternoon, all of whom appeared to be well pleased with the programme and the manner in which the whole affair was conducted. Seely, Craig Caldwell and all who were responsible for the day's entertainment deserve a lot of credit for their enterprise and the hard work which always falls on "the faithful few." The following is a copy of the score:

Christopher, Ill.—“For four years I
suffered from irregularities, weakness,
nervousness, and was in a run down
condition. Two of our best doctors
failed to do me any good. I heard so
much about what Lydia E. Finkham's

GRANVILLE CENTRE

June 25th
(By an Occasional Correspondent.)

Miss Leora Covert, of Karsdale,
visited friends here on Friday.
Miss Lucy Chesley, of Upper Gran-
ville, visited relatives here last week.

Messrs. J. C. Withers and G. M.
Bent spent Wednesday in Bridgetown.
Postmaster F. R. Troop has returned
from a few days' visit in St. John.

Mr. and Mrs. John Dunn recently
visited Mr. and Mrs. A. C. Chute in
Clarence.

Mrs. E. R. Wade and Mrs. Agatha
Troop spent a day of last week in
Middleton.

Private Judson Withers, who has
been home on furlough, left again on
Monday for Kentville.

Miss Ida Wade is visiting her aunt,
Mrs. Robert Wade, who is now at her
summer home, Karsdale.

Mr. F. C. Gilliatt, of the Entomo-
logical Laboratory, Annapolis Royal,
was at home over the week-end.

Miss Pauline McPhee, of Red Head,
N. B., was the guest last week of her
grandparents, Mr. and Mrs. J. M.
Troop.

Mrs. W. F. Gilliatt is at home
again after a very pleasant visit of
several weeks with relatives in Wolf-
ville, Upper Dyke and Paradise.

The house and barn of Mr. A. Ra-
fuse present a very nice appearance in
their new dress of paint put on by
Mr. P. Gesner, of Belleisle.

Mr. Ralph R. Bohaker, of Kars-
dale, accompanied by Mrs. Bohaker
and three children, spent a day of last
week with his cousin, Mrs. Calnek.

Mr. and Mrs. H. W. Longley, Miss
Vera and Master Carrol spent a day
last week with Mrs. H. Calnek by
whom they were accompanied on their
return to Paradise.

Mr. and Mrs. V. Arnold Eaton are
receiving congratulations from a host
of friends on the arrival of a daugh-
ter, June 13th. The wee girlie so
gladly welcomed, will have the pretty
name of Norma Ethel.

Should compulsory rationing come
to Canada, no one in Granville Centre
will be refused a food card, as all of
the age required, registered on the
22nd. Miss Powell, the Deputy Reg-
istrar, was assisted in the work by
Misses Susie Troop and Gladys Eaton.

Recent guests of Mr. and Mrs. A.
L. Gilliatt were Mr. and Mrs. Jarvis

Chute, of Bridgetown; Misses Alice
and May Woodworth and W. Wood-
worth, of Berwick; Misses Priscilla
and Evangeline Elliott, Lavinia Web-
ster, Mena and Victor Chute, of Clar-
ence, and Mrs. Adelia Ruggles, of
Annapolis.

Among the many cattle going from
Granville Centre, lately to different
buyers, the fattest were a pair of very
large steers, purchased by Mr. Gor-
don, of St. John, from Mr. W. F.
Gilliatt. The largest, however, from
one barn were six fine steers, raised
and fattened by J. and G. McCormick,
who sold to Mr. H. F. Williams, for
many years a favorite buyer in this
locality.

Capt. Harvey Hudson was in the
village on Friday, purchasing from
Mr. F. R. Troop two carloads of
stock feed. On retiring from the sea
a few years ago, the captain became
an agriculturist of Karsdale and is
proving as prosperous a farmer as he
was successively merchant and mas-
ter mariner. He is very enthusiastic
re stock and is delighted with the lat-
est addition to his herd, a fine Holstein
cow for which he gave \$240.

Progressive efforts on the part of
some of our agriculturists to further
production are likely to culminate in
excellent results. With the famine
menace increasing so rapidly in Euro-
pe, surely the need is urgent. The
going to the front of so many able
farmers means much greater respon-
sibility for those who remain at home.

Women as well as men, can do much
by responding with energy and will to
the great call for production and those
who never even dreamed of such a
thing should this year do all possible
at farming.

VICTORIA BEACH
June 25th
Sorry to report Mrs. Mary E. Bou-
dreau very ill at her home here.

The death of Harry Haynes occur-
red here on Thursday morning of lung
trouble. He was nineteen years of
age and well liked by all that knew
him. He leaves besides his parents,
five brothers, all of this place, and one
sister, who resides in Digby. The
funeral was held on Saturday and was
largely attended. We extend our
deepest sympathy to the bereaved ones.

agent of destruction. He lay quite
still a few yards ahead of the trench,
where his rush had carried him. The
morning drew toward noon***With
night came the beginning of his tor-
ment. First, it was thirst, then
fever, then delirium. Always his
spilling wound burned and throbbled.
Even on the second night, with the
rain beating down upon him, it glowed
like a kiln. By the third day his agony
spoke in screams***A
stretching party found him and trundled
him away, down through the line of
Red Cross units, from dressing
station to field base, eventually to Paris***He
was French, but he was fighting our
fight. He was French,
but a few days from now his counterpart
may be Canadian. There are bullets
enough for all. He may be
a boy you know, perhaps a neighbor's
boy, even your own. Fighting our
fight***Will you help him, when
his young body and vivid force are spent
and shattered, to retrieve what he
may? Give to the Red Cross. It
is the wounded soldier's truest
ally. It is his minister and
guardian. It is his hope. Help
the Red Cross campaign. Give
what you can. Give a dollar, five

dollars if you can. Do your part.
If you cannot go, give. Those
going are giving immeasurably
more.

MT. HANLEY

June 25th
Mr. Walter Hayes from Boston, is
visiting his mother at this place.

Mr. and Mrs. Percy O. Pierce, Mt.
Hanley, has moved to their farm at
Brooklyn.

Mr. William E. Elliott spent the
week-end the guest of his aunt, Mrs.
Eva Chute, of Clarence.

Mr. Lloyd E. Armstrong, of this
place, spent the past week with his
many friends at Hampton.

Rev. and Mrs. Lindsay and family,
of Port George, were calling on
friends in this place last week.

Mr. Carmen Sandford, of Clarence,
spent one day last week the guest of
Mrs. Jacob Slocumb, of this place.

Mrs. Euphenia Brown, from Port
Lorne, spent the past four weeks with
her sister, Mrs. J. C. Balsor, of this
place.

Those who attended the Association
at Digby from this place, were Mrs.
J. N. Hines, Misses Gladys Slocumb,
and Clara E. Armstrong.

Mr. Hardy Elliott, of this place, has
been to Kentville, where he was train-
ing for overseas service, but he is
home now on a thirty days' furlough.
Those who attended the service in

the Baptist church at Port George,
Sunday night, from this place, were
greatly pleased with the speaker, Mr.
Boyer, who talked on Missions.

Mr. George Elliott, of the King Ed-
ward School, Alberta, came home last
week, where he will spend the rest of
June with his parents, Mr. and Mrs.
Lemuel Elliott, of this place, and he
will then train in the Royal Air Ser-
vice.

LIKE AN ELECTRIC
BUTTON ON TOES
Tells Why a Corn is so Painful and
Says Cutting Makes Them Grow

Press an electric button and you
form a contact with a live wire which
rings the bell. When your shoes
press against your corn, it pushes its
sharp points down upon a sensitive
nerve and you get a shock of pain.

Instead of trimming your corns,
which merely makes them grow, just
step into any drug store and ask for
a quarter of an ounce of Freezone. This
will cost very little but is sufficient
to remove every hard or soft corn or
callus from one's feet. A few drops
applied directly upon a tender, aching
corn stops the soreness instantly, and
soon the corn shrivels up so it lifts
right out, root and all, without pain.

This drug freezone, is harmless and
never inflames or even irritates the
surrounding skin.

Nova Scotia Recruits

[St. John Telegraph]

Forty-seven men, recruited in vari-
ous parts of Nova Scotia, arrived in
the city on the Digby boat. They left
on the Montreal train the same night
for St. John's, Quebec, the headquar-
ters of the Canadian Engineers, for
which branch of the service the men
are for. Lieut. G. H. Currie, chief
recruiting officer for the R. C. E. in
the Maritime Provinces, came across
with the men.

He Couldn't Wait.

WEDNESDAY, JULY 3, 1918

THE RED CROSS DRIVE

Mr. H. B. Hicks, of Bridgetown, is Chairman of the Campaign in Annapolis County.

A number of men from different parts of this county met in Annapolis Royal and after some discussion as to best methods of organization, Mr. Henry B. Hicks, of Bridgetown, was appointed chairman for the county and requested to select an executive of seven to assist him and to also choose a secretary and a treasurer.

Mr. Hicks chose the following executive: Edward McCormick, Annapolis Royal; P. R. Bentley, Middleton; Dr. J. B. Hall, Lawrencetown; A. B. McKenzie, Bridgetown; L. Wiltshire, Roundhill, and W. M. Romans, Bear River.

Mr. Hicks asked for a little more time for the selection of secretary and treasurer.

Committees for the different districts of the county were named with the meeting adjourned, leaving it with the chairman and executive to "carry on."

Another Hero Gone

Thursday's Annapolis Spectator says: Another hero came home yesterday, but there was no band to meet him. He had been three years overseas, having gone with the 86th, had been "gassed" in action and his lungs were so affected that he had been kept on leave for some time.

Dominion Day

Dominion Day certainly passed off very quietly in Bridgetown, many of our citizens spending the day in our sister towns. The principal outside attractions were the unveiling of a sun dial in the old fort at Annapolis Royal, the Aylesford horse races, the soldiers' camps at Aldershot and the laying of the keel of the first cement ship at Windsor, all of which were very largely attended, auto parties being present from almost all parts of the province.

Death of Miss Nellie Fader

Death occurred at Hantsport on the 27th inst., of Miss Nellie Fader, aged 20, only child of Mr. and Mrs. Gilbert Fader. Nellie was well known in Bridgetown, having been born and lived here until her family moved away 10 years ago.

Not Killed But Wounded

The MONITOR is glad to be able to state that the rumor that Lieut. Harry Starrant, of Paradise, was killed at the front in France in May, was an error. Harry was severely wounded in the abdomen but is now sufficiently recovered to be able to go about and is at a Hospital near London, England.

Red Cross Entertainment

The Central Red Cross Society will give an auto door entertainment in Mr. Chadwick's garden on Thursday evening, July 11th, at 7.30 p.m. There will be a vocal and instrumental concert and a sale of ice cream, cake and candy by special permission of the Dominion Food Controller.

Unusual Snowfall at Buenos Ayres

Buenos Ayres, June 27.—Snow fell for an hour here Saturday afternoon. This is said to be the first time in the history of the country that enough snow has fallen to make the ground white.

Local Happenings

Red Cross campaign, July 8-15. Be ready to assist.

Shelburne is erecting a new exhibition building. It will be 100x32 feet. Annapolis defeated Bridgetown in a ball game at Annapolis Dominion Day.

The officers of Crescent Lodge, I. O. O. F., will be installed tomorrow (Thursday) evening.

The Central Red Cross Society will meet at Mrs. Edward Messenger's, next Thursday.

We wish to call attention to the auction sale of household furniture, which appears on this page.

At the registration for the Digby-Annapolis district, 18,045 registered—8,545 males and 9,500 females.

The new Military Service Act advertised in this paper should be carefully read by all farm workers.

Rev. M. S. Richardson will preach in the Baptist church, West Dalhousie, next Sunday afternoon at 3 o'clock.

The interior of Providence Methodist church, Bridgetown, is being renovated and is now in the hands of the painters.

An exchange says: The set for early apples has been considered good, but for winter apples hardly above medium.

Will the person who borrowed Bridgetown's school flag, kindly return the same to the principal, Mr. R. E. Thurber?

J. E. Shaffner is calling for tenders for purchase of the Baptist parsonage property at Lawrencestown. See advertising columns.

Grass on Karakule farm, Upper Dalhousie, will be sold at auction on July 5th, at one o'clock; 100 acres in lots to suit purchasers.

The Baptist Woman's Missionary Society will meet at the home of Mrs. Stronach, Clarence, on Tuesday afternoon at 3.30, July 9th.

Mr. Elias Ramey is opening a meat market in the building next door north of the MONITOR Office, running a team Wednesdays and Fridays.

Pantry sale in the Red Cross rooms tomorrow (Thursday) afternoon, July 4th, 3 to 5 o'clock. If possible please send in provisions before two o'clock.

Mr. R. E. Thurber, the popular principal of the Bridgetown schools, has purchased from Mr. Abner Williams the J. W. Ross property on Granville street.

The many friends of Pte. Harold Layton, of Middleton, whose death has been reported, will be pleased to learn, that although very ill, he is still living.

The Adventist Conference, of Nova Scotia, will hold its annual session at Bear River, beginning this Wednesday evening, July 3rd and continuing over Sunday.

The hospital ship Llandovery Castle, which sailed from Halifax, was torpedoed off the Irish coast June 24th and out of 258 on board, only 24 appear to have been saved.

Mr. Angus Ramey, one of Bridgetown's well known leather workers, and Mr. G. E. Banks, a popular plumber, have moved their places of business to the south side of Granville street and are now occupying the old Post Office building, where both are excellently fitted to supply the wants of their numerous customers.

Song Recital at the Recreation Hall

By the kindness of Miss Agnes Munroe and a number of her pupils, the inmates of the County Humane Institutions have had another pleasant evening in their Recreation Hall. The programme consisted of songs, contributed by Mrs. Lessel, the Misses Ruth Burns, Hattie Anderson, Misses Bishop, Bessie Sanders, Flossie Knop, Iva Piggott, Annie Jackson and Gladys Jackson, with Miss Munroe as those for whom the recital was particularly given, a few friends of the pupils were present by invitation, and the faithful work evidenced both on the part of teacher and students, must have afforded them much satisfaction as well as pleasure. In fact, all are highly complimented.

At the conclusion of the programme, the Rev. E. Underwood, on behalf of the management, voiced their appreciation for the evening's entertainment and expressed the hope that it might be repeated in the near future.

Chas. R. Kelley Dead.

The death took place at his home in Yarmouth late Wednesday afternoon of Charles Richard Kelley, aged 67 years. He was collector of rates for Yarmouth six years.

DEATH OF RITSON DURLING

A Prominent Resident of Dalhousie, Has Passed Away.

The funeral took place Friday afternoon of the late Ritson Durling, whose death occurred at his home in Dalhousie, Annapolis County, Wednesday evening. The deceased was one of the best known farmers and lumbermen in that village and was highly respected by all who knew him.

He is survived by a widow, nine children and two step-children as follows: Ritson, in Massachusetts; Joseph, in Bridgetown; George in Dalhousie; William, of Carriboon, Me.; Mrs. Perley Colby, Mrs. May Smith, Mrs. Carl Davis, Haverhill, Mass.; Mrs. Leo Smith, East Dalhousie; Mrs. Joseph Fredericks, Dalhousie; step-daughters, Mrs. Ezra Medicraft, Annapolis and Mrs. John Hannam, Dalhousie. He is also survived by three brothers, Ray, in Massachusetts; William and Elias, of Dalhousie; two sisters, Mrs. Edward Hill, East Dalhousie, and Sara Ann Porter, of Massachusetts. The deceased was 73 years of age, was a member of the Methodist church and took a deep interest in all affairs which were for the good of the community in which he resided. The services, which were largely attended, were conducted by Rev. A. R. Reynolds, Pastor of Providence Methodist church of this town.

Death of Mrs. Gilmore.

[Spectator] The brief announcement in last week's Spectator of the death in Vancouver of Mrs. Gilmore was the first news of the event received here and a sad surprise to her uncle, G. E. Corbett, and other relatives.

The following is from a Vancouver paper of May 14: Mrs. Jane Louise Gilmore, wife of Charles Reginald Gilmore, at Vancouver, died in a city hospital on Sunday morning, Nova Scotia, 1879, and was the daughter of the late Mr. John B. Mills, K. C., at one time member for Annapolis in the House of Commons. She was educated at Acadia Seminary in Wolfville, was married in June, 1901, and came west in 1910, with her husband, living in Jubilee. Mrs. Gilmore is survived by a son, several brothers, H. N. Mills, of Vancouver; J. Z. Mills, manager of the Bank of Montreal, at Greenwood, B. C.; and R. M. Mills, of the office of vice-president of the C. P. R., Winnipeg, and a sister, Mrs. R. L. Maitland, of this city.

In addition to the above a friend writes: The funeral services were held from the undertaking parlors of Nunn, Clegg and Thompson, May 14, the pall bearers being Judge H. Samuel Ruggles, Hugh Evan Gillis, Samuel Riddian and Stanley A. Harris, all former residents of Annapolis River.

[Mrs. Gilmore was a cousin of Mrs. J. Fletcher Bent, of Paradise.]

Death of Mrs. T. F. McWilliam

Our Lower Granville correspondent writes: When the news went out on Saturday morning that Mrs. T. F. McWilliam had passed away, the community was filled with sorrow. She had been ill for several months, but her fine character and integrity, which marked her life, had won for Mrs. McWilliam the sincere respect and esteem of all with whom she came in contact, and in their bereavement her family will have the deepest sympathy of their many friends. Which makes it doubly sad, her husband, and formerly pastor of the Baptist church here, in answer to his King and country's call, went to England about two years ago. Beside her husband she leaves to mourn her loss, two children, Cecelia and Pansy, her mother and brother, of Dartmouth. The body was taken to place Sunday afternoon in the Island Union church, conducted by the Rev. I. Brindley. Mrs. (Rev.) Hudson, of Annapolis, also attended the services, having been intimately acquainted with the deceased for some time, and spoke very tenderly in connection with her acquaintances.

SUNSHINE FOR THE SOUL

The Importance of Music in Our Homes

[By H. G. Stanton in Canadian Home Journal]

No home but has been affected by the serious stress and strain of the period we are passing through. In many of these that undercurrent of gloom, the intensified atmosphere of sorrow—of sympathy for the suffering—in the awful day-to-day struggle for world's liberty has prompted the search for something to counteract the depression. It seemed hard to define it, hard to understand just what it was. Something was lacking; something was wanted, wanted with a desire so strong as to overcome the thought of practically every homekeeper at this time, that of conservation; that refreshment seemed met only by music.

Music seemed, to some, a non-essential, yet one heard it in certain homes where every requirement of our times is faithfully met. One heard it wherever men and women were gathered together in any good cause. One heard it in their churches, and still it seemed to some a non-essential in times like these, and so, many asked themselves, "Should we have music?"

To a few, maybe, that have no music in their souls, just as a few there are who have no love, no sentiment, no loyalty, and many other of the characteristics, traits or passions normal people have, the question may seem hard to answer. I read only a short time ago of a man who said, "The farmer who raises food and exchanges it for pianos, pianolas or victrolas is just as much a war-dreane as the man who makes them," etc. I feel quite sure the article was written with the very best of intentions, but every evidence goes to show that such claims as these are given from a want of knowledge as to the place music holds in the national life of the people of our country.

I am of the opinion that the reason for this misconception of the necessity for music is that music has become such a general factor in the lives of our people, especially in our larger centres, and the public have so seldom felt the want of it, that its value has never been fully realized or set. A much quoted writer, C. N. Bovee, says on the subject: "Music is the fourth greatest requirement of the human soul. First, food; second, shelter; third, raiment; fourth, music."

It is difficult to find those to whom we might well look for guidance in these times and who condemn music, but there are many who throw much light on the subject of its advantages. It would be interesting to quote a few of these.

By David Starr Jordan, president of the Leland Stanford Junior University: "All that I might think or feel of the place of music as a means of grace in human society has been many times put in far better fashion than I could say it. I can only express my faith in music as a primary factor in happiness and, therefore, in civilization."

By Daniel Frohman, noted theatrical manager: "Music is to the mind what exercise is to the body—a tonic. Its appeal to the emotions, stimulates the imagination. Every American mother should start her children on their careers in life with an opportunity to learn and understand how this beautiful art may refine and elevate."

By Dr. Harvey W. Wiley, eminent American sanitarian: "If one looks over the history of mankind, especially in times of stress and of great crisis, and notices the important part that music has played in human evolution and progress, he cannot fail to be convinced of the truth of the opinion that music is not a luxury, but a necessity. It must be understood that none of these men are especially interested in the profession for the business of music as such, but all are leaders in certain walks of life. It will serve to bring home to many of us that there is much beyond the claims made by those who, for the want of a thorough conception of the issue, put music in the non-essential class, and to enlighten those who find it difficult sometimes to decide in their own minds what can be considered essentials and non-essentials, in order to best meet the requirements of the times."

SOLDIERS NEED MUSIC
It may be recalled that at the outset of the war the Government denied allowance for regimental bands and it was planned to dispense with them, excepting only for drum and bugle corps. The absolute need for band music, however, both for recruiting at home and while in camp abroad, became so apparent that the Government's order was withdrawn and after six months every regiment was permitted its band.

When the order prohibiting bands was first issued, its seriousness did not appeal either to officers or men; in many cases, because, no doubt, the need of music had not been established to their minds until the thought and experience of their being deprived of it demonstrated its real need and acute worth.

And speaking of soldiers, I am reminded of a letter only recently received from J. Grant, Co. Sergt.—Major of the 75th Battalion, speaking of the part the members of the band took during one of the engagements on the Somme. "The 75th band made its first sacrifice on this memorable night. . . . The band had not touched their instruments for some time, but they practically played what was left of the battalion out of the jaws of death, and no one deserves more honor and praise than the plucky little Band Master of the 75th Battalion."

A well known leader of volunteer workers who understands thoroughly the value of music as a stimulant has a unique message to offer women. It is "Sing the Songs of your country as you work for your country."

"The time has come," she says, when the woman power of the country must come to the fore and do its share in the struggle for national strength and power. In urging the men to do their part, the leaders of the various military organizations have impressed upon the minds of the soldiers and recruits the value of song. "A singing army is a fighting army," were the words of Major-General Bell, of Plattsburg, when he addressed the embryonic officers gathered there. I want the women of the country to bear those words in mind. They, too, are the members of an army, an army that I know will prove in its own way of equal strength to that of the one on the battlefield. Just as the men in the trenches need the inspiration of "Rally Round the Flag, Boys," and "Pack Up Your Troubles in Your Old Kit Bag and Smile, Smile, Smile," even so do the women of the country who are learning how to till the soil and who are making bandages for the wounded, need the courage and strength that comes from humming these melodies. Every potato sown to the tune of "Yankee Doodle" and every stitch made to the melody of "Dixie" means so much more power to the singer, as well as to the man who will eventually be the possessor of both.

A SINGING WORKER IS A SUCCESSFUL WORKER

"I should not mind seeing every division of the League adopt a song of its own and sing it. That with its implication of happiness certainly would be one form of assurance of the success of the work they are doing. That more than anything else would proclaim to the people of the world that the power of this nation is made up of grit and of iron, of stick-to-it-iveness to an ideal and confidence in its culmination. A singing worker is a confident worker, and a confident worker is a successful worker. Let the women of the nation sing—let them sing the songs of their country, and let them make known to the world that their hearts are full of the glory and the strength of their nation. They are fighting not for petty ends, not for sordid aims, but for an ideal of freedom, and that ideal can best be expressed by the melodies that have endeared themselves to the people. Let them still sew, cook and drive, but also let them sing. The reward of the willing hand is great, but it is immeasurably greater if it is accompanied by the song of a national spirit."

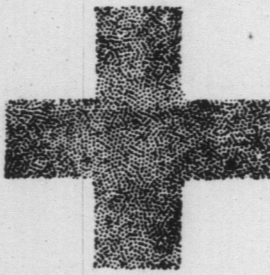

As the soldiers appreciate their music at the front, so do they appreciate and feel happy in the thought that there is music in their homes.

Happy in the thought that their wives, their sisters, their mothers and their children may be playing the tunes and singing the stirring songs of their country, believing that it will not only make the home more attractive but be of general good for the community and the nation. Every one will appreciate the sorrow that has fallen upon many of the homes in our country and would co-operate in every way to dispel the gloom that has fallen there. What better medium is there than music? Just as people have learned, as many did not realize in days gone by, the value of sunshine, so many of them realize now as they never did before, that music is not only a diversion, or an art, or a study, but that it is a fundamental, something that in a greater measure than anything else serves as sunlight to the soul.

If you love music do not hesitate to give of it as freely as you can, as one of the time's most pressing essentials. If you do not love music, it is because you have not let yourself really listen to it.

MUSIC ON THE FARM
I have often wondered—if those who were interested in farm life development would bring music in the home "as a necessity," to the farmer, so that every home would be furnished with its phonograph or piano, or, in the absence of any tutored development, a player piano, so that farm homes that have for so many years lacked this entertainment, would have it and develop it at its best—if a different air would not prevail. Instead of the solemn and sombre atmosphere of night after hard day's toil with such diversion as cannot help but exist where there is no music, I cannot conceive of such a home not being materially enriched.

Pat Rooney was a new arrival on the job. Having gone to the top of the building and failed to return the foreman shouted out:
"Come on, Pat, what's keeping you?"
"Sure," said Pat, "I can't find my way down."
"Well come down the way we went up," shouted the foreman.
"Faith an' I won't," said Pat, "for I came up head first."

Nature's Healing Herbs for Headache
A BLOOD FOOD
PRACTICALLY all headaches come from two causes—Biliousness and Nervousness. Bilious headache means upset stomach, and constipation—with severe throbbing pains all over the head. Nervous headaches mean that the nerves are exhausted and need rest and food.

Dr. Wilson's HERBINE BITTERS
insure quick and lasting relief from these headaches. The simple old-fashioned herbs tone up the stomach, regulate the Kidneys and Bowels, purify the blood, and build up the whole system. A reliable spring tonic. Get it today and get rid of your headaches.

LEMONS WHITEN AND BEAUTIFY THE SKIN
Make This Beauty Lotion Cheaply for Your Face, Neck, Arms and Hands
At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white (Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.
Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

True Politeness
A little boy was sitting at dinner in a friend's house. He was too small to cut the meat for himself and his mother was at the other end of the table, but a lady sitting next to him offered her help.
"Let me cut your steak for you," she said, "that is, if I can cut it the way you want it."
"Thank you," answered the little boy. "I shall like the way you cut it, even if you do not cut it the way I like it."

Charity is a cloak that covers a multitude of amateur theatrical performances.

SUNSHINE FOR THE SOUL

(Continued from page 6)

lally benefited, ties made stronger, and life itself more interesting and entertaining, where properly selected programmes were enjoyed at frequent intervals, with an occasional get-together of the young men and young women to enjoy the rhythmic entertainment of the dance, as used to be in the old days of the waltz and minuet, and when, history goes to show us, young men were not leaving the farms in the same proportion as they are today.

All of us should appreciate and endeavor to establish thrift, but this, like everything else, can be overdone, as well as underdone. We cannot deprive young and old of everything but food and clothing and expect to maintain the development of cheerful will to see the present situation through and to meet still more serious things to come, and the spirit necessary to carry us through our present struggle. What then at less expense and of more lasting qualities can be recommended than the present day form of home music?

One does not have to minimize or exaggerate present conditions. They are all too clearly defined, but serious, sad or bad as they are, the average Canadian can and will take a sensible moderate view of things, and take what comfort can be had from his food, his home, his clothes and his music, instead of wearing sack-cloth and preaching calamity. If there ever was a time when every man and woman should meet their tasks, trials and sorrows as optimistically, determinedly and cheerfully as possible, it is now. Our many tasks, however, cannot be accomplished under the

strain of oppression, depression, gloom or fear, and there is nothing that will keep these distressing forces from a home, a country or a nation like, "accord of sweet sounds," surely we must recognize music as an essential.

Take music* from our national institutions, our camps, our churches or our homes and Canada would be a sorry place indeed. Instead, therefore, let us feel what our country needs in this time of stress and crisis is more music and let it be music of the best type.

To fill the need in many cases, requires some little outlay, more sometimes than many of us feel, can be spared, but fortunately this condition is met by nearly all of the suppliers of musical instruments, in this country by a convenient system of payment.

The advantages in purchasing permanent requirements (and musical instruments can well be termed permanent requirements) on the deferred payment plan are both numerous and highly beneficial, and when properly done, good practice.

It is followed by all civilization, by governments, including federal, provincial, county and city, by our greatest business organizations and leading business men.

Not always do they purchase on the monthly payment plan; but what is in effect the same thing, they purchase permanent requirements or goods for future development, by borrowing on bonds, mortgages, stock or notes, and repay these annually, quarterly, monthly or as conveniently arranged.

The plan is just as good and just as necessary or the individual investor or purchaser, as it is for his government. But—and this is the big fea-

ture—don't buy everything that way. The things you eat or drink or use as you go should be paid for as you go. If this is not done, you will run behind, become involved with debts, without assets to cover them, and become financially, if not socially embarrassed.

Your permanent requirements, those things that live after the deferred payment period, and for the purpose you purchase them, hold good value, (this may be a little more or a little less than you paid, but it is something tangible, something to show for your money). These are very frequently best bought or most needed, when the entire amount involved is not in your possession. By purchasing on the deferred payment plan, you meet that need—maybe it is a piano or violin in the home when your little boy or girl is just at the age to commence their musical study. Maybe it is a phonograph, or other musical instrument to fill the need for attractive, elevating and instructive entertainment so vitally necessary nowadays, and so essential to the best development of home life, home comfort and home atmosphere.

These things are a joy at any time, but can well be said to be essential now. Besides, they are permanent things—the value exists long after they are paid for. There are not only things for permanent joy in the home, but an asset, properly purchased with consideration to good home financing methods on the deferred payment plan.

Let music no longer be considered a luxury in the homes either of the rich or poor, but develop it as a vital force on the impulses for better living and our nation will have made a

PUBLIC NOTICE

Military Service Act, 1917.

Men 19 and 20 Years of Age.
 Harvest Leave.

Leave of Absence on Ground of Extreme Hardship.
 Procedure to obtain Leave of Absence.

Men Nineteen and Twenty Years of Age.

It has come to the attention of the Government that there is a widespread impression that young men of nineteen years, and those who became twenty since October 13, 1917, as well as those who may become nineteen from time to time and who have been or will be called upon to register under the Military Service Act, are to be immediately called to the colours.

This impression is quite incorrect. No date has yet been fixed for calling upon such men to so report for duty, nor has the question been brought before the Cabinet for decision. In view of the need of labour on the farm, it is most unlikely that consideration will be given to the matter until after the harvest is over, although of course the Government's action must be determined primarily by the military situation.

There is no further obligation incumbent upon young men of the ages above mentioned who have registered or who do so hereafter, until they receive notice from the Registrars.

Harvest Leave.

Some enquiries have been received as to the possibility of granting harvest leave to such troops as may be in the country at that time. No definite assurance can be given on this point as advantage must be taken of ships as they become available. On the other hand, harvest leave will be given if at all possible.

Leave of Absence on Grounds of Extreme Hardship.

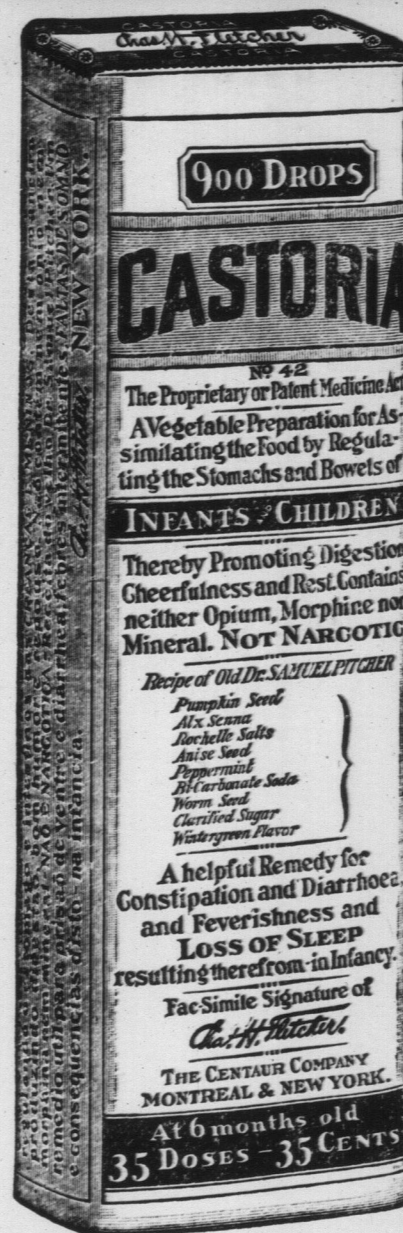

It is desired that the Regulations respecting leave of absence in cases of hardship should be widely known and fully understood. Such leave will be granted in two cases:— (a) where extreme hardship arises by reason of the fact that the man concerned is either the only son capable of earning a livelihood, of a father killed or disabled on service or presently in service overseas, or in training for such service, or under treatment after returning from overseas; or the only remaining of two or more brothers capable of earning a livelihood (the other brother or brothers having been killed or disabled on service, or being presently in service overseas, or in training for overseas or under treatment after his or their return from overseas); brothers married before 4th August, 1914, living in separate establishments and having a child or children not to be counted, in determining the fact that the man is the "only" remaining son or brother; (b) where extreme hardship arises by reason of exceptional circumstances such as the fact that the man concerned is the sole support of a widowed mother, an invalid father or other helpless dependents.

It is to be noted that in all these cases the governing factor is not hardship, loss or suffering to the individual concerned, but to others, that is, members of his family or those depending upon him.

Procedure to obtain leave of absence.

A simple system for dealing with these cases has been adopted. Forms of application have been supplied to every Depot Battalion and an officer of each battalion has been detailed whose duty it is to give them immediate attention. The man concerned should on reporting to his unit state that he desires to apply for leave of absence on one or more of the grounds mentioned and his application form will then be filled out and forwarded to Militia Headquarters, Ottawa. In the meantime, if the case appears meritorious, the man will be given provisional leave of absence for thirty days so that he may return home and continue his civil occupation while his case is being finally disposed of.

Young; Mrs. Ansel Snow; Mt. Pleasant—Mrs. George VanTassel; Mrs. Walter VanTassel.

Digby Courier: What do you know about this? A party who bought a dozen strictly fresh, dyed in the wool eggs this week, found upon breaking one that it was hard-boiled, ready to serve. We can vouch for this, for we saw the egg. Whether it was the hen, the weather or the farmer's wife who did the trick, we are not in a position to know. We are quite sure it was not the weather, for we have had no weather around here this summer that would boil an egg.

Capt. S. G. Boulton, of the Salvation Army, who has been stationed here since last summer, held a farewell service in the barracks, Sunday evening, at 7.30 o'clock. Captain Boulton is a popular officer and we are sorry to see him leave the town, as he has done splendid work here. He will go to Parrsboro next week, his new field of labor, and we trust he will meet as many good friends there as here. Capt. A. McTavish, of Summerside, P. E. I., will succeed Capt. Boulton in Digby.

The Digby Amateur Concert Band are making arrangements for a concert at the Digby House, for the month of August. The Young Women's Patriotic, to be given the first week in with their programme. This concert is for the purpose of raising funds for the purchase of new instruments, which the band needs. With an A 1 instructor, which is found in Mr. Paul Yates, the leader, and first-class equipment, the Digby band will be able to compete with any town band in the Province. All they need is the support of the people. The exact date of the concert will be given later.

Copper Circuit Between Digby and Bear River
[Telephone Bulletin]

A new copper circuit has been erected between Digby and Bear River. This was accomplished by erecting No. 12 copper wire from Digby out to the point where No. 56 line originally looped in from the main pole line to Bear River. Both sides of this loop were made of No. 12 copper. One of them was connected to the new copper wire, thus giving us a direct circuit from Digby to Bear River, known as No. 56. The other side of the loop was bridged into No. 59 circuit, which was made continuous from Digby to Annapolis by the closing up of the loop at Victoria Bridge.

Minard's Liniment Co., Limited.
Dear Sirs:—This fall I got thrown on a fence and hurt my chest very bad, so I could not work and it hurt me to breathe. I tried all kinds of Liniments and they did me no good. One bottle of MINARD'S LINIMENT, warmed on fannels, and applied on my breast, cured me completely.

A steamer is now engaged in carrying fish direct from Clark's Harbor to Boston.
Schr. Dorothy, from Parrsboro, has been discharging coal at Granville Ferry for the Valley S. S. Co. and others.
Lunenburg News: W. C. Smith and M. M. Gardner motored to Meteghan, Digby County to look after getting a ship built in that vicinity.
J. E. Snow's arrival at Digby: 6526 lbs. mixed fish from boatmen; shipped 4 boxes striped cod, 43 boxes haddock, 25 casks dry cusk, 7 casks dry haddock.
Maritime Fish Corporation arrivals: Per schr. Cora Gertie, 16,400 lbs. haddock, 116 lbs. halibut; other sources, 28,214 lbs. cod, 19,233 lbs. haddock, 12,810 lbs. pollock, 9,851 lbs. halibut.
Government steamer Aberdeen, Capt. N. A. Withers, was in Digby last week placing the buoys in the Basin. Mr. W. A. Chute, of Bear River, accompanied the steamer and assisted in the work.
Schr. Levuca, Capt. Tupper, is discharging a cargo of soft coal for W. E. VanBlarcom, Digby. After leaving there the schooner will proceed to Annapolis and load wood for St. John, returning later with another cargo of coal.
The Nova Scotia Steamships, Limited, have completed arrangements for wharf and offices, formerly occupied by the Plant Line, for their new service between New York, Halifax and St. John's, Newfoundland. The regular sailings will commence the latter part of July.
Halifax Herald: Quite a fleet of sailing craft came into port Saturday and Sunday, including a three-masted schooner, which hails from Weymouth and which was built at Meteghan River two years ago, bringing a cargo of hard coal, the vessel anchoring on the Dartmouth side of the harbor.
Arrangements are being made by the British Government with the fishermen of Newfoundland for the supplying of large stocks of fish for the use of the army and navy. A large part of the fish brought in this year is expected to be taken by the Government as soon as negotiations now in progress can be closed.
The great demand for fish in Newfoundland, has caused a large number of old fishermen to go back into the business. The loss of labor through enlistments is being met by the purchase of modern equipment, including power boats which are used on a larger scale than ever before. These boats are replacing smacks and it is found that a much greater area can be covered daily by the fishermen.
Capt. W. J. Milne, of the Canadian naval cruiser Curlew, has been transferred to the Fleet, and Mr. F. M. Lewis, is now commander of the Curlew. Captain Milne is a Shellmouth Digby. The latter's son, Perry Lewis, is now in Halifax to learn marine engineering and has taken a position with the Halifax Marine Engineering company.
The work on the 300 ton vessel, now being built in Poley's yard, Salmon River, Digby County, by Messrs. J. N. Rafuse & Sons, of good progress considering the circumstances. There is no mill on the premises and in consequence all the framing has to be done by hand. Notwithstanding this great drawback the vessel on Saturday, or thereabouts, will be ready to launch early in October.
Tern schr. Maid, of Brazil, was successfully launched at Green Cove, at 12 o'clock noon on Tuesday, June 25th, in the presence of about five hundred people. As she slid in the waters of St. Mary's Bay she was christened by Mrs. Mary Louise Belliveau. The vessel, which is splendidly built and equipped, was constructed under the supervision of Capt. Omer Blinn, of Graces Cove, for F. K. Warren, of Halifax, and is a great credit to him as a builder. The schooner is 121 feet long, 15 feet all, 32.7 beam outside, 123 depth and registers 357 tons. Her cabin and the crew's apartments are very comfortable. Capt. C. H. O'Brien, of Digby, will command the Maid of Brazil, and she is now at Weymouth taking in cargo for a Cuban port.

SHEEP ON THE FARM

An official of the Dominion Government, who is at present at Lethbridge, Alberta, superintending the grading of the wool in that district, computes that the clip of the Southern Alberta Wool Growers will be about a million and a half pounds. This is an increase for this association of twenty-five per cent over last year. Although it is yet too early to make an estimate of the increase expected throughout the whole of the Canadian Prairie West, it is not expected that the average increase will be less than that of the Southern Alberta Wool Growers Association. In other words, an increase of approximately twenty-five per cent is looked for in the wool clip of Western Canada over that of last year. Shearing has now begun and will be in full swing before the middle of June. The increase in the number of lambs this year has been a very satisfactory one, being between one hundred and one hundred and fifty per cent of the size of the flocky.

The Canadian Co-operative Wool Growers Association, which was formed last year, is all ready to handle this year's clip. Two warehouses have been secured in Toronto, Ontario, in which the wool of this Association will be forwarded and stored for selling. A large majority of the Canadian sheep raisers are members of the association, but it is expected that much wool will be handled for non-members, so that several million pounds will be sold through this channel during the season.

The growth of the sheep industry among the farmers of Western Canada during the last few years has been a remarkable one. At least it appears so at first glance, especially to those who do not know the country. But it is not so surprising to those who know the natural advantages of the country. Speaking generally there is no part of the continent where a farmer can engage in sheep raising with greater prospects of success than in Western Canada. The climate, abundance of food and pure water, make the country excellently adapted for this useful industry. The comparatively low price of the land here also gives the farmer sheep-keeping an advantage over his brother farmer south.

It is only during the last three or four years, however, that the sheep industry has begun to make any marked headway on the farms in Western Canada. The high quality of the wool, together with the great demand and the good prices, has opened the eyes of the farmers to the possibilities of the industry, and it is only now that the sheep raisers are securing breeding stock to allow it to be the farms that we are to look for the further development of the sheep industry. The opportunities for sheep raising on the range are becoming scarcer every year. That this circumstance is an advantage to the industry in the more intensive farming districts there can be no doubt. Up to a few years ago it was difficult for farmers in such districts to make headway in competition with the sheepman, whose flocks ranged over a large stretch of country. The high prices of wool and mutton have also given a great impetus to the farm sheep business, and the continued development of the industry will contribute to the world's food and clothing supply.

The illustrations show scenes on sheep farms of Western Canada.
