GREATEST OF ALL GREAT FAIRS FORMALLY OPENED BY THE WORLD LOOKS TO TORONTO

Enthusiasm Was Set Buzzing
With a New Impetus as Rt.
Hon. R. L. Borden Pressed
Button Which Opened the
Thirty-Fifth Canadian Na-
tional Exhibition.

The Canadian National Exhibition—
that well-established and happy-star-
red institution which centralizes the
bulk of local, provincial and Dominion
interest for two weeks of year-year-
holds count once more. No sun has
shone more brightly and no breeze
blown so soft as that which quickened
into life and activity this great vie-
of Canadian enterprise yesterday, when
the great fair was launched for 1913.
A first day is never a criterion for at-
tendance, but even were it so, those
of precedence could be cast to the
winds. The spirit of expansion has in-
fected the very atmosphere. The little
walled city to the west which cradles
so much of the agricultural, industrial,
technical and artistic inspiration of
the Dominion, fairly radiates with in-
dustry.

It began with the opening of the
gates in the morning, when a huge
cavalcade of stabled vans, tradesmen,
sightseers and a swarm of children
flooded pell-mell into the grounds. It
glowed more fiercely as the morning
progressed, but the great shout which
burst thru the roof of the dairy am-
phitheatre, mingled with the strains of
the "Maple Leaf," as Rt. Hon. R. L.
Borden contributed the dignity of his
position to the formal opening, set en-
thusiasm buzzing with a new impetus.
Expansion has begun with the first
day.

A Happy Event.
It was in many ways a happy event
that elected the premier to take charge
of this ceremony. One born in Canada
and elevated by his fellows to such a
position of honor and responsibility
might well be fitted to add a benedic-
tion to an institution so typically Can-
adian. But Mr. Borden did more than
this in his exposition of the real sig-
nificance which lay behind the project,
a significance, perhaps, not too well
appreciated by some of the crowds
which yearly file past the exhibits and
take in the sights.

One thing pointed out was the cour-
age, faith, and foresight of those who
from earlier days until now had laid
their shoulders to the wheel. Talk of
expansion before established success
was there would be futile.

"There is not one in Canada who is
not willing to pay a tribute to these
men whose work is seen here today,"
said the premier, and the sentiment was
echoed to the roof. He then paralleled
the growth of the movement with that
of the country. Both had similar small
beginnings, but both were waxing tre-
mendous, and the same British flag
floated above.

"We sometimes doubt that there
were times with the builders when
doubt overshadowed faith," he said.
"But we rejoice that great success has
crowned their efforts!"

The happy reference to the exhibition
as an "object lesson," where science,
art, practice and imagination were
spread forth had more in an educa-
tional way than mere civic or provin-
cial importance. It was of national
significance.

The Country's Wealth.
Then there was the value of showing
to people the wealth of their own coun-
try, the estimate of which they hardly
realized. This brought individuals in
closer contact with each other, and
made them sympathetic of each other's
ideals and viewpoints. The modest
reference of Mr. Borden to the part he
had played in public life evoked rounds
of applause from the crowded cham-
ber.

He had always endeavored to
fulfill his duty as it lay before him.
This was his idea of citizenship, to
live up to what his country demanded,
to consider it a duty and a pleasure
to officiate on this occasion.

The Toronto World

FOURTEEN PAGES—TUESDAY MORNING, AUGUST 26, 1913—FOURTEEN PAGES.

OPENING THE EXHIBITION

RIGHT HON. R. L. BORDEN, ACCOMPANIED BY J. G. KENT, JOS. OLIVER, HON. GEO. H. PERLEY AND REV. PROF. LAW ENTERING THE DAIRY BUILDING FOR THE OFFICIAL OPENING OF THE THIRTY-FIFTH ANNUAL EXHIBITION.

WOULD NOT CLOSE THEIR BAR ROOM

Port Hope Hotelmen Sum-
moned, While Those Who
Did Close Await Out-
come of Proceedings.

PORT HOPE, Aug. 25.—(Special).—
The bylaw granting an exclusive ten-
year franchise for light and power to
the Seymour Power Company carried
into effect today by a vote of 418 to 14. The
total vote in the town is about 1,200.
A peculiar situation has arisen in
connection with the voting. Chief of
Police Gummerson, acting on instruc-
tions from Police Magistrate White,
made a round of all the hotels and
ordered them to close the bars, it
being election day. Some of the
hotelkeepers complied, but W. Pelletier
of the St. Lawrence, and L. Bennett
of the Queen's, claiming that it was
neither a municipal, provincial nor
Dominion election, refused to comply
with the chief's orders and kept their
bars open.

THAW'S OLD FOE AT SHERBROOKE

Prisoner Makes Sneering Re-
ferences to Former District
Attorney—International
Complications Arise.

SHERBROOKE, Que., Aug. 25.—
(Can. Press).—The arrival of Wm.
Travers Jerome, Harry Kendall
Thaw's old prosecutor, the assump-
tion by Ex-Gov. Wm. A. Stone of
Pennsylvania, of the position of
spokesman here for the Thaw family,
pending the coming of Roger O'Mara,
the Pittsburgh detective, and the in-
jection into the case of renewed talk
of it assuming international aspects,
were the chief developments of the
day in Sherbrooke, since Stanford
White's slayer fled from Mattawan.
If Thaw was terrorized by Jerome's
coming, he succeeded in concealing his
feeling to all who visited him in
his cell. Again he spoke of Jerome
sneeringly, calling him "Willie" and
insisted that his lawyer release a
summary of Jerome's remarks made
in 1905, when he said that no one had
ever contended Thaw was insane.

MRS. PANKHURST MAKES TRUCE

Advices Followers to Take
Rest During "Present
Lull in Political
Activity."

LONDON, Aug. 25.—(Can. Press).—
Rumors which have been current of a
truce between the militant suffragettes
and the British Government seem to
find support in a letter written today
by Mrs. Emmeline Pankhurst, the suf-
frage leader, to her followers, advis-
ing them to take a holiday for the
present. She says:
"I am gathering up strength for a
renewed battle when the holiday sea-
son is over. I hope that every one of
you also will take advantage of the
present lull in political activity to take
the rest and change you have all so
richly deserved."

CHICAGO MAN INSTANTLY KILLED AND WOMEN COMPANIONS INJURED WHEN CAR HIT TELEGRAPH POLE.

NIAGARA FALLS, N.Y., Aug. 25.—
One man believed to be Henry Stensel
of 1310 Wells street, Chicago, was in-
stantly killed, and two women, who
gave the names of Mrs. Elizabeth
Burr of 329 Division street, and Mrs.
Henrietta Faxon of No. 262 Strauss
street, Buffalo, were injured when an
automobile driven by Stensel, collided
with a tree on the Buffalo-Niagara
Falls boulevard near the city line. A
man giving his name as Arthur
Schmidt of No. 1211 Fillmore avenue,
Buffalo, and a four-year-old boy, who
Mrs. Faxon says is her son, escaped
injury.
A car bearing license No. 2150, was
seen by an automobile party, racing
along the boulevard towards Buffalo,
shortly before the accident. Where
the accident occurred, there is a curve
in the boulevard, and in attempting
to round Stensel drove his car into
a tree. The car also struck two near-
by telegraph poles, breaking one of
them off near the ground. All five of
the occupants of the car were thrown
from the car.
The driver's neck was broken. Mrs.
Burr was severely bruised about the
body, while Mrs. Faxon's left leg was
broken. Both women told Coroner
Scott that it would be useless at-
tempting to notify their husbands, as
they were railroad men and not at
home. They refused to talk.

APPENDIX REMOVED FROM A BABY BOY

Child of Eleven Months With-
stood Shock Well and Prob-
ably Will Recover.

(Special to The Toronto World).
CHICAGO, Aug. 25.—The youngest per-
son ever operated on for appendicitis,
according to physicians here, is Robert
Searns, 11 months old, who had his ap-
pendix removed this afternoon at the
American Hospital here. The child is
said to be sustaining the shock of the
operation well, and physicians at the ho-
spital assert that he probably will re-
cover.
The operation was performed by Dr.
Max Thorek, chief of staff of the Ameri-
can Hospital, assisted by Dr. Marco Fur-
no, the Searns family physician. Nine
minutes were required to perform the
operation, and it took less than half an hour
for the infant was out from under the in-
fluence of the anesthetic and able to
recognize his mother, who stood beside
the cot on which the baby patient lay.

OFFICER STOPS RUNAWAY TEAM

Nervy Work by Constable
Cummins Saves Serious
Accident to Crowds on
Roncesvalles.

Gallant action on the part of Con-
stable Cummins (411) undoubtedly pre-
vented a serious accident and a prob-
able loss of life at the intersection of
Queen street and Roncesvalles avenue
last evening. Dragged by a team of
runaway horses, the officer pluckily
clung to the harness until he was able
to throw one horse from his feet. Had
it not been for this brave work the
team would have dashed into a crowd
of people bound for the Exhibition,
and it is likely that several persons
would have been killed.
Frightened by a motor car while
standing in front of 78 Roncesvalles
avenue, a team of young horses hit-
ed one of the McMillan Carriage
Co.'s wagons, dashed down Roncesvalles
avenue.
There is a considerable grade near
the car barns, and the speed of the
heavy wagon increased when it struck
the decline. Near Grafton avenue the
team ran into a motor car going north.
The occupants of the car were thrown
out and the car badly damaged.
Down Roncesvalles the flight of the
mad animals continued. When near
Queen street they scraped the side of
another motor car, and swerving, pass-
ed between two other machines. The
quick turn threw the horses to one
side and altered their course toward
the western side of the street.
Constable Cummins was on point
duty at the intersection and quickly
sizing up the situation, he caught one
horse by the line as it passed.
The team swerved again toward the
crowd waiting for a street car. But
by exerting all his strength the con-
stable succeeded in turning the horses
until one of them stumbled on the
curb, near the Ocean House Hotel.
For his bravery Constable Cummins
received a generous round of applause
from the spectators. Neither horse
was injured.

CHARGED WITH THEFT.

Charles M. Carron, 102 Bond street,
was arrested by Detective Murray yes-
terday, charged with stealing \$80 from
E. Miesner, 108 College street. The
money was obtained thru a business
transaction.

PRINCE ARTHUR TO SUCCEED DUKE AS CANADA'S GOVERNOR-GENERAL?

London Graphic Asserts That Duke Will Hand Over Office
to Son Before Leaving Canada, and Will Devote His
Time to Developing Plans for Rearing Army Horses.

LONDON, Aug. 25.—(C. A. P.)—The Daily Graphic claims today to
be in a position to state that Prince Arthur will succeed his father, the
Duke of Connaught, as governor-general of Canada, and that the Duke
will formally hand over office and introduce him to the heads of the Cana-
dian executive before returning. On leaving Canada the Duke will regard
his public career as having definitely ended and proposes to settle at Bag-
shot Park, devoting his time to the development of a stud farm scheme for
rearing horses suitable for use by the army.
The paper adds that it is by no means certain that the Duchess will
accompany the Duke and her daughter. The wedding of Prince Arthur
will entail a certain strain on her Royal Highness, and not until the end
of the next few weeks will her decision as to Canada be definitely made.

WILL NOT TAMPER WITH MEXICAN SITUATION

President Wilson, in Message
to Congress Today, Will
Advise a "Sensible and
Wise Course" and Will
Not Advocate Lifting the
Embargo

WASHINGTON, Aug. 25.—President
Wilson tonight took the senate com-
mittee on foreign relations and the
house committee on foreign affairs
into his confidence, and to the mem-
bers made known the history of the
administration's handling of the Mexi-
can problem, including the president's
efforts to bring about peace in the
southern republic.
The president read to the congres-
sional conference the message he will
deliver to congress tomorrow unless
some word is received from Mexico
City between now and the hour set
for the reading of the message, 2 p.m.
tomorrow. There is no hope of
Huerta changing, said a message re-
ceived at midnight. In addition to the
message outlining all that has been
done, the president read to the mem-
bers the note which Commissioner of
Mediation John Lind presented to
Huerta, and which contained the
president's four proposals for settling
the war, and the reply to that note
by President Huerta.

TORONTO ARTIST IS DROWNED IN ST. LAWRENCE

Edmund Morris, Who Painted
the Indian Studies in Parlia-
ment Buildings, Comes to
Untimely End—Had Been
Ill Lately and Actions Were
Erratic.

Edmund Morris, the Toronto artist
who painted the Indian studies that
hang in the corridors of the parliament
buildings, was found drowned in the
St. Lawrence River at Portneuf early
yesterday morning. The discovery was
made by one of the parties that have
been searching the banks of the river
since Thursday last, when Mr. Morris
left his lodgings at Portneuf, leaving
behind him his keys and instructions
to his landlady to communicate with
his relatives.

BOYS HELD FOR ROBBING CHURCH

Early yesterday morning the Presby-
terian Church at Broadview and Sim-
pson avenues was entered and \$10 stolen
from the collection box. Detective Wal-
lace and Plainclothesman Foster noticed
two lads spending money freely at the
Exhibition yesterday afternoon and took
them in charge. At the station the great-
er part of the missing money was found
on them. The two will appear in the
juvenile court.

A Musical Comedy Success.

The general opinion among the critics is
that "The Count of Lambourne,"
the Franz Lehár-Glen MacDonough
musical comedy staged at the Princess
Theatre last night for the first time in
Canada, is a fitting successor to Franz
Lehár's "Merry Widow."

An Interesting Fur Exhibit.

The Dineen Company cordially in-
vite visitors to their showrooms to
view an exhibit of furs in the style
that will prevail during the season
1913-1914. The display includes all
the popular and costly styles. The
body of Dineen Company, 140 Yonge
street, will next year celebrate the
fiftieth anniversary of its establish-
ment in Toronto as manufacturing
furriers.

FOR RENT: Top flat of Tanner-Gates
Building, very suitable for photographer's
dressing or clothing. Changes made to
suit occupant. Apply to
TANNER & GATES
Realty Brokers, Tanner-Gates Building,
25-28 Adelaide St. W. Main 5928.

VOL. XXXIII.—NO. 12077.

Dineen's Fall Fur Exhibit

Visitors are invited to our Showrooms to view an exhibit of Furs in the newest styles for the season 1913-1914.

This is an opening exhibition for the Fall, rather than a selling event. A visit to our Showrooms does not imply that you are under the slightest obligation to buy.

There is an advantage, however, in buying furs early in the season, and the early purchaser will have the benefit of a thoroughly complete stock to select from.

We will reserve Furs ordered now on a deposit for delivery later in the season and store them in our cold storage vaults free of charge until required for wear.

Remodeling in the new styles.

Have your last or former season's furs remodeled after the new fashion. The present is the best time of the year to have alterations made. Our workrooms are not crowded with such orders at this season and we are able to give each piece of work the nicest attention. After seeing our exhibit you will be able to decide what alterations may be required to make over last season's fur jacket or sacque.

W. & D. DINEEN Company, Limited.

140 Yonge Street

RECRUITS AT R. M. C.

KINGSTON, Aug. 25.—(Special.)—Recruits for the Royal Military College reported today. Forty-seven will likely be accepted in comparison with 42 last year. Members of first and second year classes will report on Sept. 1.

MINING COMPANY FINED \$100

KINGSTON, Aug. 25.—(Can. Press.)—The Ontario mines department today presented the Perth Road Mining Company before Justice of the Peace Hunter, on charge of violating the statute with regard to the sinking of shafts and not using electricity. A fine of \$100 was imposed.

FARM LABORERS FOR WEST.

Farm laborers to the number of 1,500 left Toronto yesterday afternoon on G. T. R. and C. P. R. special trains to the west. It is expected that about an equal number of men would be picked up on the way from points in Ontario west of Toronto.

SO rigid, so unremitting is the system of scrutiny enforced in the making of Tuckett's "CLUB" VIRGINIAS that thousands of Cigarettes are discarded every day for slight, immaterial imperfections which would be overlooked by even the critical smoker. Even the paper in which Tuckett's "CLUB" VIRGINIAS are rolled is made of pure rice paper imported direct from France. No chances are taken with ordinary arsenic-tinted papers. Tuckett's "CLUB" VIRGINIAS are made from the finest selected growth of Virginia leaf and are equal to the exclusive imported brands; but—mark the difference in the price!

Women's Apartments and Exhibits for Women

BY MARGARET L. HART

"I am very glad to have the privilege of addressing an audience in which are so many charming women as I see here today." In these words did the Right Hon. R. L. Borden, premier of Canada, capture the feminine portion of those fortunate to possess the magic piece of cardboard which gave admission to the opening ceremonies of the National Exhibition yesterday afternoon.

"He's Irish," whispered a voice as the complimentary statement of the premier floated across the arena, and after that there was no question of Mr. Borden's popularity with Toronto's mothers, sisters, sweethearts and wives, who made part of the first day's exhibition crowd. Women may not understand politics or see as a whole the benefits of the Dominion display from the point of progress or the nation's prosperity, but they do indeed sense who does not recognize a compliment, and the special reference to their presence by the premier made him at once ennobled in the hearts of the music-lovers present.

Next to the chief guest, the attraction of the evening of the gathering was the great band of the Irish Guards, seated opposite the box of honor, the great trees being made of glowing lights of color. Women proverbially love a gay uniform, and the scarlet coats and gold epaulettes drew feminine eyes with the surety of a magnet. This when the beautiful brass instruments opened their glorious throats in the strains of our own "Mighty Leo" and the National Anthem, and filled the building with a solemnity of sound, one could understand the atmosphere of Sullivan when he composed "The Lost Chord," and the Irishmen became at once ennobled in the hearts of the music-lovers present.

Beautiful Grounds. Then the stream of humanity surged out from the dairy building, out under the blue sky with the almost bracing air of a most glorious August day. Never was a fairer opening given by Mother Nature than this. Toronto's thirty-fifth anniversary of her great annual fair. To see the grounds as on opening day is itself worth the price of admission. Green, verdant green, the setting everywhere, velvet lawns, great trees glowing beds of bloom, and Ontario's blue waters flowing joyously by. What more could one want? The weather and setting were perfect.

Then the stream of humanity surged out from the dairy building, out under the blue sky with the almost bracing air of a most glorious August day. Never was a fairer opening given by Mother Nature than this. Toronto's thirty-fifth anniversary of her great annual fair. To see the grounds as on opening day is itself worth the price of admission. Green, verdant green, the setting everywhere, velvet lawns, great trees glowing beds of bloom, and Ontario's blue waters flowing joyously by. What more could one want? The weather and setting were perfect.

Snow in August. Snow in August is the wonderful thing that attracted another group of women, where the inviting prospect of the Swift Canadian Company was being made under a canopy of cool by means of the anhydrous ammonia process. Snow actually enveloped the pipes of the machinery and might be touched by the spectators. In the process building also the little ones were not long in finding out the spot especially designed for their delectation, and the ice cream palace garden was the Mecca for mamma and delighted tots who entered the wonderful precincts empty-handed, but emerged every one carrying a cone of the delicious concoction which they nibbled with the utmost satisfaction.

As a clock came round crowded autos and many pedestrians wended out from the dairy hall tent. This was the hour of its formal opening, and Mr. and Mrs. Borden made the at the time, which the ceremonies were inaugurated.

A space enclosed by tall palms made an airy and comfortable dining room. At the dairy table Mrs. Borden, her daughter, and Mr. and Mrs. Borden made the at the time, which the ceremonies were inaugurated.

Miss Marie Macdonnell, president of Rosary Hall Association, received the guests, among whom were: His Grace Archbishop McNiel, Rev. Dr. Kidd, Mr. Thos. Long, Mr. L. Cosgrave, Claude A. Macdonnell, M.P., Hon. J. J. Foy, Mr. Phin, Mrs. Macdonnell, Lady Falconbridge, and a number of the ladies interested in the dairy hall.

Mrs. Borden asked to meet the young ladies who had volunteered to wait at table during the days of Exhibition and was at once surrounded by a bevy of as pretty and charming girls as Toronto can produce. Dressed in dainty white and everyone wearing a cap of dainty blue tulle, the girls circled about Mrs. Borden, who was at her best as she chatted with the girls, whose smiles and animated faces told of their pleasure at meeting the "first lady of the land."

The women's building, in which are stored the thousands of specimens of women's talents and activities, will be busy during the days to come. The cases are filled with treasures which will be told about later in detail. Mrs. Joseph Oliver has charge here, and never was there such plenitude and variety of all manner of women's work and handicraft as now. Government building has an exhibit that must appeal particularly to women everywhere. This is the work done throughout the province. This is the first time that such has been shown, and it is sure to attract general attention.

was done by a patient 80 years of age. Fourteen of the provincial institutions are represented here. Every woman should see this display.

The sisal plant, from which rope is made, is shown in all stages at the Bahama exhibit. But of more interest to the girls and women who collected here was the variety of beautiful shells and corals, and the many ornaments made from the tiny white rice shell and fish scales.

At the lunch room of the Women's Depository, things are in full swing. Entering thru the manufactory building and ascending the stair leading to the top floor of the women's building, the air is fresh and cool, and in evidence. A charming lady whom the boys address as "Angel Mother," shows you to a daintily appointed table, and a robust and white caped waitress sees to your every want. For ten cents extra you may dine or tea on the broad, restful verandah, fanned by the breezes from the lake and catered to by the beautiful landscape of nature and moving humanity at your feet. The ladies here are prepared to serve their patrons, old and new.

The Ontario Beekeepers' Association claim that the women who are becoming interested in their industry are both for pleasure and profit. Especially the latter, the bee and its product should appeal to the feminine portion of the community. A fine display of different varieties of honey is on view and is attracting not only the retail dealers, but the interest of many housekeepers.

All afternoon the bands have attracted hundreds of enraptured hearers, a great many women, proving once again that Toronto is becoming more and more a music-loving centre.

FORESTERS MEET TO REVIEW WORK
Supreme Court, I.O.F., Opens Sixteenth Session at Temple Building.

SOCIETY IS GROWING
More Than a Million People Are Dependent on Its Success.

Arriving today from all quarters of Canada, the United States and Great Britain are the representatives to the Supreme Court of the Independent Order of Foresters, which opens its sixteenth regular session at the Temple Building.

Among the arrivals are three or four who took part in the first supreme court session, which was held in the City of Ottawa in 1881, under the chairmanship of the late Dr. Oronhyatekha, and it was at that session the foundation was laid which has permitted the order to carry on for so many years such effective work.

The delegates who have arrived compose what is known as the supreme court, which is the legislative body of the society, and, judging from the personal of these representatives they are quite capable of acting upon and bringing to a satisfactory conclusion the many and varied subjects they will have to deal with. Doctors, judges, clergymen, lawyers, members of parliament, business men, all leaders in their various Foresteric Jurisdictions, are present.

For example, the order operates in over 75 jurisdictions; there are over 4150 subordinate lodges or courts; there are over 246,000 members who carry insurance which amounts to over \$241,000,000. The annual income of the order is over \$5,000,000. The accumulated funds or invested assets of the order amount to over \$21,000,000. There are over 70,000 members who are enrolled in the sick and funeral benefit department of the order, and since 1881, when the first supreme court of the order was held, over \$8,000,000 has been distributed to the orphan, widows and beneficiaries of deceased and disabled members.

GREATEST EXHIBITION EVER HELD IS NOW IN FULL SWING

PRESIDENT KENT GIVES WELCOME

Premier Borden Greeted as First Citizen of Canada.

INDUSTRIAL PROGRESS

No Place at Exhibition for Party, Race or Creed.

In welcoming Mr. Borden to the exhibition at the Exhibition Park, President Kent made a felicitous address. He spoke as follows: "Sir—We deem it a real privilege to welcome today Canada's first citizen to an exhibition that is national in scope, and that is representative of the prosperity which the progress of the past has brought to our Dominion."

"You will see here today, sir, gathered within this Exhibition Park, those natural resources that have made the twentieth century peculiarly Canada's own; you will see undoubted proofs of industrial progressiveness that guarantee the sure and speedy upbuilding of our commerce; you will see a gathering of happy, prosperous and contented people such as no other country in the world can produce. These, sir, will be your welcome—welcome as only one in your high office can really appreciate."

"Let us add to this, sir, our pleasure at having you with us. "We are a gathering of Canadians. At the Canadian National Exhibition we find no place for party, race, or creed."

"We gather together the best that pertains to our natural resources, our industries, and our people."

"Our theme is love of Canada, and loyalty to the crown."

"Welcome as a splendid type of our best Canadian citizenship."

"And welcome yet again as a man whose single aim is: the highest development of his native country as an integral part of the British Empire, and who deserves to be the sincere regard of every true Canadian."

Among those at the head table were: Right Hon. R. L. Borden, Mayor Hocken, Sir Edmund Osler, Sir Edmund Walker, Sir Donald Mann, Sir John Willison, Rev. Fred. Law, President Kent, Hon. Geo. Peley, Hon. J. D. Reid, Hon. A. E. Kemp, Hon. W. J. Hanna, Hon. Jas. Duff, George Goodenham, M.L.A., W. D. McPherson, M.L.A., Jos. Oliver.

SCHOOL CADETS GUARD OF HONOR

Mr. Borden Reviewed and Praised Them Very Highly.

One of the prettiest scenes at the Exhibition yesterday afternoon was the parade of the Public School Cadet Band and Guard of Honor. The band, under the leadership of Mr. Borden, was reviewed and praised very highly.

They were headed by Inspector Smith of the 48th Highlanders, and followed by the Public School Cadet Band and Guard of Honor. The band, under the leadership of Mr. Borden, was reviewed and praised very highly.

JOHNSON CHERED AT MUSIC HALL

LONDON, Aug. 25.—(Can. Press)—John Johnson, the pugilist, says he is going to give the public a two-day fight to show if he is still fit for the ring.

He entered a box tonight at the Eastern Theatre of Varieties and was loudly cheered. Two opponents, who had been a prominent part of his career, were unable to finish their turns owing to the demonstration in his favor.

JOHN DOLAN, Cornet Soloist of Conway's Band, which plays at the Exhibition twice daily.

THE GUARDS' BAND FIRST CONCERTS

Music is a Combination of Great Strength and Lusciousness.

CHARACTER, QUALITY

It Best Fulfills Ideal Combination of Any Band Yet Heard.

"If the Symphony Orchestra had a little of that brass, wouldn't it be all right?" one auditor remarked to another, and the other replied, "It certainly would." No disparagement was meant locally, but only praise for the visitors, and it would be difficult for anyone with a love of music, not to covet the presence in the city of some of these Irish Guardsmen over whom Charles H. Hassell has such predilection.

The band attracted a great crowd yesterday afternoon. This was ministered to by a fine array of new benches which were fully occupied, while a penumbra extended beyond the benches for some distance. Applause was frequent and hearty, and several encores were responded to.

The first number in the afternoon was Thomas' overture "Raymond." The glorious full round tone of the band was apparent in the opening bars, the sweet coming out of the strong, like Sunnons' riddle. This was distinct character and quality in its musical interpretation, and all the great bands that have visited the Exhibition, the Irish Guards' best solo work. The quiet and tasteful phrasing, unpaired facility, in solo work. The quiet and tasteful phrasing, unpaired facility, in solo work.

PRIME MINISTER OPENS THE FAIR

Right Hon. R. L. Borden Calls it a Magnificent Exhibition.

COURAGE, FORESIGHT

Of Canada's Citizens Has Resulted in Best Display Ever Seen.

Replying to the address of welcome before the exhibition, the prime minister, Right Hon. R. L. Borden said: "President, Ladies and Gentlemen—It is not only a high honor but a great pleasure to have the privilege of opening this magnificent exhibition. From small beginnings it has been built up to its present wonderful proportions thru the exertions of men, amply endowed with the realization of the necessity for the accomplishment of high endeavor. Thru their foresight, courage and faith, the citizens not only of Toronto, but of the entire Dominion, have had the opportunity of witnessing annually in this city the progress of our industries, the development of our natural resources, the advance in the arts, and generally the progress in every sphere of national life. Not only Toronto, but Canada as well has reason to be proud that a success so remarkable has attended the efforts to build up in this city an exhibition worthy in every respect of our Dominion."

"It was from like small beginnings that our country has grown to its present position as the greatest self-governing dominion of the west and the citizens not only of Toronto, but of the entire Dominion, have had the opportunity of witnessing annually in this city the progress of our industries, the development of our natural resources, the advance in the arts, and generally the progress in every sphere of national life. Not only Toronto, but Canada as well has reason to be proud that a success so remarkable has attended the efforts to build up in this city an exhibition worthy in every respect of our Dominion."

PACKED HOUSE AT PRINCESS OPENING

"Count of Luxembourg," Big Musical Comedy, Enjoyed Instant Success.

FAMOUS STAIR WALTZ

Funniest Comic Opera Which Has Been in Toronto in Five Years.

The Princess had a gorgeous opening last night with a house packed to the roof, and "The Count of Luxembourg" was presented in metropolitan splendour on the stage. The music is Lehars, and its excellence in melody, orchestration and the scoring for the choruses is of such general repute that the wonder is Toronto has not had it before. Besides its musical value, it is the funniest comic opera that has been here in five years. The audience shrieked with laughter over the clever foiling of Fred Walton as Brissard, and Frank Moulton as the Grand Duke. There is a touch of romance in the star which lifts it above the ordinary comic opera level and leads to a dramatic situation in the second act, when Angèle scorns the man she thinks has tried to trick her into love. There is a variety of interest in the plot of the piece which keeps the interest of the audience. Count Rene is a splendid young nobleman who has been selected by the Grand Duke to marry an opera singer, and after having given her his title and rank, to go away with- out having seen her, so that in three months she may obtain a divorce and marry the Grand Duke, which would not be possible had she not become one of the nobility. Rene refuses, but a friend gets into a scrape and to get the money to help him out Rene consents to the plot. Angèle is charmingly presented by Mildred Elaine, whose handsome, expressive face and clear, fresh, vigorous voice captivated everybody. Her solos and duets receiving ovations in applause and repeated encores. Her stage dance with Rene was very popular. The part of Rene was taken by George Leon Moore, a gallant figure, graceful dancer and earnest lover. Fred Walton and Maude Gray as Juliette were brilliantly humorous. In the second act in the skill in young Brissard. The glove business are memorable bits of droolery. Mr. Moulton is also extensive- ly funny. The chorus are unusually vi- cacious and sprightly and good-looking and they sang the fine carnival chorus with its rousing strains with spirit. The synopsized strains of the wedding march were also well given. Helen Gilmore, as the Princess, built for comfort and not for speed, was a success at the very close of the opera. No one should miss seeing this de- lightful entertainment.

ANOTHER TRIUMPH FOR MISS HASWELL

Delightful Comedy, Well Played, is "Sauce for the Goose."

STAR'S SPLENDID WORK

Final Performance of Popular Company Will Attract Big Crowds.

Miss Haswell has chosen wisely in her starring bill for the "Goose," a charming little comedy in which the talents of Miss Haswell and the always excellent work of the supporting company, will leave a delightful memory in the minds of the theatre goers of the Petre Haswell players. "Sauce for the Goose," the part of the leading "Goose," who decided that the powerful gazette's sauce was not enough for her, was played as by Percy Hennessy can play such a part with all the delicious abandon of youth and gaiety. The part was originally played in the New York production by Grace George. Miss Florence Short gave an excellent performance of the fascinating "High Brow" Miss Alloway. Mr. Birmingham played as Harry Travers, a rather crude flirt, by the way, for a man of the world, a clever performance of a shabby part. Miss Jean Root played a fearful domestic, Miss Dorothy, and Miss Hannah Ed- ward Hayes and Walter Renfort played small parts excellently. Mr. Fred Hinch gave a very fine per- formance of John Constable, "the last of the Podos." The last scene of Miss Haswell's successful season is a triumph, not only for the charming star, but for each member of her clever company.

At the Gayety :-

Blanch Cooper's Burlesques, appearing at the Gayety at this week, is a company of great merit and afforded much amusement to capacity audiences yesterday. Blanch Cooper, who is a versatile comedian of merit, keeps the audience in continual laughter, and is only assisted by Tom Mc- Dale and Eddie Foley. The leading female roles are taken by Misses Lucia Carter, Emily Weston, Miss Webb and Jennie Rose. A bright chorus, lively dances and effects com- plete an appreciation that is clean and refreshing.

"THE SILVER KING" AS GOOD AS EVER

Renewal of the Famous English Drama Draws Large Audience.

A FIRST-CLASS COMPANY

Representation at the Grand Last Night Witnessed by Many Old Theatregoers.

It is many years since "The Silver King" was offered to Toronto theatre- goers, but evidently it is well and favorably remembered, for a large audience witnessed the revival at the Grand Opera House last evening, and thoroughly enjoyed every act and scene of this famous English drama, by Henry Arthur Jones. The story of Wilfred Denver's life, his departure from England, the trials of his wife and children during his absence, his return and restoration to his family, is filled with the heart interest that always insures the success of a play, and is a quality that is absent in the ordinary drama of the present day. William Corbett, who portrays the role of Wilfred Denver, is a finished actor, and brings out in a pleasing manner the lights and shadows of the character. J. S. Ryan as the "Spider," also gave a splendid interpretation of this important part, and his work stood out prominently as one of the features of the presentation. Reginald Everett as "Cripps," William Mc- Christal as "Corkett," and David Davies as "Jackson," showed familiarity with the characters portrayed and added greatly to the success of the play in its revived form. Miss Beatrice Lee as Nellie Denver, the wife, easily captured the sympathy of the audience, by her clever portrayal of the role, while little Vera Brown, as "Clay Denver," showed careful study of this important child part. The company in its entirety, is an especially capable one, and all the parts were well taken care of. The production is also worthy of notice, and all the scenes being staged in keeping with the story which, while old in years, is young in interest. Among the audience last night were noted many of the theatregoers of twenty years ago, and all seemed to thoroughly enjoy the performance. Judging by the hearty reception "The Silver King" received at the first perfor- mance its success is assured at the Grand, where capacity houses no doubt will prevail all week. The usual Wednesday and Saturday matinees will be given.

PINAFORE KIDDIES ARE REALLY GREAT

Big Audiences at Shea's Enjoy Clever Presentation of World-Famous Operas.

The boiled-down performance of Pinafore as presented at Shea's this week by the Pinafore Kiddies, is really delightful and well worth going a long way to see. The youngsters are well trained both in singing and dancing, and present the opera in a way that would be, indeed, creditable to a much older company. Master Jerome Tolpin in the role of Captain Rackstraw, has a well-trained voice and does credit to the part. Miss Florence Mesnet makes an ideal Annabelle. Miss Buttercup, while Miss Nellie as the Admiral, and Jesses, Harce and Donaldson as the Captain and midshipman, sing and act their parts to perfection. Jack Deavoy in the person of Eddie Dolly is refreshing. The youngster is really funny and carries out the difficult role with ease. The bowlers, waiters and Crocker, as the three rubes, have some new acro- batic stunts that are really funny, and eccentric. Helen Page and Co., in the understudy, present the trials of an understudy who get in wrong in a thrilling melodrama, while the dancing of Meras present some new and funny dances. The O'Meara waltz is something new and very pretty that will no doubt be much imitated this winter. Julia Curtis, the singing comedienne, and several other lesser lights to the birds and imitates them very well. Pope and Uno, a man and a well- named dog, are also good, tho the dog did most of the work. Fhriner and Richards in bits of nonsense are droll and dance well, and the kneto- graph supplies several interesting films.

Daily Fashion Talks BY MAY MANTON

A SUIT OF THE FASHIONABLE COTTON.

BOUCADED eponge is a fashionable material, exceedingly comfortable and pleasant for midsummer wear. This costume shows it trimmed with a little plain colored silk and with braid. In another view, the blouse is shown made of plain material while the skirt and trimming are of checked, and the costume suits the two treatments. The blouse is in the favorite Balmain idea that has been such a success and the skirt is made in four pieces, there being two plaits at the right of the front and two at the right of the back. These plaits, while they preserve the straight, narrow lines, also give freedom for walk- ing. The skirt is an exceedingly fashionable as well as attractive one and the blouse is one of the prettiest of its kind. It will be noted that there are shown three-quarter sleeves finished with fancy little cuffs and plain long sleeves so that each wearer can choose the style she likes better. Such a suit would be pretty made from linen, from charmeuse and from the crepe de chine that is put to so many uses or from pongee or from foulard, but the boudoir eponge is new and of especial interest. For the medium size, the blouse requires 4 1/2 yards of material 27, 3 yards 36, 2 1/2 yards 44 inches wide, with 27 inches wide for the collar and cuffs; the skirt 5 1/2 yards 27, 4 1/2 yards 36 or 44 inches wide if the material has up and down, 3 1/2 yards 27, 2 1/2 yards 36 or 44 inches wide if not. The width of the skirt at the bottom edge is 2 1/2 yards or 2 yards when the plaits are laid. The May Manton pattern of the blouse 7812A is cut in sizes from 34 to 40 inches bust measure, of the skirt 7549 from 22 to 32 inches waist measure. They will be mailed to any address by the Fashion Department of this paper, on receipt of 15 cents for each.

DESIGN BY MAY MANTON. 7812A Blouse Coat, 34 to 40 bust. 7549 Four-Piece Skirt, 22 to 32 waist.

Form for requesting patterns, including fields for Name, Address, and Size.

"Crusoe Girls" at the Star

Supported by a brilliant cast and backed by an efficient chorus, Charles Robinson appeared at the Star Theatre yesterday afternoon with his Crusoe Girls "The Beauty Trimmers" is the title of the first farce and, needless to say, there is great comedy in the skit. Robinson himself takes the role of Herman Shampoo and performs to the King's taste. Assisting him are Ida Emerson, Mabel Lee, May Bernhardt, Joe Feeney, Gus Knoll, Louise Mercereau, Harry Hills and others. The Four Dancing Harmonists are good. Summed up the show is far above the usual standard and should appeal to burlesque patrons.

Advertisement for 'THE GARDEN' conducted by RACHEL R. TODD M.D., featuring 'SALVIA Red and Blue'.

The salvia are the perennial sages. This statement will give some who do not know salvia, but who do know the sages--will give an idea of the character of the leaves and general appearance of the bush. The red flowering salvia have grown to be quite favorites during the last few years. Many people do not know, however, that there is a blue-flowering variety. Salvia pratensis is the blue meadow sage which flowers from early in May until rather late in July. The scarlet salvia is one of our most brilliant and striking red flowers grown in present-day gardens. I know only one other such burning flower, and that is the scarlet light- ening about which we had a little talk some days ago. The red salvia has a thick square stem like all the color red sages; coarse sage-green hairy saw-toothed leaves, deeply ribbed and furrowed. The flowers grow on long slender stems quite two and three feet tall (belonging to the labiate or two-lipped flowers the blossoms are singly long "horns of plenty" for the bees, that are drawn to the flower by the bewitching barbers' front, that's selfish and holds the eye from a long distance. Like drops of dripping fresh gleaming blood, or tiny pillars of burning flame, oh, there is no describing the flowers. The millimetre flowers you will find your scarlet sages blooming from

Mosquitoes. PLEASE publish the hints you mentioned to keep mosquitoes at bay immediately. We have such large ones here in the country that we use chicken wire for netting and pick and bruise pennyroyal by the bushel," writes one who signs herself "Martyr." Mosquitoes are a pest that make summer nights miserable and the best thing known to discourage their attacks is oil of citronella rubbed on the skin, or mixed with alcohol and sprayed about the porches and in the bedrooms. This is an inexpensive oil and may be used in the place of the oils mentioned in the following recipes for fumigants. The incense I mention as having a pleasant odor when burning is made in this way: Three ounces of powdered charcoal, and one ounce each of powdered clove and cinnamon and sandal wood are mixed together in a china or porcelain bowl. On these dry ingredients, thirty drops of oil of wintergreen and the same amount of oil of bergamot is poured. Cover this with a cloth and dissolve a tablespoon of gum tragacanth in a cup of tepid water. When this is like jelly, add it to the powdered powder in the bowl and mix thoroughly with a fork or a spatula. Now shape the mixture into little cones about two-thirds of an inch in height, or spread it out on a tin and cut in thin-inch squares. As soon as this is dry it is ready to burn. Fancy small braziers are sold in stores to hold the little cakes, but you can just as well use a small iron candlestick, or even a firm piece of wire. Keep these little cakes in an air-tight can or box so they will not lose their strength or become moist. Another way to make a perfumed smudge is to soak punk (such as children use for lighting fireworks) in oil of pennyroyal or citronella or oil of cinnamon and then burning it. "Japanese Joss sticks" are sold in department stores, but their smoke is too pungent to be pleasant, but these same stores sell an incense made of tulu balsam and myrrh that is rolled into papers, such as are used for cigars, and ignited. This, too, is effective. Besides these ways blotting paper may be dipped into a solution made with a pint of water and an ounce of potassium nitrate and well dried, and then dipped into any of the oils I have mentioned. The paper is then cut into strips or squares and pinned up and burned as needed. The United States Government has a new bulletin ready for distribution, on how to destroy mosquitoes. Its number is twenty-five, new series. Anyone may have it for five cents. Address Agricultural Department, Wash- ington, D.C. A quantity of suggestions and remedies for moths and roaches have been sent in and these will be published tomorrow. We have found that the best remedy for insect stings of all kinds, in- cluding mosquitoes, is peroxide of hydrogen. This removes the burning sensation and the poison. Buy it from your druggist, full strength, and apply it as soon as possible after being stung. now on, until the frost comes along and nips everything black. (One of the best uses you can put this plant to is the hiding of an un- sightly fence or bordering a carriage walk. Planted in numbers, thickly in long lines you will have a mass of burning flames that will continue to burn until the eye wearies of it. The cool strong green of the leaves, how- ever, forms a welcome relief. Sow your seeds in open ground, and in April or May sooner will the frost have left the ground or will sufficient warmth have come to the soil to start germination. When the young plants are four or five-leaved, you may transplant to their selected places. For that it is but a matter of careful spraying to keep the leaves

will pay for The Sunday World for one year, by mail to any address in Canada or Great Britain. Delivered in Toronto or for men by all newspapers and newsboys at five cents per copy.

Postage extra to United States and all other foreign countries. Subscribers are requested to advise us promptly of any irregularity or delay in delivery of The World.

TUESDAY MORNING, AUG. 26.

THE APPEAL TO CAESAR.

The report that a permanent position on the judicial committee of the imperial privy council has been offered to the chief justice of Australia lends color to the report that a similar honor may be in store for the present chief justice of Canada.

It is a man crossing Yonge street is run down by a street car, a delivery wagon, or an automobile, and loses his leg. He brings an action, and twelve jurors agree that he is entitled to damages.

Some remarkable differences are shown within the United Kingdom itself. Thus of the 87 towns dealt with in the report as regards the percentage change of rents, 45 returned an increase varying from 1 to 18 per cent, while in 25 rents fell by amounts varying from 1 to 10 per cent.

The interpretation of the B. N. A. Act, which is an act of the British Parliament, may properly fall in the purview of the British courts. A dispute between two provinces or between the Dominion Government and provincial governments, may well be referred to an impartial tribunal overseas.

The actual battle was fought Nov. 11, when Col. Morrison, with 1200 men from Prescott and Kingston defeated 2000 American invaders respecting the battle of the Clouds.

Chairman Hiltz expects a large attendance of the public at the laying of the corner-stone of the two-million-dollar technical school this forenoon morning.

Commissioner Harris announced last night that the construction work on Strachan avenue, south of the bridge, was completed by the Godson Contracting Co. yesterday afternoon, and the road is now open to the public.

The Canadian Manufacturers' Association annual excursion, which leaves Toronto on September 14, will arrive in Montreal on the same night.

The customs department statement for July and the first four months of the current fiscal year, indicates a most striking growth in Canadian trade.

The imports for July are given as \$58,928,000 and exports of Canadian produce \$32,650,000.

From there they will proceed to St. Andrew, to Truro, to Kentville, to Halifax and New Glasgow. The party will arrive back here on September 22.

AN AUTHORIZED TRUSTEE INVESTMENT

The debentures issued by this corporation are a security in which Executors and Trustees are authorized to invest Trust Funds.

They are issued in sums of one hundred dollars and upwards, as may be desired by the investor, and for terms of one or more years.

Interest is computed from the date on which the money is received and is payable half-yearly.

They have long been a favorite investment of Beneficial and Fraternal Institutions, and of British and Canadian Fire and Life Assurance Companies, largely amounting to more than ONE MILLION DOLLARS.

A minute specimen Debenture, with interest Coupons attached, copy of Annual Report and all particulars will be forwarded on application.

ESTABLISHED 1855. Canada Permanent Mortgage Corporation TORONTO STREET, TORONTO

Associated with the above Corporation and under the same direction and management is the CANADA PERMANENT TRUST COMPANY

Incorporated by the Dominion Parliament. This Trust Company is now prepared to accept and execute Trusts of every description, to act as Executor, Administrator, Liquidator, Guardian, Curator, or Committee of Lunatics, etc.

On the other hand if a man has resided in England for four years, and comes to Canada, only one additional year is necessary to qualify, but five years' continuous residence in Canada is accepted by Great Britain and similarly five years' residence in Great Britain is accepted in Canada.

It is stated that its conditions as applied to both countries are the same and have been accepted by the two governments as a fair and reasonable solution of the naturalization difficulty.

Of course this new naturalization proposal is not confined to the motherland and Canada, but covers the whole empire. Provision has to be made for changes of residence within the empire, and in all probability when the text of the bill is received it will be found that complete British citizenship is attainable by five years' continuous residence under the British flag.

The transportation building is this year monopolized by one form of transportation—the automobile.

This huge building is filled with completed cars, motor trucks, motor cycles, motor accessories of every kind, the only other exhibits being those of bicycles and motorcycles.

It has been frequently suggested in the past that firms in Canada had been unable to secure the class of labor necessary for this work, but the higher quality of this exhibit as displayed, both in mechanical work and in body details, shows that we have now developed workers whose product will compare on an even basis with the best of other countries.

A lighted cigar thrown from a higher window set fire to two awnings on the C. P. R. building yesterday afternoon. The use of a chemical fire extinguisher put out the blazing canvas.

OTTAWA, Aug. 25.—The government intends to tender an official dinner to the Rt. Hon. Herbert Samuel, British postmaster general, during his visit to Canada, but it probably will not be until he returns from the west.

“THIRD DEGREE” IS MERELY A MYTH

Lawyers' Committee Will So Report to Convention at Montreal.

FAVOR PATENT COURT Recall of Judges Proposal Meets With Pronounced Opposition.

(Special to The Toronto World.) ST. LOUIS, Aug. 24.—The American Bar Association's Committee on Jurisprudence and Law Reform, of which former Judge Charles Clifton Allen of St. Louis is a member, will make a report at the association's annual meeting in Montreal Sept. 2, on the subject of the "third degree."

Its report in substance will be that "there ain't no such animal." One member of the committee, who takes the view that there is such a thing as the "third degree," may make a minority report. He introduced in the committee a resolution charging the police departments of many municipalities were disregarding the rights of prisoners and calling on the association to act.

The committee disapproved this resolution on the ground that the present association is not a law-making body, and that the police departments of many municipalities were disregarding the rights of prisoners and calling on the association to act.

Critics Federal Statute. The committee on judicial administration and remedial procedure, of which Frederick N. Judson of St. Louis is a member, made a report criticizing the federal statute requiring a copy of the indictment and a list of grand jurors and witnesses to be furnished to those indicted for treason and other capital offenses.

OTTAWA, Aug. 25.—The government intends to tender an official dinner to the Rt. Hon. Herbert Samuel, British postmaster general, during his visit to Canada, but it probably will not be until he returns from the west.

Hon. C. J. Doherty leaves on Thursday for New York to escort the Lord Chancellor Viscount Haldane to Montreal where he will attend the meeting of the American Bar Association.

Hon. G. E. Foster is expected here tomorrow from his Oriental trip. He stopped over at Port Arthur to inspect the new elevators.

THAW'S COMPANION IS TORONTO MAN. Roger's Thompson, the fellow captive of Harry K. Thaw, is officially declared to be a native of this city.

Premier Will Attend Battle Centenary. Sir James Whitney will tomorrow attend the celebration of the centenary of the battle of Chrysler's Ford.

Premier Will Lay The Corner Stone. The actual battle was fought Nov. 11, when Col. Morrison, with 1200 men from Prescott and Kingston defeated 2000 American invaders respecting the battle of the Clouds.

CONSTRUCTION WORK FINISHED. Commissioner Harris announced last night that the construction work on Strachan avenue, south of the bridge, was completed by the Godson Contracting Co. yesterday afternoon, and the road is now open to the public.

C. M. A. CONVENTION. The Canadian Manufacturers' Association annual excursion, which leaves Toronto on September 14, will arrive in Montreal on the same night.

From there they will proceed to St. Andrew, to Truro, to Kentville, to Halifax and New Glasgow. The party will arrive back here on September 22.

The Philosopher of Folly

“STANDING WITH RELUCTANT FEET.”

Standing with reluctant feet where the road and sidewalk meet, I am well known to you as a philosopher.

I am old and bent and worn, I am feeble and forlorn, but the autos will not slacken when I cross the avenue; nor a second will they stop—I must cross upon the hop, I must jump and dodge and wriggle lest they cut me into two.

I am old and bent and worn, I am feeble and forlorn, but the autos will not slacken when I cross the avenue; nor a second will they stop—I must cross upon the hop, I must jump and dodge and wriggle lest they cut me into two.

OTTAWA, Aug. 25.—The government intends to tender an official dinner to the Rt. Hon. Herbert Samuel, British postmaster general, during his visit to Canada, but it probably will not be until he returns from the west.

Hon. C. J. Doherty leaves on Thursday for New York to escort the Lord Chancellor Viscount Haldane to Montreal where he will attend the meeting of the American Bar Association.

Hon. G. E. Foster is expected here tomorrow from his Oriental trip. He stopped over at Port Arthur to inspect the new elevators.

THAW'S COMPANION IS TORONTO MAN. Roger's Thompson, the fellow captive of Harry K. Thaw, is officially declared to be a native of this city.

Premier Will Attend Battle Centenary. Sir James Whitney will tomorrow attend the celebration of the centenary of the battle of Chrysler's Ford.

Premier Will Lay The Corner Stone. The actual battle was fought Nov. 11, when Col. Morrison, with 1200 men from Prescott and Kingston defeated 2000 American invaders respecting the battle of the Clouds.

CONSTRUCTION WORK FINISHED. Commissioner Harris announced last night that the construction work on Strachan avenue, south of the bridge, was completed by the Godson Contracting Co. yesterday afternoon, and the road is now open to the public.

C. M. A. CONVENTION. The Canadian Manufacturers' Association annual excursion, which leaves Toronto on September 14, will arrive in Montreal on the same night.

From there they will proceed to St. Andrew, to Truro, to Kentville, to Halifax and New Glasgow. The party will arrive back here on September 22.

OTTAWA, Aug. 25.—(Can. Press.)—The customs department statement for July and the first four months of the current fiscal year, indicates a most striking growth in Canadian trade.

The imports for July are given as \$58,928,000 and exports of Canadian produce \$32,650,000.

From there they will proceed to St. Andrew, to Truro, to Kentville, to Halifax and New Glasgow. The party will arrive back here on September 22.

Central Ontario High Court Met

Triennial Session Held in Temple Building and Officers Chosen.

GAIN IN MEMBERSHIP
Nearly Four Thousand Men Have Joined Since Last Meeting.

The High Court of Central Ontario, I.O.F., which is but one of four in Ontario, and one of six similar high courts comprising the Independent Order of Foresters, met in triennial session yesterday in the Temple Building in this city. High Chief Ranger Clarence Bell of Osogood Hall presided. There are 219 subordinate courts represented. This is the leading jurisdiction in the order, showing that where the order has its head office, and is best known, it is most popular.

The net gain in membership since the last meeting is 3941. Many of the delegates are present for the first time, but some have been in attendance at every high court meeting for the past twenty-five years.

Mayor's Welcome.
Brother Mayor Hocken came, conveying the welcome of the Corporation of Toronto, and was given an enthusiastic reception. He believed that "fraternity" was one of the great forces in the land making for unity and brotherhood. The century of peace that our neighbors to the south and ourselves were commemorating had been largely promoted thru societies like the Foresters, that have an international membership.

The finances of the high court that are for local purposes are in a flourishing condition. There is a balance in the treasury of over \$5000. Twelve hundred dollars was voted to enable hospital committees to attend to the needs of members that may be obliged to seek hospital treatment. It was estimated that after meeting all other expenses \$7000 would be available for extension work before the next meeting.

A number of visiting brethren from the states and other provinces of the Dominion and England were introduced and made short congratulatory speeches.

On invitation, W. H. Hunter, the supreme councillor of the order, attended and gave a full and lucid explanation of the proposed legislation that is to come before the supreme court today, with a view to meeting the requirements of the insurance de-

partment at Ottawa and the insurance commissioners of the States where the order is operating. The proposed legislation will only affect those members that joined prior to 1909. The 150,000 members that have come into the order since that date have been paying adequate rates and will be in no way affected.

The following fourteen members were elected to represent the high court at the meeting of the supreme court that is called for today:

Members: G. Bell, George Mitchell, Dr. Niddrie, Rev. Mr. French, Rev. Dr. MacGillivray, A. Cowan, Judge MacGillivray, A. Stewart, Col. Wallace, Atty. Gen. J. C. Brown, B.A., H.C., Col. Wallace and R. H. Cuthbert, auditors.

The high court adjourned at a late hour to meet three years hence at Barrie.

Tomorrow the members of the high court will be the guests of the 6000 Foresters resident in Toronto and will be invited to visit the great National Exhibition.

Today the supreme court, that represents the entire membership of 250,000 throughout Canada, the United States and Great Britain, meets at 10 o'clock. The supreme chief ranger, Hon. Elliott G. Stevenson, will preside.

Farm Laborers' Excursions—This Year's Wheat Crop Will Be the Largest in the History of Canada.

"Going Trip West," \$10.00 to Winnipeg, plus half-cent per mile from Winnipeg up to MacLeod, Calgary or Edmonton.

September 3rd—From Toronto and all stations in Ontario East of but not including Grand Trunk Line Toronto to North Bay.

September 5th—From all stations on Grand Trunk Line Toronto to North Bay inclusive and west thereof including C.P.R. Line Sudbury to Sault Ste. Marie, Ontario, but not including Agincourt and West.

TRADE IS GROWING RAPIDLY

25.—(Can. Press.)—A statement of the proposed legislation that is to come before the supreme court today, with a view to meeting the requirements of the insurance de-

THE WEATHER

OBSERVATORY, TORONTO, Aug. 25, 8 p.m.—The cool wave has passed quickly to the Middle Atlantic coast, while an area of low pressure over the upper lakes is developing and promises unsettled weather. Rain is falling tonight locally in the Lake Superior region, but elsewhere in the Dominion the weather has been fine, cool from Ontario eastward and warm in the west.

Minimum and maximum temperatures: Victoria, 52-73; Calgary, 50-80; Battleford, 50-76; Moose Jaw, 52-70; Winnipeg, 56-77; Pelly, 50-66; London, 58-71; Toronto, 42-68; Kingston, 42-60; Ottawa, 40-60; Montreal, 44-54; Quebec, 40-53; St. John, 52-62; Halifax, 53-76.

Probabilities—Lower Lake and Georgian Bay—Fresh to strong south, shifting to west and northwest winds; showers and local thunderstorms; fair to warm.

Ottawa Valley and Upper St. Lawrence—Fair at first, then showers in many localities; higher temperature.

Lower St. Lawrence and Gulf—Fresh southerly to south winds; fair and a little warmer; showers in many localities by night.

Maritime—Moderate to fresh westerly to southerly winds; fine today; showers on Wednesday.

Superior—Fresh northwest winds; fair. All West—Fair and warm.

GREATEST OF ALL GREAT FAIRS

(Continued From Page 1)

all on the splendid success which has followed their efforts."

"It is my earnest and confident hope that in the future even greater success will attend it than in the past."

There was a touch of solemnity and incidentally of mournful British sentiment about the formal ceremonies. With bowed heads the listening crowd heard the divine sanction invoked by Rev. Prof. Law.

"The earth is the Lord's, and the fulness thereof," he prayed. "We humbly invoke Thy blessing upon this enterprise. Thou art the Master of all craftsmanship and hence we pray that this Exhibition may prove to the good of all and the detriment of none."

The First Round.

The grounds have sprung into the first thrilling round of their existence. Practically every exhibit is in place and the crowds have already begun to seek out their favorite displays.

The Midway has awakened to appreciation of the extension of space and the more logical allotment of tents. The new distribution, if anything, works towards the increase of advertising possibilities, and the din is accentuated by the addition of many more enterprising vendors. But this is what the public wants and what the directors are going to give them. Everything bigger, everything better and more of it.

The wire is down and the big fair is well off.

The total attendance on opening day at the Exhibition was 32,000. This marks an increase of 6,000 on that of last year on the same occasion.

The directors are jubilant over the situation, and reckon that with similar increases in ratio as the days progress the million mark will easily be attained. Simple calculation will show how this works out when it is borne in mind that the sum total for 1912 exceeded 900,000.

The police and fire casualties of the day were small. A short run in the morning to quench some carelessly ignited tar and an evening spin on an alarm caused by a burning rocket striking a tent in the park avenue, were the only incidents. The ambulance was requisitioned once to carry a fainting woman out of the press of the crowds.

Prize Lists Soon

Manager Westervelt of the National Fat Stock Show, which is to be held in Exhibition Place, Park View, November, states that many entries for poultry and pigeons are being received, some of them from Montreal and Lechlin. He also states that the prize lists for the show will be ready for distribution this week.

TIDY FIGHT TO DOWN THE PESTS 5 TO 4--SCHLAFLY IS RELEASED

MAIN MERCILESS WITH POOR BIRDS

Baltimore Unable to Do Anything With Buffalo Pitcher—An Easy Victory.

BUFFALO, Aug. 25.—Myles Mains held the Orioles at his mercy at all times in today's game, and for errors would have applied a coat of whitewash to the Blue Birds, the Blues winning by the score of 5 to 2. Cottrell was hit freely by the Blues, big Tim Jordan and Roach leading the way with the stock. The hitless pitcher was the team during Manager Chmura's absence. Halligan, pitched his first game for the Orioles, throwing today.

M'CONNELL'S TIMELY DRIVE WINS GAME IN THE NINTH

Leafs Overcome Skeeters' Lead by Scoring Three Runs in the Last Innings—Eighteenth Straight Defeat for Jersey City.

The lowly Skeeters arrived in Toronto yesterday morning after a disastrous home and road trip when 17 games had been dropped in succession, but the Peasants were not in the Jersey City line-up and were up to their old tricks of hand-picking a few stings to Kolley's Luckless Band, when they arrived at the island. The Jersey City outfit failed to break their losing streak, but they nearly broke the hearts of several good Toronto fans. The Peasants were only beaten in the last round, and the tally was 5 to 4.

The Skeeter management put the blame on Larry Schlafly for the poor showing of the New Jersey team and the ex-leaf was handed his walking ticket yesterday morning. The Skeeters played under the leadership of Billy Purcell yesterday, Mike Donlin, the ex-big leaguer and actor, was not in the Jersey City line-up yesterday, and it is likely that he was cast off with Schlafly.

Amy's Mighty Smash Did It. It was a mighty ninth inning rally that pulled out a victory for the Kellys. It looked like a hopeless task when the Leafs stepped up for their session in the ninth. Two runs were needed to tie and that was what the Skeeters were counting on to keep the Leafs in the rut. Three solid base raps, ably assisted by a sacrifice, for this little lot netted the Leafs two bases on balls, plump to ront and fenette, for the little lot netted the Leafs three runs and the game. Amy McConnell's trusty war club swung on one with the ball scored high over Eschen's head and the crowd rushed for the ferry. It would have been good for three corners had he touched first base and he was a hero.

Bunny Bearre made his last appearance in a Leaf uniform when he held Peasants to three hits in seven innings, and gave way to let Graham bat for him. The Skeeters were one run in front when Bunny retired Thompson, who was

Hearie's opponent in the great twenty inning battle in Skeeterville lately, was found for the visitors. Thompson was benched after Bill Bradley and Holy had singled in the ninth. Jersey City counted two in the first, a walk, a single, a sacrifice and Holy's home and an outfield out were responsible for this. Courtney's one corner connection and Eschen's double chalked up another in the fifth. Gaw went to the mound in eighth, and Thompson hit the first ball pitched to centre for a base. Courtney sacrificed and an out by the Jersey City pitcher scored. This was the Peasants' last run of the contest.

The First Was a Gift. The tail-enders presented the Leafs with their first rally. With Callahan on the path the Kroy raised one to Eschen. It should have been the third out, but the Skeeters' outfielder, obliged by dropping it, and Callahan scored. H. Bradley singled, but Kroy was out stealing. After Hearie had cleaned up, Shultz walked, and then McConnell scored when Shultz went down. The play was to catch McConnell in an attempt to come home, but Mac stayed until the throw of past Koehler and then came on home. Thompson got out of a tight hole in seventh, when the Leafs were unable to produce the needed hit. When the Leafs came up for their ball of the ninth they were two runs down. K. Bradley and Holy drove out clean singles, and Thompson was benched. Old Andy Coakley was rushed to the rescue, but filled up the hole by walking Brown. Pick was sent in to hit for Bradley. O'Hara drove in for their ball of the ninth, over Eschen's head, and Holy and Brown scamped in and the game was over. Bunny Bearre left last night to join the New York Nationals.

For Exhibition Visitors

Coplands Budweiser Lager

Get the thought of Coplands Budweiser fixed in your mind and act on it next time you feel thirsty—you will make a new friend. All hotels serve Coplands. Dealers can supply your home needs.

Keep it on ice—it is extra delicious cold, and quite chillproof.

Brewed, bottled and pasteurized by Copland Brewing Co. Limited, of Toronto

At The Exhibition

As usual, the McLaughlin display is of supreme interest, for it is the embodiment of class and comfort—endurance and enterprise—careful experiment and practical experience.

In addition to the regular line of new models in Roadsters and Touring Cars for 1914, we have added a magnificent new "Six." Into its construction and design are compressed the concentrated thought and experience of some of the best engineers and designers that the past few years of aggressive invention and competitive stress have produced.

This Engine, which is on display at the Exhibition, must be seen to be fully appreciated.

A few of the main, outstanding features of the New McLaughlin "Six" are:—

- 130-in. Wheel Base, 48 h.p. engine.
- Long Stroke Motor, 36x4 1/2 in. tires.
- Deleo, Electric Starting and Ignition system.
- Exceptionally large and Roomy Torqueau.
- Special attention has been paid to Gasoline Economy.

PRICE, complete, with all equipment, \$2,700.00.

See our display at the Exhibition. Do not overlook our Special Delivery Truck at \$1,550.00.

connections in England today of the great purchasing in the United States of Canadian securities. Not only has Toronto sold many millions of bonds in New York and Chicago, but several cities and towns in our prairie provinces have sold school and municipal bonds in the United States. The fact that Canadian securities are finding a ready market in the United States proves that Canada's sphere of influence is materially widening.

Controller McCarthy, who shares largely in the management of the financial interests of the city, says: "Toronto securities were weakened considerably by the civic hydro bonds being made a temporary investment by the city for the civic sinking fund. The bonds were authorized in 1908, and were not sold until very recently. There is no doubt that the sale of these bonds had been held up by interests antagonistic to municipal control of public utilities. That the city took them as a temporary investment was, of course, regarded in financial circles as a confession of weakness of Toronto securities."

Two Years' Financing. Mayor Hocken, speaking of the financial policy of his administration, said: "In the past nine months we have had to finance for two years' operations, instead of for one, and we have been not only successful, but we have made Toronto's credit as good as that of any other municipality in the world. We have taken the position positively that securities guaranteed by the city would be sold only to those who are seeking long-time investments. That assures the city securities against injurious competition from marketing the bonds guaranteed by the city."

"When we have disposed of all the city securities now authorized, which will be by next spring, we will have the way cleared for marketing other city securities, which must necessarily be authorized next year."

Have You Seen the Model City?

Have you seen the new city which is being built upon the Heights at Leaside by the Canadian Northern Railway—Leaside the Beautiful! It has been created and planned by one of Canada's giant Transcontinental Railways, and its future is guaranteed by the money and power of this great railway system.

Leaside is no mere subdivision, but a real city—a complete municipality in itself, with its own mayor and councillors.

Within 3 1-2 Miles of Toronto's City Hall and 500 Feet Above the Lake

The Model City is not much farther from the City Hall than the Exhibition Grounds. Property the same distance from Queen and Yonge streets to the north, east and west, is worth from five to ten times the present prices of land in Leaside.

Railway officials have guaranteed to have an electric car service in operation into Leaside within 18 months, and the passenger service on the C.N.R. and the C.P.R. brings it within ten minutes' ride of the Union Station.

LEASIDE The Beautiful Model City of the C.N.R.

The immense car shops and railway yards of the Canadian Northern are to be located here, but far removed from the residential district. Development work is progressing rapidly, and the waterworks and sewerage systems are well under way.

The city is planned along beautiful lines—diagonals, wide streets and beautifully-shaded winding drives and boulevards are the outstanding features of the roadway plans.

Let Us Motor You Out— Our Autos Are at Your Service

Exhibition visitors will naturally want to see the Model City, as Leaside is considered a more wonderful sight than anything to be seen at the Fair Grounds, so we shall be pleased to motor you out at any time which will be most convenient to you. Call us up and make an appointment, or come to our offices, which are in the Temple Building, just one block south of the City Hall.

This little service is absolutely gratuitous, and we extend a hearty invitation to all who are interested in seeing the Model City to make use of our autos.

NEELYS LIMITED, 104 Temple Bldg., Toronto Please send me full information regarding the C.N.R. Model City—LEASIDE. Name Street City

The Autumn Neckwear Styles

BOTH ELABORATE AND DAINY EFFECTS PROMISE WELL FOR THE SEASON.

The most generally favored shapes in the new Fall Collars are narrow in the back and broad over the shoulders—called the "Apaulette."

Frills of the most alluring are conspicuous among the many novelties, and, being exquisitely feminine, are becoming to most women. For the autumn season we are showing a wonderful variety of Pleatings, Fichus, Plain and Fancy Net Gimpes, Waistcoats, Medici Collars, Crepe Collars and Sets, round collars, and Collars and Cuffs in ocre, white and lovely soft color combinations, in shoulder and open in front. Some are made of lace; others silk, crepe and Swiss embroidered styles. Coat Sets gimpes styles is unusually large. There are models with round necks, with square necks, and with elaborate. Prices range as follows:—25c, 35c, 48c, 68c, 75c, \$1.00, \$1.25, \$1.50 and up.

Sleeve Pleatings bigger sellers than ever. We are showing many pretty point and shadow effects at 19c, 25c, 35c, 50c and 75c yard.

Some of the most exquisite Evening Wraps just in from Paris, you will find displayed in our neckwear opening. Neck Ruffles continue to sell freely. We are expecting unusually big business through the fall. These come in many styles and in all the very latest Paris colors and combination colors, in Tulle, Chiffon, and Chiffon and Net. Some are fastened with satin ribbon to match or with flower rosettes. Prices 75c, 85c, \$1.00, \$1.50, \$2.50, \$3.00, \$4.50, \$5.00 and \$6.00 each. (Main Floor)
