## KING GEORGE FEARS REVOLUTION IF OFFICERS PERSIST IN RESIGNING

"In Six Months There Would Be No King and No Army," He Says in a Letter to the Commander of the Troops in Ireland

### REALTY DEALER MISSING SINCE WOODBINE FIRE

A. J. Maclean Has Not Been Seen Since Tuesday and Fears Are Expressed That He Was Burned to Death—George Giles is in a Serious Condition.

A. J. Maclean, age 23, a real estate dealer living in Manila, Ont., has been missing from the King Edward Hotel since the day of the Woodbine Hotel fire, and it is now feared that he also may have lost his life.

According to the management of the King Edward, Maclean registered there on Monday evening; he has been a transient for a year or more, and has never been known to stay away from the hotel so long. All his valuables and surplus clothing still lie unclaimed at his room there, and communication with his friends at Manila revealed that he had not returned to his home.

George Giles, the man who jumped from the third storey window of the burning hotel, suffered a relapse at the General Hospital Saturday night, but was reported much better Sunday.

### SEALSKIN SACQUES ARE LIKELY TO BE SCARCE

ST. JOHN'S, Nfld., March 22.—The eastern sealing fleet of 15 ships is having the worst weather for many years and has not more than half the number of seals secured at the same date last year. Wireless messages from the eight ships agree that the severity of the storms and the immense thickness of the ice floes makes conditions extremely difficult, and thousands of the seals killed and heaped on the ice fields to be picked up by steamers will never be recovered.

### GOOD FEELING SHOWN AT SERVICE IN OMAH

Volunteers and Regulars Joined Heartily in Singing National Anthem.

Canadian Press Despatch. OMAH, County of Tyrone, Ireland, March 22.—The military service in the parish church today for the regulars stationed here was also attended by three hundred Ulster volunteers. At the close of the service all joined heartily in singing the national anthem. Afterward, the volunteers were drawn up outside the church and saluted the regulars, who returned the salute as they marched back to barracks.

### NO MORE NECESSITY OF BUYING U. S. COAL

F. P. Gutelius Explains Why Fuel for Government Railway Was Not Bought in Canada.

Canadian Press Despatch. MONTREAL, March 22.—In answer to a question respecting the charge that he was buying American coal to the detriment of the Canadian companies, F. P. Gutelius, general superintendent of the government railway system, in the course of an interview here today said: "We purchase about 75,000 tons of coal and last fall the Dominion Steel Corporation, the Nova Scotia Company and other sources of supply were unable to deliver us enough so we purchased 15,000 tons from the George Hall Company. As for the future, I do not think that it will be found necessary to purchase any coal outside of the Dominion."

### ELECTION PROMISED BY PREMIER ASQUITH

Govt. Organ Says One Will Be Held in July Under Certain Conditions.

Canadian Press Despatch. LONDON, March 23.—The Daily Chronicle, the government organ, says it learns that Premier Asquith will make another important statement within a fortnight on the Irish question, in which he will offer an early general election, probably in July, on condition that the Unionists will co-operate in passing the plural voting, home rule and Welsh disestablishment bills at this session of parliament.

### GOVERNMENT TOO TARDY SAYS CARDINAL GIBBONS

BALTIMORE, March 22.—Cardinal Gibbons tonight commented as follows on the Ulster situation: "To my mind it appears as if the government is to blame for not taking the upper hand and restoring peace. It could do this if it went about it in the right way. There is only a small proportion of the population in Ireland engaged in the present uprising, and I cannot understand why the government permits it to dictate what should be done and what should not be done. Of course, I pray that there shall be a peaceful settlement."

### SPREADING RAIL ORDER IS STILL MAINTAINED IN ULSTER

Two Passengers Were Injured When C. N. R. Express Rolled Down an Embankment East of Toronto—Wreckage Tied Up Traffic Till Noon on Sunday.

Traveling at a speed of 40 miles an hour the Canadian Northern Napanee train, No. 9, jumped the rails at a point between Cherrywood Junction and Greenburg, about 25 miles east of Toronto, on Saturday night. The diner and one of the passenger coaches plunged down a 15-foot embankment to the north of the tracks, while the baggage car and the two other coaches which composed the train were thrown from the rails south of the tracks.

The diner immediately caught fire, but those who were in it managed to scramble out at once and none were injured.

In the other coach which plunged down the embankment were eight passengers. Three were only released by the rescuers breaking open the side of the car with axes. The escape of the passengers in this car was almost miraculous, only two of them being much hurt. The injured were Mrs. L. Ford of Edmonton, who had her back severely injured, and E. H. Linton, of Toronto, formerly proprietor.

### ARRESTED FOR STEALING CARS TWO CONFESS TO EIGHT THEFTS

William Carveth and Ernest Lomas Talk Freely, While Jas. Lane, Taken While in Bed, Has Nothing to Say—Young Thieves Were Caught by Lucky Chance.

Three automobile thieves, ranging in years from 18 to 20, were arrested at midnight last evening, two by officer 194 and one by Acting Detective Nurey of No. 3 division. The first two arrested confessed to having committed about a dozen of the recent motor car thefts perpetrated about the downtown theatres. Those under arrest are Wm. Carveth, 1901 Eastern avenue, who confessed to five charges; Ernest Lomas, 191 Boothie avenue, who has confessed to three, and James Lane, 27 Curzon avenue.

Officer 194's wonderful memory for faces is primarily what effected the arrests. Saturday evening the officer was on duty at a railway crossing in East Toronto when a motor car containing five young men drove up, just in time to be stopped by a passing freight. The officer saw the number turned upside down, and ordered them to adjust it, making a mental note of the license number.

### ULSTER URGED TO BE PATIENT

Lord Primate of Ireland Asked Volunteers to Bear Themselves Quietly During Crisis.

Canadian Press Despatch. ARMAH, Ireland, March 22.—Seven hundred Ulster volunteers attended a church parade at the Cathedral here this afternoon. The Union Jack flew from the tower. Before pronouncing the benediction, the lord primate of Ireland exhorted the volunteers to bear themselves quietly and not by word or deed provoke or annoy those who differed from them, even tho those men wished to throw Ireland back into the "Slough of Despond." Their motto should be "Defence, not Defence." They should bear themselves in quietness and render unwavering obedience and sacrifice of time and strength, even life itself, if need be, to justify their existence in this "solemn crisis of the nation."

### ORDER IS STILL MAINTAINED IN ULSTER

Gravity of Situation Shown by King's Cancellation of Engagement That He Might Keep in Close Touch With Advisers—Outlook is a Little Brighter.

LONDON, March 22.—The dreaded Sunday passed without the slightest disturbance of order in Belfast or in Ulster. But the gravity of the crisis is fully indicated by the fact that the king canceled his intended week-end visit to the Earl and Countess of Derby at Liverpool. The king has thrown his influence earnestly on the side of conciliation and seems to have made a personal appeal to the officers, who had resolved to resign rather than face the possibility of being called upon to fight in Ulster and it may be taken for granted that the king is equally exerting his influence with his ministers in the same conciliatory direction.

Proofs are not wanting of the desire on both sides that everything possible should be done to avoid any chance of conflict. The Nationalists abandoned their proposed parade at Londonderry, and Sir Ed-

### KING FEARS MUTINY IN ARMY LEADING TO REIGN OF ANARCHY APPEAL TO OFFICERS IS FUTILE

#### UNREST IN THE BRITISH ARMY HAS CREATED A GRAVE SITUATION

Interest has largely shifted from prospect of hostilities in Ulster to the question of the extent of disaffection in the British army. The refusal of the great majority of officers at Carragh camp to obey orders despite the direct appeal of King George, and the apparently well based reports of further defections, have created a crisis regarded as of the utmost gravity. The tension has been relieved somewhat, however, by the consent of the officers at Carragh to undertake "police duty" in Ulster.

### CARSON'S ARREST NEVER PLANNED BY ASQUITH

Premier's Statement Adds That No General Inquisition Into Intentions of Officers Has Been Contemplated—Significance of Movements of Troops Exaggerated.

LONDON, March 23.—Premier Asquith has authorized The Times to make the following statement in his behalf, in order to remove three misapprehensions in the public mind as to the government's actions and intentions:

"First," he says, "the recent movements of troops in Ireland were of a purely precautionary character, as it is obvious that the policy of depositing small bodies of troops in Ulster would be perfectly useless from a strategic viewpoint. The intention was simply the protection of the arms and ammunition depots from a possible raid. As for the so-called naval movements, they simply consisted of the use of two small cruizers to convey a detachment of troops to Carrickfergus, without marching them thru Belfast. No further movements of troops are contemplated."

### HELP OF JAPAN IS NOT DESIRED

Premier of New Zealand Resents Churchill's Suggestion for Protection of Pacific.

LONDON, March 22.—Winston Churchill's utterances regarding naval defence in the Pacific continue to excite attention. Speaking yesterday at Weymouth, Premier Massey of New Zealand said Churchill's statement that the Anglo-Japanese alliance had secured the safety of Australia and New Zealand did not appeal to him. He did not want to do Churchill an injustice but if the latter meant that the people of Australia and New Zealand were to be satisfied with the protection of Japanese ships and sailors then he was very much mistaken. Premier Massey said he did not for one moment believe that the Anglo-Japanese alliance had secured the safety either of Australia or New Zealand. The government intended to ask parliament at the earliest possible moment to authorize the building of a cruiser of the Bristol class to cost £2,000,000. He believed that the best policy for the Dominion was to prepare its own ships. New Zealand must look forward to the time when a British navy in the Pacific would be ready to cope with any foe that came along.

### Refusal To Serve in Ulster Might Cause Revolution, and Dethroning of Monarch, Was Pointed Out to Officers at Carragh Camp—Activity of Orange Forces Shows No Cessation.

BELFAST, March 22.—The defection of the army officers is the cause of great jubilation in Ulster and among the officials of the provisional government, who are keeping in close touch with events at the Carragh and other military depots in Ireland, thru secret correspondence.

The Associated Press was shown tonight a letter which the provisional authorities have received from an officer at the Carragh station, stating that more than 100 officers had resigned, including all the cavalry officers. Gen. Sir Arthur Paget, commanding the troops in Ireland, had them brought to him and told them according to the letter that he had "an express order and request from the king, himself, to ask every officer to go as ordered, that they might never be called upon to fight, and that if they refused to go there might be a mutiny in the army, which would mean a revolution in England, and in six months there would be no king and no army."

Despite this appeal, all the officers refused to reconsider their resignations. A general officer of high standing in the regular army offered the post of commander in chief of the force which is to operate against Ulster volunteers. When he declined the offer, the war office informed him that his refusal meant the severance of his connection with the army. He persisted, and the authorities accepted the post to another officer said to be Gen. Friend, now commanding at Belfast. A denial was issued today of the reported mutiny of the Dorsetshire regiment. Frequent reports have been current of late of the strong sympathy of the Dorset men with the Ulsterists, owing to their extended stay in the garrison here. The same partisanship has been ascribed to the Norfolk, causing the authorities some anxiety. The officers of these regiments were asked today if they would remain loyal to the king and it is understood that they agreed to stand by the king. The officers of these regiments were much disconcerted at their continued confinement in barracks and the cancellation of all sporting events. In addition they have expressed resentment at the organized attacks upon the army by the Nationalists, whose cause they might have to defend.

Ulster Army Active. There has been no diminution in the activity of the Ulster army. Today the officers of the so-called headquarters staff on duty at Craigavon, now the centre of the Ulster movement, were busy taking the ranges of the various hills and other strategic points of Belfast Lough, which the estate overlooks. They had a range-finder of the latest pattern. A sufficient number of motor cars are available to enable the administration to transport at least 2000 men with rifles and ammunition to any threatened point in Ulster, three hours from Belfast, independent of the railways.

Order is Maintained. Ulster awaits with curiosity the next move of the war office and other authorities, pending which the situation remains unchanged. Absolute order prevails in the city. Eighty special service "minute men" on duty at Craigavon marched to the Presbyterian church at Belmont early this morning, taking their hospital corps and ambulance men, even the surgeons, but leaving fifty men behind to guard the houses and patrol the estate while the others prayed in the pews behind Sir Edward Carson and other leaders. Sir Edward Carson said tonight that he had received some letters of sympathy and encouragement from the United States. Referring to the statement that the troop movements were purely precautionary in consequence of the discovery of an Ulster plot to raid military depots, he said: "There never was the least intention to take any provocative or aggressive action, nor will any be taken, altho I cannot say what might have happened had the government been foolish enough to be the aggressor themselves."

Variety and Exclusiveness. The hats of the famous hat makers of the world are carried in stock at "Dineen's" in the same complete and stylish variety as shown in the display rooms of foreign factories. Dineen's are the sole agents for Dupont American, and Heath, English hats. Our 33 hat is the best value in America. See window display. W. and D. Dineen, 140e Yonge street, corner Temperance street.

# Three Acres on Yonge Street At Mount Pleasant Cemetery Is Not Yet Part of Toronto

### Portion of Street is Still in Township, Altho Maintained By City— Land Must be Acquired so Street Widening Can be Done On Without Up to Toronto Now to Annex Cemetery Property West of Yonge, the Roadway and the Cemetery Property Back to Bay View Ave.

The adjoining map shows upper Yonge street in front of Mount Pleasant Cemetery, where a situation is more or less created by the fact that a little triangle of about three acres of land on the west side of the present Yonge street is still in the Township of York, the partially enclosed by the city. The plan shows one bound of the city going along the south bound of Mount Pleasant Cemetery and across Yonge street; then north and along the west side of the original road allowance; and it will be seen from the map that the cemetery trust still owns most of the original farm lot that was between the present Yonge street and the original road allowance. Therefore, the little triangle of cemetery property west of the present Yonge street, and the original road allowance, are all still in the township and not in the city. As a matter of fact, at the present moment, the portion of Yonge street now used, and running thru the cemetery lot, belongs to York Township, altho it is maintained by the city. The township, however, is ready to deed it over to the city at the city's request.

The map and these facts are important, because Yonge street is to be widened twenty feet on the west side, beginning at the south bound of the triangle in front of Christ Church. A strip will be taken thru the church building and up thru the cemetery property on the west side of the present Yonge street, and then all the way up thru North Toronto to the city limit. To get this strip, it will be seen that a portion of the church triangle must be taken, and a very considerable strip of the cemetery triangle of three acres.

But not only are the public interested in the cemetery property west of Yonge street, but they may also be more or less interested in the property between Yonge street and Lawton avenue—half the range of lots fronting on Lawton avenue being in the city and half in the township at the present moment, as the map indicates. It has been proposed that the city should acquire the whole block between Lawton avenue and Yonge street for park or ornamental purposes, and it is believed that reasonable terms could be made with the cemetery trust for its power house, and that the range of lots on Lawton avenue could be bought for a reasonable figure. There happen to be at the present time, about a dozen houses on Lawton avenue, the value of which is in the neighborhood of \$100,000; this valuation, however, does not include the land. By failing to acquire the property owned by the Walmesley estate and the property west of it, the city can certainly acquire the interest of the cemetery trust on the west side of the street; in fact, the trust ought to be prepared to surrender the property to the public in consideration that the cemetery is exempt from taxes, and the trust intend to sell the east end of the two

hundred acres, now becoming enormously valuable owing to the growth of the city. The first thing, therefore, to do in order to simplify the situation,

### MANY BIG SEWERS NOW UNDER WAY

Good Progress Being Made With the Work in Ward Seven.

### OTHER DISTRICT NEWS

#### Death of Joseph Wixon— Funeral of Late Mrs. Graham Today.

The work on the large sewers of the trunk system at present under construction in Ward Seven is going on rapidly, and within a few more weeks it is thought that the shorter streets upon which the lateral sewers will be laid will be commenced. The Annette street trunk is now finished as far west as Clendenan avenue, and the sewer extension as far east as East Park avenue. The Woodville avenue conduit is now almost completed, and before long the street, which for several weeks has been closed entirely to traffic, will be reopened.

The works department have promised that Section A of West Toronto's sewer system will be finished this year, and the work of being pushed in the northern division, above the tracks, or Section B, will not be finished this year, and may not be completed next year, owing to the many engineering difficulties to be contended with there.

The death occurred yesterday morning at his late residence of Joseph Wixon, 488 Quebec avenue, in his 46th year. He is survived by a widow and small family. The funeral will take place on Tuesday, Pastor W. J. H. Brown continued his series of sermons on "Signs That Must Shortly Come to Pass" last night, in the Annette Street Baptist Church. The subject last night's address was "Signs of the Times." Next Sunday evening a special service for railroad men will be held at the same church.

The funeral of the late Mrs. Graham, who in her 84th year died on Saturday at her late home on Lapp avenue, takes place to Prospect Cemetery this afternoon.

New Athletic Club. The young men of St. Cecilia's parish Annette street have formed a new athletic club, a meeting for the purpose of organization being held in the school room at Pacific avenue, on Tuesday. Officers elected: President, Albert McGovern; treasurer, Ed. Henderson; secretary, J. J. A. Bryant; J. L. Woods, John Muller, Ed. Hickey, T. J. Smith, J. Stevens, W. Gordon, H. M. Dowling; manager of junior team, Alec Doyle; captain, Vincent Curtis.

A meeting will be held this evening at J. J. McCann's store, Dundas street, to appoint officers for the senior team, the representatives being P. J. Ingoldby and O. McCann.

On Thursday evening a meeting will be held at Licentiate's sporting goods store, Dundas street, to appoint officers for the junior team, the representatives being Edward Owers and Alec Doyle.

### WEDDING AT ST. ANDREW'S TODMORDEN ON SATURDAY

A very pretty wedding took place on Saturday afternoon at St. Andrew's Anglican Church, Todmorden, when Miss O. Stenson, daughter of Mr. and Mrs. Samuel Stenson of Monaghan, Monaghan County, Ireland, was married to Mr. John Switzer, youngest son of Mr. and Mrs. Sidney Switzer, Furnace Falls, Ont. The officiating clergyman was the Rev. J. A. Bryant, J. T. H.

The bride, who was daintily attired in white silk, carried a bouquet of white roses and was attended by Mrs. R. McCoy and Miss Eileen Orr, her sister and niece respectively. The bridesmaids were attired in white silk and carried bouquets of pink roses, the gift of the bridegroom. The gift of the bride to the bride was a beautiful gold locket, and the bride's gift to the groom a silk scarf.

Following the ceremony a reception was held at 30 Floyd avenue, after which the happy couple left for Port Perry, Ont. The guests at the reception included Mr. and Mrs. Knapp, Mr. and Mrs. J. Short, Mr. and Mrs. W. H. Orr, Mr. and Mrs. H. Harrott, Mr. and Mrs. R. Orr and Messrs. George Simpson, Jack Crawford, H. J. McCann, and Hamilton McCann.

### NEWMARKET COUNCIL TO DISCUSS NEW RADIAL

A special meeting of the Newmarket Council will be held tonight to consider the proposed hydro radial from Markham to Newmarket. The subject of household effects and farm implements of the late John Eves took place on Thursday night, being held by a reserve bid, but a vacant lot, with a frontage of 88 feet on Boston street, was bought by Mr. W. H. W. for \$305.

The Rev. Mr. Ashcroft of York Mills will address St. Paul's A.Y.P.A. on Wednesday evening. His subject will be "The Four Gospels."

### TODMORDEN'S NEW SCHOOL WILL BOOST TAX RATE

The aldermen in Ward One are awaiting the return of the petitions for and against the annexation of Todmorden and Cedarvale before they come to a decision as to what their recommendation should be in the matter. The petitions are still being circulated throughout the districts and according to reports are being very well signed.

Ald. Hill's Opinion. In conversation with the World Alderman W. W. Hill said that it was just a question of time before the annexation of Todmorden would be effected. He was also of the opinion that in the future the city should have some control over the class of buildings that are erected.

A number of residents in the above districts are beginning to see that the new \$100,000 school which is to be commenced this spring is going to double their taxes, whereas if the place was annexed this amount would be shared over the city.

Don Road Widening. Since Don Mills road is being widened within the city limits residents in the township are afraid that the junction of the widened section and the old part in the township will be dangerous to traffic unless the corner caused by the widening is smoothed off.

### FEW PARK SITES IN EARLS COURT

Only Two Now Available, Miller and Allan Royce Properties.

### B.I.A. MEETING TONIGHT

A. C. Pratt, M.L.A., and Dr. Forbes Godfrey, M.L.A., Will Speak.

Five years ago Superintendent Bishop purchased five acres of land in the Oakwood district, facing on St. Clair avenue, for the purpose of erecting a high school, the purchase price being \$3000 per acre, the total sum amounting to \$15,000. The foresight of Mr. Bishop is shown by the fact that this piece of land is worth today \$150,000.

The City of Toronto turned down the Bull property, which extended from Dufferin street to Ossington avenue, comprising 100 acres, five years ago, for \$250,000. Today it is worth \$500,000 per acre, and the Miller property on Dufferin street, are the only large pieces of land on the market available for park sites today.

Deputy Reeve Miller is contemplating the erection of four large greenhouses this year, also a solid-brick, square-plan residence to cost in the neighborhood of \$6000, on the property mentioned.

The park site favored by the Earls Court Voters and the British Imperial Association, as well as the majority of the residents, is the Miller property.

New Lodge Opened. St. Clair Lodge, Dominion Elks, new clubrooms, at the corner of St. Clair and Bloor avenues, was formally opened with much ceremony by Past Grand Exalted Ruler, E. Radeker, of Vancouver, B.C., ever seven attending. Among those present were visiting Elks from East Toronto and Lansdowne Lodge, and Bro. Radeker outlined the progress made during the last few months, mentioning the fact that lodges had been formed in Parry Sound, Trenton, Sudbury, Woodstock and three in the City of Toronto.

Bro. Kipparick of Victoria, B.C., stated that in that city they had a membership of four hundred and large central clubrooms, where visiting brothers can be accommodated during their stay in the city. Among the members were several cabinet ministers, Premier McBride being connected with the order in British Columbia.

The Independent Order of Oddfellows are contemplating the opening of a branch of the order in Earls Court. Officials were in the district last week looking for a suitable location for a lodge room.

The Earls Court district is well catered to with respect to fraternal and other societies. The order of the Royal Canadian Legion is holding their meetings in one hall in Earls Court.

A serious state of Harvey avenue hill in the township is causing much discussion amongst the residents. It was a house, and had a considerable length of steps cut at intervals down the slope. Nothing, however, can be done until spring, when the township council will make their proposed tour of the district, and the matter will receive attention.

Young Boys' Club. The second meeting of the O.Y.B. Club, held at the corner of St. Clair and Bloor avenues, on Tuesday evening. All members are expected to be present. Bro. Wm. Thomas, W.M., will preside.

A meeting of St. Clair Lodge, Dominion Elks, will be held next Thursday evening in the new club rooms, corner of St. Clair avenue and Bloor avenue, with High Elks as the main attraction.

U. S. Meeting Tonight. The B.I.A. wishes to announce that the press that an evening paper was in error in stating that a combined B.I.A. public meeting in Oakwood High School was to take place on Saturday evening last. It really took place on Thursday evening.

President of the B.I.A. wishes to announce that the press that an evening paper was in error in stating that a combined B.I.A. public meeting in Oakwood High School was to take place on Saturday evening last. It really took place on Thursday evening.

### SPREADING RAIL CAUSED WRECK

(Continued From Page 1). The engine of the wrecked train, which was still on the rails, was rushed to Toronto, where a special emergency train was made up and sent back to the scene of the wreck.

Altho the accident occurred shortly after 8 p.m. it was not until 3 p.m. Sunday that the passengers were finally brought into the Toronto Union Station.

An auxiliary train was sent out from Toronto, and the work of clearing the wreckage was kept up all night, but it was not until nearly noon on Sunday that the line was clear for traffic.

A full investigation into the matter has been ordered by the railway company.

### WALLACE THOMPSON CALLED BY DEATH

License Inspector for East York Died Suddenly at His Home.

### END QUITE UNEXPECTED

Mr. Thompson Expired While Conversing With Sheriff McCowan.

Wallace Thompson, license inspector for East York, died suddenly from heart failure yesterday at his home, lot 20, concession C, Scarborough, in his sixty-eighth year. He had been ill for a few days. His death had not been such as to cause alarm and the day before his death Dr. Denary had reported a marked improvement.

Sheriff McCowan, who is an old friend of the family, had called on him and they were talking quietly, when Mr. Thompson leaned back and expired without warning. He was born on lot 24, concession C, just about a mile west of his home, and is survived by one sister, Miss Ellen Thompson, and his wife, Mrs. Wallace Thompson, Mrs. P. Walton, Elmestown, and Mrs. David Grey of Calgary, and one son, William.

Mr. Thompson was appointed license inspector in 1905, fulfilling his duties in a manner which won the respect of all those with whom he came in contact. The funeral arrangements have not yet been completed.

### WANT TEMPERANCE ACT SUBMITTED IN N. YORK

A public meeting will be held in the Newmarket Town Hall on Wednesday next to discuss the advisability of submitting the Canada Temperance Act to the voters in North York next January. The meeting is called for two o'clock, and delegates from the various churches and temperance organizations of North York will attend.

An illustrated lecture will be given on Monday in Newmarket Baptist Church, at 8 p.m., under the auspices of the Student Young Men's Christian Association. The subject will be "China and Japan."

### REEVE SYME EXPLAINS A STATEMENT REPORTED

In the report in Saturday's World of the conference on a metropolitan area, Reeve Syme was made to say that "annexation is the chief concern of the problem."

Reeve Syme on Saturday explained that what he did say "was that annexation would be the best solution for the city, but that many township residents with only small properties were not yet ready for annexation, as they could not avail themselves of city services even if they were taken into the city at the present time."

### EXTENSIVE CREDIT SALE

of horses, dairy cattle, implements, tools, furniture, etc. The undersigned auctioneers will sell by public auction on Tuesday, March 23, 1914, at lot 1, concession 4, East York, two and one-half miles north of East Toronto, the following property belonging to Mr. Frank Wilson: Horses, harness, tools, furniture, and farm implements. Terms: For cattle, roots, poultry, furniture, and all sums of \$10 and under, cash; over that amount, six months' credit on approved joint notes. Six per cent per annum off for cash. No reserve, as the proprietor has leased his real estate.

### HE GOT FREE PAPER FOR UNITED STATES

John Norris, Widely Known Newspaper Man, Dead in New York.

Canadian Press Despatch. NEW YORK, March 21.—John Norris, widely known newspaperman, long business manager of the New York Times and leader of the American Newspaper Publishers' Association, died here at his home in Brooklyn, New York, on Saturday evening. He had not been in good health for several months.

Mr. Norris, who had for some time been chairman of the association for wood pulp committee of the American Newspaper Publishers' Association, resigned in June, 1908, from his post with the Times to take charge of the campaign made by the association for free paper and wood pulp. That fight was won on July 22, 1911, when the Canadian reciprocity bill was passed by the senate. It was provided that one section of the bill, relative to the importation of wood pulp and print paper, should go into effect as soon as President Taft affixed his signature, and was not to be subject to the condition imposed on other sections, namely, that Canada must reciprocate.

### TOLLS REPEAL BATTLE DELAYED

Sims Will Be Taken Up in United States Senate Tomorrow.

Canadian Press Despatch. WASHINGTON, March 21.—The opening of the legislative battle for repeal of the tolls exemption provision of the Panama Canal Act was delayed until next week by prolonged consideration in the house today of the rivers and harbors appropriation bill. Renewed skirmishing in the senate served to reveal, however, the intensity of feeling in the controversy.

Administration leaders had planned to call up the Sims repeal bill in the house today and present a rule to limit general debate to fifteen hours. It is not likely now that the bill can be taken up before Tuesday or that a vote can be had until late next week.

### BRAMPTON WOMAN WAS BADLY BURNED

Gasoline Tank in Stove Exploded—Head and Body Are Scorched.

### PULMOTOR SAVED LIFE

Of Girl Who Was Rendered Unconscious by Escaping Gas.

While attempting to light a gasoline stove at her place of employment in Brampton yesterday afternoon, Elizabeth Gold, housekeeper, aged 25, received burns to the head and body which may prove fatal, when the gasoline in the stove tank exploded.

According to the information which reached Toronto, the girl keeps house for an elderly man in Brampton, and he it was who, hearing the explosion, rushed in and found the girl covered with blazing gasoline. It was some time before he was able to smother the flames with a blanket which was at hand. A Brampton physician was called, who ordered her removal to Toronto. She was brought down on the night train and conveyed to St. Michael's in the police ambulance. At the hospital it is reported that her head and arms were burned and the body from the waist up is a mass of burns.

### Girl's Life Saved By Pulmotor

Prompt application of the pulmotor undoubtedly saved the life of Annie Blockson, 213 Euclid avenue, yesterday afternoon. The girl, who is a domestic at the above address, was discovered unconscious in her room by other inmates of the house, and a physician was summoned, who immediately secured the pulmotor. She regained consciousness about half an hour after being found, but her head and arms in her room is blamed for the accident. She was afterwards conveyed to the General Hospital in the police ambulance, where it is reported she is doing favorably.

### Hit by Car Arm is Broken

While crossing the roadway from behind an eastbound car, William Knox, 49 East King street, was struck and knocked down by westbound King car, No. 1788, at the corner of King and Trinity streets at 10:30 Saturday evening. Knox was conveyed to the police ambulance at St. Michael's Hospital, where it is reported he has a broken jaw, a broken arm, and probably internal injuries. From papers sent to Knox the police think his home is in Mayfield, Ont., and that he has been in the city but a few days.

### Brought Back From Belleville

Wanted in Toronto on a charge of obtaining \$20 by means of a worthless cheque, W. A. Dingman was arrested Saturday evening at Belleville, Ont., by Detective Cronin. According to the police, Dingman borrowed \$20 from George Nicholson, proprietor of an auto garage, afterwards obtaining a cheque in payment. The cheque proved worthless, and Nicholson laid a charge. Detective Murray brought Dingman back to Toronto on Saturday evening. He is arrested again.

Walter Jerry, no home, was arrested by Detective Cronin, Saturday evening, charged with defrauding the Claxton Music Co. of Yonge street. In the early part of 1913, Jerry is said to have purchased a \$70 gramophone from the Claxton Music Co. on an instalment plan, agreeing to pay for it in instalment a month later, and then sold the machine for \$12. Jerry has only been out of jail a day, where he was doing time for another offence.

For Theft of Butter. Charged with the theft of two cases of butter from the Savoy Hotel, on Queen street west, Robert Hamilton, 385 West King street, was arrested by Detectives Taylor and Twigg Saturday evening.

Robert Hamilton Arrested. On a charge of having stolen a wallet containing \$18 in bills from an overcoat in a poolroom at 115 West Queen street west, Robert Hamilton, 385 West King street, was arrested by Detective Twigg Saturday evening.

Fall Fourteen Feet. While playing with some comrades about the new addition to the Shirley Avenue School, Wesley Rice, aged 10, of 78 St. Clarendon avenue, fell 14 feet to the ground, at a o'clock Saturday evening, breaking his right arm and fracturing two ribs, and was conveyed to his home and attended by Dr. Russell.

Thrown From Rig. John Roife, 17 Taylor street, was thrown from the seat of a delivery rig driven by Robert Jones, 29 Allan avenue, at the corner of Taylor and St. Nicholas streets, Saturday evening, and badly shaken up. He was assisted home.

Object is to Give Adequate Protection to Government Property Against Possible Risks - Long Conferences in Which King Participated, Were Held.

LONDON, March 22.—An official report issued tonight says that all the proposed movements of troops in Ulster have now been carried out. These movements, the report continues, were of a purely precautionary nature, with the object of giving adequate protection to the depots of arms, ammunition and stores and other government property against possible risks.

while Premier Asquith and Field-Marshal Sir John French, chief of the general staff, later in the day spent an hour at Buckingham Palace after the prime minister had been visited by the Archbishop of Canterbury, head of the English Church.

In a general way the situation today seemed somewhat easier, the public being inclined to wait with patience the expected statement in the house of commons tomorrow regarding the movement of troops in Ulster and the resignation of officers.

Rather than be placed in a position where they might be called upon to act against the Ulster covenanters, many officers have resigned their commissions.

UNIVERSITY MEN SHOULD PROVE MAKERS OF NATIONAL STANDARD

Rev. Hugh Pedley Points to the Need in the World for Noble Men - Few Voices, But Many Echoes. His Summing Up of Modern Humanity - The University Function.

An exhortation to the attainment of leadership was made by Rev. Hugh Pedley in his sermon to Varsity students yesterday morning in Convocation Hall. Taking the words which Christ addressed to His disciples: "Ye shall sit on twelve thrones judging the twelve tribes of Israel," he pointed out that the kind of judging which was referred to, "that is the highest kind of judging which not only applies, but also furnishes the standard, that is the kind of judging to which Christ referred. The real judges of the world are the men whose characters form the standard judgment. The standard of life and character which the disciples stood for those which will be judged by the world of the future. In the latter department there are men whose way of playing the game of life is the standard for others.

Carranza to investigate Benton's death.

NAUGHTY PARIS MUST NOW BEHAVE ITSELF

PARIS, March 21.—The Paris police today began the introduction of a scheme of moral reform in the public resorts of the city.

THE REAL MASTERS

"The kind of judging to which he referred was that which knew no personal bias, neither was it based on the world." The judicial function was discrimination and the application of a certain standard. Those who were judges in the highest sense were the men who by their character furnished the standard by which other men should be estimated. To this class belong the disciples. By the term "masters" we were apt to think of the long line of men who attained fame in painting, sculpture or music. True masters were however, those who attained pre-eminence in any department of life.

"You Do Not Tell the Truth," Words of Magistrate.

LETTERS PUBLISHED

Woman's Fear of Further Figaro Revelations Was Apparently Unfounded.

Canadian Press Despatch. PARIS, March 27.—Hme. Caillaux, in her preliminary examination before Magistrate Henri Boucard, this afternoon, recounted the motives which induced her to kill Gaston Calmette, editor of Figaro.

The prisoner was attired in a handsome black gown and astrakhan mantle and carried the same muff in which she concealed the revolver on the day of the shooting.

On Friday, March 13, she said, "The Figaro published a fragment of a letter signed 'Thy Joe.' That letter, I knew, was in the possession of a woman, as well as two other private letters written to me by M. Caillaux before our marriage. I sought counsel for the purpose of having the publication of these letters legally prevented, but in vain.

When Mme. Caillaux told how she feared the publication of the letters, and of the sleepless nights she passed before the crime, Magistrate Boucard interrupted her, saying: "You do not tell the truth. The Figaro announced under the signature of the editor, when it had received the letter, that his role was ended and that he would leave further revelations to others. On what do you base your opinion that the person who had the Figaro letters signed 'Thy Joe'—a letter which was not addressed to you and did not concern you—had other letters signed 'Thy Joe' written to you before your marriage?"

Book Review

The Treasure

"The Treasure," by Kathleen Norris, is something more and nothing less than a treatment of the servant girl problem, frankly set forth as such, with just a threat of fiction running thru; not enough to veil for a moment the apparent purpose. In her little book of 180 pages, the writer has not handled the employers of servant girls with a premier regard for their self esteem.

The story is of a household of the upper middle class, the mother in which has a preoccupying regard for social functions. Also she has a very dim memory of "the old days of colored servants" at her birthplace in the Southern States. Domestic help are to her little else than people who are expected to give all of their long working hours in the interests of their "mistresses." There is nothing about the house which she is expected to do. Her young and very modern daughter harps in vain on the strain that "this is an age of specialization." It may be a false sense of security, since the milk will soon become as bad as ever if it is not put in clean containers and kept very cold just the same as fresh milk.

When milk is boiled it is brought to the temperature of 212 degrees F. This changes the taste of the milk and destroys still more bacteria, but not all of them. A child who takes nothing but boiled milk over a prolonged period of time receives no fresh food and is liable to scurvy. Therefore, the milk should not be used for any length of time if good clean fresh milk can be had. At times, however, it is best to use boiled milk thru the summer months, the tendency to scurvy will then be overcome by giving baby the juice of half an orange once or twice a day according to his age.

Thru the book there runs just a wisp of the Nation's. But first, last and always, the writer makes it most apparent that the trouble lies not with the much-discussed maid, but with the short-sighted employer of maids. For those matrons who chatter so glibly about "double wip girls" (or cooks), The Treasure is "good medicine" but at times somewhat bitter.

The Treasure is published by the Macmillan Company of Canada, Limited, Toronto. Its price is \$1.00.

Mendelssohn Choir to Petition for Change of Name—Planning for Trip

At the annual meeting of the Mendelssohn Choir the following officers were elected for the year: President, G. H. Parkes; vice-presidents, Dr. Harold Clark and R. G. Kirby; secretary, T. A. Reed; treasurer, T. H. Manson; auditors, Robert Gorrie and J. R. S. Scott.

It was decided to petition the lieutenant-governor in council to have the name changed from the Mendelssohn Choir of Toronto to the Toronto Mendelssohn Choir, thus giving more prominence to the name of the city; particularly desirable in view of the extended trip abroad.

Mr. George H. D. Lee of the National Trust Company, has consented to act as honorary treasurer of this fund and subscriptions will be received by him.

EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

Shell Fish Cookery

TRAVELERS declare the finest thing found in the States is their shell fish and one of the first articles sent across the continent by parcel post was a consignment of these delicacies. This convenient and queer "fish" into new markets where their goodness makes the question of what to eat more easily solved than ever before.

There is an abundance of recipes for cooking shell fish, but how to prepare them for the last operation is not always made clear. We will begin with lobsters that are at their best in summer months, but are eaten all thru the year. They should be heavy for their size to be good and weighed alive or boiled the tail must be springy. That is, when it is straightened out it must spring back into a curve. The small claws are used for garnishing, the large ones are opened and the white meat drawn out. The tail is opened thru the centre and the middle vein removed, as it is inedible. The meat that lies between the separate and middle body bones is saved and that is all. The body is usually emptied and washed and with the under part of the large claws used for serving. The writer will gladly send sauces suitable for lobster and similar meats upon receipt of a stamped addressed envelope.

Crabs are either hard or soft shell, the latter being most delicate. They are purchased alive and are cleaned when the spongy substance under each side of the back shell and the point at the lower part of the shell, called the apron, has been removed with a sharp knife.

Crab shells are the proper thing to serve crab meat in; they may be purchased by the dozen from any fish dealer. Pretty little baking dishes are now made in the same shape and style and these are a better investment.

Clams are as valuable a food as oysters, but they have not the same fine flavor. Easterners call the hard shelled ones "Quahogs" and the soft ones "Little Necks." They are sold in their shells and must be scrubbed vigorously with a brush and water before they are steamed open. The novice usually makes a mistake by putting them into a kettle full of boiling water. The firm block of flesh remaining is dipped in egg, salted and peppered and rolled in crumbs. This is repeated until a thick coating adheres, when they are placed in a wire basket and plunged into deep fat. They are served with tartar sauce and garnished with oress or celery.

It is much pleasanter for housekeepers to buy shell fish prepared for cooking, but dealers seldom clean or parboil them until they have died, and by this time they are unfit for table use so it remains for the home cook to secure them alive if possible. Scallops, however, are an exception and may be had fresh and firm and ready to be breaded, but they should never be bought from a bowl of ice water, they should be dry when purchased, for they will absorb as much water as will equal their own weight. "He's so close he soaks scallops" is a description often applied "down east" to a stingy person.

Advertisement for The Garden Nursery, conducted by Rachel R. Todd, M.D., featuring fresh cow's milk and a mole in the bulb bed.

The Proper Food

Fresh cow's milk, properly modified, is the only food for the bottle baby. Nothing else will take its place, but it is important that the milk be of good quality. Pasteurized and boiled milks have been already discussed here. Pasteurizing means heating the milk to 150-175 degrees Fahrenheit. This kills most of the bacteria, but it gives a false sense of security, since the milk will soon become as bad as ever if it is not put in clean containers and kept very cold just the same as fresh milk.

A Mole in the Bulb Bed

While moles are great diggers and burrowers, yet it can scarcely be put forward in their behalf that they are of much assistance to a thoughtful gardener, even considering their valuable digging propensities.

True, at certain seasons of the year a mole is helpful in ridding the garden of such voracious pests as caterpillars, grubs and beetles and cockchafers. For it is upon these that he comes amiss to him, he has his normal food, the common earthworm. But he will not touch vegetables.

Is There a Substitute for Our Prison Idea? By WINIFRED BLACK

Winifred Black

JULIAN HAWTHORNE says that the penal system of the United States is all wrong. "When I was in the penitentiary down South," says Mr. Hawthorne, "I became acquainted with men serving long terms who had no business at all to be in prison."

One Criminal's Viewpoint.

"I've seen a good many burglars and thieves of various sorts—both in and out of prison—and I never yet could find myself quite in sympathy with their point of view. I knew a thief once who told me all about it. He was a murderer, too. That didn't bother him in the least."

Are Prisons Antiquated?

"I never signed one of the petitions; I couldn't somehow. The face of the cashier's mother always came between me and the point of the pen. And when my friend, the thief, was hanged, somehow I couldn't quite go into mourning over him."

THEIR WEDDING DAY :: By Michelson

THOSE early spring wedding days require no airship or aeroplane to give a buoyant line to the going forth. Actually the journey may start in a village hack; at best in an auto. But these things mean nothing at all. "They're off!" The effect to THEM is skyward. All the commonplace things melt

Secrets of Health and Happiness

Why Violent Emotions Give You a High Fever

By Dr. LEONARD KEENE HIRSHBERG A. B. M. A., M. D. (Johns Hopkins). Copyright, 1914, by L. K. Hirschberg.

LIVES there a man who has never had fever in his head? There may be some grown-ups who do not recollect ever having had a fever, but if they could remember their infancy, there would be a different story to tell. Before the eyes of the fever-stricken brain, there arise sad, dark, noisome things. There appears a lazar-house where are laid all sorts of far-from-pleasant shapes. Numbers of sickly creatures and phantasmagorical scenes and events rack and torture the feverish, tissue-sick body.

Answers to Health Questions

G. T., Philadelphia—What causes psoriasis? The cause of psoriasis is not known. The treatment is a plain diet with the application of salve, made of chrysarobin resin, tar, pyrogallol and a little the arsenic internally. All these should be prescribed by a physician.

Advice to Girls

By Annie Laurie

Dear Miss Laurie: I read your article this morning and thought it good advice to young girls. I am a girl 20 years old, and am away from home. I have been going with a young man for about four months. He is getting too serious and talks of marriage.

Wit of the Little Folk

The eye of little Elsie was attracted by the sparkle of the dew at early morning. "Mamma," she exclaimed, "it's hotter! I thought it was. Look here, the grass is all covered with perspiration."

Daddy's Good Night Story by GEORGE HENRY SMITH

THE windy days of March came and the henhouse began to look deserted. Over in one corner sat Mrs. Golden-Rod on seven tiny white eggs, and in another corner sat Mrs. Plymouth Rock on 13 brown eggs. In fact, almost all the hens were sitting. Mrs. Speckle, however, was out in the yard eating little shoots of the green grass which were peeping out of the ground.

Let him get so mad that he'll never speak to you again—if you can't get rid of him any other way. Don't worry about him—he's just a stubborn, bad-tempered, self-willed young man who needs a good lesson the worst way in the world, and you are just the person to give it to him.

Annie Laurie

Miss Laurie will welcome letters of inquiry on subjects of feminine interest from young women readers of this paper and will reply to them in these columns. They should be addressed to her care this office.

than the central council can do. Much, he thought, would depend upon the total area. He went on to suggest as a possible division of functions that the central council should control such matters as valuation, registration, assessment, parliamentary business, public health, police, fire protection, hackney coaches, water supply, main sewerage, sewage disposal, town planning, improvements, housing, traffic, education and libraries, parks and markets.

RESPONSIBILITY AND EFFICIENCY.

One advantage at least the United States constitution possesses over that of the United Kingdom and the self-governing British states. Its rigid division of power among the president as chief executive, congress as the legislative body and the supreme court as the final interpreter of the scope, purpose and intent of legislation has provided an effective method of carrying out great public enterprises undertaken by the federal state.

FUTURE GOVERNMENT OF GREAT CITIES.

At the meeting of the Institution of Municipal and County Engineers, held recently in Manchester, England, Councillor Swarrick of that city, who is himself an engineer, read a paper on the government of great cities. This much that he said was naturally of English application, his views regarding the future of local government are not without value in Canada, where the problems presented are similar in character, altho modified by different circumstances.

## JORDAN'S BEST A SACRIFICE HIT

New York Giants. With Mathewson Pitching, Play a Tie at Waco.

WACO, Texas, March 21.—Mike Donlin led his division of Giants were not able to take a Waco scalp this afternoon, but they did fight their uphill way to a tie. The score was 5 to 5, and that after Waco hit four times had taken a lead of four runs. It was a slugfest, and also a well-played battle. Cold weather, however, resulted in the heavy bombardment. The Waco Navigators hit Matty with great severity. "Big Six" put the ball over the plate, and the home folks thrashed in various unprotected localities. The score follows:

## Various Exhibition Ball Games in South

At Memphis, Tenn., Memphis of the Southern League outfit the Chicago Nationals on Sunday, but Chicago's hits were timely, and they won 7 to 4.

At Beaumont, Tex., the New York Americans made fifteen hits for twenty-two bases, and stole eight bags against the Beaumont, Texas League club on Sunday, and won 14 to 6.

At Dallas, Tex., the New York Nationals won from Dallas Texas Leaguers on Sunday 5 to 3.

At New Orleans, the Detroit Americans on Sunday defeated New Orleans Southern Leaguers 1 to 0. Ty Cobb played with the second team on Sunday at Mobile, Ala., which won from Mobile 2 to 1.

At Dallas, the New York Nationals defeated the Dallas Texas League team on Saturday 10 to 1. The game was made slow by extremely cold weather.

At Houston, Tex., by defeating the Houston Texas League team 15 to 10, the New York Americans took two out of three games of the series. Heavy hitting was a feature.

At Memphis, Tenn., Koestner pitched the full nine innings for the Chicago Nationals and held Memphis Southern Leaguers to four hits, the Cubs winning 5 to 2.

At Wilmington, N.C., rails on Saturday prevented Philadelphia Nationals from playing the final game with the Baltimore Internationals. The team left on Sunday evening for Philadelphia.

At Shreveport, La., the Chicago Federals hit Shreveport's pitcher at will, and with McIntire going the full game, r.c. Tinker's team, won in seven innings 13 to 1.

## LEAFS AND GIANTS CLASH WEDNESDAY

Outfielder Wilson Joins Kelley's Squad at Marlin — A Line on T. Jordan.

Canadian Press Despatch. MARLIN, Tex., March 22.—Outfielder Wilson, who has been working with the Dallas Club for some time, was the only new arrival to Kelley's squad here. The absentees are expected by the late train tonight. The players started taking baths today and will have their first practice on Monday morning. The weather is delightful with a bracing breeze, and the squad are all anxious to start work. Manager Kelley stated that the Giants in Dallas, who played in Dallas today, and expects to complete the deal for Bunny Hearne, who did not arrive for the Sunday game.

Tim Jordan is in splendid shape, and will likely remain with the Giants until they take their final departure from here on Wednesday next. He will then go to the Leafs, and Kelley's big fellow has shaken off several of his years and should this season play up to the form that made him such a valuable man to the Leafs a couple of years ago. Toronto will work out on the old ball field in the present facilities, and conditions is all that is needed to soon send the team away in mid-season shape.

Leaf is the only Leaf who has not wintered well. He is still under the weather, but the indisposition is nothing that a few days here should not remedy. As to the remainder, if appearances and statements are not deceptive, they are in such condition that Trainer Daily will have an easy time with them. The half-season yet to report are on Monday, with Kelley from Dallas. The program calls for morning and afternoon practice, starting on Monday.

The Leafs have been flirting with Catcher Kelly, but he has told them he will live up to contract, which is, by the way, one calling for a salary that exceeds the proverbial sky limit. He is anxious now to stay with Toronto, and with Snell and the other newcomers, is quite content with existing conditions.

## CARPENTIER LOST REFEREE'S AWARD

American Negro Won Heavy-weight Battle in Paris on Points at the Finish.

PARIS, March 21.—Joe Jeannette, the American heavyweight pugilist, won the decision over Georges Carpentier, the French champion, on points in a slashing fifteen-round bout here tonight. The battle took place at Luna Park, which was crowded with men, some of whom paid \$25 for seats. The total receipts were said to be over \$28,000.

Jeannette had the advantage at start of the contest and in the early rounds, which were marked by continuous fighting. Carpentier put up a fine defence, and several of the rounds ended in his favor.

The American, who had a trifle more weight than his opponent, landed heavily a number of times his blows staggering the Frenchman, and as it appeared at the end of the fight that Jeannette had been the more aggressive the referee gave him the decision.

The fans cheered the efforts of Carpentier, who had been a favorite of the French, and there was much disappointment over his defeat.

Joe Jeannette is an American negro. He was born in 1881, and has been boxing for about ten years. He has long had the eye of the heavyweight championship, and with the possible exception of Sam Langford is rated as Jack Johnson's strongest rival. He has met the champion several times and has won a decision over him on a foul.

Jeannette has met the best men in the world in his class with great success. He has lost decisions to Johnson, Langford, McVey and "Sandy" Ferguson, but has defeated all with the exception of the champion at one time or another.

His victory over the French champion is the first of his kind. Both Frank Klaus and Billy Papke stopped him inside of twenty rounds.

## St. Michaels Team Shut Out Cleveland

CLEVELAND, O., March 22.—(Special.)—In the season's most thrilling hockey struggle and heaviest battle, the famous St. Michaels' seven of Toronto, crushed the American amateur champions, the Cleveland Athletic Club team Saturday night, 2 to 0.

The St. Michaels played steadily and scored the goal in the first half. The C.A.C. stood up in front of the St. Mike goal for twelve minutes before they were successful in hitting the bull's-eye. Finally Rankin edged down into Jamie's territory and planted the puck into the net. That was the starting gun. Rushes by Lafamme, Rankin, Richardson and Nichols followed at short intervals. For while the St. Mike's shot on the C.A.C. net twice a minute.

The C.A.C.'s came back strong in the second period, and really played the much-touted Canadians to a standstill. The St. Mike's got the second and last goal two minutes after the face-off realizing that they were playing their last game for the old St. Mike's Lafamme, Richardson, Disette and Rankin put every bit of their hockey ability on display.

The line-up and summary: St. Michaels (2): Goal—Lafamme; center—Murphy; forward—Rankin; left wing—Richardson; right wing—McName; centre, Lafamme. C.A.C. (0): Goal—Odmarr; point, Wintler; center—McName; left wing—Trinkle; left wing—Trinkle; right wing, Jameson; center, Verner.

# DOCTORS SAY THEIR INTERESTS WILL SUFFER THROUGH CLAUSES OF WORKMEN'S COMPENSATION BILL

### Report Presented by Committee of Academy of Medicine Complains That No Provision is Made for Payment of Physician's Fee in Cases of Accident or Industrial Disease.

At a largely-attended meeting of the Academy of Medicine of Ontario, called to consider a report of a sub-committee appointed to deal with the workmen's compensation bill, now before parliament, in so far as it affects the interests of the medical profession, its chairman, Dr. Bruce L. Riordan, read the report. It dealt exhaustively with the various phases of the act as applicable to those present, and pointed out how the existing rights of the profession to have their services treated as part of the damages recoverable have been taken away, while no fund is provided out of which those who care for the injured are to be paid, and medical men are barred from ranking on the sums awarded for compensation, these being expressly exempted from all claims of every kind. Suggestions as to the proper remedy were made.

The recommendations made in the report were unanimously adopted, a call sent out to the medical men of the province to appoint delegates to wait on the government, and G. G. S. Lindsey, K. C., appointed counsel to present the academy's views.

The committee's report was as follows: As the author of a motion at the last meeting of the Academy of Medicine, March 1914, which was carried unanimously I have been asked by the president to introduce the subject of the motion to the full assembly. The committee then appointed, have been supplied with a copy of the proposed act entitled "Laws Relating to the Liability of Employers to Make Compensation to Their Employees." I presume other members present have looked over the proposed bill. We are now assembled to consider the bearing such an act would have on the rights and interests of the medical profession of Ontario, and to take such action as this academy deems necessary. First, I would draw your attention to the reason given for the proposed act. The basic principle is that the industries causing the accident and injury to the employee or employees should bear the cost of the medical and surgical services of physicians and surgeons for the injured employee or his family or the municipality at the expense of caring for such a person.

**Injured Man Must Pay.** By the proposed act the injured person is to bear the cost of his medical and surgical treatment or other necessary expenses (page 15, Sir W. R. Meredith's second interim report addressed to the lieutenant governor of Ontario, October, 1913).

Under the present existing Employers' Compensation Act, the medical or surgical expenses become an important part of the claimant's account for an award from the court for his injuries. Section 35 is the only reference to compensation to the medical profession in the proposed act. The section reads: "Where a workman leaves no dependants, such sum as the board may deem reasonable for expenses of his medical attendance and his burial shall be paid to the persons to whom such expenses are due." The list of possible dependants includes: "Members of the family" which means and includes wife, husband, child, mother, grandmother, grandfather, stepmother, stepfather, stepson, stepdaughter, stepbrother, step-sister, half-brother, and a person standing in loco parentis to the workman, whether related to him by consanguinity or not, and where the workman is a legitimate child shall include such child, and where the workman is an illegitimate child shall include his parents and grandparents.

**Physician's Chance Small.** The medical man's chance of being paid anything under this clause seems very remote. The physicians are especially interested in the industrial disease schedule, page 56, section 96, which reads (1) where a workman suffers from an industrial disease and is thereby disabled from earning full wages at the work at which he was employed or the death is caused by an industrial disease and disease is due to the nature of any employment in which he was engaged, any time within twelve months previous to the date of his disablement or death, or one or more employees, the workman or his dependants shall be entitled to compensation as if the disease were a personal injury by accident and the disablement were the happening of the accident, subject to the modifications hereinafter mentioned, unless at the time of entering into the employment he has willfully and falsely represented himself in writing as not having previously suffered from disease.

**Industrial Diseases.** Industrial diseases are as follows: Anthrax (handling of wool, hair, bristles and skins.) Lead poisoning or (1)

sequelae (any process involving the use of lead or its preparations or compounds.) Mercury poisoning or its sequelae (any process involving the use of mercury or its preparations or compounds.) Phos-phorus poisoning or its sequelae (any process involving the use of phosphorus or its preparations or compounds.) Ar-senic poisoning or its sequelae (any process involving the use of arsenic or its preparations or compounds.) Ankle-stermia (including).

These diseases are to be treated as accidents. Other countries with some-what similar legislation as is proposed in this new act have made provision for the services of physicians and surgeons therefor is charged to the industries causing the injury or disability. In the following states of the union to the south of us, provision has been made for medical and surgical aid: California, reasonable during first 90 days not exceeding \$100; Illinois, necessary medical, surgical and hospital services for eight weeks not exceeding \$200. Necessary services of physicians and surgeons eight weeks without limitation on amount Kansas, New Hampshire, Nevada, non-union employe dies, leaving no dependants; New Jersey, during first two weeks, not over \$100; Massachusetts, R. Ireland, during first two weeks reasonable medical and hospital services, and medicines when needed; Michigan, reasonable medical and hospital services and medicines during first three weeks; Minnesota, necessary medical, surgical and hospital services not exceeding \$200; Washington, 50 per cent. of benefits added for first six months of total temporary disability, not more than 50 per cent. in all; Wisconsin, reasonable medical and hospital services, medicines, appliances and hospital care, which we cannot attach for payment of medical services any award during life of injured man, or any award which goes to his dependants in case of death.

**Medical Care a Necessity.** From the industrial department of the State of Washington, U.S.A., we note page 289, the government commissioner says: "There is no question but that there is an instant demand on the part of the injured workmen, their families and friends, for some amendment to the act whereby victims of work accidents may be given immediate and thorough competent medical attendance after an accident, and that the cost of such treatment be paid by the employer, directly, or by the state out of some fund, or indirectly by an increase in the cost of insurance." Dr. J. W. Mowell, chief medical officer of the board for the State of Michigan says: "This report would not be complete without paying a tribute to the medical profession for the share they have had in making this law a success. Further on he says: "Take this opportunity of thanking them, since thank and kindly feeling are all the commission is yet able to offer."

**Words Cost Nothing.** We are so familiar with these votes of thanks and eulogies of the medical profession, where words cost nothing, that it almost nauseates the man of experience.

This proposed act will apply all over the Province of Ontario. The employer under this new act will have to bear the burden of all costs for surgical or medical attendance, nursing, necessaries. After an injury, the workman's wages will cease immediately. There will be no duty of attending accident cases, (that any provision for remuneration there will also be the added liability for

suited of malpractice, if the patient is not satisfied with the results secured in this case. Our present rights to be paid for our services as part of the damages recoverable are taken away under the Employers' Liability Act now in force, and under the common law.

Half-Measures Bad. Sir R. W. Meredith says in his report to the lieutenant-governor, October, 1913: "In these days of social and industrial unrest, it is in my judgment of the gravest importance to the community that every proved injustice to any section or class resulting from bad or unfair laws should be promptly removed by the enactment of remedial legislation, and that deservedly, the blessing of industrial peace and freedom from social unrest. Half-measures, which mitigate but do not remove injustice, are, in my judgment, to be avoided. We think this should be applied to the medical profession."

A committee was appointed two years ago this last February to present the views of the Academy of Medicine to the commissioner as to the effect the proposed legislation would have on the medical profession. We have a copy of the letter sent asking for a hearing and an acknowledgment of its receipt from the secretary of the commission. No appointment was granted.

**No Politics.** Before considering the proposed act, the gentlemen present and the other members of the medical profession of Ontario that there is no politics in this movement, that we are actuated solely by a desire to present our views to the proper authorities, so that the interest of the registered members of the College of Physicians and Surgeons of Ontario be not overlooked through this proposed act becomes law.

When I say that the people of this province, including all classes, owe a debt of gratitude to Sir Wm. Ralph Meredith for his work as commissioner, appointed to investigate and recommend a just and economical means of compensation for employees who have been injured. The fund of information which he has collected and his report will be of inestimable value. "He does not claim that the proposed act is perfect, nor that the last word has been said, when he made his recommendation for its adoption to the government."

**An Amendment Proposed.** We propose to amend the proposed bill, "Laws relating to the Liability of Employers to Make Compensation to Their Employees," to make compensation to their employees for injuries received in the course of their employment," be amended as follows:

Section 23, sub-section 1, by adding to clause thereof the following words: "And such sum as the board may deem reasonable for the expenses of his medical attendance and hospital care, to be paid to the persons to whom such expenses are due." Section 23, sub-section 2, by adding thereto the following words: "And a further payment of such sum as the board may deem reasonable for the expenses of his medical attendance and hospital care, to be paid to the persons to whom such expenses are due." Section 25, by adding thereto: "And such further sum as the board may deem reasonable for the expenses of his medical attendance and hospital care, to be paid to the persons to whom such expenses are due."

## NEWS FROM THE CITY HALL

### APPOINTMENTS AND ANNEXATIONS WILL TAKE UP COUNCIL'S TIME

#### City Plans to Oppose Bill in Legislature to Compel Grant of Water Supply to Overflow Population Beyond Limits—Street Extensions on the Table.

When the motion to adjourn releases the members of the city council from their labors tonight, there will have been considerable business transacted. Among the items on the agenda are the following:

Annexation of Cedarvale, Forest Hill and Upper Canada College district. They all come in under an agreement that the property pays in full for local improvements. This is a long step in advance of the policy of annexing under fixed assessments.

Water supply to York Township. This is a recommendation to oppose a bill in the legislature to compel the city to supply water to the congested areas from the overflow of the city's population. Commissioner Harris reports that the city waterworks plant is large enough only for the city's needs.

Appointment of a purchasing agent, at a salary of \$4500. Approval of the appointment of D. W. Wright to the position of general manager of the civic abattoir, at a salary of \$2750. Aid. Maybee's friends are trying to have the alderman appointed to the position.

Kingston road widening. The works committee recommend that the works and the assessment commissioners be instructed to fix the assessment of cost at 25 per cent. upon the property affected, and 75 per cent. upon the city. The board of control recommends that those instructions to the commissioners be struck out, inasmuch as the commissioners should not be so interfered with.

Don Crest road extension and widening. The board of control recommends that this work do not proceed until the assessment is so changed that it will not be a hardship upon the owners of frontage there.

Widening of Church and Teravay streets, Wilton avenue extension. Extension of Main street and substitution of a subway for the bridge over the railway.

Rounding the corners of Bay street at Queen street. Routine items. Postoffice square. Purchase of David Smellie property.

Was Allowed Only Two Hours in Which to Make Decision.

Canadian Press Despatch. LONDON, March 22.—The Sunday Observer asserts on high authority that General Sir Arthur Paget visited Curragh on Friday and gave General Gough of the third cavalry brigade the option of taking command at Ulster or retiring. General Gough, who was allowed two hours for consideration, resigned immediately. The Observer says that the government has decided to issue two hundred warrants for the arrest of the leaders in Ulster.

### KINGSTON'S NEW FAIR GROUND.

KINGSTON, March 22.—Ald. R. D. Sutherland has secured an option on the Kingston driving park and will propose that the city take up the option and convert the park into a fair ground and sell the present fair grounds to the highest bidder.

### LOSING TRADE IN MARINE ENGINES

Canadian Manufacturers Unable to Compete Successfully in New Zealand.

OTTAWA, March 22.—Canadian marine engine manufacturers are losing ground in New Zealand. The Canadian trade commissioner states that the reason is the high price, the ancient standard and the inept construction. Great Britain sells the most internal combustion marine engines in New Zealand, being nearly seven to one American engine. The total importation was 5421 engines at \$897,553, of which 738 were United States engines at \$109,795 and 45 Canadian engines at \$6165. Canadian manufacturers, says the report to the trade and commerce department, have an advantage over American manufacturers, yet their engines are more expensive. British-made engines are landed in New Zealand as cheaply as Canadian engines and in some cases are very little dearer than those from the United States.

This Week's Attractions at the Theatres

DOLLY SWEET AT THE STAR

BEATRICE HARLOWE AT THE GAYETY

JULIA SANDERSON AND JOSEPH CAWTHORN AT THE PRINCESS

Joseph Santley at the Alexandra. Some half-way one of the best known stars will appear at the Royal Alexandra Theatre this week in Philip Bartholomew's big musical production "When Dreams Come True".

THOMAS E. SHEA AT THE GRAND

"Sunshine Girl" at the Princess. For an engagement of one week, commencing on Tuesday, the Princess Theatre will present its newest star, Julia Sanderson, in the musical comedy triumph "The Sunshine Girl".

Metzger's Beautiful Voice. Long known as one of the greatest European operatic contraltos, Madame Ottilie Metzger, who will be heard in Massey Hall with the Philharmonic Orchestra on Saturday evening, April 4, has demonstrated her right to be classed as a leader artist of phenomenal vocal gifts and striking interpretation.

Fifteen Thousand People Disappointed. In view of the fact that John McCormack is to sing in Massey Hall Tuesday evening, March 31, the following, taken from The New York World of Monday last, will prove interesting reading.

Forbes-Robertson's Repertoire. Forbes-Robertson's repertoire for his two weeks' engagement at the Alexandra Theatre has just been received. It will be noticed the actor-knight in compliance with the many requests has consented to close his engagement with a "mixed" bill, the same as he did in New York.

Ethel Barrymore in "Tante". Admirers of Miss Ethel Barrymore are to see her in a new and pleasing light when she makes her appearance here at the Princess Theatre on one week, beginning Monday evening, March 23, in "Tante," for in her new role Miss Barrymore has an opportunity for the first time to display her skill in public as a concert pianist of far more than amateur ability.

Thomas E. Shea at the Grand. Thomas E. Shea is booked at the Grand

Opera House this week. This announcement is sure to be received with pleasure by the numerous admirers of this famous player. No actor of the present day is held in greater esteem than Thomas E. Shea, as he is looked upon as the leading character actor, if not the best of the generation. He has always been a welcome visitor to the City of Toronto, and is sure to receive a cordial reception upon the occasion of his return engagement. He will be assisted by the same company he had with him on his first engagement the earlier part of the season. Mr. Shea will only present two plays, "The Bella," and "Dr. Jekyll and Mr. Hyde," and they will be presented as follows: Monday night, Tuesday, Wednesday and Thursday, "The Bella"; Wednesday matinee and night, Friday night and Saturday matinee, "Dr. Jekyll and Mr. Hyde."

JOSEPH SANTLEY AND MAY VOKES AT THE ALEXANDRA

EDITH REEVES AT LOEW'S

"Woman Proposes" at Shea's. For the week Manager Shea has booked comedy, novelty and music in abundance. The headline attraction is "Woman Proposes," presented by the company headed by Ruth Armstrong. This act has been seen in New York, and is played by a company of eight people headed by Ruth Armstrong. Mr. Armstrong tries to prove that it is the woman who does the proposing. He believes the man, and is given judgment from the man of forty, and that the girl of eighteen knows her own mind, carrying all and clever songs, ranging from eighteen to thirty years old, and four men varying in age from twenty to thirty.

opportunity for dramatic work. Five people appear in the act. An added highlight for the week will be Miss Edith Reeves, highest paid individual female star on the Marcus Loew circuit. Miss Edith Reeves, a beautiful, young, and intelligent actress, who has a large and successful appearance and carriage, was the first to wear a cowboy wig in public when she appeared on Broadway. "The King of Monkeys," who seems to do everything but talk, will be a big attraction. Pedro sits at a table and plays a piano, and performs a variety of other feats which are better than those of any other actor in the world. Burns and Kiesen are two boys who write and sing their own melodies. Five dances are presented by the Bandell Trio in an act pronounced one of the greatest of its kind in vaudeville. Britt Witt, the juvenile actor, has a new monolog to which he has added a name, carrying all and clever songs. The bill for the week will close with a new picture on the kinetograph.

Commander Evans. Commander E. E. Evans, C.B. R.N. who will appear at Massey Hall on Friday, is but thirty-three years old. He is the son of a barrister and has been in the navy ever since he was sixteen years old. Three years later, when at the age of nineteen, he was made sub-lieutenant. At the age of twenty-one he joined the discovery expedition, 1902-04, and was made full lieutenant, and five years later—1907—was awarded the Sandwell Memorial Prize by the lords commissioners of the admiralty. When the Antarctic expedition was organized in 1908, under Captain Scott, and returned after Scott's death, in charge of the expedition.

Leew's Winter Garden. An extraordinary bill features, headed by "A Night in a Turkish Bath," with the Joe Maxwell players, a happy and stage effects, has been booked for Loew's Winter Garden for the week. The bill offers, full of bright lines and comedy situations, and is absolutely original. It has an entirely new cast, several of whom are good singers. Another strong feature is the musical comedy "The Party Goes to a Dinner Party" with another girl friend, meeting two men in a private dining room "one flung up." The party becomes insulting. When the girl asserts her indignation the man of the world with whom she is dining begins to look at her and she falls in love with him. The transition in the feelings of the man in the case give Mr. Lampe a fine

the latter is a satire on the current talk to the soil movement. Each is unique and the double bills with added vaudeville specialties makes the program an especially attractive one.

Butt-Ruffino Seat Sale. "You were born to bring people luck," a famous astrologer once told Miss Clara Butt, and the fact that she has helped out many a struggling artist when fortune was against them would seem to bear out the statement. In many parts of the world are people who bless the name of the famous English contralto, not only because of a sudden change, but because their luck has changed in an extraordinary way since they came into contact with her.

Ensemble Concert. The first of a special series of ensemble concerts by graduates and undergraduates of the Toronto Conservatory of Music Piano School, assisted by Miss Lillian D. Aumann, violin, and Dr. Leo Smith, cello, took place in the music hall of the institution on Thursday evening last, in the presence of a large and critical audience. The pianists were Mrs. W. D. Hendry, A.T.C.M.; Missa Constance Oakley, Elma Ferguson, A.T.C.M., and Pearl Burford, pupils, respectively, of Messrs. Paul Wells, Edmund Hardy, W. J. McNally and Savitelli were Beethoven's Trio in E major, Op. 55; Mendelssohn's Trio in D minor, Op. 55; and Godard's Trio, No. 2, in F. Technically and artistically the performers showed a high order of achievement. The pianists were Mrs. W. D. Hendry, A.T.C.M.; Missa Constance Oakley, Elma Ferguson, A.T.C.M., and Pearl Burford, pupils, respectively, of Messrs. Paul Wells, Edmund Hardy, W. J. Technically and artistically the performers showed a high order of achievement.

Festival Concert. A representative of the New York Symphony Orchestra arrives in Toronto this week to confer with the officers of the Toronto Mendelssohn Choir regarding co-operation with the New York Orchestra in a series of three festival concerts in April of next year, should the choir decide to sail from New York for their proposed British and continental tour. A proposition has been made to give these concerts under the joint direction of Mr. Walter Damrosch and Dr. Voigt in the splendid auditorium of the Grand Opera House. A proposal is also being considered from Boston regarding two concerts in that city in Symphony Hall, should the trip be finally decided upon, as a result of the canvass which is now being made regarding the financial side of the undertaking. It is likely that the choir would sing in Montreal en route to a seaport in April of next year, and give one or two or more concerts in either Boston or New York prior to sailing. The proposal of Mr. Strinsky's New York Philharmonic Orchestra for co-operation with this fine organization in several New York concerts, will be taken up by Mr. Strinsky and Dr. Voigt when the Philharmonic Orchestra appears in Toronto next month.

"Cracker Jacks." "Cracker Jacks" will be the next attraction to be seen at the Gayety Theatre. The show, featuring C. B. Arnold this season and is one of the live wires of the big burlesque circuit. The roster is new and the particulars are new, and new people to look after them. Geo. Tottel Smith, as written the first part, and the burlesque is called "Mulligan's Mardi Gras," and the other "Back to Nature." The one is an old-time burlesque first part, and

HEAVY SELLING WEAKENED CORN

Prices Declined at Chicago Despite Stubborn Resistance - Other Grains Off.

CHICAGO, March 21.—After a stubborn fight corn today closed steady, but at 3-8c to 1/2c net decline. Other leading staples, too, all showed a loss...

Heavy selling of corn by a group of large speculators met with unlooked for obstacles and turned out only a limited success in carrying the market down grade.

Reports that the St. Louis cash market had become demoralized were current just before the weakness in corn here was most pronounced.

Wheat Cables Bearish. Bearish cable quotations due to a prospect of abundant supplies from all quarters made the wheat market easy from the start.

St. Lawrence Market. Receipts of farm produce were fairly large. One hundred bushels of wheat, 15 loads of hay, and 20 loads of mixed produce.

NEW YORK TREND WAS REACTIONARY

Week-End Profit-Taking Chief Cause of Shading of Prices.

LARGE GAIN IN CASH

Bank Statement Proved Even More Favorable Than Had Been Expected.

NEW YORK, March 21.—The strength which developed yesterday in the stock market was sustained only temporarily during today's trading. The market forged ahead in the early morning and in a few cases made further gains of a point or so. Then the demand diminished and the list fell back until at the close small net losses were the rule.

On the early rise the coolers and eastern trunk line stocks were again prominent. There was a good demand also for various low-priced railroad and industrial shares, some of which touched the best figures of a long period. Rumorly common and preferred developed particular weakness. Among a majority of the representative stocks, however, the range of the entire session was restricted to fractional points.

MONTREAL SLUMP LED BY BRAZILIAN

Stocks in General Weaker on Saturday — Activity in Few Issues.

MONTREAL, March 21.—Most of the rally of Friday was lost on the local exchange today. The local market showed once more a tendency to follow the movement of the Brazilian. When C. P. R. began to drop with the balance of the New York list the weaker tendency of the local list became more pronounced and the market finished around low prices for the day with net losses of 1-4 to 1-2 points.

C. P. R. Lost Gain

C. P. R. was strong in London, and early in the day touched 209 in New York and 207-7-8 here. Later it retested 11-2 in New York and one point here and finished locally at 208 with a loss of 1-4 in balance.

MONETARY OUTLOOK IS ENCOURAGING

Money Becoming Much Easier — Spring With Traditional Rise at Hand.

Henry Clews & Co., the New York banking house, in its weekly letter says: "The monetary outlook is encouraging, and aside from expected fluctuations about April first, which may not come, the outlook is for continued ease. Last week's bank statement showed a good increase in reserves and a contraction in loans, the first since the opening of the year. Foreign markets are also showing signs of returning monetary ease resulting from a general slowing down of trade. Some distrust was caused by the crisis in the French Government arising from the assassination of M. Calmette, but while temporary disturbances are possible, if not probable, it should be remembered that the French as a nation are distinctly conservative, in spite of their political excitability, for the reason that the masses are exceedingly thrifty and do not favor any public movement that will injure their financial interests.

Prices \$5.00 to \$14.50. (Third Floor.)

## The Vogue of the Black Hat

People are asking us for black hats every day. Toronto women have found out for themselves the usefulness and smartness of the new models in black Milan Tagals just at a time when Parisian women are enthusiastic over the same idea. Because the modes come from the greatest center they are especially smart and cleverly fashioned. There's a distinct advantage in the black hat this season, appearing as it does in the very best. Trimmed models, some with small French wing, others with a jetted ornament, still others with a chic small mount. High-mounted French tips are used in smart placing, making effects quite out of the ordinary. Sixty of these hats will sell to-morrow at \$3.00 to \$4.75 each.

## Royal Values in Dress Goods and Suitings

**Cream Serge and Pencil Stripe, 55c**—This is an exceptional bargain in this fashionable and elegant fabric. Universally recognized as the smartest tailoring costume cloth made, and being a special purchase from an English manufacturer, 42 inches wide. Per yard **55c**  
**Wool Crepe-de-Chene, 57c**—A charming array of fabrics, in a magnificent range of new spring tones, beautifully soft and rich in finish and a fabric that adapts itself as an ideal draping fabric for the prevailing modish styles. Wonderful value at Tuesday's price, 42 inches wide, per yard **57c**  
**\$1.25 English Serges for 89c**—A special clearance of this noted serge from a West of England serge manufacturer ensured this big bargain for your saving. A charming fabric for draping purposes. Reg. 50c per yard. Tuesday's price, 31 inches wide **33c**

## The New Silk "Draping" Weaves

Featured for Tuesday, will place before you the newest fabrics shown in Paris, Vienna, New York and London. Many of the designs are our own exclusively.  
 Conspicuous are Crepe Ripples. Many varieties in these charming fabrics give added scope for choosing. Chain, crinkly, armour and claw patterns are much in evidence, each weave in separate color ranges.  
 Then in Brocaded Crepe-de-Chenes and Brocaded Crepes the displays are most entrancing, while Printed Crepes draw attention by originality in pattern and color combinations worthy of the best French artists. Our ranges in Plain Silk Crepes are complete—many tones being displayed for the first time in the popular blues, soft rich tans and pretty greens.  
 Crepe Meteors and Crepe Silk Charmeuse, though more weighty than the others, are particularly striking in brocade and flowered effects, yet have the necessary softness for any intricate drapes.  
 Crepe Fascines, Crepe Armures, Crepe Ondines, Crepe Cascades, and literally dozens of other weaves of a like description in plain colors and in broches await your inspection. (Second Floor.)
