BE A GOOD FELLOW HELP THE KIDDIES

Lots of Little Folks Will Need Looking After This Winter.

TELEPHONE THIS OFFICE

If Willing to Lend a Hand, World Will Show You How.

"Daddy's out of work, mother can't get much to do or is sick, and we don't expect to get anything for Christmas," is the answer you will get from hundreds, yes thousands, of the city's children if you ask many little...

It is the duty of every Good Fellow to do what he can to ameliorate these conditions and the Good Fellow department has again undertaken to bring together, as it has done in past seasons, those who are Good Fellows and those who are in need of help.

Lend a Hand, Brother. It is the spirit of co-operation that we wish to bring into action in this Good Fellow movement, and it is for this reason that we want all the Good Fellows in the city to get in touch with the Good Fellow department, so that we can put them on the track of the needy family that needs their kindly aid.

The question is often asked, "What have I to do to be a Good Fellow?" Simply send in your name over the phone or by mail, or come in to the Good Fellow department at the World Office (Main Street) and you will be enlisted as a member of the order, and when the lists are prepared you will be given a family, or more if you want, of the worthy needy ones in need of help. You can see to it that they get in touch together forgotten when Santa Claus makes his rounds.

CHINESE COOLIES' DESPERATE NEED

Thrown Out of Work by War—Letters Reach Here From China.

Disquieting news of the effects of the war have been received at the Methodist and Presbyterian mission boards. The reports received by the Presbyterian board from Italian envoys "within a week of the declaration of the war in Europe, ten thousand coolies in the hills were already feeling the pinch of hunger."

"Ships dared not put out to sea for fear of capturing thousands of wharfingers without employment and at once the price of food stuffs rose. France's priests have discarded the gown and shouldered the rifle, and the forts almost all the able-bodied Europeans are soldier volunteers."

SILENT GUN IS KRUPP'S LATEST

Thus Far Novel Weapon Has Done the Allies No Harm.

Canadian Press Despatch. LONDON, Nov. 25.—The British "eye-witness" gives the following statement in part as follows: "In our centre the enemy employed a silent gun, which may be pneumatic or worked by some mechanical contrivance. There is no report of the discharge, the projectile travels thru the air without any warning being given by an ordinary shell, and the first notice to be received of its arrival is the detonation. So far not at all the positions are not unwelcome to our men for they, at any rate, are secure from shell fire, the hostile artillery being unable to shoot in the fear that it would hit its own infantry. Indeed, for either side, a trench close to the enemy often is a safer spot than any other in the fighting zone."

GOVERNMENT SAVES

Will Not Spend Money on New Buildings at Present.

Hon. Finlay Macdonald, provincial minister of public works, has advised the problem of temporarily providing quarters for the workmen's compensation commission. They will be housed for the winter in the office formerly occupied by the education department in the Normal School buildings. Whether there will be permanent accommodation has not yet been settled. A large clerical staff will be employed. It was suggested some time ago that the new hydro-electric building now being erected on University avenue might have room enough to include the Ontario Railway Board and the compensation commission as well. This idea has been abandoned, however, and the whole structure will be given over to the needs of the power staff alone.

Canadian Press Despatch. LONDON, Nov. 25.—(30.47 p.m.)—A discussion arose in the House of Commons tonight relative to the censorship and Sir Stanley Buckmaster, director of the official press bureau of the war office, said that the censorship should be no concern with politics and should not in any circumstances be used for color, but that it was a necessary measure to maintain the confidence of the nation and to prevent a very bad action. Sir Stanley declared that he had no sympathy with the view that had been put forward, and that it was possible, however, that there might be circumstances in which a full disclosure of events might not be desirable and might even prove disastrous.

It is believed that instead of having received the inoculation at the time of treatment at one time, as occurred at Valenciennes, they will be treated in the trenches, and the concentration of soldiers will be vaccinated in a body at the front. The inoculation of soldiers for this purpose are now being made.

HOW ROAD SCHEME AFFECTS COUNTY

Provincial Roads Engineer Asked to Address the Council Today.

REGIMENT ASKS GRANT

School Inspectors Have Too Much to Do—Want System Changed.

Col. Amelius Jarvis appeared before the York County Council yesterday and made an appeal for a grant towards meeting the expenses of the Governor-General's Body Guard, which is encamped at Aurora.

He stated that 200 men had volunteered for training at the concentration camps at Cooksville and Aurora, but as the government had not given them horses they had not an opportunity to engage in training practice, and consequently it was necessary for the county to purchase horses for the purpose.

The Toronto Council of the York County School Inspectors met yesterday afternoon at the request of the council. School inspectors C. W. Mulloy, for South York, and G. L. Campbell, for North York, were present to give their views on the redistribution of the school inspectors in the county.

Mr. Mulloy said that the annexation of certain parts of the county to the city had caused much trouble to the inspectors, as South York had become a smaller county than North York, and he had to place the inspectors in the northern townships.

NEW MARKET TO VOTE ON HYDRO BYLAW

Council Decided Last Night to Submit Power Question to the People.

The Newmarket Council decided last night to submit a hydro-electric enabling bylaw to the electors on Jan. 14, when the annual municipal elections take place. A money bylaw will also be voted on authorizing an issue of debentures covering an expenditure of \$15,000 on a hydro-electric sub-station and alterations to the present municipal plant for alternating current.

As the opposition is pretty well organized since the hydro-radial bylaw was submitted, a very stiff fight is in prospect.

Opponents of local option have complicated matters by bringing on a local option campaign at the same time, and it is felt that it would have been much better if the hydro-electric bylaw was the only one before the electors in January.

An enthusiastic meeting in support of local option was held in the King George Hotel on Tuesday night, and a committee was appointed to carry out the campaign at the municipal election.

The following were elected: Chairman, Henry Bennett, secretary-treasurer, Dr. Wilkinson, ward representatives—St. Smith, St. Patrick's Ward; Dr. Clark, St. George's Ward; B. Ross, St. Andrew's Ward.

Addresses were delivered by Rev. Mr. Bennett, Mr. Bennett, P. W. Farrison and B. W. Hunter.

At the request of the council, school inspectors C. W. Mulloy, for South York, and G. L. Campbell, for North York, were present to give their views on the redistribution of the school inspectors in the county.

EAST END DEPUTATION TO BOARD OF CONTROL

Will Protest Against Location of Incinerator—Balmby Beach News.

Deputations from the North Riverside Ratepayers, Riverside Business Men and the Beaches Association will wait on the board of control in St. Patrick's hall this morning to protest against the installation of an incinerator at the Gerrard street bridge.

Members of St. Aidan's Church will learn with regret that their pastor, the Rev. E. A. McElroy, will not be able to see them, as previously announced. He has had a relapse and his doctor has recommended him to go straight to Georgia, as a busy day among his parishioners might prove detrimental to his health.

Bert A. Booth was elected worshipful master of the Balmby B.O.L., No. 274, at the annual meeting in the Masonic Temple, Balmby Beach, last night. Other officers elected were: Deputy master, Thomas Booth; recording secretary, St. Young; treasurer, Roy Jones.

The elections were conducted by D. M. W. Elliott and among the other officers present were D. M. Tuck of the western district and A. Ball, worshipful master of Spruce Lodge.

The Parochial Society of St. Aidan's Anglican Church, Balmby Beach, is soliciting subscriptions from members of the congregation to send Christmas presents to thirty-two men of the church who have gone to fight for their country.

A meeting of the kirk session of the parish of St. Andrew's and St. Paul's, Vaughan Township, held on preparatory service night, was fraught with much good for the poor of the city. Routine business had been disposed of and the session was preparing to adjourn when the minister, Rev. Stanley Roberts, said: "We have an abundance of food for ourselves, but what of something for the poor of the city?"

The response was worthy of the suggestion, and a few days later the members of the church reached Toronto from Vaughan, which is now being distributed to the poor by the social service department of the Presbyterian Church.

The following were installed: Worshipful master, Henry Bennett; deputy master, R. McGilvray; recording secretary, W. Bennett; treasurer, A. G. Jennings; auditor, A. E. Smith; director of ceremonies, T. H. Bennett.

The Cedarvale and East Toronto Comrades of the Order of the Loyal Legion met last night at the armories at 745.

A campaign is being conducted in East Toronto by the clergy of the different churches, for the purpose of raising a fund to make 110 visits in one-half of a year, but he had found it impossible to make that limit. Mr. Mulloy and he had agreed to interview the officials of the education department to make a satisfactory arrangement could be made, by which one visit would suffice in schools where the teachers were competent and experienced. Both inspectors will report the result of the interview to the council at this session.

The council requested the attendance of W. A. McLean, provincial engineer, at today's session to address the members on how the county will be affected by the province's good road scheme.

With the exception of a clause complaining of the inadequacy of accommodation for grand jurors in the city hall, where they had been compelled to sit in four rooms, the grand jurors' report was adopted. A number of the members were sceptical as to the jurisdiction of the council in the matter and considered it wise to take no action until certain that they had authority to do so.

Popular Citizen Charged With Burglary, Proves Alibi May Sue for Damages.

BRAMPTON, Nov. 25.—Thos. Thaburn, vice-president of the Excelsior Lacrosse Club, will entertain the members and officers of the Excelsior Lacrosse Club to a banquet at the Excelsior rink on Friday evening.

The burglary which started the row in Brampton some weeks ago was aired in the police court yesterday morning before Magistrate Crawford. At that time, it will be remembered, the name of Chas. Booth was entered, and the burglar was seen by the three occupants of the house. So sure was the magistrate that he accused the man on the stair landing, that the midnight murderer was Frank Williams, a popular young man in town, that he had him arrested.

Fast Work. When council adjourned for dinner most of the members thought that with the harbor agreement and Cedarvale and Todmorden annexations ahead of them the sitting would last till midnight. About 3.30 the council reassembled and by 3.50 had cleared off the order paper ratifying the agreement, and turning down further annexations. Many aldermen who arrived a quarter of an hour late found an empty council chamber.

EASTBOURNE PLAYERS PRESENT THREE PLAYS

Excellent Entertainment in East Toronto Y.M.C.A. Last Night.

Three plays were presented last night in the East Toronto Y.M.C.A. in aid of the Patriotic Fund by the Eastbourne players under the direction of George F. Hayden, A.T.C.M., formerly of the Chautauque, Toronto, Ontario.

The three plays, which were given in aid of the Patriotic Fund, were: "The Starvation," a farce, and "His Model Wife," a farce comedy.

In the first play Miss Jessie Cameron as Cecile Jeffrey, the bride; Miss Ruth Treloar as Betty Jeffrey, the bridegroom; and Miss M. Youre, Dr. Tanner and Mrs. Will Milling.

The musical part of the program was well received by the audience. The orchestra, under the direction of Mr. Hayden, played with skill and spirit.

After all the evidence was in, and Mr. Williams' family had positively sworn that he was not out of the house on the night in question, the magistrate honorably discharged him. The upshot of the whole affair will probably be an action against Mr. Schooley for defamation of character and false arrest.

CHRISTMAS SHIP HEARTILY GREETED

Lord Kitchener's Appreciative Telegram Read at Banquet in Plymouth.

Canadian Press Despatch. PLYMOUTH, Nov. 25, via London, 10.30 p.m.—A dinner given tonight by the Earl of Beauchamp, first commissioner of works in the British cabinet, in honor of the officers of the United States naval collier Jason, the Santa Claus ship, closed a day in which the British fleet and the citizens of Greater Plymouth manifested in every possible manner the heartfelt appreciation of the king and the country for the 6,000 tons of gifts sent by the people of the United States to the unfortunate children in the war zone.

American flags floated over every public building in Plymouth and from the main masts of all warships and commercial craft, large harbor until sunset. Hundreds of women visited the Jason at Devonport two miles distant from Plymouth.

Fifty covers were laid for the dinner tonight. The following telegram from Lord Kitchener, the British secretary of war, was read: "Please express on my behalf and in the name of the British army our cordial appreciation and grateful thanks for the kind thought of the American people. The welcome freight the Jason carries will bring pleasure to the homes of many of those whose fathers are away."

Value United States Friendship. Mr. Acland said that Sir Edward Grey, British secretary of foreign affairs, had asked him to express how much Sir Edward had been touched by the greetings and good-will of the American children.

"We set much store by the peaceful and friendly relations with the United States," continued Mr. Acland. "An act of such kindly sympathy can only increase that good feeling, and prove that the rising generation is animated with the same feeling."

The Earl of Beauchamp, in expressing England's appreciation of the peace treaty between England and the United States, said that he was not at all sure that within the next few months the possibility of future peace would not be along the lines suggested by President Wilson and Secretary of State Bryan. In conclusion, he said: "This modern Jason bears a more valuable treasure than did the ship of old—the best of the children of a mighty nation."

SALE FOR SOLDIERS. A bazaar will be held at 256 Spence street this afternoon and evening by the Women's Guild in support of the extension of the St. Clair avenue car line on Balmby street, Christie street and Lansdowne avenue.

A rummage sale will be held tonight in the Salvation Army Hall, St. Clair avenue, under the auspices of the Earlscourt W.C.U.

The wives of Earlscourt soldiers in active service were entertained last night by the congregation of Central Methodist Church. Tea was served and an excellent program of music rendered by local musicians.

Variety Versus King George

His Grace King George has been pleased to excuse from attendance at the privy council meetings during the war two prominent bankers and financiers of German birth, but of unimpeachable British citizenship and loyalty.

It might even be argued that the measure is to some extent one of protection for them. Should any important matter of policy be divided or reach the emergency by underhand means those who had the opportunity to know what was going on would be instantly liable to suspicion and might find it difficult to clear themselves.

It is a matter of wonder in Toronto that the university authorities can be so thick-headed, for they can be excused on no other ground, as to maintain alien enemies of Britain on the staff and to expect the people of Ontario to pay these alien enemies and support them while their friends and relatives are engaged in deadly strife with the sons and brothers of those who are asked thus to support and nourish them.

Awakened Germany. War commanded popular support in Germany mainly because its horrors were only traditionally and the people had been indoctrinated with the belief that German soil was immune from invasion.

The German people have been thoroughly infatuated with the notions fostered by the military party. They bore patiently the vast burden entailed by the preparations for war by land and sea, relying on the assurance that Germany, supreme over Europe and the world, would have every nation contributing to her wealth and adding to her prosperity.

National. Sir Robert Borden must have spoken rather as a politician than as a lawyer when he counselled the grain-growers to apply to the provincial governments for relief from the tight money and tight credit conditions which afflict not only the western farmer but also the eastern manufacturer and the business man everywhere in Canada.

A CONTEMPTIBLE THIEF

To Ottawa, but banking, currency and the whole mechanism of finance is national. Section 91 of the B. N. A. Act declares that "the exclusive authority of the parliament of Canada extends to all matters coming within the classes of subjects next hereinafter enumerated."

How on earth could a provincial government create a bank, regulate discounts, or issue currency? In the United States the state governments have complete control over subjects like commercial paper and interest; they can create banks of issue and are only prohibited from making anything but gold and silver legal tender.

Chaper money and easier credit is another requisite of agriculture, particularly in western Canada, is to afford a return commensurate with the labor expended upon it. Very frequently the reason that more advanced agriculturists are unable to obtain the credit necessary to profit by them.

War and Liberty. Out of all this trouble a new British Empire will emerge imbued, more than ever, with the idea that unity comes from freedom and self-government. Towards that goal it has moved for generations, learning from the stern lessons of experience, compelled to move by the pressure of the national opinion of which it was the creator.

THREE RACES TODAY AT HILLCREST PARK

Three Interesting Contests Looked for at Toronto D. C. Matinee.

The Toronto Driving Club is putting on a big matinee today at Hillcrest Park track. There are three races on the card and some great sport is promised the here men.

The first event, for trotters and pacers, should be a hummer, as Dan G. Nat Ray's entry, and the alderman's trotter, Santol, are showing great guns in their workouts, and it looks like hard picking between these two to get the winner. Their trials are about the same, but Dan G. will have a pull in the weights of about fifty pounds, which should return him the winner. Ned Wilkes has speed enough to beat them both, but is a bad actor.

The second event should be the best race of the day, as the three trotters that are in are very evenly matched, and there is keen rivalry between the owners of the money and Royal Bell. The treasurer of the D. C. has declared that he will supply the supper for the members if he beats the coal merchant's horse in this event.

As there is going to be some excitement in this contest, Ed Loonoo is due to beat Brown Hal, the winner last week, as he has the foot, and with better man-agement will make the field in with him some fast miles, if he wants to win.

As there are three races to be decided, the horses will be called for the first race at two o'clock.

THE ENTRIES.
FIRST RACE—Pacers: S. McBride; Dan G. N. Ray; Ned Wilkes, A. Collins; Alcy Du G. Hance; Geo. Loonoo, J. McDowell; Lady Alfred. The treasurer.

SECOND RACE—Royal Bell, R. McBride; Money, J. Lock; Effie Wright, W.

ED. BARROW CALLS ANNUAL MEETING

When International Baseball League Circuit Will Be Settled—About Montreal.

NEW YORK, Nov. 25.—Secretary John A. Heydler of the National League has mailed to the various club presidents of the circuit the formal call for the annual meeting, which will be held, as usual, at the Waldorf-Astoria. By custom the date falls upon the second Tuesday of December, or the eighth day of the last month of the year. On this account President Ed Barrow has designated precedent in connection with the annual meeting of the International League, usually observed the second Monday of December. So that his forces may be on hand for possible war conferences, Barrow has decided to hold the first annual pow-wow of the month, or Dec. 7, for the usual pow-wow. The big minor contest will grace the hotel terminal.

The International League will consider seriously the matter of territorial revision at its annual meeting. A transfer of the Jersey City franchise to Brooklyn appears a certainty. Richmond, Va., and Syracuse, N.Y., are clamoring for the Baltimore berth.

It is unlikely that any suggestion of a Montreal transfer will be made. This Canadian team, which has been unprofitable of late years because of a lowly position in the race, coupled with unusual isolation from the rest of the circuit, is now owned entirely by Sammy Schottenheim. Schottenheim has been one of the most loyal of the International League magnates, and never questioned the expenditure of money in his efforts to build up a championship contender. It is said that many of his troubles were due to the interference of his colleagues. With Liechtenstein in full charge, great improvement is expected. As in most cities, Montreal patronage depends directly upon its team's class. President Barrow declares that a winning team would make Montreal a valuable asset of the league, and he looks for Sammy to deliver the goods.

TORONTO ROWING CLUB.

Tonight the Toronto Rowing Club will entertain the Victoria Quotting Club and will tender to them a smoking concert.

This is the first time this season that an entertainment has been given to a visiting club. The members are urged to turn out with their friends in order that a proper reception will be given.

They are assured a most excellent musical and vocal program and look forward to one of the most pleasant evenings of the season.

It is expected that by Dec. 1 the ice at the Arena will be ready, when there will be a big turnout of spectators for this year's hockey team.

ALL SAINTS' BASKETBALL.

All Saints' O.H.A. team will play a practice game with Indian road Baptist team on Friday night at 8.30 on All Saints' floor. Will players of both teams please take notice and arrange to be down early?
