PORTUGAL EXPELS RELIGIOUS ORDERS

One of the Principles of New Government—One Report is That Expulsion is to Be Immediate—Country is Quiet, and Revolution Accomplished Fact.

GOVERNMENT'S PROGRAM.

Developments of public instruction and national defenses on land and sea.

Lisbon, Oct. 7.—The establishment of a republic in Portugal is an accomplished fact.

For a city that has just passed thru the throes of a bloody revolution, and sustained a bombardment, Lisbon today is in cloudless sunshine and wears a remarkable smiling aspect.

The damage done to the city by the bombardment was surprisingly light.

The recent events are discussed by all classes with phlegmatic calm.

The most interesting man in Portugal at the present moment is the president, Braga.

This revolution was aimed to complete the realization of civil rights.

Religious Orders Expelled

PERLEY CHIEF WHIP

Accepts the Task Laid Down by Veteran George Taylor.

OTTAWA, Oct. 7.—(Special)—Mrs. R. L. Borden left today for New York to join her husband, the opposition leader, who will be there on business for a few days.

Several months ago, George H. Perley, M.P. for Argenteuil, Que., was offered the position of chief Conservative whip by R. L. Borden, but asked for time to consider the matter.

A RETROSPECT.

Oct. 8.—Treaty of Aix-la-Chapelle: all conquests were restored.

1875—The supreme court of Canada was organized.

1877—Wilfrid Laurier, Q.C., M.P., entered the Dominion Government as minister of inland revenue.

1879—Lord Roberts captured Cabul.

Spanish Premier Determined

MADRID, Oct. 7.—At a meeting of the senate to-day Premier Canalejas reiterated his intention to adhere to his anti-clerical program, including the "padlock bill."

SOCIALISTS ARE ACTIVE HAVE DESIGNS ON CITY

Educational Campaign to Begin in Second Ward, With Candidates For Office a Possibility.

Official announcement is made by the Toronto Socialist party that a vigorous campaign of education is to be launched to-night.

A score of "comrades" will, it is stated, begin the distribution of 10,000 leaflets expounding the doctrine.

The damage done to the city by the bombardment was surprisingly light.

The recent events are discussed by all classes with phlegmatic calm.

The most interesting man in Portugal at the present moment is the president, Braga.

This revolution was aimed to complete the realization of civil rights.

MEXICO'S FATE SHOULD BE A WARNING TO CANADIANS

Enlightening Narrative as to How U. S. Corporations Have Secured a Strangle-hold on the Southern Republic—What the Real Effect Will Be.

PARKER'S GUILTY JURY WAS OUT 4 HOURS

At 7 1/2, Convicted of Shooting Neighbor of 76—Took Stand in His Own Behalf, and Denied Any Knowledge of Crime or of Threatening Deceased—Verdict To-day.

BELLEVILLE, Oct. 8.—(Special)—At 1:35 this (Saturday) morning the jury in the case of Robert Parker, aged 71, charged with having shot and killed his still older neighbor, Wm. Masters, near Tweed, last April, returned a verdict of guilty.

The verdict was accompanied by a strong recommendation for mercy.

The feature of the day was the evidence given in his own behalf by the accused.

Parker took the verdict unmoved, resting with his hands shading his eyes and looking away from the jury and toward the clerk.

All the evidence was at 4 o'clock, and E. Guss Porter addressed the jury. If there was a single circumstance in favor of the prisoner, the law supposed that they had done their duty if they acquitted him.

"What you want to know in order to convict is that the tracks were identical the same," declared Mr. Porter. "If the detectives did not say positively that the boot fitted the track exactly, how are you going to know it?"

"If you have any doubt, give the poor old man the benefit," said he, pointing to the prisoner.

After reviewing the evidence of other witnesses, Mr. Porter said impressively: "On a chain of evidence so shattered and destroyed, can you convict that man? It is possible that the bullet fired by the other man killed Masters."

For the Crown.

"A reasonable doubt is not what the clever mind of a counsel can conjure up and display for a jury. A reasonable doubt is not what a man else might have put it there. A reasonable doubt is one that a reasonable man may reasonably entertain and find a reason for."

He explained that the circumstantial evidence was not the absolute proof of every link. It was a set of facts sufficient to satisfy them that Parker was guilty.

The evidence of the witness Lane had been discredited because he owed Parker for some onions. "Do you mean to say that Lane is a perjurer, a potential murderer, going into the box and swearing to false evidence? Do you imagine that Lane gave false evidence with the intention of taking that man's life away because he had a grudge against him for some onions?" asked Mr. White vehemently.

"If you believe Hinds, who showed that Parker had in his heart the intention to kill Masters, you will find the motive—revenge."

The Lure of Vengeance.

MEXICO'S FATE SHOULD BE A WARNING TO CANADIANS

Enlightening Narrative as to How U. S. Corporations Have Secured a Strangle-hold on the Southern Republic—What the Real Effect Will Be.

Place of honor is given in the October number of the American Magazine to a remarkable and sensational article by H. Alexander Powell, a fellow of the Royal Geographical Society.

The betrayal of a Nation," and its subject is Mexico, now celebrating its centennial of independence, and incidentally entertaining thru its government an intersting band of representative newspapermen from the United States and Canada.

In a preliminary notice the edition states that the article explains some of the methods by which Mexico has been stripped by its rulers, and that its author was in Mexico just before the recent elections.

He remembered a previous visit, he felt favorably disposed to the powers that be. Mr. Powell, notwithstanding many courtesies from persons of high office, penetrated the wall of pretence and got at some notable facts and truths, especially in relation to politics and business.

In the earlier part of his article Mr. Powell affirms that a small faction of about twenty men hold in their hands the finances and the future of Mexico. Their local name is "Scientificos," and the group is composed of wealthy and educated men, some in office and some out.

They surround the president, hold his confidence and thru him control the affairs of the nation. They control the banks, control the finances, the avenues of trade, the franchises and concessions, the issue of municipal, state and national loans, the appointment of members of government, judges and other office holders, and the collection and disposal of the national revenues.

They levy graft everywhere, and under pretence of placing the railways under government control have practically handed them over to the bond and stock holders, largely composed of United States financiers.

Not only this, but by a truly barbarous and lawless policy, they have succeeded in dispossessing thousands of land owners who had enjoyed their estates for generations. Two of this junta hold 15,000,000 acres apiece and during the process of dispossession the troops were freely employed, many hundreds of men, women and children having been shot down or imprisoned.

The Indian population has been driven to a condition of appalling poverty, hopelessness and serfdom. The present condition of Mexico as portrayed by this writer could not be paralleled anywhere in the civilized or semi-civilized world.

This leads up to the concluding paragraphs of the article, which on account of the light they shed on the methods of certain United States financiers are of peculiar importance to Canada at this juncture. If only a tinge of Mr. Powell's story is true, the time must inevitably arrive, and that not a distant date, when Mexico will pass under the control of the United States.

That will be the result of the money power, and it is a striking testimony to the value of the imperial connection. Canada thru her status as a British nation within the empire has been enabled to draw upon the wealth of the mother country, whose interest is identical with her own. But for that unflinching resource United States capitalists would have laid their hands on the national resources, franchises and institutions of the Dominion, such as they have done in Mexico.

Perhaps not altogether by the same reckless and lawless processes, but by methods equally efficacious if less unscrupulous.

In closing his article Mr. Powell said: "After Diaz what? is the question that the Cientificos are now asking themselves. Can they—this little group of able and rapacious men—maintain themselves? They have great wealth, great holdings of lands and stocks. They control the financial institutions of the country. Yet they live only by and thru the power of Diaz to hold the country and the people in check. No, there is one other source of security for their band—the alliance with foreign investors and foreign interests in Mexico. They regard this as their insurance and security. And quite rightly, the great debt of the country, nearly half a billion, is held chiefly in the United States and Germany. Besides this, citizens of Great Britain, Germany, and the United States have investments in Mexico amounting to over a billion and a half, and sixty-five per cent. of this is American."

How long, think you, would the governments of England, France and Germany permit a disturbance in Mexico which threatened their interests or the lives of their subjects? German investments alone exceed a billion marks—and how William the

BANKING CRITIC REALLY PAYS TRIBUTE

That's Opinion of Local Financiers on Review of Canadian System by U. S. Expert—His Information Has Been at Fault in Some Respects.

It has remained for the professor of a United States University, to wit, Prof. J. F. Johnson, of the New York University School of Commerce, Accounts and Finance, to write the first exhaustive report on the Canadian banking system, and deal with its merits and demerits. This report is published under the auspices of the National Monetary Commission of the United States, and was issued by the congressional press at Washington this week.

Speaking to The World last night, Stuart Strath, general manager of the Traders' Bank of Canada, said: "Prof. Johnson's report is undoubtedly a tribute to the Canadian banking system. His objections for the most part are general in appearance, and have been made without having a precise knowledge of the facts."

"Local conditions govern such things as interest paid on deposits and the matter of competition in regard to his claim that the banking capital is too small. I have to point out that in England the capital of the banks is considerably below the ratio maintained by Canadian banks. We do not claim that our system is perfect, as the sectional amendments to the bank act clearly indicate."

In the face of all these criticisms, it is peculiar, as one banker remarked, that Prof. Johnson has not detected the weak point in the whole system, that is, the government inspection, for which Mr. C. McLeod, former external manager of the Bank of Nova Scotia, has so long striven.

In Strong Position.

Prof. Johnson's report asks if there is any reason to suppose that Canada's banking system? Does it depend too much on London and New York? If England should withdraw her invested capital, or send no more, would not this banking system break down? This is the expert's answer.

"In the writer's opinion, Canada's financial position is of the strongest. Comparatively little gold is needed, for the reason that the country has developed an almost perfect credit system. The people have unquestionable confidence in the credit instruments provided by the banks, and never demand that they be converted into cash. Credit settles all debts between the banks and the public. Gold is used only in the foreign exchanges and in the latter field a credit balance in London or New York is more useful than a stock of gold in Montreal or Toronto."

"If England and the United States some day suddenly stop sending capital to Canada, the country will undoubtedly suffer, but the notion that Canada will at once be called on to export large quantities of gold in payment for the imported merchandise now paid for with bills of exchange created by English investments is crudely mercantilistic. Canada's imports, of course, would decline the moment English capital ceased coming and the present unfavorable balance of trade disappear."

"There is no likelihood, however, that Canada will cease to draw capital from abroad. It is estimated that England has sent her a round billion dollars in the last ten years, and prospects are much brighter now than they were in 1900."

Should Pay Higher Interest.

Prof. Johnson does not hesitate to point out what appear to him some of the defects of the system, and he speaks of the low rate of interest paid on savings deposits, which he thinks banks should pay 4 per cent. instead of 2 per cent. He says in part:

"To an outsider it would seem that the savings bank depositor in Canada is not generously treated. The average United States depositor gets 4 per cent. on his savings even in large cities. In Canada, a country where real estate mortgages yield from 7 to 8 per cent., and the bond of new corporations are selling at prices giving the investor a higher return than he can get in the United States, it is certain that a real savings bank could well afford to pay depositors 4 per cent."

The Critic Criticized.

"If the United States commissioner had been accurate in his facts on this question," said a well-known banker to The World last night, "his conclusions would have been justified. The fact is that, with the exception of small loans, real estate investments do not pay anything like the figures stated, and 7 to 8 per cent. is enormous. Canadian banks are precluded by law from lending money on real estate, and the surplus deposits are

WHERE HATS ARE HATS.

The Englishman is noted the world over for the thoroughness of his work. Among the thousand and one of his products that meet with universal approval is the hat. It has not only the quality, but the style. The best known maker of this article is Henry Heath of London. The "Heath" is worn generally throughout Europe, and is one of the most popular hats sold in America. The Deane Co. are sole Canadian agents for Canada, and stock them in complete lines. Mr. Deane has now on display all the styles in Silks, Alpines, Derbys and Fedoras. Store open Saturday night. Write for fur catalogue.

"The Best in the World"

WE often wonder if the "man" who buys a hat in Toronto realizes just what a splendid chance he has to secure the world's best product at a reasonable price? The protective tariff of the great republic to the south of us has made "Millionaire Hat Makers," but it has not given the public its money's worth in quality when compared with Canada.

The "English-made Hat" is the best in the world, both for quality and style. It sells on Fifth Avenue, New York, for twice the price asked for the best of "American Makes." In Canada the "English-made Hat" is marked at a lower price than the American product.

We are specialists on English-made hats. We handle exclusively in Canada those manufactured by Henry Heath of London, England, who has the honor of supplying His Majesty King George with the hats he wears—"George Rex" has some good taste in the matter of headgear. Our exclusive hats are moderately priced also.

Store Open Saturday Night. Write for Catalog of Fur Goods

HAMILTON HAPPENINGS

MOLDERS MAKE COMPLAINT OF WORKING CONDITIONS

Technical Education Commission May Return to Inspect Premises Alleged to Be Dark and Foul.

HAMILTON, Oct. 7.—(Special.)—The executive of the temperance federation met to-night to consider what action should be taken in the event of the council, on Monday night, refusing to submit a plebiscite to the voters asking them if they are in favor of a reduction in the number of hotel licenses in this city from 68 to 50.

The members did not give out a statement, but during the week it was announced that they felt themselves free to conduct a campaign to elect a temperance council in January if the council refused to do what it was asked. It is thought, however, that they might make a compromise by which a reduction of eight or ten would be accepted. If the plebiscite is satisfactory, they promise to drop their agitation for reduction after the people have been given a chance to express themselves.

Technical Education Commission The royal commission on technical education concluded its labors here at 11.30 to-night. A large number of witnesses were present, including manufacturers, educationalists, representatives of the building trades and unions. Some interesting evidence on the working conditions of the local molders was

HAMILTON BUSINESS DIRECTORY

HAMILTON HOTELS HOTEL ROYAL

Every room completely renovated and newly carpeted during 1909. \$2.50 and up per day. American Plan. 67

adduced by W. L. Lucas and James W. Ripley, both molders. Mr. Lucas said that the working conditions of the molders in Hamilton was an abomination, and as a result most of the union molders had left the city. Yesterday he had had to work in a shop that was so dark that he had to use a torch to see what he was doing. The ventilation of the place, too, was bad.

Dr. Robertson said that the commission had not seen any of these places in its rounds of the industries, but if it was necessary in order to properly investigate them he would return here for the purpose.

Chairman Robertson, in closing the session, expressed the commission's appreciation of what they had learned here. They had found some of the industries congested, but in most cases additions were being built to overcome this. He said he was not joking when he stated previously that he would like to see the foundries, which, it was claimed, were not properly ventilated and lighted, as the commission was no joke, but was appointed to investigate these conditions.

If You Are Face to Face

OPTICIAN.

with threatened weakness of the eyesight, it is time you came to consult us and have your eyes examined. We are specialists in prescribing and correctly fitting good glasses for the eyes of old and young. We so adjust the lenses as to rest your eyes while strengthening the vision. pointed to investigate these conditions. He was glad to see the satisfied faces of the workmen who appeared before them and the absence of indications of dissipation on their faces.

INJURIES PROVE FATAL

Two Armenians Held, Accused of Murderous Assault.

BRANTFORD, Oct. 7.—(Special.)—After a period of unconsciousness, from Tuesday evening last, Frank Simons, employed by Contractor Reid on the Holmedale sewer construction camp, expired to-night as a result of injuries received in a row with Armenian laborers employed on the same work. Coroner Fissett will open an inquest to-morrow.

Two Armenians are under arrest and will be charged with inflicting the injuries on Simons. They are Koran Coplan and Koran Magarian, and were arrested immediately after the fight. Simons was struck over the head with dinner pails, and was taken home in a state of paralysis from which he never awoke.

The Armenians state the dead man was the instigator of the fight. Simons, who leaves a wife and family, is well known locally.

CIT MAY TAKE OVER MIMICO RADIAL LINE

Franchise Expires at End of Year and Mayor's Policy May Be Entered Upon.

Within the next few weeks, the board of control will be called upon to frame a policy with respect to the franchises of sections of radial railway lines as they fall due. The problem is made imminent by the fact that on Dec. 31 the franchise of the Mimico branch of the Toronto and York Radial Railway will expire, and the city will have the power to take over that portion of the line within the city limits on giving 12 months' notice.

Mayor Geary has already declared himself to be in favor of the city securing control of the franchises, as they, one by one, run out, and in this he has the support of Controller Spence. The latter fears complications, however.

For example, when the charter of a section of a line fell due, the Ontario railway board might refuse to allow the city to acquire it, when, by a company's losing possession of it, the remaining portion might be rendered useless or of little value.

Corporation Counsel Drayton, who was lately instructed to report on the various radial franchises, J. M. it would not benefit the city to acquire merely the 1.10 miles of the Mimico line from Sunnyside to the Humber, and suggest that the city should legislate for power to take over the entire road from Sunnyside to Port Credit, to give the city control of the radial entrance from the west.

WHAT CANUCKS SHOULD KNOW

Topic of an Address by Sir George Ross.

"What every Canadian should know" was the subject chosen by Sir George W. Ross in speaking at the "One Hundred Men" banquet given last night by the Men's Bible class of the St. Andrew's Presbyterian Church. He traversed the constitutional, educational and religious history of the country, favoring his historical references with chronological references, without the aid of a single note.

He pointed out the fact that since the military despotism of General Murray in 1760, Canada had passed through a series of governments, that Great Britain had passed through since the time of the Norman conquest in 1066, and had thus along certain lines made more progress in 150 years than the motherland had in 800 years.

He remarked on the necessity of every Canadian storing his memory with certain chronological facts, and believed that it was impossible for one to have a fair knowledge of history unless the most outstanding events could be fixed within certain epochs in the memory.

CANADIAN REVENUE

September Showed an Increase of a Million and a Half.

OTTAWA, Oct. 7.—(Special.)—The revenue of the Dominion for September amounted to \$10,317,523, a million and a half increase over September last year. For the six months just ended, the total revenue amounted to \$58,148,193, as against \$47,233,849 during the same period last year.

The revenue for the year should, therefore, exceed the hundred million dollar mark, and the Dominion is now \$325,318,455, an increase of almost a million since Aug. 31.

SOCIETY NOTES

Mrs. Frank F. M. Brown (formerly Miss Mae Williams) will receive for the first time since her marriage, with her mother, Mrs. J. Williams, on Wednesday, October 12, afternoon and evening, at 170 Rushmore-road.

Mr. and Mrs. F. N. Van Zant announce the engagement of their only daughter, Kathleen E., to Mr. Tudor G. James. The wedding will take place in St. Alban's Cathedral on October 31.

Borden Street School Exercises. Yesterday afternoon a large assembly of pupils, their parents and friends assembled for the commencement exercises at the Borden-street school. The chair was occupied by R. A. Ward, principal of the school. Among those present were the principals of Harbord Collegiate, Oakwood High School, and the Technical school, three inspectors and the trustees of the school board. Alex. Waters was presented with the Nelson shield by Inspector Chapman. Twenty-five out of twenty-six teachers of the school passed the entrance examinations.

CANADIAN OFFICIALS LOST SINCE THE HAGUE HEARING

Robert Venning of Ottawa, Superintendent of Fisheries, Disappeared a Month Ago.

OTTAWA, Oct. 7.—(Special.)—The officials of two continents are at present engaged in a search for Robert N. Venning, Canadian superintendent of fisheries, who has been mysteriously missing for the past month, or since the conclusion of the fisheries argument between the Canadian and American Governments at The Hague.

With the Canadian delegation, composed of Hon. A. B. Aylesworth, minister of justice; J. A. Ewart, K.C.; Sir Chas. Fitzpatrick and others, Mr. Venning left several months ago for The Hague to attend in his official capacity the sessions of the tribunal sitting in the enquiry. He was present at all the sessions and was apparently in his usual good health, remaining until the conclusion of the arguments. Since that time, however, the most thorough and urgent enquiries by officials of the department, the Dominion police, Scotland Yard, and the state department of Holland have failed to reveal his whereabouts.

Venning is a native of the Maritime Provinces, having been born in St. John, N.B., on Feb. 14, 1854. He entered the department of marine and fisheries in 1869.

\$400,000 TO PHILANTHROPY

New York Textile Manufacturer So Bequeaths Entire Estate.

ALBANY, N.Y., Oct. 7.—The will of Horace B. Silliman of Cohoes, N.Y., a former textile manufacturer, which was admitted to probate to-day, bequeaths the entire estate of over \$400,000 to philanthropic purposes. One half of the estate goes to Wm. R. Moody, son of the late Dwight Moody, the noted evangelist, to aid in conducting his institutions at Northfield, Mass. The other half is divided among a number of institutions; various Presbyterian funds receiving about \$110,000, including \$60,000 for foreign missions, and the International Y.M.C.A. \$13,000.

Mr. Silliman contributed liberally to philanthropic undertakings previous to his death. He opened a school for boys in Manila, and gave \$200,000 to the board of home and foreign missions in New York.

How to Grow Hair

A SIMPLE, SAFE AND RELIABLE WAY THAT PRODUCES SURPRISING RESULTS.

NEW DRUG CRYSTOLIS CAUSES BIG STIM IN HAIR SPECIALISTS.

\$1000 REWARD IF THEY FAIL.

Cut Out Free Coupon Below and Mail To-Day.

Those who have become prematurely grey, or who are troubled with scalp or hair diseases, such as falling hair, dandruff, baldness, itching scalp, etc., know that the humiliation that attends their cause. There is no need, however, of such conditions. These troubles can

be quickly overcome by Crystolis, the new drug recently discovered at the Cresio Laboratories, at Scranton, Pa. Since its discovery, a little over a year ago, Crystolis has been found to contain marvelous properties for producing a new growth of hair. In subjecting it to various tests in the worst cases of dandruff, itching scalp, etc., the results obtained by the experimenting chemists were considered to be of a most extraordinary nature. It was found that where there were any hair roots left it would produce a new and luxuriant growth of hair in from four to six weeks' time. Grey or faded hair was often restored to its natural color in from 10 to 14 days' time. In minor cases of scalp and hair diseases, such as dandruff, falling hair, itching scalp, etc., it was found that these unnatural conditions were corrected and often completely cured by two or three applications. The discovery of Crystolis will, without doubt, put an end to the troublesome scalp and hair diseases that are becoming so common with the American people. Women who have been forced into wearing false hair will greatly welcome this marvelous product, as, aside from its many other virtues, it adds a beautiful gloss and lustre to old hair. Besides, it contains no oil and has a tendency to make the hair light and fluffy.

The managers of the Cresio Laboratories have such strong faith in Crystolis that they have authorized to make public the following remarkable offer: If anyone can prove that they were not the first to discover Crystolis, they will forfeit \$1000 in gold if they will forfeit \$1000 in gold if they can prove that it contains any oil, dye or other harmful ingredient. They will also receive \$1000 in gold if every testimonial and sworn statement which they publish is not absolutely genuine. Arrangements have been made with Laboratories to furnish free information in regard to this new process to all Toronto World readers. Merely cut out and send in the coupon below, and you will receive free particulars of this marvelous new product by return mail.

Baldness, Dandruff, Itching Scalp, Etc.

FREE CRYSTOLIS COUPON.

Cut out this coupon to-day and mail to Cresio Laboratories, Dept. No. 285, Scranton, Pa., for free information regarding Crystolis, the new discovery for growing hair. Good to-morrow to all Toronto World readers.

Smart Designs in Hudson and Near Seal

The full-length seal coat is in the forefront of popularity wherever a true understanding of style exists, and the offering of such coats in the Fur Section is marked by variety and immense attractiveness. In the production of Hudson and electric seal the same smartness and novelty of design is characteristic as in those of the more costly Alaska pelt. The following are two of the leading models:
Handsome Hudson Seal Jacket—With straight front, semi-fitting back, storm collar and fancy buttons; made from fine pelts; brown satin lining; a smart street or motoring coat. Special... 145.00
3 Electric Seal Coats—50 inches long, with slash sides and rounded corners, and deep slashes in back, with rounded corners; beautifully lined; one with semi-fitting back and straight front. Made from finest pelts possible to procure... 75.00

Russian Pony Coats

Our selection of Black Russian Pony Skin Coats includes one dozen distinct styles; in lengths running from 32 to 50 inches; linings of plain or brocade satin. Prices from... 32.50 to 225.00

 One top... 2.00

This combination will hold large, medium and standard size books at a total cost of... 13.85
 The woods used are quarter-sawn golden oak, or finished in fumed or early English or mahogany. The doors are of plain glass.

Our "Acme" Platform Scales

The name is a guarantee of the accuracy of our Platform Scales. They are built especially for general farm or store use—and our prices are the lowest possible for such high-grade value.

Our "Acme" Portable Platform Scales are built in 600, 1200 and 2000-lb. capacity, being made in our own equipped factory.

They are carefully constructed with a single beam (solid brass, polished). Bearings of hardened tool steel. The platform centre and pillar is made of hardwood; scales are strongly mounted on wheels.

We guarantee the "Acme" Scales against deflection, material or workmanship, and if you are not satisfied in every respect you may return scales at our expense.

Each Scale is accompanied by a Government Inspection Certificate as to its accuracy.
 Our prices include railway transportation to your nearest station. 600-lb capacity 15.50; 1200-lb. capacity 18.50; 2000-lb. 23.75; 2000-lb., with drop lever... 27.00

Introducing a Special Low Priced Ribbon Event Monday

Monday begins a three-day whirl of special value-giving in the Ribbon Department. At just the season when ribbons are in special demand for hat or dress trimming, fancy work, etc., and play so important a part in dress accessories of every kind, you will doubly appreciate extremely attractive prices.

5½-in. Duchess Satin at 15c—A range of high-class millinery ribbons of superb quality in a full range of excellent autumn shades, including wine, rose, red, pink, myrtle, moss, emerald, brown, tan, champagne, grey, navy, plum, mauve, amethyst, white. This is a handsome, rich, soft ribbon which ties beautifully into all the new hat bows. The Derby and Hobble are the newest knots. We tie these free of charge. 5½ inches wide. Per yard... 15

Cushion Frills 49c each—A useful suggestion is a made-up frill of two satin ribbons sewn together and pleated to fit a cushion up to 22-in. x 22-in. Combinations of colors such as red and green, rose and green, moss and myrtle, mauve and moss, purple and mauve, black and yellow, yellow and green, rose and Nile, saxe and navy, and gold and brown; are made of double and single-faced satin ribbon. The frills are 4 inches wide. Greatly reduced, Monday, each... 49

Exquisite Fancy Ribbons 59c

On Monday a collection of designs and colorings will delight the eye of the woman who loves style and beauty. Dresden, Paisley, brocade and verdure designs, as well as a number of novelties in handsome color combination and beautiful effects for millinery and fancy work, will load our circles. The widths range between 6 and 8 inches and provide a very special value. Per yard... 59

Baby Ribbon in Bunches—A line of pure silk and satin baby ribbon for rosettes, beading, tying, etc., showing an excellent list of colors—white, cream, sky, mauve, navy, red, old rose and navy. It is ½-inch wide and worth double the price. Monday... 5 yards for .10
 —Main Floor—Yonge Street.

Three Days of Fractional Pricing in Notions

Dress Accessories, Hair Ornaments, Sewing-room Articles, and hundreds of household needs, placed in groups to facilitate selection, and displayed at counter opposite Soda Fountain.

Here is a partial list to give you an idea of the extra low prices prevailing. Choice of following for... 4
Hat Pins, gold, glass and metal tops, half price and less... 4
Safety Pins, guarded coil, 1 dozen assorted pins on card... 4 Cards 4
Pin Cubes, assorted, toilet pins in cube... 4
 —Main Floor—Centre.

Various Floor Coverings Give Great Savings

Every class of Carpets, Rugs and Linoleums is represented in the enormous stock from which Monday's specials are selected. Consider all your carpet needs, and look over the values in the different materials. We can call attention to only a few within the limited space of this announcement.

Bath Rugs Below Usual Cost—Rugs like velvet in-weave, with a soft surface and beautifully designed, show clear blue and green tints. They are washable, and hence are ideal in front of washstands or bathtubs to save the carpet or cover the tiles. A mill clearance makes possible the lowered price, and these are the last consignment of the clearance, hence the extreme reduction. Monday, each... 1.39
At 79c the Greatest Mid-Season Pile Carpet Event includes Axminsters, Wiltons and Velvets of English makes. Fully one-half of our English goods is concerned, the prices being reduced without mercy. With them are included many broken lines of our best grades, the quantities being sufficient to nicely cover one room. This price is one not equalled for a long time, and occurs now only because of an unwanted accumulation of odd lengths and broken lots. Special for Monday, per yard... 79
Linoleums Give Great Value at 33c—All Linoleums have gone up in price at the mill, but you can still get the good old values here. Only great buying thought and forethought in placing orders made things right in the first place, and the occasional adjustment of stocks helps wonderfully in securing for you big values. On Monday the heaviest grade of printed linoleum, 2 and 4 yards wide, showing tile, block, floral patterns in profusion, will sell for the phenomenal price of, per square yard... 33

Good Tapestry Rug Values, part of a special mill clearance, just arrived, bought right and marked at clearing prices. Provides a good range of red, green, fawn and blue, floral, chintz, conventional and Oriental patterns. Two very useful sizes for good-sized rooms:
 4x4 yards... 12.89
 4x4½ yards... 14.89
 —Third Floor.

Wallpaper's Good Offerings, Some Half Price and Less

Four specials listed that cover a variety of papers: in designs and colors for any style of room decoration; both imported and American papers included.

High-grade Imported Wall Hangings—From England; appropriate for halls, dining-rooms, dens, sitting-rooms, libraries, etc. Handsome designs in the very newest colorings. Single roll, clearing at half price and less... 37
English Drawing-Room Silk Papers—Of ivory, yellow, rose, greens and blue tints; in very fine colorings. Clearing, single roll... 27
For Lower Rooms and Halls—Very high-grade imported paper; in good range of colorings and designs. Single roll... 17
520 Rolls Wax-Finished Papers—For bathrooms, kitchens, pantries, halls, dining-rooms; this class of paper can be easily cleaned by wiping with damp cloth. These are balance lots and odd stocks we are clearing at half price. Single roll... 10
 —Third Floor.

Variety and Style in Useful Blouses

Plain and Fancy Waists, at exceptionally moderate prices. A woman's convenience and good appearance is largely dependant upon her stock of appropriate blouses, and our present stock is replete with productions suitable for all the sundry occasions that demand their use. There is a dainty example of a dressy blouse at moderate price. It is composed of fine net, in ecru or white, with trimmings of pink, sky, blue or ecru satin. The front is tucked to form yoke effect, with bands of insertion, outlined with satin, going over the shoulder, and forming pointed yoke effect in the back. The sleeves are tucked with cuffs of insertion piped with satin. Special price... 3.50

Other Attractive Lines Are Available, as Follows:

Women's Fine Japanese Silk Waists, in neat tailored style, the front tucked with box pleat in centre; sleeve with cuff, collar edged with lace frill; black or ivory. Price... 1.25
Women's Fine Quality Japanese Silk Waists, in plain and fancy styles; some daintily trimmed with silk embroidery, lace and lucking; others with vest front of fine tucking, outlined with band of silk, and finished with self-covered buttons; black, sky, pink and ivory... 2.25
Women's Silk Mince Waists, in black only; daintily pointed front, trimmed with large jet buttons, wide pleats over shoulder, some of net embroidered with large silk dots, front elaborately trimmed with silk embroidery insertion and tucking, lined with Japanese silk; others of Battenburg lace daintily trimmed; colors white or ecru; sizes 32 to 42... 5.00
Women's Taffeta Silk Waists, in colored stripes, neat tailored style, deep pleated over shoulder, shirt waist sleeve with buttoned cuff... 3.95
 Also fine showing of Smart Paris and New York Blouses, in newest shades, in chiffon, Dresdens and Persians, silks and nets... 6.50 to 40.00
 —Second Floor—Centre.

Dutch Collars at Much Less Than Half Usual Price, Each, 10c

The Fancy Neckwear Circles bid for a rush of early business Monday. A big assortment of odd lots from some of our best selling lines in Silk Dutch Collars; all colors, including fancy polka dot effects, as well as plain shades of red, navy, sky and mauve, etc. Every collar in the lot less than half usual price Monday... 10
 —Main Floor—Centre.

Oval Framed Pictures 75c

Looking for dainty pictures to decorate the library or sitting-room? Pictures of good merit, that will add to the beauty of interior decoration? See these oval photo. corners Monday—inexpensive but of exceptionally good value. The moulding is made of 1-inch gilt, with gold-burnished ornaments.

The pictures are mostly landscapes—old mill scenes, shady brooks, autumn foliage—something in the lot to satisfy any choice. Each... 75

Card Pictures and Mottoes

A new idea in sitting-room or bedroom decoration. Pretty mottoes in fancy lettering on large mottled brown mounted with a colored photograph or figure study. Many have catchy verses, others are photographs and figure sketches of Indians, historians, etc. Others finished on handsome white cards, with dainty colored borders, each fitted ready for hanging with a neat corded string or ribbon. Monday, each... 12½

The Popular Passepartout 10c

To-day's Sports Program

Results at Markham Fair

Note and Comment

There are many guesses to date as to the winners for to-day, especially in Hamilton, where they are all wrong, as the records show the Tigers. Other selections are: Varsity to beat McGill, Queens to win at Ottawa College, Argos to lose at Montreal, and S.M.C. and Dundas to lose the local O.R.F.U. games.

Here is also another selection: Smirle Lawson will not don the padded uniform and head guard this season. That he would was only a guess.

Don't forget that the lacrosse season is still in our midst; even the final game on for the Mann Cup, representing the amateur championship among the Simonsburgers, who delight in Canada's glorious pastime, respecting those whose standing is up to the standard of the trustees. Yes, Young Toronto and Maitlands are clashing this afternoon at Scarboro Beach.

Tim O'Rourke arrived in the city last night from the reserve, along with Jameson, the favorite, and L.C.A. hope for today's Marathon. Tim says McCormick will run second and George third.

You might talk about the quagmire at Fort Erie until you saw the going at the Markham Fair, where the good horsemen won a mile race, two out of three, best time 2:09 1/2, the last heat, when the horses knew better how to negotiate the course. Farnell took the first heat in 2:15 1/2, Topsy always beaten off.

Our old friend Bill Carrigan had that curious nonentity a triple-steal, chalked up against him on Thursday. It belongs to Washington's collection of base-ball records, and occurred in a second game of the double-header with Boston, who lost, 5 to 3. The triple-steal was entirely without a flinch or a flinch. It was a throw from the pitcher to the catcher, who was in the middle of the second base. The runner, who was on first base, was safe by about an inch, according to Umpire O'Loughlin, and the other two made second and third.

SOCCER NOTES.

Moore Park play a league game with Garrets on Dovercourt Park to-day. Kick-off at 2:30. Players to meet at the corner of Dovercourt and Bay at 2:15 o'clock. Parks will line-up as follows: Galt, Dickson, Hyatt, Gaiden, Thon, Leach, Firth, Watson, Wright, Lamb, Matheson, Cameron, Galbraith. A special meeting will be held at Headquarters on Wednesday afternoon. The weekly social evenings commence on Friday next. Dancing from 8 to 10:30.

Beraca intermediates having no league game to-day will take a trip out to Mimico to play an exhibition game with the Mimico Athletic Association.

Beraca seniors will be playing no league game to-day on account of having the bye. All players and supporters are invited to attend a meeting on Sunday afternoon at 5 o'clock at Knox College.

At the Pines ground, corner Bloor and Dundas to-day at 2 o'clock. The local club will play the St. Michaels and All Saints team in the Senior League. This will have out a strong eleven and intend making a solid one for championship honors on this fall. Thistles: Dunbar, Marshall, Notcott, Walker, Parkin, McBain (capt.), Cator, Duguid, Nicol, For, Tucker, Stebbins. Referee: J. Dobson.

VARSITY TENNIS.

Yesterday's results in the Varsity lawn tennis tournament were as follows:—Men's Novice.—S. Brown defeated Henderson, 6-1, 6-2. Dobson defeated McConnell, 6-4, 6-2. Wilson defeated Henderson, 6-0, 6-1. Woodhall defeated Fruit, 7-5, 6-4. Stewart defeated H. Armstrong, 6-3, 6-4.

The ladies' undergraduate singles commence to-day. The draw is: 9 a.m.—Miss Wright v. Miss Hunter, Miss Truheart v. Miss Sparks, Miss Murray v. Miss Smith. 11 a.m.—Miss Cameron v. Miss Berry, Miss Lang v. Miss Murray, Miss Merritt v. Miss Anderson. 12 noon—Miss Selcher v. Miss Denton. Miss Horning drew a bye. Competitors failing to appear within fifteen minutes of scheduled time lose by default.

World's Series at Massey Hall. Arrangements were completed last night to reproduce the series for the world's championship between Chicago and Philadelphia at Massey Hall on the Foghorn Automatic Score Board. The games on the 17th, 18th and 22nd at Philadelphia will begin at 2 o'clock, Toronto, and the game at Chicago on the 20th and 21st will begin at 3 o'clock, Toronto time. Every play will be given and every move on the field shown.

Amateur Boxing Tournament. Three weeks from to-night the fall amateur boxing tournament opens in the Mutual-street rink. There are eight classes, watches and boxing gloves. Entry blanks and information can be secured at the Bell rooms, 146 Yonge street.

Probably your own family physician would tell you that it will do your blood and nerves good to drink tea with your dinner. For he must know the benefit even the weakest digestion derives from this pure and throat-quieting brew.

High School Rugby Jarvis and Technical Win 30-1 and 10-1

Jarvis swamped Harbord, 30 to 1, yesterday, in a High School League, Group A game. As the score will indicate, it was Jarvis all the way, and the first quarter was the only time when it was close. In kicking, running and tackling, Jarvis excelled. The teams lined up as follows: Jarvis (30)—Full-back, Ritchie; halves, Dept. Davidson, Small; quarter, Mills (captain); scrummage, D'Este, Allan, Weeks; wings, Hamden, Braithwaite, Peterkin, Bile, Murray and Adlard. Harbord (1)—Full-back, Ferguson; halves, Topal, Bickel, Firstbrook; quarter, Cameron; scrummage, Cookburn, Pedwell, Jones; wings, Hall, Freedman, Heaks, Stephens, Proud and Hagarty. Officials: J. R. Richards and J. S. Wren.

Rough Riders Confident. An Ottawa newspaper says that changes are announced in the Ottawa team which will line up against Tigers in Hamilton, and the champions are carrying seventeen men.

Dr. Baird and Tom Clancy pick their team to win, naturally; but these gentlemen have this year the stars to back their opinions with, and it is conceded that the Ottawa team is fully fifteen per cent. stronger all around than that which represented it last year. The backs are more experienced, and have more speed, while the line has improved vastly in its speed, and just as good and as strong as in former years. Youth will play the big factor in the result to-day, and it cannot be said that the champions are in any way threatened with declination from the Oiler theory. Half a dozen of the team are not old enough to vote, and the veterans can be counted on one hand.

The local team will be composed of: Johnsons, full-back; McCann, Kennedy, Gerard, halves; O'Reilly, quarter; Ferguson, Kilmartin and McQuisig, scrummage; Church and Phillips, inside wings; Disney and Vaughan, middle wings; Killy and Hickey, outside wings; substitutes, Solomon, Snelling and Christie.

Ottawa College Expects to Win. A special from Ottawa has it that Father Fallon put his proteges thru an other light practice yesterday afternoon in preparation for to-day's game with Queens. Although the players did not take on any hard work, they went thru a fast hour's sprint practice, which proved of great benefit to them. After the workout they were sent around the track for a light run, finishing up their training with a shower and brief rub-down. The team is certainly the best that has worn the garnet and grey colors in many years.

Technical High School Rugby team defeated Parkdale Collegiate Institute, 10 to 1. Six of Parkdale's points were secured by splendid kicking. Webb, Smith and Douglas were the stars, while Stiers and Clark did some good work for T.C.I. Following was the line-up: Technical (10)—Full, Simpson; halves, Smith, Douglas, Webster; quarter, Lyon; scrummage, Nelson, Boyd, Swift; wings, Flood, Neilson, Kellogg, Hammer, Webb (captain) and Heakes. Parkdale (1)—Full, Stiers; halves, Clark (captain), Sparrow, Bowles; quarter, McKinnis; scrummage, Tom, Stone, Lee; wings, Raskin, Trevelock, Lowrie, Dallyn, Harris and Norwich. Officials: P. Smailan, and Beddoe.

Tech Wins by Booting. Yesterday on Trinity campus the Technical High School Rugby team defeated Parkdale Collegiate Institute, 10 to 1. Six of Parkdale's points were secured by splendid kicking. Webb, Smith and Douglas were the stars, while Stiers and Clark did some good work for T.C.I. Following was the line-up: Technical (10)—Full, Simpson; halves, Smith, Douglas, Webster; quarter, Lyon; scrummage, Nelson, Boyd, Swift; wings, Flood, Neilson, Kellogg, Hammer, Webb (captain) and Heakes.

Montreal's Line-up. MONTREAL, Oct. 7.—(Special.)—Walter Molson, president of the Montreal Club, will play with the team during the season. The line, however, to the fact that he has been absent from the city for a month, he is not in condition for a hard game, and will not be on the line up against Argonauts. Ted Savare will also turn out and play thru the season. It is still hoped that George Kelly will throw in his lot with the club, and he may be on the line-up against Argonauts on the M.A.A.A. grounds to-morrow afternoon. With Molson, Savare and Kelly in uniform, Montreal would look like a championship team.

The question of officials was finally settled this afternoon. Jimmy Shearer will be referee and Jimmy Craig will be umpire. Just how Montreal would line out could not be definitely stated to-night. Savare is certain to be on the team, and Cameron will fill the position at the other end of the line, giving the team two of the fastest players and best tacklers in the union for the important outside wing positions. Egan will be one of the inside wings, and Jim Balle one of the middle wings. The other middle and inside wings lie between four or five players. The scrummage is also doubtful. Crankshaw will probably be at quarter, with a half line made up of Bill Ballie, Ken Williams and Art Brophy, a combination from which great things are expected. Back of this new half line will be Tommy Simpson, the most reliable full-back in the game.

Amateur Baseball. Eatons and St. Mary's play at 2:30 at the Brock avenue grounds, first game for the city baseball championship. The Yates will play Wyckwood the final game to-day at Rainsford Park at 3 p.m. The following players should be on hand without fail: Burke, Spence, Beharrell, Yates, Willard, J. Nicholson, F. Nicholson, J. Trotter, N. Triller, Strype, Acheson. Clintons play the Woodgreens for the championship of the M.Y.M.A. at the stadium, Haultain Point, at 3 o'clock. Clinton supporters are requested to rally and bring their megaphones, also help carry the silverware home.

The final games of the West Toronto Senior Baseball League will be played at the Lakeside Athletic Grounds, and are as follows: 2 o'clock: Ravenshoe v. Dufferin; 3 o'clock: Batteries-Gallagher and Hyslop; 4 o'clock: 4.00-Dufferin v. All Stars; Batteries-Auld and Davis; Fleming and Coppings.

High Golf Club. A two-ball foursome will be played at High Park to-day, the eighth of special prizes presented by W. E. Greig. Those who have not already arranged for partners can do so on the arrival of the 1 o'clock car and the 2 o'clock G.T.R.

Hats for Critical Men

Most men regard the hat as the hardest thing to select - we carry hats for every individual face.

THE REAL RUGBY TO-DAY SENIORS MAKE A START

Charlie Gage is Playing Half Back For Varsity Against McGill at Rosedale.

Toronto will get its first taste of Inter-collegiate Rugby Union football for 1910 this afternoon, when Varsity and McGill will hook up at Rosedale at 2:30. Coach Harry Griffiths was asked last night as to how his team this year would compare with that of last season. He thought it considerably a matter of conjecture. Mr. Griffiths is satisfied that his wing line will work all right and that Charlie Gage has everything that goes to make up a first-class half-back, but he will be able to tell after the game more about the team as a winning combination. The team will line-up as follows: Varsity: Backs: Dickson; halves, Galt, Gage and Kennedy; quarter, Poulis; scrummage, Carroll, Jones, Leonard; right, Gregory, Clark, Green, Reid, McGregor, Smith, Trevelyan, Foster, Livingston. McGill: Back, Murray; halves, Rose, Jack, Brown, Farnell; quarter, Paisley; scrummage, Turnbull, Irwin, Waterous; right, Johnson, Mills, Bignell; left, Matheson, Gilmore, Goodyear, Livingston. Referee, George Ballard. Umpire, C. Ramsay.

The Junior O.R.F.U. game between Toronto Canoe Club and T.A.A.C. will take place on the Varsity athletic field previous to the senior game between St. Michael's and T.A.A.C. The junior game will commence at 1:30 p.m. The Toronto Canoe Club request their players to be at the dressing rooms on the field not later than 1:15 p.m. The Toronto Canoe Club team will be picked from the following: Jolliffe, Coppinger, Ferguson, Avrey, Leavens, Kirland, Park, Gardner, Biddy, Gregory, Clark, Green, Reid, McGregor, Smith, Trevelyan, Foster, Livingston.

The High School League, Group B games postponed from Thursday will be played Monday at 4:30. They are: Oakwood at Humberdale, and Riverdale at Malvern.

The Maitland-Capital Senior City Rugby League game is postponed on account of Maitlands playing for the Mann Cup.

The Capital Junior O.R.F.U. team will line-up as follows: Varsity campus this afternoon: Full, Poyton; quarter, Adams; scrummage, Hogg, Glass, Gordon; wings, Holden, Currie, Graham, Kirk, Ford and Grimshaw. The players are requested to be at Jesse Ketchum Park not later than 1:15.

The Intermediate City League team have a game with Thistles in Jesse Ketchum Park at 2 o'clock, while the seniors will play Maitlands at 4:15.

W. W. Burland will replace Jack Newton as umpire at Hamilton to-day.

Ben Simpson will likely figure on the Tigers' line-up this afternoon after all.

Ottawa are strong, but they will miss Stronach and Williams, just as Hamilton will miss Wigle and Gray.

The line-up for the T.A.A.C.-St. Michael's Senior O.R.F.U. fixture at Varsity Field will be: T.A.A.C.—Full, Meredith; halves, Powell, De Gruchy, Fleming, Carr or Reid; quarter, Cory; scrummage, P. Thompson, O'Grady, Drummond or Hoar; Burton, Lockhart, McCorder, Gordon; quarter, Bellisle; scrummage, Laflamme, Sheridan, Conelle; wings, McCorkell, Howland, Murray, Quin, Mulligan and O'Connor. Referee—Dr. Brown. Umpire—Dr. Smirle Lawson.

Granite Club Bonspiel. Members of the Granite Bowling Club are reminded that they must be on hand this afternoon (Saturday) at 2:30 o'clock to complete the Scotch doubles and also risk semi-finals and finals for the Noel Marshall Cup. Any risks not attending this afternoon will be scratched.

There is a god deal of lagging over the coming demonstration to Sir Wilfrid Laurier, and as a matter of fact, things are not whooped up so easily for the prime minister as formerly.

The organizers are complaining that the men to carry the torches will not stir unless they are paid a \$1.50 a head, whereas 50 cents was the rate in the cleric's time. The ex-aldermen and members of the old civic regime are also very apathetic in the matter of the demonstration, for the reason that Sir Wilfrid and Hon. E. Levesque denounced the old regime in this city, and the other day these ex-aldermen were thinking of ending the prime minister's lecture telling him they would not attend the gathering on Monday evening, for fear of compromising the leader, for they declare that if they were "unfit to sit" in the city hall, they were unfit to sit beside Sir Wilfrid Laurier at the Monument National.

It is understood that the premier will devote his speech to the navy bill, as so far the Quebec members have not discussed the question, waiting for Laurier to lead the way.

FARMER DROPS DEAD While Waiting in Doctor's Office—Man Caught in Belt.

THAMESVILLE, Oct. 7.—Edward Moody, farmer of Howard Township, fell dead this afternoon in the office of Dr. Stewart while waiting to be examined by the doctor. He was 56 years of age, and leaves a family. J. Baker, an employee of the Wallace sawmill here, got caught in the big belt and was badly perhaps fatally injured internally. He was drawn into the machinery and almost every stitch of clothing was torn off him.

HUMAN NATURE DEMANDS COMPANIONSHIP There is probably no article in all creation that has so blessed mankind as tobacco. Your cigar accompanies you on lone journeys. You puff rings of contentment in the quiet of your evening hours. Your cigar is with you as you ponder over perplexing affairs. It helps you work out problems, promotes good fellowship, and is indeed man's solace, his constant friend; but it must be La Ritica A REALLY GOOD CIGAR. Readers of The World will confer a favor upon the publishers if they will send information to this office of any news stand or railway train where a Toronto paper should be on sale and where The World is not ordered.

MAIN 5308 Is The World's New Telephone Number.

SATURDAY MORNING, OCT. 8, 1910.

SIR THOMAS SHAUGHNESSY AND "MELOON CUTTING."

At the annual meeting of the Canadian Pacific Railway Company, held in Montreal on Wednesday last, Sir Thomas Shaughnessy announced a new policy regarding the treatment of what he called extraneous assets, as distinguished from surplus earnings.

The concert on Thursday evening, given by the Toronto Symphony Orchestra, shows that what has been done in vocal and individual art musically can also be done in the realm of polyphonic music.

Mr. Frank Welman has brought his organization a long way forward during the fall season, and the new routine of practice has evidently borne fruit.

Ontario is of course anxious to give Sir James time to breathe and turn around and get his correspondence opened and his coal ordered for the winter.

ON A NEW SCALE.

Toronto is gradually building up a reputation as a musical centre upon foundations which are sure and sound. In concerted musical work the city has already taken a foremost place.

Upon which of the officials does responsibility rest? They were in a position to remedy the evil, and they did not remedy it.

PUSH IT THRU, SIR JAMES.

Toronto Globe: One of the most conservative of experts on gold mining Mr. James A. McArthur of Glasgow, says that in all his experience he has never seen so many rich outcroppings of gold quartz as are now to be seen in the Porcupine camp.

THE PREMIER AND PUBLIC OWNERSHIP.

Ontario is of course anxious to give Sir James time to breathe and turn around and get his correspondence opened and his coal ordered for the winter.

It may be news to the controllers and aldermen that they may be indicted for criminal negligence in connection with the water supply of the city.

AT OSGOODE HALL ANNOUNCEMENTS.

Oct. 7, 1910. Peremptory list for divisional court for Monday, 10th inst., at 11 a.m.: 1. Sayer v. Sheffer.

BIRTHS. ROSS—On October seventh, to Mr. and Mrs. Victor Ross, seventeen Springhurst-avenue, Toronto, a son.

DEATHS. BARRICK—At Toronto, on Friday, Oct. 7th, 1910, Minnie, daughter of the late Captain William Barrick, and sister of Mr. Joseph Lutz, aged 42 years.

ROSS—At her late residence, 375 Spadina-street, Emily Louisa, beloved wife of John Ross, formerly of Ingersoll, Ont., in her 87th year.

SINCLAIR—At Pasadena, California, on Saturday, Oct. 1st, 1910, Daniel Archibald Sinclair, M. D., of Melbourne, Ont., dearly beloved son of Dr. D. A. Sinclair, 315 Spadina-avenue, Toronto.

U. S. Will Go Slow. WASHINGTON, D.C., Oct. 7.—A circular note sent simultaneously to all the powers by Provisional President Braga, announcing that he had been proclaimed President of Portugal, that the revolution cabinet, with a view to the peace of the world, has decided to abstain from any act of aggression against any other nation.

Manuel Gives Up Throne. LONDON, Oct. 7.—In a statement purporting to have been given by King Manuel upon his arrival at Gibraltar to one of the English correspondents, the deposed ruler declares that he has no thought of regaining his crown by a counter-revolution.

Spain Takes Precautions. MADRID, Oct. 7.—At the request of the Spanish Government, France has asked the Carlist leader, Tirso Olodard, who is residing at San Juan de Luz, France, to leave that town and fix his domicile several hundred miles distant from the Spanish frontier.

NOT CAUGHT HERE. At Any Rate, Detective Department Is Not Informed. APLENE, Kansas, Oct. 7.—A telegram from Toronto, Ontario, stating that John Flack, the missing cashier of the Apline state bank, whose defalcations are placed at \$70,000, is in that city, was received by the local authorities to-day.

Joy in East Africa. LOURENCO-MARQUES, Portuguese East Africa, Oct. 7.—Governor-General Damrès, at to-day's meeting of the council, read a despatch from Lisbon, announcing the proclamation of the Republic of Portugal.

PORTUGAL EXPELS RELIGIOUS ORDERS

Continued From Page 1. President is Pleased. President Braga issued a statement to-day, voicing the satisfaction of the government of the republic, that the departure of the royal government from Portugal had been carried out without any untoward incident.

Guarding Public Buildings. The encamped forces of the provisional government have delegated 200 soldiers and officers to police guard in guarding public buildings, and practically all the banks of the city under a special guard. The wearing of carrying of small arms and the carrying of rifles is considered the open means to safe conduct through the city.

Reported Reverse. Augustus, Germany, a dispatch from Lisbon, said to be of clerical origin, declares that the Republicans have been defeated in the northern districts of Portugal and that their movement is making absolutely no headway there.

Recognizing the Republic. PARIS, Oct. 7.—The question of the formal recognition of the Portuguese Republic is already the subject of interest of the whole world.

Threats Forgotten. "A man may say things that he never thinks of after," he quipped, after declaring he remembered the statements sworn to by witnesses. His reason for staying at Mrs. Tucker's house the night following the shooting was that he had no other place to go.

Branch Bank System. That the branch bank system has starved the Maritime Provinces, is another criticism. "This is equally outside the subject," said the general manager of the World last night.

Footprints No Proof. The doctor asserted that no significance attached in medical law to a comparison of footprints unless a peculiar way in which almost every person wears his boots down. In these days when almost all boots were factory-made, the doctor was not surprised to find that the prints of the boots of the man who had been shot were identical with those of the man who had been shot.

Immigration into Canada this year is expected to aggregate 200,000. Half of this number will come from the United States.

PARKER IS GUILTY JURY OUT 4 HOURS

Continued From Page 1.

of a man's mind, and when the moment comes that gives him the opportunity to carry out his intention, he has lost the power to resist. He does the act because he is powerless to keep from it. If a man does not think of these things, does he do them? We do the things we allow our minds to dwell upon.

Dramatic Address. Mr. White reconstructed the crime and went over every step as he thought it had occurred. His tale was vivid and dramatic. During the narrative, not a sound but his voice was heard in the room.

The evidence of the Toronto gunsmith, Tomlin, was next spoken of. "His evidence was modest, moderate and clear," said the judge, "and contrasted with that of any other witness," he said. He asked the jury to remember the opinion of the young man.

The Accused in the Box. Robert Parker gave his evidence as to what he saw on the morning of the murder. He declared that he had seen Parker on the morning of the murder, and that he had seen him on the morning of the murder.

Did you shoot Masters? he was asked. "I did not," he replied. "Do you know anything of the shooting?" "Only what I have heard of," he said.

He had spent the morning in going to the office, and in the afternoon he had been to the office. He had seen Parker on the morning of the murder, and that he had seen him on the morning of the murder.

His reason for wanting to buy the Masters' home was that he wanted to keep chickens, and Masters' shot his. King Heller of Toronto, who had never threatened Wm. Masters, but had threatened the boys in order to scare them.

The old man never meddled with my traps," he said. "The evidence of several witnesses, who swore he had made threats regarding the old man, was read by the stenographer, and Parker showed signs of distress. His voice trembled, and once he mopped the perspiration from his face with his handkerchief.

Threats Forgotten. "A man may say things that he never thinks of after," he quipped, after declaring he remembered the statements sworn to by witnesses. His reason for staying at Mrs. Tucker's house the night following the shooting was that he had no other place to go.

Branch Bank System. That the branch bank system has starved the Maritime Provinces, is another criticism. "This is equally outside the subject," said the general manager of the World last night.

Footprints No Proof. The doctor asserted that no significance attached in medical law to a comparison of footprints unless a peculiar way in which almost every person wears his boots down. In these days when almost all boots were factory-made, the doctor was not surprised to find that the prints of the boots of the man who had been shot were identical with those of the man who had been shot.

BANKING CRITIC REALLY PAYS TRIBUTE

Continued From Page 1. loaned to mercantile concerns. An increase in the deposit rate would increase an increase in the discount rate. Money would cost more, and consequently the price of commodities would go up.

Secretiveness and Education. Two minor objections, i.e., that bank clerks in Canada are too secretive and bank clerks have insufficient educational advantages, are obviously shortsighted. Bankers act in a fiduciary capacity, and their function is not to disclose a customer's affairs.

Branch Bank System. That the branch bank system has starved the Maritime Provinces, is another criticism. "This is equally outside the subject," said the general manager of the World last night.

Footprints No Proof. The doctor asserted that no significance attached in medical law to a comparison of footprints unless a peculiar way in which almost every person wears his boots down. HORSEMEN AT MARKHAM FAIR A GRAND SUCCESS

Small Fields in Harness and Running Races—September Beat Parnell.

The Toronto Driving Club ran an excursion to Markham Fair yesterday, leaving Toronto at 12.30, and Markham on the return trip at 6.10. This was well patronized, and the two special cars attached for the members were a great convenience. Prominent horsemen noticed at the fair were: Senator Carey of Lindsay; Joe Russell, M.P. for East Toronto; Captain Tom Wallace, M.P. for Centre York; W. Simpson, Lindsay; John Carey, president of the Lindsay Fair Association; Ald. S. McBride, Jas. Noble, Toronto; Isaac Watson, Toronto; H. J. Gould of Exeter, president of the Fair Association; Clough-ton, a prominent breeder of saddle horses; W. J. Stark, W. Robinson, R. J. Patterson, F. Dunn, John H. Lock, J. F. Hutson, John Holman and many others. J. B. Gould, one of the committee in charge of the horse department, made things very pleasant for the visitors, and all left feeling that they had spent a pleasant time at the only Markham Fair. The attendance was estimated at about twelve thousand, and the sun shone bright in the early morning, after two days of a ceaseless downpour, which had made the track anything but favorable for racing. It had almost been decided to call off the races, but when the directors found that so many of the crowd had come almost purposely for that part of the sport, they wisely put on two harness races, one running race, and two pony races. The time in all the races was not of the record sort, but, considering the condition of the track, it was what might be called fair. The officials in the stand were:

Judges—Ald. Sam McBride, Joe Russell, M.P., Capt. T. Wallace, M.P., Timmer, John Carey and W. Simpson. Starter—Jas. Noble. Clerk—W. A. McCullough. The following is the summary:

2 1/4 pace or trot, purse \$100
Planet, ch.g., Jas. McDowell 1 1 2 1
Jennie Hal, b.m., A. Collins (C.P. Collins) 2 2 1 2
Gold Ring, ch.g., V. W. Rowntree (Rowntree) 3 3 2 2

Named race, purse \$100—in this race there were six horses named, but on account of the condition of the track all but two were withdrawn, these two racing for first money:

Mabel D., ch.m., by Hal Forest, 1 1 1
Joe Mack, b.m., H. Yake (Yake) 2 2 2
Time—2:28, 2:30, 2:30

Running race, mile heats, two in three, purse \$75, catch-weights:

September (M. Horan) 2 1 1
Parnell (P. Maher) 2 2 2
Topsy 3 3 2 2
Time—2:12 1/2, 2:10, 2:09 1/2

Pony running race, under 11 hands, half-mile heats, two in three:

Minnie 2 2 2
Queenie 2 2 2
Time—1:30, 1:30

Horse Races and Show at Orangeville. ORANGEVILLE, Ont., Oct. 7.—(Special.)—The annual horse show and agricultural society was held at the Orangeville Agricultural Society yesterday. The day was fine and large numbers of people gathered to see the results of the miscellaneous events are as follows:

Open trot—1, Little Fred, McKewen, Weston; 2, Allie Boy, W. Harvey, Mono Mills; 3, Hugh Mack, N. McQuarrie, Orangeville.

Farmers' green horses—1, Joe Miller, Lamont, Mono Mills; 2, Fiv. D. McArthur, Caledon; 3, Darryl, Atkinson, Caledon.

Single roadster—1, C. H. Dalziel, Caledon East; 2, Little Fred, McKewen, Weston; 3, Allie Boy, W. Harvey, Mono Mills.

Best gentleman driver—1, J. McArthur, Erin; 2, J. Kananwin, Orangeville; 3, N. McAllister, Erin.

Best farmer's turnout—1, L. Johnston, Orangeville; 2, R. Colter, Alton; 3, W. Morris, Caledon.

Best lady driver, Caledon Township—1, Miss Patterson; 2, Miss Davidson.

Best lady driver, open to the province—1, Miss Brown, Brampton; 2, Mrs. H. Matthews, Erin.

Best gentleman driver—1, J. Brownridge, Brampton.

HUNT CLUB GYMKHANA TO-DAY

Annual Steeplechase and Other Events on Kingston Road. The annual hunt club steeplechase and gymkhana events will be held this afternoon on the club grounds, Kingston road. Special arrangements have been made with the Scarborough Railway for a fifteen-minute service on the Kingston road. In addition to six polo events, there are four steeplechase races, for which some very valuable plate has been donated. The public are invited. The weights are: D'Alton McCarthy Memorial Steeplechase, 2 1/2 miles—Waterbridge, 180, P. J. Macabe; Viking, 185, R. Schiebe; Delmar, 185, R. K. Hodgson; Silberry, 200, F. Proctor; Pierre, 190, E. Crony; Vesper Bell, 180, D. D. Hawthorne; Shin Shin, 185, C. Temple, M.D.; High Flyer, 180, G. W. Beardmore, M.F.H.; Rathmiller, 180, Thos. Smith.

Victoria Quelling. The consolation handicap of the Victoria Club will be held this afternoon. This handicap is open to non-winners who played in the Victoria race. There are some good prizes to be played for. The club expects a large entry from the following clubs: Maple Leafs, Dominion Heather and Davenport. Game starts at 2 o'clock. All members of the Victoria Club please attend.

The Hunting Season. Those interested in a place to go hunting this fall should write for a copy of "Hunts of Fish and Game," a publication issued by the Grand Trunk Railway System, telling where all kinds of game may be found, list of game laws, descriptive matter regarding the several hunting districts, maps, etc., sent free to any address on application to J. D. McDonald, district passenger agent, Union Station, Toronto, Ont.

To-Day's Marathon And Other Races at Exhibition Park

This is J. J. Ward's big day, when his annual Ward Marathon is being run, starting and finishing at Exhibition Park. Two mounted heralds will lead the Ward Marathoners out to Lake Shore road and meet them coming back. There will be four offices at Dufferin street gate open for sale of tickets, and four at grand stand. There are no reserved seats. There are 1500 seats in the grand stand. There is only one charge—ten cents. The ticket offices will open at 1 o'clock. The 4th Highlanders' Band will play all afternoon. The march part of all athletes takes place at 9 o'clock, and the start at 9.15. The official programs are very neat and will be on sale this morning. Mayor Geary will start the race at 2.15, after the march part. All athletes and attendants will meet under the centre

of the grand stand for their numbers at 2 p.m. Jas. L. Hughes will preside at the dinner at 6.30 p.m. at Birds' Dining Hall, Exhibition Grounds, to the officers of the day and the first twenty-five winners in the road race. The medical judges will examine the runners between 2 and 2.45 p.m. under the grand stand. The following is the program:

2.15—Boys' race, under 12, half-mile.
2.20—Quarter-mile race, bicycle championship, first heat.
2.25—Quarter-mile race, bicycle championship, second heat.
2.40—Boys' race, under 16, half-mile.
2.45—Quarter-mile bicycle championship, final.
2.50—Boys' race, under 14, half-mile.
2.55—Half-mile bicycle championship.
3.00—March part of Ward Marathon runners and other athletes, headed by the ten cents. The ticket offices will open at 1 o'clock. The 4th Highlanders' Band will play all afternoon. The march part of all athletes takes place at 9 o'clock, and the start at 9.15. The official programs are very neat and will be on sale this morning. Mayor Geary will start the race at 2.15, after the march part. All athletes and attendants will meet under the centre

4.00—Collegiate and Technical race, one mile.
4.10—Motor cycle championship, five miles.
4.20—Ten-mile bicycle championship of Canada.
5.00—Return of Ward Marathon runners.

Foster-Armstrong Company, Limited, 4 Queen East, Toronto

AT THE THEATRES

"The Dollar Princess." The name of Charles Frohman displayed on the boards in front of a theatre as the producer of an attraction, has the same import as the word "stamping" stamped on silver.

"The Dollar Princess" is the most delightful of all musical plays produced in New York City last season, and its entertaining value was proven by a ten months' run to crowded houses in that city.

Willner and Grunbaum, the noted Viennese librettists, have supplied the dainty and amusing book of the play, and they have contrived to do what many of our modern librettists have failed in—to write a clear, consistent story that can be readily followed and understood by their audience.

Gillette at the Princess. Charles Frohman announces the famous play, "The Princess," by William Gillette, for a repertoire tour this season.

The extraordinary feature of this week's bill of vaudeville at the Majestic Theatre will be the "Secret Service," which are the successes of Mr. Gillette's that are most desired here.

"The Midnight Sons." Law Fields' "The Midnight Sons," due at the Royal Alexandra next week, is at the Broadway Theatre, New York, for a year.

The management of the Royal Alexandra announce the arrangement with Director Ames of the New Theatre Company of New York City for the first visit of that organization to Canada.

Humorous sketches—"They Looked Like That." Percy French.

Humorous sketches—"Some Love Songs." (a) A love song of the 18th century. (b) A love song of the mid-Victorian epoch.

An Adventure in the Life of Peter Binks. Percy French and Dr. Collinson.

The Story of the Lion That Would Not Eat Paris. Percy French.

Humorous sketches—"Thru Erin's Isle." Introducing a new view of Killarney.

A Lay From the Lowlands—"The Lassie, the Looon and the Fighting Dog." Percy French.

Humorous sketches—"Father O'Callaghan." Dr. Collinson.

Humorous sketches—"The Mountains of Mourne." (a) "The Mountains of Mourne." (b) "The Mountains of Mourne."

The performance will conclude with a grand program of Europe and outlying districts.

A. Noted Conductor. The engagement of Theodore Steir as conductor of the orchestra that will be with Mile. Anna Pavlova and M. Mikal Mordkin, at Massey Hall, Oct. 20, brings this distinguished musician to America for the first time.

The Crackerjacks. At the Gaiety Theatre next week Bob Manchester's famous Crackerjacks Company will be here.

Nora Bayes and Norworth at Shea's. Manager Shea has a treat for his patrons at Shea's Theatre next week in his great headline act, the first appearance here of Nora Bayes and Jack Norworth.

CAVERHILL'S Malted Barley Flakes. Serve for breakfast every morning during summer. It's nourishing, but doesn't heat—far better than cold innipid breakfast foods.

The New BREAKFAST FOOD. Children revel in its toothsome flavor. You'll find it's the best of its kind. Order to-day \$1.50 per 15c

Itching Humors

Itching, burning, bleeding scaly and crusted eczemas, tetter, rashes and other torturing and disfiguring humors that destroy sleep and make life a nightmare of physical and mental suffering speedily yield to

Cuticura Soap and Ointment

No other remedies for skin and scalp so speedy and economical. A single cake of Cuticura Soap and box of Cuticura Ointment are often sufficient to cure eczema, the worst. Send to Foster Drug & Chem. Corp., Boston, U.S.A., for 32-page book, an authority on treatment of skin and scalp diseases.

The closing burlesque introduces "The Daffydils."

French and Collinson. The sensation of the present season is the bringing to America of Europe's most renowned Irish entertainers, Percy French and Dr. Collinson.

Overture—"The Crossroads of Killarney." Percy French and Dr. Collinson.

Humorous sketches—"Some Love Songs." (a) A love song of the 18th century. (b) A love song of the mid-Victorian epoch.

An Adventure in the Life of Peter Binks. Percy French and Dr. Collinson.

THE FORMULA OF "FRUIT-A-TIVES"

Is On the Outside of Every Box For All The World To See

Every user of "Fruit-a-tives" knows exactly what is being taken. The formula of this famous fruit medicine is printed plainly on the outside of every box. We have stated many times—and now state clearly—that "Fruit-a-tives" is made of the juices of apples, oranges, figs and prunes, with valuable heart and nerve tonics and antiseptics.

Everyone knows that fruit juice is healthful—but perhaps some do not understand why this is true.

Fruit juice consists of about 91 per cent. water, 8 per cent. of sweet principle, and 1 per cent. of a bitter substance. It is the quantity of bitter principle in fruit that gives the fruit value as a medicine. An eminent physician of Ottawa, after years of experimenting, found a method of increasing the bitter principle in fruit juice, thus increasing the medicinal or curative qualities.

The juices are first extracted from fresh, ripe oranges, apples, figs and prunes. By a secret process, some of the sweet atoms are replaced by the bitter principle. Then tonics and antiseptics are added, and the whole made into tablets, now known far and wide as "Fruit-a-tives."

"Fruit-a-tives" is the only medicine in the world that is made of fruit juices, and is one of the few remedies that have let their composition be known from their introduction to the public.

"Fruit-a-tives" is Nature's stimulant for the liver, bowels, kidneys and skin. In cases of obstinate Constipation, Liver Trouble, Indigestion, Backache, Rheumatism, Headaches and Impure Blood, this wonderful fruit medicine cures when everything else fails.

"Fruit-a-tives" is sold everywhere at 50c a box, 6 for \$2.50, or trial box, 25c, or will be sent, postpaid, on receipt of price by Fruit-a-tives, Limited, Ottawa.

NO WILD RUSH AFTER CADETSHIPS IN NAVY

Applications For First Examination Should Be in by Oct. 15—Best Opportunity Now Offers.

OTTAWA, Oct. 7.—Young Canadians have not been applying in great numbers for places as cadets in the Canadian navy. The Naval College at Halifax is to open in January. Competitive examinations for the admission of the first thirty students are to be held all over Canada by the Civil Service Commission on Nov. 6, and to take that examination application must be made by the fifteenth of the present month, yet but few applications have been made. It looks as though the admission to the first class would be easier than ever again, for the number of competitors promises to be small, and the number of cadetships is just double what it will be each year hereafter. The first class will have better chances of speedily gaining high places as officers, as they will qualify just as the construction of the first lot of ships is being completed.

The head of the college has just been named. He is B. S. Hartley, who has been recommended for the Canadian post by the British Admiralty. He has had eighteen years' service and is now instructor of sub-lieutenants in the British Naval Academy at Greenwich. A captain of the college and yard has also been appointed in the person of Commander Edward H. Martin of the Royal Navy. A contract has been given to Faulkner & Macdonald of Halifax to make over the old marine hospital at Halifax into a building suited for the accommodation of forty-five cadets and their instructors.

It was at first intended to admit to the examinations only between the ages of fourteen and sixteen only; but it has since been decided to increase the age limit to seventeen years. The examination is one which any advanced high school student should be able to take easily. It is the same examination which is held in England for the admission of cadets to the Osborne Naval School, and there the candidates must be between the ages of twelve and thirteen years.

LUMBER VULCANIZING

New Process for Wood Preservation Will Have Great Future.

The conservation of national resources is a question very much in the air, just at the present time, and, in no product is this more emphasized than that of lumber. It is estimated that there has been a ruthless use made of Canadian timber, and that care will have to be exercised in future, if the demands of posterity are to be provided for.

Perhaps nothing is accomplishing as much in this regard as the Howard Process of vulcanizing lumber. This process, unlike any other, uses no preservatives, makes no use of chemicals, the essence of the invention being a series of chambers which are heated; the ultimate operation resulting in what is termed "vulcanizing."

By means of machinery pine, basswood, birch or hemlock, green from the saw, are dried perfectly in twenty-four hours and not only is this accomplished, but these woods are so changed that the life of the wood is lengthened very materially, while soft woods, by this means, are enabled to be used in the place of the more expensive hardwoods. Samples of hemlock, actually cut from the mills, which have passed thru the Howard Vulcanizing Process, can be seen in as high a state of finish as the very choicest grades of high class hardwoods.

The company, which is an offshoot of the National Lumber Vulcanizing Corporation of New York, has established a plant for demonstration, near the Rosedale sawmills by the Don; the officers of the company being at 210 Mc-Kinnon Building, Toronto.

Plans made by the company can be installed at any mill at a moderate expense, and every lumberman in the province should inspect the Howard Process, and become convinced of its value as an adjunct to the lumber business. The company invites the strictest scrutiny of the claims which it puts forward for wood preservation, and the promoters are to be complimented for their efforts for economical results.

Mr. Charles Howard, the inventor, superintended the erection of the plant here, and will continue in charge of the demonstration.

Y. M. C. A. CONVENTION

Some of the Speakers Who Have Been Already Secured.

A strong list of speakers has been secured for the thirty-seventh International Convention of the Young Men's Christian Association of North America, to be held in Toronto, October 28-31.

Among the number will be Rev. James Logan Gordon of Winnipeg; Dr. George L. Robinson, Chicago; Dr. J. A. Macdonald, Toronto; Alfred E. Marling, New York; W. Rowell, K.C., Toronto; Christian Philinus, Geneva, Switzerland; John R. Mett, New York; Dr. C. A. Barbour, Rochester; Ernest Thompson Dixon, New York; and F. S. Brockman, China.

A unique and interesting feature of the convention will be the international athletic meet and gymnastic exhibition which will be held in the Auditorium on Saturday evening, October 29.

Physical Training Classes. In the Margaret Eaton School of Literature and Expression. Classes daily at 10 o'clock. Special class for women Thursday morning at 10 o'clock. Tuesday evening classes at 7.30 and 8 o'clock.

Two Arrests. LOS ANGELES, Oct. 7.—Two men are under arrest in connection with the hunt for The Times Building dynamites. They are Charles M. H. and Frank Russell. Mehr, according to the report turned in by the arresting officers, declared that "unions" have something also up their sleeves.

The Day for Overcoats

This is the big Overcoat day of the season. It is all that because we have decided it should be so. We have imported from the mills a better and larger collection of cloth for Overcoats than has been seen in our branches at any time in our history. That is to say there can be no better found anywhere.

Thousands of yards of this cloth which has just arrived from the Mills and is in full Mill Webs. It includes the famous "Bannockburn" overcoating and a hundred other weaves in as many patterns. It will make the very best of warm ulsters, or if you prefer the smaller coat you will find something in lighter weight textures to make a good "Chesterfield."

Made-to-Order Suit or Overcoat

NO MORE \$15 NO LESS

The designs from which we make our clothing are specially sent to us by our agents in London and New York. You may select either when ordering your overcoat. We guarantee satisfaction or will refund you the money you have paid.

"MILLER'S ILLUSTRATED": Our fall magazine is just out. Write for it. "Miller's Illustrated" is worth reading. It is right up-to-date.

OUT-OF-TOWN MEN:—Ordering with us by mail is as easy for you as if the measure were taken by our own cutter. The chart and the instructions positively insure that your measurement will be properly recorded. Write us for books of samples and for sample plates.

Branches—Montreal, Hamilton, London and Winnipeg.

AUTHORITY OF THE BIBLE

Dr. Griffith Thomas Addresses Wycliffe Students.

Dr. Griffith Thomas, until recently of Oxford, England, in his first lecture before the student body of Wycliffe College Thursday night, spoke on "The Question of Authority as Applied to the Holy Scriptures."

The mere question of authority, he said, was far different to the general impression which he thought prevailed, viz., that education was the acquirement of so much knowledge, the gaining of historical facts, or the acquiring of other educational information which would be readily reproduced at any stated time.

His opinion was that a true education depended not so much on the quantity of what has been learned, but how it was learned. To be a true student was to be a person who remembered first of all that he was ignorant and who possessed a fervent thirst for its foundation a disinterested curiosity, a desire to accomplish an end without an attendant desire to gain in some way therefrom. The student to be a scholar must be possessed of a sentiment—a deep feeling—for the work in which he is engaged. He did not mean that sentiment which borders on sentimentality, but that sentiment which is guided by common sense and self-control.

Rev. Dr. Chown, who presided, fully concurred with what Prof. Bowles had said. He further remarked that in the Deaconess College there was afforded an opportunity of securing both the scholastic and spiritual educations, which he thought, formed the ideal education.

Maple Syrup Adulterated. OTTAWA, Oct. 7.—(Special).—An inspection of 128 samples of maple syrup by the chief analyst of the inland revenue department shows 12 per cent. adulteration; 117 samples were found to be genuine, altho in many cases there were indications of manipulation.

Suing the Mayor. MONTREAL, Oct. 7.—(Special).—Germain Esaulie is suing Mayor Guerin for \$500, claiming that his worship asked him certain questions during the "Emancipation" enquiry that injured him in the eyes of the public.

TRUE EDUCATION

Subject of an Interesting Address by Prof. Bowles.

The formal opening for the fall term of the Methodist Deaconess Training School, took place Thursday afternoon, when Prof. P. P. Bowles gave an address on "Education." His interpretation of what a thoro education meant was far different to the general impression which he thought prevailed, viz., that education was the acquirement of so much knowledge, the gaining of historical facts, or the acquiring of other educational information which would be readily reproduced at any stated time.

His opinion was that a true education depended not so much on the quantity of what has been learned, but how it was learned. To be a true student was to be a person who remembered first of all that he was ignorant and who possessed a fervent thirst for its foundation a disinterested curiosity, a desire to accomplish an end without an attendant desire to gain in some way therefrom. The student to be a scholar must be possessed of a sentiment—a deep feeling—for the work in which he is engaged. He did not mean that sentiment which borders on sentimentality, but that sentiment which is guided by common sense and self-control.

Rev. Dr. Chown, who presided, fully concurred with what Prof. Bowles had said. He further remarked that in the Deaconess College there was afforded an opportunity of securing both the scholastic and spiritual educations, which he thought, formed the ideal education.

Maple Syrup Adulterated. OTTAWA, Oct. 7.—(Special).—An inspection of 128 samples of maple syrup by the chief analyst of the inland revenue department shows 12 per cent. adulteration; 117 samples were found to be genuine, altho in many cases there were indications of manipulation.

Suing the Mayor. MONTREAL, Oct. 7.—(Special).—Germain Esaulie is suing Mayor Guerin for \$500, claiming that his worship asked him certain questions during the "Emancipation" enquiry that injured him in the eyes of the public.

BORDEN LAID CORNER STONE

Halifax Will Have New Y. M. C. A., Costing \$120,000.

HALIFAX, Oct. 7.—(Special).—R. L. Borden laid the cornerstone of the new \$120,000 Y. M. C. A. building this afternoon, in the presence of a large gathering. Mr. Borden, in the address which followed the laying of the stone, said the Y. M. C. A. had a claim on all right thinking men.

"This is an age imbued with the commercial spirit," said Mr. Borden. There always was and always would be a certain dominance of the spirit of the market, but, for this very reason, men should stress the hands of those who endeavor to make the Y. M. C. A. what it is, calculated to benefit the wellbeing of the young men.

REFUNDED INCOME TAX.

OTTAWA, Oct. 7.—(Special).—The board of control to-day, on the advice of the city solicitor, decided to refund \$298 income tax to Hon. S. N. Parent, chairman of the Transcontinental Railway Commission, who wrote saying that, being an outside civil servant, they could not collect this tax. There is an agreement between the City of Ottawa and the government whereby city servants need not pay income tax.

GOOD DEMAND FOR SEATS.

As an indication of the increasing interest which is being taken in Cobalt and the mining markets dealing in the shares, it was reported yesterday that four different parties were trying to buy seats on the Standard Stock Exchange. Twenty-five hundred dollars was bid for a seat, but none was available at these figures.

PILES

Dr. Chase's Ointment is a certain and guaranteed cure for hemorrhoids, piles, itching, bleeding and protruding piles. See testimonials in the press and get your money back if not satisfied. So, state names of EDMANSON, BATES & Co., Toronto.

KING SENDS THANKS

Letter From King and Queen Dowager for Memorial Pictures.

Sir James Whitney received from Lord Grey yesterday a letter written by Lord Grey, conveying the thanks of His Majesty King George for the photographs of the memorial service to King Edward VII. in Queen's Park.

Sidney Grenville, on behalf of the Queen Dowager, also writes: Buckingham Palace, Aug. 20, 1910.

My Dear Lord Grey—I am desired by Queen Alexandra to thank you for having presented her with the photograph taken at Toronto of the memorial service to His Majesty the late King Edward VII. Her Majesty is much struck by the enormous crowd, and deeply touched by the feeling of sympathy shown by the Canadians.

If Queen Alexandra's thanks could be conveyed to them in any way it would be her wish. Believe me, Yours sincerely, Sidney Grenville.

FEEL YOUNG FOREVER

Let Me Put Vitality Into Your Blood, Nerves and Body. Follow Me to Health and Manhood. I Can Show You What Others Have Done to Change Debility, Weakness and Despondency Into Health, Strength, Vigor.

Nothing can down me now.

Call or Send To-Day for the Free Book Which Tells All.

Vitality is the measure of the man in this day of big deeds and monster achievement. He who has great vitality cannot grow old. Years count for nothing if you have the vitality in your blood and nerves. My Health Belt with suspensory attachment is the FOUNTAIN OF PERPETUAL YOUTH. It pours quantities of electro-vital force into your weakened system. It works quietly, mildly, continually hour after hour, while you are sleeping. It is your opportunity, as it has been the opportunity of tens of thousands before you; it supplies you with the vitality upon which health and courage depend. It is a power and strength giver of the highest order. No drugs, nothing to take internally, no dieting, no hardships of any kind. Simply use the Health Belt until you are restored to vigor. It never ceases until you have as much courage and self-reliance as the biggest, fullest-blooded man you know. Your eyes will have the sparkle of full health, you will have the vigor of a strong, healthy man. Henry Egman, Norwich, Ont., writes: "Thanks to the use of your Health Belt I am young again. It restored me after all else failed. Use my testimonial as you see fit." This is but one of thousands. Get the free books and read of others.

Special rheumatism attachments to my Health Belt carry the Electro-Vitality to any part of the body; the neck, back, arms, legs, feet. It finds and drives away all pains and aches; it has often completely cured weak back in one night, so that it never returned again. It is a wonder remedy for chronic ailments of the nerves, blood and muscles.

FREE UNTIL CURED

Call or write to me and I will at once arrange to let you have the Belt on trial, not to be paid for until cured. No deposit or advance payment. Send it back if it doesn't do the work. Liberal discount for cash, if you prefer to deal that way.

THESE BOOKS SENT FREE

Let me send you these books. They contain much valuable Health Information, are fully illustrated, describe my Health Belt. Fill in coupon or send your name and address on a postal card, or if possible call at office and see Belt. Office hours: 9 to 6; Saturdays until 9 p.m.

DR. A. B. SANDEN CO., 140 Yonge St., Toronto, Ont. Dear Sirs—Please forward me your book, as advertised. NAME _____ ADDRESS _____

This property will be put on the Market by ROBINS LTD on the 15th Day of November next & will be restricted to High Class Homes.

PANORAMIC GLIMPSE OF THE WESTERN LAKESHORE, SHOWING HOW YOUR PINE BEACH HOMESITE COMMANDS A VIEW OF LAKE AND LAND

Pine Beach is a choice, new home section among the lakeshore pines of New Toronto, opposite Stop 26, Lakeshore Road. The trip out is through such a delightful part of the lakeshore that you hardly realize that the trip has taken about 35 minutes. The opening day, on the property. The sale of lots opened at our office on Friday, Oct. 8th. There is a limited number of extra desirable lots with a lake frontage. Early buyers get these. Be early. Prices of all lots are reasonable, on very easy terms. If you can't come out on the Opening Day, send for plan and complete information. Phone Main 7171 for appointment. Our motor cars are always at the service of home-seekers.

COME OUT AND PICK YOUR LOT TO-DAY SATURDAY, OCT. 8th THE BIG OPENING DAY
Take Sunnyside cars out to Pine Beach, at stop 26, Lake Shore Road, NEW TORONTO.

Pine Beach Homesites are deep and ample, and will be bordered by winding roads well graded and well shaded. Streets will be laid out with massive stone-pillared entrances. It is a high-class residential section--on the last available suburban shore near Toronto. There are good building restrictions. There will be one tree or more on every lot, and every home will have easy access to the bathing beach, lake front promenade and pier where large steamers call. Come out to Pine Beach on Saturday. Any lot in the property is good buying--and you can get it practically on your own terms. Prices range from \$9 to \$38 per foot frontage. Enquire about Pine Beach at our Head Office, or at Branch Office on the property.

TAKE THE STREET CARS FROM SUNNYSIDE TO PINE BEACH, STOP 26, LAKESHORE ROAD, ANY TIME TO-DAY. OUR REPRESENTATIVES WILL BE THERE ALL DAY TO MEET YOU.

APPROVE COMMISSION FOR CONTROL OF HARBOR

Question of Whether Its Scope Will Include Ashbridge's Bay is Most Vital Point.

At a meeting yesterday afternoon of the joint committee to deal with the development of the harbor, the plans for a permanent harbor commission as previously approved by the special committee and the board of trade, were given preliminary endorsement. It was agreed, however, that the various clauses defining the powers of the commission would be given further scrutiny before being finally accepted. Controller Spence presided over the meeting. The outside representatives were Edmond Burke and J. M. Lyle, for the business interests; J. G. Sing, resident engineer of the Dominion Government, and Harbormaster Postlethwaite. The proposed scope of the commission has been previously published. In brief, it is proposed that the commission consist of five members, three appointed by the city council, one by the Dominion Government on its own initiative, and the other by the government on the recommendation of the board of trade, the term of office to be three years. The commission is to have broad powers that will enable it to purchase and expropriate property, construct what improvements it deems, to issue debentures, regulate all navigation, levy dues, etc. The most important point to be decided is as to the area over which the commission is to have control. Controller Church advocated giving jurisdiction over the whole 15 miles of waterfront from the Humber to Scarborough Heights, but the mayor thought the city should be careful. City to Give Up Marsh? "Are we going to transfer the whole of Ashbridge's bay district to the board, and, if so, what are we going to get for it?" he asked. He thought also, that the commission should be empowered to expropriate property in the rear of that actually required, believing that it would be unfair that private owners should reap the benefit of the improvements. The chairman replied that the matter of Ashbridge's bay will have to be settled between the city and the commission. He did not think it practicable for the commission to have the wide powers of expropriation suggested by the mayor. There would have to be a limit somewhere. In discussing the filling in of the marsh, Mr. Sing declared that if the sand dredged out of the western channel in the past two seasons had been deposited in the marsh, it would have created 20 acres. Controller Spence's idea that the commission should give their services gratuitously did not seem to strike the committee favorably. The mayor, Controller Church and Aid. Maguire agreed that the members would be so heavy that, to give proper attention, they should be paid. Consideration will be given later in the question whether members of the council should be eligible for appointment. Aid. Maguire declared that they shouldn't as they could not find time for both duties. Mr. Postlethwaite asked whether the commission would derive its revenue by increasing tolls, thus discouraging navigation, and the chairman replied that the intention was not to increase the burden on traffic, but to materially increase that figure. Civic Improvement Committee. At an organization meeting of the plans section of the civic improvement committee, Aid. Christolm was appointed chairman and Edmund Burke vice-chairman.

NEW GOVERNMENT'S AIM CONCISELY SET FORTH

Has a Country to Make Over--Public Instruction to Be Completely Secularized.

NEW YORK, Oct. 7.—The Associated Press to-day received direct from Lisbon a despatch from Senhor Bernardo Machado, the minister of foreign affairs in the newly constituted provisional government of Portugal, in which the Republican leader sets forth the purpose and aims of the present government. Senhor Machado, who speaks of the request of and for Theophile Braga, the provisional president of the new republic, cabled as follows: "The Republic of Portugal has been proclaimed by the army, the navy and the people. The maintenance of order is completely assured. There is general adhesion to the government in the provinces. The enthusiasm of the public is unparalleled. A Great Duty. "The provisional government has before it a great duty involving much work. It has to effect a country to make over. Concerning our program, I can say that we will endeavor to put in operation the programs of the Republican party. This includes a policy of decentralization, both in the local administration and in the government of the colonies. "The financial budget is to be equalized in the general interests of the country, and it will be made up with honesty and fairness. The national wealth will be developed. "All national alliances now existing

MANITOBA TOWNS WANT GOVERNMENT POWER RING

Request That Either Central Distributing Plant Be Erected or Arrangement With Private Firm.

WINNIPEG, Oct. 7.—(Special).—Representatives of various municipalities throughout the province interviewed the provincial government this afternoon with a request that the government should secure a power site, install a plant, operate it and sell power to municipalities at cost. If the government should be unwilling to do this, then the representatives of municipalities asked that the government should investigate the question and guarantee the bonds of a strong company and secure from it a guarantee that it would supply power at a reasonable price. The deputation went as a result of a meeting held in the city hall at St. Boniface this morning, called by the city council of St. Boniface. The municipalities responding to the call were: Brandon, Portage, Carman, Morris, Stonewall, Emerson, Beausjour, and Selkirk. It was stated that many propositions had been considered by the various municipalities of the province from the various companies. These propositions varied in merit, but none of the municipalities alone was able to take hold of the offer. It was now suggested that these municipalities should get together and consider the question, and if it seemed agreeable, that the gov-

CHATHAM MAN'S DEATH

Found on Railway Tracks With Head Cut Off.

PORT ARTHUR, Oct. 7.—(Special).—Section men to-day found the body of Henry McFadyen, formerly of Chatham, Ont., lying on the track at Channel, three miles east of her. The head was cut off. McFadyen, who was on his way to Souris, Man., was missed last night. He was about 52 years of age. On Trail of Galt Burglars. GALT, Oct. 7.—(Special).—A daring robbery was committed two weeks ago at Galt Robe Works, when \$600 worth of goods was stolen. To-day Chief of Police Gorman recovered all the property, together with a lot of other stuff stolen from private residences in the past summer. The identity of the thieves is known and the police are after them. They are two Americans, who have worked in local factories for several months. They got away very cleverly after finding out the police were on their track. Some Near Tragedies. KINGSTON, Oct. 7.—(Special).—A daring robbery was committed two weeks ago at Galt Robe Works, when \$600 worth of goods was stolen. To-day Chief of Police Gorman recovered all the property, together with a lot of other stuff stolen from private residences in the past summer. The identity of the thieves is known and the police are after them. They are two Americans, who have worked in local factories for several months. They got away very cleverly after finding out the police were on their track.

DELICATE BABIES NEED BABIES' OWN TABLETS.

For the baby who is delicate, who suffers from constipation, stomach and bowel troubles, worms or difficult feeding, nothing can equal Baby's Own Tablets.

For the baby who is delicate, who suffers from constipation, stomach and bowel troubles, worms or difficult feeding, nothing can equal Baby's Own Tablets. They are a positive cure for all the little ills of childhood and can be given to the new born baby with perfect safety. They are sold under an absolute guarantee of a government analyst to contain no harmful drug. They cannot possibly do harm—they always do good. Mrs. Geo. A. Windover, Rockport, Ont., writes: "I would not be without Baby's Own Tablets. My baby was small and delicate and never grew till I began giving her the tablets. She is nine months old now and thanks to the Tablets is well, fat and rosy. I will certainly recommend them whenever I get the opportunity." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

MISSIONARY A SUICIDE

Due to Mental Trouble, Brought on by Overwork. NEW YORK, Oct. 7.—Officials of the Methodist Episcopal Church received a cable from Foo Chow, China, to-day announcing the death by suicide of Ernest Linton Paige of Hamilton, N.Y., a missionary in China. The despatch stated that the act was due to serious mental trouble, brought on by overwork and the heat. He had been in the missionary service but a year.

CEETEE UNDERWEAR

Ill-fitting underwear ruffles the temper and irritates the nerves. That's why people who know look for the "sheep" trademark on every garment of underwear. It's an absolute guarantee of comfort—the mark of distinction in underclothing. CEETEE Underwear fits snugly and wears well, because—it is made from the finest Australian Merino Wool. Don't simply ask for "Underwear"—insist on your CEETEE. In all sizes for men, women and children. Look for the "sheep" dealer showing you "CEETEE."

Do You Own Your Own Home? IF NOT—WHY NOT?

READ THIS—IT SHOULD INTEREST YOU

Rent Payers in Toronto May Become Their Own Landlords

The owners of Alexandra Gardens, the ideal sub-division, situated at an altitude of several hundred feet above the lake level, beautifully wooded, well laid out, and improved with city conveniences, have arranged for the erection of a limited number of homes which may be paid for on easy terms.

You select your lot in the Gardens—provide your own plans and specifications (or we will procure suitable ones for you)—pay a certain amount down—we will have the house constructed for you—turn it over on completion, and you pay the balance in reasonable instalments.

Alexandra Gardens are located in what is acknowledged to be the best section of North Toronto—south of Glencairn and opposite Victoria Avenues. The district is well built up, convenient to the centre of Toronto, and offers excellent investment possibilities.

The rapid increase in Toronto population, and the encroachment of industrial activity on what were a few years ago desirable residential districts, has made the selection of a site for a home—combining desirability from a health standpoint and prices within the reach of the average man—an extremely difficult problem. The laying out of Alexandra Gardens has solved this difficulty.

The building restrictions are such as to assure the erection of houses of neat architectural design.

We can put you in a position to own your own home—it will cost you nothing to discuss our proposition with us.

Call at our head office, 45 King Street West, Toronto, or at our office on the property (Stop 19, Metropolitan Railway).

EXPERTS ARE FAR APART ON FRASER'S MENTALITY

Some Sure He Has Senile Dementia, Others That He is Capable of Caring For His Affairs.

In order to facilitate the examination of witnesses and for the convenience of Justice Britton the adjourned Michael Fraser marriage annulment case, which began at Barrie last week, was resumed here yesterday morning. The evidence, which is being taken, is that of the medical experts and the plaintiff, Catherine McCormick, Dr. Arthur Jukes Johnson and Dr. J. M. Cotton were heard, while Dr. Clark, superintendent of Toronto Asylum, was called by the defendants. Dr. Clark's cross-examination by Mr. Masonell will be resumed this morning.

According to Dr. Johnson, diminished perception, diminished attention, diminished reasoning and slowness of mental action were among the noticeable characteristics of Fraser's mentality. Also he came to the conclusion he had arterial sclerosis and heart trouble. He admitted that the fact that Fraser was not anxious to do anything was common to old people. Dr. Cotton agreed with him that Fraser was suffering from senile dementia. On making his visit to the house, Dr. Cotton found Fraser in bed and he waited till he was dressed.

WAS UP AGAINST A HARD COMBINATION

Dr. DODD'S KIDNEY PILLS VANQUISHED THEM ALL.

Sundridge Man Suffering From Gravel, Diabetes and Dropsy Found an Easy and Complete Cure.

SUNDRIDGE, Ont., Oct. 7.—(Special.)—Gravel, Diabetes and Dropsy was a terrible combination for one man to have. It means that his life is in the gravest danger, unless like Geo. Vanhooser, a well-known resident of this place, he finds the simple and natural cure. Here is the story Mr. Vanhooser tells, and all his neighbors know every word of it is true:

"I had pains in my back and across the loins. My stomach would swell, I was constipated and I had sharp cutting pains in my bladder, which made me sure that I was suffering from the terrible Gravel. The doctor attended me, but I kept getting worse every day.

"Others had told me of the great good Dodd's Kidney Pills had done them, and I determined to try them. Six boxes made a new man of me." Gravel, Dropsy and Diabetes are all either Kidney Diseases or are caused by diseased Kidneys. The easy and natural way to cure them is to use Dodd's Kidney Pills. They never fail to cure any form of Kidney Disease.

When he came out he was throwing his arms about and muttering to himself. Asked by the doctor when he was born, Fraser replied 1823, and that the present year was 1910. When asked to subtract to get his age he placed the earlier date above the other, but discovered his mistake.

Showing Irritability. "What about his temperament?" "He was irritable."

Witness confirmed the statement of Dr. Johnson that they had been refused the facilities for a physical examination. He said the old man could not look after himself or his affairs.

To Mr. King the doctor admitted that loss of memory did not necessarily mean senile dementia. Fraser had named all his brothers in order of age correctly and displayed other marked evidences of intelligence.

"Didn't he smile at your asking him so many silly questions?" "Well, yes."

"You asked him who introduced him to his wife, and he said he did himself?" "Yes."

"Didn't you ask him what did he have yesterday for dinner, and he said a chicken or two?" "No, that is the wrong dinner. The chicken or two was at the wedding dinner. He said he had eggs for dinner."

"With all these questions he answered, do you still think the old man has senile dementia?" "I do."

What Fraser Said. Dr. Clark, superintendent of the asylum, had seen Fraser on four occasions.

"When did you first see him?" "On April 23 of this year."

He found him bright and possessing a good memory of past events, and he was not very fond of school, but his mother made him go. He said he was over four score years, and he told me of the rough voyage over to this country. He told me about his father and that his father had a pension. His mother, he said, was a Roman Catholic and his father a Protestant. He also told me about all his brothers. I asked him if he had had a brother who died in Toronto Asylum, and he said he had. I asked him if his name wasn't Walter, and he corrected me and said his name was Frederick.

"I asked him how it came about that a man at his time of life was taking to matrimony, and he said that when his brother had died he became very lonely and he wanted company and someone to look after him in his declining years."

"Anything to lead you to conclude he was insane?" "No. He said he knew why I had come there. I asked him if he was happy, and he said he was and if he had known married life he would have learned two brothers had died of insanity, a large percentage in one family.

Had Excused Himself. On the next visit, Fraser was not so clear, but on the third, he had explained that he wasn't well then and hadn't done justice to himself.

"I think he is quite capable of managing his affairs," said Dr. Clark. He admitted, however, that he had learned two brothers had died of insanity, a large percentage in one family.

MANUEL'S SWEETHEART

She Tells of the Joy They Found in Each Other's Society.

VIENNA, Oct. 6.—Portugal's "uncrowned queen," Mile. Gaby Deslys, whose twinkling toes brought Manuel to his knees, and is said by some to have cost the boy ruler his fortune and his throne, to-day gloried in her friendship for the youthful ex-monarch.

Mile. Deslys, who set Paris by the ears, and created a furore in London, is appearing at the Apollo Theatre here.

"Recently, in Paris, the Variete Theatre offered me a high salary to appear, billed me as Manuel's mistress," she declared. "I refused indignantly."

"I first met the king fifteen months ago in Paris, where I was dancing. It was love at first sight."

"After that first meeting, we met frequently. He came repeatedly to Paris to visit me. We were always happy together in those days."

"In February of this year, his highness summoned me to Lisbon, and at his request I danced at the great charity fair the king organized for the relief of the victims of the Oporto fire."

"I did not live in a suite in the hotel near the palace, but the king paid me marked attentions and was in my company during nearly all the time I was in his capital. He even presented me to his royal mother."

"I just saw the king in August in Paris. I had a long letter from him, but a few days ago, wherein he wrote of his great joy over the prospect of seeing me again in Paris at the end of October. The king was a nice young man, proud as the proudest, and with a kind heart."

"When it was reported that he meant to marry me, one Paris paper rightly said: 'Deslys will not abandon the great kingdom of the stage for the support of a royal mother.'"

Methodist Evangelistic Campaign. At a meeting of the committee on evangelism of the Methodist Church yesterday, it was reported that already evangelists were at work in connection with Manitoba, Alberta and other provinces, and that a considerable sum had been forwarded by the Laymen's Association of Nova Scotia for the support of an evangelist in that province.

In connection with evangelistic work in this province, the heads of the various departments in the Methodist Church spoke setting forth the contribution that each would be able to make by way of co-operation and work, in order that a general evangelistic campaign might be inaugurated. Dr. Ross, Dr. Rankin and W. Forster spoke of important aspects of the work.

Earl Grey's Important Mission. MONTREAL, Oct. 7.—Three more letters were added to-day to the long list which already trails E. W. Hazen Grey's name. Besides being Governor-General of Canada, his excellency is now a Doctor of Civil Law. The degree was conferred on him at noon to-day by the chancellor of the University of Bishop's College School, the English Church Institution at Lennoxville near Sherbrooke.

In regard to his coming trip to the West Indies, it is understood Earl Grey is traveling, not under orders, but under the request of the British Government, and that he has been asked to report upon the advisability of opening negotiations with Denmark with a view to purchasing the Danish West India Islands of St. Thomas, St. Croix and St. John.

Harbord Rifle Association Meeting. At the annual meeting of the Harbord Rifle Association yesterday these officers were elected: Hon. president, L. F. Leves; president, E. W. Hazen; captain, R. Hughes; lieutenant, R. Kellock; secretary-treasurer, G. Hart.

Inauguration of the Hydro-Electrical System, Berlin, Oct. 11. A special train via Grand Trunk Rail, way System will leave Toronto Union Depot at 12:30 noon, October 11, to Berlin, in connection with the inauguration of the hydro-electrical power system in the latter city. Returning special leaves Berlin 10:30 p.m. same night.

For rates and information phone C. E. Morning, M. 4209, or J. A. Telfer, M. 4800.

My first experience with Dr. Miles' Anti-Pain Pills was a simple package handed me. They relieved the pain so promptly that I have never been without them since. I have given them to many friends when they had headache and they never failed to relieve them. I have suffered with neuralgia in my head, and the first one I took relieved me. They have cured me of neuralgia. I would not be without them."

REACHED AN AGREEMENT

Engineers to Decide as to Questions of Safety.

Any doubt that the city and Toronto Electric Light Company would be able to reach an agreement that would allow the erection of hydro-electric poles for the municipal power plant to be proceeded with, was removed yesterday morning when a definite settlement was arrived at.

In brief it proves that all questions of public safety concerning the installation and operation of the two systems are to be dealt with by the engineers of both parties, and should they fail to agree, either party may resume the action upon giving seven days notice. No old rights are to be interfered with or new ones created by the agreement.

On Judge Middleton calling the case in the non-jury session yesterday morning, E. P. B. Johnston, K.C., for the

company, asked him to confer with Corporation Counsel Drayton, to which his lordship assented. After an hour's conference in Mr. Drayton's office, Mr. Johnston addressed the court. He announced that an arrangement had been made so that "the public work of the city would not be unduly stopped and the public safety assured." He regretted, not only as a representative of one of the parties, but as a citizen, that the "wider issues" could not be disposed of in the same way. He trusted, however, that every effort would be made to get rid of the vexed question.

Verdict for \$9500. Mrs. Mary M. Gilles of Toronto sued Thomas McCamus and Angus McKelvey for \$15,000, and yesterday Justice Meredith gave her judgment for \$9500.

I give the plaintiff the option of a reference as to the price realized for the stock in question at her own risk as to costs of the reference, if in result she recovers no more than this sum," is the decision.

LONDON ALDERMAN ARRESTED Retained Cheque for \$75 in a Contested Deal.

LONDON, Oct. 7.—(Special.)—The arrest of Alderman Henry Pocock this afternoon furnished London with a sensation.

He was taken into custody by Detectives Nickle and Downs on a charge laid by the Ideal Concrete Machinery Co. of unlawfully retaining a cheque for \$75. Pocock is head of the London Concrete Machinery Co., and the cheque was drawn by Mr. McKinnon, a Cannington man, who saw his goods at Toronto Exhibition. The misdoings arose thru the customer getting the Ideal people on the telephone when he discussed the purchase he made. Believing he was dealing with Pocock's firm, he made out the cheque accordingly.

Pocock was not locked up, but released on \$2000 bail, of which he furnished \$2000.

JOYFUL NEWS FOR THE WEAK

I HAVE A CURE FOR WEAK MEN THAT CURES TO STAY CURED. I CAN TAKE A WEAK, PUNY MAN AND MAKE HIM A HEALTHY, VIGOROUS SPECIMEN OF MANHOOD, REMOVE HIS PAINS AND ACHES, STRENGTHEN HIS NERVES AND ORGANS, AND GIVE HIM NEW VITALITY.

I can do this with Electricity, applied through my Electric Belt. Nature's greatest remedy for a broken-down system. I can pour a strong, vigorous current of this force into the nerves and organs, and drive out all pain and weakness. If you have a good constitution at all, I can cure you and make you as good a man as ever you hoped to be.

Do you doubt it? If so, any man or woman who will give me reasonable security, can have my Belt, with all the necessary attachments suitable for your case, and you can

Pay When You Are Cured.

"None are so blind as those who will not see," but if you are open to conviction, and want to improve your condition, I can convince you that my Belt does all I claim for it, and even more.

You don't need to be taught that restless nights, sleeplessness, despondency, inability to concentrate your thoughts, loss of appetite, weak back, headache, pains here and there in various parts of your body, lack of energy and push, are all signs of nervous breakdown, physical debility. You know that, but what you want is a remedy that will restore the vitality that you have lost.

If you have degenerated and drugged and got no benefit, that's no sign you ought to give up. Drugs can't restore your vitality. Electricity is for men like you. It's the greatest nerve-builder and body-builder in the world to-day.

THE WORLD HATES A QUITEE.—If you go into a fight, stay with it, no matter how poor your chances look. The other fellow probably wants to quit, and if you hold your head up he will quit first.

The victory is the brave. It takes nerve and energy to win nowadays.

You don't want to be a failure. You are made for better things, but you can't win without courage and energy. That's the idea behind my Electric Belt, the body battery that pours electric vim into a man's body.

RHEUMATISM AND WEAKNESS CURED. Wabigoon, Ont., June 21, 1910.

Dear Sir:—Your Belt has been a boon to me. The emissions have ceased. My Rheumatism in the shoulder has gone. I must say that I feel that life is now worth living for. The most noticeable thing is the blood; it seems to have increased very much in circulation. Before using the Belt, if I took a swim in the lake I very soon got cold, but now I am in the water every morning about 6 o'clock, and don't feel the cold at all. I think your Belt will do all you claim it will, and then some more. I remain, yours truly,

A. G. ROFFEY.

I cannot take up more space with these extracts. But if you will send me your address I will mail you free my beautifully illustrated book, along with testimonials from thousands of grateful people who have been fully restored to health and strength.

Now, if you suffer, do not lay this aside and say you will try it later. Act to-day—NOW.

THE GRAND TRUNK PACIFIC

Offers to the Public Lots in the First Subdivision to

Watrous

Favored Bountifully by Nature and by the Grand Trunk Pacific, Watrous is Destined to Become One of the Most Important Inland Cities of Western Canada

WATROUS is located near the banks of Little Manitou Lake, the most wonderful body of mineral water on the American Continent. A century ago the Indians took the sick and ailing tribesmen to Little Manitou to be cured. To-day the white man is journeying from far and near to receive the benefits afforded by the medicinal waters from Little Manitou Lake. The Grand Trunk Pacific has selected Watrous as its Central and Principal Divisional Point of the great Western Provinces, and it is from this Central Divisional Point that the different Branch Lines to other important cities will radiate.

The requisites of a flourishing prairie City are first of all railway facilities. It must be an easy point to reach and ship from.

Beyond this it must be either a centre of manufacture or of a highly productive farming country. Again it should be a pleasant place to live in, have good drainage, good water and some attractions.

See how perfectly Watrous fulfills these requirements. This is the central divisional point of the largest, strongest and most important Canadian Railway. The Railway alone will employ hundreds of people whose homes will naturally be at Watrous.

Manufacturing industries will be needed, and Watrous is the natural place for them to locate. And lastly, Watrous has Little Manitou Lake, a veritable

Mecca for health and pleasure-seekers. This is Watrous doubly sure of its promotion and flourishing growth.

Watrous has all the advantages of Moose Jaw and Saskatoon, and it has Little Manitou Lake into the bargain, which is as valuable as all its other assets combined. Not only that, but this wonderful mineral lake cannot be duplicated, and no other feature of competing cities can take its place.

Where Anyone Can Swim.

The specific gravity of the water of Little Manitou Lake is 1.06. This is 64 heavier than the waters of Carlsbad. The human body cannot sink in water of this specific gravity. People who elsewhere have given up all hope of swimming, find it easy to swim in Lake Manitou.—From The Winnipeg Telegram, July 30, 1910.

Buy Lots in Watrous. You Can't Make a Mistake

The more lots you buy in Watrous, the more money you will make. It is impossible to purchase lots in a live and growing young city of Western Canada and not make splendid and certain profits.

Lots in Moose Jaw that sold a few years ago at \$100 each are to-day worth from \$1600 to \$2000.

Lethbridge a few years ago was a small frontier town. Lots in Lethbridge now command fancy prices; \$10,000 to \$12,000 is sometimes paid for a single lot.

Lots which sold in Saskatoon ten years ago for \$100 are to-day worth ten to fifty times that amount.

You could have purchased lots in Edmonton ten years ago for \$100 each, which are to-day worth \$1000 to \$15,000.

Those who purchased lots in Edmonton ten years ago are now the possessors of property worth 1000 per cent. more than the price to which it was originally purchased—an average increase in value of 100 per cent. each year.

In Fort William the same rapid advance in values has taken place. Lots which sold for \$100 to \$200 each, even five years ago, have since sold for \$1000 to \$2000.

It is almost impossible to chronicle the rapid advance in property in Calgary, Regina, Winnipeg, Vancouver and other cities of Western Canada.

Buy lots in Watrous now while they are selling at the ground floor price, and hold them, and you are certain to make money. Buy a half dozen or more lots, and ride with the wave of advancing values. Ten dollars for every dollar you invest is common in live towns of Western Canada.

Think what it means for the population of Canada to increase from six millions to thirty millions, and 80 per cent. of this growth will be in the west. There is no use living in a day of land and opportunity unless you are part of it. You doubtless have among your friends and acquaintances those who have shown their faith in Canada and the Canadian cities, and have become rich because they invested when these cities were young.

Buy lots and prosper with Canada. Buy in Watrous, and as Watrous grows the money you put into it will grow just as surely and certainly. Invest your money where the greatest activity is taking place, in the centre of rapid growth, where the greatest advances are realized. This centre is undoubtedly in Western Canada, and Watrous is the pivotal point. You are taking no chance when you buy lots in Watrous at present prices. The future of Watrous is assured, and if you buy now you would make 100 per cent. to 1000 per cent. on your investment during the next five years.

Little Manitou—"The Carlsbad of Canada."

THE WINNIPEG TELEGRAM, speaking editorially of Watrous and its wonderful mineral lake, has the following:

"Little Lake Manitou, on the G. T. P., is beginning to receive the attention to which the wonderful medicinal properties of the water of the lake so well entitle it. The Indians called the lake Manitou, which means 'good spirit' owing to the healing qualities they found in the waters possessed. It is said that Indians came to this lake from hundreds of miles round, and on the shores are still to be seen circles of stones, which mark Indian encampments. Though it is probable that the Indians for years have availed themselves of the curative powers of the waters of this lake, it was not until the building of the G. T. P. had caused the Town of Watrous to spring into being two years ago that the remarkable medicinal value of the waters of the lake began to be generally realized.

The power of these waters to cure rheumatism, neuralgia and skin disease has been so positively and strikingly demonstrated as to attract considerable interest. Those who visit the lake are unanimous in declaring Little Manitou Lake as the coming Carlsbad of Canada. A chemical analysis of the waters of Little Lake Manitou shows considerable resemblance to the medicinal waters of the world-famous Carlsbad, which has for so long maintained the highest reputation. The beneficial results obtained from bathing in Little Lake Manitou are so positive that the good effect is beyond doubt.

What the Hon. William Pugsley Says:

"Hon. William Pugsley, Minister of Public Works for the Dominion of Canada, hearing of the fame of the lake, paid it a visit and bathed in its waters. The Honorable gentleman, when interviewed at Watrous by one of our reporters, stated: 'I am not an authority on the medicinal qualities of water, but this I can say: Bathing in Little Lake Manitou is particularly pleasant; there is a property about the water that imparts a pleasant glow. I am somewhat troubled with rheumatism, and I am quite certain bathing in Little Lake Manitou has been very beneficial to me.'

"I consider Watrous has a good future; the lake is a valuable asset to Saskatchewan, and it will become a resort patronized not only by people from all parts of this country, but also from points in the United States. I have visited health resorts in California and England. Little Lake Manitou is unique.

"Yes, it is true we have bought four lots on the shores of Little Lake Manitou, my brother (Dr. P. A. Pugsley) intends to take treatment here for rheumatism, from which he suffers."

Watrous is the Most Favored City of the Most Favored Railway in Western Canada

THE GRAND TRUNK PACIFIC

The last and greatest of the Transcontinental Railways—extending from Halifax, N.S., to Prince Rupert, B.C.—is opening up and developing a new and wonderfully rich territory. The Grand Trunk Pacific is assisting in an energetic and vigorous manner in the building of this Great Empire to the North and West. This is truly the Land of Opportunity. No portion of any country on the globe to-day shows such rapid development as the Grand Trunk Pacific territory.

The rapid development of Western Canada during the past few years has been chiefly due to the splendid railway systems which are being built. The last and the greatest of these—the shortest line from ocean to ocean—is the Transcontinental line of the Grand Trunk Pacific.

These great railway systems make rapid increases of population a certainty. Every facility and inducement is afforded to the desirable citizen, and the history of those who have grown rich and are growing rich in the West is the best guide to the future.

Pioneering is not a feature of the growth of Western Canada. Cities grow up in the time it takes for a settlement to become established in the ordinary community. That these cities will be permanent—that Real Estate values will con-

tinue to raise—is assured by the rich agricultural country which these railways have opened up. The Grand Trunk Pacific alone, in its course through the three Prairie Provinces, draws on a larger area of fine wheat producing land than the entire Wheat Belt of the United States.

Thus it is that while the assessed valuation of Canada's new cities is increasing by millions, they will continue to increase at the same rate or a greater rate for years to come.

These millions of increased valuation represent the profits paid to the early holders of land. You cannot secure these profits in the older towns—the cities which have sprung up along the older railways. It takes capital to handle real estate in these older cities. But along the line of the new Grand Trunk, Passenger

Service has only recently started; values have not had time to boom. A comparatively few dollars will do the work here, and every dollar invested in Watrous to-day should multiply itself many times over before 1915—even before 1912. Some of the lots in Watrous are already selling at ten to twenty times their cost only two years ago.

If you failed to get in on the big money that was made in other Grand Trunk Pacific cities—such as Port Arthur, Fort William, Saskatoon, Prince Albert, Edmonton, Prince Rupert, or in others which might be named—here is your chance now to get in right on Watrous. The same spirit of co-operation which has been extended by the Grand Trunk Pacific to these other cities which have made good will be extended to Watrous. Watrous is destined to become the inland Prince Rupert of the Grand Trunk Pacific.

THE GROWTH OF WESTERN CANADA MEANS THE GROWTH OF

WATROUS

Telegraph Your Order at Our Expense

In case you desire further particulars, maps, etc., before selecting lots, use coupon below:

INFORMATION COUPON.
International Securities Co.,
649 Somerset Bldg., Winnipeg, Man.
Please forward to me by return mail full particulars regarding the sale of town lots in the subdivision to the original townsite of Watrous, which is just being placed on the market.
Name
Address
T. W.

On account of the rapidity with which lots are selling, we advise that you let us make the selection for you, and we promise that we will give you the best available remaining lots at the time your order is received. That we may make the best selection for you, we advise that you telegraph at our expense the number of lots you wish, and the prices you desire to pay, and let your remittance follow by return mail.

Prices of lots, size 50x140 feet, are \$100, and corner lots \$125; lots on Main Street, size 25x120 feet, are \$150. You can buy a \$100 lot by paying \$10 down and \$10 a month; \$12.50 cash and \$12.50 a month, for nine months buy a corner lot at \$125. Main Street lots can be purchased for \$15 a month. If you want to pay all cash you may deduct five per cent. discount.

Make remittances payable to the order of and send direct to the Land Commissioner of the Grand Trunk Pacific Railway, Somerset Building, Winnipeg. Receipts for payments made will be issued direct by the Land Commissioner of the Railway Company, and when you have completed your payments, Torrens Title will be issued to you direct from the Grand Trunk Pacific Railway.

If the selection of lots made for you by our representative is not satisfactory, all you need do is to notify us to that effect, and the money which you have paid to the Grand Trunk Pacific will be refunded to you.

Remember, there is no interest charged on deferred payments in case you desire to purchase on the installment plan, and you do not have any taxes to pay until 1912.

The more lots you buy in Watrous the more money you will make. How many lots do you wish? Fill out the blank in the lower right-hand corner of this advertisement to-day for the number of lots you wish to purchase. Let your remittance follow by first mail, but wire us at once your reservation for the number of lots desired.

APPLICATION BLANK FOR PURCHASE OF LOTS.
Land Commissioner, Grand Trunk Pacific Railway Co.,
Somerset Bldg., Winnipeg, Man.
I hereby make application to purchase lots at the price of \$ each, and enclose herewith remittance for \$ being one-tenth the total purchase price. I agree to remit the same amount each month for nine consecutive months.
I desire your representative to select for me, out of the subdivision which you have just placed on the market to the original townsite of Watrous, what he regards as the best lots remaining unsold at this price. Title to lots to be clear and indefeasible. No interest to be charged on deferred payments, and no taxes until the year 1912. Please make out and forward to me your formal "Application to Purchase Town Lots," which I will sign and return.

DR. FARMER'S ADDRESS ON AUTHORIZED BIBLE

Feature of Convocation Proceedings at McMaster—Presenting Scholarships.

At McMaster University last evening a large gathering was present to hear Dr. Farmer's address on "The Authorized Bible of James," and to watch the smiling faces of the graduates who were presented with scholarships.

The chancellor began the evening with an interesting account of the growth of McMaster's, outlining twenty years of continuous progress. He declared that for want of available buildings space the university would in a few years be forced to move to the outskirts of the city.

Dr. Farmer took the listener far back to the time of Alfred the Great, and then traveled back with the Bible in hand. He outlined the great efforts of Wycliffe and Tyndale in the translating of the Bible into the English tongue.

"Every Bible that was published after Tyndale's," he said, "was but a copy of that man's masterful style. The Bible of Geneva may have been more accurate, but it could never be as pure and beautiful as its forerunner."

He then told how the present authorized version of the Scriptures came to be written; how 54 scholars gave all their time to it for three years, and finally, how it had superseded every other. "Even now," he concluded, "there are eight of the Bible James Bible sold to one of any other, including the new revised versions."

Nineteen scholarships were presented, the faculty taking turns in giving them to the students. The following were the successful ones: A. W. Wilson, Thompson Scholarship in Political Economy; F. W. Waters, the Teitzel Prize for Special Philosophy; Miss Steinhoff, the Zenas Freeman Prize for Latin; A. A. Affleck, the Hunt Prize for Greek; F. W. Waters, the Welton Memorial Prize for Hebrew; W. W. Davis, the Craig Prize for English Bible Study; Miss A. B. Turner, the Governor-General Silver Medal; Miss Maud McLaurin, the Schenstone Scholarship for Special Science; R. V. Howard, the Harry L. Stark Prize for Mathematics; A. B. Turner and F. D. Wierd, the Powell Prize for the classics; F. D. Weir, the A. C. Pratt Scholarship for General Proficiency; G. M. Goodfellow, the Langdon Prize for Special Mathematics; F. D. Weir, the Knott Prize for English Bible Study, and the Elmore Harris Prize for Latin; A. Haddow, the Elmore Harris Prize for Greek; Miss O. Wilkins, the James Ryrie Prize for German; D. St. Dalmas, the John Firstbrook Scholarship, and M. H. Hartley, the John L. Campbell Scholarship.

APPOINTMENT RECALLED

Government Renews on Filling I. C. R. Board Vacancy.

MONTREAL, Oct. 7.—(Special.)—There is no end of comment here over the case of the French-Canadian nomination to a seat on the I.C.R. railway commission. Some weeks ago the government, upon the recommendation of Mr. Turcotte, M.P. for the County of Quebec, appointed Apollinaire Corriveau, a Quebec lawyer. No sooner was it announced, than a howl went up from all the other members from the district, and the government has had to announce that the commission will not be issued.

Woman Badly Injured. Mrs. Jones of 118 Shaftsbury avenue was taken to St. Michael's Hospital last night as the result of injuries from tripping over the handle of the broomstick and falling into a cellar. Her left knee was fractured and her left side badly hurt.

WOMEN'S HEALTH WHEN FORTY-FIVE

A Critical Period When Dr. Williams' Pink Pills Are a Real Blessing.

Dr. Williams' Pink Pills are absolutely the finest medicine that ever a woman took. At a special period a woman needs a medicine to regulate her blood supply or her life will be a round of pain and suffering. It is at such times that Dr. Williams' Pink Pills are worth their weight in gold for they make new, rich blood, and banish the secret symptoms of distress that only women and growing girls know. They strengthen every vital organ for its special task, and bring rosy cheeks and shapely forms that tell of womanly health and happiness. Mrs. Richard Lobb, Red Deer, Alta., says: "At that critical period in my life known as the change, I suffered so much that I hardly hoped to pull through. I doctored for months, but did not get any relief, and I grew so weak that I could hardly walk about, and it was impossible for me to do my housework. Only women who have suffered similarly can tell how much I endured—the constant misery, the dragged out feeling and the terrible backaches that beset me. No woman would have been in a more wretched condition than I was at this time, and it was then that my attention was directed to Dr. Williams' Pink Pills. I were all a dozen boxes and before they were all gone, there was a marked improvement in my condition. Then I got six more boxes and before I had used them all I felt like a new woman and was enjoying better health than I had done for years. Not only have Dr. Williams' Pink Pills proved a blessing to me, but they also worked a great change in the case of my daughter, who was in a very miserable condition after childbirth. I know also of two young girls who I believe would have been in their graves now but for the use of Dr. Williams' Pink Pills. Considering what they have done for me, and what I have seen them do for others, I am justified in my enthusiasm for this medicine and I never lose an opportunity to recommend it sold by all medicine dealers or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

THE MAN WHO BUYS FOUR ACRES

THIS "GARDEN LAND" Can Make Himself Independent

JUST A LITTLE WORK AND SOME WATCHING

There are Fifty Acres of the best Market Garden Land in West York, cut up into two to four acre divisions. It has been a dairy farm before and you know how that talks for its worth as garden property. Some of it is virgin soil.

You can figure out the location from this cut.

It is not far from Toronto market and close to the Weston cars.

"Ideal Property" is the way we could describe these fifty acres. Ideal either for market produce or as a chicken ranch. Two and one half miles from the city limits.

SALE ON TO-DAY

Take the Weston Cars to Our Office, Main St., Weston, and our rigs will be there to take you to the property.

The Price is More Than Reasonable—the Terms Inviting—

\$250 to \$350 per Acre. Fifty Dollars the Acre and Ten Dollars Monthly Payments.

GOULDING & HAMILTON Offices: 106 Victoria St., TORONTO.

MEXICO'S FATE SHOULD BE A WARNING TO CANADIANS

Continued From Page 1.

Ambitious would jump at such an excuse for obtaining that long-coveted foothold in the western world, which only the firmness of an American president kept him from getting in Venezuela. How long, think you, would American national sentiment permit such a defiance of the Monroe Doctrine as would be brought about, say, by a German intervention in Mexico?

U. S. Control.

But it is the United States, after all, which is most vitally concerned in the solution of the Mexican problem, and it is American financiers who will bring about, sooner or later, every American adventurer who has only to be in Mexico a day or two to realize how irrevocably the country is sinking into the power of the American investor. If the Mexican Government owns the railways, the American financiers own what is far more important, the railway bonds; large agricultural, commercial, and mining concessions, in the republic held by Americans; it is Americans who have given Mexico light and power and heat and means of urban communication; it is American engineers who drive the trains and American managers who operate them; American artesian wells are irrigating the dry country and American steam plows are tilling it and American harvesters are gathering the resultant crops; American managers are found in charge of the banks and mines, and mills and haciendas; it is American prospectors and pioneers who are opening up the waste places of the republic to commerce and civilization. And still American capital comes rolling in, rolling in, like an inexorable wave of fate. In the history of the world there has never been so complete and successful a commercial invasion of a nation. This invasion has come from the north, quietly, silently, every day that adds to the glare of drum, but it is proving far more inimical to Mexican independence than did the march of the Conquistadores from the south four hundred years ago.

Bondholders Who Rule.

It is the bondholders, when all is said and done, who really order the future of a nation, and the bondholders in this particular case are to be found for the most part in Wall-street and Capel Court. Just at present Mexican securities stand reasonably high, but they are fluttering, and every day that adds to the glare of drum, but it is proving far more inimical to Mexican independence than did the march of the Conquistadores from the south four hundred years ago.

and stable government after Diaz's death there would be no slump in Mexican securities. What, then, if the bondholders and concession owners could be assured of government as stable as that of the United States, and, above all else, a government friendly to American interests? Why, in such an event, Mexican securities of every name and nature would go higher than an aeroplane. And that is precisely what those bondholders and concessionaires intend shall happen. They intend that the Government of Mexico shall be as stable as that of the United States, and that it shall be the government of the United States—and therein you have the long and the short of it.

When Diaz Passes.

President Diaz will pass away in the fullness of his years; Corral will claim the presidency; the anti-reactionists or the Revistas or some other faction will try to oust him; upon the result will start in the discontented north; the unsubdued Yaquis and Mayas will take advantage of the general confusion to pay their Mexican masters some of the debts they owe; the American feeling which exists from one end of the republic to the other will manifest itself by the stoning of American houses, the destruction of American property, perhaps by the shooting of American citizens. And in all this the secret agents of the foreign financial interests will take good pains to be installed with all due ceremony in the presidential chair, with an American political resident beside him to pull the strings and an American army of occupation to back his orders up.

That is about what will eventually happen in Mexico, and most intelligent Mexicans know it and dread it, from the president down. In April last, during the course of a private conversation, General Diaz expressed the fear that upon his death exactly such a state of affairs as I have outlined would come to pass.

Appalling Conditions.

From the hints I have given in this article you may easily conceive the appalling conditions which obtain in Mexico today; the murdered thousands, the outraged women, the stolen farms, the starving, homeless peasantry, the men and women and little children imprisoned in loathsome jails; all the indescribable helplessness and misery and suffering of a nation. To offset this the subsidized writers praise of the lawlessness which has been changed to law, of policemen made from bandits; of railways and street car systems and asphalted streets and an eight-million-dollar opera house. Of the two sides of the medal—the one held up to the glare of the calcium, the other kept carefully concealed in the shadow—you can take your choice. Let it be plain, I am no "detractor of Mexico," but I am an accuser of those who have betrayed her and of those others (Americans) I regret to say, among them) who, from wholly selfish motives, seek to uphold, palliate, or excuse their wrong-doing. I cannot help but feel that, as surely as there is a hereafter, then just so surely will the cruel jefe politico and the rapacious governors, the corrupt judges, and the degraded politicians, and, above all, that sinister old man who has permitted such things to be, have a just and impartial tribunal to answer to at God's great judgment seat.

BADLY HURT IN COLLISION

London Expressman May Die—Friend Painfully Bruised.

LONDON, Ont., Oct. 7.—(Special.)—Patrick Hyland, expressman, 586 Hill-street, is in a dying condition as a result of being thrown heavily to the pavement on Dundas-street, early this evening when an Ottawa-avenue car struck his dray. S. Keelo Davidson, artist, 578 Richmond-street, was riding with him and was terribly bruised. Motorman Lang says something appeared to go wrong with the horse's harness when the rig was crossing the track.

NEW B. C. RAILWAY

To Run Along the Fraser River to Fort George.

OTTAWA, Oct. 7.—(Special.)—The British Columbia and Alaska Railway Co. will apply to parliament next session for incorporation. The proposed railway will run from Lytton, along the Fraser River, to Fort George, and follow the Stewart River to Fort Connelly, then following the valley of the Skeena River, the Stickeen and Teslin to Dawson.

TEMPLEMAN CORRECTS.

OTTAWA, Oct. 7.—(Special.)—Hon. Wm. Templeman denies the truth of the press reports of a fistic encounter between himself and Jardine, a member of the British Columbia legislature. There was an altercation, but nothing of the kind suggested by the despatches, he says.

NEW LORD OF APPEAL.

LONDON, Oct. 7.—Attorney-General Sir W. S. Robson was to-day appointed lord of appeal in ordinary to succeed Lord Collins, resigned. Rufus Daniels becomes attorney-general, and John A. Simon, Liberal member of the house of commons for Walthamstow division of Essex, solicitor-general.

Sackville School Old Boys.

The first meeting of the Old Boys' Association was held in Sackville School last evening. Wm. Stone, 300 Wallace-ave, was elected temporary chairman, and Norman Barnard, secretary. The following executive committee were appointed: Will Proctor, Chas. Dee, E. Patterson, Harry Hartman, Monty Sanderson and Alf Crown.

PROPERTIES FOR SALE

C. W. Laker's List. C. W. LAKER, 67 Summerhill avenue, North 3071.

PROPERTIES wanted, both large, small, in city, especially north end. These advertised are right in every way, and let us be personally inspected. Write for immediate sale.

\$38 PER FOOT, for immediate sale. \$38 location all that can be desired, north of St. Clair, one minute's walk, 10 x 125, cheap at \$45 per foot; \$50 down.

120 x 150, DEER PARK, south from St. Clair avenue, opportunity for some builder, \$40 per foot if seen Yonge; the only block that I know of so near Yonge; will show it to you.

150 x 150, CORNER, very high altitude. Eglington avenue, sidewalk and water, secure this now; it is in the market.

25 x 150, SUMMERHILL AVE., only 250 west from Reservoir Park, choice locality.

EIGHT of the brightest rooms, six especially, daintily decorated, sitting room in mission, wainscot, hardwood floors and finish; cellar full size; furnace, three-piece bathroom, plumbing is up-to-date, laundry. Five thousand residence to be built opposite, detached, on Summerhill avenue; if taken at once, \$3200; leave \$2000; also blinds and gas fixtures, new; the interior of this would surprise you.

FARNHAM AVE., 53, looking east over the beautiful grounds of Farnham Lodge; residence of J. S. Patterson, Esq., K.C.; location is all one can desire; nine of the brightest rooms, all highly finished; sitting room expensively decorated; also parlor, dining room and hall; plumbing and hot water heating; A.I. built for owner's home. Look at this before you decide to purchase; \$8500; will take \$2500 or more down; paved for garage; open Saturday; detached brick, side drive, large balcony.

\$4500—ON ONE of the best avenues north of Bloor; eight-roomed brick, nearly new, all decorated, cellar full size, furnace and plumbing good; all in perfect order. Terms to suit. Opportunity for some one. Owner moving away; room for stable or garage. If you look this over you will purchase.

\$5300—NEW, km. of the brightest close to Avenue Road and cars, north of C.P.R., built to sell at six thousand; \$2300 in cash; leave \$2000 at 5-12 could have sold many times with less down; house never been rented; hot water heating, colonial verandah; the balconies, separate lavatory and bath room; no better cellar; divided; three wanting to rent at \$40. Someone will miss a good home at a low figure. Key at office. Arrange by phone.

\$6200—FROM this elevation boats on lake and all over city can be seen; very high, on one of the best avenues on the hill, close to Yonge, contains nine good sized rooms, decorated as you would expect, and detached; well built. Leave three thousand. Will show you over this. Chance for someone, at this figure. Impossible to get view like this. Hot water.

\$12000—ON the Hill, west from Avenue Road, select location, fine 12000—ON the Hill, west from Avenue Road, select location, fine 12000—ON the Hill, west from Avenue Road, select location, fine

range by phone; key at office. Lot fifty frontage, deep; eleven of the brightest rooms, beamed ceilings and hardwood finish.

SIX THOUSAND, bargain at five hundred more; Indian road crescent, 10 rooms, hardwood finish; location all one can desire; up-to-date in every way.

\$2800—JUST east from Avenue Road, nearly new, six bright rooms, and up-to-date plumbing, decorated, side entrance, \$750 down.

\$4000—HAZELTON AVENUE, roomy house, perfect order, side drive, location all one can desire; room for stable or garage; might take one thousand down; owner expecting to be called to British Columbia; close to two car lines and colleges; location good; very cheap.

\$6500—SUMMERHILL AVE., detached, brick, choice grounds, lot 60x150, very cheap, opportunity for someone; side drive; location all one can desire. Lots like this cannot be had.

DEER PARK, beautiful homes, one of ten rooms each; perfect order, side drive and choice locality; detached.

\$4800—SUMMERHILL AVE., detached, brick, well built, owner's home; very cheap; location is all one could desire; garage.

\$6500—OWNER built this for his own home; nine good-sized rooms, hot water heating; north of C.P.R. tracks; location all one could desire; nearly new and up-to-date.

\$4150—DAVENPORT ROAD, bright built, roomy, brick, rooms large, nearly new; possession; two car lines.

\$2500—DAVISVILLE, six-roomed, frame house, perfect order, small stable; half cash; 50 feet frontage; close to Yonge.

\$5000—SUMMERHILL, eight of the brightest rooms, all good size, and decorated; square plan; these are what you are looking for.

\$2350—VERY cheap, nearly new home, on Dupont-street; low price this is for it.

\$4200—DETACHED, location good—Eight rooms, all in perfect order; slate roof, full size cellar, small stable and lane; impossible to secure a home like this and in such locality at any such price; newly decorated.

\$4900—THE INTERIOR of this home would surprise you; offered a little less than this for it; South Parkdale, well built, rooms are all good size, two overgarrets and grates, coal heating, three rooms open right into hall, making one large room, which is hard to get; you will search city over and not duplicate this; electric fixtures are good; go over this for yourself.

Farms. ONE of the best on Yonge street, 55 acres, brick house, all city conveniences, water pumped into barn. This is all in perfect order. Crops this year passed expectation. Beautiful home and property for someone. C. W. Laker.

\$3900—OPPORTUNITY to secure twenty miles from city, west of Pickering; great spot in it for trout pond; land nearly all good, buildings fair; sickness only cause.

\$1400—ONE HUNDRED and seven improved, good keeps year; balance good hardwood bush; nine-roomed house, stabling for twenty head; three barns;

view of lake of 300 acres; right in residential district of this pretty town; no healthier or brighter spot can be found; house surrounded with trees and shrubs; gas and fixtures, large barn. You may search a long time and not duplicate this in Ontario. Price is right; might take house in city for it.

W. LAKER.

Railway News.

Arrangements were made in Montreal this week for the immediate construction of new line of railway from Pincher Creek on the C.P.R. to the mines of the Western Coal and Coke Co., Beaver Creek. Ten thousand tons of coal are already on the dump, and enough coal has been blocked out for seven years at 700 tons per day, and the coal is pronounced by C.P.R. engineers as "good as the very best" Alberta has produced. The road will probably be carried further to accommodate other coal and timber fields.

Two Grand Trunk conductors who went out on strike June 18, returned to the service of the company yesterday. This is the first of the old staff of conductors reinstated, except the three that took their trains out the day after the strike was declared off. These two conductors will run east to Montreal, both being residents of Toronto.

A LAUDABLE OBJECT

To Keep Canadian Insurance Premiums in Canada.

OTTAWA, Oct. 7.—(Special.)—Henri Bourassa, the Quebec Nationalist leader, having hinted that certain prominent French-Canadian directors of La Sauvagerie, a new French-Canadian insurance company, had taken practically the same grounds as Le Devour, his paper, which advised French-Canadian directors of their money in French-Canadian banks, Senator N. A. Belcourt makes the statement to-day that La Sauvagerie was founded principally for the purpose of endeavoring to keep within Canada money which for years had been going to American insurance concerns.

International Republicanism.

ROUEN, France, Oct. 7.—At the annual meeting to-day of the Radicals and Socialists, the executive committee was directed to open negotiations with groups of other countries for the purpose of finding the basis for an international Republican union.

FARMS TO LET

FOR RENT—20 acres, dairy farm, near as Thistletown, Etobicoke Township, occupied by Charles Usher.

THREE several market gardens, of about 10, 12 and 10 acres, respectively, on Dundas street, at Islington.

LIBERAL TERMS.

Sealed tenders will be received by the undersigned up to Monday noon

Oct. 10th, for \$10,500, 5 per cent, 20 years, and \$2,575, 5 per cent, 10 years.

Interest payable semi-annually on 1st April and October.

D. L. STREIGHT, Treasurer, ISLINGTON.

long-distance service, these cars will hold twice as many passengers as a

suburban car, and if the railway board would order the company to

provide themselves with the full complement of these cars, the over-crowding

difficulty would largely be obviated. The suggestion of the chairman of the

railway board that an order might be issued for a double track without the

consent of the municipality is too absurd to discuss.

Metropolitan Passenger, Eglinton, Oct. 7.

HAGERMAN'S CORNERS. Former Ontario School Principal Now an Enthusiastic Westerner.

HAGERMAN'S CORNERS, Oct. 7.—(Special.)—W. G. Hunt, at one time principal of the Hagerman public

school, and for the past ten or twelve years western representative of the

Massey-Harris Company, with headquarters at Calgary, has been spending

a few days at the home of Mr. and Mrs. W. A. Noble of Unionville, Mr.

Noble is full of enthusiasm for municipal ownership, and is

bringing down glowing reports of the mighty development of the west.

Mr. Hunt is a delegate from the west in connection with approaching

men's Missionary Convention in Toronto.

Mr. Hunt is full of enthusiasm for municipal ownership, and is bringing down glowing reports of the mighty development of the west.

Suitings That Will Interest You

Stylish Grey Tweed Suitings, in lovely grey and black mixtures, the latest imported suitings for fall and winter wear. 48-inch, yard, \$1.00. Smart range of new suitings in two-tone effects, new combination and blending of colors, all pure wool and thoroughly shrunken 50-inch, yard \$1.25. HEAVY TWILL CHEVIOT SUITINGS. Excellent range of new fall colors, correct suitings for suits and coats; three shades, navy, new browns, new greens, new greys, new wines, good heavy weight and pure wool. 54-inch. Yard \$1.50. Heavy-weight Navy Mannish Serges, indigo navy dye, and absolutely fast, specially adapted for tailored coats and suits. 56-inch, yard, \$2.00. Latest Homespun Suitings, in diagonal and herringbone weaves. This popular suiting comes in a lovely range of grey and black mixtures, pure wool and thoroughly shrunken; extra wide width, 60-inch, yard, \$2.00. BROADCLOTH SECTION. Beautiful collection from Austria, England, Germany and France, in light weights, medium weights, and heavy weights, for one-piece dresses, suits and coats; all the leading and most wanted shades are here, new king's blue, wood brown, Persian rose, new tan, mouse grey, new marine navy, new wines, new reds, and a lovely collection of "blacks" in satin finish, glove finish, panne finish, Zibeline finish and suede finish. 52 to 56 inches. \$1.00, \$1.25, \$1.50, \$2.00 to \$3.00 a yard.

A Few Particular Garments from our 3rd Floor

The suit mentioned here is made from a new and very popular material—you'll like the tailoring of it. The dress is in the ever-serviceable French voile, and the coats are light enough for present wear, though to all appearances they are winter coats.

A superior quality basket weave Diagonal Cloth Suit; has coat lined throughout with silk, fastens and trimmed with novelty buttons of self; skirt is pleated on side, goes, has pane front; colors are black, green and navy. A first-class suit at the very moderate price of \$18.50.

Women's Attractive and Serviceable Dress, of a good crisp quality French voile, in black only; the waist and sleeves are silk lined; front of waist is ornamented in a very neat design, with silk cord, yoke and collar are of fancy colored or black lace; the new 3/4 or long sleeves; belt is braided to match waist; the fashionable close-fitting or semi-pleated skirt. Price \$25.00.

We specialize for Monday's selling a Woman's Full Length Coat, of good weight, close fitting, in black, brown or navy; coat is lined to waist; the lines of this coat are attractive; it has a mannish collar overlaid with silk moire; fancy cuffs trimmed to match, has fancy oval trimming running from front to back, over hips, meeting at a point on side seam. Price of this fashionable coat is only \$16.50.

An Oriental Rug Story

Of Interest to Hundreds

368 of them Will be Put On Sale Monday

A merchant in Constantinople shipped this large cargo of rugs to a broker in old London, who was unable to meet the demands of his bank. There promised to be a lot of trouble ahead for everyone concerned, when our buyer stepped in with a spot cash offer for the whole consignment. As a result the bales are now being unpacked on our fourth floor.

This Disposal Will Astonish Local Rug Merchants

Most of the seven bales consist of real antiques, in excellent condition, just as they were taken out of the eastern homes, unwashed and undoctored. Take a glance at the windowful of them, and then, if you know rug value, you will estimate the savings on ordinary market prices to be as much as fifty per cent. Every one of these antique Oriental rugs will become more valuable year by year. The spectacle of such rugs selling at such prices is quite unexampled in local trade annals.

- At \$11.50—A number of Anatolians, small Shirvans and Mosouls, a little bright in coloring, but excellent qualities; rugs which will greatly increase in value. At \$14.50—A large pile of Shirvans, Kazaks, Mosouls and Kabristans, averaging more than 15 square feet each. At \$19.50—Large Kazaks, Daghestans, Kabristans, Shirvans and fine Bokharas, of small and medium size. At \$24.50—Bokharas, Persian Strips, Kazaks, Shirvans, medium and large sizes, in particularly good colorings. At \$29.50—Long Persian Strips, very large Kazaks, silky Shirvans, and beautiful Antique Bokharas. At \$34.50—Fine Irans, Shirvans, Mosouls, Daghestans and extra long Persian Strips. At \$39.50—Fine Sarabands, large size Shirazes and Shirvans, silky Kabristans and Persian Strips. At \$44.50—Persian Strips, 17 feet long, heavy weave, in excellent coloring, antique Kazaks, Bokharas and Mosouls.

Old Fashioned Fabrics

The foremost housefurnishers both in England and America have gradually come round to the belief that the simple old-fashioned fabrics, such as Chintzes and Cretonnes, in the quaint patterns our great grandfathers knew, are the most cheerful things to live with ever revived is that they may be successfully applied to almost any room. A dingy parlor may be transformed into a delightful living room by a few loose covers and curtains of chintz, mixed with a little sunshine. Look what the fabric here illustrated has done for this oriel! Yet this complete chintz effect, in just such a fabric, in your own room, with all the work done by our own skilled designers, as would cost between ten and fifteen dollars! No matter what kind of room you have, the artistic use of these bright, old-fashioned fabrics will make all the difference between sunshine and gloom for you during the coming winter.
