VIADUCT GIVEN BIG MAJORITY TEMPORARY SET-BACK FOR TUBES

**North Toronto Annexation
 Beaten by Thousand Votes
 —Two Year Term
 Proposal Decisively Defeated
 —Hydro Extension Gains
 Sweeping Victory.**

The bylaws and questions voted upon by the ratepayers yesterday met with the fate to be expected at the hands of those not personally interested in the issues presented.

The tubes proposal was the most generally important to the city as the beginning of a scheme of rapid transit for the whole city. The vote was 11,130 to 7699 against the proposal, whereas the popular vote placed Controller Hocken, whose sole issue was the tubes, at the head of the board of control with 16322 votes, and defeated Controller Spence, who campaigned against the tubes.

The Bloor-street viaduct, after a campaign of three years, has at last been carried by a substantial majority. Last year the majority against it was numerically greater. The probable cause of the turnover was because the ratepayers had it borne home to them that every year the price was going up. From \$500,000 ten years ago the estimate has increased to \$1,780,000. Ratepayers feel that the only thing to do was to build the viaduct and let Rosedale expand itself. The vote was 10,690 to 9271.

Ratepayers have learned to regard the waterworks as an investment, so they did not balk at laying mains on the local improvement system. The bylaw carried by 15,932 to 10,649.

The proposal to extend the term of the members in the city council was snuffed under by 21,934 to 6816.

The hydro-electric proposal naturally met with favor. They also are an investment, and offer no element of expense or risk to the ratepayer, while at the same time adding considerably to the value of real property. The ratepayers carried the extra street lighting plan for putting the extra street in the local improvement plan by 13,208 to 4255. The bylaw to spend \$2,000,000 on the extension of the hydro-electric system into new territory carried by 17,696 to 4290.

The Danforth-avenue civic car line almost came under the head of investment, and was carried by 13,238 to 5723. This, with the Bloor-street viaduct, means the development of North Riverside on the same scale as the Seaton Village and Dovercourt territory in the west.

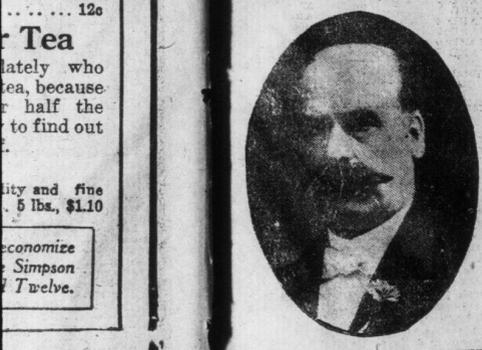

The annexation of North Toronto was met by a vote of 9489 to 8312. A general vote would undoubtedly have carried the measure. If the city council wishes to head off a demand from North Toronto for annexation on terms, the union of the two municipalities should be put thru without delay. The temper of the new council in North Toronto may not be reconciled to the slight administered by the city ratepayers.

PEACE HATH NO VICTORIES.

The peace banquet in New York almost began with a free fight, and Taft and Roosevelt nearly came to blows. Teddy called somebody a hypocrite, and Taft called someone a heads-I-win-tails-you-lose. Secret service men were all about the dining-room and a special bodyguard on motor cycles pranced beside the presidential motor from the station to the gathering. Andrew Carnegie ought to gather the dove of peace with a game chicken in order to get a symbolic bird to suit the circumstances.

THE VIADUCT WIN.

The New Knights.

The Toronto Stock Exchange and the Montreal Stock Exchange are delighted over the recognition of Sir Edmund Osler and Sir Rodolphe Forget. They will make good knights, and Mr. Osler a most deserving one. Mr. Osler is a big man in finance, in banking, and in real estate. When he first came to Toronto he was much at Chestnut Park and the late Sir David Macpherson had only met him a few times when he said, "Watch that young man go to the top of the tree in banking."

The electric interests are also delighted in the recognition of Sir John Gibson. So also the Masonic ex-grandmasters over the knighting of one of their number. Later on recognition may come to another electric energy man—who, however, gave his service to the people, and of another ex-grandmaster who did much for suffering humanity.

Hamilton will be delighted over Sir John Gibson—the honor has come to the Ambitious City at last, and after much wishing. Even the newspapers up there were praying that it might come to one of their owners.

A BULL MARKET FOR BROKERS.

COUNCIL CONTEST

With the bylaws as the chief incentive in getting out the ratepayers a larger vote was polled yesterday than that of last New Year's. In round numbers about twenty-one thousand ratepayers recorded their opinions on the civic issues. The board of control and the aldermanic contests were also an inducement for the ratepayers to go to the polls, and hence a very large vote was the result.

Ward One.
 Alderman Chisholm easily led the race in Ward One. The final results giving him 3483 votes. Alderman Hilton was the next in line with 2647, but the real race was between W. D. Robinson and ex-Ald. Sanderson for third honors. As the sub-divisions came in these two changed places many times, but the totals gave Mr. Sanderson a majority of 19. F. A. Gibbons was the next in line with 441 votes.

Ward Two.
 A. O'Neill had no trouble in again leading the poll in ward two. He received 3222 votes, which is more than he obtained last year by about 200. A. D. Rowland also polled about 290 more votes than he got last year. Ald. Yeomans came third with 2071 votes. Last year he got 1394, but there were then five candidates in the field. Dr. C. A. R. Sk. had a good showing with 1646. He was the runner up last year.

Ward Three.
 Ald. Maguire, Heyd and McBride had no opposition in ward three and were elected by acclamation. Abraham Scher, who was nominated, silently faded away.

Ward Four.
 A. D. Weston headed the poll in ward four with 2427 votes. The surprise of this ward was the new candidate, John Wanless, Jr., who polled only 69 less votes than Ald. Weston, and thus he takes the place of Ald. Swenby, who retired to run for a seat on the board of control. Ald. McMurrich was returned with 1921 votes. J. W. Commeyard was the runner up with 1473 votes. He was also the man behind last year, when he lost by about the same number of votes.

Ward Five.
 The three aldermen of ward five were all re-elected, but their position regarding the vote polled is exactly the reverse of last year. The totals last

TO LAY THE CORNER STONE OF THE VIADUCT.

Dear John: Please come and lay the cornerstone of the Viaduct with due Masonic honors. Bring the gavel made out of the piece of ash that was taken from the old Castle, Frank House. Let it be well and truly laid. I will fill one of the cornucopias with corn from Donlands, Mr. Ross, Davies the wine, and Mr. Frankland the oil. Put on full regalia. And let the anthem be "O Canada" by the Civic Guild Male Choir. Bob Patterson will refresh the visiting brothers after the labors are over. I wish you well, I wish you well, W. F. P. S. The Dairy is a fine house and I'm going to write an appreciation of Mrs. Simcoe as a horsewoman—apparently the first and best that ever rode about these districts. She seems to have centered a lot of good ground that I love to cover when I get the chance. Again I wish you well, I wish you well. W. F. P.

THE PARDS DISSOLVE.

Senator Jaff: Look what me an' The Globe did for Ross.
 And for Sir Wilfrid Laurier.
 And for Alex. McKay.
 And for Wesley Rowell.
 And for Frank Spruce!
 And for the Bloor-street viaduct.
 John Ross: Well, you bet, you won't go any more for me! I give you the shake, old chap.

PITCHED FROM WAGON.

Harry Heiberstine was thrown from his wagon in Front-street yesterday afternoon, when the vehicle took a sudden drop into a rut. He struck his head on the pavement and was taken to his home at 11 Centre-avenue in the police ambulance.

SPENCE AND WARD GO DOWN TO DEFEAT

J. O. McCarthy Lands Second Place on Board—Thomas Foster Comes Back—Four New Faces in City Council—Hocken Leads by Two Thousand.

The board of control race proved to be quite as spectacular as had been expected, and the manner in which the issue held in the balance kept the public on the tenter hooks. It was early seen that Controller Hocken and J. O. McCarthy were running strongly and that Controller Spence was a laggard, but it was not until later returns that Thomas Foster developed strength and the battle for fourth place was of intense interest. T. L. Church established a lead which looked safe, but both J. J. Ward and F. S. Spence closed up dangerously towards the finish, and not until within a few polls from the end was it definitely known that Mr. Church was a winner.

Thomas Foster, who earned for himself while in the city council the designation "Watchdog of the civic treasury," has been given authority by the people to resume his attitude of watchfulness. Many people thought that he couldn't come back because it has become almost an axiom at the city hall that once a controller falls of re-election he can be counted as permanently off the board. Not only does Mr. Foster return after a year's retirement, but he ran very strongly and left a wide margin between himself and T. L. Church, who made the fourth place.

Mr. Foster has had long municipal experience. He was first elected for old St. David's ward in 1881, and represented it and the second ward into which it was merged for ten years. Two years ago he got on the board of control as a platform of economy. He was Controller-elect J. O. McCarthy. He fought a good fight and looked like a winner from the start, and to-day he will be busy receiving congratulations. He has been a good friend of the tubes in and out of season, and has shown capabilities as a fighter which somewhat belie his suave manner. He can be depended upon to push thru the reorganization of the works department, and to get reasonably pure water for Toronto if the long sought ideal is at all attainable. The

DRYS WIN IN THIRTEEN TWENTY LICENSES GO

Owen Sound Retains Local Option, But Other Big Towns Vote Wet—Three-Fifths Clause Saves the Liquor Party in Eleven Municipalities.

Slightly more than 30 licenses will be cut off as a result of the voting on local option bylaws throughout Ontario yesterday. Bylaws were carried over the three-fifths requirement in thirteen towns, villages and townships; while in eleven municipalities a majority was recorded, but the bylaws failed to get the necessary three-fifths.

In 23 municipalities the bylaws failed of even a straight majority. In all the cities where the reform was voted on it was defeated. Chatham, Fort William and Port Arthur were the most conspicuous of these, and they all defeated the measure, the latter two being unsuccessful in securing a repeal in Owen Sound.

WARD FOUR—R. D. Fairbairn.
WARD FIVE—W. O. McTaggart.

Yesterday's vote in Ward Four was: Fairbairn, 2399; Smith, 2381; in Ward Five: McTaggart, 3253; Dunlop, 1945.

R. D. Fairbairn said last night that he was mighty glad to win out. "The north end of the ward elected me. The small majority I attribute to the energies I have made thru forcing the issue, investigation and my position on the committee on works of the board."

It is believed the bylaws have also carried in Morrisburg, Caledonia, Grimsby, Hanover and Elmhurst.

MANY VICTORIES FOR PUBLIC POWER

Hydro-Electric Bylaws Win Out By Big Majorities Wherever Submitted—Hopewell Aga'n Mayor of Ottawa—Hamilton and Berlin Bylaws Carry.

Two outstanding features marked the municipal contests throughout the Province of Ontario, the overwhelming sentiment in favor of the hydro-electric system and the setback given to local option, which failed in 23 municipalities of even a straight majority.

The hydro-electric bylaws were carried wherever they were submitted, in many cases only from 2 to 10 votes against public power.

In Brantford the mayoralty contest was fought out on this issue, and resulted in the return of Charles H. Hartman by a majority of 258.

Among the other cities and large towns which voted for hydro-power were Kingston, Owen Sound, Goderich, Peterboro, Clinton and Prescott.

Mayor Hopewell is again chief magistrate of Ottawa by a good majority, and Mayor Lees still retains the confidence of the electors of Hamilton.

Charles M. H. Graham is mayor of London, and F. J. Hoar had an acclamation in Kingston.

The City of Berlin voted to spend \$130,000 for a number of civic improvements.

Men's Furnishings in the Great Semi-Annual Sale

The prices offered Tuesday in Men's Furnishings, as itemized below, show the extent of this price-lowering event. Such prices mean quick buying, for in this case quantities are rather limited—we've had a regular housecleaning after the big holiday business, and it's the early shopper who gets the best choice.

Men's Underwear, Winter Weight, 29c

Scotch Wool, with beige facings, close-fitting cuffs and ankles; others are good heavy fleece-lined garments in a Jaeger shade, all well finished, strongly sewn, unshrinkable. It's a clearance of broken lines from regular stock, sizes in the lot 34 to 46. Not all sizes in any one line, but all sizes in the lot. Semi-Annual Sale price, per garment 29c

Men's Suspenders, Sale Price, 19c

Cross Back Braces, with the white kid ends, in light or medium dark patterns, also police or fireman braces, with strong leathers, all made of good quality elastic webbing, extra strong braces, adjustable to any size. Semi-Annual Sale price 19c

Men's Neckties, of good silk and mercerized material, made up of odds and ends, from cuttings of the better sizes of goods, our own make, all colors, in the leading stripes and figures, well made, full length and thin neckband. Semi-Annual Sale price 12 1/2c

Men's Shirts Clearing at 33c

For the Great Semi-Annual Sale we have picked out all our soiled shirts, broken lines, and many from our own workrooms, surplus stock quality shirtings, in good washing colors, up-to-date patterns, neatly laundered cuffs and neckbands, all have well proportioned bodies and every shirt is price-reduced: sizes 14 to 17 1/2. Semi-Annual Sale price 33c
—Main Floor—Queen Street.

Sleighs

Price-Reduced Clearance of Exquisite Furniture Pieces

A Chance to Purchase the Most Elegant Furniture Pieces at Less Than Cost of Production.

Occasionally we hold such a clearance as this, and when we do mark down the price we do it with a vim that leaves no doubt about the goods going quickly. Some of these are reduced to just half price—that will give an idea of what you're saving by buying Tuesday. And they're the most artistic and beautiful pieces one could wish for. If you've an important gift to make—you're furnishing a home, or want to give an elaborate wedding gift, don't miss this offer.

MANY VICTORIES FOR PUBLIC POWER

Continued From Page 1.

Today on the hydro-electric ticket by a majority of 265 over Joseph Ruddy. The bylaw to raise \$55,000 for the improvement of the John H. Stradford Hospital was carried by nearly 500 majority, having received influential support in all the wards.

Bellefleur, Jan. 1.—(Special.)—The municipal elections to-day did not create much of a stir, notwithstanding that there was a mayoralty contest. Ald. Vermilyea was elected mayor for 1912 by a majority of four votes over ex-Ald. Thomas, the vote being 749 for the former and 745 for the latter. In Coleman ward, the only ward in which there was a contest for aldermen, R. Bogie F. Slater and R. P. White were elected. In this ward Mr. S. T. Harris was elected public school trustee by a majority of 108 over C. Greenleaf. In Biescker ward J. B. Fies was elected school trustee by 63 over W. H. Wright.

Berlin, Jan. 1.—(Special.)—The municipal contest to-day resulted as follows: Mayor—William H. Schmalz, Reeve—W. D. Euler. First deputy—N. A. Munn. Second deputy—H. A. Dietrich. Third deputy—Fred Riederer. Aldermen—E. W. Cross, William P. Pl. Carl Kranz, David Cross, William P. Pl. C. H. Mills, H. A. Hagen, N. B. D. Twelver, Joseph Winterhalt, George F. Tucker, C. B. Dunk, William O. K. Schell, J. R. Schilling, W. Y. Uley, John S. Schwartz, John Schnarr. Bylaw to raise \$100,000 for extensions to the water-works system was carried by 216 majority. Bylaw to raise \$10,750

for devation of Wilnot-street storm drain was carried by 223 majority. Bylaw to raise \$16,000 to purchase additional appliances and equipment for the fire department, including motor truck, was defeated by 183 majority. Bylaw to raise \$7400 for installing electric incour in making track, extensions of the Berlin and Waterloo Street Railway was carried by a majority of 244. Bylaw to raise \$17,000 for a tank sewer from Victoria to Spring street was carried by a majority of 302.

Kingston, Jan. 1.—(Special.)—Kingston had four bylaws to vote on and interest centred there, as there was no mayoralty contest. Ald. F. J. Williams, Lawrence Ferguson, Bullman, Jennings and Copeland.

Sarnia, Jan. 1.—(Special.)—Sarnia had four bylaws to vote on and interest centred there, as there was no mayoralty contest. Ald. F. J. Williams, Lawrence Ferguson, Bullman, Jennings and Copeland.

Sault Ste. Marie, Jan. 1.—(Special.)—In a spirited contest for the mayoralty to-day Mayor Munro defeated J. Stevenson by a majority of 18. The councilors elected were: Boyd, Blair, A. McPhail, H. Sargeant, A. E. Crawford and P. M. Everett. School trustees—C. A. Leane and U. McPadden elected by acclamation, and H. Messingston elected and R. G. Campbell in ward 2. Bylaws providing for expenditure of \$20,000 for public improvements voted on, but returns will not be available until to-morrow morning. Blizzard prevented all day and vote not as large as expected. The city in a referendum decided for a city harbor.

Stratford, Jan. 1.—(Special.)—The following is the result of the town vote: Mayor—Henry Owens (acc.). Reeve—Buttery. Deputy Reeve—Bennett. Councilors—Bowling, Wright, Dunn, Stevenson, Wil on, Oakes (acc.). Electric light and waterworks commission—s. May Owens, Shields and S. M. Smyth. Public school board—E. M. Evans, Orr, Fortner, Endacott and A. V. Fry. Collegiate institute board—Ave y. McCabe, Thompson, Stepler, E. M. Evans, Orr, Fortner, Endacott and D. M. Cameron. Bylaw to raise \$24,000 for public improvements was defeated by a vote of 334 to 158.

St. Catharines, Jan. 1.—(Special.)—The following is the result of the town vote: Mayor—Henry Owens (acc.). Reeve—Buttery. Deputy Reeve—Bennett. Councilors—Bowling, Wright, Dunn, Stevenson, Wil on, Oakes (acc.). Electric light and waterworks commission—s. May Owens, Shields and S. M. Smyth. Public school board—E. M. Evans, Orr, Fortner, Endacott and A. V. Fry. Collegiate institute board—Ave y. McCabe, Thompson, Stepler, E. M. Evans, Orr, Fortner, Endacott and D. M. Cameron. Bylaw to raise \$24,000 for public improvements was defeated by a vote of 334 to 158.

P. Stephens, E. D. Pitt, W. S. Homan, E. Davis, H. Robertson. The hook and ladder fire truck bylaw carried in every ward.

St. Thomas, Jan. 1.—(Special.)—The following is the result of the town vote: Mayor—R. N. Price. Aldermen—Gibert Roche heads poll, M. E. Johnson, K. C. Sanders, W. Trotti, J. R. Martin, Frank Brinkman, A. E. H. McKay, P. Weehan, C. Scarce, S. Chant, W. K. Sanderson. School trustees—Henry Ross, Br. Lumby, A. T. Sha. Th. Bennett. Hospital bylaw carried. Street railway bylaw plebiscite defeated.

Woodstock, Jan. 1.—(Special.)—The municipal elections which took place to-day aroused very little interest. Dr. A. B. Welford, mayor, by a majority of nearly 500. Others elected were, for aldermen: J. G. McBeath, George King, T. D. Brown, John Butler, W. D. Johnson, John Manning, George Parker, W. S. West, J. W. Scarrif. Board of education: G. Whitlow, E. A. Ree, F. Downs, Dr. John Meurus and W. S. Dean. Water and light commissioners: R. E. Butler and John Balm. A bylaw to raise \$16,000 for the extension of the street lighting system was carried by 60 majority, but a bylaw to grant aid by way of bonus to the Woodstock Automobile Co. was defeated.

Windsor, Jan. 1.—(Special.)—The following is the result of the town vote: Mayor—W. J. Hanna (re-elected) by 118 majority over T. J. Eanor. Aldermen—First ward, F. Howell, H. J. McKay and N. Irwin; second ward, P. M. Keogh, D. M. Eagle, J. H. Sheppard; third ward, A. Mertschy, H. Trumbie, J. E. Banwell; fourth ward, E. C. J. Jones, A. J. McFavish and W. L. Vaypary. School trustees—C. A. Conroy, Bruce Allison, Henry Clay and E. A. Edgar were elected.

Chatham, Jan. 1.—(Special.)—Local option received a death blow in Chatham to-day. On a straight vote it was defeated by 503 majority. A significant feature of the vote was that almost the entire eligible vote was recorded on the question. Every preacher in the city with the exception

of the rector of Christ Anglican Church took to the stump in favor of local option, and the heaviest fight for the measure was between the members of the W.C.T.U., worked all day canvassing for the measure.

The following municipal representatives were elected: Mayor—W. A. Anderson. Aldermen—A. J. Dunn, Ed. Wanless, Jas. Pritchard, C. E. Lister, S. B. Arnold, P. G. Figgott, A. D. Westman, J. W. Wilson, Sam Holmes. Board of education—Frank D. Laurie, Dr. T. L. McRitchie, John A. Walker, W. E. Gundy. William Gordon was elected water commissioner by acclamation. Local option carried in Harwich Township and Blenheim Township. Local option was defeated in Dover Township.

Ottawa, Jan. 1.—(Special.)—All circumstances combined to make to-day's municipal vote the heaviest ever polled in this city. With the keenest fight for the majority that has occurred for many years, the biggest struggle ever for the board of control, a fight on in every ward for aldermen, and several important questions to be decided on plebiscites and bylaws, the people had a great incentive to turn out in throngs to the polling booths.

The figures of the vote for mayor-ality were: Mayor Hopewell, 4585; E. J. Laverdure, 3875; Ross, 3048, re-electing the old mayor by a majority of 218.

The vote for controllers was a close four elected out of nine candidates: McClenaghan, 4062; Parrott, 4243; Hinchey, 3820; Hasteley, 3548; Wilson, 3948; Pepper, 3383; Draper, 3383; Champagne, 2302; Hamley, 2233.

The federal district plebiscite is answered in the affirmative by a vote of three to one. The Aldermen-Late Central Ward—Hazel and Kent. Ottawa Ward—Vain and Desjardins; Wellington Ward—Campbell and Black.

trustees, G. D. Pettypiece, C. Wigle, W. P. Curtis.

Arnprior, Jan. 1.—(Special.)—The following municipal representatives were elected: Mayor—L. C. Cameron, T. C. Church, William Daze, M. Harvey, Jos. Gubbert, J. W. Mumroe.

Aurora, Jan. 1.—(Special.)—The following municipal representatives were elected: Mayor—J. Baldwin. Reeve—J. W. Knowles. Councilors—W. J. Bassett, Fred Browning, A. A. Conover, B. F. Davis, T. A. Manning, J. A. Mitchell.

Barrie, Jan. 1.—(Special.)—The following municipal representatives were elected: Mayor—Alex Cowan. Reeve—R. H. Bennet. Deputy Reeve—S. Westey. Aldermen, McLean, R. Bidwell or R. Lightfoot, a tie; T. H. Davis, David Bunkoff, J. J. Marks, A. J. Sarjeant, John A. Fraser, W. A. Lowe, W. J. Gray, Alex Clarke, J. D. Wisdom, Wm. Rusik, Water and light commissioner, J. J. Brown. Board of education, W. C. Andrew, E. Love, F. W. Otton. Bylaw to spend \$50,000 on Barrie Collegiate Institute defeated by 243. Bylaw providing \$25,000 for sewers carried by 302.

Bowmanville, Jan. 1.—(Special.)—The following municipal representatives were elected: Mayor—Hopewell, 4585; E. J. Laverdure, 3875; Ross, 3048, re-electing the old mayor by a majority of 218.

Bracebridge, Jan. 1.—(Special.)—The following municipal representatives were elected: Mayor—G. W. Ecclestone (acc.). Councilors, Geo. Tennant, Jas. Whitten, W. J. Kirk, E. A. Lawson, Alex Walker, J. G. Myers. Dominion Lumber Mills bylaw for a loan of \$60,000 was defeated. Bird Woolton Mills bylaw for a fixed assessment carried by a large majority.

Brampton, Jan. 1.—(Special.)—The following municipal representatives were elected: Mayor—T. W. Duggan. Reeve—J. S. Beck. Deputy Reeve—H. Milner. Water commissioner—Thos. Thaburn. Councilors—James Martin, Dr. Shirme, W. J. Beatty, Wm. Ward, John Findland, E. B. Ashley. The bylaw to purchase the Brampton Electric Light franchise was carried by a majority of 140.

Brockville, Jan. 1.—(Special.)—The following municipal representatives were elected: Mayor—C. W. MacLean (acc.). Councilors—W. C. McLellan, J. Brennan, N. T. Dunn, Capt. Powrs, J. A. Mackenzie, A. T. Willgress, Davis, H. S. White, W. A. Donaldson, J. A. Desbryette. Commissioners—C. S. Caswell, W. H. Harrison, A. M. Patterson, H. A. Stewart.

Blenheim, Jan. 1.—(Special.)—The following municipal representatives were elected: Mayor—W. R. Greenwood. Reeve—J. H. Ferguson. Councilors—Eagles, Fellows, Gales, Lake.

Hockey T. A. A. C. Wins From Argonauts Skating New Record Annual Meeting

Note and Comment

Begins to look like horse-racing again in New York State in the near future. In consequence of General Leach...

Here are some of the baseball records made in the old days, which the veterans like to talk about.

That old-time controversy, "Were the old-time players better than those of the present day?" will probably never be decided.

Team average .369 An old-timer gazed over the list and smiled. "Yes, I suppose they can hit some."

Then the veteran got busy, and after much research, he found the following "all-hitting" team.

England Defeats France Easily

T. A. A. C. SHOWS CLASS AND DEFEATS ARGONAUTS

Fast and Interesting Game Played at Excelsior Rink—Other Contests.

A fast and exciting exhibition game of hockey was played last night at the Excelsior rink between the Argonauts and the T. A. A. C. and resulted in a rather heavy win for the latter by 5-2.

The game was fast right from the start, and the crowd settled back for an interesting contest, which they certainly saw.

Murphy, who was in anything but good shape, was dropped by the second half, and T. A. A. C. secured three goals to Argonauts' one, making the full-time score 5-2.

Organized Baseball Likely to Get Together to Repel Hostile Intentions of U. S. Association

NEW YORK, Jan. 1.—"Out of evil" said the poet, "is born good." This may or may not hold true in organized baseball. This week will tell.

Excitement of Election Don't Forget That This Is the Day We Sell

These proposed amendments have been discussed to such a length that they are quite familiar to the average baseball fan.

The United States League, if it pursues the policy mapped out by its promoters, will aim as low as the very foundations of all organized baseball as at present conducted.

May Be Only Talk. The United States League so far has done little but talk. It is true that it has elected a president, and that it is preparing articles of incorporation.

GRAND CIRCUIT MEETS IN NEW YORK NEXT WEEK

Dates Are to Be Arranged for 1912 Season—New York Should Have a Meet.

NEW YORK, Jan. 1.—Followers of harness racing are looking forward to an interesting development when the Grand Circuit hold their meeting at the Waldorf-Astoria on Tuesday of next week to allot dates for the coming season's racing. Overtures have been made by H. K. Devereux, the president, to bring the second Columbus association back into the fold, but whether the circuit will be picked up or the grandstand thrown down remains to be seen. A successful meeting last year without membership in the circuit, and the association's decision to meet on Tuesday to go it alone in 1912, as Lexington, Ky., has been doing for many years.

The embarrassing element in the situation is that the stewards do not accept Mr. Devereux's cordial invitation and send a representative to next week's conference the stewards will have to face the task of forming a circuit with Columbus left out. It may be difficult to do with dignity because the most important harness racing league in the country, Lexington's October meeting is made a part of the circuit, as it probably will be by the new management. The stewards must fill a gap or leave one open just before "Kentucky's great trot" with wide open pool selling and bookmaking. Columbus holds a strong hand in attracting the best horses, and it is not easy to find another association strong enough and brave enough to take the dates and give a meeting which clashes with that of the Ohio capital.

Acting on a suggestion published in the New York Herald, the Grand Circuit organization last year appointed stewards in such a way that Columbus might have been "outlawed" if its meeting were held in conflict with a circuit meeting, but the action came too late and no attempt was made to enforce it last year.

At the November conference of the stewards, application was made for dates for a meeting this year at Salem, N.H., and there has lately been some talk of a meeting at Pittsburg, Pa., to follow the one at Cleveland, Ohio, in August. There is said to be a possibility, too, that a meeting may be held in New York, which would be a discouraging move to the lack of cooperation or public spirit on the part of some of the wealthy men identified with trotting.

It is a sad commentary on the situation here that while New York trotters own nearly 300 of the 985 young trotters eligible to the Kentucky Futurity and have lately purchased the track at Lexington on which the race is to be decided, their own city, in which harness racing originated, and which is of far more importance to the future of trotting than Lexington ever has been or is without a trotting track, and was without a Grand Circuit meeting in 1911.

Singularly enough, some of the men who purchased the Lexington track could not be induced to subscribe \$500 for a reserve fund to finance a Grand Circuit meeting in New York. The Grand Circuit meeting in New York for the purpose and had it put in order at his own expense.

NEW YEAR COMMENCES WELL AT MAHER'S HORSE EXCHANGE.

A grandly crowd assembled for the auction sale at the exchange yesterday. The offerings were large and of very fine quality. The heavy draught horse was particularly well represented and a car load of them were sold to go to the lumber camps. Individual buyers were not so much in evidence, but in spite of this the sales were large. The following are some of the sales:

H. J. Crowe, bader Brock, Newfoundland, purchased a car load of fine heavy draught geldings and mares. The Adams Lumber Co., Longford Mills, Ont., secured a car load of particularly fine heavy draught horses. J. A. McCabe, Sudbury, Ont., a car load of heavy draught horses for shipment north. The Mackie Lumber Co., North Bay, Ont., a car load for bush work. G. Gohsen, city, a brown gelding, \$35. A. R. Speers secured three good geldings. A. Gordon, city, a chestnut gelding, \$80. W. Leonard, city, a brown gelding, \$125.00. Mr. Hill, city, a bay gelding and brown mare, \$350. Messrs. Curry and Rayburn, city, a bay mare, \$125. J. Phillips, city, a brown mare, \$100. Mr. Bradley, Smith's Mills, Ont., a bay gelding, \$75.00. R. A. Brown, city, a pair of bay geldings, \$435. H. Johnson, city, a chestnut gelding, \$175.00. E. G. Lewis, city, a brown mare, \$125.00.

Starbuck Loses on Foul. LONDON, Jan. 1.—Frank Moran, a heavyweight pugilist of 135 pounds, to night won Bar Fred Starbuck, the heavyweight champion of South Africa, in the seventh round. Starbuck was disqualified for fouling.

Nettie Ethon Takes Pace at Ice Meet In Straight Heats

A good attendance, extra good racing and any amount of it was the result of the last day of the Toronto Driving Club's winter meeting. It started off in not any too good shape as far as track conditions were concerned, but wound up in a blaze of glory. The track was one of the best and the time was good, as the summary will show.

The card for the wind-up day was the unfinished class race, the 2:30 pace and 2:12 pace. The first race called was the unfinished class race, with six starters: Little Fred had two heats, Little Dick one and Shaun Rhue one. Promptly at 2 o'clock starter McBride called them and with very little delay they were given the word. The trotter, Shaun Rhue, getting the pole, trotted a beautiful mile, never lifting his nose and finishing like a stake horse in the fastest mile of the race. Little Dick was second and Little Fred third. Time 2:28.

The final heat was won just as easily. Shaun Rhue was never in doubt. He finished first, the other two contenders finishing as in the previous heat. Time of mile 2:27.

The next race called was the 2:30 pace, a seven heat race. The pole was given to the Undertaker who was the decided favorite. He drew the pole and held it safe for the first half and then broke the race. He shot out on the inside at the top turn, someone getting in a mix-up with the Undertaker and he broke the race. He was having to pull up. Nettie Mack won the heat easily with Nat Ray, Lr. Wilkes second, Hal Crapnell third. Time of mile 2:24.

The second heat, the Undertaker was allowed to start on account of the accident. He drew the pole and was the favorite. He drew the pole and held it safe for the first half and then broke the race. He was having to pull up. Nettie Mack won the heat easily with Nat Ray, Lr. Wilkes second, Hal Crapnell third. Time of mile 2:24.

In the third heat the Undertaker took the pole before the eighth post and was never headed. He drew the pole and was the favorite. He drew the pole and held it safe for the first half and then broke the race. He was having to pull up. Nettie Mack won the heat easily with Nat Ray, Lr. Wilkes second, Hal Crapnell third. Time of mile 2:24.

EATON'S BOWLERS HOLD ANNUAL NEW YEAR MATCH

Handicap Tournament Rolled on Athenaeum and Toronto Bowling Club Alleys—The Scores.

The T. Eaton Company annual handicap tournament for prizes was jointly rolled at the Athenaeum and Toronto Bowling Clubs yesterday (New Year's morning). Hereafter always rolled on the Toronto Bowling Club alleys only the tournament has grown to such proportions that the two clubs had to be engaged to handle this, the biggest of all yearly tournaments.

Rolling commenced on both alleys promptly at nine o'clock and was finished shortly after twelve o'clock, allowing all plenty of time to get home to their New Year's dinner. The whole affair was handled in a superb manner, and reflects great credit on the committee, composed of the following: Erle Williams, Geo. Studholme, Ed. Tully and Vernon Dennis. Many of the managers also lent their valuable services, and were: Harry McGee, in the absence of Manager J. C. Eaton, visited both clubs to encourage the boys out in the annual slaughter of the pins.

Commenting on Thursday night at the Athenaeum Club, a match game, with ten men a side, will be rolled, with home-and-home games, for a solid silver cup, do-hundred dollars and other prizes. The cup will be contested for every year. On Saturday night the games will be finished at the Toronto Bowling Club, where all prizes, including the J. J. Vaughn Cup, will be presented for the New Year's Day tournament. It will be a big night for the trundler, the Big Store and factories, with Manager J. C. Eaton personally handling out the presents. TUESDAY MORNING, JAN. 2, 1912. A FORWARD YEAR FOR NATIONAL POLICY.

This is to be a forward year for Canada, for Ontario, for Toronto. We hope also it is to be a forward year for the empire.

But things only go ahead when someone makes them; they move because of imagination, of faith, of determination, because of fidelity to principle.

We must do great things in Canada. If we are to realize our destiny and the guiding influence and example in this year of Canada's life must be that of Sir John Macdonald brought up to date.

What Mr. Borden and Mr. White, the minister of finance, must show is that they are national policy men and have been such, and that they are not waiting to be educated to it; and that the Conservative party is in the same position.

We have dealt and propose to deal again with the railway question in its broadest sense later on, and from time to time to deal with the Imperial issue, but to-day we propose discussing the national policy of protection as it affects us in this new year of 1912.

John A. Macdonald and the wishes of the Canadian people, as expressed in the last election, and that it is their duty to apply the principle of protection wherever it is needed at this present session of the house.

ARE NOT ABOUT TO HAVE A TARIFF COMMISSION TO INVESTIGATE THE PRINCIPLE OF PROTECTION ITSELF. It is only an aid to the application of that principle.

It is also possible to improve the position of the farmers of the Canadian west by immediate attention to the question of railway service and railway rates in the west and in that way also to give relief to our farmers.

What Mr. Borden and Mr. White, the minister of finance, must show is that they are national policy men and have been such, and that they are not waiting to be educated to it; and that the Conservative party is in the same position.

We ought to be independent of the whole world, even of the empire in the matter of metal output. We have a greater variety of metal ores in this country than any other country that we know of and we have not found them all out yet.

THE QUESTION OF THE BAR. Public opinion is growing more and more against the drinking bar: municipalities after municipalities putting them out of business.

Had the householders been allowed to vote for the tubes yesterday the city would have had a chance to escape from the street railway burden.

must change the idea of the bar and treating to quiet ways of drinking. Absolute prohibition will not do for cities and towns, but the day is at hand when greater regulation must be enforced.

In Toronto we could cut down licenses where whiskey and its associates are sold to twenty large hotels, to ten bars, and to ten shops; and we could increase the license to place where beer and claret is sold for delivery or for drinking on the spot.

It is also possible to improve the position of the farmers of the Canadian west by immediate attention to the question of railway service and railway rates in the west and in that way also to give relief to our farmers.

THE WORLD FOR 1912. The World is going on with its progressive ideas in every form of government, of activity, of human endeavor.

THE QUESTION OF THE BAR. Public opinion is growing more and more against the drinking bar: municipalities after municipalities putting them out of business.

THE WORKS DEPARTMENT WILL WORK. Watch the works department in the city hall extend itself, now it has a big job to go to work on.

HOUSEHOLDERS AND TUBES. Had the householders been allowed to vote for the tubes yesterday the city would have had a chance to escape from the street railway burden.

carried the necessary information to people who knew nothing about tubes, or who were misled by the reactionary newspapers.

THE NEW BOARD OF CONTROL. It is a very good board of control. Controller Hocken is the big little man on the job.

HOCKEN AND THE TUBES. Controller Hocken is still Controller Hocken and he has a clear twelve months ahead of him for a renewed campaign on the tubes.

ROOM FOR GROWTH. Of course, this from the market point of view is reassuring. There is clearly room for expansion in the industry when we only care for about one-half of the country's requirements.

Canada's Iron and Steel Industry

Head of the Great Industry at the Soo Believes That the Steel Trade Is Being Hampered by What He Terms Tariff Inconsistencies—The Outlook for Business in Present Year is Very Promising.

T. J. DRUMMOND, IN THE GLOBE'S FINANCIAL SURVEY, JAN. 1, 1912.

While the opening months of 1911 were full of promise for the iron and steel trade, born of the general prosperity of our country, the year as a whole has not been satisfactory to the industry, and the pity is it might have been and should have been.

Our consuming power in these commodities is growing by leaps and bounds, and our annual increased production should reflect this to a greater extent than the total product figures for 1911 show.

HEAVY IMPORTS. Out of the total quantity of pig iron produced in Canada for 1911, say, 500,000 tons, about 600,000 tons were consumed in steel, and go to form part of the tonnage credited to steel made in Canada.

DISAPPEARANCE OF BOUNTIES. Then, too, the bounty which formed part of the protection given in 1897 was subsequently placed on a reducing scale, and finally disappeared.

TRADE AND THE TARIFF. Compare the production of 1900 with 1911. Magnificent progress the figures say. But consider the growth of the demand and the import figures, and it is best to get down to all the facts, even if one has to touch on points that may by some be considered controversial.

how the industry is, in my opinion, held back in development. The fiscal tariff of 1897, so far as the iron and steel industry is concerned, was a combination of bounties and duties, and was based on the then conditions of the industry in Canada.

THE TARIFF ATTACKED. If the tariff rates of 1897 were reasonable for sections weighing less than 35 pounds per yard, then they were also reasonable for sections weighing more than 35 pounds per yard; and now that the industry has reached its present state of development, it is reasonable to demand a fairer tariff.

JOHN CATTO & SON 55 TO 61 KING STREET EAST, TORONTO. COUNCIL CONTEST

Continued From Page 1. It put them in the order of Dunn, Graham and May, all receiving more than 300 votes, and less than 300 votes separating them. There were less than 200 votes separating them last year, and the obvious conclusion is that the electorate don't play favorites as regards these three. J. W. Meredith was fourth, polling 1975 votes. R. P. Powell got 1412.

Ward Six. The seats left vacant thru the retirement of Ald. McCausland and Ald. McCarthy's ambition to sit on the board of control, resulted in an interesting contest in ward six. Ald. McBrien was re-elected at the head of the pole with 483 votes. Eight candidates put up a strenuous fight for the remaining two seats, and ex-Ald. David Spence was the second choice of the ratepayers, and polled 446 votes. For the third seat there was a big fight, but when the last results arrived, it was seen that John A. Austin was the fortunate one. He polled 2489 votes.

Ward Seven. The feature of the contest in ward seven was the defeat of Ald. Baird by Samuel Rydning. This was a genuine surprise to the outsiders. Ald. Anderson, as the figures show, headed the poll with 924 votes. He was closely followed by Mr. Rydning, who polled 812 votes. The now ex-Ald. Baird polled 806, while the fourth candidate, Noble Scott got only 269 votes.

SPENCE AND WARD GO DOWN TO DEFEAT

Continued From Page 1. citizens have shown excellent judgment in giving him a place on the board.

McCarthy a New Man. Ald. McCarthy has been in council just two years, representing the sixth ward. As he expresses it, he decided that he must either get more deeply into civic affairs or get out. He will get in deeper.

In politics, Mr. McCarthy is a Liberal but he isn't a partisan. He is a Methodist and developed fluency of speech by training in church societies. He is a temperance man, but not a crank in the accepted use of the term. In business, he is the manager of the Aetna Life Insurance Co., and his home is at 24 Leopold-st.

Controller John J. Ward will for the first time in his municipal life qualify for one of those nealiam grossed memorials which a sorrowing council gives to departed comrades.

Well, the result of the polling was only a mild shock to those who have controlled the ward since the war. If a pitcher goes too often to the wall, there is sure to be an ultimate smash.

Mr. Ward started in at the city hall back in 1906 as an alderman from the sixth ward. After five years of this limited glory, he went out for big league honors and landed them. From 1905 onward, he has sat on the board, and in 1913 and 1916 his name shows with the added lustre of the presidency of council in the absences of Mayor Oliver and Mayor Geary.

J. J. Passes Out. If "J. J." hadn't strayed after false gods, he might have been handing out condolences instead of getting them. That run in South Toronto wasn't thru with its dire consequences on Sept. 20. Unfortunately it roused a slumbering lion of partyism. A contributory cause of his defeat was the presence in the race of J. G. O'Donoghue, a co-religionist. And so the sporting controller passes.

The defeat of Controller F. S. Spence was, after all, while it surprised many electors, only the logical result of a combination of circumstances. His campaign of hostility to the tubes alienated many previous supporters, while Ald. McCarthy, himself a strong Methodist churchman and known as a temperance advocate, cut solidly into the usual Spence vote.

Mr. Spence has had an in and out career in municipal politics, and doubtless considers his defeat as a temporary reverse. Starting in 1896, he represented the second ward for six years and has been a like number of years on the board of control.

Of course, George B. Sweeney fell. Why he ran is a mystery, for defeat was assured at the outset. He was one year in council, representing the fourth ward, and had taken the tube as an era of golden achievement. He had no platform, in fact, he didn't even construct a raft to save him from being engulfed in the municipal waters.

Little to Say. Ex-Controller Spence said to The World: "I have no complaints to make and I am exceedingly gratified at the endorsement of my policy in practically all the civic issues."

When seen by The World Controller Hocken was anything but depressed over the tubes bylaw being defeated. "I think it simply amounts to this: the people don't realize what the tubes mean, and we did not have time to tell them. The results show that they would have carried if 1500 voters had been turned over, and we could have easily accomplish that if we had had more time."

"As to my own candidature, I think the citizens of Toronto never paid any man a greater honor than they have paid to me to-day. It is evidence that the citizens here are a public-spirited people when they elect a man who stands for a principle which he believes to be right. I have been told right along that I was throwing away my own chances of election in advocating the tubes, but I always replied that I did not believe it."

The Tubes Will Come. "I think that the result shows that the people of Toronto admire a man who has the courage to stand up for his conviction, and I think it is a great tribute to the citizens of Toronto that they will vote for such a man even though his opinions are not theirs. I am sure I received many such votes. But don't forget this: the tubes will come; it is only a matter of time."

Controller-elect McCarthy was all smiles when he came into The World office last night, after his election had been found to be certain. Campaigning is not considered to be the easiest occupation in the world, and Mr. McCarthy said he was glad the arduous work was over. And he was especially glad his efforts had been crowned with victory.

"On two policies I believe I polled many of the votes that elected me. I mean the reorganization of the water-works department policy, and my policy for the prevention of disease and for clean food. These policies appealed to the people everywhere, and I shall concentrate myself on these problems, and I will put them thru," declared Mr. McCarthy with conviction.

Mr. McCarthy was especially pleased over the loyal support tendered him in his own ward. "There I led the field," he said, "and I am proud of this. A prophet is seldom appreciated in his own country, they say, and that I was appreciated, please me."

N. TORONTO VOTES FOR LEMONVILLE WATER 5 TO 1

Lively Election for the Council—Strong Board is Chosen—Results Elsewhere.

NORTH TORONTO, Jan. 1.—(Special.)—The exercise of the franchise by only a small proportion of the ratepayers, a hotly-contested but quickly conducted campaign, and the election of one of the most business-like and progressive councils were some of the outstanding features of to-day's municipal fight in North Toronto.

The idea of obtaining the Lemonville water supply before the end of the fiscal year, and the election of a council carrying by a majority of 509, or a vote of 616 to 107.

The high school bylaw went down to an unlimbed grave, greatly to the regret of the better element in the town, and due to a large measure to the fact that the board of education had not given to the public the fullest and most complete data on the subject. Relying on the good judgment of the ratepayers, they had counted on the measure carrying itself. That was and means will be found for carrying on the high school goes without saying. It will be continued under its present auspices until midsummer, and in the interval another bylaw may be submitted.

The council-elect are good business men and will give a progressive and economical management of the town's affairs. The members of the council elected are: Messrs. Howe, Muston, Reid and Lawrence, while H. H. Ball and R. L. Dunlop are the members of the local board of civic administrators. The defeat of Bruce McQueen was surprising, but was one of the fortunes of war.

After the names of the successful candidates were known, known short speeches were made by all the newly-elected councillors and school trustees, followed by sub-divisions as follows:

TODMORDEN. The strongest municipal campaign in many years was put up here yesterday on behalf of J. Nelson, Jr., and S. P. Silvester as candidates for the township council. Out of 213 votes polled Nelson received 178 and Griffith, his opponent, 35, while Silvester polled 160, against Miller's 28. This sub-division polled the largest vote in the township, which showed the result of perfect organization. Great enthusiasm prevailed throughout this district and everything passed off well with the exception of one elector, who deliberately tore his ballot into fragments because he refused to show the initials of the deputy returning officer before placing the ballot in the box.

ETOBICOKE TOWNSHIP. An exciting election was on in Etoobicoke Township yesterday, the result of which was a narrow victory for the candidates who endeavored to diminish the vote. J. M. Garchow won for first deputy over Mr. Freych, the temperance candidate, by 363 of a majority, one of the largest ever polled up in the township for any candidate. The members of council are: Messrs. Jackson, Silverthorn and Dandridge. Local option was defeated on a straight vote by seven of a majority.

SCARBORO TOWNSHIP. W. D. Annis of Scarboro Village was on Monday returned to the office of reeve of the township by acclamation, and Alex. Baird, ex-warden of York Council, and a former reeve. The vote was: Annis 349, Baird 274 and Patterson 218. The council-elect are J. G. Cornell (acc.), A. J. Reynolds 391, Cornell 354, Green 217, Cowan 231 and Doherty 253. Three to be elected.

YORK TOWNSHIP. Third Deputy-Reeve Thomas Griffith was yesterday re-elected by a majority of 182 over his opponent, Mr. J. J. Nelson. The vote was: Griffith 1,000 and Nelson 818. The council-elect are: J. G. Cornell (acc.), A. J. Reynolds 391, Cornell 354, Green 217, Cowan 231 and Doherty 253. Three to be elected.

STOUFFVILLE. STOUFFVILLE, Jan. 1.—(Special.)—There was a hot fight out in Whitcomb Township to-day, where Ex-Reeve Sam Foye was defeated by W. H. Clarke, a former deputy-reeve. The vote turned largely on political lines. The other members-elect are: W. Spaulding, H. Waddell, B. H. Bonnell and T. Moorhead.

Peterboro. PETERBORO—Mayor, W. H. Bradburn (acc.), Aldermen, Wm. Butler, Geo. H. Duncan, Geo. A. Gillespie, Geo. N. Gordon, Joe G. Duffin, J. E. Brown, Wm. J. Johnston, J. Graham, G. B. Anderson, Harry Morgan. The hydro-electric bylaw carried by a majority of 155.

OLD LONDON REVEALED IN BIRTH OF NEW YEAR

Hotels and Theatres Were Scenes of Gayety With Novel Features to Celebration.

LONDON, Jan. 1.—(Can. Press.)—Scenes of revelry in the city and west end of London heralded the birth of the New Year. All the leading hotels were crowded, and some of the schemes devised for the entertainment of the diner and supper parties were highly ingenious.

At the Carlton a huge basket of flowers was brilliantly illuminated from the centre of which appeared a well known actress, who sang "Auld Lang Syne." The guests joined in the song with great fervor.

A pretty surprise awaited the guests of the Savoy. Mavis Gray, a charming little actress, attended by 16 diminutive fairies, danced down the red carpet, distributing crackers and to the ladies handsome theatre bags.

A gigantic cracker which at midnight opened to allow Father Time to emerge and distribute souvenirs was the principal feature of the celebration at the Waldorf. Here also 24 singers from the London Opera House, dressed in medieval costume, sang carols to welcome the New Year.

The Hotel Cecil had a Roman chariot, drawn by a pony and driven by a fairy, to distribute crackers and souvenirs to the guests. At 12 o'clock the lights went out and when they were restored it was seen that the waiters who had been ranged around the room, had suddenly changed and formed the greeting "A Happy New Year to You All."

Fire at Brockville. BROCKVILLE, Jan. 1.—(Can. Press.)—The Village of Westport, 45 miles from here, stood in danger of being swept by the last night when the residence of P. J. McFarland, in the most thickly settled part of the village, was burned to the ground. The loss is estimated at \$1000.

MOVING PICTURE SHOWS FOR SUNDAY SCHOOLS

Innovation to Counteract Nicker Theatres Was Announced at Big Sunday School Rally Yesterday.

A bureau of moving pictures for the Meadville Sunday schools of Toronto, to counteract the attraction of the nicker shows, was the main object of a big rally held in Massey Hall on New Year's morning, under the auspices of the Toronto Methodist Sunday School Union. This new departure will be an innovation for Sunday school work in this city.

It was the 18th annual rally and was held under the auspices of the Toronto Methodist Sunday School Union. Private cars were chartered to bring crowds of children from different parts of the city, while hundreds came in little groups of twos and threes, carrying the banners of the schools represented.

Dr. A. W. Thornton, the president, made a few remarks, and an orchestra, under the leadership of G. C. Graham, provided a musical program. There was also a choir, led by Dr. G. L. Pelletier, while solos were given by Master D. Uglas Stanbury.

A set of moving pictures depicting scenes in China were shown on a screen. They were much appreciated, and the chief of the meeting, a collection was taken for the purpose of buying more films.

JOHN CLARK DEAD

The many friends of John Clark will be in with regret of his death, which occurred in the city of Toronto, at his late residence, 121 Carlaw-avenue. The funeral will be held this afternoon at 2:30 o'clock, and will be attended by the members of Maple Leaf L. O. L. No. 45. The late Mr. Clark was formerly a resident of Collingwood, and late employed as an assistant caretaker of the School of Practical Science.

At the time of his death he was caretaker of the school of forestry, six was 32 years of age and leaves a widow and nine children, five boys and four girls. Mr. William Fitzgerald of the city claims kinship in a brother-in-law of deceased.

KILLED BY DYNAMITE. LINDSAY, Jan. 1. (Special.)—An Italian named Valentino Luciano met death on Saturday afternoon at the scene of a dynamite explosion near Glenora. It appears that Luciano was in the act of sawing dynamite when a spark got into one of the cases causing a terrific explosion. Luciano's body was blown to atoms, and a companion was a little some distance away was seriously injured and is now lying at the Royal Victoria Hospital here.

SIX cases of dynamite exploded, Luciano was a fine young fellow, about 23 years of age, unmarried, and a brother rader in town.

THE CRY OF THE CANADIAN WEST. WINNIPEG, Jan. 1.—(Special.)—At least the Canadian equivalent of the mysterious bands that have crippled public action in regard to unfair and extortionate railway charges—freight, passenger and telegraph—has been prevailed, and now the cities and towns, farmers and dealers are demanding action on the part of the government and the railway commission. Equally important is the movement against the insufficiency of the railways and their equipment to move the crops. There is a cry coming from the west that will arouse the east to action and to redress.

Hindus Are Polygamous. VANCOUVER, B. C., Jan. 1.—(Can. Press.)—Dominion Immigration Agent J. H. Marshall, in discussing the action to allow the families of the Hindus now in British Columbia, to come from India, called attention to the fact that many are polygamous. Amongst the Hindus here there are fifteen hundred and seven hundred Mohammedan medians, all of whom practice polygamy and might wish to bring in two or three wives apiece if the immigration laws were loosened. A large number of Hindus have been rejected at San Francisco because of polygamy.

FINANCIAL COMMENT

REVIEW OF 1911 FROM CANADIAN VIEWPOINT
A Notable Year in Many Respects—Great Changes in Status of Securities.

From a stock market standpoint the year 1911 has been a notable one in many respects, say McQuinn Bros. & Co., Montreal, in their financial review, perhaps the most interesting development was the manner in which the market behaved. In the past the market has been dependent to a considerable extent on Canadian buying, but during the past year there has been a very large increase in the amount of what is known as London or foreign buying. In addition to this, with the exception of the first few months of the year, the Wall Street market was not in any way restrictive from a trading standpoint and this resulted in a very large number of traders finding it advantageous to develop their portfolios in Canadian securities. These developments, along with the fact that money was a great portion of the year was fairly easy, made for general greater activity and brought about trading conditions of a more favorable character than perhaps has ever before existed.

Change in Market Position.

In the process of such activity a number of Canadian issues naturally touched new high levels and while at the end of the year a considerable number of them may seem at a somewhat high level, still their technical market position has improved to such an extent that, when speaking they are not very different conditions than they were under different conditions a year ago.

Another interesting development

which has been witnessed has been the change in the number of securities to receive attention. This change is due partly to the large number of important re-arrangements that have been made as also perhaps to the fact that new groups of financial interests have sprung into prominence, each developing its particular circle throughout the country, and gradually finding a wide market for the securities of the company in which they have an interest.

Many Financial Deals.

The year was also noted for the number of large and important financial transactions that were carried thru. These included such deals as were entailed by the organization of the Montreal and Quebec Railway Co. towards its shareholders, the change in policy of the Toronto Railway Co. towards its shareholders, the payment of a dividend of 10 per cent. to the shareholders of the C.P.R. providing for an increase of 10 per cent. in its capitalization, and the payment of a dividend of 8 per cent. on the enlarged capital, which would be equal to 16 per cent. on the original capital.

Light Heat and Power

and Power were gradually coming very much closer together. This was due to the fact that the value of the securities of the above companies was being steadily advanced. In the year important plans were also carried thru for a consolidation of the Northern Navigation and the Ontario Navigation Companies, which had already been secured. A close affiliation was also effected with the Ontario Steamship interests, and before the plans are completed it is expected that the company will have the right from Liverpool to Fort Arthur and Fort William. While these plans are being carried out, the Ontario Navigation Co., owing to the large earnings which it had shown, was able to announce a 20 per cent. dividend, and to 8 to 8 per cent.

In the Banking World.

One of the signs that the year has been one of great prosperity in a general way throughout the country is shown by the statements of the banks for the year. It is expected that, taking all the banks together, they will show for the year an increase in their deposits of over \$50,000,000, and that the active demand there has been for money in all lines of trade.

Towards the end of the year

there were indications that a very large number of banks were finding themselves handicapped by not having sufficient capital, and that they would likely take advantage of the very large earnings they were making to make additional issues to their shareholders. The Bank of Montreal was among the first to announce its intention in this direction, their issue making an increase in the capital from \$10,000,000 to \$15,000,000. This was followed by the announcement of an issue by the Royal Bank of Canada of \$2,000,000 additional capital. This issue was made partly necessary by the purchase by the Royal Bank of the Ontario Bank, the leading West Indian Bank, with headquarters in London, Eng. The Merchants' Bank of Canada also indicated to

Blame Freemasons

MONTREAL, Jan. 1.—(Special.)—It has just transpired that when the Canadian Roman Catholic archbishops met at Quebec to attend the consecration of Mr. Mathieu Bishop of Regina, they decided to send a letter of sympathy and protest to the archbishops and bishops of Portugal, in view of the attitude of the government of that country towards the Catholic church and its officers. The language used by the prelates is very vigorous, and Freemasons are held to be responsible for the situation. The Canadian archbishops, who sent the protest, say that they hope the better feeling and better educated men of Portugal will stay their hand in the course they have already outlined.

FINANCIAL COMMENT

Its shareholders that it would issue \$1,000,000 additional capital. The Bank of Montreal will also offer new stock to its shareholders. All these plans make for great activity during the coming year, but more important is the fact that the directors of the Canadian Pacific Railway have decided to issue additional common stock with payments spread over the entire year of 1912. Such a large issue indicates that the directors of the railway are confident of the general outlook in the country, which made it appear that they would have to meet a more conservative plan of improvements and extensions, in order to keep pace with the growth of the country.

Election Crowds

To judge from the numbers who gathered downtown last night to see the returns, the interest in the elections was not very great.

Walking

Of course, the blame for a remarkable increase noted by the New York health department in the number of deaths from heart disease is placed upon the automobile. It is reported that the automobile has become a fixed habit with many persons.

Mount Forest 3, Chesley 1

CHESLEY. One of the best and cleanest games of hockey was played in Chesley rink to-night. Score at half time, Chesley 3, Mount Forest 2. At the end of the second half, which ended 2-1, Mount Forest have a strong team and in the third period, later, Referee McLaughlin of Chesley made a very impartial referee.

Chesley 3, Mount Forest 1

Chesley 3, Mount Forest 1. Mount Forest (3): Goal, Hinchey; point, Breber; cover, Loudon; rover, McEwen; centre, Ernest; right wing, McEwen; left wing, Murphy.

The old "Spartan" turtle on the Carey farm near Howton, N.J., turned up recently for the first time in several years. He was first noticed on the farm 7 years ago, when John Tignor, a San discovered him and worked his initials and the date on his shell.

Democratic Opportunity

Mr. Tait's disappointing half-heartedness in his portfolio reconstruction certainly gives the Democrats in congress a brilliant opportunity. The people want the parcels put, not only for a few rural routes, but for all the country. They want the same privileges in the United States mails that are extended to foreigners therein. Expedient express rates bear down heavily on the city peoples as do the country residents. The cost of living is so hard a burden in the congested communities as in those saved by rural free delivery.—From The New York Press (Refr.), Dec. 25.
