FRENCH COUNTER-OFFENSIVE CONTINUES ON WIDE FRONT

British Check Germans Twelve Miles from Amiens—Enemy Forces Before Arras Thrown Back—Canadians Give Germans Another Heavy Dose of Gas—French Stop Hostile Advance Along Front of Oise.

ENEMY FOILED IN MAIN PLAN TRIES ANOTHER

German Definitely Beaten in Efforts to Separate Allied Armies.

WEAK SPOTS SOUGHT

Kaiser Has Only Twenty Divisions Left to Replace Wastages.

London, March 29.—(Via Reuter's Ottawa Agency.)—Telegraphing from French army headquarters this evening, Reuter's correspondent says:

"The situation is now clearer than at any time since the beginning of the offensive. The enemy, arrested in mid-course, has abandoned marching straight up on objectives and breaking down resistance by overwhelming numbers. He is now striking at estimated weak spots in order to drive us back as far as possible before he himself is brought to a standstill. Thus the enemy drive down the Oise Valley is finally arrested. Attempts to cross the Oise further north failed, and the bridges are now destroyed."

"The village of Font Leveque, below Noyon, has been recaptured and the enemy driven from the heights above Susey, northwest of Noyon. The enemy's capture of Montdidier was just too late to profit by it, as French forces were able to engage the Germans to the west and bring their advance to a standstill, thus nullifying their efforts to pierce the junction of the Anglo-French armies. The hinge between the English and French armies will never be broken, as the junction is now covered by French forces strong enough to meet all eventualities."

"Picked German Troops. Eighty-seven enemy divisions, have been identified on 50 miles of battle-front, comprising the pick of the German troops. The French steadily engaged three guards divisions, the famous Brandenburgers, and some of the best Bavarian divisions of the offensive. The Germans had 100 divisions in line on the British front and 76 divisions in reserve. The enemy, therefore, has already engaged more than the whole of the reserves in France in the present battle, and has also denuded certain sectors of his best troops. To replace the losses, the enemy possesses about 20 divisions, and conceivably 40 of inferior material useful for filling gaps, but not for winning battles."

"Fierce at Junction. Describing the fierce fighting at the Anglo-French junction the correspondent says: 'French troops were brought up on the 23rd in motor lorries and thrown in without artillery support. Successive enemy thrusts necessitated fresh reinforcements, and troops were thrown northwards on the 23rd in order to maintain the liaison with the British right. French cavalry on the 24th were also thrown in for that purpose, and there were moments when the French were hard put to it to foil the German thrusts.'"

"A French officer, paying tribute to the British troops, described how the Germans crossed the canal at Jussy at the seventeenth attempt, the canal being then choked with German dead."

German Photograph Lines Occupied by Americans

With the American Army in France, March 29.—Continued activity back of the enemy lines is being observed. Last night wagon trains entered Montsec and Nonsard, speedy automobiles entered and departed from Pannies, and twelve horses, apparently bearing officers, arrived at Montsec.

Our artillery effectively rained shells on wagon trains within range, and dropped others into a body of marching Germans. Before the rain started last night the German aerial activity was much increased. Numbers of airplanes tried, and some succeeded, in crossing our lines at various altitudes, obviously photographing and observing our positions.

Royalty on Yukon Coal Mines Suspended for Five Years

Ottawa, March 29.—An order-in-council has been passed suspending for a further period of five years the collection of royalty on coal mines in the Yukon. This step has been taken by the government because it is believed to be in the public interest that the mining of coal in the Yukon should be encouraged.

Alien Enemies Are Barred From All Lake Steamships

Seattle, March 29.—Seaboard companies along the Lakes are being notified that no alien enemies are to be allowed to ship aboard any boats plying the Lakes this season. If found on any ship they are to be once arrested and imprisoned.

CEREALS IN HOLLAND FOR FIVE MONTHS

Total of 223,850 Tons, Which Will Be Given Out in Two Hundred Gram Rations.

Amsterdam, March 29.—It is estimated officially that the amount of cereals in Holland is sufficient to supply the demand for about five months longer.

Figures issued today covering the country's resources on March 23 place the stocks, quoted in tons, as follows: Wheat, 67,750; rye, 67,800; American flour, 10,000; potato flour, 2,500; stocks at flour mills 10,000. These aggregate 161,850. To them will be added the remainder of the home crop yet to be delivered and estimated to be 17,000 tons of wheat and 45,000 tons of rye.

This makes a grand total of 223,850 tons of all cereals which, given out on the basis of the reduced daily ration of 200 grams for each person, is expected to last until September.

GERMANS ADVANCE TO POINT TWELVE MILES OFF AMIENS

Enemy Reached Marcel Cave by Means of Heavy Massed Attacks.

HARD FIGHT AT ARRAS

Desperate British Resistance Holds Up Important Attempt for Kaiser.

British Army Headquarters in France, March 29.—The Germans were able to penetrate Marcel Cave, 12 miles east of Amiens, in the region south of the Somme, only by means of heavy massed attacks late yesterday, which gradually forced the British back.

The conflict in this region has been most sanguinary, and at latest reports it was a desperate struggle. The British fought roughly by Hamel, Wartuse, Abancourt and Marcel Cave. This point seemed to mark the extreme advance against the British.

The German attack in this region was made from Cerisy, on the Somme, and by artillery from across the river.

Yesterday's assaults on the extreme northern and southern parts of the battlefield were in continuation of the German scheme to break the lines out as far as to broaden the salient which they have driven in, and thereby possibly enable them to make an attempt to envelop Amiens.

The fighting east of Arras yesterday was of a desperate nature, especially in the region of Telegraph Hill, southeast of the city. Here the massed troops struggled at close quarters throughout the day, the British holding grimly to the positions which guard the already war-shocked town.

Neville Vitasse, southeast of Telegraph Hill, was occupied by the Germans. They also succeeded in getting a hold on Orange Hill, further north, and they were continuing their offensive.

The resistance along the British sector of the Arras-Albert road, was most gallant.

ANOTHER HEAVY DOSE OF CANADIAN GAS

Fifteen Hundred Drums Projected into Enemy's Front-Line Communications.

Canadian Army Headquarters, March 29.—All units and all ranks in the Canadian army look to the future and the possibility of their being engaged in the offensive now raging on their right flank with high courage and a steadfast determination that they shall be worthy of the Dominion and worthy of the high record of its forces. While nothing approaching battle-like activity on the whole of our front has yet developed, our army has been busy day and night. With moonlight nights there has been great aerial activity, our planes being busy behind the enemy lines, while hostile machines have bombed villages on our front, in some cases flying so low that they have swept the streets with their machine gun fire.

Small parties of French civilians are to be met with on the road moving out of the shell area, but there is no general evacuation; and confidence and hope have increased that the enemy, in his desperate gamble for a decision, has hastened his final defeat.

North from Lens to Hill 70 we gave the enemy another heavy dose of lethal gas early this morning. No fewer than 1,500 drums were projected on his front line communications in the battle areas. Thirty minutes later our guns opened up in a battle barrage which lasted for fifteen minutes and swept the enemy assembly, support and front line areas.

RIOTS IN QUEBEC; OFFICES WRECKED, TROOPS SUMMONED

Attacks on Two Newspapers and Offices of Registrar Under Conscription Act.

RECORDS DESTROYED

Militia Paraded With Loaded Rifles and Fixed Bayonets, Cowing Mob.

Quebec, March 29.—Rioting broke out afresh in Quebec tonight at 9 o'clock, and mobs of young men paraded the main street of the city. The unruly element in the throng soon got to the upper hand, and attacks were made upon the newspaper offices of the Chronicle Publishing Company and L'Evenement, two papers which have supported the Military Service Act, the enforcement of which caused the outbreak last night, when three federal policemen engaged in rounding up absentees from duty were savagely attacked and badly mauled.

The police of the city appeared powerless to check the crowd. Mayor Lavigne telephoned the Chronicle office and warned its employees there that an attack on the building was pending. The mayor was understood to ask the Chronicle "to do the best they could."

The crowd, after wrecking the newspaper offices, rushed up to the government office, which occupies the same building with the Auditorium Theatre. Men broke in the doors of the registrar under the Military Service Act and destroyed the furniture and records there. In the excitement a stove was knocked over and the building set on fire.

The firemen got the blaze in the registrar's office under control, but the records there appeared to have been destroyed. Many of them were thrown out of the window into the street.

The police of the city appeared powerless to check the crowd. Mayor Lavigne telephoned the Chronicle office and warned its employees there that an attack on the building was pending. The mayor was understood to ask the Chronicle "to do the best they could."

GEN. FOCH APPOINTED TO SUPREME COMMAND

Takes Complete Charge of All Allied Armies Fighting Against Germans in France.

Washington, March 29.—Official information has reached Washington that Gen. Foch, the French chief of staff, has been appointed to supreme command of all the allied and American forces in France.

This means unification of all the armies opposing the Germans, a step which the American and French military men have long urged, and which apparently has been brought about by recognition of the imperative demand for concentrated effort to hurl back the gigantic thrust of the enemy in France.

Fresh French Troops Have Reached the Fighting Zone

London, March 29.—The counter-offensive of the French continues between Montdidier and Lassigny, says the official communication issued this evening. It adds that fresh French troops are arriving on the scene.

GERMAN OBJECTIVES ARE VIMY AND ARRAS

But Attack by Ten Divisions Results in Severe Defeat for the Enemy.

FRESH FRENCH TROOPS

New Men in Heavy Fighting Friday South of the Somme River.

London, March 29.—Apart from local fighting at different points the enemy has not pressed his attacks today north of the Somme, according to the official statement issued by the war office tonight.

"We gained ground at certain places," the statement continues. "South of the Somme heavy hostile attacks developed during the morning in the neighborhood of Mesieres and Demum. Fighting is still going on in this sector."

"It is known from captured documents that the German attack yesterday on the Scaurp had for its objective the capture of Vimy Ridge and Arras. This attack was carried out by at least six divisions in the front line, with four assault divisions in support."

"Despite the force of the attack the impression made upon our battle position was inconspicuous, and the fighting resulted in a severe defeat for the enemy."

"In heavy fighting further south between Hamel and Demum, which has to further success, no fewer than 15 hostile divisions were identified."

"More Heavy Fighting. Heavy fighting has taken place south of Somme, which the British have been pressed back to a line running west of Hamel, Marcel Cave and Demum. This attack was carried out by at least six divisions in the front line, with four assault divisions in support."

"The French, says the announcement, are continuing their offensive on the southern front between Montdidier and Lassigny. Fresh French troops are arriving. East of Lassigny there is no change in the situation."

"The text of the announcement reads: 'North of the Somme we maintained all our positions. No serious attacks have been launched during the day.'"

"Pressed Back a Little. 'South of the Somme there has been heavy fighting. Our troops have been pressed back to a line running west of Hamel, Marcel Cave and Demum. On the French front south of Demum the French line runs thru Mesieres, La Neuville-Sire-Bernard and Gatlus. There has been further heavy fighting today on this line.'"

"Between Montdidier and Lassigny the French counter-offensive continues. Fresh French troops are arriving. East of Lassigny there is no change in the situation."

"A captured German order shows that on March 21 the objective of an enemy division which attacked near St. Quentin was to be the Somme near Ham, a distance of at least 11 miles. Actually the division in question penetrated rather less than three miles."

"Shell From the Mystery Gun Works Havoc in Paris Church

Paris, March 29.—Seventy-five persons were killed and ninety wounded, most of them women and children, when shell fired by a German long-range gun fell on a church in the region of Paris while Good Friday services were being held according to an official communication issued this evening.

Among those killed was H. Stroehlin, councillor of the Swiss legation in Paris.

This same church was struck by a shell during the celebration of high mass last Sunday and many casualties resulted.

GERMAN ADVANCE CONVERGING ON AMIENS RAILROAD CENTRE

CATEGORY "B" MEN TO BE CALLED FOR NON-COMBATANT SERVICE

Necessary to Secure More Men For Railway Construction Work and Similar Employment Overseas.

Ottawa, March 29.—Responding to a demand from the military authorities the military service council has decided to call up for service men in medical category B under the Military Service Act. Category B men are liable for overseas, but not for combatant service.

They are being called out because of the necessity of securing more men for railway construction and similar service. The official memorandum follows: "A military demand for men for railway construction and other similar work has arisen, and it has, therefore, become necessary to draft all men in medical category B in respect of whom no other grounds for exemption exist."

"The military service council is, therefore, issuing instructions to registrars to take immediate steps to call up such men."

"Under the procedure heretofore adopted questions arising in regard to the exemption of men in medical category B on other grounds were postponed until men in the same medical category should be called up; and these men, as well as their employers and relatives, will, therefore, be given an opportunity of presenting claims for their exemption."

ENEMY WILL NOT CONQUER AND WILL NOT BREAK THRU

Premier Clemenceau Returns From Front With Confident, Optimistic Message to the Nation.

Paris, March 29.—"The enemy will not conquer our resistance," said Premier Clemenceau, when surrounded by deputies at the Bourbon Palace upon his return from the front this afternoon. "I do not wish to pose as a prophet. That is not my habit, but, come what may, they will not break thru."

A few incidents showing the wonderful morale of the French troops were related by the premier. A battalion of territorial troops arriving at the front line yesterday were found awaiting the order for a counter-attack; sitting unconcernedly in a mud field within range of the German shells, which were breaking in the immediate vicinity.

"What are you doing here?" said M. Clemenceau. "We are at rest," responded a soldier quietly.

VALOR OF INFANTRY SAVES BRITISH GUNS

Germans Took Position in Rear, Threatening to Cut Off All Artillery.

HEAVILY OUTNUMBERED SECTION SWINGS BACK TO NEW POSITIONS BY HAMEL-LAMOTTE

Magnificent Defence.

London, March 29.—(Via Reuter's Ottawa Agency.)—Late this evening Reuter's correspondent at British headquarters telegraphed:

"On the whole British front, from Albert on the Ancre to the Somme at the mouth of the river, the line of the Somme has been pressed back to a line running west of Hamel, Marcel Cave and Demum. This attack was carried out by at least six divisions in the front line, with four assault divisions in support."

"The French, says the announcement, are continuing their offensive on the southern front between Montdidier and Lassigny. Fresh French troops are arriving. East of Lassigny there is no change in the situation."

Command of Foch to Last During Present Battle

London, March 29.—The Post says that the French and British governments have decided to appoint General Foch generalissimo on the western front during the present operations.

Offensive Slows Down After Eight Days and Progress Is Checked at All Except One Sector of the Front.

AFTER eight days, during which it has swept forward over the rolling hills of Picardy, at times like a tidal wave, the German offensive has slowed down. Instead of a sweeping advance, its progress has been checked at all except one sector of the front, and there it has been merely creeping for the past two days—this fact even is admitted by the German war office, which usually conceals nothing.

From Arras, north of Arras, to Albert, on the Somme, the British lines have been holding stubbornly and have thrust back the Germans at a number of points. From Albert south to Montdidier there has been a slow movement to the west, but the hills west of Montdidier are still being held by the French. No ground has been made against the French along the southern side of the salient driven in the allied lines, while it is asserted that the French counter-attack from Lassigny to Noyon is still going on. The extreme depth of the German wedge is now about 37 miles.

Meanwhile the allied world is waiting for the entente to strike back at the Germans.

Drive Must Come Soon. When this blow, if it comes, will fall, or when, is as yet sealed in the minds of the men directing the progress of matters, but seemingly it must come soon if it is to be effective. The German advance is now converging on Amiens, the railroad centre of northern France, which is known to be the ganglion from which run the main communications of the British army in northern France. The railroad from Paris to Amiens was cut by the Germans at Montdidier, but this would not be vital if Amiens itself is held by the allies.

The German thrust in front of Arras, which, according to Berlin, netted thousands of prisoners, apparently has come to a stop before Orange Hill, Telegraph Hill and the Lebrincht sector. Repeated mass attacks by the Germans on these points have resulted in terrible losses to them, without, however, breaking the line and causing more than a straightening of the front before Arras.

A German official statement declares that since the offensive began 70,000 prisoners and 1,100 guns have been taken. It is interesting to note that after seven days of fighting at Verdun the Germans claimed they had captured ten thousand. Taking into consideration the comparative magnitudes of the two struggles, the German claims for captures may be considered accurate.

The German reports are silent as to the progress made on the line from Lassigny to Noyon, except to say that the attack has not been broken. Into fresh French troops are arriving in this region. Nothing has developed to show that this is more than a purely local engagement fought for the purpose of preventing the Germans from reaching the Oise River and having this stream as an additional protection to their left flank.

SEVENTY THOUSAND PRISONERS CLAIMED

Germans Announce Also That They Have Captured Eleven Hundred Guns.

Berlin, March 29, via London, March 29.—Successful engagements between the Somme and the Aves Rivers are reported in the German official statement issued this evening. The statement says:

"There have been successful engagements between the Somme and the Aves. Since the beginning of the great battle now in progress the German forces have taken 70,000 prisoners and 1,100 guns," says today's army headquarters.

"In local engagements on both sides of the Scaurp," according to the statement, "the Germans broke through the British positions and took several thousand prisoners."

"South of the Somme the German divisions of the British old peal drove the British out of their old positions in a westerly and northwesterly direction by way of Wartuse-Abancourt and Mesieres."

"The British," the statement adds, "continued their fruitless and costly counter-attacks near Albert and to the north of it."

"Between the Somme and the Aves the Germans have attacked again."

ALL CANADA IS THANKED. Acknowledgment Given for British Red Cross Campaign.

A letter has been received by his excellency the governor-general, from Sir Robert Hudson, acknowledging the generosity of the people of Canada in the late British Red Cross campaign, the amount raised being 475,000 pounds sterling.

The grateful thanks of the joint societies of the British Red Cross Society and the Order of St. John are presented and his excellency is asked to convey to the people of Canada this recognition which contains the following:

The continued efficiency of our work is largely due to the munificent contributions we have received from Canada during the past three years. The Dominion response on "Our Day," 1917, has beaten all records, and enables us to look forward for the time being to meeting the demands which reach us from every theatre of war—demands which I fear will continue to increase until victory is achieved.

THE SPRING TONIC FOR PALE, THIN PEOPLE

If You Want to Gain in Weight and Recover Your Appetite, Energy and Ambition, Try This Well-Known Remedy.

With the passing of winter many people feel weak, depressed and easily tired. The body lacks that vital force and energy which pure blood alone can give. In a word, while not exactly sick, the indoor life of winter has left its mark upon them, and a blood-building, nerve-restoring tonic is needed to give renewed health and energy.

Dr. Williams' Pink Pills are an all-year round blood builder and nerve tonic, but they are especially useful in the spring. Every dose helps to make new, rich, red blood, and with this new blood returning strength, cheerfulness and good health quickly follows.

If you are pale and sallow, easily tired, or breathless at the least exertion; if your complexion is poor, or if you are troubled with pimples or eruptions, Dr. Williams' Pink Pills are just what you need to put you right. If you have twinges of rheumatism, are subject to headaches or backaches, if you are irritable or nervous, if your sleep does not refresh you, or your appetite is poor, you need the treatment which Dr. Williams' Pink Pills alone can give—you need the new blood, new health and new energy this medicine always brings.

A COMPLETE WRECK. GAINED IN WEIGHT. Mrs. C. Forsythe, R. R. No. 2, Fisherville, Ont., says: "At the age of fourteen my daughter Viola was feeling very much run down in the spring. Then she was attacked with whooping cough which left her a complete wreck. She had no appetite, could not sleep well nights and was subject to chills which sometimes kept her in bed for the day. She was doctoring steadily, but not apparently getting the least benefit, and I naturally grew very anxious. One of my neighbors suggested giving her Dr. Williams' Pink Pills, and I got a box. When she began using the pills she weighed only 87 pounds. Before the box was all gone I sent and got six more boxes, and under their use she constantly grew stronger. Her appetite improved, the color came back to her cheeks, she could sleep well, and feels and looks like a different person, and with all this while using the pills she gained 20 pounds in weight."

A SALLOW COMPLEXION. Miss Gladys Marshall, Chatham, Ont., says: "I suffered from nervousness and my blood was in a very poor condition. My face broke out in pimples and my complexion was very sallow. I took doctors' medicine, but without beneficial results. I was feeling much discouraged when a friend recommended Dr. Williams' Pink Pills. I used in all six boxes, and was overjoyed to find that my complexion had become quite clear, pimples had disappeared, my nerves were strengthened and my old-time health and ambition returned. I shall always have a good word to say for Dr. Williams' Pink Pills."

Notwithstanding the increased cost of all drugs, there has been no change in the price of our Dr. Williams' Pink Pills. They can be had through any medicine dealer at 50 cents a box, or six boxes for \$3.50, or will be sent on receipt of price by The Dr. Williams' Medicine Co., Brockville, Ont.

FIFTEENTH ANNUAL KENNEL CLUB SHOW

Four Hundred Dogs on Exhibition, Among Which Are Famous Specimens.

LARGEST EXHIBIT EVER

Toronto Club Holds Most Successful Event in Its History.

Much interest is being taken in the annual show of the Toronto Kennel Club, now in progress at 424 Yonge street, corner Buchanan. Yesterday afternoon, when the judging was in progress, the enthusiastic owners and spectators and the judges went about their work of inspection with the surety of authority in their profession.

This is the fifteenth year that the Toronto Kennel Club has held its annual show, and despite the conditions it is one of the largest ever held. The judges are among the best known in the continent, two being from the United States, one from Montreal and two local. The number of exhibitors is the number of women exhibitors. Among the exhibitors is T. H. Kenyon, who has been showing for fifty years and who is known all over the continent.

Among the collies is Champion Coltness Clinker, a beautiful tan and white specimen, which has international fame, being the only Canadian dog of his class that was shown at the world's fair at San Francisco. A younger dog of the same breed is Coltness Commander. Both are owned by J. D. Strachan. A Lowenstein has a number of attractive whippets, one of these, Prince Charming, being at last year's Canadian National Exhibition, where he showed good points in racing. Worthy of mention in the class of English bulldogs is Heywood Marco, owned by J. F. Lakin and Hettie Mischief, by the same owner, Champion Chestnut Ginger, owned by H. T. Gubb, and Jellico are also attractive specimens. A number of splendid black and white wolf-hounds and several Pekingeses, English toy spaniels and Maltese terriers are exhibited upstairs, among the latter class a beautiful white, long-haired specimen, Emer de Malta, shown by Raymond W. G. Carl. In Russian wolf-hounds A. J. Beaudin is the winner in yesterday's judging. There are four hundred entries in all. The judging closes this evening.

MAPLE LEAF, R. B. T.

Maple Leaf, R.B.T., 337, held its annual at-home last evening at Euclid avenue hall, when there were 600 guests present. An excellent program was given. A number of the grand lodge officers and the county officers of the County Chapter of York were present and occupied seats on the platform. The chairman was Sir Knight W. H. Bolton, preceptor.

HAVE DARK HAIR AND LOOK YOUNG

Don't Stay Gray! Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen your hair with water and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is safe for the hair, and its mitigation or prevention of disease.

LODGES

LADY ALEXANDRA LODGE.

At the close of the regular meeting of Lady Alexandra Lodge, No. 233, M.U., I.O.O.F., in the S.O.E. Hall last evening, presided over by W. C. Schuch, P.G.S., a social party was held, when a large number of visitors were present. Many of the grand lodge officers paid a fraternal visit, and among them were: H. P. Gilbert, P.G.; W. J. Hastings, P.G.M.; B. Bull, secretary Lambton Lodge; J. G. Copley, secretary Toronto Lodge; J. Robinson, T. Lambton Lodge; Mrs. C'Connor, Dovercourt Lodge; E. Hewitt, secretary St. Mary's Lodge. The committee in charge was composed of the following: Mrs. W. P. Snelgar, F.G.; Mrs. Coggins, P.G.; Mrs. Burton, P.G.; Mrs. Maxson, P.G., and Mrs. Holyoak, P.G. There were about 100 present, and the proceeds were in aid of the social fund in connection with the lodge.

CARPETBALL LEAGUE.

Under the auspices of the Eastern District Carpetball League a match was played last night in St. George's Hall between Lodges Shrewsbury and Eastbourne. E.O.E. 2-5, with a win for Shrewsbury by two points. The scores were: Lodge Shrewsbury 123, Lodge Eastbourne 121.

RETURNING SOLDIERS ARE ARRIVING TODAY

IDENTIFIED THRU PHOTO.

Percy L. Moffatt Now Known Fate of Brother William Henry.

A sergeant of the Notts and Derbys, better known as the Sherwood Foresters, discovered a photograph enclosed in an envelope in the inside pocket of a Canadian tunic on a body lying on the battlefield last October. This has been identified by Percy L. Moffatt, of 571 College street, Toronto, as that of his brother, William Henry Moffatt, No. 22888, of the 4th Battalion. The brother had been listed as missing since sometime in June. William, attending the Harbord Collegiate at the time he enlisted, and was a sergeant drummer with the collegiate corps. When he enlisted he looked out to be tall, and joined the 201st Battalion, drafting into the 170th Battalion when the 201st was broken up. Finally he was drafted into the 7th Battalion, to which he was attached when killed. He was born and educated in Toronto, and a brother, Fred, is at the front with a British regiment. Another brother lives in Canada and is married, while a third brother is still in Toronto at school.

The identification of the photograph was made possible thru the untiring efforts of the Canadian Red Cross Association, which investigated the whereabouts of the missing man, who was 21 years old at the time of his death.

FORTY NEW MEMBERS.

Sir Henry Pellatt Chapter Holds Annual Meeting.

At the monthly meeting of the Sir Henry Pellatt Chapter, I. O. O. F., E. held at the Sherbourne House Club yesterday afternoon, the report, Mrs. Ambrose Small, in the chair, forty new members were proposed and accepted. The report was read and reported from her "bridge" in aid of the Queen Mary Working Circle, and arrangements were made to hold a number of small house parties for the same purpose, the first to be held at the home of Mrs. Salter, Woodland avenue. It was decided to take charge of the art exhibit at the coming exposition to be held in the Arena, when "Conservation of Food" and "Increased Production" will be the main theme of the days of the exposition.

ONTARIO LABOR MEETING ACUTE NERVOUS WILL BECOME PART OF DOMINION PARTY EXHAUSTION

Yesterday's Convention in Toronto So Decides, After Much Debate.

ALL WORKERS ELIGIBLE To Be Known as Ontario Section, Canadian Labor Party.

Ontario has added her quota to the Canadian-wide Labor party now in process of formation. This is the result of the long and contentious deliberations of yesterday's provincial convention held at the Labor Temple, to decide as to the feasibility of forming an Ontario section of such a party. The convention decided to call the party the Ontario section of the Canadian Labor party with a membership comprising all affiliated branches of labor and of individuals subscribing to the tenets of labor in general. This section, in collaboration with the Canadian Labor party, will organize efforts leading to the election of labor representatives to both the provincial and federal houses. Among its aims will be securing equitable distribution of the fruits of the industry of all producers, whether by hand or brain. Decidedly heavy weather was experienced in the passage of several clauses embodied in the composite resolution presented by the resolutions committee in the afternoon. It is the first place the section and its big brother, the C.L.P., have been organized much along the lines of the British Labor party. But the clause calling for the equal distribution of the profits of producing labor as read in the constitution of the British party was not carried. This clause had concluded with an expressed desire to carry out the ideal of the basis of common ownership of the means of production. This factor of common ownership in the clause was deleted as being in contradiction to the feeling of the labor interests in Canada today. Two distinct groups were at odds in this matter, the Socialist and the moderate. The latter group was backed by the Socialists. The moderate, however, won the day, and the formation of the proposed section was furthered, thereby being eliminated as a future possibility.

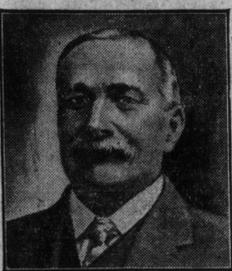

Many Want to Speak. The meeting was called to order many times, and over the president, H. J. Halford, was occasionally unable to decide who had the floor. Sometimes as many as eight different people were on the floor at one time. Discussions were protracted to such length that on three different occasions a motion was placed before the meeting to cut off the speaker in sequence, and in at least one instance the motion was lost. The ultra-radicals were strongly in favor of instituting a system of class distinction based upon the old European plan of the proletariat, one member characterizing the "bourgeoisie" as much the greater labor group as the "aristocracy." These men held the floor in debate, but were floored by the deciding vote, which, by reason of reasonable consideration, was given to the moderate position. The resolutions committee which presented the composite resolution, was composed of several groups, the trades and labor, the I.L.P., the socialists, and the United Association of Farmers of Ontario, and it was with deference to the U.F.O. that the radical clause was deleted. The U.F.O. delegates feeling that their association would not fall in line with anything of a radical nature. The whole convention had been called with a view to uniting all the forces of production, and during the discussion it was pointed out that the radical proposals might defeat the object of the meeting.

Another clause in the resolution which occasioned considerable discussion was that of granting membership to members of kindred organizations. A number of members were of the opinion that it would be unwise to admit to membership any other labor organization, since it would create possible dissensions and general disorganization. Frank Barber, a single member, and also a civil engineer, wished to know if he would be eligible to membership without joining any other labor organization. While he might be in sympathy with the C.L.P., he would perhaps not be favorably inclined toward any other labor movement and desired the privilege of direct affiliation. Others who were members of the Ontario bar, felt themselves to be in the same predicament, and were in the condition of friends isolated by reason of prejudicial legislation. There was a feeling among many that there was too much splitting of hairs in the course of the discussions.

The Chief Workers. The members of the resolutions committee were Mrs. William Cassidy of Hamilton, James Ballantyne and Mayor McBride of Brantford for the I.L.P.; Walter Brown, F. M. Draper of Ottawa and H. G. Fester of Hamilton for the Trades and Labor Congress; J. Macdonald and John Vick of Toronto and J. Douglas of Brantford for the trades unions; Mrs. G. Custance, James Simpson and J. Lev for the socialist party, and J. J. Morrison of Toronto, W. C. Foster of Hamilton and E. C. Drury of Orillia for the U.F.O.

The committee which was chosen to formulate plans leading to the national convention of the Ontario section of the Canadian labor party comprised James Simpson, H. J. Halford of Hamilton, M. S. McBride of Brantford, James Ballantyne, H. G. Foster of Hamilton and J. J. Morrison of Toronto. President is Chosen. J. Halford was elected president of the Ontario section after the credentials of the delegates had been read out, and James Simpson was chosen secretary. The proceedings of the morning session were mainly the calling of the credentials and the unanimous passage

All Treatments Proved Useless Until He Tried "Fruit-a-tives."

MR. J. S. DELGATY. R.R. No. 4, Gilbert Plains, Man. "In the year 1910 I had Nervous Prostration in its worst form; was reduced in weight from 170 pounds to 115 pounds. "The doctors had no hope of my recovery, and every medicine I tried proved useless until a friend induced me to take 'Fruit-a-tives.' "I began to mend almost at once; and after using this fruit medicine for 3 or 4 months, I was back to my normal state of health. "I never had such good health for twenty years as I have enjoyed the past six years. We are never without a box of 'Fruit-a-tives' in the house."

J. S. DELGATY. 50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

of the motion proposed by Delegate MacDonald to the effect that the convention endorse the action of the Trades and Labor Congress of Canada in calling the convention of workers to form a labor party in line with that now formed in Great Britain. The convention also appointed three delegates from each group to form themselves into a resolutions committee to deal with a comprehensive motion having in view the formation of a party based upon the organization of the British Labor party.

Among the groups represented at the convention were principally the trades and labor councils, the Greater Toronto Labor party, the social democratic parties, the co-operative societies, the United Farmers of Ontario, and the social reconstruction group of the theosophical society represented by Mrs. Flora McD. Denison, Workers by Mind.

At the opening of the proceedings J. G. O'Donoghue stated that all the action of the labor movement must not be considered to be represented by the delegates present. Invitations had been issued to those who worked by mind as well as by brain, yet the Ontario bar, which held on its roll many real friends of the workers, had been neglected. He wished to point out that many of the lawyers recognized that the dignity of democracy could never be brought about until the rights of labor had been duly considered. The president of the convention, H. J. Halford, reminded the speaker that there were no restrictions placed against the admittance of lawyers to the ranks of the Labor party. Mrs. Denison, on behalf of the reconstruction group of the Theosophical Society, stated that as a mother with a son at the front fighting the battle of democracy, she wished to be sure that democracy was going to prevail in Canada after the war was over.

Mr. MacDonald's motion to endorse the action of the trades and labor congress in calling the convention was subjected to lots of discussion. The delegate Good, pointed out that the U.F.O. pointed out that the association was in an ambiguous position in regard to the proposed labor movement. The farmer was both a worker and a capitalist. He was essentially a worker, but would the fact of his being a capitalist prevent him from becoming a questionably factor in the labor movement? That was the question which the delegates felt themselves unable to answer. Delegate Good stated that he had no authority to state the position of the association in regard to the endorsement of the action of the congress. He himself, however, was entirely in sympathy with the ideal of the movement.

Would include Friends. James Ballantyne objected to the term "worker" as being too confined in its meaning. What was needed was a term which would include not only the workers and wage earners but also the friends of labor. Mr. MacDonald, in the course of his address, pointed out that the need of the day was cohesion, and such cohesion had been attained by the British Labor party as it stood today. He had his sympathy with the socialists, the

himself only a simple pure trades union delegate. The facts of the situation today were that no matter whether a man was Fabian, a Socialist, a trades unionist or a social democrat, he had the same protesting forces arrayed against him. This was the fact that Mr. Ballantyne had in mind while objecting to the term "worker." In every other respect he was in complete agreement with the motion. Only One Essential. A.D. Ashplant, London, favored the motion, as did R. Hamar and Walter Rolfe, while James Simpson went so far as to submit that if there were any delegates who did not feel capable of favoring the motion they should be considered as not expressing the general sentiment of the convention. There was apparently one dissentient vote, that of Delegate Warner of the social democratic party of Toronto.

At the close of the morning session Mr. Warner was approached and asked as to his stand on this matter. He stated that he did not know the details of the British Labor party, and was therefore not in a position to endorse any policy in conformity with its principles. He was a Laborite first, and a patriot next. During the course of the discussion Delegate Roebuck of Hamilton represented the co-operators, and took occasion to rap the trades unionists for their dilatoriness in accepting the ideals of the co-operative movement. The discussion was interrupted by a member who rose to a point of order and declared that this quibbling over terms was a pure waste of valuable time.

FOOD CONTROLLER ASKS GIRL GUIDES TO HELP

"Garden; Keep a Pig; or Even Rabbits or Chickens," is the Advice to Canada's 10,000 "B.P." Girls. Henry D. Thompson, chairman of the Canada Food Board, has issued a call to the Girl Guides of Canada to follow the example set by the "Soldiers of the Soil," and go on the farms of the country for the summer. The letter reads in part: "Last year the Girl Guides showed what they could do when large numbers of them went fruit picking. Farmers in the west have good reason to think gratefully of them as quick and efficient workers. After paying their expenses they managed to save money to give to the Red Cross or to put on Victory bonds, so that their patriotic work was two-fold. What was done last year on a small scale may be repeated on an extensive scale during 1918. There are nearly ten thousand of you—Girl Guides of Canada. Be 'good scouts.' Do what the farmer needs. That is to say—go on the farms. If you can't help the farmer, help his wife. Pick berries! Garden! Keep a pig! If you don't own any of these things you can still keep chickens or bees, or rabbits or pigeons."

SEAL PRICES DISPUTED. St. John's, Nfld., March 29.—Landing of catches by three steamers of the Newfoundland sealing, which have arrived here, was delayed today by differences between the crews and the owners over the price to be paid. The crews were getting \$240 a ton, while the owners refused to pay more than \$200.

Napanee Man Could Scarcely Walk at Times, He Was So Dizzy — Indigestion and Kidney Trouble Overcome by This Treatment. Napanee, Ont., March 29.—The experience of Mr. Nolan of this town will interest all who suffer from indigestion and accompanying derangements of the liver, kidneys and bowels.

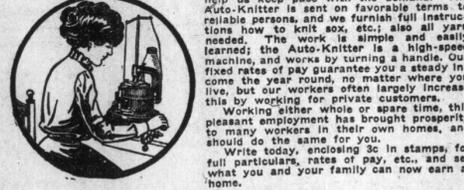

Dizzy Spells, Indigestion

Indigestion is such a common trouble that many suffer for years without knowing how readily they could obtain relief by using Dr. Chase's Kidney-Liver Pills to arouse the action of the liver, kidneys and bowels, and thereby remove the cause of much discomfort and suffering. Mr. John P. Nolan, Dundas street west, Napanee, Ont., writes: "For some time I was troubled with weak kidneys, and used to have a scalding, burning sensation in my stomach. This was accompanied by dizziness, and occasionally it would be so severe that I would stagger while walking. I commenced using Dr. Chase's Kidney-Liver Pills and in a very short time my kidneys were in normal condition. Then I tried Dr. Chase's Nerve Food for the dizzy spells, and am glad to say that under this treatment they gradually disappeared. At present I am enjoying good health and am pleased to recommend Dr. Chase's Kidney-Liver Pills and Nerve Food."

This statement is endorsed by S. Casey Denison, Mayor of Napanee. Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, at all dealers, or Edmundson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

"Murray-Kay" Wool Sweaters In Various Colors, the Price \$7.50

There's no more popular model in our Knit Goods Section than the Murray-Kay Knitted Wool Coat, which, as you may judge from the name, is our own exclusive design. It's beautifully made of brushed wool, and, while it's a cosy, warm coat, it's delightfully light in weight. The colors are Nile green, Saxe blue, pink, maize and black, with detachable white collars some with white or grey collars and cuffs. Included, too, are some all-white sweaters. The price \$7.50.

Neckwear That Is Up-to-the-Minute in Design, Carefully Arranged for Your Choosing

The collar—the finishing touch of your Easter costume—is still unbought. Its choosing will be a simple matter today, for we've arranged various tables in the Neckwear Section, each table holding collars at a certain price. At \$1.00, \$1.25 and \$1.50—There are Collars of Satin and Foulard, others of Georgette and organdy, including the new "Artist" shape. At \$2.00 to \$5.50—There's a special case of New Checked Organdy Collars, Vestees and Collar and Cuff Sets, others of satin and foulard combined. At \$6.00 and \$7.50—There are the newest Collars and Vestees in Baronet Satin, stunning affairs in black and white. Besides, there's a delightful choice of Frillings and Bandings in organdy, satin and Georgette, white and colored. Prices, per yard 75c to \$2.25.

Here are \$2.50 French Kid Gloves at \$1.75 and \$1.00 to \$1.35 Silk Gloves at 85c

If you haven't yet bought your Easter gloves, or those that you want for gifts, you'll be immensely interested in these specials for today. "Trefousse" French Kid Gloves, white with novelty black braid backs, oversewn seams, guaranteed perfect in fit and finish. All sizes. Regularly \$2.50 a pair. Today \$1.75. No phone or mail orders. Silk Gloves, a table of our best makes in all black, all white, white with black points, grey, pongee, champagne and navy. Regularly \$1.00 to \$1.35 a pair. Today 85c.

Concerning French Coats at \$65

You must have a smart coat to wear over the new dress—and it's the special purchase that can be made satisfactorily at the last moment. A coat is such an easy thing to buy—it rarely needs alteration. You slip into two or three—they all seem to look well, and it just remains to choose—which! Why not have a French Coat this year? They're ever so swaggar, the materials are incomparably fine, and the prices are much less than you'd expect. These three, for instance, are \$65.00 each. They are typical examples of the good value that you'll find among our French models. SAND VELOUR FINISHED CHEVIOT COAT, by H. Penna, satin lined throughout, trimmed with chic little tucked strapings of the cloth. CASTOR SUEDE CLOTH COAT, by Madeleine Monjaret, satin lined throughout, the striking feature being the wide band at each side between hip and knee, confining the fullness. TAN COVERT CLOTH COAT, by G. Vilaceque, satin lined throughout, a practical model that will give endless service, with patch pockets and pressed box pleat at each side.

The Smartest of Leather Handbags Priced at \$2.50, \$3.50 and \$5.00

Your new suit really involves a new bag, doesn't it? Here are some that we think particularly nice, and the prices are most moderate. AT \$2.50—ENVELOPE BAGS in black vachette, crepe leather and pin seal, all silk lined and fitted. AT \$3.00 AND \$3.50—ENVELOPE BAGS in black panther and fine patent leather, all silk lined and fitted. AT \$5.00—A special line of POUCH AND ENVELOPE BAGS that are \$7.50 regularly. Some large, others small and medium shapes; in panther, pin seal and vachette; colors black, tan, purple and green.

Now for an End of the Month Remnant Sale in the Wash Goods Section, Prices 15c, 19c, 29c and 49c

Here's a fitting wind-up to the most successful March business our Cotton Dress Fabric Section has ever known. You can't afford to miss these bargains. We've gathered together all short ends, from one to five yards, and will arrange them for Saturday's selling on four different tables. These tables will contain WHITE LONGCLOTH, PIQUE, NAINSOOK, DIMITY, POPLIN, GABARDINE, FLANNELETTE, VOLLE, CREPES AND MUSLIN; also COLORED SUTTINGS, GABARDINE, FLANNELETTE, VOLLE, GINGHAM, plain, plaid and stripe, SHERELINE, EIDERDOWN, PJAMA FLANNELS, CREPES, GALATEAS AND EMBROIDERED MUSLINS. They'll be priced as follows: On Table One—Materials up to 25c a yard, today, per yard 15c. On Table Two—Materials up to 35c a yard, today, per yard 19c. On Table Three—Materials up to 50c a yard, today, per yard 29c. On Table Four—Materials up to 1.00 a yard, today, per yard 49c.

MURRAY-KAY, Limited. Almost Eighteen Thousand Have Returned From Front. Seventeen thousand nine hundred soldiers have so far returned from overseas to Ontario. Thus the efforts of the Ontario Soldiers' Aid Commission alone over 7000 of them have been placed in positions, announced James Warwick, secretary, last night. In addition to Toronto, the soldiers' aid commission has branches now in and all these organizations are not only aiding the returned men in re-entering civilian industrial life, but also in directing the "re-education" of

war heroes, who thru injuries received in active military service, are incapacitated from again taking up the work in which they were engaged prior to enlisting. HOLY TRINITY CHURCH. There was a children's service at 9.30 at the Church of the Holy Trinity yesterday morning. At 10.30 matins, litany and the ante-communion service were said. The rector conducted the three hours' service from 12 to 2, which was largely attended. In the evening, at eight, 600 people heard a fine rendition of Stainer's "Crucifixion" by the choir, under the leadership of Geoffrey Holt.

REV. J. D. MORROW ILL. It had been planned that the congregation of Dele Presbyterian Church would welcome their pastor, the Rev. Capt. J. D. Morrow, home from France last night at a concert held in the church, but owing to the illness of Rev. Mr. Morrow the welcome was postponed. The athletic chaplain is much fatigued after his strenuous journey home from the firing line, and will be unable to take up his duties at the church for about two weeks. VICTORIA CONVOCATION. Victoria College baccalaureate sermon will be preached in the college chapel

at 11 o'clock on Sunday, March 31, by Rev. Professor Johnson. Convocation in the faculty of theology will be held on Monday evening, April 1, at 8 o'clock, also in the chapel. TARRED AND FEATHERED. Bellingham, Wash., March 29.—Ten masked men took J. Dietz, secretary of the Industrial Workers of the World local at Sedro Woolley, from his room last night, and in a public street coal-ed him with tar and feathers, according to word received today. Dietz was warned to leave, but was found this morning and taken to Mount Vernon by the county authorities.

General Foch in Command.

General Foch's appointment to the command of all the allied forces in France is evidence that a movement of great magnitude is in contemplation against the broken armies of the Kaiser.

Traitors at Home.

A good deal of criticism has been directed against the United States Government for not having made greater progress in the preparation of supplies. Fault has been found with the departments concerned, but there is a growing belief that the delay is rather the result of obstructive measures adopted by German spies than direct failure on the part of officials.

It has been discovered, for example, that an airplane that had been out on trial and which fell to the ground had been tampered with in construction, a steel brace having been cut in two, the pieces joined with lead and then painted over.

Mayor Church and the Tax Rate.

Mayor Church set a bad example to his colleagues and to the whole community by what is really an act of disloyalty to his own administration. It may seem a simple thing, but the principle behind the act is as treacherous in its way as any act of desertion can be.

POWER DAM COLLAPSES AS RESULT OF FLOOD

London Has Some Dark Streets as Result of Break.
London, Ont., March 29.—The central section of the big dam at Springbank collapsed suddenly at 3.30 this afternoon leaving a gap 22 feet wide through which the river is pouring, causing additional danger by washing out other sections.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.
Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels.

Bi-nesia Stops Stomach Trouble Or Money Back

INSTANT RELIEF GUARANTEED
Recently a writer on the treatment of stomach troubles, who has claimed that he had cured himself of his trouble by the use of Bi-nesia, decided to put his theory to the test by giving it to a friend who was suffering from stomach trouble whenever pain was felt. The test completely proved the value of Bi-nesia, for relief was indicated in nearly every one of the hundred reports received, showing conclusively that the trouble had been due to stomach acid, which is well known to be instantly relieved by Bi-nesia. Since making this test, the well-known manufacturer has had special instructions for preparing pure Bi-nesia, so that the stomach has been arranged to place in every bottle of Bi-nesia a binding guarantee of relief, or a refund of the money if the Bi-nesia will not instantly neutralize stomach acidity, new formation of acid, and thus relieve the troubles caused thereby.

PASSION PLAY GOES TO OTTAWA THEATRE

Canadian-Italian Dramatic Circle, After Presenting "The Passion" in Toronto, Goes to Russell Theatre.

As a result of the three-repeated and successful presentation of the sacred drama, "The Passion of Jesus Christ," which was given in St. Patrick's Hall, McCaul street, during holy week, the Canadian-Italian Dramatic Circle has been requested to go to Ottawa to repeat the performance in the Russell Theatre.

Counting Them Before They Are Hatched

The play, which is in five acts, opens with the controversy of the high priests and the betrayal by Judas. Then follow the Last Supper, the scene in the Garden of Olivet, the trial and judgment by Pilate and other scenes in the passion of our Lord, ending with the crucifixion, followed by the beautiful closing tableaux.

Will Wonders Ever Cease?

Finds Cure for Rheumatism After Suffering 50 Years!

Now 83 Years Old—Regains Strength and Laughs at

"URIC ACID" Goes Fishing, Back to Business, Feels Fine!

How Others May Do It

"I am eighty-three years old and doctored for rheumatism ever since I came out of the army over fifty years ago. Like many others, I spent money freely for so-called cures, and I have read about 'Uric Acid' until I could almost taste it. I could not sleep nights or walk without pain, and I had to use a cane and stiff I could not hold a pen. But now I am again in active business and can walk with ease or write all day with comfort. Friends are surprised at the change."

HOW IT HAPPENED. Mr. Ashelman is only one of thousands who suffered for years, owing to the general belief in the false theory that "Uric Acid" causes rheumatism. This erroneous belief induced him and legions of unfortunate men and women to take wrong treatments. You might just as well attempt to put out a fire with oil as to try and get rid of your rheumatism, neuritis and like complaints, by taking treatment supposed to drive "Uric Acid" out of your blood and body. Many physicians and scientists now know that "Uric Acid" never did, never can and never will cause rheumatism; that it is a natural and necessary constituent of the blood; that it is found in every newborn babe, and that without it we could not live.

HOW OTHERS MAY BENEFIT FROM A GENEROUS GIFT. These statements may seem strange to some folks, because nearly all sufferers have all along been led to believe in the "Uric Acid" humbug. It took Mr. Ashelman fifty years to find out this truth. He learned how to get rid of his rheumatism, other distressing conditions and recover his strength from "The Inner Mystery," a remarkable book that is now being distributed free by an authority who devoted years of study to the scientific study of this particular trouble. If any reader of The World wishes a copy of this book, which reveals startling facts overlooked by doctors and scientists for centuries, please send a postcard or letter to H. H. Clearwater, 137, A. Water Street, F. Clearwater, 137, A. Water Street, F. Clearwater, 137, A. Water Street, F. Clearwater, 137, A. Water Street.

Send now! You may never get this opportunity again. If not a son or daughter, hand this good news to some friend who may be afflicted.

ANOTHER ITALIAN FOUND MURDERED

Dominic Zangarrie Shot to Death in His Bachelor Quarters.

MOTIVE STILL UNKNOWN Police Have Clue, and Expect Soon to Clear Up Matter.

Lying face downwards on the floor, with three bullet wounds in the chest, the body of Dominic Zangarrie, an Italian, aged 38, living at 44 "Hercules" avenue, was found yesterday afternoon on the kitchen floor of the above address by a Chinaman who called at the house to deliver some laundry.

Police headquarters were immediately notified and Sergeant of Detectives Mackay, Detectives Twigg and Mulholland went to the house and started an investigation. The man had been dead for some time.

According to the report told by the Chinaman, getting no reply to his repeated knocks he walked thru to the kitchen, finding the body. He immediately ran out and informed the neighbors, who, in turn, notified the police.

Robbery Not Motive. The man's clothes had not been disarranged in any way, the pockets had not been turned out or anything removed from them. The wounds are thought to have been inflicted by a .22 calibre automatic revolver, as two shells of that bore were found on the floor of the kitchen. One of the bullets entered the man's kidneys, one his right breast, and the third shot entered under the left arm pit, passed thru the body to the kitchen window and sped across the street, knocking a chip from the brickwork of the house on the opposite side of the street. Apparently the man had no chance whatever to defend himself.

Neighbors living in the district stated that he was a man who never "mixed"; in fact he was something of a "mystery" man. He purchased all his groceries at the same store and always paid cash. He did all his own cooking and lived alone. A few weeks ago he refurbished the house on the instant plan for the woman who came and lived with him. The woman is said to be the wife of a man now in the Burwash Reformatory. She lived with Zangarrie for a few days, but left him following a quarrel.

Woman Knows Nothing. Sergeant Mackay brought the woman to the detective office last night, but she was given her freedom after she had proved that she knew nothing whatever of the matter. The police are of the opinion that the shooting was the sequel to a quarrel with another man, but the cause for the murder has not been definitely established. Several valuable papers and a large quantity of jewelry in the house were untouched. The motive here has a clue and are positive that the case can be brought to an early close. The body was removed to the Western Hospital for examination and later removed to the morgue.

Lacrosse Encourage Youngsters

MIDGET SERIES IN ONTARIO LACROSSE

Fred Waghorne Gets the President's Chair by Acclamation—Good Meeting.

RETAIN THE TWELVE

Refuse to Cut Down the Players in the Senior Series.

At the annual convention of the Ontario Amateur Lacrosse Association, held in the Labor Temple yesterday, the "carry-on" slogan was adopted. All the speakers pointed to the grand record of Canada's national game when the call came and hundreds of the older players are overseas holding back the horde of Hunns.

When the soldiers return they will want to take up the great game again, and if the officers at home let the game die it will be mighty hard to revive the national pastime. It is the young fellows that provide the stars of the future, and with this end in view it was decided to foster the juniors and juveniles as in former years and to make sure of getting lacrosse material for future years a midget series will be in operation this season.

Fred Waghorne, a friend of lacrosse for many years, is the originator of the midget series and the convention was of the opinion that it will do wonders to bring back the great game. In fact the whole gathering was in the idea that lacrosse is due for a comeback and that to get the youngsters interested is the best method to start the ball rolling.

The elections of officers did not have the spice or rivalry of former years owing to the fact that when the ballot was passed out there was only the council to elect. The nomination papers had Ernie Doyle of Newmarket and Fred Waghorne of Toronto, down to fight it out for president. It was announced early that Mr. Doyle had withdrawn his name, and that Fred Waghorne gets the post of acclamation. Mr. Doyle, who is now a member of His Majesty's force, pointed out that he may be called to leave Toronto at any time and that he could not give the association the time that is required to stand and stand ready to withdraw and give Ernie Doyle the job if he would stand.

James Labbett is the new treasurer, James Dundas withdrawing his candidature for the job of secretary. The auditors, D. A. Rose and James Stevenson of Toronto go in by acclamation, and the first and second vice-presidents also hold office by acclamation. They are W. J. Westwood of St. Catharines and A. G. Davis of Brampton.

The ten members of the council elected yesterday are: Smith, Toronto; Orangeville; Ed. Sullivan, Toronto; Harry Halpin, Peterboro; Fred Jacobson, Toronto; E. H. Johnson, London; R. E. Van Dusen, Tara; Wm. Crapper, Aurora; E. A. Doyle, Newmarket.

Those present were: President, J. P. Lancaster; secretary, Jas. G. Dundas; past presidents, D. A. Rose, Blaney Maguire, James Stevenson; council, Len Smith, Jas. Labbett.

Delegates: Young, Toronto, Len Smith, C. Parkinon; St. Catharines,

Tony Dixon, Orangeville, Blaney Maguire, Aurora, St. Doyle, Orillia, E. Hinds, Maitlands, L. F. Hocking, Maitlands II, Geo. Dowling, Havelock, T. Dinsin; Benson Messers, F. Parliament, Johnston; Riverdale, Ed. Sullivan.

Fred Waghorne's motion to add a midget series to the association was well supported. It calls for twelve boys to a team, allowing three substitutes, and the boys must be under fifteen years of age on Jan. 1. When a show of hands was called for, not a dissenting vote was cast. The delegates realized that the lacrosse players of the future will come from these youngsters.

Young Torontos were the sponsors for an amendment to cut down the playing members of a senior club from twelve to ten, and allow three substitutes to be used at any time during a match. This met with strong opposition, the delegates pointing out that the association was unable to take part in the games if the playing strength was cut down. The amendment was lost.

Clifford Starling and Dell Dinmore, two boys who turned out and played with the Tecumseh in the midget series last season, submitted petitions for reinstatement. They did not receive the necessary signatures for their services. The Amateur Athletic Union will be asked to rule on their cases.

The auditors reported a small balance of cash on hand. The secretary's report showed that despite the small number of clubs last year, the season was successful and much pioneer work was done for Canada's national game.

A letter was read from Francis Nelson, past president, regretting his first absence in thirty years from convention. Press of business kept Mr. Nelson away. He stated in his letter that he is of the game and expected more clubs in this season to enter the association.

President-elect Fred Waghorne called the convention's attention to the fact that one of lacrosse's greatest supporters was with them in the person of "Tony" Westwood. This well-known lacrosse man has just returned from Flanders, and is expected to enter the service on his return and the delight of the delegates to see him.

The championship medals were presented to last year's champions at the conclusion of the convention. Young Torontos carried off the senior honors; Beaches won the junior champions and Maitlands carried off the juvenile title.

Retiring President Lancaster's address, in part, follows:

Lacrosse in 1917 was a poor one from many standpoints, even more so than 1916, due, no doubt, to the splendid response of lacrosse players to the colors. Lacrosse players have been according to none in their love for country, liberty and fair play, and to that fact is directly due the great scarcity of teams in the different series during the past year. In the fight for freedom "over there," Canada's young lacrosse players have not held aloof and have won undying fame and glory on the fields of France and Flanders. Too often alas, at the sacrifice of their lives. To all such we honor and revere their memory, and to their loved ones, we extend deep and most sincere sympathy.

Despite the few teams entered last year, our association has "carried on" to the benefit of our ability, and we trust will continue to do so until such time as our conditions improve in the great war to our advantage, and I am sure, I but voice the wish and hope of all, that it may soon terminate in a glorious victory for the allies.

We experienced some trouble in the senior and junior series last year. St. Catharines transgressed the laws of our association in their Sunday game for Red Cross purposes at Chicago, and our executive decided to overlook the fault, owing to the object for which they contended, and ordered the play-off. I am certain that all lovers of the game endorsed this ruling of the executive, not excepting those especially concerned. I refer with pleasure to their opponents

WEST END SECOND IN INTERNATIONAL

Only Two Points Behind Chicago in Annual All-Round Athletic Meet.

Many of the West End Y. M. C. A. members who competed in the international hexathlon athletic contest are saying "If I only had exerted myself," the great shield would now be hanging on the walls of the best association in Canada, for the official news from New York gives the championship to Chicago, Ill., Central by only two points.

When one contemplates that the West End has over 2175 men enlisted, many of whom would no doubt have made the team this year, the winning of the Canadian championship by defeating Toronto Central by hundreds of points and the landing in second place in Chicago Central for the international honors is worthy of the greatest praise.

Credits are due to the marvellous athletic committee and the individual members who all season have made it their business to encourage and coach the new blood.

The following is the summary: Class A (the first ten in each event to count)—Chicago, Ill., Central, 4971; Toronto, Ont., West End, 4969; Springfield, Mass., 4967; Rochester, N. Y., Central, 4954; Louisville, Ky., Central, 4944; Toronto, Ont., Central, 4135; Duluth, Minn., 4100; Youngstown, Ohio, 3990; Dayton, Ohio, 3924; St. Paul, Minn., Central, 3867; Des Moines, Ia., 3725; Omaha, Neb., 3667; Kansas City, Mo., 3571; Columbus, Ohio, 3500; London, Ont., Incompletes.

Class B (associations under 2000 membership, first eight men)—Honsolua, 3999; Chicago, Ill., West Avenue, 3215; Brockton, Mass., 3214; Superior, Wis., 3041; St. Joseph, Mo., 2975; New York, East Side, 2907; Gloversville, N. Y., 2758; Savannah, Ga., 2682; Freeport, Ill., 2633; Chicago, Ill., West Side, 2583; Minneapolis, Minn., 2159.

Class C (associations counting the first six men)—Fresno, Cal., 2734; Hattiesburg, Miss., 2483; Lockport, N. Y., 2388; Johnson, N. Y., 2312; Keokuk, Iowa, 2169; Malden, Mass., 1747; Danville, Ill., 2047; Michigan City, Ind., 2026; Easton, Pa., 1937; New York, N. Y., 159.

The following were the records of each event for 1918:

100-yd. dash—15.4, Mr. Berber, Springfield, Mass.

220-yd. dash—55, Gus Clarno, Fresno, Cal. (a world record).

Running high jump—5 feet 9 inches, P. J. McGary, Chicago, Ill.

100-yd. dash—10.8, P. J. McGary, Chicago, Ill.; 6 feet 8 inches, Mr. Sing, Honolulu.

100-yd. dash—46 feet 10 1/2 inches, J. L. Macomber, Des Moines, Iowa.

Highest individual score—Walker, Duluth, Ont., 547; P. J. McGary, Chicago, Ill., 537; T. Bruoker, Louisville, Ky., 535; H. Adam, Toronto West End, 515; Steve Stewart, Gloversville, N. Y., 515; Gus Clarno, Fresno, Cal., 511.

NEW TRANSFER RULE FOR SOCCER PLAYERS

Seven-Day Rule Adopted By Ontario Football Association—Cup Contest.

The semi-annual meeting of the Ontario Football Association was held in Toronto yesterday and was attended by delegates from Toronto and Hamilton. Those present were: J. Guthrie, president; E. B. Muir, secretary; W. Donaldson, S. Clark, G. Hewison (Hamilton), F. Michener, J. McPherson, T. Stirling, A. Beaton and J. Crowder (Toronto).

The association adopted a seven-day transfer rule covering players transferred from one league to another, and also a transfer rule, which will enable a player temporarily residing in a town other than the one in which he is registered to play for the team and still be eligible when he returns to his original town. The rule will be in effect from the date when he was originally registered.

In the case of a player who had signed two contracts, both forms were cancelled, and players are warned that an infringement of this rule in future will be severely dealt with.

Considerable discussion arose over the referee question, and it was decided to register referees individually, and a uniform fee for officiating was fixed.

Once a senior always a senior is the rule in soccer, and two applications for reinstatement as a junior were turned down.

The Ontario Cup will be completed for this season.

OLD COUNTRY ARE IN KENYON FINAL

Defeat Ulster, Two Goals to One, in Opening Game of Season.

The first soccer game of the season was played at Stanley Barracks yesterday, the contesting teams being Old Country and Ulster United in the semi-final Kenyon Cup game left over from last season. Old Country winning by 2 goals to 1. Judging from the crowd present at the game, the soccer people are in for a very successful season, as the largest crowd that ever attended a game at the barracks were on hand, a thousand being the general estimate. The teams lined up as follows:

Old Country (9)—Bennett, Anderson, Fulmar, Taylor, Lorimer, Burns, Lindsay, Hamilton, Logan, Jackson, C. Taylor.

Ulster (11)—Williams, Dobson, Allan, Cardy, Carroll, Brookes, W. Forsythe, Long, Cunningham, G. Forsythe, Reid. Referee—J. Dobb.

Logan kicked off for Old Country, he passing out to Lindsay, who set sail for Williams, but his shot went behind. From the goal kick Reid and Forsythe made a pretty run on the Ulster left, the latter shooting hard and true, but Bennett was right on the job and made a fine save, a corner resulting, which was placed perfectly by W. Forsythe. Brookes shooting behind when well placed, Old Country now put on pressure. C. Taylor missing the post by inches with a beauty. Both teams are putting up a good game, even play being the order for the next few minutes.

Hamilton and Lindsay put in some pretty work on the Old Country right, and the Ulster defence considerable trouble. Carroll tried a long one which just went outside.

A few minutes later Long worked his way clean thru the Old Country defence, and a goal appeared certain, but Bennett again made a splendid save. Old Country now put on the pressure again and after Hamilton and Lindsay had worked pretty down the right, the latter shot, Williams stopping the ball, but he could not clear, Jackson rushing in

put it into the net. It was fairly even from now until half time, which arrived with the score: Old Country 1, Ulster 0. Cunningham restarted for Ulster, and it was soon evident that they were intent on evening it up. Reid and Forsythe soon got busy on the left, the former putting across two fine shots in a matter of minutes, both just dropping over the bar. A minute later Bennett made a glorious save from G. Forsythe. Old Country now had a look in and were pressing hard, when a foul was committed in the dreaded area. C. Taylor was entrusted with the resultant penalty, but shot straight at Williams, who saved cleverly. Considerable feeling was now infused into the game, as a result of which A. Taylor had to leave the field for repairs.

Shortly after this Reid got clear away from the Ulster left and put across a perfect centre, Cunningham pounced on the ball and shot hard and true, Bennett making a great attempt to save. He got the ball, but it went thru his hands into the net, making it Old Country 1, Ulster 1.

Taylor now returned to the field and Old Country put more life into their work. Jackson had a good chance to put his side ahead again from a corner placed by Lindsay, but he shot weakly at Williams, who never ended to end play was the order for the next few minutes, both goalies having some hard shots to stop. Old Country now pressed hotly and a few minutes before the finish Logan put in a pretty shot which Allan deflected thru his own goal. Shortly after this the whistle went for time, leaving Old Country winners of a good game by 2 to 1.

Telephone Economy Talk No. 6

Co-operation

EVERY Canadian is alive to the necessity for unselfish service of some sort, looking towards war-time economy and efficiency.

Where once a few men co-operated in the running of a machine or a business, whole communities are now working together for the welfare of all.

Each telephone call is a temporary partnership between the caller, the operator and the person called.

To get the best out of the telephone so that its task of effecting economies and promoting efficiency may be well done, there must be co-operation.

The person calling must
 Make sure of the number by first consulting the directory.
 Speak distinctly, directly into the mouthpiece.

The operator must
 Repeat distinctly the number asked for, and make quick and accurate connection.

The person called must
 Answer promptly and courteously.
 Speak distinctly, directly into the mouthpiece.

We ask your co-operation in our efforts to make our service equal to war-time demands.

BRITISH HOLD GROUND; ADVANCE IN PLACES

German Suffer Exceedingly Heavy Losses Losing Prisoners at Various Points.

London, March 29.—On the Somme the British have maintained their positions and gained ground in places by successful counter-attacks, the war office announces.

After holding their line all day in the face of repeated assaults by numerically superior enemy forces, the British retired a short distance from their advanced positions at some points.

The Germans again suffered exceedingly heavy losses. The British took prisoners.

The statement follows: "Further strong attacks were made by the enemy yesterday afternoon and evening at several points along the battle front. North of the Somme our troops have maintained their positions and have gained ground in places by successful counter-attacks. A number of prisoners and machine guns were captured by us in this fighting."

"The enemy again suffered exceedingly heavy casualties. His frequent attacks, which were pressed with great determination throughout the day, gained only our outpost lines, after several hours of severe hand-to-hand fighting. His reserves were then sent forward against our battle positions, and were everywhere thrown back with great loss. Our machine guns, artillery and rifle fire did great execution upon his ranks."

"South of the Somme also heavy and continuous fighting took place until late in the evening. Our troops, after maintaining their line all day in the face of repeated assaults by superior enemy forces, have withdrawn a short distance from their advanced positions."

"Paris BOMBARDED AGAIN. Paris, March 29.—The long range bombardment of Paris was resumed shortly after 3 o'clock this afternoon."

The Book of the Year

The "Guide"

To the J. ROSS ROBERTSON HISTORICAL COLLECTION in the Public Library, College Street, Toronto.

Everyone interested in Canadian History should have the volume. Its contents show what art has done from 1755 to 1917 for Canadian History. An edition of a thousand copies of the "Guide" has been issued and will not be reprinted.

This Collection contains every known picture that has been made concerning Canada from 1755-1917. There are 5,000 pictures in the Collections—3,715 in the lower Art Room, first floor, and 1,285 in the upper Art Room, second floor of the Library Building.

These originals and reproductions in every known form of art show in picture form Landmarks of Canada in its city and country, from the Atlantic to the Pacific, and from the Arctic regions south to the Great Lakes. This includes every known picture, either in original form or reproduction, of the cities of London, Toronto, Kingston, Brockville, in Ontario; Montreal and Quebec, in the lower province, and Halifax, N. S.

There are in the Ornithological Collection 400 pictures, 220 of which are magnificent water colors, equal if not better, in many cases, to the productions of Audubon, the noted naturalist.

It is the only collection in the world where a special system of inspection and keying has been followed.

What Mr. Geo. H. Locke, the Chief Librarian, says about the "Guide":

"The Guide" is a volume of 600 pages, describing in detail the 3,715 prints in the J. Ross Robertson Collection, which has been visited by 75,000 people since its opening in 1912.

"The Collection is impressive even to the man who thinks in dollars; it is interesting to those who find in it familiar scenes and faces, recalling early Canadian history; it is illuminating to the student, and by its national character awakens the deepest emotions in the minds of all who visit the Library."

"To the boy and girl at school, the young man and woman at college, whose knowledge of Canadian history is but an acquaintance with the dry details of a text book, and to the old people who have made Canada their home, this Collection is a means of education and recreation."

"The volume is not a mere catalogue. It is a topical history of Canada from the days of Wolfe."

"No public or private library in Canada should be without the volume."

The price, \$2.00 per copy at the counter in the Library, or at the office of The Evening Telegram, \$2.25 to subscribers outside Toronto, and ten and sixpence per copy in Great Britain.

WRECK AT WHITE RIVER One Man Fatally Injured and Much Rolling Stock Damaged.

Montreal, March 29.—One man was fatally injured and some small damage was done to the rolling stock of the C.P.R. when two freight trains collided at Grasset, near White River, Ont., this morning. The accident was the result of a misunderstanding of orders. The man who lost his life was Lorne Berry, Merrickville, Ont., a stockman, who was crushed under material in the car in which he was riding.

TO LIONIZE SHACKLETON. Lima, Peru, March 28.—The society people of Callao and Lima are preparing a splendid reception for Lieut. Sir Ernest H. Shackleton, the explorer, whose arrival here is expected within 24 hours.

GERMANS IN NEW BLOW. Amsterdam, March 29.—The German supreme command is about to deliver a new and mighty blow on another part of the front which will "tear a new hole in the already pierced enemy ring." The Vossische Zeitung of Berlin declares.

LONDON REGARDS BATTLE AT CRISIS

German Occupation of Montdidier Serious, But Not Disastrous.

London, March 29.—Editorials in the morning newspapers today comment in grave but confident tones on what the majority characterizes as a fresh crisis in the battle. The Daily Mail, alluding to the "new enemy thrust at the French," says:

"The question is whether the French can beat back this new and terrific attack. Southeast of Montdidier they recovered nearly two miles of ground yesterday by a dashing counter stroke, but Montdidier still remains in the hands of the Germans."

Emphasizing that the Germans continue to hold Montdidier and are "apparently astride the main railway line from Amiens to Paris," the Daily Express says: "This is serious if the advantage can be held; yet it is of great importance that the French line is still unbroken. It would be as great a folly to take a too optimistic as a too pessimistic view of the situation. The struggle is not over. We must abide the issue calmly and go about our business unperturbed in the spirit which animated our forefathers in kindred emergencies."

PERSHING OFFERS U. S. ARMY. Paris, March 29.—General Pershing called on Gen. Foch at headquarters yesterday, according to L'Information, and placed at his disposal the whole resources of the American army for employment in the battle now in progress.

NEW GERMAN DRIVE. London, March 29.—The beginning by the Germans on Wednesday of an offensive in the direction of Kursk, 300 miles south of Moscow, is reported in the Petrograd newspapers, according to a Reuter despatch from that city. German advance guards are reported to have been seen twelve miles from the town.

PEACE WITH TURKEY. London, March 29.—The Caucasus Diet after proclaiming the independence of the country, has approved the basis of a separate peace agreement with Turkey, Reuter's Petrograd correspondent reports. The agreement is said to provide autonomy for Armenia and re-establishment of the frontiers as they were before the war.

GERMAN NOTE TO RUSSIA. London, March 28.—An Exchange Telegraph despatch from Moscow says Germany has addressed a note to the council of Russian national commissioners asking its attitude towards President Wilson's proposal to assist Russia to continue the war. In reply the commissioners merely sent a copy of the cablegram despatched to Mr. Wilson by the Moscow conference.

Are you Selling your Soul for the Lure of the City?

An Announcement Addressed Particularly to Single Men — and Their Employers

- NOTE—**
In listing the following classes of labour from which farm help may be reasonably drawn, we respectfully exclude all returned soldiers engaged in these occupations. They have already DONE THEIR NATIONAL SERVICE.
- Shoe Shiners
 - Soda Fountain Dispensers
 - Jewelry Salesmen
 - Shoe Salesmen
 - Men's Wear Salesmen
 - Women's Wear Salesmen
 - Florist's Salesmen
 - And every other class that can be included under the heading of Store Clerks or Store Salesmen.
 - Commercial Travellers
 - Lunch Counter Waiters
 - Hotel Waiters
 - Bell Boys
 - Restaurant Clerks
 - Book-Keepers
 - Typists
 - General Office Assistants
 - Theatre Ushers
 - Grocers' Assistants
 - Hardware Assistants
 - Drug Store Assistants
 - Messenger and Delivery Boys.
 - Shipping Clerks
 - Warehousemen
 - Music Store Salesmen
 - Chauffeurs
 - Carters
 - Drivers of Delivery Wagons
 - Street Car Conductors
 - Elevator Operators
 - All General Labourers who can reasonably be spared.
 - House to House Canvassers of all Classes and Grades.
- This list by no means includes all. There are many other non-essential occupations in our times, and those who are engaged in them would do well to consider their abandonment in favour of farm work.*

Get away for a moment from the clamour of the street; go into your room, at once, or to-night if you are not now at home, and ask yourself this question:

"Have I actually done anything that could count as National Service for my country during the forty bloody months of her suffering?"

Put down in hours the actual time that you have worked. Then, if before your conscience you can say, fearlessly, that you have done a man's service to your country, well and good—we know that you will do even more. But if there is the thought drumming through your mind that all—everything—that you have done, is a mere nothing, just a sop to conscience, then as you are worthy of your manhood, make a speedy decision to devote the next few months of your life to National Service.

Outside of our armed forces only one kind of civilian labour ranks as National Service for men. That is Service on a farm.

That is why the Government in all seriousness exempted the farmer and the farmer's helper from military service.

If you are not quite sure whether your work could be done by a woman consult the list of occupations. These do not include all occupations. There are many others.

Sheer necessity urges that many men in these occupations should give place immediately to women, while they, the men, take up farm work temporarily.

This applies particularly to single men who can move with little or no inconvenience. Positions can also be found for married men who wish to move their families to the country.

Organized Labour Endorses This Crusade---Remember That!

In a memorandum to members they specifically, as a matter of national necessity, agree to:

- (a) The exemption from compulsory military service of all farm help.
- (b) The substitution of female for male help in order that certain classes of male help may be released for essential National Labour Service, that is, Farm Labour.
- (c) The stipulation that women who temporarily replace men who go upon the farm shall receive the same pay for service equal to the man replaced, so that the rates of wages for men shall not be lowered.

Farm Wages are Good

At present farm wages with board are in many cases equal to, if not better, than city wages without board. So that the handicap of wages should not be magnified.

A day of reckoning is coming; a day when that irresistible force, Public Opinion, will judge a man by his work, and will judge employers by the work they are retaining men to do.

Men and women will look hard at the clerks in stores, offices, warehouses and factories. We are down to elementals to-day, and our people will not tolerate the thought that while so many of our sons are perishing in

the bloody struggle in France, so many men are doing work that can easily and efficiently be done by women without sacrifice to their womanhood or health.

Remember Your Effort is Voluntary

The production of food is the paramount work of Canada to-day. In going to work upon a farm, the farm is actually your channel of National Service. That is the attitude you should take towards the matter.

We owe it to our nationhood and to our Allies, who stand with us through the Ordeal by Battle to see that no effort is spared to insure to them a sufficient food supply.

Don't dismiss this matter from your mind. Enroll for service quickly. Send your application to the District Representative of the Department of Agriculture in your County, or apply at the local public employment bureau or fill out the coupon below and mail it to the address given.

ANOTHER MONTH OF HARD FIGHTING

Battle Will Last Perhaps Even Eight or Nine Weeks More.

TO UNDO ENEMY GAIN

Coming Counter-Stroke of Allies Will Seek to Turn Tables.

London, March 29.—Referring to Premier Lloyd George's urgent appeal to the United States for men, as sent thru Earl Reading, British high commissioner, The Daily Mail says: "This nation and its allies must be prepared for another month, or perhaps two months, of continuous fighting. To meet the stupendous efforts and evidence of determination of the enemy, our efforts and those of our allies must be on an equal scale."

The newspaper then briefly sums up America's effort since entering the war nearly a year ago, and continues: "With this record many Americans are by no means satisfied. It hurts them to think that in the battle of battles they are not playing a greater part. We think their self-reproaches exaggerated, but undoubtedly the German offensive will not have been without its use of it spurs America to concentrate on the problems of raising and training the greatest number of trained soldiers. That is the main assistance America can render us at this crisis."

Wants Counter-Strikes. The Daily News, considering the situation serious, calls for entente counter-strokes saying: "In the nature of the thing only that which could conceivably give ground for serious disquietude to the friends of the allies has been the prolonged absence of any sign of reaction on the part of the French and British armies." This paper concludes that the question is a tactical one, and says: "Other things being equal, the psychological factor involved in any prolonged delay is not to be overlooked. Both the French and the British people have borne with admirable firmness, and fortitude the slow advance of the German. The Daily Chronicle hints at a coming entente counter-stroke, saying: "The seriousness of the loss of Montdidier, which was a heavy blow to the Allies, is difficult to estimate as we have no indication as to the breadth of the front at that point, because otherwise the reaction of the Allies would be more pronounced. The further the arrow heads of this advance are driven, the more important these questions of breadth become. The Allies are now exposed himself increasingly to counter-strokes against his flank similar to those which we suffered at Cambrai."

To Undo German Advance. "While the allies naturally are fighting their hardest to prevent the enemy from gaining further ground it is unlikely they will devote their main reserve to this task. The object of the Allies in these circumstances is to concentrate is not to check the German advance, but to undo it, and in that sense the most important phase of the battle has not yet developed."

"We remain confident of ultimate victory," The Daily Chronicle concludes. "The Allies are now in a position to gain to us and a proportional disquietude to the enemy. He is disquieted by the fact that the Allies are now concentrating in the west, and that the German advance, but to undo it, and in that sense the most important phase of the battle has not yet developed."

"The Hun mass attacks on the north coast of France, which have been met, 4 adds, 'and the enemy is not gaining anything worth a title of the enormous losses inflicted on the Allies in the east. The Allies are doing extremely well. The possibility of further retirements is not ignored, but taking the whole battle-field into review, it is considered that the situation is well in hand.'"

Easter Saturday At Simpson's

The Men's Store Holds the "Trump Card" When It Comes to True Economy in Men's and Young Men's Better Clothing

There is only one road to true economy---it leads to quality and price, rather than to price alone!

This, of course, means guaranteed quality, fine tailoring and all-wool fabrics. Such clothing are real economy---they retain their style lines and wear longer.

Now then, since quality plays such an important part in true economy---when every item of production that gives service and appearance is esteemed, when merchandise of reliability is most desirable---

The Men's Store Has Been Organized to Reduce Living Cost

by offering you quality in carefully tailored garments at the lowest possible prices.

Notable as were the values offered a year ago when woollens were less expensive, favorable circumstances permit us this year to extend to you even better values because of the high standard of quality in which our clothing has been maintained.

Stocks and Assortments Are Even Wider and Better, Containing Models in Suits and Overcoats From No Less Than Twelve Canadian Designers, Supplemented by Original Styles From Kuppenheimer and Hart, Schaffner and Marks, Chicago; Micheals-Stern, Rochester, and Heidelberg-Wolfe, New York.

Every man in Toronto, and elsewhere for that matter, owes it to himself to see just what the Men's Store can do for him in the way of better styled, better made clothing. The doors are open to every man, let him come any time, if only to compare. Come today!

A Sale of Men's Overcoats

This lot is composed of the season's most popular models: The Trencher, with belt all around; the English slip-on, with natural shoulder, close-fitting collar and full back; and the standard Chesterfield. Materials are exceptionally good, plain grey and black all-wool cheviots and vicunas; English and Canadian fancy tweeds, in grey and black, brown and grey mixtures, and Donegal effects; also some novelty shades in brown and heather mixtures. They are well tailored, and perfect fitting. Regular \$18.00, \$20.00, \$22.00 values. On sale this morning, while they last, \$13.95.

A Sale of Men's Easter Shirts

The materials in them are extremely handsome, in the season's newest patterns---fancy and cluster stripes, in fast colorings of blue, helio and also black---including many two-tone effects. They are all coat style, some with double French soft cuffs, others with laundered stiff cuffs. It will pay you to purchase your summer supply from this sale. Sizes 14 to 17. On sale today, 8.30 a.m., at \$1.29, or four for \$5.00.
