

### BUNGLING TO STOP OR CITY WILL ACT

#### Reception of Returned Men Described by Aldermen as Scandalous.

#### LOCATION OF "MOVIES" Government to Be Asked to Prohibit Them Near Churches.

Sharp criticism of the government for failing to make proper provision to receive the men who returned Sunday night was made by Alderman Ramezed at the opening of the council meeting yesterday afternoon. The alderman stated that he was at North Toronto station during the evening, and saw many women in an exhausted condition that night.

"The matter has already been brought before the federal government," said the mayor, "We are now in the fifth year of the war, yet the same state of things is allowed to exist. If nothing is done we will have to take other means of dealing with the situation."

Mr. Brown pointed to the situation around the city hall "A magnificent building is surrounded by shacks—a diamond set in mud." He urged that the city should take steps for social service.

A deputation from the Great War Veterans' Association asked that civil insurance be paid to dependent parents, widows and orphans, no matter where resident. Also to dependent sisters and brothers.

The deputation expressed themselves as satisfied with a motion to pay to widows, fathers, mothers, children and brothers and sisters, where dependency cannot be shown.

A recommendation to appoint F. Workman a temporary clerk in the audit department, was referred to the board of control. Controller McBride objected to the appointment owing to the fact that it was against the ruling of the council that returned soldiers be appointed to civil positions.

The recommendation of the board of control requesting that a memorial be presented to the Ontario Government asking that provision be made in the regulations respecting moving picture theatres, to prohibit the erection, operation and location of any moving picture theatre within 200 feet of a church or Sunday school, was passed by the council.

A memorial will be presented to the provincial government requesting that, after the payment of \$60,727.00 by the municipality at the close of the present year, as provincial war tax, the government will discontinue the tax. The resolution was carried unanimously.

Without any comment the city council granted the two-year extension of \$20,000 to assist that institution in meeting its deficits. The Hospital for Sick Children was granted \$40,000 to help that institution in its deficit of \$89,735.75. Both of the grants were recommended by the board of control. It was pointed out that in such cases it was the city's duty that were cared for. The outbreak of Spanish influenza among the children of the city was mentioned.

The letting of contracts for material to firms located outside of the city, or if they should go to firms located in the city, was the subject of a long discussion. The part of members of the city council, when the question of tenders for fire hose of the fire department came up for consideration.

It was the opinion that Toronto firms should get the civic business. After lengthy discussion the contracts were awarded to the Dunlop Rubber Company, 2500 feet of hose at \$1.40 per foot, and the Gutta Percha Rubber Company, 2500 feet of hose at the same price. Four firms submitted the supplies, and all submitted the same price with the exception of the Goodyear Tire and Rubber Company, who offered a slightly cheaper grade of hose at \$1.30 per foot. This hose, the fire chief stated, while not as good a grade, had up to the present stood the test. On the vote of 10 to 5 the contracts were awarded as above.

**Want Kaiser Punished.** Ald. Ball, seconded by Ald. Cowan, presented the following resolution, which was carried by the council: "Whereas during the period of the great European war crimes were committed by Germany against all human civilization, and whereas it is essential that those crimes be expiated by the future generations it is resolved by this council that Sir Robert Borden, as one of the representatives of the allied peace conference, be requested to press this view before his colleagues so that adequate punishment will be meted out to the ex-kaiser and his confederates in accordance with the heinousness of the crimes committed, and that a copy of the resolution be forwarded to Sir Robert Borden."

Council passed a resolution urging that the returned soldiers be brought back as units, and not in sections as had been suggested by the government. The resolution of Alderman Ryan, in order that an official welcome could be given to the city.

The resolution of the city solicitor requested to apply for legislation to provide for the government of the city by a commission, and that the following question be submitted to the electors at the approaching elections: "Have you in favor of the city being governed by a commission composed of five members?" was referred back to the legislation committee after a lengthy debate.

### TORONTO RAILWAY OBJECTS TO FINE

The case between the City of Toronto and the Toronto Street Railway came to life again yesterday, when James W. Bain, K.C. for the Toronto Railway renewed his appeal from the fine imposed by the Ont. to Railway Board for the non-appearance of new cars. Sir William McElduff thought that Mr. Bain was misapprehending his remedy. He thought that he ought to have asked the railway board to agree the order respecting the new cars. Mr. Bain concluded that the act does not say that he should go to the board, and that the legislation had no such object in view in giving the board power to fine.

### SAYS BANCROFT WAS KAISER'S DELEGATE

Controller McBride Makes Strong Attack on Well-Known Labor Man.

There was a warm time in council last night when Alderman Ball introduced a resolution that the city treasurer be, and is, hereby requested to lay accounts now outstanding in connection with the royal commission regarding the arbitration proceedings on the wages of civic employees.

Controller McBride, as soon as the resolution was presented, jumped to his feet and in a wild burst, stated that he had a letter from Oler Wade to the effect that if the money was paid to Fred Bancroft and Thomas Stevenson, who were on the board, he would take out an injunction against the city council.

Major Buchanan, the government pension commissioner, will attend the head-quarters of the W.V.A. at Belmont Hall, Earlscourt, on Wednesday.

The annual meeting and election of officers in connection with the RIVERDALE Waterworks Association will take place at the Leaside street school on Wednesday, Dec. 4, at 8 o'clock.

The annual meeting and election of officers of the Canadian Tippler Association was held last night in Brunswick Hall and a new hall by the name of Brown, president, Isaac Porter, vice-president, James Hearn, treasurer, James Taylor, rec. sec. Executive committee: W. J. MacNeil, secretary; W. J. MacNeil, William Taylor, Tom Dawson, Donnelly, Frank Charles Brown.

Rhodes Avenue Presbyterian Church completed a very successful financial campaign and every member canvassed last evening. On Nov. 27, the church received \$10,000 in contributions.

Controlled McBride: "Now Mr. Alderman, you are trying to evade public opinion. You can't put that over in this council. Your paper had one libel suit and now you are drawing in your horns."

The council favored payments to Alderman Plewman moved that the number of a derrick be reduced from three to two in each ward. The question will be submitted to the people at the next election. A by-law will be drafted in time for Friday's special meeting.

**City vs. Toronto and York R.R.** Arbitration Called for Dec. 17. Arbitration between the city and the Toronto and York Radial Railway will be continued on Dec. 17, the date set by the Ontario Railway Board. On Friday, the Toronto Railway Company will appear before the Ontario Railway Board to report on the service that it is rendering.

Gunn, C.M.G., D.S.O., New Toronto district, who was stated last night he would hold a conference with Secretary Warwick of the War Reliefs Commission, take up the matter of lists of returning soldiers, and make a request to Ottawa for a new plan of arrangements for troops arriving in Toronto.

### FOOD BOARD ORDERS THE NOW RESCINDED

#### Changes in Food Regulations Following Upon Signing of Armistice.

Ottawa, Dec. 2.—Changes in the food regulations following upon the signing of Nov. 11 insofar as they affect the civilian population are summarized in a special circular from the National Food Board statement as follows: Compulsory restrictions of the amount of flour which may be held in store by dealers, householders and others have been rescinded.

The use of substitutes by manufacturers for wheat in the making of bread and householders are no longer compulsory, but in order to conserve the stock of substitutes already on hand, the food board wishes the most possible voluntary use of them to be continued.

Restrictions on the quantity of bread served at public eating places are now rescinded.

Manufacturers may make and sell doughnuts, biscuits, crackers, Scotch shortbread, cakes and French pastries provided they use vegetable fats only. Cakes and biscuits filled with lard, and other confectionery, may not be made and sold.

Conservation regulations of bread are still in force and are still important, in view of the restrictions at the present time in the future.

Until the end of the year the regulations of the consumption of sugar will be necessary after which it is hoped the new crop will be available.

#### WILSON INSISTS IT IS HIS DUTY

Will Attend Peace Conference, as His Principles Have Been Accepted.

Washington, Dec. 2.—Declaring for "modified private control" of the nation's railroads under unified and greater public regulations, President Wilson today spoke out against a return to the old conditions of railroad operation.

In his annual message to a joint session opening the short term of the "reconstruction congress" today the president outlined this and other measures as his policy of readjustment. At the same time he explained his peace trip to Europe as one that was his "duty" to make.

President Wilson formally announced his intention to go to Paris for the peace conference, saying the principles announced by him for peace, and it is his paramount duty to be present. The president said he would be accompanied by cabinet members and that congress would know all that he does on the other side.

Right of Women. After devoting the introduction of his address to the exploits of the American nation and to tributes to the men and women who worked at home, President Wilson said: "And what shall we say of the women? They have added a new lustre to the history of the American nation. The least tribute we can pay to them is to make them the equals of men in political rights."

It is surprising how fast the process of return to a peace footing has moved in the three weeks since the signing of the armistice. It promises to outrun an inquiry that may be instituted and any aid that may be offered.

The ordinary and normal processes of private initiative will not, however, provide immediate employment for all of the men of our returning armies. A large floating residuum of labor which should be left wholly to shift for itself. It seems to me important, therefore, that the development of public works of every sort should be promptly resumed. I particularly direct your attention to the very practical plans which the secretary of the interior has developed for the reclamation of arid, swamp and cut over lands, which, until the states were willing and able to complete, would have cost 100,000,000 acres of land for cultivation.

Needs of France and Belgium. It is not a special word of the president that "about the needs of Belgium and northern France? No sums of money paid by way of indemnities, but the hope that the people of Belgium and northern France will be able to save them from hopeless disaster for years to come. Something more must be done than merely to pay the money. I hope, therefore, that the congress will not be unwilling, if it should become necessary, to grant to some such agency as the war trade board the right to establish priorities of export and supply for the benefit of these people.

Referring to his announcement that the French and British Governments had removed all cable restrictions upon the transmission of news of the conference to America, the president said he had been over the American cable systems on expert advice so as to make a unified system available.

Regarding the railway problem the president said: "The question which causes me the greatest concern is the question of the railway. I frankly turn to you for counsel upon it. I have no confident judgment of my own. I do not see how it is to be solved without bias or prejudice. Nothing can be gained by economic arguments of any particular plan of settlement. It was necessary that the administration of the railways should be taken over by the government so long as the war lasted. It would have been impossible otherwise to establish and carry through a single direction of the necessary priorities of shipment. But all the necessities have now been served, and the question is, what is best for the railroad, and for the public in the future?"

Exceptional circumstances and extraordinary conditions may be met in the future, but the government should be prepared to meet them.

#### FEW TO BE DISCHARGED IN BRANFORD FACTORIES

Brantford, Dec. 2.—The many have been discharged by munition industries in Brantford, who are expected that there will be only one or at most two Brantford firms to take the place of the munition factories which were manufacturing munitions some time ago having ceased that work before the expiration of the armistice. This city is thought to be in a good position on account of the fact that the city was not a part of the munition industry before the end of the war. The fact that Brantford is affected by the unemployed of other cities and towns here this city will be in a splendid position, owing particularly to the great need for agricultural implements.

### DISCUSS PROBLEM OF DEMOBILIZATION

Sir James Loughheed and Officials Meet Secretaries of Soldiers' Commissions.

Ottawa, Dec. 2.—The problem of demobilization and the measures already taken in hand by the Dominion Government, together with the question of the co-ordination of Dominion and provincial government efforts will be the subject for discussion at tomorrow's session of the inter-provincial conference between the secretaries of the Provincial Returned Soldiers' Commissions and the officials of the department of soldiers' civil reestablishment.

The conference will likely last tomorrow and Wednesday. It opened at one o'clock today with an address of welcome by Hon. Sir James Loughheed, minister of soldiers' civil re-establishment, and E. Scamwell, assistant deputy minister and former secretary of the old military hospital commission. The secretaries present today were: P. A. Hughes, Prince Edward Island; J. Pye, Quebec; J. Warwick, Ontario; A. Pearce, Manitoba; G. P. Weir, M.C., Saskatchewan; H. Stubbart, Alberta, and G. F. Pyke, British Columbia.

Touching upon the problem of demobilization and employment for the returned soldiers, Sir James Loughheed expressed his hope that the provinces would co-operate, and went on to outline the general scheme of co-ordination of all the government departments.

Discussion during the afternoon session was mainly confined to the demobilization of the returned soldiers and hospital and sanitation training and pay and allowances. An interesting feature of the afternoon was an address by Capt. E. A. Baker, M.C., and Croix de Guerre, a blinded officer who is in charge of the department's care of blinded soldiers. In the course of his address Capt. Baker revealed that at present there are in training this winter 110 afflicted men, of whom about 20 have totally lost their sight.

**Mother Obtains \$3000 For Daughter's Wrongs**

Verdict for \$3000 in favor of the plaintiff was brought in yesterday by the jury in the case of Henrietta Storer v. Alexander Skene, in which Mrs. Storer sought \$5000 damages for the seduction of her daughter, aged fifteen. The verdict had been sealed, Mr. Justice Lennox having had to leave the city before the jury had de- cided the merits of the case. T. J. Pheasant, counsel for the defense, moved a non-suit on the ground that the young mother's father was alone vested with the right to institute pro- ceedings against the defendant. It was pointed out that Miss Storer's father had died before she was born. Mr. Justice Latchford yesterday re- ferred the case back to Mr. Justice Lennox.

**POTATO SEED FROM NORTH ONTARIO**

Reports on the potato experimental plots established by the department of agriculture of the provincial govern- ment in the various counties of south- ern Ontario indicate that seed from northern Ontario produced a larger potato harvest than seed from south- ern Ontario and New Brunswick. It was found that the Green Mountain variety from the maritime province produced more heavily than similar seed raised in the older portion of Ontario, whereas seed of the Irish Cobbler of the Ontario variety yielded more abundantly than that from New Brunswick. In every case, however, the seed from the northern part of Ontario produced a more abundant yield.

The department of agriculture un- dertook this experiment last spring. Small plots were established in each county, in which were planted samples from each of the three portions of the Dominion designated. According to returns received by the department, the crop from the northern Ontario seed averaged 159 bushels to the acre, whereas the average from the other two samples was 159 bushels. The ex- periment will be continued during the next two seasons.

**LOGIE'S SUCCESSOR TAKES OVER COMMAND**

Statement of Col. J. A. Gunn, C.M.G., D.S.O., on As- suming Office

The following statement was issued by Col. J. A. Gunn, C.M.G., D.S.O., on assuming command of No. 2 military district:

"I appreciate the honor conferred upon me in being appointed by the honorable the minister to temporarily command No. 2 military district, the largest and most important military district in Canada. Particularly, I feel my responsibility, succeeding, as I do, my good friend Major-General Logie, who has worked so faithfully and successfully since the outbreak of war.

"For over four years I have had an opportunity of learning something of the work required to be done over- seas, but I am frank to admit that I feel sufficient credit has not been given those officers and men, who from forces of circumstances have had to bear the heat and burden of the day in Canada, and face just as se- rious problems as those overseas.

"It is a matter very dear to me to command the district in which I first commenced my military work, and one that has furnished about one-quar- ter of the number of men sent over- seas by Canada. On going thru this city upon my arrival a few weeks ago, I was greatly touched with the sym- bol of service exhibited in the sym- bol of mostly every house, and my heart was full when I learned that a little red maple leaf meant that a dear one had made the supreme sacri- fice. To the women of this district and foreign mission boards, the largest debt of gratitude that can never be repaid, for they are in no small measure responsible for our country's magnificent effort. We can never ap- preciate their suffering, brought about by the uncertainty of the fate of their dear ones.

"In taking over this command, I would like the women to realize that my chief thought is their interests and those of their gallant men. Those officers and men who are giving of their time and means to bring about a readjustment of the conditions France,

### NO WASTE

The Canada Food Board, the Food Controller of Great Britain and the Food Controller of United States all agree that there MUST BE NO LEFT-UPS on saving meats this winter. Remember, the shortage is so acute it is known that about twenty millions are starving now in Europe. We must save our meats.

Do not confuse these fish with the ordinary salted and dried codfish. These are fresh and frozen at coast as taken from the water. They are equal in delicate flavor to any lake fish caught. Thaw in cold water.

#### WOULD NOT PAY FOR SHOE LEATHER

Trustee W. O. McFargart pointed out that a number of the eighty-eight temporary teachers would only have been employed for one or two days a week.

Chairman C. A. B. Brown considered that a fair adjustment would be the payment of one day's pay, although they were not technically employed for any payment for the last time.

In cases where teachers on the temporary staff had been engaged for a definite extended period, to take the position of teachers given leave of absence, full pay for the time the schools were closed down was recommended to the board.

Dr. Caroline Brown said the day's pay would not pay for shoe leather. A detailed report was requested from the board of inspectors.

# No Child Has Ever Had Too Much Milk---

THAT'S a startling truth!

You can give a child too much vegetables, too much meat, too much sweet-stuffs—too much of any food but milk.

That's because milk is Nature's most perfectly "balanced" food. It contains elements that build muscle and bone. Some that repair worn-out tissue. Some that nourish the nerves.

But no matter how much milk you give a child it is better for it. Because milk is easily digested. Because milk helps digest other food more readily. Because milk does not overtax the stomach.

Children who get lots of milk to drink have the fresh, rosy cheeks, the clear eyes, the happy healthy smile that you admire.

No matter what age your children are so long as they are growing they need Farmers' Dairy milk and lots of it.

Girls, for instance, going to high school and submitting to continued nervous strain will find drinking lots of this rich, nourishing milk wonderfully beneficial.

Begin, to-day, to see that your children get just as much milk from the Farmers' Dairy as they need. Remember it is a mistake to be sparing with milk. It is the most economical food in the world. Why try to make a pint do the duty of a quart?

Be sure the Farmers' Dairy white-and-gold wagon stops at your home to-morrow. If milk is worth getting at all, isn't it worth getting from the most modern and best equipped dairy on the continent?

#### SOLDIER BRIDES MET A COOL RECEPTION

Wearry Women Pass Hours of Waiting for Transportation Facilities.

The first trainload of women passengers from the Metagama, numbering about two hundred, arrived in the city yesterday morning and met with a cool and tiresome reception. They had to pass many hours of waiting till the transportation facilities of the city commenced for the day.

Some of them were Canadian women who have been stranded in England since the early days of the war. Many of them had little children, to whom the tedious waiting in the station was a sore trial. These children were fine stout kiddies, who did not seem to have suffered much from the severity of food restrictions in the mother country.

Some of these ladies had left their soldier husbands in England and France. One lady, the wife of Pte. R. Raymond, of the 1st Canadian contingent, who is still in France, said she had come ahead to prepare a home for her husband when he returned. Another lady who has come to Canada to make a home among her husband's people is Mrs. J. Ferguson, the widow of Pte. J. Ferguson. She brings with her a young child, her old son. Another war bride in the number is Mrs. Pte. T. Miller, of 27 Bantlett avenue, whose husband is still overseas.

#### FUEL SITUATION SERIOUS.

That the anthracite fuel situation will be serious in this province was made evident by a statement issued from the food controller's office. It will apparently be necessary to get along on 30 per cent. less anthracite coal than last year.

#### PROMISES UNFULFILLED.

Promised increases to the lesser officials of the custom officers have been paid to only eight out of a total of 250 employees, and many of those who failed to receive the increases are up in arms against the unfulfilled promises.

#### VICTORY BONFIRES FED WITH GERMAN TROPHIES

Among the officers who arrived in the city yesterday from Europe was Capt. Chaplain Steel of the Salvation Army. Capt. Steel went overseas early in the war, and for the last two and a half years has been attached to the headquarters of the Canadian corps in France. He has been through all of the recent fighting in which the Canadian forces took part. To a representative of The World he said: "The spirit of our Canadian boys at the front, through all their hardships, has been simply wonderful. The Canadian troops exhibit a degree of courage amounting to the highest daring, which is not always found in all the armies."

Capt. Steel also stated that the imperial troops themselves acknowledge that the Canadian infantry are unequalled in fighting qualities.

There are five Salvation Army chaplains with the Canadian army in England and France. Capt. Steel's duty called him into the front line in every battle where our boys were engaged, but he modestly refused to talk about himself. He was in London during armistice week. The city was hilarious with delight. Bonfires were blazing in Trafalgar Square, and the flames were fed by captured German trophies.

PLAYS, PICTURES AND MUSIC

BIG SHOW AT ALEXANDRA.

It's a big New York show at the Royal Alexandra this week, the kind of show that the theatre trusts to move in to attract the crowds, and to vitiate the taste of the provinces. It isn't a bad guess that the producers like to have their taste vitiated, and probably the display of the lingerie modes in "Take It From Me" is not entirely calculated to have an elevating effect. Anyhow, the audience goes wild over it, and cannot have the fleeting glimpses of what one of the characters call "underalls" too frequently repeated. Altogether the costumeing is a special feature and the dresses of Queenie Labelle (Versa Michelena) were particularly gorgeous. Miss Michelena used several good musical numbers and used a powerful voice with excellent effect in the title song, "To Have and to Hold," and in the novel and attractive "Camouflage." Leona Thompson as Grace Gordon, had a charming part and sang with much grace and cleverness. She was encircled several times in "The Call of the Cossack Lullaby" and "A Penny For Your Thoughts."

"THE BORDER WIRELESS."

That screen hero with the grim face, Wm. S. Hart, appears in "The Border Wireless" at Loew's Theatre and Winter Garden this week. He is noted by a band of German spies who have set up a wireless outfit on the Mexican border and are sending secret messages thru to brother conspirators, which is a serious menace to the welfare of the U. S.; but in the end the hero succeeds in over-throwing the Hun.

PARISIAN FLIRTS AT STAR.

Bigger and better than ever, the Parisian Flirts Company opened their season's engagement at the Star Theatre yesterday with a crowded house to "Resista," a typical burlesque. "Resista" as you like it" is the motto of the company, and it would be hard to find one lagging moment in the performance. The book and lyrics are original and snappy; everything in the line of new patter and song is introduced, and this decided sidestep from the time-worn path of the usual burlesque show made a decided hit with the audience. Al Raymo is the leading comedian of the organization, and for a typical representation of a son of Italy, Raymo stands in a class by himself. Not only does he impart the joys and afflictions of the race, but he has that rare gift, a true perception of the fine line which divides the sublime from the ridiculous and makes his work stand out as a masterpiece. May Bernhardt, a clever little soubrette, plays the part of a social reporter, and her acting, comedy and dancing ability, made the biggest kind of a hit with the audience. Chas. Robinson has a part in the play, and his position one of the best that have appeared at the Star this season.

GOOD VAUDEVILLE AT SHEA'S.

A capacity house marked the matinee performance at Shea's yesterday, when Frank R. Hoxby and his company of twenty featured the bill, the principal appearing in a fine comedy role and getting excellent support. The clever Frank Hoxby and his company of twenty featured the bill, the principal appearing in a fine comedy role and getting excellent support. The clever Frank Hoxby and his company of twenty featured the bill, the principal appearing in a fine comedy role and getting excellent support.

CHAPLIN AT THE STRAND.

"Goodness, what fun the Americans must have had with Charlie in the real army!" said the public this week, as he breathlessly wiped the tears from his eyes after an hour of uncontrolled laughter. It was the first day of "Shoulder Arms" at the Strand Theatre.

AT THE MADISON.

It is a particularly good bill at the Madison Theatre for next week. The feature is a strong Vitagraph one called "The King of Diamonds," with Harry Morey in the title role. The action is swift and there is plenty of it, and the plot is one of which the interest is well-sustained thruout.

"THE VICTORY GIRL."

"The Victory Girl," the Shuberts' most recent production, is the bitthe-some girl and music show which will hold the boards at the Royal Alexandra Theatre all next week, commencing Monday evening, with matinees on Wednesday and Saturday. Reserve seats will be placed on sale Thursday morning.

"GOING UP" AT THE PRINCESS.

The altitude record for music and laughter must be conceded to "Going Up," coming to the Princess next Monday night and all the week. This unique distinction, in a season that is prolific in musical hits, has been made possible for Cohen & Harris, its producers, by the liveliness of the book and lyrics of Otto Harbach and James Montgomery, and the witchery of the music by Louis A. Hirsch. Seats for all performances can be obtained at the box office Thursday morning.

"IN OLD KENTUCKY."

A real old-fashioned melodrama of the south, with the race in Kentucky, the colonel, the negroes and the jockey; the mountaineers, the still and the revenue men; the villain and the hero and several shooting affairs, with all ensuing happily by the villain being rolled and the drop descending on the heroine in the hero's arms and a "God bless you" over all is shown in the play at the Grand this week. "In Old Kentucky."

OFFERING AT HIPPODROME.

Shea's Hippodrome offers a particularly good variety bill this week, which is headed by Jack Lee and Lon Lawrence in their up-to-the-minute comedy, "Mindy Raffles," which is one laugh and then another. The Four Harmony Kings, a colored quartet, sing songs which have real melody and give a clever imitation of a hand organ and a Hawaiian orchestra. Welling, Levering Duo do some clever stunts on bicycles. Reginald Fife and Gertrude Sloan give a pleasing and sketch, "Silver Threads," while the great attraction for the kiddies is a canine act in which the doggies do their tricks on the stage.

CHILE IS PREPARING FOR TROUBLE WITH PERU

Santiago, Chile, Dec. 2.—The Chilean army reserves from the districts of Iquique, Serena, Antofagasta, Tacna and Copiapo, who were released from service in 1917 and 1918, have been recalled to the colors. The naval commanders, who in all parts of the republic are reported to have been called to Santiago for a naval conference, will leave this morning.

Gen. Ashton Promises Enquiry Regarding Troops' Arrival

Ottawa, Dec. 2.—In connection with the complaint that thru the bungling of military officials hundreds of women were made to suffer from North Toronto Station last night, Adjutant-General Ashton promises an immediate enquiry.

HARD ROAD TO TRAVEL ON AUSTRIAN RAILWAYS

Vienna, Dec. 2.—As illustrative of travel conditions in the former Austro-Hungarian empire, the robbery of trains along the frontiers of the various republics is daily reported. For instance, an Austrian arriving at Karlsruhe, Bohemia, had all his trunks stolen in non-Czech territory, on the pretext that the soldiers were preventing the exit of food. On the other hand, travelers going from Czechoslovakia to Hungary declare the railway to be outside of Pressburg and stripped by the Czechs. It is also charged that the head of the police at Budapest, who was sent to take in hand the Hungarian defence of Pressburg, who was sent to steal from the Czechs and from anybody else he arrested to the extent of three million crowns.

7000 SOLDIERS RECEIVING PENSIONS IN CANADA

Ottawa, Dec. 2.—There is no prospect of any diminution in the work of the board of pensions commissioners for some months to come. There are in Canada at the present time approximately seven thousand soldiers under treatment or receiving occupational training who are in receipt of pensions. The evacuation of the numerous hospitals and convalescent homes all over Great Britain will result in a large influx of Canadian invalided soldiers whose cases for pensions will have to be considered. A preliminary conference must be held with Canadian soldiers at present in British hospitals alone at 45,000. It is possible, of course, that many of these men will be eventually discharged as fit.

POSTPONE WELLINGTON COUNCIL

Guelph, Dec. 2.—The regular December session of the Wellington County Council, which was to have opened today at the court house, has been postponed until Jan. 17 owing to the illness of Warden Gregson, who is reported seriously ill with influenza.

At the records office this morning it was stated that, to the now and then a fighting casualty, delayed for some reason in transmission, came in, the number of such cases was very small. He would use the most strenuous endeavors to further the interests of South Africa, and to ensure its future. In the meanwhile he trusted that nothing would be done in South Africa that would weaken the position of the Union's representatives in Europe.

**NAT RAY'S HARNESS HORSES TRAINING FOR THE WINTER RACES AT MT. CLEMENS**

**Freddie Grattan Joins String of Five and is Expected to Make Things Interesting in the Green Pacing Events Next Month.**

Mt. Clemens, Mich., Dec. 2.—Activities of the winter colony at Clinton View Park are increasing each week with new arrivals and the boys are getting them ready for the winter meeting, Jan. 13 to 15. The track is in excellent shape for training and the trainers are occupying over in daily.

The prominent stable there is that of James H. Wilson, one of the best known and most popular owners in the Michigan and Ohio circuits whose stable is in charge of Harry Hoffman.

The headliner of the stable is the black pacing stallion, Capt. Hor-at-Law by Hor-at-Law, with a record of 2:03 1/2, and eligible to the 2 1/4 pace the coming season. Hoffman has worked wonders with this pacer after he had been practically discarded by others and has made a very useful racing tool of him as shown by his sparkling races at Rockport, Cranwood and Mt. Clemens this fall, and just to show the boys that he is still ready to race, he has won the week four miles, one in 2:35, back in 2:20, 2:19 and again in 2:17, with the last quarter in 31 seconds, free-wheeling.

Also included in the stable is Bincholi (D), 2:19 1/2, a bay colt by Binjala; Oak Tree, b. c., 2:14 1/2, by Silko, eligible to the 2 1/4 trot, is being got ready for the 2 1/4 trot.

Last week Mr. Wilson purchased from the Dromore Farm at St. Clair the 4-year-old brown colt Ulian Brooke, by Justice Brooke, out of Uhlen, which promises to make a trotter of exceptional class. Hoffmann also has Blagen Bell (S), ch. f., by Bingen Hall, dam by Peter the Great, with a trial of 2:14 this season and also eligible to the slow classes.

**Nat Ray's String.**

Nat Ray of Toronto is quartered at the track, getting ready for the winter meeting and has the following in his stable:

Miss Abbie Brino, br. m., 2:13 1/2, by The Abbe; Knight Worley, b. g., 2:13 1/2, by Knight Onward; King Canuck, blk. g., 2:14 1/2, by King Bond; Ebony Todd, blk. f., 2:14 1/2, by Silko, eligible to the 2 1/4 trot. This stable was increased last week by the addition of the Canadian champion, Freddie Grattan, a chestnut gelding, by Grattan Tramp, being brother of the Gray Grattan, being eligible to the green paces.

He is eligible to the green paces and will make things interesting for the boys in those events the coming season, being a very rugged horse, plenty of substance and carrying weight. Nat Ray is changing his name to "Aeroplane," as Jim Wilson has reserved that name for a new one to be added to his string.

Bi Shively has returned from Oklahoma, where he obtained some new material for his racing stable, among them being Lunde C, a bay gelding by Sunny Jim, that Bi campaigned this year in the circuit some years ago. This one is being trained for the winter meeting to the green classes. He also is eligible to the 2 1/4 trot, with a heat record of 2:15 1/2, by Justice Brooke, br. h., by Justice Brooke, br. h., a pacer of much promise. Another being Lunde C, a bay gelding, by Justice Brooke, dam Bunker Maid.

Bi Shively also has the horses of W. H. Groch of Milverton, Ont. one of Canada's best-known owners and breeders, among them being "The Green Paces," a bay gelding, by Tramp, with a record of 2:07 1/2, now eligible to the 2 1/4 pace on a half-mile track. He is being jogged daily, as

**T. EATON MANAGERS BANQUET SIR JOHN**

**Complimentary Banquet to Head of Firm at King Edward.**

To properly commemorate the conclusion of the war, and to renew their acknowledgments of affection and appreciation, the managers of the Toronto branch of the T. Eaton Company last night tendered a complimentary banquet to the president of the association, in the banquet hall of the King Edward Hotel. During the course of the evening an illuminated address was presented to Sir John by Sergeant C. G. Lunney, who has recently returned from overseas. The address read:

"The department managers and the employees of the T. Eaton Company, Limited, of Toronto, who have returned from service overseas at the close of the war with glorious victory to the credit of the British Empire, extend a lasting token of appreciation of the great part you have taken in the eventful four years. We believe your example and inspiration have been instrumental in inspiring Canada in the great part she has taken. Your practical patriotism made possible the enlistment of many who otherwise could not have served. Their families and dependents through your open generosity have come to know even more fully than before the unbounded kindness that we who know you better appreciate so well. Into those of our number who have been bereaved your brotherly sympathy has brought comfort.

"The leading part you have taken in all the important movements in connection with the successful carrying on of the war has made us very proud to have such a president, and we felt we could not let the time of victory pass without acknowledging our sincere appreciation and affection."

**Musical Program.**

A splendid musical program was rendered under the direction of Chas. E. Musgrave, the artists assisting being Frank Oldfield, Geo. Ross, Duncan Cowan, Chas. Downey, Gunner Swan, and others.

**Are you giving Your Mind a Chance?**

Many a man's mind is distracted by his health, when it ought to be centered upon his business. Business and professional men and women usually exert their brains at the expense of their bodies. They are forced to neglect exercise. They often form bad habits in eating, sleeping, resting or playing. Hence, they easily form the worst habit of them all—constipation.

Constipation means infinitely more than mere failure of the bowels to act regularly and thoroughly. It means weakened or over-tired intestinal muscles. It means stagnation of the bowel contents, increased fermentation, putrefaction and germ action, and production of irritant and poisonous substances.

These are absorbed into the blood and carried all over the body, irritating the nerves, clouding the brain, hardening the arteries, raising the blood pressure, etc.

Nor can all this be cured or prevented by taking pills, castor oil, purgative mineral waters, salts, etc. all of which make matters worse instead of better.

But the Nujol Treatment for Constipation acts differently. It is both harmless and efficient.

Nujol helps Nature to re-establish easy, thorough, daily evacuation of the bowels—a regular as clockwork.

Nujol makes it easy for intestinal muscles to act.

Nujol prevents stagnation of bowel contents.

Nujol absorbs poisons and carries them out of the body.

Get Nujol from your druggist. Take Nujol according to directions.

**BRITAIN WILL NOT OBJECT TO BORDEN**

**Only Another Allied Power Would Resent His Presence at Conference.**

Ottawa, Dec. 2.—Any objections to the peace conference, it is emphasized here, do not come from the British side, but from the imperial government, if raised at all, they will be raised, not in London, but by one of the great allied powers.

The question of Canadian representation was brought to the forefront by Hon. N. W. Rowell, president of the privy council, in a speech at Port Hope last night. Mr. Rowell then made a vigorous demand that Canada should be represented at the conference. "It is essential in Canada's interests," he said, "that she should be represented at the peace conference, and that her voice be heard in the solution of those great problems. The people of Canada will not be content with a mere 'G' owing to the British position as a food-producing nation, it is understood the Dominion Government sought direct representation on the allied food board. Objection was raised by one of the allied powers, however, on the ground that Canadian representation would entail the separate representation on the board of all the overseas dominions. Were this permitted, it was argued, British representation on the board would be numerically overwhelming.

The further objection might be raised, it is admitted, that the empire will be represented at the conference as a unit and that none of the British delegates will go as specifically representing any particular part of the empire.

It is suggested that such objections might be met by the appointment of one delegate from overseas more especially to safeguard the interests of the dominions. In the event of such a course being followed, it is urged that Canada is the oldest and largest of the overseas dominions, and it is fitting that Sir Robert should be chosen to represent overseas interests.

**CANADA WINS PREMIER HONORS**

**For Fourth Time, O.A.C. Successful in Live Stock Judging at Chicago.**

Washington, Dec. 2.—The distinction which is the blue ribbon event for student judging on the American continent, is eagerly sought after by the Agricultural College of Canada and the United States, and this year is the fourth time that the honor has been won by the O.A.C. The winning of this big event is a permanent tribute to Prof. Wade Toole, who took over the animal husbandry department this year.

The winning team was composed of the following fourth year students: R. E. Bege, Tiverton; C. F. McKenzie, Guelph; Lamont, Mount Bedford; W. C. Caldwell, Carp. B. E. Matheson, Lucknow.

Two other students, W. P. Gunn and Geo. Muehlenbach, Bath, also accompanied the team as spare men.

In addition to winning the team prize the highest individual honor in the competition went to Mr. Bege. Mr. McKenzie third, and Mr. Lamont fifth.

In addition to the Guelph team, students from nine American agricultural colleges took part in the competition. This is the first time since 1917 that the O.A.C. has won the first prize at the Chicago show, but the college students established a record by winning the honors for three years in succession, in 1905, 1906 and 1907, and received the handsome trophy which went to any team winning it for three years.

**BIG REDUCTION IN U. S. EXPENSES**

**Cessation of War Cuts Appropriation by Seventeen Billion Dollars.**

Washington, Dec. 2.—Cessation of war will result in a reduction of government expenses for the fiscal year 1920, starting next July 1, to \$4,415,538,800 from the \$24,598,000,000 appropriation for the current year, according to tentative estimates submitted to congress today by Secretary McAdoo, transmitting the report of the various departments.

The principal reduction was for the military establishment, which estimates its needs at \$1,992,000,000 in 1920, as compared with the \$3,274,000,000 appropriated for this year. The saving of the closing of the war contracts has been figured that the army alone would need more than \$19,000,000,000 for 1920.

The navy's estimates for 1920 are \$2,585,000,000 as compared with \$1,591,000,000 appropriated for the current year, an increase of a billion dollars despite the closing of the war. There is nothing to show what it was estimated the navy would have needed had the war continued.

These estimates may be cared down considerably later when a full account of the government in closing out war contracts become clearer. It is pointed out, also, that actual expenditures seldom have reached advance estimates.

**POPE URGES LENIENCY IN PEACE NEGOTIATIONS**

Amsterdam, Dec. 2.—A Cologne despatch to The Maastricht says that in response to Cardinal Hartmann's request for papal intervention to prevent the destruction of Germany, Cardinal Gaspari, papal secretary of state, declared that the pope through the war manifested deep sympathy with the German people and unwearily begged the belligerents to abandon their aim of destroying each other.

"Equally, under the present circumstances," the papal secretary continues, "he has repeatedly applied to the leader of a great belligerent state and adjured him by the precious blood of the Redeemer to adopt a benevolent attitude toward the armistice offer and the peace negotiations, so that a just and honorable peace may be attained."

**NO COMMAND FOR FOCH, BUT FOR CLEMENCEAU**

London, Dec. 2.—M. Clemenceau, the French premier, caused a sensation in his address at the French embassy tonight by declaring that but for him Marshal Foch would have had no command in a comedy.

The occasion was a reception in honor of the premier and Marshal Foch, who were given another extraordinary ovation.

**UNUSUAL BANKING JUDGMENT.**

Montreal, Dec. 2.—The court of review rendered judgment on Saturday in a case of unusual circumstances and one of special interest to banks and savings bank depositors. In its conclusion it reversed a judgment of the superior court, dismissing a claim for \$200, and upheld the Merchants' Bank of Canada in having paid a depositor's cheque from her savings account when there were not sufficient funds in her current account to meet the demand. The cheque made no mention of either account.

**INITIATE GOVERNMENT MERCANTILE FLEET TODAY**

Montreal, Dec. 2.—Tomorrow will see the initiation of the Canadian Government's mercantile fleet on the St. Lawrence, when the first cargo steamer built under the comprehensive program recently announced by the minister of marine and fisheries, Hon. C. C. Balch, will be launched at half-past eleven. The act of christening the steamship "Canadian Pioneer" will lead to Lady Borden, who, in the absence of the premier, has been invited by the builders to perform this ceremony.
