BRITISH NEAR DISASTER FROM DEADLY "CRESCENT FORMATION" KILL 60 ZULUS IN BATTLE

Force of Over 1000 Attack Col. Mansell's Column, Whose Quickness Averts Disaster—Natives Fight With Desperate Fury.

Durban, May 6.—Col. Mansell's column, which is pursuing the Zulu rebels under Chief Bambata, was attacked today by a large body of Zulus while descending a precipitous hill near the grave of Chief Cetewayo.

Sixty Zulus were killed.

Col. Mansell had three men wounded. Mansell was engaged in a reconnaissance from Fort Yoland.

He was co-operating with other columns in expelling the rebels from the forest with a view to cutting Bambata off from escape.

He thought the Zulu attackers were Bambata's men.

They numbered altogether over a thousand men and attempted to employ the crescent formation adopted in the Zulu war, only Col. Mansell's prompt disposition of his forces prevented disaster.

The Zulus displayed desperate fury.

They were armed with rifles and assegais and evidently had been drugged by witch doctors, who pretend to be able to render them impervious to bullets.

FRENDS AGAIN.

Lafontaine Club of Montreal Listens to Flattering Mention of Borden.

Montreal, May 6.—(Special.)—Last evening a love feast was given by the Club Lafontaine to several Ontario and Manitoba members of parliament. F. D. Monk took the chair and welcomed A. E. Kemp of East Toronto, Andrew Ingram of East Elgin, J. E. Armstrong of East Lambton, Gunn of South Huron, Dr. Roche of Marquette and Dr. Schaffner of Souris, Manitoba. All spoke upon the prospects of the party and the good feeling amongst the men from Ontario and Quebec.

F. D. Monk, M. P., cast off all reservations and declared unwavering allegiance to R. L. Borden. This was all the more important from the fact that the Lafontaine Club has been an anti-Borden hotbed since his attitude on the school question and his name has been scarcely been mentioned within the walls for a year or more.

JUMPED INTO THE BAY.

Folks at Home Surprised to Learn of Aged Man's Performance.

William Parliament, a laborer, 60 years old, living at 4 Cameron-street, attempted to commit suicide yesterday by throwing himself into the bay.

About 7.30 yesterday morning Alexander Martin, who keeps a boathouse at the foot of Brock-avenue, heard a yell and a splash in the water. Thinking rather early in the year for swimming, he looked out and saw a man struggling in the water close to his dock. With the aid of William Edwin, 213 Shaw-street, he succeeded in pulling him out with a pike pole.

When on the dock the man, altho nearly exhausted, attempted to jump from the two who held him and to jump into the bay again. They, however, held him until the arrival of the patrol-boat, and he was taken to No. 3 police station.

For a long time he refused to tell his name. When it was found out a constable went to the home and found the man gone. He was sleeping with his son, but the young man had not noticed his departure.

SEWER GAS EXPLODES.

Causes Bit of Excitement at Queen and Victoria Streets.

Gas forming in an underground tunnel at Queen and Victoria-streets yesterday afternoon was the cause of an explosion.

The top of a manhole was blown thirty feet into the air and fell within six inches of James Hunter, of East Queen-street. A Chinaman was standing nearest to the hole when the explosion took place and eye witnesses say that they saw his pig tail sticking straight out behind him as he hustled down Victoria-street.

Sewer gas had formed in a tank of the Electric Light Company and a spark from the wires exploded it. The flames came out of the hole, and the firemen were called, but by the time they arrived the flames had died out for want of fuel.

BIFFED GOOD SAMARITAN.

Happened to Be a Policeman, Who Promptly Made an Arrest.

Because P. C. Wade attempted to protect him from a man who he thought was intending to lure him into a lane and rob him, William Dunlop of 326 Gladstone-avenue struck the officer in the face and was arrested for assaulting the police.

Dunlop was under the influence of liquor, and Wade tried to persuade him to go home on a Dundas-street car. He refused to take the car and started to walk along the street.

Another man took him by the arm and the policeman thought it right to interfere. He asked the new-comer whether he knew Dunlop. He replied he did not but was going to take him home. Dunlop, offended at what was said to his new-found friend, struck the officer heavily in the face.

CANADA LIFE TO-DAY.

The royal insurance commission have finished their investigation of the Manufacturers' Life Insurance Company.

To-day the Canada Life Insurance officials will probably be put on the stand to tell what they know.

It is not yet known how long the examination of this company will take, but it is rumored that the commission will adjourn on Wednesday to meet in Montreal the following Tuesday.

FRENCH ELECTIONS BEGIN BIG POLL, NO DISORDERS

Day's Results Show Government Gain of 18 Seats—Few Changes Probable.

Paris, May 6.—Results thus far announced in the general parliamentary elections, which were held to-day, show few changes in the chamber, most of the former deputies being re-elected, but an extraordinary number of second ballots will be necessary in Paris. The present ballot gives the opposition a majority, but the second ballot, which will be taken May 20, is expected to produce the results of the 1902 election when the representation of the capital was equally divided. Nevertheless the government has gained one seat. It is estimated that there was a record vote.

Owing to the excitement caused by the recent strike and the disorders occasioned by the taking of inventories of church property the polling booths were guarded by military and police, but the day passed practically without incident, and intervention by the authorities was unnecessary. Marcel Habert, director of the League of Patriots, was defeated.

The 591 seats in the chamber of deputies were divided by over 2000 candidates of various political opinions. The two great contending elements are the "Bloc" or supporters of the government and the "anti-Bloc" or opponents of the government.

The "Bloc" is composed of the powerful radical republicans, numbering one hundred and forty, under the command of War Minister Etienne, and including M. Delcasse, the former foreign minister, 90 Radical Socialists, of whom Fernand Sarrien is the leader, and about fifty Socialists, led by M. Jaures. All the ministers are running as "Bloc" candidates. The "anti-Bloc" includes the Nationalists, Clericals, Royalists, Bonapartists, Anti-Semites and various other groups.

Some of the most striking of the opposition candidates are Col. Maxime Lecomte, a former minister, who is seeking to represent a Paris district; M. Drouleud and Marcel Habert, who recently were arrested after having been expelled from the chamber; Joseph Laies, the anti-Semite leader, who is known as the French Tim Healy; the Abbes Lemire, and Gayraud, direct resister of the law of the church, and M. Baudry L'Asson, an out and out Royalist and parliamentary buffoon.

Including Paris, 41 results are known. The government has captured 188 seats and the opposition 112, while 111 will require second ballots. The net gain to the government is 18 seats.

PROSPECT IS BRIGHTENING FOR RUSSIAN PARLIAMENT

New Cabinet Announces a Policy of Non-Interference—Gorgeous Ceremony of Opening.

St. Petersburg, May 6.—The members of the national parliament and of the council of the empire are arriving here on every train. Quite a number of distinguished foreign visitors and journalists already have reached St. Petersburg to witness Thursday's great historic event—the inauguration of the Russian parliament.

The fears that the government might attempt to dissolve the parliament before it had the opportunity of accomplishing anything are vanishing, and despite the bomb outrage at Moscow to-day and the continued irreconcilable attitude of the extreme revolutionists there is a more hopeful feeling that Russia may enter smoothly into parliamentary life. This is due not only to the moderate attitude of the constitutional democratic majority whose leaders with admirable self-restraint are holding the extremists among them in check, but to the manifest desire of the government to avoid a conflict.

The new cabinet has announced a policy of hands off, practically saying that the parliament shall have carte blanche and so long as it does not attempt to meddle with the fundamental laws of the empire, the parliament will be allowed to offer its own solution for the agrarian problem.

The Final Victory.

With this attitude of the government, it is sincerely carried out, the constitutional democrats for the present are content. They believe their final victory when the emperor will be forced to grant a constitution is not far off, a few months at most—especially if in the meantime they are permitted to accomplish something tangible which will strengthen them with the country.

The Associated Press to-day talked with M. Nabokoff, the leader of the constitutional democrats said frankly that his party had no desire at present to have a premier and cabinet, even if it could secure a responsible position to place it upon the defensive while by remaining on the opposition with the country behind it, the chances of forcing a cabinet on the emperor were increased instead of being diminished.

The little group of socialists of the extreme left has not yet shown its hand, but a negligible quantity and with present temper at Tsarke-Seio, the small group of reactionaries in the parliament sinks low.

Bad Aim Saves Doubassoff Would-be Assassin Dies

Governor-General of Moscow Escapes Death by Narrow Margin and Disappoints Democrats in Convention—Rumor of Successful Attempt at Elizabethopol.

St. Petersburg, May 6.—(Bulletin.)—News was received at the session of the Constitutional Democratic congress to-night of the assassination of the Governor of Elizabethopol in revenge for his savage repressions in the Caucasus.

A feature of the session was the picturesque scene when the news was received of the attack upon Governor-General Doubassoff at Moscow. It was then supposed the attack had been successful. The convention took a recess and cheered the assassin and the dead for 10 minutes.

DOUBASSOFF'S LUCK.

Moscow, May 6.—A bomb was thrown at the carriage of Vice-Admiral Doubassoff, governor-general of Moscow, as he was being driven to the palace to-day. He was wounded in the foot and his aide-de-camp and a gentry were killed.

The man who threw the bomb is reported to have been killed. He wore an officers' uniform.

Access to the palace is barred.

Governor-General Doubassoff was returning in an open carriage from the Uspenski Cathedral and the outrage took place outside the carriage entrance to his palace. Several bystanders were injured.

Saved by Poor Aim.

According to the route decided upon in advance, the governor-general should have returned to the palace by the side entrance, but during the drive he changed his route and thereby ran into the peril he was seeking to avoid.

Vice-Admiral Doubassoff's life was saved by the poor aim of his would-be assassin. The bomb exploded on the pavement several paces to the rear of his carriage, hurling the mutilated corpse of the terrorist several yards backward and tearing off the arm and the face of an aide who was descending from the carriage. Doubassoff was thrown from his carriage and under the horses' heels. His back was burned and his leg bruised, but he was able to walk unassisted into the palace.

The coachman's skull was fractured and he was taken to a hospital.

Coachman Badly Hurt.

It is thought the assassin was the student in whose rooms a bomb exploded Saturday, killing three accomplices, but who at the time was watching the palace from a room in the hotel opposite.

REVENUE SHOWS INCREASE ALL DEPARTMENTS ASSIST

For Ten Months Ending April 30, Increase of Over \$6,677,000 is Shown.

Ottawa, May 6.—The statement of the finance department for the ten months of the current fiscal year up to the end of April shows a revenue of \$68,508,359, expenditure on consolidated fund, \$45,848,499, and capital expenditure of \$10,431,769. As compared with last year the revenue shows an increase of \$6,677,000, the consolidated fund expenditure of \$3,010,992, and the capital expenditure of \$1,300,841. For the month of April the revenue of \$6,792,796 represented an improvement of \$1,093,063 over the corresponding month of last year. The expenditure of \$2,642,118 on consolidated fund was an increase of \$34,577 and the capital outlay of \$1,285,492 was \$73,534 larger than last year, chiefly on account of railway subsidy payments. Every revenue producing branch of the public service contributed toward the improved showing.

GORKY AN EXILE NOW.

If He Returns to Russia, He Will Be Prosecuted.

PRESERVE BUFFALO 7 YEARS

Hon. Frank Oliver Will Enlarge the Period of Prohibition.

Ottawa, May 6.—In order to preserve the buffalo in the west, Hon. Frank Oliver will this session amend the Game Preservation Act of the unorganized territories prohibiting the killing of buffalo before 1912. The prohibition in force would expire in 1907, the last legislation of this kind having been enacted in 1902 to cover a period of five years. The only circumstance under which a buffalo may be taken from the plains now is when the beast is needed for breeding purposes, and then the hunter must have a special license from the minister.

BIG INSURANCE CO. BREAKS 'TRISCO LOSSES TOO HEAVY

Traders, of Chicago, Assigns, and It is Believed Others Will Soon Follow Suit.

Chicago, May 6.—The first failure of a fire insurance company because of the San Francisco conflagration came yesterday. The Traders' Insurance Company of this city, one of the largest fire insurance companies in the west, was placed in the hands of a receiver.

Byron L. Smith, president of the Northern Trust Company, was appointed receiver by Judge Julian W. Mack of the circuit court on petition of several directors, controlling a majority of the company's stock.

This action was taken only when all other measures to save the company had failed. It was forced by liabilities in San Francisco amounting to \$3,748,000.

The petition for a receiver represented that the liabilities of the company exceeded its assets and that to continue business would result in a multiplicity of litigation in various states and net assets would be inequitably and unevenly distributed.

The total assets of the company as given in the petition will not exceed \$3,300,000. In addition to the San Francisco liabilities the company is indebted, according to the petition, for fire losses and upon other claims, a total of \$111,962.

Causes a Panicky Condition.

Other fire insurance companies of the city were thrown into a panicky condition by the failure. There was a general scurrying to place Traders' policies in solvent companies. Every local office was besieged by customers with instructions to cancel policies of the bankrupt company.

Just what the San Francisco policyholders can expect to receive is problematical. Out of the total liability of \$3,748,000 it is thought that the salvage will amount to 25 per cent. This would bring the net liability in the neighborhood of \$2,811,000. Conservative insurance men were of the belief that, taking into consideration the expenses of a receiver, the San Francisco property owners might consider themselves fortunate if they were paid 50 per cent of their losses.

As for the stockholders of the Traders, they have lost all the money they put into it. Shares worth approximately \$50 each before the earthquake and fire are now a dollar now. The stockholders, during the conflagration, have received back the entire amount of their stock subscriptions in dividends and 2 1/2 per cent in addition. Efforts to save the company.

Before the directors obtained full knowledge of the company's liabilities efforts were made to save the company by an assessment of \$500 on each of the 6000 shares of stock by reinsuring the company. It was found impossible to secure a proposition looking to reinsurance.

Thousands of telegrams from agents and other interested persons all over the United States began to pour in on the directors yesterday morning asking if the company would be the life of the hands of a receiver, and at a final meeting of the directors in their office in the Rector building, it was decided to apply for a receiver. The company really had been planned Tuesday night when the first disquieting reports from San Francisco had been received, showing that the loss would exceed the original estimate by more than \$1,000,000, and the legal documents were in readiness.

The appointment of a receiver for the oldest insurance company in Chicago, the Traders, having been organized originally in 1855—did not consume five minutes of time.

First to Fail.

The Traders' is the first large stock fire insurance company to fail in many years. While others have retired from business, they have reinsured and paid.

Debate on the Bill of Mr. W. F. Maclean's Motion to

Following is the Hansard report of the debate in the house of commons on Wednesday night on Mr. Maclean's motion...

Second reading of bill (No. 15) respecting annuities for certain privy councillors and respecting the senate and house of commons.

Mr. W. F. Maclean (South York) moved that the bill be read a second time. He said: The bill is an important measure...

which cannot be justified before the people. The Personal Interest. Now, we have for our guidance this little book of the rules of order...

Mr. W. F. Maclean: In voting on this question, hon. members should be aware, as I have already said, that this rule is not a rule of procedure...

consent of the other party to the trust, and to whom the money really belongs. Mr. Sproule: Would the hon. gentleman permit me to ask him this question...

Mr. W. F. Maclean: I will not undertake to answer that question, but the people of this country, who are the money and for whom we are guardians and custodians, have a right to be consulted...

something further to say on this question. The hon. gentleman who has just spoken has said that he does not care what party may come afterwards...

Mr. W. F. Maclean: I will not undertake to answer that question, but the people of this country, who are the money and for whom we are guardians and custodians, have a right to be consulted...

where there is an indemnity of \$5000 a year with a private secretary, and where a palatial building is being erected for the express accommodation of members of congress...

Mr. W. F. Maclean: I will not undertake to answer that question, but the people of this country, who are the money and for whom we are guardians and custodians, have a right to be consulted...

much longer, as a representative of labor, in whose name I have surely a right to speak. As every one is a representative of labor in either the house of commons or the senate...

Mr. W. F. Maclean: I will not undertake to answer that question, but the people of this country, who are the money and for whom we are guardians and custodians, have a right to be consulted...

side the three bills separately. I think that would have been much better, because I think my hon. friend has introduced each bill with both the pensions and the sessional indemnity...

ST. LOUIS MARATHON RUN.

Chicago Won First 3 Places. Elliott Far in Lead, Turner Ankled.

St. Louis, May 5.—Chicago won the first three places in the second annual Marathon run, held under the auspices of the Missouri Athletic Club to-day, with 17 starters, over the roads of St. Louis County.

Hatch finished fourth, sprinting the last 200 yards. He was warmly greeted by 2,000 spectators in the fair grounds.

Elliott of Hamilton, Ont., ran a magnificent race for 17 miles. This he trod on a stone and turned an ankle, putting him out of the race.

Hatch finished fourth, sprinting the last 200 yards. He was warmly greeted by 2,000 spectators in the fair grounds.

The individual handicap tournament, which commenced at the Toronto Bowling Academy last Monday, will continue until next Saturday in order to give all members an opportunity of competing for the prizes.

CENTRAL HARRIERS RUN.

The Toronto Central Harriers had a fine run again on Saturday. The weather was ideal and ought to help a lot towards getting the boys in shape for their annual run on May 24.

KIDNEY DISEASE AND ITS DANGERS CAN BE QUICKLY CURED BY DOAN'S KIDNEY PILLS

Kidney disease comes on quietly, it may have been in the system for a long time before you suspected the real cause of your trouble.

Perhaps you did not know that these were symptoms of kidney disease, so the trouble kept growing worse, until Neuralgia, Sciatica, Rheumatism, Diabetes, Dropsy, and worst of all, Bright's Disease have taken hold of your system.

Doan's Kidney Pills should be taken at the first sign of anything wrong. There is no other safe way, (purgatives and liniments are useless), as the trouble must be eradicated from the system.

Doan's Kidney Pills go to the seat of the trouble, strengthen the kidneys, and help them to filter the blood properly and flush out all the impurities which cause kidney trouble.

FOOD SUPPLY RUNS SHORT GRAFTERS GET TO WORK

Detectives Search House of One of Relief Committee and Find Store of Provisions.

San Francisco, May 5.—A conference to discuss the problem of husbanding food supplies was held at the Presidio to-day. Among those in attendance were: Major-General Greely, Brig.-Gen. Funston, Dr. Devine and Allan Pollak. All present agreed that rigid economy should be practised in the future. Gen. Greely said later:

"The condition of the food supply will render it possible to issue very little except flour, which will last ten days, potatoes, coffee and rice. Meat we are buying in small quantities. I have been officially notified that the congressional appropriation of \$2,500,000 has been exhausted in the purchase of supplies, and I may state that the money allotted to my use is gone for the same purpose. It has been agreed that the supplies now on hand must be carefully husbanded in order that they may be distributed into the proper channels for as long a period as possible."

Out to Two-Thirds.
 "We are issuing but two-thirds of the quantity of food that was distributed prior to the time the regular army took charge of the system. The rations engaged in hauling and distributing have been reduced from 500 to 300 in number. The last official report showed that supplies were issued on Thursday to 261,000 persons. I hope that to-day's report will show rations issued to fewer than 200,000."

"The census of each district is being carefully computed. I am convinced that there is regular repeating, and since thousands of men are reported to have obtained employment there should be a material reduction in the number of those entitled to relief. I am willing to diminish the food supply at any time, but I shall not take a step until I am advised by the committee."

"We have recommended the patronage of cheap restaurants, which may be opened in many places throughout the city, and are certain to prosper. By furnishing a wholesome meal for 15c they will be assured of support by the working people and will greatly relieve the situation."

Abuse Free Privilege.
 The police and military authorities are

forgetting out persons who have abused the free supplies privilege. Detectives are assisted by numerous anonymous letters, telling of the hoarding of stores. These letters, in almost every instance, were found to state the truth. A letter came last night, saying that Charles B. Tribell, a member of the relief committee, had not neglected to look out for himself. The detectives found at his home, so they say, a store of provisions, tents and bedding sufficient to last many months. They took away from his house supplies valued at \$75, but this did not represent all that was found at his home. Detectives also found at the home of Mrs. LeVillain \$500 worth of military blankets, bedding and clothing.

U.S. BATTLESHIP AGROUND.

Rhode Island Strikes Nose First on Sandbar and is Fast.

Norfolk, Va., May 5.—The battleship Rhode Island stranded early to-day off York's Spit, in Chesapeake Bay. The vessel passed in the Capes early this morning from the Boston navy yard, and was en route to Yorktown, Va. The big ship was just entering the mouth of the York River when she struck nose first on a sandbar, and was on her side in a matter of minutes. The ship was not damaged, but the crew were forced to abandon her. The ship was refloated and is now being towed to the yard.

IDLE COAL MEN REJOICE GLAD TO RETURN TO MINES

Demand of Operators for a Three Years' Agreement Will Be Contested.

Philadelphia, Pa., May 5.—General satisfaction was expressed in this anthracite coal region to-day when it became known that the mine workers' convention had decided to accept a renewal of the strike commissioners' award of 1903. After five weeks' idleness, a great majority of the men appeared anxious to return to work, though all had been hopeful of better results from the suspension of the negotiations with the operators. The fact that President Baer and the operators' committee will meet the miners' joint committee in New York on Monday is generally regarded as an indication that the operators are satisfied with the action of the convention.

It is believed in some quarters that the operators will demand a three years' agreement for the renewed award, but this, it is said, will be vigorously contested by the miners. The convention's action to-day will result in a change in the plans of the Reading Company, that the preparations had been made to resume at some collieries next week. A large number of cars should be fitted up for the occupancy of special officers and workmen near the mines. It was the purpose of the company to start up Brookside and Lincoln collieries, in Western Schuylkill on Monday. A large force of men were being assembled at Auburn and were to be sent from there to the mines and returned in the morning. The roundhouse had been fitted up for the accommodation of these men, and extensive preparations made to feed and take care of them.

CAITHNESS SOCIETY.

Annual Meeting of Toronto Branch - Work That is Done.

Thirty years ago the Toronto Caithness Society was incorporated and at the annual meeting held in St. George's Hall Saturday night, the committee reported that during the past four years there had not been a single application for relief out of the 150 members in the city and about 30 outside. Neither had any destitute Caithness people arrived in the city. A grant was made towards the cost of a monument now being erected in the public park in Wick, the county town in memory of the Caithness soldiers who fell or died of their wounds in the long wars which closed at Waterloo, and in the Crimean, Indian mutiny, Afghan, Sudan, South Africa and other campaigns. With the help of the British war office a complete list of the hundreds of Caithness men who fell has been obtained and will be kept in the county archives.

The society during the past year has made several grants to the various appeals for assistance owing to accidents to fishing boats by which widows and orphans have been left unprotected. The following officers were elected by acclamation: Hon. Mortimer Clark, patron; Wm. Banks, Sr., honorary president; Daniel Ross, president; Jno. R. Stalder, vice-president; Donald S. Irving, treasurer; David W. Ross, secretary, and a general committee consisting of Donald Calder, Wm. Mowat, Geo. Banks, C. W. Dunney, Edward Banks, Jno. Calder, D. Miller, W. D. Banks, Jno. Banks, Donald Begg, Alex. Sutherland and Chas. Geddes.

The president, who leaves for a visit to Caithness on Thursday next, was made the bearer of a special message to "Old Folks at Home."

FIGHTING IN EAST AFRICA.

Series of Engagements in Which Natives Lose Heavily.

Berlin, May 5.—The latest news received from German East Africa completely contradicts the official announcement of Feb. 2, that the insurrection had been suppressed. The Lokal Anzeiger's Dar Es Salaam correspondent in a cablegram, gives reports of a series of engagements extending from March 13 to April 24, in which he says the natives lost over 400 men and the Germans thirteen.

Cashier Gets Ten Years.

Milwaukee, Wis., May 5.—Henry G. Goll, former assistant cashier of the First National Bank of this city, who was convicted on nineteen counts in the United States district court a week ago of misappropriation of funds of the bank, this afternoon was denied a new trial by Judge Quarles, and sentenced to ten years in the military prison at Fort Leavenworth, Kas.

Mormon Bishop Arrested.

World, Wyo., May 5.—J. F. Jolley, bishop of the Mormon Church at Lovell, Wyo., one of the leaders of the large Mormon colonies that have settled in this state in the past two years, has been arrested on a charge of maintaining polygamous relations with two wives.

MANY CANADIANS ABOARD NEW EMPRESS OF BRITAIN

C.P.R. Greyhound Sails Out of Mersey on Maiden Voyage to Canada.

Liverpool, May 5.—Amidst loud cheers from a large assemblage that, re-echoed down the Mersey, must have been an enthusiastic "bon voyage," the magnificent new greyhound of the Canadian Pacific Railway Company, the "Empress of Britain," Captain Stewart, R. N. R., sailed out of this port on her maiden voyage this evening at 7.30. The event was a notable one and the many Canadians and friends of Canada in the mother country made it a red letter day in the history of the empire.

The Empress, which is a triumph of marine architecture, sailed gracefully down the stream carrying a complement of passengers—1475—besides a cargo of 2500 tons of general merchandise and a consignment of 200,000 sterling (over one million dollars) in specie. There were 150 first-class, 450 second-class, and 827 third-class passengers. Amongst the prominent people on board are Sir Thomas Shaughnessy, president of the Canadian Pacific Railway, Lady Shaughnessy and Miss Shaughnessy. R. B. Angus, Mr. and Mrs. S. Carsey of Montreal, Senator L. Melvin Jones of Toronto, Hon. Eduard Gagnon, Hon. Adolphe Turgeon, and Mrs. Dobell, and family of Quebec; Mr. and Mrs. Gracie of Govan, Scotland; Dr. and Mrs. Elgar, Mr. and Mrs. Thomas McDougall, Mr. and Mrs. A. C. Allan, Major and Mrs. Audain, Sir Robert Filmer, Thomas E. Kenny (Halifax), and W. L. Griffith of Canadian government offices, London.

AN OUTSPOKEN RESOLUTION

Private Telephone Line Subscribers Express Their Opinions.

Newtonville, May 5.—(Special.)—The Clarke-Hope Telephone Co-partnership held a meeting this afternoon in the Village of Newtonville, County of Durham. After hearing the report of G. W. Jones, who has been attending the meetings of the private bills committee, supporting the long distance telephone bill introduced by Mr. Ferguson, the following resolution was carried unanimously:

Presentations to Military Men.

St. Johns, Que., May 5.—At a meeting of a few friends at the Windsor Hotel this evening, Lieut.-Col. Chitice and Major Fliset of the Royal Canadian Regiment, which leaves here on Tuesday for Fredericton, N.B., were presented, the colonel with a beautiful mantel clock, and the major with an elegant solid silver salver.

Send Militia to Camp.

Washington, D.C., May 5.—Acting Secretary Oliver to-day sent out a circular letter to the governors of the various states having organized militia forces, inviting them to have some part of these troops go into summer camps with the troops of the regular army. The pending army appropriation bill contains an item of \$700,000 to defray the expenses of these joint encampments.

GREAT SUMS IN GOLD ON WAY

Ships Leaving European Ports Are Bringing Millions to New York.

New York, May 5.—More than \$12,000,000 in gold is on board vessels which left various European ports for America to-day, and probably as much more is on board ships already on the way, which will land here next week. The Cunard liner Umbria, which sailed to-day from Liverpool, has on board \$3,750,000, making nearly \$20,000,000 so far shipped to the United States by this line alone. The steamer La Touraine, which sailed from Havre, has \$6,000,000 in its strong boxes for New York bankers. The American liner St. Paul, sailing from Southampton, has \$1,835,000 for New York, and the Canadian Pacific Railroad steamer Empress of Britain, which is just starting on its maiden voyage, has \$1,000,000 consigned to the Royal Bank of Canada. The Bank of England to-day sold \$1,005,000 in American eagles to New York bankers, and the First National Bank of this city announced the engagement in Europe of \$1,500,000 in gold for Lazard Freres, showing that the golden stream is to continue.

COMBINATION BY CAPITAL TO "MURDER" SOCIALISTS YORK COUNTY AND SUBURBS LOCAL OPTION, ITS EFFECTS

Meeting in Toronto to Protest Against Law's Execution on Idaho Labor Men. Hotels at Stouffville Are Closed—Prices of Meals Increased at Richmond Hill.

"If they can murder them and there is no upheaval in the United States, labor has gone back fifty years. It is crushed."

Thus spoke Chas. O. Sherman of Chicago at the meeting of the President Moyer, Secretary Haywood and Executive Officer Pettibone of the Western Federation of Miners, on the charge of conspiracy to murder the late ex-Governor Steunenberg of Idaho. The meeting he addressed yesterday afternoon, at the Majestic Theatre, was one of a number intended to be held throughout the United States and Canada, with the hope of raising up a volume of public sentiment in favor of the accused trio. The gathering, a fair-sized one, was socialistic in leanings.

The murder of the ex-governor several months ago was followed by the arrest of a mine worker, Henry Orchard, for the crime, and his declaration that he had been paid by the officers named to carry out the deed.

The moneyed class here is just as much interested in the legalized murder of these men as the moneyed Socialist Sherman. He claimed the Dominion Government had stopped the circulation in Canada of a socialist paper published in Kansas, because it sought to explain that the imprisoned men had been wrongfully and illegally dealt with. This showed the government to be vitally interested.

An indictment.

The speaker alleged barbarous treatment had been given miners at Stouffville. They had been thrown into a red enclosure, or "bull pen," given a litter of straw upon which they were to sleep, and were not allowed to wash. The food doled out was fit for dogs being hung up by the thumbs, because they had ministered to husbands wounded by the mine.

With a hiss and a shout it was claimed that the three men were to be transported, given behind closed doors, and without warrant to go upon the Colorado. Officials had declared open war against the three, and would never leave the state alive. They had been arrested, tried, and convicted, without evidence, and the United States would also do so in Canada.

All that was asked was a legal court and an unprejudiced jury, asserted the speaker. The Socialist party had nothing to do with the taking of life. Its principles opposed the idea of a conspiracy. The speaker, referring to the alleged cruelties committed, suggested the assassination was an individual act of reprisal by one who had suffered. "How would you like to have your wife knocked down with a mallet in a soldier's hands?" demanded the speaker. "If I had a mallet, I'd fill him full of shot," shouted a hearer with imagination inflamed.

Mr. Sherman adjured workmen to stand together and not to be addressed to be hoodwinked into splitting on party lines by men who controlled capital.

Some Opposite Critics.

Chas. M. O'Brien of Fernie, B.C., Socialist organizer for Canada, while urging protest on behalf of the accused men, yet criticized what they had done, saying the official mining organ to the support of the Democratic side in a state contest. He said that Eugene V. Debs, the leader of the present protest agitation, with having made their present plight possible by the use of meaningless addresses, otherwise they would have had behind them such a following that their safety would have been secure.

The speaker claimed that the financial manipulations of the trusts, and of the insurance companies, were of no concern to the workingman, who was robbed on the premises where he delivered his labor power. Public ownership would help matters unless it abolished the wage system.

Max Schulman, speaking in the Jewish tongue, enunciated principles of socialism.

A resolution was passed, condemning the arrest of the men as unwarranted, and charging, as well as the governors of Idaho and Colorado, Hon. A. J. McArthur and Hon. Wm. Paterson, with being "willing tools" in shutting certain socialist publications, exculpating the men, out of Canada.

DRINK SCHLITZ BEER

DRINK WHITE ROCK WATER

"On Top and in the Bowel of Cheops' Pyramid"

BY SIGMUND KRAUSZ.

From the Gentleman's Magazine, May-June, 1902.

"Walking up the road which leads from Mena House to the plateau of the Desert, I noticed a small camel caravan being photographed there, with the Cheops Pyramid as a background. The animals were laden with cases, and great white blankets hanging down their sides showed in large letters the words: 'DRINK SCHLITZ BEER, the Beer that made Milwaukee famous; DRINK WHITE ROCK WATER, the business spirit which knows how to get advertisements even out of the Pyramids.' I had to smile at the unexpected advertising agent that had made his legend read as follows: 'Drink Schlitz Beer, the Beer that Cheops drank.' This proves that SCHLITZ and WHITE ROCK WATER can be found everywhere, and that these beverages have a world-wide reputation."

FIRE AMONG PLATE GLASS CAUSE OF IT A MYSTERY

Queen Victoria Co.'s Stock Room Damaged to Extent of \$10,000 on Saturday Night.

Fire from an unknown cause did perhaps \$10,000 damage in the stock room of the Queen City Plate Glass and Mirror Co., Limited, 243 Victoria street, late Saturday night. The blaze got off to a good start, and the firemen were on the spot for about two hours. Eastmure and Lighthorn are the proprietors.

Mr. Eastmure said yesterday that it would be impossible to estimate the loss at present, but it would be heavy—probably \$10,000, owing to damage to glass by breakage and by smoke. This, too, is the busy season, and the inconvenience and loss in that respect is even more serious. A valuable stock was in the premises.

The cause is a mystery, although a neighbor is quoted as saying that he noticed two men and a woman entering the place an hour or so before the blaze broke out.

Mr. Eastmure says that the company, who are also prominent in the insurance circles, have always had extreme precautions taken to ensure safety from fire. In the stock room there was nothing which an origin of fire can be traced.

When the alarm was turned in at 10.20 p.m. flames were burning from the roof. Chief Thompson's men hit the blaze from four sides, and soon had it under control.

"I think the fire department did very excellent work," is Mr. Eastmure's comment. "It surprised me that they put it under as quickly as they did."

The building is leased by the company. The losses will be fully covered by insurance.

PARLIAMENT TO BE FREE CZAR BOWS TO DEMOCRATS

Government Accepts Declaration of Majority and Will Elaborate Agrarian Project.

St. Petersburg, May 5.—The Associated Press is enabled to give tonight the policy of the new ministry on the all-important agrarian question.

The government will not attempt to dictate to, or even direct, the parliamentary majority. Instead, it will propose the formation of a parliamentary commission upon which the responsibility of elaborating an agrarian project will fall. This is virtually equivalent to accepting the decision of the Constitutional Democrats.

Furthermore, the government will offer no objection to the institution of universal suffrage. As a matter of fact the parliament will be permitted to act freely as long as it does not assail the fundamental laws of the Russian state. The emperor may, however, interpose if threatened impeachments, by the victorious majority of government officials.

10,000 'FRISCO DOCTORS
HAVE LOST IN THE FIRE

San Francisco, May 5.—A committee appointed by a mass meeting of physicians held here has issued an appeal to the people of the United States, saying that over 10,000 members of the medical profession in San Francisco had lost either their home, office or books, or all of these, while aiding the stricken in the recent catastrophe. This committee was appointed to receive contributions or medical supplies, books, instruments, clothing and money. All communications and donations should be addressed to the relief committee of the physicians of San Francisco Marine Hospital, San Francisco.

INTRUDER KILLED BY WOMAN.

Chilton, Wis., May 5.—George Sawyer was shot and killed here last evening by Mrs. Joseph Schullz, whose home is on the outskirts of this city. It is alleged that Sawyer attempted to force his way into the Schullz residence, when he received the contents of an army musket.

REAR ADMIRAL HUGHES DIES.

Washington, May 5.—Rear Admiral Aaron Kunkle Hughes (retired) died in this city yesterday, aged 85 years. He entered the service in 1838 and attained the rank of rear admiral in 1882, and was retired in 1884. Admiral Hughes served throughout the civil war. His last command was the Pacific squadron, his flagship being the Hartford. Interment will be at Arlington Monday.

CHITLON, WIS., MAY 5.—George Sawyer was shot and killed here last evening by Mrs. Joseph Schullz, whose home is on the outskirts of this city. It is alleged that Sawyer attempted to force his way into the Schullz residence, when he received the contents of an army musket.

BANKS AND ROBBERIES.

Part of Plan for Protection.

New York, May 5.—Many of the banks and trust companies of this city have approved a plan devised by Vice-President Horace K. Kilborn of the National City Bank to prevent robberies of the sort perpetrated by Harry Leonard.

The plan consists in the issuance of a loan certificate a little larger than the ordinary bank cheque to the individual who takes out the loan. The certificate is of sensitized paper, making changes in signatures impossible, and is elaborately engraved. The issuing bank does not have its name on the certificate, but uses combinations of letters and numbers to establish the bank's identity. This system permits 100,000 loans without duplication of any number.

The plan is being carried out in advance, and the certificates to be issued must present the certificate to the bank. In the event of the loss of a certificate the holder could not use it, since he could not ascertain what bank had issued it.

GAMBLING ON LUCANIA.

New York, May 5.—The steamship Lucania, which arrived to-day from Liverpool and Queenstown, had a gambling sensation on her outward voyage. Two passengers won considerable money, and the question of cheating was made against them. Then several of their alleged victims took summary proceedings by locking the accused men in their stateroom.

An effort was made to have the ship's officers arrest the two men, but it was met by a refusal.

"ELIJAH" DOWIE IS SANE SAYS ALIENISTS OF REPUTE

Dowie Completely Refutes Bill of Valiva Who Deposed Him From Leadership.

Chicago, Ill., May 5.—"After a thorough personal examination of John Alexander Dowie, we found him perfectly rational, of good memory, and in full possession of his reason and understanding."

This is the finding given out to-night by three Chicago alienists of wide reputation, who examined Dowie at the latter's request. Dowie's desire is to refute a cross bill filed by Wilbur Dillman, Voliva, and who recently deposed Dowie from control of Zion City and the Christian Catholic Church in Zion.

Dowie some time ago secured an injunction against the Voliva faction, alleging that control of the church belonged by right to Dowie. Voliva, in agreement making it an injunction suit, alleged that Dowie was insane and incapable of caring for the church properties. The hearing of the suit comes up next week.

FREE SITE FOR SMELTERS.

Anyone May Have Land for Purpose, Says Cochrane.

"We will give a free site to anybody who will erect a smelter in New Ontario," said Hon. Frank Cochrane on Saturday regarding the promise of a free site to E. J. H. Pauley of Toronto. The only conditions are that the smelter must be erected at a reasonable distance from timber or settlement.

Mr. Cochrane said he made the same offer to another party on Saturday.

EX-ALD. RAMSDEN'S NEW ROLE

He is Kited to Have Been Given Government Office.

Ex-Ald. J. G. Ramsden has it is announced, been given a Dominion government appointment as inspector of Indian reservations, at a salary of \$2000. It is said he will enter on his work in the northern Ontario territory. His route will be to accompany the agents in their rounds and supervise the giving out of supplies.

CHINESE RECRUITING IN SOUTHERN MANCHURIA

London, May 5.—Official confirmation has been received at the war office from Harbin of the report that the Chinese Generals Ma and Yuan Shi Kai are increasing their forces in the South of Manchuria.

It is stated that recruiting is going on in the district of Ninguta, that Chinese troops from Manchuria have been recruited in the district of Ninguta, that Chinese troops from Manchuria have been recruited in the district of Ninguta, that Chinese troops from Manchuria have been recruited in the district of Ninguta.

LUNATIC'S LONG WALK.

Kingston, May 6.—P. C. Mullinger arrested Charles Smith to-day for stealing \$15 from a Batteryman about a year ago. Smith has been out of the city since.

An escaped patient from Rockwood Hospital was reported at Napanee. The man, whose name was Philip Irwin, left the institution at 3 o'clock on Friday morning and walked the entire distance to Napanee.

Rumor has it that Kingston is soon to have on her principal business block a large departmental store, with dry goods and furs as a leading feature.

It is not likely that the building operations at Tete de Pont Barracks will be begun until the R.C.H.A. go to camp in July.

ROOSEVELT BELIEVES OSLER?

He's Asked for List of Civil Service Employees Over 65.

Washington, May 5.—There is a panic among the octogenarians of the executive departments at Washington. Sixteen different kinds of shivers run down the backs of all the gray-haired clerks the moment you ask him or her, "How old are you?"

This is because the president has asked for a list of the clerks who are more than sixty-five years of age, there being an academic question now officially up for consideration as to whether a clerk is any good after he or she is sixty-five. Spurred on by the Osler theory, the house had inserted in the legislative appropriation bill a paragraph to the effect that after 1913 no person should be retained in the service after having attained the traditional three score and ten.

Friends of the old soldiers jumped on the provision, and it was knocked out in the house on a point of order. It may come up in the senate, where some of the old gentlemen there will have also an opportunity of expressing their opinions about age as a disabler.

Agents of the civil service commission have been making the rounds of the departments getting this peculiar census, and it has apparently not been very successful, but they have had to have the data furnished them, especially by the women.

There are two cases of very old age in the treasury department, both women. One is ninety-one years old and the other ninety; that is according to the record of the civil service bureau.

There is a panicky feeling among the old ladies. They don't know what President Roosevelt wants the list of ages for, and especially as the house has gallantly passed up the subject to the senate. The old women are undoubtedly, under the impression that even if congress does not act, President Roosevelt will invent some kind of an order that will legislate them out of office without a pension.

SHIP'S CREW FREEZE TO DEATH

German Vessel, After Serving Japs and Russians, Discovered With All Hands Dead.

London, May 5.—The German steamship Soerabaya, after taking coal to Japan during the war, entered the Russian service and tried to run arms and ammunition into Vladivostok, but was unable to pierce the Japanese blockade.

The vessel then took refuge in the Amur River, and since October has not been heard of until recently when her crew was discovered in the ice near Nikolaievsk, which is on the Amur, twenty-five miles from its mouth. The bodies of the crew, completely frozen, were found on board.

TAX RATE IS TOO HIGH
18 MILLS QUITE ENOUGH

Ald. Harrison Will Be One of Council to Balk at Controllers' Findings.

It looks as if the bone of contention at the special meeting to-day will be the tax rate.

Alderman Harrison thinks the board of control should have been able to strike a lower rate than 18 1/2 mills.

"The city will get along handsomely on an 18-mill rate," he asserts, confidently believing that last year's overpaid would be met also on that basis, with less difficulty than last year's board had in getting along on 19 mills, owing to the heavy increase in assessed values. The alderman will take a stand at to-day's meeting for a reduced rate.

Alderman Harrison hasn't made up his mind yet whether to support the standard to which officials' salaries are being boosted.

"I think they deserve a raise," said Alderman Oliver, speaking generally. He admitted that in one or two cases he was dubious, however. He remarked that a number of civic employees had left because they could do better elsewhere, and thought the city should take steps to retain its good men.

Alderman Keeler and Alderman Adams each see a likelihood of a keen debate on the merits of the controllers' handling, but are coy in giving their own opinions. Alderman Adams stated however, that he would have something to say on the subject.

The cause of City Architect McCallum will be championed by Alderman McBride to-day.

Mr. McCallum has not yet been recommended for an increase simply because so the alderman declares, he didn't requisition one. Alderman McBride's motion that he receive \$500 additional.

CANADIAN INSTITUTE.

Dr. Kennedy is Re-Elected President at Annual Meeting.

At the final meeting of the Canadian Institute for the season, held on Saturday evening, the veteran Dr. Kennedy was re-elected president. C. Armstrong, curator, A. P. Coleman, A. W. Brouse, W. H. Ellis, B. E. Walker, J. Maughan, Jr., and W. T. Drummond on the executive. The several reports presented were for the most part satisfactory. That of the biological section, commenting somewhat severely on the condition of certain exhibits, was on motion of Prof. Macallum, F. R. S., referred to the whole council. The treasurer's statement showed receipts from the sale of the Richmond-street property to be \$14,000, while the price paid for the present building at 128 College-street, was \$13,000. The ground rent for the present Institute building is \$25 a year. Following the presentation of the several reports, Prof. Macallum gave a number of stereoscopic views of special interest, after which refreshments were served.

It is proposed during the summer to inaugurate a number of trips to different parts of the country, with a view to nature study and to get a collection of insects and flora for scientific purposes.

HEARD THE NEW PASTOR.

Rev. Vernon Gower Commences His Duties at Western Baptist.

Western Baptist Church was filled to overflowing yesterday at the occasion being the inauguration of the pastorate of Rev. Vernon H. Gower, late of Park Church, Bradford, and who within the past month received a unanimous call to succeed Rev. Geo. T. Webb.

The new pastor is a southerner by birth and education, and prior to his acceptance of the pastorate of Park Church, Bradford, was for six years engaged in evangelistic and church work in Belleville. His career in Bradford was marked by more than ordinary success and from humble beginnings Park Church became one of the largest in the city. Recognizing the importance of the larger field, he acceded to the call of Western Church.

The new pastor is possessed of an attractive personality and an easy delivery.

On Tuesday evening a formal induction will take place, followed by a public welcome, when addresses will be given by resident clergymen of the several denominations in Parkdale.

MITCHELL FEARS RESULT OF THIRD MINERS' STRIKE

Report of Scale Committee Recommending Old Award Unanimously Adopted.

Scranton, Pa., May 5.—On the advice of President Mitchell, representing the sub-scale committee, the miners' convention to-day unanimously voted to adopt the first proposition of the operators, a continuation of the award of the anthracite coal strike commission, with the modification that the terms which it is to continue shall be mutually agreed upon. The operators' suggestion was that it should be at least three years. The action of the convention, together with a request for a conference on Monday, was telegraphed by President Mitchell to Chairman George F. Baer of the operators' committee, and a strike has been averted, and that a conference at 2 o'clock Monday afternoon, at the Jersey Central office in New York.

The only matters to be discussed at the conference are the length of time the award shall continue, and the provision that there shall be no discrimination against the men who obeyed the mine workers' suspension order. It is practically certain that the operators will not accede to any suggestion for a two-year agreement, as that would throw the next conference into a presidential year, and as the miners will not want a long term agreement, the chances are that a three-year agreement will be eventually entered upon. An intimation has reached here from President Baer that the operators will not discountenance the miners' now on suspension, and the local representatives of the coal companies say the same thing. It looks, therefore, as if a strike will return to work probably on Monday, May 14.

His address to the convention presenting the report of the scale committee, Mr. Mitchell said: "I am in favor of raising the low paid men to the standard of the higher paid men. During the six or seven years that I have been in the movement in the anthracite region, I have learned a lesson about conditions. I want to assure you that I am not at all pleased with the wages or conditions. I believe they should be improved."

"In considering the policy of the organization, we must first consider its possibilities. If I were sure a strike would be successful, that you could win, that you would stand together, I would advise you to strike, and stay away from the mines until we got better conditions."

"But from the information I have received from all parts of the region, I am fearful that our people are not in shape for a strike."

"I know that there are many among you who are not in sympathy with a strike movement. We must retain the peace of mind, rather than lose what we have gained in the last two years."

"In deciding this question, may I ask you to do it without passion or sentiment, but with due regard to what is best now. Whatever your decision is, whether it be strike or whether it be work, I ask you to stand by it, and do it without reservation to the conclusion of the majority."

News Spreads Joy.

The news that the convention had decided against a strike was received with great joy throughout this region. Now that peace is assured, there is rejoicing on every hand, and, as yet, there are no demonstrations other than individual expressions.

"To the miners themselves the news is very satisfactory. They were willing to strike if John Mitchell thought they ought to, but they are glad that he decided otherwise."

Among the rumored possibilities of the operators' statement is the suspension, as a punitive lockout in the disguise of an enforced idleness on account of a glutted market. Colonel R. A. Phillips of the Delaware, Lackawanna & Western Companies Mines said to-day that the prospects of a good summer were bright.

In his opinion there might be slack time for a couple of weeks about June 1, but after the middle of June there would be good and prosperous times in the western regions, with the mines working nearly full time. He based this prediction upon the fact that while there are fair stocks in the east, the western market is absolutely empty, and there will be a greater demand for anthracite coal in the west this summer than ever before.

PREFERS AUTO TO SUBSARD

Madrid Landress Who Won Spanish Lottery, Trades Him Off.

Madrid, May 6.—In the last great Spanish national lottery a rich Spaniard of the name of Olcina promised to divide \$25,000 of the grand prize. If he won, between the pretty landresses in his quarter, Olcina won the grand prize and kept his promise, dividing \$25,000 between five of the prettiest landresses, who in a transport of joy and gratitude all offered to marry him.

Entering into the spirit of the game, Olcina offered himself as a lottery prize for the five. Manuela, the most beautiful of the lot, won, but she finally eeded the don to Rosita, preferring an automobile to a husband.

East Toronto.

East Toronto, May 6.—A blaze in the long grass and brush at Morton's Grove gave the firemen a run this afternoon.

The membership fee for ladies at the East Toronto Lawn Tennis Club has been increased from \$1 to \$2.

Work on the athletic grounds on Gerrard-street is practically completed with respect to the grading.

William Hutchinson, who for the past three weeks has been dangerously ill from appendicitis, and was removed to St. Michael's Hospital, is now rapidly recovering.

Despite the fact that building operations in East Toronto during the past season were more extensive than ever before, there is said to be less than half a dozen empty houses in town.

\$1,835,000 to Pay Insurance Losses.

Southampton, May 5.—The American Line steamship St. Paul, which sailed to-day for New York, carried \$1,835,000 for American banks. It is mostly for the account of agents of British insurance companies.

SHERRING'S METHOD APPLIED TO CHRISTIAN LIFE

Pulpit Reference to Hamiltonian's Triumph Are Congratulatory and Turned to Purpose of Good.

That the Marathon race won by Sherring was symbolical of the Christian race in life was the comparison made by Rev. Dr. Perry of Jarvis-street Baptist Church last evening. His text was chosen from the reference Paul made to the Olympic games in 1st Cor. ix, 24-27.

"The race of last week," said the speaker, "brought to mind the famous games of long ago, when the Greeks vied in the crowning event of all, and we may be pardoned a just pride that an Anglo-Saxon has won."

"In comparing the noted event with the race in life run by the Christian athlete the resemblances and differences were cited. In the case of the Christian the struggle is continuous, but all may be victors, the crown being incorruptible and lasting. It is only a life vigorous, definite, disciplined and determined that can be called an athletic life."

"It is ridiculous," said Dr. Perry, "to call an easy-going Christian a Christian athlete." Warning was finally given against the danger of relaxing in the struggle, as well as made some attainment. In the centre of the stadium was a pillar of marked "Speed you, make haste," to warn runners of the danger of the shadow of his own triumph.

Tokyo, May 5.—(N. Y. Sun Cable.)—A strong four-minute earthquake was felt at 8 o'clock this morning at Osaka, and Caudagencia, but it caused no damage owing to the fact that the motions were gradual. The oscillations were felt from Tokyo to the Island of Formosa.

Ottawa's New Theatre.

Ottawa, May 6.—The site for the new theatre in Ottawa will be 10 Sparks-street, a block west of Bank-street. The property formerly occupied by the Davidson mills, destroyed by fire.

GREED AND SELFISHNESS.

Playing Prominent Part in Opposition to Sabbath Observance.

Rev. Dr. Shearer, secretary Lord's Day Alliance, speaking in Old St. Andrew's on Sunday morning, declared that the greatest menace to the preservation of the Sabbath Day was the greed of transportation companies and the selfishness of the general public. One hundred and fifty thousand employees were robbed of their Sunday rest to satisfy the railway companies, while the downtown streets on Sunday afternoons were becoming fashionable promenades.

Japan among the higher classes was the most law-abiding nation in the world, and an example to all others. The vitality of the church depended upon the sanctity of the Sabbath Day.

The most tremendous influence was being brought to bear at Ottawa to introduce and carry thru legislation inimical to the welfare of the nation.

Simpson's Suits For Men

First of all about these Suits—they're GOOD suits. Of course that's easy to say, and any merchant could, and probably would, say the same thing about his suits.

But there's an added force to the words when we say it, because we see samples of all the suits manufactured in this country, besides many of the famous brands of the United States. We know our suits are good suits because they are the best at their respective prices we could pick out of the whole production.

Further than that, we are willing to have you make the hardest kind of comparison you like. There's nothing "sloppy" about Simpson suits—the cheapest of them. They have shape to them—the tailoring is up to standard.

Here's a list of our prices, and every one represents a challenge value.

Men's Black and Brown Checked English Tweed Suits, single-breasted, on sale Tuesday 6.50

Two-piece Norfolk Suits, light grey homespun plaid pattern coat, unlined, Tuesday 10.00

Fine fancy worsted, small quiet pattern, medium grey, single-breasted, Tuesday 13.00

High grade imported clay worsted, blue and black, single and double-breasted, pure wool, Tuesday 15.00

New grey tones in imported fancy worsteds, with faint silver overplaid, extra well tailored, Tuesday 18.00
