Russians Give Some Captured Ground in Desperate Fighting Undertaken to Save Rumanian Capital—Teutons Claim Victory North of City.

Special Cable to The Toronto World. London, Dec. 4.—All eyes are still turned on Rumania, where the fight to save the Rumanian capital is still in its critical stage.

Next Few Days Critical. It is recognized that the next few days are likely to have a critical influence on the whole campaign.

Worst Phase Over in Cabinet Crisis Mr. Asquith Will Remain Premier, Political Clubs Say.

CARSON TO STAY OUT Strong Disagreements Arise Among Members of Ministry, Rumors Say.

London, Dec. 4.—The most conservative opinion in the political clubs and parliamentary lobbies Monday night was that the worst phase of the government crisis had passed, and that the reconstruction of the cabinet would proceed harmoniously.

Division Artillery Red Rust Waste Wrought by the Canadian Guns BY CHAS. G. D. ROBERTS

YOU have started out to cross the monstrous, stark naked, shell-tortured expanse of red mud in which "div. arty." (the Canadian Divisional Artillery) has dug his hidden lair.

As you push on your laborious way, however, this feeling quickly passes off. You grow philosophical. Your mind is centred on the desirability of reaching that advance lair of "div. arty."

A little later you come to a side entrance to a deep communication trench and a sentry urgently warns you into it, as a special little strafe has just begun.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

THE heavy action that has been proceeding for several days east of the Cerna River, in Macedonia, has ended in the defeat of the Bulgarians and their precipitate retreat, followed by the victorious Serbians, in the direction of Prilip.

The Rumanian recovery, aided by the Russians, appears to have been not so complete as first despatches would indicate, for the Germans have been able to drive them back south and southwest of Bucharest.

Greek Ruler Will Attack Allied Rear in Macedonia.

London, Dec. 5.—According to some special despatches of the Athens correspondents, filed on Sunday at Piraeus, where the allies control the telegraph lines, the situation in Greece is one justifying Lord Robert Cecil's statement that it was of "extreme gravity" for the allies.

CONFLICT IN STRATEGY CAUSES CABINET SPLIT

Westerners Favor Concentration of All Forces in France, Easterners Want to Move From Salonica.

London, Dec. 4.—The real basis of the political crisis, according to the parliamentary correspondent of The Star, is a conflict between eastern and western strategy.

Mr. Lloyd George was not present during the sitting, but all the other prominent figures in the crisis put in an appearance, and were cheered by their adherents as they entered the chamber.

There are in fact two crises, for the crisis in the ministry is but a reflection of the crisis in the war.

By Resorting to Ancient Ruse of Carrying Great Weights on Back, Men of Dominion Win Important Victory.

With the British army on the front in France, Friday, Dec. 1, via London, Dec. 4.—That success in modern warfare often may depend upon the employment of some article or contrivance of ancient design and cunning has again been demonstrated by the Canadian troops in their most recent advances against the enemy.

Not only did this particular contingent of Canadians take Regina trench, but they pressed forward under the fiery shelter of a curtain of shells until they established themselves in "Desire" trench.

Adopt New Scheme. When the Canadians were given the word to advance it was quickly seen that the wintry mud would soon play havoc with the usual methods of bringing up supplies and without interrupted supply support no attack could succeed.

LOST MANY SHIPS. Christiania, via London, Dec. 5.—From the beginning of the war until November of this year, 242 Norwegian ships have been destroyed by acts of war.

Premier Asks Delay. Replying to a question in the commons in regard to the appointment of a food dictator, Premier Asquith said he thought all questions as to personnel had better be deferred until the process of reconstruction—if this should occur—was completed.

Sounds Warning Note. After suggesting that the people choose new rulers thru a general election The Manchester Guardian in commenting on the cabinet situation, sounds this note of warning:

There are in fact two crises, for the crisis in the ministry is but a reflection of the crisis in the war.

Mr. Lloyd George was not present during the sitting, but all the other prominent figures in the crisis put in an appearance, and were cheered by their adherents as they entered the chamber.

Naturalized Germans With an Alias and Incidentally of Nickel

Canadian Nickel Agents? Financial News (London). Well, we have shown that in the "purged" list Mr. O. Lang takes the place of Mr. O. Langenbach...

The Financial News of London, England, agrees with the prime minister of Australia, that Henry R. Merton and Son's purge "deceives nobody who does not wish to be deceived."

What is going to be done now? That is what everyone wants to know. The people believe that once a German always a German in this war, change of name or oath of allegiance notwithstanding.

What is our government going to do now? Instead of apologizing for this German outfit and spending their time objecting to those who have done Canada the signal service of bringing this most deplorable condition of affairs to light...

The whole story is out now as regards responsibility for the present condition of affairs. The responsibility belongs to Canada, not to Great Britain. Sir Robert Borden appealed to the British Government last week to endorse his solicitor-general's statement that Britain alone was managing the whole business of export of Canadian nickel from the United States...

"Why do you, Sir Robert, entrust this firm with seeing that no Canadian nickel gets to Germany when there is no necessity for it. You are a free agent as to Canadian nickel, mined in your own land, we are not in respect to certain metals not obtainable among the allies."

When the reply of the British Government came, had it been useful as an exoneration of the Canadian Government, the newspapers supporting the government would have rejoiced on the receipt, and would have proclaimed it from the housetops.

The last cargo of nickel on the German submarine Deutschland is traced by The Providence Journal to the International Nickel Co. direct, and people say, why is this not contradicted? They believe that O. Langenbach alias O. Lang, Heinrich Schwartz alias Harry Ferdinand Stanton, and the Schweizerische Gesellschaft fur Metallwerke, now masquerading under a French title, who control the export of Canadian nickel to Europe, would, if they could, load the Deutschland, and fifty of them, did they exist, with nickel.

The International Nickel Co. stands charged by The Providence Journal with the hideous offence that the Deutschland carried Canadian nickel, traced directly to the Canadian Copper Co. When are you going to bring on the trial, Mr. Solicitor-General? It is your statutory duty to assist the minister of justice in the counsel work of his department? Why have you already appeared for the culprit instead of the crown?

If a Liberal government had handled this nickel question in the same way it has been they would have been hounded out of office as traitors to their country and every man in the government or out of it responsible for it, or who counseled it, would have been put on trial. Unless immediate action is taken to satisfy the people of

YORK TOWNSHIP

WATER AND LIGHT ARE PROBLEMS FOR COUNCIL. York Mills Residents Speak Plainly and Firmly Regarding Delay.

The members of the York Township Council are confronted at the present time with two big outstanding problems, one being the waterworks system, and the other the installation of the Hydro-Electric system through that portion of the township.

Incidentally the members expressed their appreciation of the diagram published in The West in the issue of the 27th inst. dealing with the waterworks and hydro-electric schemes.

Reeve Griffith took the men from the north into his confidence and told the whole story of how they had invaded the provincial and city hydro offices time and again in an effort to get a workable agreement.

Threats of submitting the whole matter to a vote of the people to see if they would accept the terms of the E. L. or some other company were freely made by members of council.

Meantime the poor old British Government has kicked over the International Nickel Co. and Henry R. Merton and Son for their future supply, and is hurrying on just as hard as it can to mine and refine nickel for itself in Canada.

And the anonymous writer in The Telegram who puts the date of the "purge" at 1914, what has he got to say about it? His two brothers at the front would like to know.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

(Continued From Page 1.)

near Titu and in the capture of 35 cannon. These represent about one-third of the guns of a division.

The cause of the Rumanian lack of success in their two latest attacks has been the surprise use of a cavalry force by the Germans. These mounted men turned the Rumanians on the Argechu River and compelled them to retreat, and the horsemen had also some influence on the fortunes of the fight between Alexandria and Bucharest.

Petrograd believes that the timely arrival of Russian troops before Bucharest has so changed the Rumanian situation that the Rumanians have at least a fighting chance to retain their capital.

The Canadian war records office in London, in a communique issued last night, reports the successful springing of a mine by the Canadians and the occupation of the crater, its consolidation, and the holding of it against sharp attacks.

Owing to German exactions the Belgians in Antwerp rose against their tyrants on Nov. 30 and many German soldiers and 200 to 300 of the inhabitants were killed, according to information brought to Holland by two Belgians from Ghent.

King Constantine of Greece is considered by the allies as having been involved in the disturbances at Athens, and the British and allied governments will immediately proceed to a radical solution of the Hellenic problem.

The British cabinet crisis, it is said, has part of its origin in the dispute between two rival schools of strategists. One, which comprises the soldiers and practically every military writer of standing, favors concentration of effort on the western theatre of the war, while the other, having a certain support among the politicians, and also advocated by The Manchester Guardian, favors the conversion of the front north of Salonica into the principal theatre of the war.

Two German divisions are reported to have been sent to the front north of Salonica. The worst feature of this dispute is that its decision will be perfectly known to the Germans, and secrecy and surprise, two great factors favoring military success, will be absent, if any change is decided on.

Discharges you lose all sense of personal danger—you feel small and lost in the vastness of it, that it would be nothing short of a miracle for a shell to find you.

Suddenly, quite clear against the background of stupendous sound, comes the quiet voice of your companion. "Here we are," he remarks as casually as if he had just steered you to some little cafe door in a darkened Soho by-street.

To those troops who have enjoyed, thru fair and foul, its tireless and amazingly competent support no term of endearment for the Canadian Divisional Artillery could seem excessive. But the C.D.A. is modest and the nickname of "div. arty." contents it very well.

There is no possible danger of the magnificent qualities of our infantry being overlooked—their cool fury in attack, their dour and desperate obstinacy in holding on, their endurance and indomitable humor under conditions of long-drawn strain which would surely undermine the courage of any less mettled breed.

It is not surprising of course that the splendid work of the guns should receive less attention from the public than does that of the infantry. On the surface it seems so much less individual. Its outward manifestations are like some stupendous convulsion of nature, endlessly recurring. Detail is blurred and personal incident lost in the stupefying confusion of noise and flame and ruin.

But behind these phrases, what unchronicled feats of individual heroism! These guns would be blind at the most critical emergency but for the work of the "F.O.O.'s" (field observation officers) serving their telephones in their solitary shell holes out in the forefront of the storm—but for the work of the linesmen in the fire-swept open, calmly keeping their telephone wires patched up beneath that hail of death.

**Wrong**

SOME people have never tried Red Rose Tea because they think it is just ordinary tea put into packages. WRONG!

Red Rose Tea is a "master" blend of more than a dozen high-grade Indian and Ceylon teas. It is a **DISTINCTIVE** tea—distinctive in flavor, in richness, in strength, in economy.

To prove it, try it.

Sold only in sealed dust-proof packages.

RED ROSE TEA is good tea

**BRavery of Toronto Men is Recognized**

Lieuts. H. R. Hammond and A. W. Ellis and Lance-Corp. M. Orr Get Decorations.

Lance-Corporal Martin Orr of 99 Geoffrey street, a despatch runner in the Royal Canadian Regiment, has been awarded the Military Medal for carrying messages under shell fire. He is a graduate of Parkdale Collegiate and attended Bonar Church, his father being chairman of the managing board.

Lieut. A. W. Ellis, son of Mrs. M. J. Ellis, 15 Spencer avenue, has been recommended for the Military Cross for gallantry in action and promoted to rank of captain. He is with the 10th Battalion at the front, and a Q.O.R. man. Before enlisting for active service, he was employed in the customs office.

Lieut. Herbert R. Hammond, son of the late H. C. Hammond of Toronto, has been awarded the Military Cross. He directed fire under very trying conditions, with courage and skill. He is a graduate of the Royal Military College. His mother resides at 229 Stanley street, Montreal.

**INTEREST CENTRES IN FILM OF KING AT FRONT**

Negotiations Under Way for Presentation of Pictures in Toronto.

Interest already has been aroused through the announcement that the fitting supplement to the Somme films, "The King Visits His Armies in the Great Advance," which has been released for Canada and has been approved by the Ontario Board of Censors, will be shown in Toronto within the near future. Enquiries have been made as to where and when the picture will be shown here. No definite information regarding the theatres and the time of exhibition of the film has yet been announced, but negotiations are under way and are expected to be completed soon.

This latest war film accurately portrays the King in his visit along the western front where he risked danger to see the actual condition under which his soldiers were fighting and those of the allies. His majesty was able to get close enough to the German trenches to see the effect of British shells.

The picture is one of the most remarkable which have been taken and should be seen by every Canadian who is interested in the progress which the allies are making. That it will be well-patronized here is indicated in the extent of the interest already aroused in Toronto by the announcement of its early presentation in this city.

**ORDER PERPLEXES CITY.**

The city authorities have sent back to the government the request that women convicted before city magistrates should be committed to the jail and not to the jail farm, according to the order in council of Jan. 16, 1915, which gave the magistrates power to commit straight to the jail farm. The city is perplexed in view of the fact that they recently decided to cut off the jail salaries after Dec. 1.

**COSTS MONEY TO CARRY LIQUOR.**

Two men were convicted on charges of violating the Ontario Temperance Act, in the police court yesterday. Alfred Perry, who was caught with a bottle of whiskey in his pocket, and John Purdie, who handed a bottle of the liquor to a man on Tecumseth street, were each fined \$200 and costs.

**CHIEF JUSTICE MULOCK AND COUNSEL HAVE TIFF**

Frank Arnold's Method of Cross-Examining Witness Displeases Judge.

Frank Arnold, K.C., came in for some sharp criticism from Chief Justice Mulock, at the trial of the action of Mrs. Frances Rebecca Van Zant against her brother, George Coates, for the recovery of property at No. 7 Mulberry avenue, yesterday afternoon. After answering several personal questions, Mrs. Ada May, whose husband has gone overseas, leaving seven children at home, appealed to Sir William Mulock, who said to counsel: "You must not badger the witness."

In cross-examining the next witness, Mrs. A. C. Coulson, Mr. Arnold stated that she had not talked over the matter with Mrs. Van Zant. The chief justice again told the counsel not to badger the witness, and after a short reply from counsel, he said: "I want no impudence in this court."

"I will not have cross-examination taken out of my hands in this way," was the reply from Mr. Arnold, to which the chief justice said: "You must not misconduct yourself."

In her evidence Mrs. Coulson said that in company with Mrs. Van Zant and others, she had visited Mrs. Coates at the home at No. 7 Mulberry avenue, and that she had seen the house barricaded. An entrance was obtained thru a window, and George Coates had acted like a maniac, and had called Mrs. Van Zant "everything but a decent respectable woman."

Drs. R. J. Dwyer and S. Riches also testified to visiting Mrs. Coates and finding her with only a colored attendant, ill, in unclear surroundings. The case will be continued this morning.

**Objects to Chief Coroner as One to Fix State of Mind**

W. F. Mulholland, a well-known business man, appeared in the police court yesterday, on a charge of insanity. The information was laid by his wife. Prior to the usual commitment to the Reception Hospital, counsel for Mulholland objected to Chief Coroner Arthur Jukes Johnson being one of the examining doctors, claiming that he was unfair in his decisions. The magistrate refused to appoint anyone else in Coroner Johnson's place. Counsel for Mulholland asserted that the prosecution was being urged for ulterior purposes.

**USED FOR WAR WORK.**

The sum of \$74 was realized from the sale of home-made articles held at the home of Mrs. W. E. Groves, president of the Sir William Haig Auxiliary. The money will be used for the war work of the organization.

**ON WORKMEN'S COMPENSATION.**

George H. Kingston, K.C., is attending a conference on social insurance to be held in Washington this week. Two days of the time allotted will be devoted to a discussion of workmen's compensation. Mr. Kingston will be chairman of this section, and will read an address on the working of the Ontario Act.

**CAVELL CAMPAIGN VERY SATISFACTORY**

Nineteen Thousand Dollars Collected for Memorial Home to Late Nurse.

**HOLD ANNUAL MEETING**

Ladies' Board of Western Hospital Chooses New Officers for Year.

The annual meeting of the ladies' board of the Western Hospital was held yesterday afternoon, in the assembly hall of the Institution, Dr. Stowe-Gullen, president in the chair. Reports of the Edith Cavell campaign were given, showing that over \$19,000 had been collected during the three days. This amount, together with \$2500 already in hand, will form the nucleus for the memorial home to the devoted nurse. The expenses in connection with the campaign amounted to \$1434.69.

Mrs. Andrew Darling, who for a number of years has been chairman of the Good Cheer committee, wished to retire from the office owing to impaired health, but the board induced her to change her intentions in this direction, as they felt it would be more than difficult to get anyone as fitted for the work as she.

In her presidential address, Dr. Gullen stated that the work of the campaign had been very encouraging, and that even the whole staff in participation were on hand. It would not be advisable to build at present as building materials, particularly steel, were so high in price. She also referred to the exceptionally fine graduating class of last year.

The election of officers resulted in re-appointing the president, Dr. Stowe-Gullen, the vice-presidents, Mesdames D. Fesslin, H. C. Tomlin, W. J. Wilkinson, Thomas Crawford and John Ferguson, treasurer, Mrs. McElroy; recording secretary, Mrs. Treblecock. The work of the corresponding secretary will be divided between Mrs. William Clark and Mrs. A. Wilson.

Tea was served at the close of the business.

**EMPIRE DAUGHTERS CARE FOR MEN IN GERMANY**

Sir Henry Pellatt Chapter Sends Comforts to Fifty Canadian Sons.

A large and enthusiastic meeting of the Sir Henry Pellatt Chapter was held yesterday afternoon in the kitchen, 100 Dundas street, when Mrs. Ambrose Small, presiding, reports of the chapter show that the special things which they are at present directing their activities are most encouraging. Fifty Canadian prisoners in Germany are being cared for and receive boxes of provisions, books, socks and other comforts which are sent at regular intervals. All will receive Christmas remembrance.

Reference was also made to the pictures which will be put on shortly at Massey Hall, showing the activities of women in war-time in the West, which were their initiative to Mrs. Small, will be shown under the auspices of the Municipal Chapter, I.O.D.E.

In her evidence Mrs. Coulson said that in company with Mrs. Van Zant and others, she had visited Mrs. Coates at the home at No. 7 Mulberry avenue, and that she had seen the house barricaded. An entrance was obtained thru a window, and George Coates had acted like a maniac, and had called Mrs. Van Zant "everything but a decent respectable woman."

Drs. R. J. Dwyer and S. Riches also testified to visiting Mrs. Coates and finding her with only a colored attendant, ill, in unclear surroundings. The case will be continued this morning.

**BELGIAN WORKINGMEN REDUCED TO SLAVERY**

Half a Million Others are in Idleness, Says Appeal to the United States.

Paris, Dec. 4.—"Fifty thousand Belgian workingmen have been reduced to slavery by the Germans," declares an appeal to American workingmen, prepared by Belgian laborers at a secret meeting in Belgium and communicated thru a reliable channel to the Associated Press. The statement continues: "The Germans have reduced 500,000 workers to idleness thru the seizure of raw materials and machines. They have plundered Belgium of 1,000,000,000 francs in money, the pretext of a war contribution, and of 5,000,000,000 francs in provisions thru the medium of requisitions. "Then, under the pretext of idleness, which they themselves had provoked, and of need which arose entirely from their raids upon Belgian resources, they declare that Belgians must either sign voluntarily an agreement to serve Germany or be deported."

**ORGANIZES EMERGENCY CORPS.**

Mrs. L. A. Hamilton has returned from Barrie, Penetanguishene and Midland, where she organized branches of the Women's Emergency Corps at large and enthusiastic meetings.

**BOARD HOLDS CIRCULARS ABOUT MEDICATED WINES**

Is Investigating Subject Further—Having Analytical Tests Made.

The license board has not yet sent out the circulars to druggists warning them that the board will prosecute in cases where they have reason to believe that druggists are knowingly selling medicated wines for beverage wines. The board is holding these circulars which have been printed, pending further investigation.

The board is having a number of analytical tests made of various brands of these medicated wines. It is stated that some have been found to contain as high as 27 per cent. proof spirit. It is possible that the board is considering some such course of action as that advocated by the druggists, who asked that the board should in some way indicate to the druggists what medicated wine was their approval, and those which in the opinion of the board contravened the Patent or Proprietary Medicines Act, which stipulate that medicated wine must have their approval and medication to prevent its use as a beverage.

**PATRIOTIC FUND SAVES INSURANCE ON SOLDIERS**

In Montreal Alone, Twenty-Two Policies Would Have Lapsed But for Action.

Failure, perhaps, to appreciate its value, or lack of ready money to meet what seems like a large premium, would lead many a soldier's wife to let his insurance lapse—were it not for the interest and help of the officers of the Patriotic Fund.

In Montreal alone, for instance, the department of insurance last month saved for twenty-two families policies which otherwise have lapsed and been lost to the beneficiaries. These policies represented insurance to the value of about \$30,000, the annual premiums being over \$800. In all this branch is looking after insurance representing not less than \$40,000.

In other words, thru carelessness or fancied inability to pay premiums, this number of policies would have been lost if the organization had not financially assisted in keeping the policies alive. In addition to this the organization is directly financing, the total amount of insurance saved to dependents within two years by the committee's advice and counsel is in excess of \$200,000.

Since this branch of the work was organized practically every woman interviewed has acted on the committee's advice. In many cases the committee has had to act quickly and without consulting the woman, and here again there was little friction, matters being afterwards satisfactorily explained to the dependents.

In this connection it is gratifying to note that the insurance companies have generally dealt liberally and sympathetically with relief committees.

**SLINGSBY CASE ARGUED.**

House of Lords Discusses "Frisco Baby" Action.

London, Dec. 4.—The house of lords this afternoon continued until tomorrow its hearing on the appeal in the famous Slingsby baby case. It was decided by the lords to hear counsel for Mr. and Mrs. Charles Henry Rayburn Slingsby of San Francisco, who claim to be the parents of "Teddy" Slingsby, made formal appeal to the upper house from the court of appeals, seeking the return of the baby, the child of Mrs. Slingsby. The lords heard him briefly and then continued the case.

The question hinges on whether "Teddy" Slingsby, a curly-headed youngster of six years, is the real son of the man and wife, who claim him. The child, who is a little boy, is a bright young California 6-year-old.

**NEW BANK MANAGER.**

Ottawa, Dec. 4.—George Burn, general manager of the Bank of Ottawa, has resigned, and will be succeeded by D. M. Finlay, hitherto assistant general manager. The retiring general manager has filled the office since 1896, and is also vice-president of the Canadian Bankers' Association. He will probably be made a director of the bank at the forthcoming annual meeting.

**SIXTY-FOUR KILLED.**

Railway Accident Near Budapest Due to Breaking of Rules.

Budapest, Dec. 3.—(Via London, Dec. 4.)—Sixty-four persons were killed and 100 injured in a serious railway accident at Herzechtal last week. It has now been definitely established that the responsibility for the accident, in which two trains, one of which had on board a number of passengers who attended the funeral of Emperor Francis Joseph, crashed together, has not yet been fixed, owing to the numerous factors involved, among which is the allegation that the stationmaster at Kolom permitted the second section of the express train to pass the first. The express, acting upon the demand made by a personage on the second section returning from the royal funeral. The impression prevails that the accident was mainly due to this reported official interference with the railway rules.

**THIRTY-FIVE NAMES ON ROLL OF HONOR**

Ottawa Reports Eight Toronto Men Make Supreme Sacrifice.

TUESDAY MORNING, DEC. 5.

The British Cabinet Crisis

A quotation from the British cable yesterday advised The Toronto Evening News front page last night with the object of showing that coalition was a failure. If it was a failure it was not coalition, is the most obvious answer, but the question cannot be settled by begging it.

Partisanship is so deeply rooted in the average Britisher that the moment a coalition government is mentioned he concludes it must be a failure.

Every little Englishman ever born alive, in a little Liberal, or Conserva-tive. He is compelled to be one thing or the other. To be a mixture is abhorrent to him, and to be anything else than one or the other, un-intelligible.

But a strong hand is needed in Greece, and of the political unrest in England, and justification at all events for the immediate cabinet crisis.

Editor World: May I correct one or two statements made in a letter issued in your paper on Friday last, signed by Mrs. Isabel Erickson Brown?

Half-a-dozen of these younger practical men could make more progress with the war than twenty-three who sit and quibble and squabble over every plan. What is needed is action, initiative, resource. The men of 70 and upwards are ripe for retirement.

There are other matters of great importance to the conduct of the war which Lloyd George has closely at heart. Two of these are of the nature of a great domestic treachery to the nation.

WANTS TO BE TRUSTEE. Frederick Singer, barrister, son of the late Solomon Singer, has announced his candidature for the Board of Education in Ward 4.

some of these things at last in spite of the partisans, and in spite of those who regard coalition as a failure. We are inclined to think that Lloyd George's intimate knowledge of these matters and his determination that they shall no longer deter the most vigorous behind his resignation.

Canadians who oppose coalition, and universal service which tend to bring the war to a successful finish, will look in vain to Great Britain for anything to comfort them in their convictions in the outcome of the present crisis.

The Greek Situation

Strong measures are needed at every point of the complicated game in which the nations of Europe are playing for the great stakes of human destiny.

Anyone who did not know that King Constantine was a traitor to the powers to whom he owes chief allegiance outside his own people, has been wilfully blind.

It is now a matter of wonder and investigation by the Greek Government why there should have been any disturbance or any firing on the troops of the allies.

Those familiar with German methods will be willing to accept the view that German emissaries started the firing in the hope that open war would be precipitated in Athens.

British common sense is quite out of patience with King Constantine, and his German wife. They know in Britain that he sits on the throne of Greece by the grace of the British navy, and of the allied armies.

A new light is probably breaking into Constantine's Prussianized noddle with the announcement of the Russian Premier Trepoff that the allies had agreed last year to the cession of Constantinople and the Straits to Russia.

But a strong hand is needed in Greece, and of the political unrest in England, and justification at all events for the immediate cabinet crisis.

LOSES ACTION AGAINST EXECUTORS OF ESTATE

John Muirhead Claims for Work Done for Late Father, But Fails to Recover.

OSGOODE JUDGMENTS

R. J. Fleming Threatened With Committal to the "Common Jail."

The second appellate divisional court delivered the following judgments yesterday: Prest-O-Lite v. London Electric Co., appeal dismissed with costs.

The appeal of the Township Council of West Nisourai from a decision of Justice Sutherland regarding the West Nisourai Continuation School Board was dismissed with costs.

Justice Kelly dismissed the action of John Muirhead against the executors of the estate of his father, James Muirhead, who died on July 2, 1914.

In his decision the justice found that the allegations of the plaintiff made improvements at the request of his father were negated by evidence that he had to believe.

Mr. Justice Middleton at Osgoode Hall yesterday granted a week's adjournment in the case of the city against R. J. Fleming, general manager of the Toronto Street Railway Company.

According to a judgment of Mr. Justice Litchford Mrs. Mary Shenkman is entitled to secure one-third of the surplus on the mortgage auction of property on Bank street, Ottawa.

CANADIANS WIN DESIRE TRENCH

Canada suggested a scheme to the commanding officer, who immediately called for volunteers for the "tump-line." Hundreds of Canadians knew the trick, and within a few moments three "tump" companies were organized to bring up ammunition.

CONGRESS RECONVENES FOR A LONG SESSION

Washington, Dec. 4.—Congress reconvened today for a three months' session, with a calendar overcrowded with general legislation facing railroad reforms and the high cost of living as new issues, and confronted with unprecedented estimates aggregating \$1,654,819,654 to meet expenditures of the government for the fiscal year 1918.

High Cost of Living and Railroad Reforms Are Chief Topics for Discussion.

Washington, Dec. 4.—Congress reconvened today for a three months' session, with a calendar overcrowded with general legislation facing railroad reforms and the high cost of living as new issues, and confronted with unprecedented estimates aggregating \$1,654,819,654 to meet expenditures of the government for the fiscal year 1918.

Italian Repulse Foe Detachments. Austrian Attempt on Village of Sano, Camerata Valley, Proves Fiasco.

Air Raids on Carso. Ton and Half of High Explosives Drops on Stations.

Rome, Dec. 4. Via London, Dec. 4.—Today's war office statement reads: "In the southern Camerata Valley, enemy detachments again attempted to attack the village of Sano. They were repulsed. On the rest of the Trentino front there were only the usual artillery actions, which were particularly intense on the Asiago plateau and in the Sugana Valley."

On the Julian front yesterday the enemy artillery fire was again very active on our front and rear lines. Our batteries replied effectively. As the result of small encounters between patrols near Castagnavizza we took some prisoners, including one officer.

One of our air squadrons yesterday bombed the railway stations of Dogliano and Schoppo (Skopo) on the Carso. Notwithstanding adverse weather conditions and the violent fire of the enemy artillery our aviators descended low to drop a ton and a half of high explosives on the targets.

Numerous air fights took place. One enemy machine was brought down; one of ours is still missing. Hostile seaplanes dropped bombs at several points on the Carso. No casualties or damage resulted. In reprisal an airplane dropped five large bombs on floating hangars at Trieste with excellent results.

Baseball New Commissionis Wanted by Minors Soccer Lively Doings at Monthly Meeting

MINOR LEAGUES ARE AFTER NEW COMMISSION

Ed. Barrow is Named for New Board—To Meet Major Leaguers.

Boston, Dec. 4.—The committee which will represent the minor leagues of the country in requesting the National and American Leagues for support in the establishment of a new baseball commission, was named today by Timothy H. Murnane, vice-president of the National Association of Professional Leagues, as follows: J. Cal Ewing of San Francisco; Thomas Chivington, president of the American Association; and Edward Barrow, president of the International League.

They will meet the National League club-owners at their annual meeting in New York, and then go to Chicago for a conference with the American League representatives. The commission which they will propose was endorsed at the recent convention at New Orleans. It would be composed of two members from the major leagues, two from the minor leagues, and a chairman chosen by them, and would act as a further court of appeal in cases affecting the minor leagues. The two minor league presidents, also, it is understood, will present requests that the International League and American Association be exempt from draft by major league clubs.

STANLEY GUN CLUB.

A good turnout of members and friends were present at the Stanley Gun Club's shoot on Saturday afternoon. The first event of the monthly handicap shoot, 25 targets each, Saturday, was shot off, including handicap, the scores in this event were as follows, out of 25 targets: W. Stevens 23, A. E. Millington 24, W. Blackstock 25, E. J. Marsh 24, N. Norman 24, W. Hughes 25, E. R. Rolph 21, A. Tomlin 22, E. F. W. Salisbury 25, E. C. Crompton 24, F. McMartin 25, G. Scheibe 25, W. Joslin 22, F. Official Averages Show Siler to Be Real Phenomenon. Akron, Dec. 4.—Without attempting to take away from Tris Speaker any honor or credit for his wonderful batting feat, which put him in front of the batting line, there are thousands of baseball fans in all sections of the country who look with admiration on the phenomenal offensive record made by George Siler, the former Akron High School athlete, in his first year in the ranks of professional baseball. The misfortune of President Dreyfus in failing to land the noted player put the Braves out of the running, but this turn of events furnishes no reason why the achievements of the youth should be hidden or ignored in Pittsburgh. Siler's drive is shown forcibly in the official averages just issued by the American League.

THE FATAL SEVENTEEN. AMERICAN RUGBY CASES. Only One a Real Varsity Player—Ignorance Caused Accidents. American college football exacted a toll of seventeen victims this fall, the number being one larger than the total of 1915. They claim a bit of consolation for the sport in the fact that 15 per cent. more players engaged in the gridiron game than a year ago, thus reducing the percentage of deaths.

COUNCIL DISCUSSES LETTER OF M. O. H.

Alderman Cowan Demands Retraction of "Brutal Language."

VOTING VERY CLOSE

Recommendation to Appoint Nurses Carried on Snap Vote.

On a snap vote at 1.20 a.m. the city council decided to appoint Nurses Dyke and Forsythe to the medical health department, at salaries of \$1600 and \$1200 per annum.

With the exception of Ald. Cowan, members of council made very mild response yesterday to Dr. Hastings' irate denunciation of those who voted against his recommendation to appoint Nurses Dyke and Forsythe at salaries of \$1600 and \$1200 per annum. The same recommendation was again placed before council and was again turned down, but this time by the only one vote.

On a question of privilege, Ald. Cowan rose before council proceeded with routine. A recent letter, he said, written by the medical health officer not only offended the dignity of the city council, but was brutally offensive in its tone. The board of control, he said, failed to protect council when it allowed the document to ever be made public.

"Neither the medical health officer's standing in the profession nor his management of the health department, which a number of the ratepayers think extravagant, warrant him using such offensive language to the members of this council. I ask you, Mr. Mayor, to demand from the medical health officer a retraction of his brutal language."

Mayor Church attempted to head off discussion. The doctor was very impulsive, he said, and if he had seen the letter before it was read by the secretary he would never have allowed it to be made public. The doctor, he believed, would probably retract the statements.

Ald. Ramden: "You are not asked to make any apology. The apology is asked from the medical health officer."

Broke Out Afresh. When the doctor's recommendation to appoint the two nurses was discussed, a discussion broke out anew on the communication. Ald. Gibbons said that when a civic official addressed a communication to council he was expected to do so in a courteous and dignified manner. He said, might be given an excuse, but it was hard to believe that a man of the standing of the medical health officer should so far forget that he was a gentleman as to address that offensive communication to council.

Concerning the salary increases, he could not believe with Dr. Hastings that a refusal to increase the salaries of two nurses would increase the death rate, and he was opposed to the recommendation. He hoped that it was only a snap vote to the M.H.O.'s inasmuch as council would turn down the recommendation.

Ald. Bull said he was not very much perturbed by the doctor's allusion to him as a "zeppelin raider." Mayor Church pointed out that when the doctor had built up his health department on the continent he should not be interfered with.

Ald. MacGregor thought the doctor must have been in his dotage when he addressed the objectionable letter to council.

Deserving of Censure. Ald. Hiltz: "The board of control deserves some censure for bringing this before council."

Ald. Hastings: "Dr. Hastings is the best medical health officer on the continent. I am not going to take the responsibility of opposing his recommendations."

Singer: "The doctor didn't mean what he said in his letter. He's probably sorry he wrote it. It was nothing but a rhetorical exercise."

Regarding the recommendation to increase salaries, January was the proper time to bring them on, he said. Ald. Ramden thought to some extent a discussion was a temper in a temper. But he recommended that the recommendation be withdrawn.

Ald. Bull said he was not very much perturbed by the doctor's allusion to him as a "zeppelin raider."

Yes—Controller Foster, Ald. Ramden, Hiltz, Cowan, Bull, Beamish, Wainstaff, McBrien, Singer, Riak, Gibbons, Robbins.

Nays—Mayor Church, Controllers O'Neill, Cameron, Thompson, Ald. McBride, Maguire, Graham, Plewman, MacGregor, Hiltz, Archibald.

Ald. McBride and Controller Cameron produced the fireworks in the early moments of council yesterday, when the alderman demanded that the controllers' heads be cut off.

"I have been busy on more important matters. Some interested members want me to bring it in a certain way. I'll bring it in at the proper moment."

Ald. McBride: "It's a joke committee, as I said at the time. Why don't you bring in your report?"

Controller Cameron: "Mr. Mayor, I ask the alderman to retract that."

Ald. McBride: "The chance, I won't retract. It's true."

Mayor Church: "Ald. McBride you are asked to retract."

Controller Cameron: "Just what I expected."

Books Produced. EATONS CLEARED. T. and D. Council Find That Big Store Eleven is Innocent of Charges Made.

At the monthly meeting of the Toronto and District Football Association held last night, the delegates had a warm session. The Eaton case was thrashed out and satisfactorily concluded.

There was a long debate when Eatons questioned the right of the council to demand that their books be produced. Eatons finally decided to agree to the council's request. The books were laid on the table and when examined were found to be satisfactory. The Eaton Club was exonerated from the charges made.

Taylor and H. Fisher of the Sunderland Club were suspended for five weeks for using abusive language on the field and making threats to the referee. Fisher was censured and warned as to his future conduct.

WHAT THE COUNCIL DID

Launched investigation into the high cost of living under the provisions of the federal order-in-council.

Authorized Finance Commissioner Bradshaw to apply surpluses from any departments to offset overdrafts in others.

Authorized expenditure by Exhibition Authority of \$25,000 for additional lavatory accommodation at the Exhibition.

Decided to abandon practice of voting fixed sums to organizations caring for orphans, and to pay in future 25 cents per capita per day.

Decided to ask the electors if they are in favor of having Toronto, in conjunction with other municipalities, develop the Chippawa power scheme and acquire the property from the Ontario Government by paying off the bonds guaranteed by the government.

Decided to ask the electors if they favor putting in operation a daylight saving plan throughout Ontario.

Declined to submit to a vote of the citizens the question of military training in the public schools.

Granted \$2,000 to the Templars Khaki Club.

Made the following military grants: No. 2 Construction Battalion, \$500; 25th Battalion, \$2,000; 15th Overseas Battalion, \$1,500; 109th Regiment, \$1,000.

Refused to provide \$1,000 to the Dental Corps with which to purchase X-ray equipment.

Granted \$21,238 to Hospital for Sick Children to meet annual deficit.

Decided to apply for special legislation affecting fifteen items of expenditure.

Agreed to spend \$25,000 to clean up Metropolitan Electric Co. franchises on the Humber, the Toronto Hydro-Electric system to pay \$50,000 for the plant within the same area.

Decided to appropriate \$15,000 of the \$40,000 necessary to complete the Bloor street fill.

Without discussion adopted Commissioner Foran's recommendation to increase island lease rates from 60 to 70 cents a foot to from \$1.10 to \$1.30 a foot.

Voted to ask the electors if they favor transferring the work of the medical inspection department of the board of education to the local board of health.

Declined to ask for legislation to transfer work of local board of health to the board of control.

When the list of special legislation to be sought was reached in council last night, Ald. Plewman strenuously objected to further expenditure for waterworks extensions. He charged deception and fraud, in that the council was going against the desire of Finance Commissioner Bradshaw in spending \$577 voted by the people for the Scarborough duplicate filtration plant.

"There is no objection," he said, "that the people will question when they hear of your action. It is a fraud upon the public." He moved that bylaws under which heading amounting to \$5,294,488, in negotiable bonds, be canceled. He believed the action should be taken, so that no money can be spent until after the marked for the Scarborough project.

Ald. Maguire thought the alderman was unnecessarily alarmed.

Harris Explains. Commissioner Harris explained that the bylaw passed at that time saved the city from disaster, because it provided funds with which sanitary precautions absolutely necessary were taken.

"If you cancel this bylaw, you are not giving to the people the people assurance against the disaster of a water famine, which you do not know many times the character of the five million bonds not negotiated to instalment bonds, and in amounts as they may be required."

Ald. Plewman moved that negotiable bonds be canceled, but he voted alone in support of his motion.

MILITARY GRANTS FREELY CRITICIZED

Members of Council Advise Care in Making Appropriations.

GETS TWO THOUSAND

New Queen's Own Battalion Given Money to Aid Recruiting Campaign.

Members were inclined to criticize some of the six military and patriotic grants in the board of control's report presented to the city council yesterday. The grant of \$2000 to the Templars Khaki Club went through with only Controller Foster protesting it was a duplicate of work.

"I can't for the life of me see what they want an X-ray appliance for," Ald. Dr. Riak declared when he recommended to vote \$1000 to the Dental Corps camp up. "It is an expert to operate one." By a vote of 18 to 4 council refused the grant.

No. 2 Construction Battalion got \$500 without opposition. When the recommendation to grant \$2,000 to the Templars Khaki Club was up for consideration, Ald. Bull said:

"While I hate to question military grants, I believe we ought to be very careful. I was told by a major today that the 75th, when they went overseas, had \$20,000 to their credit. It is not getting enough information."

Council was informed that the money was necessary for recruiting, and the grant was carried.

"We have not been businesslike," said Controller O'Neill. "Just because they are military grants, we have not been thorough on information to which we are entitled."

The 109th Regiment also got \$1000 for equipment at Ypres, and J. L. Smith, in reply to Ald. Bull, Mayor Church said the 75th hadn't a cent when they left Canada, and had received no civic grant.

MONTREAL WILL PROBE HIGH COST OF LIVING

Montreal, Dec. 4.—The high cost of living will be investigated by this city, and a report on the investigation sent to a federal government in time to be considered when parliament meets, the city council decided yesterday. A vote of \$1500 for the expenses of the committee, which will have the matter in hand, Albert Cowan, a commercial traveler, was mentioned by Mayor Martine as a suitable man to direct the inquiry, but the organization and details were left to the board of control.

ALDERMEN DESIRE CITY-OWNED HYDRO

Agree to Submit Bylaw on Municipal Ownership of System.

PREMIER BACKS PLAN

If Proposal Carries, Government Will Guarantee Bonds for Enterprise.

The city council last night declared itself in favor of municipal ownership of hydro enterprise when they agreed to submit the following question to the ratepayers on Jan. 1, next: "Are you in favor of having the municipality develop or acquire from the Hydro-Electric Power Commission of Ontario whatever works may be required for the supply of electric energy or power in addition to such electric power as is already being obtained under the existing contract with the Hydro Power Commission of Ontario?"

The question is being put at the request of the provincial power authorities and is with a view to placing Toronto on record as favoring municipal development and sale of power. While the question has been drawn with particular reference to the Chippawa power scheme the principle can be applied to any future undertaking. For thirty years the Hydro-Electric Power Commission of Ontario has been providing the city with electric power, but the Chippawa scheme the municipalities can have the responsibility.

The government, the mayor explained, will be the banker and guarantor of the bonds of the combined municipalities. The municipalities will continue to pay off the bonds, at the end of which time they become owners.

Ald. Hiltz made definite information as to the ownership of the Chippawa plant after Toronto and other municipalities have paid for it.

Ald. Maguire said he had in trust for the municipalities by the government until it is paid for. It is the intention of the commission to do the construction work itself and save the profits.

Engineer Gaby and Secretary Pope of the hydro explained that the object of the scheme was to vest in the municipalities eventual ownership of the power plants they pay for.

Ald. Plewman: "Has Mr. Gaby any objection to limiting the undertaking to anything but the Chippawa plant?"

Mr. Gaby: "It doesn't matter. It is the Chippawa plant we have under consideration now, but eventually there may be others of a similar character."

Ald. McBride asked for assurance that when council gave its endorsement to the principle, and the people carried it, council would have the right to again register its approval upon the expenditure of money for construction works, which were to be carried out. "We may be letting ourselves in for an expenditure of some millions of dollars here without any come back."

Engineer Gaby: "Every money by-law has to be voted on by the people. In passing this you don't commit yourself to anything but the principle of the municipalities owning the plant."

HIGHER RATE FOR HAIL INSURANCE

Special Committee Makes Recommendations for Saskatchewan Province.

PUT UP FLAT CHARGE

Advice of Committee Covers Problem of Meeting Deficit Comprehensively.

Regina, Sask., Dec. 4.—The special committee appointed by the representatives of the rural municipalities operating under the Municipal Hail Insurance Act at a recent meeting in Regina to devise ways and means of meeting this year's hail insurance commission deficit and to suggest amendments to the act has completed the work entrusted to it and its findings are made public.

The committee recommends among other things that the flat rate now levied upon all assessable lands be increased from four to six cents an acre; that the average mentioned in the withdrawal clauses of the act be increased from "less than 25" to "less than 40" acres; that the period in which notice of damage to crops by hail must be given be extended from five to three days; that no reduction in the mixed rate be made until a surplus has been accumulated which, together with the current rate, would equal 12 per cent. of the total risk carried; and that the act in future be administered by a board of nine directors, elected to the annual meeting of reeves.

As to the deficit for the present year the committee recommends that the ratepayers be consulted as to whether they will agree to pay a special levy of two cents per acre during 1917 only, the amount raised by such special levy to be applied as a part payment of the 1916 losses, or that the rural municipalities at present under the operation of the act be afforded an opportunity of voting as to whether they will accept responsibility for the 1916 hail insurance deficit amounting to about \$2,200,000 under the following condition: That if not less than 30 rural municipalities at present under the act agree to meet their proportionate share of the deficit, said municipalities be required to make provision by sinking loan debenture issue or otherwise, or thru the commission, to meet an annual call for a period of ten years, not exceeding \$5000 per year per municipality.

FOOD SHORTAGE IN GERMANY.

Kingston, Dec. 4.—A letter of thanks for parcels sent to him, a Kingston prisoner of war says: "It seems that the conditions in Germany are reaching a critical stage; the distribution of staples among the prisoners has been limited to such a degree as to cause many of them to die." Three friends of my brother in the camp have recently died of exhaustion.

RECRUITING STARTS TO IMPROVE AGAIN

Enlistments About Equal Casualties, According to Ottawa Returns.

CHECK OVER FIGURES

Dominion Officials Report Sixty-Five Thousand Losses During War.

Ottawa, Dec. 4.—Recruiting in Canada is on the up grade. With one division—Alberta—to hear from a total of 2698 men enlisted in the fortnight between Nov. 15 and 20, as compared with 2374 in the fortnight previous, Alberta will add about 300 to the above total. The divisional enlistments were: London 210, Toronto 554, Eastern Ontario 628, Montreal 261, Quebec 88, Maritime Provinces 785, Manitoba 562, British Columbia 222, Saskatchewan 316.

The aggregate enlistments since the war began are recorded as 377,205, but there are indications that this figure is slightly excessive, in the checking over some duplication of returns has been discovered, and the whole is now being gone over by a separate staff.

Casualties at the front and enlistments at home were about equal in the six months from June to November. Each averaged around 7000. The casualties recorded were 11,927 in June, 2684 in July, 2079 in August, 9071 in September, 14821 in October, and 2565 in November.

From the start of the war 65,060 men of the Canadian divisions have figured in the casualty lists. They are classified as follows: Killed in action, 10,323; died of wounds, 3825; died of sickness, 538; presumed dead, 1072; a total of 15,766 dead; wounded, 47,137; missing, 3709. The relatively small number of deaths from sickness is taken as indicating the splendid physique of the men and the excellence of sanitary arrangements. An analysis of the figures shows that 72 per cent of the grand total casualties occurred since June. This is accounted for by the heavy fighting at St. Eloi, Zillebeke and on the Somme front.

HIGH MONEY RATES DEPRESS WHEAT

Tightening of Interest on Call Loans Creates Panic at Chicago.

DEMAND FALLS OFF

Exports of Wheat Amount to Only Half Usual Volume.

Chicago, Dec. 4.—Tightening up of interest rates on call loans led to a decided bearish reaction today in wheat. As a consequence the market closed nervous at a range varying from 3/4c decline to 1/2c advance, with May at \$1.72 1/2 to \$1.72 3/4, and July at \$1.41 1/4. Corn gained 1/4 to 1/2c, oats lost 1/4 to 1/2c and provisions finished at 17 1/2c a rise of 2 1/2c.

High rates for money did not make themselves felt in the wheat market until the last half hour of trading. Then, however, something of a stampede took place on the selling end and there was a nearly complete eclipse of bullish influence during the rest of the day. Lack of export demand was coupled with the unsettledness of the money market, as having much to do with the late depression in wheat values. Excessively cheap falling off in the United States visible supply today as estimates of a bulge in prices, especially Buchanan's Black and White. The temporary uptick, then, had a heavy handicap in bearish conditions, which gave the market a weak tone at the beginning.

Absence of any sign of immediate relief from the scarcity of ocean vessels and from the congestion of railway facilities was among the leading factors at the close. The confidence of the wheat holders. It was pointed out that the exports of wheat from the United States and Canada were only about half as large as during the corresponding period of last year. Embargo moves at Washington counted also against the bulls.

Shouts who wished to even up trades in corn found that offerings were unexpectedly light. A consequent bulge in prices, however, was not all held, rains in Argentina having a noticeable bearish effect. Oats were governed chiefly by the support of a few speculators. Price changes kept within narrow limits.

Packers buying laid steady the price over some of the late dealings. Earlier there had been declines on big receipts of hogs and on an increase of stocks of meats at western points.

NAVEL ORANGE CROP AFFECTED BY FROST

Proportion of Shipments Thus Come in Light Weight. ARRIVALS PROVE GOOD

Lemons Become Slightly Easier in Price - Decline Expected.

The first frost for this season came yesterday—White & Co. having two cars, the cases selling at \$4.25 and wreaths at \$1.75 per dozen.

The navel oranges are not generally expected to be of such good quality this season as they were last year, as a large proportion of the crop was affected by frost and to lightness of yearling.

The first car of navel oranges, very juicy, season came yesterday to Clones Bros. They were offered at \$4 per case, quite heavy; selling at \$3.75 to \$4.25 per case.

Oranges are slightly easier in price, and it now looks as if they would decrease still further in the near future. The first car of navel oranges, very juicy, season came yesterday to Clones Bros. They were offered at \$4 per case, quite heavy; selling at \$3.75 to \$4.25 per case.

## Your Christmas Shopping Will Be Pleasanter and More Satisfactory if You Will

The difficulty, and often the impossibility, of replacing the holiday goods that are now selling so rapidly makes it advisable to do your shopping early. Later assortments cannot be as good as they are now; also shopping is pleasanter now than it will be later, when the crowds will be much larger.

## From the Gift Section of Our Furniture Store

We suggest any of the following as suitable for Christmas giving. They are all priced values of special merit.

- Parlor Tables, quarter-cut oak and birch mahogany finish, shaped top and shelf 3.00
- Parlor Tables, quarter-cut oak and birch mahogany. Empire finish, large oval top and under-shelf shaped legs 5.50
