SPEAKS AT GUILDHALL

Roumania Wins Praise for Stand-Staying Teuton Attack.

London, Nov. 9 .- The banquet the new lord mayor of London, Sir Wm. Henry Dunn, was given at the Guild Hall tonight, and was attended lomatic corps, including. Walter Hines Page, the American ambassador and men prominent in the military and naval world, among them Lord Fisher, chairman of the invention / board, Arthur J. Balfour, first lord of the admiralty, and Sir William R. Robertson, chief of the imperial staff at

army headquarters. The leading speech of the evening was delivered by Premier Asquith, who, in alluding to peace, declared that nobody had greater reason than Great Britain to desire peace, but that it was desired on only one condition—that the sacrifices of war should not have been made in vain. A feature of the speeches was the warm tribute of admiration on the stand made by Roumania and the expression of the Germans Left War Materials Allies Continue to Hold or Remania had not yet been defeated, it

had been successfully stayed.

Turkey Subservient. Mr. Asquith began his speech with reference to Turkey, which country staff correspondent of The Associated of German interests and ambition, as was instanced, he said, by the fact that by lifting a finger Germany might have arrested the Armenian horrors, but instead looked on unmoved, acquiescent and possibly even complacent.

"That," said the premier, "is a significant sample of what a continuance of the rule of German-Turkey in Europe would mean."

staff correspondent of The Associated Press to in the United States was communicated by wireless telegraph to the correspondent of The Associated Press in Fort Vaux today, and created in tense interest amid the activities of defence preparations and under a very severe German bombardment.

The correspondent reached the fort, which is the most advanced fortified point of the French lines at Verdun, around the walls of which shells were angaged in a round the walls of which shells were then falling and which thickly inaround the walls of which shells were then falling and which thickly inaround the walls of which shells were then falling and which thickly inaround the walls of which shells were then falling and which thickly inaround the walls of which shells were then falling and which thickly inaround the walls of which shells were then falling and which thickly inaround the walls of which shells were then falling and which thickly inaround the wall of the French were engaged in northeastern Transylvania and southern bornound the Russo-Roumanian forces have retaken Hirsovs on the southern bank of the Bonules. The British front has also been quiet owing to stress of weather. The rain, however, did not prevent a discharge of gas against the German positions in the neighborhood of Armentieres. In clearing out a dugout that the Canadians had captured from the Germans, 22 tons of explosives were found.

Mr. Bryan's repeated races for the presidency became a byword, and Mr. Wilson's election was regarded as a fluke.

Five months ago the only political question worth discussing was the possibility of reuniting the Republican party. That was accomplished. Mr. Taft and Colonel Roosevelt shook hands in public and spoke from the same platform in support of Mr. Hughes. The party had a good candidate, a man of stainless record. Behind him was Wall Street, big business, and the little business that verywhere follows in the wake of its big brother.

criticize someone else, but to ask our-selves what we were doing. "The young man in the trenches tonight is fighting for the defence of Canada just as if he were fighting on Yonge street in the City of Toronto, declared Hon. George P. Graham, in in opposition to that school of thought whose members believed that no Canadian should be asked to fight outside the Dominion of Canada. He declared that the purpose of the war should be further emphasized. The war was the result of a conflict that existed for centuries between two systems the one that the people should rule and the other that the people should serve, not rule. The right of the people to govern themselves had been secured by the blood of men who have lived before us, and we would be less than men if we failed to fight for that which had already been won for us. Sir Sam Hughes was given a splen-did reception when he arose to speak. He said that he was not pessimistic in regard to recruiting. Canada had risen to the occasion every time. It was just a matter of education, and she would do so again. "We can raise the 500,000 men, but we must educate the men and women as to the right-cousness of the cause, and the game

will be easy." He expressed disappointment what, Quebec had done, but explained their failure by the lack of military organizations in the province, with their inspiration, there being only three regiments in the whole province prior to the outbreak of war. "I pur-pose," he said, "to visit the Province of Quebec, to meet my fellow-country-men, take the matter up with the authorities and let the people of that province become thoroly acquainted with the situation as it is at the pre sent time, and then let them act ac-

ENGLISH CHANN

Get Thru Cordon Under Cov of Recent Attack by Destroyers.

BY ARTHUR S. DRAPER. pecial Cable to The Toronto World. London, Nov. 10.—German subm have been operating extensively in the English Channel and off the sou coast of France. They broke thru the British blockade and ring of def under cover of the recent raid by Ger

warships. This information came to The oday from reliable sources. The raid parried out by enemy warships in shipping route between the Thames an Holland on November 1, this report says, was a blind to get half a dozen or more U-boats thru the channel. That it succeeded is evidenced by the unusual activity, of submarines in these waters during the last few days. Their roll of victims this week has been exceptionally high.

high.

The British naval authorities have learned of this fact and are making strenuous efforts to trap some of the raiders, it is said. The channel putro has been augmented and a watch is being kept night and day for any sign of the submarines reported to be operating of the coast.

The few critics who share knowledge of the presence of the enemy submarines express the opinion that by now most of them must have escaped and returned to their bases. The continued shicks of vessels in this region, however, suggests that a few raiders are still operating in the channel or slightly to the north.

with the situation as it is at the present time, and then let them act accordingly."

The following resolution was drawn up and passed:

Moved by Chester D. Massey, seconded by Rev. Dr. Jas. Allen:

"That this great representative meeting of members and adherents of the Methodist Church in Toronto, called by the army and navy board in response to the recent appeal of Sir Robert Borden, G.C.M.G., desires to assure the prime minister of Canada and Lieut.-General Sir Sam Hughes, K.C.B., minister of militia, that we pledge ourselves to do all we can to so influence the Methodists of Canada that to the last man they will respond to this urgent appeal.

"We respectfully submit that while our Toronto enlistment of 6.036 out of a Methodist population of 73,281 may be regarded as creditable, yet we will not be satisfied until the utmost limit has been reached. * WAR SUMMARY * THE DAY'S EVENTS REVIEWED

(Continued From Page 1.)

German artillery violently bombarded the Douaumont-Vaux sector and the French guns made adequate reply.

Excepting the discharge of gas against the Germans in the region of Armentieres, the British had nothing unusual to report on their front in France yesterday. Twenty-two tons of explosives were taken from a dugout captured by the Canadians in a recent advance, according to the British war office. At twenty-two tons of explosives per dugout the Germans should not be so short of munitions.

The Germans are said by some persons, not admiralty officials, to have sent many submarines thru the English Channel during the recent raid on the sea communications of the British transport to the continent. These have been sniping ships off the southern coast of France and in the channel. The admiralty has greatly strengthened its patrol fleet and hopes to capture all of these. It is possible, however, that with the long cruising qualfties of these craft, many of these have sailed round the coast of Ireland.

By putting the torch to Hirsova before withdrawing, Von Mackensen shows his belief that he will not come back in the Dobrudja. The allies are now within 25 miles of Cernavoda and presumably about the same distance from Constanza, and it is yet uncertain whether Von Mackensen will defend these points and their connecting railway or whether he will continue his recirement until he arrives in Bulgaria again. It is to be expected that he will attempt a stand in the near future, if only to test the strength of the allied advance. Across Roumania from the Dobrudja, the Russians are becoming heavily engaged south of Dorna Watra. The Roumanians have won a success in the Buzeu Valley. On the rest of the Transylvanian front they continue to withstand the German attack.

Men! If You're Ready to Get a New Winter Overcoat Come Saturday

Hundreds of Handsome Ulsters, Chesterfields and Slip-ons Form an Unusually Large Selection Saturday, Comprising a Versatile Collection of New Distinctive Materials at Prices That Mean in Most Cases Savings of Dollars

Roomy and Comfortable Ulsters From \$11.50 to \$40.00

THE EXTRA LONG, double-breasted ulster, made of thick, comfortable materials with large, wide storm collar, is the ideal cold weather overcoat for men. And if tailored in correct style, with graceful lines and perfect fit it is a coat of constant pleasure and lasting good appearance.

One model in the display is about 50 inches long and has half belt at back, and convertible lapels. It is made of fancy mixed tweed in a small check design; others are in rich shades of browns and greys and all are warmly lined with twill serge. Sizes 33 to 44. Extra low priced at . . 11.50

Also in the display are hosts of other Ulsters made of fancy mixed tweeds, friezes, chinchillas and those thick, warm soft Ulster coating materials. In double-breasted style, with convertible lapels, collars in various widths and in most cases with half belt at back. Linings are mostly of twill serges and mohairs. Sizes 35 to 44. Price

Fashionable Chesterfields From \$16.50 to \$40.00

DISTINGUISHED for neatness and smart style without any sacrifice of warmth and comfort are the following Chesterfields:

Finer Quality Chesterfields, made of melton, Whitneys and other high-grade English materials, in soft, warm finishes, many of them hand-tailored to a large extent. Are priced from . . . 27.00 to 40.00

Swagger Winter Slip-ons and Box Back Overcoats for Young Men

For the young man who wants a moderately-priced warm double-breasted slip-on coat for winter wear, we recommend these at \$17.00. They are knee length and have loose-fitting back, wide lapels, velvet collar, patch pockets and cuff sleeves. In black or brown nap cloth, lined with wide wale serge. Sizes 35 to 42. Price 17.00

A Great Offering Saturday in Men's Winter Ulsters at \$13.25

T HESE ARE NOT regular stock—we could not sell such quality in the usual way and make any profit. They are a special purchase secured at a liberal reduction, presenting a saving opportunity that is very unusual. Come and see them Saturday; you'll find the material rich, heavy, soft, thick, warm, and there are over 20 shades in browns, greenish greys and greys.

Many have a plaid pattern on the inner side, and the shoulders and sleeves are lined with servic ceable satins. There are tweeds, in fancy mixtures and chinchilla fabrics in plain shades. Most have convertible lapel, deep storm collar, half belt at back, full skirts and wind straps on sleeve. There are also a few with 13.25 shawl collar, and a few semi-ulster coats with small collar. All are double-breasted, and remarkably well finished. Sizes 36 to 44. Special, each, Saturday 13.25

Port Arthur Non-Jury Sittings Have Been Postponed to Later in the Month.

Justice Middleton at Osgoode Hall yesterday afternoon granted the motion of the local board of health of Belleville, who asked that Benjamin Simpson put up security of costs for them before his suit against the board be heard in the court. Simpson entered action at Belleville against the board of health and the health officer for \$2000 for alleged damages over the death of his eight-year-old daughter, Martha, who died from diphtheria in January, 1916. Plaintiff charged that the health officer failed to supply his daughter with proper medicine and medical attendance.

The fire secretaryship will not down. The board yesterday received a motion of Alderman McBride's, seconded by Ald. Ryding, asking on behalf of council if there were any returned soldiers now available for the position to which W. G. Weber has been appointed at a salary of \$1600.

"He has the right under the manual rules to have this reconsidered in council without debate," said the mayor. "The answer is yes, returned soldiers are available now, but they were not then."

His lordship found no grounds for any malice on the part of either the board or the medical officer.

AT VARSITY STADIUM

Incessant Rain Did Not Deter Friends From Attending Ceremony.

Soldierly stamina and loyalty to the "Beavers" were both tested yesterday afternoon when the rain came down in an incessant pour at the presenta-tion of colors to the popular 204th Battalion, but the men went thru the ceremony apparently quite indifferent to the weather, and several hundreds of citizens and children from the How-ard Park School surged into the uni-versity stadium to witness the spec-tacular ceremony. Vaughan's hair so as to detract from her appearance.

Promptly at 3 o'clock the battallon headed by its band, marched on to the campus and lined up to await the coming of General Sir Sam Hughes and his staff. A report that the minister of militia was about to appear caused a great cheer to go up from the waiting crowd, but it turned out to be false; and a little later when his motor drove up it was in the

the waiting crowd, but it turned out to be false; and a little later when his motor drove up it was in the midst of comparative quietness that he alighted. Sir Sam was received by Lieutenant-Colonel Price, after which the battalion formed into three sides of a hollow square, to the centre of which the drummers advanced and laid their instruments in a pyramid, against which the colors were later placed by the standard-bearers, who advanced from the lines with the sheathed flags over their shoulders.

Miss Elvina Walker, who represented to the girls of the senior class of the figure of the young girl and that of the martial-looking soldier as they stood together were outstanding features. The colors were lifted and handed to Miss Walker, who passed them to General Hughes, he in turn bestowing them upon Lieut, M. W. Duffy and Lieut, M. H. Brokenshire, who received them for their battalion on bended knee. The consecration of the deputation of the Beavers.

The march past then took place to the accompaniment of falling rain, plaudits and waving of flags, the general surrounded by his staff taking the salute, while the cheery notes of "The Lass o' Gowrle," played by the hand, helped the feet of the men over the heavy, sodden ground. Cheers for the donors of the colors and for Sir Sam Hughes were then given; the horses for the mounted officers were brought out, and with still more cheers from the spectators the Beavers marched from the stadium, the ers marched from the stadium, the new colors making a rich note of color as they flew above the moving khaki

lines.

The King's colors were a sifken, gold-fringed "Jack." the battairon number, circled and crowned, being worked in the centre, while the second-flag was the regimental colors or "blue ensign" centred by the crest of the battalion—two beavers supporting a crown—and underneath the motio, "We serve where duty calls."

SUPPLY OF POWER MATTER OF WEEKS Lise in Ontario. The reason suggested why this particular company, which is multing important shipments for muintions should be the one to suffer if the Ontario commission takes any more power from the Ningara company, is that the 10,000 h.p. used by the company is not supplied them on a very binding contract.

MUNITIONS QUESTION

Imperial Authorities Plead to Government for American Munition Plant.

Hon. I. B. Lucas said yesterday that e was confident that the hydro would be able to secure from the Nlagar Power Co. the 50,000 h.p which they

be able to secure from the Ningara Power Co. the 50,000 hp which they have requisitioned from them some time during Decemper. "It is a matter of weeks," said he.

A pequilar situation developed in this connection yesterday. The company represented that any further power which the province might force them to turn over to the hydro would have to come from a certain influential munition factory on the American side of the line, which is making electrodes to be sent to England to be used in the manufacture of steel for munitions in England. This company got in touch with the imperial munition boards in England, and with the acting high commissioner, and represented to them that they would be embarrassed in their supply if their source of power were cut off from Ontaric. A cablegram was received from these suthorities in Great Britain yesterday, John Simons Cuts Alice Vaughan, 617 Davenport road, John H. A Stronger Hand Needed Another embarrassing situation has

arisen for the Ontario Hydro-Electric Commission, the source of which must be looked for in the unsympathetic attitude of the government during two years past. Lucas and favor of the expansive policy of the With an ample supply of power the progress of the hydroelectric system would have been even greater than it has been. The element which from the first has been prognosticating disaster seems to have been able to catch and hold the ear of the government, and to whisper the weasel words that have betrayed the hydro again and again. Opponents of the hydro are actually declaring that the commission does not know what to do with the power at its disposal, and explain the hydro radial project as a cannot be disposed of. Whether this the statement is equally dishonoring to its authors. There is not enough power to supply the demand, and those who are familiar with the situation are aware that there never will be enough power to supply the demand-What we have, therefore, we should conserve in the most careful manner and make the most of so far as engineers can devise.

The government has sovereign power, and its obligation to the citizens is paramount. Besides this natural obligation it undertook a secondary cipalities to procure or develop such power for them as they desired. The law. shortage of power was also foreseen, and the Chippawa-Niagara scheme for which Mr. W. K. McNaught, C.M. G, was an early advocate, was elaborated by the commission to meet the situation. Had the government been well disposed towards the Chippawa scheme there would have been no delay and no embarrassment. As it is there has been legislation which is hostile rather than friendly, and there have been other movements which have not been effectively pushed.

A demand was made some time ago upon the Canadian Niagara Power Company for 50,000 h.p., which it was exporting to the United States. It was announced at the time that arrangements had been completed for the delivery of this power to the Hydro Commission in blocks of 12,500 h.p. It now turns out that the attorney-general had no written undertaking, but agreed to take the corporation's word for it. Representations are now made that the correin

> The government with its sovereign power should have no difficulty in discovering its duty in the circumstances and applying the remedy. It is intolerable that the Province of Ontario should be shut off from the use of its own power.

If there be no other way, the government should take the course which must eventually be taken and expropriate the power-producing plants that exist in Ontario and provide for the inevitable future. The present coal shortage is sufficient warning of what may be expected in times to come, and if the people of Ontario cannot control the power which is their only present substitute, the government which fails to give them such control has lamentably failed in its

There should be more latitude allowed the Hydro Commission, which represents the municipalities as well as the government, and there should be a keener desire to fulfil the wish of the people on power policy. The government has disappointed the people, and the excuses and sidestepping do not alter the fact.

Mr. Hearst and his colleagues must rise to the occasion.

The excuse, of course, is that the provincial attorneys-general should enforce the criminal code. That is as it may be, but the city does not seem to be able to get Attorney-General Lucas to act. We by no means commend the attitude of our provincial attorneygeneral. We think it is the duty of his department to find out if the law is being violated, and not wait for municipalities or citizens to bring the evidence of specific offences to Queen's Park before taking any steps to deal with a notoriously bad state of affairs. MANTELL IN SHAKSPEREAN PLAYS.

At the Royal Alexandra next week, Wm.

A. Brady will present Robert Mantell for an engagement of six nights and the usual matinees on Wednesday and Saturday, in a repertoire of the plays of William Shakspere.

Mr. Mantell's remarkable versatility, his fine artistic sense, have placed him at the head of his profession.

MARGARET ANGLIN IN "CAROLINE." When Margaret Anglin begins her engagement in "Caroline" at the Grand Opera House on Monday night, the audience will be introduced to an elaborate establishment, the home of one of those contented and most independent of London widows, who is suffering from a malady diagnosed as "middle age." The

ady diagnosed as "middle age." The play affords Miss Anglin, in the title role, one of the most delightful comedy parts she has ever played. LOEW'S.

A big, all-star show, with a number of unusual features, will be presented at Loew's the coming week.

One of the popular features will be George Armstrong, called "the happy chappy," or "the man with the million-dollar smile." Gordon, Eldred & Co. will present their comedy success, "Won by a Leg."

John and Bertha Gleason and Fred Houlihan will present an Irish skit, "The Good Old Days," a collection of songs, dances and piano, with plenty of comedy. Plenty of fun is promised from Bob Archer and Blanche Belford in "The Troubles of a Janitor."

A big bill of acts will surround these headliners, including Curry and Graham, Gardner and Revere. Charlie Chaplin, in "Behind the Screen," and another feature photo production, with June Caprice and Harry Hilliard, in "Little Miss Happiness," will be the film attractions.

GAYETY.

Audiences who see the "Bostonian Burlesquers" at the Gayety Theatre this week will be laughing themselves hoarse over the quaint comedy of "Up and Down Town," the unique vehicle which has been provided by that popular comedianauther, Frank Finney.

STAR.

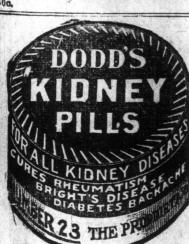

From funny Max Field, the scream-producing "Yiddisher," down to the cute little girlie that purses her pretty lips and rolls her naughty eye, every one of "The Tempters" big company of forty is an artist. The Star Theatre will be the home of this big organization of enter-tainers next week.

MADISON.

Marie Doro, who made such a decided hit in her first Paramount production that she was immediately given a permanent contract with the Lasky Company, will appear in the powerful dramatic success, "The Dash," at the Madison Theatre this evening. The story is a powerful one, and the acting of Miss Doro, as well as the rest of the staff, is superb.

SONS OF SCOTLAND CONCERT.

Lt.-Col. Price's Beaver Battalion proved mightier than the weather yesterday and the stand at the university stadium was packed with people to see Lieut.-Gen. the Hon. Sir Sam Hughes present the colors to the regiment, fine p. tion being a very imposing ceremony. The general, attended by his A.D.C.'s and staff, made a very handsome picture when he took the salute as the battalion marched past, and when it was over, regardless of the rain, the crowd rushed out to see the minister pass on his way to town.

Mr. and Mrs. M. J. Haney, Port Credit, announce the engagement of their daugh-ter Eva to Major Irvine Bird, 126th Bat-tallom. The marriage will take place early in December in England.

Mrs. Stearns Hicks invited Sir Sam Hughes to inspect the French war exhibit at Sin pson's yesterday afternoon, After doing so Mr. Kenneth Dunstau made a very graceful little speech to those present, introducing the general, who spoke a few forceful words, and then took tea in the director's diningroom with Mrs. Hicks and some members of the Red Cross committee and a few friends, among them being Coland Mrs. Cooper, Mr. Rutter, Mr. Guy Ruter, Mr. Ames, Dr. and Mrs. Norman Allen, Mrs. Frederick Monro, Mrs. Stephenson, Mrs. Lockwood, Mrs. Martin, Mrs. Brady, Mrs. Connor, Mrs. Colvin, Miss Sadie Heron, Miss Verna Edwards, Miss Margaret Heron, Miss Verna Edwards, Miss Margaret Heron, Miss Annie Trebilcock, Miss Dorothea Bell, Miss Mary Cameron.

Mrs. Louis Bacque announces the engagement of her daughter Marie to Mr. Aliston Radcliffe, lieutenant Princess Patricia's Light Infantry, son of Mr. D. R. Radcliffe, manager of the Bank of Montreal, Toronto. The marriage will take place at Folkestone, England, in December.

Mr. and Mrs. George A. Reid gave a most delightful tea in the magnificent new studio of the Heliconian Club in Yonge street. The large number of guests were most representative of social and artistic life in Toronto. The host and hostess received at the entrance, the latter wearing a royal blue gown draped with black ninon and a smart little hat with silver flower. The walls of the large room were made beautiful with Mr. Reid's pictures, and the tea table was centred with a copper bowl of quaint shape filled with crimson chrysanthemums. Those assisting were Mrs. Eden Smith, Mrs. Bowen, the Misses Hanna, Miss Hearst, Miss Wrinch, Mrs. McIlwraith.

Major George Haven Putnam is the guest of Mr. Benjamin Gould, Clarendon avenue. He is president of the citizens' rights committee, New York.

Mr. and Mrs. Trounce have closed their house at Niagara-on-the-Lake and

The United Empire Loyalist Association heid a most successful meeting last right, when Mr. Alan Johnston was in the chair, and Mr. Charles Macdonald read a paper by Judge Macdonald, Brockville, entitled, "Loyalists of the Rideau Valley." Those present included Col. and Mrs. Belcher, Mrs. Dignam, Mrs. Norman Alien, Miss Helen Merrill, Mr. and Mrs. Belcher, Mr. and Mrs. Graham Thompson, Mr. and Mrs. Graham Thompson, Mr. and Mrs. Hamilton Burns, Mrs. Pope, Mr. McAuley Pope, Mr. McLaugen, Mr. and Mrs. Bog, Mrs. A. Henry, Mrs. Brereton, Miss Brereton, the Misses Merritt, Miss Strathy, Mrs. Hingston, Mrs. Harris, Mrs. Montgomery. Miss Rita Haynes arranged the musical program and the following contributed to it: Miss Butchert and Miss Cassidy.

Lieut.-Col. Price and the officers of the Beavers entertained Sir Sam Hughes at dinner last night at the mess at Ex-hibition Camp.

Miss Marjorie Anderson, daughter of Dr. John A. Anderson, Cleveland, O., and Miss Annie Love, Cleveland, are spending a few days with the former's aunt, Mrs. Robert C. Bustard, 31 West Heath street.

At the French war exhibition this afternoon at Simpson's the University Hospital Red Cross will be represented by Mrs. Falconer and Mrs. V. Henderson, assisted by ten girls, and there will be a musical program between 3.30 and 4 o'clock, provided by Mrs. William Donald Barron, Miss Laura Ivey, Miss Leonore Ivey.

At the meeting of the Women's Musical Club yesterday afternoon in the Margaret Baton Hall the president, Mrs. George Dickson, spoke before the program and said the club would make a special effort to work for the Toronto Red Cross and that the tea-money would be given for Braille books for the blind soldiers. One of them, Corp. Viets, spoke to the club. A letter was read from Lt.-Col. Hills in Frence asking for old musical instruments of any sort, which the members will endeavor to beg, bortow or steal for the men at the front. Those taking part in the program were Mrs. Kinghorn, Mrs. Stanley Bennett, Miss Elsie Keefer, Mrs. Leo Smith, Mr. Leo Smith, Mrs. Alfred Chapman, The tea-hostesses were Mrs. Stanley Mills and Miss Carolyn Warren. Mrs. Gordon Jennings and Miss Goggin poured out the tea, A few of those present included Mrs. Britton Osler, Mrs. W. D. Ross, Mrs. McWhinney, Mrs. Hudson, Mrs. Vogt, Mrs. Sidney Small, Madame Rochereau de la Sabliere, Mrs. Gerhard Heintzman, Mrs. H. D. Warren, Mrs. A. H. C. Proctor, Mrs. F. N. G. How To Make A Good Hair Tonic At Home

If you have been using hair tonics purchased readymade at the drug stores you can probably save some money and get a great deal better results by using the following recipe, which has been remarkably successful in stopping loss of hair and making new hair grow on beld and thin spots. Anyone can easily make it at home. Simply mix 2 oz. of Lavons De Composee with 6 oz. of pure Bay of menthol crystals and a little perfume if mand then add one-hair dram of menthol crystals and a little perfume if shaken and then allowed to stand a few hours before using. All these ingredients can be obtained from any well stocked drug store. In applying be sure to not ight into the scalp, as its ability to grow new hair depends entirely upon its nourishment being absorbed by your hair roots. This preparation has been widely used for years and is entirely harmless and will not make the hair greasy or stricky. Ladies should be careful not to sopply to face or where hair got of the fortest of the fortest intact, and that the other parts could easily be restored despite and unable of which has been remarked the fort menthol crystals and a little perfume if many shells and grenades, two machine grows the first further than a strength of the fort of which has been with any well stocked drug store. Planned Further Attack.

Evidence was discovered in the shape of a program drafted by the German commander, Englebrechten, dated Oct. 21. for strengthening the position so as to permit the Germans to prepare for a further affack on Verdun. The details comprised the erection of barricades in the interior, in order to permit of its dyence in sections, also the construction of a new exit and galleries, the erection of

THREE FAST GAMES AT THE CENTRAL Y

Tigers, Lions and Ramblers Prove the Winners-The Scores and Line Up.

The basketball game opened last night at the Central Y.M.C.A., with the Tigers devouring the Midgets. The game was fast thruout. At the end of the first half the Togers were but one point ahead. The second half the Midgets were too The second half the Midgets were too small and fast and won out by a score of 22 to 19. The line up was as follows: Tigers—J. Burton, capt.; Levinty (4), Wardrop, Golden, Tripp (9), McDonald (6). Midgets—Brown, capt. (6), Fitchett (2), Miller (6), Jones (5), Jarvis (3).

The second game was equally as fast and showed good form both in checking and shooting. The first half ended in favor of the Lions 5, Buildogs 4, The second half the Lions proved too much and pulled away by 10-6. Lions—Wilson (captain) (1), Findley (7), Hambly (2), Taylor, Lickers, Hanson, Buildog—Reddy (captain), Stokes, Buil, Sewell (6), Keachie.

The third game was met by the Can-Reddy (captain), Stokes, Bull, Sewell (6), Keachie.

The third game was met by the Canucks and Rambiers. The Rambiers rumbled all over the Canucks, ending in a score of 8-7. Canucks-Rogers (captain), Brody (2), McMinn (3), Boland, Winfield (3). Rambiers—Nugent (captain) (2), Odlum, Murray (2), Smith (2), Reburn (2).

OTTAWA MAY FORM CITY HOCKEY LEAGUE

Ottawa, Nov. 9.—Talk of the beforementioned but not-yet-existing amateur hockey league, known as the Central Canada, is being revived here. If the project goes thru it will in all probability mean the amalgamation of the Upper and Lower Ottawa Valley Hockey Associations and will also take in the Ottawa City Hockey League.

Montreal, it is mentioned, is also likely to form a section with the winners of the two sections sawing off at the end of the season.

The Aberdeen Hockey Club held its annual meeting today and in spite of the fact that nine of its players have enlisted still hopes to have a team in the City Hockey League. It also expects to again play exhibition games in the United States.

The Aberdeen players, who have enlisted are: Gordon Munro, Dug Munro, Jack Grimes, Mose Brooks, A. Moag, Bill Spence, Fred Brown, Fred Tobin, and Lieut. Howard Bourne.

TO PURCHASE FLOTSAM

Montreal, Nov. 9.—Grant Hugh Brown, managing director of the Western Racing Association, who operate the track at Devonshire Park, Windsor, is negotiating for the purchase of the famous English stallion Flotsam. This is one of the few horses which defeated Rock Sand while he was racing. It is the intention of Mr. Brown to place the horse in the stud at the Devonshire Park course for the benefit of the Canadian owners who wish to breed to him. This stallion traces his breeding to various Derby winners, and should become a useful sire in this country. He will likely be shipped to Mount Royal Park for a term each season, so that the Montreal owners can also take advantage of the opportunity of breeding to him.

Spokane, Nov. 9.—The magnates of the Northwestern League will gather in their annual session on Friday, Dec. 15. The meeting will give the bosses a chance to close the books of the 1916 season, elect officers for next year, and appoint a schedule committee to prepare the playing dates for the season of 1917. In addition to the regular routine program of work mapped out for the meeting, the team presidents will be asked to consider the McGinnity-Guigni-Williams case, which caused some rumpus just previous to the close of the 1916 season, when McGinnity of Butte charged Frank Guigni with "laying down" to help the Spokane team when he was sent in to bat in a pinch.

Vancouver sends the following: Frank Patrick is preparing to mourn the loss of one of his husky young forwards when the Millionaires step on to the ice at the Arena for their first practice, in the course of the next two weeks. Word was received yesterday from Barney Stanley, who sojourns in Edmonton, to the effect that he had not made up his mind whether he would re-enter hockey this winter or not. Manager Patrick wrote him asking his intentions some time back, and Barney has been busy making up his mind in the meantime.

There is no question of salary involved, and Barney is not a hold-out. The fact of the mater is that Barney, who began at the bottom two or three year, ago with a big Edmonton dairy company, has, by hard work and attention to his job, risen several steps in the esteem of his employers, and now is settled in a good job as city traveler for the company.

The main problem now before the league head is to provide a satisfactory player to plug a weak hole in the Spokane team, made by the enlistment of McCullough, in order to make the company.

McCullough, in order to make the company to look like a going organization toward the end of the race, and as it stands, with the strengthening mentioned, should be able to get off with a jump. Reports from Portland are to the effect that Manager Savage is angling for a couple of Winnipeg amateurs to back up the last year's champlons, but from this distance it looks as the the offer was made with an overplus of publicity. The indications are that the aforesald amateurs want enough advance money to buy a fairly good car with, a mortgage on the Portland rink, and a share in Savage's want enough advance money to buy a fairly good car with, a mortgage on the Portland rink, and a share in Savage's experience over again, when be provided to the proposals. will leave Wanderers in a decidedly bad way.

Canadiens are after new men, too, to replace those lost to the champions by the call to war. Lajole, who starred with Laval in the City League, will get a chance to show his wares in the programe. He is a defence man, and the champions need defence players to replace Prodgers and MacNamara, although they have Dubeau and Laviolete still.

The Quebec team has already announced its intention of trying out a number of the Anclent City's amateur stars. Both Ottawa and Toronto will need some new talent to fill up the game. Ottawa requires a new defence to replace Ross and Merrill. Torontos require a new team, practically, excepting the net minder.

team, practically, excepting the net minder.

The time worn turn of getting some cheap publicity thru threatening to sign City Leaguers and others if the regulars do not come into the fold at the salary offered is being pulled as usual in Ottawa. This year of all years appears to be a ba d one to try and fill the public with the old bunk. There are lots of people who think there shouldn't be any professional hockey at all in times like these, and the less the players and owners argue and bicker thru the press over salary matters the better taste they will show. The clubs cannot pay the salaries they did in other years, and the players shouldn't expect them. The sooner they get together the better for the game.

Ottawa chips in with this: Frank Patrick, according to latest information from the coest, is agitated over the report that Eddle Catman will be found with the 228th Battalion team. Patrick states that the N.H.A. clubs agreed to keep away from his players and claims that the soldiers violated the peace pact when they sent Howard McNamara and Goldie Profeers up to interview Oatman, who enlisted with the 228th. However, he has no intention of stirring up fresh trouble.

Manager Quinn of the Quebec Hockey Club is working overtime these days get-ting his club into shape for the coming season. While the names of the team will not be given out as yet, it is be-lieved that it will be practically the same as last year. lieved that it will be practically the same as last year.

"I feel sure that we will have a team which will gain the confidence of the public," said Mr. Quinn. "The league is fearful of the 228th Battallon team, because they have, apparently, an all-star outfit. Quebec is not worrying about it. If I get the line-up I'm planning for, the Bulldogs will come back strong."

strengthening all the old-line professional hockey teams in the coming winter, makes it look, at this early stage, as if there would be a decided infusion of new blood into the situation. The infusion is needed, not only from the playing stand-point of the clubs, but to stimulate the waning interest of the public, which was undoubtedly tiring of seeing the same players competing season after season, with scarcely a new face from one year's end to the other. Old Mother Necessity may turn out to be a mighty good thing for the professional game.

Both the local teams will probably have a number of new men. Wanderers were after Adams and Whelan of the St. Paul team, which was here last winter in search of the Ross trophy. Adams is likely to be with the red-hoops, but Whelan, it is said, has gone to the coast. Wanderers will be in sore need of both inemen and defence players. Odie Cleghern is likely to be moved back to the defence this season, making the Wanderers barricade a family affair between Odie and Sprague. "If feel sure that we will have a team which will gain the confidence of the public," said Mr. Quinn. "The league is fearful of the 228th Battalion team, because they have, apparently, an all-stur outfit. Quebec is not worrying about it. If I get the line-up I'm planning for the Bulldogs will come back strong."

FIGHT TO THE FINISH.

At the Ontario Football Association game that is to be played between Eatons and Hamilton Westinghouse Company at the Varsity Stadium on Saturday, the kick-off will be at 2.45 p.m., and extra time will be played if necessary, for this is to be a fight to a finish. Sid Banks will referee, while Massrs, Finnimore and Doneldson will officiate as linesmen. A record

these blows, and describes them as follows:

"I have never heard the possibility of a ring fighter's blow acting the reverse way—that is, upon himself—even suggested. I certainly never read of such a thing taking place.

"On two recent successive Saturday nights I saw blows recoil—yes, recoil is the only word—upon their deliverers, while the men they were intended to damage remained absolutely unaffected, as far as appearances went.

"In the fourth round of his battle with Babe Picato, Jimmy Hill smashed a right to the American's chest, and, while Picato stood absolutely unruffled, apparently, Hill flopped to the boards.

"A similar incident happened in the O'Donnell-McMahon battle last Saturday night week. During a high-pressure moment of the sixth round, McMahon hooked a right to the side of O'Donnell's neck, and immediately flopped to his hams—a much-surprised-looking pug. "How did it happen?" he seemed to be asking himself.

"As long as the same portion of the

"As long as the same portion of the anatomy of every boxer strikes the boards first there might be no danger in the recoil, excepting that it might shake the victim up badly at a time when he was unable to stand overmuch of that sort of thing But what if his head struck the ground first?

"Those fantastic attacks, such as the shamrock punch, the scissors wallop, the corkscrew drive, etc., have all been written about a good deal, but never taken seriously. Mine is the first and may perhaps be the last reference to the recoil blow."

If Yeakum fights as fiercely as he looks the friends and acquaintances of Benjamin B. Leonard, the lightweight idol of Harlem, had better be saving their pennies to buy violets. The battler from the west was so feroclous that the office boy let him breeze right past the door without a protest.

"I haven't seen much of the burg so far," said Soakem. "But it's got my untamed nanny siready. I've got a crick in my neck looking up, and if I don't get out of the habit Leonard is liable to clip me on the chin while I am rubbering upward. If he does that and I feel it I am liable to tear right in and fin-

Short Grass, Borrow and The Finn Promise to Make a Notable Finale of Meeting.

Maryland Agricultural Association, which will conduct the final race meeting of the Jockey Club's eastern season at Bowie distance racing as any other eastern track has afforded this year Spur has gone into winter quarters. Friar Rock has taken up his abode at John Madden's Hamburg Place stud, in Kentucky and Boots and Stromboli are lame and out of it until next year, but twenty or more other performers of the first-class and a host of second-raters, all of them ready to run, are pointing for the Bowie

and a host of second-raters, all of them ready to run, are pointing for the Bowie meeting.

H. C. Hallenbeck will be represented by The Finn. champion of the Havre de Grace fall session; Harry Payne Whitney by Borrow, Emil Herz by the redoubtable Short Grass, Archibald Barkile by Holiday. G. A. Muller by Flittergold. F. R. Doctor by Sand Marsh. A. K. McComber by Ed Crump and Hank O'Day, W. P. Orr by Leochares, Col. Ral Parr by Crimper, James Butler by High Noon and Capra, Bub May by Bayberry Candle, John Powers by Harry Shaw and Joseph E. Widener by Chiclet.

Besides these top-notchers, there will be the second and third-raters, such as Eagle and Daddy's Cho'ce, Golderest Boy, Robert Bradley, Polroma. L. J. Lillis, Wooden Shoes. Prince of Como. Thornhill. Gainer. Hauberk. Startling. Water Lady, Fennouse, Venitia, Marse Henry, Rhine Maiden. Dovedale and Xylon.

The Finn will be Mr. Hallenbeck's only representative at Bowie, because reliable Blue Thistle fell lame at Laurel and' has been put by until next year. But The Finn is a stable by himself. A horse of high speed and conspicuous ability as a weight-carrier. The Finn can travel far at top speed, and he is unconquerably game. Short Grass, his great rival ut Havre de Grace, will find him a hard nut to crack.

But Short Grass himself is at the top of his form. The English stallion's mile and a quarter in 2.03 and a fraction, at Laurel, when he beat Borrow, was the banner performance of his capeer.

Borrow, better than he was at any time thru the summer and autumn, is marking time at Bennings, while the horses are racing at Pimlico. to the end that he may have his speed about him at Bowie, and he is sure to make trouble for the best, because he dearly loves deep going.

Ty Cobb, with delightful assurance that that the the heavens fall, he's too important to the game to get hurt, has continued to play ball up in New England after the close of the season. But the the whole American League may be afraid to discipline Tyrus there is a Connecticut constable who is not in awe of him. On Oct. 21 Ty was booked to play with an independent team in Hartford. It seems Cobb's team had forgotten to pay some bills or other, so a constable levied on the gate receipts and proceeded to carry them off despite Cobb's protests. Ty was to get \$300 for his share and the receipts only amounted to \$400.

CHOICE BUTCHER

Very Few Choice Cattle on Sale-Bulk Were Very Common.

CALVES WERE STEADY

ambs Were Ten Cents Lower-Sheep Ten Cents Higher.

Receipts of live stock at the Union Stock Yards yesterday consisted of 70 cars—568 cattle, 129 calves, 2237 hogs and 1255 horses.

The cattle market yesterday closed from 10c to 25c lower than Monday, with the exception of good to choice outchers steers and heifers, which were steady and in demand. There were very few of this class on the market. One load of good steers, average weight 1330 lbs., sold at \$8.10; another load, average weight 132 lbs., sold at \$7.60; half-fat heifers are very slow and hard to sell. The bulk of cattle on the market was very common, and the most of them sold for all they were worth.

Lambs were steady and 10c lower, mostly on account of the quality offered.

Sheep were strong and 10c higher. One lot of 29 sold at \$9.10, while a small lot of six sold at \$9.25.

Calves were steady and strong.

STOCKS MOUNT UP ON BRISK BUYING

Many Issues Make New High Records in Wall Street.

STEEL SALES KEEP UP

Copper Issues Remain Prominent Thruout-Transactions on Exchange.

New York, Nov. 9.—Regardless of polical considerations Wall street, or at east the most venituresome members of hat community, continued to manifest heir belief in basic and intrinsic conditions today by free and conf.dent buying stocks especially industrials, equip.

Rails were recatively backward and suggish and motors suffered from the same restraints so long observed in that particular group. The movement as a whole was obviously of professional origin, public interest holding aloof in view of possible contingencies.

Many new high records were made, chief among these being Central Leather, which rose 11% points to 119; Lackawans Steel, 5% to 96%; American Writing Paper preferred, 6% to 57½; International Paper, 5 to 70; Union Bag & Paper (new issue), 2 to 107; American Locomotive, 5% to 99%. In addition, Sears-Rochuck and the several issues of the Gulf States Steel Co; registered new maximums.

Stock Gradually Picked Up as Of. TO DEVELOP DAVIDSON fered-Other Industrials Are Firm and Active.

Wall street's action yesterday had little influence on the Canadian exchanges. The volume of business on and several of the industrial issues continue to show strength. In the steels accumulation was again evithe steels accumulation was again evidenced in Dominion and Nova Scotia, the former being unassumedly picked up as offered and closing at 75%, practically the highest point yet reached. Nova Scotia was inactive, but was bought around the high mark already made by this stock. Maple Leaf encountered profit taking, as might be expected, and suffered a decline. Toronto Paper has revived under movements in similar stocks and has a strong market while the buying lasts. Cement and Steamships could be classed as firm. Steel of Canada and N. S. Car are commanding some speculation. But the substance of the bids has yet to stand the time test. Brazilian has lost used time vigor and its still heavy with sales as tired speculators lose their faith and discard their holdings. The unlisted section had no feature to comment upon.

Davidson Gold Mines property, the management is going ahead with plans to prove up the mine to greater depth. For the present work will be concentrated in proving up the extent and value of the vein be depth. For the present work will be concentrated in proving up the extent and value of the vein on the 300-foot level, but it is understood that arrangements will shortly be made to continue the shaft to a depth of 500 feet, in order to develop the ore body on that level. Lateral work is not to be done at 400 feet until the vein has been located at 500 feet, the idea being to put into sight as large a tonnoge as possible, in order to provide for the installation of a mill early next year.

On the 100 and 200-foot levels the ore body has been proven to contain a very large tonnage of high-grade milling ore. When it was decided a little over a month ago to develop at 300 feet, drilling operations were discontinued on the upper levels, but now that the vein has been definitely located at depth, this work has been started up again, and drills are now working on the 209-foot level, whore the vein has been definitely located at depth, this work has been started up again, and drills are now working on the 209

PLAN TO DRILL DEEP ON ROSS CLAIMS

A diamond drill is going down 2000 feet on the Ross claims in Whitney Township. These comprise 240 acres, being the northerly three-fourths of lot six in the first concession. This work must have an important bearing mation is somewhat different from that in Tisdale. There is considerable banded iron, also areas of rusty weabanded iron, also areas of rusty weathering serpentinous carbonate, with porphyry and dikes of clivine diabase. The schist also contains several diverse elements and a high percentage of the server diverse elements and a high percentage of fragmental rocks. In these respects it differs from the volcanic series in Tisdale. Diamond drilling is not always decisive, but if conducted skilfully on an extensive scale it should go far to prove the value of the ground. Mr. Boyle has the contract for this work on the Ross.

DOM. STEEL LED MONTREAL.

Heron & Co. report: Montreal, Nov. 9.—The morning's mession was less active than recent ones, but this afternoon's trading was very brisk and stocks were in good demand. Even should Wilson be elected, it seems unlikely that there will be much of a setback in prices. Dom, Steel was the leader this afternoon, and it was reported that a large block stock changed hands privately conderably above the market price. Amitaly, and the promotion of undertaking interests are reported to be ings in the commercial and industrial field in Italy.

stock both at the local exchange and in New York, but there is little stock offering.

If there are any sellers they fail to show any disposition to let their holdings go around present prices.

McIntyre experienced a strong active demand, opening at 181 and selling up to 184, with 183 the closing bid. Higher prices are being talked for this stock. Dome Lake was firm around 60. Dome Extension, on the other hand, was weak, making a new low for some time at 29%.

Jupiter firmed up to 29, and Inspiration was strong at 24½.

Schumacher displayed renewed strength, spurting up again to 53. Vipond eased off from 41 at the opening to 39½ and closed at 40. West Dome Consolidated held steady around 34.

Vacuum Gas was a little stronger, selling all day at 109. There is some talk of a deal for the stock of this company which if put thru will mean higher prices.

In the Cobalts, Timiskaming advanced to 64½. Peterson Lake, after opening at 17½, firmed up to 19. Chambers Ferland experienced a revival of trading, selling at 18 to 19. Beaver held steady at 40.

ORE BODIES AT DEPTH

Arrangements to Be Made to Sink Shaft to Five Hundred Foot Level.

Now that the ore body has been picked up on the 300-foot level on the Davidson Gold Mines property, tho management is going ahead with

working on the 209-foot level, where the vein has been demonstrated to be at least 45 feet wide and the wall rock has not yet been reached, and also on the upper level.

A Porcupine wire yesterday afternoon stated that the drills were in splendid one on the 200 foot level and

splendid ore on the 300-foot level, and predicted that the values would run fully as high as they did on the upper

That the Canadian Bank of Commerce has acquired an interest in the British-Italian Corporation, is the statement made to The Monetary Times by Mr. John Aird, general manager of the bank.

An agreement was signed in London in March last between the London County and Westminster Bank, Limited, and Lloyds Bank, Limited, on one side. as representing a British one side, as representing a British financial group, and the Credito Italiano on the other side, as representing an Italian financial group of the constitution of a British company, to be called the British-Italian Corporation, with an authorized capital of 1,000,000 pounds sterling, and the constitution also of an Italian company under the style of the Compagnie Itale Britan-nica, with a capital of 10,000,000 lire. Many prudent people, unwilling to make either choice, have appointed this Company their executor. May we explain to you personally the advantages of such a course?

Some slight response to the advancting price of silver was shown by the strength of Timiskaming and one or two of the other producers, but no general movement in appreciation of the substantial gain in the price of the metal has so far occurred. Yesterday silver sold up still further to 71%.

The Porcupine list was generally strong, with Davidson a feature when it made a new high record at 60%. Newray, after easing off slightly to 39%, recovered again and closed at 101, the high record price. The way this stock is being held in spite of the fact that the stock has advanced from 33 to above par is causing considerable comment on the street. London, Nov. 9.—The uncertainty of the result of the presidential election caused a reaction in American securities on the stock exchange today and yesterday's improvement was lost. The list closed dull pending the final decision.

The other sections had a good tone. The war loan was active and shipping shares and Peruvian issues were strong features. Rubber stocks and colonial bonds were steady.

Little notice was taken in responsible quarters of rumors in circulation of an early reduction in the bank rafe. This is considered unlikely for some time.

TO-DAY and To-morrow! The Last Days of the French Government Exhibit at Simpson's

Have YOU paid your "quarter" to the Toronto Branch of the Canadian Red Cross to see this marvellous exhibit?

In Paris, thousands of citizens came for months to look upon these relics. There was something about them that inspired their hope and confidence. They knew it was a long road the allies were travelling, but they know that at the end of it stands the ARCH OF TRIUMPH -even as it stands in their own beloved Bois.

Every Toronto citizen is urged to make a special effort during these next two days to pay this 6th floor Exhibit a visit --- it will be something long to be remembered---and it will be a boost for the Red Cross.

The very modest sum of 25c is charged by the Toronto Branch of the Canadian Red Cross, so may no one in Toronto let the next day pass without coming to Simpson's Sixth Floor for this purpose.
