FRANCO-BRITISH TENSION EASIER, NO CONFERENCE

France Will Not Act in Wrangel Case Until Britain Has Been Consulted.

MAY WITHHOLD AID

London, Aug. 13.—It was officially stated this afternoon that no arrangements were being made for a meeting between Premier Lloyd George and Premier Millerand as a result of France's action in recognizing General Wrangel's government in South Russia.

"France has taken a stand in Minsk, and Great Britain has done the same thing," the Associated Press was informed. "There is no need of a conference now. The tension today was considerably lessened, and the countries are not so far apart as the situation yesterday seemed to indicate."

May Not Assist Wrangel.

Paris, Aug. 13.—France has not yet determined to materially assist General Wrangel, the Bolshevik commander in South Russia, as, according to an announcement from the ministry of foreign affairs, Premier Millerand and Lloyd George agreed at the Hythe conference that such aid was not to be undertaken, except in certain eventualities. It is considered that France will not act until after an exchange of views with Great Britain. The foreign office today issued a denial that France had even discussed Poland to wage war with the Bolsheviks. On the contrary, the statement said, France has urged Poland to keep within her ethnographic boundaries and to realize that her dangers lay westward rather than eastward.

To Report to Wrangel. Cherbourg, France, Aug. 13.—A new torpedo boat launched here today has received instructions to report to General Wrangel at Sebastopol, on the Black Sea.

PREMIER LEAVES WARSAW?

Warsaw, Aug. 13.—The newspapers today stated that Premier Wittos has left Warsaw for Posen.

STEAMER MONTARA STRIKES ON REEF

Is Stranded Near Louisburg, N.S.—Report Crew Leaving the Ship.

Sydney, N.S., Aug. 13.—The steamer Montara in ballast bound to Louisburg for a cargo of coal, stranded on a reef five miles east of Louisburg in a dense fog at six o'clock this morning.

A wireless from the wreck at the time merely gave the ship's position without details of the accident. Two hours later a final radio declared that the crew were leaving the ship and that the wireless would soon be useless owing to water.

Louisburg, N.S., Aug. 13.—Gooseberry Cove, eight miles from Louisburg, where the American steamer Montara is ashore, is one of the most dangerous places on the whole coast. The fog continues dense, and no details of the wreck have reached Louisburg. On account of the locality, the rescue of the crew may be held up for hours until the fog lifts before doing anything for the relief of the Montara.

The Montara is reported as having sailed from Philadelphia July 18 for Boston. She is an American-owned steamer of 2562 tons gross. Captain Barry is in command.

YOUNG TORONTO GIRL IS PAINFULLY BURNED

Lindsay, Ont., Aug. 13.—A young girl by the name of Meehan, who is summering with her parents, Mr. and Mrs. Meehan of Toronto, at Sturgeon Point, was painfully burned this morning when fire caught her kimono. The young sufferer was wrapped in liniment until a doctor arrived from Fenelon Falls. No serious results are expected.

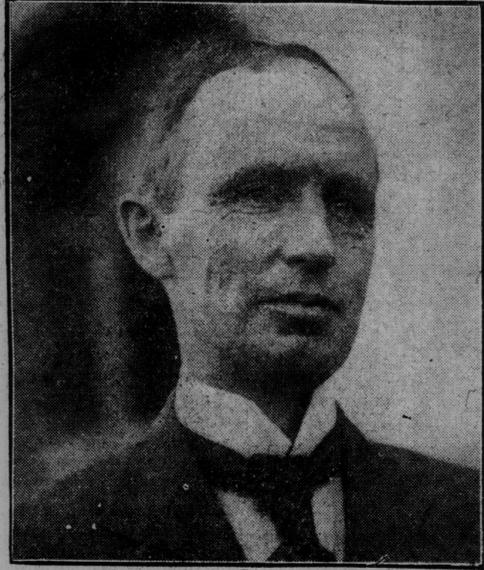

MINERS AND OWNERS MEET TO READJUST WAGE SCALE

Cleveland, Ohio, Aug. 13.—The wage scale committees of the bituminous coal operators and union miners of the central-western fields met in executive session here today, in pursuance to a request of President Wilson to consider a change in wages, and, after organizing, adjourned until 10 o'clock tomorrow morning.

OFF FOR ALASKA AGAIN.

Prince George, B.C., Aug. 13.—The United States army airplanes left the Prince George this morning, starting at 8:47 for Hazelton, the next stopping place. The last to take off was Colonel Street, commanding the expedition, who left at 8:58.

FOUR "QUICK RICH" MEN NOW BEHIND THE BARS

Bondsman Surrenders, Ponzis and Three Members of Rival Investment Concern Arrested—Further Developments Expected.

Boston, Aug. 13.—Four men who have accepted millions of dollars from New England investors in the last few months on promises of payment of fabulous interest, were behind the bars tonight. Charles Ponzis, whose spectacular financial dealings have made his name known the continent over, was surrendered today by the city which furnished \$35,000 bonds for his release after his arrest by the federal authorities yesterday. Unable to find another bondsman, Ponzis was taken to the Middlesex county jail at East Cambridge. Three officers of the Old Colony Foreign Exchange Company were arrested, taken into the municipal court and held in \$50,000 bonds each on a technical charge of larceny of \$500, from persons unknown. In default of bonds they spent the night in the Charles street jail. They are Charles Brightwell, president and treasurer of the concern; Raymond Meyers, office manager, and Fred Meyers, sales agent. All three pleaded not guilty.

That the activities of this company might have rivaled in extent the dealings of Ponzis securities exchange company was intimated by Albert Hurwitz, assistant district attorney of Suffolk county, when he told the court that the amount involved in its transactions probably would be shown to be hundreds of thousands of dollars. It was upon this representation that he asked that the bonds be placed at the high figure. The three men will be given a hearing August 25.

Further criminal proceedings, were taken against Ponzis today, in the municipal court a blanket warrant (Continued on Page 2, Column 3.)

STRIKING LONGSHOREMEN AGREE TO ARBITRATION

New York, Aug. 13.—Coastwise longshoremen, who have been on strike here since March 12, voted at a mass meeting tonight to go back to work Monday morning, providing the steamship owners get rid of the strike breakers they have employed. They agreed to submit their demands, including a wage increase of 15 cents an hour, to arbitration.

SENATE OF TENNESSEE PASSES WOMAN SUFFRAGE

Nashville, Tenn., Aug. 13.—The Tennessee senate today adopted the resolution providing for ratification of the federal suffrage amendment by a large majority. A real fight is expected in the lower house, which adjourned today until Monday afternoon at two o'clock, without reference to suffrage.

PROHIBITION TAKES JOY OUT OF CAMPAIGNING

Washington, Aug. 13.—(Special.)—Prohibition has taken the joy out of campaigning, political orators returned to Washington following primary battles declared. "The crowds don't yell at what I say any more," a speaker nationally known in political life complained. "Without the applause, there is no fun. I lose my own enthusiasm."

PREMIER MEIGHEN IMPRESSED WITH HARBOR PROGRESS

Had No Adequate Conception of What Was Under Way in Toronto.

ROUND OF VISITS

Hon. Arthur Meighen spent yesterday in Toronto, this being his first visit to the Queen City since he assumed the position of prime minister. It was more the nature of a friendly call and there was no real political complexion in any of the events arranged on his behalf. The prime minister was once a law student at Osgoode Hall and incidentally was contemporaneous there with Mayor Church, so that Toronto played no inconspicuous part in molding his career. He received many early acquaintances formed there. Mr. Meighen was anxious to see the vast improvements made in Toronto harbor and with these he was to put it mildly, completely staggered. He had no idea of the gigantic scale upon which this great public utility had been changed. He saw now and the information will doubtless be of immense value to him whenever Toronto harbor matters and expenditures here are discussed at Ottawa. The whole day must have been as pleasant as it was profitable to him, winding up as it did with a garden tour, too, being of a purely non-political character.

The premier was not altogether "up" when his train arrived at the Union Station at 8 o'clock yesterday morning, but he was not long in putting on the finishing touches. When he stepped on the platform he was greeted by Mayor Church and Mr. Sheard, M.P. Mrs. Meighen, together with his father and mother, accompanied the premier. The elder Mrs. Meighen, who is a well-known figure, concerned lest her distinguished son should work too hard and it matters had been left entirely to her it would have been here that such an unpardonable error could not seriously affect the fate of the city. This, apparently, also is the view of the Polish government, which is reported to be considering moving to Posen if it is satisfied there is no chance of the soviet forces suspending hostilities at any early date.

TO GET HOME RULE SAME AS DOMINIONS

Bonar Law Said to Have Promised to Pledge Government to Grant It.

Dublin, Aug. 13.—The Freeman's Journal announces that E. Wylie, legal adviser to Viscount French, the lord lieutenant of Ireland, has presented his resignation. Rather than accept it, the newspaper says, Andrew Bonar Law, government leader in the house of commons, has promised to pledge the government on Monday to dominion home rule with full fiscal authority. Of course, comments the newspaper, the question of Elster will be subject to discussion.

DISCUSSION BY CABINET.

London, Aug. 13.—Should the report, printed by The Freeman's Journal of Dublin, that the cabinet has decided to adopt a dominion solution of the Irish problem prove correct, it will not cause much surprise here. Mr. Wylie's resignation would be the second resignation from the vice royal's council, and probably for the same reason, as was given by Sir Thomas Starbuck, who resigned early in the week, because, as he put it, the premier "has refused to take the only step giving a chance for peace," namely, the fixing and immediate offering of a form of dominion government.

The ministers were in session at Downing Street today discussing the Irish problem. During the council Sir Hamar Greenwood, chief secretary for Ireland, was summoned. The government is in favor of dominion home rule, with reservations concerning the army and navy, and other questions, has grown with astonishing rapidity in recent months. It is generally believed to be favored by Mr. Lloyd George.

WIRE NETTING BRINGS DEATH TO ST. JOHN BOY

St. John, Aug. 13.—One boy was killed and three others knocked unconscious tonight by coming in contact with a wire netting that had short circuited with feed wires carrying about 700 volts. The accident occurred at Queen square, West St. John, where the wire netting had been placed by the city to protect onlookers from being struck by baseballs during games.

The victims of the accident were Orlo Brown, 18 years old, employed by the C.P.R. as call boy, who was killed; Joe Coray, aged 8, Roy McLeod, aged 11, and Roydon O'Reilly, aged 12, all of whom received burns about the face, hands and feet. The last three were made unconscious by the shock, but, after first aid had been given, they recovered, and were conveyed to their homes.

REDS ARE CLOSING IN NOW WITHIN 20 MILES OF POLISH CAPITAL

Little Doubt That Warsaw Will Fall Before Peace Negotiations Are Concluded—One Hundred Thousand Citizens Have Pledged Themselves to Defend Capital to the Last Breath—Government May Move to Posen.

Paris, Aug. 13.—Closing in upon Warsaw from the north, east and southeast, the Bolshevik hosts are now within twenty miles of the capital, and little doubt is felt here that they will be in the city before the peace negotiations are concluded.

General Haller's army, holding positions along the Vistula, Naraw and Bug Rivers, in a country offering few natural advantages for defense, is being relentlessly pushed toward the capital by the Bolsheviks, who are speeding up their advance.

The northern Kiev, according to the latest news reaching Paris, tonight had passed Pultusk and were marching southward on the capital down the valley of the Naraw. Another column was advancing between the Naraw and the Bug, while south of the Bug the enemy had reached and passed the line running from Tuzacz through Pihel, Dobry, Kaluzyn, Teglhoff and Latowich to Zelechoff. Further south the enemy had succeeded in forcing a passage of the Bug and was moving on Lublin.

The Bolshevik cavalry along the Prussian frontier has made another bound forward and is now 40 miles beyond Mlawka, almost half the way to Thorn.

In other words, the Reds are advancing all along the line, except in the case of the Mlawka, where the citizens of Warsaw, to the number of 100,000, have pledged themselves to defend the capital to the last breath. But it is felt here that such an unpardonable error could not seriously affect the fate of the city. This, apparently, also is the view of the Polish government, which is reported to be considering moving to Posen if it is satisfied there is no chance of the soviet forces suspending hostilities at any early date.

HEAVY THEFT OF CIGARETS CHARGED

Two C. P. R. Employees, Taxi Driver and Merchant Assisted.

Two C. P. R. employees, a taxi driver and a merchant were arrested yesterday by Detective Serst, Levitt on charges of stealing and receiving about \$12,000 worth of cigarettes belonging to the C.P.R. The police were notified of the theft on Thursday with the result that after an hour's intensive investigation Detective Levitt, assisted by Detective Sergeants Mitchell and Kostler and Detective Hicks, arrested Fred J. Kerr, a yardman, and W. T. Harkness, a yard foreman, for alleged theft, and Sam Weintraub a taxi driver, for removing the stolen goods, and H. G. Campbell, a college street merchant, for receiving.

The police received their first clue when a man informed them that he was offering a large quantity of cigars at a price much lower than they could be obtained elsewhere, and acting on this information the detective went to see Campbell, who was trying to sell the cigars in the parlors in the Tascheran government, during Wednesday night.

SCORES X-RAY BLOUSES AND COBWEB STOCKINGS

Belmont, Man, Aug. 13.—In Winnipeg one cannot tell on a Sunday whether the crowds, with their X-ray blouses and cobweb stockings, are going to church, to a social opera, or a midnight ball, declares W. J. Bartley, general secretary of the Manitoba Social Hygiene Association. He strongly denounced the present-day fashions and the modern dances. "Modern dances are not only robbing our teen age boys and girls of their morals to a great extent, but is undermining their health in other ways," he said. "I tell you frankly that they who dance the 'shimmy,' or allow it to be danced, or who approve of this kind of dancing, have lost a great deal of their sense of decency, and I think that the 'fox trot' is not far behind the 'shimmy' in its effect on morals."

STEAL SILVER FOX FURS FROM HON. J. L. PERRON

Montreal, Aug. 13.—Silver fox furs, fur coats and muffs, to the value of between \$3,000 and \$5,000, were stolen from 296 P. rue avenue west, the home of the Hon. J. L. Perron, minister of the army and navy, in the Tascheran government, during Wednesday night.

RUSSIAN ROYAL JEWELS INTERCEPTED IN U. S.

Evidence in Deportation Proceedings Against Martens, Self-Styled Soviet Ambassador to U. S., Shows That Diamonds Addressed to Him From Russia Are in Possession of Customs Officials.

Washington, Aug. 13.—More than 100 diamonds, supposed to have been a part of the famous jewels of the Russian royal family, and addressed to "Comrade Martens," have been intercepted by customs officials while en route from New York to Russia in the United States, according to evidence introduced at the deportation proceedings against Ludwig C. A. K. Martens, self-styled soviet ambassador to this country.

Details of a regularly established courier service between Bolshevik agents in Sweden, with soviet representatives in New York, by which large quantities of jewels have been transported for six months past, also has been introduced in the testimony by the government. It became known today at the department of justice. The diamonds, numbering 103 in all, were seized July 22 by the customs authorities in Sweden. They were marked "Hille", within that was one marked "M." and a fourth containing the diamonds marked "C" and 3. (Continued on Page 12, Column 3.)

GEN. ROSS ASSAILS "PEN." CONDITIONS

Defence of Hospital Equipment Rouses Kingston Legislator to Action.

Kingston, Ont., Aug. 13.—(By Canadian Press)—Brig. Gen. A. E. Ross, M.L.A. for Kingston, who recently demanded investigations into conditions at Portsmouth Penitentiary, in a letter to the Kingston press tomorrow takes exception to reported statements of Brig. Gen. W. S. Hughes, superintendent of penitentiaries, and Dr. W. G. Anglin, surgeon of Portsmouth Penitentiary, to the effect that the hospital conditions in the latter institution are satisfactory, and asks why Gibson, the Toronto convict, who was released in the last stages of tuberculosis and who lived only a short time after given his freedom, was placed in the corridor of the prison hospital, and why a patient was taken to an outside hospital for a medium operation.

General Ross appends a report written by Dr. J. Kane in March last while he was temporary surgeon, previous to the appointment of Dr. Anglin, to the effect that under existing conditions it is impossible for the sick to receive the minimum of care which present-day medical standards require. General Ross admits that some changes have recently been made in the hospital, but holds that they do not constitute a satisfactory hospital.

PLANNING GREAT CHAIN OF WIRELESS STATIONS FOR BRITISH EMPIRE

To Be Free of Private Monopoly and Possible Alien Interference.

OTTAWA IS NOTIFIED

Ottawa, Aug. 13.—(Can. Press)—An empire chain of wireless stations, free from private monopoly and possible alien interference, is to be proposed held out by an imperial wireless telegraph committee, headed by Sir Henry Norman, according to exchanges just received here from the old country. The report of the committee states that by the adoption of a plan it puts forward a series of connections can be established and maintained at an initial annual cost of not more than one hundred thousand pounds. This sum, the report goes on to state, would secure a system vital to the strategic and commercial necessities of the empire.

The main recommendations are: That a scheme of imperial wireless communication be established connecting the communities of the empire by a series of steps of about 2,000 miles each; That the wireless system employed be that involving the generation of radioelectric energy by thermionic valves; That the service of communication be between London and Cairo by Poulson area, shortly to be put in operation by the post office, be the first link in the chain of communication with the British communities in Africa, and that this station near Nairobi, and by the alteration of the ex-German station at Windhoek, to a valve station to complete the connection with the Union of South Africa.

To Connect With India. That for communication with India, the far east and Australia, valve stations be erected in England, near Cairo, at Poona, other Indian stations, Singapore, Hong Kong, and Perth or Port Darwin, in Australia.

This similar communication be established with Canada, subject to the decision of the Imperial and Canadian governments.

The scheme be governed by a wireless commission of about four members, and that its execution be entrusted to the engineering department of the postoffice and the corresponding dominion and Indian authorities.

NOW FACES CHARGE OF MANSLAUGHTER

Elevator Operator Arrested Following Fatal Accident to Young Girl.

John Johnson, 464 Galley avenue, was arrested yesterday on a charge of manslaughter and allowed out on bail of \$2,000. Johnson is the operator of the elevator in which Marie E. LABOR OPPOSES WAR WITH SOVIET

British Party Pledged to Resist Any Form of Military Intervention.

London, Aug. 13.—The opposition of British labor to assist in the war against Soviet Russia was voiced today with extraordinary vehemence at a special conference representing all elements of the workers.

The resolutions adopted, passed with satisfaction the Russian government's declaration in favor of the complete independence of Poland, and pledged the British labor party to resist any form of military intervention against Soviet Russia.

The meeting approved the action of the triple alliance of labor organizations in forming a council of action to deal with the situation arising from the government's policy toward the war between Russia and Poland. It recommended the levy of a half-penny upon every member of the party to raise a fund for the requirements of the council.

The adoption of the resolution viva voce was ratified by the delegates at the invitation of William C. Adamson, chairman of the Labor party in the house of commons, who presided over today's meeting. He asked them to observe the solemnity of standing for a minute, and the delegates unanimously complied with his request, a complete silence being observed in the hall the while.

James H. Thomas, secretary of the National Union of Railwaymen, one of the principal speakers at the meeting, said that if circumstances demanded, it would be for the whole labor movement to decide upon direct action.

Desperate and Dangerous. "Desperate and dangerous as is our method," he continued, "we believe that the disease is so dangerous and the situation so desperate that it is only desperate and dangerous methods that can prevent calamity. The resolutions do not mean that it is to be a mere strike or simple 'red tools' policy. If they are to be effective they mean to challenge the whole constitution of this country."

Robert Williams, general secretary of the Transport Workers' Union asserted that labor was far more representative of the sentiment of the country than the house of commons and better qualified to pass on the "to war and go to hell" policy.

The conference concluded by singing the "Internationale," and cheering enthusiastically. By its resolutions, the council of action was instructed to remain in being until it secured guarantees that the British forces would not be used in support of Poland.

General Wrangel or any other military or naval effort against Soviet Russia; and third, the recognition of the Soviet government and the establishment of unrestricted traffic and commercial relations between Great Britain and Russia.

ROBT. BIRRELL HEADS POLICE OF LONDON, ONT. London, Ont., Aug. 13.—Inspector Robert Birrell of the local police force was, this afternoon, appointed chief, to succeed W. T. Williams, who has resigned. He will go to Montreal where he will hold a position in the inspection department of the head office of the bank.

Makes for South African Port With Part of Cargo on Fire

Cape Town, Aug. 13.—A radio message received here today from the British steamer Kadupa which arrived at Cape Town August 4 from Montreal, and later sailed for other ports, indicated that the cargo in hold No. 3 was on fire. The message added that the vessel was steaming toward Simon's Town, 20 miles south of Cape Town.

GIVEN PERMISSION TO INCREASE RATES

American Express Company Will Add \$35,000,000 to Annual Income.

Washington, Aug. 13.—Authority to increase express rates 1 1/2 per cent. was granted the American Railway Express Company today by the Interstate Commerce Commission. The increase by official estimates will add \$35,000,000 to the annual income of the company. The commission's decision, however, does not take into consideration the recent award of the United States Railroad Labor Board of increased wages approximating \$4,000,000 to express company employees, and it is expected application will be made by the company for an additional advance in rates to meet the new wage scales.

Rates on milk and cream under the commission's decision are further increased to correspond with the advance of 20 per cent. in the transportation of such commodities authorized the railroads except where there are no competing railroads between the affected points. In the latter case an advance of 1 1/2 per cent. is authorized.

SEVERE STORM BREAKS OVER WESTERN ONTARIO

Hail Falls Near Exeter—Terrorful Downpour of Rain.

London, Ont., Aug. 13.—One of the most violent electrical storms of the year broke over western Ontario this afternoon, and, considering the wide area covered, did little damage. The downpour of rain was terrific, and in and around Exeter hail fell. Near Exeter lightning struck the barn of Henry Giew and destroyed it, with 13 loads of hay and some implements.

Near Ingersoll, the barn of John Sheehan was hit and destroyed with his season's wheat and hay and some implements.

Around St. Thomas there was some damage to crops.

ARMY OF THREE HUNDRED ONE-ARMED MEN WORK

Winnipeg, Aug. 13.—England's greatest employer of one-armed men was a recent visitor to Winnipeg. He was H. Dunkley of London, manufacturer of carriages, and is on a preliminary survey of land and social conditions in Canada, with a view of bringing poor from the slums of London to Canadian farms.

Since the armistice, Mr. Dunkley has employed none but one-armed men. He now has three hundred of them in his factory and has found that these crippled soldiers, properly trained, not only can do almost the work of a man with two hands, but are given a new interest in life, and work entirely with men of their own kind.

HEAVY FIGHTING AS REDS NEAR WARSAW

Polluk is Reported to Have Changed Hands Several Times.

Warsaw, Aug. 12.—(Midnight)—Russian soviet forces which are attacking the Polish garrisons northeast east of this city have reached a point 20 miles from Warsaw. A state of siege has been declared here by the military governor. Civilians are not permitted on the streets after 10 o'clock at night, and cafes must close at 9 o'clock.

The determination of the Bolsheviks to press onward to Warsaw showed itself at various points along the battle line today, there being hand-to-hand fighting in many instances. The Poles savagely defended their positions, and contested every foot to ground given up by the Bolsheviks.

Fighting was reported today within 30 miles of the capital. It was said Polluk changed hands several times, and accounts were given that fighting was going on in the streets. The Poles were holding the west bank of the Narew river at this point, beating the Bolshevik back other enemy forces which were trying to cross the river.

Warsaw hummed tonight with military activity, but only soldiers and officers were allowed in the streets. Preparations for the defence of Warsaw were being made, and lights burned until late in the war offices and the foreign office, where affairs of state were being discussed. Terms and conditions to be carried by the Polish delegates who will meet the soviet representatives on Saturday to discuss peace preliminaries were also being drafted.

It was also decided late tonight that two British and two American newspaper correspondents, as well as several Polish, French, Italian and Spanish journalists, will accompany the Poles delegation to the eastward on Saturday. Just how long the delegation will remain at Minusio, or where the conference will be held, is unknown, but diplomats here said it would last four or five days or longer.

FOUR QUICK RICH MEN BEHIND BARS

(Continued from Page 1.) was issued charging him with larceny in 53 counts, totaling \$12,000. Police inspectors were at the federal building prepared to rearrest Ponzi if the federal authorities released him again for a trial of \$25,000. They asked that Ponzi and Johns be taken to jail on \$10,000 bail each, and a charge against him were held in abeyance.

Further bankruptcy proceedings in which Ponzi's first wife, partners of the Ponzi family, were involved in the federal court. The three petitioners were holders of Ponzi's notes for a total of \$25,000. They asked that Ponzi and Johns be taken to jail on \$10,000 bail each, and a charge against him were held in abeyance.

Rumors were current tonight that further developments bearing on "get rich quick" schemes might be expected in the near future.

Run on Trust Company. The arrest of officers of the Old Colony Foreign Exchange Company came after a freezing order was noted in the federal court by noteholders upon the company's officers on Devonshire street. One of the notices served upon President Brightwell and secretary of the company, to vacate his quarters within an hour and a half. Shortly afterward the office was closed.

More than a hundred note-holders were in the Exchange Company's outer office this forenoon when a man emerged from the inner office and announced that "by order of the district attorney" no payments on notes would be made "for three or four days." Brightwell said later that this announcement was erroneous so far as mention of the district attorney was concerned, but that the company had decided to suspend payments temporarily on advice of its attorney. The announcement brought loud cries from the waiting throng.

"We want our money," several of them demanded. There was a rush toward the inner office. Guards employed by the company struggled to keep the people back.

Will Pay on Monday. Finally, the guards succeeded in clearing the offices and the doors were closed and locked. An officer at the Devonshire street office of the company were responsible for payment of principal on unmaturing notes was resumed. The notice to vacate came soon afterward, and again the offices were closed. A notice posted on the doors said that further payments would be made at an office on Oliver street, beginning next Monday morning, but that no payments would be made tomorrow.

The Old Colony Foreign Exchange Co. was organized on July 10 last under the name of the Devonshire Exchange, Ltd., with C. W. Brightwell, Raymond Meyers and Gunnar E. R. Lindblad of Sweden as trustees. Its first office was in the building on school street, where Ponzi's offices were located. While the building on school street was in the hands of the company, the exchange company stationed men at its doors to make announcements of its business, and to attract investors from among Ponzi's note-holders. These people were promised that the show would last for a month in six months. Later the company moved to pretentious quarters on Devonshire street, with street frontage on Oliver street. Offices also were opened in other New England cities.

THE MOST COSTLY SHOW

The world's most costly show is the International Horse Show which, after a lapse during the war years, was resumed this season. It is held at the Olympia, London, England, and those who have seen it say it is a magnificent spectacle, equal to the splendid pageants of ancient Rome and Greece. This is largely due to the high standard set by Lord Londesborough, who inaugurated the show fourteen years ago. He then made up his mind to eclipse anything of the kind ever attempted before, and he succeeded. The huge hall was transformed into a gigantic bower of roses banked with costliest exotics and draped in silk. Nothing more beautiful had ever been seen in London. About £20,000 (\$150,000) were spent by him before ever the doors were open; but he got it all back, and more, in entrance money; for the public, quick to appreciate a good thing, flocked to Olympia in such multitudes that even the huge building could not contain them, and more than twenty thousand people were turned away from the doors during the ten days the show lasted.

HOLD A CONFERENCE ON GAS PLANT BUY

Hamilton, Aug. 13.—Progress was reported by members of the board of control this afternoon, following their conference with P. V. Byrnes regarding the purchase by the city of the plant and distributing mains of the United Gas and Fuel Company. Another meeting with Mr. Byrnes will be held on Monday.

BANDIT BASSOFF IN COURT MONDAY

Expected He Will Retain Best Criminal Lawyer in Alberta.

Lethbridge, Alta., Aug. 13.—Bassoff, the bandit, will face the magistrate in the Alberta provincial police court here on Monday afternoon, at 2 o'clock. He has not yet retained counsel, but the police say his friends have the best criminal lawyer in Alberta will defend him.

His pal, Areloff, is reported to have crossed the boundary at Gateway. Three charges will be placed against Bassoff on Monday, one by the mounted police for the murder of Corporal Usher, one by the Alberta provincial police for the murder of Constable Bailey, and one by the Canadian Pacific Railway, charging him with holding up a train on Aug. 2.

FACES THEFT CHARGE.

Hamilton, Aug. 13.—On a theft charge preferred by Inspector Burns, Children's Aid Society, Victor Brown, 187 St. Catharine street, was arrested this afternoon.

LOSES FINGERS.

Hamilton, Aug. 13.—Sydney Hurley, 1130 Cannon street east, suffered injuries while at work at the plant of the Canadian Westinghouse Co. today necessitating the amputation of the index and second fingers of the right hand, at the General Hospital.

WOULD REPRIEVE MADAME GAGNON

Send Petitions to Ottawa Requesting Clemency for Woman Murderess.

Montreal, Aug. 13.—Petitions addressed to the minister of justice requesting commutation of the death sentence passed upon Marie Ann Houde (Madame Gagnon) at Quebec, are now being circulated by the Canadian Prisoners' Welfare Association. The petition is to the following effect: "We, the undersigned, do hereby petition that the sentence of death passed upon Marie Anne Houde (Gagnon) at Quebec shall be commuted. We are opposed to the death penalty in general, and especially so in the case of a woman who has been delivered of twins—since conviction."

The appeal is issued over the signatures of Hon. George P. Graham, president, and Robert Bickerdike, ex-M.P., honorary president. Mrs. Gagnon was convicted at Quebec of causing the death thru brutal treatment, of her step-daughter, Aurele Gagnon, and was sentenced to hang in October next.

NO DIFFERENCE.

"Morning, stranger," began the talkative party, as he settled himself in the only vacant half seat in the smoking car. "And what province do you come from?" "Oh," replied the stranger, wearily. "It doesn't matter now. One is about as dry as another."

OVERTIME.

"I say," said the office boy to the cashier, "I think the fun'nor ought to give me a half dollar extra this week, but I suppose he won't." "What for?" asked the cashier. "For overtime," I was dreaming about my work all last night."

TANTALIZING.

"You don't seem so enthusiastic about your gardening," said the visitor. "It's this way," replied Mr. Croasolts, "I like it, but I can't keep my mind on it. It's tantalizing to go on turning up fishing worms that aren't of use to anybody."

NOVEL METHODS OF HIDING SAVINGS

There are still people who think that the best thing to do with their savings is to hide them. Sympathy will nevertheless be felt for the woman, Mrs. Simmons of Wood Green, London, England, who has her fortune of \$12,500 stolen. This amount, of which \$4000 was in gold, was hidden in four linen bags.

One man, who used to keep his money in a stocking, which he wore around his body, while an alien, remained on charge of begging in London, wore two pairs of trousers, sewn up in the lining of which was \$24.60.

In the clothing of a man removed to Stacey's Field Workhouse Hospital, no fewer than 550 coins were found, representing a sum of over \$25. They were stitched up in his coat, trousers and vest.

A hawker of Babbriggan, an Irish seaside resort, announced that he had hidden \$1000 in gold on the seashore. Officials of the asylum naturally regarded his statement as being the emanations of a disordered mind, but the man persisted so strongly in his statement that he was finally taken to the seashore in a taxicab. On reaching the place he had described he pointed to a niche in the rocks. Hence the attendants were amazed to find two old bags containing \$615 in gold. The money lay practically open to view, and, as the spot was a favorite meeting place of lovers, it is surprising that it was not discovered before.

A Norfolk woman for some time kept \$1000 in gold in a tangle tin and \$150 in silver in another tin, while a Liverpool carter kept \$4000 in gold in a box under his bed; \$800 in gold, found secreted in the wall of a public house in County Cavan, Ireland, was said to have lain there for fifty years.

A Frenchwoman, removed to an asylum, was found to have bank notes to the value of \$20,000, and a cheque on the Bank of France for \$5000, in the pocket of her petticoat. Which reminds one that when an old man called Pore Lafon lived in a garret at Angers, the greatest want, \$10,000 was found hidden in jam pots in his box.

Again, a French woman could find no better place to hide her fortune, \$15,000 in notes and gold, than in a tin box, which she fastened to the drain pipe outside her window. A blacksmith hid his fortune of \$15,000 in his forge at Athlone, Ireland, while a Frenchman hid his fortune of \$40,000 in a hedge, where it was found by a hedge-clipper.

SPEEDY DECISION IN JOINT RATE CASE

Judgment Possible Today—Geary Tells Board to Discourt U. S. Threats.

Ottawa, Aug. 13.—(By Canadian Press)—It was announced at the railway commission offices this evening that there would be no statement of the board's decision in the joint freight rates case today. It is understood that the board arrived at a decision this afternoon regarding the application of the American Railway Association, but it was not made public. It is possible that there may be an announcement tomorrow morning.

The railway commission of Canada this morning reserved judgment on the application of the American Railway Association for an increase of 40 per cent. on the Canadian portion of the freight rate on thru lines.

May Be Goal Threat. Mr. J. Geary, corporation counsel of the city of Toronto, has some comments to make on the application. Mr. Geary said that the application was approved by the Canadian roads, because they feared that American roads might hold up coal shipments. There was an unveiled threat in the application that the United States might take a hand in stopping the shipment of coal to Canada. The board, he urged, should not allow itself to be influenced by any threat of the United States government.

Says U. S. is Friendly. Chief Commissioner Carvell, however, testified to the friendliness of the interstate commerce commission of the United States. The utmost willingness had always been shown, he said, to give Canada all the coal possible.

Mr. Geary continued by denying that the Canadian board should hold up its hands and acquiesce in the American association's request. It should not be the rubber stamp of the interstate commission. He would be sorry to think that they were under the thumb of the American Railway Association and would agree to any suggestion which it might make.

"Pretty Kitty Kelly"

HERE'S a new song by wonderful new tenor, Hugh Donovan. It is a typical Irish song with a sweet melody, and the introduction of "My Wild Irish Rose," adds a pleasing and finishing touch. "Tripoli" on the opposite side, is a dreamy waltz number, sung with good effect by the same artist.

RUSSIA IS LIKE HOUSE DIVIDED

In Remote Eastern Siberia Bolsheviks Admit Failure to Establish System.

MUTINOUS PEASANTS

Apportionment of Food Vital Factor in Maintaining Soviet Support.

Terjoki, Finland, Russian Frontier, Aug. 13.—Developments of the soviet government in Russia have been such that today the vast Russian territory from the Pacific to the Baltic is divided into three distinct sections in the attitude of the people toward Bolshevism.

In a recent 4,000 mile trip across the entire country all the way from Vladivostok to the Finnish border, the Associated Press correspondent observed that soviet support diminished with increasing distance from the capital at Moscow, where the supreme fate of ironclad militarism are issues.

In the remote eastern section of Siberia the Bolsheviks admit failure to establish their system, and are seeking to create a buffer state known as "The Far Eastern Republic." Siberia proper, from Irkutsk to the Urals, where eight months ago Bolshevism was welcomed as a relief from the Kolchak regime, is ready for another change to anything which will bring economic betterment. Proceeding further westward, the traveler finds European Russia, like a great mobilized army, in starvation circumstances and cursing the Reds, yet executing their orders passively.

Rebellious Peasants. The apportionment of food, as well as the relative proximity to military headquarters, apparently is a vital factor in maintaining soviet support. Everywhere thru Siberia one hears stories that the peasants are refusing to plant their fields or raise stock because of repeated requisitions. Thru-out the central part of this eastern region, where the military opposition has been largely eliminated, efforts are being made to establish card systems for the exchange of manufactured goods in return for agricultural products.

DINING TOO WELL RISKY IN DUBLIN

Military Motor Lorries Filled With Soldiers, Trap Unwary Ones.

Dublin, Aug. 13.—The number of persons who are victims of the curfew law increases weekly, and the experience which they all must go thru is exciting, if not comfortable. The majority of those taken by the military are persons who had no intention of violating the law, but are detained at the home of a friend beyond midnight.

lary motor lorry filled with soldiers, each with a strong searchlight, comes up alongside of the unfortunate one and calls upon them to halt. A request is made for a permit, and if, as is usual, there is none forthcoming, the Dublinites are taken into custody and loaded into the truck, which then proceeds on its way.

From time to time, joyful citizens, who have dined too well, are collected and join the party. When the searchers are thru, the whole load of violators are taken to the Bridewell Prison, where they must spend the night. If the offenders prove to be obviously innocent citizens, they are released in the morning and are none the worse off, except for the ride in the lorry, which they say is the worst feature of the experience.

POLISH DELEGATES LEAVING WARSAW

AT MINSK LATER

Formal Peace Conference Expected to Take Place at Latter City.

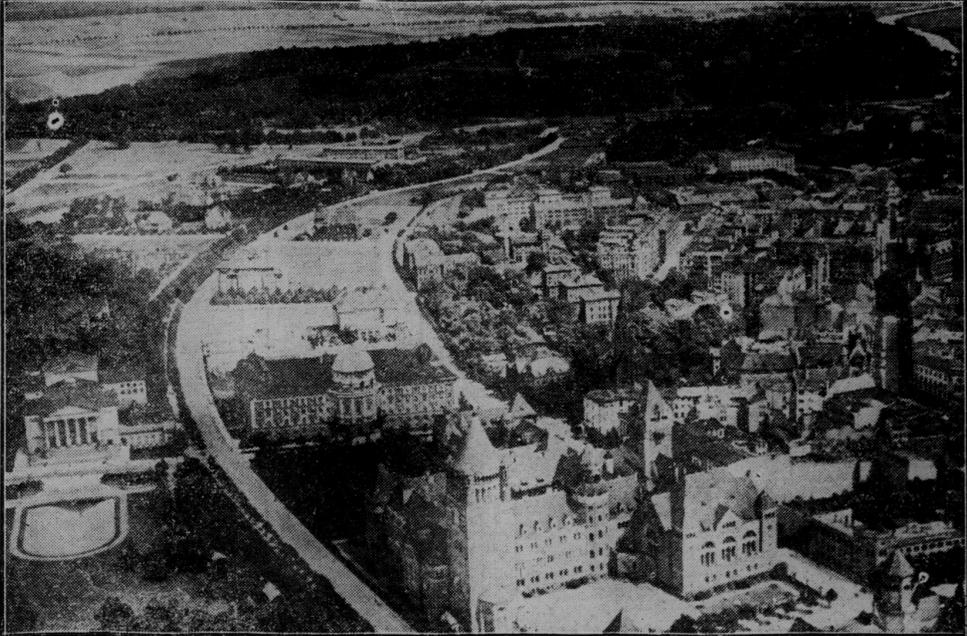

Warsaw, Aug. 13.—Polish commissioners with authority to negotiate a preliminary treaty of peace expect to leave this city early Saturday morning to meet Russian soviet delegates somewhere on the road between Warsaw and Brest-Litovsk, the foreign office announced today. The meeting, it was said, will take place between five and seven o'clock Saturday evening.

British and American newspaper correspondents will be permitted to accompany the Polish delegates, the Bolshevik authorities having expressed a desire that they be present.

After meeting the soviet delegates on the road, the Polish commissioners will probably be taken to Minsk, where the formal peace conference is expected to take place.

The two-man mission that went to the front to inform the Bolsheviks that Poland wished to send peace delegates returned here yesterday, and there is a more confident feeling in the city than has been prevalent during the past fortnight. High officials said they considered the fall of the city now out of the question.

Halifax, N.S., Aug. 13.—Charges that the Dominion Trades and Labor Congress was reactionary and machine ruled were made at the regular meeting of the District Trades and Labor Council here.

EXPLAIN EVIDENCE ON RAILWAY WAGES

A. J. Hills of C.N.R. Says Misapprehension About Five-Hour Day.

MAKES CORRECTION Passenger Enginemmen Only Use This as Basis of Their Day's Work.

The following statement has been handed out by A. J. Hills, assistant to the president of the Canadian National Railways, with the purpose of removing some misapprehensions regarding the basis of the Railway Board at Ottawa, in the matter of the basic five-hour day for enginemmen.

The Canadian Northern Railway System's exhibit showed various classes of employees, and to show the full percentage increase, the reduction in the length of the basic day was noted.

The chief commissioner's question was with reference to this note and was: "I should like to know if I can correctly interpret one statement. Is it a fact that passenger trainmen are only working five hours a day?"

Mr. Hills' answer was: "Passenger enginemmen, in the recent schedules, base their day's work on a five-hour day."

Only a Walk Basis. Note that the expression is base their day's work on a five-hour day. Our wage table was designed to show the increase in compensation for a day's work, and as the generally accepted measure for a day's work as compared with other employees—where some exceptions—has been 100 miles.

The pay per hundred miles was used in preparing this data for the comparative rule for such employees as have a speed basis of pay of 25 miles per hour. This explains the note which raised the chief commissioner's question. It was explained later on in the evidence that trainmen in passenger service have a speed basis of 20 miles per hour, but that their day's work is based on 150 miles, and that they also have a daily and monthly minimum and a mileage rate.

They receive overtime when the speed of 20 miles is not maintained. This overtime is generally paid at regular rates, but on some roads it is paid at one-eighth of the daily rate, which is slightly less than the 20 miles per hour basis.

Same on Branch Runs. On branch runs the same general rules apply, except that under what is known as the "right within ten" rule overtime is paid after eight hours work, or after ten hours spread of duty.

Passenger enginemmen, as previously stated, have their day's work on a five-hour day, that is, their minimum, which is guaranteed, or 100 miles, but, of course, if they run a train a greater length of service they perform it. Generally speaking they are paid at the mileage rate, with some initial and final terminal delay. Overtime is paid for pro-rata when the speed is not maintained.

The excellent condition of the international body as revealed by the report at the Albany convention of Secretary-Treasurer John W. Hayes, is viewed with satisfaction by local members of the International Typographical Union. The report showed a membership of over 70,000, assets of over a million dollars, and recorded a 40 per cent increase during the past year in the receipts of the organization.

Further details of the Labor Day parade were arranged last night, at the meeting of the Labor Day committee. The following marshall was appointed to have charge of the sections: H. B. Oakley, R. H. Cox, W. Bullock, R. White, W. E. Ritchie, H. Gein, W. Locke. The public utilities' employees will head the parade, followed by the allied printing trades, the metal trades, the miscellaneous section, the building trades workers, the building trades unions. Speakers selected so far for the exhibition stand include Hon. Walter Rollo, Joseph Gibbons and Sergt.-Major McNamara, M.L.A.

The Civic Employees' Union, at its meeting last night, made arrangements for the annual picnic to be held a week from today at High Park.

COLLAPSE OF SCAFFOLD. While working on a scaffold on the city stables on Coxwell avenue yesterday afternoon, Steven Lennard, of 51 Gladstone avenue, fell 20 feet when the scaffold collapsed. He was taken to St. Michael's Hospital. Two other men clung to the scaffold until they were rescued.

FELL THRU ROOF. Alice Baudry, 60 Power street, was seriously injured yesterday, when she fell thru the roof of a neighbor's house. She was unconscious for some time after being removed to St. Michael's Hospital, but her condition showed improvement later in the night. The injuries were confined to the head.

CHILD KNOCKED DOWN. Fred Green, six years old, of 86 John street, was knocked down by an automobile driven by W. H. Gibbons, on Adelaide street, near John yesterday, and received injuries necessitating his removal to the hospital. The police state that he was taken to the Sick Children's Hospital, but they have no record of the lad there.

TO IMPROVE CHINA IS UP TO FRENCH

To Them Belongs Moral Obligation, Says ex-Premier of France.

Tokio, Aug. 13.—Former Premier Paul Painleve of France, who stopped here on his way from America to China, was quoted as saying as he disembarked at Tokio:

"The peace of the world has nothing to gain from an Americanized or an Anglicized China. Without in any way meaning to offend our friends or allies, we feel that to the French belongs the moral obligation to encourage and develop the intellectual, scientific and technical relations which exist already between China and France."

"France must not fail at this time while China, seeking to modernize herself, is calling for intellectual guides and technical counsellors, to already call. Anything that fails to present French culture to China leaves the way open for German Kultur to our hurt."

M. Painleve said his mission to China, which is his destination, had nothing to do with finances, but was purely educational, scientific and technical, with the idea of laying a foundation for a more thorough knowledge of the far east. Above all it was his aim to guide toward France the Chinese who are seeking a higher education.

His visit is deemed here to be important in view of the preparations already under way in France to receive Chinese students who are increasing in number. A project has been started at Paris by Senator and Mme. Hughes Le Roux to form a special club for visiting Chinese.

Affect of McAdoo Award. Excepting the time and a half provision in slow freight service, these present working conditions, as represented generally above, have not been materially affected by the McAdoo award and supplements. The effect of these has been towards the standardization of working conditions as between the various lines, representing something like the average or normal working conditions. As Mr. Hills stated in his evidence, the Canadian Northern engineers preferred to retain some of their conditions as against the acceptance of the standard conditions, and time and a half for overtime in slow freight service, and an agreement was reached with them on this point.

LABOR NEWS. A considerable easing of the material situation in the building trades is declared by Secretary John Dege, of the Building Trades Council, to have appreciably improved the employment situation. Conditions in this union are now, he states, fully normal.

It is expected that the District Labor Council will discuss the proposed increase in freight rates at their next meeting. In view of the influence to be had by the union, it is expected that they offer a legitimate subject for a resolution.

A most satisfactory condition of the international trades union movement was reported by General Organizer John A. Flett of the A. F. of L., who passed thru town yesterday on his way to Hamilton. Mr. Flett has just completed a tour of eastern Canada.

The excellent condition of the international body as revealed by the report at the Albany convention of Secretary-Treasurer John W. Hayes, is viewed with satisfaction by local members of the International Typographical Union. The report showed a membership of over 70,000, assets of over a million dollars, and recorded a 40 per cent increase during the past year in the receipts of the organization.

Further details of the Labor Day parade were arranged last night, at the meeting of the Labor Day committee. The following marshall was appointed to have charge of the sections: H. B. Oakley, R. H. Cox, W. Bullock, R. White, W. E. Ritchie, H. Gein, W. Locke. The public utilities' employees will head the parade, followed by the allied printing trades, the metal trades, the miscellaneous section, the building trades workers, the building trades unions. Speakers selected so far for the exhibition stand include Hon. Walter Rollo, Joseph Gibbons and Sergt.-Major McNamara, M.L.A.

The Civic Employees' Union, at its meeting last night, made arrangements for the annual picnic to be held a week from today at High Park.

COLLAPSE OF SCAFFOLD. While working on a scaffold on the city stables on Coxwell avenue yesterday afternoon, Steven Lennard, of 51 Gladstone avenue, fell 20 feet when the scaffold collapsed. He was taken to St. Michael's Hospital. Two other men clung to the scaffold until they were rescued.

FELL THRU ROOF. Alice Baudry, 60 Power street, was seriously injured yesterday, when she fell thru the roof of a neighbor's house. She was unconscious for some time after being removed to St. Michael's Hospital, but her condition showed improvement later in the night. The injuries were confined to the head.

ASSESSMENT CUTS

Civic Official Complains No Attention is Paid to the Increases of Land Values.

A protest against the cuts in the assessment being made by the court of revision was voiced by Harry Nixon of the assessment department yesterday. He said that the court was paying no heed to the increases of land values that have taken place in the last year.

The entire Rosedale district had been advanced by the assessment department this year and quite a few appeals in this section have been granted by the court of revision.

David Dunlop, 93 Highland avenue, appealed against the assessment of \$25,000 an acre on his property, which had been raised \$5,000 an acre by the department. The assessment stands. Mr. Dunlop, however, succeeded in having his assessment on income reduced from \$50,000 to \$9,750 on the plea that most of his income is from mines, which are non-assessable. Mrs. Dunlop's income was reduced from \$20,000 to \$20,900. Claiming that a vacant lot on Roslyn avenue, assessed at \$600, had been purchased for only \$400 three years ago, Mrs. Alice G. Smith of Morrisburg persuaded the court to reduce the rate of assessment from \$13 to \$12 a foot.

Bruce N. Simpson was allowed a reduction of the frontage at 24 Weymouth crescent from 58 to 50 feet. Herbert Eiver, a returned soldier, 29 Cardiff road, was allowed a reduction on his home. "I am trying to establish myself and keep a wife and five children," he said. He has been driven from renting, owing to a boost in rates, and at the present time he is making only 50c an hour.

Lieut.-Col. Reginald Brooks of military headquarters secured a reduction of \$400 on his house at 97 Sherwood street.

The court reduced from \$33 to \$28 a foot the assessment rate on Charles M. Jacques' lot at 102 Roxhampton avenue. Jacques is a returned soldier taking vocational training.

MAN DIES FOLLOWING MISHAP IN ELEVATOR. John Cain, one of the three men hurt in a freight elevator accident at the Dodge Manufacturing Works, Pelham street, on Thursday afternoon, died in Grace Hospital as a result of his injuries. The three men were operating a pulley from below when some part of the machinery broke and the load fell on top of them. Another of the trio, James Mills, is in the same hospital with a broken leg and face injuries.

The third man was not seriously hurt and after having his wounds dressed he was allowed to go home. The chief coroner has ordered an inquest to be held and the preliminary sitting, when the jury viewed the body, took place yesterday afternoon and was adjourned.

EATONIANS AT HIGH PARK. W. H. Smith, honorary chairman of the carpenters' department of the T. Eaton Co., Ltd., in conjunction with P. Black, A. Hardill, W. Cooley, J. H. Bulmer, Donald Bain, Will Cooley, J. James, T. Herbert Groves and A. E. Marston, are the guiding spirits behind the picnic of the department, which is being held at High Park today, commencing early. Sports will be run at 10.30. Pat Conaghan will distribute the prizes. All refreshments are free.

Under tortuous pretences, the soviet government has up to the present refused to enter peace negotiations or its armistice conditions. Nevertheless, the Polish government has not and will not cease to do everything possible to conclude an honorable peace, but declines all responsibility for prolongation of the war, which entirely falls on the soviet government.

SHOE INDUSTRY IS STILL UNCERTAIN

Men Coming From Old Country Are Unable to Obtain Employment.

Conditions in the shoe industry show little improvement, according to the statement yesterday of Business Agent Walter Downes of the Boot and Shoe Workers' Union.

Mr. Brown complained that, in spite of local conditions, the Canadian Shoe Manufacturers' Association is continuing to import old country labor.

A WOMAN WHO HELPS WOMEN

I know your need for sympathy and health. And the treatment that gives me health and strength, new interest in life, I want to pass on to you, that you, too, may enjoy the priceless boon of health.

What I have offered is far better guidance than any MAN'S experience gained second-hand. Are you unhappy, unfit for your duties?

If you suffer from pain in the head or back, indigestion, constipation or piles, pain in the sides, dyspepsia, extreme nervousness, depression, melancholy, desire to cry, fear of something evil about to happen, creeping weakness, palpitation, weariness, hot flashes, slow coming menstruation, dark circles under the eyes, or a general feeling that life is not worth living, I invite you to send to-day for my complete ten days' treatment.

MRS. M. SUMMERS, Box 63 WINDSOR, ONT.

EMPIRE TRADE CONGRESS

Will Meet in Toronto Next Month—Delegates From All Parts to Discuss Business.

The board of trade announces that arrangements have been completed for the ninth Congress of Chambers of Commerce of the British Empire, to commence here on Sept. 15 and continue during the week following.

Eight years have elapsed since the last gathering was held in London, England, and 17 years since this congress was held in Canada.

FIRST STEP TAKEN FOR CO-OPERATION

G.A.U.V. Dominion Command Requests Conference With Dominion G.W.V.A.

J. Harry Flynn, Dominion organizer for the G.A.U.V., gave out the following yesterday afternoon to the World respecting the alleged statement by a Toronto G.W.V.A. official to the effect that there was one returned men's organization in the Dominion.

It will be recalled that a few days ago Comrade Flynn expressed the opinion that at least 90 per cent of the entire membership of the G.W.V.A. if the matter came to a vote, would unequivocally favor amalgamation for political purposes of all the returned men's organizations in Canada.

MAYOR GOES TO JAIL

Dolly Wells and a bottle of gin asleep with him in his motor car caused William Mayor a bad quarter of an hour at yesterday morning's police court, and William will now spend a month as guest of higher authorities.

EXCLUDING HEVEY EXCITES COMMENT

Various Labor Officials Declare Action of Council is Unconstitutional.

The attitude of soviet sympathizers is considered by more moderate of labor officials to be responsible for the refusal of the executives committee of the Toronto District Labor Council to accept the credentials of W. J. Hevey, nominated as delegate by the Stage Clearers' Union.

HARD COAL SCARCITY NOT NOW ANTICIPATED

While the price of coal may advance, owing to the proposed increase in freight rates, J. P. Milne of the Mines Coal Company is of the opinion that there will be no actual scarcity of hard fuel for domestic purposes this winter.

DWINDLING RATIO OF FREIGHT RATES

Canadian National Railways Points Out What Soaring Commodity Prices Mean.

The Canadian National Railway has issued the following statement in connection with the application for freight rates increase:

"It was pointed out, for example, that the value of a car of seven-foot binders in 1908 was \$1,515. By 1917 it had risen to \$2,013; the year following to \$2,613, and in 1919 to \$3,728.

BRINGS MANY TEXTILE ORDERS TO DOMINION

A writ was issued yesterday at Osgoode Hall by the Canadian Kranz Electric & Manufacturing Co., of Brooklyn, N.Y., against Sir Henry Pellett for \$13,140, balance alleged to be owing for work done in connection with the installation of an electric plant at defendant's residence.

PREPARING THE WAY

Baldwins, Limited, are already preparing for a huge trade. This is evidenced in the purchase by the company of two 35-ton furnaces at Collingwood, as well as the possession of two 50-ton furnaces in Toronto.

AN O.T.A. PROBLEM

Following a rather involved case of alleged bribery, combined with illegal possession of King's Arms Parrot yesterday morning discharged at the morning police court, Parrot is said to be an American and somewhat unacquainted with Canadian law, especially the O.T.A.

Personal Banking Service

The real test of a Bank's Service policy is the manner in which it is regarded by the Bank's clients. The reports we have received from different clients indicate better collection returns, a speedier, more efficient service, and a recognition of the fact that the advice we have been able to render—through our personal knowledge of their business—has proved of value to them.

THE STERLING BANK OF CANADA

way figures set out another interesting situation. The value of 1,000 bushels of wheat is set down to \$6. in 1908, \$5.10, and in 1919 \$2.080. The freight charges from Winnipeg to Port Arthur on these 1,000 bushels was \$60 in 1908, and \$54 in 1919. The percentage of freight charge to value was 7.11 in 1908, and 4.04 in 1919, a decrease of 2 whole points.

How R.R. Rate Increase Will Touch Family Purse

No one can hope to avoid paying his share of the railroad worker's wages and the cost of new railway extensions and improvements, by merely refusing to travel. "Every pound of food eaten, every ton of fuel burned, every garment worn and every stick of timber entering into the construction of homes will contribute its share" to the gigantic total, reasons The Washington Post, which estimates that it means a per capita tax of \$12.00 on every man, woman and child in the United States for higher freight rates alone, and perhaps \$15.00, when all the increases are taken into consideration.

SATURDAY MORNING, AUGUST 14

The Disciples of Discontent

The Star laments the tendency of Premier Meighen to talk horse sense somewhat after the manner of Hon. N. W. Taylor. His speech at Stirling is referred to as an appeal for a return to the prosperous days of before the war.

But everywhere men demand more than work. Stability is a fine thing and highly desirable, but the terms on which it is to be had are also all-important. It was not because they lacked work that the farmers of Ontario and Canada got together as a force in politics.

WITH A FARMER GOVERNMENT
Editor World: I have just read with deep interest your able editorial in this morning's World as to free trade or protection. I agree that next Dominion election will, in all probability, be fought on that issue.

THE REFERENDUM
Editor World: Why all this hurry for the referendum? Are they afraid of the male vote? I would also like to know what the real issue will be at this coming election.

Be It Ever So 'Umbly
Looking at the pictures one cannot escape the impression that Hon. Warren G. Harding, editor of The Marion (Ohio) Star, and Republican candidate for president of the United States, recently built a new front porch.

that Mr. Harding is to be locked and padlocked to that front porch until after the election. Everything he says from now on will be predicated, and every word addressed to him in public will be edited and only-edited. He is going to follow the McKinley program of 1896, and there is something like a family resemblance between Mr. Harding and the late President McKinley.

But this is an unusual year. The Republicans are due to win, but elections of late go pretty much as they please and pay no attention to the chart of past performances.

Winnipeg, Aug. 13.—Supporters in the legislature of Premier Norris, who were seen today, expressed the opinion that the government's position in the house had not been impaired by yesterday's conference of the Independent-Farmer-Labor and Conservative groups.

JUDITH OF BLUE LAKE RANCH

BY JACKSON GREGORY. CHAPTER XXIII THE WRATH OF POLLOCK HAMPTON.

Bayne Trevors' way had ever been to play safe, the way of a coward or a wise man. Even now, no doubt, he was giving an account of himself in legitimate endeavor at the lumber camp, putting in his appearance at his regular hour, safe miles lying between him and that which might occur upon the Blue Lake ranch, establishing a habit, conducting himself like a man he wished the world to think him. But in the mind of Bud Lee there was no question, no doubt, Bayne Trevors, or one of Bayne Trevors' gang was evading at this instant holding Judith somewhere until this colossal deal could be put over. Trevors or one of his gang—and Lee's face went white, his hands shut tighter into his fists, as there came to his mind the picture of Quinlan's twisted face and evil, red-rimmed eyes.

"Well," snapped Carson. "What's there going to be no sale in the morning," said Lee, and at the new strange tone in Lee's voice, Carson jerked up his head, thrusting forward, peering at the other thru the moonlight night. "Say it again," muttered Carson. "She isn't here," replied Lee briefly. "Hasn't been here since Saturday night."

Confronting himself with the 'coldest' of brief outlines, Bud Lee, Carson of Judith's absence and of his own suspicions, Carson, who had listened to him gravely, at the end shook his head. "That's a pretty bad play, Bud," he said slowly. "I don't believe Trevors would get that coarse in his work. It doesn't look like him a little bit."

Hampton lifted swift eyes, sensing something stern and ominous in this silent approach. "We want to talk things over with you," began Lee. "If you've come to bulldoze me out of that deal in the morning," retorted Hampton, "you might as well keep it. I'm going to sell."

"I'm damned if I will!" cried the boy hotly. "I don't know what you are up to, but I'm boss here, and I'm giving orders, not taking them. SIX-DOLLAR SHOES

APPEAL TO EDISON

He Gets Year's Wear Out of One Pair, He Tells Gathering.

INDUSTRIAL PROBLEMS

Great Inventor Has Word to Say About White Collar Workers.

West Orange, N.J., Aug. 13.—(Special).—Others may wear \$17 and \$18 shoes and \$6 and \$7 hats, but Thomas A. Edison has made another discovery.

A pair of \$6 shoes, which the "wizard" has worn almost a year, played their part in the celebration of the 43rd anniversary of the invention of the Ediphone, attended by 125 distributing delegates at the Edison laboratories here. At least one of them did.

Mr. Edison shifted the reading of his speech to his son, Charles Edison, and during the discourse calmly unknied his right shoe, took it off and pruned a piece of loose leather from the sole with his jack knife. He had made another discovery. The wear of his shoe was loose. The gathering was more interested in the operation than in the speech and when the inventor paused he was given a good-natured ovation.

Bargains in a Cellar

"I went over to New York to buy a pair of shoes and found they were asking \$17 and \$18 a pair," the inventor said, interrupting his son. "I didn't object to the price, but the toes were all pointed and I wanted a broader toe. I went down to Cortlandt street and in a cellar I noticed a lot of shoes. I saw a pair that struck my fancy and bought them for \$6. I have been wearing that pair of shoes for nearly a year."

Mr. Edison had finished the pruning operation by this time and pointing to Edwin C. Barnes, a delegate, he continued:

"Barnes wouldn't have done it that way. He would have gone up to Broadway and paid \$17 or \$18 a pair."

"Yes, but I would wear them three or four years," retorted Barnes.

"Barnes pays \$6 or \$7 for a hat," said Mr. Edison, "while I would go down to Newark or over to New York and pay \$2.75 for one."

Barnes met the last statement with silence.

When Charles Edison had finished his father's statement, Mr. Edison again drew the attention of the delegates to some Edisonian economy of time as well as of money. He produced a number of yellow slips on which he had written his tasks for the following day. Today's slips dictated fifty-seven different duties.

"If everybody tried it for six months it would be a surprise to know how much can be done in ten hours," he explained. Ten hours, however, every delegate knew, are only part of an Edison workday.

—Presentation to Inventor.

In presenting a small silken flag to the inventor, a gift from his assembled employes, George M. Austin, of Philadelphia, the spokesman, said:

"We ask you to hang this in your library to remind you of the distributors' loyal representation of the invention—the dictating machine—which you gave the world on this day in 1877 and our love and respect for you as the creator and supporter of a great industry into which your discovery has grown in these forty-three years. We have chosen the American flag because it seems to us more fitting as America's leading citizen. In all our relations with you you stand for Americanism in its highest form."

Some Edison Ideas

Mr. Edison's speech, in reply, said:

"Everybody takes a hand these days in discussing industrial problems, but I don't hear much about the 'white collar' workers in the office.

"Do you know why the office worker is as well satisfied as anybody with his lot? It's because he sees and understands the problems of his boss, and he's satisfied to see the president paid \$50,000 salary because he is close enough to know he earns the money.

"If you could make the industrial workers understand what capital and management are doing for him, it would go a long way to cure this so-called 'unrest'.

"The average factory hand today has no conception of what capital is being invested for him in better machinery and tools to make a better job for him.

"The typewriter started the ball rolling for machines in the offices. Scholes back in the early '70's brought his first model to my shop, and I helped him make it work.

"If you want to get a perspective of progress with such things as the Ediphone on the typewriter, just imagine if all the offices had never heard of longhand or shorthand and you attempted to remove the typewriter and dictating machine substituting the hand method of getting out the mail—business simply would stop.

"In a few years machines will do about everything in an office, just as they do in the shops. All office workers will have better jobs and comparatively better pay the more they use the automatic devices."

TODMORDEN

COMPLETE LEVELS FOR CONCRETE SIDEWALK

York township surveyors have completed taking levels for a new concrete sidewalk to extend from the city limits to Patterson's Corner, along the east side of Main street. The sidewalk will be five feet wide it is stated.

Owing to the heavy-wheeled traffic on Park avenue north and part of Pulton avenue, top dressing is needed, according to the statements of the residents.

The winners of a contest with the Todmorden poultry, pet stock and backyard garden contest, will be announced at a special meeting to be held at 8 o'clock, Alexander MacGregor, K.C., will preside, and a show will be delivered by George Baldwin, F.R.H.S. All points concerning the judging will be explained by the lecturer and each member will be presented with a treatise on gardening issued by the provincial government.

WESTON

THIRTY NEW HOUSES HAVE BEEN ERECTED

About 30 houses have been erected in the Westmount section of Weston since spring. This extension is west of the Humber and has now 100 houses of \$2000 to \$3000 value, four, five and six rooms, and concrete foundations. There are also some bungalows costing as high as \$7000. Recently fourteen acres have been subdivided. This section is in Etobicoke township.

ETOBICOKE

NEW SCHOOL BUILDING WILL INCREASE RATES

The meeting of Etobicoke Council at Islington on Monday next is mainly for the striking of the tax rate. The county levy is \$25,142.22. The trustees require \$38,467, against \$11,717 last year, owing to the new school building. The school account is \$3,878. There are three local improvements: Queen street, with \$27,361.15, being distributed for owners' liability, \$17,361.15, and \$10,000 for the township. Scarred road, \$1,956.15, with \$1,956.60 owners' liability, and Dundas street, \$2000, with \$1400 upon the owners.

The number of children between 5 and 21 years in the township is 1861; between 5 and 16 years, 1414, and, between 8 and 14, 637.

The nineteenth room has just been added to Mimico School. There are 15 school sections in the township's care, employing 47 teachers.

REPORT MURDER OF WOMAN

Near Kamsack, Saskatchewan

Regina, Aug. 13.—Mrs. Parisky Oikhoivik, the wife of Egnot P. Oikhoivik, a Russian, was murdered at her farm home, 12 miles south of Kamsack, yesterday. A despatch to the provincial police headquarters, while giving no details of the tragedy, states that the husband is being held on a charge of murder.

Complaint Over Sidewalk—Charge Fatal Accident Due to Defects.

In order to overcome the congested situation in school section No. 7, Plains road, a temporary two-roomed building is being erected adjoining the school, which, it is expected, will be ready for the reopening in September. A septic tank system is also being installed.

The installation of a water service and a Bell Telephone pay station were the chief topics discussed at a well-attended meeting of the Woodbine Heights Ratepayers' Association executive committee, held in Savoy Hall recently, with E. Thompson in the chair. W. Miller reported the result of the deputations to the manager of the Bell Telephone Company.

"Since the visit of the deputation, the telephone company has surveyed the ground," said Mr. Miller, adding that the service should be installed within a reasonable space of time. Regarding the water service, it was decided to circulate petitions for signatures of property-owners in the section to be forwarded to York Township Council. J. Bailey was appointed chairman of the petition committee.

The school trustees of S.S. No. 7 have decided to hold a fall fair at Plains Road School for the first time in the history of the section. Formerly the pupils exhibited the produce of their gardens at Bowmanville Fall Fair, but this season it has been decided that an exhibition will be held in their own school. Flowers, fruit and vegetables will be shown, and prizes awarded for the best exhibits in each section. Local judges will be appointed.

SEEK TO REORGANIZE ENGINEERS' EXECUTIVE

Branch No. 2 of the Amalgamated Society of Engineers met last night in St. James' Hall, West Toronto, and spent much time upon the question of reorganizing the executive of No. 2 ceasing to operate with the Packham Road A. S. of E., England, in September. The World was informed that there is hopeful prospect of all the metal trades in Toronto being placed upon a working basis. R. Dunk was in the chair.

LEASIDE

REPORT ACTIVITY IN RAILWAY DEPARTMENTS

Work of repairing the track and laying new ties at the C.P.R. pit siding, Leaside, is now under way.

Considerable activity is reported in all departments at the C.N.R. layout. At the present time eight locomotives, on an average, are overhauled and repaired each month and turned out at the shops. Six hundred men are at present employed and a sub-track is being cleared for further activities, it is stated.

CHINAMAN INJURED IN HIGHWAY MISHAP

Jem Lee, a Chinese laundryman of New Toronto, was knocked down by an auto on the highway, near his residence, and sustained severe injuries to his face and head. The number of the car is stated to be 14160. Lee was removed to his home.

The project of a big field day, to be held under the auspices of the New Toronto Athletic Association in the near future, has been abandoned, and will not be held until next year.

The reasons for cancelling the event, which was to have been a municipal affair on a big scale, are the limitations of time for the preparation of the necessary arrangements, and the fact that the event would conflict with the field day being held next Saturday, under the auspices of the Lake Shore G.W.V.A.

The support of this latter event will be considerably strengthened by the cancellation of the athletic club's project, and in future years considerable time will be allowed to elapse between the two events.

Mining Market Strong, But Limited Offerings Constricts Trading.

Some continued its advance again yesterday, but all the activity was in New York, where the price reached \$1.15. Stocks were sought for on the Standard exchange, but local holders appear to be sitting tight and the only offering in the hands of brokers during the first hour was one hundred shares at \$18 a share.

NEW YORK STOCKS DISPLAY STRENGTH

Gains Run From One to Seven Points—Sterling's Buoyancy a Factor.

New York, Aug. 13.—The stock market gave an impressive exhibition of strength today. Final prices were 7 to 7 1/2 points higher for many influential shares. The rise faced the greater part of the week's early loss, and carried many leaders well above last Saturday's close.

WAR BONDS WEAK ON TORONTO MARKET

Two Issues Sell at New Low Prices—Speculative Stocks Were Dull.

The Toronto stock market has tapered into a period of dullness and the curb section which was an adjunct of the Montreal Exchange shows considerably less life than it did. This is doubtless due to a reduction in the orders put thru for effect and advertising purposes.

JULY'S BOND SALES SHOW AN INCREASE

Provincial Issues Make Up Bulk of More Than Nineteen Million Dollars.

Sales of Canadian bonds in the month of July totaled \$19,380,733, compared with \$13,758,711 in June, according to the Monetary Times' record. The following is a summary: Provincial \$15,800,000; Municipal \$3,080,733; Corporation \$900,000.

How's The Market Treating You?

Your success as a trader or investor is in exact ratio to what you know about the market. In these days of opportunities and pseudo-opportunities, the man who is able to distinguish each as it is, is the man who wins.
