THE
PAIN-KILLER
ANNUAL,
1878.

Being the second after Bissextile or Leap Year, and until the 20th of June, the forty-first Year of the Reign of Her Majesty Queen Victoria.
Calculated for the Meridian of Montreal, in Latitude $45^{\circ} 30' 26''$ North, and Longitude $73^{\circ} 24' 22''$ West from the Royal Observatory, Greenwich. Also for the Meridian of Halifax, N. S., in Latitude $44^{\circ} 39' 20''$, and Longitude $63^{\circ} 36' 40''$. But the Almanac is arranged to serve without essential variations for most parts of the Dominion.

Van Benthuysen Printing House, Albany, N. Y.

A HOUSEHOLD NECESSITY.

Yes; one that every individual should possess. A bottle of PAIN-KILLER should be where every person can put their hands on it in the dark if need be. Many valuable lives have been saved by its timely use, and a world of suffering has been alleviated since its introduction.

IT CURES,

WHEN TAKEN INTERNALLY,

Cramp,	Painters' Colic,	Sore Throat,
Cholera,	Bowel Complaints,	Sudden Colds,
Dysintery,	Pain in the Stomach,	Coughs,
Diarrhoea,	Liver Complaints,	Dyspepsia,
	Indigestion, etc., etc., etc.	

WHEN USED EXTERNALLY,

IT CURES

Rolls, Felons, Cuts, Bruises, Burns and Scalds, Old Sores, Sprains, Swelling of Joints, Toothache, Pain in the Face, Neuralgia, Rheumatism, Frosted Feet, etc.

For Cholera, Cholera Morbus, and Cholera Infantum, as well as all Summer Complaints of a similar nature, it acts with **WONDERFUL RAPIDITY**, and **NEVER FAILS** when taken at the commencement of an attack, and often cures after every other remedy has failed. For Sore Throat, Sudden Colds and Diphtheria, no remedy has ever been discovered so powerful to cure. As a Liniment it has no equal in curing. Rheumatism or Neuralgia, Burns and Bruises and wounds of every description. It is the cheapest and best remedy ever offered to the public. Mothers will find it invaluable in the nursery, and it should always be kept near at hand in case of accident. For pain in the breasts, take a little PAIN-KILLER in sweetened milk and water, bathing the breasts in it clear at the same time. If the milk passages are clogged, from cold or other causes, bathing in the PAIN-KILLER will give immediate relief.

BEWARE OF ALL COUNTERFEITS AND IMITATIONS.

The genuine is put up only in panel bottles, with labels finely engraved on steel, the name being also blown in the bottles.

Price, small bottles, 25 cents; large bottles, 50 cents

ECLIPSES DURING THE YEAR 1878.

During this year there will be four Eclipses, viz—Two of the Sun and Two of the Moon.

I.—On the 2nd of February there will be an Annular Eclipse of the Sun, but not visible in these parts.

II.—On the 17th February there will be a partial Eclipse of the moon, and partly visible. Begins at Halifax, N. S., 4h. 27m. in the morning, and at Montreal 3h. 47m. It will end at Halifax 9h. 26m., and at Montreal 8h. 46m.

III.—On the 29th of July there will be a total Eclipse of the Sun, visible in North America as a partial Eclipse. It begins on the Earth 3h. 4m. evening, mean time at Halifax in Longitude 144° 50' east of Greenwich, and Latitude 41° 21' north. Central Eclipse begins at 4h. 10m. evening in Longitude 117° 42' east, and Latitude 54° 14' north. Ends on the Earth 8h. 1m. evening in Longitude 69° 45' west, and Latitude 3° 37' north. This Eclipse begins at Halifax about 5h. 30m. evening, and at Montreal about 5h. 10m. The greatest observations will occur a few minutes before the setting of the Sun.

IV.—On the 12th of August there will be a partial Eclipse of the Moon, and it will be visible in part. In Halifax, it begins in the evening at 5h. 8m., and in Montreal at 4h. 37m. The moon rises about 7 o'clock, and the last contact with the shadow will be about 9.

A transit of Mercury will occur on the 6th of May. It will be visible between 11 in the morning and 7 in the evening.

CHOLERA.

HOW TO CURE IT.

At the commencement of the diarrhoea, which always precedes an attack of the cholera, take a teaspoonful of Pain-Killer in sugar and water, (warm, if convenient,) and then bathe freely the stomach and bowels with the Pain-Killer clear. Should the diarrhoea or cramps continue, repeat the dose every ten or fifteen minutes till the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a dose.

The Pain-Killer, as an internal remedy, has no equal. In cases of Cholera, Summer Complaints, Dyspepsia, Dysentery, Asthma, it cures in one night, by taking it internally, and bathing with it freely. Its action is like magic, when externally applied to bad Sores, Burns, Scalds, and Sprains. For Sick Headache and Toothache, don't fail to try it. In short it is a *Pain Killer*.

The Pain-Killer is put up in 2 oz. and 5 oz. Bottles retailing at 25 and 50 cents respectively—large bottles are therefore cheapest, *get one of them.*

A French paper says, "Not one American in a hundred has a handsome chin." Of course not; their time is devoted to the cultivation of cheek.

A juryman remarked, "May it please yer honor, I am deaf in one ear." "then leave the box," replied the judge: "a juror must hear both sides."

1st Month, - 31 Days.

Cares of the past to the wild breezes fling!
Joyous the song that the New-Year bells sing;
Courage and patience, the gifts that they bring.

ESTABLISHED 1835.

PAIN-KILLER.

THE GREAT EXTERNAL AND INTERNAL REMEDY.

TAKEN INTERNALLY, it relieves *instantly* the most acute pain. USED EXTERNALLY, it is the best *Liniment* in the world. Its effect is almost instantaneous, affording relief from the most intense pain. It soothes the irritated or inflamed part, and gives rest and quiet to the sufferer. It is eminently the people's friend, and every one should have it with them, or where they can put their hands on it in the dark, if need be.

To the name of our medicine "PAIN-KILLER" which is our trademark, we have the exclusive right, which we have never failed to sustain at law, in any of the actions brought against parties putting up or selling articles under that name, or one so similar as to mislead the public.

We continue to prepare Pain-Killer from the best and purest materials, and with a care that insures the most perfect uniformity in the medicine.

After thirty-five years' trial, it is still receiving the most unqualified testimonials to its virtues from persons of the highest character and responsibility. Physicians of the first respectability recommend it as a most effectual preparation for the extinction of pain. It is not only the best remedy ever known for Bruises, Cuts, Burns, etc., but for Dysentery, or Cholera, or any sort of Bowel Complaint, it is a remedy unsurpassed for efficiency, and rapidity of action. In the great cities of India, and other hot climates, as well as America, it has become the standard medicine for all such complaints, as well as for Dyspepsia, Liver Complaints, and other kindred disorders. For Coughs and Colds, Canker, Asthma, and Rheumatic difficulties, it has been proved by the most abundant and convincing testimony, to be an invaluable medicine.

The Public are cautioned against imitations of the Pain-Killer, and to be suspicious of persons who recommend any other articles as "Just as Good." Many of these they make a little more profit upon, but which have no qualities in common with the Pain-Killer.

Said the clergyman: "My dear sir, you are near this life's end. Don't you feel the need of a new heart?" "No, half so much as need a new liver," said the sick man.

A beautiful woman is the purgatory of the pure and the paradise of the eye.

Feb. 1, stormy; 10, warmer; 17, Mathias; 26,

Said the clergyman: "My dear sir, you are near this life's end. Don't you feel the need of a new heart?" "Not half so much as I need a new liver," said the sick man.

A beautiful woman is the purgatory of the purse and the paradise of the eye.

2d Month, - 28 Days.

"Far in the Southland, the birds are debating
Speedy returning to cottage and hall;
Under the snow-drifts the blossoms are waiting—
Waiting, impatient, the Spring-maiden's call."

Western women complain because the agricultural fairs don't give at least a year's notice when they offer prizes for the finest babies.

A scholar, asked to name the three great Jewish feasts, gave,—
"Breakfast, dinner and supper."

THE PAIN-KILLER,

A FAMILY MEDICINE.

There are but few unacquainted with the merit of the PAIN-KILLER; but while some extol it as a liniment, they know but little of its power in easing pain when taken internally; while others use it internally with great success, but are equally ignorant of its healing virtues when applied externally.

You may ask with surprise: "What! am I to take internally the same preparation I use as a liniment?"—"Why not?" we ask. "Is it necessary that a liniment should be poisonous?" That many of those in common use are, we admit; but the PAIN-KILLER is a purely vegetable medicine, and contains no poisonous ingredient. And, although it is used internally, it is, nevertheless, one of the most powerful and best liniments in the world.

No family should be without the PAIN-KILLER. It can be given to the infant for the colic, and to the adult for Rheumatism. It contains no deleterious drug, and may be used for the various ailments of mankind.

Mothers will find the PAIN-KILLER invaluable in the nursery; and it should always be kept near at hand in case of accident.

FROM THE ST. JOHNS' NEWS.—The innumerable testimonials borne to the efficacy of this valuable medicine are sufficient to warrant its introduction into every house. Our own opinion is, that no family should be without a bottle of it for a single hour. In flesh wounds, aches, pains, sores, etc., it is the most effectual remedy we know of. A bottle will last for a very long time; and its low price places it within the reach of all. Our readers will remember that the Messrs. Davis have opened a house in Montreal, whence Canadian wholesale orders are supplied.

FROM THE BOSTON TRAVELLER.—Perry Davis' PAIN-KILLER is really a valuable medicament, and, unlike most of the articles of the day, is used by many physicians. It is particularly desirable in locations where physicians are not near; and by keeping it at hand, families will often save the necessity of sending out at midnight for a doctor. A bottle should be kept in every house.

The Oregon "CHRISTIAN MESSENGER" says, "We have been using the 'PAIN-KILLER' for more than twenty years, and we know from experience that it is a good remedy. When engaged in protracted preaching, we have used it for the throat with the best results. The world-wide reputation it has gained cannot be wholly due to *advertising*; there must be real merit in the medicine."

Mrs. CHEYNE, Woodside, Aberdeen, Eng., writes, "Having used your PAIN-KILLER in my own family, and been intimately acquainted with its extensive use in Australia for thirteen years, witnessing in numerous instances the marvellous power it has over disease, I was led on my return to advise its use among my neighbors and friends; and I am happy to say it is now extensively used here, and giving entire satisfaction. Colds, coughs, neuralgia, rheumatism, toothache, and many other pains, are almost instantly relieved and ultimately cured by it."

Beware of counterfeits and worthless imitations; call for PERRY DAVIS' VEGETABLE PAIN-KILLER, and take no other.

Sold by all Druggists and Grocers.

DIRECTIONS
FOR USING THE
PAIN-KILLER

AN
Internal and External Remedy.

It is impossible to find a place on this broad land where Perry Davis' "Pain-Killer" is not known as a most valuable remedy for physical pain. In the country, miles from physician or apothecary, the Pain-Killer is cherished as the exclusive panacea, and it never deceives.

For Coughs.—Mix one teaspoonful of the Pain-Killer with three tablespoonfuls of molasses, and take two or three teaspoonfuls of the mixture every half hour, till relief is obtained; bathing the throat and upper portion of the chest (and sides, if sore from coughing) freely with the Pain-Killer, and inhale it from the hand.

For a Cold.—Take one teaspoonful of the Pain-Killer in a cup of hot water, well sweetened with molasses. It is better to take this dose just before going to bed. A little milk added will make it more palatable. Bathe the chest freely with the medicine, and inhale it from the hand. Repeat the dose every twelve or twenty-four hours till relieved.

For Fever and Ague.—Take three teaspoonfuls of the Pain-Killer in about half a pint of hot water, well sweetened with molasses, as the attack is coming on, bathing freely the chest, back and bowels with the medicine at the same time. Repeat the dose in twenty minutes if the first does not stop the chill. Should it produce vomiting (and it probably will, if the stomach is very foul), take a little Pain-Killer in cold water sweetened with sugar after each spasm. Perseverance in the above treatment has cured many severe and obstinate cases of this disease.

For Asthma and Phthisis.—Same as for cough, repeating the dose every fifteen minutes till relief is obtained. Also wet a flannel with Pain-Killer, and lay it on the throat and chest.

For Dyspepsia.—Take one teaspoonful of the Pain-Killer in sugar and water, immediately after each meal. Let your diet be nourishing, but taken at regular intervals; being careful not to overload the stomach at any time, nor eat too soon after severe exercise.

For Liver Complaint.—Take a teaspoonful of the Pain-Killer in sugar and water, three times a day, bathing the side and between the shoulders with the medicine at least twice a day, rubbing it in well. Spikenard, steeped in cold water, will be found useful as a common beverage while taking the Pain-Killer for this disease.

Acid Stomach, Headache, Heartburn and Indigestion, to be treated the same as Dyspepsia. Bathing the head freely in Pain-Killer will usually relieve the most severe attacks of Headache.

For Canker in the Mouth, Throat and Stomach.—For a wash for the mouth and a gargle for the throat, make a strong mixture of the Pain-Killer in milk and water, sweetened with loaf sugar, and take, three times a day, a teaspoonful of the Pain-Killer mixed with a gill of milk and water, sweetened with loaf sugar.

For Diphtheria.—On the first appearance of the symptoms of this dreaded disease, make a gargle, using two teaspoonfuls of Pain-Killer to a half pint of water, and gargle the throat every fifteen minutes, bathing with the medicine about the throat and neck. Accompany this treatment with an occasional dose of the Pain-Killer in sugar and water. If promptly applied will invariably give relief.

For Canker Rash. Take a teaspoonful of the Pain-Killer in hot water, sweetened with molasses, three times a day, every other day, and a dose of Castor Oil on the alternate days.

For Sick Headache and Sea-Sickness.—Take a teaspoonful of the Pain-Killer in hot water, sweetened with loaf sugar, every hour, till relieved.

For Cramp and Pain in the Stomach.—Take a teaspoonful of the Pain-Killer in hot sweetened water, every half hour until relieved; bathing the stomach and bowels freely with the medicine at the same time.

April 1, All Fool's Day, so called; 2-3, spring like; 4, St. Ambrose; 5-6, much snow melted; 7, fifth Sunday in Lent; 8-11, unsettled; 12, 13, warm; 14, Sunday before Easter; 15-18, pleasant; 19, Good Friday; 20, agreeable; 21, Easter Sunday; 22, rain and wind; 23, St. George's Day; 24, very fine; 25, St. Mark's Day; 26, 27, unsettled; 28, Low Sunday; 29, cool rains with some winds; 30, frosty nights.

Painter's Colic, Diarrhœa, Summer Complaint and Cholera Morbus, to be treated the same as Cramp and Pain in the stomach; the dose to be repeated more or less frequently as the violence of the attack may require, bathing the stomach and bowels freely with the medicine, laid on warm with flannel. Keep the flannel moist with the medicine. The Pain-Killer may be often given with Castor Oil, in such cases with good effect.

For Dysentery.—Take a teaspoonful of Pain-Killer, well mixed with a gill of hot milk and molasses, or with a tablespoonful of Castor Oil, at the same time bathing the bowels, as in Diarrhœa, Summer Complaints, etc.

For Cholera Infantum.—To a child under twelve months, give from ten to twenty drops in warm milk and water, sweetened with loaf sugar, every hour, bathing the stomach in a mixture made of a teaspoonful of the Pain-Killer in a half gill of milk and water, warm. If the child be between one and two years old, use for a bath equal parts of Pain-Killer and milk and water, increasing the dose accordingly. For a child over two years, use the Pain-Killer clear, for a bath, increasing the dose to half a teaspoonful.

For Cholera.—Take a teaspoonful of the medicine in hot water, sweetened with sugar. Bathe the stomach and bowels freely with the Pain-Killer at the same time. If the attack be severe, and attended with cramps and diarrhœa, repeat the dose every fifteen minutes, using hot fomentations to the bowels. In extreme cases, the dose may be increased to a tablespoonful.

* * In Cholera Infantum, as well as in Asiatic Cholera, the Pain-Killer may be given with Castor Oil, in about equal proportions, with the most favorable effect.

For Scalds and Burns.—Keep the parts wet with the Pain-Killer till the pain ceases. To heal the wound, use the salve prepared for Ringworms and Old Sores.

For Frost-Bites and Chilblains.—Bathe freely in Pain-Killer several times a day.

For Sprains and Bruises.—Rub the Pain-Killer well into the wounded parts taking the medicine internally at the same time.

For Whitlows, Felons, and Boils.—Keep the part affected covered with a cloth kept moist with Pain-Killer, till the pain is relieved. Take the medicine internally at the same time.

For Ringworms and Old Sores.—Bathe in the Pain-Killer, and then apply a salve made of equal parts of rosin, beeswax and sweet oil, mixed by simmering on a slow fire. Take half a teaspoonful in molasses and water three times a day, during the treatment.

For Rheumatism and Neuralgic Affection.—Bathe the parts affected freely with the Pain-Killer, well rubbed in, till the pain is relieved.

For Pain in the Side, Back and Loins.—Treat the same as Rheumatism.

For Stings of Insects, Scorpions, Centipedes, and the Bites of Poisonous Insects.—Keep the wounded parts covered with a cloth well moistened with Pain-Killer till relieved. It is well to take the medicine internally also.

For the Bites of Venomous Reptiles.—Take the medicine freely internally, in doses sufficient to keep the system well stimulated, while the wound is kept wet with the Pain-Killer. The bite of the rattlesnake has frequently been cured simply by bathing the wounded part so far as the swelling extended.

The Bites and Scratches of dogs and cats are readily cured by bathing in the Pain-Killer.

Wounds by Fish Hooks, or the Fins of Fish, may be cured in the same way.

Dr. Sweet says it takes out the soreness in cases of bone-setting, faster than anything he has ever used for that purpose.

Mothers will find it invaluable in the nursery, and it should always be kept at hand in case of accident. For Pain in the breasts, take a little Pain-Killer in sweetened milk and water, bathing the breasts with it clear at the same time. If the milk-passages are clogged, from cold or other causes, bathing in the Pain-Killer will give immediate relief.

The above directions are the result of many years' experience, and the medicine seldom fails to effect a cure where used accordingly.

When a man in love with a woman in a family, it is astonishing how fond he comes of every one connected with it. He has time when the darling little Fairy performs a piece on the piano and smiles which the wicked little B. by upsets the coffee on his shirt.

When a man is in love with one woman in a family, it is astonishing how fond he becomes of every one connected with it. He beats time when the darling little Fanny performs her piece on the piano, and smiles when wicked little Bobby upsets the coffee on his shirt.

5th Month - 31 Days.

"Oh, the merry month of May!
The world is keeping holiday!
And the earth and the sky are so royally giving,
That life is complete in mere pleasure of living."

A negro being asked what he was in jail for, said it was for borrowing money. "But," said the questioner, "they don't put people in jail for borrowing money." "Yes," said the darkey, "but I had to knock the man down free or fo' times before he would lend it to me."

FOWLE'S PILE & HUMOR CURE.

FOR INTERNAL AND EXTERNAL USE.

A SURE AND PERFECT CURE

For all kinds of Piles, Leprosy, Scrofula, Tetter or Ring-Worm, Salt-Rheum and all diseases of the Skin.

Warranted to cure all cases of Piles; all cases of Humors, when used according to Directions upon the Bottle.

This remedy has been faithfully tested, and found to be an almost infallible cure for the above named diseases. Since it was first introduced, the proprietor has received many thousands of testimonials proving its efficacy for the cure of the diseases it is recommended for. Space prevents our giving but a few of them here. The Pile and Humor Cure is entirely vegetable in its composition, and can be used with perfect safety in all cases. There is no danger of its driving the humor in, as it cures on the surface, and the patient's bodily health continually improves while under this treatment.

PILES.

Common cases of Piles, will be cured by from one to four applications only.

ONE BOTTLE of the Pile and Humor Cure is warranted to cure all kinds of Piles, but no Fistula, nor when connected with *Humor* (as many cases of Piles are brought on by Humor, and will be cured with the Humor). In such cases, the patient will require to take two or even more bottles in very bad cases.

TESTIMONIALS.

Mr. E. D. Taylor, of Shelbourne, N. S., writes:

Dear Sir—I have been troubled with Blind and Bleeding Piles for six years, and could not find relief until I took your Pile and Humor Cure, which entirely cured me up at once, so that I have not felt them since. I can recommend it with entire confidence.

Mr. Chas. Cable, Molino, Oswego Co., N. Y., writes Dr. FOWLE as follows:

Dear Sir—I have been troubled with the Bleeding Piles of the worst kind for over sixteen years. Have tried every kind of remedy I heard of, but found nothing that would help me, until a friend, who was cured by your Remedy, advised me to try it. I took it internally, and used as an injection, *only one bottle, and it has wholly cured me* of that terrible and very painful disease, the BLEEDING PILES. For the four months previous to using your Remedy I was unable to work, have suffered much, was obliged to sit up and walk in the house whole nights at a time. But when I commenced to take your medicine, the pains began to leave, and I could sleep as well as ever *I did in my life*, and have had no return of them since; and can safely recommend it to every one.

HUMORS.

Fowle's Pile and Humor Cure will be found an almost never failing cure for Humors, which it drives to the surface. The patient commences by taking twenty drops, morning and evening.

Mr. FOWLE.

NORTH AMHERST, MASS., Jan. 1, 1868.

Dear Sir—From childhood up to the first of August last, I was afflicted with as bad a skin disease as mortal man ever suffered with. I commenced taking your Medicine; and I must say I had not much faith in its doing me much good. I had been suffering so many years, and had tried so many different kinds of medicine, that I was discouraged, and expected the time would never come when I should have a whole skin again, free from Humor; but I am *happily disappointed*. I have taken three and one-half bottles of your remedy, and am as well to-day as I ever was in all my life. My skin is as free from any sores, pimples, or anything of the kind, as any one in this town; and I have every reason to think I shall always remain so. People who saw me for years, all covered with scabs and scales, and see me now entirely free from them, look at me with astonishment, and ask, "What did you take to get rid of them?" I tell them I took "*Fowle's Pile and Humor Cure*." The result of my cure is, that Messrs. Smith & Field, and Messrs. Howard & Brown, of this town have sold a great quantity of it, and it is making great cures in all cases.

Respectfully yours,
GEO. E. ATKINS.

Dr. FOWLE.

LYNN, MASS., Jan. 8, 1872.

Dear Sir—A short time ago I bought a bottle of your Pile and Humor Cure for my face, which was completely covered with pimples and red blotches, and now my face is well and perfectly smooth.

Yours respectfully,

W. J. M. LAKE.

SOLD BY ALL DRUGGISTS AND COUNTY MERCHANTS.

Price \$1 per Bottle. Six Bottles for \$5.

BEARINE FOR THE HAIR

PREPARED FROM THE PURE GREASE OF
THE CANADA BEAR

IT IS A HAIR BEAUTIFIER, PRESERVER AND DRESSING.

BEARINE IN NA-
TURE'S OWN FOOD
FOR THE HAIR. IT
STIMULATES THE
ROOTS OF THE HAIR;
IT PROLONGS VITALI-
TY; IT IS NOT STICKY
OR UNCLEAN.

This elegant preparation named from the Canada Bear, from which its most essential element is obtained, is a scientific compound of real Bear's Grease, and other ingredients, so combined as to retain for a great length of time, its original fragrance and purity. As a Dressing for the hair, nothing can be more beautiful or agreeable. It is elegantly perfumed, and renders the Hair Soft, Pliant and Glossy. It serves to give it that peculiar richness and color, which is so essential to a complete toilet. It is the cheapest, most harmless and best dressing in the world for the hair. Genuine Bear's Grease has long been held in high esteem as a valuable (cheap at any price) article for dressing the Hair. It has been highly commended and used by eminent Chemists and Physicians of every country. Like all good things, it has been imitated and counterfeited, perhaps to a greater extent than any other commodity known in trade and commerce; yet, notwithstanding all of this, together with its great scarcity, both of which have served to depreciate its use, the fact of the great value of Genuine Bear's Grease, as a healthful invigorating dressing for the Hair, remains firmly fixed in the minds of the public. The idea of procuring this article fresh and pure, refining it, and preparing it for general consumption, was suggested to the proprietors of BEARINE, from their superior facilities for obtaining the Pure Bear's Grease. Having an already established business for the sale of their world renowned "Pain-Killer," with agents located in every trading post in the Dominion of Canada and throughout the Great North West, and with these unsurpassed advantages for obtaining the Genuine Grease, fresh and pure, they are enabled to produce and to supply a purer, better and safer Hair Dressing than has hitherto been offered to the public.

TESTIMONIALS.

**** Having used the BEARINE in my family from its first introduction, and finding it to be such a superior article, I take pleasure in recommending it over all other preparations in the Hair Dressing line that I have ever used.
Yours truly, A. O. HALL.
PROVIDENCE, R. I., March 6, 1874.

Robert Larivé, of St. Peter St., Montreal, writes: DECEMBER 5, 1872.
"By the use of your BEARINE, my hair, which was thin, dry, and falling out, has recovered its vigor, and has not only stopped falling, but a beautiful new and healthy growth has taken its place. I have found the BEARINE the most agreeable and pleasant Hair Dressing I have ever used."

READ THE FOLLOWING:

We, the undersigned, Wholesale and Retail Druggists of the city of Montreal, take pleasure in recommending to the public the Bearine made by Messrs. Perry Davis & Son & Lawrence of this city. Since the Bearine was first introduced, we have sold considerable quantities of it, and our customers have always expressed great satisfaction with the article.

(Signed) LYMANS, CLARE & CO., R. S. LATHAM, PICAULT & CO.,
KERRY, WATSON & CO., DEVINS & BOLTON, HENRY R. GRAY,
JAMES GOULDEN, RICHARD BIRKS, J. A. HARTE.

A trial will convince the most skeptical of its superiority over any preparation for softening, giving a brilliant gloss, and increasing the growth of the Hair. It prevents greyness or premature decay. It makes the Hair soft and pliant. It imparts to the Hair a rich glossy finish. It is elegantly perfumed and put up in a magnificent style, forming an almost indispensable article in every lady's or gentleman's toilet.

Said a member of Congress Ohio, to a Yorker, who trying to tell something about hogs: "You tell me anything about hogs, I know more about hogs than ever dreamt of was brought among hogs. Why is dew a falling s

July 1-6, wa
and wind; 14
and sultry; 2
27, St. Joseph

Said a member of Congress from Ohio, to a New Yorker, who was trying to tell him something about hogs: "You can't tell me anything about hogs. I know more about hogs than you ever dreamt of. I was brought up among hogs." Why is dew like a falling star?

7th Month - 31 Days.

Banish care and fear, and all things drear,
In the Golden noontide of the year.
Floating along
On the dancing waves with laugh and song.

One is mist on earth, and the other missed from Heaven.

Why is a solar eclipse like a woman whipping her boy? Because it's a hiding of the sun.

What is the difference between the North and South pole? All the difference in the world.

BURNETT'S COCOAINE.

A COMPOUND OF COCOANUT OIL, &C.

For Promoting the Growth and Preserving the Beauty of the Human Hair.

No other Compound possesses the peculiar properties which so exactly suit the various conditions of the human hair.

It softens the hair when harsh and dry. It soothes the irritated scalp. It affords the richest lustre. It remains longest in effect. It prevents the hair from falling off. It promotes its healthy, vigorous growth. It is not greasy nor sticky. It leaves no disagreeable odor

BURNETT'S COLOGNE.

UNRIVALLED IN RICHNESS AND DELICACY OF PERFUME.

In Quarter and Half Pints, Pints and Quarts.

Highest Awards at the Centennial Exposition, at Louisville, St. Louis and Cincinnati.

Is filled in elegant bottles of superior finish and beauty,—in themselves an ornament.. It is offered at a small advance upon the prime cost, and at a price within the reach of every one. Without effort on our part, it has, in a brief time, attained a large and constantly increasing sale, confirming the opinion of the best judges, that it is **superior** to any foreign or domestic.

BURNETT'S EXTRACTS

Are entirely free from the poisonous oils and acids which enter into the composition of many of the factitious fruit flavors now in the market. They are highly concentrated, have all the freshness and delicacy of the fruits from which they are prepared and are less expensive.

CAUTION TO HOUSEKEEPERS.

Owing to the increased and constantly increasing cost of vanilla beans used in the manufacture of Extract Vanilla, spurious compounds are being thrown upon the market, purporting to be pure vanilla, but prepared principally from Tonqua beans. This nauseating substitute costs the manufacturer less than one-twentieth as much as the genuine vanilla bean. It can readily be detected by its odor. It is used principally by tobacconists for perfuming snuff and cigars, and was never intended to be used as a flavoring for the various compounds prepared for the human stomach.

COCOAINE. A Compound of Coconut Oil, &c., for the Hair.
ORIENTAL TOOTH WASH. An Elixir for Preserving the Teeth and Gums.
BURNETT'S COLOGNE WATER. Unrivalled in Richness and Delicacy of Perfume.
FLORIMEL. A Delicate Perfume for the Handkerchief.
JONAS WHITCOMB'S REMEDY. For Asthma, Rose Cold, Hay Fever, &c.
BURNETT'S STANDARD FLAVORING EXTRACTS. For Cooking Purposes.

The above-named articles are manufactured solely by the Proprietors. The names and titles thereof are adopted as Trade-Marks, to secure the public and proprietors against imposition by the introduction of spurious articles. All unauthorized use of those Trade-Marks will be promptly prosecuted.

HERRICK'S

Sugar Coated Pills.

ENTIRELY VEGETABLE.

HERRICK'S SUGAR-COATED PILLS are composed entirely of roots and herbs, obtained from the great storehouse of nature, and their salutary effects will appear as soon as the medicine is brought to the test of a fair experiment.

They are a positive remedy for Liver Complaints, Gout, Jaundice, Dyspepsia, Rheumatism, Affections of the Bladder and Kidneys, Fevers, Nervousness, Erysipelas, Diseases of the Skin, Impurity of the Blood, Inflammation, Melancholy, Sick-Headache, Costiveness, Pains in the Head, Breast, Side, Back and Limbs, Piles, Bilious Affections, Female diseases, etc., etc.

There is scarcely any disease in which purgative medicines are not more or less required, and much sickness and suffering might be prevented were they more generally used. No person can feel well while a costive habit of body prevails; besides, it soon generates serious and often fatal diseases, which might have been avoided by a timely and judicious use of proper Cathartic Medicines.

PRICE 25 CENTS PER BOX.—SOLD BY ALL DRUGGISTS.

Strengthening

AND

Soothing,

Made Porous,

AND

Spread upon Muslin.

These Perforated Plasters combine all the excellencies of his world-renowned Kid Strengthening Plasters, which are compounded of Iron and Galbanum, with the porosity which some physicians claim as beneficial in Plasters. Dr. Herrick has succeeded in infusing into the India rubber, which is the base of his Perforated Plasters, not only Iron, Galbanum, and other Medicinal Gums, with Balsams and Aromatics, but all the medicinal agents which have effected the wonderful cures of his Kid Plasters. They are not only agreeable to the senses, but they are certain in curing all affections which result from interrupted circulation. They permit the evaporation of the decomposed matter of the human system, through the pores of the skin. There are thousands of these pores in every square inch of skin, and are vitally necessary to health. These capillary tubes, which are thus kept cleansed, absorb all the medicinal properties of the Perforated Plasters, invigorate the system, and restore the suffering and sick to ease and health. In every disease traceable to defective circulation, whether resulting from sudden colds or accidents, these plasters are confidently offered to the public as the result of more than a quarter of a century of observation and trial.

Price 25 cts.—Sold by all Druggists and Medicine Dealers.

PAYSON'S INDELIBLE INK.

Favorably known for more than a generation, is now more generally used than any other.

The Ink flows perfectly; will write as easily on the finest muslin as ink on paper..... It does not dry up, and retains its virtues longer than any other ink known..... It will not injure the finest fabric..... Payson's Ink has endured the test of forty years, and is still the popular ink, unrivalled for uniformity of quality, and durability..... It is much cheaper in first cost than stencil plates, hand stamps, and other sensational arrangements, with their uniformly worthless inks; and will mark for one person or a whole family, more neatly, quickly and indelibly than any other apparatus..... Unlike the so-called Indelible Pencils, it requires absolutely *no preparation* of the fabric, or constant sharpening..... Payson's Ink will mark finer and neater than a pencil, and with a blacker and more indelible mark..... One vial of ink will mark more articles in less time and with less trouble than any pencil yet invented.

Sold by all Druggists and Book Dealers. Price 25 cents per Bottle.

CIRAGE FRANCAIS, OR FRENCH DRESSING,

For Ladies and Childrens' Boots and Shoes, Trunks, Harness, Carriage tops, etc.,

MANUFACTURED BY

B. F. BROWN - - BOSTON, MASS.

The "French Dressing" is the most elegant article of the kind ever produced. LADIES' SHOES which have become RED and ROUGH by wearing, are RESTORED to their ORIGINAL COLOR AND LUSTRE, and WILL NOT SOIL THE SKIRTS WHEN WET. TARNISHED PATENT LEATHER is improved by it. FOR TRAVELING BAGS, TRUNKS, HARNESS, CARRIAGE TOPS, ETC., it is unequalled. It will not harden the leather, nor crack.

Price 20 cents per bottle. Sold by all Boot & Shoe Stores and Fancy Goods Shops.

This simple but ingenious device, by which any name or address can be formed in a single moment, and distributed as soon, has completely set aside, wherever introduced, all other methods of addressing goods or produce. Merchants and Manufacturers, or others shipping goods, will not fail to give this a trial, its price place it within the reach of all. One font (from 70 to 100 pieces) is sufficient for any business firm to ship goods, make signs, and print anything desired, and will last a lifetime with care. Nothing yet invented can equal them for making and printing names, signs and show cards, grain bags, wool sacks, robes, blankets, implements, marking prices, advertising, etc. Everybody needs them. These fonts are put up in boxes, properly assorted. We have all sizes, from a 1/4-inch letter to a 1 1/2-inch letter.

Price per font, delivered free, \$3.00.

HENRY'S CARBOLIC SALVE!

The wonderful celerity with which this combination of "carbolic acid" with other soothing and curative emollients HEALS THE MOST VIRULENT SORES AND ULCERS, is something akin to the marvelous. It is with pride that the proprietors call attention to the gratifying fact, that Physicians give it the highest meed of praise, and use and prescribe it in their practice.

POINTS TO BE BORNE IN MIND.

CARBOLIC SALVE positively cures the worst sores. CARBOLIC SALVE instantly allays the pains of burns. CARBOLIC SALVE cures all cutaneous eruptions. CARBOLIC SALVE removes pimples and blotches. CARBOLIC SALVE will cure cuts and bruises. CARBOLIC SALVE ranks at the head of all salves, ointments, or other healing compounds, and has ACHIEVED A GREATER REPUTATION, AND HAS A LARGER SALE, than any other similar preparation of contemporaneous invention.

CARBOLIC ACID, the basis of this already-celebrated preparation, is comparatively a new chemical agent, and has only recently been introduced into the *materia medica*. It was discovered by Runge, the famous German Chemist, in 1834, while making a series of experiments on *Coal Tar*, of which it is the active principle. It is a colorless oily substance, considerably heavier than water, and is unquestionably the most powerful preventive of decomposition, and antidote to putrescence at present known. Hence, it is extensively used in embalming. So powerful are its purifying properties, that rotten fish, when soaked in it, immediately become inodorous, and are not again subject to putrefaction. Within the last few years many compounds of great value in the arts have been prepared from it, and it is extensively employed for coloring purposes and as a disinfectant. It was used as a disinfectant during the progress of the great cattle plague, and is said in many instances to have stayed its ravages. The acid itself, however, in an unmodified condition, is too pungent and biting to be applied with safety to the diseased or wounded skin or flesh. In HENRY'S CARBOLIC SALVE its caustic principle is tempered and qualified by the presence of soothing emollients, which neutralize its acrid properties, while leaving its wonderful and almost miraculous healing attributes unimpaired. Perhaps it is not too much to say of this invaluable compound that as an external curative it stands alone, without a rival or competitor. *Proud flesh cannot form* in a sore with which it is in contact; and if this species of dead matter already exists in any ulcer, the CARBOLIC SALVE will expel it, and recover the diseased part to a sound and natural state. On purulent eruptions it acts like a charm, subduing the inflammation, drying up the suppuration, and curing the disorder, without leaving any scar or discoloration behind. In short, it is the antithesis of all corruption, and no bodily impurity can resist its antiseptic influence. This is, indeed, a sweeping assertion; but we guarantee that the operation of the salve in the worst cases of Scrofulous Ulceration, will bear us out in it.

READ THE FOLLOWING TESTIMONIALS.

JOHN F. HENRY, Esq.

Your CARBOLIC SALVE proves an excellent article, and I thank you for it of the great value of the discovery of Carbolic Acid.

Yours truly,

NEW YORK, Dec. 22, 1864.

This is another evidence
GEO. B. LINCOLN,
Pres't Board of Health.

NEW YORK, May 29, 1871.

JOHN F. HENRY.

I had on a forefinger of my right hand one of those pleasant pets, a "run-round." The finger became inflamed to a degree unbearable, and swollen to nearly twice its natural size. A friend dressed it with CARBOLIC SALVE, and in *twenty minutes* the pain had so much subsided as to give me a fair night's rest, which I had not had before for a week. The inflammation left the finger in a day. I consider it a most valuable article for the household.

D. R. LOCKE, (Petroleum V. Nasby.)

JOHN F. HENRY.

Sir—I have used CARBOLIC SALVE on a very bad running sore on my leg. It is superior to any other made.

BOONVILLE, N. Y., June 19, 1871.

JOHN F. HENRY.

Dear Sir—I applied the CARBOLIC SALVE in one case to a very bad burn, in which *Proud Flesh* had formed, and the wound was healed with astonishing rapidity.

Yours resp.,
DR. JOHN B. NOLD, (Late Surgeon N. Y. Vel.)

NEW YORK, July 30, 1870.

DR. CHANNING'S SARSAPARILLA

A HIGHLY CONCENTRATED EXTRACT OF

RED JAMAICA SARSAPARILLA,

AND THE

DOUBLE IODIDES,

An Effectual Health Restorer and Blood Purifier.

THIS GREAT REMEDY is a combination of the "DOUBLE IODIDES" (the most effectual alterative known to medicine) with VEGETABLE EXTRACTS of which the chief ingredient is RED JAMAICA SARSAPARILLA, forming a Remedy combining in itself to the fullest possible extent, Alterative, DEOBSTRUENT, TONIC, STIMULANT, RESTORATIVE, DIURETIC, ANODYNE and ANTI-SCORBUTIC PROPERTIES, and as such, applicable to the treatment of all STRUMOUS and CACHECTIC DISEASES, a class of affections of a peculiarly troublesome and obstinate character. Such as SYPHILIS, SCROFULA, SALT-RHEUM, CANCER, ALL SKIN DISEASES, TUMORS, ENLARGEMENT OF THE LIVER AND SPLEEN, RHEUMATIC AFFECTIONS, DISEASES OF THE KIDNEYS, BLADDER AND URINARY ORGANS, OPPRESSIONS OF THE CHEST OR LUNGS, LEUCORRHEA, CATARRH, and all diseases resulting from a DEPRAVED AND IMPURE CONDITION OF THE BLOOD; Dr. Channing's Sarsaparilla possesses extraordinary medical virtues, especially as a BLOOD PURIFIER, and restorative in the many and ever increasing forms of disease to which the "human flesh is heir." Physicians of eminence have from time to time claimed for this Remedy that it exerts a beneficial influence on the lungs, allaying coughs and promoting expectation, on the Stomach and Alimentary Canal, in restoring the healthy secretions, on the Kidneys, in reviving their activity, and on the Skin, in promoting a healthy perspiration, but while it has been so highly spoken of and recommended in the various diseases above enumerated, the proprietor confines himself to laying especial stress upon its effectiveness as a BLOOD PURIFIER. Many persons perfectly free from any Constitutional or hereditary taint in the blood, will find it particularly suited to their requirements as a SPRING MEDICINE, or cleanser of the impurities of the system brought on by sedentary habits and improper diet (especially during the Winter months,) in such cases one bottle will relieve them of impurities, which if not expelled, will bring on troublesome eruptions of the SKIN, PIMPLES, BLOTCHES, BOILS, etc., etc., in these cases it will give entire satisfaction and save much annoyance and misery.

A Short Extract from a Letter, received from a prominent Montreal Physician.

MONTREAL, February 1st, 1875.

I cannot but regard the formula from which Dr. Channing's Sarsaparilla is prepared, as one of the best possible combinations to constitute an effectual remedy for the cure of *Blood Impurities*. Respectfully yours,

W. E. BESSEY, M. D., No. 8 Beaver Hall Square.

NOTE.--Dr. Channing's Sarsaparilla is put up in large bottles, with the name blown in the glass, and *retails at \$1.00 per Bottle*, or Six Bottles for Five Dollars. Sold by Druggists generally, and most Country Stores. Be sure and ask for Dr. Channing's Sarsaparilla, and take no other. If not readily obtained in your locality, address the General Agents,

PERRY DAVIS & SON & LAWRENCE,

377 St. Paul St., Montreal.

CATARRH.

A WONDERFUL REMEDY FOR A WONDERFUL AGE.

CATARRH KILLING MORE PEOPLE THAN ANY OTHER DISEASE.

Constitutional Catarrh Remedy, the only positive cure for Catarrh, Bronchitis, Ministers' Sore Throat, Loss of Voice, Offensive Discharges from the head, Partial Deafness, Sounds of distant Waterfalls, Whizzing of Steam, etc.

Catarrh may be known by some of the following symptoms :

Catarrh causes partial deafness.

Catarrh causes noises in the ear.

Catarrh causes weak and watery eyes.

Catarrh causes fullness and pressure in the head.

Catarrh causes nervous headache.

Catarrh causes pain over the brows.

Catarrh causes confusion in the mind.

Catarrh causes failing memory.

Catarrh causes nervous excitability.

Catarrh causes indisposition to labor.

Catarrh causes bad breath and bad taste in the mouth.

Catarrh causes mucous and slime in the mouth.

Catarrh causes fulness of the nose.

Catarrh causes dropping from the head into the throat.

Catarrh causes offensive discharges.

Catarrh causes bronchitis and consumption.

A PERFECT CURE FOR CATARRH.

Constitutional Catarrh Remedy is taken internally.

It penetrates the secret ambush of this terrible disease, and exterminates it, root and branch, forever.

It removes the wretched symptoms of this loathsome malady, and averts consumption.

It cleans the head, deodorizes the breath, and affords the most grateful relief.

It removes more agony and silent suffering than the tongue can tell.

It is noted for curing the most hopeless cases, that every known means have failed in, and can be substantiated by the evidence of thousands of persons in the Dominion that have used it. Enquire from your friends about it, and read the following gratifying testimony.

All membranes of the head and throat are brought immediately under its influence. This remedy strikes at the root of the disease, and drives from the market all other medicines for the same malady.

IMPORTANT TESTIMONY.

A Case of 18 Years Standing Relieved by One Bottle of Constitutional Catarrh Remedy.

MR. T. J. B. HARDING, Brockville Ont.,

SALISBURY, N. B., Jan. 18, 1877.

DEAR SIR:—I have been afflicted with Catarrh for 18 years, and have tried various remedies with little or no effect. I happened to be on Prince Edward's Island last summer, and called at Mr. Watson's Drug Store, to ascertain if I could find a reliable remedy for Catarrh. THE DRUGGIST RECOMMENDED THE CONSTITUTIONAL CATARRH REMEDY. I bought ONE bottle, took it, and IT HAS HAD THE MOST BENEFICIAL EFFECT OF ANY-THING I HAVE YET TAKEN. I noticed your advertisement in the *Presbyterian*, and at once write you to send me twelve bottles by express, C. O. D., as I know several persons afflicted who want the remedy, and cannot reach the Island easily. Send at once.

Address goods to Salisbury Station, and you will oblige,

GEO. B. KILLAM.

CONSTITUTIONAL CATARRH REMEDY.

Catarrh cannot be cured by Snuffs, Washes, or local applications. It is a weakness of the constitution, developing itself in the nasal organs first, afterwards extending to the throat and lungs, ending generally in Consumption, if not checked by proper remedies. Pains in the head, back, loins, and weakness in the kidneys, are its attendant diseases. More people have Catarrh than any other disease, children as well as adults. It is easily cured. Thousands of cases, some of FORTY years standing, have been entirely cured by using the GREAT CONSTITUTIONAL CATARRH REMEDY. Price \$1.00 per bottle. For sale by all Druggists and Medicine Dealers. Send stamp for Treatise on Catarrh and Certificates to back the above, to

T. J. B. HARDING, Brockville, Ont.,

Agent for the Dominion and Provinces.

FELLOWS' HYPO:

History, Virtues, Testimonials.

Fellows' Hypophosphites has been before the world since 1865. It was invented by Mr. James I. Fellows, Chemist, Saint John, N. B., has been introduced over a large amount of territory by extensive advertising, and become deservedly popular. It is used and prescribed by the leading Physicians, and pronounced *a tonic far surpassing any composition ever before used in medicine.*

Now, in full view of its rapid sale, good profit to the retailer, and of its undoubted curative power, an army of imitators throughout the country are manufacturing and foisting their worthless substitutes, and in some cases even copying the subscriber's advertisements, word for word, in order to obtain more profit, dishonestly profiting by the justly earned reputation, and interfering in the relief of suffering humanity.

The public are cautioned to ask for Fellows' Compound Syrup of Hypophosphites, and take no other, as *it differs from all other preparations in composition, mode of manipulation, and in effect.* It is put up in pint oval bottles, on which the words "Fellows & Co., St. John, N. B." are blown. The name of the inventor, "James I. Fellows," is written obliquely across the inside label in red ink. The name "J. I. Fellows, St. John, N. B." on the yellow wrapper in water mark, is seen by holding the paper before the light, the retail price is \$1.50 per bottle.

NOTE.—Be suspicious of persons who recommend any other article as "just as good," though bearing a similar name, and of those who offer a cheaper priced article.

NOTE.—It is only the independent, well-posted, and unselfish Physician who can afford to prescribe this remedy. Experience has proved this. The highest class medical men in every large city, where it is known, recommend it.

Fellows' Hypophosphites is adapted for diseases which are produced by loss of Nervous Power, and consequent Muscular Relaxation, viz:

CONSUMPTION, BRONCHITIS, ASTHMA, WHOOPING COUGH, APHONIA, NERVOUSNESS, NEURALGIA, ST. VITUS' DANCE, MENTAL DEPRESSION, EPILEPTIC FITS, NERVOUS DEBILITY, DYSPEPSIA, CHRONIC DIARRHŒA, MARASMUS, DYPHRETIC PROSTRATION, FEVER AND AGUE, LEUCORRŒA,

INTERRUPTED AND FEEBLE ACTION

OF THE HEART. DISEASES PRODUCED BY OVERTAXING THE MIND; BY GRIEF OR ANXIETY; BY RAPID GROWTH; BY CHILD-BEARING; BY INSUFFICIENT NŒURISHMENT; BY RESIDENCE IN HOT CLIMATES OR UNHEALTHY LOCALITIES; BY EXCESSES OR BY ANY IRREGULARITIES OF LIFE.

An endless chain of good effects is formed by Fellows' Compound Syrup of Hypophosphites,—and we are safe in saying from a long experience in medicine, *its virtues are not possessed by any other combination*, as the following summing will demonstrate:

It is acceptable to palate and stomach. Sufficiently potent to insure decided benefit, yet harmless, howsoever long its use may be continued; this characteristic is possessed by no other remedy. It assists Digestion and Assimilation. It vitalizes the Blood, supplying such ingredients as may be required. It restores tone to the Nerves. It gives power of endurance and of concentration to the Mind. It promotes vigor in the organs which depend for health on involuntary muscular action, viz: Liver, Lungs, Heart, Stomach, and Genitals. And unless afflicted with some disease involving absolute organic loss, it will *sustain the system* until it reaches the age allotted to man by a beneficent Creator.

No person will be disappointed in the effect of Fellows' Hypophosphites, who rigidly follows the Directions.

The experiments which perfected this preparation occupied many months, and were instituted with a view to supply the deficiencies in the Hypophosphites already in use, and in order to cure that insidious disease.

TUBERCULAR CONSUMPTION,

For although their nature was correct *in theory*, the preparations were, owing to there imperfect organization, in practice found wanting.

While they caused the formation of fat, and generated heat, they did not improve the blood. The tonic effect upon the nerves and muscles was circumscribed, and owing to their diluted state involving large doses, they were also too expensive.

The *desiderata* sought by Mr. Fellows, were: A convenient, palatable remedy—Unalterable by time—Harmless, though used continuously, yet which might be discontinued at any time, without any ill effect—Which would induce an appetite—Strengthen digestion—Promote assimilation—Create healthy blood—Strengthen the nerves and muscles—Enable the subject successfully to combat disease—And at a moderate price.

All these have been indisputably attained. The success of the work is complete, and Fellows' Hypophosphites stands foremost among the remedies for chronic organic diseases, possessing properties to which no other medicine has ever aspired.

WHENEVER THE BODILY VIGOR WANES, whether from the effects of old age, residence in hot climates, insufficient nourishment, child-bearing, rapid growth, excesses, etc., the syrup will impart the *vis viva* to the system, and soon restore the wonted strength.

THE FEVER-STRICKEN INVALID, who may have had his recovery retarded by infantile weakness, will rapidly recover under the influence of Fellows' Hypophosphites.

THE YELLOW-VISAGED SUFFERER FROM FEVER AND AGUE can calculate on a speedy and permanent recovery from his disease, after all else fails.

WHEN HOPE FORSAKES THE POOR CONSUMPTIVE, let him not procrastinate an hour, as every moment of time gained in the beginning is valuable. The disease is positively curable by Fellows' Hypophosphites, in its early stages, and in the later and hopeless cases, life may be prolonged, and the patient made capable of performing his regular duties for several years, feeling little inconvenience from his malady.

THE DISTRESSED ASTHMATIC, THE BRONCHITIS sufferer may both become sound and healthy from using Fellows' Hypophosphites.

THE DISPIRITED DYSPEPTIC can be assured of successful and rational treatment. Good digestion returns when nervous strength is restored. Fellows' Hypophosphites renews nervous strength, and effectually cures Dyspepsia.

We have known *deep seated* cases cured. One of forty years standing, in which the muscles of his stomach and bowels were quite wasted, so that for many years he required pills every night and the enema every morning. After continued use of the syrup for several months, the muscular tissue and nervous strength were restored, and he is now a perfectly healthy man.

WHEN THE HARRASSED MAN OF BUSINESS TIRES HIS BRAIN.

THE TOILING STUDENT, "WITH VISAGE SICKLIED O'ER with the pale cast of thought," becomes daily more gaunt and careworn.

WHEN THE NEURALGIC VICTIM IS RACKED BY EXCRUCIATING TORMENT.

THE PALPITATING, BURDENED, AND GRIEF AND CARE-STRICKEN heart succumbs to pressure.

WHEN WEAKNESS SUBDUES THE BODY FROM ANY CAUSE, or when additional physical or mental strength is required, the most grateful results will ensue from Fellows' Compound Syrup of Hypophosphites.

The overworked brain not only requires rest, but frequently also a borrowed assistance or tonic for the augmentation of its powers.

Every species of excitation, whether bodily or mental, involves the death, decay or elimination of a certain amount of tissue, and of the vital element. The possibility of continued exertion, therefore, depends upon the due supply of reproductive means of nutrition, and an unlimited facility for eliminating dead and useless matter. While Fellows' Hypophosphites exerts an influence upon the nervous system, it will, under all circumstances, nourish it, and, through it, the muscles which it governs.

The presence of this remedy is necessary, then, especially in wasting and distressing diseases, to create and sustain the normal degree of strength, and its prescribed use can never exert a baneful influence under any circumstances whatever.

Fellows' Hypophosphites, on being introduced into the stomach, unites with the food, and immediately enters the circulation, and being perfectly miscible with the blood, speedily pervades every part of the system. Its effects are first declared by a pulse slightly increased in fulness and strength, a general exaltation of the organic functions, and exhilaration of the intellectual powers. Its specific influence is on the brain and nervous substance, increasing the activity of the absorbents, and renewing the blood, thus causing the healthy muscular formation so necessary in restoring the functions of the previously weakened organs.

Being, then, a tonic of the nervous and circulatory system, it follows that when there is a demand for extraordinary exertion, its use is invaluable, since it supplies the waste, through the circulation, and thus sustains the general system.

INFLAMMATION OF THE LUNGS.

UPPER SOUTH RIVER, *Antigonish, Nova Scotia.*

TO WHOM IT MAY CONCERN,

This is to certify that in February, 1873, I had a very severe and dangerous attack of *Inflammation of the Lungs*, accompanied with a copious Expectoration of mucus and blood, exhausting my strength until I was scarcely able to breathe. My physician held out no hope of recovery, and the evidences were that *Hasty Consumption* would soon put an end to my sufferings, an opinion concurred in by my friends. My attendants were induced to administer Fellows' Syrup of Hypophosphites and I am happy to testify that I experienced relief from the very first dose; the effects of the first bottle amazed me, and a very few bottles restored my health completely. I attribute my recovery (under God) to the use of Fellows' Compound Syrup of Hypophosphites. I write and testify to the above, simply, that the proper party may receive due credit, and especially that others who suffer may have knowledge of a sure remedy for like diseases.

(Signed)

MRS. JOHN MCPHEE.

We, the undersigned residents of Antigonish, do hereby certify the above correct, from the fact that we are acquainted with Mrs. McPhee and the circumstances attending her case.

HUGH K. SINCLAIR,

ST. JOHN, N. B., *January, 1868.*

MR. JAMES I. FELLOWS, *Manufacturing Chemist:*

SIR—For several months past I have used your Compound Syrup of Hypophosphites in the treatment of incipient Phthisis, Chronic Bronchitis, and other affections of the Chest, and I have no hesitation in stating that it ranks foremost amongst the remedies used in those diseases. Being an excellent nervous tonic, it exerts a direct influence on the nervous system, and through it, it invigorates the body. It affords me pleasure to recommend a remedy which is really good in cases for which it is intended, when so many advertised are worse that useless.

I am, sir, yours truly,

Z. S. EARLE, JR., M.D.

EPILEPTIC FITS, OR FALLING SICKNESS.

CARLTON, N. B., *Aug.*, 1875.

MR. JAS. I. FELLOWS:

Sir—In the Autumn of 1869 my little girl, seven years old, received a severe injury in the wrist by falling from a swing. A swelling appeared, which gradually became worse, until it suppurated and discharged a quantity of blood and matter. During this time she was attacked by diphtheria, from which the recovery was very slow. The discharge from the arm continued 14 months. Various physicians were called in from time to time, and all the remedies we could hear of were used, finally the ulcer healed, and the poor child was so far prostrated that nothing seemed to benefit her. Then she was attacked by the falling sickness which seized upon her frequently. During these paroxysms she would drop apparently lifeless, and it required the efforts of the household to arouse her to animation. As her sufferings had so worn upon her, and as there appeared no abatement to the disease, we were advised to try Fellows' Syrup of Hypophosphites, in Nov., 1873. She used only three bottles and became entirely cured. As her health has continued good ever since, and as she, from being very ill and weakly, has become the most robust and healthy of the family, we are safe in saying that all of this is owing to this invaluable remedy.

MRS. GEORGE FAULKNER,

Carlton, N. B.

Mr. Ezekiel Taylor, of Moncton, N. B., writes us under date of Dec. 14th, 1876—That he has suffered with epileptic fits for 10 years, sometimes very severe and frequent. He used two bottles of Fellows' Syrup of Hypophosphites, and was completely cured.

ST. JOHN, N. B., *January*, 1868.

MR. JAMES I. FELLOWS, *Chemist, St. John, N. B.:*

DEAR SIR—Having used your Compound Hypophosphites for some time in my practice, I have no hesitation in recommending it to my patients who are suffering from general debility, or any disease of the lungs, knowing that even in cases utterly hopeless it affords relief.

I am, sir, yours truly,

LETTER FROM DR. CRANE.

J. I. FELLOWS, ESQ. :

HALIFAX, N. S.

DEAR SIR—From a general knowledge of the prominent ingredients of your Compound Syrup of Hypophosphites, I formed such a favorable opinion as to be induced to recommend it to my patients as *preferable* and more convenient than my own prescriptions of the Hypophosphites. For several years I have continued to prescribe it, in many cases with very beneficial results. Since, upon solicitation, you kindly afforded me a more intimate knowledge of the composition of your Syrup, I have used it freely in my practice, both in diseases of the Chest, as Consumption and Bronchitis, etc., and in infantile disease of the *prima via*, or Stomach and Bowels, with eminent success, considering it superior to any similar preparation yet offered to the public. Thanking you for your kind information, I remain yours, truly,

CHANDLER CRANE, M.D.

(COPY.)

For the effects produced by Fellows' Compound Syrup of Hypophosphites, so far as applies to disease of the Lungs, the Inventor is permitted to refer to the Medical gentlemen of St. John, N. B., whose signatures are attached hereto:—

WILLIAM BAYARD, M.D. JOHN BERRYMAN, M. D., ED. W. S. HARDING, M.R.C.S.
EDWIN BAYARD, M.D. DR. JOHNSTONE, L.R.C.S., ED. JOHN BAXTER, M.D.
THOMAS WALKER, M.D., ED. GEORGE KEATOR, M.D. J. D. WHITE, M.D.
T. W. CARRITT, M.D.

I, Aaron Alward, Mayor of the City of St. John, N. B., in the Province of New Brunswick, having examined the letters of Drs. Earle, Addy, Clay, Jacobs and Chandler, and also the signatures attached to the foregoing permit of reference, hereby certify that I believe them all genuine.

I can also testify to the high therapeutical value of Fellows' Compound Syrup, and consider it deserving of the attention of the profession generally.

In testimony whereof, I have hereunto set my hand and affixed my seal of Mayoralty at the City of St. John, this sixth day of February in the year of our Lord one thousand eight hundred and sixty-eight.

{ Great Seal }

AARON ALWARD, M.D., *Mayor of the City of St. John.*

MONCTON, N. B., November 9, 1867.

TO MR. JAMES I. FELLOWS, *Manufacturing Chemist, St. John, N. B.*:—

We, the undersigned, have much pleasure in recommending your Compound Syrup of Hypophosphites. After a fair and protracted trial of the same, we consider your preparation a very valuable nervous tonic, far surpassing many others of considerable repute, and well worthy the confidence of the profession generally. We beg to remain, yours very truly,

A. H. CHANDLER, M.D.
H. A. JACOBS, M.D.

PUGWASH, N. S., January 14, 1868.

Mr. JAMES I. FELLOWS, *St. John, N. B.*:

SIR—Having, while at your establishment, carefully examined your prescription, and the method of preparing your Compound Syrup of Hypophosphites, I felt anxious to give it a fair trial in my practice. For the last twelve months I have done so, and I find that in Incipient Consumption, and other diseases of the Throat and Lungs, it has done wonders. In restoring persons suffering from the effects of Diphtheria, and the Cough following Typhoid Fever, prevalent in this region, it is the best remedial agent I have ever used. But for persons suffering from exhaustion of the powers of the brain and nervous system, from long continued study or teaching, or in those cases of exhaustion from which so many young men suffer, I know of no better medicine for restoration to health than your Compound Syrup of Hypophosphites.

If you think this letter of any service, you are at liberty to use it as you see fit.

I remain yours, &c.,

EDWIN CLAY, M. D.

BUFFALO, N. Y., February, 1873.

JAMES I. FELLOWS, Esq.: Dear Sir—Please forward another lot of your Syrup of Hypophosphites.

I have used other preparations of Hypophosphites (not being able to procure this); but they do not compare with yours, which, I think, is the best medicine for the nervous system I ever used.

I will aid you all I can personally, and through the press, as I believe it cannot be too generally known.

Yours truly,

W. T. HORNER,

Editor and Publisher of Buffalo Journal.

As this preparation is entirely different, both in its effects and composition, from all other combinations of Hypophosphites, physicians will please be careful in ordering to specify the article thus:

Syr: Hypo. Co: Fellows.

Orders addressed—PERRY DAVIS & SON & LAWRENCE, 377 ST. PAUL STREET, MONTREAL, P. Q., will have immediate attention.

FOR CONSUMPTION
AND ALL DISEASES THAT LEAD TO IT:

SUCH AS

Coughs, Neglected Colds, Bronchitis, Pain in the Chest,

AND

ALL DISEASES OF THE LUNGS,

ALLEN'S LUNG BALSAM

IS THE GREAT MODERN REMEDY.

FOR CROUP IT IS ALMOST A SPECIFIC.

ALLEN'S LUNG BALSAM is introduced to the suffering public after its merits for the positive cure of such diseases have been fully tested. The formula from which it is prepared is referred to by the leading medical journals as being equal to any prescription that can be made up for such diseases by the medical faculty. The Balsam is, consequently, recommended by physicians who have become acquainted with its great success.

It excites expectoration, and causes the lungs to throw off the phlegm or mucus; changes the secretions and purifies the Blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. SUCH IS THE IMMEDIATE AND SATISFACTORY EFFECT, that it is warranted to break up the most distressing Cough in a few hours' time, if not of too long standing. It is warranted TO GIVE ENTIRE SATISFACTION, EVEN IN THE most confirmed cases of Consumption! It is warranted not to produce costiveness (which is the case with most remedies), or affect the head, as it contains no opium in any form. It is warranted to be perfectly harmless to the most delicate child, although it is an active and powerful remedy for restoring the system. There is no real necessity for so many deaths by Consumption, when ALLEN'S LUNG BALSAM will prevent it, if only taken in time. Physicians having consumptive patients, and who having failed to cure them their own medicine, we would recommend to give ALLEN'S LUNG BALSAM a trial.

To prove the efficacy of ALLEN'S LUNG BALSAM for the cure of the diseases it is recommended for, we hold hundreds of certificates, and living witnesses to its virtues can be seen in almost every neighborhood in the Dominion as well as in the United States. It is well known everywhere, and wherever known it is highly praised.

If you are suffering with a cough or severe cold, do not trifle with yourself by trusting your life to Lozenges and cheap and worthless cough mixtures, but buy at once a bottle of ALLEN'S LUNG BALSAM; it reaches to the seat of the disease and removes it, root and branch; it does not alleviate and afford temporary relief, as do most cough mixtures sold at 25 cents per bottle, but it makes a permanent cure in all cases if used according to the directions.

MOTHERS, have you delicate, weakly children, who are always TAKING COLD, and subject to CROUP? Remember THERE NEVER WAS A CASE OF CROUP WHICH DID NOT ORIGINATE IN A COLD! And when your child goes to bed wheezing and coughing, you know not that, before morning, Croup may not set in, and ere you can get a physician, your dear child may be beyond the reach of help. We beseech you, therefore, as you value the lives of your children, KEEP THIS MEDICINE BY YOU IN THE HOUSE. Let every MOTHER, especially, heed well these remarks, that she may not hereafter, when mourning over the early blight of some cherished blossom, have occasion bitterly to reproach herself for her criminal neglect. It is an old adage, that "to be forewarned is to be forearmed." Parents, let it be so in your case.

No stronger warranty can be given for the merits of a Lung Balsam than we offer. We say to all who wish to use ALLEN'S LUNG BALSAM, that, unless it gives entire satisfaction, they may return the bottle to us after they have used it 48 hours, and the money will be cheerfully refunded. This same warranty has been offered, from the day we offered the Balsam first for sale, and to this time, the first bottle has not been returned, and we have received nothing but praise in its favor, from those who have used it. The proprietor of this valuable Balsam takes pleasure in calling to it the attention of all medicine dealers, desiring that they procure a supply of it, and recommend it to their afflicted patrons and friends. It will stand the test for merits, as has the celebrated PERRY DAVIS PAIN-KILLER, which is known throughout the world.

The Balsam is superbly wrapped, with a fine steel engraved label. PRICE: LARGE BOTTLES, ONE DOLLAR, SMALL BOTTLES, 50 CTS., and is for sale by all the leading druggists in the Dominion.

ALLEN'S LUNG BALSAM.

DIRECTIONS FOR USING.

- Dose for grown persons, one large Teaspoonful ;
- Child twelve years old, three-fourths Teaspoonful ;
- Child six years old, one-half Teaspoonful ;
- Child one year old, twenty Drops ;
- Child six months old, ten Drops.

PULMONARY DISEASES, their Causes and Cure.

The first illness is generally caused by exposure to cold, wet feet, sitting in a draught while in a state of perspiration, coming from hot and crowded churches, or other places, in thin dress, or by some imprudent change of clothing, or wearing damp clothes, stockings, or any other cause tending to check suddenly the perspiration. The result produces inflammation of the lining membrane of the lungs or throat, and this inflammation causes phlegm or matter, which, instead of being carried off through the skin, nature tries to throw off by expectoration. In many cases she is unable to do so without assistance, and the most valuable assistant is ALLEN'S LUNG BALSAM. "Procrastination is the thief of time," is applicable in the most awful sense at this stage of the disease, as it is generally of short duration, and sends the patient from time to eternity with but short notice. There is no doubt but that thousands of persons die every year, whose lives might have been saved by the use of ALLEN'S LUNG BALSAM.

CONSUMPTION.

Pulmonary Consumption is caused most generally by a neglected cold, or other disease of the lungs, attended with cough, which has become chronic, and leads to the formation of SORES OR TUBERCLES ON THE LUNGS. The patient generally becomes greatly prostrated by expectoration of phlegm, which is thick and yellow, and sometimes frothy and white. The disease is often attended with difficulty of breathing or oppression, pains or soreness in the chest, night sweats, and cold chills. Sometimes the bowels are constipated, and at others attended with diarrhoea and swelling of the limbs.

If the LUNG BALSAM is used in time, it will change the secretions of the body from a morbid to a healthy state, stop the cold chills and night sweats, and give tone to the digestive organs, liver, etc., and strength to the system, until health is restored. In Consumption—except where the system is fatally disorganized—we can most candidly say that ALLEN'S LUNG BALSAM has been used in thousands of cases with success. Not one ever regretted using it, so far as we know—although many of them had been GIVEN UP AS HOPELESS BY THEIR PHYSICIANS and friends.

CROUP.

This disease is caused by the formation of a false membrane, lining the wind-pipe, and obstructing the passage of the air, and is known by the SHRILL, CROUP-SOUNDING COUGH and rattling in the throat. This membrane must be removed by expectoration. Take a DOUBLE DOSE OF THE ALLEN'S LUNG BALSAM EVERY TEN OR FIFTEEN MINUTES, which will reduce it (generally) without fail, after taking a few doses. The BALSAM WILL AND HAS SAVED THE LIVES OF THOUSANDS OF CHILDREN ATTACKED WITH CROUP, where it has been taken in season.

Bronchitis, or what is sometimes called Ministers' Sore Throat.

Bronchitis is attended with irritation of the bronchial tubes, which convey the air we breathe into the lungs. It arises from a cold settled in the throat, and from severe use of the voice. The irritation from this latter cause commences in the larynx and glottis, which are the organs of the voice, and extending downward, produces sore throat, hoarseness, coughing and spitting or expectorating of matter, sometimes mixed with blood. It is dangerous from its tendency to spread down to the lungs, and becoming SETTLED INTO FATAL CONSUMPTION. Take the LUNG BALSAM at regular periods according to directions and relief and cure will be speedily obtained.

ASTHMA, or PHTHISIC.

This is a paroxysmal affection of the respiratory organs, characterized by great difficulty of breathing, tightness across the breast, and a sense of impending suffocation. The paroxysm generally comes on at night during sleep, and sometimes the symptoms acquire a most appalling degree of violence. After a few hours, however, the patient generally raises a considerable quantity of tough phlegm, which relieves him greatly. During the ensuing day he will experience but little uneasiness or oppression in the chest; but in a night or two all these distressing symptoms will return. In this way the disease proceeds, with remission by day, and violent exacerbations at night, recurring at uncertain intervals, unless it is effectually subdued by the use of ALLEN'S LUNG BALSAM. This remedy will be found to afford relief when all other remedies have failed.

ALLEN'S LUNG BALSAM.

Convincing Testimony in its favor.

We will only give a very few testimonials in this annual as we have so little space, but any one who desires further information concerning ALLEN'S LUNG BALSAM and will write to us, we will send them a pamphlet containing a more complete description of it. Is not one testimonial from an eminent medical man, like the following from Dr. Scovill, enough to convince the most skeptical? Dr. Scovill is well known throughout the Western States, and would not lend his name and reputation to sell an article except it were to benefit mankind.

J. N. HARRIS & Co.:

Gents.—This is to certify that my sister was attacked with a cough, to which, at first, she paid but little attention; but, after a little time it became dry and hard, and she could not expectorate the phlegm. This went on, she thinking it would wear itself off in a short time. Finally, the lungs became sore and painful. The exertion to raise seemed to increase the irritation. She had one of the ablest physicians in the country, who attended her for a long time, but he gave only temporary relief. At this time what she raised was of a yellow and thick matter; the cold chills and night sweats followed; the system prostrated; the bowels constipated; the appetite poor; the hands and feet cold and clammy; the eyes glassy, with all the attending symptoms of being in the LAST STAGE OF CONSUMPTION. Tubercles had formed and rotted off one of the veins, which caused hemorrhage of the lungs. SHE BLED MORE THAN A PINT AT A TIME. The physicians, on examining her lungs, found a tubercle as large as a hen's egg. At this crisis, she commenced the use of the LUNG BALSAM, which she took freely at first, as directed, until she raised large quantities of phlegm. When this matter was once thrown off, she felt greatly relieved. As she inhaled air into her lungs, it seemed to produce new life to the system. She now began to have hopes of getting well again. She bathed over the chest and back, used stimulating drinks, diet, and tonics, which the directions recommended. The cough rapidly decreased; the sores on the lungs began to heal; the appetite became stronger; the cold chills and night sweats stopped, and the strength returned, UNTIL SHE HAS ENTIRELY RECOVERED HER HEALTH; and now, at this time, she is as likely to die of any other disease as that of Consumption. I have known this BALSAM to be used in many other cases, which the PHYSICIANS AND FRIENDS HAD GIVEN UP ALL HOPES of getting better. They appeared to be in the last stages of consumption. They had cold night sweats, attended with a diarrhoea, tubercles formed and ulcerated; yet they were cured, and now apparently enjoy good health.

I have also found it to be one of the best COUGH MEDICINES THAT I HAVE EVER USED. It causes expectoration, without producing fever or constipation of the bowels. I now say to the afflicted that I believe that there are numbers of cases that are now in their graves that could have BEEN SAVED BY THE TIMELY USE OF ALLEN'S LUNG BALSAM. I would sincerely advise those who, when they first feel a pain or oppression in the chest, attended with a difficulty of breathing, and when they have to make great exertion to throw up the phlegm by coughing, to use this BALSAM at once. Respectfully yours,

A. L. SCOVILL, M.D., *Cincinnati.*

WHAT OTHER DOCTORS SAY.

Amos Woolly, M.D., of Kosciusko Co., Indiana, says:—"For three years past I have used ALLEN'S LUNG BALSAM extensively in my practice, and I am satisfied that there is no better medicine for lung diseases in use."

Isaac R. Doran, M.D., of Logan Co., Ohio, says:—"ALLEN'S LUNG BALSAM not only sells rapidly, but gives perfect satisfaction in every case within my knowledge. Having confidence in it and knowing that it possesses valuable medical properties, I freely use it in my daily practice and with unbounded success. As an expectorant it is most certainly far ahead of any preparation I have ever yet known."

Nathaniel Harris, M.D., of Middlebury, Vermont, says:—"I have no doubt it will soon become a classical remedial agent for the cure of diseases of the Throat, Bronchial Tubes and the Lungs."

Dr. Loyd, of Ohio, Surgeon in the army during the war, from exposure, contracted Consumption. He says:—"I have no hesitation in stating that it was by the use of your LUNG BALSAM that I am now alive and enjoying health."

Dr. Fletcher, of Missouri, says:—"I recommend your BALSAM in preference to any other medicine for Coughs, and it gives satisfaction."

ALLEN'S LUNG BALSAM is both recommended and used by prominent Physicians in all parts of the Dominion, we have testimonials from many.

Individuals who have received great benefit from the use of ALLEN'S LUNG BALSAM will confer a favor upon their fellow sufferers and mankind generally by writing a statement of their disease and cure and sending to the agents as given below.

WYETH'S BEEF, IRON AND WINE.

EXTRACT OF BEEF, CITRATE OF IRON AND SHERRY WINE.

In this preparation are combined the stimulant properties of WINE and the nutriment of BEEF with the tonic powers of IRON, the effect of which on the blood is so justly valued. For many cases in which there is

Pallor, Weakness, Palpitation of the Heart,

with much nervous disturbance, as for example, where there has been much loss of blood, or during the recovery from wasting fevers, this article will be found especially adapted. The peculiar feature of this combination is that it

COMBINES NUTRIMENT WITH STIMULUS.

In the majority of cases, along with failure of strength, and indeed as one cause of that failure, there is an inability to digest nourishing food. Hence it is very desirable to furnish nourishment in a form acceptable to the stomach, at the same time we excite this organ to do its duty. On the other hand, again, wine stimulus although needed, is ill borne if given by itself, producing headache, excitement, and other symptoms which may be avoided by the addition of nutritious substance, such as the ESSENCE OF BEEF.

Iron also can be taken in this way by the most delicate and sensitive woman or child, to whom it may be inadmissible as usually given. Prompt results will follow its use in cases of sudden exhaustion, arising either from acute or chronic diseases, and will prove a

Valuable Restorative for all Convalescents.

As a Nutritive Tonic it would be indicated in the treatment of impaired nutrition, impoverishment of the blood, and in all the various forms of general debility. Each tablespoonful contains the Essence of one ounce of Beef, with two grains of Citrate of Iron, dissolved in Sherry Wine. With a view to making the article more palatable, a portion of the beef is in the first place partially roasted, as experience has shown that it is better borne by the stomach, and can be administered for a longer period when this is done.

Adult Dose.—One tablespoonful between meals, and when suffering from fatigue or exhaustion.

Dose for Children should be reduced according to the age.

We trust physicians will be careful to direct *our manufacture of BEEF, IRON and WINE*, as numbers of persons make mixtures called by the same name, and claiming equal merit. We can only say the reputation of this medicine was created by OUR PREPARATION, and it is almost exclusively prescribed by our leading physicians.

Sold by all Druggists—Price \$1 per Pint Bottle.
