Unionist Caucus Otherwise for Borden Policy

So Says Montreal Gazette's Ottawa Despatch—The Vote on the King Amendment—Notice of Motion by Mr. Currie.

(Canadian Press.)

Montreal, March 10—The Gazette in an Ottawa despatch today says: "The government caucus on Thursday will adopt the policy of the national Liberal-Conservative party that was announced by Sir Thomas White. Last November Sir Robert Borden submitted to his supporters for their consideration his views on national issues. Since then the cabinet has carefully reviewed this memorandum, making certain additions and modifications, but not materially altering the proposals of the premier. They will be submitted to the government caucus on Thursday with the unanimous endorsement of the cabinet. Union on a party name and policy has been accomplished in the cabinet, and will, with few if any exceptions, be accepted by the Unionist supporters in parliament and in this policy after a census and redistribution, the National Liberal-Conservative party will appeal to the electorate for endorsement.

Interest is chiefly centred in the fiscal resolution. It has been carefully revised, and though the principle of a revenue tariff is adopted, it is very indefinite on the protection to be afforded by the tariff. It leaves a wide latitude for support.

Ottawa, March 10—(Canadian Press)—The following motion has been made by Col. J. A. Currie in the Commons: "That a special committee of the House should be formed forthwith for the purpose of taking into consideration other commercial relations with all the West India Islands, and that the committee have power to call for persons, papers and records, and to examine under oath and to report thereon from time to time to this House."

The eleven cross-benchers present all voted with the opposition in this morning's vote on the King amendment. They are: Messrs. Crear, Dr. Clark, Thompson, (Qu'Appelle), Maharg, Ross, (Montreal), Johnston, (West Mountain), Bennett, (Ouid), Halbert, Knox, and Madwell. The amendment was declared lost by 34 majority, and the address was adopted without further division. The House adjourned at 2:50 a.m. until 9 o'clock this afternoon.

Ottawa, March 9—(Canadian Press) Colonel J. Currie announced that he would move for a special committee to probe the practicality of instituting a tariff on the part of the St. Lawrence and the Great Lakes; also the hydro-electric possibilities of such an undertaking. Co-operation with provincial authorities and the holding of committee sessions during parliamentary recess were urged.

WILL SEE THIS MURDERER DIE

Frankfort, Ky., March 10—The state has stretched the law prohibiting public executions, and decided to permit T. C. Hagaman and about fifteen other residents of Lexington and vicinity to witness the execution of William Lockett, negro, convicted murderer of Harlan's sister Geneva.

New York, March 10—Leon Worthall, general organizer in New York for the Barbers' International Union, yesterday predicted a \$1 haircut tariff.

Counting Ballots for Members of Provident Board

Montreal, March 10—Tellers have been at work here since Monday morning counting ballots cast for the election of members of the Intercolonial and Prince Edward Island railway employees' provident fund board. Thousands of ballots have been counted. It was said last night that it would probably be some time today before the results would be given out. The candidates are: B. A. Bourgeois, assistant to the comptroller, Moncton; Frederic C. Cosman, clerk, Moncton; William P. Hutchings, train dispatcher, Moncton; Walter Morton, chief clerk, Edmundston; John G. Walling, car foreman, Campbellton.

The Sydney G. W. V. A. last evening was on record as favorable to a ban on the Heast publications.

Asquith Strong On The Irish Situation

Says Large Proportion of Crime Due to Government's "Senseless Policy"—Liberals Pledged to Home Rule Act—Dillon Says Situation Desperate—Carson on Sentiment Across Ocean.

London, March 10—Former Premier Asquith spoke scathingly last night of Irish conditions before the "Eighty Club" of which he was re-elected president. Never in the memory of the eldest member, he said, had the methods of government in Ireland been so reactionary, or denied of the elementary principles of civil and political liberties been so complete, so defiant, so insolent as today. He charged that a very large proportion of the crime in Ireland was due to the senseless policy of the present government.

While he and the Liberal party were pledged not to apply coercion to Ulster if he asked the Irish people to accept any form of self-government less than was contained in that act. The great obstacle to frank and friendly co-operation between Great Britain and the United States, he asserted, was Britain's failure to apply to Ireland the principles they had both agreed at the peace conference were the governing principle of civilization.

Referring to Turkey, the former premier declared that the massacre in Silesia ought to be the last chapter of Ottoman rule.

Desperate, Says Dillon. Dublin, March 10—John Dillon, Irish Unionist leader, in an address to Sir Horace Plunkett, chairman of the Dublin convention, the solution of the Irish problem, deserves the utmost consideration, his recent plan is an unwelcome one.

Mr. Dillon says the situation in Ireland is desperate, and demands a radical remedy. He does not believe any hope for a solution is offered by a constituent assembly or a constituent conference, but that the only way to a status like that of Cuba of the past.

Carson and the Delegation. Belfast, March 10—Sir Edward Carson, Unionist leader, in an address to the Ulster delegation which has just returned after a visit to Canada and the United States, said he had been keenly formed after the visit of the mission throughout and had come to the conclusion that the whole of America, including the hypnotized Irish who are in conspiracy with the hypnotized Germans, was on their side.

JOACHIM STILL IN BERLIN JAIL

Evidence Against Prince in Matter of Attack on French in Hotel.

Berlin, March 10—Prince Joachim Albrecht, cousin of the former German Emperor, and Captain Von Flaten are still locked up in the Moabit jail awaiting final action of the court respecting the legality of their arrest. Both disclaim responsibility for the attack in the Hotel Adlon on members of the French commission, but the state's attorney has confronted them with damaging evidence given by dining room employees and several guests.

PLANE TAKES FIRE AND FALLS; THREE KILLED

Wichita, Kansas, March 10—Emil Seegars an airplane pilot, Miss Clara Hart and John D. Hatfield, the latter seven years old, were killed yesterday when an airplane in which they were riding, caught fire 500 feet in the air, and fell to earth.

VETERANS OF MANITOBA AND THE PENSIONS

Winnipeg, March 10—Pensions at the rate of \$1 for every one per cent disability were asked for at the annual provincial convention of the G. W. V. A. yesterday and a vigorous protest was given out. The candidates are: B. A. Bourgeois, assistant to the comptroller, Moncton; Frederic C. Cosman, clerk, Moncton; William P. Hutchings, train dispatcher, Moncton; Walter Morton, chief clerk, Edmundston; John G. Walling, car foreman, Campbellton.

Complaints against the administration of the Soldier Settlement Board are being rapidly cleared away, according to a report by the agricultural committee.

As Hiram Sees It

What's this I see in the papers about 'butters payin' for paint' and 'the city council decided to pave it, you would be asked to pay one-third of the cost or whatever proportion was decided by the law covering the case. You would be given ten years or so to pay it, and in the meantime, your property would not be brought into your place every day for first aid after trying to ride along the old street.'

"I'm agin it," said Hiram. "I'm agin it. The council wants to pave streets 'em do it. That's what they're there for."

"But somebody must pay," said the reporter. "The council must get the money."

"Let 'em borrow it," said Hiram. "But they would have to pay it back, wouldn't they?"

"Then let 'em borrow some more," said Hiram.

"What you couldn't go on that way forever," said the reporter. "By the time you had all the streets paved the city would be in a bad way."

"Well, now," said the reporter, "there are only two ways of doing it. Either all the people who get the most benefit must pay the biggest share. Which would you have?"

"I'd buy a raft," said Hiram.

"You are about as obstinate as the average city tax-payer," said Hiram, "makes me big all over."

P. E. I. KNITTING MILLS BURNED

Reid-Rayner Plant and Contents Destroyed—Loss \$40,000 to \$50,000—Insurance About Half.

Charlottetown, P. E. I., March 10—The Reid-Rayner knitting mills at Tryon were destroyed with all their contents, including machinery, yarn and finished garments, by fire yesterday. The damage is between \$40,000 and \$50,000 with about \$25,000 insurance.

Six miles away, at Hampton, the farm residence of Robert Wilson was burned, and a general motor sales and repair business.

On recommendation of Chief Inspector W. D. Wilson a retail liquor license under the Prohibition Act has been issued to Geo. McDevitt, of Dalhousie, and J. C. Reade, of Moncton, and Everett E. Irving, of Hillsboro have been appointed temporary vendors.

Thos. Kingston, of Bayduin River, has been appointed parish court commissioner for Hardwicke, vice Alex. G. DETECTIVE TELLS STORY OF CHASE

Further Evidence in North End Case—Stabbing Case on Board Ship, and Other Matters.

A case against Albert Ritchie, charged with stealing a quantity of cloth from the store of Abraham Drexler, Main street, was resumed in the police court this morning. Sergeant Detective Power said the matter had been reported to him, he told of going to the residence of Charles Ritchie, 72 Chapel street, accompanied by Detective Biddiscombe and Gibbs and Sergeant Rankine. Detective Biddiscombe went in the house but the defendant was seen to have escaped from the back door and Biddiscombe came out and ran after him. The sergeant detective stated that he and Sergeant Rankine went to the corner of Acadia and Camden street where they saw the defendant and Detective Biddiscombe, and they brought him to the central police station.

Detective Biddiscombe said that as he went in the front door he heard some one call out "he has gone out the back way." He went out and started after him but did not see him until he got to Acadia street when he saw the defendant and looked around, but on seeing the defendant he went up Camden street and the detective said he lost sight of him. The detective went up Camden street and saw the defendant on his way back near the corner noticed a doorway leading into a yard. He was about to go by when he saw some wet tracks on the boards inside the door so he followed these tracks to a house and met by a man come there and there was a woman who said "he was in the house. He went into the room and there was a man who said 'You've got me and I'll go with you.' The case was postponed until tomorrow afternoon when it is likely the case for the prosecution will be completed as there is only one more witness to be examined.

A case against Johannes Flamen, charged with stabbing Derek Hostman on board the S. S. Bilbert during her voyage across the ocean, was resumed on the complaint, who has been in the hospital for some time, was able to attend court and give evidence which corroborated statements by other witnesses. The accused seemed perturbed and was committing the crime but said he was "crazy mind" and did not know what he was doing, as he complained of the course of the fight had choked him. He told the court he was sorry for what he had done and apologized to the injured man. The magistrate communicated with the third officer of the ship who is likely to be recommended to go to five years' suspended sentence.

Bar Mince, who was arrested some time ago as a frequenter of a disorderly house, was also allowed to go on a suspended sentence.

Warren Coleman, charged with creating a disturbance in Mill street, put up a deposit for his appearance Friday afternoon.

Reginald Phelan, charged with resisting arrest, brandishing a revolver and tearing Sergeant O'Neil's coat, was given a severe reprimand but as the deposit was not made he was remanded.

One man, charged with drunkenness, was remanded.

MEANS 20,000 TONS DAY LESS

Coal Miners' Strike in North France—Great Transport Clash in England Averted.

Paris, March 10—A deficit of 20,000 tons of coal daily will be the result, according to the Belit Parison, which says a restriction on consumption will be imposed to remedy the situation.

Railway passenger service will be seriously restricted owing to the coal strike, Yves le Troquer, minister of public works, intends to leave the companies a certain latitude in fixing the reduction, but suggests that the service be cut one-third, freight traffic not being interfered with.

Restrictions respecting the closing of theatres and cafes will come into force on March 12.

London, March 10—The danger of a national strike which would involve between 150,000 and 175,000 men, has been averted. At a conference at the ministry of labor yesterday both sides agreed to arbitrate.

The West Virginia Democratic state committee last night called John W. Davis, ambassador to Great Britain, to ascertain his attitude as to entering the race for the Democratic candidacy for president.

WORK OF SOCIAL SERVICE COUNCIL

Rev. H. A. Goodwin Is Elected President

Housing Conditions in St. John Gone Into This Morning—The Prohibition Act—Commendation of Health Department.

Matters of interest in connection with prohibition, housing, child welfare and other current topics, were discussed this morning at the session of the Social Service Council of New Brunswick in St. Andrew's church parlors. Rev. H. A. Goodwin, who was re-elected president, occupied the chair, with Miss G. E. Whitten as secretary. The report of the nominating committee was accepted. A scathing denunciation of existing housing conditions was given by Rev. W. R. Robinson in support of a resolution calling for betterment, while J. Willard Smith was heard in opposition, saying that the government should not be asked to interfere in private enterprise.

The resolution committee brought forward the resolution they presented. The first was:

"Co-operation with the health department. Resolved that this council appreciate the work already done by the department of public health of the province, and that we pledge our hearty co-operation."

The next resolution was in favor of a child welfare week and pledged support to its promotion. The support and co-operation of the council were pledged to the work in connection with mental hygiene in the provincial survey, in another resolution.

A resolution on mothers' pensions called upon the Social Service Council of New Brunswick to approve of the system of grants to dependent mothers in the home, as preferable to the government's subsidizing of institutions for the children of worthy but poor homes. The resolution urged the necessity of impressing upon the New Brunswick government the desirability of legislation for mothers' pensions.

Confidence in the management of the Maritime Home for Girls at Truro was expressed in a resolution, as was the hope that they would be able to cope with the work by enlargement of the home.

A resolution on housing matters evoked some discussion, but was finally carried. It was as follows:

"That we urge upon the authorities to enforce a higher standard of housing in as much as some citizens are forced to live in unsanitary conditions, and houses once condemned have been known to be rehabilitated after condemnation."

"While we recognize the difficulty of the situation, we urge upon the authorities as well as upon men of capital that, with public spirit they build sufficient houses to meet the need of the population, without discriminating against families with children."

J. Willard Smith thought the society was going a little too far in such a resolution. If it pointed out conditions and urged a remedy that would be sufficient without calling upon the government to interfere with private enterprise. He said the government is now building houses and selling them to private owners. It was the same as the government building ships, competing with private enterprise, and they knew nothing about it.

Rev. W. R. Robinson said that there were dens and dives in St. John and other parts of the province which were not fit for dumb brutes, yet they were being occupied by human beings. He spoke of houses in Brunswick, which, he said, had been condemned by the health authorities, but had afterwards been occupied. He would like to see the Imperial Theatre engaged for some day to show pictures of shacks in which some people were living and paying big rents for. "Are we going to interfere in the extermination of our race?" he asked. "We are now depending upon the landlord—not one in one hundred is willing to allow a man to live in such a place as this. We must look to the remedying of this evil as a moral obligation. At present conditions are such as to encourage married couples not to have families. And yet there is no man but whose rents are enough to more than repay him for any damage children may do to his house. Money is not the only thing in life—no wonder intelligent labor is hounding. If this council exists for anything, surely this is a part of its work."

ANOTHER STRIKES NEAR HALIFAX

Steamer Albatros Ashore Near Egg Island

Two of Crew Lose Lives in Abandoning Ship—Believed Dutch Vessel Will Be a Total Loss.

Halifax, N. S., March 10—While reeling back to port, the Portuguese-owned steamer Albatros, which sailed from Halifax on Monday for Portugal, ran aground last night near Egg Island, about eight miles east of Halifax. In abandoning the ship two of the crew were killed. They were Dunn, the cook, and Walker, a seaman. The ship struck on Tommy's ledge, which is near the Egg Island light.

The remaining eight were provided for by the light-keeper and will likely be taken off by one of the steamers which are going from Halifax. VETERANS WATCH THE LAW MAKERS

Vigorous Expression by President of Alberta Command at Manitoba Dinner.

(Canadian Press.) Winnipeg, March 10—On behalf of the people of the province of Manitoba, under the banner of the Manitoba Veterans' Association, the delegates attending the provincial convention of the Alberta Command, met at the Hotel Victoria, Winnipeg, to discuss the state of the law.

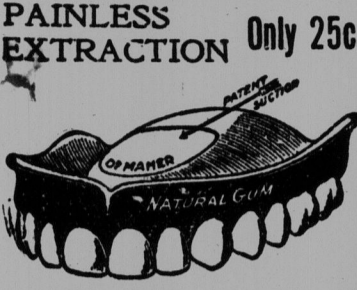

The tone of the speeches of most of the delegates was against political action by the association, but nearly coincided with the remarks vigorously expressed by W. A. Irwin, president of the Alberta command, that the Great War Veterans' Association of Canada should not be a party to the passing of the law.

Quebec, March 10—Two freight trains of the Transcontinental collided yesterday afternoon near Trois-Rivières, Que. Eight of the cars were derailed, the track badly damaged, and one man seriously hurt. Traffic was held up for several hours.

The Man in Overalls Depends Upon Bread

For hard work there is nothing so sustaining and stimulating as bread.

It makes muscle. "It sticks by your ribs."

For brain work it is equally stimulating and strengthening. Bread is easily digested. It keeps you clear-eyed and clear-headed.

E. J. McLaughlin's Bread is GOOD Bread.

- It does not crumble when sliced.
- The pores are small and even.
- And it has that delicious, "home-made" taste.

FINE STANDARDS OF STYLE AND QUALITY

Were Outstanding Characteristics of the Millinery Opening at the Manchester Robertson Allison Stores Today.

Winter weary eyes looked with delight upon the noteworthy display of new spring millinery being exhibited in the M. R. A. Ltd. Millinery Salon today. Exclusive models for Miss and Matron alike were viewed, reflecting many altogether new style notes, produced by master milliners, consequently exquisite in every detail.

Russian, Egyptian and Chinese motifs were seen modernized in attractive ways and new straws and fabrics were used in fascinating combination. The Millinery Salon was tastefully and appropriately decorated for the occasion with masses of bright flowers, lending a real spring-like air to the surroundings.

Notable in the showing were the clever uses of raffia embroidery as trimmings for crowns or brims, fringed hair cloth for hat foundations, pale cellophane for crowns or entire hats and sheer Chantilly lace for brims and drappings. Oil cloth and Petersham hats were also outstanding features and of the face shapes were predominating.

Women who were denied the pleasure of seeing today's display might be interested to know that among these tastefully chosen creations was seen a typical Blue-Bird hat, in small turban shape, with round crown of navy milan and soft roll brim of Mottelblack blue faille, hand embroidered in blue-bird pattern, with touches of gold. Two long curled whips were used as garniture, also a sunflower hat of all black maline with petal shaped brim and wheat ornamentation and a charming black dress hat with broad brim of Chantilly lace, crown of amber cellophane and band and streamers of turquoise blue velvet. Under the brim a small flower of cerise velvet was charmingly placed.

A French pattern hat of picturesque beauty was exhibited in toque shape, with high coronet front, composed entirely of this colored roses. Crown was of navy milan and had bewitching scarf of maline to match.

Jazz caps were among the new and decidedly smart. They were made entirely of pale blue velvet, with a small flower of cerise velvet was charmingly placed.

Another novelty was a follow-me-lad sport hat made of rows of copper, jade and sand petersham. This had chin-strap brim with small fruit ornament to match.

Customers pronounced this spring opening a very brilliant success and the women who are planning to see these hats tomorrow will look forward to a very interesting event.

GREATEST CHANCES FOR DRY GOODS ECONOMY

N. J. LaHood Determined to Clear Out Present Stock Before First of May—Going Out of Business.

As the weeks go by, the bargains at La Hood's seem greater and greater, remarks of appreciation being more frequent daily.

The stock of men's, women's and children's goods is extensive and very low in price. Surely those who do not take advantage of these offerings give little thought to saving.

Everything must be sold—still at the old stand—corner Hanover and Brussels streets. Visit the "Store of Values."

King Square Sales Company—Evidence All in.

The manager of the King Square Sales Company came to a decision yesterday that he will be forced to close his doors probably all day Thursday, in order to allow his staff time to mark down prices on all lines for the expected sale.

Although a great new stock of men's, women's and children's clothing, boots, shoes and rubbers has just arrived, the proprietor is determined to sell everything at the lowest prices ever quoted in this country.

It is stated on good authority that the great sale will start Friday at 10 a.m. Those who come early will naturally have the greatest advantage, but the opportunities for all are golden.

Thus one of the city's greatest retail stores will pass—leaving a memory of value and satisfaction never to be forgotten.

HEART SO BAD WAS NOT SAFE TO LEAVE HER ALONE

Miss Eva I. Yatenan, Krugersdorf, Ont., writes: "I feel that I must write and tell you of the great benefit I have received from Milburn's Heart and Nerve Pills. About four years ago I was taken terribly bad with my heart, nerves and fainting spells, and was down in bed for about six months. I doctored with two different doctors and seemed to get better, although the fainting spells would not leave me. I would take such terrible falls, wherever I was, that it was not safe to leave me alone at any time. At last I decided to resort to the advertisement of Milburn's Heart and Nerve Pills I decided to try them, and before I had taken more than two boxes I could see they were helping me. I have taken about ten boxes, and an almost total of those terrible spells. I sincerely feel that your medicine has proved a blessing to me, and I advise any one troubled with their heart to try them, as I am confident they will find relief."

Alkali in Shampoos Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulford's coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

Not A Blemish

Not a blemish mars the perfect appearance of her complexion. Permanent and temporary skin troubles are effectively concealed. Reduces unnatural color and corrects greasy skins. Highly antiseptic, used with beneficial results as a curative agent for 70 years.

Gouraud's Oriental Cream

Absorption Process Makes Faces Young

Success at last has come to scientists who for years have sought some method of removing the outer veil of facial skin in cases of unsightly complexion, which would be both painless and harmless. The new process is so simple, so inexpensive, the wonder is no one had discovered it long ago. It has been amply demonstrated that common mercerized wax (sold by druggists in ounce packages) entirely removes, by gentle absorption, the withered, lifeless surface skin, showing the youthful, rosie skin beneath. The wax is applied at night, like cold cream, and washed off in the morning. The absorption also cleanses, clogs pores, increasing the skin's breathing capacity and preserving tone, color and natural beauty of the new skin.

SHORTAGE OF COAL LARGE

Now Estimated at Fifty Million Tons in United States.

Washington, March 10.—A coal shortage estimated in the neighborhood of 50,000,000 tons resulted in the complete re-establishment of preferential lists by Director-General of Railways Walker D. Hines.

Acting under the powers conferred upon him by the president, under executive orders, Director Hines ordered that all producers and shippers give preference in the shipment of bituminous coal as follows:

1. Railroads.
2. Army and navy, together with other departments of the federal government.
3. State and county departments and institutions.
4. Public utilities.
5. Retail dealers.

After this preferential list, manufacturers engaged in turning out necessities are to be allowed coal.

Because of the severe weather conditions, diversion of coal to New England by water will be continued, it being found impossible to transport sufficient amounts to that section by rail.

The preferential lists, recalled into being by Director Hines' order are the old lists used for the diversion of coal during the war by the United States fuel administration.

ALSO AFTER OIL IN SASKATCHEWAN.

Regina, Sask., March 8.—It is thought possible here that a California syndicate of millionaires who are going after oil in Alberta on such a large scale, have also been filing in Saskatchewan through agents. Already more than 200,000 acres have been leased and this outlay this summer will be in the neighborhood of \$200,000.

INTERESTING SESSION OF CITY COUNCIL

Annual Reports of Commissioners Bullock and Fisher and Road Engineer Presented—The Harbor Bridge and Mill Street Viaduct—Paving Contracts.

The city council at the regular weekly meeting yesterday afternoon did not open the paving tenders, but voted to consider the paving question at a special meeting to be held tomorrow. The Imperial Oil Company, the lowest tenderer, was awarded a contract for asphalt at \$40 a ton, the amount of the purchases to be determined by Commissioner Fisher. J. C. Berrie was awarded the contract to furnish a one-horse street sweeper at \$425, with \$30 added for freight. This machine was made in Canada. No action was taken on tenders for a road roller and scarifier.

The question of adopting daylight saving time came before the council and on Commissioner Thornton's motion that a plebiscite be taken on city election day, the council voted to refer the subject to the committee of the whole. Mayor Hayes, all the commissioners and the common clerk were present at the council meeting. On motion of Mr. Fisher it was voted to arrange a meeting with a committee from the St. John Horticultural association, regarding the Allison play grounds. Letters were read from Sir George Foster, Mr. Hunter, deputy minister of public works, Hon. Mr. Ballantyne, minister of marine, and R. W. Wigmore, M.P., announcing that the public works department was considering the proposed extension of the Negretown Point breakwater.

The council received notification from the St. John Salvage Corps that D. R. McLellan had been nominated for membership and that Arthur Lindsay had resigned.

In discussing a letter from the C. P. R. saying that it was impossible to change the grade crossing near the bridge at the falls, Commissioner Bullock suggested that the C. P. R. might cooperate with the city in putting a bridge across the harbor instead of at the falls. Mr. Fisher was under the impression that both bridges were necessary. The mayor said that he had discussed the harbor bridge with President Hanna of the C. N. R., but he did not commit himself.

A letter from R. W. Wigmore, M.P., advocated that the city pay the hospital expenses of the late Fred Nice. The matter of the responsibility for the clearing of snow from fire hydrants was referred to Commissioners Fisher and Thornton. A bill of \$480 for extra teams

at the fire stations during the storm period was ordered paid.

The question of the adoption of daylight time was referred to the committee of the whole. The council consented to increase the housing loans from \$25,500 to \$4,200. It was decided to hold a special meeting on Thursday to discuss paving contracts. Lease of property on North and South Market wharves at \$1,200 per year to John Jackson were ratified. The commissioner of finance reported payments for February amounted to \$117,515.04.

Mr. Bullock's Report.

"Canadian ports for Canadian traffic" was advocated in the annual report of the commissioner of harbors, ferries and public lands, who said that the practice of freight solicitation should be considered. He was strongly in favor of the harbor bridge. The ocean tonnage for 1919 totalled \$92,208, compared with \$40,898 for 1918; the increase in the number of vessels was seventy-five. Harbor receipts showed a net gain of \$8,819.84. The commissioner again pointed out the necessity of the breakwater extension, and a continuation of the development of the port.

Road Engineer's Report.

The annual report of the road engineer was presented by Mr. Fisher. He said that eight and a half miles of street had been paved. Of thirty-two miles of traffic thoroughfares in the city, about 25 per cent were paved and he recommended that Brussels, St. James, Brit-

street. He recommended the purchase of equipment for street sweeping.

Mr. Fisher also presented his annual report, mentioning that four matters were still undecided, namely, the method of payment for permanent pavement, arrangements between the city and the street railway regarding repairs and snow removal, collection of garbage, and the superannuation of pensions for old and disabled employees.

HAVE LESS "PEP" THAN OUR FATHERS

Present Generation is Over-eating Without Increase in Energy.

Paris, March 10.—The present generation is overeating, without, however, recording an increase in energy and activity. In fact, we have considerably less "pep" than our mothers and fathers had at our age.

Such is the conclusion of the Academy of Medicine, following a detailed study of the subject by Prof. Charles F. Rochet. Since 1882, he shows the individual consumption of potatoes has been tripled, that of meat doubled, and people drink six times as much coffee as they did eighty-eight years ago. "If Uncle Sam wants to get out of debt all he needs to do is to turn his shipyards into ouija-board factories."—New York World.

The Dead-Line of Sedition

"It ought to be a simple matter," an Indiana editor remarks, "to mark and brand the real 'seditionist.' But it is not a simple matter apparently for Congressmen to devise a measure which will satisfy at once those who fear that our institutions will be overthrown by seditious propaganda, and those afraid they will be undermined by interference with civil liberties. In order to help Congress find out what kind of legislation the people really want, if any, we have asked a large number of newspaper editors to set down the provisions they think a sedition act ought to contain.

THE LITERARY DIGEST for March 6th presents these opinions, and taken as a whole, gives a constructive basis upon which to build. While the Dayton News believes that "public meetings where the Government of the United States is attacked and insulted should be stopped everywhere and those who persist in traitorous activities should be jailed, fined or deported, as the case deserves," the Kansas City Star declares that "additional legislation is more dangerous than soap-box oratory or foolish publications." Running between these two extreme viewpoints, the article in THE LITERARY DIGEST reflects a wide field of public opinion.

Other particularly timely news-features in this number of the "Digest" are:

The Protestant Side of the Irish Question As Opposed to the Sinn-Fein, Is Presented to the American Public By the Unionist Ulster Delegation

MUTT AND JEFF—WHAT'S IN A NAME? A GOAT BY ANOTHER NAME WOULD—OH, WELL—

By "BUD" FISHER

MUTT, I DIDN'T LIKE IT WHEN YOU INTRODUCED ME TO THE SENATOR AS 'MISTER' JEFF.

SHOULD I HAVE SAID 'PRIVATE' JEFF, LATE OF THE U.S. ARMY?

NO! I AMN'T SPOOFING, OLD THING. I PREFER TO BE CALLED JUST JEFF!

BUT I WAS QUITE PROPER WHEN I INTRODUCED YOU AS MISTER JEFF!

THAT'S ALL RIGHT, HERE NOW THERE. THE POINT IS, I DON'T WISH TO BE CALLED MISTER JEFF BY ANYBODY!

YES, BUT LISTEN—

DO YOU EVER HEAR JULIUS CAESAR CALLED MISTER CAESAR? DO HISTORIANS REFER TO 'NAP' AS MISTER NAPOLEON? ANSWER ME THAT?

NO, BUT—

WELL, I'M JUST LIKE JULIUS AND 'NAP'. I'M FUSSY ABOUT THAT WORD 'MISTER'.

CONSIDER THESE FACTS

Clothing is High. You know it. We know it—everyone knows it. It will take a long time before prices come down.

And there is only one way to get the best of this condition! That is to insist upon quality.

One good suit costs less than two poor ones. Besides it wears longer, looks better and gives more satisfaction and stronger value. If you buy good, well-tailored clothes from a reliable store you won't have to buy so many clothes. That's economy pure and simple.

Quality and correct style are essentials with us. That's why we endorse the 20th Century Brand and our other good makes. They've stood the test. A pleasure to show them.

Gilmour's, 68 King St.

SHOULD WE MARRY OUR OWN KIND?

"Would you put a Jack Daw and a Bird of Paradise in the same cage? It kind to kind Eileen—and you and I can never change it!" Those were the words Lady Mary Lashby spoke to a friend who had challenged a conventional theory. But little did she know what fate held in store for her. Little did she know that before long she would be fairly eating her own words! See why and how tons of diseased kidneys, that's why she got such prompt relief. Ask your neighbors if Dodd's Kidney Pills do not relieve all kidney ills.

It was always tired and nervous and sometimes I was so bad I thought I could not live much longer. I tried two doctors and they did not do me much good so I tried Dodd's Kidney Pills. "They have done me a lot of good. I can do my housework again and I am getting along fine."

Mrs. Kargus' troubles are all symptoms of diseased kidneys. That's why she got such prompt relief. Ask your neighbors if Dodd's Kidney Pills do not relieve all kidney ills.

SHE'S UP AND AT HER WORK AGAIN

THAT'S WHY MRS. KARGUS RECOMMENDS DODD'S KIDNEY PILLS

Lynedoch Lady States That She Was So Weak She Could Not Get Out of Bed Till She Found Relief in Dodd's Kidney Pills.

Lynedoch, via Wolfe, Ont., March 9—(Special)—"I feel like telling everybody about what Dodd's Kidney Pills did for me." This is the joyful exclamation of Mrs. Frank Kargus, a well known and highly respected resident here. Mrs. Kargus gives splendid reasons why she is so enthusiastic over Dodd's Kidney Pills. "I don't know the cause of my trouble," she says, "but I know it dragged along for over a year. I had a bad pain in my back and I was so weak that I could not get out of bed. My heart troubled me very much and my sleep was broken and unrefreshing.

CANADA'S OIL FOR CANADIANS

We take this opportunity to express our grateful appreciation to the Thousands of Subscribers who have purchased shares in

PEACE RIVER PETROLEUMS LIMITED

Canada's Great New Oil Company

and have thereby shown their confidence in this All-Canadian Oil Company, which has the support of many prominent men in the commercial life of Canada. These include over five hundred subscribers from Alberta and Peace River town, where the company and its oil lands are best known.

The Drills Will Soon Be Pounding

DOWN TO THE BIG OIL POOLS on the Company's lands at Peace River.

Three cars of Canadian-made Oil Drilling Machinery have already been shipped to the Company at Peace River. Two wells are already down to 1,100 feet into the first oil sands.

Four cars of Oil Casing are being manufactured at Welland, Canada, by Canadian workmen for Peace River Petroleum, Limited.

Three Canadian-made Locomotive Type Boilers have been purchased for Peace River Petroleum, Limited. \$10,000 worth of Canadian-made drilling tools, the "best in the world," are being made at Petrolia, Canada, for Peace River Petroleum, Limited.

One carload of Canadian-made Lathes, Drills, Steam-Hammers, Forges, etc., are being shipped from Toronto to Peace River Petroleum, Limited.

The timber to construct more derricks for the Company's wells at Peace River is already on the ground. Canada must have Oil—Canada produces less than 300,000 barrels annually. Canada imports Ten Million Barrels of Oil. Canada could use Thirty Million Barrels of Oil annually, if available.

We have the best Oil Lands in Peace River, and we have the money for development.

This Company means business. IT IS OIL they are going after. IT IS OIL they are going to get for Canadian Industries, Farm Tractors, and Power Plants, everywhere.

With capable and efficient Business Men directing the Company's affairs, it is assured.

PEACE RIVER PETROLEUMS, LIMITED

IS DESTINED TO BECOME CANADA'S GREATEST OIL PRODUCING COMPANY.

Don't wait until the price goes higher. Buy NOW at 50 cents a share.

Don't delay. This is your chance to get in on the best Canadian proposition ever offered to the investing public.

MARINE NOTES.
The steamer Eskasoni, which sailed Monday morning for Norfolk (Va.), returned to port yesterday, having encountered some slight trouble with her machinery. She anchored in the stream and took on coal. She was expected to sail again last evening.
The Scandinavian, C. P. O. S., will sail for Liverpool on Friday afternoon and the Pretorian for Glasgow on Thursday.

CLASH BETWEEN
MESSRS. MURPHY
AND ROWELL
Ottawa, March 9-The long expected clash between Hon. Charles Murphy and Hon. Mr. Rowell came in the house this evening and was followed with keen interest by the members and crowded galleries. The debate was largely personal and some biting remarks were exchanged. Ernest Lapointe, Quebec East, who followed, struck a popular note when he said he "would try to confine his remarks to the issue before the house."
Other speakers included Hon. M. Burrell and R. H. Halbert, of North Ontario, a farmer member, who denied that the farmers sought a class government.

FATHER AND SON AT TABLE IN HAMPTON

Pleasant Get-Together With Dinner and Speeches— "Father, Pop, Papa and Dad" Defined.

(Special to Times.)
Hampton, N. B., March 10—The father and son spirit prevailed last night in Hampton when a large gathering of fathers and sons assembled in the Methodist hall to partake of a repast as a means of celebrating the Father and Son Week. There were about forty-five present, the banquet was served by the mothers and daughters. L. A. Buckley, maritime secretary of the boys work of St. John, led the gathering in a sing-song. The room was decorated and the tables were nicely adorned. At each plate were cards bearing the title of the event and appropriately decorated with pictures representing a boy telling his father of a most important incident.
The chairman of the evening, J. E. Angevine, explained the object of the meeting and spoke of the Canadian Standard Efficiency Test organization of Tuxis Boys in Hampton and the interest of the boys are taking in the work. He said one of the most essential points was the question of leadership, and the organization of Sunday school classes in the various churches with a leader for each class was the solution of this problem. These leaders could give the boys one night a month at which a short address could be given and in that way keep up the interest in the work.
The toast to the King was followed by the National Anthem. The toast to Our Dads was proposed by Sydney Chipman. He said if a father was rich he was called "Daddy," if he was poor he was called "Pop," if he was a good father he was called "Papa," if he was a bad father he was called "Dad."
A. H. Chipman responded and spoke of the great work being accomplished in the boys' conferences throughout the country.
The toast to the Soldier Boy was given by Kenneth Rogers, and the toast to Our Sons was then proposed by E. N. Sackford.
John Angevine responded to this toast and urged that Sunday school classes be organized as soon as possible. Rev. W. H. Johnson proposed "Our Boys," and the toast to the boys was then proposed by L. A. Buckley in an eloquent address spoke of the boys' view point and how they appreciated their fathers more than ever when they saw the interest shown in the boys work. He explained the national indoor athletic meets which are now being arranged. The points were being so proven that the boys in the maritime provinces could compare their strength with that of their brothers in Vancouver, the Tuxis Square, as it is termed, is composed of four sides, spiritual, intellectual, social and physical development. The boys are taught to swim, camp and learn all that pertains to life in God's great outdoors. He said the Tuxis organization is the best of the best, and urged better citizenship.
A. M. Gregg also connected with the boys' work in the maritime provinces, spoke of the boys from a financial standpoint, saying that if estimated according to their value and producing power, they would be worth more than three times as much as our railways, twice as much as our farms, and almost as much as our money investments. He advocated the municipal authorities to take immediate steps to obtain from the provincial government, within the shortest possible time, \$200,000 for the construction of sanitary houses.
WILL NOT PAY THE TEACHERS' LAWYER'S BILL.
Montreal, March 10—Eugene Gobeil, president of the Teachers' Welfare Association, appeared yesterday before the Montreal Catholic School Commission with a request that the lawyers' bill of \$500 for legal advice when the association went to Quebec to combat the attitude of the commission, should be paid by the commission. Judge Lafontaine, chairman, replied that there was a limit to the money to which public money could be put and the request was refused.
Harry Mason won the checker tournament in the Y. M. C. A. juniors' class last evening.

LEBLANC HAD TO QUIT HIS WORK

Never Thought He Would Regain Health But Tanlac Put Him Back on Job.

Almost everybody in Moncton (N. B.), knows Evariste J. D. LeBlanc, of 207 Robinson street, who is bookkeeper at his brother's, fashionable tailoring establishment on Main street. He is one of the oldest and most highly respected residents of Moncton.
"I was ill for about two years—so ill indeed that I had to give up work for a whole year, and never thought I would ever start again," said Mr. LeBlanc to the Tainic representative who had heard of his remarkable recovery and called to see him at his place of business. "I suffered from shocking stomach trouble. I can never tell you all that I went through and suffered. If ever I ate anything like a decent meal, I was seized with pains in the abdomen. For hours afterwards I would be greatly distressed, and also have peculiar dizzy feelings. I had but a very feeble appetite and came at last to hate the sight or smell of food. I got very weak and thin and must have lost a lot of weight. I might also mention that I suffered quite a lot from rheumatic pains in my legs and knee joints. As all my friends knew I was in a deplorable condition and really despaired of ever getting my health back again.
"I had read in the papers of so many people who had got relief from stomach trouble similar to my own by taking Tanlac, that I went along to my friend, George Spencer, and bought a bottle. It certainly did wonders for me. My rheumatism entirely disappeared and I haven't had pains in my legs or knee-joints since. But what surprised me then more was the way it settled my stomach trouble. I began to assimilate my food perfectly, and could eat quite a hearty meal without any distressing after-effects. My appetite rapidly increased and I quickly got stronger. I have actually gained fifteen pounds in weight and am now back at my business again. My friends all say to me, "Why Evariste, how well you look; you are getting quite fat!" and I must say that I am feeling better today than I have done for years. Tanlac has been a real boon to me and I take great pleasure in giving you this endorsement."
Tanlac is sold in St. John by Ross Drug Co., and by the leading druggist in every town.

CADET COMPETITIONS.

In a competition among the senior cadet corps of the city and Rothesay of the armories yesterday, the second team from Rothesay and the St. Andrew's church team tied for first place. Those competing for honors were two teams from Rothesay, two from St. John High School, and one from St. Stephen's and the G. O. C. Brig. Gen. Macdonnell, Lieut. Col. Spaulding and Lieut. Col. Powell. A large gathering of spectators, including teachers and parents of the boys witnessed the competition which was highly interesting. The boys were complimented by General Macdonnell upon their excellent showing. The junior boys will compete on Thursday.

A Paramount Artcraft Picture
Founded on J. M. Barrie's famous play, "The Admirable Crichton." Adapted for the screen by Jennie Macpherson. A picture that seizes the creators of a misfit "civilization," trips them of their false fronts and handicaps, flings them down in a land where nature rules, and says: "Try again, boys, again." Come and see what happens!

SPORT NEWS OF A DAY; HOME AND ABROAD

BOWLING.
Last Night's Results.
Wellington League—Trotter Club, 2 points; Corona Company, two points. Sugar Refinery League—Office Staff, 4 points; Mechanical Dept., 0.
Y. M. C. I. League—Swans, 3 points; Falcons, 1 point.
City League—Sweeps, 2 points; Nationals, 2 points. A feature of this game was the sensational bowling of McEwen of the Sweeps, who has a total of 833, which is a new league record for the season.
Commercial League—Ames Holden, 3 points; Sugar Refinery, 1 point.

ATHLETIC.
Canadian Athletes.
Toronto Globe: There should not be a moment's hesitation on the part of any Canadian government in putting up its reasonable share of the expense of sending Canadian amateur athletes to the Olympic games at Antwerp this year. Canada's youth has earned on the field of battle the right of representation in the world's greatest sporting event.

High School Boys.
The following are the results of the High school boys' athletic contests in the Y. M. C. A. last evening: Twelve pound put: 1st, R. Ryder, 28 feet; 2nd, Donald Robertson, 27 ft. 6 in.; 3rd, R. Patterson, 26 ft. 8 in.

THE RING.
Decision for Greb.
Akron, Ohio, March 10.—Harry Greb of Pittsburg was given the newspaper decision over Clay Turner of New York in a twelve-round bout here last night. The men are light heavyweights.

For 15-Round Bout.
Albany, N. Y., March 10.—The senate judiciary committee yesterday reported favorably a bill of minority leader James J. Walker of the senate designed to legalize fifteen-round boxing bouts. The vote was 9 to 3.

Try a Comeback?
Halifax Echo: There are rumors that Roddie McDonald will make a try for a comeback in the near future against Eugene Brossseau. There is nothing that would please the fans better than to see Roddie go in against the man from Montreal in his best possible condition. The followers of boxing still have faith in the Clive Bay man, and, like followers the world over, do not think that one defeat spells a finale.

BASEBALL.
Springfield Franchise Sold.
The Springfield Club, of the Eastern League, has changed ownership, the franchise being purchased yesterday by Arthur J. Shean. Albany and Pittsburg interests are after the Providence franchise.

The Giants for His Son.
Havana, March 10.—When Charles A. Stoneham purchased the New York National League baseball team it was done primarily for the purpose of handing down the club as a legacy to his son. Mr. Stoneham said this last night to set at rest rumors which he said were current in the United States and Cuba that the Giants were for sale. "I would not part with the Giants for several million dollars," he said, "adding that he hoped New York would be given a championship team this year or in the near future."

Joe O'Neil Dead.
Chicago, March 10.—Joe O'Neil, traveling secretary of the Chicago White Sox, died at his home here yesterday of pneumonia. O'Neil was thirty-one years of age and had been with the Chicago club for nine years.

Yankee Colts Frisky.
Jacksonville, Fla., March 10.—Yankee Colts yesterday defeated the regulars, 3 to 1, scoring all their runs off the underhand delivery of Carl Mays. Incidentally, three of the youngsters were the star performers—Ward at third base, Meusel at first and Gleich at right field. Ruth was thrown in the shade for once.

At the Dodgers' training camp the veterans were also defeated by the youngsters 3 to 2. Meis, who was with Saskatoon last season, knocked out a double in the third off Sherrod Smith. His single in the first was responsible for the first score against the regulars.

Giants' Squad Complete.
San Antonio, Texas, March 10.—With the arrival of the sad faced Cuban Miguel Gonzalez, yesterday, the Giants' squad is now complete. Yesterday Kelly, a young pitcher from California, knocked the first home run of the season. Kelly has never played professional ball before, but it seems certain that if McGraw sends him to the minors it will be with a string attached. Others who went in for home runs yesterday were Jimmy Conroy, a young infielder from the Providence club, and Frank Frisch.

GOLF.
British Visitors.
London, March 10.—Several prominent British professional golfers will leave in June for an extended exhibition and competitive tour of the United States.

NO STRIKE TILL ALL MEANS OF SETTLEMENT HAVE BEEN TRIED
Paris, March 10.—(Havas).—The government presented in the Chamber of Deputies yesterday a proposal for the amicable settlement of all labor disputes. The government, while admitting the right of workers to strike, demands that all means for a settlement of disputes be exhausted before cessation of work.

The proposal establishes compulsory arbitration in industries whose stoppage would interfere with the economic life of the country.

AGAINST PETITION OF THE TORONTO POLICE
Toronto, March 10.—The police commissioners of this city, yesterday expressed disapproval of a proposed petition by the local police force to the government for permission to form police associations throughout the province and for permission to form an association with power to erect a club house in Toronto at a cost not exceeding \$100,000 on land already acquired.

U. S. Senate and The League.
Washington, March 10.—The reservation on equity of voting power in the League of Nations was re-submitted by the Senate yesterday, 37 to 20 after it had been modified on motion of the republican leaders.

The action left only the Article 10 reservation to be disposed of, but on motion of Senator Lodge adjournment was taken without starting debate on that subject.

LOCAL NEWS

MAY CLOSE DUMP
The city public works department is considering the advisability of closing the dump in Queen square, West St. John, which was opened some time ago for the deposit of ashes in order to assist in the filling of some of the marsh portions. It is said that it has been found that swill and other dangerous refuse was being dumped there and there was a possibility of contamination.

SNOWDEN-STEPHENS
A wedding of interest took place last evening at the home of the bride's aunt, Mrs. Alfred Byers, 58 Albert street, the joint auspices of Mr. and Mrs. Andrew Stephens and Miss Lillian Stephens, eldest daughter of Mr. and Mrs. Andrew Stephens of Freeman W. Snowden of this city by Rev. J. H. Jenner. The bride was Miss Lillian Snowden, uniting in marriage to Freeman W. Snowden of this city by Rev. J. H. Jenner. The bride was dressed in a white voile with pearl trimmings. They were attended by Mr. and Mrs. J. Gerow and little Miss Willa Knox, cousin of the bride, acted as flower girl. After a delightful wedding supper the guests enjoyed the dancing and games. Many friends in the city will wish Mr. and Mrs. Snowden much happiness. They will reside in the North End.

BIG RECEPTION FOR DR. VINCENT
The coming of Dr. Vincent of the Rockefeller Foundation to St. John under the joint auspices of the two Canadian Clubs, to deliver an address in the Imperial next week, is to be a most exceptional interest and importance. The presidents of provincial universities will be special guests and other distinguished error Pugley or Sir Douglas Haesen will preside. The Municipal Chapter of the Daughters of the Empire, the St. John Medical Society and other organizations are keenly interested. A visit by Dr. Vincent to any other than a university town is very exceptional, but he has consented to come to St. John entirely without charge. He is now in Ontario in connection with the distribution of the \$6,000,000 granted to Canada by the Rockefeller Foundation.

A meeting of the executive of the Women's Canadian Club, with a committee from the men's Canadian Club was held this morning at the residence of Mrs. L. P. D. Tilley, Duke street, with Mrs. L. P. D. Tilley in the chair. Mrs. Tilley explained how it was that Dr. Vincent was induced to visit this city, and the gentlemen representing the men's club heartily approved of arrangements already made by the women's club. The general public as well as members of the two clubs will have an opportunity to hear the very distinguished visitor from New York, whose address is said to be one of fascinating interest.

Pleasant Evening at Old Ladies' Home
On Tuesday evening, some thirty young women of the young ladies' class of the Victoria street Baptist Sunday school visited the Old Ladies' Home in Broad street and gave the women of the place a good time. The matron very kindly turned the building over to the class, and for some two hours they made the old walls ring with mirth and song. Those to whom the class are indebted are Messrs. Lingley, French, Bartlett, Flewelling and Mrs. G. D. Hudson, together with two very young misses—Verna Roberts and Alice Roberts Goodwin. After the programme a most delightful lunch was served by members of the class, namely Jennie Starkey, Leslie Bartlett, Beulah Totten, Hilda Welch, Fay Johnson, Beulah Watts and Mrs. Powe. This class is one of the most active branches of the Sunday school and is doing much efficient work under the leadership of the president, Miss Beulah Watts. The teacher, Mrs. Edmund Flewelling, has been away several weeks, because of sickness, but the class did not let the top just the same. The first Sunday of each month being missionary Sunday in the Sunday school, last Sunday this class with twenty-five young women present, gave a collection of exactly \$5, and for the first Sunday in April they are trying to have a collection of \$10.

PARTICIPATE IN MONCTON ROTARY CLUB OPENING

St. John Members Home Today After Enjoyable Trip—New Club Starts With Twenty-Five Members—Those Present.

Thirty-seven lusty Rotarians from St. John journeyed to Moncton yesterday and there assisted G. S. Inman, of Charlottetown, the district governor, to institute a branch of the club. The local men went well prepared to demonstrate to their friends in the railway centre what Rotarianism carries with it, and to judge by the success of the installation and the pleasure derived by all who took part, the affair was a great success. Dr. H. L. Spangler's choir and jazz band were the features. The Rotarian songs took immediately with the members, the Moncton club caught right on and the Rotarian spirit is now strong in Moncton.

The delegation from St. John journeyed to Moncton in a private sleeper, which guaranteed for them nights of lodging last night and obviated necessity of rising at an early hour or sitting up all night to catch a train. They were met at Moncton by delegations from Halifax and Charlottetown, the latter arriving rather late, but in time to participate in the opening of the club. The Moncton branch started off with a membership of twenty-five and selected the following officers: President, J. A. Marven; vice-president, Dr. A. R. Landry, and secretary, James Norton.

START WORK SOON AT NEW BRIDGE

H. C. Groat, general superintendent of the C. P. R. New Brunswick district, said this morning that he expects work on the new bridge over the reversing falls to be started in a very few weeks. Asked if contracts had been let, he said he had received any official confirmation regarding them and therefore was not in a position to say. He said the location of the bridge piers to support the span had not as yet been definitely established as some preliminary borings, etc., would have to be made to determine the character of the foundations. He said that the western approach would be of solid reinforced concrete and not of steel like the approach to the present bridge. The new bridge is expected to be ready for traffic for the fall of 1921.

LOCAL C. P. R. MEN TO THE DINNER

Going to Annual Banquet to Be Given by Company in Toronto.

The fourth annual banquet of the officials and employees of the C. P. R. will be held in Toronto on next Saturday evening. The New Brunswick representatives will be represented by H. C. Groat, general superintendent of this district; W. J. Pickenell, master mechanic; Superintendent J. R. Gilliland of Woodstock; W. Garland, assistant superintendent of Woodville; A. O. Waite, resident engineer, of Brownville, and F. N. Currie, bridge and building master, of Woodstock. The New Brunswick representatives will leave for Montreal tomorrow evening and will join the eastern party in Montreal, leaving there for Toronto on Friday evening on a special train. The western officials will arrive in Toronto on Saturday. Sir George MacLaren Brown of England, who arrived here on the S.S. Empress of France, will be present at the banquet.

While We Shivered England Sweetened

The warmest February day since 1843 was registered in London and Greenwich, England, last month, according to a copy of an English newspaper received from the old country by Frank Wade yesterday. On that date on which the paper was published the thermometer registered sixty degrees above the cipher in the shade. The last high record was in February, 1843, when the maximum reached was fifty-seven degrees above.
