## Advance Continues; British Also Gain

### Franco-American Drive on Greater Part of Front Between Aisne and Marne Progresses—Haig's Troops Push Ahead Near Hebuterne

Paris, July 20.—French and American troops are continuing their advance between the Aisne and the Marne, according to an official statement issued by the war office today. South of the Marne the French have thrown back the enemy between Fossy and Oudilly and have retaken ground towards the Marne.

London, July 20.—British troops in night advanced their line on a mile front south of the town of Hebuterne. A successful raid was carried out by the British near Beaumont-Hamel.

### GERMAN RESERVES CALLED ON

Paris, July 20.—The Germans have been forced to bring up 100,000 reserves to the army of the German Crown Prince as a result of yesterday's fighting and the French and Americans, after fluctuations, have been enabled strongly to fortify the newly gained positions southwest of Soissons, says Marcel Marin in the Echo de Paris.

### LOSS OF METEORIN SEVERE FOR HUNS

With the British Army in France will not be pleased with the news that the British captured a valuable piece of ground—Meteorin—yesterday. It is but a trifle compared with the big events on the French front, but in war trifles count and Prince Rupprecht at once sent out a message to the effect that the loss of Meteorin was a serious blow to the German offensive.

### BRITISH HAVE NEW AIRPLANE THAT WILL WORRY HUNS

Speedy as a Rocket and a Great Climber—Can Carry Much Equipment

London, July 20.—The newspapers today give prominence to a report of a new type of British airplane which, having been tested at the front with the greatest success, is about to be employed there in large numbers.

### NINE BRITISH AIRPLANES MISSING AFTER THE OPERATIONS THURSDAY

London, July 20.—The official statement dealing with aerial operations, issued last night, says: "On the night of the 17th, in spite of very changeable weather, a good deal of work was accomplished by our airplanes, both in reconnaissance, photography and bombing. Much of the bombing was done from a low height, the targets being the railway stations and the communications lines at Bruge and Oudilly."

### BRITISH DRIVE OFF RAIDER WHO CROSSED KENTISH COAST TODAY

London, July 20.—A German airplane crossed the Kentish coast this morning and was driven back by the fire of anti-aircraft guns.

### THE PROGRAMME OF THE CZECHO-SLOVAKS

Vladivostok, via Shanghai, Thursday, July 18.—The immediate aim of the Czechs-Slovaks is the occupation of Khabarovsk, seat of the general government of the Amur, in order to secure their right flank, after which they will proceed along the Chinese eastern railway until a junction is effected with the Czechs-Slovaks from Irkutsk.

### INSPECTED ST MALACH'S HALL

Additional accommodations is required for the military hospitals of the city and as St. Malach's building has been vacated the premises were inspected but were found unsuitable for hospital purposes.

### BRITISH BOMBERS AGAIN INVADE GERMANY

London, July 20.—British bombing squadrons again have invaded Germany and have gone beyond the Rhine. An announcement from the air ministry says that bombs were dropped on the Benz works at Mannheim, on the railway station at Heidelberg, on blast furnaces in the Saar district and on a powder factory at Oberndorf, the latter having been bombed yesterday. A fire resulted at the Benz works. Railway trains also were attacked.

## Next Year's Tax Bills Under The New Act

### Really Assessors Are Working Under It Now

### BETTER SHARING OF BURDEN

### Assessment of Real Estate an Interesting Feature—The Effect on Some Incomes—Flash of Humor in Connection with Dry Subject

Now that the tax bills for 1918 have been distributed and the citizens have learned the worst that may befall them this year, they are beginning to look forward to the bills for 1919 with speculations regarding the effect which the new assessment act will have on the individual contributions towards the upkeep of the city. The new act, which was passed at the session of the legislature, will go into effect at the end of this year and the next assessment will be made according to its terms. For all practical purposes it is already in effect, as all the work of the board of assessors will be affected by the new provisions and they are acting accordingly. Preparations are being made to assess the real estate, farms and books are being prepared according to changes which have been adopted and the work for the coming year is being laid out to comply with the new conditions.

### Enemy Still Has Power to Concentrate on That Which Will Tax Allied Defence to the Utmost and Anxious Time is Not Extended

### POWERFUL RESERVES

London, July 20.—What the Germans are doing to do on the battle front from Rheims to the Marne to the Aisne is the question which occupies most of the military and editorial commentators in the morning newspapers.

### Enemy Still Has Power to Concentrate on That Which Will Tax Allied Defence to the Utmost and Anxious Time is Not Extended

While it is concluded that General Foch's brilliant counter-stroke has deprived the Germans of the initiative in the Rheims sector and caused them serious damage, it is not universally assumed that the positions in that area can be stabilized without further severe fighting. Warning is given to remember that the British surprise advanced at Cambrai was afterwards countered by the Germans.

### THE MAN IN THE STREET

Two fine days in succession! St. John has had the sun.

Local paper quotes a citizen as saying that for twenty-two mornings in succession, St. John had no sunshine before mid-day. Presumably the other mornings had their sunshine after mid-day. Any other application, you might say.

Henry Ford is said to be running for the U. S. senate. Why "running"? Why doesn't he take a fiver?

The Germans are now advancing rapidly—towards—

Fun submarine pirates are off the Atlantic coast again, probably attracted by the small of real flour wafted from these shores.

According to the mayor's coal figures we can be one hundred per cent. warm for seventy per cent. of the winter or seventy per cent. warm for one hundred per cent. of the cold season. True your clothes, or lack of them, will not help.

We never realized how poverty stricken most of us are, until we read the figures showing that no man with a family who earns less than \$1,200 a year can afford a five cent cigar or a plug of tobacco without depriving his children of bread or his wife of one of her woolen petticoats.

Wonder if the German paper cloth is being used for 0.2 1/2 suits also. Or on the Germans' halts?

Interest among the war gardeners is equally divided between the allied drive and the potato bug menace.

Local police court proceedings indicate that all the fighting is not being done on the western front.

STRIKE NEXT MONDAY SAY TORONTO POSTMEN

Toronto, July 20.—Postmen of Toronto have affirmed their decision of a week ago not to report to work on next Monday morning. This was the almost unanimous decision of 500 Toronto postal employees at a meeting held here last night.

CUBAN SECRETARY OF WAR ON VISIT TO UNITED STATES

A Cuban Post, July 20.—Brigadier-General Jos Marti, Cuban Secretary of War, has left for the United States.

## Over Ground Covered With The German Dead

### COBB CLIMBS TOWARDS 400

### Sensational Batting by American League Champion

Chicago, July 20.—Such a pace has been set with the willow by Tyrus Cobb, American League batting champion, that at the present rate his batting average will touch the 400 mark before the season ends. This week he is hitting .861. Since he started his season he has hit 381 out of 441 times.

### His Average Now 387—Grob Fattens His Figures in The National and Now Stands at 366

Chicago, July 20.—Such a pace has been set with the willow by Tyrus Cobb, American League batting champion, that at the present rate his batting average will touch the 400 mark before the season ends. This week he is hitting .861. Since he started his season he has hit 381 out of 441 times.

### Another Drive Made To Save on Sugar

The Food Controller's net is tightening. Not that he is imposing any hardships upon the people, but his regulations are applying to a larger field of household and commercial life, so that restrictions may be equitably distributed and thus cause no special inconvenience to anybody.

### Soft Drink Makers and Others Cut Down to 75 Per Cent of Last Year—Potatoes Made Substitute in Flour Purchase

On last Monday a new regulation went into force, the apples particularly to all brewers of beverages—ginger, root and hop beers, soft drinks of all description including Canada's "harder" known legal liquor two percent. Even the soda fountain came under this new law, as well as syrup manufacturers, fruit juice bottlers and all such.

### PUT TO DEATH FOR PLOT TO KILL AMBASSADOR

Amsterdam, July 20.—The Cologne Gazette says that thirteen revolutionaries implicated in a plot which culminated in the assassination of Count von Mirbach, German ambassador to Russia, have been executed. Many other acts are under arrest.

### Trouble in Police Court

### Magistrate Returns Sheet to Chief of Signature—It Twice Comes Back Unsigned

Washington, July 20.—A large cargo of relief supplies, principally foodstuffs, clothing and medicine, is to be dispatched to Russia by the American Red Cross "at the earliest possible moment."

### AMERICAN RED CROSS IS SENDING RELIEF SUPPLIES TO RUSSIA

Washington, July 20.—A large cargo of relief supplies, principally foodstuffs, clothing and medicine, is to be dispatched to Russia by the American Red Cross "at the earliest possible moment."

### FEW ON BOARD WHEN CARPATHIA WAS HIT

London, July 20.—The Carpathia was sunk off the Irish coast as she was bound out. Very few persons were on board her. The Central News says that those who were saved after she was sunk will be landed this morning.

### KILL 94 OF OWN MEN IN BOMBING HOSPITAL

Paris, July 20.—(Havas Agency)—Ninety-four Germans were killed and seventy-four Germans were wounded on the night of July 15-16 when five German aviators bombed a prisoners' camp in the region of Troyes, thirty miles behind the French battlefront. The aerial bombardment lasted for one hour.

### TO BE BROUGHT HOME FOR BURIAL

The bodies of Miss Edna Fyne and Miss Alice Humphrey, two St. John girls who were drowned in the Ottawa river recently, are expected to be brought to the city on Monday. Funeral arrangements have not yet been made.

### All Safely Ashore

London, July 20.—The survivors and crew of the British transport Baronesa, sunk by a submarine, have landed at a Channel port. All are in high spirits. There were no casualties.

### ST. JOHN SOLDIER'S DEATH

Toronto, July 20.—The strike of the teamsters of the Dominion Transport Company has been settled.

## The Allied Push Friday a Mile and a Quarter

### STORY OF THE ADVANCE

### Graphic Picture of War Scene in Which American Troops Participated—Drive Ahead Against Strong Machine Gun Fire

With the American Army between the Aisne and the Marne, Friday, July 19—(Night by the Associated Press)—American troops participating in the Allied advance of about a mile and a quarter on the Soissons-Chateau Thierry front late today, went forward against strong machine gun fire over ground covered with German dead.

From the American camp of Dommerles, about six kilometers southwest of Soissons, the correspondent on Friday saw the Americans going into action in the forward movement. The advance was well organized and the system worked well from one end of the line to the other. A barrage fire from 75's and 60's infantry and machine guns advanced through rippling grain fields, trampled by the retreating Germans on Thursday and reached their objective according to schedule, despite the fire of German machine guns.

The bombardment of the bigger guns was feeble at this point. The Americans started from a point just west of the Paris-Soissons road near the shell-strewn village of Missy-Aux-Bois, advancing nearly a kilometer before the Germans began to reply with big guns to the Allied barrage.

Missy-Aux-Bois lies in a valley and the Americans were advancing up grade toward the east. A few tanks were here and there preceding the infantrymen. As the Americans progressed the enemy barrage fire increased.

The hillside east of Dommerles, over which the Americans advanced, was dotted with dead. The entire region was well within the German lines until after the French attack on Thursday. They were machine gunners who had been caught by the terrific fire of the Allied artillery. In many places the German dead were in piles, while a trench crest of a hill contained more than 100 dead.

After intense barrage fire along the entire front from Soissons to Chateau Thierry, the Allied advance this evening opened exactly at 6:30 o'clock. As far as the eye could reach could be seen Allied observation balloons, while the sky was specked with Allied airplanes darting in various directions, many returning from over the German lines to make a quick report on observations and the result of the fire of the big guns. From the hillside the smoke and dust thrown up by the Allied shells could be seen away beyond the advancing Americans.

(Continued on page 2, fifth column.)

GOOD THINGS COMING TO THEATRES OF ST. JOHN

BIG TIME AT GEM

This afternoon and tonight at the Gem are to be big. Two fine pictures "The Eagle's Eye," showing the German attempt to corrupt organized labor, and "The Teeth," a great five-reeler with June Elridge starred. At 2:30, 7:15 and 8:45. Only five and ten cents.

CARDINALS CALL FOR DAILY WAR PRAYERS

For Guidance of Rulers, Success of Arms, Unity of Nations, and Welfare of Heroes

An appeal to the American people by Cardinals Gibbons, Parley and O'Connell, to pray three times daily "for the guidance of our rulers, the success of our arms, the unity of the nations, and the welfare of heroes," was made public in New York this week. The appeal was entitled "Light and Pray," and read: "If we fight like heroes and pray like saints, soon will America overcome her enemies by greater force and conquer just of power by the nobler power of sacrifice and faith. Anointed by this undaunted spirit, let the whole nation turn to God in prayer while our army courageously confronts the foe in the battle. While we utilize every possible source of material power let us fortify it all by the greatest of all spiritual power—prayer. Let us, moreover, each day, until the peace for which we fight crowns our efforts, say daily three times morning, noon, and in the evening, the Angelus, for the guidance of our rulers, the success of our arms, the unity of the nations, and the welfare of heroes. And may Almighty and Eternal God bestow upon the prayers of a united nation great speedily that peace which surpasseth understanding."

"From the moment when our country made its momentous decision to enter this tremendous conflict the whole Catholic population of America has enthusiastically and wholeheartedly accepted its full share of war and sacrifice, and has unstintingly put forth all its resources to stand with all other Americans in the defense of our sacred principles of right and national duty. The Catholics of America have not only supported the nation's service on land and sea, in the trenches and in the work, and until this fierce conflict has finished and the cause for which we fight has triumphed their efforts will increase. Our president has clearly stated the high principles upon which we fight, and these are as universal as they are unselfish. We battle for the welfare of men of every nation, asking no special indemnities for our sacrifices other than those which all free men always seek."

Standard Clothing Coming in England

Government New-Making Masculine Clothes for Women in England

Standard clothing for men and women is the next step in economy in England. Special clothes made by government factories are now on the market, a nursing sister who recently returned from England says: "The women are taking to these garments better than the men, however. Although the garments are largely of the same pattern, nevertheless the people are patriotically adopting them. A good pair of these new costs twenty-five shillings, they are of a much better quality and give better satisfaction for the money than those made by private concerns. It is the same way with the clothing. Though not made elaborately they are simple and of good material, made in a masculine style, and are of men's cloth. 'It doesn't make much difference to the women anyway,' said this nursing sister, 'as they are mostly wearing trousers and coats to work in and have been for some time.'"

AN INCENTIVE TO WORK. In the four districts of the city will get properly organized for base ball, with the boys leagues in the east, west, south and north end, Grant & Horse will put up a fine trophy to be competed for annually. This should encourage the different sections of the city to get busy, form an organization such as those proposed in the south and west ends, form up their leagues with more interest and spirit as to the ages of the boys, and put on at least a short league series this season. Now is the time to do it.

The Federal Reserve Bank of New York has purchased a \$5,000,000 site on Nassau street for an after-war home.

Simple sweets are essential to the proper growth of a child.

Notice of Births, Marriages and Deaths, 50c.

DEATHS

SMITH—Suddenly, in this city, on 20th Inst., Lillie Smith, aged twenty-two years, leaving her father, two sisters, three brothers to mourn.

HANLON—At Ready street, on the 19th Inst., John Hanlon, leaving his wife, three sons, three daughters, one brother and one sister to mourn.

ROBINSON—At his residence, 150 Wright street, on the 19th Inst., John B. Robinson, leaving one son and one sister to mourn.

FUNERAL—Sunday afternoon at 3 o'clock from his late residence. Friends invited to attend.

IN MEMORIAM

STONE—In loving memory of Corporal Thomas J. Stone, of West St. John, who gave his life "over there" for the great cause on July 20, 1917.

FORMER DIRECTOR OF PARIS PREFECTURE OF POLICE INDICTED

Charge is Having Commerce With Enemy—Malvy Creates Sensation at His Trial

Paris, July 20.—(Havas Agency)—An indictment has been found against M. Manoury, former director of the prefecture of police charging him with having commerce with the enemy.

Paris, July 20.—The cross-examination of M. Malvy, former minister of the interior, who is on trial before the senate sitting as a high court of justice, on a charge of treason, was continued yesterday.

M. Malvy defended himself as having always acted in accord with each ministry of war since the April, 1917, offensive, but that it was lowered sharply after owing to the result of the offensive and disappointed hopes.

M. Malvy said the morale of the army was excellent before the April, 1917, offensive, but that it was lowered sharply after owing to the result of the offensive and disappointed hopes.

SUDDEN DEATH OF NURSE

Miss Lily A. Smith, a graduate nurse, died suddenly this morning at her home in Durham street.

Grandmother Gave It To Mother, Mother To Me, I To My Baby

Read what Mrs. Wm. Gray, Jaquet River, N.B., has to say about Dr. Fowler's Extract of Wild Strawberry.

"There is no medicine I know of that can come up with Dr. Fowler's Extract of Wild Strawberry. It has been in our house for forty years. My grandmother gave it to my mother, she to me, and I to my baby. For summer complaint it has no equal. I never make a chance of telling my neighbors about it. The country in the summer without a bottle of it. It has saved us many a doctor bill."

For the past 72 years Dr. Fowler's Extract of Wild Strawberry has been recognized by both the people and the medical profession as the greatest remedy known for all cases of diarrhoea, dysentery, cramps, colic, pains in the stomach, cholera morbus, seasickness and all bowel complaints.

There are so many spurious "strawberry" preparations on the market today that it would be well for you to see that the name "Dr. Fowler's" is on every bottle you buy.

Our guarantee, that it will do what we claim for it, stands behind every bottle. Be they of any kind, what is their record, where the guarantee? Put up only by The T. Millburn Co., Limited, Toronto, Ont. Price, 35c.

VERY SUPERIOR IS THE NEW PROGRAMME AT OPERA HOUSE

Entertainment That Has Not Been Exceeded in Weeks—Wealth of Comedy, Good Music, Astounding Acrobatic Feats

With every act received, some of the performers five and six times, the house ringing with laughter and applause in recognition of the good work of the entertainers, the Opera House's new programme, introduced last evening, has probably not been surpassed in many weeks.

It is rich in variety as well as merit. There is comedy gallop, good music in a feature and there are excellent acrobatic novelty acts, as well as a very attractive chapter of the gripping serial "The Lion's Claw," with the heroine and Buck going through alarming adventures and leading to a startling climax.

The vaudeville part of the programme was opened by the Kimura Jap-bug, a little man and dainty girl. The man gives a clever performance of foot juggling and water skater whirling and the lady is raised high in the air. Lying on his back he balances this on his feet while the young woman, climbing high, performs clever feats.

Barle and Sunshine, two young ones, there introduced the house by storm and ended encore after encore. One is a pretty miss of the present day and the other is a little girl, who is a contrast of custom of now and then in courtship singing, dress and dancing, and provide a most enjoyable feature of the programme. It is rich in comedy and delightful in the recall of the quieter but better amusements of the olden days. "Nowadays" it is representative of the part that woman is taking in the daily occupations because of husbands and mothers being at the war. The young woman sings excellently in solo and concerted numbers, and one is a handsome girl, who had the honor in an uproar of merit and the performers were recalled several times.

Word has just been received by relatives of the death of Mrs. John Stenick at Kennebec, Sask., on July 17. She was in her eighty-second year and moved to the west about five years ago, with her husband and has since resided there with her daughter, Mrs. John Bowers. She is survived by her husband and four sons. Her husband, John Stenick, had been a life-long resident of French Lake, Sanbury county.

On Friday in Shellie Lucy Haley, widow of Martin Haley, of Moncton, died aged sixty-two years. She is survived by her husband, two daughters, Mrs. Nap. Leper, Edmunds, Moncton, and two sons, Joseph and John Haley, Cambridge, Mass., and Ernest Haley, Moncton; also one brother, David Doucet, in Fort William, Ont., and a sister, Mrs. Joseph Gaudet, of Montreal, and one sister, a Sister of Charity in Trenton, N. J.

Mrs. Mary Truscott appeared before Magistrate Ritchie this morning charged with striking Myrtle Noffly with a hammer. The defendant was summoned to court yesterday morning, but did not appear and she was taken into custody. The plaintiff testified about the striking and this was corroborated by three witnesses. The defendant then took the stand and told about disputes between them and alleged that she had been called some bad names. As she witnesses to summon, the case was set aside until Monday at eleven o'clock. The defendant was told that if she had \$20 to put for a deposit she should go home; if not she would have to go to jail. The magistrate said that if she had the summons she would not have had to go to jail.

BRITISH SHIPS CARRY MOST OF U. S. MEN OVER. Took 350,956 of the 637,929 American troops brought to Europe in the months of April, May and June, 300,956 were carried in British ships, according to a statement made in the House of Commons by Sir Leo Money, parliamentary secretary to the ministry of shipping. He added: "Arrangements are being made where we hope to carry larger numbers in the future."

When in St. John you can have a broken lamp replaced in a few hours at Sharpe's, but when away from here such prompt and accurate service is not likely to be available. The extra pair of glasses is only good common sense.

NATURAL GAS SUPPLY APPROACHES EXHAUSTION

If Used in Western Ontario as Hitherto Six Years May See it Gone

Niagara Falls, Ont., July 20.—D. A. Coste of Niagara Falls, who is chairman of the Provincial Gas Company's interests in the Niagara district, in an interview said he was pretty well convinced that the natural gas supply in the Niagara district is pretty well exhausted. "Last winter," said Mr. Coste, "we sank a well 5,400 feet deep and got some more gas, and we are just completing a second one which will be 5,400 feet deep, and we are hoping against hope that it will come to something. We are down now more than 3,000 feet. The old wells which have been supplying natural gas in this district for some years were only 800 or 900 feet deep, but these have been pretty well exhausted."

Regarding the natural gas supply in western Ontario, Mr. Coste said that by the greatest care and using it only for cooking, there is gas for eighteen years to come, but if allowed to be used for anything else, it will be exhausted in six years.

OVER GROUND COVERED BY THE GERMAN DEAD.

(Continued from page 1.) Behind the advancing troops came trucks loaded with various foodstuffs. These went back and forth steadily. The chauffeurs of these trucks were frequently under fire. One chauffeur passed through Missy-Aux-Bois, after supplying the advancing men with chocolate, just as three German shells exploded within the western village. The German machine guns could be heard in the distance, but did not affect the Americans, who appeared only more eager to progress.

Twenty-five minutes after the Franco-American advance began the rattle of German machine guns could be heard in the distance, but did not affect the Americans, who appeared only more eager to progress. The German machine guns could be heard in the distance, but did not affect the Americans, who appeared only more eager to progress.

Missy-Aux-Bois was deserted by the French peasants before the Germans came to the village, which had been torn from end to end by shell fire in previous fighting. Not one wall or any stone buildings are standing. To the north and south of Missy-Aux-Bois are two other deserted villages, in one of which every building is in ruins. The fields in this section are covered with grain ready for the harvest. Many rusty tools and implements are standing just where they were left when the alarm came.

When darkness settled over the battle field the western village maintained their advance. The guns in the rear were pounding away, guarding them through the night.

PERSONALS

Mrs. T. Harold McGuire, who will soon be leaving for her new home in Calgary, will be at home to receive on Wednesday afternoon and evening, July 24, at 149 Pandemic row.

Mrs. J. J. McGuire left this morning for Halifax to visit her mother, Mrs. Mary Segun.

George H. Moore, accountant of the Canadian Drug Co., who was operated on successfully for a hernia, was hospitalized by Doctors Addy and Roberts on last Sunday, was able to be moved to his home, Douglas avenue, this week and there, his friends will be pleased to know, is progressing very favorably.

Mrs. Laurence McMann, of Toronto, is visiting in the city, guest of her parents, Rev. J. and Mrs. Deland. Mr. C. Hilton of Philadelphia is visiting her mother, Mrs. Gifford Hayes, 140 St. James street. Mrs. G. H. Jones and two children, also of Philadelphia, the husbands of both of these ladies have seen the west coast of the American service.

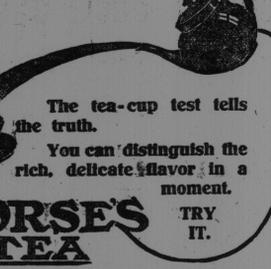

Flight Lieut. Guy D. Scovill, son of W. G. Scovill, of Oak Hill, who has completed his course of preparation for the daring work of an aviator, left last evening for other scenes of activity.

RECENT DEATHS. Word has just been received by relatives of the death of Mrs. John Stenick at Kennebec, Sask., on July 17. She was in her eighty-second year and moved to the west about five years ago, with her husband and has since resided there with her daughter, Mrs. John Bowers. She is survived by her husband and four sons. Her husband, John Stenick, had been a life-long resident of French Lake, Sanbury county.

Supreme Court Upholds Cancellling Exemptions

Order-in-Council Found Valid; Habeas Corpus Writs Should Not Have Been Granted; Special Session Not Necessary

Ottawa, July 19—By a majority of 4 to 2, the supreme court of Canada this afternoon upheld the validity of the order-in-council of April 20. It is under the authority of this order-in-council that exemptions of men in class one between 20 and 22 years were cancelled.

In the words of the chief justice it decides "That the orders in council dated the 20th day of April, 1918, are valid and binding and that the applicant is properly detained in custody and is not entitled to his discharge."

This afternoon's proceedings lasted but a few minutes. Shortly after 2 o'clock, Sir Chas. Fitzpatrick formally announced the decision of the majority, stating that justices Idington and Brodeur were in dissent.

The case arose from the application of Private George Edwin Grey, a farmer drafted under the terms of the orders-in-council, for his release from military service by way of habeas corpus. Grey is under military detention.

BOLSHIVIST IS FINED HEAVILY AT BRANTFORD Distributed Pamphlets in Factories Urging Limit of Four Hours Work.

Brantford, July 20—Felix Cosanovitch, a Russian, was fined \$500 and costs, with the option of a year in jail, in police court here for distributing literature tending to injure the prosecution of the war.

The pamphlets sent around local factories by Cosanovitch, working through small boys, called for all workmen to refuse to work more than four hours a day, as this was enough for them to live on, and all work done over that time went into the pockets of the employers.

The pamphlets urged that the workers refuse longer to make profits for others, and if they could not get their demands otherwise they should lay down their tools. The whole pamphlet was along Bolshevik lines, save that work was not totally denounced.

RIGHTLY DECIDED ON RIGHT TO ORGANIZE. Washington, July 19—President Konenkamp, of the Commercial Telegraphers' Union, complained to the war labor board today that it had not decided the demand of the telegraphers for increased wages and better working conditions. Granting of the right of the operators to organize was the only question settled by the board, the complaint says.

BABCOCK'S CORYLOPSIS TALC. CORYLOPSIS is a Babcock masterpiece in fragrance. Its sweet, delicate tendence, blended with a talc powder so soft and smooth that it is like the touch of rich, fine silk, results in a toilet preparation of luxurious excellence. Obtainable from Canadian druggists everywhere. Made by A. P. BABCOCK COMPANY NEW YORK. Price 25 cents.

These Physicians Warn Public Against Taking Substitutes for Nuxated Iron. Say That Ordinary Metallic Iron Preparations Cannot Possibly Give the Same STRENGTH, POWER AND ENDURANCE. As Organic Iron. Besides they may upset the digestion, disturb the secretions and thereby do more harm than good, and that Health Officials and Physicians everywhere should caution the public against accepting inferior substitutions in medicines.

Dr. James Francis Sullivan, formerly of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, Dr. A. J. Newman, former Police Surgeon of Chicago; Dr. Ferdinand King, New York Physician and Medical Author, and others give valuable advice and information on the use of organic iron as a tonic, strength and blood builder.

Former Health Commissioner Kerr. Blood examinations of their weak, anemic, run-down patients. Thousands of people go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their blood corpuscles without ever realizing the real and true cause of their trouble.

Dr. James Francis Sullivan, Formerly Physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital. because they have taken the wrong form of iron. They seem to think iron is iron on good deal the same theory that a potato would be a potato whether cooked or raw, entirely ignoring the fact that according to the opinions of some physicians, there are certain important cellular changes in the potato that render it far more easy of assimilation by the blood.

Dr. Ferdinand King, New York Physician and Medical Author. Therefore, physicians mentioned below advise those who feel the need of a strength and blood builder, to go to their family doctors and obtain a prescription calling for organic iron—Nuxated Iron—and present this to their druggist so that there may be no question about obtaining the proper article.

Dr. A. J. Newman, former Police Surgeon of Chicago, and former House Surgeon, Jefferson Park Hospital, Chicago, says: "It has been my particular duty during the past six years to assist in keeping Chicago's five thousand blue collar men in good health and perfect fighting trim, so that they would be physically equipped to withstand all manner of storms and ravages of nature's elements. Recently I was prompted to give Nuxated Iron a trial. This remedy has proven through my own tests of it to simulate, does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser, or they will refund your money. It is dispensed in this city by Wasson's Drug Store and all other druggists."

LEMON JUICE TAKES OFF TAN. Girls! Make bleaching lotion if skin is sunburned, tanned or freckled.

Squeeze the juice of two lemons into a quart containing three ounces of Orchard White, shake well, and you have a quart of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, tan, and other skin blemishes disappear and how clear, soft and white the skin becomes! Yes! It is harmless.

The Evening Times and Star

ST. JOHN, N. B., JULY 20, 1918.

The St. John Evening Times is printed at 27 and 29 Gasterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

MORE HOPEFUL DAYS.

The French and American success of the last two days gives rise to the hope that at last the tide of war has turned, and that fears of a German occupation of Paris or of the Channel ports may be dismissed. A profound sense of relief was expressed when news of the successful counter stroke was received. The weeks and months of waiting have been long and filled with anxiety. There was no doubt of ultimate victory, but again and again hope has turned to disappointment and grave suspense.

WHERE GERMANY LOSES.

The electrical trades committee of the British Board of Trade joins with those already quoted in the Times in advocating action hostile to Germany after the war. The report says: "They take the view that the import of enemy goods should be prohibited for three years after the coming of peace, subject to licensed importation after twelve months; and that import duties should be imposed sufficiently high for the effective protection of the electrical industry. Efforts should be made to prevent the sale of imported electrical goods at prices lower than those current in the country of origin, and transport discriminations operating to the detriment of British manufacturers."

LIGHTER VEIN

Rather Different. Bill Bushem was not a safe person to deal with. On the contrary, he dealt with safety; out the lady visitor to the slums was not to know this.

One Round Only. DeWitt Chronicle—Mr. and Mrs. Elmer Crabb entertained a lot of neighbors last evening, but were soon separated.

FIRE IN THE MUNITION PLANT

Moncton, N. B., July 19.—Fire broke out here at 6.30 o'clock tonight in the munition factory, Fointry street, causing damage to the extent of about \$6,000. The fire originated in the engine room around the exhaust pipe. The flames spread very quickly along the eaves and up inside of the roof, blazing at the top through the ventilators. The roof of the building was raised.

TORTURED BY RHEUMATISM

"FRUIT-A-TIVES" Brought Quick and Permanent Relief.

MR. P. H. McHUGH.

"I was a great sufferer from Rheumatism for over 15 years. I consulted specialists, took medicines, used lotions; but nothing did me good. Then, I began to use 'Fruit-a-tives', and in 15 days, the pain was easier and the Rheumatism was better. Gradually, 'Fruit-a-tives' overcame my Rheumatism; and now, for five years, I have had no return of the trouble. Also, I had severe Eczema and Constipation, and 'Fruit-a-tives' relieved me of these complaints; and gave me a good appetite; and in every way restored me to health."

Schrader Universal Tire Pressure Gauge

Air is cheap—use plenty of it. Nothing is as essential to the life of your tires as air. New air is cheaper than new tires. Give your tires all the air they need. The only way to know whether or not your tires have enough air is to measure it with a SCHRADER UNIVERSAL TIRE PRESSURE GAUGE.

Applications will be filed in the order received.

**NEWS OF SOLDIERS**

An impression in circulation that youths of nineteen years of age are to be immediately called to the colors is incorrect. No date has been fixed for the calling out of this class.

Captain G. H. Boyd, head of the vocational department of the Invalids Soldiers' Commission returned to the city last evening after a visit to River Glade. Private F. Symons, a member of the 55th Battalion, has been awarded a military medal. The decoration recently passed through military headquarters to Mr. and Mrs. Peter Blanchard of Dulhouse, with whom he lived prior to going overseas. Another military medal was recently received by the family of the United States, including some for the Jewish Legion, passed through the city yesterday on their way to Windsor, N. S. They were from all parts of the republic, some coming by a local committee.

Miss Eula E. Welling of Shelburne, who has been serving as a trained nurse in the Red Cross for overseas work. She was in the city yesterday on her way to Shelburne for a brief holiday before joining.

Official reports from England state that the death of Sergeant W. E. Mather, former proprietor of the Cumberland Hotel, at Parrsboro, which occurred at Fort Pitt Military Hospital on June 22, was due to anthrax to which he succumbed after an illness of two days. He was buried with military honors in the Fort Pitt Military cemetery, Chatham, England, on June 25.

**RECENT DEATHS**

Mrs. Charlotte Finnigan died at her home in Peter's Mills, Wednesday morning. She was seventy-six years of age and is survived by two sons and four daughters.

Mrs. Ezra Bishop died on July 9 at her home in Harvey. She was eighty-four years of age. She is survived by her husband and one son.

The death of Miss Edith G. Black, daughter of the late William Black of Cambridge, Queens county, is announced in Somerville, Mass.

**LOCAL NEWS**

R. B. Emerson has purchased the Williams Thomson residence at Rottebay. Street car No. 122 jumped the rails near Simms' brush factory last evening but was replaced without causing any general delay to the service.

Superintendent Page, who is in charge of the extension work at Lake Pisseguid, while driving to the city Thursday night, ran into a ditch and his automobile upset. He sustained slight injuries to one of his arms.

A recent order issued by the Dominion Express Co. announces a substantial increase in wages to all employees who have been more than a year in the service.

The third of a series of demonstrations by Mrs. Richard Hooper, under the auspices of the Housewives League, was given yesterday in the transient home of the Travelers' Aid. Mrs. Hooper gave a demonstration of canning strawberries and carrots.

**Wonderful Bilious Remedy**  
Actually Prevents Attacks

There are two great causes of biliousness—they are constipation and defective liver action. When Dr. Hamilton's Pills are taken, they not only correct constipated bowels, but act upon the liver as well. Quite unlike ordinary medicines which merely purge and give temporary relief, Dr. Hamilton's Pills remove the conditions which cause biliousness, and thus permanent cures are effected. No person who occasionally uses Dr. Hamilton's Pills will ever suffer from the headache, bad stomach or bilious complaint. Get a 25c. box today.

**Skin Sufferers**

You will sigh with relief at the first magic touch of D. D. D. the soothing wash of oils. Many of our customers thank us for this advice. You will too. Try D. D. D. today. We guarantee it. E. Clinton Brown, Druggist, St. John (N. B.).

**War Garden Bulletin**

PRACTICAL DAILY GUIDE FOR VACANT LOT AND BACK-YARD GARDENERS EN-LISTED IN GREAT-ER PRODUCTION CAMPAIGN

Issued by the Canada Food Board in Collaboration With Experts on the Staff of the Dominion Experimental Farm

**DRY YOUR VEGETABLES.**

Try drying your vegetables this year. It's a profitable business any way you look at it. The advantages over canning are the economy in space, the lower cost of jars and diminished risk of injury from frost or heat. There is the old-fashioned method of "sun drying" which is inexpensive, simple and satisfactory where there is enough sun. The most modern and the quickest method is that of using an electric fan either with or without artificial heat. Vegetables dried by this method are not likely to discolor. The third method, known as "artificial heat," consists of utilizing the heat of the stove or of the oven. For the majority of town and farm homes this method is the most practical. Germany has made a fine art of drying. Indeed, at the present time, the total capacity of the potato-drying factories in the enemy country is \$7,000,000 hundredweight. There are about 700 potato drying factories, 400 drying cylinders, 400 open drying plants, 150 corn drying plants and 250 vegetable-drying factories. The war gardeners of Canada might give the Hun a little of his own medicine by pitting their vegetable forces against his.

**MANY HAVE BEEN WELL REPAID BY A VISIT TO ST. JOHN'S GREATEST MERCANTILE EVENT GOING ON AT OAK HALL.**

Thursday was an exceptionally busy day with us and we thought that surely it would be the biggest day of this biggest St. John mercantile event. Imagine our pleased surprise when Friday turned out even bigger. We could not begin to handle the crowds, so immediately arranged for more additional help to start Monday in order that we might continue to give our usual high class service.

Just because the first couple of days' business have been exceptionally large, don't get the idea that all the good things have been sold. We spent months of hard work preparing for this event so that every day we are able to fill up our tables with new merchandise.

Those who have not already been here, still have next week ahead of them in which to practice real economy. The values which you will find at such low prices when you call will certainly be a pleasant surprise, and don't forget that every day our stock is replenished from reserves.

This Oak Hall Sale will continue until Saturday, July 27, at 1 o'clock, when St. John's greatest mercantile event will come to a successful close for another year.

ISSUED BY THE CANADA FOOD BOARD.

"If you are simply Nobody, start in now and do something for your country. Your little contribution is needed and will help."

Telephone Operators WANTED

If you have had experience we can place you immediately at a good salary. If not experienced, telephone operating offers to the bright and ambitious girl more opportunity for advancement than most lines of business. To become a stenographer or clerk you must go to business school and pay for your education. We will teach you telephone operating in the Telephone School and pay you while learning. The course is one month and immediately upon completion you will be assigned to duty intervals until the maximum is reached. To girls who can qualify for toll operators' and supervisors' positions higher salaries are paid. Requirements: Grade 8 education, age 17-27, and good health. Apply to Chief Operator between 9.00 and 12.00 a.m. THE NEW BRUNSWICK TELEPHONE CO. 22 Prince William St., St. John T-31.

Higher Pay For Teachers In Fairville

At the adjourned annual meeting of the ratepayers of the Fairville school district held last night in Fairville school, A. W. Carten presiding, it was decided to grant an increase of salary to the teachers, \$100 a year to the female teachers and \$200 to the males, the increase totalling altogether \$1,275. The meeting was well attended. James E. Bryant, secretary, read his report showing a total income of \$28,142.11, and a total expenditure of \$9,226.10, leaving a balance of \$18,916.01. H. M. Stout read the auditor's report which was adopted. Simon Brodshaw was elected to replace Stephen H. Shaw on the board of trustees. James E. Bryant, whose term had also expired, was re-elected. A communication from the teaching staff was read asking that the female teachers be granted an increase of \$100 a year and the male teachers \$200 a year. After considerable discussion this was adopted and the trustees instructed to see that the teachers received the increase, totalling \$1,275. The new warrant for taxes was placed at \$8,800, the warrant for 1917 being \$7,500. The matter of bonds outstanding was discussed. It was shown that between 1920 and 1924 and on motion it was decided that five per cent. of all taxes next year be set aside as a sinking fund for their redemption. It was also moved that arrangements be made with the bank of Nova Scotia for the trustees to borrow if necessary up to \$500 on an overdraft. The meeting was very largely attended. It was the first annual meeting to be held in the evening and the idea was generally approved that it was decided to ask the inspector for authority to hold an annual meeting next year also in the evening. Regarding compulsory attendance the question was left with the trustees to investigate and submit a report next year as to how the act may best be enforced. Inspector William McLean was present and made valuable suggestions during the progress of the meeting. He announced that he would call a meeting very soon of the trustees for the four districts—Fairville, Milford, Randolph and Manawagonish road—to reconsider the arrangement of the school boundaries.

HARD COAL SUPPLY THIRTY PER CENT. SHORT At the very best St. John this winter will not get more than seventy per cent. of the usual supply of hard coal. Whether it will get this much or not depends on conditions of transportation. As a matter of fact to date not so much coal has been received here as last year. That being the case the mayor strongly advised that people lay in a supply of soft coal as soon as possible in order that they will not be left without fuel should the hard coal supply run out. He also suggests that people lay in copious supplies of hard wood.

The Right Place

NOT MERELY THE "NEAREST." If "price" were a word which gave you no anxiety; and "style," "fabric" and "workmanship" were words that had small personal interest to you, about the question of where to buy that suit wouldn't bother you at all—you'd go to the "nearest place." This Store would be worth coming to even if it were "farthest away." We'd like you to see our Suits, Raincoats, Overcoats and Outing Trousers. GILMOUR'S 68 KING ST. Open Friday evenings; close Saturdays at 1—June, July and August.

Want Federal Government To Build Wing

A movement is on foot to have the Federal government, in connection with its treatment of invalid soldiers, build a large wing on the open space in front of the General Public Hospital and a nurses' home on the hospital lot facing White street. The idea is that these additions should be taken over at the end of the war by the municipality under an agreement between the government and the hospital authorities. It is pointed out that by this arrangement much money would be saved to the Dominion and the municipality. The expenditure would be for a permanent building, and the needs of the hospital for additional space would be met without any duplication of expenditure. The feeling is that a large new wing of the number of stories required, as wide as the present wing of the hospital running parallel to the nurses' home and as long as might be thought advisable—the lot is large enough for a building of any size necessary—should be constructed by the government so soon as possible, and it is pointed out that after the war when the new wing would be largely solved as a result of the additional space provided for the hospital authorities. The new power house is large enough to meet the needs of such a new wing, and, in addition, the invalid soldiers would be near the principal pathological laboratory. The cell now used as a nurses' home could be made available for the hospital staff, and the nurses would have the advantage of living in a modernly equipped home. Offices would be provided in the centre of the old hospital building, where much space is now taken up by the staff and other rooms necessary in hospital work. The medical men of the city are said to be strongly in favor of this idea, as well as several members of the municipal council. It is understood that the matter will be taken at once with the federal authorities and there would seem to be good reason to expect that something will come of it. To relieve the shortage in California, fuel oil is to be banned in certain portions of the Pacific northwest.

Hall's Wine advertisement. Get back to Health & Strength by the aid of Hall's Wine—the great tonic restorative. If suffering from nerve exhaustion, if enfeebled by strain or shock, Hall's Wine will help you. It vitalizes and enriches the blood, which in turn nourishes and strengthens the nerves. If worn out through overwork, Hall's Wine will give new life and vigor, and all the qualities needed to endure. It has been widely used in the Motherland for over a quarter of a century. Countless letters on our files, from doctors and nurses and the public generally, testify that its timely merits are greatly appreciated. "Made a new man of him", "A case that seemed hopeless", "A splendid tonic".

The Drink That Makes You Eat

When you're not especially keen for luncheon or dinner, a glass of Red Ball whets the appetite to a keen razor edge that makes your meal a very joy. Keep some Red Ball on ice at home for yourself and family. For your supply. George W. C. Oland, Successor to Simcox Jones, Limited.

Chalmers MADE IN CANADA. It is much easier to explain why the Chalmers motor runs smoothly than to tell, so that all may understand, how smooth, how efficient it really is. That the Chalmers "Hot Spot" and "Ramshorn" manifold are remarkable engineering advances is now freely admitted. But they interest you only so far as they affect the performance of the car. That is a story that only to-day's Chalmers can tell—and does tell in a positive, definite way. To the man who knows the most about cars the Chalmers gives the keenest satisfaction. He can appreciate a motor that warms up instantly—that runs smoothly and efficiently with any grade of gasoline. He is critical of the nice points of performance, easy control, wide flexibility, responsiveness. He likes a car that handles well. No matter how high a standard you may have set for performance—no matter what car you have been accustomed to drive, you will warm up to the Chalmers the first time you take a turn at the wheel. You are invited to make the test. Arrange for a demonstration of to-day's Chalmers anytime. CHALMERS MOTOR CO. of Canada, Limited, Walkerville, Ont. The Motor Car & Equipment Co., St. John, N. LIFT OFF CORNS FREEZONE IS MAGIC

Costs few cents! Sore, touchy corns lift right off with fingers. No pain!

Drop a little Freezone on an aching sore, instantly that corn stops hurting, then you lift it right out. It doesn't hurt one bit. Free Magic!

Why wait? Your daughter with a tiny bottle of Freezone for a few cents, sufficient to lift your feet of every hard corn, soft corn, or corn-between-the-toes, and softness, stiffness, soreness or irritation. Freezone is the most brilliant of other dispensary of a Chemist's goods.

As a literary gem. In spite of the claim of some high-brows that there is very little good literature appearing nowadays, now and then something surprising catches the vision. Yesterday for instance, we saw written on a small blackboard in front of a newspaper in this city of a certain...

WHEN YOUR COLOR FADES

When a girl—or woman—finds her color fading, when her cheeks and lips grow pale, and she gets short of breath easily and her heart palpitates at the slightest exertion, or under the least excitement, it means that she is suffering from anemia—the blood is thin. Headache and backache frequently accompany this condition, and nervousness is often present.

The remedy for this condition is to build up the blood, and for this purpose there is no medicine so good as Dr. Williams' Pink Pills. They build up the blood, bring brightness to the eyes, color to the cheeks, and a general feeling of renewed health and energy.

You can get Dr. Williams' Pink Pills from any dealer in medicine, or by mail post paid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Real War Bread. Mr. Nembridge has made some real war bread.

The trouble is that she can't find a German to feed it to.—Buffalo Express.

Distressing Thought. It's dreadful to think that a pretty little maiden who is now busy with her dolls may grow up and become a movie vamp.—Hingham Age-Herald.

The four tons of "chicken feed" contributed to the Red Cross by New York caused an actual death of change in that city.

Fifty thousand souls and fifty thousand dollars, are said to be "Billy Sunday's" personal achievement in Chicago.

SWAIZEMA ECZEMA

Read this Testimonial! I have had eczema in my ear for two years, which would at times lay me up in bed. Have had doctors treat me but they said it was chronic eczema and could not be cured and could only get relief. I heard about Swaizema and took one bottle which helped me so much that I took another bottle which has cured me.

Any person wishing to hear from me direct can get my name. Waterloo, June 14, 1918.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots. There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from any druggist and apply a little of it each morning and you should soon see that even the worst freckles have begun to disappear while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.

Health of School Kiddies

Tremendous Number of Defects Revealed by Free Examining System in Toronto

(Toronto Globe.) Not so many years ago public opinion would have denounced as a "mad" the physical examination of every school pupil, but the operation of this system has resulted in the exposure of so many curable defects in school children that it is now an important plank in the policy of a progressive health department. In Toronto it is one of three outstanding health policies in the city schools. These are:—

To prevent epidemics. To this end children whose school nurse suspects of being infected are sent home, and the school doctor follows up each case within twenty-four hours. To ascertain such defects there is an examination of each pupil prior to his or her school life, which parents are invited to be present. There is also a special examination of the teeth, and dentistry in the schools will be dealt with in a separate article. To encourage personal hygiene and cleanliness. Pupils are cautioned to clean their teeth, and are shown something about the use of simple disinfectants for all fingers.

FIGURES PROVE EXAMINATION IS NO FAD

In Toronto, as has been the case elsewhere, the number of defects which the city doctors discover in school children is a convincing proof of the wisdom of physical examination. As an example, the figures for the last three months of 1917 may be quoted as follows: Public Separate Schools, 841 Pupils examined, 6,098 Defects, except bad teeth, 3,700

A FRIENDLY UNITED STATES

(Toronto Globe.) One of the most remarkable movements of opinion in history is taking place at the present time in the United States. England, we say, "England" advisedly, for to the Irish and the Scotch feeling in the United States has always been friendly. It is the land who planted the American colonies, the English who built up Virginia, the Church of England which drew in the men who founded Massachusetts as a Puritan colony.

History is a source both of wisdom and of blind passion. An everlasting delving into the issues of the past tends to keep alive these issues in the present. Nearly every man has something in his past life on which he refuses to allow memory to dwell, and so it should be with the history of nations.

It was a singular book, a book, as someone said, which no one need read through. Those who saw the manuscript did not like the looks of it, and Mr. Atchuel had some difficulty in getting an endorsement by any historian of standing. In the end, however, an introduction to the little volume was written by Professor James T. Shotwell, Canadian, a graduate of the University of Toronto, and now a distinguished professor in Columbia University, New York.

At the foot of the page with each extract was printed in a few words in large type the comment whether it was fair or unfair to the English people, as a whole, who really condemned their own government in the war. The effect of the book was immediate. In a time of great national awakening in regard to the great ally, England, it was in trade were many a publisher found a school book perhaps very profitable to him, pictured as being unfairly hostile to the great ally, England, it was in trade were certain to attack the book on this ground, and the result was that every alert publisher was soon seen to get his

school books free from the taint of anti-English prejudice.

With the business instinct linked to the patriotic in the work of elimination, the school histories of the United States are going through a process of readjustment that is a very bad time in the history of the United States.

Planned under a Brooklyn street car, Mrs. Ada Hansen, a conductress, whose leg was broken, calmly directed the rescue of imprisoned passengers.

Western U. S. exemption boards have received a call for ground men for aviation camps.

The population of the City of Quebec is said to be 108,462.

How Sickly Women May Get Health If they could only be made to see that half their ills are caused by impure blood, it wouldn't take long to cure them with Dr. Hamilton's Pills.

"Barber's Itch"

Annoying, isn't it? But you can soon get rid of this form of eczema by applying Dr. Chase's Ointment after shaving.

This soothing ointment heals the irritated skin and keeps it soft and pliable. By its antiseptic influence it prevents the spreading of skin trouble.

You will not suffer from tenderness of the skin if you apply Dr. Chase's Ointment after shaving. It acts as a food for the skin, keeping it smooth and velvety.

Rev. A. G. Barry and Rev. T. H. Blunt, lately of the Hamilton Methodist Conference, have been ordained as deacons in the Anglican Church.

Maryland dwellers will provide \$70,000,000 under the federal income tax levy.

The U. S. will appropriate \$500,000,000 for cruiser construction.

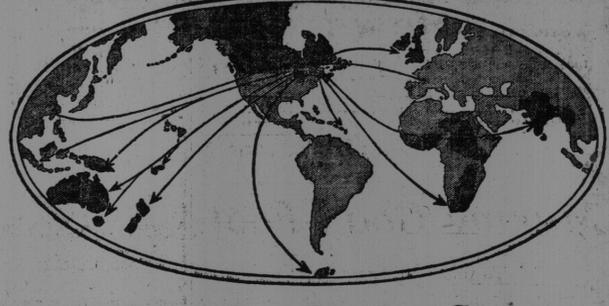

In Old Age

Health and comfort in old age depends largely on keeping the liver and kidneys in healthful action.

Pains and aches, stiffness of the joints, lumbago and rheumatism tell of poisons left in the blood by sluggishness of the liver and kidneys.

People in advanced years hold Dr. Chase's Kidney-Liver Pills in high esteem because of the promptness and certainty with which they awaken the action of kidneys, liver and bowels.

Dr. Williams' Medicine Co., Brockville, Ont.

Making Ten Blades Grow Where One Grew Before

To supply Canada from East to West with the luxury of a perfect shave was no mean task for the Gillette Razor, MADE IN CANADA.

But War has widened the demand on Canada, and today, this very morning, men in the British Isles, in India, in Australia, in Africa are shaving swiftly, perfectly and happily with the keen, rigid edges of Gillette Razor Blades, MADE IN CANADA.

The British and Canadian soldiers in France and Flanders shave with the Gillette, MADE IN CANADA.

It would seem a man-sized problem to speed up production to meet a world-wide, as well as a Dominion-wide demand for Gillette, especially for Gillette Blades, which can only be produced in their unrivalled perfection under expert care.

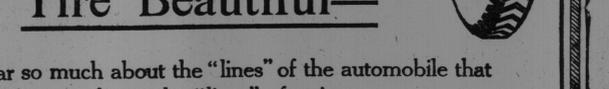

Necessity breeds invention and in developing ways and means to make ten blades grow where one grew before, we have discovered new and improved processes.

The keen, hard edges of Gillette Blades hold their perfect condition whether bought in New Zealand, Fiji, Ceylon, Singapore, Tasmania or where they are MADE IN CANADA.

Do you know a man in khaki who hasn't a Gillette? Don't let him envy the men around him. YOU see that he is supplied.

Ask your Jeweler, Druggist or Hardware Dealer to show you his assortment of Gillette Sets at \$3.00. Special Military Sets for the boys "Over there" and the boys going over.

Cruiser Is Torpedoed Not Far From New York

Washington, July 19—The United States armored cruiser San Diego was presumably torpedoed by a German submarine at 11:30 o'clock this morning ten miles off Fire Island, N. Y., but is still afloat. Steamers are standing by. The navy department announced that it had not yet received advices as to any loss of life. The navy department later issued this statement: "The navy department has received reports from the third naval district stating that the U. S. S. San Diego was sunk ten miles southeast of Fire Island Light at 11:30 o'clock this morning. One officer and two boat crews were landed at Lifesaving station No. 82 on Long Island. Other survivors are in boats and four steamers are standing by. "So far as it can be ascertained there appears to have been no loss of life. The cause of sinking has not yet been determined. The San Diego was an armored cruiser of 13,680 tons displacement and carried a complement of 1,114 officers and men. The San Diego formerly was the California built at San Francisco in 1899. She carried a peace time complement of 874 men. New York, July 19—Coast guard patrols at Fire Island sighted a submarine off shore between 10 and 10:30 o'clock this morning, according to seemingly reliable reports received in Bay Shore. An hour later heavy firing was heard.

**THE EMPLOYER AND DISABLED SOLDIER**

Initial Patience is Needed With Re-Educated Men

Positive Aspect of Employer's Duty is to Find for Disabled, But Re-Educated, Man a Constructive Job Which He Can Hold on Basis of Competency

(Canadian Finance.)  
The vocational secretary of the Invalid Soldiers' Commission (department of soldiers' civil re-establishment) recently visited Washington at the request of the secretary of state transmitted to Ottawa through the British embassy. The purpose of his visit was to give evidence as to methods adopted in Canada, before the joint senate and house committee considering a bill to provide for the vocational rehabilitation and return to civil employment of disabled persons discharged from the military or naval forces of the United States. His visit to Washington followed upon a Canadian tour undertaken by members of the United States federal board for vocational education.

In many respects this Washington bill aims to establish the work of vocational rehabilitation for soldiers and sailors of the United States very closely on the lines followed in Canada.

The American Red Cross is inaugurating a campaign to promote general intelligence regarding the real needs of the crippled soldier—a work that is being done to some extent in Canada through the bulletins of the department of soldiers' re-establishment, Douglas C. McMurrie, director of the Red Cross Institute for Disabled Men, New York, re-

Nothing purer, sweeter or more effective for rashes, itching and irritations. The Soap to cleanse and purify, the Ointment to soothe and heal. They prevent skin troubles if used for every-day toilet purposes. For free samples address: "Cuticura, Dept. N, Boston, U. S. A." Sold by dealers throughout the world.

cently issued a straight-from-the-shoulder appeal to United States employers—an appeal more immediately applicable to employers in Canada in view of the considerable number of returned men who have already completed their re-educational training.

"The positive aspect of the employer's duty," says Mr. McMurrie, "is to find for the disabled man a constructive job which he can hold on the basis of competency alone. In such a job he can be self-respecting, be happy, and look forward to a future. This is the definite

patriotic duty. It is not so easy of execution as telling a superintendent to take care of four men, but there is infinitely more satisfaction to the employer in the results, and infinitely greater advantage to the employe. And it is entirely practical, even in dealing with seriously disabled men.

Efficiency is Fully Possible.  
"A cripple is only debarred by his disability from performing certain operations. In the operations which he can perform, the disabled man will be just as efficient as his non-handicapped colleague, or more so. In the multiplicity of modern industrial processes it is entirely possible to find jobs not requiring the operations from which any given type of cripples are debarred. For such jobs as they can fill the cripple should be given preference.

"Thousands of cripples are now holding important jobs in the industrial world. But they are men of exceptional character and initiative and have, in general, made their way in spite of employers rather than because of them. Too many employers are ready to give the cripple alms, but not willing to expend the thought necessary to place him in a suitable job. This attitude has helped to make many cripples dependent. It is our new responsibilities to the men disabled in fighting for us, the point of view must be changed.

Utilizing Otherwise Unproductive Labor.  
"This, then, constitutes the charge of patriotic duty upon the employer: To study the jobs under his jurisdiction, to determine what ones might be satisfactorily held by cripples. To give the cripples preference for these jobs. To consider thoughtfully the applications of disabled men for employment, bearing in mind the importance of utilizing to as great an extent as possible labor which would otherwise be unproductive. To do the returned soldier the honor of offering him real employment, rather than proffering him the ignominy of a charity job. If the employer will do this, it will be a great factor in making the complete elimination of the dependent cripple a real and inspiring possibility.

Two Actual Experiences.  
In recently addressing the factory staff of one of the largest Canadian industrial concerns, a vocational officer of the Invalid Soldiers' Commission pointed out that hasty reprimanding by foremen of returned men has sometimes been the real cause of their apparent failure to make good. "A returned soldier who has been reared or shell-shocked, if he is not taken the right way, is likely to shake like a leaf, get excited, etc., and no good can be made of him."

It was urged that all heads of departments and others having returned soldiers under their direction "use tolerance and human kindness toward them, not only because they deserve it, but also, because by so doing they will become good employes." This vocational officer, himself a returned man, told his hearers that on the first morning his duties began, he could not stay over a charity job. His desk—he was "so shaky and nervous."

Mention has already been made in these columns of a returned soldier who, after a few hours' trial at a job in a Winnipeg factory, told the manager that he would have to give up—so exactly was his nervous system affected by the noise of machinery. The manager had good sense—plus a good heart. He urged the man to keep the job—but to knock off at any hour he felt like it, for a week or so. The result was a full-time capable operative within less than a fortnight.

Heard in a Restaurant.  
First Man—Guess I'll have some of that beef stew. I see the proprietor eating it, so it must be good.  
Second Man—Leave it alone. He's a tightwad and eats only what he can't sell.

Must Think Him Foolish.  
She—I'm sorry I can't marry you. I had no idea you wanted me to.  
He—Well, what do you suppose I've been letting your father beat me at golf all this time for?

dated Rubber Company's team by a score of 9 to 0. A large crowd of fans were in attendance. Will Be No Baseball War. Pittsburgh, July 17.—Barney Dreyfuss, president of the Pittsburgh Baseball Club, today declared that there would be no baseball war. He announced that he will not sustain President John F. Tener of the National League in his fight to uphold the ruling of the National Commission in the Scott Perry case. The Pittsburgh magnate says that the only thing to do is to "reorganize the commission."

BRITISH PRINCE THREE. London, July 19.—Prince Albert, the second son of King George, was given a rousing reception by American soldiers and sailors at the National Sporting Club on Wednesday evening. He went unannounced to witness boxing bouts between American fighting men. No one in the large crowd of spectators, mostly Americans, suspected the quiet, modest looking young officer of being the king's son. He was not known until Sir Randolph Baker, organizer of weekly boxing exhibitions, stepped into the ring during an interval and announced that the prince was present. The crowd rose and cheered. Then it sang "For He's a Jolly Good Fellow," and called for a speech. The prince responded, thanking the assembly and expressing his pleasure at being able to attend the prize was present.

Morning War Summary

(Undated War Lead by the Associated Press.) Notwithstanding the fact that the Germans have thrown large reinforcements into the new battle line, between Soissons and the region of Chateau-Thierry, they consider this far have been able to stem the tide of the onslaughts the American and French troops are making against them. Friday saw the Americans and French batter their way further eastward into the deep triangular salient which has Soissons, Rheims and Chateau-Thierry as its points, and successfully withstand a terrific counter-attack by the Germans on the plateau southwest of Soissons, where the allied guns dominate this important strategic town. The gains of Friday were carried to their greatest depth in the centre of the twenty-five mile line and on the southern flank northwest of Chateau-Thierry where the Americans are holding forth. The fighting was particularly violent throughout the day around Soissons and in the region of Chateau-Thierry, where the Germans sent in large forces of reserves in an endeavor to push back the allied troops. Here the American artillery did notable work, killing or wounding many of the enemy and aiding greatly in staving off the Germans. On the sector where the Americans are fighting northwest of Chateau-Thierry, the German line was driven in upon the plateau northwest of Bonnes and to the heights to the north of Couchemps, the former position representing a gain of three and a half miles from the point of original departure at Torcy. While it is not possible as yet geographically to delimit with exactitude the gains made in the two days fighting along the front by the French and Americans, it is known that at its deepest point the penetration has reached approximately seven miles and that over the entire twenty-five miles it ranges downward to about two miles. In addition to the infliction of extremely heavy casualty on the enemy the French and American forces up to the present have taken more than 17,000 prisoners, including two colonels with their chiefs of staff and in excess of 200 cannon. The offensive on the entire western front in France seems now definitely to have shifted from the hands of the Germans to those of the Entente Allies. East and west of Rheims started a battle along a sixty-five mile front from Chateau-Thierry to eastern Champagne, the enemy is now on the defensive on most of the sectors where there is any fighting. Friday saw the Germans lose additional ground along the Marne to the French and Italian troops. East of Rheims the Germans have not seen fit to resume the fighting. In the region southwest of Ypres the British have carried out another successful incursion into the German lines, capturing the village of Meteren, a point of strategic value for Australian purposes further south. Australian troops gained ground. The two manoeuvres cost the Germans nearly four hundred men made prisoner and the loss of a number of machine guns. Chas. B. Patterson, who died at St. Anthony's Hospital, Denver, made mil-

GRAY-DORT WAR-CONDITIONS today have set new standards of motor car value and efficiency. Gone is the demand for surplus size, for useless weight and speed. To-day's requirement is the Gray-Dort type of car. —the car with enough power and speed to travel quickly wherever business or recreation may demand. —the car of comfortable riding and driving for men and women. —the car of low first-cost. —the car of economical upkeep. All this the Gray-Dort renders—and more. The new motor is larger and more powerful. It will take five passengers practically anywhere any motor car can go. It will take them at the limit of speed most men dare drive. Its smoothness and flexibility are a new record in 4-cylinder motors. In acceleration it takes second place to none. Yet this motor is a miser with gasoline and oil. A larger radiator and fan—new-style water jackets—insure perfect cooling. An improved carburetor takes care of low-grade gasoline. For Gray-Dort comfort—ride in the car. Feel the benefits of scientific design, luxurious upholstery, ample room. For Gray-Dort appearance—see the car. See the higher line of hood that sweeps smoothly into the stream-line body. See the French-pleated upholstery, the double curve fenders, the new Gray-Dort green finish. For Gray-Dort dependability—ask any man who drives one. The five-passenger touring car is \$1,106; the five-passenger Gray-Dort Special, beautifully finished, and with extra details of equipment, is \$125 more. The three-passenger fleur-de-lys roadster is \$1,060. All prices are f.o.b. Chatham.

Pop Geers Makes Clean Sweep

Kalamazoo, Mich., July 19.—"Pop" Geers, the veteran reinsman today made a clean sweep of the three events that marked the closing of the local grand circuit meeting. He won the free-for-all trot with St. Prisco, took the 2:11 all trot with Helr Reeper and headed the field with June Red in the 2:15 trot. The free-for-all trot was the feature of the afternoon, St. Prisco, La Prince, Royal Mac, and Bagelli starting. The Geers horse lost the first heat to La Prince, but in the second and third had more in reserve and nosed out the Cox entry. The time in each heat was 2:07.

CANADIAN BOXERS SCORING BIG HIT ACROSS THE WATER

London, Eng., July 19.—The Canadian soldiers over here have brought some very good fighting men with the gloves, and the names of Harold Rippl, Joe Alwood, and Jimmy Clark have already been placed high in the list of fighters written since the war began. Clark was the first to draw the attention of the British public to his prowess by knocking out Fred Housego, of Paddington, in nine rounds, and later on he had some striking bouts with Curley Walker. Meanwhile, another Canadian boxer has caught the critical eye of late. This is Private A. Allen, who knocked out that very able lad, Private Joe Baker, in five rounds, at the Ring. Baker is a good boxer, clever, and the owner of a useful right, but he could not live against Allen, who has all the cyclonic hustle for which our Colonial cousins are famous. Allen was born at Torro, and as a real Cornishman is qualified for a go at a British championship, if his form is only good enough. He weighs 10 7 lb. Allen has been in Canada a dozen years, and has seen a lot of active service in France during the last three years. His boxing experience covers bouts in Canada and the States, where he has met men like Freddy Walsh, Mike Gibbons, Owen Moran in the capacity of sparring partner. When Private Allen met Corporal Parry, London Rifle Brigade, at the Ring, to box fifteen rounds, Allen beat his opponent in the first round. This notwithstanding that Allen was suffering from an abscess on the jaw.

Supreme Satisfaction

Marks the face of the Pippin smoker. He's run the gamut of cigars—has paid his good money for high priced smokes—and is now solidly sold on the Pippin at 7c each—4 for 25c.

**HERE ON VISIT**  
 Pte. R. Lorne Saunders, of the Depot Battalion Camp, Sussex, was in the city last week, the guest of Mr. and Mrs. Harry Scott, Seely street.

**BASEBALL**  
 In the Patriotic Baseball League the Y. M. C. I. and the C. G. R. teams will play at half past two o'clock this afternoon on the Barrack grounds.

**THUNDER STORM**  
 Hampton and vicinity were visited by a severe electrical storm last night, with heavy rain. It is said Sussex also had it. A few flashes of lightning were seen here.

**THIRTEEN DEATHS**  
 Thirteen deaths were reported to the Board of Health this week as follows: Senility, two; cancer, myocarditis, apoplexy, typhoid fever, general paralysis, cerebral abscess, bronco pneumonia, pulmonary tuberculosis, carcinoma of colon, accidental drowning and pernicious anaemia each one.

**PICNIC ON THE SHORE**  
 The annual picnic of the Sunday school and congregation of the Tabernacle Baptist church being held today on the shores of Courtenay Bay, at East St. John. As special trains have been banned owing to the intention of the church is taking advantage of nearby facilities to which access may be gained by the street railway. The usual amusements, with a programme of sports were provided for by the committee in charge.

**CONTRACTORS HAVE STARTED**  
 The work of removing the remaining portions of the old St. David's church, which was destroyed by fire in last December, was begun yesterday. It will be possible to use parts of the old foundations but everything else must be removed to make way for the new structure which is to rise on the site of the ruins. When the site is clear the work of construction will be carried on as rapidly as possible with the intention of having the walls up and the roofs on before the snow comes, so that the interior work may be carried forward during the winter months.

**HIGH PRAISE FOR REV. GEORGE W. TITUS**

Former St. John Minister at Front-Shell Fragments Pierce Hut  
 The following from an exchange refers to a minister formerly of St. John, and for some time overseas with the soldiers:  
 Mrs. Titus, 26 Railway street, whose husband, Rev. George Titus, formerly in charge of a church at Mishawaka, Indiana, and a graduate of the Disciples College, St. Thomas is now overseas with the Y. M. C. A. attached to the U. S. army, has received the following letter from the authorities at Washington:  
 We are enclosing a copy of a cablegram received July 6, which contains an interesting account about your husband. We rejoice with you in the fact that Mr. Titus has distinguished himself by his conduct on the field of battle. But most of all we appreciate your feeling of happiness when you know he has passed through these dangers without injury.  
 It is the conduct of such men as Mr. Titus that will cause the name of the Young Men's Christian Association to live in the memory of those who have passed through this great conflict.  
 The cable, dated Paris, is as follows: "Fully by message—Mr. Titus, minister, Mishawaka, Ind., Y. M. C. A., attached to advanced hospital, acted as stretcher bearer under fire in hospital day and night. A shell burst near his tent, and fragments pierced the tent. Mr. Titus is greatly loved by the men for his heroism and self-sacrifice. The hospital was ordered moved, and it was feared that Mr. Titus would also be moved, but the colonel went to the Y. M. C. A. and demanded that Mr. Titus remain, saying he was a permanent member of the unit, one of many secretaries with fighters on the front line. Y. M. C. A. girl visited the advanced dressing station. Soldiers say, "Best medicine we get." An American ambulance unit stationed in the French army had not seen an American girl for months.  
 "Henry Sloane Coffin, 129 71st street, New York, a prominent New York minister, went to preach Tuesday night at organ singer, and found the unit forty miles distant; held a service in grove; airplane above; shell burst near path; he to see the pleasure of the men. It is impossible to over-emphasize the excellence of the religious work at the front. Men added for him."

**POOR SEASON FOR THE RIVER SALMON CATCHERS**

Second Freshet Causes Nets to Be Taken Out—Petition for Extension of Time  
 Fredericton, N. B., July 20—The July freshet in the St. John river has affected the salmon fishing, practically all fishermen being compelled to withdraw their nets on account of high water. This, coupled with the fact that the salmon run was poor early in the season, has made total catches very light. There is already an agitation for the extension of the open season after August 15. There also is a movement to permit continuous fishing between Crook's Point and Andover Bridge instead of during alternate fortnights as at present.  
 It is understood the officials of the Department of Fisheries are not favorable to the request although it is probable that petitions will be forwarded to Ottawa.  
 Although the net fishermen have had poor luck it is said that there has been a good run of salmon and that anglers on the Tobique have had good luck. Salmon were caught at Hart's Island, Pool five miles above Fredericton, early in the season.  
 The bathing houses were placed in position at a beach near the old government house last night and will be in operation today. This improvement is one which has been generally demanded for some time.

**CAMERA SHOWS RESULTS OF DESTRUCTIVE BRITISH BOMBING AT METZ-SABLONS**

London, July 20—(British Wireless Service)—Striking evidence of the damage caused by the raids of British bombing squadrons upon the German railway system at Metz-Sablons is afforded by an official British photograph published today.  
 This photograph, taken soon after the double raid on July 6 and the night of July 8-7, from a height of more than 10,000 feet, shows in minute detail the whole of the important railroad junction at Metz, including the famous "railway triangle" at Metz-Sablons where an immense number of lines converge from the Metz central station and the south towards the western front.  
 The effects of some exceptionally destructive bombs were visible in the photograph among the engine shed and workshops in the center of the triangle, and the remains of two trains, completely burnt out, can be clearly seen. There also is evidence of great damage to the network of railway lines in the southern arm of the triangle.  
 Since the beginning of June at least twenty-one raids have been made upon Metz-Sablons.  
**STARTS BIG STRIKE ON UKRAINIAN RAILWAYS**  
 Amsterdam, July 20—Strikes involving all the Ukrainian railways have been started, according to a telegram from Kiev to a paper in Essen. The men have demanded increased wages and the restoration of the employees' committee.  
**THE WEATHER.**  
 Maritime—Probabilities are light winds, mostly fair and warm to-day and on Sunday; a few local showers.

**SUCCESSFUL WORK DONE IN SCHOOLS**

Changes After The Holidays—What St. John Does for The Backward Pupils  
 Dr. H. S. Bridges, superintendent of schools, is highly pleased with the percentage of grade VIII pupils who have successfully passed from intermediate to high school. In a body of 844 students who wrote the examination papers, 108 passed honorably in all subjects, and are classed in the No. 1 group. Those who will be in the second division status be ninety-four, and eighty-eight are in division three. Only thirty-seven students in the 844 failed to gain entrance to High School and twenty-two did not write the exams.  
 Students who failed to secure a place in the first division of High School did not make the pass mark in a number of subjects, pulling their average down considerably, while it is a fair assumption that division one graduates from Grade VIII, stood well on all papers. The third division applicants were low in most subjects.  
 Between the present date and school opening after Labor Day, the superintendent of schools will be busy engaged arranging his schools. Like a generalissimo in military affairs, Dr. Bridges will have general superintendence over the filling of the many class-rooms and the down or more large buildings.  
 There are some changes in the personnel of teaching staffs this year. Five resignations have been handed in and a few minor shuffles will probably ensue. Miss Yerxa will return to Grade II boys in the Centennial building.  
 Very few radical repair jobs have been ordered for the buildings. What work there is to be done is of an absolutely necessary character, sufficient to tide over matters until structural repairs have passed.  
 St. John's school boys—as previously announced in the Times—will occupy the finished rooms in the new St. Vincent's school, 41st street, after the holidays. It is a temporary arrangement. Dr. Bridges desires to correct an impression that may have gotten abroad through newspaper discussion that slow students in the St. John schools are not assisted specially and thus become retarded in their school career. He states that a definite and special provision has long since been employed to overcome this very thing. For instance, an extra teacher is attached to every school building in the city, who devotes two hours daily to children who are backward in their studies. The boys and girls are taught in groups and the results of this special coaching has been highly satisfactory. In fact no child is ever backward in their studies. The boys and girls are taught in groups and the results of this special coaching has been highly satisfactory. In fact no child is ever backward in their studies. **ST. JOHN'S GREATEST MERCANTILE EVENT**

Only a Half Day to Do a Full Day's Business. Shop Before One O'clock.  
 We predicted this would be a big event, but our predictions were extremely modest in comparison to the actual results of the past two days.  
 Never before has there been such a widespread desire to economize by taking advantage of  
**OAK HALL'S ANNUAL MID-SUMMER SALE.**  
 Never before has there been such necessity for economizing—WE REALIZED THIS and made our preparations accordingly.  
 Our volume of business has been enormous—BUT every morning we bring forward new merchandize so that each day has its full quota for real value-saving opportunities in  
**MEN'S AND BOYS' CLOTHING, FURNISHINGS, HATS AND CAPS.**  
**LADIES READY-TO-WEAR OUTER GARMENTS.**  
**TRUNKS, CLUB BAGS, DRESS SUIT CASES, AUTO ROBES.**  
**SHOP EARLY! MAIL ORDERS FILLED! NO GOODS ON APPROVAL!**  
**WATCH FOR SPECIAL ANNOUNCEMENT NEXT WEEK!**  
**OAK HALL** SCOVIL BROS., LIMITED ST. JOHN, N. B.

**GERMANS SAY LIEUTENANT ROOSEVELT IS DEAD**

FOR THE SOLDIERS.  
 The True Canadian's Soldiers' Comfort Association, Ltd., held a successful strawberry festival in The "True Canadian" boys' hall, West St. John, last evening. The committee in charge was composed of Mrs. George Carleton, Mrs. Skarry, Mrs. H. Gallant, Mrs. Day, reception committee; Mrs. H. Daley, refreshments; Miss Maude Graves, ice cream; Miss L. McPee, bear stand; Mrs. E. W. Craft, Mrs. Geo. McGee, Mrs. Chas. Nix, ticket committee; Mrs. Geo. Todd, convener.  
 The proceeds are for comforts for lone soldiers and local young men who have enlisted. The society proposes holding a fair this autumn, to prepare Christmas boxes for the boys.  
 The society has forwarded 275 boxes during 1918 to the boys in the trenches; and now have on hand eighty-five pairs of socks to be forwarded to France. The circle deserves commendation for the work they are doing.

**MUST NOT BURN LAST YEAR'S STRAW STACKS**

Ottawa, July 20—In view of the very serious situation developing in Alberta and Saskatchewan so far as food for live stock is concerned, particularly for next winter, an order-in-council has been passed prohibiting the burning of all straw stacks remaining over from last year in the three prairie provinces.

**Summer Vacationists**
