Easy & Practical Home Dress Making Lessons

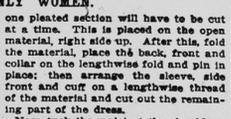

Prepared Especially For This Newspaper by Pictorial Review

FOR MATRONLY WOMEN.

A dainty and chic dress in figured novelty cotton material that can be made for less than one dollar by the home dressmaker.

This dress can be made for less than one dollar, yet it is exceedingly neat and dainty. It requires but 4 1/2 yards of 36-inch material 36-inches wide, and this can be bought in great variety for 15 cents a yard. A half yard of lawn will do for the collar and cuffs, and this should be striped. A quarter yard of shadow lace or net for the yoke completes the cost of the design.

one pleated section will have to be cut at a time. This is placed on the open material, right side up. After this, fold the material, place the back, front and collar on the lengthwise fold and pin in place; then arrange the sleeve, side front and cut on a lengthwise thread of the material and cut out the remaining part of the dress.

Now, tuck the waist at the shoulders, close the seams and fit. If there are no alterations adjust the round collar, stitching upper edge along small "o" perforations. Adjust the yoke and front, lapping folded edge of side front to small "o" perforations; stitch, leaving left side of outer front free for opening. Close the sleeve seams and add cuffs as usual. Pleat extensions, creasing on slot perforations, lap to small "o" perforations and press. Sew to lower edge of waist over stay, center even.

Press the skirt as indicated and press so that the pleats will stay in place; even after they are pressed the pleats may be basted down until the dress is finished, so that they surely will remain in place. Arrange the front cores and pleated sections according to notches; turn under edges on slot perforations, lap to small "o" perforations and stitch, leaving edges free above single large "o" perforation in right front gore for pocket. Large "o" perforations in right front gore indicate center-front. Pleat back gore, placing "T" on small "o" perforation and tack. Join gorges as notched. Pleat extensions, creasing on slot perforations, lap to small "o" perforations and press. Sew to lower edge of waist over stay, center even.

This model is excellent also for more expensive fabrics, particularly for woollen material, do not like the elaborately draped skirts.

TELLS OF CHANGES IN THE PRAYER BOOK

Dr. Paterson-Smyth Gives Suggested Alterations REVISION IS COMPLETE

But Applies to Forms of Worship Only. Leaving Questions of Doctrines Untouched—Makes Statement in Montreal

(Montreal Gazette.) Details of alterations proposed in the Book of Common Prayer of the Church of England were made known for the first time yesterday when Venerable Archdeacon Paterson-Smyth, a member of the Central Revision Committee which concluded its sittings in Toronto recently, reviewed the work of the committee and explained the nature and extent of its suggestions during the course of his morning's sermon at St. George's church.

WORDS CHANGE THEIR MEANINGS

"With the passing of centuries also words completely change their meanings. Thus take our prayer which begins, 'Præsent us, O Lord, in this and all our doings—' originally the word 'præsent' which is taken from the Latin, meant to go before in order to guide and lead. Now it implies going before him or to go on or to stop and to be one unacquainted with its derivation and history it would as used in our services, convey an entirely erroneous impression.

"Certain developments also require special services and special prayers which should be added to the prayer book. Thus we have decided that mission and harvest services should be included.

"Some suggested that we should await the revision of the Book of Common Prayer in England before taking steps here; but in England there is the interlocking of Church and state which is unknown here and the committee is hampered by restrictions which the Canadian committee do not have to meet. We have, however, kept in touch with the English committee and our revised prayer book will not seem strange and unfamiliar to anyone from the Old Country.

"It was in 1911 that the Canadian Synod decided in favor of revision and appointed a central working committee of twenty and a general committee of sixty, which included all the bishops of the Canadian Church, to receive the work of the twenty before it should be sent to the General Synod. This was done last week.

J. MARCUS 30 DOCK ST. STORE OPEN EVENINGS

less many valuable suggestions will have been received and the work might be sent again to committee for a final revision.

"Taking up the chief changes in order I would first call your attention to the title page. The words 'in Canada' have been added to the title so that it is now the 'Book of Common Prayer of the Church of England in Canada.'

"Great care has been taken in the revision of the lessons for the day. The Old Testament ones in the old prayer book, were well chosen in the main, but some were not appropriate. The committee, after months of work, believe that they have been successful in picking out one hundred and four lessons from the Old Testament which represent the very best that is to be found therein.

"The most important change has been with the New Testament lessons. The custom in the past has been to follow the Church calendar which divides the New Testament into lessons for every day of the year. But it has been found that very often some very important lessons fell on a week day, while on Sunday the lesson was of lesser moment. Those Christians who read the lessons regularly each day, miss little, but many others who attend church, but who during the week do not conduct family worship at home, fail to note many of the most beautiful passages of the Gospels.

"To meet this special Sunday lesson have been chosen for each Sunday as in the case of the Old Testament lessons. From Advent to Trinity Sunday the lessons deal with the life of Christ, while after Trinity they touch on his teachings, beginning with the great parables. During Lent, culminating with Palm Sunday, the story of the Passion will be read.

"Another important change is that there will be uniform paging in all editions which will greatly help strangers in our midst.

"The old tables showing how to find the time of Easter and other movable feasts have been withdrawn and instead a table showing the dates of these principal movable feasts for one hundred years ahead has been inserted.

Forever, may be repeated at the end of each group instead of at the end of each verse, thus materially shortening this portion of the service.

"In the Creed no alteration has been made, but a footnote has been added. Much objection was taken to the phrase, 'He descended into Hell,' as it is so often misunderstood and thought to mean that He descended into the abode of the lost to suffer there the full penalty of human sin. The revisers have left the creed unaltered, but appended a footnote. Note that the words 'He descended into Hell,' are to be regarded as meaning he went into the abode of the departed spirits."

"Dr. Paterson-Smyth explained that there was no foundation for any teaching that Christ descended into hell, in the sense in which the word is at the present time generally interpreted.

"The preacher next stated that when the revisers came to the prayers for the King and for the Royal Family, it was suggested that the names of His Majesty and members of the family be left out, as every change of sovereignty members rendered the prayer book out of date. This suggestion did not carry, however. It was also suggested that the word 'wealth' in the prayer be altered. It conveyed a wrong impression. Dr. Paterson-Smyth pointed out that the word 'wealth' came from 'weal,' which did not mean riches and that the intention of the prayer was not to ask that the King should be rich, but merely for his general well-being. No change had been made, however, as no suitable word to substitute and to express the right shade of meaning could be found.

"For Special Canadian Use "Prayers for the governor-general and for lieutenant-governors, have been inserted for special Canadian use, while a special form of prayer for the King, the Parliament of the Empire, and the governor-general has been drawn up for use at special services," continued the speaker. "The directions in regard to the saying of the general thanksgiving prayer in the regular service have been altered so as to legalize the repeating of this by the clergyman and congregation together, as has become the custom in some churches.

"In closing his sermon, Dr. Paterson-Smyth said that he would go further into details next Sunday morning. The order of the Psalms for the day have been changed, and there are minor alterations in some of the special services which may be mentioned. A substitute or alternative for the Athanasian creed, which will omit the damnatory clauses of the letter, is also contemplated.

"The Exhortation, Confession, and Absolution remain unchanged, but some discussion took place over the repetition of the Lord's Prayer, which comes in right in every morning service and three times on certain days. It seemed right to us that it should follow the Absolution; but the repetition of it later was opposed. The proposal to abolish the repetition failed to carry, however.

MAGPIE COSTUME THAT IS STILL WORN IN PARIS

One of the prettiest of the summer tub gowns sent over from Paris is of white cotton crepe embroidered with black. The inevitable ruffles about the hips are of plain white crepe with black button hole edges. The waist is a soft kimono of the embroidered material, with plain white sleeves. A black watered ribbon sash is tied in the back. Plain black hose and white slippers, a black hat and a black and white parasol complete this magpie costume.

Tea and Coffee Find Their Place

The Literary Digest, of March 28, 1914, says: "Cocaine and its allied intoxicants appear to be about the cheapest things in the market. They are seemingly cheaper than whiskey, cheaper than beer, cheaper in proportion to effects than tea or coffee."

The best teaching of today is distinctly against the use of tea, coffee and other drugs and drug-bearing beverages—especially among the young. It is well established that headache, nervousness, indigestion, sleeplessness, and other aches and pains are commonly caused by tea and coffee drinking.

People are becoming alive to this fact and thousands have quit both tea and coffee and now use

Empire Day in London
Opening of New Club For Overseas Visitors - Other Events of May 23 and 25

(Times Special Correspondence)
London, May 9.—The opening of the Overseas Club premises in London by the lord mayor on May 25 will direct attention in the metropolis to the growth of this club, which now numbers 120,000 members. Of this number no fewer than 119,000 are to be found in Canada, Australia and the other overseas countries of the empire; and it is with the object of appealing to a large circle of people in Great Britain as well as to provide London headquarters for members of the club visiting this country, that the president—Lord Northcliffe—has decided to make the occasion one of much publicity.

The opening of a London headquarters of the Overseas Club will supply a very useful instrument for the convenience of Canadians visiting London, besides offering the opportunity of hearing leading men who address the club from time to time.

Empire Day will be celebrated with the usual vigor and enthusiasm on May 25, and the Imperial Mission will give the customary banquet. The League of the Empire, however, and the societies co-operating with it, have chosen Saturday, May 23, when they will celebrate the occasion, as usual, by a grand parade of Boys' Brigades and others in Hyde Park.

The flags of all the overseas dominions—especially presented to the league for this purpose—will be trooped and will salute the Union Jack. Field Marshal Earl Roberts has again consented to take the salute, and the parade will be under the command of General Sir Henry Settle. Last year the meeting at Hyde Park synchronized with the presence of a large number of Canadian deputations in London, and the occasion was one of great enthusiasm. It was also remarkable for the extension of the hitherto rare practice of celebrating the day in the schools; and, this year, there will be a further extension of that practice.

Great Britain, indeed, seems to have learned something from the enthusiasm of Canadians in respect to the celebration of Empire Day. For years, Canadians here had complained of the lukewarmness with which the day was celebrated as compared with the celebration in the dominion, and the Earl of Meath had almost exhausted his patience in railing against the lack of interest.

With Empire Day in prospect, and so many organizations working for its proper celebration, it is somewhat of a coincidence to find among the letters of John Bright, presented to the Manchester Library by Lady Durning-Lawrence, one in which he expressed his customary fear of the future of Canada. Writing in 1865, Mr. Bright expressed his opinion as to the probable line that Canada would take all the time that she had to defend her frontiers.

"I am watching this question with much interest," Mr. Bright goes on, "and I expect the 'confederation scheme' will break down, and I believe there will be a great tendency to annexation with the

States rather than to raise taxes and spend money to defend Canada from a war which will be, not a Canadian, but an English and imperial war."

Mr. Bright expressed much the same feelings with regard to confederation to Sir Charles Tupper, but with the lapse of a few years, when they met again, he owned up handsomely that he had been very much at fault.

LOCAL NEWS

Dr. W. B. Wallace, K. C., and A. M. Rowan, local delegates to the annual convention of the Mystic Shriners, at Atlanta, Ga., returned home on Saturday evening well pleased with their trip. The Imperial Council, they said, had been a huge success, with about 15,000 Shriners in attendance from all parts of the United States and Canada.

SPRING SHOES
Your pleasure in wearing a pair of our Shoes, sir, will be part of our profit. Very best Spring shoes \$3.85 to \$5.00—WIEZEL'S Cash Store, Union street, near Brussels.

PROTECTIVE POLICY
Protective policy lies in getting greatest real value from every dollar invested. This applied to footwear, finds fullest, strongest expression in Humphrey's Solid Shoes.

The school boys members of the Y. M. C. A. met Saturday morning in the gymnasium and walked to their cabin at Long Lake. The outing was in charge of C. D. Howard, physical director, whose resignation takes effect in August. Mr. Howard was pleasantly surprised when he was waited on by one of the boys at the camp who presented to him a handsome bracelet watch on behalf of the group.

STILL OPEN
As we have a few of our marked down Overcoats left from last week's sale, we are going to keep them in a separate cabinet for a few days this week. Those who couldn't benefit by it then, will have the opportunity of saving 88-1-3 per cent. on a new spring overcoat. Open a little longer—Gilmour's, 68 King street.

RECENT DEATHS

Many friends will learn with regret of the death of our friend, Belyea, which occurred yesterday at his home in Prince street, West End. He had been engaged in the grocery business in West St. John for thirty-three years and was widely known as a man of high character.

Belyea was a charter member of Golden Rule Lodge Independent Order of Oddfellows, and an active member of the Carleton Methodist church. Besides a wife, he leaves three daughters, Mrs. William Beattie and Mrs. Samuel Irons, of West St. John, and Mrs. Sanford Evans of Long Reach.

The funeral will take place tomorrow afternoon at 2:30 o'clock from his late residence, 90 Prince street.

Deep regret will be expressed by many in the death of Edward Logue, a lifelong resident of South Bay, who passed away yesterday morning after an illness of a month or more. He was in the seventy-seventh year of his age. He is survived by three sons and three daughters. The sons are James, Cornelius and Thomas, all of South Bay, and the daughters, Mrs. John Flemming of St. Stephen, Mrs. Charles Masson of Fairville, and Mrs. John Hayes, of South Bay. Mr. Logue was well known throughout the county. The funeral is to take place tomorrow afternoon from his late home at South Bay.

Much sympathy is being expressed by the many friends of Mr. and Mrs. Joseph Arthur, of City Road, in their bereavement by the death of their infant son which took place yesterday. The funeral has been fixed for tomorrow afternoon.

Reta Deming, daughter of Patrick Darning, died yesterday at the home of her father, 189 Brussels street. She was fourteen years of age and leaves besides her father, two brothers, James and Alfred, and two sisters, Edna and Mrs. R. H. Earle.

Mrs. Frederica Mitchell, wife of Stewart C. Mitchell, died yesterday morning at her home, 28 Paddock street. She leaves her husband and one son.

Third Death in Three Days

Further sadness has come into the home of John W. Maber, 1 C. R. brake-maker of 47 Lombard street, already made desolate by the death of his wife and eldest son. Just a little after they had been laid to rest in the Holy Trinity cemetery yesterday, following services by Rev. J. J. Walsh in Holy Trinity church, his little two weeks' old infant, passed away making the third death within three days in the household. The bodies of the mother and son were laid to rest side by side. A large gathering of friends attended the double funeral, and there were many floral tributes.

Hard on Manager.

"The head of our concern decided to have everybody undergo an efficiency examination and apportion the jobs accordingly."

"How did it turn out?"

"The office boy won the manager's job and the manager couldn't pass at all."

Henry James' English.

An acute student of good language recently extracted this wonderful sentence from a gem of literature and stuck it out by itself where it might be seen in all its naked loveliness.

"Jammed into the acute angle between two high fences, where the rhythmic play of my arms, in tune with that of several other pairs, but at a disadvantage of position, induced a nervous, a quasi-temporized old engine to work and a saving steam to flow, I had done myself, in face of a ferocious, a horrid even if an obscure hunt, and what was interesting from the first was my not doubting in the least its duration—though what seemed equally clear was that I needed, as a matter of course adopt and appropriate it, so to speak, or place it for increase of interest on exhibition."

We gather from this amazing spurt of single-barreled speech that Henry James was once a member of the old volunteer fire department, and that he once went to a fire and helped man the pumps. We do not boast of our skill in ascertaining this fact. With a half-hour of close application any ordinary person might be able to learn this much. But what was it, after all, that really happened to Henry at the fire? It seems expediting to reflect that we might have learned about this interesting detail if Henry had only learned to write English.—Providence Journal.

Guaranteed Rupture Holder On 60 Days Trial
Won't Cost You A Cent If The Two Months Test Doesn't Prove All Our Claims

Away With Worthless Trusses Like These

You can make a thorough prove-to-you test of this guaranteed rupture holder without having to risk a single cent. We'll send it to you for sixty days trial absolutely free! If you don't like it, just send us your name and we'll return it to you for yourself how it takes all the money out of your pocket.

If it doesn't keep your rupture from coming out on the first week or in spite of any work you do or any other strains—then it won't cost you a penny.

The Only Thing Good Enough To Stand Such A Test

You know as well as we that a mere try-on—like a fracture—can't possibly prove whether a truss or anything else for rupture is going to do any good.

Neither is just a few days trial a safe test. A truss or so-called "appliance" may seem all right the first week or so and then turn out to be no good whatever.

But you can't possibly make a mistake after sixty days' trial.

And that's the only one thing of any kind for rupture that you can get on such a long trial.

Only one thing is good enough to stand such a long and thorough test—

That's our guaranteed rupture holder—the famous Clute Automatic Mending Truss.

Made On New Principle

The Clute Truss is so radically different from everything else for rupture that it has received eighteen separate patents. Made on an absolutely new principle—more than just a truss.

It has so thoroughly proved its merits in nearly 50,000 cases that surgeons in the U. S. Army and Navy and physicians in all parts of the world now recommend it instead of advising operation.

Will Save You From Operation

A rupture can't possibly be believed—can't even be kept from growing worse—unless protected

THOSE BRIDGES.

The Dominion government has at last followed Mr. Carvell's advice and taken definite action in the matter of the St. John Valley Railway bridges. On Saturday Hon. J. D. Reid moved a resolution authorizing the Dominion government to construct three bridges which it would own, and on the cost of which no interest would be charged for fifteen years. Thereafter a rental would be charged. The Standard's Ottawa correspondent estimates the cost of the bridges at three million dollars, and this agrees with the estimate of the engineers published some months ago.

Of course the affairs of the Valley Railway have yet to be investigated, and there is now all the more reason for hastening the enquiry by the Royal Commission into the charges made by Mr. Dugal.

The Standard this morning is even more than usually laudatory of its idol, Mr. Hazen, in connection with the construction of the bridges. Not only does it bring out its large type, but it presents a portrait of the minister, and its fervor which means to indicate that for the time at least he has entirely forgotten Mr. Hazen's endorsement of the Gutelius agreement, and of the blow that has done so much injury to his own constituency.

Following Mr. Carvell's Advice. Pursuing its utterly silly course of misrepresentation of Mr. F. B. Carvell, the Standard in its Ottawa correspondence says:

"Only a few days ago in a speech in the house of commons he requested the government not to grant aid to the (Valley Railway) bridges until the whole question of the railway had been probed in line with the charges made in the legislature at Fredericton by Mr. L. A. Dugal, acting under the advice of the same Mr. Carvell."

cause I look upon it as more important than the bridges down below. Unless you cross at Andover and tap the Trans-Continental you are out of it and cannot do business of any kind. A bridge must be built at or near Andover in order to tap the Transcontinental. I only want to say to the acting minister of railways, give this assistance but do it yourself, and keep your hand on the purse strings. Do not hand over a dollar to the government of New Brunswick or to the Yankee concern. Build the bridges under the department of railways. If the Hon. Frank Cochrane has the handling of it I believe it will be honestly done. It may be said that this breaks up the whole scheme. It does to some extent, but it is necessary to break up schemes sometimes in order to protect the public weal. Let the department allow the railway company to use them. It is true that they will be available for the Intercolonial Railway later on, but charge up to the company something more than the sixty per cent of the gross earnings. Take a certain other percentage of the gross earnings and pay the interest upon the bridges."

The Nationalists in Ireland are now getting arms and drilling volunteers. Having been doing the same thing themselves, those defenders of the king and constitution who live in Ulster cannot cry treason to the Nationalists.

Mr. Winston Spencer Churchill looped the loop six times in a monoplane yesterday over Sheerness Harbor. Whatever may be said on the subject of his Sunday diversions the first lord of the admiralty has no right to risk his life in this fashion. It may be, however, that he is trying to develop nerve for another climb with the suffragettes.

Whatever may be said about the justice or injustice of the American Revolution, Mr. Stark of Boston is quite right when he tells the people of St. John that something should be done to mark and honor the graves of the Loyalists in the Old Burial Ground. We may be more loyal and vastly superior in many other ways, but in this matter of honoring the memory of their heroes they do things better across the border.

Sad Mistake. In the house cloakroom the other day some one heard Speaker Clark telling a good story about two members. It seems that there furnished here in town a few years ago a literary bureau which furnished writers and speakers with facts or even whole sermons and speeches.

The government is only now waking up to the importance of a matter to which its attention has been continually directed, and with which it would probably not yet be disposed to deal but for the sad condition into which the Conservative party has fallen under Mr. Hazen's leadership in the province of New Brunswick.

Experiments in the Cradle. The first experiment which a baby makes is connected with the force of gravity. It is born with an instinctive or accidental dread of the unrestrained action of the force upon its own body; and it is said to be able to cling with tenacity to a stick or branch of a tree. Later on it takes pleasure in dropping miscellaneous objects to see them fall, perhaps to see if they all fall alike. And a very remarkable fact it is which is thus being observed; the most familiar of all material facts, that of the least understood—least understood, that is, of all the simple physical facts which must surely be well within the limits of human comprehension.

Huerta is the man of Mexico at present. Meharry will be "The Man from Mexico" at the Opera House tonight. A very funny farce, don't miss it.

BIRTHDAYS OF NOTABILITIES

MONDAY, MAY 18. This is the sixty-first birthday of Colonel Andrew Duncan Davidson, sometimes known as "The Father of the American Invasion," one of the right hand men of the Mackenzie & Mann interests and head of their land department. Born in Glencoe, Ont., he spent his younger days in the western states and then engineered the movement which directed the flood of American settlers into Canada. Since 1905 he has been chief land commissioner settling the Saskatchewan Valley with Americans, his most interesting coup was in connection with the C. N. R. entrance into Montreal. When he heard that it was proposed to tunnel Mount Royal, he instantly saw the way to pay for the right of way and the terminals. Going to Montreal, he established himself in a rather obscure corner, kept away from hotels and clubs where he would be known and working quietly and steadily succeeded in buying up the whole of the land behind the mountain now belonging to the C. N. R. No one knew anything about the move until the deal was consummated. The same plan was worked by him at Leaside, near Toronto.

Also born today:— P. C. Larkin, Toronto, born Montreal, 1866. John Stanfield, M. P., Truro, born Charlottetown, P. E. I. 1868. Elliott G. Stevenson, Toronto, born Middlesex County, Ont., 1856.

DOING BIG WORK. Hon. O. Gardner Talks on International Boundary Commission (Bangor Commercial).

Hon. O. Gardner, of Rockland, ex-United States Senator and now a member of the International Joint Commission on Boundary Waters, who came to Bangor to attend the wedding of Miss Gertrude E. Oak, and Charles F. Jenks, was called upon by many Bangor friends while in the city. Talking on the work of the commission to which he was recently appointed by President Wilson, Mr. Gardner said that it has some big projects under consideration. For instance, he will go to New York next week to pass upon plans to dam the Sault Ste. Marie river, which connects Lake Superior and Lake Huron, from shore to shore, diverting the waters of that river through a canal at the rate of 64,000 cubic feet per second, and making the maximum and minimum heights of the water there differ by only one and a half feet, which is much less than at present. This practically means damming Lake Superior, and Mr. Gardner states that the immensity of the project may be imagined from the fact that if no water were allowed to run into the lake, and if it should be allowed to run over this dam at the rate of 120,000 cubic feet a second, it would take twenty-one years to empty the lake.

overboard. The death roll of the lost freighter now stands at fifteen. The men snatched from death by the Seneca today were the first officer, Robert Teir, seaman, Oscar Kendall and Peter Bellanger, and Fireman Michael Ludwigsen. The Seneca reported that she was hastening to Halifax and expected to reach there tomorrow morning. The survivors had lived on only a few biscuits during a cast of water which had long since been exhausted. They had gone the limit of human endurance. When the look-out of the Seneca, searching the horizon for bergs on the ice patrol, sighted the small boat through his glasses not a sign of life was seen. The Seneca put on all speed, running down to the lifeboat. The encircled survivors were quickly transferred to the deck of the cutter and brandy forced between parched lips. As all the men were in apparent need of hospital attention the Seneca was pushed under forced draught to Halifax, the nearest port.

Fire in Bank Building. A fire in the Bank of Commerce building at the corner of King and Germain streets early yesterday morning, did damage to the extent of \$1,000 or more. The blaze was discovered in the rear of the building by William Fitzpatrick, who happened to be passing along Germain street. An alarm was rung in from box 28. The damage was done chiefly to the woodwork in the inside. No documents or valuable paper were destroyed.

Buried Yesterday. The funeral of Clement A. The body of Mrs. Frederick King was buried yesterday afternoon in the new Catholic cemetery. The funeral took place at 2:30 o'clock from her late residence, 68 Britain street, to St. John's Baptist church where service was conducted by Rev. Father Donahue. The funeral was a very large one and there were many beautiful floral tributes.

The funeral of William G. Campbell took place yesterday afternoon from his late home, King street, West End. The services were conducted by Rev. W. H. Robinson, and interment was in Cedar Hill. At 2:30 o'clock yesterday afternoon the funeral of Edwin S. Fenwick took place from his late residence, 106 Esplanade street. Rev. Mr. Wentworth conducted the services at home and grave, and interment was in Fernhill.

HIS CURIOSITY LED TO SERIES OF EXPLOSIONS

Several persons had a narrow escape from death last night when an iron manhole cover about three feet in diameter at the corner of Main street and Long Wharf was hurled forty feet or more in the air by a gas explosion, smashing telephone and electric wires running across the street overhead. Joseph Dixon of the North End, was standing on the manhole just a few seconds before the cover was lifted into the air. A rumbling noise underground caused him to step aside just in time. Three other manhole covers along Main street were also blown into the air, all on account of a foolhardy trick of a young man who touched a match to the air hole in the manhole cover at the corner of Portland and Main streets, and set fire to the gas collected in the conduits for the telephone cables. James Thorne, of 16 Simonds street, a boy, was painfully burned when the flame shot up.

The gas pipes along Long Wharf and in that section, according to persons who live there, have been leaking for some time, not very seriously, but for a few weeks, it is said, there has been an odor of gas in the street. It is thought that this escaped gas collected in the cable conduits and manholes in the vicinity.

Keir Hardie's Hats.
In an interview, published in the Christian Commonwealth, Keir Hardie recalls his first entry into the House of Commons in 1892 as member for South West Ham, wearing a cloth cap, tweed suit, and flannel shirt. "I had always worn a tweed cap and homespun clothes," he said, "and it never entered my head to make a change. I believe my wife thought about it, and bought a soft felt hat, but it had not arrived when I sat out for the House of Commons. I received eight or ten top-hats from good-hearted people in the country afterwards, and several people sent me orders on their tailors to get a suit of clothes."

Quiet But Effective Work Of Ottawa's New Police Woman
Miss Campbell Does Not Wear Uniform or Carry Baton or Gun —She Has Had Many Cases Settled Out of Court and Helps Erring Ones

(By Miss M. M. Murphy.)

Following the visits to Ottawa of policewomen from other large centres there was much enthusiasm and discussion throughout the city over the proposed appointment of one or two women constables in the capital. Opinions were expressed, varying widely, and finally, in August, Miss Flora Campbell was sworn in as police constable.

Miss Campbell was well acquainted with the style of work in her future field of endeavor, having been connected with the Travelers' Aid Society for a considerable length of time. She is Ottawa's only police-woman. She has full powers to make arrests, but seldom does so. She is not the powerful, six-foot type in build, nor even the "militant" type. No one could imagine Miss Campbell in such a role. The fact is, she is rather a slight looking person of medium height, and the embodiment of kindness and gentleness. In this lies her secret of success.

The majority have but a vague idea of the duties of a police-woman. At the time of Miss Campbell's appointment, some went so far as to conjecture that the outcome of an attempted arrest on her part of an intoxicated man or other rebellious characters. With the exception of children, Miss Campbell deals only with girls and women. Her work is chiefly in the preventative line. She does not aim to see how many erring mortals she can bring under the ban of the law, but rather how many tangles she can straighten outside of court.

Daily Routine.
At nine o'clock in the morning our police-woman is ready for duty. She looks at the street in the early morning women's cases. Should there be any she proceeds to the Juvenile Court room. Here the women with untried records are dealt with. Miss Campbell's duty is to appear in court probably more than once or twice a week," Miss Campbell stated. "I go in mainly so that the women's court will not feel alone. Of course I have to lay the charges."

When young girls appear for the first time, and are dismissed, if the charge is not too serious, Miss Campbell finds employment for them. The others she conducts to the cells, and takes care of in a general manner.

Of course there is the individual work, all of which is connected with the morality department. But on the whole, her duties as a police-woman are very indefinite. Once the formalities of the morning are over, she looks up her occurrence book. This contains records of any cases that have been heard of in different parts of the city.

These differ vastly. There are cases of a serious nature, such as the detention, and others that are looked after by Miss Campbell and fixed up without trouble. One of the former cases the constable cited was that of a woman who had been wilfully neglecting her children and spending her own time and that of others in unlawful ways. She visited the woman and her children to the police station. The children, she found, were too scantily clad for the street, and she took them to the Officer Keane, she had clothes sent for the children and had them conveyed to a charitable institution.

Another instance was one of a little girl who refused to remain at home with her mother. On investigation, Miss Campbell found that the parent was not fit to keep the child, and she was placed in a position and is doing well.

Left Her Trunk
Of minor cases, there was reported an appeal to find the owner of a trunk. A domestic had taken leave of her employer two years previously, but had left her trunk. There was hardly the ghost of a chance that the girl would return, and the trunk was sent to the police station. Miss Campbell stated that many domestics take a special delight in disappearing mysteriously, and on the mistress' reporting, it is the policeman's duty to find the girls.

Up to the present date Miss Campbell has only actually arrested two girls, one in the city and one in the country, at Carleton Place. The latter was charged with stealing in Ottawa, and upon discovery, taking the goods to Carleton Place.

"There are more arrests prevented than made," Miss Campbell stated. There were cases, she said, of quarrels between husbands and wives, which were very often settled out of court, by the intervention of the police.

Better Than Saloons
She thinks that, for a certain class of men the "picture shows" have taken the place, to a great extent, of the hotel. "I have heard from the wives of those men that their husbands, who at other times would spend their evenings in a saloon, go to the picture theatres instead," she stated. "But these theatres must be kept clean," she added, "clean and airy."

The police-woman's work is wide and varied. It will be readily understood that on no two days is her work exactly similar. She follows no schedule, has no "beat." It is a duty of investigation and elevation. "I have found from experience that you cannot treat two human beings in the same manner. There are no two alike," was the answer Miss Campbell gave, when asked if she did not find it interesting, dealing with different types of humanity.

Some offenders need only a kind word and a stern look to restore them to the right road, others need to be reasoned with, and some need to be punished. She is not a stern disciplinarian, but she is not lenient either. It is pitiful to say, beyond all this. When they come to this point, where they have lost every vestige of self-respect, it takes more than a word of advice to restore them to the right path.

In Ottawa, however, we have very few of these cases. In Toronto, for instance, the women's court is nearly as large as the men's. The cases are more extreme. It is very gratifying to note that this city which has advanced so far in the last century, has not advanced to a very large extent, in this kind of crime. In the line of work to which our police-woman is devoted, Ottawa's progress has been wonderfully well preserved.

That a police-woman is a necessary asset of the city is without doubt. Since the dawn of civilization, the police force in every way possible, it rests with her to keep those morals sound. And she does so well. It is not her duty to appear in prominence before the public. Her work is quiet, but exceedingly effective.

LOYALIST DAY IN THE CHURCHES

Ven. Archdeacon Raymond in Trinity and Rev. W. H. Barracough in Centenary

Venerable Archdeacon Raymond, in Trinity church last evening, gave an eloquent discourse on "The Loyalists," giving a short historical account of their coming, and speaking of them as a religious people who carried the Bible with them when they set out for Canada, and look as their motto "Love God, Honor the King." His Honor Lieutenant Governor Wood was present last evening.

At a special Loyalist Day service in Centenary church last evening, Rev. Mr. Barracough gave a practical sermon upon "The Christianity of St. John in the world," dealing with some of the problems to be found here and tracing the effect of Christianity upon civilization.

Coming to the message of today, he said that what the world wanted was not so much more Christian preaching but many more examples of its power in life of those who professed it—not more preaching but more living. The first requisite of this city was sincerity. There was a large amount of it was going to waste because directed into wrong channels. They needed the unselfish type of those who do their work for themselves. The opportunity for such a standard was as great as ever.

Again Christianity should be interested in everything that affected the well-being of the community. Christians should be energetic, practical people, recognizing that the problem of the day was the problem of the city—its health, safety, moral well-being, housing, town planning, playgrounds, child welfare, and the home and the care of the children generally.

During the services the anthem, "O worship the Lord" (Hollis), and the duet "Love Divine" (Stainer) were rendered, the duettists being Mrs. A. P. Crockett and T. A. Cummins. A hymn, "For our country" was also sung.

THIS OLD GENTLEMAN CURED OF RHEUMATISM
BY ONE BOX OF GIN PILLS.

Yarmouth, N. S.
"I have been bothered with rheumatism for the past year and have taken a good many different kinds of medicine and found no relief for it.
One day a friend advised me to try GIN PILLS and after taking one box of them, I felt like a new man. I thought I would write you a few lines to let you know how thankful I am for the relief they gave me, and would advise all sufferers from rheumatism to try GIN PILLS."

WM. CONTY.
Don't bother with liniments and so-called "blood purifiers." They won't help your kidneys—and Rheumatism is caused by weak, strained or irritated kidneys. The only possible way to cure Rheumatism is to cure the kidneys. GIN PILLS will do this as nothing else will.

Take GIN PILLS NOW and be free from Rheumatism this winter. 50c. a box—6 for you are not satisfied.

GOVERNMENT TO BUILD BRIDGES

Will Rent Them to Valley Railway on Percentage Basis—F. B. Carvell Succeeds in Saving a Year on Plans for Construction

Ottawa, May 17.—At the afternoon sitting of the house on Saturday Hon. Mr. Hasen's bills to provide \$9,000,000 to the Montreal and \$2,000,000 to the Quebec harbor commission were put through. The minister in answer to a question from Hon. Mr. Lemieux, said that he agreed that all ships purchased for the government should be built in Canada.

Hon. J. D. Reid moved a resolution to authorize the dominion government to construct three bridges across the St. John river on the St. John Valley Railway. He said that the dominion would own the bridges, and would lease the rest of the railway from the company. For fifteen years no interest would be charged on the cost of the bridges, but after the expiration of the period a rental would be charged. This rental would be calculated by taking a portion of the gross earnings equal to the proportion which the cost of the bridges bears to the cost of the whole railway. The rental which the I. C. R. is to pay the St. John & Quebec Railway Company is 40 per cent of the gross earnings.

F. B. Carvell congratulated the government on having decided to eliminate the St. John & Quebec Company. He would not claim credit for the decision. He would believe that the government had seen the wisdom of the action. But he would say to the people of Canada that he had advocated this course earlier in the session. He had one criticism to make only. He did not like waiting for a year till the New Brunswick legislature could agree to the change.

Mr. Hasen suggested that the bill might be amended to allow the dominion to go ahead on passing of an order-in-council by New Brunswick promising to introduce legislation on the subject.

Mr. Carvell thought this might be done.

Hon. J. D. Reid stated that the bridges would be built by public tender.

MORNING NEWS OVER THE WIRE

Lindsay, Ont., May 16.—The Liberals of South Victoria held a convention here today and nominated C. E. Weeks, who was the Liberal standard bearer in the last provincial election.

Sir Edward Carson has denied the report that he is to be married next month, but it is learned on reliable authority that the Ulster champion will marry when the present crisis is over. His denial evidently only relates to the time limit.

Ottawa, May 17.—Hon. L. P. Pelletier, postmaster general, has been instrumental in introducing a week-end cable service between Canada and Australia to be effective forthwith. Week-end messages may now be sent to Australia and New Zealand at the rate of \$2.50 covering the first twenty words or less, and 1c cents for each additional word.

MURDERED IN THEIR HOME

Aged Mother and Adult Son and Daughter Victims in Ohio. Ironton, O., May 18—Mrs. Dennis Masie, her son Robert and daughter Mary were found murdered at their country home, Greasy Ridge, twenty-five miles from Ironton. The mother, seventy-five years old, the son and daughter, past forty-five, were prominently connected in this city.

Miss Mary Masie was found in the kitchen of the house with her hands tied behind her back and her throat cut. Robert was found in the back yard, with his head battered in, and the mother was found in the front yard with her throat cut and skull crushed.

The police say that the positions in which the bodies were found strongly indicated an attack on the daughter, Robert and murder of the mother in the yard and the wounding and killing of the son near the barn.

Search is being made for a young man who has been employed on the place.

The Outlook

New York, May 18—The reports from England show that trade is keeping up in a remarkable way, especially considering the great falling off in the cotton market, particularly in Germany. The English iron market is being flooded by cheap exports from Germany, where prices are being made for a young man who has been employed on the place.

An alarm was rung in from box 12 at three o'clock this afternoon for a fire in the store of Oliver T. Evans, in Waterloo street, near Union. The blaze was slight.

BELIEVES MAINE PEOPLE ARE NOT COMPETENT

Bishop Codman Says They Cannot Understand Episcopal Church, So Others Come. Portland, May 18—The Protestant Reformation brought its blessings, but it also brought its curses," said Bishop Robert Codman of the Episcopal diocese of Maine, at the annual meeting of the Women's Auxiliary here.

"I believe that much of the immorality and other forms of wrong and weakness, existing today, are due to the Protestant Reformation," he continued. "But in all this stands our historic church. Little by little in His own time God is preparing the people for the message of the Episcopal church, but where good crops and other natural forces may turn the tide."

BIG EMBEZZLEMENT

FROM MERCHANTS' BANK

Police Searching For Montreal Employee—A Stenographer Also Missing; Wife Prostrated

Montreal, May 18—The police are searching for Vassal Delmege, 35, charged with embezzling an amount said to be \$100,000 from the Merchants Bank of Canada, in whose offices he had been for sixteen years.

A young woman stenographer is said to have left the city with him. Meanwhile there lies in collapse the attractive young wife of Delmege's daughter of the late Colonel Cook and prominent in social circles here.

BURIED TODAY

Citizens in nearly every walk of life paid their tribute of respect to James L. Duke, whose funeral was held this morning from his late residence, 185 Waterloo street. The body was taken to the Cathedral where high mass of requiem was celebrated by Rev. William O'Keefe, Rev. C. P. Carleton, Rev. Miles P. Howland, Rev. Simon Grogan, C. S. R., Rev. J. McDermott, Rev. J. J. O'Donovan, Rev. J. J. Ryan, Rev. W. S. Holland, Rev. C. J. McLaughlin and Rev. W. Donahue. The service at the grave was read by Rev. Father Duke.

The body was laid to rest in the new Catholic cemetery. The pall bearers were M. Potter, M. Regan, H. Dolan, J. Barry, T. Gorman and P. Fitzpatrick. The coffin was covered with a large number of beautiful floral offerings.

A COLLISION.

In King street about one o'clock today, a C. P. R. messenger boy named Vogel, was riding on a bicycle and when about opposite J. M. Humphrey & Co's he noticed a man stepping out from the sidewalk to cross the street, the lad stopped his bell and prepared to apply the brakes. The pedestrian, however, stopped, and the boy, thinking that he had a clear way again started to coast down the street. Just as he was about to pass the man the latter started again and the two came together with force. Vogel went over the handle bars, falling on his shoulders and scraping one of his hands. The man was knocked down, but was apparently uninjured.

LITTLE ONE DEAD.

The friends of Mr. and Mrs. Joseph Arthurs, 55 City Road, will regret to hear of the death of their son, Arnold David, aged thirteen months, after about a week's illness with pneumonia.

Fly Swatting Is Useless

Our Dominion Entomologist says: "It is a common mistake to think that the fly swatting campaign that has been carried on by some of our newspapers are useless as fly reducers." But the fact that one ten-cent packet of WILSON'S FLY PADS is capable of killing a bushel of flies proves them to be the best of all fly killers and recommends their continuous use to good housekeepers.

WILSON'S FLY PADS are sold by all grocers and druggists everywhere.

Women and Aviation.

In view of the distressing accidents which have recently occurred to expert aviators, it is not with very great enthusiasm that one learns that women show an increasing disposition to take up aviation, not only as a pastime, but as a business, says the London Lady's Pictorial. It is clear that even now the danger attaching to flying is very great. Even the most experienced are in peril of their lives every time they ascend, and if it is fraught with so much danger to men, aviation is certainly at present a gravely dangerous pursuit for women to attempt to follow. It is interesting by the way, to note that the new means of locomotion is already commemorated in the stained glass window of a church, the window having been given as a thank-offering for the salvation of a woman's life in a very serious aeroplane accident.

Black and white effects are strong for spring, practical too, and there's no place outside of this store where you can see a better assortment.

Many different patterns in many different fabrics. All prices, from \$12.50 to \$32. Too early for 2-piece suits? Not to look any way, \$12.50 to \$23.00. No good ones escaped our buyer.

The Taylor's Silver Black Fox Company, Limited

Offers the very best inducement to those desiring to invest in the Silver Black Fox Industry.

Twelve Pairs of Foxes are guaranteed to be on the ranch by the First of September, A. D., 1914. Seven pairs of breeders are already on the Ranch. The capitalization is \$180,000, making the Foxes \$15,000 a pair this year. This is a low capitalization in comparison to any company now offering fox stock for sale. Prospects this year for large litters are exceedingly good.

Reports so far are brighter than last year. The Dalton loss was peculiar to that ranch and takes the biggest competitor out of the market for 1914. Prices for this year's pups are higher than last year.

The Taylor's Ranch is the finest and most up-to-date on the Island.

The shares are \$100.00. 20% on application; the balance on delivery of certificate.

WINS MORE GOLF HONORS.

Harold H. Hilton
Harold Hilton, British amateur golf champion, added one more to his list of brilliant performances, by winning the golf illustrated gold vase tournament at Sunningdale, England. To win this cup he defeated the best golfers of America, England, France and Australia.

A PENNANT WINNER.

Frank Shaughnessy, manager and centre forward of the Ottawa team. He landed the Canadian League pennant for the Senators last season. Pennant winning is his specialty. He won the flag managing Roanoke in 1909, another for Fort Wayne in 1912 and he coached McGill Rugby team in 1912-13 winning two championships. He also managed the Ottawa pro hockey team during the past season.

MID WEST PRODUCES A SPEEDY STAR

L. Sanders
Champaign, Ill., May 15—Captain R. L. Sanders of the University of Illinois track team, is regarded as the fastest middle-distance runner in the United States. He has covered the quarter mile in 49.1, which is remarkable time for the distance. His most recent feat occurred during the Pennsylvania relay games when, with several yards to make up, he passed the famous Huff, of Michigan, with a rush and covered his half-mile in the two-mile relay race in 1 minute, 57.4 seconds, which is close to record time for the half-mile.

LEAGUE OPENINGS

Three Amateur Organizations Commence Tonight

East End, St. Peter's Y. M. A. and Church Leagues Begin This Evening With Appropriate Ceremonies

Three local amateur baseball leagues will open their series in the city this evening and, for the remainder of the season, there will be fixtures almost every evening. The leagues to start their season this evening are the East End, St. Peter's Y. M. A. and the Church League.

The first game in the East End League will be played between the Alerts and Commercials, and will commence at seven o'clock. Mayor Frink and the commissioners have been invited to be present and it is expected that the mayor will deliver the first ball.

The line-up will be as follows: Greenwood, Thompson, p. Brittain, c. G. Callahan, lb. E. McNulty, 2b. O'Regan, 3b. J. Gillespie, ss. Costello, r.f. J. Callahan, lf. Arsenau, c.f. Money and Daley, spare. Nationals: Bourreau, p. Cooper, c. Howe, lb. Wood, 2b. Daley, 3b. Smith, ss. Sproule, lf. Callahan, c.f. Perkins, r.f. Lynch and Hayes spare. Umpire James McAllister, on bases, D. Curry. Scorer, H. Nixon.

On the Shamrock grounds the Church League will open their schedule this evening when Trinity and St. Stephen's will lead off. Games will be played in this league every Monday and Thursday evenings.

Commissioner McLellan will officially open the St. Peter's Y. M. A. League on the St. Peter's diamond at seven o'clock this evening. The Thistles, captained by Joe Dever, and the Shamrocks, with James McIntyre in control, will start the series.

The teams will likely line up as follows: Thistles—Joe Dever, c.; Howard or McElroy, p.; John Devlin, 1b.; J. McCormick, 2b.; Lenihan, 3b.; W. Gibbons, ss.; Driscoll, lf.; C. McCormick, c.f.; White, r.f.

Shamrocks—J. Gibbons, c.; Butler, p.; Hagerty, lb.; Kelly, 2b.; McCann, 3b.; McBriarty, ss.; Howard, lf.; O'Donnell, c.f.; Elliott, r.f.

AQUATIC

Sydney May Challenge.

The Sydney Record, in speaking of the Concorator Cup, says: To date the only possible flyer in sight is the Royal Cape Breton yacht Shirley and local faith in this little beauty has in no way diminished despite her regrettable loss to the Gem last year at Baddeck.

The Shirley is to be overhauled and put into even faster condition than she showed at any time last season. The hull will be strengthened and an additional ton of ballast added. The improvements will include the remodeling of the sail drees. This will put the Shirley in good competing order with the Halifax boats and give her a possibility of lifting the cup if it is decided to compete.

BILLIARDS

Start Another Tournament.

The men engaged in the construction of the Atlantic Sugar Refineries building, who completed an English billiard tournament in the Ideal parlors a short time ago, have started another series and five games have already been played. The men taking part are Messrs. Gardner, Wilson, Thompson, Keeble, G. Smith and T. Smith. The following are the results of the games already played: Gardner, 150; G. Smith, 103. Gardner, 150; Wilson, 98. Wilson, 150; T. Smith, 113. Wilson, 150; Thompson 110. G. Smith, 150; Wilson, 121.

Gardner is leading for the high break with a break of twenty-five.

The Eiffel Tower.

The Eiffel Tower, which has just celebrated its twenty-fifth birthday, has of late years become extremely useful to scientists. Its suitability for measuring variations of atmospheric pressure has enabled it to be utilized as a kind of barometer, while alterations in its height according to the temperature rises or falls have made it the most stupendous thermometer in the world. These variations in size have been carefully measured by M. Goullume, and show surprising and remarkable responses to the interposition of clouds, sudden bursts of sunshine, or the cooling effect of showers of rain. In addition, it is now connected with the Paris Observatory, and from its summit Greenwich mean time is sent out by wireless twice every day, for the benefit mainly of mariners, who are thus enabled to check the going of their chronometers, on the accuracy of which depends the ascertaining of a vessel's position in the trackless oceans.

Radway's Ready Relief

Chas. H. Billings, of 216 W. 17th St., writes: "For years I have been suffering from asthma and bronchitis. A week ago I purchased a bottle of Radway's Ready Relief and have taken it as recommended in water before retiring each night. The relief I have experienced is marvellous. I most heartily endorse it."
CURES ASTHMA

After The Top Notchers

(FROM T. S. ANDREWS)

Milwaukee, May 16—Johnny Tillman, a Minneapolis lightweight will not be satisfied until he has a chance to mix with either a champion or a near-champion. Frank Tyrell, a former theatrical man and of 'roudin' sport has taken a great fancy to Tillman and is out with an offer to back him against either Freddie Welsh or Willie Ritchie for \$5,000 a side. Tillman is a very braver boxer, but when he showed some time ago he was at a disadvantage in his contest here with Len Rowlands. Since that time he has put on good battles, one against Pat Brown, his rival in Minnesota, and the other against Ad. Wolgast. He showed remarkable cleverness in each of these

two contests, hence the great admiration of Mr. Tyrell for the youngster.

Inside of going after the champions with a big side bet just now, would it not be better for Mr. Tyrell to match Johnny with Pat Brown for the championship of Minnesota and in fact, the northwest, for it must be admitted that there is no boy in the lightweight class who has anything to speak of on Pat Brown when the latter is right. Pat recently returned from Australia, having defeated the champion of that country and several others, but when he fought Tillman ten rounds in Superior some time ago, he said he was suffering from a severe case of grippe and also from a badly swollen ear. Pat went to the hospital and had his ear operated on and also his nose and reports now that he is in the best of health and will soon be able to enter the ring and meet all comers, Johnny Tillman, Ad. Wolgast and Willie Ritchie preferred. A battle between Brown and Tillman would no doubt prove a big card either in July or August.

BASEBALL

Jacobson Responsible.

A stumble by Jacobson at third base when he might have scored in the ninth, caused Lynn to suffer their first defeat of the season to the Lawrence club, 5 to 3. Condon and Dedrich operated on the mound for Lynn. Condon pitched the 6-13 innings and allowed five hits, gave three bases on balls, hit one batter and struck out four. Dedrich was touched four times and fanned three. Of eight hits made by Lynn, McPherson had a single and a double.

Duggan Hitting for 300.

Pat Duggan has been released from the Memphis club in the Southern League and is now in the right garden for the Haverhill, New England, team. Only one man on the Haverhill is ahead of Pat in the batting; both are well over the 300 notch.

Bates is Suspended.

Stanley Bates, a pitcher who has figured in pro baseball in the maritime provinces for the last three years, appearing on the roster of Fredericton and the Halifax Standards, is a hold-over and has been suspended by the Worcester Club in the New England League. Bates was given a try out last spring with the New York Giants, and was handed over

Worcester by McGrath. He made a success last season and his holding off

weakening to the Worcester pitching staff.

Atlantic League Wednesday

The Perth Amboy team, managed by Bob Ganley, formerly with Fredericton, will start the Atlantic League series on Wednesday of this week.

Here's What They Say.

Friday evening's New Glasgow News said:—After two days' stormy session at St. John the proposed Maritime Baseball League has been declared off. Pictou County's representative, A. McQuarrie, Westville, made every endeavor to secure a series of ball games this year. The contract called for \$25 for each visit to St. John, but at the meeting this was refused and Pictou County team was offered 40 per cent, which they refused to accept, the result being that the league, so far as Pictou County was concerned, was knocked on the head. Mr. McQuarrie immediately wired Mr. Mason at Boston to cancel any engagements made for players.

SUNDAY WAS A BIG DAY IN EVANGELISTIC CAMPAIGN

Queen's Rink Crowded — Temperance Rally—Noon Day Meetings

The meetings held in the Queen's Rink yesterday were attended with very satisfactory results. The seating capacity was taxed and many people were left standing. The singing of the large chorus was a very pleasing feature and many commendations were heard regarding the song service under the direction of Mr. Van Horne. The ministers present of yesterday's services were Rev. Messrs. Camp, Franklin, Lawson, Gaetz, Wentworth, Crisp, Ross, and Haughton. Officials of various churches occupied seats on the platform.

Rev. Doctor Burrows delivered fervid addresses during the day. Geo. E. Knight, manager of the campaign, spoke three times in addition to singing six solos. Mr. Van Horne, in addition to his regular work, spoke once and sang six times.

The afternoon service was opened with prayer by Rev. Lawson. Mr. Knight sang "Growing Deeper and Deeper Each Day," after which Doctor Burrows spoke using the words "And the Fire Fell" as his text. He dealt with the coming of the Holy Spirit for the purpose of cleansing the life from sin. The evening service was opened by Rev. Mr. Gaetz in prayer. After Mr. Van Horne had elicited a generous applause by his singing of "The Holy City," Doctor Burrows was preached from Rev. 8:30, "Behold I Unique theatre."

stand at the door and knock." He dealt with the various methods that Jesus used in trying to obtain an entrance to the human heart, and the never ending patience of Christ as he pleads with the unaved to surrender their lives to his keeping. Many accepted the evangelist's invitation to accept Christ as a personal Saviour.

It is expected that the service in behalf of the temperance movement will be the largest yet held. A band has been engaged and there will be special music. The subject for the evening is "The Saloon vs. Business." Plans are rapidly formulating for holding of noon-day meetings for business men in the

The Boston National League team has sold pitchers Frank Schmitt and Fred Tercie to teams in the International League under optional agreement. Schmitt will go to Montreal and Tercie to Rochester.

Only One Hit

While there has been some good pitching in the big leagues this spring, big Jim Vaughn of the Cubs has come closest to a no-hit game, leading the Brooklyn Superbas and allowing them only one base hit, this being made by Catcher McCarty. Vaughn previously had pitched two games, beating Cincinnati and losing to St. Louis.

TENNIS

The Championships

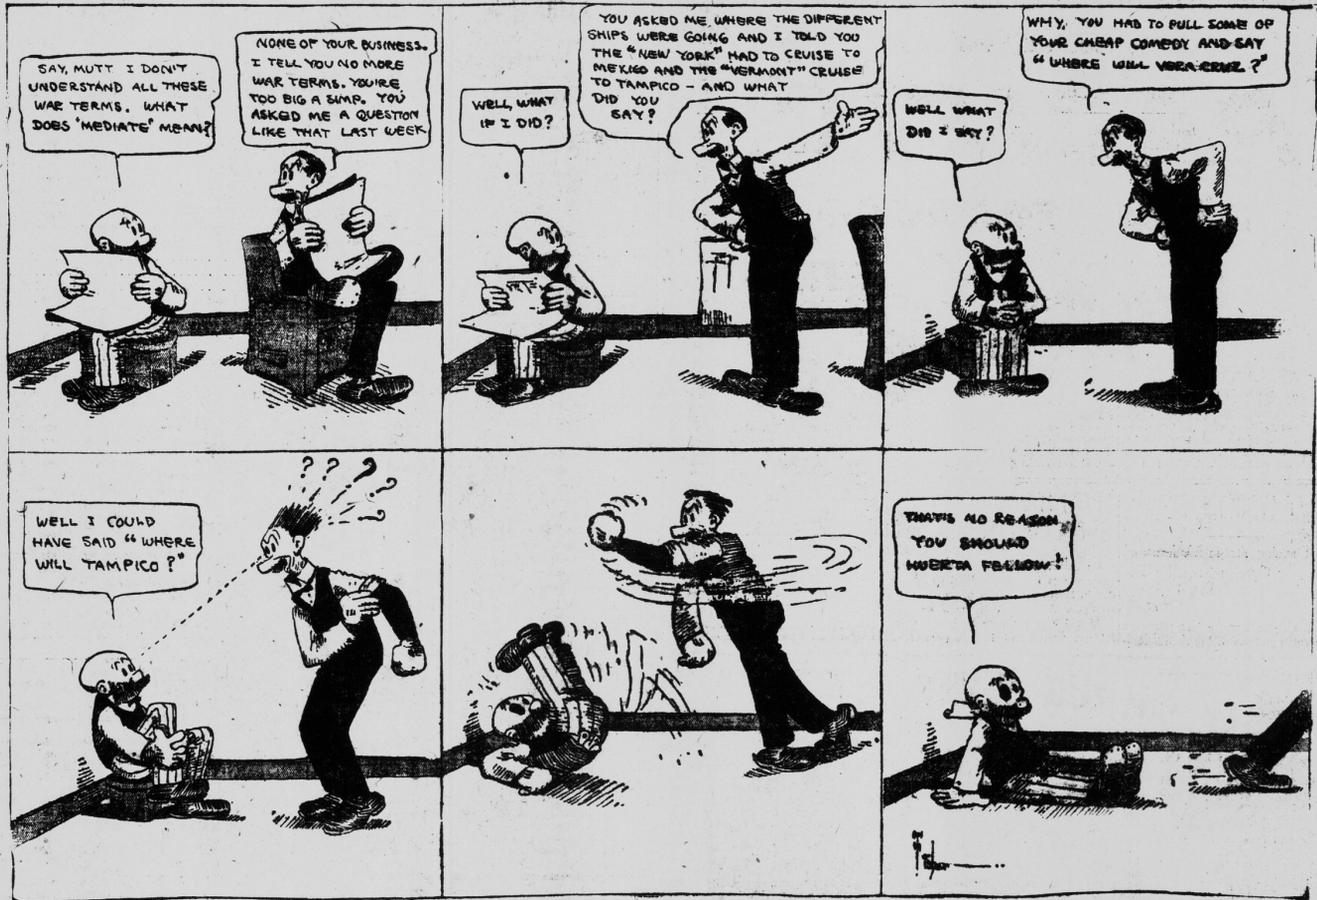

London, May 18.—The British Lawn Tennis Association has just completed arrangements for playing off the European preliminaries of the Davis Cup tournament. The first match will be between England and Belgium at Folkestone, England, on July 7, 8 and 9, the winner of which, presumably England, will play France at the Wimbledon courts on July 11, 12 and 13. Assuming that England wins both contests, it is arranged for the British team to sail for New York on July 15 to meet the winner of the Canada-Australian match. The arrangement of the games gives Australia advantages which the winners of the European section will not enjoy. They will have a longer time to get used to the American climate and moreover may have the benefit of some preliminary practice on the American courts with prominent American players.

Though the British team will be a strong one, it will not be so strong as that which will represent Australia. Norman Brookes, who seven years ago won the British championship will lead the Australian team and will be assisted by A. P. Wilding, who at present holds the British title and who was the only player to defeat Maurice McLoughlin during the American tour in England last season. It is known that McLoughlin will not come over this year for the British championship, which will in all probability be won by Wilding for the fifth year in succession.

England's weakness in the Davis Cup competition lays in the doubles section and there does not seem any prospect of any young players of promise being discovered before the preliminary rounds. Present indications point to Australia being the final challengers against America for the cup next August.

accounted for by the fact that Dover offers so many advantages to the trainer who plans on extensive campaigning, writes Frank G. Trott, in the Boston Globe. The New Hampshire plant has long been noted for its early track, excellent water, cool nights and roads to suit all ideas as to the kind to jog over. Last summer there was added still another attraction, a clay track that has no superior in the country. The ribbon of clay is eight inches in depth over the old loam about half the width of the track. The footing is perfect and the clay dries very quickly. It is easily worked, taking a cushion that remains one of famous Rigby when the Portland track was the world's best. The clay was selected by Walter Cox, being found less than a mile away. The surfacing was done by John and Lewis Walker of Newmarket, N. H., and they have every reason to be proud of their work. Dover is the home training camp of

Walter Cox, and the clever Yankee reinsman now has seventy-two pupils in charge, being assisted by his staff of former years, Herbert Yeaton, Frank Monahan and Ted Horan. The stable veterinarian is Dr. James T. Letteney, who also presides over the shoeing shop, dividing the work with Waverly Holmes until shipping time, when the doctor goes to the Grand Circuit and Holmes to the half-mile rings. Suit Over Stopping of Races. Oklahoma City, Okla., May 16.—Suit against Governor LeFlore, Adjutant-General Frank Canton and Major Windfield Scott, asking \$30,000 damages for stopping the recent Tulsa race meet, was filed here today by R. J. Allison, who represents himself as lessee of the Tulsa fair grounds at the time. The suit alleges that Canton and Scott, at the direction of Governor LeFlore, invaded the field with an armed force, threatening to shoot any person who should further attempt to carry on the meet, and arrested several persons who attempted to enter the grounds. Big Entry List. Detroit, Mich., May 16.—All the big stables and many newcomers are included in the entry to the stakes to be raced at the Michigan State Fair grand circuit meeting here September 14 to 18. The entry list not only shows twenty-two entries in the \$5,000 trot and twenty-five in the \$5,000 pace, but has the biggest entry of the year in the free-for-all pace, eleven being named. AQUATIC International Motor Boat Race. New York, May 17.—The elimination races in the east to secure a team of high speed motor boats to go to England to race for the international motor boat trophy, will be held off Huntington, Long Island, July 8, 9 and 10. The entries will close on July 1. The races in England will take place in the second week in August.

weight. Ritchie was offered extraordinarily good terms for a match with White in Milwaukee on May 20 but the chances are that White will be booked with either Leach Cross or Freddie Welsh. RING. Many On the String. Promoter Baker of Australia, who is now on his way home, says he has 82 boxers under contract in Sydney at the present time and that these will soon be joined by eight French boys and four more Englishmen. He also expects to have some of the Americans in the near future. Ritchie Out for the Money. Willie Ritchie, lightweight champion, has them all beaten when it comes to finances. Despite the fact that he got \$16,000 in Milwaukee for a ten round "no decision" contest with a \$10,000 guarantee, when he met Ad Wolgast, he demanded even bigger terms for a match with Charley White, a Chicago light-

AT LYRIC THEATRE

The Dancing Art in Modern and Ancient Grecian Style, by The Conway Sisters

At the Lyric Theatre this afternoon evening and continuing until Thursday, somewhat of an innovation in vanderlille, locally speaking, will be presented by two delightful and talented exponents of the dancing art as practiced in ancient Greece, in the B. C. period and in the entire world at the present time.

The Conway sisters have established for themselves a most enviable reputation in England and the United States for their artistic achievement given their dancing performance and for the exquisite manner in which each number is presented, a style of their own that forcibly will demonstrate the real meaning of the "poetry of motion."

INTEREST ATTACHES TO OLD CANE FOUND IN HOUSECLEANING

An interesting relic of a former century was brought to light on Saturday in North End in the home of W. H. Dunham, Albert street, when an old-fashioned cane of more or less historic interest was found in the process of housecleaning. The stick is the property of his son, Bnaley, to whom it was given some fifteen years ago or more. It was lost to view for some time but was brought forth on Saturday. The walking stick is of oak and is none the worse of its great old age.

RE STREET RAILWAY EXTENSION

Sir—Noted an article in your paper regarding the Street Railway extension to Goldbrook, and on the Red Head Road. I would like to ask through the columns of your paper what steps are being taken to extend the street railway on the Manawagonish Road, Fairville. It was expected that it would be extended to Manchester's Corner this summer, but as yet there is no sign of the work being commenced. The Manawagonish Road, or Lancaster avenue, as it is now called, extends from Fairville to Spruce Lake, and has an excellent view of the Bay of Fundy, and is especially adapted for a residential suburb.

NEW CHARTER FOR CITY

Adult Suffrage and Elimination of Plural Voting on Debuture Issues Are Features—Salary of Commissioners to be \$5,000

Edmonton, Alta., May 18.—Government by elective commission, including the initiative, the referendum and the recall, the preferential ballot, the adoption of adult suffrage and the elimination of plural voting on debuture issues, with alternative methods of electing commissioners and designated duties, are the outstanding features of a new charter submitted to the city council of Edmonton.

The new charter, which is designed to make Edmonton "the freest city on the North American continent" will now be considered by a committee of fifty representative citizens, to be appointed by Mayor McNamara, acting in an advisory capacity with the city council. When this body makes its report, the charter will be submitted to a popular vote, and if successful it will be presented to the provincial legislature at the fall session, making possible the election of a board of five commissioners early in next December.

THEFT OF COATS

Frederick Bell Under Arrest on Suspicion of Stealing Seven of Them

Frederick Bell, known as "Spidey" was arrested on Saturday on suspicion of having stolen seven coats from the home of Abraham Freedman since the first of the year. The arrest was made by Sergeant Kilpatrick and Policeman Anderson. Freedman said that early in January two coats were missing from his home. David Carleton, who occupies a flat in the same house said that he went to his barn in the Ann street one morning about January 10 and found a man wearing a coat and carrying another on his arm. He recognized them both as belonging to the complainant. The witness said that Bell asked him if he wanted to buy any coats and said he would take \$1 each for them. Carleton said he told Bell they were stolen and that if he would sell them for that price. He then went in to the house and notified Mr. Freedman of what he had seen.
