THE QUEBEC MARRIAGE LAWS ARE MISUNDERSTOOD

Ottawa, May 28.—What is considered to be the crucial point in the argument of the learned counsel opposing the right of the Dominion Parliament to enact the Lacasse marriage bill was reached in the Supreme Court this afternoon when P. H. Mignault, K. C., of Montreal, asserted that the general public misunderstood, and any legal light seemingly deliberately misconstrued the marriage law of the Province of Quebec.

The Forbidden Topic

By RUTH CAMERON

"AND how do you do, this morning?" I saluted a casual acquaintance of mine. I meant the question merely as a form of greeting, but the lady took it in its literal sense, and proceeded to fully enlighten me. "Well, my indignation is a little better this morning," she decided, "but my rheumatism is worse. It kept me awake from four o'clock on. I've been taking some new pills for it but I had to give them up because they upset my stomach and—"

In the last five years there has been an influx of a new kind of article into our magazines—the health article. We are told everything imaginable about our bodies and the care of them, how to avoid this disease, what the first symptoms of that abnormal condition are, etc., etc. In many ways I think these articles are a splendid thing, but I sometimes wonder if the subject is not on the verge of being overdone. It is not possible to concentrate proper attention upon the body and the life to which it is heir, to an unhealthy degree. It is well to know enough about the body to be able to live normally and to recognize danger signals when something is wrong, but it is not possible to know and think too much about our hearts and our stomachs, our digestion and our nerves.

There is such a thing as knowing too little about the body, its care and its needs. To understand the functions of the body enough to try to live rightly, and beyond that to think and talk as little as possible about the whole matter—this, I think, is a golden mean between these two extremes.

A View of Deschanel as Possible President of France—A Man With a Home in Many Lands

An event that has just taken place in France may possibly have far reaching consequences as far as international affairs are concerned, and that in the not very distant future, adds to the election of M. Paul Eugène Louis Deschanel to the presidency of the French Chamber of Deputies, thus making him the most conspicuous candidate for the presidency of the republic in succession to President Fallières.

There is no disputing the fact that M. Deschanel is a man of undoubted talents. He is a member of the academy, a famous orator and an impressive writer on political and social questions. But he is regarded by many as an "unusual" man for the position of president, for the reasons that he has too limited a sense of the responsibilities of any office he may hold, makes too strong an assertion of his own individuality, that he is too impetuous and also regardless of the consequences of what he says.

As I mentioned in these letters the other day, he gave great offence in Vienna some years ago, by declaring in his speech of inauguration and election at the French Academy that "emperor Francis Joseph's death would be France's opportunity, since it would bring about the danger of an insurrectionary remark about a foreign country, and submit every word to their cabinet before uttering it. What would therefore happen if the French were elected as their chief magistrate a man who, while gifted with a copious vocabulary of incisive language, should have the habit of heedless and unfettered outpouring, and of saying the wrong thing, at the time when it would do the most harm, is too unpleasant to contemplate.

Besides all this, he is scarcely what one would call "practical timber," he is too simple in his dress; so artificial and inordinately correct as to be almost repulsive to the charge of foppishness and affectation. At one time he was a suitor for the hand of the sister of M. Humbert.

The dignity of president of the chamber carries with it many advantages, namely, the permission of living at the Tuileries, a salary of 100,000 francs a year—which in France means \$100,000—and a course more of privileges and advantages well worth looking forward to.

Truly a Man of the World An American who was so cosmopolitan in his tastes that he had residences in New York, Montreal and Paris, and who had relatives and connections by marriage in the United States, Canada, England, France, Holland, Germany, and far off Australia, is, I think, well worthy of passing mention.

I feel to allude to this subject through the fact that the will of John Torrance Vanneck has just been filed in the Surrogate's Court, New York, for probate. It disposes of New York property to the value of upwards of \$1,000,000, in addition to the real estate in Canada, where he had a home in Montreal, though he lived a great part of his time in Paris. The Vannecks are of Dutch origin. The English branch dates from the time of the first baronet, Sir Joshua Vanneck, who was the second son of Cornelius Vanneck, paymaster general of the land forces of the united provinces.

PARISIAN SAGE

The third baron, wishing to dispose of the Glewering Hall estate, placed it in the hands of a prominent firm of London real estate agents, with the understanding that they would exercise the usual circumstances in issuing permits to view the place by likely purchasers. Suddenly the elder of the three visitors, informed the butler that he had made up their mind to stay in the place, as it belonged to him, the speaker, it was determined to exercise his right of ownership, adding that in acting thus he was following the advice of his lawyer for the place really belonged to him and in no sense whatever to Lord or Lady Huntingfield. Convinced that he had a gang of lunatics to deal with, the butler called for assistance. The village policeman, the gamekeeper, the carpenter, and others, quickly responded, and the visitors were carried out of the house. Thereupon the claimant served notices of his alleged title on all the tenants, who were warned to pay the rents to no other person or persons than William Brock, the claimant. The latter, in the statement of his case, carried the title to the property back to the year 1745, when Thomas Whympyer was the owner. He had four sons and one daughter. The sons had a life interest in the property, and leased it to the Arceleschens, who came into possession, so it was alleged, as tenants only. The sons left no descendants, and, neglecting to collect the rents from the Arceleschens, the latter acquired a possessory ownership for the time being. But the daughter married one Brady, and the issue of this marriage was a daughter, who married a Block, from whom the claimant was descended. Although the claim was barred by the statute limitations, yet this annoying suit interfered with the sale of Glewering Hall for a considerable time, as no purchaser cared to come forward and buy property the title to which is the subject of a lawsuit. The name Arceleschens is not often met with nowadays, having apparently been absorbed into that of the Vannecks when the heiress married the second Baron Huntingfield. But, in a manner of speaking, it may be said to be immortal, for it was an Arceleschens that furnished the inspiration for "Harry Foker" to Thackeray in his novel "Pendennis," and who was a friend of the novel's hero. Sometimes, however, Arceleschens, his lack in a fashion that made Thackeray wince. For instance, after the first night of the novel's lecture on "The Four

Twisting Nerves. Bangor Man Was Tortured—Could Not Sleep. It would be very hard for anyone to convince Mr. Samuel Bruch of Bangor, Pa., that he had not been wonderfully benefited by Vinol. He says: "Owing to weakness of the nerves, which were constantly pain me and twitching so that I could not sleep at night, I was weak and rundown. Hearing that Vinol was an excellent tonic and strength creator I commenced using it and immediately began to feel much better. My nerve trouble left me and I can now sleep better than I have for a long time. "I can truthfully say that Vinol has done all for me that is claimed for it." The reason Vinol did Mr. Bruch so much good is because it gave him new strength and built up his health in general, just as it does for all weak, nervous, rundown people—just as it will do for you if you are that way. It was not long before a false claimant arrived. A woman who had evidently seen the man leave it behind him advanced to the counter and, saying she had lost a wallet, put in a request that the one found be returned to her. Knowing that it belonged to the old man, Miss Curran refused to give it up, and it was not long before the rightful owner had reason to be thankful that the finder was honest, for it was soon returned to him.

MRS. FARRAR HOME AGAIN

Wife of Disgraced Clergyman, Former Chaplain to the King

New York, May 29—Mrs. Frederick Percival Farrar, wife of the disgraced clergyman whose appointment as chaplain in ordinary and domestic chaplain to the king and as honorary domestic chaplain to Queen Alexandra was cancelled last November by King George, has at last returned to her relatives here.

Richard Harding Davis, her author, and Charles Belmont Davis, her brother, met her at the pier and hurried her away in an automobile, en route for the Davis farm at Mount Kisco.

"There has been so much said already, and it is so distressing that I do not wish to talk about it," Mrs. Farrar's only comment. The former chaplain is in British Columbia.

THE SUFFRAGETTE AND THE TORY CONVENTION

The militant suffragettes showed their hand last night when a member of the band made a vigorous effort to break into the Conservative convention in Keith's Theatre. She insisted that as a citizen she had a right to a voice in the selection of candidates and endeavored to enforce her rights. Notwithstanding her pleas she was denied the privilege she sought and when she still insisted the Nickel police and shipping are stagnant, and everybody is awaiting the revolution and the restoration of settled conditions, confident that there will be a Monarchist victory.

Other dispatches report serious rioting in Oporto in connection with the trial of the Royalist conspirators. Several persons were wounded by the explosion of nine bombs. The judges at the trial, who are suspected of favoring the accused, have been attacked, and are now under military protection.

BOTH SAY THEIR MEN WILL WIN

Washington, May 29—Senator Dixon, campaign manager for Colonel Roosevelt, predicts that Roosevelt will have more than 600 delegates on the first ballot in the Chicago convention on the Conservative side.

President Taft's manager, representative Wm. McKinley, of Illinois, asserts that the president's actual strength at present is 574 delegates, exclusive of the delegates at large in Ohio or Texas. He predicts nomination for the president on the first ballot.

Colonel A. J. Armstrong Speaks of Last Night's Convention—Orange Meetings in Fredericton

(Special to Times) Fredericton, N. B., May 29—Colonel A. J. Armstrong, of St. John, is among the delegates to the Sovereign Grand Orange Lodge, now in session here. Speaking of St. John tory convention, he said he had not desired the nomination, and it was only the urgent request of Messrs. Baxter and Maxwell that he allowed his name to be submitted to the delegates. He expressed himself as well satisfied with the outcome.

The convention Grand Orange Lodge will open in the K. of P. Hall this afternoon. Nearly 500 delegates are in attendance. It is expected to get through the business by tomorrow night.

The nineteenth annual meeting of the Ladies' Orange Beneficial Association opened here last evening with Miss Mary Cullum, of Toronto, right worthy grand mistress, in the chair. The deputy chair was occupied by Miss Nixon, of Winnipeg. This session was taken up principally with routine work such as presentation of reports and appointment of committees.

Examinations in the French department at the Normal school are now going on. The public closing exercises will be held on Friday week.

Two new pitchers, Laveque, of Lewiston, and Blennan, of Boston, arrived today to join the Fredericton baseball team. The Tories are to meet in convention here on Saturday to select candidates.

Word comes from Southampton that a strong delegation of Pinder's friends will be on hand to see that he gets fair play in the expected struggle with the McLeod wing of the party. Some changes in the personnel of the party are looked for.

THINGS REPORTED IN BAD WAY IN PORTUGAL

London, May 29—The condition of Portugal is again the subject of more or less alarmist despatches. The Standard's Lisbon correspondent describes the country as a seething volcano of political corruption, petty tyranny, monarchical conspiracy, and active preparations for an early revolt against the republic, which many of its erstwhile supporters admit has utterly failed. Taxes have practically doubled and the cost of living has increased.

Personal liberty is dependent upon the progress of the individual subject. The revenues are being spent chiefly in establishing a more or less disguised form of military rule. Many say the political leaders are grafting on the revenues.

All the Royalist conspirators, several persons were wounded by the explosion of nine bombs. The judges at the trial, who are suspected of favoring the accused, have been attacked, and are now under military protection.

ANOTHER REVELATION

The despatch published in today's Times, relating to the Valley Railway bond issue, confirms the already well-grounded belief that Premier Fleming proposes to sacrifice the interests of the people by abandoning the Grand Falls section. This would prevent the Valley Railway from becoming part of a through line, giving competitive rates.

THE LIBERAL OUTLOOK

The Liberals who meet at the Laurier banquet in Montreal tonight will not meet as a beaten and discouraged party. There will be much to cheer them. The result in the Quebec elections, the Liberal sweep in the Alberta by-elections, the growing dissatisfaction with tory government in Prince Edward Island, the splendid vitality in the Liberal ranks in New Brunswick—all are signs that point to the early passing of the tory regime at Ottawa.

MR. COPP AS LEADER

There was remarkable enthusiasm at the Liberal convention in Skerville. The town expects after June 20 to be the home of the premier of New Brunswick. The attendance at this convention was very large and thoroughly representative, and the reception given to Mr. Copp and the strong men named with him was such as must have given the Liberal leader new courage and a stronger determination to win the battle.

THE CONVENTIONS

The liberals of Albert county have paid a high tribute to the opposition leader. They have nominated Mr. Copp as one of their candidates for the legislature. His colleague, Mr. Carnwath, is a well-known merchant and was for two years warden of the county. Mr. Copp will lay the question of his acceptance of the nomination before his colleagues in Westmorland, and if he should decide to accept the county of Albert, with two such candidates, will bring into the Liberal column. It will come as a shock to the tories who have been deriding Mr. Copp that his popularity is so great in Albert as well as in Westmorland county.

THE TORY TICKET

The chief topic in Conservative circles round town today is the weakness of the ticket nominated at last night's convention, and the evident bitterness with which the fight was waged to defeat some of those who received the nomination. The convention made a bad start, for the number of persons nominated was thirteen. There was a very evident determination to break up the ticket of the machine, and this was eventually done; but it took six ballots to select the four candidates. Mr. Mullin did not survive the third ballot, but Mr. Armstrong went to the fifth. At the close of the fifth Mr. Potts led Mr. Tilley by a majority of two. And so the ticket stands: Wilson, Lockhart, Gramma and Tilley. Mr. Mullin and Mr. Armstrong, two of the candidates at the machine, are not in the running.

MORNING LOCALS

Hon. Wm. Pugsley and E. Lantall left last evening for Montreal, where they will represent St. John at the Laurier banquet tonight. A. K. McLean, M. P. for Halifax, also passed through last evening and will attend the banquet. Horace B. Kay, a boy about ten years of age, was taken to the Boy's Industrial Home on order of Judge Forbes yesterday. His parents were responsible for him being sent to the home as they are unable to keep him under control. Dr. Horace C. Wetmore, dentist, has accepted the appointment as chairman of the Liquor License Commission to succeed J. B. Eagles. Sir Charles Tupper, accompanied by his three sons, Sir Charles Herbert of Vancouver, J. Stewart of Winnipeg, and William of Montreal, passed through St. John last evening from Halifax to Montreal. Sir Charles is in good health and had been standing the journey very well. A. R. Gould, president of the St. John Valley Railway Company, who was in the city yesterday was in conference with several local business men regarding an enterprise of some magnitude in which, he said, St. John would be interested. He promised that he might be able to give more particulars in a few days. Mr. Gould left last evening for a trip of inspection over the proposed route of the road. An elderly man lost a purse containing \$10 in the Union Depot last night, but it was recovered by I. C. R. Pollock and returned to its owner. A large barn on the Marsh Road, near the Crosby Molasses Company's warehouse was destroyed by fire yesterday afternoon. The barn was formerly owned by Frank J. Rafferty, but he had just turned it over to the Lauriston Land Company. In the barn were stored five tons of hay and a raking machine, belonging to E. S. Carter of Fair Vale. The loss is estimated at \$800, with no insurance. W. Percé Thomson, of London, who arrived in the city yesterday and will spend some time in the province investigating the opening for immigrants in the interests of Norton Griffiths, M.P., who on his last visit to St. John, promised his cooperation in direct immigration to this province. Mr. Thomson said yesterday that if he finds New Brunswick all that it has been described, he has no doubt that a large number of immigrants of the best class can be turned in this direction.

LOCAL TORY PARTY IS ALL DISRUPTED

Six Ballots Before Faction Fights Could be Overcome And Ticket Secured

THEN IT IS A WEAK ONE

Wilson, Lockhart, Grannan and Tilley are the Choice—Baxter and Carson Selected in The County

Six ballots were required to select a St. John ticket for the coming elections at the Conservative convention last evening and it was only after many bitter fights among the factions that the four standard bearers were chosen. The result of the ticket declared of such weakness that it does not command the support of the convention and previous to the meeting adjourned. The city ticket is composed of John E. Wilson, C. P. Lockhart, Phillip Grannan and L. P. D. Tilley, and in the county the candidates will be Recorder Baxter and Warden Carson of St. Martins.

The nominations for the city ticket included, in addition to the four chosen, F. L. Potts, Frank Elliott, Daniel Mullin, W. H. Harrison, J. C. Chesley, A. J. Armstrong, H. E. Pickett, C. P. Lockhart, R. G. Murray. At their own request the names of Mr. Pickett and Mr. Murray were dropped.

Mr. Wilson and Mr. Lockhart were elected on the first ballot. On the second ballot Mr. Chesley's name was dropped and Mr. Elliott withdrew his. Mr. Grannan slipped in on the third ballot and Mr. Mullin's name was dropped. The fourth and fifth ballots were uneventful and the names of Mr. Harrison and Mr. Armstrong were dropped. On the final ballot F. L. Potts, who had been leading, dropped behind and L. P. D. Tilley was declared the nominee.

The county convention ran through according to schedule and the nominations of Recorder Baxter and Warden Carson were made as previously arranged. An interesting feature of the proceedings was a speech by J. P. M. Murray, who marked that the roads in the parish of St. Martins were very bad.

The city convention was also marked by scant attention paid to W. Frank Hatheway by those in control. No attention was paid to his speech from a speech from Mr. Hatheway and he was denied the privilege of being registered as a delegate and speaker.

There were rumors last night that Mr. Hatheway may head an independent ticket. The preliminary arrangements were disposed of with Hon. Robert Maxwell presiding and J. E. Carter as secretary. Nominations were then made as follows:

John E. Wilson, nominated by R. B. Emerson; Phillip Grannan, nominated by Dr. Thomas Walker; F. L. Potts, nominated by J. E. Carter; C. P. Lockhart, nominated by D. Magee; of the north end; Daniel Mullin, nominated by J. P. M. Murray; W. H. Harrison, nominated by B. R. Armstrong; L. P. D. Tilley, nominated by Dr. James Manning; C. P. Lockhart, strong, nominated by S. P. Gerow; C. B. Lockhart, nominated by W. J. Brown; H. H. Pickett, nominated by A. E. Prince; R. G. Murray, nominated by H. Cochrane.

F. C. Macneil declined to allow his name to be placed in nomination and Messrs. Pickett and Murray declined to withdraw by vote of the convention and the proposed route of the road. Labor candidate had declined abruptly.

"I have no objection to being the candidate of the labor party," he said, "but this is no labor party." (Cries of "hear, hear," right you are.)

Dr. Magee and Florence McCarthy were also nominated from the floor of the house but no notice was taken of these nominations.

It was agreed by resolution that a candidate should secure a majority of the vote cast to secure nomination, the low man to be dropped after the second ballot. The first ballot resulted as follows: Wilson, 188; Lockhart, 86; Grannan, 72; Tilley, 55; Potts, 51; Armstrong, 50; Harrison, 37; Mullin, 35; Elliott, 30; Chesley, 31; Inches, 7. Total cast, 156; necessary to elect, 78.

Messrs. Wilson and Lockhart were then declared nominees. The second ballot brought no choice, the result being: Wilson, 188; Grannan, 80; Potts, 45; Tilley, 43; Armstrong, 40; Elliott, 28; Mullin, 23; Harrison, 24; Chesley, 23; Inches, 7. Total cast, 154; necessary to elect, 78.

On the third ballot Mr. Grannan secured just barely enough votes to secure nomination. Mr. Chesley and Mr. Inches being dropped and ex-Ald. Elliott retiring in a graceful speech. The result was: Grannan, 78; Potts, 65; Armstrong, 46; Tilley, 43; Harrison, 23; Mullin, 21. Total cast, 153; necessary to elect, 78.

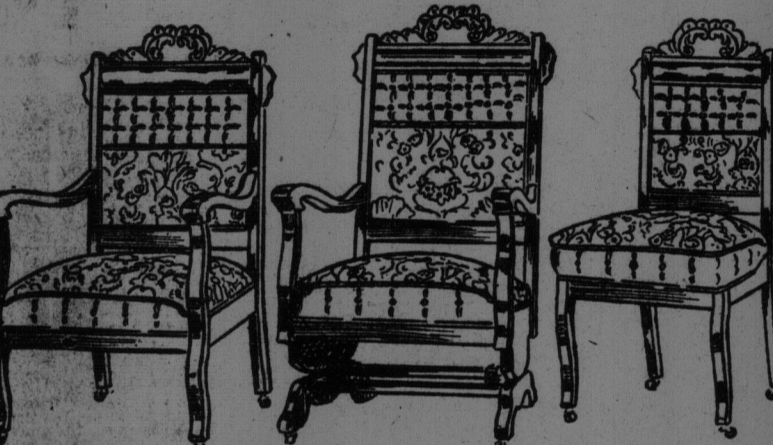

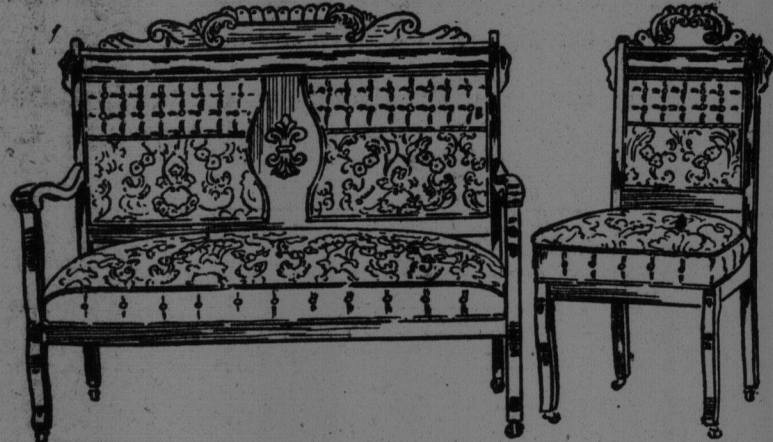

Mr. Mullin was dropped from the fourth ballot but still there was no choice, the result being: Potts, 65; Tilley, 44; Armstrong, 27; Harrison, 13. Total cast, 152; necessary to elect, 77.

The fifth ballot, with three names resulted in Col. Armstrong being dropped, and quite fittingly as the ballots were being counted a songster sang very effectively where the River Shannon flows. The result was: Potts, 74; Tilley, 70; Armstrong, 11. Total cast, 155; necessary to elect, 78.

The canvassers were busy among the delegates and the feeling broke out in cheers and counter cheers for the two men remaining as the ballot was being taken. On the sixth ballot out of 130 votes cast, Mr. Tilley received 70 and Mr. Potts 74. Mr. Tilley was declared the fourth man on the ticket.

TORY SPLIT IN CARLETON GROWS WORSE

Woodstock, N. B., May 28—P. C. Squires forced withdrawal from the government ticket has made chaos in the Tory ranks. His friends, backed by Premier Fleming, are urging him to stick. It is rumored today that Leverett White will not accept the place on the ticket. This and other faction fights are making the Tory cause hopeless.

Fleming's suspected connection with the C. P. R. is being emphasized by developments that tend to show a hidden hand is playing the game. All sleepers contracted for by the Valley Railway Company have been turned over to the big corporation and nearly all delivered.

LA TOUR GLEE CLUB'S SUCCESS

The LaTour Glee Club gave a very delightful concert in the Germain street church last night. Those who took part were: P. Cruickshank, W. Leamy, T. Ripsey, S. J. Holder, R. H. Mayes, J. D. Woods, J. A. Coster, Murray Long, H. Chappell and T. C. Cochrane. D. Arnold Fox gave several musical selections. All the numbers were well received and the concert proved a great success in every respect. The large audience was well pleased and the entertainers are to be heartily commended upon their work, particularly considering the fact that they have been organized only a short while.

A THOUGHTLESS ACT

To the Editor of the Times: Sir—I wish to record an event which took place only a few miles from St. John on the 24th instant. On Thursday, Empire day, the teacher and children at the school at Nepean, endeavored to improve the appearance of the grounds in front of the school building, and one of their acts was to plant four clusters of purple violets—two on each side of the entrance. On the arrival of a train from St. John, two women got off, and walking up the road to the school building, and noticing the violets, they picked them all up. The women were very thoughtful and had been secured from the roadside—the violets they wished, and would not have been guilty of a mean or thoughtless act. Those interested in the school are now endeavoring to find out who the women were.

ST. VITUS DANCE

Cured Through the Use of Dr. Williams' Pink Pills

Chorea, or as it is more generally known, St. Vitus dance, is a disease that usually attacks the young children, though older persons may be afflicted with it. Its most common symptoms are a twitching of the muscles of the face and limbs. As the disease progresses this twitching takes the form of spasms in which the jerking motion may be confined to the head, or all the limbs may be affected. The patient is frequently unable to hold anything in the hands or to walk steadily, and in severe cases even the speech is affected. The disease is due to debility of the nerves and is always cured by Dr. Williams' Pink Pills, which enrich the blood, tone and strengthen the nerves and thus restores the sufferer to good health. The following is a striking instance of what Dr. Williams' Pink Pills will do in this trouble. Mrs. Chas. Phillips, Pelee Island, Ont., says: "At the age of fourteen my eldest daughter, Edith, first became much run down, and the trouble developed into St. Vitus dance. Her left arm became affected, then the left leg and entire left side. She grew so bad that she actually could not hold anything in her hand, and could only go about with a shivering, jerking motion. Notwithstanding that we were giving her medicine, she seemed to be growing worse, and finally her speech became much affected. We became so much alarmed about her that finally her father got a supply of Dr. Williams' Pink Pills, and we began giving her these. In the course of a few weeks she was much better, and before all the pills were gone she was again enjoying perfect health. This was in 1908, and as she has not had a symptom of the trouble since I feel justified in saying the cure is permanent."

WAS ALL RUN DOWN

Doctors and Medicine Failed To Cure Him.

Many people become run down, but don't know just exactly what their trouble is. As a rule it is improper circulation of the blood, owing to not just taking proper care of themselves. All they want is a good tonic to build up the system and put their blood in proper shape, and for this purpose there is nothing to equal Burdock Blood Bitters. It regulates the stomach, liver and bowels, purifies the blood and tones up the entire system. Mr. Murchok A. Morrison, Turbot, N.S., writes:—"I am now writing to tell you what Burdock Blood Bitters has done for me. Last Summer I was all run down, and doctors and medicine failed to cure me. At last I decided to try a bottle of Burdock Blood Bitters, and after taking one bottle I began feeling better, and after I had taken the remedy for two months I was completely cured. I can safely recommend your remedy to anyone."

NO DISTINCTION. Scott—"There goes Dr. Swellman. Quite a lady-killer, isn't he?" Mott—"Oh, he treats the other sex, also."—Boston Transcript.

Egypt is the only country in the world where there are more men than women. The male sex in the dominion of the Khedive exceeds the female by 100,000.

NO GRAND FALLS SECTION OF THE VALLEY RAILWAY

Bond Issue Does Not Provide For It, and Allegation Is That Flemming Is Secretly Playing Into Hands of The C. P. R.

Woodstock, May, 28.—The people of the upper section of the St. John valley are becoming greatly exercised over the increasing evidence of the intention of the Gould company and the Flemming government not to build the Valley Road further north than River de Chute, and so omit the Grand Falls section.

Some days ago the Montreal Star published a cablegram from London stating that the Bank of Montreal was offering on the market the first mortgage four per cent. debentures of the St. John & Quebec Railway Company, guaranteed as to principal and interest by the government of New Brunswick, to the amount of \$273,285 sterling.

But the distance from Bothesay to Grand Falls is about 209 miles, or forty miles more than is provided for by the issue of bonds made through the Bank of Montreal.

In other words the bond issue does not provide for building the road beyond River de Chute or some other point short of Andover. No provision is made for building on to Grand Falls. That would mean C. P. R. control ultimately, and no competitive rate for the valley farmers.

What further evidence is needed of the duplicity of the Flemming government? It confirms in the strongest possible manner the charge which the opposition have made, that the Flemming government is simply pretending before the election, to yield to the demands of Mr. Gould and his Canadian Pacific allies that the line shall stop at River de Chute or some point on the American boundary in that vicinity so as to make connection with Mr. Gould's electric railway in Maine in which the Canadian Pacific is also interested.

What a gross fraud the local government is attempting to perpetrate against the people of New Brunswick.

AT THE MEETING OF THE NATIONAL COUNCIL OF WOMEN IN LONDON

(London Advertiser, Saturday). The nineteenth annual meeting of the National Council of Women of Canada was formally opened Friday night in the Normal School, when a large gathering of delegates, their hostesses, members of affiliated societies, and several members of the city council and other civic leaders were present.

Mayor Graham stated that he felt it was an honor to be asked to preside over and address such a gathering, and as a mayor of London he extended a most hearty welcome to the visiting delegates. He believed that the National Council of Women had chosen London for its convention because of the worthiness of Mrs. Boomer, the local hostess, and the fact that the city was much more pleased to have you with them than I am able to express.

My Dear Mrs. Boomer:—This is just to send a line of very best wishes to you and your colleagues of the London Local Council for the big week's work which lies before you. I am sure you will all come through it triumphantly and that the meeting at London will be long remembered as having marked the first visit of Their Royal Highnesses to the National Council of Women of Canada, and as having given a new inspiration to all your members in their work, especially that for extending the nursing privileges to the Northwest, and in the efforts for the protection of our young girls against the designs of wicked men and women who are seeking their ruin.

It was announced that each delegate would receive one of these little floral tokens during the sessions of the council, and also that Mayor Graham and the Lon-

SPORT NEWS OF A DAY, HOME AND ABROAD

Golf

A New Golf Player. He is seldom home for supper; if he does come he is late; The kitchen door needs painting, but the kitchen floor must wait; The screens are in the attic, and the storm door should come off; But father's only rooming here, now that he's playing golf; He's ceased to dig the garden, and he's packed the tools away; He says he'll hire a man to plant the flowers we want some day; At those who toll for exercise he's started in to scoff; The stylish way to get it, father says, is playing golf; He used to call men foolish when they raved about the links; But since he's been converted, it's a splendor did game, he thinks; He is out there every Sunday and each afternoon he's off; He's a widow and the orphans, since he's started playing golf.

DELPHIA AMERICANS, better known as the Athletics and sometimes known as the World's Champions, led by Connie Mack.

John was in the box Saturday in the Hub. Nine of ten Sox formed the spokes, lead by Speaker who hits other pitchers for 207, and cannot get even the decimal point when Coombs is right. He was counted out, one, two, three, his first time up and three hits by the entire aggression was the sum total of safeties which Coombs placed advantageously.

It was in Boston that Coombs wallop of a good base ball team in September, 1906, two months after he broke into the base ball aristocracy. It was a long drawn out affair, twenty-four innings did not hurt him, but drove Harris to the discard as he was never right after that size of almost three full games.

A game will be played at Waterlil next month, led by Coombs against a team from the East has been secured from Connie Mack.

East Las Vegas, N. M., May 28.—With four sparring partners to keep him busy, Heavyweight Champion Jack Johnson yesterday began active training for his approaching championship fight with Jim Flynn. Johnson arrived on Sunday night from Chicago, where he has been doing preliminary work. His headquarters are at the Fosyth ranch, eight miles north of Las Vegas.

Johnson's sparring partners are Marty Outler, John Perkins, Jack Delaray and Burns. Johnson's trainer, Tom Flanagan, will not arrive until the end of the week. Johnson looks fit, although a trifle heavy and is confident that he will win.

Tommy Ryan, Flynn's trainer, arrived almost simultaneously with Johnson and has mapped out a programme for the Colorado scrapper, which will keep him hard at work until the eve of the battle on July 4. Flynn says he will take on twenty-five pounds before the fight. He is already down to 220.

Johnson's coming opponent raised a protest when he saw he was being billed as the "Best of the Hopes."

"That does me an injustice, and, take it from me straight that I don't like it," stated the Pueblo freeman. "It was in the game and winning and making big money long before that white hope expression was coined. They made it for Carl Morris, Frazier, Stewart, and that sort, after Jeffries went down to defeat before Johnson, and the wise ones thought that some young phenomenon had to be discovered

LONGBOAT SAYS HE IS IN BAD SHAPE

Toronto, May 29.—Tom Longboat is around among his friends with a story to the effect that his lungs are in a very bad condition and that it is imperative that he leave at once for a warmer, drier climate. The famous Indian says that he will never be able to run again.

The story is not taken seriously by those who know him or by local physicians who examined him before some of his recent races.

Only a few months ago, he established a world's record for fifteen miles in a race in England. The Indian says he was told of his condition a physician in Belleville, whom he was visiting.

PLAYS AND PLAYERS

(Continued from page 7) In New York, closed a long and prosperous run at the Harris Theatre on Saturday night. This play was witnessed by more than 157,000 people, and paid \$125,000 to see the play. It was one of three plays produced this season in which every critic was unanimous in his praise, both of the play and the performance. "The Talker" will open its season on Labor Day, and a tour of thirty-eight weeks has been booked for it. Tully Marshall, the leading man, and Florence Malone, the leading woman, will continue with it when it goes on tour.

The auction sale of boxes and seats for the "Lamb's Gambol" started on Saturday afternoon. A former St. John favorite, Joseph Grimes, shepherd, and Augustus Thomas made speeches at the opening, and William H. Crane, DeWolf Hopper, Raymond, and Charles De Angelis and others acted as auctioneers. David Warfield won first choice with a bid of \$500, and he took box No. 1. William Harris won a box with a \$200 bid, but it took on sale and took a gallop.

G. M. Anderson, director of the Esplanade Western Stock company and creator of the role of Broncho Billy, escaped death during the taking of a subject entitled Broncho Billy's Bible, said to be one of the best of the series and booked for release on June 1. The climax of the picture is a thrilling hand-to-hand struggle between Mr. Anderson and Frederick Church, playing the heavy, on the very edge of a precipice. The scene was so dramatic, that the camera operator across the chasm in a splendid position. Realizing the importance of the scene, Mr. Anderson ordered it rehearsed once more. After the preliminary incident, Anderson and Church grappled with him and the two began their struggle. The business called for a quick break on the very edge of the precipice in which both men spring back for a moment, but Anderson called for the break while his back was to the chasm. Both men sprang back, but Church fell on his face and disappeared over the edge of the precipice. Anderson called for the break while his back was to the chasm. GOING TO SEEK FORTUNE IN TINY SCHOONER

Capt. Slater Buys for the Purpose a Craft 40 Feet, 5 Inches Over All

The seventeen-ton schooner Alice Stofen, which is not only the smallest freighting craft but the oldest on San Francisco Bay, is being outfitted for a cruise, which, many old-time sailors profess to believe, will be her last. The vessel bears the name of the family which first established bay freighting, and was built here in 1826. Throughout its long career it has been associated with the rather prosaic freight business in the harbor, but now for the first time will set sail for a voyage of adventure.

Captain Harry Slater, veteran whaler and former mate of the trading schooner Rose H., will drive his vessel through the ever changing Arctic currents and in the face of biting blasts that rather promise land of promise and rear a harvest of gold.

Slater has been following the course of the whale for many seasons, but recently he believed he saw opportunities to pile up wealth in the trading business, and he set his mind upon the purchase of a craft of his own. Last spring he came out of the harbor in the whaling season and after a search about the bay came upon the Stofen. The vessel appeared old and scarred through long service in stormy weather, but its timbers were stanch and Slater paid over his savings for it.

The vessel is being overhauled and its new skipper is superintending the few improvements about the decks.

"After all," says Slater, "there is money to be made in the Frozen North through whaling and trading with the Indians, and I think I see my way clear to get some of it."

"But your vessel is very small to carry you into the Arctic," he suggested. Slater smiled as he said that he had regarded many dangers as a boat leader in the whaling season and after he expressed his voyage of adventure as child's play. It was his first intention to make the trip alone, but he has decided now to employ another man. Not that he feared the loneliness which such a cruise involves, but rather that he might have somebody around to look after odds and ends.

The Alice Stofen will probably proceed to Nome and thence to Point Barrow. Winter quarters will be established at that place and Slater will carry on his work of trading. He says he expects to remain in the north for years and that he doesn't intend to bring the vessel back. Slater's boat measures forty feet and five inches over all, has a beam of 17.5 and is 4.60 in depth.

Miss Billie Burke will pass the summer at her new home, in North Yonkers, just south of Hastings. The actress' mother will live with her and they will spend much of their time in motoring. But the summer will not be all rest, as the star will begin rehearsals of Sir Arthur Wing Pinero's "The Mind the Paint Girl" early in August.

There will be only a few weeks' summer rest for Miss Hattie Williams, for she has been announced to open the Criterion Theatre in August in "The Girl from Montmartre." In the meantime she will visit sanatorium resorts.

On her farm at Port Chester, N. Y., Miss Nazimova will pass the summer in study and at work in her flower and vegetable garden.

Miss Maude Adams will divide her summer in the Canada woods north of Quebec. John Mason, who becomes a Frohman star next season, will find recreation in the colony of actors at Schenectady, Mass.

David Warfield will go to California to his old home, where he will stay on the road in "Nobody's Widow" until the middle of July.

Leo Ditchstein has his summer residence at Stamford, Conn. In the neighborhood of Port Washington, L.I., the postman during the summer delivers a letter to Miss Chrystal Herne, who was John Mason's leading woman last season, and Frits Williams. The latter is fond of sailing. While George M. Cohan and Mrs. Cohan and their children are at Long Beach this summer, the former's parents, Mr. and Mrs. Jerry J. Cohan, will be at their place in Monroe, Orange county, N. Y.

Charles Belle Press, Mrs. Norbert E. Dornette, is celebrating her fourteenth year with the Chicago Stock company. During this long engagement under the management of Mr. RoseKam she has been seen in the leading roles of the best royalty plays released for stock and has covered a tour embracing the leading cities, from St. John's, Nfld., to the West coast, and far west as Denver and north to Duluth. Everywhere she has made a host of friends by her clever work and pleasing personality. Both Mr. and Mrs. Dornette are re-engaged for leading parts with the Chicago Stock company next season and are already at work on their respective parts in a list of plays, including some of the best of the past two years.

New York is to see a Catholic theatre in Broadway. Cardinal Farley has promised his support to the project. The new playhouse will not be given over to productions of a religious nature exclusively, although it is planned to have many royalty plays; but the drama or spectacle staged will be supervised by the ecclesiastical authorities. The movement is intended to be a constructive one, and the new theatre will supply productions of guaranteed moral quality. It is to take the place of the theatre where plays of questionable morality have been supplied.

The plan is headed by Mrs. Ellen B. Lummis, founder of the Daughters of the Faith, an organization of Catholic society women.

SHEEP NEARLY BREAK UP THE PERFORMANCE. Vienna, May 29.—There was an amusing scene during a recent performance of Siegfried Wagner's new opera, "Banana Dierich." The second act is a pastoral scene, during which, at the special request of the composer, a real flock of sheep was brought on the stage. As soon as the sheep were driven on the stage they began to feed on the artificial pure grass. Their disappointment was very great, and they spent the entire performance by their indignant bleating.

The case of J. S. Halpin vs. Adam Bell was resumed in the County Court this morning. Dr. W. W. Wallace, K. He asked that, on those grounds, the case be stricken from the docket. His Honor ruled against the defendant on these points. On application to show cause why the bond for security for costs was not now in force, was made by Doctor Wallace, and the court adjourned until two o'clock this afternoon. **WHO WANTS TO TAKE THE EELS FROM LILY LAKE?**

Horticultural Association Willing to Make Bargain—More Trout Fry—Work in the Park

The roads in Rockwood Park, so admirably laid out by the late George S. Fisher, and to which he gave so much attention, being considered for the present sufficient in number, it is not contemplated to construct this year any new roads in the park. More attention can thus be given to the roads already laid out and to general work.

A new wire fence has been built around the deer enclosure, the posts have been painted and the ground within, which was in parts very lumpy and uneven, has been levelled off. A large amount of sediment which had collected in two of the artificial ponds near the deer's den has been utilized as top dressing and for filling purposes, and this is now being seeded down. This will necessitate the keeping of the deer for the present in the rear enclosure until the young grass becomes established.

The sign posts and guard rails throughout the park are now being painted, making them look more brightly. All the roads are now being raked over so as to remove therefrom every loose stone. Some very necessary repairs are to be made to the barn and to the veranda of the tea house. The paths have been mowed, and have been placed in position, but it is thought that the meagre returns that these fish are still liberating in the pond. The committee in charge would be glad to hear of some one willing to undertake the eel fishing of Lily Lake as a commercial basis and will give a suitable applicant a monopoly for a limited period in return for systematic attention to the eel traps.

A supply of trout fry promised by Hon. Mr. Hazen, minister of marine and fisheries, is expected soon.

Complaints having been made that the high fence running out to an angle on the southeast corner of the gardens made the corner somewhat dangerous for passing carriages, the fence has been moved in some feet and the angle has thus been changed into a graceful curve, making a great improvement.

The gardens are resplendent with the tulips, daffodils and other bulbs in full bloom and will repay a visit, as, indeed, will the whole park.

**PROBE FINANCES OF WATER DEPARTMENT**

Difference of \$16,000 in Operations in 1910 and 1911

The city commissioners are engaged in an investigation of the finances of the water department for the last couple of years. In 1910, with a revenue of \$180,338, the department showed a surplus of \$20,000. Last year with an increase of about \$4,000 in the revenue, the surplus dwindled to \$12,000. The commissioners are anxious to learn what there was in the cost of operation to justify this difference of \$8,000, and to learn whether the shrinkage of profits is likely to continue this year. The accounts of the department will be gone into carefully and an effort made to learn the exact reasons for the lessened prosperity of the department.

**AN HOUR EARLIER IN THE MORNING AND ENJOY IT AT NIGHT**

The C. P. R. continues to set a good example to other business establishments by the adoption of daylight saving hours during the summer. For the last couple of years the staff of the general freight agent's office have changed their office hours from nine a. m. to six p. m. and are in force in the winter to the hours of eight a. m. to five p. m. for the summer months. The change went into effect again this year commencing on May 20. The staff of the general superintendent's office and the engineer's department have also adopted the system this summer. The men all profess to be delighted with the change as they find it easy to get down at eight o'clock in the summer and they appreciate the hour at the other end of the day.
