CAMPAIGN NOTES.

Cheering News From Carleton Westmorland and Albert.

The Opposition Will Sweep Those Counties-The Situation Here and Elsewhere.

ONLY THREE MORE DAYS TO COMPLETE YOUR ORGANIZATION, GENTLEMEN OF THE OPPOSITION. MAKE THEM FRUITFUL DAYS, TO THE END THAT ON SATURDAY NEXT YOU WILL BE REPRESENTED AT THE POLLS BY THE VERY BEST MEN IN THE WARDS—MEN WHO KNOW THE VOTERS AND ARE QUICK TO DETECT ANY SHARP PRACTICE ON THE PART OF THE COVERNMENT HEELERS. THE VICTORY MUST BE DECISIVE.

They are on the run. Keep them go

They are on the run. Keep them going.

The Telegraph has got down to personal abuse, the last resort of a beaten and unscrupulous party.

"Yes, I saw the Telegraph this morning, and if it is going to publish such stuff as that about a man I know as well as I do Frank Hatheway, I am going to vote for him," said a business man this morning.

The opposition meetings are crowded, the committee rooms filled with determined workers, and everything moving with a swing of victory.

Messrs, Robertson and Purdy held a melancholy conference for a long time on the sidewalk on Main street last evening.

The Telegraph calls Geo, V. McInerney a "political Carey." That paper will get its answer on Saturday.

"Dare Devil Dug is rapidly becoming a political terror," says the Telegraph. The statement is coarse but correct. Mr. Hazen is not even afraid of Mr. Blair—the autocrat.

A NOVEL SPECTACLE.

A NOVEL SPECTACLE,

(Moncton Times.)

It is a novel spectacle to see a minister of the crown leaving his office within a few days of the opening of parliament and taking charge of what should be a purely provincial campaign, as Mr. Blair is doing in New Brunswick. We never heard of Sir Leonard Tilley. Sir John Macdonald or the Hon. Alexander Mackenzie doing this sort of thing.

NO DOUBT ABOUT IT.
When a political cause is so desperate that its advocates are inspired to burke the fullest and freest discussion of the issues, it is time for the electors to assert themselves.—Telegraph.
That's right. And the bringing in of false issues by Mr. Blair made the electors all the more determined to assert themselves.

A GOVERNMENT BOAST.

The boast has been made by the government heelers that every St. John Railway Company employee—motorman, conductors and electricians, are to be "brought up" on Saturday. They will be herded together at the car sheds, says the boaster, and lined up with their little Tweedle ballot in hand.

The government heelers will find there are as honest men on the cars as anywhere in town.

A SLANDER.

A SLANDER.

The Telegraph says that W. Frank Hatheway is asking from the dry dock company a fabulous price for certain lots he has leased in Carleton. The statement is false. Mr. Hatheway has held certain lots under lease since May, 1889, long before there was any talk of this dry dock. Moreover, these lots are on the opposite side of the basin from where the dry dock may be built sometime during the next thousand years.

A GREAT CHANGE

(Woodstock Press.)

This is a fight for good government, as the liberal St. John Globe puts it. Prominent liberals a are against the government all First are against the government all FICE. Globe puts it. Prominent liberals are against the government all over the province. Hon. Mr. Ryan, a long time member of the government of Mr. Blair, Hon. Mr. Hill. late member of the Tweedie government, Senator Ellis of the Globe, Michael McDade, a former supporter, well known in this county, Mr. Morrissey of Newcastle, and many others. In this county many liberals are against the government or totally indifferent, In Charlotte, judging by the Beacon, the same is the case. How different from the occasion when Mr. Emmerson appealed to the electorst Look out for that free funeral over the Hartland bridge.

A SILLY TRICK.

Feb. 24, 1903. To the Editor of the Star: To the Editor of the Star:

Sir,—I see the Telegraph has repeated one of its many tricks in yesterday's issue. It attempts to swell the number of the signatures to the nomination papers of the Bair candidates for the city by duplicating many of the names. A few of those duplicated are: Cabel Larkin, R. P. Hamm. Charles Markey, Joseph Doherty, Jos. Rooney, Jas. Leonard, ect. Of course, among the list, it must be admitted, are names of many leading government men as, for instance, E. H. MacAlpine, Carl Schaffer, etc. But all this is not to be wondered at, for the Telegraph has had experience in list making before.

I am, yours, etc..

I am, yours, etc., ANTI-FAKE.

CAMPAIGN LYING.

The nature of the opposition to the government was well shown at St. John when the opposition gang attempted to hold down the Hon. Mr. McKeown and prevent him from speaking. Howling and rowdyism are the only arguments the opposition possess, so they have to make use of them. The St. John constituencies which return six members are safe for the government.—Gleaner. It the Gleaner is in touch with any of its friends it knows that the St. John constituencies are conceded to the opposition. CAMPAIGN LYING.

CARLETON COUNTY SOLID. WOODSTOCK, Feb. 24.-A rousing meeting on behalf of the opposition was held at Windsor last evening. The roads were excellent and the enthusiastic crowd was very large. The speakers of the evening were B. N. Shaw, of Brighton and J. Kildd Flemming, and they report conditions much more favorable than ever in this important parish.

SUNBURY CO.

SUNBURY CO.

MAUGERVILLE, Feb. 20.—Notwithstanding the cold weather and bad travelling there was a good attendance at the political meeting in the upper hall on Thursday night, addressed by Messrs. Glazier, Hazen, Mitchell and A. B. Wilmot. Councillor Geo. A. Perley occupied the chair. About all the electors present pledged their support to the candidates, to whom the "unknown quantity" are but small calibre in comparison. It would not speak well for the intelligence of any community to vote for the nominees of a discredited government. Messrs. Hazen and Glasier will poll a much larger vote here than at the last election.

WESTMORLAND AND ALBERT.
MONCTON, Feb. 24.—If all parts of the province were as safe for the opposition as Westmorland, Mr. Hazen would have everything to himself in the new legislature.

Reports from every parish are of a cheering nature, and Blair cannot put enough money into the county to huy a majority.

In all parts of this and the neighboring county of Albert, clergymen have appealed to their congregations not to sell their votes, yet on nomination day, when asked if they intended to spend money in buying votes, government candidates simply replied that they intended to be elected, virtually declaring that they would buy up the electors.

Opposition candidates, on the other hand, said they didn't intend to buy votes. This and Ryan's insult to the temperance people by saying on the hustings there were lots of temperance men he would not care to sleep with has aroused much feeling among the better class of electors.

There will be a public meeting in the City, Hall, Carleton, on Thursday evening in the interests of the opposition, which will be addressed by the candidates and others.

The steamers Stanley and Minto remain fast in the ice off Pictou. After being on board the Minto for nine days mineteen passengers landed on Pictou Island yesterday and sixteen of them reached Pictou. Thirty-five other passengers remain on board the steamer. It is believed that the crew of the Stanley are suffering from scarcity of coal. The government agent at Charlottetown wired the sub-agent in Pictou to do everything possible to have coal sent to the steamer but it was found impossible to do this. The Stanley has been in the ice forty-six days and the Minto for ten days.

In the meantime mails and freight are piling up at Georgetown and Pictou and even were the boats to be cleared from the ice now they would have some difficulty in carrying the accumulated shipments before the opening of navigation.

ABOUT SMOKERS.

There are some very vulgar and ill-bred people in St. John, according to Benjamin Riley of the west side. It seems scarcely credible that church-going people would put pipes in their mouths or chew tobacco in church, but Mr. Riley has seen it done more than once.

Mr. Riley has seen it done more than once.

This statement was made to the magistrate today when Mr. Riley was reported for smoking in one of the sheds at Sand Point. He denied the charge and said he had just stuck the unlighted pipe between his teeth while passing through the sheds. He would do it anywhere—even in church if necessary—and had seen others do it too. More than this he saw people chewing tobacco while listening to a service. Shocking!

Mr. Riley was let go with a caution.

THE RIGHT ARM.

Mr. Blair quotes an alleged statement that Mr. Tweedie is his right rm. Whether such a statment was ade or invented is of no particular consequence except as it may be regarded by Mr. Blair himself. It is for him to say whether he regards Mr. Tweedie as his right arm or not, and for the liberal party to say whether or not they agree with Mr. Blair on the

If we may judge from Mr. Blair's conduct, he does put a very high value on Mr. Tweedle, but it is open to nbers of the liberal party to because Mr. Blair found Mr. Tweedie with the government of New Bruncompass the defeat of a liberal candidate in the county of Northumberland in the last federal election. Mr. Blair has openly admitted that Mr. Tweedig did that very thing, with his approval. But is that creditable to the liberal party? Do its members believe in knifing their own candidates?

And if Mr. Tweedle is the right arm of Mr. Blair must he also be accepted as the right arm of the liberal party? There was a liberal party before either Mr. Tweedle or Mr. Blair ever did or pretended to do anything for the lib eral cause. Has the party been redu ed to such straits in this province that Mr. Tweedie is its only hope of salva tion? That is the doctrine Mr. Blai is trying to force down the throats of his supporters in St. John, although Mr. Tweedle and Mr. Labillois, two members of the government, insist that there is no relation between federal

and provincial politics. Must the liberals of St. John exalt Mr. Tweedie? On the contrary they will reject him, and retain their selfrespect. He is not their right arm Mr. Blair has over-reached himself.

LAST NIGHT'S 機構 MEETING.

Last night was a banner one for the opposition party in St. John, northend. The occasion was two overgow meetings in Lorne and Lansdowne wards. The halls in both cases were not large enough to contain the throngs of voters that assembled to listen to Messrs, Wilson, Shaw, Hatheway and McInerney, the four candidates, and H. A. Powell, ex-M. P. for Westmorland, and Ald. Maxwell. Long before the hour of opening the Temple of Honor Hall in Lorne ward had its seating capacity tested. Auditors were lined on the stairway and the sidewalk was crowded with others anxious to obtain an entry. J. F. Granville was chairman. The first speaker introduced was

If last Saturday's nomination speeches had been delivered somewhere near Fort Kent or in woods which figured in the Muskoka deal, the stupidity of the course pursued by the Telegraph and Gazette might not be discovered—at least not until after election day. But the York Theatre-is in St. John, and the people know what transpired there on Saturday. talk about organized disorder, tory hooters, rowdles and loud mouthed braggarts is simply a revelation of the weakness of the government's case. Its advocates want to get away from the issues and try to arouse sympathy by false appeals.

Had the meeting in York Theatre on Saturday the right to decide on the question whether the government should be sustained or defeated it would certainly have decided to turn them out, judging by the reception given the opposition candidates, particularly those put forward by the labor people. It was apparent to the most casual observer that the friends of the labor candidates are standing dogether far more determinedly than the government supporters said they would, and that they are deeply in earnest in the campaign in which they are now engaged.—St, John Globe,

The Telegraph continues to quote Mr. Pugsley and Mr. Blair in support of the contention that the present campaign is being conducted on federal lines. But surely Mr. Tweedle and Mr. Labillois cuts some figure in the contest, and they both insist that federal issues have nothing whatever to do with it. Why doesn't the Telegraph quote these for a change. To any but the most blinded partizans this misuse of the party cry is becoming rideutous.

The assembly at York Theatre on nomination day was in favor of the opposition. If the work was sent to me as chairman of the committee of 8 or 10 of 8t. John's laboring men "the law was sent to me as chairman of the committee of 8 or 10 of 8t. John's laboring men "the law was sent to me as chairman of the committee of 8 or 10 of 8t. John's laboring men "the law was sent to me as chairman of the committee. The workmen considered and written. The government here word in the work was sent to me as chairman of the committee of 8 or 10 of 8t. John's laboring men "the law they had written. The government here word in the work and that they are now in provincial government continues to quote the sent provincial government ever done to labor the provincial government ever done to labor t "his" to read "his or her." The government refused to change the law they had written. The government here have now agreed that they are now in favor of the bill which they before refused to pass in its amended form. Tweedle then said we must not do anything which will interfere with capital and labor. A high price is being paid for education—too high a price. The people of this province pay extra money to middlemen for school books for their children. Every bookseller will tell you that he cannot purchase books direct from the publishers in Toronto. (Voice—Why not?) Because they are controlled by one firm in this city, that is the why not. In Rhode Island the people have free school books. The same is true of Massachusetts. We, too, should have free school books. You should vote for men who are not in favor of monopolies. The government should not give charters to the many oil and coal companies; these products of our land belong to the people, not the government.

GEO. V. McINERNEY

We have not only found the main body but have joined forces with the strong reserve and the great and young recruits.

In referring to the Workmen's Compensation Act the speaker said that a delegation of St. John workingmen waited on the government and that the government broke faith with the delegation. The workman wanted the benefits of the act made out in favor of his wife, sister or daughter, and said it would be a shame to give to a man and refuse the same to a daughter and sister. The premier told the workingmen that they could not get the bill through that year, but would the next year. It was the same old story over and over of government duplicity.

In regard to Mr. Tweedie's manifesto the speaker said that he remembered reading somewhere the expression "O that my enemy would write a book." Tweedie's manifesto takes up a great many columns of the Telegraph. I have seen worse things in the Telegraph but not very much worse. Mr. Tweedie's flat-footed denial is an evidence that the Workmen's Compensation Act will not be passed. He is false to his promises.

There is no room between capital and labor. In the 13th century in Eagland labor combined. Labor stood in a better position in the 13th century than it did at the end of the 18th. The compensation law is in force in many lands. It is nothing new you seek. I am speaking as a labor candidate. (Hear, hear). If I am elected I am prepared to do justice to the laboring man. (Cheers). If a man were allowed to vote in civic politics without paying his taxes I think there would be better collections. It's a man's intelligence that votes, not his paying or non-paying of taxes.

Mr. McKeown had placed himself in a position in which he should receive in the local house, when that body was asked to grant \$5,000 from the Relief and Aid Society's fund towards the Indiantown fire sufferers, was not to be lauded. (A voice, "He's a liberal.") Ah, yes, that's the cry now; you should not vote for him because

he's a liberal. That cry will not be a strong enough argument to carry him to victory next Saturday.

Should the present government be supported because they say they are liberals? Do you think it's an honest proposition? Why not call a local government convention for that purpose? Tweedie's manifesto raised a false issue and a false cry. The government candidates are as dead as Julius Caesar. The liberal party as a party le to be respected, and is stronger than the local government party. If an effort was not made to dragoon men into the rotten ranks by this cry of liberal party such statements could not be made.

MAY MEET JORDAN.

MAY MEET JORDAN.

There is every reason to believe that if Terry McGovern wants to go to England to box Ben Jordan for the purse offered by the National Sporting Club of London on Derby night he will have to comply with the rules of the club. These rules call for 15-round bouts with six-ounce gloves, and they are too imperative to be broken. When McGovern received the papers from the foreign club for his signature to bind his match with Jordan he refused to sign because it was stipulated that six-ounce gloves would be used, the articles are still unsigned and McGovern apparently has no intention of giving in. The National Sporting Club is an organization which does not tolerate dictation and it would not surprise the sports to hear that the club had decided to cancel the match for good as far as McGovern is concerned. There are plenty of other lads willing to make the trip. It is understood that Young Corbett is ready to take McGovern's place, provided the purse is increased another \$1,000. McGovern and Jordan were to receive \$2,500.

If McGovern and Young Corbett withdraw the club will not want for a desirable opponent. Sam Fitzpatrick has two clever "unknown" lightweights under his wing ready to take McGovern's place. McGOVERN AND YANGER.

McGOVERN AND YANGER.

A date and battleground were chosen last night for the contest arranged a week ago between Terry McGovern and Benny Yanger, the "Tipton Slasher."

The pair are to box twenty rounds before the international A. C., Fort Erle, on March 16. Jack Herman, matchmaker of the club has offered a purse of \$2,500, or 55 per cent, of the gate receipts. The milk is at 130 pounds, weigh in at the ringside. When the boys signed articles they agreed to let the affair go to the highest bidder, and Friday was the last day to receive bids. But those interested could not get together and the final selection was posiponed until vesterday. A side-bet postponed until yesterday. A side bet of \$1,000 is to hinge on the outcome. of \$1,000 is to hinge on the outcome. In the papers Jim Corbett and Bob Fitzsimmons are named to referee. The office will in all probability fail to Fitzsimmons who expects to be in Buffalo about that time. Three clubs bid for the mill, but the Fort Eric Club's proposal was the highest. It is likely that the mill will be decided on a percentage basis instead of the purse. Under the percentage arrangement the men would realize a bigger Bum, as the fight appears to be a great drawing card. McGovern is hard at work at Johnson's road house on Jerome avenue getting into trim. This will be Yanger's first contest of importance in the east.

BOSTON, Feb. 23.— Jimmy Gardner of Lowell, to the surprise of everybody, stood for 15 rounds before Patsy Sweeney of Mangel, and as agreed before h. Oc., at a draw was called, both men being on their feet. Sweeney was expected to finish Gardner in a few rounds, but the latter's blocking saved him a defeat, especially in the third and fourth rounds, when he was none too strong. Sweeney forced matters continually, and the bout was a good one. Gardner had his brother George in his corner. The three preliminaries were by local men.
