## ENTENTE ARMIES WIN FURTHER SUCCESSES IN THE BALKANS

### ROUMANIANS DRIVING AHEAD IN TRANSYLVANIA

Continue to Gain Ground Also in Dubrodja—No Further Word of Forces which Crossed the Danube River and Invaded Bulgarian Territory.

### ALLIED ARMIES OCCUPY FOUR TOWNS NORTHEAST OF FLORINA IN GREECE.

Fierce Fighting on Russian Front from West of Lutsk and in Galicia—French Troops Capture an Important Trench North of Rancourt.

Although the Roumanians continue to gain ground against the Austro-Germans at various points in Transylvania the situation in Dobrudja, which has attracted added interest since the crossing of the Danube into Bulgaria by Roumanian forces, remains uncertain. Bucharest says that violent fighting continues all along the line south of the railroad running from Constantza to the Danube, with the Teutonic allies offering stubborn resistance to the Roumanian and Russian forces. Nothing is vouchsafed, however, concerning the troops which invaded Bulgaria.

Sofia says that only "several battalions" of Roumanians made their way across the river, and Berlin reports the destruction behind them by German troops of the pontoon bridges over which they made the passage.

An unofficial despatch from Rome asserts that Field Marshal Von Mackensen has ordered the evacuation of the Dobrudja fortresses of Silestria and Turtukal, recently captured by the Teutonic Allies, in the fear of their being enveloped by the Roumanians.

Heavy rains are interfering with the activities of the British and French armies in the Somme region of France, but nevertheless Paris records the capture of an important trench north of Rancourt, and the taking of additional prisoners, while London says the fighting at Eaucourt L'Abbaye "is proceeding satisfactorily."

Violent fighting has been in progress in Russia, west of Lutsk, and in Galicia, in the region of the Zlota Lipa river. In the latter region, according to Petrograd, neither the Russians nor the Teutonic Allies have been able to gain any marked advantage. West of Lutsk, according to Petrograd, the Russians made advances, but Berlin reports that all attacks here were repulsed, the Russians suffering exceptionally heavy casualties. In the attacks, says Berlin, which were preceded by terrific bombardments, the Russian guard made it unsuccessful onslaughts and another division 12.

As regards the fighting in Macedonia, Sofia admits that the heavy artillery fire of the Serbs in the region of Kalkakalan Height caused the Bulgarians to withdraw to their Moglenica Valley, in order to avoid unnecessary losses, but asserts that Entente attacks elsewhere along the front were repulsed.

Allied Success in Balkans.

Berlin records an advance by the Austro-Germans against the British northwest of Lake Tabino, while unofficial advices from Paris say the Bulgarians have abandoned several positions in the Starkov Grob and Brod river regions, and that four towns northeast of Florina, in Greece, have been occupied by the Entente Allies. In Albania, according to an Athens despatch, the Italian military authorities have occupied Argyro Castro, having ordered the Greek military officials there to evacuate the town.

Except for the capture by the Italians of two lofty peaks held by the Austrians and a continuation of the heavy bombardment by the Austrians of the Carso front in the hands of the Italians, there has been little activity in the Austro-Italian theatre.

Grateful to Temple Band.

At a meeting of the West Side Soldiers' Comfort Circle, held on the evening of the 28th of September, a very cordial vote of thanks was passed to the Temple Band for their great kindness and assistance in furnishing music on the evenings of the Soldiers' Christmas Stocking Fair. Many people have remarked how much they enjoyed the music of the Temple Band on these occasions.

### MASS MEETING IN FRANKFORT DEMAND AN EARLY PEACE

DISSATISFACTION IN GERMANY OVER CHANCELLOR'S SPEECH, REICHSTAG MEETING IS POSTPONED UNTIL PEOPLE CAN BE COAXED INTO ACCEPTING BETHMANN-HOLLWEG'S POLICY.

London, Oct. 3.—Telegraphing from Amsterdam the correspondent of the Central News says:

"It is generally believed that the postponement of the meeting of the Reichstag is due to dissatisfaction with the speech of Dr. Von Bethmann-Hollweg. In the meantime strenuous efforts will be made to reconcile the people to the imperial chancellor's policy."

"Meetings have been hurriedly arranged to be held in a number of towns where members of the Reichstag will make addresses."

"A public mass meeting at Frankfort passed a resolution in favor of an early peace."

"The Vossische Zeitung says that Chancellor Von Bethmann-Hollweg had a lengthy conversation yesterday with Prince Von Buelow, the former chancellor."

### VENILELOS FACTION WILL BE STRONG IN NEW GREEK CABINET

New Ministry will have a Decidedly National Character.

### PROVISIONAL GOVT SEAT AT MYTILENE.

Word Goes Out to Royal Newspapers to Stop Attacks on Former Premier.

Athens, Oct. 3, via London.—The resignations of all the cabinet ministers, except the premier, Nikolaos Kalogeropoulos, and the minister of foreign affairs, Alexandre Carapanos, are now in the hands of the king. The cabinet will be arranged probably so that several supporters of M. Venizelos, the former premier, will hold portfolios, thus giving the new ministry a national character. Orders have been issued to the royalist newspapers to cease attacking M. Venizelos, in view of the co-operation of his adherents with the new government.

Provisional Government at Mytilene. Athens, Oct. 3, via Athens, Monday, Oct. 2, via London, Oct. 3.—Former Premier Venizelos is expected to leave here shortly for Mytilene where he will establish the seat of the provisional government. Vice-Admiral Condouriotis will go to Saloniki to represent the provisional government there.

### BOSTON SCHOONER RUTH ROBINSON IS ASHORE AT WEST PT.

Charlottetown, P. E. I., Oct. 3.—The three-masted schooner Ruth Robinson which ran ashore at West Point while on her way from Charlottetown to Bay Chaleur in ballast, is reported high and dry tonight. There are poor prospects of her being floated. She is owned in Boston and came here from Liverpool with a cargo of salt.

The government steamer Brant which was sent from here to her assistance reports that she could not help her.

### BRICK LAYERS UNION BACK WITH AMERICAN LABOR FEDERATION

New York, Oct. 3.—Arrangements have been completed for the return to the American Federation of Labor of the International Brick Layers' Union, according to an announcement made here tonight by Samuel Gompers, president of the federation. The union, which has 80,000 members in the United States and Canada, seceded some time ago.

### ITALIANS TAKE TOWN IN ALBANIA

Greek Civil Authorities Allowed to Remain in Argyro Castro After Cadorna's Men Enter Town.

Athens, Oct. 3, via London.—Two thousand Italians, including artillery and cavalry, who had been holding Santi Quaranta, have occupied Argyro Castro, Albania. The Greek military authorities were allowed a limited time in which to evacuate the town. The Greek civil authorities, however, were permitted to remain at their posts.

Other Successes Reported. Rome, via London, Oct. 3.—The following official communication was issued today:

"Enemy artillery has insistently shelled villages in the Aslico Valley and on the Arliago plateau. Of these Arliero suffered some damage. "Our offensive operations in the mountains have resulted in some new successes. At the head of the Cismon-Brenta valley our troops, after climbing precipitous walls under the enemy fire, succeeded in capturing the second peak of Col. Brison, at the southwest of the first peak, 2,604 metres high, which was already in our possession."

"In the Upper Cordevole, during the night of the first, a determined bombing attack against an advanced position on the slopes of Monte Stef was decisively repulsed with losses to the enemy."

Reach Summit of Peak 2,766 Metres High.

"In Carnia, between Monte Coglians and Pizzocollina, on the Upper But, our detachments, after having, by a turning movement, cut off a high peak held by the Austrians, succeeded in reaching the summit, at a height of 2,766 metres. The enemy left behind arms, ammunition and war materials."

"On the Carso front the enemy artillery has increased its activity against inhabited villages, shelling our detachments on the left bank of the Vallon river. An enemy aeroplane dropped a bomb on Agoria, Cordevole, but without causing damage."

Berlin Report.

Berlin, Oct. 3, via London.—Heavy fighting continued north of the Somme yesterday. The war office announced today that ground had been gained by the Germans in the Thierval region.

The statement follows: "Army group of Grand Duke Albrecht of Wurttemberg: Near Lombartzyde (Belgium) close to the coast, our marines, as a result of a successful patrol enterprise, brought in twenty-two French prisoners."

"Army group of Prince Rupprecht: The battle north of the Somme continued under persistent and powerful artillery fire from both sides. North of Thierval and northwest of Courcellette we wrested from the British some trenches in which they had established themselves, thereby capturing several machine guns."

"The fighting was especially bitter between Lessars and the road from Ligny-Thillois to Fiers. Here the British purchased with the heaviest sacrifices a small gain in territory on both sides of the Eaucourt L'Abbaye Farm. Between Guedecourt and Morval our artillery, after repulsing four attacks from Les-Boens held the enemy's infantry within its storming positions."

Berlin, Oct. 3, via London.—The war office announced today that Austrian and German monitors had destroyed the pontoon bridges across the Danube in the rear of the Roumanian forces, which have crossed the river and invaded Bulgaria."

SIR JAMES LINTON DEAD.

London, Oct. 4.—Sir James Dromgoole Linton, president of the Royal Institute of Painters in Water Colours, died yesterday at his home on Havrestock Hill. He was born in London in 1840.

The bullet entered Oakes' eye and passed clear through his head. The dead officer was about thirty years of age and the son of Wm. Oakes, of North Augusta, Ont.

### EXCELLENT WORK OF CANADIAN ARTILLERY KEEPING DOWN CASUALTIES; MEN FROM THE DOMINION NOW IN ACTION BUT LOSSES LIGHT

Special to The Standard. Ottawa, Oct. 3.—Information has reached the militia headquarters that the Canadian troops have been in the thick of the fighting since Friday last. The indications are that they are operating in the vicinity of Courcellette and Thierval and the Heslain and Zollern redoubts.

According to the cable received by the department the casualties are light by comparison. The heavy casualties which have resulted during the last few days are due to the excellent work of the Canadian artillery, which is recognized as remarkably efficient.

That the Canadian troops are doing splendid work, and that wherever they engage the enemy they prove themselves masters of the Germans, is the effect of all communications received here.

Maritime Province casualties announced tonight are as follows:

Infantry. Killed in action—John W. Charnley, Gibson, York Co., N. B.

Mounted Rifles. Killed in action—Everett McLeod, Grandview, P. E. I. George A. Turnbull, Digby, N. S.

### BRIDGE COLLAPSES, CROWDED TROLLEYS WHICH COLLIDED TAKE A PLUNGE OF THIRTY FEET

Cleveland, Ohio, Oct. 3.—Four bodies have been recovered, several other dead, are believed to be in the wreckage, and more than thirty are in hospitals as the toll of a bridge tragedy here early this evening, when two street cars collided on the West Third Street bridge, causing it to collapse and precipitate the cars thirty feet to

the Baltimore and Ohio railroad tracks below, where they almost went into the Cuyahoga river. There were forty persons on one car and twenty on the other. It was first believed that the dead list would reach fifty, but later it was found that while dozens were hurt only a few had been killed.

### CANADIAN WOMEN PROVE ADEPT IN MUNITIONS WORK

Minister of Labor Visits Ontario Plants and Finds Women Doing Nobly in Shell Making.

Special to The Standard. Ottawa, Oct. 3.—"The employment of women in munition factories in Toronto has been a splendid success," said Hon. T. W. Crothers, Minister of Labor, today, on his return from Toronto. While there he and Mrs. Crothers visited a number of factories to learn first hand the conditions under which women were working and to find out what results had attended their employment.

Mr. Crothers said that between 1,200 and 1,500 women were employed in these factories in Toronto, for the most part making fuses. They were earning in many cases more money than the skilled mechanics. The parts of the fuses are all made by machinery and as the mechanism of the fuses are nearly as delicate as that of a watch, deft handling is important. No skill is necessary to begin with but speed is essential and the quick fingers of women make their work valuable.

A large number of the women were formerly sales ladies and as munition workers they have been exceedingly successful. Beginners get a dollar a day and in some cases two dollars and as they become efficient earn more.

Pay Depends on Speed. It is all piece work so that the quickest earn the most. An ordinary wage made by a woman is about four dollars a day.

Mr. and Mrs. Crothers had talks

### 5 OF NOVA SCOTIA SCHOONER'S CREW WASHED OVERBOARD

The Schr. Lela J. Schwartz Runs Into Heavy Sea Which Swept Decks, Carrying Five of Crew to Death.

Lunenburg, N. S., Oct. 3.—The fishing schooner Lela J. Schwartz, arrived here today and reported having lost five of her crew in a gale encountered on September 24th when the vessel was on her way home from the Banks. The crew were engaged in taking in the riding sail when a heavy sea washed the deck from end to end, destroyed all the dories, and washed five of the crew overboard. The fishermen were all natives of Lunenburg county.

with a number of the women as well as their employers and found that they liked the work and the employers valued their services. Thousands of women are anxious for employment in these factories, but in some cases foremen are opposed to having them as workers while in other cases employers do not care to make the changes in their buildings which would be necessary.

Mr. and Mrs. Crothers expect to go to Montreal in a week or two to look into the situation there with regard to the employment of women in munition factories.

JAPANESE CABINET RESIGNS. Tokio, Oct. 3.—Count Okuma, the prime minister of Japan, resigned today owing to his advanced age. The members of the cabinet also tendered their resignations to the Emperor.

## THE MUNICIPAL COUNCIL HELD QUARTERLY SESSION YESTERDAY

### Decision Reached to Pay Victorian Order of Nurses \$4,000 in Lieu of Claim They May Have on Hospital Commissioners—Grant of \$3,000 to Children's Aid Society—Other Matters Considered.

The quarterly session of the Municipal Council was held yesterday afternoon in the Court House. Those present were Warden McLellan and Councillors Hayes, Wigmore, Fisher, Russell, Howard, O'Brien, Bryant, Golding, Dean, Thompson, Stephenson, Shillington, Boland, Carson and Shanklin.

The warden called the council to order at 2:40. It was decided to pay to the Victorian Order of Nurses \$4,000 in lieu of any claim they might have on the commissioners of the Public Hospital, \$3,000 was ordered placed to the credit of the Children's Aid Society, a survey of certain lands on White and Richey streets was ordered preparatory to establishing the same for hospital purposes. The by-law relating to business licenses in the county was referred back to the bill and by-laws committee for re-drafting. A request from Dr. Walker for the appointment of a committee to confer with him in regard to a proposal to build a wing to the St. John County Hospital, was complied with. A communication was read from the St. Martins Telephone Co. in regard to their assessment in the Parish of Simonds and the secretary was instructed to notify them that their remedy lay in the appeals committee. A communication from the Registrar of Deeds in regard to his office was referred to the building committee. The county treasurer was authorized to arrange for a payment of \$2,000 immediately to the Victorian Order of Nurses. On motion of Councillor Howard, seconded by Councillor O'Brien, a committee was appointed to ascertain the amount of the warrants issued by the city for county purposes, the amount paid on the same and the balance if any due the county from the city. After considerable discussion in which the warden and some of the city members claimed that the municipal council had voted away whatever claim they might have against the city it was decided to appoint a sub-committee and the warden appointed the following: Councillors Hayes, Fisher, Carson, Howard, Dean and Golding.

According to figures read by the secretary every parish in the county owes the municipality more or less. The auditor's report showed that in 1903 the city owed a balance of about \$53,000; in 1913 the amount had been reduced to about \$9,000. No further business offering the council adjourned.

### MARRIAGES.

**Coates-Stevens.**  
At the residence of the officiating clergyman, Rev. F. H. Wentworth, Miss Violet T. Stevens was married, on Monday last to Herbert C. Coates, Mr. and Mrs. Coates left for New York. They will reside at 51 Summer street.

**Thompson-Higlop.**  
W. Egbert Thompson, B. A. M. R. Surgeon to the First Ambulance Unit for Italy, was married Sept. 20 to Miss Madeline Higlop, by Rev. A. Muirhead in Biggar, Scotland. The groom is a son of Mrs. Florence A. Thompson, German street, Moncton.

### Question of Hospital Land.

The county secretary reported that the Hospital Commissioners had not been able to obtain a clear title to the land wanted for the building of the new power house and laundry and offered the following resolution which was to be passed by a two-thirds vote before proceedings could be begun for the expropriation of the necessary land. The resolution was carried unanimously.

Whereas it has been made to appear to the members of the Council of the Municipality of the City and County of Saint John that additional land is required by the commissioners of the General Public Hospital in Saint John on which to construct a building and for approaches to such building for

### Helping The Kilties

The use of the said commissioners as power house and laundry for said hospital, the same being a public hospital for which the carrying on the work of said commissioners of said hospital rates and taxes are assessed and levied within the said County of Saint John and the City of Saint John.

And whereas the said councillors have deemed it advisable and necessary in the public interests to acquire and take certain lands on that side of White street and Richey street contiguous to the lands of the commissioners of the General Public Hospital in Saint John lying between the lands and premises of one Albert Burnside and those occupied by Catherine Davis, widow of James Davis, and shown red on the plans thereof prepared by Gilbert Gray Murdoch dated the second day of October A. D. 1916;

Therefore resolve That the said municipality enter upon said lands shown red on said plans by its officers, engineers, servants and workmen to make surveys and measurements and ascertain the boundaries of the property required by said hospital commissioners for power house and laundry to be used in connection with said public hospital.

A communication was read from the St. Martins Telephone Co. offering to pay taxes on an assessment of \$1,000 in Simonds and \$500 in St. Martins for the years in which their taxes had not been paid. The secretary was instructed to notify them that their remedy lay in the appeals committee if they had been over assessed.

The registrar of deeds submitted an estimate of \$463 for installing a lavatory in his office, which was referred to the building committee.

On motion the county treasurer was empowered to arrange for the payment of a sum of \$2,000 immediately to the Victorian Order of Nurses, the balance of the \$4,000 to be paid next year.

Councillor Howard moved, seconded by Councillor O'Brien, that a committee be appointed to ascertain the amount of the warrants issued by the city for county purposes, the amount paid to the county on the same and the balance if any due the county from the city. After considerable discussion in which the warden and some of the city members claimed that the municipal council had voted away whatever claim they might have against the city it was decided to appoint a sub-committee and the warden appointed the following: Councillors Hayes, Fisher, Carson, Howard, Dean and Golding.

### Helping The Kilties

MISS EDITH DALLING, of Woodstock, who has been acting as stenographer at the New Brunswick Kilties' recruiting meetings in Carleton County.

### MARY RUMLEY GETS SIX MONTHS IN THE KING'S COUNTY JAIL

Kings County Court in Session Yesterday with Two Cases on the Docket—Other Prisoner Declared Not Guilty.

Special to The Standard. —The October sitting of the Kings county court was held here today, opening at ten o'clock with His Honor Judge Jonah presiding, and the regular court officials in their usual places.

There was no civil business on the criminal docket, the King vs. Annie Faulkner, charged with keeping a bawdy house, and the King vs. Mary Rumley, charged with stealing articles from the household of P. G. Lingley at Riverside. In this latter case the defendant Mary Rumley, elected to be brought before Judge Jonah under the Speedy Trials Act and pleaded guilty to the offense charged. She was sentenced to six months in the county jail.

When the list of grand jurors was called it was found that there were five absentees, but the following nineteen answered to their names: Aubrey Northrup, W. B. Scovil, Jesse Northrup, Lemuel Dalling, John T. McVey, L. T. Crawford, George S. Sharp, Joseph Conshlan, Wm. M. Campbell, John Dalling, T. J. Mercer, Samuel Hunter, Geo. M. Wilson, P. W. Brewster, H. L. Worden, G. M. McCready, H. E. Seelye, Chas. A. Parker and Edwin J. McCready. The groom is a son of Mrs. Florence A. Thompson, German street, Moncton.

Recent callers at the office of the Agent General for New Brunswick in London include: Capt. G. M. Johnston, St. John; Lt. J. P. Hanning, R. F. C. Fredericton; Maj. C. G. Maccombe, Marysville, N. B.; Lt. E. McLean, Charlottetown; Lt. B. Smith, St. John; Lt. F. H. Tingley, D. S. O., Moncton.

After being out about a half hour the jury returned with a verdict of "not guilty". The prisoner was discharged and the court adjourned sine die.

**An Uncommunicative Visitor.**  
R. T. Crane, a prominent steel magnate in Chicago, accompanied by his wife and family, arrived in his private car, attached to the Boston train in the city last night. This is his fourth trip to Canada this year, and he has visited nearly every city of any importance in the Dominion. When asked by a representative of The Standard if his visits and observations throughout the Dominion had any bearing upon the proposed steel salp-building plants which are receiving the attention of prominent and progressive business men, he smiled and replied that at present he had nothing of importance for publication in regard to the matter. He left on the Halifax train for the garrison city.

### SIR. F. WILLIAMS-TAYLOR CALLS ON MEN OF HIS NATIVE TOWN TO UPHOLD NEW BRUNSWICK'S HONOR

#### Stirring Message from Him Read at Big Recruiting Rally in Moncton—Fourteen Respond to Appeal—Fund to Buy Kilts for Col. Guthrie's Battalion Swelling Rapidly.

Special to The Standard. —The recruiting meeting held here tonight in the interests of the Kilties was a big success. The hall was packed to the doors with an enthusiastic crowd of men, and at the close of the meeting no less than 14 signed the roll, and many others expressed their intention of doing so a little later.

Col. Guthrie read the following message from Sir Frederick Williams-Taylor: "As a Monctonian I feel impelled to send you my heartfelt wishes for a successful recruiting meeting."

Coupled with this message was the following: "Men of my native province of New Brunswick, I beg you to throw away the implements of peace and join forthwith this greatest fight for liberty, freedom and justice in defense of the British Empire."

The reading of this message evoked the heartiest cheers, and judging from the response bore fruit.

The sum of \$20,000 is needed to pay for the kilts for the men, and the money is being raised by private subscriptions. Every man who gives \$50 has his name bracketed alongside the name of the man who wore the kilts which he paid for. Brigadier-General H. H. McLean is looking after this part of the work, and has secured the following subscriptions in Montreal to date:

- H. H. McLean, \$1,000
- Sir F. Williams-Taylor, 1,000
- Edward Beattie, 1,300
- J. Ross, 1,300
- Charles E. Neill, 1,000
- Hugh Cassils, 1,000
- Mr. McIntyre, 1,000
- Harry McLean, 250
- Col. Charles W. McLean, 100
- Mr. McTier, 100
- Mr. Angus, 100
- Col. McNamee, 50
- William McLean, 50

Colonel J. J. Sharples, O. C. Military Hospital Commission, and Colonel Thompson, O. C. Military Hospitals Medical Board, in company with Captain Bruce, O. C. of the discharge depot, St. John, and Secretary Robinson of the Returned Soldiers' Commission, visited the Parks Convalescent Home and the Military Hospital yesterday, and after making a careful inspection of the premises and interior, pronounced both institutions in splendid condition.

Colonel Thompson, who is the federal member for Yukon, when asked if the present facilities in St. John were adequate to attend to the number of patients which may during the course of the war arrive here, replied that the only fault he had with the Convalescent Home was that it was not large enough. "The work of looking after the wounded is only in its infancy," said the colonel, "and it will require some time before matters are straightened out. Although we have a chain of hospitals extending from Charlottetown, P. E. I. to Vancouver at the present time, there are still many alterations and improvements to be made."

### EAT LESS MEAT IF BACK HURTS

#### Take a Glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress; particularly back-ache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritations.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

### Recruiting Meetings Friday.

Two big recruiting meetings are to be held on Friday night for the purpose of inducing young men to enlist in the 25th Battalion. One meeting will be in the City Hall, West St. John, commencing at eight o'clock, while the other meeting will start at ten o'clock in the Imperial Theatre. Special speakers who will deliver addresses will be announced later, and Lieut.-Col. Guthrie, the officer commanding the 25th, will speak at both meetings.

### THROW OPEN HUNDREDS HOMESTEADS IN CENTRAL BRITISH COLUMBIA.

Prince George, B. C., Sept. 29.—The British Columbia government will throw open for settlement on October 9th, two large tracts of land containing 400 homesteads of 160 acres each. These homesteads are in the most fertile districts of Central British Columbia. One of the tracts lies along the north side of the Nechako River about eight miles east of Fort Fraser, while the other block is on the west side of the Stuart River, near its junction with the Nechako.

### SNEEZING COLDS, BAD COUGHS, IRRITABLE THROAT, ALL CURED.

Just think of it, a cold cured in ten minutes—that's what happens when you use "Carrizone." From what's its soothing balsam and out goes the cold—sniffles are cured—headaches are cured—symptoms of Catarrh and Grippe disappear at once. It's the healing pine essence and powerful antiseptics in Carrizone that enable it to act so quickly. In disease of the nose, for irritable throat, bronchitis, coughs and catarrh, it's a marvel. Safe even for children. Beware of dangerous substitutes offered under misleading names and meant to deceive you for genuine Carrizone, which is sold everywhere; large size, containing two months' treatment, \$1.00; small size, 50c; sample size, 25c.

# BULGARS HAMMER IN VAIN IN EFFORT TO TAKE KAIMAKCALAN

## BEATEN OFF IN ATTEMPTS TO RECOVER KEY TO MONASTIR, THEY LOSE KOCOBOY, A STRONGLY FORTIFIED POSITION NEAR KAIMAKCALAN.

Athens, Oct. 2, via London, Oct. 3.—Serbian military officials report that the desperate efforts made by the Bulgarians to recapture the Kaimakcalan plateau, which is the key to Monastir, have been frustrated, and that the Serbs have assaulted and captured the important fortified Bulgarian position of Kocoboy, two kilometers behind Kaimakcalan. The Bulgarian attacks at the latter point continue, however.

commanding the Monastir Valley, which is now held by the Serbs. Turks Claim Victory Over Russians. Constantinople, Oct. 3, via London.—The capture of 500 Russians by Turkish troops fighting on the Gallian front is announced in today's official statement, reporting the repulse of Russian attacks upon positions occupied by the Turks. The statement says: "On the Gallian front the Russians renewed their assaults Sunday morning. We repulsed all attacks. We captured, in the fighting of Saturday and Sunday morning five officers and 500 men."

### LET THEM DECLARE THEMSELVES.

Ever since recruiting in Canada commenced to slacken, the columns of the Liberal newspapers have been filled with complaints that, in some manner, the Dominion Government has fallen short of its duty in the matter of securing men for the Canadian armies.

Voluntary enlistment has been the accepted system under which the armies of Britain have been filled. The present war ushered in new problems and new conditions and it was not possible to grapple with all of them at once.

This commission will systematize recruiting. It will do all that can reasonably be done without recourse to conscriptive methods and yet, if we are to judge from the opinion of the Times, it is not satisfactory to those newspapers preaching the doctrines of Laurier.

It is no more than fair at this juncture to ask what measure would satisfy the Times? That newspaper complains at the lack of response to the call of Empire, and declares that the Government's action in the direction of stimulating enlistment will not meet the case.

In this matter of securing men for the Canadian armies there should be no division of opinion. Whatever efforts the Government find it necessary to take should receive the united support of all loyal Canadians.

It is time for a declaration of policy, not alone from the Times but from more responsible and influential Liberal journals.

The despatches of last night reported the resignation of the Greek cabinet with the exception of the premier and the minister of foreign affairs and intimated that the new ministry in several important portfolios would contain friends of former Premier Venizelos.

over the concessions he will receive from the Entente in consideration of taking part in the campaign against Bulgaria. It is not all likely that the representatives of the Entente powers will make any special effort to enlist the aid of Greece. The time for that has passed and at present it matters little what the pro-German ruler of Athens may decide to do.

Constantine's fatuous folly, says an exchange, can only be compared with that of a man who stands at the upper window of a burning building and insists on certain concessions from the firemen before he will unlock the door.

Constantine, it is said, particularly desires southern Epirus, and was promised it by the Kaiser as compensation for his "neutral" attitude. Well, let him get it from the Germans when they are in a position to give it.

It is indeed strange that the owners of the building had not notified us of the condition if the job had been recently installed.

Any one connected with the Underwriters will corroborate us in saying that the rules of the board are frequently changing and specification of stock and its installation are much changed even in recent years.

The dirty methods of the Daily Telegraph require no introduction to the people of this province. For the past eight years that newspaper has stood for all that is most despicable in hack journalism.

Of course there is no such report and no possibility of the appointment at which the Telegraph hints. Mr. Fleming has been selected by the Conservatives of the joint riding of Carleton and Victoria to contest that constituency at the next federal election.

causes the Telegraph to worry and to continue by every means at its command its campaign of vilification and persecution.

Mr. Fleming's case is a matter of political history in this province. Whatever he did he has fully paid the penalty in which respect he is to be preferred to certain Grit politicians who can be named.

The Telegraph's report is absolutely untrue, but suppose it was otherwise? If Mr. Fleming should go to Ottawa as a member of the Canadian Senate he would be certain to display a higher degree of loyalty than did the Grit puppets who, in servile obedience to Laurier's demand, strangled Premier Borden's proposal to aid the Empire navy and thus made Canada a reproach and laughing stock in the eyes of the world.

**DO YOU NEED A MATTRESS?**

If so, don't buy until you have seen the "Dixie No Tuft" the mattress which has revolutionized the bedding business. The absence of tufts does away with the hard spots which tufting inevitably produces, and with the depressions at every tuft which are gathering places for dust, dirt and germs.

Our space is too limited to describe in detail why the Dixie has twenty-five per cent. more elasticity than the tufted type; why it presents a better appearance at first, and why it keeps that appearance after other mattresses have spread and sagged out of shape.

But if you will write or phone us for a circular which fully describes all these points, or, better still, call and let us show you samples, we feel sure that you will agree with us that it is the BEST ON EARTH.

**PRESBYTERIAN COMMITTEE ON CHURCH UNION SUBMITS MESSAGE TO THE CHURCHES**

A Document of Vital Importance to the Church Which Will be Considered by All Sessions in Canada Before Final Decision is Reached.

The following message to the sessions of the Presbyterian churches has been issued by the Church Union Committee of the General Assembly. It has been sent to all the churches and will be considered by them in due course. It deals very fully with action taken at the General Assembly and sets forth in clear language just what the basis of union is and the effect it will have on the life of the church.

The General Assembly of our Church at its meeting in Winnipeg in June last resolved to unite with the Methodist Church and the Congregational Churches in Canada in terms of the resolution hereto appended, and appointed a committee to carry out this policy.

Although the actual consummation of the Union cannot be effected for several years, the decision of the Assembly was so momentous that this committee at its first meeting on July 26th, considered it important that the whole membership of the church should be fully informed as to what is involved in it.

The committee therefore has decided to lay before all the sessions the resolution of the General Assembly, and to point out its important features; at the same time urging upon sessions, in virtue of their position of responsibility, to explain to the members and adherents of the congregations the meaning of the action of the General Assembly, and thus to remove any possible misapprehensions as to the basis of Union or as to what the Assembly actually did.

**The Action of the Supreme Court of the Church.**

1. The action of the General Assembly in the action of the Supreme Court of the church, our church in common with other churches, as a part of the living Body of Christ, under His Headship and directed by His Spirit, is free to modify its doctrines, government and worship as fuller light may come, in order to the more effective fulfillment of its mission in the world.

By law and practice the Presbyterian Church in Canada is governed by sessions, presbyteries, and General Assemblies; and the church speaks through these courts. In order, however, that no hasty or ill-considered action may be taken, it is provided by the "Barrier Act," that any proposed change in the Constitution of the church must be submitted by the General Assembly to the presbyteries; and unless a majority of these pronounce in favor of the proposed change, it cannot be enacted by the General Assembly.

**The Basis of Union: Some Points**

I. The proposed organic union of the Presbyterian Church in Canada with the Methodist and the Congregational Churches of Canada has been under discussion for over eleven years. During this period a basis of union was wrought out with care by large and representative committees of the negotiating churches and was sent twice to the presbyteries of the church. It was also twice sent to the sessions and whole membership, so that the church might have the opportunity of giving the fullest consideration to the basis and to the question of union.

It is important to observe that the basis of union as adopted, does not require our people to abandon anything that is hallowed to them in faith, worship or government.

The basis of Doctrine contains the fundamental Christian beliefs that have always been held by our people but liberty is allowed in those aspects of doctrine which are the accompaniments of, rather than essentials in, the evangelic faith. It is this great fact that renders the proposed Church Union practicable.

In the basis of union express provision is made that existing congregations shall be free to continue without change the form of organization which they at present have. The names, "Session" and "Presbytery" are retained. Congregations will continue to call their own ministers, and the pastoral tie will remain unbroken as long as minister and people so desire. A settlement committee will be appointed to endeavor to remedy the very serious difficulties that at present often interfere with the transfer of ministers from one congregation to another. This committee will be a useful organ to aid, rather than restrain, congregations in their choice of a minister and to assist the minister in finding a suitable field of labor. Existing congregations will experience little or no change in the internal government of their affairs.

The question of union was twice submitted to the people for their opinion, and abundant opportunity afforded for the consideration and amendment of a proposed basis of Union. The basis as finally amended was adopted by the General Assembly of 1915, and the question of union on this basis was submitted to the sessions, communicants, and adherents of the church, and the vote resulted in a substantial majority for union.

After the vote of the people had been officially announced, the proposal was considered by presbyteries in

of practical Christian unity. It is our hope, also, that this union is only the forerunner of larger unions yet to come within the Christian church.

In conclusion, the committee would urge upon any who may not yet be satisfied with the decision of the General Assembly, to consider the question in all its bearings, calmly, and with the greatest care, and not to commit themselves in opposition to the will of the Assembly; being confident that the mature judgment of the membership as a whole will accept the action of the Assembly as being the highest interests of the Kingdom of God.

R. A. FALCONER,  
Convener.

**RESOLUTION ON UNION**

Adopted by the General Assembly, June 14, 1916.

1. That the report of the committee on union be received.

2. That in accordance with its recommendations this General Assembly do now resolve to unite with the Methodist Church of Canada and the Congregational Churches of Canada to constitute "The United Church of Canada," on the basis of union, approved by the General Assembly of 1915 and by the Dominion and Provincial Legislatures since consulted under the Barrier Act.

3. That this decision be formally announced to the Methodist Church of Canada and the Congregational Churches of Canada.

4. That a committee be appointed to carry out the policy of the Assembly, and to act in co-operation with committees of the Methodist and Congregational Churches of Canada in obtaining the necessary legal advice and in taking such steps as may be deemed proper to prepare for making application to the Dominion and Provincial Legislatures for such legislation as may be necessary to secure the conveyance of property to the United Church. That this committee report to the first Assembly following the end of the first year after the close of the year and that, with the consent and authority of that Assembly, application be made for the legislation proposed at the following session of the Dominion Parliament and the Provincial Legislatures.

5. That provision be made in this legislation to conserve the property rights of all congregations that may determine by a majority vote of the communicants not to enter the United Church.

6. That the union be consummated as soon after the securing of legislation as the regular steps can be taken.

7. That in the meantime presbyteries be instructed to move along the lines authorized by the General Assembly in Edmonton in 1912 either by local unions or by withdrawal of one church or the other where serious overlapping is taking place to the detriment of religion.

8. That to the better furtherance of this end in each of the thirty-seven presbyteries of Western Canada including the four presbyteries of New Ontario a committee of three (one of whom shall be the superintendent of the bounds) be appointed to meet a like number of the Methodist Church of Canada and one from the Congregational Church of Canada, where missions of that church are found, and one from the Union Churches where there are such within the bounds, to advance local union or co-operation of congregations or mission stations, such joint committee to be authorized:

(a) To see that Union Churches are regularly visited.

(b) To select from the literature of the churches what may be suitable for their use and to urge its purchase.

(c) To send delegates to promote liberality in these Union Churches toward missionary, charitable and patriotic objects.

(d) To urge these Union Churches to advance local collections for the various schemes of the churches, to be divided proportionately between the churches represented.

9. That the General Assembly continue to any minister in good standing in this church who may accept the pastorate of a Union or Co-operative Church the rights that he now enjoys in this church, and that the Confer-

# NEWS AND COMMENT FROM THE FINANCIAL WORLD

## RAILS CHIEF FEATURE ON WALL ST. YESTERDAY

Reports of Earnings Show Remarkable Gains—Trading Two-sided, Prices Irregular at Times.

New York, Oct. 3.—In keeping with the record of the past four weeks with today's market operations again attained a total well beyond the familiar million share mark, albeit a very large proportion of the whole was contributed in the final hour, the list then being most active and broad. The course of prices was frequently attended by irregularity and indecision, indicating the rather two-sided character of the trading.

Much of the market's stability was derived from the increased demand for rails, that division displaying more animation and underlying strength than recently. Publication of additional statements of earnings, by the railway companies nearly all remarkable for their gains in gross and net, was of material assistance in that quarter. The Canadian group, graners, cotton carriers and eastern lines were one to almost five points higher at their best, colliers losing some of the prominence, although Norfolk and Western made a new record on its further advance to 140 1/2. There was impressive buying of Pennsylvania and minor issues, including the shares of roads now in process of re-organization, were at best prices of the year.

Munitions and equipments were again largely represented by Crucible Steel, New York Air Brake, American and Baldwin Locomotives, General Electric and Industrial Alcohol, and the paper shares were conspicuous with gains of two to four points in International Paper, common and preferred, and American Writing Paper preferred. Coppers and Mexicans were among the most variable issues of the forenoon, but hardened in the final dealings with United States Steel, that stock recovering from 116 1/2 to 118 7/8, but closing at 117 1/2, a slight net loss.

General Motors furnished another maximum on its nine-point advance to 75 1/2, with gains of five and nine points, respectively, for South Porto Rico Sugar and General Chemical. Extreme gains in the more active stocks were shaded one to two points at the end. Total sales aggregated 1,140,000 shares.

Bonds were firm to strong. Total sales, par value, \$6,135,000. United States bonds were unchanged on call.

## MIDVALE STEEL EARNINGS AVERAGED \$2,500,000 A MONTH

(McDOUGALL & COWANS.) New York, Oct. 3.—In the afternoon on more active trading prices recovered to around the high point of the day, and in some issues, further advances were recorded. There was an advance in the rails which carried them up to Monday's high levels, and in a few instances to substantially higher prices. International Nickel and American also were among the strongest features throughout the day. Steel recovered easily from its low price of 116 1/2 of the morning. President Corey at the annual meeting of the Midvale Company stockholders, stated that earnings for the year, exclusive of those from the Remondini Corporation, had averaged \$2,500,000 a month. This is at the rate of \$15 a share on the stock, and earnings are understood to be running above that at the present time. Northern Pacific's annual report showed 10.47 per cent. earned on the stock last year compared with 7.58 per cent. in the previous year. Atch declared the regular common dividend. It was evident in the afternoon that the public interest in the market has not subsided. Total sales 1,024,000. Bonds \$5,867,000. D. J. & C.

**NEWS SUMMARY.** (McDOUGALL & COWANS.) New York, Oct. 3.—International Nickel year ended July 31st, 1916, net profits, increase \$390,032. Total surplus, increase \$526,989. First annual stockholders' meeting of Midvale Steel at 2 p.m. today. 100,000 employees of Chicago packers voluntarily given wage increase of 2 1/2 cents an hour. Latest returns on Canada's wheat yield indicate crop of 168,811,000 from 10,085,300 acres, against 376,303,000 bushels last year from 12,986,400 acres. American interests to advance \$60,000,000 for railroad construction in China. Mexicans in joint conference again urge withdrawal of all American troops from Mexico and will not accept any compromise. Ann. mining interests present views to commission. Twelve Industrials 152.37 off 1.76. Twenty rails 109.96 off .68. D. J. & C.

**YESTERDAY ON THE MONTREAL MARKET** (McDOUGALL & COWANS.) Montreal, Oct. 3.—Dominion Iron was again the most active stock. From the opening at 65 1/2, it sold down to 64, closing at 64 1/2. The stock exchange received an official announcement from the company that they would redeem their notes due in two years on December 1st next. Wagon-mack from the opening at 66 sold off to 72 1/2. All the paper companies are now making big earnings as most of the old contracts are now filled and they are now getting the high prices for their outputs. Press reports state that the allotments on the subscription of \$10,000 and over to the loan will be cut. The old loan was 98 bid today with none offering under 98 1/2. It has been selling recently between 97 1/2 and 97 3/4. Trading in Scotia was erratic. From the opening at 137 1/2 it sold off to 136 and closed at 137. Some of the inactive securities had good advances. Converters sold at 39, MacDonald at 17, and Ont. Steel Products at 42. There was some good buying of Civic at 81 1/2. Detroit was better at 117.

**P. R. EARNINGS.** (McDOUGALL & COWANS.) C. P. R. earnings for last week September, increase \$289,000. R. H.

## THE HIGH COST OF LIVING IN CHICAGO

Potatoes \$1.45 a Bushel which Jobbed at 48 cents a Year Ago—Record Price for Butter and Eggs.

Special to The Standard. Chicago, Oct. 3.—What are characterized as the highest prices ever known at this season of the year for butter and eggs at Chicago prevailed here today, according to reports from merchants. Extras in creamery butter sold at from 38 to 40 cents a pound as against 37 cents a year ago for the same grades. Eggs retailed around 37 cents a dozen, the same classification selling a year ago at 23 1/2 to 24 cents. Cheese dealers reported American cheese selling at 20 to 21 1/2 cents a pound, against 13 1/2 to 14 1/2 a year ago. Other food products showed as much or more appreciation in values, a notable instance being potatoes which jobbed at \$1.45 a bushel as against 48 cents a year ago.

## STILL BELIEVE STEEL MERGER IS COMING

Buying by New York Interests Part of Ambitious Plan, Foresee Preference for Canadian Industries After War

Special to The Standard. Toronto, Oct. 3.—It is still believed that what New York buying has been going on in the Canadian Steel stocks is part of an ambitious plan to bring about a consolidation of interests. It has not been a plan of sudden development, and will hardly be hurried along. Back of it all is the idea that when the war ends Canadian industries are going to have a preference over the United States in business with Britain and France and Russia. Plausible as that is in theory today, there are enough uncertainties to suggest that American capital will not commit itself too deeply until the future becomes clearer. In the meantime the foundation for a consolidation is being laid.

## CONSOLS AND BRITISH WAR LOAN DECLINE

New Six per cent. Exchequer Bonds Prove More Attractive — Consols and War Loan Lost 2 p. c. in a Week

Special to The Standard. London, Oct. 3.—The decline in investment issues has not touched bottom, and owing to the superior attractions of the new six per cent. exchequer bonds, old stocks continued to sag, both consols and the British 4 1/2 per cent. war loan losing 2 per cent. in a week, representing a large capital loss, although the yield is fractionally higher. Most of the sections of the stock market were adversely influenced today, but a steadier tone developed near the close on a few purchases.

# LATE NEWS AND VIEWS FROM SPORTING WORLD

## BROOKLYN WINS THE NATIONAL RACE AFTER FINE FIGHT

### GREATEST STRUGGLE IN BASEBALL HISTORY ENDED YESTERDAY WHEN BROOKLYN DEFEATED NEW YORK WINNING THE PENNANT WITH LEAD OF 2 1-2 GAMES—BOSTON KILLS PHILADELPHIA'S LAST HOPES.

Brooklyn, Oct. 3.—Brooklyn clinched the National League pennant today by defeating New York, 9 to 6. The Brooklyn victory gave the leaders an advantage of 2½ games. They can lose their two remaining games and Philadelphia can win the two it yet has to play, without changing the position of Brooklyn.

The game was a heavy hitting contest. Poor fielding by Pitcher Sherrod Smith at the start gave New York a 3-run lead. Brooklyn came back in the third and bunched five hits off Benton for four runs. "Puffer" relieved Smith in the fourth and, although New York tied the score in the fifth, he held his hitters in check while Brooklyn batters were pounding Perrett and George Smith.

The batting and fielding of Mowrey were features of the victory of the new champions. Robertson led in batting for New York, with four hits in as many times at bat. The score: New York . . . . . 301010001—6 11 2 Brooklyn . . . . . 014011111—9 14 1

Batteries — Benton, Perrett, G. Smith and Rainden; S. Smith, Pfeffer and Miller. Boston Shatters Philadelphia's Hopes. Philadelphia, Oct. 3.—Philadelphia's last chance for the National League pennant this year faded when Boston twice defeated Moran's team today, 6 to 3 and 6 to 1, while Brooklyn was winning from New York. Bad fielding was responsible for the home team's defeat in each game.

The teams put up a hard battle in the opening contest until two men were out in the seventh inning. Then, with Philadelphia leading by 2 to 1, and Rudolph on second base, Stock fumbled Fitzpatrick's grounder and Paskert also fumbled the ball, Rudolph scoring. Doubles by Konetchy and Magee and a wild throw by Byrne followed, and Boston got five runs for the inning. Rudolph held Philadelphia safe in the closing inning.

In the second game errors cost both of the runs made off Mayer, while Bender was hit hard in the eighth inning, when the visitors piled up four runs and clinched the victory. The score: First game—Boston . . . . . 000000510—6 11 2 Philadelphia . . . . . 000110010—3 7 1 Batteries — Rudolph and Gowry; Rixey and Mayer, Killifer. Second game—Boston . . . . . 000001140—6 11 1 Philadelphia . . . . . 010000000—1 5 1 Batteries — Tyler and Blackburn; Gowdy; Mayer, Bender and Killifer.

### AMERICAN LEAGUE.

New York, Oct. 3.—New York and Washington staged a baseball burlesque here today which ended in a 9-9 eleven-inning tie. The score: Washington . . . . . 410020000—9 11 1 New York . . . . . 0020200200—9 14 1 Batteries — Gallia, Ayers and Henry; Cullop, Buckles, Love, Mozgride and Walters. (Called account of darkness.) Red Sox Close Season with Two Defeats.

Boston, Oct. 3.—The Red Sox closed the season with a double defeat by Philadelphia today, 5 to 3 and 7 to 5. Supposedly turning up for the world's series, Red Sox pitchers were hit hard by the Athletics. Foster, who had not pitched previously for weeks was hit exceptionally hard, seven hits for sixteen bases being counted against him in four innings. Ruth was almost similarly treated, and Mays lacked his usual effectiveness, but Manager Carrigan took the edge off any disappointment Boston supporters might have felt by the statement: "The boys are going to take it easy now. We've just finished a hard campaign, and we are almost into another."

### Makes New Set of Records for Three Year Old Fillies at Lexington Grand Circuit Meet.

Lexington, Ky., Oct. 3.—Volga, full sister to Peter Volga duplicated the latter's achievements in making a new set of records for three-year-old fillies in winning the three-year-old trotting division of the Kentucky Futurity, valued at \$14,000, and worth \$8,500 to the winner, at the Kentucky Horse Breeders' Association meeting here today. The daughter of Peter The Great and Varyolo Belle trotted the third mile in 2:04½, thereby lowering the three-year-old filly record of 2:05½, made by Mary Putney in winning the Futurity last year. In addition Volga trotted the three heats in 2:06½, 2:07 and 2:04½, respectively, establishing a new record for three heats for three-year-old fillies.

Mary Putney, in winning the first heat of the 2:06 trot, equalled the world's record for four-year-old mares by trotting the mile in 2:04½. Summary: 2:15 Trot, Three in Five, \$1,000, Five Heats. ### MCGRAW QUILTS FIELD DISGUSTED WITH TEAM

Giants' Manager Sore at Showing His Team Made in Crucial Test of Final Series.

Brooklyn, Oct. 3.—Declaring that he was disgusted with the playing of his team, Manager John J. McGraw of the New York National League Club, left the playing field at Ebbets field in the fifth inning of today's game between Brooklyn and New York and retired to the club house. Manager McGraw did not appear on the field after that inning.

In a statement after the game, in which Brooklyn clinched the National League pennant, McGraw asserted that although he did not believe any of the players tried deliberately to favor Brooklyn, they had refused to obey orders and had disregarded signals. "When Perrett wound up with a man on first, allowing the runner to steal second, I lost my patience and left the bench," declared the New York leader. "I have worked too hard this year to stand around and watch playing like that, and I refuse to be connected with it."

### GUNBOAT SMITH OUTFIGHTS JOE COX.

### Y. M. C. A. Notes.

The first of the boys' classes in systematic work at the Y. M. C. A. were held yesterday and the attendance was very gratifying both among the school boys and business boys. The senior business boys' class had an especially large number present for the opening night. The first of the Tuesday night suppers in the boys' division was served last night by the young ladies' league, and the first of the standard efficiency test talks was delivered by Rev. P. R. Hayward. T. H. Hutchinson was also present and gave a brief address.

## OPENING GAME ON BRAVES' FIELD SATURDAY, OCT. 7

### SECOND GAME ON MONDAY WILL ALSO BE PLAYED IN BOSTON—TWENTY-SIX RED SOX AND TWENTY-THREE BROOKLYN PLAYERS ELIGIBLE TO PARTICIPATE IN SERIES.

New York, Oct. 3.—The Boston American League club and the Brooklyn Nationals will meet in the 1916 world's series, the opening game of which will be played on Braves' Field at Boston next Saturday, Oct. 7. The teams will remain in Boston over Sunday, and play the second game of the series there on Monday, Oct. 9, weather permitting, after which they will return to Brooklyn for two games at Ebbets field on Tuesday and Wednesday, Oct. 10 and 11. The fifth and sixth games, if necessary, will be played on Thursday, Oct. 12, and Friday, Oct. 13, at Boston and Brooklyn, respectively. Should a seventh game be necessary to decide the series, the location of the contest will be decided by the toss of a coin, as in past years.

The meeting of the National Commission, which arranged the details was held in this city this afternoon, and was attended by President John K. Tener, of the National League; Chairman Garry Herrmann, of the commission; President Ban Johnson, of the American League; President Charles H. Ebbets, of the Brooklyn club, and President J. J. Lannin, of the Boston Americans.

President Lannin suggested that the series be opened at the park of the Boston Nationals, where the American leaguers will stage all their games, owing to its immense seating capacity, instead of deciding the place of the initial games by the customary toss of a coin. This plan was adopted in view of the fact that the Brooklyn club will require several days in which to install additional seats and boxes to accommodate the large crowds which will attend the series.

The commission dismissed the proposal to alternate the games between the contending cities, but decided that in case more than four games were necessary, the fifth and sixth would be alternated with the place of the seventh decided by the flipping of a coin.

No selection of the umpires for the series was made, but it is probable that the two American and two National league arbiters who will work in the series at a stipend of \$1,000 each, will be named tomorrow. J. G. Taylor Spink, of St. Louis, was named as the official scorer for the National Commission, and the baseball writers' association, chapters of Boston and Brooklyn were given the right to nominate one member in each city to act as second official.

scorer in his home city. The visiting scorer will not act in any official capacity while away from home. The commission announced the eligible players as follows: Boston Americans: W. F. Carrigan, manager; Agnew, Barry, Cady, Foster, Gairol, Gardner, Gregg, Henriksen, Hohlitzel, Hooper, Janvrin, Jones, Leonard, Lewis, Mays, McNally, Ruth, Scott, Shore, Shorten, Thomas, Wagner, Walker, Walsh and Wyckoff. Brooklyn: W. ADDRESS TO JUDGE CHANDLER AT ST. ANDREW'S

Presented on Behalf Bar of Charlotte Co. — No Criminal Docket, Sheriff Presents Him with White Gloves.

St. Andrews, N. B., Oct. 3.—The Circuit Court for Charlotte county met here at noon today with Mr. Justice Chandler presiding. There was not any business of any kind for the court, the three criminal cases, which were awaiting trial at this circuit, having been disposed of by speedy trial on the day previous.

The Sheriff presented His Honor with a pair of white kid gloves, in the absence of a criminal docket, and as an emblem of the legal purities that exist in Charlotte county.

It being the first visit of Judge Chandler to the county, he was presented with an address on behalf of the Barriers, as follows: To the Honorable William B. Chandler, Judge of the Supreme Court, Province of New Brunswick:

May it please your Honor,—The members of the Bar, who reside and practise in Charlotte county, take great pleasure in extending to your Honor a most cordial and hearty welcome to this county on this, your first judicial visit.

They also offer you their sincere congratulations on the appointment you have recently received from the King's representative, to a position that is in itself exalted; that carries grave responsibilities in the performance of its duties, and in your Honor's case, the Barriers of Charlotte county are proud to believe is a just recognition of high standing at the Bar of that industry and integrity which always brings merited reward.

Your Honor's career at the Bar has been long and most honorable, and the recognition you have received for many years, as one of leaders in the legal profession of this province, carries a sense of conviction, that your appointment to the Supreme Court bench will add much strength to the judiciary of the province, and continue in an intensified degree that splendid assurance, of which we have always been proud, that in the courts of New Brunswick, even handed justice will continue to be dealt out to all classes, irrespective of those minor considerations which temporarily separate men in matters of sentiment and conviction, socially, religiously and politically.

The Barriers of Charlotte county also further express the earnest hope that you may enjoy, for many years, in health and strength, the honors of your new position, and that you may be spared to serve your native province in the very responsible position which you have now assumed. Respectfully submitted on behalf of the Barriers of Charlotte county, M. N. COCKBURN, Clerk of Circuit, St. Andrews, N. B., Oct. 3rd, 1916.

HARTLAND MAN LOSES FRUITS OF SUMMER'S TOIL

Fire Wipes Out Barns of Asa Kennedy—Were Filled with Season's Crop—Loss Nearly \$5,000.

Special to The Standard. Hartland, Oct. 3.—The large barns belonging to Asa Kennedy were burned to the ground tonight. They were filled with the season's crop of hay and grain which in less than an hour was nothing but a glowing mass of embers. Willing hands helped to remove the horses and cattle from the burning buildings after which there was nothing to do but watch the structures and the contents being consumed and to protect a house nearby with water which was done by a volunteer bucket brigade, the locality being outside the water limits of the town.

Mr. Kennedy had only been a few minutes away from the buildings, where he had been milking, when fire was seen to break through the roof on the northern end of the main barn. From that the destruction was rapid and the fruits of his summer's toil were entirely swept away. The loss is estimated at \$5,000, with only a small insurance on the buildings.

Accident to Workman. Oscar Petersen, of 273 Brussels street, fell off a ladder yesterday morning whilst engaged in repairing the roof of the I. C. R. round house, and had his left leg broken. He was taken to the General Public Hospital.

A Good Scout Eats Without Fear

Fancy Dishes and Rich Food Have No Terrors if You Use Stuart's Dyspepsia Tablets.

Half or more of the good things to eat are either under suspicion or banished altogether to those who haven't learned of Stuart's Dyspepsia Tablets. Instead of berating breakfast sausage, sardine sandwiches and roast duck with dressing, wise people eat a Stuart's Dyspepsia Tablet after each meal and one just before you go to bed, then there is no harm in the rich fancy dishes.

Your stomach lacks the proper digestive juices to make your meals easily digested. Stuart's Dyspepsia Tablets give the stomach and other organs of the digestive apparatus the wherewithal to digest food. Get a 50c. box today from any drug store and try them, or send the coupon for free trial.

IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS

"Pape's Diapepsin" is the quickest and surest Stomach relief.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of distension, heartburn, fullness, nausea, bad taste in mouth and stomach, headache, you can surely get relief in five minutes. Ask your pharmacist to show you the formula, plainly printed on these fifty-cent boxes of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves, sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you, most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation. This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gas, heartburn, sourness, dyspepsia, or any stomach misery. Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

THE BEST THING FOR DYSPESIA

WHY PEPsin, PANCREATIN, ETC., SO FREQUENTLY FAIL.

An international specialist whose opinions on stomach trouble have been printed in nearly every language, recently stated that to treat the average case of stomach trouble, indigestion, dyspepsia, etc., by doctoring the stomach, killing the pain with opiates, or by the use of artificial aids to digestion such as pepsin and pancreatin, was just as foolish and useless as to attempt to put out a fire by throwing water on the smoke. Instead of justifying his claim, that nearly nine-tenths of all stomach trouble is due to acidity and food fermentation; and that the only way in which to secure permanent relief is to get rid of the cause, i.e., to neutralize the acid and stop the fermentation. For this purpose he strongly recommended that one generally adopted throughout Europe of taking a teaspoonful of ordinary bismutated magnesia in a little water immediately after eating or whenever pain is felt. This immediately neutralizes the acid, stops the fermentation and permits the stomach to do its work in a normal manner and thus by removing the cause, enables nature to quickly restore the inflamed stomach lining to a perfectly healthy natural condition. For the convenience of travellers it may be noted that most druggists are now able to supply bismutated magnesia in 5 grain tablets, 2 or 3 of which will almost instantly relieve the most violent attacks of indigestion.

FOUR WEEKS IN HOSPITAL

Mrs. Brown Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered to some extent as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stepped on a little stone I would almost faint. One day I did faint and my husband was sent for and the doctor came. I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains. A friend who is a nurse said for me to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. C. Brown, 1109 Auburn Avenue, Cleveland, Ohio.

THE WEATHER.

Forecasts. Maritime—Light to moderate winds; fine and warm.

Washington, Oct. 3.—Forecast: Northern New England—Fair Wednesday; Thursday partly cloudy; moderate mostly northeast winds.

Toronto, Oct. 3.—The weather continues cold in the western provinces, and a heavy snowfall has occurred in Manitoba and southern Saskatchewan. From the Great Lakes eastward it has been fine and warm. A tropical storm is approaching the south Atlantic states.

Temperatures.

Table with 3 columns: Location, Min., Max. Includes entries for Prince Rupert, Victoria, Calgary, Edmonton, Medicine Hat, Prince Albert, Saskatoon, Regina, Port Arthur, Parry Sound, Toronto, London, Ottawa, Montreal, Quebec, St. John, and Halifax.

Around the City

FOR SALE OR TO LET at Paradise, Annapolis County, a fine residential property within two minutes' walk to station, church and school house, consisting of about two acres of land, with fruit trees, modern house with all conveniences and outbuildings. For particulars apply to Chas. R. Chipman, Bridgetown, Nova Scotia.

Three Drunks Arrested.

Three drunks arrested by the police last evening were the sum total taken into custody up till midnight.

Street Car Struck a Cow.

Last night while a street car was speeding along the Marsh Road it collided with a cow owned by William Beamish. The animal was fortunately not injured.

A Promotion.

Garfield H. Stevens, solo clarinet player in the 115th Band has been promoted to the rank of corporal. Before enlisting he was employed with Jones & Schofield in this city, and was also a member of the Opera House orchestra.

Another Local Boy in France.

Mrs. P. L. Jennings of East St. John is in receipt of a letter from her son, Gunner Edward Jennings, who left here with No. 7 Siege Battery, from Bristol, England. It contained the information that the battery which was now the 167th, was to leave England for France soon after the date of writing. This would mean that they are now in France.

Invalided Home.

Robert McEachern, formerly of this city who enlisted with the 79th Cameron Highlanders in Winnipeg, where he had been residing for several years, has been invalided home to recover from wounds received at the front. He has arrived in Winnipeg and relatives here are awaiting further word regarding his condition. He is a son of John McEachern of 549 Main street and has a brother with the Nova Scotia Highlanders.

Maine Deer Hunting.

The deer hunting season in the counties of Washington, Hancock, Piscataquis, Somerset, Franklin and Oxford opened on Monday last. In these counties until including December 15, it will be legal for a hunter to kill two deer. In the other eight counties the season is confined to November and the legal allowance is one deer. Reports are that the deer are plentiful as at any time in the past five years.

Six Months in Jail.

Detectives Barrett and Briggs returned to the city yesterday afternoon from Hampton where they had been called to give evidence for the crown against Mary Dunley, charged with stealing jewelry from the summer residence of Duncan G. Lingley at Riverside. The woman pleaded guilty and was sentenced to six months in jail. The prisoner was only released last spring after serving six months for cutting a man badly with a knife.

Last Fifty-Eight Dollars.

Shortly before ten o'clock last night a citizen while standing in front of the drinking fountain at the head of King street, placed, as he thought, a roll of bills amounting to \$58 in the small pocket in the band of his trousers. He then walked down King street and took a street car at Market Square for the North End, leaving the car on Main street at Douglas avenue. It was not until then that he was surprised to find the money was not in his pocket. He thinks that instead of putting the money in the pocket he slipped it was between the trousers and his under-clothing, and that as he started to walk the money fell to the street. As soon as he learned of his loss he searched the place where he had been standing, also King street without success. The man can ill afford to lose the money, and if the finder is disposed to return the bills the loser's name will be furnished in The Standard office.

FOUR MEN ON HONOR ROLL YESTERDAY

Three of These Were for Forestry Unit and One for Field Ambulance—General Military Notes.

HONOR ROLL.

- Walter Ketter, St. John, N. B.
Edward McGowan, St. John, N. B.
D. A. Arbo, Miramichi, N. B.
242nd Forestry Battalion.
Archie C. Parlee, Stewiacke, N. S.
8th Field Ambulance.

Besides the four names which appear on the honor roll, two more recruits enlisted in the city yesterday. They were for the 236th Kiltie Battalion.

With new military life in the city, no doubt recruiting will receive a stimulant. As the appearance of khaki-clad figures on the streets in the past animated the business of the King, it is hoped that it will again encourage the work which the Empire has contracted to accomplish.

For Military Hospital.

Fifteen members of the 132nd Battalion which arrived on Monday at Sussex, arrived in the city last night in command of Sergeant Henderson for the Military Hospital. None of the cases are of a serious nature and with proper care they will soon be able to return to the battalion at Sussex. One of the party was unfortunately to have his hand badly cut, caused by coming in contact with a piece of glass during a quarrel on the train on their way from Valcartier.

No Recruits at Musquash.

The meeting held at Musquash in the interests of the 236th Kiltie Battalion was not at all satisfactory in regard to the enlistment part of it. Although the speakers made stirring and spirit-raising appeals to the fairly representative audience in attendance, no recruits were secured. The speakers last night at Musquash were Major Morgan, Captain May, Lieut. Knowlton and Sergeant Whitehead. A delightful musical programme was splendidly carried out.

Quarters Inspected.

Capt. J. R. Jago of the headquarters staff at Halifax was in the city yesterday completing his inspection of the quarters which were assigned and are now occupied by the 165th Battalion. He also inspected the quarters of the 132nd Battalion at Sussex while on his official visit to New Brunswick. "Both billets are highly satisfactory," said Captain Jago, "and Lt.-Col. D'Aigle and Lt.-Col. Mersereau are well pleased with their quarters for the winter."

196 For Kilties.

For the first nine days of the Kiltie recruiting campaign 196 men signed on. Probably the most successful meeting was held last night at Moncton, when fourteen men signed their willingness to sacrifice if necessary their life in the present day struggle by signing the muster roll of the 236th Battalion. Col. Guthrie was one of the speakers.

At Stanley Fair, York county, five men enlisted last night. At Black's Harbor, two.

The results to date by counties are: Restigouche, 32; Northumberland, 25; Westmorland, 25; St. John, 23; and York, 17.

Annual Meeting.

The annual meeting of the Women's Missionary Aid Society of the Main street Baptist church was held last night in the vestry of the church. The members were present in goodly numbers and the reports submitted showed that the past year had been a prosperous one for the society. The year financially had been a good one and more money had been raised than in the previous year. The election of officers resulted as follows: President, Mrs. D. Hutchinson; 1st vice-president, Mrs. H. H. Dunham; 2nd vice-president, Mrs. F. E. Marvin; secretary, Mrs. F. E. Flewelling; assistant secretary, Mrs. Fred Miller; treasurer, Mrs. W. A. T. Thorne; H. M. treasurer, Mrs. F. D. Hoffman; auditor, Mrs. Fred McAlary.

Steam Tug Sold.

The large steam tug Lord Kitchener has been sold and it is said will be taken across the Atlantic to an English port. The Kitchener will be given a thorough overhauling before she leaves port. It is also stated that there is a demand in the old country for large tow boats and all that are available in Canada will be purchased. The Lord Kitchener was built in St. John in 1903 for John E. Moore and W. W. White. She is 93 feet 3 inches in length, 22 feet 1 inch beam, 10 feet 7 inches depth, 161 tons gross, 110 tons registered and is propelled with 47 horse power engines. She is considered one of the ablest tugs in the eastern ports and will be greatly missed from this harbor.

GAVE HIS LIFE FOR HIS COUNTRY

The above is a picture of Private W. Bayard Moore, of 91 Germain street, West St. John, who was killed in action between the 15th and 17th of September. Private Moore was one of the first to enlist with the 26th Battalion, but while the battalion was in England he contracted rheumatism in the feet and was confined to hospital for six weeks, and accordingly did not go to France with the battalion. After the crater fight of October 13 he joined the battalion with the first draft.

In a letter to his mother, dated September 7th, he stated that he had missed a trip into the trenches in ten months.

Previous to enlisting for overseas duty he was employed with the Maritime Dredging Company and was a favorite with all who knew him.

N. H. SOCIETY LOOKING FOR A GOOD SESSION

First Meeting of the Winter Held Last Evening With Good Attendance—New Members Elected.

The first meeting of the members of the Natural History Society for the coming season was held last evening, R. B. Emerson, vice-president, presiding in the chair. Mr. Emerson congratulated the members on past activities, which he remarked, had been of great value. He expressed the conviction that continued interest would be maintained in nature study through the influence of the society. The curator, William McIntosh, reported on the work done during the summer months. He referred to the outings that members had had and to the junior members' camp in the country, all of which had proved both instructive and enjoyable. He said that the museum had remained open all the summer in the afternoon, and that there was a larger number of visitors than ever before, the average being more than 1,000 per month.

The pre-historic Indian material gathered by the members during the summer was an exhibition and showed that great care had been taken to add to the interest of this feature of the society's work. Arrow-heads, stone knives, stone axes, sinkers and pottery of characteristic planning were on view. Mr. McIntosh announced that a very interesting series of round table talks had been arranged for the coming season; also that the junior members are arranging for a series of talks on "Nature Study" on the lines adopted in the summer science schools.

The following members were elected: Junior Associate—Misses Dorothy Barnes, Nellie Kyle, Elsie Henderson, Elsie McDiarmid, Daisy Stephenson.

The following donations were received for the museum: Mounted birds, Mrs. J. V. Ellis; chuck will's widow, gift of R. J. Cockrane, mounted by A. Gordon Leavitt; cedar burl, Gorham Belyea; blue lobster, Leonard Bros.; two curious tobacco pipes and clock, owned by the late Dr. Bayard, Mr. Harris Gilbert; German tobacco pipe, bark dish and Indian basketry, Wm. McIntosh; Brazil nuts in pod, Mrs. Wm. McIntosh; a fine collection of Indian relics—arrow heads, axes, sinkers and Indian pottery—Misses Leslie Pickett, Lucy Smith, Florence Coster, Elizabeth McKinnon, Constance Coster, Gerda Holman, Edith Paterson, Mr. and Mrs. Wm. McIntosh; Indian arrow head, A. Gordon Leavitt; fossils from Seaside Park, Jan. A. Eaton; arrow heads, implements and pottery, and a Mexican Un Peso bill, David Balmata; U. S. four and five dollar bills (778), and thirty dollar bill 1777, Lloyd Campbell.

Steamship Notes.

The R. M. S. P. liner Chisnecto arrived early this morning from Bermuda and the West Indies with a full general cargo, mails and passengers. The steamship Corinthian of the Allan line arrived in Liverpool Sunday last. The Furness line steamship Tabasco arrived in Halifax at four o'clock Tuesday afternoon.

MAY ENGAGE INSPECTOR OF WIRING

Council Authorizes Commissioner McLellan to Negotiate for the Employment of Electrical Engineer for City.

The weekly meeting of the Common Council was held yesterday at 11.30 on account of the meeting of the Municipal Council in the afternoon.

The commissioner of public safety was authorized to enter into negotiations looking to the employment of an electrical engineer as inspector of electric wiring for the city and will submit a report as to salary, etc.

Payment of the departmental accounts was approved. Dr. Knight was given permission to erect an electric sign over his premises, 34 Charlotte street; \$5,000 was voted to the British Sailors' Relief Fund; \$100 to the Mission in Glad Tidings Hall conducted by William McGorman, and the application of the New Brunswick Fruit Growers Association for a grant was refused.

The commissioner of finance recommended payment for the following departmental accounts, namely:

- Treasury Department . . . \$ 388.33
Public Safety Department . . . 941.02
Public Works Department . . . 1,283.84
Water & Sewerage Dept. . . . 2,761.93
Harbors and Public Lands Department . . . . . 2,160.15

Also, reports payments for the month of September amounting to \$84,968.18. The report of the commissioner of harbors, ferries and public lands recommended that the controller be authorized to pass for payment the amount of \$797.50, for labor on repairs to the railway trestle on the Union wharf, West St. John. Adopted.

On motion of Com. Russell, the council granted a seven year lease of a lot on Orange street to Mrs. Woodburn at \$40.00 per year. Mrs. Woodburn offered to sell to the city her house, valued at \$6,000.

It was decided to place the old newspapers and records purchased from the estate of Clarence Ward in the Free Public Library.

The application of the Dominion Auto Co. for permission to erect an electric sign in front of their premises on the Marsh road was referred to the commissioner of public works.

The council did not take any action on the petition of the Union street residents for refund of money paid under the local improvement act, other than to promise careful consideration.

The commissioner of public works reported that the city was not liable for the wear of streets and therefore Miss A. K. Cline had no claim. He was instructed to so notify her attorney.

He also reported the purchase of 123 barrels of cement from Gandy & Allison at \$1.89 per barrel. He reported that he had not called for tenders for the work in Clarendon street as ordered by the council, as the road engineer had advised against it, but this section of his report was declared out of order by the mayor.

Commissioner McLellan again brought up the matter of a statement from the commissioner of public works as to the amount of money spent in his department since May 1 last and was told by the commissioner that he would be furnished with a copy of the statement.

When the question of a grant to the mission conducted by Wm. McGorman was brought up the mayor objected as he thought it was opening the door for further grants and voted against the motion.

Commissioner McLellan, in introducing his motion that the city have an electrical inspector, said that he understood the report of the experts who had been here would show that St. John was one of the worst wired cities in the country.

Commissioners Wigmore and Russell also referred to the bad wiring here and expressed the opinion that an inspector was badly needed.

Gentlemen's watch chains are divided into three classes by the trade, Alberts—the single chain and some what old fashioned, Dickens—the double chain and right up-to-date for any one who does not desire a Waldemar. These are slight, generally, and run right across the vest without a bar. Hold a cigar cutter, pencil, etc., on the loose end. Gundry's show a nice line in both gold and gold filled.

This is Worth 19 Cents.

If you will cut this local from the paper and take it to F. A. Dykeman & Co.'s store it will be accepted for 19 cents in payment of one of the handsome waists that are on display in one of their windows, marked \$1.19. The waists referred to are worth \$1.50, but a large quantity of them were just bought at a very special price and are priced \$1.19, but if you will take this local to their store with you the waist will only cost you \$1.00.—S.

A Lucky Man.

The piano lotteried by the Rotary Club in connection with their fair was claimed yesterday. Ticket No. 4365, which was the lucky one, was held by J. C. Featherstone, of Waverbury & Risins, and yesterday he called and removed the piano to his home at Kinghurst.

## ROUMANIANS AND SERBS STRIKE AS RAIN HALTS ALLIES IN WEST

### ROUMANIANS STRIKE HARD IN DOBRUDJA

#### Drive Teutons from Strong Position and Capture Over Thousand Guns and Great Supply of Booty—Score Success in Transylvania Near Hungarian-Roumanian Frontier.

#### Bad Weather Still Holding Back Allies on Somme, but Entente Forces Offset This by Advance in Macedonia and on Serbo-Greek Frontier.

With rain still keeping the operations of the Entente Allies and Germans on the western front in France mainly to artillery duels, interest in the world war has been transferred to the Russian, Roumanian and Macedonian fronts; on all of which heavy fighting is in progress.

The fierce battle which has been raging for several days west of Lutsk, in Volhynia, is still without decisive results for either side, while in Galicia, along the Zlota Lipa river, where the Russians are trying to push through to Lemberg, the Austro-German forces are still holding back the Russians. Berlin in its official account of the fighting near Lutsk, says the Russian dead numbers thousands.

Bucharest is still silent with regard to the operations of Roumanian troops which crossed the Danube river between Rutchuk and Turtukal and invaded Bulgarian territory, but Berlin says these men have been hastily withdrawn, in the fear of being encircled by the forces of Field Marshal Von Mackensen.

#### Roumanians Win Important Success in Dobrudja.

Fresh gains by the Roumanians against the center and left wing of the Teutonic Allies operating to the north in Dobrudja are chronicled by Bucharest. At Amacea, a position of the Teutons, was captured and with it more than one thousand men and seven guns and much war material.

In Transylvania, from Orsova, on the Danube, near the Hungarian-Roumanian frontier, to the Bukovina border, numerous engagements have been fought. Bucharest claims successes for the Roumanian arms in the region of Odokim, between Fogaras and Sighisara, and in the mountains to the west of the River Alt. It is admitted that the Roumanian troops were withdrawn from the Jiu Valley, but before falling back the coal mines at Petroseny were destroyed by them.

#### Serbs Doing Valiant Work.

The Berlin war office admits the retirement of the Teutonic allies before the Serbians to prepared positions near Lake Presba, on the western end of the Macedonian front, and also at Nize Hill, north of Kaimakalan Height on the Serbo-Greek frontier, and that the British are maintaining themselves in positions they have captured along the Struma river, north of Lake Tabilce. In this latter region the British have added to their front the town of Jenkoi.

The Italian troops have recaptured from the Austrians the northern slopes of Col Bricon, and further advanced their position in this region, according to Rome.

#### Heavy Artillery Duelling.

London, Oct. 4.—The British official communication issued tonight says: "South of the Ancre hostile artillery has been active, and especially against the neighborhood of the Zollera redoubt and between Guedocourt and Eaucourt L'Abbaye. Half way between the last named points the enemy attempted a bombing attack, but was driven off, leaving wounded outside our lines. In the last twenty-four hours in this area twenty-one prisoners have been taken."

"There has been considerable shelling south of Ypres of men in the roads. Elsewhere on our front the

### BIG SLUMP IN RECRUITING ALL OVER DOMINION; 365,861 MEN SINCE WAR BEGAN

Special to The Standard.  
Ottawa, Oct. 4.—There is a falling off in recruiting again. During the fortnight up to September 30th the total recruits were 3,043. The fortnight previous they totalled 3,208. The numbers have fallen off tremendously since last winter. By months they were:  
January, 23,212; February, 26,653; March, 32,819; April, 23,289; May, 15,090; June, 10,798; July, 8,675; August, 7,267; September, 6,351. The total recruits since the war began are 365,861.  
In the Kingston district, which includes Ottawa, the recruits obtained during the last fortnight were 349, which is an increase over the fortnight before of 71. Montreal headed the list with 856; British Columbia, next, with 343; Toronto, 367; Alberta, 291; Manitoba and Saskatchewan, 236; Maritime Provinces, 228; London, 187, and Quebec, 96.  
Toronto leads in recruiting since the beginning of the war with a total of 81,537. The Manitoba and Saskatchewan district comes next with 73,431. The others are as follows: Kingston, 37,908; Alberta, 34,885; British Columbia, 32,510; Maritime Provinces, 32,608; London, 29,946; Montreal, 29,696; Quebec, 6,995.  
Ontario has supplied 149,391 recruits since the beginning of the war and Quebec, 36,691. Alberta comes next with 34,885, as shown above.

### WAR CABINET TO BE FORMED IN GREECE

#### King Accepts Resignation of Entire Ministry—Three of Venizelos's Adherents in New Cabinet.

Athens, Oct. 4, via London, Oct. 5.—King Constantine presided over the crown council held at the palace this morning to consider written opinions of the situation submitted by each minister, to which the minister's resignation was appended, to be accepted in case the opinions were unsatisfactory to the monarch.

The minister of the interior, Louis Roufias; the minister of communications, Lyzandre Kafandjoglou; the minister of justice, M. Vokopoulos, opposed Greece's entry into the war. The king promptly accepted the resignation of the entire ministry for the purpose of forming a national war cabinet, which will include three of the adherents of ex-Premier Venizelos. Demetrios Diamantidis, minister of communications in the Venizelos cabinet, was called to the palace to advise the king respecting the Venizelists to be chosen. The former president of the chamber, Constantine Zafitsanos, and the former minister of the interior, M. Kafandaris, are under consideration in addition to M. Diamantidis.

Athens, Oct. 4, via London.—The following official statement regarding the cabinet situation was issued today: "The government, not having succeeded in getting into touch with the representatives of the Entente Powers and considering that the situation hinders progress in national questions, has begged the king to accept its resignation. The king has accepted the resignation of the government."

#### Russian Veteran of Wars of 1877 & 1904 Badly Wounded

Petrograd, Oct. 4, via London, 2.30 p. m.—Russian and Teuton troops continue to fight stubborn battles in the region west of Bubnov, in Volhynia, says the official statement issued by the war office today. The text of the statement says: "During battles in the region of Doras Watra, Roumanian frontier, our brave brigade commander, General Khoranov, who participated in the campaign of 1877 and 1904, was seriously wounded."

"On the rest of the front artillery and rifle firing is proceeding at some points."

#### Russians Deliver Hard Blows.

Berlin, via London, Oct. 4.—The Russians continued yesterday their heavy assaults on the Austro-German lines. Today's official announcement reports the defeat of the Russians by the troops of Prince Leopold.

#### NORWEGIAN STEAMER SUNK.

London, Oct. 4.—Lloyd's report that the Norwegian steamer Ada has been sunk. The crew was saved. The Ada, of 1,111 tons gross, was last reported as having sailed from the Clyde on Sept. 15 for Bayonne, France.

### SERBIANS AGAIN FIGHTING ON OWN SOIL WITH SEVEN OF THEIR TOWNS WON BACK FROM THE INVADERS

#### Cross Tchernia River and Defeat Enemy on Nize Mountain Capturing Kessali Railway Station—Allied Drive in Macedonia Going Along Successfully—Serbs have Recovered 230 Square Kilometres of Own Territory.

Paris, Oct. 4.—The Serbian, French and Russian armies were continuing victoriously their advance," says today's war office statement regarding operations on the Macedonian front. "During Tuesday night they attained the Petalino line, on the western slope of Kaimakalan. In the loop of the Cerna, on the Kenal-Negochani line, their left wing holds Pisoderi, at the foot of Mount Cecebo. "In the valley of the Struma the British repulsed violent attacks at Jelkoi (Yenkeud)."

#### LIEUT. MURRAY GOT WOUND IN ATTACK ON HESSIAN TRENCH

#### Kind Act in Giving Wounded Boche Cigarette Saved Canadian Officers from Death.

London, Oct. 4.—(Montreal Gazette Cable)—Their kind act in giving a wounded German a cigarette was indirectly responsible for saving the lives of Capt. W. A. Graftley, Lieut. J. A. Mathewson and Sergt. Jones of Montreal, who went out to make a reconnaissance prior to the attack on Courcellette on Sept. 15th.

While returning in the early part of the afternoon they saw a German lying in a trench across their path, and as his leg was badly mangled, they took pity on him and gave him a cigarette. Just as they did so a shell exploded right ahead of them, at the spot where they would have been had they passed the boche by. A splinter of shrapnel pierced Captain Graftley's belt. A few hours later he was hit in the leg and the back while with his battalion, which was then advancing to its objective. He, with Lieut. Ralph Murray, son of the Minister of Agriculture for New Brunswick, are in the first London General Hospital.

Lieut. Murray was with his battalion when it was making an attack eight days ago on the Hesslan and Regina trenches. The latter was only partially taken and information from official sources today shows that hard fighting and counter-attacks are proceeding over it.

Major the Rev. G. W. Wood of New Brunswick, recently wounded by a bullet, has rejoined his unit in the first division, though at the time of his injury reports were current of his death.

Captain the Rev. A. P. Sutherland is leaving France this week and is sailing for Montreal soon. Captain the Rev. A. L. Skerry, Nova Scotia; Captain the Rev. A. Ketterson, Belleville, and Captain the Rev. Canon Headley, Port

#### PATRIOTIC FUND WILL REQUIRE 13 MILLIONS FOR 1917

Ottawa, Oct. 4.—The national executive committee of the Canadian Patriotic Fund met here today, with H. R. H. the Duke of Connaught in the chair and thoroughly considered the policy to be followed for 1917. It was pointed out that during the four months of 1914 the fund expended \$511,000; that during the calendar year 1915 about \$4,200,000, and that during 1916 there will be spent, exclusive of Manitoba, between \$9,800,000 and \$10,000,000. The requirements for 1917, including Manitoba, will be \$13,500,000. It is proposed to ask these communities throughout Canada which contributed in 1916 to continue their subscriptions during the ensuing year at the same rate as before, and to approach the several provincial governments, asking them to provide the amount by which the expenditure of 1917 will exceed that of 1916. The question was raised as to the advisability of asking federal assistance for the fund, but after full consideration, it was decided that such action was neither necessary or advisable. The dominion government is already paying, in separation allowances to soldiers' dependents fully \$2,000,000 per month. This money is, for the most part, being raised by government loans, which future generations are to be called upon to pay. The soldier, himself, on his return, must assume his share of this debt.

Arthur, have proceeded to the front on chaplain duty. Major the Rev. J. Pringle and Major the Rev. C. C. Owen have taken up duty with the hospitals.

### "COMBING OUT" PROCESS IN ENGLAND ON BROAD SCALE

#### Exempted Classes of Workers to be Further Limited to Secure Men so Urgently Needed for Armies and Munitions Factories.

#### CONSCRIPTING OF IRELAND BIG PROBLEM GOV'T MUST GRAPPLE WITH AT ONCE

#### Carson Convert to Proposal to Conscript Ireland—Plan Will be Bitterly Opposed Nationalists Say—Means Crisis Liberal Newspapers Say.

London, Oct. 4.—Great Britain is in urgent need of men for her armies, and also for her munition factories. A statement to this effect was given out today by the man power distribution board, recently appointed to comb out men eligible for military service in the United Kingdom who have not yet been enrolled in the army.

The board reported it had examined officials of the admiralty, war office, ministry of munitions and other departments, and that there was urgent need of fresh supplies of men for the armies and munition factories, in order "to maintain our forces in the field at the numbers already fixed for them, and at the same time to maintain the supply of munitions essential for their equipment and proper utilization."

The board therefore directed that no exemption be granted certain classes heretofore exempted, and that there be a more general dilution of skilled labor in munition factories with women and other workers heretofore untrained. It suggested conferences of employers and employees with a view to freeing skilled labor now engaged in private work for employment in munition plants.

"It is essential," the report says, "that a large part of the labor now engaged in private work shall be diverted to government orders, or released for the army."

The board also has under consideration the extended use of women and of men over the military age, and also the release of men of military age now employed in government offices. This is the only means, the board says, whereby extensions of the age for compulsory service can be avoided.

No official figures have been given recently as to the number of men serving with the British army. On May 25 King George, in signing the military service bill, placed the number raised up to that time at 5,041,000. In July, August and September the British losses were 307,169.

London, Oct. 4.—When parliament resumes next week the government will be confronted with new embarrasment of conscription to Ireland. The Times and other newspapers recently have been conducting a strong campaign with this object in view, and the decisions announced today by the Man Power Distribution Board and by Gen. Sir William Robertson, chief of the imperial staff, that more men are urgently needed, will, it is believed, strengthen the hands of the agitators, who have been joined by Sir Edward Carson.

Sir Edward asserts that the situation is such that without conscription in Ireland it will be impossible to even maintain the Irish regiments at the front in their proper strength. He contends that Ireland could provide another half million men of military age, and asks what the colonies, which have made such sacrifices for the Empire, will think of the shirking of Ireland.

While most of the responsible politicians are agreed that it would be inexpedient to attempt to apply conscription to Ireland, while home rule is withheld from it, undoubtedly in the present phase of the European war those who are demanding conscription hold a strong hand, and the government may find it difficult to resist their demand.

The Nationalists, in reply to Sir Edward Carson, point out that the colonies already have self-government, and hence there is no analogy with the position of Ireland. They assert that Ireland will be found to be a united nation in resistance to conscription. The Liberal newspapers consider the agitation another attempt to unseat Premier Asquith, and contend that while conscription in Ireland would provide a few men it would provoke

### TON FOR TON CLAUSE IN THE PEACE TREATY

#### Britain May be Forced to Announce Such Policy Unless Germany Desists in Sinking Merchants Ships.

London, Oct. 4.—The naval authorities here are manifesting great interest in the fate of the German submarine Bremen, which some time ago was reported to have sailed for the United States, and which they say is now greatly overdue. In discussing the possible fate of the submarine liner the naval authorities ask if it is likely that she put into some obscure American port. It is known here that the Bremen was reported while on her way to the United States, but the last report of her showed her to be a considerable distance from the American coast.

In naval circles it is generally felt that the German submarine campaign has again assumed serious proportions. In these circles, the opinion is expressed that Germany, has after war as well as present conditions in view in her destruction of tonnage and the feeling is growing that Great Britain soon will be compelled publicly to announce a ton-for-ton policy as one of the clauses in the peace treaty, unless Germany desists in sinking merchant tonnage.

#### BURGLAR MADE HIS GET-AWAY ON BICYCLE

#### Tracks on Road Led to Capture of North Shore Burglar—No Police Near Prisoner Let Go.

Special to The Standard.  
Newcastle, Oct. 4.—The man who burglarized three places at Chelmsford Sunday night, and probably some of the others that have been entered lately, was captured Monday by John and James Duthie and Frank Parks of Chelmsford, but let go as no constable was available to arrest the criminal. He had stolen three hundred dollars from James Duthie, broke into John Duthie's house and had also taken a watch from Mrs. Horace McKinley's. He had gone with a bicycle which was tracked to where he was found in the woods near Quarryville. At the point of a rifle he handed over the Chelmsford plunder. The burglar gave the name of McCormack and is described as a tall, stout, dark man.
