

### DAZZLING ARRAY OF PRECIOUS STONES IN WEDDING GIFTS

Small Party of Invited Guests View Princess Mary's Magnificent Presents.

THREE-FOLD GIFT OF KING GEORGE

Scintillating Collection of Diamonds, Pearls, Sapphires and Lesser Brilliants in Extravagant Clusters.

London, Feb. 24—The picture gallery in Buckingham Palace today presented a dazzling spectacle to a small party of invited guests who viewed a portion of the magnificent wedding presents that have been sent to Princess Mary and Viscount Lascelles. They were to be married next week.

There was the three-fold gift of King George—a tiara of diamonds and sapphires and a necklace and bracelet studded with similar stones. Then there was to be seen a brooch sent by Queen Mary—one great sapphire encircled by diamonds.

Another came from the gift of Viscount Lascelles to his bride-to-be, a corsage of sapphires and diamonds, in which one massive stone shone forth from the field of lesser brilliants. A cluster of diamonds is suspended from the corsage. It contains two large pearls. There was also a rivière, or necklace of diamonds, and a diamond pendant containing two large pearl drops. This gorgeous display of jewels will be worn by Princess Mary at the wedding.

Bride's Gift to Groom

Nearby was Princess Mary's gift to Viscount Lascelles. This consisted of a pair of antique silver service dishes and a platinum and gold watch chain set with pearls. The Prince of Wales' gift to his sister is a diamond and sapphire bracelet. Another gift from the Duke of York is a diamond and sapphire necklace. The Duke of Devonshire has given the Princess a diamond and sapphire necklace. The Duke of Cornwall has given the Princess a diamond and sapphire necklace. The Duke of Devonshire has given the Princess a diamond and sapphire necklace. The Duke of Cornwall has given the Princess a diamond and sapphire necklace.

Compassionate among the other presents were a magnificent set of rich ropes of pearls, jeweled fans and large silver vessels from the members of the British Cabinet and others from the diplomatic corps, a handsome sapphire watch with a centre of emeralds and a coronet of precious stones from the Duke of Devonshire, a silver dressing table set from the Duke of Devonshire, a diamond and sapphire necklace from the Duke of Devonshire, a diamond and sapphire necklace from the Duke of Devonshire.

### QUEBEC ALLIANCE TO FIGHT LIQUOR TRAFFIC

Now Believe It Possible to Abolish Sale of Liquors from Province.

Montreal, Feb. 24—The need of militant leadership in the work of temperance forces throughout the province was strongly emphasized this morning at the 42nd annual convention of the Quebec branch of the Dominion Alliance. One speaker declared that the liquor situation was just as the alliance should wish. The first step in the battle for complete prohibition, said the speaker, was to get the traffic out of private hands and under government control, and then abolish it altogether.

Mrs. James Gaggie, of Quebec, provincial president of the W. C. T. U., declared, in the course of her report, that she firmly believed the Government was convinced that woman suffrage and temperance were allied.

### Prince's Party While Motoring Is Fired Upon

London, Feb. 24—The Prince of Wales' party, while they were motoring from Delhi to Patala in the Punjab region of India, is reported by the Patala correspondent of the London Times. No one was hit and the character of the assailants is not known. The police are investigating.

Mobile, Ala., Feb. 24—Captain Joseph N. Chute, master of the four-masted British schooner Lewis Brothers, found dead aboard his ship, was shot four times and was evidently killed during a mutiny on the ship, according to local agents of the vessel, who stated today they had been so informed by the British Consul at Key West, where the schooner and crew are now held pending an investigation.

### CANADIAN FOUND DEAD IN LONDON

Rev. Albert Allaby and Woman, in Death Pact, Drank Cyanide of Potassium.

London, Feb. 24—(Canadian Press Cable)—It transpires that Rev. Albert Allaby, formerly of Nova Scotia, whose body was found in a Nottingham hotel beside the dead body of a woman, developed a great interest in stage affairs and had endeavored unsuccessfully to secure a theatrical engagement as a comedian.

### TO LESSEN RIGORS OF TEMPERANCE ACT

Moderation League of Ontario Circulating Petition Favoring Gov't Control.

Toronto, Feb. 24—A province-wide campaign for reducing the rigors of the O. T. A. is about to be launched by the newly incorporated Moderation League of Ontario. This will involve the presentation to the Provincial Government, at an early date, of a petition in favor of government control, and of the sale of light beers and wines. Already this bears about a quarter of a million signatures, and it is expected that about 400,000 will be on the lists before they are finally forwarded to Queen's Park.

### PARIS CASE TO BE HEARD MARCH 3

Special to The Standard

Frederick, N. B., Feb. 24—The Appeal Division Court adjourned this afternoon until Friday next when there is to be an appeal in the Paris case of the Albert Hotel, North Sydney. The case is being argued by Mr. Justice Chandler this week on two grounds.

### SMELT NET FISHING SEASON CONTINUED

Ottawa, Feb. 24—The smelt bag net fishing season has been extended this year to the last day of February, instead of February 15, in all of the Maritime Provinces and Quebec, owing to the lateness of the season and consequent interference with the annual catch.

### LEGISLATORS OF ONTARIO IN SPICY DEBATES

Ministry Viciously Attacked All Along the Line for Its Shortcomings.

### PREMIER DRURY ON THE DEFENSIVE

Gov't Policy on O. T. A. Hydro Radicals Held Up to Biting Criticisms.

Toronto, Feb. 24—The Ontario Legislature this afternoon listened to a scathing speech delivered by Mr. E. Macdonald, M. L. A. for Bradford. He centered his attack on the Government, and while he criticized the Ministry almost all along the line, his particular emphasis was on the enforcement of the O. T. A., which he claimed, was being carried out in a manner that brought the administration of justice into ill repute, and on the Government's policy as to the hydro and hydro-radicals. His statement that the Government was a party to an anti-hydro propaganda brought forth a reply from Premier Drury that, as far as the Government was concerned, there was no anti-hydro or anti-radical propaganda, and never had been any.

Humor in Debate.

Some little humor was introduced into the debate when Lieutenant J. J. Ramsay, M. L. A. for Toronto Southwest, read a report that there was a move on foot to make Premier Drury the leader of the Liberals as an anti-hydro radical. He expressed the view that the discussion would be most helpful to the Government in dealing with labor and other matters touched on by the delegation.

Waterways Commission.

Major Tolmie raised the question of the recent speech by the Premier in which he is said to have advanced the proposition of the International Joint Waterways Commission for deepening the St. Lawrence River. He asked for a statement from Premier Drury, who replied that he was in favor of the project, both for navigation and power development, carried out in a successful conclusion. He did not think it had yet reached the stage of practical politics, but he was in favor of the Legislature putting itself on record as endorsing the project. A resolution to this effect will be introduced later in the session.

### EMPIRE MARYS CONTRIBUTED \$40,000

This Amount Received by Organizers of Wedding Gift to Princess Mary.

London, Feb. 24—(By Canadian Press Cable)—Over \$40,000 has been received by the organizers of the wedding gift to Princess Mary from the Empire. The subscriptions ranged from six pence to ten shillings, as was reported at the outset. The organizers have decided to ask Princess Mary to accept a fine rope of pearls costing her half.

### THIEVES CARRIED OFF LIVE PIG

Humorous Climax to Epidemic of Thefts and Burglaries in Cape Breton.

Sydney, N. S., Feb. 24—Cape Breton's recent epidemic of thefts and burglaries reached a humorous climax last night when some persons unknown carried off a live 400 pound hog from its quarters under a barn at the rear of the Albert Hotel, North Sydney. The police are trying to find out how the ingenious thieves got away without their unwelcome booty raising the alarm, but it is feared they will be pork before the culprits are brought to justice.

### CONSTABLES BOMBED IN ARMAGH COUNTY

### LABOR MAKES KNOWN TO GOV'T ITS LEGISLATIVE PROGRAMME FOR FORTHCOMING SESSION

Delegation, Headed by Tom Moore, Received by Premier King and His Cabinet—Delegation Assured of Government's Desire to Co-operate in Everything Which Would be to the Best Interests of the Country.

Ottawa, Feb. 24—(Canadian Press)—Organized labor presented its legislative programme to the Government today, through the medium of a delegation, headed by Tom Moore, President of the Trades and Labor Congress of Canada. The delegation was received by Premier King and members of the Cabinet. In the Prime Minister's office, and about two hours were consumed in going through the fairly exhaustive programme prepared. The reception accorded to the delegates was a friendly one, and at the conclusion of the interview, Premier King assured the delegates of the Government's desire to co-operate in everything which would be to the best interests of the country.

Abolish Deposits

In pressing the clause in the programme to abolish forfeiture of election deposits, the trades president declared that the forfeiture provision was a relic of the days when only rich men stood for the Commons. Mr. Moore did not want to see every "Tom, Dick and Harry" running for office, but thought that if a group of 50 to 100 citizens signed a man's nomination papers that this would be sufficient guarantee of his integrity.

Another point taken up by Mr. Moore was a request for the repeal of the famous "Hanna order" preventing employees of the Canadian National Railways from running for office unless they were willing to give up their positions. Canadian National Railway men were not civil servants, Mr. Moore contended. The Canadian National was a separate corporate entity, and if the principle was carried to its logical conclusion, any corporation could prevent its employees standing in an election. This was a curtailment of the rights of the people.

Mr. Moore argued that election day should be a holiday.

Mr. King—Have you established how many of your members vote?

Mr. Moore explained that this could not be done owing to varying conditions of labor in different centres. In

### SCOTIA MINERS TURN DOWN PROPOSITION

New Offer in Behalf of British Empire Steel Corporation Rejected.

Truro, N. S., Feb. 24—It is understood that the convention of the miners of Nova Scotia, now in session here, turned down today a new proposition of the British Empire Steel Corporation. This proposition, it is said, was given to John P. White, International Representative of the United Mine Workers of America, at Montreal, when he was en route to Truro, and presented by him to the convention today. The offer, according to the same source of information, provided for a wage of three dollars per day for the lower paid men, and certain minor adjustments which would follow the establishment of this minimum wage. The lowest paid daily workers under the present wage scale received \$2.85 per working day. This is a reduction from \$3.80 which was paid under the Montreal agreement, which expired at the end of 1921.

### UNEMPLOYED PLAN BIG DEMONSTRATION

Mass meetings and parades have been planned in the principal cities of the United States and Canada, the message stated.

### UNNAMED SOLDIER GIVEN THE HONORS

Selected from Those Losing Lives in Roma Disaster for Public Funeral.

Newport News, Va., Feb. 24—An unnamed soldier, from among the dead in the disaster of the airship Roma, was selected as representative of all those who lost their lives in the fatal flight, for a public funeral, which was held here today. Resting in a plain casket, under the folds of the flag, on a bier of prominence in the center of a huge hollow square, he received for himself, and the 36 others who died in the disaster, a last farewell from his comrades and from others among whom he had lived.

### TWO SHOOTINGS TOOK PLACE IN BELFAST FRIDAY

Belmont, Feb. 24—Two further shootings took place in Belfast tonight. An armed party entered the house of a Protestant, named James Hutton, and shot and killed Hutton. Later, a Catholic school-keeper, named Raffly, was shadowed from his place of business to a hospital near his home and shot dead. He was a mark for about twenty bullets.

### PREMIER TASCHEREAU REMAINS SOME GLASS

Thinks Quebec is Entitled to Dictate in Dominion Politics for Some Time.

Quebec, Feb. 24—When seen by the Canadian Press, today, and shown the article of the Toronto Globe in which it is stated that "the voice of Quebec is no longer dominant in Dominion politics," Premier Taschereau said that he had already read it. "I wish to add only this to my former statement," he continued, "When I see that Quebec has the right to play her part in the Government of Canada, while Quebec has just rid the country of ten years of Toryism by sending sixty-five Liberal members out of a possible sixty-five, I can only hope, for the sake of his peaceful rest, that George Brown is no longer a reader of the Globe."

### QUEBEC COMMISSION GIVEN A PANNING

Dominion Alliance Declares It Is Not Trying to Enforce Compliance With Act.

Montreal, Feb. 24—"We regret that our dealings with the Quebec Liquor Commission has forced us to the belief that that body is not, at the present time, seriously endeavoring to enforce compliance with the liquor act, throughout the province."

### FORMAL ARRESTS IN "GRACE AND RUBY" CASE

Captain of Yarmouth Schooner and Three of Crew Placed Under Heavy Bonds

Rose, Feb. 24—Captain Wylie Ross, of Yarmouth, N. S., skipper of the British schooner Grace and Ruby, and his brother, Hugh Ross, who was mate of the craft, and two members of the crew, Lloyd Goodwin and Norman Outhouse, were formally arrested today for conspiracy to smuggle liquor into this country. They had been detained since the capture of the schooner in Massachusetts Bay yesterday after the United States coast guard cutter, Tampa, had crossed her bows. Each pleaded not guilty and was held in \$5,000 bonds. The cargo of 108,000 bottles of whisky, and three hundred cases of gin carried by the schooner, when she was caught, was unloaded today while hundreds looked on.

### LABOR MAKES KNOWN TO GOVT ITS LEGISLATIVE PROGRAMME FOR FORTHCOMING SESSION

#### Delegation, Headed by Tom Moore, Received by Premier King and His Cabinet—Delegation Assured of Government's Desire to Co-operate in Everything Which Would be to the Best Interests of the Country.

Mr. Moore pressed for the partial or total exclusion of Asiatics. He believed that one Asiatic to each 1,000 of the population of Canada would be a fair average.

Mr. King explained that Japanese were only allowed in under certain strict regulations, and asked if Mr. Moore would propose similar regulations were applied to the Chinese. The Prime Minister told that students should be exempted. The exchange of ideas was valuable. Mr. Moore was in favor of admitting Asiatics who wished to attend schools or universities.

The delegation having asked for an amendment to the Criminal Code legalizing peaceful picketing, Hon. Mr. Motherwell, asked Mr. Moore to drop the expression. Mr. Moore explained that by peaceful picketing was often defined as the right accorded to strikers to approach workers and explain why they were on strike. It had nothing to do with threats, or violence or coercion. Decisions given lately in the courts, had emphasized the necessity for the amendment suggested, he said. The placing of a workers' representative on the Board of Management of nationally-owned

### U.S. SENATE DEMANDS TREATY DETAILS FROM PRESIDENT

#### Hitchcock Resolution Adopted After Senate for First Time Discussed Policies of the Arms Conference—Republicans to Press for Quick Treaty Action.

Washington, Feb. 19.—The resolution asking President Harding for full information regarding the negotiations of the Four Power Pacific Treaty was accepted by the Senate after a debate in which the Arms Conference policies were discussed generally for the first time on the Senate floor.

Republicans and Democratic leaders united in support of the resolution after its author, Senator Hitchcock (D.), Nebraska, had made some minor changes in phrasing. It was adopted without a record vote.

Senator Hitchcock's suggested amendment changed the phrasing of the resolution only in minor respects, and Senator Lodge announced the revised version was adopted. He said: "I think it is fair to say," added Mr. Lodge, "that many things are asked for there, in the form of memoranda and minutes, which have no existence as written documents."

The four-power Pacific treaty which was negotiated at the Washington conference again assumed today a prominent place in Senate affairs both on the Senate floor and before the Foreign Relations Committee.

### HARTLAND

Hartland, N. B., Feb. 24.—Percy Hayward, of Toronto, who came on from the result of Henry Hayward's illness, has returned to his home.

Miss Quasina Britton, who is teaching in the Modern Business College, in St. John, spent Friday with her parents, Mr. and Mrs. B. A. Britton.

Miss Rena Murdoch, who is in the employ of the Dominion Express Company at St. John, is spending a few days with her parents, Mr. and Mrs. John Murdoch.

The funeral of Mrs. David Koswick was held at the home of her brother, Robert Fotts, on Tuesday afternoon at 2 o'clock.

Mrs. Koswick, who has been her home in Hartland for a good number of years, was a highly respected citizen and leaves a wide circle of friends. She was born in Canada, and her husband, Mr. David Koswick, was a native of Hartland. Mr. Fotts conducted the service. She and her husband formerly came from Kings County, N. S.

At 10 o'clock, Mr. A. B. Snow, organizer and inspector of Cadet Services for Military District No. 7, was in town on Thursday of this week looking after the interests of the newly organized cadet corps here. Col. Snow reported to the instructor, G. W. Montgomery, that only two of the public school cadet corps in Military District No. 7 had entered the individual shooting competitions of the C. R. L. held in February. Mr. Snow said that the Hartland Cadet Corps was one of the two.

### KING STORMS AS PRINCESS ELOPES IN A ROWBOAT

#### Caxias in With a Gypsy Romancer in Which Her Highness Leaves Lina via Rope Ladder to Wed Rich Planter Whose Palm She Read.

New York, Feb. 24.—An idol of a real gypsy princess was brought in yesterday by the Lloyd Brasileiro liner Caxias, from South America and West Indian ports with a million-dollar cargo of coffee. But nobody was interested in the super-coffee shipment after the lyric episode of the Princess Irena, daughter of King Alexander of Everywhere. The gypsy band had been some time in Barbados and the impressive princess, whose specialty is palm reading, became enamored of the lucky palmer of a young and rich Barbadian planter. She told him that he would soon wed a handsome dark young woman whose romantic adventuress, and he seemed to think the prophecy fair enough.

But Irena did not reckon on the strenuous opposition of King Alexander, who when she announced that she was going to marry the planter and give up her nomadic life had her carried forcibly aboard the Caxias and locked in a stateroom. The liner was scheduled to leave port at midnight. One hour before the young plant-ess came alongside in a rowboat. King

### CO-ORDINATION OF PATRIOTISM WITH WORLD WELFARE URGED

#### English Preacher, Recently in the United States, Pleads for Harmonization of Homeland Affection, With Comprehension of Urgent Need for Universal Service.

London, Feb. 19.—In an address in Westminster Park Chapel the Rev. S. W. Hughes (Dr. Clifford's successor), who was recently in the United States, made a powerful plea for international solidarity. Paganized nationalism, he said, is the greatest evil of our time, and the nations must build up a condition of permanent peace and freedom if they are in earnest about it. Materialism may build social castles in the air, but only Christianity can construct them in the earth. Universal fraternity will win a more permanent peace than makes it the spirit of life. Internationalism will vanish as nations learn to trust in God.

"Our lines of communication," Mr. Hughes concluded, "are a danger to all unless nations can approach nation in the decency and strength of a high morality. Steam, telegraph, aeroplane have bolted the world, and the whole universe has become one vast whispering gallery. Whittier's rhapsody over the Atlantic cable is eloquent of world fraternity."

For lo, the folk of ocean's wall, Space mottled and time ontrass, And round the world the thought of all is as the thought of one.

"Joseph Cook's inspiring utterance is our ideal: 'The nineteenth century made the world into a neighborhood; the twentieth will make it into a brotherhood.'"

HOARSENESS RUBBED AWAY QUICKLY BY NERVINE

Changeable weather causes congestion and sore throat. The blood must be drawn from the inflamed part and this is speedily done by applying Nervine. The beauty of Nervine is that it penetrates quickly. It is not only a powerful antiseptic, but it draws out the inflammation, eases the pain, makes the chest and throat wet quickly. Here's an easy way to save \$5, and you have the best cough remedy you ever used.

It is really wonderful how quickly this home-made cough syrup relieves cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosen a dry, hoarse cough, lifts the phlegm, breaks the membranes, and gives immediate relief. It is a powerful throat lozenge, loosens cold, bronchitis and bronchial asthma.

Pink is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To cure a cough, simply add your draught for 2 1/2 ounces of Pink to directions, and don't accept anything else. Guarantee to give absolute satisfaction or money refunded. The Pink Co., Toronto, Ont.

### BISHOP GAILOR SAW LIQUOR "PLENTY" AT FIVE DINNERS

#### Reiterates Opposition to Unenforced Volstead Law Because It Breeds Contempt—Denounces Un-Christian Drys Who "Jump On" Him Because of His Views.

Omaha, Feb. 24.—T. F. Gailor, presiding Bishop of the Episcopal Council, who is in Omaha today, declares he has been misquoted in regard to prohibition and misunderstanding in his stand toward the Volstead act. "Understand, first and for all, I am for temperance," said Bishop Gailor. "The Volstead act is a law and as such should be obeyed. Personally I obey it to the very limit. But one would think, from the way some of the prohibition enthusiasts of the country jump on me, that I am a representative of the underworld and trying to keep down all morals and all laws. I get letters through the mails and through newspapers criticizing my position in words which would lead one to believe I speak for the dregs.

"I stated, I believe I am safe in saying I mix with and come in contact with just about as also and as prominent people as there are in this country.

"The prohibition law is not being obeyed and is creating a contempt for the law. Since December 1, I have attended five big formal dinners or banquets in New York. And at every one of them there was red liquor and red liquor in plenty. I find a similar condition existing everywhere.

"With the words 'and that's all I know about the Volstead act,' Bishop Gailor gave the following written statement:

"Last September I made the remark it was a mistake to put the prohibition law into the Constitution of the United States, because it has the cause of temperance by arranging some of the best intelligence of the country against the law. However, the law is there and ought to be obeyed. I am in favor of the Christian attitude of some prohibition leaders who denounce me as a criminal for expressing the opinion.

"I still hold to that opinion and in traveling over the country I have found the best intelligence of the people in favor of some modification of the Volstead act in order to get rid of the contempt for the law which is now largely exhibited by many people in high position.

"What about the criticism being directed at Columbia University because of alleged smoking of cigarettes by its female students and which yesterday drew fire from the Nebraska State Normal Board?" was asked Bishop Gailor.

"Who shall tell a woman of 59 what she shall do?" replied the Bishop. "I shall tell her she shall not go to the privacy of her room and smoke a cigarette? They will get over it. I have seen lots of these things come and boys were going to ruin our girls and boys, but somehow the deed passed and they were not ruined.

"Most women do not wear short skirts to show themselves off. They wear them because their dressmakers tell them it is the style. It seems to be the fashion just now, among certain classes for women to smoke."

### LEAGUE OF NATIONS PLEADED

The League of Nations has already functioned with great power, and it can be developed into a mighty creative assembly. Conference is the way of justice and good will, and the common mind is surely capable of understanding the wisdom with a genuine scorn of war. A League of Nations in spirit and in organization is indispensable to world peace. The inherent difficulties will not be insurmountable if the will to peace is there. Fiscal students will do well to get a theological background for their economic theories. If they do not take care to do with it, Canada has had a fiscal promission in its recent election. Monstrosities and money are not putting America through.

"The treaty international treaty must be made the minister of all. Japan wanted China for exploitation; she now admits her need of China in the spirit of mutual good will. When important decisions are made, the important decisions are made. The world is menaced. We will not have

### FALL RIVER COTTON MILLS TO CLOSE

Fall River, Mass., Feb. 24.—Several of the cotton mills here will shut down tonight until Monday. The curtailment is said to be due to the condition of the cotton goods market. No general curtailment is likely, it was stated, because many of the mill corporations have orders enough on hand to warrant running at capacity. The industry as a whole here was estimated to be operating at 75 to 85 per cent below normal.

Many engineers were in town this morning.

### BEST IDEALS OF CITIZENSHIP BE BOYS AND GIRLS

Conferences Held Under Council Proving of Great Success of the Highest Character.

Through the written page as well as by personal observation the general public of the Maritime Provinces are coming to regard the Boys' and Girls' Work Conferences held under the auspices of the Maritime Religious Council as one of the very best channels through which the best ideals of Canadian citizenship are being held before its youth.

During the past four months three such year-end conferences have been held in St. John, Woodstock, and Campbellton, Woodstock, and Sussex, for the purpose of presenting and demonstrating the C.G.T.F. programme in those centres. These were greeted with a most enthusiastic response by the thousands of Canadian citizenship are being held before its youth.

In response to the requests from the rural districts the conferences were extended by these conferences were extended to include 17 outlying communities in addition to the above named places.

All of these conferences were organized and directed by Miss Mary Allison, the Girls' Work Secretary of the M.R.E.C., under whose auspices these conferences were held. Miss Allison was assisted by Miss Ganong of Netherwood School, Rousesay, the Vice-Chairman of the Board, and Mrs. J. D. Hunter of St. John, Secretary-Treasurer. In addition the religious education Secretaries of the various parishes, and the Maritime Provinces.

These conferences were held simultaneously with Boys' Work conferences being carried through by Mr. A. M. Gregg, the Boys' Work Secretary of the M.R.E.C. This plan of simultaneous conferences was a very successful method of promotion of these "Twin" programmes of religious education, and on every occasion the joint closing on Sunday evenings has drawn such numbers as to tax the capacity of the largest auditorium of the place.

Each of these conferences was of the highest character and drew from the girls a ready response to the programme of the "Four-fold life" and sent them back to their communities determined to make every effort to have it adopted there. From the leaders a ready response to the two-fold responsibility that faces them as adults teaching life-life not only on Sundays but also in the midst of their daily lives. In some instances and speeches at banquet and closing, saw and heard from the girls themselves evidence of poise and thoughtful purpose that they did not believe could be secured or expressed by a brief weekend of contact with this variety of programme.

The convictions there expressed by the girls concerning the C.G.T.F. have borne fruit already. In some centres all of the churches have since adopted the programme. Within the few weeks since the holding of the conferences some 13 C.G.T.F. groups have begun work and a recent visit of the Girls' Work Secretary has found new groups earnestly at work in Woodstock, Jacksonville, Hartland, Hampton, Norton St. John, Beauséjour, and Sussex. In addition, Miss Allison started a community C.G.T.F. leaders training course at Fredericton on Wednesday evening and held the second session the following night.

Miss M. Harrison, Secretary of Elementary Work, has been working with the workers in Madam, Milltown, St. Stephen and St. George this week.

Miss A. M. Gregg, Boys' Work Secretary, gave another of his address to a leader training course addressed before the St. John members Association Monday Super meeting. On Tuesday

### Drugs Excite Your Kidneys, Use Salts

If Your Back Hurts or Bladder Bothers, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your kidneys with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 gallons of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water! you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with bicarbonate and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent juice, combined with every one should take now and then to keep their kidneys clean and active. They also keep up the water drinking, so no doubt you will wonder what aches of your kidney trouble and backache.

# WHY DOES IT CAUSE SO MUCH SICKNESS?

Constipation Responsible for 90% of Disease  
"PRU-TA-TIVE" Corrects It

It is generally recognized among the medical profession that Constipation is responsible for 90% of the diseases of the human body. It is the cause of many of the most common ailments, and it is the cause of many of the most serious diseases. It is the cause of many of the most common ailments, and it is the cause of many of the most serious diseases. It is the cause of many of the most common ailments, and it is the cause of many of the most serious diseases.

Why is this? As you know, it is the duty of the bowels to carry off the waste matter in the system. If the bowels do not do this, the waste matter remains in the body and poisons the blood. As a result, every organ in the body is poisoned by this waste.

"Pru-ta-tive" has been demonstrated to be successful in relieving stomach troubles, nervous troubles, liver troubles, kidney troubles, brain troubles and blood troubles because "Pru-ta-tive" is a natural and completely reliable Constipation Corrector.

"Pru-ta-tive" will always relieve Constipation, even though the bowels have been chronic for ten, fifteen and twenty years. Thousands of grateful users pronounce "Pru-ta-tive" the greatest remedy for Constipation that the world has ever known.

The only way to get the full benefit of "Pru-ta-tive" is to take it as directed. Do not stop until you are completely cured. It is a natural and completely reliable Constipation Corrector.

## Sea Attacks Library

"Warriors of Pekin" was a book which was written by a Chinese author, but he is dead, and it is necessary to remind readers that he was a Chinese author who lived in the 19th century, and gave up his life to act as political adviser to China when she became a republic.

He collected a noble library of books relating to China, and at his death this library was bought by a wealthy firm of scholars who desired to establish a seat of Oriental learning in the West.

Library crosses the sea.

In the course of the Morrison Library was packed in cases and shipped by steamer to Japan. The steamer was reached without untoward incident and there the cases were transferred to warehouses on the quay. There the unexpected happened.

Libraries have been destroyed by fire, flooded by war, and in the case of the Morrison Library, they were destroyed by the hands of barbarians; they have gone to the hands of the ignorant and unscrupulous. This great library was destroyed by a tidal wave.

There was recently a high tide on the coast of England, which was wrought-inconceivable damage, but the enemy of Japanese learning was a wave born in the sea. The wave swept in upon the coast, drowned the books, flooded the warehouses, and engulfed the crates enclosing the precious volumes. Many people have had similar experiences in miniature made in blotting-paper, but blotting-paper, and they have held the results to the second-hand bookseller for next to nothing.

Books spread in the roadway.

The Japanese were wiser. We do not know whether they offered scribbles to the ancestors of the man who made blotting-paper, but blotting-paper was their hope and salvation. They took all of these moistened books from the cases, opened them, and spread blotting-paper over the pages.

Thousands of people were set to work at this, and the books which Morrison of the Pekin had lovingly collected were spread out over the roadways of the coast.

Great are the uses of blotting-paper. There must be those still among us who remember the days when mud was used to dry the wet pages, but not the more effective mud would have redeemed the Morrison Library from the effects of Japan's salt sea.

## OF THE BASKET

"Here are the groceries and things you wanted from the store," said Farmer Brown's boy as he put the basket on the table.

Farmer Brown at once began to unpack it. "Where is the turkey?" he asked as she took out the last package.

"Why, it is there, for I put it in there myself," said Farmer Brown, looking very much surprised at the question.

"Farmer Brown came over and went over everything himself, and such a puzzle, puzzled look as there was on his face when he couldn't find that turkey!" "I know I put it in that basket," he said, "but it is not there."

"Farmer Brown's boy ran out to the sleigh and looked and looked. He took out the turkey. There was no sign of that package of meat. He went into the barn and looked there, thinking his father might have taken it in there and forgotten about it.

When he returned to the house and reported that the meat wasn't to be found, Farmer Brown went to the telephone and called up the market where he had bought that meat to see if, after all, he had left it there. When he hung up he looked more puzzled than ever. "The market man says it isn't there," he said. "Right here in the house all the time," replied Mrs. Brown promptly. "He met you at the door when you came in, didn't he?" "Yes, he did," said Farmer Brown. "Then it is a mystery to me what has become of it," said he. "I don't see how it could possibly have fallen out of the sleigh. Yes, sir, it is a mystery."

## CLASSY WORK BY PROFESSIONAL SKATERS AT EAST END RINK

Work of the "Pros" Kept Large Crowd on Edge — Art Staff Proved Wizard, But Was Obligated to Fight Every Inch of Ice — Surprises in Store Today.

Two-fifths of a second were clipped off the new Canadian amateur record for the 220 yards 19 45 seconds, made by Charles Jawtraw at Lily Lake last January, when Art Staff, of Chicago, at the Canadian Professional Skating Championships, held on the West End rink last evening, outdid the mark at 19 35 seconds.

There were over two thousand spectators present at last night's races, and all were thrilled by the wonderful exhibition of the speed professionals. Staff was the star of the night, but in every race he was opposed by all the four other contestants, Edmund Lamy, Clarence Everett MacGowan, St. Paul, Bobby McLean, Chicago, and Donald Baker of Brooklyn.

In every race, with the exception of the two mile, there were hand-to-hand battles, the skaters' hands and feet were in constant contact, and the skaters were favored with keen ice, and this had a marked effect on their time. Every event was skated in an even better time than that recently made by them at Saratoga Lake.

In the three-quarter mile race Art Staff was equal to Lamy's former record of 3 minutes 45 seconds. The record held by Staff is 3 minutes 24 seconds. The most spectacular race of the evening was the two mile. Every one of five "pros" had their say on what the pace should be, and placed themselves regularly as first one and then another, forced the pace and took the lead. Baker set the pace at the start, and Lamy, who had been expected to set him to the front. A few laps later Lamy, the French-Canadian speed king, and the only Canadian in the meet, went up to the van, his skates cutting through the ice like a hot knife through butter. The pace started like a leaping flame, and the Canadian in the lead held the till he was again passed by Staff.

Suddenly, with but five laps to go, MacGowan came up from the rear, crawling low and striking hard, his spirit was what had been expected in a 220, and set him a quarter of a lap ahead of the others. Lamy responded to the challenge and was followed by the others, for two laps MacGowan maintained the lead, but his effort had weakened him, and despite his gameness, the others went up. With but two laps to go, Lamy shot to the front, and Staff broke the tape in first place, with Lamy second, and MacGowan, third. The race was skated in the first time of 12 minutes 40 seconds. The time in both miles being better than that made in the mile race on Lily Lake last month.

It was a subject of much comment last evening that in no race was there any of the stalling for a pace maker, or fouling, as in the case in the amateur races. All the professionals are ex-amateur champions, and they showed last night that only long years of hard training could allow a skater to maintain the paces they set in all their races.

Miss Gladys Robinson, the little lady skater from Toronto, was present at last night's races and witnessed the races from the centre of the ice with Charlie Gorman. Both proved favorites with the crowd and were given an ovation. The crowd was eager to see Miss Robinson in action, but no less than she was to favor them, but as the necessary sanction could not be obtained from the local amateur authorities, she refused to incur her amateur status, despite the clamor of the crowd.

The affiliated organization has approached Frank White, the representative of the International Amateur Skating Association here and A. W. Covey, president of the M. E. A. U. of C., with a view to securing sanction for an amateur race to be held either immediately previous or for the professional races today.

It was stated last evening that the sanction was practically assured, and if this proves true, Charlie Gorman and Frank Gorman will pace the little lady in the 220 and 440 this afternoon.

A summary of the races follows:

## Mount Allison Wins Summer Trophy

Defeated King's University in Hockey Game by Score of 6 to 3.

Amherst, N. S., Feb. 24—Mount Allison won the Summer Trophy by defeating King's University in a well-contested hockey game played before 700 or 800 spectators here, by a score of 6 to 3. Nuff Wilkie of Halifax, referred to the satisfaction of all. Both teams were fighting fast. Glennie and Wynn starred for Mount Allison, while Gilbert and White were the mainstays of the Kingman. King's defence was weak and perhaps the cause of her defeat. Harris and Aglybiu both did good work in goal. Only two penalties were handed out; they being minor ones for tripping.

The first period ended two all, White scoring after ten minutes, giving the first tally to King's. Pickard tallied for Mount A. a minute later, and in another minute White again scored for the Westman. Pickard, of King's, tied the score half a minute before the season concluded.

Mount Allison added two to its count in the second period, Wynn netting the rubber at the two and three minute marks, respectively.

King's made the first count in the third, McCoy scoring after six minutes of play. Glennie, of Mount A., scored twice on nice individual work.

The lineup: King's. Goal, Harris. Defence, Smith, Taylor. Centre, Wynn. Wings, Pickard, Glennie. Substitutes, Gillett, Rose, Hickman.

## St. Andrews And Thistles To Meet

Sixteen Rinks a Side in Contest This Afternoon and Evening.

The St. Andrews and Thistle Curling Clubs will meet this afternoon and this evening, for the third and last time this season. Sixteen rinks will be played a side, with three rinks on the ice and five on the St. Andrews sheets in the afternoon, and a like number in the evening.

The Thistle curlers were the winners of both the previous matches but the St. Andrews players are hoping to make away with the final one, the losers are to banquet the winners.

## CHARLOTTETOWN WINS OVER CHATHAM

Moncton, N. B., Feb. 24—Charlottetown won their third game in the championship series of the New Brunswick and Prince Edward Island Hockey League when they defeated Chatham in Chatham rink by the score of 4 to 1. Charlottetown has not lost a game this season being their seventh straight win. Chatham plays a Charlottetown Tuesday night February 28.

## Fredericton High Wins Coveted Title

By Defeating Sussex 3 to 1 Become Champions of the Inter-scholastic Hockey League.

Special to The Standard.

Fredericton, N. B., Feb. 24—Fredericton High School, by defeating Sussex High School 3 to 1, won the title of the Inter-scholastic Hockey League. The game was fast and the score about indicated the respective merits of the two teams. The home team had a considerable advantage in weight.

In the first period, Sussex High, played a great game and did much toward leading down the score. Until very late in the game it looked like a shut-out for Sussex High. Fairweather made the lone tally, taking the rubber just as he came on the ice, and driving it in on a long shot. Fredericton High excelled in defence and also outskated the visitors.

The teams were: Fredericton High, Goal, Bonnell. Defence, Greighton, Priors. Centre, Fairweather. Left Wing, Hunter. Right Wing, Luts. Substitutes, McArthur, Stiem.

Referee—A. Mc. Staples.

Scoring: First period—1, Fredericton, Keene; 2, Fredericton, Keane. Second period—3, Fredericton, A. Sterling. Third period—4, Sussex, Fairweather, 2 minutes.

## Dartmouth Univ. Sets Skiing Pace

Gained Lead in Two Cross-Country Contests With McGill.

Moncton, Feb. 24—Dartmouth University gained the lead in the two cross-country races and proficiency tests for skis that marked the opening of the McGill winter sport carnival here this afternoon. Their total scores were 14 with McGill, 8, and Middlebury 6. Ralph Whittall of McGill finished well in front of his field in the cross-country race on skis completing the distance of about six miles in 47 minutes, 30 seconds, with R. Bowler of Dartmouth his nearest rival. Carleton of Dartmouth won the proficiency test and Cole of Middlebury, the cross-country snowshoe race.

## HERMAN RECEIVES JUDGES' DECISION

Declared Winner Over Billy Defoe in Twelve Round Bout.

New York, Feb. 24—Babe Herman, San Francisco, featherweight, received the judges' decision over Billy Defoe, of St. Paul, in a 12-round match here tonight.

Jimmy Darcy, Portland, Ore., mid-weight, defeated Andy Palmer, of Tulsa, Okla., getting a judges' decision after an eight-round preliminary.

Clonis Tall, of Minneapolis, champion of the Canadian lightweight championship, defeated Johnny Markey, New York, receiving the eight-round curtain raiser.

## HERMAN RECEIVES JUDGES' DECISION

Declared Winner Over Billy Defoe in Twelve Round Bout.

Rome, Feb. 24—Final details are now being completed for the programme of the Italian Olympic games, which will extend over a period of ten or twelve days during April. The affair is being organized on a grand scale, comprising 26 university centers and including not only sport but also art and science on the programme.

The meeting will be held on the Rome army training ground, along the river Tiber, as the stadium is considered too small to accommodate all events.

The sport events will include the usual track and field activities, tug football, boxing, cycling, gymnastics, fencing, wrestling, volleyball, fencing, rowing and shooting. The rowing and swimming events will take place on Lake Albano, where the sloping banks afford a natural amphitheatre.

Gabrielle D'Annunzio will preside over the art events, in which are to be included literature, music and sculpture. The science section includes chemistry, philosophy, physics, jurisprudence, engineering, medicine, pedagogy, mathematics, commerce and agriculture.

## New Local Record For Putting Shot

Andrew Malcolm Put the Ball 40 Feet 6 1/2 Inches—934 Feet for Broad Jump.

A new local record for the shot put event in the National Y. M. C. A. Section exhibition contest was established by Andrew Malcolm, in the Hexathlon contest featured at the Y. M. C. A. last evening. Malcolm heaved the shot 40 feet 6 1/2 inches, 4 feet better than the former record for the St. John Association. In the standing broad jump, Malcolm did 9 feet 2 1/2 inches. In the running high jump, Malcolm and Yeoman both went over the bar at 5 feet 2 inches.

The local seniors are two hundred points ahead of their last year's score, and have strong hopes of copying the coveted purple banner emblematic of the National Hexathlon championship. Which they won in 1920, and came third for last year. The contests will be continued Monday and Tuesday evening.

## Tender Receives Referee's Decision

Decision Came When Opponent Failed to Leave His Corner at Bell for Eighth.

New York, Feb. 24—Law Tender, of Philadelphia, won a referee's decision over Myrtle Fox, of California, in the eighth round of their bout tonight. The decision came when Gold, after claiming a foul in the seventh, refused to leave his corner at the sound of the bell for the eighth. Referee Kid McPartland counted ten over the western boxer as he sat under in his corner, apparently in pain.

Once the referee had warned Tender against hitting low, but he refused to listen to Gold and his seconds when they claimed one of the easterner's blows in the seventh had landed below the belt.

In most of the rounds up to the seventh Gold had held his own, bringing blood to the Philadelphia's nose in the second and staggering him with hard rights to the jaw on other occasions.

Gold appeared to have trouble in defending himself against Tender's body attacks, though he seemed the best of the two in the sparring at least range.

Madison Square Garden was filled with a capacity crowd, the majority of the fans seeming to favor the Californian. Many booed the judges and referee and cheered for the western boy and was helped from the ring.

Physicians who examined Gold immediately after he was led to his dressing room, announced they had failed to discover any evidence of a foul blow.

## Italy Preparing For Olympic Games

Not Only Sport But Art and Science to Have Place on Programme.

Rome, Feb. 24—Final details are now being completed for the programme of the Italian Olympic games, which will extend over a period of ten or twelve days during April. ## CANADIAN RACING ASSOCIATION PLANNING TO BETTER COUNTRY'S SUPPLY OF BLOODED STOCK

To Import from Great Britain Number of Stallions to Form Nucleus of Stud Which It Will Develop from Year to Year.

Toronto, Feb. 24.—Death of remnants is one of the after effects of the war. During the early war years Canada was combed from coast to coast by buyers for the War Office, who soon found that they could not secure the type of animal they required at the traditional 240 sterling. And as time went on the severe standard of pre-war days had to be replaced. War Office buyers took the cream of the best stallions from the French Army, who were not so hard to satisfy and bought of the western ranches hundreds of remnants that had been rejected by the War Office. Then, too, there were demands for the Canadian war services. In the British Army transport on the West Front was carried by gasoline-driven vehicles, but remnants had to be found for the cavalry and, except for the very heaviest pieces, the Armies found all artillery still horse-drawn. The French were not so well off in automotive equipment and much of their transport depended on horses for such horses.

For five years the world was scourred for remnants, horses, mules, even the jackasses. Canada supplied her full share, but it resulted in a dangerous shrinkage in volume and deterioration in quality. At the present time the Royal Canadian Mounted Mounted Improvement League, was an absolute success, both from the nature of the entertainment and the large attendance which attended the affair. A. M. Harding acted as chairman in connection with the evening's programme.

The following programme was carried out and was greatly enjoyed by all present: piano duet, the Misses Mercer and Oldford; dialogue from "Julius Caesar," Charles Magnusson and Norman Magnusson; readings, Mrs. Barnard, Mrs. Beatrice Fleet, and Norman Magnusson; vocal solos, J. Stewart Smith, Arnold Keo, Mrs. Barnard, Walter Brindle, and Paul Cross; club singing, Miss Bessie Fox; piano solo, Miss Myrtle Fox; cross led the boys in several choruses, and the youngsters joined in the songs with much vigor. Miss Myrtle Fox acted as accompanist for all the musical numbers.

The proceeds realized at the concert will be used in aid of the club.

## Delightful Concert Given, Local Talent Contributing to Pleasing Programme.

The concert, which was held last night in the South End Boys' Club, under the auspices of the South End Improvement League, was an absolute success, both from the nature of the entertainment and the large attendance which attended the affair. A. M. Harding acted as chairman in connection with the evening's programme.

The following programme was carried out and was greatly enjoyed by all present: piano duet, the Misses Mercer and Oldford; dialogue from "Julius Caesar," Charles Magnusson and Norman Magnusson; readings, Mrs. Barnard, Mrs. Beatrice Fleet, and Norman Magnusson; vocal solos, J. ## Transcontinentals Registered Fair Gains On Stock Market

### Bull Pools Directed Their Attention Largely to Motors and Subsidiaries.

New York, Feb. 22.—Trading on the stock exchange today again was sufficiently extensive to indicate a continuance of speculative interest, sales approximating 1,000,000 shares. The uncertain trend of prices, however, resulted from realizing sales and the doubtful dividend status of industrials.

The market sustained its most severe reversals in the first and final hours. Republic Iron & Steel, preferred, suffered an initial decline of nine points, the common shares also developing marked weakness, with other independent steels.

Losses were partly retrieved during the middle session on the strength shown by railroads, but fresh liquidation and professional pressure provoked a more general reaction towards the close. The selling then embraced Bethlehem, Crucible, Gulf States and Lackawanna steels, also a number of specialties, including tobacco.

Stock falls as Canadian Pacific, and other transcontinentals, as well as high-grade common, granites and coal carriers, registered one to three point gains at their best. Rock Island was strongest of the speculative group, followed by St. Paul, common and preferred. Market Street Railway prior preferred was very active and strong, rising five points on declaration of an initial six per cent. dividend. United Railway Investment and Philadelphia Company also improved.

Bull pools directed their attention largely to motors and subsidiaries, chain and department store issues, chemical fertilizers and some of the less prominent oils, including California Petroleum, the latter closing at a gain of 3-3/8 points.

Money rates relaxed from their rigid tone of the previous day, call loans declining from 5-1/2 to 5 per cent. at midday. There were fewer offerings of time accommodations, but short maturities held at 4-3/4 per cent.

All the European currencies reacted on the further retirement of speculative interests. Sterling fell almost two cents and the more important continental remittances, including Dutch and Scandinavian bills, were lower by ten to twenty points. Central European bills, notably the Czechoslovakian quotation, also were heavy.

## Further Declines Forced On The Wheat Market

### Scattered Liquidation and Bearish Pressure Created An Easier Grain Market.

Winnipeg, Feb. 22.—Scattered liquidation by holders of long wheat, and at times a determined attempt to force prices lower by bearish interests, created an easier market, today, and wheat prices made further declines after the opening. They, under pressure, dropped to 192 1/2. There was good buying reported on the break, and further sales of Manitoba first export were said to have taken place.

The cash wheat market was very dull and very little was changing hands. There was a fair demand for No. 1 and No. 2 Northern at unchanged premiums. The coarse grain market was steady, prices showing little change from Thursday.

Winnipeg, Feb. 22.—Wheat, May 1.25 1/2; July 1.35 1/2. Oats, May 67 1/2; July 65 1/2. Barley, May 67 1/2; July 65 1/2. Flax, May 2.45 1/2; July 2.45 1/2. Rye, May 1.05 1/2; July 1.05 1/2. Cash prices: Wheat No. 1 hard 1.24; No. 1 Northern 1.23; No. 2 Northern 1.22; No. 3 Northern 1.21; No. 4, 1.20; No. 5, 1.19; No. 6, 1.18; No. 7, 1.17; No. 8, 1.16; No. 9, 1.15; No. 10, 1.14; No. 11, 1.13; No. 12, 1.12; No. 13, 1.11; No. 14, 1.10; No. 15, 1.09; No. 16, 1.08; No. 17, 1.07; No. 18, 1.06; No. 19, 1.05; No. 20, 1.04; No. 21, 1.03; No. 22, 1.02; No. 23, 1.01; No. 24, 1.00; No. 25, 99 1/2; No. 26, 99; No. 27, 98 1/2; No. 28, 98; No. 29, 97 1/2; No. 30, 97; No. 31, 96 1/2; No. 32, 96; No. 33, 95 1/2; No. 34, 95; No. 35, 94 1/2; No. 36, 94; No. 37, 93 1/2; No. 38, 93; No. 39, 92 1/2; No. 40, 92; No. 41, 91 1/2; No. 42, 91; No. 43, 90 1/2; No. 44, 90; No. 45, 89 1/2; No. 46, 89; No. 47, 88 1/2; No. 48, 88; No. 49, 87 1/2; No. 50, 87; No. 51, 86 1/2; No. 52, 86; No. 53, 85 1/2; No. 54, 85; No. 55, 84 1/2; No. 56, 84; No. 57, 83 1/2; No. 58, 83; No. 59, 82 1/2; No. 60, 82; No. 61, 81 1/2; No. 62, 81; No. 63, 80 1/2; No. 64, 80; No. 65, 79 1/2; No. 66, 79; No. 67, 78 1/2; No. 68, 78; No. 69, 77 1/2; No. 70, 77; No. 71, 76 1/2; No. 72, 76; No. 73, 75 1/2; No. 74, 75; No. 75, 74 1/2; No. 76, 74; No. 77, 73 1/2; No. 78, 73; No. 79, 72 1/2; No. 80, 72; No. 81, 71 1/2; No. 82, 71; No. 83, 70 1/2; No. 84, 70; No. 85, 69 1/2; No. 86, 69; No. 87, 68 1/2; No. 88, 68; No. 89, 67 1/2; No. 90, 67; No. 91, 66 1/2; No. 92, 66; No. 93, 65 1/2; No. 94, 65; No. 95, 64 1/2; No. 96, 64; No. 97, 63 1/2; No. 98, 63; No. 99, 62 1/2; No. 100, 62.

## FIVE TAXED ON FIVE MILLION DOLLAR INCOMES RETURNS SHOW

### Increase in Number Paying Taxes—5.03 Per Cent. Made Reports to U. S. Government in 1931.

Washington, Feb. 22.—More persons paid taxes for 1931 on incomes of \$5,000,000, but the first time no unearned income, because of the law which holds income tax returns to be confidential information.

Figures compiled by the bureau of internal revenue show that for the same period there were six personal returns of income from \$1,000,000 to \$4,999,999; seven of income from \$500,000 to \$999,999; 18 of income from \$100,000 to \$499,999; 34 of income from \$50,000 to \$99,999; 60 of income from \$10,000 to \$49,999; 125 of income from \$5,000 to \$9,999; 146 of income from \$4,000 to \$49,999; 285 of income from \$3,000 to \$49,999; 558 of income from \$2,000 to \$49,999; 1,093 of income from \$1,000 to \$49,999; 2,093 of income from \$100,000 to \$1,999,999; and 1,113 of income from \$50,000 to \$100,000. The compilation on returns for 1931, which were made and collected in 1932, also show a steady increase in the number of persons in the United States paying income taxes.

## NEW FACTS ABOUT ANGORA AGREEMENT MADE PUBLIC

### White Paper Issued on Correspondence Between the British and French Governments Shows France Disposed of Allied Territory Under French Mandate.

London, Feb. 22.—The correspondence which passed between the British and French governments respecting the Angora Agreement concluded between the French and the Turkish Nationalists (Kemalists) on Oct. 20, 1921, has now been issued as a White Paper.

Lord Curzon's letter to Count de St. Austre, French Ambassador in London, in November, 1921, is the starting point of the correspondence. Mr. Briand personally assured Lord Curzon that Mr. Bouillon went to Angora first on a private mission. Mr. Briand again later assured Lord Curzon that the agreement on the general question of peace would be entered into without close agreement with the Allies. Further, Mr. Briand said that the British Government's attention has been forbidden to discuss with the Angora Government the larger questions of peace and had been empowered only to negotiate on behalf of the French Government with regard to French prisoners, the protection of minorities in Cilicia and other points involved in the evacuation of French troops.

Lord Curzon added that the agreement involved final recognition by France of the Grand National Assembly of Angora as the sovereign authority in the territory. The French Government reserves the question of peace with Turkey and has never contemplated any enlargement in that direction. "No facilities will be given by France for hostile designs against a territory under the British mandate and in the case of armed conflict France would not allow Turkish troops across Syrian territory.

The French Government admits the principle of adjusting in the final treaty of peace the different agreements negotiated. "A task which will be rendered all the easier by the agreement of France, Italy and Great Britain both in regard to its extent and the methods of bringing it about."

## Price Trend On Montreal Market More Encouraging

### Losses, However, Still Outnumbered Gains—C. P. R. Scored Big Gain of Session.

Montreal, Feb. 22.—The price trend on the local stock market today was more encouraging than yesterday, although losses still outnumbered gains. Canadian Pacific scored the big gain of the day and of the week with an advance of 11 points to 141 on a single board lot sale. At the close of trading 191 1/2 was asked with no bid for more stock.

Other substantial advances were seen in Ogilvie Flour, to 195, and British Empire Steel, first preferred, up five to 45. Algonquin advanced three points to 48. Other gains of a more moderate nature extended to Macdonald, Mackay and Toronto Railway. Detroit United suffered the day's greatest loss declining 2 1/2 points to 57. Steel of Canada was also conspicuously easier, sagging two to 69. Lossers of a fraction to a point took in Brompton, Cement, Conveyors, Smelting, Laurentide, Loyal, Quebec Railway, Shawinigan and Royal Bank.

**RIDING FOUND FOR NON-CHARLES STEWART**

Liberals of Argenteuil County Quebec Find Place for Buffered Minister.

Lachena, Que., Feb. 23—Liberals of Argenteuil County, in open convention here, this afternoon, unanimously tendered the nomination for the constituency, reserved vacant by the death of P. R. McLaughlin, M. P., to the Hon. Charles Stewart, Minister of the Interior and Mines. Mr. Stewart's name was the only one brought before the convention, and he received an ovation when the nomination was tendered him and he accepted it. Addresses were delivered by Sir Lester B. Pearson, Minister of Justice; Hon. J. A. Robt, Minister of Trade and Commerce, and Russell Stacks, of Montreal.

The Conservatives of the riding are holding a convention tomorrow to decide whether or not they will oppose Mr. Stewart. Official nominations had been set for next Thursday, and voting, if necessary, for a week later.

**Henri Landru Given Few Days of Grace**

Paris, Feb. 23—Henri Landru, the "Bluebeard of Gambais," who was to have been guillotined this week for the murder of ten women and a boy, has been given an additional few days of grace. M. Moro-Giafferi, his chief counsel during the trial, today presented to President Millaud further arguments which the president is considering.

He promised to render a decision within a few days on the appeal for commutation of Landru's sentence.

**AROUND THE CITY**

**VISITING HALIFAX**  
A number of C. P. R. men left last evening for Halifax where they will meet the C. P. R. staff in that city in a number of events, including hockey and bowling.

**WESTFIELD ACCIDENT**  
Joseph Conroy was conveyed from the Boston train to the General Public Hospital last evening to be treated for a broken ankle, incurred while working in Corbett's mill at Westfield yesterday morning.

**HAS GIVEN MUCH WORK**  
The water and sewerage department have provided work for about 150 men during the last three months. This is about 100 in excess of the number usually employed at this time of year. In the vicinity of \$30,000 has been paid out in wages, about twice as much as last year.

**READY FOR CALLERS**  
Mayor Schofield announced yesterday that while he did not propose to try and answer all the letters appearing in the press his office was open from 10 o'clock in the morning until 5 or 6 in the afternoon and he was always ready to impart such information as he was in possession of to any caller. He also stated that when the vote on hydro was taken it would not be behind closed doors.

**WORK IS NEEDED**  
Mayor Schofield stated yesterday that more orders were needed to keep the Memorial Workshop busy and the manager would be glad to hear of any jobs which they could undertake. There has been a change in the management, L. R. Keen, not being in charge at the present time. Those employed in the shops are given cards signed by the mayor and only those are genuine dated February 23.

**TO RECEIVE MEDAL**  
An interesting event will take place on Monday evening next at Trinity Church school room, when John Peacock of the Mission church troop of Boy Scouts will be presented with a life saving medal. The deed for which the medal is to be presented was performed some months ago. Young Peacock jumped into the water of Marble Cove and rescued from drowning a lad who had tried to jump into a motor launch but missed and fell into the water.

**INTERESTING CASE**  
A case involving a claim for commission amounting to \$2,400, brought by William G. Pugsley, of Ottawa, against Harry Carson, was heard before Mr. Justice Crockett in chambers on Thursday. Judgment in the case was reserved. The matter dates back to 1912, and has to do with certain sales of scrap, formerly Ross rifles and Ross rifle equipment. Dr. F. R. Taylor, K. C., appeared in the interests of the plaintiff, and J. H. A. L. Fairweather for the defendant.

**NOT SERIOUSLY HURT**  
The many friends of M. V. Paddock, one of the city's prominent druggists, will be pleased to learn that he is improving from the effects of the injuries received when he was knocked down by a motor car on Charlotte street, near North Market street, at about 10.30 Thursday evening. Mr. Paddock stated last evening that he had been as much to blame as the driver of the car, and was glad that he had escaped with nothing more serious than a bad shaking up and a few bruises.

**PERSONALS**  
Ossalee R. Hasen, of Montreal, hand-writing expert in connection with the Nevins will case, left for his home last evening on the Montreal train.  
J. W. Brantley, of Chatham, was in the city yesterday and was registered at the Royal.  
W. F. Jones, K. C., of Woodstock, was among those who registered at the Royal yesterday.  
A. Alcorn, of Blackville, was a visitor in the city and was registered at the Royal.  
J. R. McAuley of Lower Millsbrook was a guest at the Victoria yesterday.  
R. H. Hanson, M. P., and Mrs. Hanson, Fredericton, are in the city today.  
G. A. Whitaker, Adelaide street, has returned home after a business trip through the middle west.  
Miss Mary Shaw of Berwick, N. S., is a guest of Dr. and Mrs. I. W. N. Baker, 55 Waterloo street.  
Friends of James Berry, inspector of weights and measures in the Customs House, will regret to learn that he is ill. His condition yesterday, however, was said to be improved.

**Inspectors Made Find At Main St. Resort**

**Secure Jar of "Essence of Barbed Wire," Cans, Kegs and Flavoring Extracts.**  
The liquor inspectors visited a place on Main street yesterday and secured a jar of "essence of barbed wire" freshly drawn from the vat, and with an odor that would make the atmosphere of a country slaughter house sweet perfume in comparison. They also secured a quantity of cans and kegs, indicating to them that the stuff was manufactured at some still, not yet located, and brought to the Main street resort bottled and sent to the "kill 'em quick" trade.  
The officers also secured several vials of coloring and flavoring extracts. The proprietor was out when the inspectors called and gave his place the once over. He will be called upon some other day and given a chance to explain the why and wherefore of his conduct, and the right of possession of the contraband goods.

**Busy Session of Magistrate's Court**

**Miller and Phinney Case Postponed to Tuesday—Breaking and Entering Case.**  
In the police court yesterday afternoon, the case against Eldon Miller and Clifford Phinney, charged with sending threatening letters to Dr. W. W. White demanding from him the sum of \$1,000, was resumed. Evidence for the prosecution was given by a young lad named Stanley Perry, in connection with the delivery of the sealed packet containing the pieces of blank paper, to the address set out in letters.

Mrs. Gertrude Whyte, a clerk in Geyra's fruit store on Coburg street, testified regarding the delivery of the packet to the store. She also said that it was called for on the date in question by Phinney, whom she identified in court.  
The hearing was postponed for further evidence until next Tuesday, Dr. J. B. M. Baxter, K. C., appeared in the interests of Dr. White, and E. B. Ritchie for the defence.  
The case for the prosecution against the three men, Stafford, Lavine and Lyaee, charged with breaking and entering a section shanty on the property of the C. N. R., was continued yesterday afternoon. Only one witness was called, and the case was postponed for further evidence. Calvin Marney, section foreman of the C. N. R., testified regarding the condition of the shanty on the night of Feb. 14 and the following morning. He said that there was evidence of the shanty's having been broken into. He did not know any of the accused, and had not given them any permission to enter the shanty.

Walter Bell failed to put in an appearance yesterday afternoon, after he had been warned to appear to answer to a charge of obstructing prohibition officers in the discharge of their duty. W. M. Ryan for the prosecution said that a summons would be issued for Bell.  
During the hearing of the case against William Trafoin, charged with the theft of seven pieces of chamois from the St. John Window Cleaning Co., the defendant contended, yesterday morning, that the charge was purely an attempt to frame him, the motive arising from business rivalry. He claimed absolute innocence, and stated that on various occasions he had heard members of the company threaten "to put him on the hog" by some means.

Three witnesses gave evidence in the case. Mike Small and William Cruikshank said that they were present when Officer Saunders found the chamois in the defendant's bed, but they had nothing to do with putting them there. Fred Cashwell also said that he had nothing to do with putting the chamois in the bed, and that he had taken no parcels home with him on the day that the theft is alleged to have taken place. The Magistrate told the defendant that he would have to stand up for trial on the evidence given. G. R. Mersereau appeared for the defence.  
Two witnesses were heard yesterday morning in the case of Edward Ritchie charged with the theft of \$46.55 on Thursday night from a lady at one of the dancing academies in the city. The woman testified that she was one of a committee in charge of a dance being held at the time in question. She said that she had \$46.55, realised from the sale of tickets, in a handbag, which she left in the kitchen of the dance hall at 9 o'clock.  
About 9.45 o'clock she went into the kitchen and found the bag on the bag open and only \$2.45 in the bag. The witness said that she had seen the defendant at the dance, and had a conversation which she had with the ticket taker, in which the latter told her of Ritchie's coming into the hall without a ticket. The latter had said that he left his ticket home and would give it in the next morning. He gave the name of Ned Furlong, Germain street. This concluded the evidence for the morning, and the case was postponed.

**PROBATE COURT**  
In the estate of Miss Zetta Cromwell, probated at \$1,875 personally, letters testamentary have been granted to her brother, to whom the estate is left. M. B. Jones was probator.  
In the estate of James Scott, probated at \$944 personally, letters of administration have been granted to the Canada Permanent Trust Co. D. Mallin, K. C., was probator.  
In the estate of Mrs. Miss J. Payne, probated at \$1,200 realty and \$1,000 personally, letters of administration have been granted to her son, Ernest B. MacDonald. C. F. Stanford was probator.

**Saw Smoke And Pulled The Hook**

**False Alarm Brought Firemen to Corner of Paradise Row and Millidge Street.**  
The fire department was called out at 7.30 o'clock last night for a false alarm, sounded from box 154, corner of Paradise Row and Millidge street. A passerby, seeing smoke coming out of the upper flat of Chamberlain's house, at the corner of the Row and Bond's Alley, and knowing the flat to be unoccupied, was led to believe the place was on fire and pulled the hook. It is believed that the smoke had escaped from a stove on the lower floor, which is used as a storehouse for collins by the Chamberlain Undertaking Parlor. The Chamberlain house was one of those gutted by fire at the time of the big fire which destroyed Hawker's drug store and several adjoining buildings at the corner of Paradise Row and Mill street two years ago last January. It has never been placed in repair since as it was one of the buildings contemplated for the proposed new union depot.

**Life Underwriters Enjoyed Banquet**

**Interesting Paper Read to Members by R. C. Cruikshank—Discussion Followed.**  
The regular meeting of the local branch of the Life Underwriters' Association of Canada was held last evening at Bond's, J. M. Ives, president, in the chair. The members sat down at 8.30 to a banquet served in the dining room, after disposing of the good things to eat, indulged in a hearty sing, led by Fred Girvan, with Mr. Belyea at the piano.  
After the business to come before the meeting had been dealt with, a very interesting paper was read by R. C. Cruikshank. He outlined many of the convincing arguments which might be used to clinch sales, and made several suggestions which might be useful in getting more business. An open discussion took place, participated in by nearly all present. A few remarks by the President brought the gathering to a close at 11 o'clock, and underwritten in the city with the association.

**Local Skating Ace Agreeably Surprised**

**Was Presented With Substantial and Highly Appreciated Gifts Last Night.**  
Charlie Gorman, St. John's amateur speed skating ace, was agreeably surprised last night, when he was asked to call at the store of Charles Bailie, King street, and there, in the presence of a large number of his personal friends and admirers, made the recipient of a substantial and highly appreciated gift, consisting of a steam-er wardrobe trunk, a Wolsey dressing gown and a Wolsey sport sweater.  
The presentation was made by Charles Bailie, who is an ardent enthusiast of good clean sport, and a great friend and supporter of Gorman. Mr. Bailie, in a brief and happy address, expressed the gathering's appreciation and admiration of Charlie's efforts in bringing renown to this city in the skating world, and expressed the opinion that next year the local boy would do even greater things than had been accomplished by him during the past winter. The local skater was completely taken by surprise by the nature of the occasion, and feelingly made response, expressing his appreciation of the generous generosity of his friends and their kindness in thinking of him in the way they had.  
Among those present at the time was Miss Gladys Robinson, international women's champion skater, and a great friend of Gorman. Miss Robinson made a few remarks apropos of the occasion, and, among other things, described skating as one of the greatest sports in the world, and expressed the hope that Charlie would do even greater things in the future than in any he had ever competed in.

**Most Successful Social Function**

**Students of Modern Business College Enjoyed Evening of Dancing at Studio.**  
One of the most successful functions of the season was the Modern Business College dance, which was held last night in the Studio. About 150 people took advantage of the occasion afforded to enjoy the lengthy programme of dances to the excellent music of the Studio orchestra. The party was chaperoned by Mr. and Mrs. George J. Smith and the committee in charge of the arrangements consisted of the following: Miss Lucille Wilson, Miss Jean Calkin, and Miss Maurie Wisely, Fred Strong and Edgar Fritchard.  
The success of the evening was due, in a great measure, to the untiring efforts and unstinted generosity of George J. Smith, principal of the college. At the close of the evening's programme a very hearty vote of thanks was tendered to Mr. Smith for his liberality and his efforts in assisting the committee in promoting the dance.  
So glad with this class, she advo-

**Hospital Committee Spends Busy Month**

**Soldiers in Lancaster and East St. John Hospitals Well Looked After.**  
The monthly meeting of the Hospital Committee of the Red Cross was held yesterday morning at the depot, Prince William street. Mrs. E. R. Taylor in the chair. The report of the treasurer showed expenditures for the month of \$972.55 and a balance on hand at the end of the month of \$222.55.  
Mrs. Lawrence reported between 100 and 115 men at Lancaster during the month. There had been two deaths and the funerals had been attended by members of the Red Cross and visitors committee. Mrs. F. B. Mills reported 13 men in the soldiers ward at East St. John, with two deaths during the month.  
Mrs. J. H. Doody reported for the "drivers committee" that in January 36 men had been out and for February 37, six cars being supplied each month. Mrs. Forster reported that no demands had been made on the follow up committee during the month and she was asked to act as convener of this committee in the absence of Mrs. L. P. D. Tiley, who is visiting England.  
Incidents for extra comforts for the men at Lancaster and East St. John were read and on motion the committee ordered that they be supplied; Mrs. W. P. Bonnell read lists of supplies sent during January and February to hospitals from Red Cross. These included apples, tobacco, cigarettes, sweaters and socks.  
Before the conclusion of the meeting the convener, Mrs. Taylor, spoke of the death of Mr. Roxborough, a brother of the treasurer, and Mrs. Anglin was asked to convey to Mrs. Scott the vote of sympathy moved by Mrs. Forster and seconded by Mrs. Doody.  
Those present were Mrs. E. R. Taylor, Mrs. J. V. Anglin, Mrs. W. P. Bonnell, Mrs. H. Lawrence, Mrs. F. B. Ellis, Mrs. W. H. Shaw, Mrs. J. H. Doody, Mrs. Forster, Mrs. E. T. Sturdee, Mrs. G. Ernest Harbour, Miss Ethel Hansen Jarvis.

**Discussed Sunday School Problems**

**Workers in Conference Last Evening—Teachers Secure Valuable Hints from Gathering.**  
A general discussion of Sunday school problems took place at the Sunday School Workers' Conference, held in the Waterloo street Baptist church last evening. Much useful information was imparted to the large number of teachers and officers of the school present and several steps taken for the improvement of the Sunday school. The president of the conference, and pastor of the church, Rev. J. A. Swetnam, was in the chair.  
The conferences have proved beneficial to all participating therein, and at the next gathering in March Miss Agnes Pooley, teacher of the young ladies' class, will prepare a special paper for discussion.

**Care of Feeble Minded Problem**

**Most Interesting Paper, Dealing With Subject, Before Local Council of Women.**  
The members of the Local Council of Women heard a most interesting and instructive address, yesterday afternoon, on the subject of care for the feeble minded, delivered by Dr. Mabel Hamilton.  
In beginning her address, Dr. Hamilton said that the term feeble minded should not mean those who were slow to learn, but did eventually arrive at full normal adult development, but those who never arrived at that stage, and never worked, no matter how much and what kind of teaching was employed. Neither did she mean nervous or insane cases. The class to which she was referring might be said to have been born with a paralyzed mind.  
This class fell into three groups. The first was the idiot, they were babies in mind and never advanced in thought beyond three years of age. They were very seldom a menace to the community.  
The second was the imbecile. This class had an intelligence up to five years of age. They had the child's propensity to mischief and with the bodily capacity to carry out their intentions and were a real danger in many cases.  
The third class was the largest. They were called morons and had the intelligence of a child from 5 to 12 years of age. These were the real danger and society. They went out into the world with the body of an adult and the mind of a child and the physical control of a child. Their lack of reasoning capacity was very apt to lead them into all sorts of wrong acts, and two thirds of the delinquency in the country was traceable to this group.  
Among the girls of this group, the great danger was illegitimate motherhood, and she gave an instance of one institution in which out of 110 unmarried mothers, 92 were mentally defective.  
Dealing with local conditions, she said that while no expert survey had been made, it was estimated that in the public schools there was about 110 feeble minded of whom 50 might be fitted as feeble minded and 60 as probably in the same class.  
So deal with this class, she advo-

In order to eliminate, as far as possible, the feeble minded from the land, she advocated some sort of legislation to segregate those who were sub-normal and prevent them from bringing children into the world.

A vote of thanks, moved by Miss Sinclair and seconded by Mrs. R. A. Tennant, was passed and extended to the speaker by Mrs. Raymond.
