## HOT LUNCHES FOR THE SCHOLARS

Strong Appeal is Made for Assistance for Work School District Should Pay For

The question of school lunches for children living at a distance from the school has for many years been a problem among educationalists. More than ten years ago Great Britain sought its solution in the establishment of soup kitchens and lunch counters where for about 2d a cheap but nourishing lunch was served the school child. Later the U.S.A. took up the matter and with much better success worked out the difficulty in a simple manner, which is applicable to both city and rural districts alike, by putting in a small equipment for the making and serving of a hot dish in the school house itself, to supplement the lunch brought from home.

This method proved so successful that it spread into Canada, Alberta, Saskatchewan and Ontario having adopted it with gratifying results. This led to the N. B. Board of Education taking it up and to this end two specially trained teachers have this year been touring the province, interviewing and demonstrating to school boards, teachers and parents regarding it. The matter is not yet compulsory in any district but the Board of Education is recommending it so strongly that it appears to be but a matter of time when it will become so.

Miss Mallory, the Supervisor for this district, visited Hartland the last of January, but although the Home Efficiency Club of the school had already been talking it up to the trustees, Miss Mallory was unable to make satisfactory arrangements with them for the putting in of a small equipment necessary for the work, covering a cost of about \$30. The girls and teachers however were not to be dismayed by obstacles and being encouraged by the fact that the matter was at least back at once set to work to put the thing through by their own efforts, determined that Hartland would not be out-done by some smaller but more progressive place.

Emptying the treasury of the club \$7.50 was carefully invested in utensils and a white oil cloth for one table.

In this the thanks of the club are due Keith & Plummer Ltd. and C. E. DeWitt for a generous discount on their purchases. H. N. Boyer proved a veritable find in need by loaning a new three burner oil stove, fitted ready for work. Others took stock of their cupboards and gave such dishes and utensils as would be readily spared.

Thus equipped the club planned to serve on two days of each week—Tuesday and Thursday. On these days the "science room" is converted into a dining room, which, with a spotless white table, a few dishes, a steaming hot dish and a plant or two, is really more attractive to the pupils as well as more hygienic than eating from a tin pail on a dirty ink-bespattered desk. The food materials are brought in individual quantities from home and the cooking is

done in turn by the club members under the personal direction and supervision of one of the teachers. Since there are about 20 children daily to partake of the lunch, and since all the cooking is done outside the regular study hours, only simple dishes are attempted. Typical menus are: Baked potatoes and cocoa or scrambled eggs and rice potatoes. The work has been so carefully planned and systematized that lunch is usually ready by 12.15, happily eaten and over with by 12.40; the dishes washed and room put in order before 1.30 with everyone much refreshed, ready for regular school work.

It is hardly necessary to say that the pupils like the plan. Not only are the hot dishes and the cleanliness attractive, but the cooks are vying with one another for excellence in the culinary art. The project, however, to be most truly successful needs the closest co-operation of teachers, parents and School Board. Since the beginning of the luncheons on Tuesday, Feb. 10 the trustees have contributed oil cloth for another table and consented to supply all the oil needed for the stove. But this is not enough. There are other things urgently needed, such as a tea kettle, water pichers and mixing bowl. A small stock of staple groceries to provide for emergencies such as stormy days other than Tuesdays and Thursdays would greatly facilitate matters. Lastly but most important, money is needed with which to buy the stove.

[Up to this point the foregoing excellent article was contributed by a writer whose conspicuous talent should be sufficient appeal for the sympathetic interest of the whole town in the worthy enterprise outlined. The Observer cannot comprehend why the school trustees should hesitate to appropriate the comparatively small amount required for the equipment and maintenance of the lunch system. Should they change their mind and grant the money, none who have carefully read the article will criticize their action. Indeed their hesitancy is open to criticism at the outset.]

The Home Efficiency Club have exhausted their means, and purpose holding a Tea Day on Saturday, Mar. 8, for the purpose of raising funds to complete their plan. No doubt the "suggers" will get what money they require—money cheerfully given for a good cause—but The Observer predicts that before they start out on their errand the school board will arise to the occasion and notify the teaching staff that district funds will be available to meet the needs of the movement.

## PROGRESS OF FARMERS' TELEPHONE CO.

The Farmers' Telephone Co. had its beginning in the year 1907 when a number of farmers of Windsor and the adjacent territory got together and organized a stock company for the purpose of effecting cheap telephone communication with Hartland. At the outset there were 31 phones on the line. By the end of the first year the line extended from Knowlerville to Hartland, a distance of about 16 miles. Now, after 12 years development, the Farmers' Telephone Company lines extend to Woodstock where there is a full exchange service with 125 phones; to Florenceville where there are 175 phones; reaching to Centreville and the surrounding territory, to Bristol and Glasville. On the Hartland exchange there are more than 400 phones. The object in organizing this Company was not to make money, but, as stated, to afford cheap communication. In spite of the fact, however, that phones have been rented as low as \$10 a year the company has paid its shareholders a dividend each year. George O. Britton, formerly of Windsor, now a resident of Hartland and a member of the Town Council is the general manager and the splendid success of the enterprise is largely due to the careful attention he has given it. Its development has been his hobby for many years.

Owing to the soaring cost of all materials and the demand for extension of service it has been found necessary to increase the rental rates. Permission to do this has been granted by the Board of Commissioners of Public Utilities and the new rates effective from Jan. 1 last are: for store and office telephones \$15 per year; resident phones \$14; if on special line \$2 extra per year; extension set \$2 per year extra; desk phone \$1 per year extra; call bell \$2 per year extra. The new rates are lower than the rates charged by larger companies and the subscribers are entitled to call any other subscriber anywhere on the system.

The annual meeting of the company was held on Feb. 6 and the following Board of Directors was elected: J. K. Flumming, J. S. Leighton, E. W. Spinney, G. O. Britton, H. L. Dickinson, Howard Drake, A. D. McCain. The officers are E. W. Spinney, president; A. D. McCain, vice-president; Annie B. Drake, secretary-treasurer. George O. Britton is continued as manager.

It is the company's intention to make such extension of lines the coming season as there is demand for and to improve the service in many ways.

During the past year the company purchased the former D. E. Morgan store and have completely remodelled it into a beautiful and commodious suite of offices for their exclusive use. Here there is every convenience and quarters for manager, the busy Secretary-Treasurer, operating rooms, private booths, lavatories and store and work room. The offices are beautifully finished in Douglas fir and present a pleasing and prosperous appearance.

G. MURRAY McLEOD, MANAGER

## CARVELL IS STILL A LIBERAL

But Wants to Help Canada Get on a Peace Basis and Provide Work For All

In Parliament on Wednesday, Hon. F. B. Carvell, the minister of public works in a straightforward and frank way discussed the big problems of revenue and expenditure ahead. He emphasized the need of strict economy in every department of administration, reviewed the government's programme in regard to public works, good roads, pensions, etc., and warned the house that ways and means must be found of increasing annual revenues by about \$100,000,000 to meet the legacy of war. He emphasized the serious problems which Canada has to face in getting back from a war to a peace basis. However, he gave as his opinion that no warring nation was in a better condition at the cessation of hostilities than Canada. He said there were just as many abnormal conditions to be overcome in connection with those who did not go to war. He paid some attention to remarks of Mr. MacMaster yesterday and said:

"I want to say to him that he and I are not very far apart on many of the matters mentioned by him."

Mr. Carvell then went on to say that this did not apply to the remarks of Mr. MacMaster concerning the Bolsheviks. They had played the traitor to the Allies who had helped them, and these were the men that Mr. MacMaster was friendly to. "Then," said Mr. Carvell, "he and I must part company."

Mr. Carvell said the government was spending a large amount of money on its shipbuilding programme, about \$20,000,000 or \$25,000,000 this year and about \$30,000,000 during the coming fiscal year.

Referring to the government's proposal to expend \$20,000,000 on highway improvement, Mr. Carvell remarked that the vote was to be expended over a period of five years from April 1, 1919. The money would be expended by the provinces, by provincial organizations, and under provincial officials. But before any expenditure could be made there must be an agreement entered into between the federal and provincial governments giving a general description of the road to be constructed and the location.

Mr. Carvell praised the work done in highways construction by the provincial government of Quebec. If, he said, we could only extend highways like Quebec highways through every province of Canada, we should accomplish wonders.

Turning to the work which is to be done by his own department of public works, Mr. Carvell said that when the estimates were down there might be some disappointment amongst the members of the house and a still greater disappointment in the minds of municipal bodies. "But," said he, "we are adhering to the principle that we are not constructing public works because they will be of some good to the community, but because they will provide employment."

He announced that it was in-

tion of the government to start public buildings in Toronto, Montreal, Calgary and probably Hamilton within ten or fifteen days. It was his intention to start work before the vote was passed in the house, in the belief that his action would be endorsed.

Mr. Carvell said that in addition to the roads and housing programmes there was the educational scheme which had been mentioned. The railway programme there was the educational scheme which had been mentioned. The railway programme would cost \$70,000,000 or \$80,000,000.

Mr. Carvell said he has been impressed with the suggestion made by Mr. MacMaster last night when he said we ought to sit down and take stock of the financial position of the dominion. This was a good suggestion. The country and parliament could well afford to take this advice. Canada had come through the war with flying colors. This country has accomplished what would have been regarded as impossible four years ago. War cannot be carried on without waste, because war is waste. Having gone through the war successfully it would pay us to take stock of the situation.

The minister stated that he had been much impressed since the signing of the armistice by the

demands made upon the government for the expenditure of public money. This was undoubtedly due to the fact that during the war the great bulk of business had been carried on by the government. Producers furnished the goods and the government paid for them. The government had been told that it should go all over the world and get business. It had done its best but without as much success as had been hoped for. The people of Europe were willing to buy our products but they have not the money to do so. He thought that if the business men of Canada would do more for themselves in the way of securing business it would be a good thing.

The requests for expenditure on public works which he had received within a comparatively short period would, said Mr. Carvell, mount up to between \$50,000,000 and \$75,000,000. An expenditure of this size was, of course, impossible unless the government wanted to go out into the money markets and borrow money right and left. He did not know what the national debt now amounted to, but prophesied that, when all the war accounts were

in, Canada would find that she owed \$2,000,000,000. This large sum did not daunt him. Canada was able to pay it if the government exercised wisdom in expenditures.

There were some expenditures, said the speaker, which Canada could not afford to skip and pass. Among these were pensions to soldiers.

Every man entitled to a pension was a lion a year. Another expenditure which must be paid was that of re-establishing returned men. The expenditures of the department of soldiers' civil re-establishment would probably amount to \$25,000,000 per annum. This expenditure, he thought, would be a decreasing one as the men were established in civil occupations, but the department would continue possibly for fifty years.

Mr. Carvell estimated the additional expenditure which Canada would have to face, each year, as a result of the war at \$175,000,000. To offset this, there would be this year these receipts:

Customs: \$140,000,000; excise: \$2,000,000; business profits and income tax: \$30,000,000.

Mr. Carvell could see no way of increasing items to any great extent. "No doubt," he said, "the income tax can be increased and will be increased."

Mr. Carvell, expressing a personal view, would like to see that income tax extended upwards and downwards. He would like to see every man with an income of a thousand dollars paying some income tax. Nothing made as much for good administration as to make every man feel that he was contributing something to the government.

These three principal items of revenue brought in \$195,000,000 or a little more than sufficient to meet the extra annual expenditure which would have to be incurred as a result of the war. In addition, administration of the country's affairs could not be carried on at less than about \$125,000,000 a year.

Where then was the other hundred million dollars coming from? He hoped he was not pessimistic. "I have heard more cheerful speeches," commented sotto voce, a government member.

Mr. Carvell added that he did not wish anyone to think from his remarks that he thought the country bankrupt and unable to raise money. While Canada's debt was great, there were her great undeveloped resources to be taken into consideration. Still they would have to pursue business methods to get over the next four or five years. Meanwhile the money utilized for the work this year would be borrowed money, and he asked the house to consider where they were going to get that hundred million dollars of extra money required at the end of the fiscal year.

Mr. Carvell said that when works were under way and when the provinces were able to do their share and when manufacturers and employers of labor did their share, for it was the duty of the hundreds of firms in Canada which had grown rich through war orders, to keep on—they would be able to keep unemployment out of the country.

To keep unemployment out of the country if they possibly could, should be the watchword today. If they could do that they would not need to care where the money was to come from and they would be able to keep Bolshevism out of Canada.

Dr. D. MacKenzie: "How are we going to get the hundred million dollars? Perhaps the minister will tell us what he thinks."

Mr. Carvell replied that he was not making the budget speech. When that came down the information will be given.

members of those staffs, but a large section of the general public do not appreciate them. People from the rural districts are especially sore on the Saturday afternoon-closing. On that day if the trains due here shortly before noon are late the result is that the country people do not have sufficient time to transact business and go through the formalities necessary to have freight shipped.

## STERN REMINDERS OF RHEUMATISM

Cold or Wet Weather May Start the Pains, But the Trouble is in the Blood

Every rheumatism sufferer should realize that rheumatism is rooted in the blood and can only be cured by a treatment that will cleanse the blood of the rheumatic poisons. The old-time belief that rheumatism was caused by cold, damp weather, is now exploded. Such weather conditions may start the aches and pains, but is not the real cause. Liniments and outward applications may give temporary relief, but cannot cure the trouble, because they do not reach its source in the blood. The sufferer from rheumatism who experiments outward applications is only wasting valuable time and good money in depending upon such treatment. The trouble still remains, and it is all the time becoming more firmly rooted—harder to cure when the proper treatment is applied. Treat this disease through the blood and you will soon be rid of the pains and tortures. As a cure for rheumatism Dr. Williams' Pink Pills are unequalled. They act directly on the impure, weak blood; they purify and strengthen it, and so root out the cause of rheumatism.

Mr. D. Lewis, postmaster at Esquimaux, N. B., says: "I was attacked with rheumatism, which settled in my elbow, shoulder and knee joints, and at times caused me great suffering. The trouble was particularly severe last spring and I decided to try Dr. Williams' Pink Pills. After taking the pills for some time the rheumatic pains and stiffness in the joints disappeared and I have not since had any return of the trouble."

If you are suffering from rheumatism, or any trouble due to poor blood and weak nerves, you will find a cure in a fair use of Dr. Williams' Pink Pills. You can procure these pills through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## Fines of \$900 in Madawaska

Chief Inspector Wilson, stated that Sub-Inspector Aurele Berube and Allan McLaughlin had been successful in prosecuting important liquor cases in Madawaska county. Fines amounting to \$900 had been imposed by the court as a result of the cases growing out of a seizure of a car of liquor which had been distributed and hidden in St. Hilaire and St. Leonards. Part of the liquor found its way over the river into Van Buren where the Aroostook county officials rounded it up.

Five convictions were secured, two against Charles Cyr, of St. Leonards, one against his clerk and two against Maxim Albert of St. Hilaire. The seized liquor was brought to St. John.

## GIRLS! LEMON JUICE IS A SKIN WHITENER

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of white milk, makes a white, creamy lotion of the most remarkable skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, millowens and tan and is the ideal skin restorer, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this creamy, fragrant, skin lotion and manage it daily into the face, neck, arms and hands.

Mr. Hans Hansen, a well known resident of Selkirk, died at the home of his daughter, Mrs. Peter Anderson on March 1st after a long illness. Mr. Hansen has been poorly for a number of years but the last two months was confined to his bed all the time. He was in the 63rd year of his age. Mr. Hansen will be remembered by many of the Grand Falls people, as he was a familiar figure here a number of years while living with Dr. Piddington and driving and seeing for the "Dre" horse. Many friends extend sympathy to the family in their bereavement.

### My Limbs Would Twitch

And When I Was Unable to Rest or Sleep, I Walked the Floor in Nervous State—When Specialists Failed I Found a Cure.

This is the kind of cure that has set thousands of people thinking and talking about Dr. Chase's Nerve Food. The action of this cure is so radically different to the usual treatment for the nerves that everybody wants to try it. Gradually and certainly it nourishes the starved nerves back to health and vigor and the benefits obtained are both thorough and lasting.

Mrs. M. Smith, 11 Arthur street, Windsor, Ont., writes: "I was suffering from nervous breakdown, which was caused by a shock when fire broke out in the adjoining house. My nerves were in such a state that after going to bed I could not get my nerves quieted down sufficiently to go to sleep. I used to get up and walk around the room or go downstairs. From what I read of Dr. Chase's Nerve Food, I decided to try it. I used to have cold, nervous, night sweats, sometimes would become unconscious and lie that way for quite a little while. I was always cold and it seemed impossible for me to get warm or keep warm. When on the street I would see two or three objects at once, and did not want any more to speak to me or bother me. Any little noise irritated and annoyed me very much. I had consulted specialists and tried many remedies during this time, but could not gain relief. At last I tried Dr. Chase's Nerve Food, and here I could see that this treatment was proving of benefit. I am now feeling so much better that I can go out on the street without any difficulty, can go across the river and go about the same as usual. I sleep well at night, and am feeling more like myself every day. I am pleased to be able to write you to tell you how much good the Nerve Food has done me. It has strengthened and built up my whole system. I am recommending it to everybody I know who has a nervous condition."

Dr. Chase's Nerve Food, 20 cents a box. Full treatment of a box for \$2.75. At all dealers or Edmanston, Bates & Co., Limited, Toronto. Do not be talked into a useless and expensive medicine only disappointment.

### Member of the Crew of George Washington Visits Perth

Harry Matone of the U. S. navy arrived in Perth on Thursday and gave his sister, Mrs. B. R. Baird a pleasant surprise. Mr. Matone is serving on board the U. S. A. Battleship "George Washington," having made eleven trips overseas transporting troops to France. He has had several narrow escapes from being torpedoed and has witnessed many of the U. S. ships falling victims to the submarines. This ship had the honor of conveying President Wilson to France and has since been called the "Presidential ship." Mr. Matone is on a thirty day furlough having spent a week with relatives in New York previous to his arrival here. This is his first visit to Canada and he seems to be very favorably impressed.

For your children's injuries nothing is equal to Zam-Buk—it ends pain so quickly! Children know this and when they have once had it applied will cry for it again.

Mrs. T. D. Ruston of the Children's Aid Society, Belleville, Ont., says: "We never use anything but Zam-Buk for our children's cuts, burns, bruises, etc. We have found it superior to all other remedies for ending pain and healing, and we have also found, by experience that an injury treated with Zam-Buk never festers. With so many children in our Shelter, we really could not afford to be without Zam-Buk, not only for their injuries, but also for their sores and skin troubles."

Mothers! Be sure to keep a box of Zam-Buk on the medicine shelf. It will save you much needless anxiety as well as expense. Zam-Buk does not deteriorate with keeping, but retains its strength and purity to the very last. For eczema, ringworm, boils, pimples, ulcers and piles, Zam-Buk is equally good. If you have not already tried this herbal balm, cut out this advertisement, write across it the name of this paper and send it with a stamp (to pay return postage) to Zam-Buk Co., Dupont St., Toronto. We will then send you a free trial box. All dealers \$4c. box.

Simple Herbs Cure Serious Troubles

MANY of the diseases of womanhood may be prevented with care. Unusual excitement—mental or physical—disrupts the delicate balance of woman's sensitive nerves, and upsets her whole system. At the first indication, however, of any irregularity, take

Dr. Wilson's HERBINE BITTER. It is safe and certain—purely vegetable—regulates the bowels, improves the appetite, stimulates the stomach, purifies the blood—keeps up and invigorates mind and body.

HARTLAND, N. B., MARCH 6, 1919

## A STEEL BRIDGE

There is a considerable agitation in some quarters that Hartland bridge should be rebuilt of steel. At first sight it would seem that there was a pretty strong desire among all the people for a steel bridge but going into the matter it is found that the movement hinges entirely on a desire to embarrass the local government. At a recent meeting of the United Farmers a resolution was passed expressing a desire for a steel bridge. The question was also brought up at Monday evening's Town meeting. Neither of these bodies however are going to build the bridge and whatever the Tory Town Council may say or do is going to affect the plans of the government not any.

If when years ago Superintendent Jackson frankly and honestly submitted a report condemning Hartland bridge and called for a new structure, Hon. B. F. Smith, then Minister of Public Works, had taken action it would have been feasible to have built of steel. But he merely wrote the simple word "stand" on Mr. Jackson's report and placed it in a pigeon-hole where it remained until it was unearthed by Hon. P. J. Veniot, the present Minister of Public Works.

It seems needless to have to go back and recall that when Mr.

Veniot came here the first of January he was prepared to announce the government's intention of building a steel bridge at Hartland just as soon as steel could be available. This would not be under two years, perhaps not for five or more. Mr. Veniot was also ready to locate the bridge wherever the most people desired it. A company of about 40 citizens waited upon Mr. Veniot and there was no dissenting voice in the making of two demands. One of these was that a ferry should not be resorted to under any circumstance and another was that the bridge be rebuilt immediately. Mr. Veniot expressed his views which were favorable to waiting awhile and rebuild of steel, but said he desired to meet the people's wishes. In less than two days word was received from the government that they would meet the views of the people and rebuild of wood. The work is now well along.

It is a sore grief to certain political aspirants that the work of rebuilding this bridge is progressing so rapidly and smoothly. Nothing would have pleased the opposition more than to see the government commit suicide by installing a ferry. Present plans carried through will be a source of gratification to many people but an annoyance only to the opposition brethren.

## Andover News Notes

The Basket Social given by the Mason's in the Specialty Wednesday evening was a great success; \$148 was cleared. Knowles orchestra from Fort Fairfield was in attendance and the dance which followed the sale of the baskets was very much enjoyed.

Miss Perley who has been visiting in Grand Falls for the past week returned to Andover Saturday.

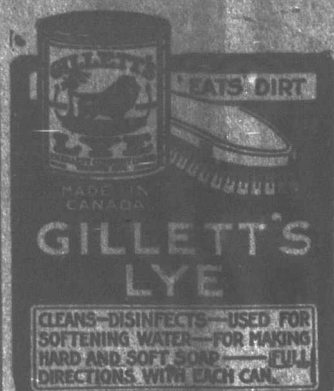

Miss Daisy Milten spent the week-end at Bad Rapids.

Miss Violet Simon has been spending the past week in Kilburn, the guest of Miss Stella Grant.

Andover people were grieved Saturday to hear of the death of Kenneth Ludwig. Mr. Ludwig during the past summer took the pastorate of the Baptist church in Andover and while here endeared himself very much to the people. The deceased was 20 years of age and was attending Colgate University, New York. He passed away Saturday morning at his home in Brooklyn. While in Andover he assisted in organizing the Young Peoples' Union and was a general favorite with the young people.

Miss Cecil Sisson is visiting her sister, Mrs. Grant Hunt, at Fort Fairfield.

Wanted: A girl to do general house-work on a farm, no children in family. Apply stating wages required to Mrs. H. Howlett, Lake Edward, N. B.

## Centreville Happenings

Friday evening was the occasion of a brilliant social event when the members of Centre Lodge I.O.O.F., gave a well arranged "At Home" for themselves wives and sweethearts in honor of Bros. Freeland MacKenzie and Major Leander Kennedy, two returned men. The affair was postponed from Tuesday evening on account of adverse weather conditions. The hall was prettily decorated for the occasion and the well laden banquetting table spoke well for the caterers. About 45 couples were present, and did good service at the table when the supper hour was announced at 10.30 after a short entertainment. Following the supper, toasts were given to the King and responded to by the National Anthem, to our guests, proposed by Rev. W. F. Hurlow and responded to by Bros. Kennedy and MacKenzie, to the ladies, proposed by E. L. West and responded to by Horace Traford and to the Order, proposed by F. C. Cronkite and responded to by L. H. Baldwin. The merry party broke up about 1 a.m., and all went home as happy as clams, or more properly, oysters. Bro. G. A. West was the recipient of many compliments for his delicious oyster stew which constituted the first course. All are in hopes that the event will receive an encore in the near future.

Mr. and Mrs. J. K. MacKenzie announce the marriage of their daughter Madeline Lillian to John Merritt Johnson at Fredericton, on Friday, February 21. The bride was a student at the Fredericton Business College, and the groom a returned man is taking a special vocational course there. Their many friends wish them a long and happy life together.

Harley O. White of Aroostook Jct., spent Tuesday and Wednesday in town with relatives.

The shareholders of the Centreville Hotel Co. held a meeting in the Opera House on Thursday evening for the appointment of directors. The following citizens constitute the board of directors: LeRoy T. Lee, G. E. Wilson, B. B. Estabrooks, Norris DeLong, A. A. H. Margison, J. C. Stevens and E. E. Cliff.

Master Scovil Baldwin gave a pleasant birthday party for his four year old friends on Thursday evening.

Rev. S. Johnson preached an interesting sermon on the subject of Missions on Sunday. Text: Lamentations 1:12 "Is it nothing to you?"

Rev. J. Rees-Jones, new Anglican priest and wife, arrived on Friday and have opened up their home in the rectory.

Mr. and Mrs. T. C. Cain were the guests of S. W. Burt on Tuesday.

We are glad to see the hearty boost the editor gave to our town on the front page in last issue. Boosts like this with skillful advertising by the merchants help to put Centreville on the map.

The Montreal Star on Friday published an account of the winning of the Medaille Militaire of France by Carl Brown of this place. Gunner Brown received this decoration for dressing wounded men under heavy bombing and machine gun fire. Gunner Brown also won three gold medals for prowess in athletics, starting as a runner. He is a son of Dr. Brown of Centreville. Another son, Eric Brown, is a gunner in the same battery.

Mrs. Savage, widow of the late James Savage, died at the home of her daughter, Mrs. Cassie Gray, Long Settlement, on Monday. The funeral was held from here on Wednesday, interment made in the cemetery at Williamstown.

The above cemetery is without doubt the most beautiful and well kept burial plot to be found in any small town in Canada and reflects great credit on the citizens of Williamstown and Lakeville for their unselfish and painstaking expenditure of time and

money in making this city of the dead "a thing of beauty and a joy forever." Other congregations would do well to follow their initiative.

Thomas Hennessey has received his discharge from the home service unit and arrived home on Tuesday.

Mrs. Rebecca Robinson

Mrs. Rebecca Noble Robinson whose death occurring at the home of her son, Reuben, at Lower Brighton, on Feb. 19, was recorded in The Observer last week, was a sister of the late Rev. Joseph Noble, one of the well known ministers of the old Free Christian Baptist church. She was born May 13, 1873, and was therefore one of the oldest residents of the county. Besides her son she is survived by two daughters, Mrs. William McGee of Lower Brighton and Mrs. Marjette West of Siskit, Man. There are also 13 grandchildren, seven great-grandchildren and a large number of other relatives. She was a woman of admirable qualities, a good neighbor and a fond mother. Professing religion early in life she joined the F.C.B. church, later becoming a member of the U.B. church. She was also a charter member of the Woman's Missionary Aid Society at Lower Brighton.

The funeral was held at the home on Feb. 20 and was largely attended. Rev. E. A. Triles preached from the Proverb "A good name is more to be desired than great riches." He was assisted in the service by Rev. P. J. Trafton, pastor of the R.B. church.

### Disastrous Fire at Lakeville

The biggest fire Lakeville has had occurred on Tuesday night when five potato houses and two hay sheds were destroyed. The fire started soon after the night train passed and it is supposed

that a spark from the engine was the cause. Hatfield & Scott Ltd. lost the largest potato house they owned and its contents were today worth at mid \$9000. All the other local shippers were heavy losers and all are put to great inconvenience. Of course the buildings will be rebuilt during the summer. The fire lit up the

country for miles around and the odor of roasted potatoes was plainly discernible at Hartland. The losers besides Hatfield & Scott were, McCain Produce Co., large hay shed, B. F. Smith, who rented Merrill Tracy's building, B. C. Molsaac and W. F. Anderson. A car of potatoes and another box car were also burned.

## An Early Spring

is promised by all the weather signs. This, up to the present time, has been the most open winter we have experienced for many years and is in direct contrast to the winter of a year ago. At that the woods was full of snow and ice and which made a very late and short spring.

An early spring means a better opportunity for the farmer to work his land, prepare the ground for extra large crops and a long planting season. Every farmer should be in position to take advantage of the promised weather conditions and a long spring season.

It is not desirable to get in the crops too early as often late spring rains and a late frost will undo all the work which the early spring allows, but the farmer should have his land ready, his seeds ready and his fertilizer ready which will give him an opportunity to get in a large acreage.

Whatever the conditions are from year to year the man who has the largest crop to sell at the selling season is the man who is the best off, and this true whether the prices are high or low.

Fertilizer is a necessity and if you have not arranged for your fertilizer already, it is time to do it now, as the time when you will need it is almost here.

## Standard Value

**MOTORISTS** judge all light cars from the standard which the Gray-Dort has established. Some other cars are lower priced—but against this they balance Gray-Dort quality.

Higher-priced light cars give nothing that warrants more than the Gray-Dort price.

You will recognize the balanced value of the Gray-Dort—a

price well within reason, but not one desirable feature sacrificed. A quiet, powerful motor; standard equipment; comfort in riding and driving; economy; long service; proud appearance.

The touring car is \$1245; the Gray-Dort Special—the car with added refinements and extra equipment, is \$1325 extra; there are also a coupe, and a sedan. All prices f.o.b. Detroit and are subject to change without notice.

## YOU want to sell Your FARM!

## I want to! help you!

I have made a careful study of the problem of bringing the man who wants to buy into communication with the man who wants to sell, and the results attained are a guarantee of the success of my system of operation. During the eight years of my experience in the Real Estate business nearly Two hundred Farms have been sold through my agency, representing values aggregating over Half a Million Dollars. I have at present thirty-two applications for farms in Carleton County for the Spring 1918. If you want to sell your farm at a fair value, communicate with me at once.

Don't Waste Your Time and Mine if You Are Looking For More Than Your Farm is Worth.

## SAVED BABY'S LIFE

Mrs. Alfred Tranchemontagne, St. Michel des Saints, Que., writes: "Baby's Own Tablets are an excellent medicine. They saved my baby's life and I can highly recommend them to all mothers." Mrs. Tranchemontagne's experience is that of thousands of other mothers who have tested the worth of Baby's Own Tablets. The Tablets are a sure and safe medicine for little ones and never fail to regulate the bowels and stomach thus relieving all the minor ills from which children suffer. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Burnt Land Brook

Chapman and Rollins moved out from their woods operation last week. Mrs. Fred Rollins who was cooking for them came home Saturday.

Mrs. F. C. Bloodworth went to Perth on Tuesday for a visit among relatives.

Mrs. Allen McInnes spent the weekend with her mother, Mrs. Wm. Everett.

Miss Lorna Trumbull, Juniper, is staying at C. A. Hayden's and attending school.

Engene Philpott is hauling logs to the mill.

Turney Johnson is portaging for Jenkins Bros. and Lloyd Everett.

John B. Johnson has finished hauling pulp wood.

Mrs. Holman Taylor is quite poorly.

Mrs. O. C. Boyer returned to her home, Bristol, this week accompanied by her sister, Mrs. Nelson Taylor.

Rev. C. S. Young, Lower Millstream preached in the Union church last Sunday afternoon.

Miss Pauline Johnson spent Saturday with her friend Miss Madeline Everett.

Miss A. Campbell spent the weekend at J. W. Johnson, Oxbow.

### Children Must Be Protected

The children must be safeguarded, for, if they do survive the frequent coughs and colds, it is often with the lungs so weakened that they become chronic sufferers from bronchitis or consumption. Being composed of simple ingredients of undoubted value, Dr. Chase's Syrup of Linseed and Turpentine is admirably suited as a treatment for children. It is pleasant to the taste. So much so that children delight to take it on this account, as well as because of the quick relief it affords them.

### Upper Kent Items

Miss Mae Henderson of Durham Bridge spent a few days at Upper Kent.

Miss Baby Salmon is attending the Agricultural School at Woodstock.

Mrs. McKinlay is visiting her sister, Mrs. Brown, who has been very ill for some time.

Mrs. Thompson and little daughter Phyllis spent a few days at Andover the guest of Rev. C. Fleeming.

Daniel Holmes, an aged resident of Maplehurst, passed away after a long tedious illness. Mrs. Holmes is also very ill.

Miss Sweeney, teacher at Maplehurst, spent the week-end with Mrs.

### Street Miller

Turney Broad is home from the woods.

Mrs. Jack Morris of Kilburn has been the guest of Mrs. B. J. Barker for the past week.

Denmore Bird of Birdton who had been at St. Leonards attending the funeral of his uncle, Moses Bird, stopped off at Upper Kent to visit friends.

Howard Bird came down from Caribou to spend Sunday at his home.

### Piles Entirely Cured

Mr. Wm. Woodell, 107 St. John St. Carlton, St. John, N. B., writes: "I have used Dr. Chase's Ointment for itching, bleeding piles, and as a result have been entirely cured. For years I was a great sufferer from this distressing ailment and can say that three boxes of Dr. Chase's Ointment cured me. You may use this letter for the benefit of others."

### Golden Anniversary

Mr. and Mrs. W. H. Bates, formerly of Halifax, but now residing in Andover celebrated the 50th anniversary of their wedding on Feb. 23. Owing to the recent death of one grandson and the fact that two others lie wounded in hospitals in France, the couple celebrated their golden wedding day in a very quiet manner. Relatives and friends from near and far congratulated Mr. and Mrs. Bates upon having lived 50 years of happy married life together and also upon their perfect health at their time of life. They were married in New York in 1869 by Rev. J. W. Maurice. Their family consists of two daughters, Mrs. I. MacDonald of Philadelphia and Mrs. N. J. Wooten of Andover, with whom they reside, and five grandchildren. Mr. and Mrs. Bates received many beautiful gifts in honor of the day, some of which were accompanied by the wish "Many happy returns."

### END STOMACH TROUBLE, GASES OR DYSPEPSIA

"Pape's Diapiesin" makes sick, sour, gassy stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach-headache, you can get relief in five minutes by neutralising acidity. Put an end to such stomach distress now by getting a large fifty-cent box of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by food fermentation due to excessive acid in stomach.

### IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children, of all ages and for grown-ups.

### TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and straggly hair is sure evidence of a neglected scalp, of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its juices, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

## Muskrats!

As the largest manufacturers of Hudson seal coats in the Dominion, we want many thousands of muskrat skins and are prepared to pay top notch prices for good skins.

## There's a Mother Always Waiting--

for you at Home Sweet Home and sometimes a wife and little ones so you had better get a photograph if it affords amusement for young and old and makes boys and girls love their homes. Instrumental music of all kinds, some of the world's best singers make records both sacred and comic for the Edison Amberola. Let us put one in your house on free trial or better still come and see them for yourself. Terms right and you are all welcome. I appreciate very much the way people remembered me and sent work to me this winter. I try my best to get around and see folk the way I used to do but am not well at all, so fall to do what I would like. But am still framing pictures. Have a good stock of frames, both square and oval, glass, mouldings, mirrors and patriotic paintings; am also in the enlarging work. Send it to me, or better still, bring it yourself and hear some music at the same time, as we have both the Brunswick Disc and Edison Cylinder Phonographs for sale here.
