#### FREE FIGHT

Ears and Noses Bitten Off in a Melec on Board a U. S. Vessel.

New York, May 25 .- A dispatch from Bridgeport, Conn., says: George B. Beardsley, formerly of this city, whose father now resides here, is second officer in command of the United States survey steamer Blake. to his father, Mr. Beardsley writes of a serious mutiny which oc-curred on his ship while he was in command off the West Indian coast. Mr. Beardsley at first attempted to reason with the rebellious crew, but as they would not listen to him used force, and soon a number of the mutinous seamen quailed and refused to support their leaders. This resulted in a free fight, in which ears and noses were bitten off. The mutineers were finally put in irons and placed in the brig. A report of the trouble was sent to the government, but has not yet been made public.

#### FRENCH BACKDOWN

Terms of the Newfoundland Government Enforced.

St. Johns, Nfld., May 25 .- The colonial government is rigidly enforcing the coasting laws against the French on the west coast, who have been demanding herring at their own cost, as against \$1 50 per barrel as paid by the Canadian and American fishermen. The revenue cutter Fiona has been dispatched to Bay Islands to enforce respect for the regulation, and the French, who had threatened to appeal to their own warships, finally agreed to accept the colonial terms.

Sir Julian Pauncefete on the Aims of the Peace Conference and the Best Means to Secure International Justice.

London, May 25 .- The Daily Telegraph, which was the pioneer among the great London dailies in issuing a Sunday edition, announces that it will discontinue the publication of a Sunday paper, thus following the example set by the Daily Mail. It is believed that this will be the last attempt for a long time to establish a first-class

Sunday newspaper in London. PRISONERS RELEASED.

A dispatch from Dublin says that Fitzharris and the other men imprisoned for complicity in the Phoenix Park murders have been released. They were sentenced to imprisonment for life for conspiring to murder Lord Frederick Cavendish, chief secretary for Ireland, and Mr. T. H. Burke, permanent under secretary for Ireland, who were assassinated in Phoenix Park, Dublin, May 6, 1881.

CHOLERA'S RAVAGES.

Bombay, May 25.—Cholera is raging in Karachi, the principal seaport town of Sindo. Two hundred and thirty-two new cases were officially reported yes-terday, and 209 deaths for the day. It is announced that Grand Bassam, a French town of Africa, Upper Guinea, on the Gold Coast, has been evacuated owning to the ravages of yellow fever, and that it will probably cease to be the capital of the French Ivory Coast. It is stated elsewhere that the sickness at Grand Bassam is really the

THE PEACE CONFERENCE. London, May 25 .- The correspondent of the Daily News at The Hague says: Sir Julian Pauncefote entertains the hope that the conference will favor the establishment of a permanent tribunal for option recourse for arbitration The lots are admirably adapted for market garden and residential purposes, having the advantages of the city with township taxes. They are conveniently situated, being within taxes to international instice. ain access international justice This is the right way to discourage the use of force and to further the cause of arbitration. The mere fact of the existence of such a tribunal would exert a potential influence in behalf of international justice."

Queen Wilhelmina received M. de Staal, president of the peace conference, yesterday, and the latter pre-sented her with the Russian Order of St. Catharine. The reception of the chief delegates to the conference com-menced at 5 o'clock. The queen and the queen-mother each held a court of her own, and the delegates were presented to each of their majesties. Increasingly strict measures have been taken to keep secret the proceedings of the conference. Only delegates and secretaries are admitted to the "House in the Woods." Sentinels guard every gate and entrance. Even delegates can gain admission only by a secret password.

ARABS ATTACK A MISSION. Tripoli, May 25.-A messenger from the Foureau-Lamy mission, which was supposed to have been massacred by Arabs, reports its arrival at Air, in the Sahara, where the mission forti-fied itself and repulsed an attack of the surrounding tribesmen, of whom ten were killed, without any loss on the French side. But the rear guard of the mission, numbering 50 men, is reported to have been attacked and to have suffered severe loss.

TUBERCULOSIS CONGRESS. Berlin, May 25.-The Tuberculosis Congress was opened in the Reichstag building yesterday with 2,000 members, of which 200 were delegates from Germany and foreign governments. The Empress of Germany, as patroness of the congress, was seated in the gallery. Her majesty wore a bright spring costume of yellow silk, and carried a large bouquet of red roses. The representatives of the United States, France, Great Britain, Austria-Hungary and Russia were among those who made brief remarks. They were all vigorously applauded with the exception of Surgeon J. C. Boyd, who represents the medical corps of the United States navy at the congress. He was heard in silence. At the conclusion of the speech-making there were hochs for the empress, who graciously acknowledged them by bowing.

"YOU ARE A CUR."

Paris, May 25 .- There was a lively scene in the Chamber of Deputies during the debate over the Algerian question. M. Ranouet, Radical, representing one of the divisions of the Seine, made a rabid attack upon the anti-Semites, whereupon a representa-tive of the Libre Parole, the anti-Semite organ, in the press gallery, shouted, "You are a cur!" The uproar which followed was terrific, and finally the

newspaper men were evicted. RUSSIA'S LATEST DEMAND ON CHINA.

During the performance of "Lohengrin" at Windsor Castle the Queen and the royal family occupied a dais behind which were arranged tiers of seats for the household. The proscenium was surrounded with the royal coat of arms and the hangings were in crimson and gold.

CABLE NOTES. Gen. Reina, former minister of war and military governor of Madrid, is

dead. M. Mathieu Dreyfus appeared today at the palace of justice to inquire whether the report of M. Ballot De Beaupre had been handed in; but the magistrates refused to grant him an

audience. In the race between motor cars and motor cycles from Bordeaux to Paris, a distance of 333 miles, M. Charron won in Duke, a petroleum autocar, covering the distance in 11 hours 43 minutes and 22 seconds, beating the previous record by 3 hours 35 minutes

and 11 seconds. At the Hotel Cecil banquet in London last night telegrams were exchanged with the banqueters at Port Tampa, Fla. A message signed by Col. Thomas Wright, proposed the erection of a statue to her Majesty, the monument to be erected in the United States. The Americans at the ban-quet replied, cordially indorsing the

proposed honor to the queen.

Catulle Mendes, the French author and dramatic critic who fought a duel with swords on the Ile de la Grande Gatte with M. Vanar, and who was seriously wounded, is in a grave condition. Sir Charles Ross, representing an

American syndicate, has offered to purchase the Shanghai municipal light plants, on condition that the purchaser is given the right to establish tramwavs. Advices from St. Bride's Bat, Wales, tells of the discovery there of the wreck of the French bark Marechal

Lannes, which sailed on March 28, from Swansea to San Francisco, on

# her maiden voyage. A body, supposed to be that of the steward, has been, recovered.

Fighting Goes on in Spite of

Fifty Killed in the Engagement on the 24th at San Fernando - President

Peace Parleys.

Gonzaga Makes a Good Hit. San Fernando yesterday 50 Filipinos were killed and many were wounded. The Americans had two men killed and

twelve wounded. Generals MacArthur and Funston, with the Kansas and Montana regiments and the Utah battery, dispersed 800 insurgents, who were entrenched on the railroad beyond San Fernando, near Santa Arita. The American scouts were fired upon from the trenches unexpectedly, and withdrew. The firing was heard at San Fernando and Gen. MacArthur sembled his troops and marched quickly after the scouts. The Montana regiment flanked the trenches on the left, and the Kansas regiment attacked the enemy's right, Gen. Funston leading the charge at double quick. The insurgent losses were large. Many pris-

ones were captured. Two companies of the Third Infantry, and two companies of the the Twenty-second Infantry, forming Gen. Lawton's read guard, returning from San Miguel to Baliag, yesterday, escorting a signal party which was picking up wire laid with Gen. Lawton's expedition, found that the insurgents had reoccupied the country, and hard fighting followed from daylight until the Americans camped at night. But the troops completed their work, though harassed by the enemy. One American was killed and fourteen were wounded. The troops captured

twenty prisoners and 30 rifles. It developed that five men, instead of one, were drowned by the sinking of a raft, loaded with soldiers of the Fourteenth Regiment at the Pasig

Twenty insurgents were killed and were wounded in the engagement with Major Bell, a reconnoitering party, consisting of two companies of the Fourth Cavairy, in the vicinity of

Santa Arita. Gen. Lawton, with most of his troops, has arrived at Malolos. His expedition marched 120 miles in 20 days, had 22 fights, captured 28 towns, destroyed 300,000 bushels of rice and only lost 6 men killed and 31 wounded On the other hard, Gen. Lawton estimates that his troops killed 400 insurgents and wounded double that

number. THE PEACE COMMISSION. Manila, May 25-5:30 p.m.-The Filipino commissioners left here by special

train today. They will be escorted to their lines under a flag of truce. It is expected they will return soon. President Gonzalaga, of the Philippine commission, previous to his departure, said, "We greatly appreciate the courtesy shown us. We have spent some time with your commission ers, incidentally considering the American constitution. Its principles impress us profoundly. The plan of government offered the Philippines seems, in theory, a good colonial system. But why should a nation with your constitution seek to make a colony of a distant people who have been so long fighting against Spain to secure the same rights your constitution gives? You fought the same battles in erica when you fought against Eng-

morning, noon and evening by a large forceo f the enemy, suffering in casualties two men killed and 13 wounded. The enemy were repulsed, leaving on the field 16 killed, a large number of wounded and many prisoners. Yesterday the enemy, who appeared in the vicinity of San Fernando, were atacked by the Kansas and Montana regiments, which suffered slight loss. The enemy were driven through the rice fields, leaving 50 dead, 38 wounded and 28 p risoners; 50 rifles and other property captured. Their retreat through swamp land saved them from destruction. First Sitting of the Newly-Arrived Commission.

Mataafa Sends the Members a Letter of Welcome-The Situation Peaceful at Present.

Apia, Samoa, May 17 .- The Samoan commission arrived here on May 13. Its first sitting took place May 16. The commissioners were engaged all that morning in conferring with the chief justice, Mr. William L. Chambers. Nothing was disclosed regarding the deliberations, but it is reported that they will uphold the action of Admiral Kautz, the American naval comman-

der.

Mataafa sent the commissioners a letter of welcome, and expressed the hope that they would satisfactorily end the troubles in Samoa. It is understood that Mataafa will obey the unani-Manila, May 25.-In the fighting at mous order of the commission, though it is doubtful whether he will order his followers to disarm, unless the Malietoans are first disarmed. The Mataafans will probably disperse to their homes if ordered to do so, but they will never recognize Malietoa as king, and, doubtless, there will be further trouble in the future, if the kingship is maintained. Only one or two cases are known of the wounding of natives by the shell fire of the warships, and, as they have not realized the strength of the Europeans, they may go to greater extremes if war arises again. The rebels remain outside the lines indicated by the admiral, and have strongly fortified a new position, while the loyalists are being drilled and have fortified Mulinuu. A considerable number of loyalists have been brought by

the warships from other islands. Half the male adults of Samoa are awaiting action upon the part of the commission in order to support Malie-

The Germans are preparing compensation claims. It is understood one German firm claim \$60,000, and that other German subjects claim \$20,000. The British consul, Mr. E. B. S. Maxse, invited them to put in their claims, and it is understood the com-mission will adjudicate them.

Replying to questions submitted to him by a correspondent of the Associ-ated Press, Mataafa said that the head chiefs, and not he, began the war, adding that they did so because they were angered at power being taken from them by violence, and also because they were made angry by the chief justice's "unjust decision." Mataafa claimed he had upheld the treaty, and said his orders throughout were not to fire upon the Europeans, and that but for this order the whole party of bluejackets could several times have been shot down by large bodies of natives concealed in the bushes.

Berlin, May 25.—A dispatch received here from Apia, Samoa, says the armistice was not disturbed on the arrival there of the Samoa commission, and that letters were being exchanged with the view of disbanding the rival

Six hundred United States soldiers, naval reserves and college cadets joined the Kingston military in honoring the Queen's birthday. The visitors had a brilliant time. They owned the city. The visitors came from Syracuse, Auburn, Elmira, Oswego, Rochester and Watertown, N. Y., and represented the Third New York Battalion, under command of Major A. M. Hall, of Oswego.

Escorted by Canadian officers and "A" Battery Band, and cheered as they went by, the United States troops were taken to the city hall and there Mayor Ryan presented the battalion with a silk Union Jack. Major Hall received it, reciprocated the feelings prompted the gift, and gave the flag a place of honor in the ranks. Twenty thousand people witnessed the review.

AT BROCKVILLE. The principal feature was a mili-tary tournament, in which the Fortieth Separate Company of Ogdensburg, N. took an active part.

AT MONTREAL. Over 4,000 men of all ranks were under

arms, and the governor-general made a minute inspection. Lord Minto, who was in full dress uniform, was accompanied by a brilliant staff.

SCHOOL CHILDREN. The children of Halifax sent the following cable to her majesty: "To our Queen, London, England.-The school children of Halifax, celebrating Em-pire Day in common with all Canadian schools, send loyal greetings to their beloved sovereign." The following re-ply was received: "Government, Windsor, May 23.—Queen thanks you and all Canadian school children."

ON THE OTHER SIDE. Gov. Roosevelt, of New York, sent a congratulatory telegram to Thomas T. Wright and the citizens of Port Tampa, Florida, on their action in celebrating the 80th birthday of Queen Victoria.

British flags were much in evidence in Buffalo. The visit of the Hamilton, Ont., army veterans, and the desire to honor Queen Victoria, brought out a display of bunting in the down-town district that was almost equal to that of the Fourth of July. The Union Jack was to be seen everywhere.

At Minneapolis the Presbyterian Assembly sent a congratulatory telegram to Queen Victoria on her 80th birthday. Rev. John Ingham, of New York, said: We are dwelling in a day which has marked a notable increase in friendship between this country and Great Britain, and I would remind you that this is the 80th anniversary of Queen Victoria's birth. I therefore move that the assembly send to her majesty a communication congratulating her on her successful reign." The motion carried unanimously, and the following message on her successful reign." ing message was sent: Majesty.—The general assembly of the Presbyterian Church in America tenders congratulations on the 80th anniversary of your birthday, and rejoices in the divine guidance which has blessed your long and prosperous

At New York 70 persons sat down to the fourth annual dinner of the British Schools and Universities Club, given at the Brevoort House, in honor of Queen Victoria's birthday. At Port Tampa, Fla., the 80th birthday of Queen Victoria was celebrated. Two hundred marines from the Intrepid and Pearl, the two British cruisers, were sent to take part in the celebration. They were escorted up the long dock by the Tampa division of the Florida naval reserves, the Englishmen playing the American airs, and the Americans responding with the British anthem. The most dramatic incident of the day was the unveiling of a large portrait of Queen Victoria. At noon in the capital at Albany, N. Y., Gov. Roosevelt touched an electric button, the covering fell from the face, and two maidens, one English and one American, standing at either side of the portrait, clasped each other's hands. The people cheered wildly, and off in the harbor was heard the heavy guns of the warships firing the Queen's salute.

IN THE OLD LAND.

Torrents of rain ushered in Queen Victoria's 80th birthday. At Windsor, where a general holiday was observed, the town was decorated with flags, and the church bells were rang at seven o'clock in the morning. The weather cleared at about eleven o'clock, and a serenade by the Windsor and Eton amateur choral society was given in the grand quadrangle of Windsor Castle. The sun then shone brilliantly. The serenade was listened to by the Queen and the members of the royal family, including the children of the Duke and Duchess of Saxe-Coburg and Gotha, the Duke and Duchess of Prince and Princess Connaught, Christian and Princess Henry of Bat-

Although the official birthday celebrations in London were postponed until June 3, all public buildings, many business houses and a great many private residences were decorated. In fact more flags were flying than at any time since the Queen's jubilee.

Birthday celebrations occurred throughout the nation, the ships in the different ports were "dressed" for the occasion and the warships were cov-

ered with bunting.

A telegram from Simla, the summer capital of British India, says that impressive Queen's Birthday services there were attended by the Viceroy of Kedleston. of India, Lord Curzon of Kedleston, and the Indian and military officials. ### **BLOCKED BY ICE**

The Northeast Coast of Newfoundland Closed to Navigation.

St. Johns, Nfld., May 25 .- The whole northeast coast of this island has been blocked with ice for the last six weeks, the result being that navigation along the coast has been practically impossible. The people in many sections are now destitute of pro-visions, owing to the inability to replace their supplies, and the commercial operations of nearly 80,000 people have been virtually suspended.

Fishery outfitting for Labrador and the off-shore fishing grounds will be quite out of the question until the ice blockade is raised. The mail steamer Virginia Lake, which attempted to proceed north, failed to force her way through the floes and was compelled to return to this port. Fishing vessels from St. John's bound for Labrador, have to skirt around the south coast of the island and to work out the Straits of Belle Isle.

London's victory was not by any means an easy one. The Redbirds put up a good fight. The batting was about equal and the field work on both sides was, with the exception of one costly error by Eddy, excellent. Jones took in five sky-scrapers and Conklin three, two of which were very difficult catches. The base running by the home team was daring and successful. Hamilton Takes Second Place Cooper and Hagerman each did clever twirling, and fielded their position well. About 1,500 people witnessed the game.

In the first inning Howell, Mohler and McFadden all hit safely, McFadden's hit being a bunt. An error by Nordyke allowed Howell to score. Babbitt hit to Hagerman, who caught Mohler at the plate, and Babbitt was doubled up at first.

In the third, with one man out, Mohler had a gift, and after a long run Eddy dropped a fly by McFadden, allowing Mohler to go to third and McFadden to second. Hagerman presented Carey with a pass. Royce made a most difficult eatch of a foul fly and Mohler came home from third on the catch. Jones hit to Ziegler, and Mc-Fadden scored. Cope went out to

Not until the sixth inning did the Londons make another safe hit, and that was by Cooper. In the seventh three runs were made. A base on balls to Mohler and a single

by McFadden was followed by a clever double steal which, by the way, was accomplished before the ball was pitched. Hagerman seemed non-plussed by the daring base running. Carey kept up his reputation for batting in runs by sending both runners over the plate, and was enabled to score himself by Jones' sacrifice and Cope's single to center. Chatham contributed two errors in the eighth, which did not prove costly.

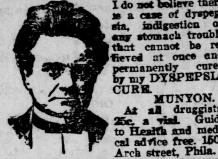

In only one inning—the third—did Chatham secure more than one hit. The run was a gift by the redoubtable Cooper himself. Singles by Stolen bases—Jones 2, Babbitt, Nordy. Snyder, Reed and Conklin filled the bases. Then Nordyke was hit by a pitched ball and Snyder forced in. Ziegler was next at bat, and found that Cooper's charity had reached its limit. He struck out, retiring the side. Conklin's single in this inning was made after a chance to retire him on a high foul, which McConnell muffed. In the balance of the game not a Red-bird reached the third bag, and only two of them got to second. Score:

only two bases on balls, both in the first inning, while he was warming up. Pickard; Kern and Sullivan. He was touched up for seven hits, only one of them being good for two bases. He got good control early in the game, and his delivery was speedy and sufficiently puzzling for the visitors. In addition to his work in the box, he secured two of the seven hits made by London. He was soon a warm favorite with the fans.

In the first inning, Snyder, the first man up, was given a free pass, and advanced to second on Reed's sacrifice; Crawford received a charity, and Conklin hit a grounder to Mohler, who threw wild to first, Snyder scoring easily, while the ball traveled towards the ticket office. The inning closed short-

ly with two men on bases. Nobody reached first in the next two innings. In the fourth Conklin made a two-bagger to left field. Nordyke followed with one in the same direction, which brought in Conklin, Nordyke reaching second on the throw in to the plate. Again the ball went zipping into steal second, but was caught on a close decision. Neither of the next two men up reached first. Chatham 412 more scoring.

In the fifth Snyder hit a grounder to second: Reed was hit by a pitched ball and stole second; Snyder having reached third on Crawford's out to right field. The inning closed with men on second and third bases.

In the eighth Crawford singled, but was caught in an attempt to steal sec-ond. A single by Royce in the ninth, with two men out was snuffed out by Babbitt's catch of Sanders' fly. In London's first inning nobody

reached first base. In the second Bab-bitt was given a charity, and Jones reached first on an error by Ziegler. Babbitt stole third and Jones stole second, but Cope and McConnell went out in succession to the infield, and no runs were scored.

In the third Crow singled to right field. Howell reached first on fielder's choice, and second on Mohler's sacrifice. Crow getting safely to third. Mc-Fadden reached first on fielder's choice, Crow in, scoring the fourth and last Snyder, and Howell going to third, where he was left when Carey flew out to right field.

All of London's runs were made in the fourth inning, in Thich ten men faced Wagner, Babbitt coming up twice. Wagner fell off pretty badly in this inning. He began by giving a pass to Babbitt, who reached second on a wild pitch, and scored on Jones' single to center. Jones stole second, went to third on Cope's out at first, and scored on Lohman's single to left. Crow sin-Armor-Plate Howell was hit by a pitched ball; Mohler bunted to the pitcher, and Lohman scored on Sanders' bad muff of the ball which was returned smartly to the plate. Mohler reached first, and the bases were full. McFadden went out on a pop fly to Wagner, and Carey was given a base on balls, which forced Crow in scoring the fourth and last run. Babbitt again came to bat, and struck out, leaving Howell on third, and Mohler on second base.

In the fifth inning Cope was called out on strikes without having offered once at the ball. Lohman made the lone hit of this inning, a single to cen-

There was a neat double play in the sixth inning. Mohler had received a pass, and McFadden flew out to Nordyke, who threw to first, and caught Mohler. Singles by Babbitt in the seventh and by Howell in the eighth comprised the rest of the batting. Only one Cockney reached second in the last four innings. The score: LONDON.

HAMILTON'S LUCK LASTED.

Hamilton, Ont., May 25.-The Hamiltons and Guelphs played before a large crowd yesterday. The visitors' fielding was brilliant at times, but at others was ragged, and many errors were made. Hamilton played good ball all the way through. Baker, who has just joined the Hamiltons, after re-fusing for a month to sign a contract, pitched splendid ball, while Damoth was hit hard and often. STRATFORD IN HARD LUCK. St. Thomas, May 25.—St. Thomas had little difficulty in defeating Stratford yesterday. Pears pitched, Stratford finding him safely four times; but he received good support. In the fifth inning Tiebald scooped a hot liner and threw the heater out at first but the threw the batter out at first, but the ball split his hand badly, and he had to retire from the game. Miller, who

did the twirling for the visitors, was touched up often and hard. The afternoon game was also characterized by some heavy hitting, the home team cinching the game in their first inning. Singles by Sheehan, Pears, Martin, Reid and a two-bagger by Lyons, with a couple of sacrifices, netted them five runs. Spranger replaced Habel in the box in the third, and he also was hit frequently. Kern twirled for St. Thomas, and did fairly well. The locals went to pieces in the sixth and eighth innings, allowing the visitors several runs that should have been cut off. One thousand two hundred saw each game; fully half of these were ladies, and the grand stand presented the appearance of a flower garden. Scores:

### "LIKE MAGIC."

The way in which Mr. Joseph Wray says Laxa-Liver Pills acted in curing his Indigestion.

Food lies heavy as a stone. Pain and distress after every meal. Belching of wind and sour mouthfuls

coming up.

Head feels heavy, and life has no brightness. These are some of the miseries of Indigestion and Dyspepsia.

Some of the troubles that Laxa-Liver Pills can rid you of more quickly and completely than any remedy known. MR. JOSEPH WRAY, Fulton Brook, Queens Co., N. B., says they acted like magic in his case.

This is his statement:
"I suffered a great deal from indigestion, and was unable to obtain relief, until one day a friend gave me a dose or two of Laxa-Liver Pills which acted like

magic.
"I at once procured a supply from my dealer, and am now enjoying a benefit that I could never get from any medicine before." Price 25c. at all druggists.

of the Bowels.

One to three of Radway's Pill, once in twenty-four hours, will secure regular evacuations from the bowels. Persons who, for 20 years, have not enjoyed a natural stool, and have been compelled to use injections, have been cured by a few doses of Radway's Pills. Persons advanced in life often suffer from indigestion, and from paralysis or inability to evacuate from the bowels; likewise from urinal difficulty. We have the evidence of a large number of aged persons, from 70 to 80 years of age, who have been cured of this defect (who were compelled to resort to injections to empty their bowels) by the use of Radway's Pills. Two or three pills every night, in all cases insure a natural evacuation from the bowels and a regular flow of urine. In cases all cases insure a natural evacuation from the bowels and a regular flow of urine. In cases where there is Irration of the Bladder, the Resolvent should be used alternately with the pills. If these organs are kept regular, life may be extended to a much longer period. By keeping the Liver, Stomach, Bowels and Kidneys in a healthy condition, the blood will continue pure and dissolution checked, This great desideratum is within the reach of all by the use of Radway's Pills and Resolvent. #### Sunday Newspapers in Britain. Signal Victory.

It is not often there is withessed so decided a victory of public opinion as in the withdrawal of the Sunday London (England) Daily Telegraph and the Sunday London (England) Daily

A few months ago the London Telegraph started a Sunday edition. The London Mail followed suit.

The better sentiment of the British public at once aroused itself in protest. Not alone "the Nonconformist conscience," so often spoken of, for in this protest joined, shoulder to shoulder with the leading Methodists, Presbyterians, Congregationalists and Baptists, the Archbishop of Canterbury and clergy of the Established Church. So powerful was the public opinion created, that both Sunday papers have been discontinued, and it will be many a day before a similar attempt is again made. The victory of those who, on warying grounds, desire to preserve the one day in seven, is signal and beneficent, and suggestive of what well-directed public opinion can effect.

#### A Wonderful Ice-Breaker.

Mr. Tarte has replied to a Port Arthur deputation that he cannot prolong the period of navigation, because there is no ice-breaker on the great lakes. Mr. Tarte is a wide-awake, enterprising man, and should not drop the matter here. Doubless he has heard of the phenomenal work of the Russian icebreaking steamer Yermak. This unique craft was built in England, on the plans of a Russian admiral, and was specially designed to keep navigation open in the northern Baltic. The Yermak was a success from the first, cutting through the thick ice of the Gulf of Finland as easily as a hot knife goes through butter. During ten days' cruising off Reval, she rescued 31 merchant ships from the ice, in which some of them had been imbedded for several weeks. The Yermak plowed easily through from 16 to 18 feet of ice. Once, near Seskari, she met large fields from 9 to 10 feet above the water line. Here the Yermak could not move on; but with the aid of her machinery she acquired a swinging motion, and the water running out of a special apparatus in the boat melted the ice under the vessel, which moved on, dispersing the ice mountains. The ice boat presses on the ice with her prow, the screw makes the ice go under her, and breaks it into rather small pieces. The boat was met at Cronstadt with great triumph and music. Hundreds of people went out to meet her, running alongside of her on the ice

The success of the Yermak suggests the happy thought that a similar craft might work similar results on our great lakes. If the harbors of Port Arthur and Duluth, on Lake Superior, and Parry Sound, Collingwood or Midland, on the Georgian Bay, could be kept open during the winter months, we should have lake navigation all the year round. This would throw an enormous traffic into Canadian channels. American steamers could not plow all the way to Buffalo, but would take their cargoes from Duluth to the Canadian ports for transhipment by rail. The shortest route would do all the winter business, and the shortest route is through this country.

Mr. Tarte is invited to keep this in

#### Britain and the Philippines.

If the recent declaration of Mr. John Barrett, United States Minister to Siam, is indorsed by his Government, Great Britain and her colonies will have no reason to complain of illiberal treatment in the markets of the Philippine Islands, the newly-acquired territories of the United States. Mr. Barrett spoke, the other day, before an influential gathering of British members of Parliament in the metropolis. He said Great Britain was more concerned than any other nation, after the United States, in the future prosperity of the Philippine Islands, as British trade with them during the last 25 years exceeded that of all other nations except Spain. The British firms there paid six times as much as the German firms in customs duties. The total foreign trade of the Philippines is about \$30,000,000 a year, and under the new conditions of trade Mr. Barrett said that he looked to its increasing to \$100,-000,000, with consequent benefits to the British colonies provided they are alert and seized their opportunity. Having regard to their position strategically and commercially, it was desirable that the Philippines should not be controlled by any nation whose policy was a menace to British imperialism. The policy of the United States with regard to customs tariffs would be a fair field and no favor, and the conditions of trade would not under any circumstances be more unfavorable than they had been under Spanish control. Manufacturers and exporters in the United States, Mr. Barrett asserted, were learning by experience that they ould successfully compete with British and German manufacturers in the far ast without the assistance of high protection. The great effect of the American occupation of the Philippines, in the opinion of this wide-awake United States politician, would be to develop greatly the advantages of both the British colonies and the United States in Southeastern Asia, and to establish there an immeasurable united influence for the promotion of trade with Asia's countless millions. Mr. Barrett asked the British people to be charitable in their judgment of the impudence is in the size of the speaker. A. L. Stott & Jury, Bowmanville, Ont.

United States' policy and plans, until they had time to work out their new responsibilities

of the Motherland in the maintenance of the "open door," and they need not fear. British prestige abroad has been won by the steady application of that principle to all her belongings.

#### Liberals Follow Sir John Macdonald.

When the first redistribution bill after Confederation was introduced in 1872. Sir John Macdonald laid down a guiding principle which was agreeable to both parties at that time. The words then used by Sir John so perfectly fit the character and intention of the redistribution bill now before the House of Commons that we quote them in full: "It is desired as much as possible to

municipality of Ontario should be re-presented, and, if it becomes large enough, that it should be divided into ridings. That principle is carried out in the suggestions I am about to make. That rule was broken in 1867 in three constituencies, namely, Bothwell, Cardwell and Monck, and I do not think, on the whole, that the experiment has proved a successful one. I do not think it was unsuccessful as far as the representatives of these new constituencies themselves were concerned, as they are well and ably represented by the gen-tlemen who now hold seats for the constituencies, and I hope that if I am returned again to the next Parliament I shall meet these honorable gentlemen. But it is obvious that there is a great advantage in having counties elect men whom they know. Our municipal system gives an admirable opportunity to constituencies to select men for their We all know the process which happily goes on in Western Canada. A young man in a county commences his public life by being elected by the neighbors who know him to the township council. If he shows himself possessed of administrative ability he is made reeve or deputy reeve of the county. He becomes a member of the county council, and as his experience increases and his character and abilities become known he is selected by his people as their representative to Parliament. It is, I think, a grand system that the people of Canada should have the opportunity of choosing for political promotion the men in whom they have most confidence and of whose abilities they are fully assured. All that great advantage is lost by cutting off a portion of two several counties and adding them together for electoral purposes only, These portions so cut off have no common interest; they do not meet together, and they have no common feeling except that once in five years they go to the polls in their own township to vote for a man who may be known in one section and not in another. This tends towards the introduction and development of the American system of caucuses, by which wire-pullers take adventurers for their political ability only, and not from any personal respect for them. So that, as much as posible, from any point of view, it is advisable that counties should refuse men whom they do not know, and when the representa-tion is increased it should be by sub-

A Boy Fell Into the River at Lindsay -Infant and Mother Have a Narrow Escape From Death.

Burlington, Ont., May 25.—The 19-months-old son of Robert Tuck, of the lake shore, was drowned Tuesday night. The little fellow was playing around the house and fell into the cistom. He was about too minutes in tern. He was about ten minutes in the water, and was beyond all aid when taken out.

DROWNED AT LINDSAY. Lindsay, Ont., May 25.—Percy Woods, a boy aged about six years,

while playing near the locks here yes-terday morning, fell into the river, and when the body was recovered a few minutes later life was extinct. BODY RECOVERED.

Brantford, Ont., May 25 .- The body of Thomas Lowes, who was drowned off the Grand Trunk bridge during the high water time, about a month ago, was found yesterday, about a mile and a half below the town, partly em-bedded in the sand, on Two Fish Island.

NARROW ESCAPE, Windsor, Ont., May 25.—Mrs. William J. Brotherston, 104 Aylmer avenue, was lying helpless in bed Tuesday afternoon with her child of a few hours beside her, when the house caught fire, and in a few minutes the flames had spread through the house. The only other person in the house at the time was a 15-year-old girl, and she lost her head, and rushed out screaming. Some men in the street heard Mrs. Brotherston's cries for help, and rescued her and the baby before the flames could reach them. Mrs. Brotherston is prostrated by the

shock, but is not otherwise injured.

#### AT ST. JOHN'S

Let our neighbors follow the example First Archidiaconal Conference Was Great Success-Profitable Addresses.

An archidiaconal conference of clergymen, church workers, Sunday school teachers and lay workers was held in St. John's Church, London township, Tuesday afternoon and evening, under the presidency of the Archdeacon of London. Among the clergy present were Archdeacon Davis, Canon Richardson, Revs. H. A. Thomas, of Lucan; J. H. Moorhouse, G. B. Sage, E. N. English and Canon Smith, of London; J. A. Ball, of Muncey; G. W. Racey, of Belmont; T. H. Brown, Delacey, J. Whompson, Ingersall, W. J. laware; J. Thompson, Ingersoll; W. J. Taylor, St. Marys; J. W. Ten Eyck, Exeter; H. W. Jeanes, Listowel; J. Ridley, Galt; E. W. Crawford, Com-Ridley, Galt; E. W. Crawford, Comber; A. P. Moore, Paisley; W. J. Connor, Adelaide; A. H. Rhodes, Hyde Park; R. S. W. Howard, Thorndale; A. W. Webbe, Calgary. Among the laymen were: Messrs. C. Jenkins, Petrolia; C. H. Armitage, London; Dr. Crawford, London; Mr. Garthorne, Byron; J. W. Ferguson, Birr, and a large number of others, including many ladies. keep the representation within the country, so that each county that is a The proceedings opened with morning

prayer and the Holy Communion, conducted by Archdeacon Davis, Canon Richardson, rector, and Canon Smith, rural dean. At the close of the service an adjournment was made to the church, where dinner was served by the ladies of the congregation.

In the afternoon Archdeacon Davis addressed the conference. He first referred to the fact of this being the first archidiaconal conference ever held in the diocese, and the suitableness of the place, and bade a cordial welcome to clergy and laity present. He then addressed his remarks principally to the clergy present, dwelling especially upon the necessity of holiness in the ministers of Christ. He pointed to the need of a consecrated and educated ministry. There must be careful preparation made for the pulpit, and no faithful minister would neglect the work of preparation.

Rev. J. H. Moorhouse gave an address on the subject of pastoral visiting, dividing his subject into, first, the need of pastoral visiting, and, second, the manner of performing this duty. Rev. J. Ridley, of Galt, then gave an address on the subject of "Christian Liberality," but first congratulating the archdeacon upon the success of this first archidiaconal meeting, and wishing the rector of the parish God-speed in his new field of labor. He had been asked to give some of his personal experiences, which he was glad to do. He entered the diocese nineteen years ago, resolved that he would have nothing more to do with raising money for church purposes by means of entertainments. He had been sent first to a very poor parish, and had followed God's rule in regard to raising money, and showed the success which had attended his efforts. Much more was raised than by former methods.

Mr. Charles Jenkins, of Petrolia, then ddressed the conference on the subject of church growth and expansion. At the close of the session a resolution, as moved by Rev. H. D. Steel, of Port Stanley, seconded by Rev. T. H. Brown, of Delaware, was carried, congratulating her majesty on the attainment of her 80th birthday, the confer-ence rising and singing the National Anthem.

In the evening full service was held in the church, conducted by the rector and Revs. W. J. Taylor and G. B.

Sage.
The hishop then gave an earnest and forcible address on the person and of-fices of the Holy Spirit. The address was of a very helpful character. The close of the service ended a very happy and eventful day in the history of St. John's. The choir, under the lead of the efficient organist, Miss R. Powell, led the praise part of the service very acceptably, and also received the thanks of those present.

#### A DARING **BANK ROBBERY**

Some \$3,000 in Bills Quietly Scooped While Supposed Rustics Talked to the Teller.

Montreal, May 25 .- A most daring obbery was committed in the savings bank department of the Merchants of Canada Tuesday morning. when the sum of \$3,500 in seven parcels of \$500 each was carried off by several mysterious strangers. About 11 o'clock three men with a rustic appearance entered the bank and commenced to ask the teller, Lyndon Smith, about the purchase of a draft, on the old country. They be the contract of the country of the on the old country. They bothered the teller with a lot of questions, and having satisfied their desire for information he turned to go on with his work. To his consternation, he saw that out of ten bundles of "fives" which he had left on his desk only three remained. Turning around quickly he found that the rustics had noiselessly disappeared. The alarm was at once given, but search proved unavailing.
Investigation showed that the side-

door of the savings bank, which was supposed to be locked, and of which the teller had the key in his pocket, was unlocked. It is surmised, therefore, that while the strangers had the teller engaged answering their apparently stupid questions, a confederate came in by the side door, stole along under cover of the curtains, and quietly took the seven bundles. The bank management made the following official statement of the robbery:

"There is a sum of about \$3,000 missing from the savings department. How it disappeared is not known. The teller of the savings department thinks sneak thieves must have taken it while his attention was taken off the while his attention was taken on the money by confederates. This, however, is a mere conjecture. The thorough search for the money which has been made has failed to bring forth anything new. The matter is now anything new. under investigation."

NAPANEE BANK ROBBERY. Boston, Mass., May 25.—John T. Roach, of Montreal, alleged by the police to be a professional pickpocket and all-round crook, has been arrested here on the charge of being implicated in the robbery of the Dominion Bank, Napanee, Ont., Aug. 28, 1897, when \$32,000 in cash and notes were taken. Roach is the fifth and last on the list of suspected Napanee robbers. W. H. Holden and G. E. Pare, two other members of the gang, who were caught in New England last year, escaped from the jail in Napanee about three weeks ago.

\$36,000,000 FOR EDUCATION. San Francisco, May 25 .- The Ameri-

can Baptist Educational Society opened its eleventh annual session fast night, Rev. T. G. Brownson, president of California College, presiding. Rev. H. L. Morehouse, the corresponding secretary, presented the report of the executive board. It showed that in ten years \$1,100,600 had been granted to about 40 institutions in 29 states and the Maritime Provinces of Canada. Kerr B. Tupper, of Philadelphia, stated in an address that the total endowment of Baptist Institutions of learning was over \$36,000,000.

With Non-Union Conductors and Motormen in Charge.

Company Expects to Have Complete Service Shortly-The Strikers Offer No Opposition.

The street car company began this morning to run their cars with nonunion men. The tie-up lasted two days and a half. It was at 9:30 that the first car left the barns. Nine others were sent out at short intervals in the course of the next hour, and thereafter every line in the city was regularly traversed. At first the cars attracted a little attention. For the most part, people stood on the sidewalks and watched them in silence as they went by. There was no demonstration. Occasionally the non-union

passenger got on.

Among the pedestrians were many wearing tickets to indicate their sympathy with the strikers. "Again We Walk," "No Surrender," "Crush Canadian Labor? Never!" were some of the inscriptions. Chairman Garnett, speaking of the attitude of the union men, said they were distinctly open posed to any interference with the running of the cars or molestation of passenger got on. running of the cars or molestation of the non-union employes of the com-

crew was jeered, and occasionally

Manager Carr said the regular service would be restored as fast as the new system could be reorganized. There was no lack of help, he said. The new men he had engaged were London-ers, and mostly married. It was such men the company were desirous of

employing entirely.

Director W. M. Spencer was asked
by the reporter if the complete service
would be restored at once. "As soon
as we can get the men organized," he

"Have you any difficulty in getting men?"

"Oh, no. We can secure plenty of men in London, or at least, in On-tario. We do not wish to import any men if we do not have to." In explanation of the company's fail-

ure to run any cars yesterday, Mr. Spencer said: "We were organizing, and, further, we gave the old employed until 6 civiles between the contract of the contr ployes until 6 o'clock last evening to re-"Yes," said Solicitor Ivey, who was in company with Mr. Spencer, "we do

not wish to take any advantage of the When Mr. Spencer spoke of the company having given the men until six o'clock last evening, he referred to the following letter, which had been sent to about 40 of the strikers:

"May 23, 1899. "Sir,-The employes who went out on strike not having responded to the manager's request of yesterday to resume their duties, the company are now inaugurating a new service, and it is their intention to give to day men sixty hours a week, which is the full limit of time permitted under the bylaw. The rate of wages will be 151/2 cents per hour, thus giving to day men \$9 20 per week.

"We are making up a new list that is being rapidly filled. Your services heretofore have been quite satis-factory to the company, and the manhe pleased to see you agement re-enter their employ. If you desire to do so, report in person to Mr. Potter before 6 p.m., tomorrow, May 24, 1899, when you will be re-en-gaged, provided the list is not already completed. No re-engagement will be considered later than that hour. Yours truly, C. E. A. CARR." truly,

None of the strikers reported. The offer was not as fair as it seemed. The night men would not be as well off as under the old agreement. All the un-ion men were asking was \$9 per week, but they wanted fair treatment for all. their members. At the time of the last agreement with the company the day men had voluntarily sacrificed 12 cents a day in order to give the night men one more hour's work each day.

LIFE SAVED-Mr. James Bryson Cameron writes: "I was confined to my bed with inflammation of the lungs and was given up by physicians A neighbor advised me to try Dr. Thomas' Eclectric Oil, stating that his wife had used it for a throat trouble with the best results. Acting on this advice I procured the medicine, and less than half a bottle cured me; I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any remedy to do me good.

### **OUR CAREY RELEASED**

Will Probably Play Against London Tomorrow-Guelph Wants Him

Carey was released by the London management this morning. He has an offer from Guelph, which he will likely accept, and play against London at Guelph tomorrow. This will make three old London players with Guelph -Sechrist, Grimshaw and Carey. To many Carey's release will be a matter of regret. He has played excellent ball for London, and many a game has been won by his terrific batting. Only on Monday he won the game with a threebase hit, and in yesterday morning's game he hit in two runs. He did not play his usual game until the past week, and many surmised that he would be one of the two men to be given their walking ticket. Carey is capable of putting up brilliant ball, and no team need regret having him as a member. He was always popular with the bleachers, and his admirers in other cities were numerous.

Franks will play right field. McConnell is too valuable to let go, his hitting being as steady as any member of the team. It therefore remains with the pitchers as to who will be the other player released before June 1.

True, the mask was not the property of the Leafs, theirs having been left behind at the hotel. There was, however, no justification for the offense, and to the spectators it appeared about as small an act as they could conceive. Peculiar Sentence Passed by an Ohio Magistrate Upon a Juvenile

Toledo, Ohio, May 25 .- Perhaps the most peculiar sentence ever passed up-on a person in the courts of Ohio was passed upon James Firsden in Bowling Green, by Mayor A. R. Campbell, who once made himself widely known by fining himself for a misdemeanor.
Young Firsden, although 13 years old, has just finished a 30 day's sentence

When arraigned before Mayor Campbell, he was sentenced to attend Sunday school and church for eight weeks every Sunday or go to jail for twenty days. Upon presenting a certificate from his Sunday school teacher at the close of the time he is further to be paid \$1 by Mayor Campbell for his

good conduct. On refusal to attend church the boy is to be locked up and the sentence carried out.

#### The Queen as a Tenant

Here is a story told of Queen Victoria by Sir Edward Russell in the Liverpool Post, which reveals her in a fresh and genuinely human light—a pleasingly humorous light, in fact. He prefaces the story by remarking that one of the Queen's little traits is a habit of emphasizing particular words, and the words quoted below are exactly those which were imita-

On one occasion her majesty was speaking to a gentleman of high station, when she said, "I don't like the —'s' (referring to a landed family). "Why, ma'am?" "Oh, because they are 'very bad' to their tenants; and many of their cottages are in a 'horrid state;' and if anything is done by any tenants at their own expense to improve their condition the first thing the —'s do is to raise the rent upon them."

It may well be supposed that the gentleman who was honored with this conversation felt inclined to smile. He said, "Well, I am only glad, ma'am, that you sympathize with the afflic-

Whereupon the Queen said, "Oh, I am a tenant 'myself.' I hold —" (naming a place of her Majesty's) from Mr. -, of -, and I have made 'many' improvements, and 'every time' I have made an improvement my rent has been raised."

Then the gentlemen laughed outright, and the Queen's own eyes began to twinkle as he said, "Well, ma'am, let me say this that you have now complained of unerlies and is the basis and secret of the whole Irish question and the whole crofter question. It is rather amusing to find your Majesty suffering from a grievance as a crof-

Then her Majesty laughed very much. "I can only say," he added, with something better than courtliness, "I can only say how good it is to find you sharing in the afflictions of the poorest of your subjects."

THERE is not a more dangerous class of disorders than those which affect the breathing organs. Nullify this danger with Dr. Thomas' Eclec-tric Oil—a pulmonic, of acknowledged efficacy. It cures soreness and lameness when applied externally, as well as swelled neck and crick in the back; and, as an inward specific, possesses most substantial results.

# TRAINLOAD OF ITALIANS

Brought In Over the Grand Trunk Railroad Today.

#### It Is Supposed They Are to Take the Striking Trackmen's Places.

The G. T. R. trackmen's strike is still unsettled. Some hope was entertained by the local strikers that word of a settlement would be received from Montreal today, but the hope was shattered about 1:30 p.m., when a special train load of laborers, chiefly Italians, arrived in the city from Toronto, accompanied by Superintendent Jones, Assistant Superintendent Egan, Roadmaster Ferguson, and other officials. The gang of laborers was in charge of Foreman Harris, of Toronto, a non-union man, and numbered about 40. They were a steel gang. Some of the men taken out of Toronto were left at Hamilton.

On board the train was a hand-car and a quantity of the tools used by section men. The strikers were confident that the new comers had been brought to take their places along the

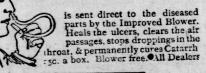

Superintendent Jones said everything was moving along smoothly over the division. Men were at work in many places. When asked if he thought there was any likelihood of an immediate settlement, he replied that he was not at liberty to say anything about the negotiations. He preferred not to make any statement whatever regarding the strike. So far as he knew neither the Brotherhood of Engineers nor the Brotherhood of Firemen had as yet taken any action in support of

#### Police Court Notes.

At the police court today George Castle was charged with having yesterday assaulted James Murphy, a non-union conductor. Castle was not ready to proceed this morning, and his case was adjourned until tomorrow. He was bail-

ed in \$400. Albert Burgess began to jeer the nonunion men on the cars on Richmond street this morning, and was arrested by Chief of Police Williams. Burgess gave his name as Johnston, but told the truth when taken to the station. Burgess was remanded for a week. Alexander Woods, of Bryanston, a drunk, was remanded to sober up, when he will be discharged.

DR. A. W. CHASE'S 250.

Dr. Norman R. Henderson, eye, ear,

and the Union.

The public are at a loss to understand why the London Street Railway Company should not co-operate with the union.

The chief owners of the London street railway are the owners of other street railways in the United States. One of these is in Detroit. Mr. Everett makes no trouble with unionism there. He recognizes the union; he deals with the employes as a union; he accepts the principle of arbitration in all disputes with the union. If Mr. Everett can work smoothly with the union in Detroit, why not in London? Are London men more fractious and cantankerous than those in other cities? Are London men incapable of giving fair service and living up to their contracts? Are London men not to be trusted? It is an aspersion on the community to say that citizens of London, as the street railway employes are, shall not and cannot be treated with the same consideration as citizens of Detroit. In Hamilton all the street railway employes, excepting three, are members of the union. This is not a branch of the Everett system; but if unionism is accepted in Hamilton, why not in London?

In Detroit the street railway company have a permanent arbitrator; the employes have another. To these two is referred any dispute between company and employes. Should they fail to agree they appoint a third disinterested person, and the matter is settled by the three arbitrators. This appears to be a fair and simple mode of adjusting differences. Why should it not be applied in London?

Something of the kind is necessary if friction is to be avoided in future. The last disagreement in London, in which the company were admittedly in the wrong, left a sediment of mutual distrust between the company and the union. The latter have since been on the anxious seat. They have felt that they were objects of suspicion and that means would be taken to displace union men for non-unionists. Arbitration on the plan which has successfully worked in Detroit would give the men a sense of security and protect the empts him from faithful work and strict discipline. The company should be free to punish any infraction of duty. The company claim that some of the men have been unreasonable. and the men deny the charge. How are the public to know? If there had been an arbitration committee the facts of each case would be fully elicited and the points of friction removed. If not, the whole truth could be laid before the public, and the public would support the party in the right. It is well for both sides to remember that pubpointed out before, are a semi-public corporation, operating under a charter, which every ratepayer in London regards as an outrage, and they should not lose sight of this fact.

not, may as well make up their mind to recognize the principle of unionism. Unionism exists in connection with nearly every branch of labor in this city, and employers accept it as a matter of course. The corporation of the city of London provide for union wages in all their contracts. Why should the London Street Railway Company claim exception? The company should accept the inevitable, deal with the union, offer fair terms, and provide machinery for the adjustment of future differences. If the company will do this the public will uphold them in enforcing their contract to the letter.

# MASS MEETING AT THE GRAND

International President W. D. Mahon Will Discuss the Strike.

Grand Labor Demonstration This Evening - All the City Organizations in Line.

There will be a rousing mass meeting in the Grand Opera House tonight to hear the street railway strike discussed. The public is cordially invited. Every labor organization in the city has been asked to attend in a body, and most of them have already promised to do so.

Mr. W. D. Mahon, international president of the Amalgamated Association of Street Railway Employes, will address the meeting. Mr. Mahon is an excellent speaker, and has a great fund of knowledge of street railway matters throughout the world. The dispute between the London employes and the company will be put clearly and fully before the people. Many facts not hitherto made public will be

brought out. Rev. Thomas Wilson, of King street Presbyterian Church, will preside. number of prominent local speakers will also address the meeting.

Beginning at 7:15 p.m. there will be a grand labor parade, in which all the labor unions are expected to take part. The parade will form at Labor Hall, Dufferin avenue and Maitland street and, headed by two city bands, will march to the Opera House. WANT NO DISTURBANCE.

Did anybody hear anything drop?

Somebody carried off the derailer at the Rectory street crossing today. Mayor Wilson was invited to presidle at the mass meeting in the Opera House tonight, but declined, saying that he thought it would not be right

for him to take sides with either the men or the company.

During noon hour, when the streets were more crowded than earlier in the day, public feeling regarding the street railway employes' strike began to make itself manifest. The car crews were hooted by small crowds, which assembled at several points on Dundas and Richmond streets, and shouts of "scab" were heard frequently. Throughout the afternoon the feeling

continued high.

Mayor Wilson was asked this morning if there had been a breach of the street railway bylaw on the part of the company, in not running the cars Tuesday, and yesterday. He replied that there had been none. By the terms of the bylaw the company had 30 days in which to give their regular service after having been notified by the council so The initiative had to be taken by the council.

AT WOODBINE PARK, TORONTO. The attendance at the O. J. C. spring races yesterday was the largest in its history. The big event of the day was the Toronto cup, with \$1,000 added, in which Seagram, Hendrie and Carruthers' horses started, Seagram, however, being represented by two, Satirist and Bon Ino. Hendrie's Gold Car was a hot favorite, but was beaten by Satirist in an extra good race. The surprise of the day, however, lay in the Ontario plate, in which Capt. For-rester's Dalliance, a cast-off of Sea-gram's started, at 15 to 1, and beat Seagram's Diamond and all the rest in a very hot finish. Three horses fell in the Woodbin. steeplechase, but nobody was hurt. Murray Hendrie fell, but remounted and went a short distance further. Summaries: First race, grand stand purse, % mile, 3-year-olds and up—King Carnival won, Sir Christopher 2, Flying Bess 3, Time, 1:16½. Dolly Weithoff,

Dr. Pierce's Golden Medical Discovery puts into a man's veins. It gives him digestive power; it turns his food into good nourishing blood; it enables the liver to keep that blood pure and free from bilious poisons. It fills him with muscular strength and vitality. It makes him in the truest sense young again, and keeps him so.

eatarrh, and got so bad and weak that I could not work.

"I could hardly eat anything without vomiting; had a pain in the stomach and a burning sensation coming into the throat. I took Dr. Pierce's Golden Medial Discovery and 'Pleasant Pellets,' and can truly say these medicines have helped me wonderfully. I commenced taking them in the fall and used them all winter. I took fifteen bottles of the 'Discovery' and six of the 'Pellets' according to directions, and must say that both are good honest medicines.

"I improved right along from the very beginning. I just stopped taking medicine in the latter part of May and then felt as well as ever in my life. I can eat all kinds of food and it dosen't cause me any pain in my stomach now as it always did before I took Dr. Pierce's medicines. I can cheerfully say to the public that they need not hesitate in taking Dr. Pierce's Golden Medical Discovery for dyspepsia; it will eradicate and cure the disease if anything will."

If you are in poor health write to Dr. R. V. Pierce, of Buffalo, N. Y. It will cost you nothing whatever for his advice although he is at the very head of his profession in the treatment of obstinate chronic diseases.

A very pretty wedding took place on Wednesday, May 23, at the resi-dence of the bride's brother-in-law, Mr. Wm. Hobbs, Con. 14, London town-Mir. Wm. Hobbs, Con. 14, London town-ship. The ceremony was performed by Rev. Robert Wilson, pastor of Trinity Church, Birr, the contracting parties being Sarah A., daughter of the late Wm. Gleeson, of West Nissouri township, and Mr. Wm. Young, of Devizes, one of Nissouri's most popular and best-known young yeomen. The bride was attired in fawn men. The bride was attired in fawn and cream satin. The many beautiful and useful presents attested the high esteem in which the happy pair were held in the community. Mr. and Mrs. Young left on the 2:30 train for St. and Detroit, where they will spend their honeymoon visiting friends.

MAPLETON.

Mapleton, May 24.—Empire Day was celebrated enthusiastically and patri-otically Tuesday afternoon by a large gathering. The school was beautifully decorated with evergreens and flowers. Devotional exercises were conducted by Rev. John Currie, of Belmont; Mr. L. M. Brown occupied the chair, in his usual happy manner. The soloists were Messrs. John Noble and Albert Campbell; instrumentalists, Misses Zelma Brown, Ida Penhale and Estella McTaggart; readings were given by Wm. Luton and Azel Finch; essayists, "Our Great Dominion," by Annie Mc-Larty; "Resources of Canada," Herbert Brown; "British Achievements of the Present Century," Estella McTaggart; "Break! Break! Break!" D. L. Ewan. Miss E. Fonger, of New Sarum, the celebrated elocutionist, evidenced much dramatic force in the rendition of popular selections. Inspiring patriotic addresses were delivered by Rev. John Currie, of Belmont, and Charlton, of this place. The organ accompaniments were artistically played by Miss Hattie Smith. The meeting was brought to a close by singing "God Save the Queen." Miss Kate McCallum having sold her

farm and bought a house and lot in Dutton, moved there on Tuesday. The place vacated by Miss McCallum is to be subjected to a process of transformation by Mr. Bray, the proprietor. The cheese made per day aggregates

PETROLIA.

Petrolia, May 24.-Mrs. David Mc-Kenzie left on Monday evening for Chicago to visit her parents. B. B. Van Tuyl is home from Pratts-

burg. N. Y. Miss Maude McCosh, of Chatham, is in town, the guest of Mrs. Alex. Mc-Donald. Mrs. Jack McRobie leaves on Thurs-

day for a month's visit with her parents at Toronto. Miss Bertha Archer, of Warwick, is

visiting her cousin, Mr. E. A. Archer W. Craig, of Phrist Church, preached on Sunday evening on Christian unity. Rev. W. Brookman, of Toronto, is in

town, the guest of J. H. Fairbank. Empire Day was celebrated in loyal style by the pupils of the public schools. They formed in marching order at the town hall at two o'clock, and headed by the high school cadets and the piccolo band, marched through the streets, returning to the hall, where a most interesting programme was given. The clergymen of the different churches gave addresses; also J. H. Fairbank and John Fraser, M.P. The children went through some very pretty drills and sang a number of patriotic songs. The first Empire Day will be long remembered in the minds of the little tots who took part in the exercises of the day.

The eastbound C. P. R. morning train struck three horses about five miles west of Chatham, owned by J. J. Johnson. The horses gained the track through a gate with defective fastenings. The staple was drawn and was lying on the ground, with the gate open. Seven or eight other horses were on the track.

A young son of Mr. James Mott, th con., of Caradoc, was frightfully injured Monday morning. His brothers were moving a heavy log, which had been placed on a skid, two teams being used. The boy was standing in front of the skid, when the horses started, the skid passing over him, inflicting serious inujries. His left shoulder is dislocated and his left leg smashed below the knee. He is about 15 years of age.

The corner stone of the new Methodist Church, Petrolia, was laid on Wednesday by the Rev. Dr. Potts, of To-ronto. Mr. Chester D. Massey, of Toronto, was to have laid this stone, but on account of ill-health he was unable to attend. He donates \$150 to the building fund. Most all of the local ministers were present, besides two from outside places, and gave short addresses; also J. H. Fairbank and R. D. Noble. The church when completed will cost \$18,000, and will be an ornament to the town. It is located on Main street. In the evening a supper and concert was held in Victoria Hall, the receipts to apply towards the build-

One of the Most Remarkable Cases on Record.

Mr. Wideman's Health Has Shown No Disposition to Break Down-All Further Anxiety Relieved - Dodd's Kidney Pills Insure His Life,

Duntroon, Ont., May 24.—Some time ago we published an account of Mr. A. N. Wideman, of Nottawanga township, and of his rescue from a painful death. It will be remembered that Mr. Wideman was crippled, both legs being paralyzed. His body was swol-len and sores had developed from continual lying in bed. One of these was poulticed 500 times before it heal-His condition was so distressing that he could not change his position. His legs were twisted out of shape, his toes pointing inwards. His weight decreased by 40 pounds. This state continued for five months.

The doctors treated him for inflammatory rheumatism but failed to improve his condition. Indeed, to the contrary, their medicine made his teeth break off. He was finally given up by the doctors and all his friends but to die. This friend was the friend in-

Mrs. John Boyer induced him to take Dodd's Kidney Pills. From the first he improved. He simply had to improve. Rheumatism is caused by impure blood. Impure blood is caused by defective kidneys failing to strain it. Dodd's Kidney Pills get at the root of the disease by making the kidneys healthy.
Well, this was some months ago.

Mr. Wideman is still in good health. A great deal of anxiety was felt by his friends as to whether the cure would be permanent. The disease has shown no inclination to return so far, and we may add the impression is that as long as Mr. Wideman keeps his kidneys working properly it will not recur. This case has caused wide-spread comment in and about Duntroon, and has made Dodd's Kidney Pills a household word.

Dodd's Kidney Pills are for sale by all druggists, at 50 cents a box, six boxes \$2 50, or sent, on receipt of price, by the Dodds Medicine Co., Limited, Toronto, Ont.

W. C. T. U. AND THE FRANCHISE. There was a large attendance of W. C. T. U. members at the regular semimonthly meeting in Somerset Hall. The president, Mrs. Wright, ocupied the chair. Special attention was given to the subject of the franchise, and the appointing of committees, who will canvass the city and secure the signa-tures of those who are willing that women should have the franchise. The educational half-hour was in charge of Mrs. Tennent, superintendent of systematic giving, who gave a very in-structive paper on "Our Tenth." An intersting discussion on the subject followed.

Richard Hobbs was elected representative of the district on the stationing committee. Representatives to the other conference committees were chosen as follows: Sunday school committee, Rev. T. W. Cousins, Westminster, and Mr. W. M. Baker, Littlewood; Epworth League committee, Rev. H. D. Moyer, Dela-ware, and Mr. C. J. Beale, city; sustentation fund committee, Rev. Dr. Saunders, city, and Mr. W. M. Baker, Little-

The circuit committee recommended that Melrose be included in the St. Johns instead of the Delaware circuit. It was decided to recommend the conference in future to secure recognition in the circuit schedules of all sums given by the Epworth League forward movement.

The temperance question was also discussed, and the following resolution, to be presented to Sir Wilfrid Laurier, was adopted: "While we deplore the fact that your government does not see its way at once to introduce such prohibitory legislation in regard to the liquor traffic as we think the results of the plebiscite demand, we humbly but most earnest ly pray that your government will take immediate steps to grant the largest possible measure of restrictive and prohibitive legislation, and thereby, as far as a legal enactment can do so, lessen the evils arising from this traffic. As those who are con-stantly in close touch with the morals of the people, we have no hesitation in declaring that this traffic in intoxicants is the most prolific source of crime, squalor and wretchedness in our land, and we believe that the highest statesmanship and broadest patriotism demand its utter extinc-

Seventh Eattalion Mixed Work and Play at Port Stanley-The Excursionists and the Stay-at-Homes.

Many residences in all parts of the city were gaily decorated with flags and bunting yesterday in honor of her majesty's 80th birthday. The air resounded with the continuous "bang" of the firecracker all day. In the evening Chinese lanterns and fireworks were brought into play. The sky was frequently illuminated with rockets of varied colors.

The streets swarmed with bicyclists during the greater part of the day. Victoria Park was a veritable beehive of wheels. Many parties visited Springbank and other woodlands on

their bikes. The London Field Battery, with have been let for the new St. James' Major Fairbanks in command, fired a Presbyterian Church at Oxford and royal salute (21 guns) at Victoria Park Wellington streets. The new church at noon, and subsequently paraded through the city. There was an unusually good turnout for a salute. Six guns were in line.

Over 2,500 of London's citizens spent

the day on the heights at Port Stanley. While the little groups of picnickers engaged themselves in various ways, the Seventh were at work on Mitchell's Flats, where Major Hayes had prepared the rifle ranges. It was a well-spent day, and thoroughly enjoyed. No. the Tracey cup, valued at \$100, they having the greatest aggregate, about 307 points. No. 3 company (Capt. Brown) came next. Major Hayes made the highest individual score, and Col.-Sergt. Jacobs came second. The latter is now entitled to wear crossed guns

for the remainder of the year.

The ranges were tested before the shooting by a squad of thirteen men from Wolseley Barracks, who fired seven volleys into the butts. At noon the whole battallon was served with dinner at the Fraser House, after which the shooting was continued up to nearly 6 o'clock. The extra series were postponed on account of the late hour. The boys left the Port at 6 p.m., and reached home at 7. The scores will be made known as soon as possible. Upon the return of the bat-

Eozema on Leg from Knee to Toe. No Rest Day or Night. Doctors, Salves, etc., Could Not Cure.

#### **CUTICURA REMEDIES CURED**

About three years ago my husband's legs, from the knee down to his toes, were red and itching with Eczema. He had no rest day or night, and would scratch all the time, so his legs would be raw. He had a good many doctors. They told him there was nothing wrong with his blood, and they gave him salve and other things to rub on. He had about a peck of bottles and boxes of salve and none of them did him any good. He worried that way about one year, and gave the doctors quite a lot of meney. I told him one day the trouble was all in his blood, and told him to try Cuticura remedies. He went that instant and got CUTICURA SOAP, CUTICURA (ointment), and CUTICURA RESOLVENT. That night he rested well, and kept getting better until he was cured, and it has not returned since. MRS. H. JENKINS,

ECZEMA ON BABY 8 MONTHS CURED BY CUTICURA

A friend of mine, Mrs. Staples, has a child two years old, whose almost entire face and head was covered with a mass of sores, which she had had for eight months. The doctors pronounced it Eczema, but did not relieve her any. She would scratch until the blood would run. I told her to get CUTICURA, and she did so, purchasing two boxes of CUTICURA (olintment) and one cake of CUTICURA SOAP, and the child is well now.

EXCURSION TRAFFIC. Yesterday's excursion business on the middle division of the Grand Trunk was much larger than on the holiday a year ago. Reports to the headquar ters here last night showed a total of 5,000 tickets sold during the day, an increase of 1,500. The unusual traffic was handled promptly, all trains making good time. There were two particularly good runs made out of London. One was to Windsor, 110 miles, in 2 hours and 28 minutes, with a train of seven cars, well loaded with excursionists. The train left the London station at 7:20 a.m. An hour later a similar trainload left for Sarnia, and the distance to the Tunnel City, 60 miles, was covered in 1 hour and 40 minutes. These are both remarkable runs, considering that the usual stops were made to pick up passengers along the line. The Woodmen's excursion over the Michigan Central Railway was patronized by about 200 people

#### BOY OF SIXTEEN TO BE HANGED!

Edward Elliott Sentenced to Death at

Whitby for Killing an Old Farmer. Whitby, May 25 .- Edward Elliott, & youth of sixteen, was on Tuesday found guilty of the murder of William Murray, a retired farmer of advanced age, at Beaverton, on Nov. 12 last, and was sentenced by Mr. Justice MacMa-

hon to be hanged on Aug. 17. The trial began in the morning, and occupied until 10 o'clock at night. About twenty-two witnesses were examined for the crown, while for the defense, the father, mother and brother of the accused gave evidence with a view to showing that young Elliott could not have committed the murder.

THE CRIME. The evidence showed Wm. Murray to have been in his usual health on the morning of No. 13, 1898, the day upon which the murder was committed. Three days following neighbors who were wont to see the old man about the village became alarmed, and an entrance to the house revealed a horrible state of affairs. Lying on the floor with his skull split in two places and a dozen gaping wounds about the head was the victim of the tragedy. Beside him lay an iron poker smeared with blood and gray hairs, and a stick of wood, which also showed evidence of having been used. Medical testimony proved the wounds to have caused death. John McHattie, a man 70 years of age, who used to do chores for Murray, was in the house with the prisoner on the day in question, but when he went away Elliott still remained. On the evening of the discovery of the murder young Elliott was taken into custody on a charge of being a material witness. At the lockup one of the officers, ex-Reeve Duncan McMillan, said, "What a shame to kill a poor old man," to which the prisoner replied, "Please, sir, he called my sister names. I hit him with the poker and afterwards with a stick."
