MAYOR E. S. LITTLE ISSUES STATEMENT ON HIS ATTITUDE REGARDING STREET RAILWAY

Believes People Should Have Opportunity to Vote On Every Plan of Possible Settlement.

Full explanation of his attitude on the street railway question was made by Mayor Little in a statement issued today. He takes up the whole situation in detail and gives a clear statement of the various alternatives open to the council and the citizens. He points out that he is only too willing to carry out the will of the people, but that he believes they should vote on all the possible plans of settlement, and that they should not be forced into a position where their only means of getting the cars operated will be to turn them over to the hydro-electric commission.

SENATOR HARDING OF OHIO HAS MAN LOOKED UPON TO BREAK DEADLOCK

Republican Chiefs Are Expected to Concentrate On Him.

MANY ARE OPPOSED Compromise Plan Is To Be Adopted As A Final Resort.

Chicago, June 12.—Senator Harding of Ohio emerged today from all-night conferences of Republican chiefs as the man looked upon to break the present deadlock on the presidential nomination. On him they plan to concentrate their efforts, and should the convention fail to break through the blockade established yesterday by four normal factions.

WHY NOT GIVE HIM A CHANCE?

MR. AND MRS. ROBT. WILKINSON CELEBRATE DIAMOND WEDDING

Sixteen Grandchildren Gather At Farm Near Watford To Do Honor To Aged Couple, Still Hale and Hearty.

Mr. and Mrs. Robert Wilkinson of Rural Route No. 2, Watford, will celebrate today the diamond anniversary of their wedding. They were married on June 12, 1860, in London, and had their wedding dinner at the old City Hotel, which stood in the Market Lane, Mrs. Wilkinson was Miss Eliza Lambert, daughter of a Lobo Township pioneer. Elder Eurs, Baptist minister, conducted the ceremony.

WOOD AND LOWDEN TO CONTINUE FIGHT FOR NOMINATION

Chicago, June 12.—Leaders participating in the all-night sessions of the convention, said this morning on coming out of them that it had not been possible to come to any agreement, and that the fight would continue in the morning at the point where it left off on the fourth ballot. The leaders of the Wood and Lowden camps must further try out their strength before efforts to concentrate on a dark horse candidate will be made. The difficulty has been the refusal of minor delegates to sacrifice their opportunities for the nomination of a candidate who is not a member of their own camp. The necessary majority to some candidates is still far from being reached.

NO DECISION ON CANDIDATE AFTER TEN-HOUR SESSION

COLESHIM, CHICAGO, June 11.—The Republican National Convention in a ten-hour continuous session today cast four ballots in an unsuccessful effort to nominate a candidate for the presidency. Wood, Lowden and Johnson led in the balloting, in that order, but without enough at any time to give any one of them a majority. On the fourth ballot, Wood and Johnson's 47, thus, their big vote was gradually drifting away, much of it going to Lowden. Other voters were expected to hear in a continuous session the nominating and seconding speeches for eleven candidates, and go through four consecutive ballots. After the second ballot the Lowden and Wood men feeling encouraged by the fact that their own delegates were to adjourn and held the convention in session for two more ballots. The first ballot was 77 votes, Lowden's was 77 and Johnson's 47. Thus, their big vote was gradually drifting away, much of it going to Lowden. Other voters were expected to hear in a continuous session the nominating and seconding speeches for eleven candidates, and go through four consecutive ballots.

GIRL, 17, WOULD REPUDIATE HER PARENTS TO WED

Detroit, June 12.—Helen Feleyn, a girl of 17, was so anxious to get married that she was willing to repudiate her parents, John and Mary Feleyn, who opposed her on the ground that she was not yet of legal age. Helen appeared before Judge Command on Friday with a petition to have her aunt, Mary Holick, appointed her guardian in place of her parents, on the ground that they did not treat her well. There are nine other children, eight girls and a boy, and four of them appeared in court to testify that they were all treated kindly, and that the other children were ready to testify to the same effect. Judge Command denied the petition.

TO ASK SHARE OF SUCCESSION DUTIES FOR THE WESTERN

County Councillors See No Reason Why Toronto University Should Secure All the Money—Want Hamilton Road Put on the Provincial County Road System.

At the afternoon session of the county council yesterday, on motion of Stanley Shaw, it was decided to delegate the committee which acted in connection with the recent county grant to Western University to work in conjunction with the London City Council and representatives of Western University to interview the provincial cabinet with a view to securing a share of succession duties for Western University. Copies of the resolution will be forwarded to the city council and to the Western University.

"Toronto University is securing practically all the succession duties, and it is up to us to get a share," said the councillor who introduced the motion.

On a motion by the same councillor, seconded by E. Marsh, the warden, Thomas Clark, and Councillors W. Biggs, F. C. Bigney, and J. Bigney, the Hamilton road, regarding the placing of road system and the reeves of Dereham and South Oxford will be asked to co-operate.

Will Make Report.

W. Oakes presented a motion, seconded by G. M. Fisher, asking that the county treasurer be delegated to ascertain the credit of the award made by certain judges on November 2, 1919, and that he report at the December session. Councillor Oakes explained that the town of Strathroy had appealed the award, and that it was revealed in the evidence introduced that other municipalities favored at the expense of this town. A compromise of \$500 was agreed upon, but he is in doubt as to whether this amount was ever credited to the town by the county. The motion was passed without objection.

Ask War Trophies.

The county clerk was instructed to communicate with S. F. Glass, M.P., of East Middlesex with a view to obtaining a share of the war trophies at Ottawa for the courthouse at London. This was decided on a motion by James Durbin, seconded by C. A. Magrath, and the meeting of the council passed a resolution of condolence to the Graham and families of the Middlesex former warden of the Middlesex council, who was recently considered a valuable member by his fellow councillors.

Report of the Road Director.

The report of the road director recommending expenditures for 1920, of \$16,397.50 for road work, was adopted. The purchases will include a truck, trailer, gravel loader and tractor. The finance report authorized that \$10,000 be raised by 53 notes for current expenses was also adopted.

On Motion of the County Engineer.

On motion of the county engineer, it was empowered to take legal proceedings for the recovery of the property of Chas. Campbell, Carleton Place, Ontario, who had placed a deposit of road gravel on the property of the county. The gravel was placed there last year by the Campbell, Carleton Place, Ontario, who had placed a deposit of road gravel on the property of the county. The gravel was placed there last year by the Campbell, Carleton Place, Ontario, who had placed a deposit of road gravel on the property of the county.

A Motion Sponsored by Councillors Ryckman and Cousins.

A motion sponsored by Councillors Ryckman and Cousins, which directed the warden, Thomas Clark, and County Clerk John Stuart to obtain the names of all nurseries and planters in the county who lost their lives overseas for the purpose of placing them upon the memorial art building, and this committee with power to accept of co-operation between the two counties. He urged the members to follow the innovation inaugurated by the Huron County Council in selling debentures in the county of issue only, thus keeping the interest of the taxpayers and avoiding unnecessary expenses in floating the sale of debentures. A hearty vote of thanks was tendered to the warden for his remarks, and the council then adjourned for the final session this morning at 10 o'clock.

THE UPLIFTING MOVIE.

Addressing a church conference on "Social Service," a local clergyman places a large part of the blame for the divorce evil on the "eternal triangle." He believes that this theme is so much fiction, and photoplay production of the day is a source of danger to those who attend the movies, especially the immature of either sex. Undoubtedly it is true that the triangle situation is the basis of many dramas and comedies of the screen. It is equally true, however, that without exception the evil in the situation, the peril to happiness and right living, is invariably emphasized, and that in a manner much more vivid and impressive than is the case when the subject is dealt with from the average pulpit. Nothing could drive home the lesson to be learned from matrimonial infidelity with more power than the portrayal of its harmful, sinful results by the artists—many of them supreme—who are prominent in the film world. The trouble about so much criticism of the movies is that in nine cases out of ten the critic seldom if ever attends this form of entertainment. His information he gets largely by hearsay. Unquestionably there are many photoplays that are crude, vulgar and salacious, but a very casual attendance at movie performances will convince one that others are distinctly uplifting and helpful, as well as amusing and entertaining. In a photoplay—"The Agebrusher"—presented in one of the local theatres last week, there was portrayed as gallant and chivalrous a soul beneath a rough, uncouth exterior as any we can recall from the pages of the best fiction. Tenderness in the helpless, splendid courage in the face of disappointment or physical danger and noble self-sacrifice, all these were depicted. It was inspiring, thought-compelling. No doubt the movie can stand a lot of uplifting, but it is only fair that we should recognize that they are doing some uplifting themselves.

A MISUNDERSTOOD PHILOSOPHER.

Nietzsche, the apostle of the Superman ideal, is a mere name of ominous sound to the average reader. To a certain type of popular demagogue and platform speaker he is the horrible example of a moribund reasoning and godless philosophy, which inspired and precipitated the campaign of Hunnish frightfulness launched by the Germans in the great war. Partly because Nietzschean students have been very few in number, and partly because those students have learned from their teacher to philosophically ignore the calamities of an unthinking world, the actual fact that Nietzsche had little or nothing to do with the great war, or German "Kultur," has never been emphatically presented. Ten years ago one lonely volume of Nietzsche lay on the shelf of the London Public Library, "Beyond Good and Evil." Not all of his books had been printed, either in German or English. The Scandinavians, who kept out of the great war entirely, undoubtedly had consumed more Nietzschean literature than any other race in Europe or the entire world. Augustus Strindberg, perhaps of all great writers, had come most under the influence of Nietzsche. Bernard Shaw and Vernon Lee in England showed traces of his influence, and D'Annunzio and other Italian futurists betrayed the fact that they had caught some inspiration from the sage of Weimar, who went insane in 1899 and died in 1900. In France, Eugene Brietx was scorched with the dangerous flame of Nietzscheanism, and wrote "Damaged Goods," the forerunner of many plays now depicting the dangers of neglecting health and moral standards of life. In England, Nietzsche's influence affected most the labor movement, and encouraged the growth of the National Guilds movement. Syndicalism in France and America owes something to Nietzsche. But in Germany Nietzsche was mainly regarded as a dreamer, a poet and a madman. The Germans were by nature too stolid and corporeal to understand his poetic figures of speech and his incisive, biting language. Besides, his chief foible was a rather over-affected contempt for the Germans, and a facetious desire to prove a Polish ancestry from the fact of his Slavic name.

What is Nietzscheanism? It is a curious blend of positivism drawn from Comte, aestheticism imbibed from Schopenhauer, classicism inspired by the Greek writers, and the affected aristocracy and superiority of a great mind rebellious against the unhappy confines of a weak and constantly suffering body. A lonely boyhood, surrounded only by maiden aunts and other women relatives, developed in Nietzsche a peculiarly incisive and psychological process of reasoning. He estimated things and philosophized not by their superficial appearances, but by probing them with a lancet and exhibiting in clear view the minute samples taken from their heart or core. Somehow, one cannot read Nietzsche without glimpsing a peculiar and fecund truth in every paragraph. One cannot read a page without stopping to think and becoming lost in new lines of thought never followed before, but which seem so absurdly simple and cynically true, once someone else has pointed them out.

Against Ibsen, the emancipator of woman, Nietzsche enunciated flaming reiterations that woman's place was the home. Against Tolstol, the Christian anarchist, Nietzsche hurled relentless criticisms. The socialists he cov-

ered with contempt. The ponderous phrasings of Marx recoiled before the light, rapid-fire artillery of Nietzsche's dot and dash style of writing. Art he exalted as a counter-agent to what he termed "nihilistic" influences. Nietzsche today is misunderstood, and perhaps he deserves to be misunderstood. He spoke in parable that the multitude might not laugh at his meaning. What Jesus meant when he said, "Cast not your pearls before swine," Nietzsche took eighteen volumes to say. "Don't whimper" is the keynote of the Nietzschean gospel. Be self-reliant; be hard with yourself. Expect not too much and you will not be too much disappointed. Make yourself able to command what you want.

"Courage for psychological nakedness" is another catchword on which a wholesome phase of his doctrine hinges. Have courage to face facts, to look the truth in the face, whether it be beautiful or terrible. Preconceived ideas of what we would like the truth to be, necessarily mitigate against getting the real truth, as Nietzsche pointed out.

CANADIAN DELEGATES TO THE A. F. OF L. CONVENTION AT MONTREAL HAVE THREATENED TO WITHDRAW IF THE GATHERING INSISTS ON INTERFERING WITH AFFAIRS IN IRELAND. FINE!

QUEBEC'S POSSIBILITIES.

The working classes of the Province of Quebec have not yet been contaminated by Socialism and Bolshevism. Knowing their power, rights and duties, the workmen prefer to work rather than to remain idle, prefer order to disorder, and harbor a prudent aversion of the church and state rather than allow themselves to be misled by visionaries and sectarians who have drifted here on the wind of modernism. According to the most reliable estimates, the water forces of Canada amount to upwards of nineteen million horsepower, of which the Province of Quebec possesses more than one-third; and hardly one-eighth of this force has yet been exploited. The River St. Lawrence, with its well-equipped harbors, offers to maritime commerce advantages which are not to be found elsewhere. The Americans appreciate our transportation facilities so well that at the present time they are directing an enormous quantity of ocean traffic to the port of Montreal. The work of loading and unloading the ships is done more rapidly, and at less cost here than can be accomplished at New York or Boston, Portland or Baltimore. It is incumbent upon us, then, to realize the value and importance of the unlimited possibilities of our good old Province of Quebec, formerly so much despised, and today so highly appreciated, thanks to the stability of its institutions and to the moral character of its inhabitants, and their spirit of progress. From the industrial and commercial standpoint, we are bound to occupy the first rank in the future if we wish to.

PRIZE ESSAYS FOR CHILDREN.

The idea of offering children prizes for essays upon subjects which affect them is an excellent one for many reasons. The first one is that it brings to the attention of the general public matters and lessons of the greatest importance. Thus we have had the pleasure recently of publishing excellent prize essays which were written by children in connection with the Human Society's work and fire protection. Now we would call attention to the prizes which are being offered by the Ontario Motor League again upon the subject of "How Children May Help to Avoid Motor Accidents." It may be remembered that in the deaths caused by autos last year by far the largest number were those of children, so there is every reason why this subject should have been chosen. It is to the credit of the Ontario Motor League in these accidents that not one of them could be blamed for the sad fatalities.

CHURCH'S INFLUENCE.

Rev. Dr. Gordon—Ralph Connor of literature—frankly tells the Presbyterian Assembly that the church is not winning the world, or even Canada, for Christianity, and urges the ministers to "wake up" to the seriousness of the situation. Ralph Connor is only one among many voices in various denominations which have expressed the same fears. What is the trouble? The success of the recent Forward Movement campaign showed that there is no lack of religious enthusiasm in the people, and from a casual survey of the country one would not suppose that there was any serious deterioration in the morality or spirituality of the nation. Yet these clergymen, who are in the best position to judge, are dissatisfied with the existing state of things. Some of them are so dissatisfied that they break away from the orthodox systems of worship and set up independent churches of their own—evangelical churches, which they believe more closely conform to the spirit and doctrine of the Divine Founder.

DEAR ENGLAND.

Is there constipation or exactly the reverse in the story that living is only the merest shade dearer in Canada than in England? Comparison between lists of things that average people use is said to show only a dollar's advantage to the English family. A loaf of bread is four cents cheaper over there. Sugar is said to be ten cents a pound easier to buy. Eggs and butter are dearer, and bacon also. Meat is said to be from thirty to forty cents a pound, but vegetables are less dear than with us. These statements, given out by a Canadian Government official, might have been elaborated. There is a great difference between the prices of English and those of Canadian and Danish bacon, because government control was removed from the English bacon and was continued on imported bacon. English-grown beef and mutton are superior to anything imported. Australian and Zealand mutton has largely gone down. Bread was comparatively cheap because there was a government subsidy. Sugar may be cheaper than in Canada, but its cost is rising.

PAINTING THE TOWN.

All Cuban cities offer a motley of tints, but Santiago outdoes them all in the chaotic jumble of pigments. In a single block we found house walls of lavender, sap green, robin's egg blue, maize yellow, sky grey, saffron, deep imperial pink, old rose, light pink, yellow ochre, maroon, tan, vermilion and purple. This jumble of colors with never two shades of the same degree, gives the city a kaleidoscopic brilliancy under the tropical sun that is equally entrancing and trying to the eye.

From Here and There

MIDDLE CLASSES.

They are courageous souls who have incorporated themselves as the "Growing Union of Middle Class People." If they had called their organization the Amalgamated Order of the New Poor, or the Associated White Collared Victims, or the Millions Mashed Between the Millstones, there might be a rush to join. But who is in the class? Very few classes. Smith may regard Jones as middle class, but each considers himself as good as anybody. A man may consider himself as one of the Common People when he is invited to a speech by Mayor Hyatt on five-cent fares, but what is the same citizen when he gets home, picks up a newspaper or a periodical and sees the advertising picture of persons who wear his brand of suspenders, ride in his make of motor car or use the kind of varnish which he himself put on the dining-room floor last week? Why, then, he's of the Better Sort, and he feels a flush of shame at having weakly joined in a movement to prevent the lowly corporation from charging seven or eight cents for a subway ride.

ST. DUNSTAN'S WAY.

How the blind soldier trained at St. Dunstan's becomes the captain of his soul is the pride and rightful boast of that institution. The men learn to regard their handicap (it never can be an affliction) with philosophical humor. "How do you manage to feed yourself? How do you find your mouth?" inquired an incautious visitor. Swift came in the retort: "You have only seen your mouth in a mirror. A sightless sergeant in charge of one of the dormitories heard the striking of a match, suggestive of smoking in prohibited hours. 'What's that?' he demanded sternly. 'It's all right, sergeant,' was the reply: 'I'm only looking for my collar stud.' St. Dunstan's should assemble its Book of Brave Mirth.

THEY INSTALL A TELEPHONE.

One of the oldest banks in Wall street has finally yielded to the march of progress—and installed a telephone. It will have only one phone at first, for it is difficult to get a second one in Wall street. They have never had a telephone because they believed that confidential business could not be conducted over a telephone, and their business is all of that nature. The atmosphere of the old bank, the oldest in the city, is that of a staid institution in some old town settled in colonial times. Absolute quiet prevails. The employees retain an old-fashioned good manner. Instead of a lovely, laughing creature who tells the world the line is busy in thrilling soprano, the bank will select for its first telephone operator a person with a beard and a bass voice, able to endure his lightest utterance with a certain profundity.

SUBMERGED TREASURE.

Very little is being done to save the ships torpedoed in the war which litter our coasts. There are known to be some 120 vessels lying in less than twelve fathoms of water, a depth at which salvage operations are comparatively easy. But the work is always speculative, and commercial companies will not undertake it unless they can hope for profits proportionate to the risk. The government lies on its hands. It is not until the wrecks are being left where they are, to decay and to destroy the nets of trawlers.

CAN'T RESIST IT.

Idle people spend a good deal of time calling up people who have telephones.

ECONOMIC TERRORISM.

The willingness expressed by those American interests which seek the exploitation of Canada's pulpwood forests to club Canadian authority into submission to their will emphasizes the necessity for firm and unquestionable Canadian control of Canadian resources. However much Canadian policy may be influenced by desire for friendly political relations with the United States, it may be said that Canada cannot safely overlook the potential menace of a commercial attitude which recognizes no responsibility as regards the conventional forms of international friendship. It is the credit of Canada that she has not undervalued her border line between Canada and the ruthless spirit which has lately expressed itself in a demand for Canada's pulpwood which is prepared, if this demand is not met, to create for itself a market beyond the ordinary limits of amenities. Nothing has ever been accomplished or declared to show Canadians why the Dominion needs safeguarding from the superior might of a strong economic neighbor to be compared with the weaker lesson taught by this attempted raid on our natural resources in broad daylight, with a blunt reference to the jungle code as the only good excuse forthcoming. No one of us should dare relax firm control of her own economic condition.

FALSEHOODS ABOUT ENGLAND.

Fair-minded Americans must give full consideration and due weight to the remarks of Sir Auecland Geddes, speaking as a guest of the Directors Society, and answering misrepresentations of the present attitude and policy of Great Britain toward the United States and the world. He compels most of us to believe that some falsehoods about England have been generally circulated in this country.

DIMINISHING OIL SUPPLY.

The United States is becoming seriously agitated over the question of its petroleum oil. The director of the United States bureau of mines estimates that the petroleum resources of the country, not including shales, are about 40 per cent exhausted. Putting the question toward the sources of supply must be sought for outside the country. Sir E. Mackay Edzar is responsible for the statement that in ten years time the United States will be buying 500,000,000 barrels of oil a year from British companies. The growth of the automobile industry has led to an enormous increase in the consumption of oil, and the increased use of oil for marine engines also swells the demand. It is, consequently, the most active industry displayed by all countries in the search for new supplies, and certain interests in the United States have practically accused Britain of cornering the world's market. The British ambassador at Washington, Lord Geddes, has been effectively disposed of these insinuations, by pointing out that at the present time 82 per cent of the world supply of oil was under the control of the United States, while the British Empire's total production was only 2 1/2 per cent of the world's supply, and the supply of Persian oil, which is controlled by British capital, is about 2 per cent.

"CAN" THE CLUB.

At a recent live stock conference held in Chicago some startling figures were presented showing the losses sustained through abusing animals destined for market. It was estimated that bruises on hogs caused by clubbing, prodding, whipping and other forms of maltreatment while loading, unloading or in the yards entailed a yearly loss of over 15,000,000 pounds of meat. Putting the loss in another way, it meant the needless waste of over 30,000 hogs, or 375 carloads, valued at \$3,500,000.

These figures relate to the United States, and cover the 53 largest marketing centres in that country, but relatively they apply with equal force to Canada. If the figures were included for cattle, sheep, calves, poultry and other live stock and fowl marketed, the yearly loss through improper handling would amount to a very large sum indeed. Every blow with a club means a bruise, and as the bruised portion must be cut out of the carcass, it lessens its value by just that amount. Further, 2 and 3 because of the cut portions. Live stock men urge that the club and pitchfork be abolished and in their place the slapjack or whip with a loud cracker be used. The latter instruments provoke action through the medium of startling noises rather than by heavy blows. For at least two reasons—that it is humane to dumb animals, and because it means a loss of money—let us throw away the club. Remember, every blow to the animal is a blow at the live stock industry.

Poetry and Jest

ON A LAKE.

[John Drinkwater.] Sweet in the rushes The reed-singers make music that hushes The life of the lake; The leaves are dumb, And the lilies are still, And no calls come From the rocks on the hill. Forgotten now Are nightingales, And his croaks The linnet falls; Midway the mere My mirrored boat Shall rest and hear A slender note. Though, heart, you measure But one proud rhyme, Yet in your boat Confounding time, Sweet in the rushes The reed-singers make A music that hushes The life of the lake.

Second Tenor—Mercy? She forgot the "b" on the end.

WHEN I AM A SPIRIT.

[Mildred Plew Merryman in New York Times.] When I am a spirit—leave me alone! Don't prick at the tough-skinned riddle! Would you turn from a feast to gnaw on a bone? Go, dine while the fiddlers fiddle! Why lure me back to play the fool— To bridge your brief hour's yearning With maudlin talk through a three-legged stool. With raps or table turning? I'll lend no aid to an old dame's trance, As she plucks at the air with her fingers. She'll bid no spirit of mine to prance— Let her chuck to the spook who lingers! Oh, leave me alone! Go, drink your wine, And look to the moment's living; Let you in your world, I in mine. Lose precious drops of living.

AND HE STILL TALKED ON.

The preacher's evening discourse was dry and long, and the congregation gradually melted away. The verger lip-tied up to the pulpit and slipped a note under one corner of the Bible. It read: "When you have finished will you please turn off the lights, lock the door and put the key under the mat?"

AN OLD WOMAN WITH FLOWERS.

[Agnes Lee.] I like to see an older-faced old woman Walking at sunset down the city street. Always she holds against her heart with fervor Her sprays of meadow-sweet. She passes daily, and I never see her Without the flowers she gathers to her so; I do not know how destiny softens, or hardens, the ways her feet must go. Nor what her eyes forever are beholding, Beyond the sordid walls and grimy towers, Nor what against her aged heart she presses Pressing the meadow flowers.

THAT SETTLED IT.

[London Reference.] While expounding to his wife the alleged fact that men are able to control their tempers better than women, Mr. Hinks fell over the cat and nearly broke his nose. "That settles it," he hissed. "I've often intended, but now I'll drown the brute." His wife begged him to be merciful, but his mind was made up. Accordingly he placed the offending feline, along with two large bricks, in an old flour sack, and fell into the muddy water. After struggling for half an hour and incidentally drinking half the water in the canal he returned home wet and weary. "At the door sat the cat." "Why, I drowned the brute." "I don't think so," said his wife, as she let him in; "you don't give me time to tell you that there was a hole in that bag."

IN THE SUP-UNCTIVE.

[Berton Braley, in New York Life.] If I were a hotel waiter, I'd never give a man a haircut. What bounty of faith were greater? We'd go to the best the water. If I were a speculator, And never again be poor, If I were a hotel waiter, If you were a manure!

If I were a taxi pirate, And you were a waitress fair, We'd never again be irate; When living declares a high rate, In the greatest and a high rate, With never a fret or care; If I were a taxi pirate, And you were a waitress fair.

If I were a master plumber, And you were a check-room pest, Our town house would be a hummer, We'd live at the shore in summer; While now—one must be a summer "To get in our little nest; All these are I a wealthy plumber, And you but a check-room pest!

If I were a garment cutter, And you were a lady's maid, At prices we'd never mutter, In satin and tulle and a flutter, And we could have milk and butter, And eggs that were newly laid; If I were a garment cutter, And you were a lady's maid!

But since I'm a versifier, I've gone and hocked my lyre, Our larder grows daily sparer, And we have no luxury higher (Than oleomargarine); For I am a versifier, And you're on a magazine!

THE BRAVE THINGS.

"She can open a telegram without trembling." "That's nothing, I notice nowadays a lot of women are taking upper berth in Pullmans and thinking nothing of it."

HOW TO GO AND FORGET.

[Edwin Markham.] I know how to hold, As the lovers of old— How to cling to you, sing to you, Let all the world know the song that I bring. But I do not know yet How to go and forget.

I know how to call, To the God over all— How to sigh for you, cry for you, Fight down the terrible dark till I die for you. But I do not know yet How to go and forget.

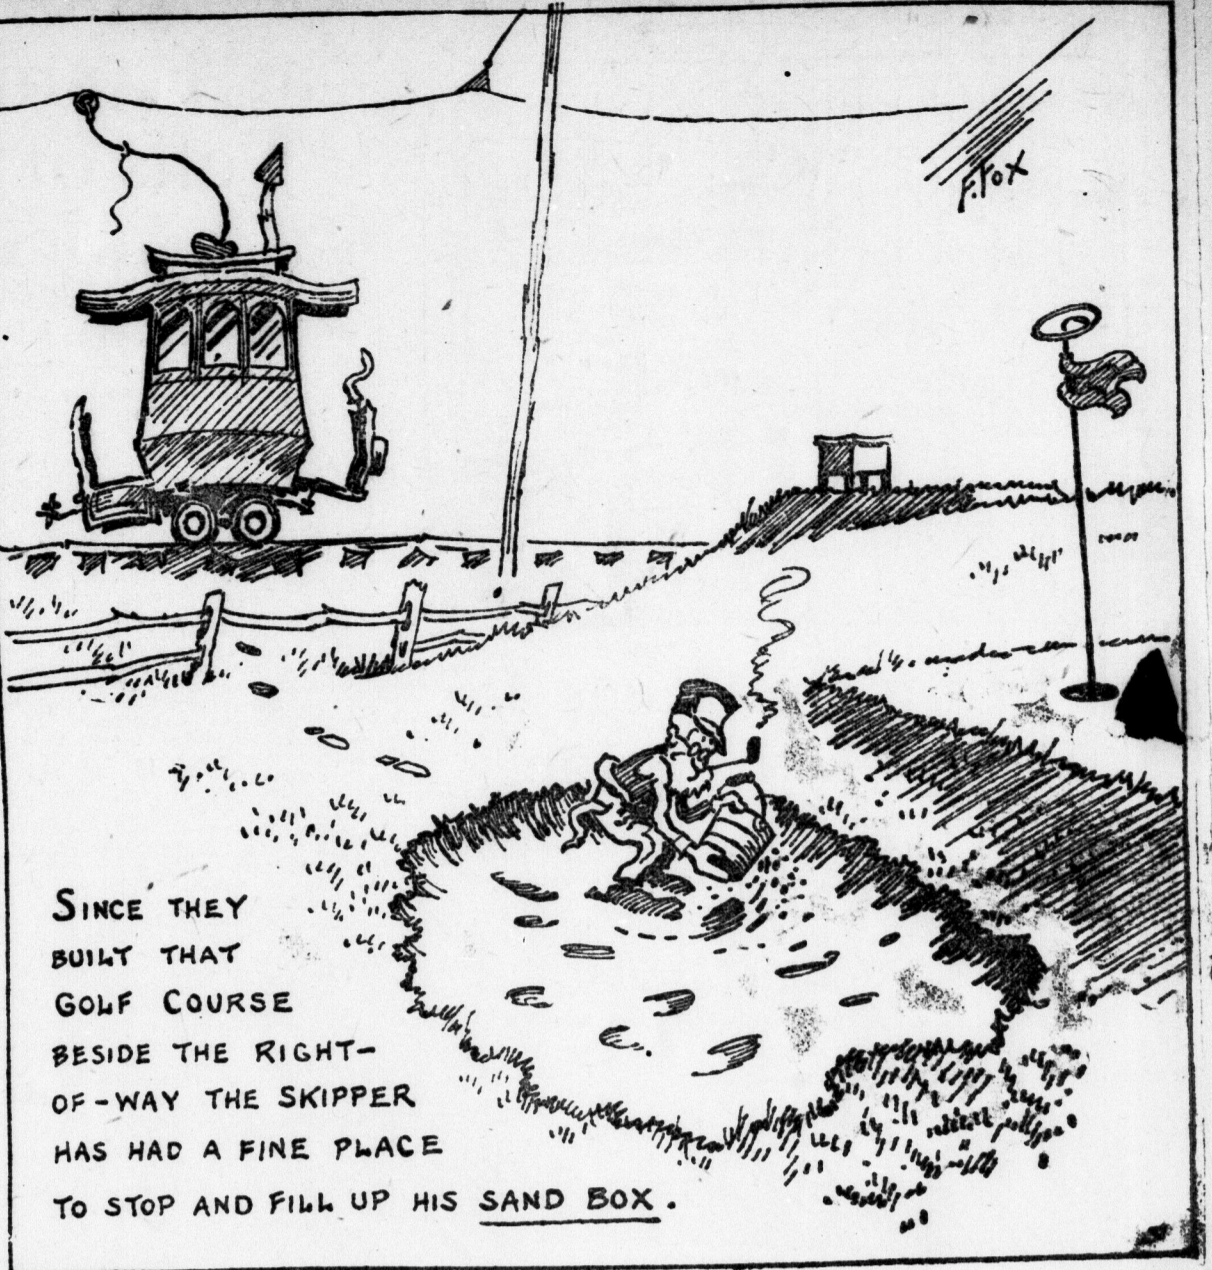

NATURALLY.

"There goes a fellow who chased around for years trying to land a political job." "Well, what does he do now?" "Nothing—he's got the job."

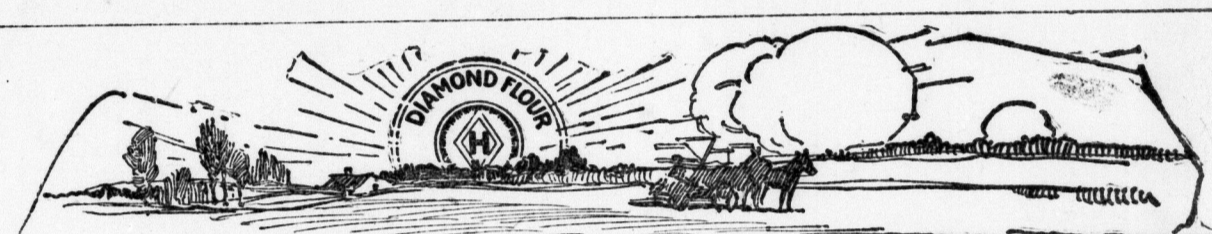

LOVE AND LAW.

True Love is founded in rocks of Remembrance, In stones of Forbearance and mortar of granite. The workman lays wearily granite on granite, And bleeds for his castle 'mid sunshine and rain. Love is not velvet, not all of it velvet, Not all of it banners, not gold-leaf. 'Tis stern as the ages and old as Religion, With patience its watchword and Law for its throne.

THE TOONERVILLE TROLLEY THAT MEETS ALL THE TRAINS

By FONTAINE FOX (Copyright.)

What is Gluten? Do you know? Food experts talk of food in terms of gluten, proteins, carbohydrates, fibre, heat, etc. These are important food properties. Reduced to simple English, they mean nutriment. Gluten is one of the important nutritives of flour. It is the organic compound that forms tissue. Therefore it is a very important body-builder. Manitoba No. 1 Hard and the best Ontario Soft Wheats contain very generous portions of gluten. When ground and baked into cakes, pies, etc., these two varieties of wheat provide a goodly share of gluten broken up into its most digestible form. Therefore for body-building value and for digestibility you cannot do better than have bread, cakes, pastry, etc., made from a perfect blending of these two qualities of grain. That is why DIAMOND FLOUR "Becomes a habit" among people who know the value of bread as a body-builder. Look for the labels on the bags and you get the best. Hunt Bros., Limited, London, Ontario. He brings back more than his traveling bag, prospects for the Hamilton series are going to look a lot brighter than they do at present.

HAMS STRONG ON RALLIES IN 9TH; WIN AGAIN 6-5

Three Runs in That Frame Tied Score and Wild Throw Did Rest.

BRANTFORD, June 11.—Hamilton put on another grandstand finish tonight and scored three runs in the ninth inning, enough to tie the score. The Red Sox in their half batted in a blinding rain, Umpire Carroll retaining full time until the end of the inning. After twenty minutes the game was resumed on a slippery field, and Corcoran's wild throw to first enabled Corcoran to score the winning run in the tenth. Walters weakened in the ninth with two out and no one on base, and the Tigers put on their finish. It was a publication of their finish. It was a publication of their finish.

ANOTHER 'OPE GONE.

The defeat of Johnny Basham the other evening by Ted (Kid) Lewis has upset a sneaking suspicion in the minds of British fans that Basham would ultimately take the writer title and graduate into the middleweight honors.

RUTHANIA.

Ruthania isn't the name of a new country, but according to Percy L. Mottish, is the new disease that has struck New York and hit it hard. The symptom and the disease manifests itself at once in the question "How many did Ruth get today?"

IN ITS WORST FORM.

"Make a new record? Easy, easy," spoke Babo. Ruth at the Fort Shelby. "Why, I'm so far ahead of last year's mark now that it will be soft grapping. And not only that—I'll punch out several other marks, too. Ya' watch and see. It looks like a picnic right now, and it's a long time before the season closes.

IF HE ONLY COULD.

If Ruth could get over his morbid self-consciousness and lack of confidence he would probably become one of the greatest players the game has ever seen.

OLYMPIC WRESTLING TESTS AT TORONTO PLEASE OFFICIALS

S. Stewart Wins From A. Garvock in 135-Pound Class.

TORONTO, June 11.—Contestants representative of all Canada, took part in the preliminary Olympic wrestling trials tonight at the West End Y. M. C. A. Olympic officials, including Walter Knox, who has been touring Canada in search of suitable material for the Antwerp games, were on hand, and expressed optimism at the results. The wrestling bouts were contested under Olympic rules, which bars such holds as the "double nelson," "the scissor," and the "hammerlock." Two rounds of ten minutes duration, straight falls, constituted a bout, unless decided by straight falls.

The results: In the 135-pound class, S. Stewart, Queen's University, earned the decision over A. Garvock, Ottawa Y. M. C. A., after 20 minutes of hard wrestling. Garvock performed in championship manner during the first five minutes of the first session, but Stewart recuperated and looked good master of the session in the final spasm, and in more than one occasion came dangerously near landing a fall. Garvock exercised real judgment in dangerous periods and averted humiliation. The decision was well received. In the 125-pound class, W. Jacobs, West End Y. M. C. A., Toronto, defeated M. Champagne, Montreal, on points. Jacobs wrestled in a very aggressive and easily earned the decision. In the 115-pound class, T. R. Swartman, West End Y. M. C. A., Toronto, defeated H. Adams, West End Y. M. C. A., Toronto.

TALK RECONSTRUCTION OF THE 25TH REGIMENT

Brig.-Gen. H. A. Panet, G.O.C., London, Visits Railway City.

ST. THOMAS, June 11.—Brigadier-General Panet and Major Corrigan, G. O. C. of the 25th Regiment, arrived here tonight for a short stay. They arrived on the evening and discussed the reorganization of the old 25th Regiment with a number of local officers, commissioned and non-commissioned, and the former members of the unit, to be made of the former members and the veterans settled in St. Thomas.

The expression was unanimous that with the resurrection of the regiment, the command should be given Captain Gerrard, and that the heads of the companies should be officers who saw service overseas.

The London officers will again meet the local military representatives. The project will probably be assisted by the financing of the re-establishing, as was done in pre-war years.

KENTUCKY DERBY WINNER IS ONE OF FAVORITES IN THE LATONIA RACE

Cincinnati, O., June 12.—Interest in racing circles here centred on the running of the Latonia Derby, the 3-year-olds are carded to compete at the track. Ky. colts, in the opinion of Paul Jones, winner of the Kentucky Derby and the Suburban Handicap, and 12 other colts are among the horses named to go in the rich event, with 15,000 added. The distance is one and one-half miles.

MISS JOYCE WETHERED WINS BRITISH GOLF

Sheringham, England, June 11.—Miss Geil Leitch lost the British women's golf championship today to an 18-year-old girl, Miss Joyce Wethered of the Worplesdon club. Miss Wethered won by 2 up and 1 to play. Had Miss Leitch won the contest she would have won her third consecutive victory for the championship.

MANY HIGH CLASS ENTRIES FOR LATONIA DERBY

Cincinnati, Ohio, June 11.—Eleven high-class thoroughbreds are entered to start in the rich Latonia Derby which is to be run at the Latonia track tomorrow. Two of the entries, however, Paul Jones, winner of the Kentucky Derby, and Stealing Away, are among the horses to face the starter in the classic. Paul Jones was said to have been a bit lame this morning, and it may cause his withdrawal. The race is at a mile and a half, with 15,000 added money. Expect one of the eastern candidates probably will be made the favorite in the betting.

ENGLISH CRICKET RESULTS.

London, June 11.—By Canadian Associated Press.—County Cricket: Sussex, scoring 395 (Higgs 101, Stannard 114, Roberts 124) defeated Worcestershire by an innings and 221 runs. Gloucester defeated Warwickshire by 78 runs. Lancashire beat Northamptonshire by an innings and 35 runs. Surrey beat Leicester by an innings and 105 runs. Kent and Essex drew. Toone, a new Essex bowler, performed the hat-trick.

TOLLEY'S VICTORY PLEAS.

London, June 12.—Cyril Tolley's victory over Robert Gardner of Chicago, for the British amateur golf championship yesterday, is received with natural gratification by London newspapers, but there is no extravagant note of triumph in their comments.

Pride in the young Oxonian, which is none the less because he won the military cross as an officer in the corps during the war, does not prevent admiration of Gardner, who, the Times says, "possesses the temperament of such champions as made."

Middle Aged Women

Women should take warning from such symptoms as heat flashes, shortness of breath, excessive nervousness, irritability, and the blues—which indicate the approach of the inevitable "Change" that comes to all women nearing middle age. We have published volumes of proof that Lydia E. Pinkham's Vegetable Compound is the greatest aid women can have during this trying period.

Read About These Two Women:

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run-down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODDARD, 622 Napoleon St., Fremont, Ohio.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."—Mrs. FRANK EZZSON, 1316 South Orange Street, Urbana, Ill.

Spanking Doesn't Cure!

Don't think children can be cured of bed-wetting by spanking them. The trouble is constitutional, the child cannot help it. I will send you a FREE copy of my new book, "The Trouble with Children," if you children trouble you in this way, send no money, but write me to-day. My treatment is highly recommended to adults troubled with urinal difficulties by day or night. Write for free trial treatment.

Nearly Insane From Leg Ulcers

She tells of a suffering and brief story of her cure.

"I had these two ulcers from Sarah D. Lawrence's treatment. I can't say at night from leg ulcers. I am in pain most of the time. I have doctor'd but no use. A lady from Windsor told me of a D. D. D. cure and I tried it. If it relieves doesn't it? I tried her of a bad case of eczema. That her sores are all healed. Can you help me?"

Now a few words from a later letter. "I have used D. D. D. as directed, and my leg is completely well."

Why not be convinced and try this remedy today for any form of skin disease? An application and the itch is gone. You may ask, "What if it relieves doesn't it?" From the first bottle, \$1.00 a bottle. Try D. D. D. Soap, too.

WHAT'S DOING AT THE LOCAL PLAYHOUSES

AT THE GRAND 'RED RIDING HOOD' AT THE GRAND TODAY.

F. Stuart Whyte's greatest pantomime success, "Little Red Riding Hood" will be the offering at the Grand twice today.

This brilliant girl and music show has made a wonderful impression both in Canada and the United States, adding materially to the reputation of the producer and in keeping with his policy of giving something a bit bigger and better every year.

MR. PERCY HUTCHISON AND ENGLISH COMPANY RETURNING TO THE GRAND NEXT WEEK.

When Mr. Percy Hutchison closed his engagement here in "The Luck of the Navy" last winter, he had intended to return to London immediately after completing the balance of his Canadian route.

Mr. Hutchison is enthused over Canada, Canadians and the theatrical possibilities of the Dominion and through his engagement at the Grand for the week starting Monday next will be his farewell visit here for some time.

During the week, Mr. Hutchison is to present three of his greatest successes, Monday and Tuesday evenings and Wednesday afternoon.

"General Post" treats with the social fortunes of a British titled house and the servants and the family attached to it.

The British version of "Brewster's Millions" will be given on Wednesday and Thursday evenings, exactly as produced by Mr. Hutchison at Wyndham's.

The engagement will close with "The Luck of the Navy," which will be presented on Friday and Saturday evenings and on Saturday matinee.

"Everywoman" is the keynote of "Everywoman," which comes to the Grand this week of June 21.

The settings were designed with an eye to the fanciful, the gorgeous, the striking. While there are moments required by the exigencies of the plot, the contrast, in the main the picture is a kaleidoscope of wondrous charm and color.

The great banquet scene wherein wealth entertains Everywoman and her companions as well as his own attendants at a table in the form of a pillar mark.

NEXT WEEK'S STARS AT LOCAL PLAYHOUSES

PRISCILLA DEAN. At the Patricia. Constance Talmadge At the Allen. PERCY HUTCHISON At the Grand. BILLY BURKE At Loew's.

London's playhouses present splendid bills for the coming week. The Grand brings to London the celebrated Percy Hutchison and London Queen's Theatre Company in three great plays.

Loew's announces the ever-popular Charles Ray in "Alarm Clock Andy" for the first of the week; with charming Billie Burke in "Wanted, a Husband" for the latter part of the week.

Allen announces four big stars, Will Rogers in "The Strange Boarder" and Norma Talmadge in "The Moth" for the fore part of the week.

Constance Talmadge and Louis Benson in "The Road Called Straight" for the last half of the week.

Priscilla Dean in "The Virgin of Stamboul" for the first three days of the week, with "Dr. Jekyll and Mr. Hyde" as the feature attraction for the balance of the week.

Charles Ray in "Alarm Clock Andy" to headline fine program at Loew's for first half of next week.

Billie Burke is supposed to be the "ugly duckling" who turns out to be the prize of the flock in her new play, "Wanted, a Husband."

Billie Burke's screen name this time is Darcy, and because of her adeptness in the most pretentious of her two girl room-mates, who have lately taken unto themselves male admirers.

Charles Ray is the bashful country boy salesman of auto trucks in "Alarm Clock Andy," another of his unlimited screen comedies, which will be seen at Loew's Monday next.

Priscilla Dean in "The Virgin of Stamboul" next Monday, Tuesday and Wednesday.

At last the long-talked-of announcement is made. The Majestic is to open under its new name, New York musical comedy company.

Tom Terriss, who has been directing the Vitagraph special production, "Fumpet Island," by Governor Morris, has left Los Angeles for New York.

Jimmy Aubrey, the Vitagraph comedian, appears as a sheriff in his new comedy, which is called "He Laughs Last."

Bessie Love has revealed a few facts about her "fan" mail. She found that the sum expended upon "fan" photographs would have purchased and furnished a bungalow for a homeless or impoverished family.

Ann Forrest, who plays the part of Hetty Morfee in the Goldenwyn picture "The Great Accident," starring Tom

HELENE'S MARRIED LIFE

Copyright, 1920, by the McClure Newspaper Syndicate
XCVI.—An Unwelcome Task.

There was silence in the library after I had spoken. Alice's face was a study. Evidently this solution of the mystery had not hitherto occurred to her. "You admit that you did go down to the library, after we all had gone to bed?" I was determined to sift the matter to the bottom, and now was a favorable time. Alice nodded dejectedly. "It wasn't because of any flirtation, Helene," she maintained, "it was all through Tony insisting that he had some special things to say to me—and he couldn't get a decent opportunity when all the rest of you were round." I smiled a crooked little smile again. "And so you jeopardized your own good name, for the sake of an idle chat with Tony, did you?" Alice looked ashamed of herself. "Yes, it was foolish of me. But he was so persistent. And I was worried to death over my card losses—"

EVERY GIRL WHO EARNS HER LIVING, READ THIS!

Very complex in her physical relations to life, disease early seizes upon the woman who works, and she must therefore guard jealously anything that would tend to destroy her vitality or health. Probably nothing is of more service than Dr. Hamilton's Pills, and every girl and woman can employ this grand remedy with gratifying results. As a system tonic and blood renovator, no treatment gives such results. For maintaining good digestion and healthy appetite, it is impossible to equal Dr. Hamilton's Pills. Dusky, sallow complexion is changed to a healthy, ruddy glow, which proves that Dr. Hamilton's Pills circulate blood that is rich and nourishing. Weak organs are filled with new life and vitality; weakness, irregularities and the common ills are prevented. When you feel poorly, when the head aches, back feels lame, and drowsy, tired feeling creeps through you—that tells of the need of Dr. Hamilton's Pills; try them. Sold in yellow boxes, 25c.

SAYS HIS FIGURES REFERRED TO ENGLISH AND SCOTCH SOLDIERS

Rev. W. J. Knox Writes Reports Sent Out From Ottawa.

To the Editor of The Advertiser: Dear Sir,—On my return from the meeting of the General Assembly in Ottawa, my attention was called to a dispatch from that city which appeared in the columns of your paper on Wednesday of this week. One sentence reads as follows: "His (Mr. Knox) pointed out that it had been stated that of the Canadians in the trenches there were 70 per cent that were not affiliated with any church." I stated definitely that these figures had reference to the soldiers of England and Scotland, and I stated just as definitely that I did not know the figures regarding the Canadians, because there had been no similar investigation among the Canadian troops. The information I gave will be found on page 159 of "The Army and Religion," a book which gives the opinion of no one man, but is a conclusion arrived at by a strong committee of 28 prominent men in England and Scotland, a conclusion based upon detailed reports sent in by about 300 men of all ranks at the front, who lived in daily contact with the men in the trenches. Let us quote from the book the conclusion arrived at based upon the replies sent in by the men at the front conducting the investigation to the effect: "The men at the front who conducted the investigation were brothers-in-arms and were eagerly desirous to state the truth. They would do not deal with the religious life of the men. As a rule, they showed evidences of a deeply religious spirit in their cheerfulness, their courage, their sense of duty, their eagerness to serve and their readiness to give their lives for their brethren. The fact that 70 per cent were not in the front of the churches, because of the lack of candor in their reporting, their lack of true brotherhood, their lack of sympathy with those suffering injustice and their indifference to the religious education of the young." (Signed) W. J. KNOX.

NO DIRECTORS' LUNCHEONS.
Guelph, June 11.—W. E. Rettle, the new secretary of the Ontario Provincial Winter Fair, was a visitor in the city today, and met the special committee composed of representatives of the city council, Pat Stooks Club and Trades and Labor Council.

Mr. Rettle stated the 1920 winter fair would be carried on under the terms of the old agreement, and told the committee that the minister of agriculture would consider in a few weeks the question of an agreement for a term of years. The winter fair board will not hold any directors' luncheons this year, but the city of Guelph will probably give one banquet for the exhibitors.

SAFETY PIN BREAKS, SKIRT FALLS, STOPS YOUNG GIRL'S ESCAPE

Detroit Police Make Wild Drive to Catch Suspects.

Detroit, June 11.—Breaking of a safety pin that held her skirt up seriously interfered with Thelma Clary when she and Joseph Perrella jumped from a moving automobile at Woodward and Alexander avenues to escape arrest early Monday morning. The young woman's skirt fell down to her ankles, preventing her from running. Perrella, evidently too gallant to make his escape and leave her behind, Donald Walters and Donald I. Logan, and Ruth Wilkinson were in the same car. They, too, were arrested.

Detectives Fraley, Dresden, Gloshefsky, Trombley, Meyers, Fineberg and Waldfoegel chased the automobile with the two couples in through streets and alleys for several miles, driving their automobile at 72 miles an hour before they caught up with the car at Woodward and Alexander avenues. Perrella and Miss Clary jumped out of their machine just before the car reached the corner.

Walters gave his age as 22 years, and his address as Windsor. Perrella said he was 24 years old, and lived at 233 Jefferson avenue. They are charged with robbery, armed. The police say Walters is wanted in Chicago on a charge of murder. The Clary and Wilkinson girls said they were 19 years old and live at 530 East Congress street. They are held as police witnesses.

SINN FEIN WINS BIGGER VICTORY THAN EXPECTED

County Elections Swamped by Labor-Sinn Fein Alliance.

DUBLIN, June 11.—The completed returns in the county council elections show a Sinn Fein victory greater than was expected. This was owing to a compact between the Sinn Fein and Labor not to oppose each other in Leitrim, Monaghan and Connaught, while in Ulster there was a similar compact between the Nationalists and Sinn Feiners to make common cause against the Conservatives.

Out of 699 seats, the Sinn Fein as a distinct party won 525, while the combined forces of the Sinn Fein, Labor and Nationalists captured 530 seats.

COMMERCE BD. RAPS PROFITEERS IN SUGAR DEALS

"Shortage Profiteer" Is Latest Species About To Be Prosecuted.

MENTIONS MANY FIRMS Data Given Includes Figures On Dealers in Simcoe and Sarnia.

OTTAWA, June 11.—(By Canadian Press)—In the first "sugar judgment" issued by the Board of Commerce since that body arrogated control of the commodity on February 20, the board denounces a new shortage profiteer—the pure speculator—who purchased second-hand from wholesalers and retailers alike, and then resells at relatively enormous profits, the consumer ultimately paying the price.

The board's questionnaire system, says the judgment, disclosed undoubted and indefensible profiteering by wholesalers and retailers alike.

The board states that it proposes to recommend the prosecution criminally of every firm and trader whose profits seem to be unfair or whose prices seem to be unjust and unreasonable. The board will prohibit all others than refiners from selling to wholesalers. It will prohibit refiners from buying or selling at all. It will define the legitimate profits of refiner, wholesaler and retailer respectively.

Recommend Prosecution.

The prosecution of Derocher & Gosnell of Eastview, whose case was the occasion for the present judgment, will be recommended. The board will also enjoin them from the practice of computing sales prices upon alleged replacement values. Prevost & Allard of Ottawa, Robert Anderson of Montreal, Vaughan Bros. of Major, Que., and Joseph Ward of Joseph Ward & Co., are also recommended for prosecution.

The board proposes to reconvene at Toronto next Monday to inquire into sugar transactions between Wallace Anderson of Toronto and Robert Anderson of Montreal.

A number of other orders and recommendations for prosecution will follow as the result of the present investigation and concerning which this is a merely interim judgment and opinion.

Western Ontarians.

Among whom data is given are O. T. Heffernan, Sarnia, Ont., and Miss E. Thompson, Simcoe, Ont.

The report concludes:

"The preceding cases are recited merely as instances of the materials which are being collected by the board throughout Canada, preparatory to the causing of prosecution of the offenders.

"In the opinion of the board in each of the preceding cases there has been committed an offence against section 17 of the Combines and Fair Prices Act, 1919. The board suggests as a nominal profit for wholesalers, 5 per cent upon cost, and for retailers the same rate of profit, which has been recognized as reasonable throughout the United States, and, indeed, a higher rate of profit than heretofore has been accustomed to be taken by the retailers of sugar, to wit, 2 cents a pound and freight and cartage costs.

"After the board has convened at Toronto during the coming week it will close the pending inquiry, pronounce all necessary amendments and make all necessary orders and communicate as may be requested with the various attorney-generals."

LIBERAL WOMEN FOR SCHOOLS TO TEACH FRENCH

Ontario Assn. Favors Instruction in Both Languages in Schools.

HAMILTON, June 11.—"Some women were born Liberals, while others must be born again to achieve Liberalism," said Mrs. Percival Foster of Woodstock, at the annual meeting of the Ontario Women's Liberal Association here today.

The association is on the question "Why a Liberal?"

H. H. Dewart, K.C., M.P.P., Toronto, leader of the Liberals in Ontario, addressed the convention. He said the Liberal party was the driving power in legislation in the provincial Legislature during the recent session.

A resolution was passed favoring instruction in the schools in both English and French, and the establishment of exchange courses between English and French Canadian universities and secondary schools.

Offers Scholarship.

The association decided to offer a scholarship in the University of Toronto for conversational French, the award to be made only to an English-speaking Canadian student, and the scholarship to perpetuate the memory of Sir Wilfrid Laurier.

A resolution was passed calling upon Liberal women to refrain from buying luxuries made either in Canada or the United States.

Officers were elected as follows:

Honorary President—Lady Laurier, Ottawa.

Honorary Vice-President—Mrs. Hartley Dewart, Toronto.

President—Mrs. Harry Carpenter, Hamilton.

Vice-Presidents—Mrs. John Lewis, Ottawa, and Mrs. J. A. MacDonald, Toronto.

Recording Secretary—Mrs. Newton MacTavish, Toronto.

Treasurer—Mrs. A. J. Young, Toronto.

Press Secretary—Mrs. Harris MacPhedran, Toronto.

Favor Dress Reform.

Resolutions were passed for the association to form an information bureau for the benefit of women voters favoring a nation-wide program of Canadianization. That the educational system should be adequately expanded along industrial, commercial and agricultural lines, and provision be made in both French and English schools for a practical knowledge of the language of the other and for dress reform.

The resolution regarding the latter read:

"Be it resolved that a sympathetic educational campaign be undertaken by the federated associations to bring about changes for dress reform, especially in the social world, as this will lead to a more dignified, healthful fashion of dress."

A Vast Organization of Canadian Workers is building the New Oldsmobile

EIGHT

A new epoch in the manufacture of Canadian quality motor cars is ushered in with the advent of the new Oldsmobile.

The mammoth, new, up-to-date plants in Oshawa are now working on large production schedules to fill orders placed when the new Canadian Oldsmobile was first announced.

Both the Seven-passenger Thorbred and the Speedster models possess those daring lines of construction, and are finished throughout to a standard hitherto not attempted in Canada. Both models are amply powered with the famous Oldsmobile eight-cylinder motor. A four-cylinder Economy Truck completes the line.

Demand for good cars is great, and the demand for the new Canadian-built Oldsmobile grows apace as dealers get their sample cars. Write or wire for literature and name of nearest dealer where the new Canadian-built Oldsmobile can be seen.

WANT GOVT. PROBE INTO SAND-STEALING FROM THE ST. CLAIR

Alleged That Americans Are Exploiting Deposits On Canadian Side.

CHATHAM, June 11.—A Government investigation into the removal of gravel from the River St. Clair by a marine interest was demanded by Kent County Council, when it adopted a recommendation of the "legislation committee" to that effect this afternoon. The report charges that the waters are being exploited by persons not citizens of this country for the benefit of American contractors. The report said that the committee's information is that deposits on the American side have been practically exhausted, and that operations carried on in Canadian waters is rapidly depleting Canadian deposits. The council also adopted a recommendation that the county constable be given authority to prosecute residents of the vicinity of Sydenham River, for using the river and its embankments as a depository for rubbish. A resolution was passed authorizing the county engineers to prepare specifications and secure an estimate for the cost of erecting a bridge at Prairie Sliding to replace the present inadequate ferry system. This was recommended by ratepayers of that district. A strong delegation from Wallaceburg, I. O. D. E., with representative businessmen of the town, waited upon the council and outlined the scheme for the construction of a municipal hospital in that town at an estimated cost of \$33,000, and requested that the council contribute \$20,000. The request will be dealt with later on in the session.

NOT GUILTY, SAYS JURY, IN ESSENHOFFER CASE

Charge of Stealing Flax is Withdrawn by Crown.

GODERICH, June 11.—After hearing evidence all day in the case of Joseph Essenhofer, charged with false pretenses, the jury this afternoon after being out only a few minutes returned a verdict of not guilty. The case is the third on the county court list before Judge Dickson. The other charges, of stealing flax from the Huron Flax Mills Company, Limited, which the grand jury also brought in a true bill, was withdrawn by the crown. Charles Garrow and Attorney Seagar prosecuted, and J. Best of Seaford appeared for the defendant. The other civil cases will start Saturday morning without a jury at 11 o'clock.

HEART FLUTTERING EASILY CORRECTED

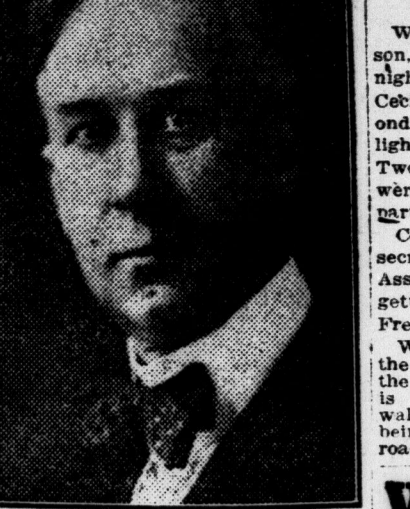

Good Advice to Folks Bothered With Palpitation, Weakness, etc.

If your heart flutters, be careful. An attack is liable to come on at any time. Excitement, overexertion or emotion may cause it. If blood rushes to the head, if palpitation and short breath are noticeable, there's cause for alarm. If you want a good honest remedy try Ferreroze. We recommend Ferreroze because we know it's just right for heart trouble. It cured A. F. Beattie, who lives at Allen Hotel, Bay City, Mich. See if your symptoms resemble these:

- Some Symptoms of Weak Heart.
- Nervousness, Palpitation,
- Trembling, Dizziness,
- Sinking Feeling, Heart Pant,
- Short Breath, Weakness.

Mr. Beattie says: "I was weak and miserable. I was subject to heart palpitation and dizziness. "As I grew worse I began to have trembling and sinking sensations. "Ferreroze strengthened my heart, gave vigor to my nerves, soon made me well. It's a great builder." By strengthening the muscles of the heart, giving proper circulation and causing a general rebuilding of the whole system, Ferreroze is bound to do grand work in heart trouble, try it, 50c per box, or six for \$2.50, at all dealers, or direct by mail from The Catarhazone Company, Kingston, Ont.

WANT FUEL CONTROL CONTINUED IN CANADA

Border Chamber of Commerce Appeals To Dominion Government.

WINDSOR, June 11.—An appeal was wired the Government at Ottawa today by the Border Chamber of Commerce asking that in view of the extreme shortage of coal, provision be made for a continuance of the office of the fuel controller for the Dominion after July 1. Commissioner Scandlers declared today that his operators in the United States were following the policy of the farmers in Canada with potatoes in shipping to foreign countries. These more acute conditions had forced up the price beyond what are available in America. The local chamber petitioned the Government some time ago to place an embargo on the export of potatoes, which are selling here at \$7 a bushel, and are extremely scarce even at that figure.

OXFORD ASSESSMENT WILL REMAIN SAME

Next Year's Figure, However, Will Be Determined by Valuers.

WOODSTOCK, June 11.—The equalized assessment for the county of Oxford will remain the same for 1920 as last year, but for the year 1921 the assessment will be determined by valuers who will be appointed by the council. L. E. Peterson and E. E. Hamner have been appointed representatives of the county on the Children's Shelter board. Alfred M. Indubny, for 25 years pressman with the Sentinel Review, leaves Monday to accept a similar position with the London Free Press. Today he was presented with a fine club-bag by his associates. Early today the building on the corner of Dundas street and Norwich avenue, known as the old brewery, was totally destroyed by fire, thought to have started from a spark from a molding machine recently installed in the building.

HALDIMAND FARMERS TO PLACE CANDIDATE IN FIELD FOR FEDERAL ELECTION

CAYUGA, June 11.—The U. F. O. meeting held in the town hall Monday was largely attended. Warren Stringer, local representative for the Legislature, addressed the meeting and reviewed the work of the session. A canvass will be made to increase the stock of the Ontario organization, and it was agreed that a candidate would be placed in the field for the federal election.

ONTARIO HISTORICAL SOCIETY ELECTS OFFICERS

Interesting Addresses Mark Closing Sessions of Annual Conference.

OWEN SOUND, June 11.—The following officers were elected at the morning session of the Ontario Historical Society: President, Geo. E. Cruickshank, Ottawa; first vice-president, Dr. Orr, Toronto; second vice-president, Miss F. A. Redmond, treasurer, Col. A. E. Belcher, councillors, H. F. Gardner, W. Andrew Band, Miss E. L. March, Prof. J. L. Morrison and Prof. E. A. Lang. Rev. Canon Spencer of Hamilton, who came to Owen Sound 87 years ago, was the speaker this morning, giving a detailed account of his voyage from Portsmouth on the sailing vessel, Prince Albert, when a mere lad. Landing in New York, the party proceeded by train, boat and stage coach to the little settlement on the shore of Georgian Bay. Canon Spencer described life in the bush in those early days, and spoke of the gradual clearing of the land, establishing of churches and schools, and concluded with congratulations to the new city of Owen Sound. Afternoon Session. In the afternoon the program included an address on the Tecumseh Assignauk family by H. G. Tucker of Owen Sound. He gave the history of Francis Assignauk, a nephew of the famous Indian leader Tecumseh, which proved not only interesting, but instructive. The next speaker, C. W. Hartmann of Clarksburg outlined the progress of the township of Collingwood and the towns of Thornbury and Clarksburg. Dr. Hammill of Meaford told the interesting history of that town in a very interesting way. The convention was closed with a public lecture in the city hall by Professor J. L. Morrison, M.A., professor of history in Queen's University, on his experiences with Allenby in the Palestine campaign. The lecture was highly attended.

FEDERATION OF LABOR ABOUT TO CONDEMN G. O. P.
Will Likely Appeal Now To Democratic Party For Planks.
PLUMB SHOWS PLAN
Explains Scheme For Public Ownership of Railway To Delegates.
MONTREAL, June 11.—The American Federation of Labor was meeting tonight to take revenge upon the Republican party for ignoring labor's public demands. The matter will be placed before the annual convention of the federation here tomorrow for action. Labor leaders announced. They said that the first step would be the condemnation of the G. O. P. and that it is then proposed to appeal to the Democratic party, promising organized labor's support, if it will accept labor's policy in its platform.
President Sam Gompers and other labor leaders in session here tonight greater part of the afternoon discussing the situation and preparing a plan of action to be placed before the convention. They declined, however, to divulge their decision, but indicated that a program against the G. O. P. would be adopted.

ONTARIO HISTORICAL SOCIETY CONVENTION

Interesting Addresses and Relics Features of the Gathering.

selected. President, C. S. Kerion; secretary, T. J. Rawlinson; treasurer, Wm. Scott; business manager, C. P. Blackmore; leader, G. S. Storrer. The program consisted of an opera entitled "The Gipsy Maid." There was a good array of speakers and performers and half the funds of the Methodist Church, each having its own share in the expenses also.

A concert was given in the town hall on Wednesday by the National Quartet Company of Galt in a very capable manner.

Following this, the delegates were the guests of Mayor Patterson and the city council at the Hotel Hamilton.

Under the auspices of the Earl Grey Chapter, I. O. E., an exhibition of relics is being held in the library, and among the hundreds of interesting articles are a spinning wheel brought from Hamilton, a pocket watch, a cannon unexploded in the old French fort on the Christiania Island.

Among the speakers this afternoon was Robert Critchton, who came to Owen Sound in 1851, and who is now 92 years of age. His description of early days here was very vivid, for he has lived his entire life never more than three miles away from Owen Sound.

James McCauley, Sen., gave personal reminiscences and experiences in the early days in this city, while Jas. H. Rutherford, formerly editor of the "Times," gave a very complete account of the history of early navigation on the Georgian Bay.

REACTION SETS IN ON EXCHANGES; BUOYANCY PREVAILS PREVIOUSLY

Turnover Falls Off At Toronto—Little Change in Breadth of Trading.

TORONTO, June 12.—Reaction set in on the Canadian exchanges today after three days of buoyancy. In fact, a change might be said to have started late in the previous day's trading.

There was a large falling off in turnover in Toronto, though little change in the breadth of trading here.

Only a few stocks stood up under the selling pressure of the day, and among them were naturally one or two leaders.

GARDEN PRODUCE FIRMER ON LOCAL MARKET TODAY

Dressed Hogs Eased Slightly—Lower Wool Prices.

Truck garden produce was firmer on the local market this morning, green onions going up to 50 cents per dozen.

Asparagus after being as low as 75 cents per dozen has taken another rise, and is now going at \$1. Roubarb was a little firmer at 50 cents.

The supply of truck stuff is decidedly poor, owing to the small amount of rain during the last month.

Eggs were quoted this morning at 48 and 49 cents, retail, which is a rise of one cent. Butter was steady.

The supply of both butter and eggs is meagre. Dressed hogs eased slightly at \$25 to \$25.50 per hundred.

Wool dropped this morning from 3 to 7 cents per pound, coarse grades at 15 to 15.50 and fine 25 cents per pound.

MATERIAL UPTURN IN VALUE OF CORN, BUT REACTION FOLLOWS IT

Close Is Unsettled—Chance of Oat Crop Damage Gives Market Strength.

CHICAGO, June 11.—Although absence of selling pressure led to a material upturn today in the value of corn, longer afterwards unloaded freely and brought about a reaction. The close was unsettled at the same as yesterday's finish to be higher, with July, \$1.74 1/4 to \$1.74 3/4, and September, \$1.62 1/2 to \$1.62 3/4.

Oats gained 3/4c to 2 1/2c. In provisions the outcome was unchanged to 7c lower.

Most of the demand on which the corn market advanced came from shorts, who were uneasy at finding no signs of general bearish sentiment despite apparent likelihood of somewhat larger receipts next week.

But, however, contented that prevailing talk of an increased movement was based on agreements with various shippers made to undertake their own car receipts.

Next week will witness the end of the expected greater run. On the other hand, planting was advanced as rapidly as possible with a liberal acreage almost assured.

Chances of crop damage from hot weather ended to give independent strength to the oats market, and so, likewise, did continued meagreness of arrivals.

Provisions were inclined to sag owing to lack of any specific demand.

WINNIPEG, June 11.—Oats closed 1 1/2c lower for July; 3c higher for October. Barley closed 1/2c lower for July, and 1c down for October.

SEES PACIFIC OCEAN WORLD CENTRE OF FUTURE COMMERCE
Head of Steamship Company Address Manufacturers' Association.

VANCOUVER, June 11.—(Canadian Press).—The leading feature of the first business session of the 1920 convention of the Canadian Manufacturers' Association here today was the annual address of the president, T. P. Howard of Montreal. From the tariff, the new taxes and the high cost of living, to public ownership and group government, President Howard ran through almost the whole list of topics which have closely concerned members of the association during the last year. The high cost of living he blamed on the shortage of materials, inflation of currency and extravagant living. A plea was made for pensions for soldiers which would not be pittance.

About 250 delegates were present today when the convention was officially declared open by Mayor R. F. Gale. Financial Statement.

The financial statement was read by E. A. Walker, for the treasurer, J. F. Ellis, who was unable to attend this year's meeting.

On moving the adoption of the report, Mr. Thom of Winnipeg, paid a tribute to the service rendered the association by Mr. Ellis. Mr. Shaw of Muskoka's Recurring Appeal.

MUSKOKA'S RECURRING APPEAL.
Small wonder it is that each recurring vacation season sees added numbers turning for rest and recreation to the Muskoka region. "Muskoka"; for there may be found all the elements that go to make a pleasant holiday. The clear, bracing atmosphere and sparkling waters under sunny skies serve as a welcome relief, after the stifling city streets, and the healthy, vigorous outdoor sports, swimming, canoeing, motorboating, golfing, etc., in such surroundings re-build the body and enable one to return to the daily round with added zest and renewed interest in life.

Descriptive of this area, including Lakes Joseph, Rosseau, Muskoka and Sparrow, the Canadian National Railways 1920 "Muskoka" folder tells of its beauties, and, too, what is no small factor in its popularity, of its accessibility. Included also is an excellent map of the lakes named, a list of hotels and boarding houses with information as to rates and accommodation and list of its golf courses. For free copy and information as to week-end service now in effect, write General Passenger Department, Canadian National Railways, Toronto. J.12.15.19.22

Woodstock, seconded the motion, which was adopted.
The report of the executive committee for the year 1919-20 was read by the general secretary, T. J. Strrett. It was adopted without discussion. It read as follows:
Centre of Commerce.
Captain Robert Dollar, head of the Dollar Steamship Company, operating steamers out of Vancouver and Pacific Coast ports, delivered an interesting address, during which he predicted that the Pacific Ocean would become the centre of commerce in the not far distant future.

As an example of the trade development on the Pacific Ocean, Captain Dollar said that it was 57 years ago that the first vessel crossed the Pacific. Twenty-one years ago 47,000 tons were transported across the same ocean, and exports were 1,000 tons. In 1919 the entrances and clearances on this coast were 39,000,000 tons. "Think of what the commerce will be in twenty years on the same rate of increase," he said, and asked, "Isn't it about time the manufacturers of Eastern Canada came to the Pacific coast in order to be in the swim?"

As an example of the second day's business meeting will be an address by Prof. G. L. Gill, director of technical education for the Dominion Government. His subject will be "technical education" in Zinsner sets forth that he and his wife lived peacefully together, despite the fact that she visited her parents every day, until January 14, 1918, when she and their child disappeared. He alleges that his wife's parents enticed her away and did not tell him of their whereabouts until February 8, 1918, when he says his father-in-law, Christian Bahlsen, notified him his wife and child were at Miami.

Zinsner relates that he went to Florida and found his wife detained there by her mother. He persuaded her to return home with him, he states, and they lived together again until May 25, 1919, when his parents-in-law again induced his wife to leave him. She has not returned, and he declares he has been prevented from communicating with his child.

In a recent action to determine the custody of the girl, Mrs. Zinsner alleged Marie Louise went to see her father frequently, but that whenever by 4 feet, worked in long flowing dresses, stayed overnight with him and signs of the palm leaf and the River would return in a highly nervous state because of seeing him sit up all night and weep.

OUR EMPLOYEES MUST BE KEPT WORKING—COST OF LIVING IS TOO HIGH TO BE LAID OFF IDLE
Our principle in business is that no one in the service of the firm should suffer for any cause that can be prevented. Just now luxury tax, anticipated lower prices for merchandise, street car service disorganized and partially unseasonable weather, all contribute to interfere with the usual volume of business. YET OUR EMPLOYEES MUST BE KEPT WORKING; so the only remedy is increase the output of merchandise by lowering prices.
