

OT FIT TO VOTE, SHE WEARS SHOW IT"

ngly Opposed Municipal Suffrage ted to the Woman of Illinois.

Asked if she thought the Illinois victory means that women have become permanently a part of the national government and will force suffrage on the Eastern states, Mrs. Marshall replied:

"Certainly not. The women in the East are not strongly in favor of the ballot, and none of the cabinet women seem to favor it with the exception perhaps of the president's daughter, Miss Jessie Wilson."

£52 for Injured Back

Damages to the extent of £52 were awarded at the Durham County Court on Monday to William Gray, a stonemason, of Newbottle, for the alleged negligent riding of a boy cyclist in the employ of the Pence-Houses Picture Palace, Ltd. The boy, who was employed to carry films, rode up behind Gray and knocked him down. He sustained serious injury to his back, and it was said he would never be sound again.

Says Suffragette Father Would Starve in Six Hours

NEW YORK, July 31.—A cable to the Tribune from London says: George Lansbury, the ex-Labor member of Parliament, who resigned his seat in Parliament to fight for re-election on the suffrage issue, but who was defeated, was sentenced on the 29th to three months' imprisonment for making inflammatory speeches in support of the suffrage cause. He left the court amid the cheers of women sympathizers, declaring that he would "hunger strike" immediately. His wife, however, doesn't believe he can carry out his threat. She says: "Father has a terrible time before him if he tries any hunger strike. I never saw a man so dependent on regular meals. He would starve to death in six hours. I can always tell when he hasn't had lunch—he's so tired and cross when he gets home at night."

ROPES OF BRIDGE SOAKED WITH ACID

If Not Discovered, 20 Men Would Have Fallen 90 Feet.

WHITBY, July 31.—Charged with an unlawful act in injuring a certain rope used by the Hamilton Bridge Co. in the construction of a bridge over the C. P. R., Stead Gamble, known as "Bully" Gamble, was arraigned before Police Magistrate Harper yesterday and was remanded until Tuesday next to come before Magistrate Phipps of Pelee Island Township, in whose jurisdiction it is alleged to have been committed. Neither Hartley Dewar, whom Gamble announced as his counsel, or the Patterson, his bondsman, appeared. Gamble demanded that bail be set, but it will be awarded only on condition that a higher court judge is willing to grant it. The offence is more than it appears on the information," said Col. Parwell, crown attorney for York County. "It is a charge of such an onerous nature that I would not care to take the responsibility of setting the amount. It is a charge in which the lives of men are in danger. I can get bail to any amount up to \$10,000," said Gamble. "I am not only and I want bail."

THIS ACCIDENT A PECULIAR ONE

Motor Cycle Explosion at Cincinnati Killed Two and Injured Many.

CINCINNATI, July 31.—Two are dead, six will die, according to attending physicians, one other is probably fatally burned and eleven others are seriously injured as the result of a motor cycle explosion at the Lagoon motordrome across the river from this city, last night. Odin Johnson, of Salt Lake City, captain of the Cincinnati team, which was contesting at the motordrome, for some reason that will probably remain unknown, drove his cycle to the extreme top of the circular track, crashed into an electric light pole, broke it off, and the contact of the live wire with his machine, exploded the gasoline tank, throwing the burning fluid over a score of spectators. Johnson paid the penalty with his life, while William Davis, aged 5 years, is likewise dead, as the result of the accident. Six others are women and four men, cannot live, while twelve others are registered at the Kentucky hospital as in a serious condition. That a large number of others who cannot be located, were burned, is almost a certainty, as several drug stores in the vicinity of the place, were kept busy for an hour after the accident dressing the burns of those who escaped without serious injury.

Financial Sky Clearing

So Says Sir Donald Mann Now on Trip to the West.

WINNIPEG, July 31.—"With a clearing financial sky, the promise of abundant crops, and better railway facilities to move the crops, Canada need not be pessimistic," declared Sir Donald Mann, on his arrival after a Western tour of inspection. "Crops in Alberta, Saskatchewan and Manitoba are looking magnificent. Railways this fall will be much better able to handle grain than last year." Speaking on financial matters, Sir Donald mentioned that some pretty hard knocks had been handed the C. N. R. over the \$15,000,000 subsidy from the Dominion Government, "but that is what they want," he commented.

INITIALS CUT ON LIVE HOGS' BACKS

Charges of Inhuman Practices Made Against Chicago Packers.

CHICAGO, July 31.—Cruelties which animals at the stock yards are forced to undergo are to be made the subject of an investigation by Hugo Krause, secretary of the Anti-Cruelty Society. Reports which have been received at headquarters of the society state that the most flagrant abuse is the practice of cutting initials on the back of a live hog. This is done, according to the report, by "cripple contractors" who purchase animals disabled in transit. Krause also cites instances of hundreds of hogs dying for lack of water, of live hogs being dumped into scalding tanks and of hogs dressed so rapidly that they are chops and sausages before they are yet dead. Represented at O.R.A. and D.R.A. A strong team from the Regiment will represent the Dufferin Rifles at the O.R.A. matches at Long Branch, about the middle of August, also at D.R.A. matches at Ottawa.

GREAT BRITAIN DECLINES TO ENTER PANAMA EXPOSITION--DECISION TODAY

Greatest Reticence is Being Observed Regarding the Matter, But it is Believed That Dispute Over the Free Use of the Canal is Reason for Action Taken--Other Causes are Suggested.

WASHINGTON, July 31.—After exhibiting much concern over the places which it would assign to prospective exhibitors by the management of the Panama-Pacific exposition, the British Government finally has declined to participate. The long delay in acting upon the invitation to participate in the fair, extended a year, has been the cause of deep concern to the management of the exposition, particularly as formidable opposition had likewise developed in Germany, where certain of the great trade associations, such as those representing the steel and iron manufacturers had formally requested the German Government to decline the invitation. In an unofficial way it is said that dissatisfaction on the part of the great commercial nations with certain features of the pending tariff bill which they felt bore hardly upon their trade was the reason for the attitude to cover the hostility toward the San Francisco fair. But as the senate finance committee has amended the tariff bill in a manner thought to make it unobjectionable to those nations, it was fully expected they would see their way clear to accept the invitations. In the case of Great Britain, however, though the original cablegram of Ambassador Page giving notice of the declination, has now been supplemented with a mail report dealing with the subject more fully, it is not yet positively known what basis of objection now remains. It is thought by officials, however, that while the reason assigned by the British Government is a belief that there have been too many such international expositions in recent years, the underlying objection is based upon the view of incongruity of British participation in an event designed to celebrate the opening of the Panama canal, while there is a dispute as to its free use.

Will Probe Tyrus Cobb Was Right in Resenting Abuse From a Spectator

NEW YORK, July 31.—The unsuccessful attempt of Tyrus Cobb to have a spectator removed from the grand stand at Philadelphia on Tuesday will be made the subject of an investigation by the Baseball Players' Fraternity. According to Cobb, the spectator addressed objectionable language to him. Mindful of the trouble he caused in this city a year ago when he attempted to physically abuse a lifeguard, Cobb called upon the umpire to eject the man. This method was suggested by the National Commission, according to Dave Fultz, president of the fraternity. Evidently it did not work satisfactorily in the Philadelphia test for Mr. Fultz stated to-day in discussing the affair: "According to reports from Philadelphia, Cobb attempted to follow out the plan laid down by the national commission, appealed to the umpire to eject a spectator who had insulted him and was jeered out of the game by the crowd. "The fact that the spectator was allowed to remain in the stand proves that the method adopted by organized ball for handling this evil is grossly inadequate. "A player should not be made to stultify himself in this manner. The magnates should make a sincere effort to put an end to this long standing evil. The players' fraternity has repeatedly made suggestions, which, if adopted, would prove more valuable than the recommendations of the national commission."

MILITANT FIREBUG DEFINES SOBRIETY

Says Mr. Asquith Was Drunk When He Jettisoned the Suffrage Bill.

LIVERPOOL, July 31.—Mrs. Edith Rigby, the well-known Suffragette of Preston, was sentenced yesterday to nine months' hard labor, on the charge of setting fire to the country residence of Sir William H. Lever at Rivington, Lancashire, on July 8, and causing damage estimated at \$100,000. The prisoner, who is the wife of a physician, admitted her guilt, and also confessed to being the perpetrator of the bomb outrage at the Liverpool Cotton Exchange on July 2, and causing damage estimated at \$100,000. "When I committed this outrage I was not drunk, nor was Miss Emily Davidson drunk when she stopped the King's horse while he was running in the Epsom Derby, but the Prime Minister was drunk when he dropped the Suffrage Bill." Mrs. Rigby then appealed to the nation to wake up and give English women reason to be loyal.

Not So Bad Financial Conditions in Moose Jaw Subject of Official Resolution

MOOSEJAW, Sask., July 31.—The City Council has passed a resolution unanimously condemning a local paper, The Evening Times, for its front page editorial on the financial conditions of the city. In part the resolution reads as follows: "That this council desires to place on record its strong disapproval on the article published recently, owing to its gross misstatements of local conditions, wherein the credit of the city and its business men is impugned, and that a copy of this resolution be forwarded to the Board of Trade with the request that support be given this motion with a view to restoring confidence in the city which has been seriously impaired by the publication aforesaid."

Stirring Appeal by Lady Who Burned Mansion of Soap Millionaire

Dr. L. B. Rashbaum, surgeon-major in Ortega's camp, promptly came here with a message from Ortega to the commanding officer of the United States troops in which the constitutionalist commander says he much regrets the incident and hopes to be exempt from responsibility inasmuch as he has repeatedly instructed his men not to attempt to cross the river under arms. Monteros is said to have drawn his pistol on the American soldier.

Boy Fatally Hurt

GODERICH, Ont., July 31.—Joseph Reinhardt, an Ashfield Township boy, six years of age, received fatal injuries while driving to town with his parents this morning. The horse was frightened by an automobile and started to kick. The boy was sitting with his back to the dash board and received the first kick on the back of his head. An inquest will be held.

A Quebec Fire

THREE RIVERS, Que., July 31.—Louisville, a town of five miles from this city was threatened with total destruction early this morning. Several hotels, dwellings and other buildings were destroyed. The loss is estimated at \$200,000. At last reports the fire was not under control.

Incendiary Fire

LETHBRIDGE, Alb., July 31.—Fire of incendiary origin broke out in the yard of the Western Canada Lumber Company at Barons. All the buildings and 200,000 feet of lumber were burned. Total loss \$15,000 covered by insurance.

Fifteen Hundred on Board Attend Service

BOSTON, July 31.—Wreaths, fashioned by members of the family of William T. Stead, the London editor and author, who was lost in the Titanic wreck, were cast into the sea from the deck of the Cunard liner Franconia as that vessel lay with engines stilled over the grave of the Titanic last Sunday afternoon. Fifteen hundred men and women stood with bowed heads during the ceremony, while the ship's band played "Nearer, My God, to Thee." The services were arranged by Miss Kate Stevens, who was associated with Mr. Stead in his reform work, and the wreaths were made of laurel picked from Mr. Stead's garden. Miss Stevens was one of the passengers arriving here on the Franconia.

MACKAY VICTOR IN HARD FIGHT

Four Polls to be Heard From Not Expected to Change Result in Athabasca.

EDMONTON, July 31.—With 8 out of 12 polls heard from in the deferred provincial election in Athabasca, Hon. A. G. MacKay, Liberal, has a majority of 141 over the Conservative Candidate, Maj. J. H. Woods of Athabasca Landing. The remaining four polls which are at far outlying points will not be heard from for several days, but it is not probable that they will affect the general result. Mr. MacKay's election is now conceded by the Conservatives. The fight was a bitter one, and nearly all the prominent politicians on both sides took part during the past few days.

GERMANY HAS AN ARMY SCANDAL

Charged That Organized Effort is Made to Work Up War Scare.

BERLIN, July 31.—The sensational disclosures of corruption in the German army, made by Dr. Karl Liebknecht, the Socialist deputy, in the Imperial parliament on April 18, came up to-day before a court martial convened to try the military officers charged with accepting bribes for information of pending government contracts for arms and ammunition. Widespread interest was aroused by the trial. Four officers of the ordnance department were brought before the judges. They were Lieutenants Tillan, Hinst, Hoge and Schlander, to whom was entrusted the supervision of many of the ammunition and arms contracts at various arsenals and factories throughout Germany. Chief Clerk Penifer, and two non-commissioned officers of the ordnance corps, also were in the prisoners' enclosure. It had been charged by Dr. Liebknecht that not only were corruption and bribery on the part of munitions companies prevalent, but that there was an organized scheme for raising war scares, and thus causing the government to spend more money on armaments. The civilian offenders, who include the alleged briber, on behalf of the ordnance committees and also the directors of those concerns, according to an official intimation, will come before an ordinary criminal court for trial at a later date. It was decided by the president of the court martial to permit the admission of twenty reporters to the tiny court room and these and a few high military officers, formed the audience. Contrary to the usual custom at court martials the trial was held with open doors, but reporters and others not officially present were excluded during the reading of the confidential reports and other papers seized from Krupp representatives and containing information illegitimately obtained and of vital interest to the national defence. (Continued on Page 4.)

Shot Him Mexican Crossing Boundary Line Received a Bullet

EL PASO, Texas, July 31.—Corporal Smith of troop A, second cavalry, U.S.A., shot Ismael Monteros, a soldier of Col. Toribio Ortega's command, said to be his personal servant at Tornillo, on the Rio Grande, yesterday, as Monteros was attempting to cross the international boundary, fully armed and on horse back, according to reports received by General H. L. Scott to-day. The corporal's bullet cut a furrow in Monteros' scalp and felled him from his mount. The Mexican has been attended by the army surgeon at Fabens and is being held a prisoner, together with five other Mexicans and three wagon loads of provisions. They were attempting to cross to Ortega's camp. Dr. L. B. Rashbaum, surgeon-major in Ortega's camp, promptly came here with a message from Ortega to the commanding officer of the United States troops in which the constitutionalist commander says he much regrets the incident and hopes to be exempt from responsibility inasmuch as he has repeatedly instructed his men not to attempt to cross the river under arms. Monteros is said to have drawn his pistol on the American soldier.

PROPOSAL TO TAX CHILDLESS PERSONS

French Society Submitted Draft Bill to Ministers—Bachelors Included.

PARIS, July 31.—The Figaro has received from the "Race Française" Society a draft of the proposed law to tax not only bachelors, but all childless persons over a certain age. According to the statistics of Dr. Bertillon, France at present counts 1,330,000 bachelors, 1,800,000 childless families, 2,650,000 families with only two children, and 2,000,000 with a single child. The new bill fixing for each citizen an obligatory minimum of three children, could impose a tax of thirty francs per "non-existent child," so to speak, on every citizen of forty-five years who has not three children living or who has not reared three children to the age of twenty-one. The tax is calculated to produce an annual sum of £20,000,000. The proposal has been submitted to the Ministers of Law and Finance, whose opinions have not as yet been made public. Was Eminent Man. NEWPORT, Isle of Wight, Eng., July 31.—Professor John Milne, the eminent seismologist, died here to-day, aged 88. He was well known all over the world as he had made extensive travels in America, Australasia, China, Japan, the southern seas and Europe. For 20 years he was employed by the Japanese Government, for which he established a chain of nearly 1,000 earthquake recording stations. He also completed a seismic survey of the world for the British association.

HAS SECURED DIVORCE HIMSELF

Man Who Wrote Book on Divorce Question is Released by Law.

LONDON, July 1.—The third of the series of divorces in the matrimonial tangle resulting from the relations of Hugo Ames, author, and Mrs. Flora N. Wilson, authoress, lecturer and playwright, and daughter of the late Col. Hayter, C.B., was reached yesterday when a decree nisi was granted to Charles R. Wilson.

According to the evidence introduced in the suit, which was undented, the Wilsons lived together for eleven years, and had one child, Mrs. Wilson left her husband in 1908 and in 1910 she filed a petition for divorce on the grounds of desertion and misconduct, which was dismissed.

Ames had gone to America, obtained a divorce from his wife in Idaho and married Mrs. Wilson, who was at that time in Los Angeles. Mrs. Ames brought suit for divorce in the court here, and she won a decree nisi in February, 1912. She told on the stand that her husband had married Mrs. Wilson, and asked for his arrest on a charge of bigamy on the ground that the divorce obtained by him in the United States was not valid in England.

Ames and Mrs. Wilson were tried in the King's Bench Division of the High Court, and each sentenced to imprisonment for six months in April, 1912, on the bigamy charge. Mr. Justice Coleridge remarking that the decree of divorce obtained by them in America were not worth the paper on which they were written.

Ames and the woman he regards as his wife are writers on sociological questions. Flora Northek Wilson is the author of "The Book of Divorce, Use and Abuse," and this is dedicated to Ames. Ames' works include "The Position of Woman" and "The Problem of Sex."

Will Investigate Case. TORONTO, July 31.—The City Medical Health Department will hold an investigation to determine the circumstances attending the refusal of Dr. Haywood, surgeon-in-charge of the Toronto General Hospital to admit a Jewish patient suffering from measles late last night. The man was admitted on order of Dr. Hastings, medical health officer, after he had been refused admittance a couple of times and after the police had interested themselves in the case. Dr. Haywood contended that he was justified in refusing to take an infectious case, and the incident is said to urge the necessity of an isolation hospital, especially for measles patients.

STRIKE MAY BE OUTCOME

C. R. Employees Have Voted 85 Per Cent. That Way.

(Canadian Press Despatch) MONTON, N.B., July 31.—Grand President Mosher, of the Railway Employees Brotherhood, who is here to-day, said he had received no word from Premier Borden, Hon. Frank Cochrane, the Hon. W. T. Crothers or General Manager Gutelius, since he issued his ultimatum regarding inter-colonial Railway matters, and if none came in a reasonable length of time there would be a strike, as 85 per cent. of the men had voted that way.

In regard to the statement of Mr. Gutelius that salary increases from \$2.50 to \$15 a month had been agreed upon with the committee, Mr. Mosher said: "If I were again a manager getting \$25,000 running a government railway, which made a surplus last year of \$800,000, I would be ashamed to say in the public press that I offered \$2.50 increase a month to men getting a salary of say \$35 to \$80."

Trainmen are holding meetings here on Sunday next when a strike vote will be taken.

Another Blaze By the Suffras'

NEW YORK, July 31.—A London cable this afternoon says: Suffragettes were suspected today when the luncheon tent adjoining the grandstand at the Goodwood race track was burned. The Goodwood races, now on, are the last of the season's fashionable turf events, and King George and Queen Mary have been attending.

The tent and all its contents were burned in a rather mysterious manner to-day, and the Scotland Yard detectives guarding the place, blamed the militants for the blaze.

Bowling

Seven rinks of Heather bowlers went down to Hamilton last evening to battle against the Fernleigh bowlers of that city. The latter are good hosts but can also bowl and the Heather were beaten by 34 shots on the rounds. It was one of the best outings that the Heathers have had and a visit to one of the other Hamilton clubs will no doubt be made in the course of a week or so. The scores: Heather, Fernleigh, 10 Skip 1919. R. D. Hunt, R. D. Jones, G. J. Hutton, A. L. Vanstone, E. P. Raw, T. J. Connelly, G. Cardiacus, C. Rutherford, D. B. Wood, B. A. Caspell, F. You Ought to Save One-Sixth of Your Income!

One-sixth of one's income should be saved and profitably invested as a provision against life's "rainy days." Experts say that a man should save each year at least as much as he pays out for rent. To put the whole sixth into life insurance would be sensible. Certainly one-half of the sixth should go into life insurance.

Suppose then we say a twelfth and that your income is \$100 per month; that will mean \$100 a year to devote to life insurance. ABOUT \$100 A YEAR WILL PROVIDE FOR A MAN OF 30.

SHOULD BE REGULATED

The number of citizens who have taken occasion to endorse the course of the Courier in urging an abatement of the far-flung factory bell and whistle business is positive proof of the fact that this paper has once more taken a stand in complete accord with public feeling.

If this concern and others employing many hands can have employees get to work on time and leave on time, without any clanging or screeching, why can't others? In Detroit and other U. S. cities the method is to have the timekeeper press a button, and this rings an electric bell in each department as a signal for the hours of starting and leaving work, and the noise is contained within the building, as it should be.

Another thing, and this is with regard to smoke. Probably few people stop to realize that for every ton of coal consumed in connection with a steam plant there is a big loss of heat units in every whiff that comes out of a chimney. Those of the fair sex who have clothes out on the line near an industrial establishment know what that means when the wind is that way—which it generally seems to be.

In many cities the adoption of smoke consumers is compulsory. No entirely satisfactory method in this regard has yet been established, but there are devices which greatly minimize the nuisance.

Brantford adopted a similar by-law in 1905, and it reads in part:

All manufacturers and others within the limits of the City of Brantford shall provide such chimneys or other apparatus as shall consume the smoke from their works, factories, mills or shops, or shall prevent the same from fouling the atmosphere, or from being carried by the wind or otherwise to other shops, houses, or premises, to the inconvenience or injury of the neighboring premises or residents therein.

This measure was supposed to be enforced in 1909, but, like so many other regulations, the authorities have made no effort with regard to its enforcement.

Brantfordites do not wish to annoy or harass the splendid industrial establishments we have here, but reasonable provisos in the interests of the general public are certainly desirable in both the respects named. Without any doubt, the manufacturers, if approached, would be quite willing to co-operate.

NOT A POLITICAL ISSUE.

The Toronto Globe, in a leading editorial, claims that it is 'quite the proper thing to make the temperance issue a political issue.'

There will be many even on its own side, to disagree with that assertion.

No sane individual will question the evil, or the misery, or the crimes resultant upon intemperance. These things are unfortunately too evident to warrant any dilution with reference to them. At the same time it is not correct to say, or to presume that all men of one political creed are prohibitionists, and that all of the other side are tipplers. That's where Rowell made a big mistake as more than one Liberal paper has taken occasion to tell him. Some half a dozen Grit sheets have spoken out openly in this regard and here is another extract from an article in the East Elgin Reformer:

"The Liberal party has been flirting with the temperance question for, lo! these many years, and the coquette has given it to it 'in the neck.' It seems to be easier for a camel to go through the eye of a needle than it is for an 'Abolish the Bar' candidate to enter the kingdom of Sir James Whitney.

The Simcoe Reformer demands a convention of the Ontario Liberal party—and a heart-to-heart talk. The bigger portion of the provincial press are saying things since the North Grey election. East Middlesex was bad enough, but North Grey seems to be the last straw."

The Globe itself occupies a most contradictory position with reference to this matter. In its editorial columns it urges that no one should take a drink of any kind and in its advertising pages it accepts pay from men in the trade who seek to show that their particular brand of liquor is the best. In fact the organ admits that it has done this for over sixty years, and then has the nerve to claim that the one remedy is to have a law passed to make all advertisements in that regard illegal. How is that position

with regard to hypocrisy? The truth is that the temperance issue should be non-political for the very sufficient reason that men of all shades of party honestly differ with reference thereto.

USES OF SAWDUST.

Not so very long ago about the only real use anyone had for sawdust was for packing ice. That was when small local saw-mills were more common, and the amount of this form of waste wood was, or at any rate appeared, comparatively small. Now, when the tendency is to consolidate these into large mills with a capacity of several hundred thousand feet of lumber per day, the daily waste in sawdust is seen to be enormous and much experimenting is being done to discover new methods of utilizing it.

Sawdust has been successfully manufactured into briquets, for fuel for a considerable time in Europe by a very simple process. The shavings and sawdust are first steam-dried, the water contained in the wood being thus evaporated and the resin almost liquified. The sawdust is then compressed under heat into briquets of the desired size, the contained resin acting as a binder. A firm in Vancouver is engaged in a similar line of manufacture, the sawdust being compressed into a cylindrical tube where it is cut into short lengths by a revolving knife, emerging in the form of small round briquets. These briquets are clean to handle, easy to kindle, and leave very little ash.

In England sugar is manufactured on a commercial scale by treating sawdust in closed retorts with weak sulphurous acid under high pressure. In Austin, Texas, also a plant is being built to manufacture stock food from sawdust, by a somewhat similar process. The tar, pitch and turpentine are removed from the sawdust, leaving only sugar and fibre to which is added forty per cent of cottonseed meal. The mixture is solid for fattening cattle.

Two and one half parts of clean sawdust mixed with two parts sand and one part cement make a warm long-wearing and sound-proof floor, and which has the advantage over a cement floor in being more elastic. These qualities should win an extensive use for this form of flooring, which has the additional advantage that it can be stained to harmonize with interior finishings by the addition of color to the mixture while in a semi-liquid state.

The sawdust of certain kinds of wood is used in considerable quantities by manufacturers for metal polish, for packing, for meat curing, for making safety explosives, and for pulp manufacture. Patent cleaning powders for use on carpets and rugs consist principally of sawdust, lightly moistened by some cheap mineral oil.

NOTES AND COMMENTS

Buffalo and Fort Erie had a holiday yesterday to celebrate in the latter place the fact of a hundred years of peace between John Bull and Uncle Sam. Good.

The Czar of Russia in order to ascertain by personal experience the work of a common soldier, marched seven miles up hill and down dale accounted as a private soldier. And the funny thing about it is that he didn't have to.

Mr. McKay, who was kicked out of the Ontario Liberal leadership by a Toronto clique of Grits, was yesterday elected a member of the Alberta Legislature. Up to date there has been no publication of his regrets over the loss of North Grey under Rowell auspices.

A jury of women in Illinois, in less than ten minutes, convicted a member of the fair sex up for trial. It was Burns who wrote "Man's inhumanity to man makes countless thousands mourn." Probably the convicted fair one thinks that he might also have clinched the term woman into that statement.

At a meeting of the Orange Grand Lodge held in St. John's, Newfoundland, Grand Master Scott referred to the rejection of the Borden naval policy, and stigmatized the action of the Grit majority in the Senate as a "subversion of a great national movement to party ends," "an amazing misconception of duty," and "a stupid political blunder." And Scott, when he said that was absolutely correct.

Fashion Note.

The hoopskirt recently made its re-appearance at a golden wedding anniversary. But so long as it was not imported from Paris, there is no immediate danger.—Cleveland Leader.

"Did you see the lights at the seashore?" asked one girl. "No," answered the other. "I went into the water. I was one of them."—Washington Star.

What the Other Fellow Thinks.

Good Old Ontario. Galt Reporter: Some of those good men who were lured to the West by stories of Easy Money Life are respectfully requested to consider return to Ontario. The latch is down for them.

Will Do Our Duty.

Montreal Star: Premier Massey of New Zealand cables the assurance of his belief that Canada will do her duty in strengthening the Navy. So we will as soon as the lapse of time and the inscrutable decrees of Providence temper the political partisanship of the Senate into something more closely responsive to the will of the rest of Canada.

A World's Fair.

Hamilton Herald: David Bell of Beverley township, is dead. Mr. Bell was not a national figure, and his name will probably not live in his country's history. But he did more useful public service than many a Canadian whose name is familiar from coast to coast. For Mr. Bell was for many years the soul and motive power of the annual Rocton fair, and he made it the most successful and famous of Canadian township fairs—a model of its kind.

The Flood Time of Prosperity.

Montreal Witness (Liberal): Fight money notwithstanding, the outlook in Canada never was better than at the present time. In the West, conditions are highly favorable for the largest crop in the history of the country. Mr. J. H. Grisdale, the director of the Dominion Experimental Farms, who has been touring the country, declared in Winnipeg yesterday that "the crops are as uniformly good as I can ever remember having seen them." From all parts of Eastern Canada equally good news is being received, the only exception being in certain apple-growing districts, where the production of fruit will not be up to the average. A harvest such as is promised, coming on the top of the most prosperous industrial year that Canada has known, will go far, not to restore faith in Canada—for that has not been shaken—but to confirm it.

The Duchess of Connaught

London Canadian Gazette: The Duchess of Connaught has now almost completely recovered from her recent severe illness, and all that Her Royal Highness now requires is a thorough rest and change of air and scene. The King has placed Birkhall House, near Balmoral, at the disposal of Her Royal Highness, who is expected to arrive there towards the end of the present month, accompanied by the Duke and the Princess Patricia. Before this happens, however, it is hoped that the Duchess may make her reappearance in public at the ceremony of the dedication of the Henry VII. Chapel in Westminster Abbey on July 22. The Duke of Connaught is the Great Master of the Bath, and, as such, will take a very important part in this ceremony. It is expected that the Duchess will remain at Birkhall, says the London correspondent of the Manchester Courier, until the time comes for her arrangements to accompany the Duke to Canada, next September. So far as possible Princess Patricia will represent her mother at ceremonial functions while they are in the Dominion.

Germany Has an Army Scandal

(Continued from Page 1)

The accused officers appeared in full uniform and wearing decorations on their breasts.

The formal charge against the prisoners was the betrayal of military secrets, the acceptance of bribes and insubordination.

In their pleas the accused, although admitting the communication of secret information to the representatives of Krupp's ordnance factory on various occasions, protested that this had been done without criminal intent, since they believed there were no secrets between the German Government and Krupp.

The accused officers were the first to be called to the witness stand. They admitted under cross examination that the information betrayed by them to Krupp's representatives would have been of the highest importance if it had reached foreign powers.

The testimony indicated that the accused had acted rather out of good fellowship to Krupp than on account of the comparatively small sums received by them and nothing new or particularly sensational developed during their examination.

THE sale of the Western Massachusetts trolley lines by the New York, New Haven & Hartford to a firm of electrical engineers in New York was announced in Boston to-day by authority of President Charles S. Mellen.

REPORTS from Carman, Manitoba and other points in southern Manitoba tell of severe storms Wednesday at both places. Hail destroyed or badly damaged standing crops at Carman. Barns and outbuildings were blown down, the property loss amounting to several thousand dollars.

A CABLE from Munich says: Prof. Ludwig Morgenstern, of the Munich University, one of the most distinguished members of the philosophy faculty, killed himself last night. He was sixty-six years old and leaves a large family.

In a letter he left to his wife he said he had decided to put an end to his existence owing to the fact that a disease from which he suffered had been declared incurable by the doctors.

GREAT BRITAIN has decided against participation in the Panama-Pacific Exposition at San Francisco in 1915. Notification of this determination of the British Government was conveyed officially to Washington early this week, the despatch merely stating that Great Britain was not in a position to participate in the San Francisco exposition. No reasons were given.

TO STUDY the methods of the Industrial Workers of the World, Thomas Mann, who led the coal miners of England in the great strike in that country last year, arrived in Boston on the steamship Franconia last night. A delegation of leaders of the Industrial Workers of the World, including William Yates of Lawrence textile strike fame, met the steamer on the dock. After a conference of several hours Mann left for Pittsburg, where he will make his headquarters during his stay on this side.

Besieged in Wesley Chapel Cork, the congregation was strongly urged not to leave the building until an extra force of police had arrived, as the demeanor of a crowd of Nationalist rowdies outside was so threatening and serious. Another hymn was given out which occupied the time while the auxiliary force of constabulary were hurrying to the scene. After the hymn had been sung the people still lingered in the building, not being encouraged to leave by the groaning and hissing of the mob outside. At length when a substantial body of police had been mustered, the Methodists ran the gauntlet of their opposition. The crowd stretched across the entire thoroughfare, and it was an unnerving experience to be subjected to the outspoken insults that were heaped upon them. At some moments the situation could not have worn a more serious aspect, and but for the splendid work of the police there would have been scenes of a much more deplorable character. The scene arose out of the meetings of the annual conference of the Methodist Church in Ireland.

One girl licked 960 labels in a day in fixing blue labels round balls of thread. The chief inspector of factories in his annual report states that a woman inspector found girls in an Irish mill engaged in fixing blue labels round balls of thread. The whole surface of the blue label had to be licked. The girls complained of a bad taste in the mouth, thirst, and soreness of lips and tongue. One girl lost her appetite while label-licking, but became quite well when employed as a spinner.

Sergt. Chas. Taylor.

Cadets Represented

The B. C. I. Cadets will be re-
presented at the Ontario Rifle matches
at Long Branch, which will be held
about the middle of August. The
team will be picked from Company
Leader Genet, Half Company Leader
Burt, Sergt. Palmer, Cadet Neill and
Cadet Bennett. The matches will last
four days.

The Market

There was a fair sized market this
morning, the principal produce offer-
ed for sale being berries and veget-
ables. New potatoes were sold for
90c per bushel; red raspberries two
boxes for 25c; black currants were
sold at 15c per box, while vegetables
such as carrots, onions, beets, let-
tuce, etc., sold for 5c per bunch.

Toronto Assesses Them.

It will be remembered that recently
Judge Hardy gave a decision to the
effect that the incomes of Dominion
officials are not assessable. It is like-
ly the matter will be appealed. Bran-
ford's city clerk has been in corre-
spondence with the assessment com-
mission of Toronto, and has been in-
formed that the matter was fought
out in that city and resulted in the
incomes being assessed.

Gem Theatre.

A great Vitagraph drama entitled
"The Mills of the Gods," from Geo.
P. Dillenback's novel of the same
title is being shown at this theatre
Thursday, Friday and Saturday of
this week. It tells the story of Lor-
enzo, a fiend incarnate, with his power
and wealth, pursues and persecutes
all who stand in his way. At last he
is caught and ends his career as the
gods grind slowly but they grind
exceeding small.

Pleasant Evening

"Hickory Lodge," Brant Park, was
the scene of a very happy gathering
last evening in honor of the girls' con-
fessioners. Mrs. S. Upstone, the
campers invited in a number of
friends, and the gathering numbered
twenty. The lodge was nicely decora-
ted with Chinese lanterns. After
playing three deep, New Orleans, and
dumb orchestra, and other children's
games, a dainty lunch was served by
the young ladies of the camp, and at
eleven o'clock the pleasant evening
was brought to a close.

With the City Police

The cases on the police court docket
this morning were few, but mostly of a
serious nature. It is evident that the
foreign element are not paying much
attention to some of the laws of the
land.

A case of desertion against Jos.
Roberts and Daniel Swift was up this
morning. It is alleged that these two
men, with a third man, drove an old
man named Turner, who has lived on
the Reserve for some years and is
helpless, being paralyzed on one side,
up to Brantford and left him in a
gutter in the East Ward. Turner was
found in a precarious condition and
removed to the hospital. The case
was adjourned in order to find the
man who drove the party to the city.

Stephen Taka had stiff kajar before
the magistrate on a charge of assault.
It seems that the plaintiff was rather
slow in getting some sand ready for
kajar to do work with at the Malle-
able Iron Works, and after a lot of
provocation the defendant struck
Taka. The defendant was forced to
pay costs.

Harry Tom, with a lot of other for-
eigners, was charged with gambling
and breaking the Sabbath. On ac-
count of their lawyer being out of the
city, their case was adjourned until
Monday.

Bogos Margesian, who keeps a for-
eign boarding house on Alfred street,
was charged with selling liquor on his
premises. Contrary evidence was given
by two witnesses, and the charge
was laid over until Monday to procure
further evidence.

Contemplating Fine Outing.

The whole topic of conversation
among the members of the Dufferin
Rifles, especially the privates, is the
jolly good time that is in store for
them when they will go down to the
Hamilton summer carnival on Aug-
ust 14th and participate in the military
manoeuvres which will be held there
on that date. The "Duffs" should,
and of course will make a good
showing in the "Ambitious
city and the citizens of Brantford can
rest assured that the raffish 38th will
uphold the dignity of the Telephone
City. The officers of the regiment are
very enthusiastic over the trip, and
it will no doubt be one of the best
and most enjoyable oneday trips in
the history of the regiment.

Then Who Was Susie?

Mr. Lawrence Grossmith, who has scored a "hit" in the part of Hubert in "The Girl in the Taxi" told some amusing stories the other day.

One of them was about a business man who attended his partner's wedding. He had never met the bride before, but at the reception he was presented to her, and gave her his very best smile.

"I hardly feel like a stranger," he said pleasantly, "though I have never met you before. You see, my partner and I are on the most intimate terms apart from business, and he has occasionally done me the honor to read extracts from his dear Susie's letters."

The bride glared at him so viciously that he hastened to assume an expression of apology.

"I hope you don't mind his having read your letters to me?" he asked anxiously.

"My letters!" she repeated icily. "I fear there is some mistake. My name is Helen!"—Pearson's Weekly.

THREE INFANTS PASSED AWAY

Little Chinese Child, First Born in Brantford Among the Victims.

The death of three more infants has been reported to-day, one of which was the Chinese baby boy, the first Chinese child born in Brantford, and the son of Mr and Mrs Lee Hing, Market street. The death occurred yesterday. The funeral took place to-day, only the father accompanying the remains to Mt. Hope cemetery, the mother being too much grief-stricken. It will be remembered this child was born in the Brantford hospital.

Other Deaths Reported

Yesterday the twin baby of Mr. and Mrs. French, 11 Princess street, passed away at the age of eighteen months, after an illness of only two or three hours. The funeral is taking place this afternoon.

Many friends will sympathize with Mr. and Mrs. Chas. A. Priest, 160 Dundas street, who mourn the loss of their infant daughter, Nellie aged 9 months, whose death occurred last night. The funeral took place this afternoon to Mt. Hope.

INSPECTOR EXPLAINS WHAT HIS JOB IS

Mr. Glover Conducts Regularly Inspection of Samples of Bread in City

Inspector Glover stated to The Courier this morning that there might be cases of short weight in bread, but that his inspection had been a thorough one every month, and that the results of the inspection warranted no suspicion that the bakers were turning out a short weight article. From 50 to 100 samples of bread in every shop in the city were weighed at regular intervals, and in some cases the bread was an ounce over-weight. Mr. Glover stated that the act stipulated that unless ten or more samples were found underweight, there should be no prosecution.

In regard to the presence of noxious weeds in certain properties throughout the city, Mr. Glover said it was very difficult in many cases to get hold of the owners. Over 200 notices had been issued recently. Some properties were subdivided and had different owners and it was some job to trace them up. Mr. Glover with his multifarious duties is surely one civic official who is hard worked.

Hove's Life-Saving Record.

At an inquest on Monday on a visitor who was drowned while bathing at Hove, it was stated that there had been no previous case of death from drowning since the Brighton-Hove Branch of the Royal Humane Society was established seventy-five years ago. A boatman, who should have been present at the bathing station, was taken ill during the night, and was unable to get someone else to take his place.

WESLEY CHURCH CHOIR PICNIC

The members of Wesley choir, accompanied by their friends to the number of sixty, journeyed out to Mohawk Park yesterday afternoon and had a most enjoyable time.

After a number of games of soft ball, in which the ladies showed they were quite skillful at the game, the ladies had a game of football which was, to say the least, quite interesting. All then sat down to a well spread and prettily decorated table, thanks to the ladies of Wesley church, who are noted in this particular for their hospitality.

After every one's wants had been fully satisfied, the keenest interest was shown in the events which were now in order. Fifteen very handsome prizes had been given by various friends, for the events that took place and are as follows:—

Throwing Baseball—Miss L. Barwell.

Shoe Race, 10 Yards—Frank Harris.

Egg and Spoon Race—Miss B. Stevenson.

Tug of War, 2 ladies to each man—Won by the ladies.

Ladies' 50 Yard Dash—Miss H. Oavery.

Blindfold Race, 25 yards—Mr. Bruce Swartz.

Married Ladies Race, 50 Yards—Mrs. Farr.

Fowl Race, 25 Yards—Mr. R. Hadden.

100 Yards Dash, Single Ladies—Miss Clara Brown.

Partners Race—Mr. and Mrs. Brown.

Bear Game—Miss Buck, Horsnell, and Mr. McGowan.

Wheelbarrow Race—Russel Moyer and O. Fennel.

Dr. Robinson and Mr. Day, principals of the Business College, officiated as judge.

Wedding Bells

SAUNDERS—HANNON

A very quiet and pretty wedding took place in St. John's Anglican church Tuesday morning at half past ten when Queenie L. Hannan became the wife of Frederick Saunders. The solemn and impressive marriage ceremony was performed by a brother of the groom, Rev. C. W. Saunders, rector of the church. The church was beautifully decorated with flowers for the occasion. Miss Suddaby officiated at the organ and rendered the wedding march. The young couple were unattended.

After the ceremony a very dainty wedding breakfast was served at the residence of Mrs. McLean, 43 Brant Ave. The happy young couple left on the afternoon train for points east to spend their honeymoon.

Laid at Rest

Charles Yallop

The funeral of Charles Ernest, infant son of Mr. and Mrs. Herbert Yallop, took place yesterday from the residence of the parents, 13 Park Ave. East, to Mt. Hope cemetery.

The Rev. R. D. Hamilton officiated. The service was very impressive. Among the floral tributes were: Sprays, mother and father, Mr. D. Dickson and family, Mr. and Mrs. B. Lee, Mr. Meates, Mr. and Mrs. John Saddington, Mr. and Mrs. John McIntee, Mr. and Mrs. F. Howard, Mr. Livingstone.

Jean McQuinn

The funeral of Jean, the infant daughter of Mr. and Mrs. Murdoch McQuinn, 14 Balfour street, took place yesterday afternoon from the residence of the parents to Mt. Hope cemetery. Rev. J. Whitehead of Balfour, sixth Presbyterian church officiated. The following floral tributes were received: Wreath, Matthews-Lang Co. Sprays, Mr. and Mrs. J. Cleator, Balfour St. Sunday school, Mr. and Mrs. R. Feely, Margaret, Ronnie and Raymond.

There passed away at her late residence, 122 Albion street, early this morning, Francis Littel, beloved wife of Mr. J. L. Richmond, after an illness of two years. The late Mrs. Richmond was in her 52nd year, and a member of Brant Avenue Methodist church.

Besides a sorrowing husband, she leaves to mourn her loss one daughter, Mrs. (Dr.) Tanner of Moosehead, Sask., and one son, J. E. L. of Prince Albert, also one sister and two brothers, and many friends, who will share with the family in the bereavement. The interment will take place at Cambelford. The other funeral arrangements have not been made.

Hydro Off Again.

LONDON, Ont., July 31.—For the eleventh time in the month of July the hydro-electric power which propels the cars of the London and Lake Erie Transportation company was off Wednesday and to-day for more than 12 hours. The break was the longest during July, the other interruptions being of short duration. The company was told that it was the usual trouble caused by lightning or defective insulators.

The English city of West Hartlepool claims to be the first municipality to produce electricity in its own plant by waste heat obtained from a nearby iron works.

RED SOX TAKE TWO OUT OF THREE FROM HAMILTON

Took Last Game of Series by a 6-1 Score—Gero Effective in the Pinches—Red Sox are Returning to Batting Form.

The Red Sox took the "good-bye" from the Tigers yesterday in very easy fashion and at the same time they played listless ball and after the first innings did not have a look in. The Red Sox had a long rest securing ten hits. Ivers had a good day with the stick, four hits being credited to him.

Empire Davis had no trouble yesterday as the Hamilton aggregation were not so saucy as on the two previous days. Hamilton scored their one and only run in the opening innings when Gilhooly doubled and Killilea singled. The lead of one run was of short duration, for the Red Sox came back with three in the half. Wagner the first man up was hit by a pitched ball and scored when Keenan singled. Kane hit down the first baseline the ball bounding over the first baseman's head, and Kane and Keenan took extra bases. Ivers put down a short one and Keenan crossed the plate. Powell hit safe and Kane scored. Powell went to second in his anxiety to reach home runners off third. There was a wild chase for a while and finally Powell was tagged between second and third. Slemm and Nelson flew out.

The Third. Things were quiet in the second, but the Sox scored another in the third. Keenan singled; Kane sacrificed him; second; from where he scored on a fly by Ivers.

The Sixth. With one out in the sixth, Coose faced out a threebagger to the left in defense. It was a lucky three base walk. Coose faced in to field the ball in moment over his head and went clear to the fence. Coose jogged home a minute later on a wild pitch.

Last Run. In the seventh the Red Sox made their score read 6-1 when a runner was stranded on the course. After Keenan

Dee Walsh, the youngster, tried out at shortstop by the St. Louis Browns early this season, has been released to the Chattanooga club of the Southern Association. Walsh was sent to Indianapolis recently, but because of his weak batting was returned by the Indians to the Browns.

GRAYS WON SECOND FROM THE LEAFS

Two Passes by Hearne in Seventh Were Turned Into Runs.

THE SCORE WAS 5 TO 2

TORONTO, July 31.—With two down in the seventh "Bunny" Hearne developed a wild streak and passed the next two batters. The score was tied at the time, and "Bunny's" failure to get Platte and Powell, both left-handed hitters, who singled, resulted in the visitors scoring two runs, and taking the lead. This stanza was the turning point of the game, and as the Grays added another in the eighth, they emerged from the second game of the series with a 2 to 2 verdict over the locals.

Ghost Will Not Walk for Southpaw Benton

CINCINNATI, July 31.—President Herrmann, of the Cincinnati baseball team, said yesterday that "Rub" Benton, who was seriously injured when his motor cycle collided with a street car, would not be allowed one penny of his salary, and that the club would not stand any expense while he is at the hospital. Mr. Herrmann said that he had repeatedly requested Benton not to ride his motor cycle.

"The whole affair is an injustice to the club," said Mr. Herrmann. "The injury of Benton means that we will have to get a pitcher or two, and just now pitchers are hard to get."

BRANTFORD LOST LACROSSE SERIES

Red and Black Were Nosed Out of Victory in Final Stages of Game.

The local intermediate lacrosse team was defeated at St. Marys yesterday by the score of 7-6. Until the end of the third quarter the score stood 5-2 in favor of the locals. At the end of the first quarter the score was 2-1 in favor of Brantford; at half time 5-1. Defending the nets in front of the stands the locals attempted to play a defence game. One goal was scored by Brantford and five by St. Marys. The locals were continually interrupted by the band and the spectators—the spectators thronging on the field. Referee Kinder announced on three occasions if the players were interfered with the game would be forfeited to Brantford. During the match Slattery was put out three times. Hearns was also hurt and during the last few minutes of play was in pretty bad shape and upon arriving at the hotel became unconscious, a doctor was called and he was not revived for ten minutes. The local line up was: Goal, Shannon; J. Kelly; point, Harry Collins; cover-point, Nichol, Duncan and Ions; defence, Lawton, centre, Klersey, Campbell, Slattery, home; T. Kelly, outside; Hearn, inside.

Former President J. J. Kelly, of the Canadian Lacrosse Association, said last night that as the Brantford club has defaulted the remaining games in the district after defeat at the hands of the St. Marys team, the latter has won the district championship. London was scheduled to play in Brantford on Saturday, but as the Indians have declined to play their remaining games, London is forced to remain idle. It is hardly likely that London will wait until August 27 to play in St. Marys, but a game will, in all probability be arranged for next week.

Learning a lesson from the career of James Thorpe, most college athletes are playing summer baseball in masks and false moustaches.

POET DEFENDS BOXING GAME

After the recent bout at Ghent between Wells and Cantier several Belgian deputies proposed that such contests be forbidden by law in future. This has given rise to much argument for and against in the Belgian press. The most interesting opinion is that of Maurice Maeterlinck, the author and poet, who pronounces his benediction on boxing in the following words:

"The study of boxing gives us excellent lessons in humility and throws a rather disquieting light on the decay of some of our most precious instincts. We soon perceive that in everything pertaining to the use of our members, agility, skill, muscular strength, power to resist pain, we are at the bottom of the scale among mammals. From this point of view our rightful place would be a modest one between the frog and the sheep."

"The kick of the horse, the going of a bull, the bite of a dog are mechanically and automatically perfect. It would be impossible to improve by lessons the instinctive use of their all our wide, do not even know how to use our fists. We do not really know which is really the weapon of our kind. Until a master has laboriously taught us we are totally ignorant of concentrating and making use of the relatively tremendous force resident in our chest and shoulders. Which two carters, two countrymen who come to blows; nothing more pitiable. Now just contemplate two boxers. No useless words, no anger, the calm of two men who know what they have to do. The athletic attitude of the defense, one of the finest of the manly body, gives free play to all the muscles, the organism. What a noble simplicity in the attack. Three blows, delivered scientifically, spot mathematically the thousand clumsy attempts of the uninitiated. And the struggle ends to the satisfaction of the victor, whose triumph is so decisive that he has no desire to press his victory further and without danger to himself. The vanquished man, who is simply reduced to unconsciousness during the time necessary for all rancor to evaporate. Shortly after the loser rises without lasting injury for resistance of his bones and of his organs is in a strict and natural position to the strength of the human weapon which has struck him down."

HUSBAND'S RINK IN THE RUNNING

Scotch Doubles at Buffalo--In Sixth Trophy Round.

BUFFALO, July 31.—The International Trophy was won for a second time in three years by the Granite Club, Toronto, the Canadian rink yesterday defeating Seagram of Waterloo in one of the hardest fights on record. The eighteenth end saw Canham tying the score. With a bowl to play, the end was very ticklish and he preferred to play an extra end instead of his last bowl.

The energetic Secretary, Mr. Lockie of the Buffalo club, was presented with a purse of gold by the President C. McD. Hay of Toronto R. C. Y. C. on behalf of the association. The association final was also reached and won by McCurdy of Stratford. In the fifth round of the International trophy, Husband's rink defeated McGuire (Buffalo) 15 to 11 and in the sixth the same rink won from Ramsay (Dunnville) 14 to 12.

In the preliminary round, Messrs. Husband and Dr. Gamble defeated Donaldson and Henger (Buffalo) 14 to 9.

Baseball Notes: When in doubt, talk post season series. Looking over the stack of fines assessed against him this season, Heinie Zimmerman can truthfully say that he can't live on \$12,000 a year.

The St. Louis Browns have signed Johnson, an infielder, from the 11th Infantry nine of Houston, Tex., and Wiley Taylor a pitcher, who hails from Austin, in the same state.

Football

At a meeting of the football council held in the Borden club rooms last night, it was decided that player T. Harbor, now playing with the Brant Dragons, and who wanted to be transferred to the Dufferin Rifles, should remain this season with the team he has been playing with.

The draw for the Courier Cup series was made last night, and it was decided that the All Scots and St. Andrews team should play a game the winner to qualify for the series. The following draw was made: D. Rifles vs. S. O. E. Holmedale vs. Cockshuts. Tutela vs. Y. M. C. A.

The winner of the All Scot-St. Andrew game to play off with the Brant Dragons. Games to be played on the grounds of the first named club. English vs. Scotch: On Wednesday evening next at Agricultural Park two picked teams composed of English and Scotch players, will play an exhibition game. The English team will be composed of: Whelton (Dragoons) or Carey (Cockshuts) goal; Mason, (capt.) (Y. M. C. A.) Stubs (Cockshuts) backs; Morris (Duffs) Roberts (Y. M. C. A.) halves; Tigers' half backs; Plant (Cockshuts) Humphries (Dufferin R.), Gore (Tutela) Mercer, (D. Rifles) Johnson (S.O.E.) forwards. Reserves, Fisher, Boroden and Biggs.

Scotch Team: Ohmiston (capt.) (All Scots) goal; Cook (Duffs) McGratton (All Scots) backs; Little (All Scots) Phillips (Duffs) Scott (St. Andrews) half backs; Stewart (All Scots) Connochan (All Scots) Richardson (Cockshuts) Paul (Cockshuts) Morrison (St. Andrews) forwards. Reserves, Forgue, Garrow and Richardson. Referee—President Speechley. Linemen—A. Bowtle and Wright.

New Players: The following players were graded certificates and have been attached to the following teams: F. Seivier, to All Scots. J. Burns, to S. O. E. G. Mears, to Dragoons. If there is any more interference with players by outsiders during the progress of the games, the council will ask for police protection.

Saturday Games: The games scheduled for Saturday and referees who will handle same are as follows: D. Rifles vs. Cockshutt United, at Agricultural Park, Referee, A. Cassels. All Scots, vs. S. O. E. at Mohawk Park, Referee, P. Farnsworth. Tutela vs. St. Andrews, Tutela Park, Referee, G. Elliott. Tigers vs. Y.M.C.A. O.I.B. grounds Referee, R. Darling.

The Y. M. C. A. will practice as usual on Thursday evening in preparation for their game with Holmedale on Saturday.

Milk and Mathematics: It was an arduous task for the teacher to drum into her youthful pupils the principles of arithmetic. "Now, listen," she said. "In order to subtract things have to be in the same denomination. This 'is what I mean. Now, you couldn't take three apples from four peaches nor eight marbles from 12 buttons. It must be three apples from four apples, and so on."

"Do you understand?" The majority seemed to grasp the idea. One perky little youngster in the rear, however, raised a timid hand. "Please, teacher," he inquired, "couldn't you take three quarts of milk from two cows?"—New York Globe.

HAVE YOU A HORSE? If you want to keep him in shape, never let him suffer pain. Rub on "Nerviline"—it is noted for curing strains, swellings and stiffness and sore muscles. For internal use in curing cramps and colic, Nerviline is a perfect marvel. In every good training stable you'll find Nerviline because it keeps horses in trim and reduces the veterinary bill. Farmers, stockmen and all horse owners should buy Nerviline and prove how valuable it is. Good for man or beast 25c. for bottle at all dealers.

THEY ALWAYS HELP THE OLD FOLKS

Why Mrs. Dionne, Praises Dodd's Kidney Pills.

Fine Old Quebec Lady Was Wasting Away When She Turned to Dodd's Kidney Pills and Found a New Lease of Life. ST. MATHIEU, Rimonski Co. One, July 28.—(Special)—"Publish it to all the world that 'Dodd's Kidney Pills cured me.' Those are the words of Mrs. Dionne, an old and respected resident of this place. And she tells that cure was a wonderful one. She had reached the advanced age of sixty-nine years when all health overtook her. From 181 lbs. she wasted away till she weighed only 120 lbs. and she was a very old woman, indeed. Speaking of her case, she says: 'My back and head ached, my heart troubled me, my sleep was broken and unrefreshing, and I perspired freely at night. I also had a pressure or pain on the top of my head, and I found it difficult to collect my thoughts.'

It was at this stage that Mrs. Dionne concluded that her trouble came from her kidneys, and she turned to Dodd's Kidney Pills. The first box helped her. She took twelve boxes, and is cured. 'Dodd's Kidney Pills always help old people, because when the human body starts to wear out, the kidneys are the first to go. Dodd's Kidney Pills always cure the kidneys.'

TRUTH TELLS. And the TRUTH is Told—In Our Advertisements. By HOLLAND. MERCHANTS have learned that the Truth Tells when the Truth is Told. Hence they are scrupulous that their advertisements are accurate. Back of every advertisement, back of every statement made to attract custom, is the reputation of the merchant, his hope of continued success. Deception may be profitable for a time, but deception cannot be permanent, and the profit based on deception is necessarily brief. Truth is the more effective as it is of longer duration. Falsehood loses its effectiveness as soon as it is discovered. The merchants who advertise in this paper are honest men, and this would make them truthful. But above all they are good business men, and they know that TO BE SUCCESSFUL THEY MUST BE TRUTHFUL. Read the advertisements and profit by them. You can rely absolutely on the statements made in the advertising columns.

THAT Easter was at hand the florists' windows gave full assurance. Old Henshaw's place, just around the corner from a crowded thoroughfare, was a veritable oasis of beauty in the noise and dirt of the city.

Here the mingling perfume of rich exotics, the exquisite feast of color, the delicateness of the green background against which the blossoms were massed, formed a never failing delight to the owner's granddaughter.

"I know it, grandfather, but—that is, I'm keeping it for one of our regulars."

NO DRINKING MAN NEED DESPAIR

The Neal Cure—Greatest of All Modern Discoveries—Offers a Means of Escape from the Curse of Drink. A cure of the Drink Habit is Guaranteed in Three Days no Matter Whether the Patient is a Hard and Constant Drinker, Social Tippler or Goes on Occasional Sprees.

There was wandering in the streets of Toronto lately a homeless man, who at one time held a splendid position, but drink was his downfall.

But this home which was made a hell on earth through strong drink—as every drunkard's is—may be made into a heaven upon earth, as many have been made, as a result of the Neal Treatment.

We undertake to guarantee to effect a cure of the Drink Habit in Three Days, no matter whether the patient is a hard and constant drinker, social tippler, or goes on occasional sprees.

On the third figure the lace resolves itself into frills at the neck and wrists and the becoming tricorne shaped hat gives style to the whole costume. The pretty patent leather shoes worn with these dresses, with their slender strappings across the instep, are all the more attractive because of the simplicity of the costumes.

In another picture of the Bagatelle polo meets, a ultra fashionable girl has a skirt fitted by vertical folds taken in the straight material. The broadened coat on latest lines has the lower part adjusted to the top by a piped seam.

On one figure in a delightfully natural grouping taken at the Longchamps race meet is shown a bib panel that extends

printed silk with a contrasting collar, vest and revers.

In the shaded walk of the Allées des Acacias one of the promenaders wears perhaps the most remarkable of the fashions shown, for the skirt is what is most expected for autumn wear. It is the tailored simplification of the draped skirt, and is notable because it changes the straight up and down shape of the skirt that has been the fashion for several years in tailored suits. The few folds are held in place by the fold ends being stitched down, and the slashed front al-

Fashionable Gowns for the Mature

Perhaps there is no combination of colors more suitable for a woman of this age than that of gray and coral pink, and these are used as the foundation of an elaborate dinner gown worn in a recent play.

The under portion of the toilette forming the entire draped skirt is made of simple coral pink satin, brocaded with slightly darker figures. The upper portion of the gown, made entirely of silk embroidered with tulle, is basqued and crossed in the front, and the sleeves, also composed of the tulle, are gathered all the way to the wrists, being a continuation of the tulle-bodice. A gray velvet belt, finished at the back with two satin covered buttons, adds just the right touch of gray to

harmonize nicely with the first marks of age that show in the hair.

The problem of the evening gown, always Dark antique blue and velled cerise colors which combine to make an attractive afternoon walking gown suitable for

moderately warm weather. This model, because of its rather startling combination of colors, would, perhaps, better become the slim woman. The skirt of the costume, composed entirely of the dark blue silk, is generously draped, the fulness coming just above the left knee. The Russian blouse tunic of mousseline de soie, the same color as the blue, is backed by corse silk, of the same material as that of which the skirt is made. The tunic ends just above the draping at the knee,
