CIVILIANS ON PARADE IN PARIS CELEBRATE ALSACE-LORRAINE DAY

Entire Population of Capital Took Part in Fete GALA SUNDAY

By Courier Leased Wire.
Paris, Nov. 17.—Today was Alsace-Lorraine day in Paris. The day was celebrated not by victorious troops marching through the city, but by countless processions of civilians on parade before ten thousand troops scattered along the route from the Arch De Triomphe to the Place de la Concade, and then past the monuments of Joan of Arc, Gambetta and Lafayette.

It is estimated that 200,000 members of societies of every social kind marched in the processions, and it seemed as if the remainder of Paris, taking advantage of the clear, cold weather.

CONGRATULATE PREMIER.
Paris, Nov. 17.—The cabinet, the under Secretaries of State and Government Commissioners, waited on Premier Clemenceau this morning at the Ministry of War to congratulate the Premier on his patriotism and indefatigable labor in bringing victory to France.

The Clemenceau ministry, being just a year old, an artistic souvenir was presented to the Premier. It was a booklet commemorative of the government's work and contained among other illustrations Daumiers pictures of Don Quixote and Sancho Panza.

REMEMORING IN MULHAUSEN.
Mulhausen, Nov. 18 (Havas Agency).—No words can picture the triumphal entrance of the French troops into this city nor express the wild joy of the people who crowded the streets to applaud their liberators. Flowers, tobacco and cockades were thrown to the soldiers as they marched along.

General Hirschauer headed his troops. Men and women rushed forward and plonally kissed the flag borne by the 54th infantry. The cheers of the populace grew until the troops arrived at the city hall, where the city authorities welcomed Hirschauer and his staff.

HUNS LEAVE BRUSSELS.
Paris, Nov. 18.—The last German troops left Brussels yesterday, according to a dispatch from the Havas correspondent on the Belgian front. Extraordinary scenes were witnessed around the North station from which most of the enemy soldiers departed. Wishing to have money to take home with them, they sold everything they owned or had stolen. Some laid out objects on the sidewalk and cried their wares in loud voices. Among the articles offered for sale were blankets, clothing and shoes, as well as wool and copper goods taken from the inhabitants of the city.

Australia Declares it Imperative Captured Possessions be Retained

By Courier Leased Wire
Melbourne, Nov. 17.—The Australian senate today passed the resolution, moved by the ministry last week, providing that it is essential to the future welfare of Australia that the captured German possessions in the Pacific and elsewhere, by Australian and New Zealand troops, should not in any circumstances be restored to Germany. The resolution also provided that in the consideration and determination of any proposals affecting the destiny of these islands, Australia should be consulted.

WAR VETERANS WOULD REPORT ENEMY ALIENS

Favor Returning Interned Foreigners to their Native Countries

The following resolution passed by the Great War Veterans Association was adopted by the Brantford branch on Saturday.

"Whereas there are at the present time interned in the Dominion of Canada, some 40,000 enemy aliens, who have during the past four and a half years, been provided with the necessities of life at great expense to the Government without making any return in labor performed or otherwise.

"And whereas these men were originally admitted to the Dominion in the belief that they would prove themselves useful and law-abiding citizens, have shown themselves to be such a menace to our country that it is necessary to deprive them of their liberty.

"And whereas the rapid influx of our soldiers returning from the front will provide unemployed enemy aliens deported and sent back to the countries from which they came."

UNITY KEYNOTE OF KING'S MESSAGE TO U.S. FLEET

His Majesty Hopes to See British and American Peoples Advance Together Along Path of Progress

By Courier Leased Wire.
London, Nov. 17.—At the close of the entertainment given for American soldiers and sailors and war workers at the Palace Theatre tonight, Vice-Admiral William S. Sims, commander of the American naval forces in British waters, read a message he had received from King George in answer to a letter sent to His Majesty by himself and Major General Biddle in behalf of the American sailors and soldiers present. The King's answer read: "It is with feelings of gratitude and sincere pleasure that I received the letter you addressed to me in the name of the American sailors and soldiers who are assembled this evening under the auspices of the British committee for entertaining American forces. In the unity of our cause and our memories fostered by comradeship in arms, I see the realization of my greatest hopes, that the American and English peoples, united by the ties of closest friendship, will ever advance together along the path of progress and civilization."

(Signed) George R.I.

Cheers were given for King George and the National Anthem was sung with enthusiasm.

BELGIAN ROYALTY WELCOMED AT GHENT

Streets of City Thronged With Cheering Thousands as King Albert, Queen Elizabeth and Prince Leopold Made Triumphant Entry

By Courier Leased Wire.
Ghent, Nov. 17.—(By the Associated Press.) King Albert, Queen Elizabeth and Prince Leopold, of Belgium made their official entrance into Ghent today. Huge crowds, delirious with enthusiasm, lined the streets. The royal party moved through cheering throngs and showers of roses and chrysanthemums. Every balcony, window and roof was covered with people, some of whom sang patriotically near to citizens and soldiers.

The royal party entered through the Bruges gate at 11 o'clock. The King wore the uniform of a Belgian general, without decorations. Prince Leopold, in the uniform of a private soldier of a second line regiment, rode a white prancing Arabian. Both the King and the Prince had steel helmets on their heads. The King rode a tall bay horse. The Queen looked slender and girlish as she sat on her huge brown horse with elegant ease. She wore a simple champagne colored habit.

The troops which entered the city were quartered at Ghent. They were given a great reception by the citizens, their battered helmets and tattered uniforms bearing evidence of the recent fighting. The flag borne by the troops was inscribed with the name of "Clarehem." The place where this division smashed the German line of September 28 and entered Houthulst forest.

The royal party halted in the centre of Place d'Arms and reviewed the whole First division, these soldiers being veterans of the whole four years of war. As the regiments filed past with their hands playing, the King and Prince saluted and the Queen bowed and smiled.

As the crowds cheered, the King seemed deeply affected. Prince Leopold was weeping and, impetuously, being busy by curbing his nervous steed.

Silvone Van Der Luyck, a ten-year-old girl, stepped through the line of Langens and presented a bouquet to the Queen. An aide lifted the child and the Queen kissed her on both cheeks. The little girl then returned proudly to her mother and exclaimed with mingled pride and awe: "Mother, the Queen kissed me."

Queen Elizabeth's gracious act was cheered by the throng.

The crowd then sang the "Brabanconne" and wound up with a tremendous outburst of applause. King Albert then went to the city hall, where he was received by Acting Mayor Asselens, who expressed the admiration of the citizens for the breaking up of the German front.

Will Brave Wrath of New German Government

LONDON HEARS

By Courier Leased Wire.
London, Nov. 18.—Bulletin.—The Potsdam Soldiers' and Worker's committee learns that William Hohenzollern intends to return to Germany because of disturbances, according to a Copenhagen dispatch to the Exchange Telegraph company. The Lokal Anzeiger of Berlin states that he is likely to be permitted to return.

Prince Eitel Frederick, son of the former Emperor, has appealed to his comrades of the Potsdam garrison to place themselves at the disposal of the new government in Germany.

LUXEMBURG DEMANDS THAT DUCHESS QUIT

Duchy Would Become a Republic and Atch Itself to France—More German Kinglets Quit Their Thrones

By Courier Leased Wire.
Geneva, Nov. 18.—The Lausanne Gazette says it learns the people and parliament of Luxembourg will demand the abdication of the Grand Duchess of Luxembourg, who is considered the symbol of German intrigue. The members of the Liberal party desire the Grand Duchess transferred into a republic and attached to France. The newspaper adds that the Grand Duchess learning of the general opinion of the people of the country, replied that she would ready to abdicate after a general vote had been taken on the question, but not before.

Basel, Nov. 17.—More of the smaller German principalities have followed the example of their larger neighbors and have taken steps toward establishing republican forms of government.

Saxe-Meiningen has been proclaimed a republic, and all estates owned by princes are made public property. A special dispatch from Karlsruhe says that the provisional government has announced that Grand Duke Friedrich II has abdicated, and that Baden is a free republic. A constitutional assembly will later determine the form of government to be established.

A Pleasant (?) Surprise.
Meaux, Holland, Saturday, Nov. 18.—Count Charles von Bentinck, son of Count Godard, in an anglo-german newspaper, writes that he was unaware of the intended coming of the German Emperor until Sunday when the Dutch Government telephoned asking that he should receive the exiles. The Count agreed as a duty to the Dutch Government.

The former Emperor's host seemed somewhat embarrassed over the delicate charge given him, as his family has considerable English connections. Count Charles said that he asked the former Emperor: "Well how long will you remain?"

"The Emperor and the Dutch Government," was the reply.

"There are no indications that the former Crown Prince intends to join his father."

Bill's Wife Joins Him.

Karl Says He's Through.
Geneva, Nov. 18.—(By the Associated Press.)—Former Emperor Charles of Austria, who is still in Vienna, announced the through in an autograph letter to Count Karoly, president of the Hungarian national council, says an inauspicious despatch received here.

The despatch adds that the former monarch is now wearing civilian clothes and that he says he is entirely finished with state affairs and wishes to live in the future as a private citizen.

Four Million Mark Passed by Big Margin; Brantford, Paris, and Townships of Dumfries, Brantford and Burford Win Honor Flags

MINISTERS OVERSEAS
By Courier Leased Wire.
Ottawa, Nov. 18.—Sir Robert Gordon and party arrived safely in London last night. Sir Robert is accompanied by Sir George Foster, minister of trade and commerce; Hon. Arthur Sitton, minister of customs; Frank Jones, vice chairman Canadian War Trade Board; Dr. James Robertson, representing the Department of agriculture; Col. C. M. Biggar, representing the Militia Department; and E. M. Draper, secretary of the Trades and Labor Congress. Hon. C. J. DeLor, minister of justice and Lloyd Harris, chairman of the new Canadian Trade mission in London, left a few days ago to join the party in London.

with Paris close at its heels. Saturday Brantford and Burford townships passed their objective, and hastened to claim their "garrison" Ontario and Ontario townships have also failed to reach the mark, and the other municipalities have subscribed more than sufficient to offset their falling short.

The canvassers put in a record day's business Saturday, receiving until late at night in order to ensure the victory they saw within their grasp. The banks of the city were open until six o'clock, and the big business. Hats off to Brantford, the county of Brant, and the "divided" municipalities of the latter district.

Since neither word of oars can raise the dear lost lots of other days. The legion "gone before" the how shall we grudge the yellow gold.

To beat their loemen down, Where the Red Hussians' pitiless hold Sacked city, pillaged town?

"Over four million, and still going strong," was the report forwarded to the Provincial headquarters late Saturday night from the district Victory Loan officials. Brantford did not grudge. Brant County did not grudge, instead, both went over the top with a splendid margin, in the last call of the world war, a Victory Loan which is that in every sense of the word, a loan which is a peace loan rather than one of war. One move, as on countless occasions during the stirring days of the past fifty-one months, Brantford has stood true to her promise, redeemed her promise and vindicated the proud honor of her name. Today, she is one of many municipalities who are entitled to the honor, flag and token of having surpassed her as its honor flag. This city was next.

CHANCELLOR'S PEACE POLICY WAS SHATTERED

By Courier Leased Wire.
Copenhagen, Nov. 18.—(By the Associated Press.)—The former imperial German chancellor, Prince Maximilian of Baden, has issued a pamphlet in which he writes: "My peace policy was entirely upset by the proposal for an armistice, which was handed to me in complete form on my arrival in Berlin. I fought against it for practical and political reasons. It seemed to me that the proposal to allow the first step toward peace to be accompanied by such an unambiguous admission of Germany's weakness.

"Neither the enemy powers nor our own people would have accepted any situation such as to make desperate measures necessary."

Prince Maximilian says that he informed the Emperor that it would have an important effect if the Emperor decided to abdicate of his own free will as by so doing he would probably be able to save the country from serious disturbances. But other important circles tried to convince the Emperor that his abdication would be the signal for the breaking up of the German front.

NORFOLK NEWS

NORFOLK COUNTY OVER SUBSCRIBED

Victory Loan Objective Was Passed — Celebration Held in Simcoe

OTHER SIMCOE NEWS

(From our own Correspondent)
Simcoe, Nov. 18.—When on Saturday morning it was apparent that the Victory Loan would go over the top, the committee announced a celebration to take place on the county square at 3.30.

Representatives from outside were called up and responded promptly, and about fifteen hundred assembled during the previous half hour, while bells and factory whistles announced victory at home.

His Honor Judge Boles, county chairman, presided on a platform erected at the entrance to the court house.

The presentation of banners, flags and crowns not previously presented, proceeded.

Dominion Canners Qualified
Both the process plant, and the can plant at Dominion Canners subscribed over 75 per cent of the employees, and over 10 per cent of the annual pay roll. Messrs. F. E. Geddes and A. Richards received the banner for the former and Messrs. T. Cardiff and Geo. Gibbs that for the latter.

In reply to the remarks of the doctor, Mr. Geddes stated that he wished the Finance Minister to be informed that if there was need for further loans, the can factory was ready for the call. The employees put up \$33,000, and Mr. Geddes had more applications in his pocket.

Nothing Impossible in Simcoe
Mr. Geo. J. McKie, county organizer, observed that Simcoe had a self proposition. Allotment had been made on an assessment basis, and Simcoe is assessed on a cash value basis.

Port Elgin has been boasting of her wonderful achievement when they reached their objective with \$25 per capita. Simcoe had to raise \$38.44 per capita to get the flag, and when the objective was raised had to get \$50,000 additional. "And we got it and are out for a crown. Nothing is impossible in Simcoe."

Incidentally the organizer mentioned Senator McCall and the Innes family among those who gave the local committee splendid encouragement when the workers began to lose heart.

Mayor Shiller received from the last speaker Simcoe's honor flag. He congratulated the workers and the investors, expressed his thorough appreciation of the result, and before retiring expressed his hope that Simcoe would see to it that one could never say the town had any "time neglected the widows and orphans of those who had given their lives overseas."

The County Flag
Col. York of Waterford, vice-chairman of the organization, presented to Mr. Geo. McKnight, the Windham flag. This was a genuine surprise, as few expected old Windham would make the grade. She had fallen down last year.

Warden Buck breaks
The Judge hunted Warden John L. Buck a double charge, an extra crown for his local committee and the splendid county flag. The warden will have a time to find a wall in the county building with an un-

broken space large enough upon which it can be spread.

"This loan is the life-blood of our country's trade and commerce. Without it business would cease, and a calamity would result," said the warden. "The war has made Canadians better citizens in moral rectitude, truth and righteousness."

See Cook Proud of Native Village
W. E. Sutherland, of Delhi, was next called. The village as H. F. Cook observed, had led the county—had put up over \$100 per cent of population, and coupled with Middleton was first to win the honor flag. In presenting an extra crown, (the second one) to Mr. Sutherland, the speaker remarked that he was proud to call Delhi his birthplace.

Jump in the Water is Fine
Capt. Frank Reid "spoke in" saying "It's not too late yet. There is no safer investment on earth. You trusted your boys to your country, and offered them freedom. Now have your country money to bring them home."

Though the final figures will not be available till to-morrow at least, five divisions exceeded the allotment, and a sixth, Waterford and Townsend, were within seven or eight thousand of the mark shortly before midnight. The total by phone at 11 o'clock was \$1,407,450 against a final allotment of \$1,000,000 for the whole county and \$443,000 for Simcoe, whose allotment was \$325,000.

Must Have a Brass Band
From what one picks up about town, it is quite evident that we have not for two years past been the only citizen who wishes that Simcoe should have a citizens brass band. No celebration proceeds very well without one. The need was felt keenly on Monday and Saturday of last week. A good band is a better asset to a town than 17 boards of trade as we have had them in Simcoe for the last decade. Peace to the ashes of the last departed—were it not for the nature of its operation, no doubt Dominion Canners would have had a band long since, but there's too much over-time in rush seasons there for such.

The subject was threshed out pretty well informally by the 1917 council and loomed up again early in 1918. What appeals most now is a citizens band, in citizen's band uniform. We have had enough of war. The big drums, wherever carried, should indicate the home of the organization. The town had a band years ago, and what the "instrumments, but the institution passed gradually over to the militia, and today perhaps not one of the old pieces could be brought to the fore. It is then, that we make a new start. And if we are to have a band, as Mr. Purcell advises, let us have it right away, and let busy. And in order that the council may keep in touch, let it be essential that at least one member of the council be a member of the management committee of the band.

More Early Closing Trouble
Early closing is again in the air, why not? This time it's with the school's Rev. M. S. Fulton, at the close of last evening's service, made an appeal for a sane consideration of

ways and means of overtaking the school work delayed through the epidemic, and protesting against overworking school children. The writer has been invited to discuss the problem, but is unable to do so intelligently with the data at hand. We do not know what the school hours are at present. Neither do some members of the board of health that information and the conditions as to per capita amount of air space, and efficiency of ventilation it would not be difficult to reach a conclusion.

In one notorious room in the old school, if we are to believe reports one hour before and one hour after noon would be quite sufficient. As the new school pupils who are in normal health, should receive no injury from a 9 to 12 and 1.30 to 4.00 attendance, with 15 minutes interruptions. "In the country they have half an hour more at least. And from the comparative progress made at high school, the county pupils do not appear to have been suffering for the past half century."

The writer would advise allowing the primary and first book pupils half an hour or so of a start for home in Simcoe. They would be the more likely to get home with their clothing and books intact, and to wear their caps along the way. Now, as stated at the outset, we do not have the means to make this page is open for opinions on the subject. Babble and to the point, sign your name.

One way to make time is for pupils to go to school, regularly and punctually for the remainder of the year. Perhaps one hundred have "fallen down" in this regard already.

An Unrecorded Casualty
Through the aid of last Monday's joyous occasion, came to light a casualty that has not been recorded locally: "Walter Jarvis, Killed in Action Oct. 1st."

He was a son of Edward James Jarvis, of Carlisle, and he enlisted in Simcoe on January 11th, 1915 and left Simcoe with the second contingent. He had been three years in service in France but had never before been wounded. His parents lived in Simcoe for a time since his departure but subsequently returned to the farm. Mr. Jarvis had driven one of the creamery routes.

We are informed that the casualty has not heretofore been noted locally.

S. A. Transfer
Adjutant Wiseman has been notified of his transfer from Simcoe. He has been with the Salvation Army here for more than a year and will say farewell next Sunday. Mr. and Mrs. Wiseman have conducted a faithful ministry to the needs of their Simcoe people, and though not yet advised of their destination, they will leave Simcoe with the general good wishes of the community.

Odd Ends of News
Lt. Hugh M. Bell, formerly news editor of The Courier is visiting in town.

Constable Neilson followed a clue to wood stealing in the north ward a few days ago and found the goods at the dwelling across the fence from the pile of wood that had been meddled with. Apparently children were sent to throw the wood over the fence.

Mr. and Mrs. George Hunsberger of Eschenolle have passed a twelfth birthday anniversary and still more to Simcoe within a fortnight.

R. H. Smith of the Bank of Commerce, has been transferred to Montreal and the family will leave town shortly.

W. C. Edgeworth has purchased the Wm. Innes residence on West st., Thos. A. Clayton is able to report usual success after his hunting trip. He went to Haliburton this year and got two deer weighing 130 lbs. and 200 lbs. respectively. Mr. Murland told The Courier that he allowed the smaller ones to pass unmolested.

Dr. Wm. Muir returned from Muskoka Saturday. He had been out as game warden.

"What's the war news," said a youth as he approached the Courier bulletin on Saturday. It's difficult to appreciate that the war is for others than the boys appreciate this.

DIGGING FOR GOLD
Every time a large project is under construction many people hope that the deep cuttings involved will result in the discovery of gold and other valuable minerals. Many hopes were based on the construction of Mount Royal Tunnel, but they were not fulfilled. One project, now been completed and was opened on October 21st, on which date the Canadian Northern Railway established through train service between Toronto Union Station, Ottawa Central Station and Montreal Tunnel Terminal, 415 Leguachetiere St. W. Two blocks from the Windsor Hotel, Windsor and Bonaventure stations.

Rail, sleeping and parlor car tickets are obtainable at all Canadian Northern Ry. ticket offices, or John S. Dewling & Co., Agents, Brantford, Ont.

PREMIER BORDEN REACHES LONDON

Prime Minister Is In Old Land to Attend Coming Peace Conference

By Courier Leased Wire.
London, Nov. 18.—(Canadian Press via Reuters)—Sir Robert Borden, Premier of Canada, reached London today to attend the peace conference. He was met by a distinguished gathering, including Premier Lloyd George and Col. Claude Wilton, representing the King. A guard of honor of the 17th Canadian Reserve Regiment was drawn up on the platform.

Sir Robert drove off with Mr. Lloyd George amid enthusiastic cheers from large crowds.

Sir Robert interviewed by The Morning Post stated that since his return to the Dominion he had been in constant communication with Mr. Lloyd George who warned him several weeks ago to be prepared to start for Europe.

Sir Robert said that he was happy to know that Canadians had borne a worthy share in the great military events which had brought the war to its glorious conclusion. Their achievements were never more splendid than in the closing months of the fighting.

The problems ahead, said Sir Robert, were perhaps even more difficult than those faced during the fighting, but Canadians would confront them with equal courage, resolution and confidence.

Providence Bank Sees Further Menace in Threatened Increase in Prices

Providence, R.I., Nov. 18.—The Merchants' National Bank of this city has issued the following letter to its customers showing the effects of the war upon the newspapers of America:

"About a hundred and fifty newspapers in the United States have been forced to suspend since the beginning of the war, owing to the advance in the cost of labor and news print paper. Two hundred and fifty of newspapers have been forced to consolidate so as to reduce printing expenses sufficiently to enable them to keep going."

"The 100 per cent increase in publication costs has been due to the extraordinary rise in news print paper, which has advanced 300 or 400 per cent within four years, publishers expending much difficulty in securing necessary supplies even at these unprecedented prices."

"Publishers are being compelled to reduce the size of their papers under Government restrictions, so as to make the existing supply go as far as possible."

"Eighty dollars a ton is predicted soon for news print paper, \$20 or \$30 in normal times a price would work their ship."

WEAR RUBBERS THIS WINTER and Save Your Shoes.

REPEATED soakings take all "life" out of leather shoes. Leather, that has been worn unprotected through rain and snow, soon becomes stiff and hard. The shoes wear quickly—often crack—soon get out of shape.

Rubbers prevent all this. They keep the boots dry—prevent you from slipping on icy sidewalks—and guard you against catching colds.

Wear rubbers this winter—see that the children do so—and save your shoes and protect your health.

There's a style and shape for every shoe—for men, women and children—in these six brands of rubbers, sold by leading shoe stores:—

"Jacques Cartier" "Merchants" "Maple Leaf"
"Granby" "Dominion" "Daisy"

Ask for these brands—they are the best to buy.

To Subscribers in Arrears

Paper Controller Orders Cutting Off of Unpaid Subscriptions!

Mr. R. A. Pringle, K. C., the Paper Controller of Canada, has issued an order, effective January 1, 1919, which says:

"2. Discontinue sending paper within three months after date of expiration of subscription, unless the subscription is renewed and paid for."

There are many other restrictions imposed, but this one is the most important. Therefore, from now and the end of the year The Courier's subscription list must be overhauled and put on a paid-in-advance basis, in order to comply with a governmental order.

Accounts have already been sent out to those in arrears, but subscribers do not need to wait for a "dun" to spur them to action. The date on the label affixed to the paper sent to mail subscribers tells the story. City subscribers can learn how their subscription stands by referring to their last receipt.

The reason for this regulation of the Paper Controller is that it is the practice of some publishers to send their newspapers until ordered stopped, and this practice means a failure to collect anything for subscriptions in arrears, in which case there is a virtual waste of paper. It is to prevent paper waste that the new regulation has been decided on.

The manufacture of paper consumes labor, wood, coal, chemicals and transportation facilities, and every ton of paper saved means just so much labor, raw materials, chemicals, fuel and transportation available for urgent war needs. For these reasons the Government insists that paper shall be saved and proposes that only those who pay for their publications shall receive them.

Under these regulations The Courier will have no choice in the matter of dealing with subscriptions in arrears for over three months.

Send in your subscription at once. Do not delay, the collectors will regularly on city subscribers. Keep your account up-to-date.

THE WIFE

BY JANE PHELPS, AUTHOR OF "MARGARET GARRETT'S HUSBAND," AND OTHER NOTABLE STORIES.

Mrs. Curtis Gossips With Clara Roberts About Brian.

CHAPTER LXXVII.

Brian had flushed when Kenyon Roberts had asked him where the business college was situated. Had he not, Kenyon would have thought nothing of it, as the locality was one in which such a school might well be located. But that sudden flush and embarrassed look, though gone in a moment, told a story to the astute young lawyer.

They had a gay time while eating the rabbit and Ruth felt sure she was going to be very happy again, now that she was at home. Once more she thought: "I will ask Mr. Mandel not to send me away often than is absolutely necessary; and not for so long a time." She would not be more than half way in trying to be together all they could.

When they were preparing for bed, Kenyon Roberts said to his wife: "I wonder what Hackett is up to?"

"Why—what do you mean?"

"Nothing much—perhaps it is my notion, and I should say nothing about it even to you. But when you and Ruth were making the rabbit trying was located, and he said: "Down near the Square" and flushed peculiarly. The queer part of it is that I have seen him several times lately—while Ruth was away—going in that direction with his arms full of paper bundles. Looked like groceries."

"Nonsense! what would he be carrying groceries down there for?"

"I'm sure I don't know; but I hope he isn't carrying on an affair with one of those village girls. Ruth is too nice a woman to be up against anything like that."

"You remember that Mollie King we met that night we called on the

"Yes, why?"

"Well, I met Mrs. Curtis the other day. She is pretty much of a gossip and she told me that Miss King and Brian used to be 'thick as thieves.' Perhaps he goes there. She lives down there near the Square."

"I hope not! although I recall nothing favorably impressed with 'Miss King.' She seemed a good sort."

"I liked her too! Mrs. Curtis said everyone liked her; and that her friends were astonished when Brian married Ruth. He had been going with Mollie so long, they thought he was going to marry her."

"Too bad Ruth has to be away from him so much." Kenyon yawned. "We men don't like to come home to a woman's home, you know?"

"All men aren't like you," Clara answered, then they both forgot Brian and Ruth, in planning something for themselves.

"Well, Brian, how did you get along?" Ruth asked after their guests had left.

"Pretty well. I'm a little clumsy with my hands. Guess they are too big."

"Have you a good teacher?"

"Pretty fair, I guess." Had Ruth been looking, she would have seen him flush as he had when Kenyon Roberts had questioned him.

"Man or woman?" Ruth was brushing his hair and did not look up as she put the query.

"A woman; what pretty hair you have Ruth," adroitly Brian changed the subject.

"Do you think so?" pleased at the compliment.

"Of course I do! did you have a good game to-night?"

"Very! Clara won, and you know how pleased she is when she does win."

"Roberts tell you any news? Has he any more new clients?" Brian unconsciously was a bit jealous of Kenyon Roberts, yet he liked him better—but he thought it fine you were studying typing, again Ruth veered around to the subject, "he said he had taught himself, but that he did not type correctly, although he made good-looking letters and briefs."

"I am learning the touch system," he said he wished he had! that it was the thing to do."

Again Brian changed the subject. He never had told an out and out lie to Ruth, he didn't want to; really had no intention of doing so. Should she ask him, he would frankly tell her that Mollie King was his teacher, but he would not mention asking it he could. Surely there was nothing wrong in that!—so he reasoned.

And Brian really meant no wrong. He had been lonely because Ruth left him, and had taken means to dissipate that loneliness. If Ruth remained at home, he would never leave her after he finished learning to do his own typing.

When he figured, this way, he never gave a thought to the comforts Ruth's salary made possible. Comforts he would now miss almost as much as would she.

PEACE CELEBRATION

Paris, Nov. 18.—(From Our Own Correspondent).—This town that was a little low in responding to the appeal to buy war bonds, made a spectacular guerrier finish by going nearly \$50,000 over its objective. When the books were closed on Saturday night the total amount subscribed for Victory Bonds was over \$308,000, many thousands ahead of last year's total. Two honor flags that for the town being on exhibition in the window of Victory Loan headquarters in the Y.M.C.A. building. The first firm to gain this honor was the Paris Engineering Company, which was received early last Saturday morning. Once again has Paris shown her loyalty in these great war matters. Hurrah for Paris! A wedding of interest to citizens of Paris and vicinity took place at the home of Mr. and Mrs. B. A. McKay of Renown, Sask., the other week when their second daughter, Margaret Grace, was united in marriage to Walter B. Neely, erstwhile son of Dr. A. Neely of Renown, Sask. Mr. Neely is a member of the Y.M.C.A. and is a very successful business man. The bride was a former Paris young lady, being born and educated here, residing at Paris Station before going out West some years ago with her parents. Her many friends will extend congratulations.

Getting Back Three Million Dollars

THE PAPER CONTROLLER for Canada a few weeks ago added \$12 a ton to the price of news print paper—the kind used in printing the Courier. This addition, following closely upon several previous increases authorized by the Paper Controller, has meant to Canadian newspaper publishers a total increased publishing cost, in the matter of paper alone, in the past eighteen months, of three million dollars. This very considerable sum Canadian publishers must recover from their customers, their readers and advertisers.

In connection with the earlier increases the readers of many daily newspapers have been required to pay \$1 or more per year for their newspapers, while the subscription price of very many weekly newspapers has been increased from 50 to 100 per cent. In many cases still further increases will be necessary.

But all the three million dollars increase in paper costs cannot be loaded on readers; some of this sum must come from the advertisers—this in the form of increased advertising rates. Advertising rates in Canada are, generally speaking, much lower per thousand in circulation than in the United States. Speaking on this point the editor of Marketing, a Canadian advertisers' newspaper published in Toronto, says in his last issue: "In meeting the Canadian publishers' calls for higher rates, advertising buyers should not fail to recognize that for years they have benefited by the publisher's undervaluation of his space, and should be the more willing on that account to recognize the present necessities." To all of which The Courier agrees.

BRITISH U-BOATS WERE NOT IDLE

Sank Twenty-three Enemy War Vessels and Other Craft

London, Nov. 17.—Details can now be given to the part which British submarines played during the war. This service destroyed the following enemy warships:

- Two battleships
- Two armed cruisers
- Two light cruisers
- Seven destroyers
- Five submarines
- Twenty submarines
- and five armed auxiliary vessels.

One Zeppelin, three battleships and one light cruiser were torpedoed but reached port badly damaged. Other enemy craft destroyed were: Fourteen transports, Six ammunition and supply ships, Two store ships, Fifty-three steamships, and 197 sailing ships.

In no case was a merchant ship sunk at sight. Care was taken to see that the crews of all vessels got safely away.

In addition to carrying out their attacks on enemy war craft the submarines played an important part in convoy work.

In the third year of the war one of the British submarine commands carried out twenty-four cruises, totalling 22,000 miles, which probably constitutes a record for any submarine.

WELL DONE CANADA.
 Canada's home army has proved itself worthy of the deeds of the other army at the front in the matter of attaining all objectives in connection with the Victory Loan and going well over the top.

The sum of five hundred millions was asked from the people of this good Dominion and the result, when all the returns are in, will probably be over six hundred millions. One of the great features of the achievement consists of the fact that all classes are so thoroughly well represented and that the number of individual subscribers will prove to be the largest yet recorded in connection with such an appeal.

Locally the people of Brantford, Paris and the rest of the county have every reason to congratulate themselves and each other. The sum of \$3,600,000 was the objective, \$2,600,000 from the city and \$1,000,000 from the rest of Brant. At one period it looked to many as if the amount set might not be attained but those who knew the people of this county best were never alarmed. They remembered that failure had never yet been chronicled with regard to any enterprise upon which they had whole heartedly entered and the outcome has more than justified that belief. Over four million dollars is the response and Brantford, Paris, Burford Tp., Brantford Tp. and Dumfries Tp. are proudly displaying honor flags. To Mr. A. K. Bunnell and Mr. A. Waits who had charge of the city and county respectively and to their workers, the heartiest congratulations are due for the organization efficiency. Mention should also be made of the capital work of the Publicity Committee and of those firms which so generously helped in the matter of keeping the issues at stake so prominently before the people through the public press. The subscribers great and small also deserve to be felicitated upon their unrestrained response, many in the last named class taking bonds at a personal sacrifice.

The whole outcome means that Canada will be safeguarded during the transition period and that adequate measures can be taken with reference to her brave khaki clad men. Moreover there will be the steady Bond Investment during a period of more or less disruption.

The inhabitants of the Dominion never before did so good a three weeks' work, and the beauty of it is that in the undertaking patriotism and self-interest alike were so completely blended.

THE GERMAN FLEET.
 Germany at the commencement of the war had a large and well equipped fleet and the end of hostilities finds it just about intact. The British navy during every minute of the more than four years of hostilities, was eager and ready to try conclusions in force but the opportunity never came. Instead the vessels of the Kaiser clung tenaciously to the Kiel Canal, that harbor of refuge made possible for Germany owing to the mistaken cession by Great Britain in 1890 of the little island in the North Sea known as Heligoland. In return John Bull received from Berlin some doubtful claims to territory in Africa and the whole incident will always rank as perhaps the one big mistake of the late Lord Salisbury with regard to foreign policy.

There was only one scrap of any import, that of Jutland, and even then the British main fleet did not have a chance to get into action. It will be recalled that on the occasion in question the cruiser fleets of the two navies first became engaged and that then the main battle fleet of the Teutons came into play. Beatty and his men in true bulldog style maintained the unequal action in order to allow Jellicoe's heavier ships to come up. Unfortunately one of those North Sea mists developed just as the heavier craft hove in sight and under cover of that the German fleet scurried for Kiel once more. Very naturally their heavier and longer ranged guns had sunk many of the British cruisers but the pluck and tenacity with which Beatty and his men had sustained the terribly unequal fight and the damage they were able to inflict manifestly led the German commanders to realize what would happen should John Bull's Leviathans ever get into the fray. Hence they never stopped un-

til that good canal had been reached once more. This was the action with regard to which the deposed All Highest made his vain glorious boasts of a great sea triumph. As painted out by one writer the German sailor is not and never was the equal of the British sailor. "You cannot make a lot of landmen, machine trained, into the equal of these highly and intelligently trained sailors who, almost born on the sea, have inherited a spirit and prestige that can only be extinguished by death."

With these things granted the surprise has been general that during the closing days the Kaiser and his advisers did not order out the fleet for one last desperate adventure.

Sir Eric Geddes, First Lord of the British Admiralty has expressed it as his opinion that such an order was given and that the men refused to obey—in the years of waiting they had become imbued with the revolutionary spirit which is now so rampant throughout the Fatherland.

Had the vessels at any time ever emerged for the purpose of giving battle no one doubts that complete annihilation would have been their portion. As it is the great pre-eminence of the British fleet, although demonstrated in a practically bloodless manner has none the less been most thoroughly established.

NOTE AND COMMENT.
 Peace celebration last Monday, Victory Loan celebration this. Who was the gent who originally bestowed the term "blue" in connection with that day?

In our moments we may call her "Hogtown" and all the rest of it but when it comes to giving the people of Toronto are some folk all right.

The Huns are commencing to realize that all the money spent on their navy was for somebody else.

In his mad effort to get the Fatherland a supreme place in the sun William of Hohenzollern has seen six other sons obliterated.

City contributors to the Loan stand at about one in four of population. For the city and county together not including the Reserve, the total is in the neighborhood of \$100 per head for each man, woman and child. A fine average all right.

Good old Onondaga headed the county on the occasion of the previous loan and this probably accounts for the people there already having so much invested that they could not secure a flag this time.

Toronto and Montreal had a pretty race of it and the record over one hundred million dollars apiece, is something to boast of.

Buy Victory Bonds Johnny Canuck has materially helped to definitely head off Hun bonds.

Your Problems Solved?
 By Rev. T. S. Linscott, D.D.
 (All rights reserved.)
 Dr. Linscott in this column will help you solve your heart problems, religious, marital, social, financial and every other anxious care that perplexes you. If a personal answer is required, enclose a five cent stamp. No names will be published; if you prefer, sign your initials only, or use a pseudonym.

To-morrow and Next Day—Johnny V. writes me that she is very anxious about the future. The one whose advice the centuries have proved to be safe said, "Take no (anxious) thought for the morrow." Anxiety kept up spells unhappiness and generally prevents us from accomplishing what we otherwise could accomplish. "Fear not for it is your Father's good pleasure to give you the Kingdom." You can depend, if you are living right to-day, that the best of life is yet to come. The future holds in its hand nothing but good for those who are doing right to-day.

"One Who is Slandered" inquires, "What shall I do to counteract the false reports they are spreading about me?" As a rule it is best to ignore all such reports. If you're living right these evil reports will not, in the long run, do you any harm. If, unfortunately, the reports are true, you had better pay no attention to them in any event, but you can make such reports of you in the future to be slanderous. Live right, think kindly of everybody, do all the good you can, keep a clear conscience and you need not be afraid what man can do unto you.

CELEBRATE VICTORY
 A gathering to commemorate the Allied victory will be held in the Collegiate Institute assembly hall to-night by the pupils of that school. Friends are also being invited to attend. Addresses will be given by Capt. the Rev. G. E. Jenkins of the Board of Education, and the Rev. J. B. Potheringham. The musical program will be in the hands of the pupils. The prizes and medals won on sports day will also be presented.

Another Young Brantford Hero
Makes the Supreme Sacrifice At the Front
Wilfrid Maitland Aret Has Given His Life for the Great Cause
 Mrs. J. R. Aret, 67 Brant avenue, received the sad intelligence on Saturday that her only son, Wilfrid Maitland, had made the supreme sacrifice at the front on October 1st. No explanation has been forth-

coming as to the delay in notification. The young hero, who was in his 24th year, first of all entered upon his business career in the Brantford branch of the Standard Bank and was later transferred to the Paisley branch of the same institution. It was in the latter place that he felt that it was his duty to respond to the call for volunteers and he enlisted as a private. He was in a machine gun corps at the time he gave his life for Empire and human liberty, and had then been on the firing line for some time. He was an exceedingly fine character, a loving son and brother, a loyal friend and true exemplar of the highest qualities of manhood, winning and holding friends among all with whom he came in contact. Some six months ago his second cousin, Dr. Charles Aret, of England, passed away and had left him

his heir in token of his high regard. In addition to his mother he leaves to mourn his great loss five sisters, Mrs. McLaren, 171 William street, who's husband is also at the front with the Engineers; Mrs. Roberts, Markdale; Mabel Louise, a nurse in France, and Theresia and Jean at home.
 Very deep sympathy will be extended to the bereaved, in which sentiment The Courier begs leave to join.

BUILDING PERMIT.

A building permit was issued this morning to S. G. German for the erection of a frame garage at 48 St. George St. The building in question will cost about \$50.

SLOWING DOWN.

Building and other lines of outdoor work are now beginning to show signs of the approach of winter. Little work is being begun in the City Works Department owing to the lateness of the season and the impossibility of securing a full staff of men.

DYING OUT.

The flu epidemic is practically dying out in the county and the city and in western Ontario. A very small number of new cases are being reported and those that are not of a serious nature. The epidemic has lost its force throughout practically all of western Ontario.

KILLED IN ACTION.

Lance Corp. Walter J. Sporns, who enlisted with the 125th Battalion, was killed on Sept. 30th, 1918, according to official notification received by his wife. He leaves a wife and one son and one daughter, living on the Mohawk Road. He was a member of the Anglican church and an employee of the Grand Trunk Railway.

DO FOR THE WINTER.

At a meeting of the members of the Brant Medical Association it was the consensus of opinion that one end of the Tabernacle building at present in use as an Emergency Hospital would be sufficient to meet all isolation demands throughout the winter. The adoption of this plan would obviate the expense of fitting up the old post office building as previously suggested.

POULTRY SHOW.

The annual exhibit of the Brantford and Brant County Poultry and Pet Stock Association opens in the old Y.M.C.A. building to-night, with an extensive entry list of feathered and furred creatures. The entry list closed on Saturday. Special prizes are being offered for competition among school children of the city and county.

AFTER FORTY YEARS.

On Wednesday evening, Nov. 13th a surprise was held at the home of Mr. and Mrs. Allen Sedgwick, when their children walked in on the eve of their 40th anniversary. After congratulations were extended, an address was read by their eldest daughter, Mrs. Miller, and a presentation by the eldest son John R., of a handsome limoges china tea set. One striking feature of the evening was that all children being present, even to their youngest son, who is in khaki. After games and music, light refreshments were served. The evening broke up with singing. "For they are all so good fellows."

Mr. and Mrs. W. L. Hughes were week-end visitors in Toronto.

LODGE MET.

The regular monthly meeting of the Brant Chapter, I.O.D.E., was held this afternoon at the Y.W.C.A. The meeting was opened with a short thanksgiving service, which was addressed by the Rev. S. A. Woodside and Rev. C. E. Feakins. A large number was in attendance.

POLICE COURT.

Two drunks were fined \$10 and costs in the Police Court this morning for being unable to navigate a straight course. Nelles Hill on a charge of theft of a horse and buggy which he and another had taken for a ride, and had returned, was allowed to go after paying the costs of the court.

LEPERS' MISSION.

At the regular monthly meeting of the local branch of the Mission to the Lepers an address will be delivered by Mr. Danner, the United States secretary, who has recently returned from China and Japan, where he has been engaged in active work. The meeting will be held on Tuesday in the Y.W.C.A.

LOYALTY CLUB.

The Loyalty Club of the Y.W.C.A. has drawn up its program of work and study for the winter. Miss Maud Hickson is the newly elected president; Miss Dawes, secretary; while Mrs. Shaw, Miss Irene Good and Miss Pearce are convener's of membership, social and service committees, respectively.

SERVICE OF PRAYER.

The concluding service of prayer held Saturday evening at the Y.W.C.A. was well attended. The Trust Club members are greatly indebted to Mrs. White for her inspirational address and expressed the hope that Miss White would at some future time again address the club. The missionary collection for the week was \$2.50.

FISH IN GREAT DEMAND.

Over 250,000 pounds of Government fish ever handled by the Ontario Sales Branch during the first two weeks of November, the largest fortnight's business since the fish policy was put into operation. For months past the demand for Government fish has been growing at a tremendous rate, and now over sixty tons a week are being distributed among the authorized dealers. The bulk of the supply now being received is whitefish from Lake Ontario, chiefly the Bay of Quinte section.

FIRE IN STORE.

Late Saturday night an electric flat iron left in circuit was the cause of a blaze which did considerable damage to the store of M. Cohen, 53 Market St. By the time the firemen arrived on the scene of action the room in the rear of the store was a mass of flames. One stream of hose was laid and the fire was speedily gotten under control and was confined to the room in which it originated. The most damage was done to the contents of the store by water and smoke. A fireman remained there all night to insure its not starting again.

ANOTHER HONOR FLAG.

Another local concern to win the Victory Loan Honor Flag is the Brant theatre, every member of the staff of which has subscribed. In addition to this, a record which holds good all over Canada has been made in the Brant last Tuesday, when the sum of \$77,000 was raised at an impromptu rally for the loan.

TAKING COAL ORDERS.

Mr. Tom Kirby of the local fuel department, has recovered from his recent attack of influenza, and will be at the city treasurer's office between the hours of seven and eight each night this week, to receive orders for fuel from citizens who are unable to get down in the day time.

LICENSE INSPECTOR.

By order in council dated Oct. 14, R. J. Barrett, license inspector for Brant county, has been appointed inspector for the townships of Walpole and Renham and the Village of Hagartyville. Mr. Barrett has given excellent service for years in Brantford and the surrounding district.

AN EMPIRE VISIT.

Four hundred competitors sent in verses to the Royal Colonial Institute, which invited suggestions for an "Empire verse" to the National Anthem's five stanzas. Sir Herbert Warren, Mr. Edmund Gosse and Mr. Lawrence Binyon, decided in favor of the following verse:

Wide over the living seas, Poles and tropic breezes, Our song shall ring, Brothers of each domain, Bound but by Freedom's chain, Shout as you stand, and sing, "God Save the King!"

Mrs. Arthur Cockburn and Miss K. Kavanagh of Drummond and Miss Jean Garner of New York City are guests of Mrs. J. Kavanagh, 232 Brant Ave.

HOW THE ARMISTICE TERMS AFFECT THE CONTINENT OF EUROPE

The map appearing above is largely self-explanatory. The crossed area on the west represents Belgium, Luxembourg and Alsace-Lorraine, which must be evacuated by the Germans by November 25th. The black area next it, on the east is the strip of Germany the allies will occupy. The time for the enemy to evacuate this strip has been extended to December 12. The permission for the allies to go up the Vistula from Danzig across East Prussia has been restricted from "for any purpose" to purposes of affording relief and maintaining order. The withdrawal of German troops from territory east of Germany is to be gradual, as directed by the allies, rather than immediate. The black areas in Austria-Hungary are the districts the allies are occupying. Rumanian troops are said to have occupied Rumanian-inhabited villages in Transylvania, 50 miles across the border. Serbian troops have occupied districts west of Montenegro in former Hungarian provinces.

MISSION SERVICES.

A special week of mission services will open at St. Luke's Anglican Church to-night. The services will be in charge of Rev. Cannon Daw, M.A. of Hamilton.

CITY COUNCIL.

A special meeting of the city council will be called some time this week to deal with matters concerning the emergency hospital, and the recent influenza epidemic.

VICTORY SERVICES.

Yesterday's services in practically all the churches of the city took the form of victory services, reference being made to the triumph of the allied arms, and special prayers of thanksgiving offered, and anthems sung.

NO BULLETINS.

For the first time Sunday since the outbreak of war, The Courier's leaded wire was not open yesterday, and a number of citizens who braved the inclement weather to walk down town to read the bulletins, were disappointed.

COMMUNITY HOSPITAL.

The Brantford Oratorio Society is making arrangements for a community performance of Handel's Messiah to be given during the Christmas holidays as a commemoration of the conclusion of peace. Practices are being begun this week.

A LATE SUBSCRIPTION.

An eleventh hour subscription received at local Victory Loan headquarters late Saturday night came in the form of a check for \$2,000 from the firm of Pratt and Leitchwood. The employees of the company have already opened their honor flag.

OPEN FUEL OFFICE.

The old post office building, which has been in use during the past month as headquarters for the Victory Loan campaign, will shortly be converted into a fuel office, it was announced today. Mayor MacBride is making preparations accordingly.

CONDITIONS AT THE EMERGENCY HOSPITAL.

Conditions at the emergency hospital continue to show improvement daily. Over the week-end there were two admissions and two discharges, there being at present in the building eighteen patients. The nurses are very optimistic and hope that by the middle of next week the hospital will be empty and be in a condition for fumigation.

KAISER SAFE IN HOLLAND?

Is Entitled to Remain There, Declares Lord Robert Cecil

London, Nov. 17.—Lord Robert Cecil, Assistant Secretary for Foreign Affairs, when asked by The Mail and Empire, to-day the status of the Kaiser in Holland, said: "The Kaiser entered Holland as an unarmed German civilian and is entitled to remain as long as he does not do any harm. At least, that is the Dutch Government's opinion." Asked whether the Kaiser could be extradited, Lord Robert said: "Yes, if he has committed an extraditable offence, but you would never go a court to say he is not a political offender. Under both British and American law he is entitled to asylum." Asked whether the Kaiser is only to be taken by physical means, Lord Robert answered: "Yes, unless we asked the Dutch to surrender him as a matter of courtesy." Lord Robert declined to say if the Allies proposed to ask the Kaiser to do this. Asked whether the Kaiser really abdicated, he replied: "We do not know how he abdicated. We are only informed by the de facto Government of his having abdicated. Then he is living as a private person in Holland, where the Crown Prince joined him."

May Be All a Fraud.

Commenting on the revolution in Germany, Lord Robert said: "It is very difficult to be sure how much is real. The revolution was caused by extremists, yet the Government formed without them. Hindenburg died an amazing thing. He accepts the new regime and remains in control of the army, while all permanent officials remain in Government departments. It looks as if it might be all fraud as a means of getting the best of German peace; but peace will not be made on that ground."

Questioned concerning plans by the allied conference pending settlement of peace preliminaries.

Lord Robert replied: "Yes, it is possible to say we propose to lay down a form of definite international agreement on broad lines of settlement, such as Turkey not to retain power over subject races, that Germany will not get her colonies back, and so forth. These peace preliminaries being agreed on, details could be worked out at a conference. Guarantee for general acceptance would be occupation of German soil; also for fulfillment of terms."

Referring to Holland, Lord Robert said: "The political situation in Holland is obscure, but food will solve it. Troops are settling wholly on food prices."

Back to Germany.

Some months before the beginning of the war Alvo's three brothers returned to Germany, but Alvo himself remained. At that time the depression in business had set in throughout the province, and among the firms that were currently mentioned as likely to suffer from a slump in provincial business was that of Alvo von Alvensleben. That the money stringency affected his business is undoubted, but it is a singular fact that, despite any ready money difficulties with which he may have been confronted, he refused to sell his handsome residence and grounds in Kersisdale, although he was offered \$150,000 for them. It is now said that he intended to hold court in this mansion in his capacity as the Kaiser's viceroy when Germany had secured control of the Dominion.

Alvo von Alvensleben was well liked in Vancouver.

He spoke English with the accent of a native and had nothing of the grossness which is usually characteristic of the German—even of the German noble. If this temperament was arrogant, as the Prussian temperament typically is, he successfully concealed the defect. With the people of Vancouver his principal fault will continue to lie in the success with which he concealed his manipulations as a German agent, and a reference which has been made to the fact that he had been a friend of the Kaiser he secured from the British and Canadian members of the social world.

WHAT ABOUT THE FLAG?

Brantford having won its monster Victory Loan honor flag, the next question which arises is as to the disposition of the banner. It was first suggested that it be hung over to the Board of Trade. A few workmen felt that the Trades and Labor council have a voice in disposing of it. The flag is not of substantial enough material to endure much flying. The logical place for it would appear to be in the council chamber of the city hall, where the chief legislative body of the municipality meets. And the council chamber could certainly do with a little beautifying.

Large Holdings.

Of von Alvensleben's large transactions there is no question whatever. His acquired immense holdings and the purchase money was as certainly money from Germany. That he was the Kaiser's agent in more respects than merely a financial one is also fairly well established, and, since his intervention in the United States, the public here has heard stories about him, his transactions and his personal ambitions—some of which are not without good basis in fact. It is asserted that Alvo von Alvensleben, when the Allies should be beaten and Britain's colonies were taken over by Germany, was the Kaiser's nominee for Governor of British Columbia. The idea at the present time seems somewhat grotesque, although a year ago, however, it was by no means such a remote contingency that such an appointment would be made, and at the outbreak of the war it was far from improbable in the minds of German residents that the people of the Pacific Province should have a Prussian pro-consulship established over them.

The Alvensleben family is one of the oldest in among the most prominent of the Prussian aristocracy, and a few years ago it was a not unaccommodated boast by some of our wealthier (Canadian) citizens that they had visited the ancestral castle and enjoyed the hospitality of the Count, the father of the Vancouver speculator.

The arrival of Alvo in British Columbia was most heralded by his being named by his importance as an Imperial Commissioner. But Alvo von Alvensleben is a German of keen intelligence than the majority of his countrymen, and it is altogether likely that the object was to "spy out the land" before announcing himself. He engaged at first in the common business of the Fraser River and married the daughter of one of the most successful miners in the district. It was shortly after this that he established himself in Brantford as a financial agent, to build up what was regarded as the largest business of the kind in the province.

Some seven years ago he was joined by three of his five brothers,

Friends; Government Civil Service; Mr. and Mrs. Wm. Forrest, Detroit, Spray, Father and Mother, Barbers Union No. 298, Geo. A. Elliott, Charles and Florence Welsh, Mr. and Mrs. C. Welsh, Mr. and Mrs. Lincoln Schiller, Mr. and Mrs. J. M. Dyche, Aunt Lizzie and Uncle Jesse, Cousins Florence and Stanley, Mr. and Mrs. S. Porter, Mr. and Mrs. S. G. Read, Mr. and Mrs. Dant, Mr. and Mrs. E. B. Eddy, Mrs. Young and Mrs. J. Lewis.

GOMPERS WARNS "LABOR BOURBONS"

Neither Reduction of Wages Nor Longer Working Hours to be Accepted

Laredo, Texas, Nov. 18.—Samuel Gompers, President of the American Federation of Labor, in the closing hours of the pan-American labor conference, here Saturday, served forms warning that no general reduction of wages or increase in working hours after the war would be accepted without a bitter fight by organized labor.

Mr. Gompers issued a statement inspired by a recent public utterance of William H. Barr, President of the National Founders' Association, that a reduction of wages and longer hours would be the only means to enable American manufacturers to "continue to cope with foreign industries after the war."

Supreme Sacrifice.

To-day's casualty list gives the name of Frank A. McFadden, fourth son of J. W. McFadden, Markdale, killed in action. Over four years ago he gave up a position as commercial traveller in the Canadian West to enlist. He fell on September 20th, serving with the 2nd Battalion. He was a cousin of R. W. E. McFadden, of Brantford Collegiate staff.

MUST PREACH THE GOSPEL AS NEVER BEFORE. Declared Rev. J. R. Turnbull in First Baptist Church Yesterday. GREAT OPPORTUNITY.

There can be no religious union that is not based on the fundamental truths of God's word. The Rev. J. R. Turnbull of Toronto in the course of a forceful sermon on 'The Sinfulness of Jesus,' at First Baptist church yesterday morning. Rev. Mr. Turnbull occupied the pulpit morning and evening, and spoke to two large congregations. Mr. Turnbull also addressed the Bible School in the afternoon.

Mr. Turnbull in his morning sermon made reference to the oft-advanced statement that the religion of the future would be the religion of the trenches, and that the church must preach a new message engendered of the war. This the speaker emphatically refuted.

'Such a belief,' he declared, 'exists only in the mind of a few men who have never seen the trenches.' The majority of returned men he had spoken with had a deeper appreciation of the truths of the old religion than ever before. The church was going to be called upon to preach the gospel as never before, for there were countless hearts which were ready, after four years of war, for the gospel of Jesus which they would have accepted before. We had learned the true meaning of sacrifice and devotion during the past four years, in a manner that could never be forgotten.

Mr. Turnbull expatiated upon the sublimity of the true Christian gospel, which he declared must not be altered. 'Do not let us cloud the issue,' he urged. 'Greatly as we glory in the achievements of our fighting men, do not let us cheapen the great truths of the gospel in the hour of victory.' Instead, he declared that the church must get back to the preaching and teaching of positive truths with greater vigor than ever before. A great opportunity in the field of religious work had presented itself to-day. Illustrating the position in which the church of Christ stood, Mr. Turnbull related an anecdote of a brother churchman, who had been walking down the streets of London with a strapping big Scottish sergeant, who saluted a dapper little lieutenant, who passed him.

'What?' queried the clergyman. 'A great fellow like you must salute such a puny little creature as that?' The Scottishman's eyes flashed fire. 'It was not that creature that I saluted, sir,' he replied, 'it was the King's commission.' Even so to-day, the man who preached the gospel of Jesus Christ held his commission, and stood as did Paul, as the ambassador of Christ unto man.

Mrs. Secord sang very pleasantly 'The Ninety and Nine.' At the evening services, Rev. Mr. Turnbull spoke on the subject 'The Lost Boy.' Mrs. Secord sang 'Softly and Tenderly,' and Mr. J. Halrod 'The Penitent.'

IS REVELATION TO COME FROM ARMY? Rev. Jas. McEwen Spoke on Subject at Calvary Church.

Taking for his text, 'Restore unto me the top of thy salvation and uphold me with thy free spirit. Then will I teach transgressors thy ways and sinners shall be converted unto thee.' Rev. James McEwen, D.D., of Toronto, delivered an impressive sermon to a large audience at Calvary Baptist Church last night. Rev. Mr. McEwen is a former pastor of the old church and is now here. Special music was provided by the choir during the service and an inspiring service was the satisfying result. The speaker alluded to the old time idea that in close proximity of a great revival would be found. This has occurred in other wars and people wonder why the world has not been moved to a greater religious activity. The world was surprised when Admiral Beatty made the assertion that the revival would not come from the churches, but would originate in the army and its spiritual influence will expand until the people at home feel it. People had been looking for it and saw with disappointment that it was not to be found. More and more certain has become the belief that the forces in Canada will be reduced at once in accordance with instructions which will be issued from time to time.

'The sermon closed with an appeal for a nearer approach to God. "Righteousness exalteth a nation, but sin is a reproach to any people,"'

DEMOBILIZATION PLANS OUTLINED. By Courier Leased Wire. Ottawa, Nov. 18.—The following orders were dispatched on Saturday to officers commanding all military districts: 'General demobilization as a result of cessation of hostilities and information just received from overseas, the forces in Canada will be reduced at once in accordance with instructions which will be issued from time to time.

'Since the declaration of the armistice the staff at Militia Headquarters has been working at top pressure in order to be ready for quick action in connection with demobilization and the cables have been busy transmitting necessary information to enable important decisions to be arrived at. All arrangements in connection with actual demobilization of troops rest with the Department of Militia and Defense. After that has been accomplished all problem dealing with the re-establishment of soldiers in civil life and reconstruction generally will be dealt with by other departments of the Government.

'In order to bring about necessary co-ordination, a special committee of the cabinet has been constituted to deal with the demobilization of the Hon. J. A. Calder. 'The first step will be a drastic reduction of all military establishments in Canada, bringing these down to absolute requirements of demobilization, the care of soldiers in hospitals and aid of the civil power. For demobilization itself a considerable force will be required at militia headquarters, at headquarters of military districts and at district depots which have been organized for the express purpose of carrying out demobilization. In addition there will be the personnel required in connection with the medical services and dental services. Subject to the above and to the limitations of a moderate force in aid of the civil authorities, demobilization of troops in Canada will be carried out as rapidly as possible by reference to the following classes: 'Returned soldiers who can be spared and are desirous of discharge. 'Men in lower categories who have been held for various duties in Canada and can now be spared. 'Men who can be spared, whose occupations are such as to make them urgently required in civil life for economic reasons. 'All other men whose services are not required. 'Orders have already been issued that all men serving in Canada who so desire and who were railway employees on enlistment or when called up for service, are to be discharged immediately.

THANKSGIVING SERVICE HELD AT LUTHERAN CHURCH. Allied Victory Commemorated Both Morning and Evening Yesterday. The services in the Lutheran Church yesterday were of a thanksgiving character for the great victory of the Allied arms and for peace. The pastor preached at both services. In the morning the sermon was based on the gospel for the day dealing with the fall of Jerusalem. Fitting references were made to Germany's fall and to present world conditions. In the evening the text was Psalm 55, v. 8, 9. The pastor emphasized the joy of thanksgiving for the triumph of our armies, that autonomy was doomed, that the mighty principles for which the Empire took its arms were vindicated, and that freedom was again triumphant on the earth. This was a time for Christian people to wait upon God, in view of the unsettled economic peace conference. Prayer was needed that the men who met at the peace table be guided to establishing a just and lasting peace founded on righteousness and brotherhood, which Germany would be required to render satisfaction for all the destruction of life and property she has brought about. There was need for divine guidance lest after peace the old follies be engaged in. The mad rush for armaments, the making of secret covenants, the creation of trade blocs, thus foreshadowing the danger to better purposes in the straits of peace. Nations need to learn that God has called them into existence not merely for the purpose of de-

ARMISTICE TERMS BEING CARRIED OUT. German Envoys Hand Over 10 Battleships and 18 Cruisers. GIVE UP U-BOATS ALSO. Allied Armies Have Commenced Their March Into Germany.

With the Allied Armies in France and Belgium, Nov. 17.—The allied armies have begun their march towards Germany. The Belgian forces have already occupied Antwerp, which was evacuated by the enemy on Friday and immediately taken over by Brussels was expected to be free of German soldiers today. The withdrawal from Antwerp was accomplished without untoward incident, and when the correspondent visited the city to-day the people were in the midst of a celebration for their deliverance.

Burgomaster Max has left Brussels for Ghent to visit the King. London, Nov. 17.—Vice-Admiral Sir David Beatty, commander of the Grand Fleet, received Rear-Admiral von Meurer, and the other German naval delegates aboard the flagship Queen Elizabeth in the north of Forth, Scotland, Friday evening. The German cruiser Koenigsberg, carrying the delegates, having arrived at the rendezvous selected in the afternoon, Admiral Meurer was taken to the Queen Elizabeth by a destroyer. The German admiral was 'piped' aboard the flagship's quarter-deck where he and the other Germans were received by Commodore Hubert Brand and escorted to Admiral Beatty's cabin, where the conference lasted until the early hours of Saturday morning.

Admiral Meurer sat opposite Admiral Beatty, who had fronted him a model of the battle cruiser Lion, a memento of his famous flagship, while on the cabin wall at his back was a fine picture of Nelson. The German civilian delegates remained aboard the Koenigsberg. The conference was resumed Saturday evening and was concluded Saturday evening. Among Admiral Meurer's staff were a Zeppelin commander and a submarine commander. As a result of the conference the German naval envoys have agreed to surrender the German fleet, the estimated value of which is \$350,000,000. The German fleet is to be taken to the Orkney Islands off Northern Scotland if it is understood.

Leave German Post To-day. The surface warships which are to be surrendered have to be ready to leave German ports seven days after the signing of the armistice. That is to say on Monday, November 18. The submarines which are to be surrendered must be prepared to leave German ports immediately on the receipt of a wireless order to sail.

COURIER COMICS

Two rival fishmongers had pre- nises facing one another. Both were enterprising and neither would neglect an opportunity of increasing his trade. Number One came out one day with a huge poster bearing the word "The Finest Fish in Town." His rival lost no time in announcing "The Finest Fish in the Country." Immediately appeared a notice on the other side of the way. "The Finest Fish in the World." Number Two promptly proclaimed "Fish Sup- plied to H.M. the King." Not to be outdone, the rival tradesman next morning exhibited a placard: "God Save the King."

Craft. "Father, if James should ask per- mission to marry me I want you to withhold your consent." "Yes, and I'm going to, but I don't want him to get the notion that you're anxious to get rid of me."

In Agreement. She—So they returned your story. It is too bad. He—Yes, that's what the editor said about it.

Temporary Increase. "Did you gain in weight during your hunting trip?" "Only temporarily. I went back as soon as the doctor removed the shot."

First and Last Stages. "How long have you been mar- ried, old man?" "Long enough to pity bachelors. How long have you been?" "Long enough to envy them."

Her Curiosity. Miss Sharp—Can it be true that you made a bet at your club that if you proposed to me I would accept you? Mr. Flighty—Well, I've proposed. Will you? Miss Sharp—How much did you bet?

The Trouble. She—Alice and I can hardly un- derstand each other over the phone. He—Well, talk one at a time.

Times Change. "Twenty years ago I wanted to propose to you, but you were such a belle that I lacked the nerve." "Perhaps it is just as well. I would have refused you then. As it is—"

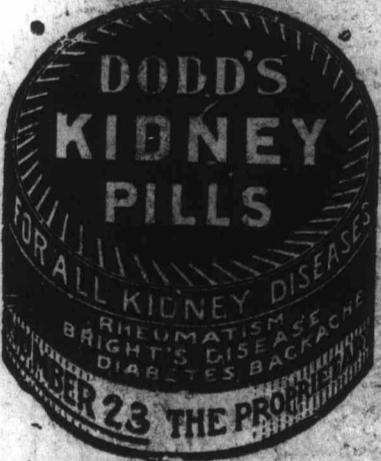

She rested her head on his shoulder at this point.

Edith—No, I didn't have a very good time. I wanted to talk, but there wasn't a man there.

Edith—Of course; but that was no satisfaction—they all wanted to talk, too.

Warblings of Willie. "My Zep's in the air. And my sub's in the bay. My heart's full of care. Cause they're both there to stay."

Cupid Gets a Black Eye. "Hello! Willie. Is your sister en- raged this evening?" asked young Mr. Gator, affably. "Not yet," re- plied Willie. "But she said if she didn't land you to-night she might as well give it up as a bad job."

Y. M. WORK REVIEWED

Comprehensive Report Submitted by G. H. Williamson, General Secretary

At the annual meeting of the board of directors of the Y. M. C. A. on Friday night, the following report was submitted by G. H. Williamson, general secretary: The postponement of the fifth annual meeting because of the epidemic until this date has brought into one of the greatest weeks of the world's history because of the ending of the great war.

With a gratitude to God which words cannot measure, we desire to record our thanksgiving for what He has done and for that Divine favor which has rested upon the Young Men's Christian Association during the war period—for the way it has been used, both nationally and locally as an agency making a valuable contribution to the winning of the war. We are glad that through these trying years the association has been able to carry on and that the home base has been well sustained.

In this annual review we touch briefly on the main points of the work under administrative and financial headings.

Administration The policy to "make the building a greater community center," by the encouragement of all organizations for the general welfare of the city, and having them meet here, has been mutually helpful.

In addition to the work of the executive officers in supervising the work in the building, much time has been given to war work. The Boys' secretary directed the Soldiers of the Soil work, and that of the earnest and give campaign; the physical director co-operated in the industrial league and war funds campaigns, and the general secretary that of the Red Tri- angle and British Red Cross and Sailors' funds.

The severe winter and the increased costs all round, together with a very heavy general repair account, has made it impossible to keep within the budget for the year. By the recent expenditure of \$1000 on the heating plant, we hope to reduce our fuel maintenance charges.

We wish to express our thanks to the ladies' auxiliary for their continued and unvarying efforts in co-op- eration with the house committee. We also wish to express appreciation of the work of the present staff

OLD-TIME REMEDY MAKES PURE BLOOD

Hood's Sarsaparilla has been and still is the people's medicine because of its reliable character and its won- derful success in purifying, enriching and vitalizing the blood and relieving the common diseases and ailments—scrofula, eczema, rheumatism, dys- pepsia, loss of appetite, that tired feeling, general debility.

Hood's Sarsaparilla purifies and en- riches the blood, and in so doing renders the human system the great- est service possible. This medicine has been tested for years. It is per- fectly pure, clean and absolutely safe, as well as of peculiar and unequalled medicinal merit. Get Hood's, and get it now from any drug store.

leadership of J. H. Friend, who for so many years led in the old building was re-established—this being held during the winter Sunday afternoons. The Sunday school lesson study class on Saturday evenings has a total attendance of 300—this included a good percentage of men.

Shop meetings were conducted in six factories with an attendance of 1,800. No pastors assisted in these. The interest was good, and the response most hearty on the part of the men.

Much personal work has been done but it is the aim of the religious work committee to secure an organized effort, including a large number of active members. The daily contact of officers with men and boys always affords the opportunity of presenting a message at the right time—the results of which will be seen in Chris- tian life and service.

The foreign work canvas for the support of Mr. Crocker's work in China was held in December, and \$1,705 was secured. The board de- cided to continue the support of Mr. Crocker's successor, Mr. Swan, who is carrying on while the former is in Canada assisting the National Coun- cil.

Membership Our membership roll on October 1st showed a total of 147 men and 459 boys; a grand total of 606.

We here pay tribute to the many former members who have since the last annual meeting paid the supreme sacrifice on "Plandora" fields for the cause of righteousness and freedom of humanity.

Their triumph is a call to us who are left to take up with the same spirit the unparalleled opportunities and responsibilities facing us in the coming days.

All of which is respectfully sub- mitted.

Music and Drama

A VERY FINE ATTRACTION. Brantfordites need make no mis- take about the fact that "General Post," the English comedy, which holds the boards at the Grand Opera House to-night, is one of the finest attractions ever brought to this city.

As a laugh creator it is described as the highest success since "Char- ley's Aunt" and at the same time it conveys a lesson as to the reversal of things brought about by the war with peers in the ranks and lafairs in command. The play has run for two years in London, England, and for one year in New York and not long ago attracted capacity houses in Toronto for a period of four weeks.

The company is composed throughout of noted artists, headed by those sterling stars, Thomas A. Wise and Edward Robins. Citizens should not fail to take advantage of the opportunity to witness this splendid attraction.

THE CANADIAN RED CROSS

(Illustrations supplied by courtesy of the C. P. R.)

ALTHOUGH in a general way the name and work of the Canadian Red Cross is well known, not so many people realize the immense amount of work this society accomplishes for the benefit of humanity.

This work is being still further extended in connection with the relief of destitute peoples in the devastated regions of Northern France and Belgium—\$200,000 having already been allotted for that purpose.

The Canadian Red Cross Society is affiliated with the British Red Cross Society. It was founded in 1896, and was the first Colonial Branch established in the Empire. The society was incorporated by Dominion Charter in 1909. The first Red Cross flag ever used in Canada flew at Batoche, and may be seen in the John Ross Robertson Collection in the Public Library, Toronto.

The function of the Canadian Red Cross Society is:

"Extra"—(1) To furnish for the welfare of the sick and wounded, "extras" to the supplies furnished by the Government to the Canadian Military Hospitals and other units.

"Emergency"—(2) To supplement the supplies and co-operate with the Medical Service in times of "emergency," holding itself ready at such times to provide, at a moment's notice, any stores required.

The Canadian Red Cross Society assists the Canadian Army Medical Corps Overseas:

(a) By building and equipping hospitals, such as the Duchess of Connaught Canadian Red Cross Hospital at Cliveden, the Princess Patricia Red Cross Hospital at Boxhill, the King's Canadian Red Cross Convalescent Home at Buxley Park, the Canadian Red Cross Special Hospital at Buxton.

(b) By furnishing, on indent of the Commanding Officers, extra and emergency stores of all kinds—clothing, surgical supplies, invalid foods, and hundreds of articles of all kinds calculated to make the hospitals more homelike and more efficient.

(c) By erecting Recreation Huts, Verandahs, and other buildings to add to the efficiency of the Medical Services and the health and comfort of the patients.

(d) By providing ambulances, lorries and other motor transport to expedite the movement of supplies for their relief.

The society has an Information Bureau in its London Office with four departments, which exist to find the individual Canadian in whatever hospital he may be and provide him with all the comforts he needs while hospitalized.

A corps of visitors, organized under this Bureau, visits the hospitals where Canadians are patients, reports to their friends and the society as to their progress and their needs.

The Parcel Department despatches the comforts which, by such means, fruit, flowers, stationery, amusements, toilet requisites, games, fancy work materials, and so on.

The Newspaper Department tries to secure for each man his own "Home Town" newspaper.

The Drives and Entertainment Department provides recreation, outside the hospital or home for the patients well enough to profit by it.

The Enquiry Department searches continually for news of "missing" men, "orders" missing information, and other vital news of the same nature through the Red Cross visitors.

The Canadian Red Cross Society undertakes to furnish to every Canadian prisoner in enemy countries, regardless of rank, the maximum amount of food and clothing permitted by the regulations of the Central Committee for Prisoners of War, which was established by the Joint Committee of the British Red Cross and St. John of Jerusalem to be the central authority with regard to all British prisoners.

No food, clothing or other articles, except money, letters and newspapers, can reach Canadian prisoners in enemy countries unless they are either sent by the Canadian Red Cross Society itself or under its direction or help, the coupon which this society is empowered, by the Central Committee, to issue to the next of kin.

The Canadian Red Cross Society provides a Rest Home for nurses in London (the "Gardens"), with accommodation for forty. It also provides a Rest Home at Boulogne for nursing sisters passing through that base, which is open to all nurses with the B. E. F., whether Canadians, Australians, Americans or Imperials, and can accommodate some 60 nurses at one time. All these homes are open to the Nursing Service of the Canadian Army Medical Corps, to members of the Imperial Nursing Service, to Canadian V.A.D.s, and to the voluntary staff of the Canadian Red Cross Society in London.

In 1917 the head office of the society received from the Provinces of Canada the following sums:

Alberta	\$107,725
British Columbia	84,482
Manitoba	230,197
New Brunswick	14,838
Nova Scotia	11,868
Ontario	555,230
Prince Edward Island	6,000

while the sum of \$1,555,000 was received in subscriptions at the London Office, over and above grants made to it by the Executive in Canada for specific objects, and for the upkeep of the society's routine work overseas.

Some of the larger items of the society's expenditure in 1917 were:

For the benefit of Canadian Military Hospitals overseas	\$1,322,000
Hospitals and equipment	332,000
Recreation in hospitals	39,000
Additional Motor Ambulances and Lorries	47,000

Parcels for Canadian Prisoners (Prisoners of War Department)	590,000
Care of individual sick and wounded Canadians (Information Dept.)	78,000
Grant to St. John Ambulance Brigade (V.A.D. equipment and transportation)	50,000

The total number of packages shipped to England during 1917, numbered 64,967. These supplies included:

Handkerchiefs	3,000,000
Shirts	199,490
Pillow slips	212,076
Pillows and pads	175,244
Pajamas	249,772

Candles and maple sugar	12
Toys	12
Sealing cases	2,000
Cigarettes	4,500,000
Flug and chewing tobacco	4,000
Buttons, safety and straight	38,000
Anti-gas serum boxes	87,000
Gauss yards	250,000
Absorbent cotton, lbs.	11,900

Total approximate value of goods sent overseas \$4,818,785.

GOVERNMENT HOUSE

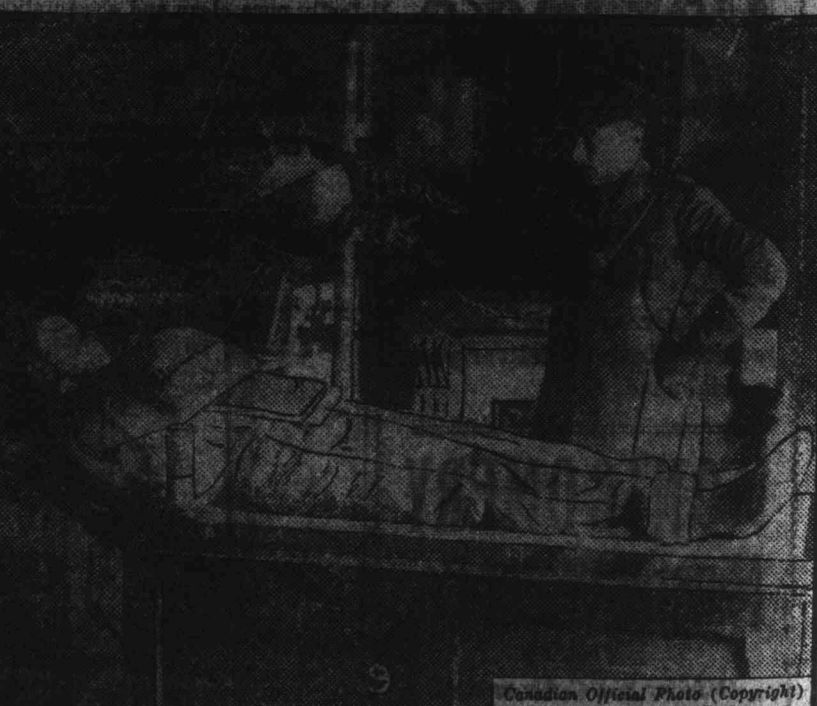

OTTAWA, Nov. 18, 1918.

The work already accomplished by the Red Cross Society is such that all its members may well regard it with pride and satisfaction.

The support which has recently been extended to all its efforts proved that the people of Canada are determined to give the fullest possible assistance to those who are making such sacrifices to defend our home land and our Empire.

The continued interest in our work is a heavy drain on the funds and supplies of the Society, but I am confident that in the future, as in the past, ample means will always be forthcoming to meet the pressing demands both in Canada and overseas.

Truly, Dear Sir,

"I HAVE NEVER SEEN ANYTHING LIKE IT"

Carrick Has Gained Sixteen Pounds in Less Than 30 Days by Taking Tanlac

William Carrick, for many years a resident of Tacoma, Washington, is now a citizen of Hunter, Missouri. While en route to his future home in Hunter recently, Mr. Carrick called at the Owl Drug Store in Kansas City, and made a statement regarding his experience with the medicine that will be of interest to all suffering people.

"I have never seen anything," said Mr. Carrick, "like Tanlac's selling out on the Pacific coast, around where I live. A friend of mine actually went seventy-five miles one day to get a bottle, and knowing what I do about it, I believe I would do the same thing, rather than be without it. When I first started taking it I had little idea it would do me any good, but when I tell you I have gained sixteen pounds in less than thirty days and am able to work for the first time in months, you can understand why I talk like I do about it."

Suffering like a year ago my appetite went back on me and my stomach got in such a bad fix that nothing I would eat seemed to do me any good. My stomach soon after would keep belching up sour gas for hours, and I suffered terrible pain about my stomach all the time and at times I would turn so faintly sick that I could hardly retain a thing I had eaten. I dropped off twenty-seven pounds in weight, and hardly had strength to raise my head, and was so nervous for almost six weeks that I hardly slept at all. I finally got down flat on my back in bed, couldn't take a bit of nourishment, except a little milk, and for five weeks I thought sure I would never pull through it.

It was stopping with my nephew in Tacoma at this time, and as he had seen Tanlac recommended so highly he went down and got a bottle for me. Well, sir, by the time I finished my first bottle I was on my feet and feeling like a different man. My appetite picked up right away and I soon got so I couldn't get enough to eat, and ever since I finished my second bottle I have been feeling strong and fine as you please. The sourness, gas and pain left my stomach entirely and nothing is barred from my diet. It was about the close of spring when Tanlac straightened me up and I worked every day this summer at my trade as carpenter, and have felt fine all the time. I don't believe I ever enjoyed better health than I do now. I have personally recommended Tanlac to hundreds of people and as I was passing through here today, I stopped in to get two

bottles to carry down to Hunter with me, because I don't want to be without it."

NEW ROUTE TO WESTERN CANADA

On your next trip to Western Canada why not travel over a new route, using two famous trains on your journey and traversing some of the most interesting territory in the Dominion? The International Limited of the Grand Trunk will carry you from Montreal to Toronto, where another famous train, The National, starts on its west-bound flight to Winnipeg. The National is a through train which leaves Toronto at 8:35 p. m. on Tuesday, Thursday and Saturday. The rails of the Grand Trunk are used to North Bay, which is reached early on the morning following the departure from Toronto. Daylight run is made through the lake-land beauties of the Temiskaming and Northern Ontario in Cochrane, calling at Cobalt, with its wonderful mining activity. From Cochrane to Winnipeg your journey lies over the Canadian Government Railway with splendid opportunities for inspecting the fertile regions of New Ontario, including the famed clay belt, where tens of thousands of settlers will make their homes in the future. The three railways have combined to make the passenger service over this new route of the highest possible standard. The greatest travel comfort is assured, while there is no added expense for railroad fare as compared with any other route. For further particulars apply to any G. T. R. Agent, or C. S. Hoehning, D.P.A., Toronto.

Soothing His Fears

He—I understand your father said if he found me here again he would kick me out the door.

She—Oh, don't worry; father's punting is wretched.

LEMON JUICE WHITENS SKIN

Girls! Make beauty lotion at home for few cents

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quart of the best bleaching and skin whitening lotion and complexion beautifier, at very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck and arms and hands each day and see how tan, redness, skininess, sunburn and wrinkles disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless.

SOLDIERING.

It makes me fret when men complain of fleet or mud or wind or rain. They look out from a cozy room and see the skies enraptured in gloom, and groan because they may get damp while going for a postage stamp. The spider has to fight out doors, however hard the water pours; he cannot sit beside the fire and make a brutal foe expire; he cannot bear a paraisol to shield him from the waterfall. The soldier stays outdoors to fight, the weary day, the bitter night; he hears his comrades dying groans, the cold ice crawling through his bones. Methinks that when the boys come back from streaming sweat and muddy track, they'll look with pity and disdain on gent who murmur and complain. A man will say, "Ding-dong, the sheet! I put rheumatism in my feet!" The weather is the limit, go! around this climate, anyhow! And then some soldier who has slept on battle-fields by lamp-light, will say, "A grog on shoulders, have I got home and get your rubber doll! Oh, when the boys come home again, we'll see a lot of man-size men, and they may teach us to forget our tendency to whine and fret."

BOY'S SUIT.

For the small boy up to six years of age there is nothing more practical than a wash suit consisting of a belted blouse and full knickerbockers. The style shown in No. 8823 may be made up in linen, Indian head, poplin, galatee or chambray. The long blouse buttons at centre front, and it is held in place by a narrow belt of the material. A wide collar of white flannelette finishes the neck, and a silk tie is knotted at the front. The sleeves may be tucked or gathered at the wrists. The separate knickerbockers are shirred on elastic at the knees.

The boy's suit pattern No. 8823 is cut in three sizes, 2, 4 and 6 years. The 4 year size requires 2 1/2 yards of 27 inch, 1 1/2 yards of 36 inch, or 1 1/2 yards of 44 inch material.

To Obtain This Pattern Send 15c to The Courier Office, or two for 25c.

Tokio Has Unique Mayor

AFTER several months of interregnum Tokio has a mayor in the person of Viscount Inadiri Tuhri, who is something of a character. He was born in 1850 and received part of his education at the Keiojijuku, Tokio, but was graduated from Yale University in 1878. There he was a member of the Psi Upsilon fraternity, which boasts several famous Japanese on its rolls.

Upon returning home from the United States he filled various official positions, such as vice-minister of finance on two occasions, director of various bureaus in the Department of Finance, professor in the Imperial University and finally president of the board of auditors. He was considered an authority on questions of economy and finance and he was well known for his "high virtue and plain conduct."

The newspapers have published many interesting stories about the mayor. It is said that when he first got back from the United States he was a stylish young man, of the kind known in this country as "high collar," but he developed into a kind of plain Spartan type. He has been accustomed to get up every morning at 6:30 and set about his morning labor at once. Like Gladstone he enjoys in getting wood, and does a farmer's work in his own garden. He raises all the vegetables consumed in his own household. In the summer-time pumpkin vines make a veritable tunnel from the gate up to the portico—a distance of about sixty feet. Once on a very large pumpkin he inscribed the character "Katsura Taro" in honor of the late Prince Katsura, ex-premier, who was famous for having an abnormally large head.

After Viscount Tuhri has done a certain amount of work in the garden he sits down to a breakfast of uncleaned rice, slices of pickled radish (dalkon) and a bowl of soup called "miso." The Japanese, as a rule, prefer cleaned rice, which is more palatable, but the cleaned is cheaper and contains more nourishment.

It is asserted by some authorities that the prevalence of heart trouble is the result of eating the cleaned rice.

It is said that Tuhri rarely takes a tramcar, but goes on foot. Even on fine days he carries an umbrella or goes out with a raincoat made three decades ago.

There is a story about Viscount Tuhri and Baron Sakatari, also a mayor of Tokio a few years ago. The latter was once a protégé of the former. The two met at a formal banquet, where it was necessary to put in an appearance wearing a silk hat and a swallowtail coat. The silk hat Viscount Tuhri wore was old-fashioned and faded, and he was criticised by the guests. Baron Sakatari, wishing to "save the face" of his former patron, exchanged his own good hat for that of the mayor.

It is generally recognized that Tokio has a mayor of simple life and strict honesty. It is hoped that he may be able to effect reforms in the administration of city affairs. But it is also feared that his simplicity and honesty may not be able to make a successful stand against the corruption in municipal politics. It is hoped, however, that he can put into practice his lofty principles.

In order to convert some of his subordinates to his views the new mayor arranged at the city hall a "mamemeshi" luncheon, to which he invited the heads of the fifteen wards of the city. Genpei Tanabe, the discoverer of the nutritious qualities of the bean husk, gave a lecture on the food value of the despised and neglected article. The guests listened with respectful attention, but the proof of the "mamemeshi" is in the eating, and some of the reporters who were present alleged that they detected some of the guests making wry faces over this bean shell banquet.

The Miyako expresses appreciation of the value of his proposition for cheap and economical living, but suggests that "the chief executive of the city has greater things to claim his attention." The Kokumin is of the same opinion and says:

"The city is waiting for all sorts of improvement work. The people are not paying the mayor for propagating his 'mamemeshi' campaign, Poorly Viscount Tuhri, see that the improvement of the tramcar communication, for instance, is a far more urgent question than the eating of 'mamemeshi.' Since the tramcar became the monopoly of the city government no improvement has been done. Cars are getting old and rattle are rusting, but no attention is paid by the municipality."

The mayor's friends believe that he will make good.

It makes me fret when men complain of fleet or mud or wind or rain. They look out from a cozy room and see the skies enraptured in gloom, and groan because they may get damp while going for a postage stamp. The spider has to fight out doors, however hard the water pours; he cannot sit beside the fire and make a brutal foe expire; he cannot bear a paraisol to shield him from the waterfall. The soldier stays outdoors to fight, the weary day, the bitter night; he hears his comrades dying groans, the cold ice crawling through his bones. Methinks that when the boys come back from streaming sweat and muddy track, they'll look with pity and disdain on gent who murmur and complain. A man will say, "Ding-dong, the sheet! I put rheumatism in my feet!" The weather is the limit, go! around this climate, anyhow! And then some soldier who has slept on battle-fields by lamp-light, will say, "A grog on shoulders, have I got home and get your rubber doll! Oh, when the boys come home again, we'll see a lot of man-size men, and they may teach us to forget our tendency to whine and fret."

The Reasons Why--

THIS is what war-time conditions have done in the case of the telephone business:

- Increased the cost of new telephone construction from 50 to 100 per cent or more—
- Doubled the price of steel, copper wire, platinum and lead—
- Increased the cost of all labor that goes into telephone plant and equipment.
- Made higher wages necessary for telephone employees—
- Increased the traffic so that a larger number of employees is necessary—
- Drawn to the colors a large proportion of skilled male employees, making ordinary upkeep both difficult and expensive—
- Made it necessary to give the subscriber more service to take care of his telephone employees—
- Increased the traffic so that a large thriving business—
- And made it necessary also for us to get some increase in rates to cope with mounting costs.

We are therefore asking for what is necessary. We can see no other solution.

The Bell Telephone Company of Canada

NOTICE

Increase in Subscription Rates Commencing Dec. 1, 1918

The subscription rates of the Brantford Daily Courier and the Brantford Daily Expositor, commencing December 1st, 1918, will be as follows:

Delivered in Brantford and Vicinity, 45c. per month
By the year, Paid in Advance, \$5.00 per annum
By Mail, " " 4.00 per annum
Single Copies, 2c.

After publication of this notice, payments in advance on subscriptions will only be accepted to December 1st at the old rate, after that at the new rate.

This advance in subscription rates has been made necessary by the tremendous increase in the cost of white paper, the price of which has recently been fixed by the Paper Controller at Ottawa. By this one item alone thousands of dollars are added to our annual cost of production, and in addition, labor, presses, stereotype supplies, type and all other items of expense have enormously advanced in price during the last few years.

Even at the new rates the Brantford papers are only now charging prices which have been in force for some time back on almost all the other daily newspapers published in this section of the Dominion. In many cities the subscription rates are very much higher.

What We Earn.
Few things are impossible to those who are ready to pay the price of labor. No person has a right to an ability which has not been secured by training and it is certain that such ability will be imperfect and conducive to disappointment in its failure. If it has not been acquired by hard work and preparation. There is no royal road to anything. The things we covet in others can be ours if we do what is necessary to get them—what those we envy have done, through their labor was not advertised.

Saint Venerated Everywhere.
England was not the only nation that fought under the banner of St. George, nor was the Order of the Garter the only chivalric institution in his honor. Sicily, Aragon, Valencia, Genoa, Malta, Barcelona, looked to him as their guardian saint. A Venetian Order of St. George was created in 1200, a Spanish in 1317, an Austrian in 1470, a Genoese in 1472 and a Roman in 1402. Besides these there are three of more modern date—Bavaria in 1720, Russia in 1767 and Hanover in 1839.

Value Friendship.
Friendship is too precious. If it is real to be lightly thrown away. The time will come, no matter how many acquaintances you may have, when your heart will turn to the deeper relationship, and when nothing can take the place of that voice you know and the touch of that hand that has clasped yours so many times. But if you have deliberately given up that friendship, can you expect to call it back to you at your will?

Dealing With Trouble.
Never hunt trouble. However dead a shot one may be, the gun he carries on such expeditions is sure to kick or go off half-cocked. Trouble will come soon enough, and when he does come, receive him as pleasantly as possible. Like the tax collector, he is a disagreeable chap to have in one's house, but the more amiably you greet him the sooner he will go away.

All Had Long Lives.
Joseph Jackson of Blackburn, England, who survived to see his eighty-seventh birthday, was one of eight brothers and sisters, not one of whom failed to pass the eightieth milestone. And quite recently there was living at Milverton, West Somerset, five brothers and sisters, the eldest of whom—Mrs. Shattock—was ninety-two, and the youngest—Mr. James King—just ten years younger.

Be Courteous to All.
Frequently the girl who is scrupulous about interrupting an older person, thinks nothing at all of breaking in on the story her small brother is trying to tell, and talking on without paying the least attention to him. There are not two standards of courtesy, one for older people, and another for children.

Today's Possibilities.
There is only one way to enjoy life, and that is to enjoy it in pieces—a bit here and a bit there. And a great many little bits make up a big bit. We all know that the richest people are not the happiest by any means. After all, what have they that takes the place of youth and health, of work and play?

Outside of Man's Rights.
The "mental neutrality" which is born of ignorance or lassitude is unworthy of manhood. We have no intellectual right to be ignorant when information lies at our hand, and we have no spiritual right to be weary when great moral issues are at stake.

First Japanese Gardens.
The Japanese gardens were first started in miniature landscapes at temple gardens by Buddhist priests, so that dwarfing of trees and shrubs became a necessity, copying the true landscape and giving the impression a real one conveys.
