Chatham's Exhibition Most Successful

Chatham, Sept. 22—There was a very good attendance at the opening of the Chatham Exhibition here tonight. Sharply at 8 o'clock George W. ...

The second day's racing witnessed one of the most extraordinary events in the realm of horse racing, when after five heats two horses had each won two firsts, two seconds and also scored a dead heat.

Sept. 26—The last day of the Chatham exhibition races proved a thrilling one for fast time in the free-for-all John A. Hal, owned by W. G. Fenwick, Bathurst, not only lowered the Maritime record to 2.08%, but put up the three fastest heats ever paced in a race in Eastern Canada.

Table with race results: John A Hal, Fenwick, Bathurst 1 1 1; Royal McKinnay, Gerow, Fort Fairfield ...

OBITUARY

MRS. GEORGE JARDINE.

The home of George Jardine Loggieville was saddened on Wednesday, the 17th inst, when death claimed the wife and mother. The late Mrs. Jardine had been ill for a period of six months or more. The physician in attendance, gave the family very little hopes for her recovery from the first, but as her condition kept much about the same for a time, her friends thought that a period of rest and quiet would suffice to restore her.

REV. J. M. FRASER, BLACKVILLE GOES TO LABRADOR. A special meeting of the Miramichi Presbytery was held here Friday, the Moderator, Rev. Mr. Gardner in the chair.

Co-operation with Methodists in circuits where either or both are too weak to properly maintain themselves was discussed and the matter further referred to the Synod which meets on the first Tuesday of next month at Fredericton.

IMPORTANT ITEMS

Two important items among other matters will come up at the meeting of the Provincial Government on Wednesday in Fredericton. These are the matter of the Government's policy regarding the control of the sale of liquor and the question of power supply on the Nepisiguit River by the Bathurst Lumber Co.

Enthusiastic Labor Meeting Held In Opera House Sunday Evening

Hall Filled to Overcrowding, and Speakers Attentively Listened to—Organizer J.E. Tighe and J. L. Sugrue of St. John and H. H. Stuart of Sunny Brae Among the Principal Speakers.

A large and enthusiastic Public Meeting was held in the Opera House Sunday evening at 8.15 o'clock, in the interests of labor. President Martin of Chatham occupied the chair and on the platform were seated the following speakers:—Organizer J. E. Tighe, and J. L. Sugrue of St. John; H. H. Stuart of Sunny Brae and Joseph Manderson of Newcastle.

Two members of the local executive of the Waterfront and Mill Workers Union who were in the audience were invited to occupy seats on the platform. President Martin of Chatham opened the meeting at sharp 8.15 and in a few brief remarks said that he was strongly in favor of organized labor and would do all he possibly could to further its interests.

The first speaker introduced was Mr. H. H. Stuart, of Sunny Brae and well known to the audience, as he had lived among them for the past ten or twelve years. Mr. Stuart considered it a great honor conferred on him to be asked to address organized labor which he had always been in sympathy with.

Mr. Stuart spoke of labor conditions in England for several centuries past when labor was not organized and stated that it was not until 1870, when an Education Act had been passed, allowing children of the common people to attend school, and that through the education then received, the rights of the common people were so forcibly shown that labor began to exercise their power and became unionized.

Everyone who worked was a laborer, and all should work together for the betterment of all. The man who only makes a profit on what others do, was a non-producer, and he alone should be cut out by the unions.

Respected Citizen Dies Suddenly

The death of Mr. John Dalton occurred suddenly at his home on Pleasant St. on Saturday afternoon 27th inst. Deceased was a respected merchant and citizen and his sudden demise has cast a gloom over the community.

Deceased was in his 74th year and died from heart trouble. He leaves a widow, formerly Miss Mary Griffon of Chatham, and four children, Charles, of Nelson, Frederick V. at home, Sister Mary Florence, of the Sacred Heart Convent, Sault Ste. Marie, Ontario, and Sister Mary Frances, of the Congregation De Notre Dame, Ottawa. The funeral was held Tuesday morning at 8.45 o'clock.

MILL OWNERS CONTRIBUTION TO MIRAMICHI HOSPITAL

Messrs. Edward Sinclair Lumber Co., D. J. Ritchie & Co., Geo. Burchill & Sons, and James Robinson, have notified the Board of their intention to subscribe one half of one per cent of their monthly Mill Payroll.

It was a great pleasure for him to address as large an audience as this one and assured the meeting that in St. John it was impossible to get such a large attendance unless a demand for higher wages was to be made and then it would be impossible to get a hall large enough to hold them all.

There was no comparison between the Employer's Liability Act and the Workmen's Compensation Act, because the latter was that all accidents made were properly attended to and paid. All accidents arising out of industrial employment will now be paid for by the Workmen's Compensation Board.

His usual claims would receive more consideration if backed up by their own truthful statements, rather than by any argument put up by lawyers. He wanted Labor to give their hearty co-operation and assistance to the successful carrying out of the provisions of the act, and warned them not to try to fool the board by false reports concerning their claims.

(Continued on page 4)

Two Years In Bed And Rolling Chair

Mrs. Wilson Gave up Hope— Gains 25 Pounds On Tanlac And is Now A Well Woman

"For two years I spent all my time either in the hospital, in bed or in a rolling chair, and during that time I was given up to die, and I don't guess I would be here now if it hadn't been for Tanlac," said Mrs. E. O. Wilson. Mrs. Wilson is well known in Atlanta, Ga., her husband having been employed by the Constitution for a number of years.

"I was a great sufferer from chronic indigestion," continued Mrs. Wilson, "and don't guess anybody ever had to go through with what I did. I was very weak and nervous, and at times had those dreadful smothering sensations to the point of fainting. I had dreadful headaches, severe pains in my back and over my kidneys and my joints ached all the time. For two years I had to live entirely on boiled milk, toast and soft boiled eggs, and don't know what it was to get a good night's sleep. I took one kind of medicine after another until our house was almost filled with empty bottles, but instead of improving I was getting worse all the time. Finally they took me to the hospital for treatment, and I lay there for five long months, but even that didn't make me well. It was taking nearly every cent of my husband's wages to pay my doctor and drug store bills—our drug bill alone amounted to \$14 or \$15 a month, and one doctor's bill amounted to \$108.

"It looked like everything had failed to help me, and I had about given up all hope when one day my husband brought a bottle of Tanlac home with him and asked me to take it. He said he had been reading and hearing a lot of good things about it and didn't see any reason why it shouldn't help me. I was confined to my rolling chair when I began taking it.

"Do I look like an invalid now? I certainly don't feel like one, and I have actually gained twenty-five (25) pounds on eleven bottles of Tanlac, and feel as if I never did in my life. I can eat anything I want—such things as meat, turnips, hard-boiled eggs don't hurt me a particle, and I sleep as good as I did when I was a girl in my teens. I can get about as well as anybody and just the other day I walked down town, and I am running around the neighborhood calling on my friends nearly all the time now. I haven't a pain about me. I believe I am the happiest woman in Atlanta, and I think I have a right to be. I think my recovery is almost a miracle, and everybody in our neighborhood thinks the same."

Tanlac is sold by E. J. Morris, New, castle.

Cardinal Mercier at Baltimore says Belgium's greatest need is machinery and raw materials.

A LIFETIME OF SUFFERING

Prevented by "Fruit-a-tives" The Wonderful Fruit Medicine

53 MAISONNEUVE ST., HULL, QUE. "In my opinion, no other medicine is so good as 'Fruit-a-tives' for Indigestion and Constipation.

For years, I suffered with these dreaded diseases, trying all kinds of treatments until I was told I was incurable.

One day a friend told me to try 'Fruit-a-tives'. To my surprise, I found this medicine gave immediate relief, and in a short time I was all right again". DONAT LALONDE

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

E. J. Tighe Back From Conference

"There is evidently a feeling at Ottawa that the labor question is the big problem of the day, and most politicians seem to be of the view that the next election would be largely fought around labor issues," said E. J. Tighe, who has returned from Ottawa, where he attended the conference on Industrial Relations.

The Conference did not accomplish anything of great importance, but it tackled the various questions that came before it in a spirit of give and take, and paved the way for more and better work in future," he added. At any rate we hope so. The labor representatives were keen to have the conference go on in favor of the eight-hour day. That would have satisfied them more than anything else. But the question of an eight-hour day, as well as collective bargaining and recognition of trade unions, went over to commissions.

"Some of the employers' representatives said they had been too busy in the past to study economic questions, but I gathered the impression that they are watching events in the labor world with great interest now. And there is little doubt that the government and the opposition politicians too, realize that labor is determined to have a bigger share in the affairs of the world. There seemed to be a disposition not to press matters before the Conference, the feeling being that a definite programme for Canada might wait upon the International Labor Convention, which, it is expected will give a lead to both Canada and the United States. If things in the meantime break loose in the States I imagine Canada will be wide awake, enough to adopt legislation which will tend to prevent serious troubles here."

Judge Henry Guerin, of the Chicago Superior Court, was drowned at Muskegon, Michl.

Funeral of Late Hon. Frank Cochran

Toronto, Sept. 24—Honored by the attendance of many men and women prominent in various walks of life, the remains of the late Hon. Frank Cochran, M. P. for Temiskaming, and former minister of railways and canals, were interred this afternoon in Mount Pleasant cemetery. The services at the graveside were conducted by the Rev. Dr. Aitken, of the Dominion Methodist church, Ottawa.

The honorary pall bearers included Sir Henry Drayton, minister of finance, Sir Wm. Hearst, premier of Ontario; Senator Lynch Staunton, N. T. Hillery, W. J. Bell and J. Strauch Johnston.

Weekly Agricultural Report

Weekly Report Agricultural Conditions in New Brunswick, as reported by District Representatives of Dept. of Agriculture.

Rapid advancement has been made in harvesting operations during the past ten days. Weather conditions have been much better. Quite a quantity of grain still remains uncut in some parts of the province. The buckwheat crop is good this year. On the marshes there is quite a quantity of hay to be cut yet. One man reports that never in the last thirty-five years has there been so much hay to harvest at this time of year.

Potatoes are being dug quite generally. The tops have been killed by frost in all parts of the province and they are ready to dig. Generally speaking, reports are of good average crop, with prices running from \$2.50 to \$3.00 per barrel at shipping points. Some late blight is reported, followed by rot, but this is by no means general throughout the province.

Under Livestock, reports indicate that lambs are being marketed quite freely just at present. Six carloads have been shipped co-operatively by the farmers of Restigouche and Gloucester counties. These have gone to Montreal; the price varying from \$11 to \$14 per cwt., with the market gradually falling. Other districts report lambs selling, alive, at from \$5.00 to \$8.00 each.

LARGE SEIZURE OF LIQUOR MADE

St. John, Sept. 24—The largest seizure of liquor which has been made in St. John since prohibition came into effect took place yesterday when three of the inspectors took possession of nearly seven barrels of various brands of whiskey and gin and also a five gallon can of pure alcohol. Packed in full sized standard barrels, only about two of which had been opened, the liquor was found in a cellar of a house in Brussels Street occupied by Charles Paddock.

The seizure was made by Sub-Inspectors Kerr, Merryfield and Linton, Chief Inspector Wilson yesterday calculated the stock seized as of the value of \$1,500 which he said was "a modest appraisal."

Re-Establishment Committee Meets

Ottawa, Sept. 25—At the opening of this morning's session of the special committee of the House on soldiers' civil re-establishment, E. Maber, secretary of the Soldier's Settlement Board, was questioned regarding costs of administration and the advances made to soldiers. By the end of this year it was expected that the total outlay for the department would be \$48,600,000 for loans and administration.

The estimate of \$150,000,000 required for 50,000 soldiers who were expected to take loans did not take into account the settlement of British ex-service men. Many enquiries from this class of men were being received. About two-thirds of the 4,218 soldiers taking up grants had also exercised their rights of taking up homesteads. Homestead lands, said Mr. Maber, are scarce and it has been the policy of the board to try and settle men near railways. In that case there were few homesteads available for entry.

Chairman Calder asked for a condensed statement on what the other overseas dominions were doing in regard to land settlement and this will be prepared for the committee.

In answer to Dr. Bland, Mr. Maber said he thought the returned soldier was treated more graciously by the board in the matter of loans than he would be by any loan company. He thought land values in the west would increase steadily for some time. Mr. Maber added that many men are applying for land in Eastern Canada, though the majority wish to farm in the west.

The matter of settling imperial service men on the land was receiving serious consideration, said Mr. Maber, but it was felt that the placing of Canadian soldiers was about all the board could carry.

Mr. Maber did not expect any flooding of Canada by British veterans coming here to take up land on their own initiative. If a man had means and wished to farm in Canada there was nothing to stop him.

Dreaded Influenza

Medical Men Believe it will Again Visit Canada This Autumn and Winter

There is a widespread belief among medical men that the epidemic of influenza, or grippe, which swept over the world last year, will again appear in Canada during this autumn and coming winter. This dangerous trouble spares neither age nor sex, but it naturally finds its easiest victims among those who are run down in health, or those whose blood is weak and watery, and it is among the latter class in which the greatest number of fatalities occur. The surest way to prevent an attack of this dreaded trouble is to keep the blood rich and pure, and the safest and best way to do this is through the use of Dr. Williams' Pink Pills.

No reasonable precaution to avert an attack of influenza or a grippé should be spared. The disease itself is deadly, but its after-effects, among those who are spared, make the life of the victim one of constant misery. Ask almost any of those who have been attacked by influenza what their present condition of health is and most of them will answer: "Since I had the influenza I have never been fully well." This trouble leaves behind it a persistent weakness of the limbs, shortness of breath, bad digestion, palpitation of the heart, and a tired feeling after even slight exertion. This is due to the thin-blooded condition in which a grippé almost always leaves its victims after the fever and influenza have subsided. They are at the mercy of relapses and complications, often very serious. This condition will continue until the blood is built up again, and for the purpose of building up the blood and strengthening the nerves nothing can equal a fair treatment with Dr. Williams' Pink Pills make new, rich blood, which reaches every organ and nerve in the body. Thus the lingering germs are driven out and the weak, despondent victims of influenza are transformed into cheerful, healthy, happy men and women.

But better still, you can put your self in a condition to resist an attack of influenza by enriching the blood through the use of the Dr. Williams' Pink Pills, and this, it seems, is the sensible thing to do at once.

Dr. Williams' Pink Pills are sold by all dealers in medicine or will be sent by mail at 50 cents a box, or six boxes for \$2.50, by The Dr. Williams' Medicine Co., Brockville, Ont.

LIGHTEN YOUR WASHDAY LABOR

Comfort and convenience count on washday, perhaps more than on any other day of the week. Anything that will lighten the work is doubly welcome then.

EDDY'S INDURATED FIBREWARE

Wash Tubs and Washboards

are labor lighteners. They save time and strength. Incidentally they cost no more.

Eddy's Fibre wash-tubs are easy to lift and easy to carry. They keep the water hot a long time because they do not radiate heat as galvanized iron or tin will do. They cannot leak, because they are made in one piece, without joint or seam. And the cost is actually less because they will outlast several of the old-fashioned kinds of wash-tubs.

Eddy's Twin Beaver Washboards save time by the special crimp which loosens the dirt easily. A washing surface on each side gives them double the efficiency of the ordinary washboard.

The E. B. EDDY CO. Limited

Newcastle, N. B., Branch—E. A. McCurdy Manager

Organization Of Unionist Party

Ottawa, Sept. 23.—The question of the organization of a permanent Unionist party has been once more postponed. It was to have been taken up at the last moment, representations were made from the government requesting the gathering to leave the matter in obedience until the Prime Minister could be present to deal with the question in person. Another caucus will be held on Tuesday next, when Sir Robert expects to be sufficiently recovered from his illness to attend.

The Premier's condition while not serious, is not as good as has been generally supposed, and his physicians have ordered him to take a rest. Following next Tuesday's caucus he will leave Ottawa and will not return until after the session is over.

The main question dealt with today was that of the prohibition Mr. Rowell it is said, strongly urged the necessity of re-introducing the bill ratifying and extending the provision of the prohibition order-in-council until the year after the proclamation of peace, but there was considerable division in the gathering as to the wisdom of the course. A number of members are said to have taken the view that the Deoherty Act, regulating interprovincial autonomy, was all that the country demanded. It is probable, however, that a new bill, perhaps slightly modified will be introduced.

The second question dealt with was that of amnesty to deserters. The majority opinion of the caucus seemed to be that the law should be allowed to take its course.

The private quarrel between Mr. Charles Murphy and Mr. Newton Wesley Fewell is developing into a parliamentary scrawl. In 1918 Mr. Murphy assailed Mr. Rowell. A week ago Mr. Rowell assailed Mr. Murphy and, being unable to manoeuvre freely because of parliamentary barbed wire, so to speak, threatened to return to the attack in 1920.

Mr. Murphy spoke on a question of privilege. A question of privilege is hard on an unruly tongue. Also it gives opportunity for exercise of ingenuity. Mr. Murphy showed himself ingenious. He managed to drive a coach and four through the rules, evading Mr. Speaker's repeated warnings sufficiently to say that Mr. Rowell had 'incubated for eighteen months,' that his speech was a 'series of evasions, half truths and absolute falsehood' that Mr. Rowell, in complaining that Mr. Murphy had failed to give him notice of a coming attack was 'childish and foolish,' and that Mr. Rowell, while Ontario Liberal leader, had had his expenses paid on a trip to the front to the extent of \$3,750. To round things off Mr. Murphy added that he too could have gone to the front 'had I been a financial leech or a political parasite.'

It was all very interesting and thrilling, but, apart from the passing enjoyment derived from a scrap, the House is becoming a little wearied of the whole business. Conservatives, in particular, complain that the House of Commons is no place to hang out a washing of Liberal soiled linen, adding, solemnly, that if others should follow example there would not be time to the House to talk anything else.

The House, generally speaking, is doddering along in a sluggish fashion. Today, for example, it ran out of government orders and had to resort to private members business, a rather extraordinary thing. The session, however, will go thirty-one days at least, the reason being that under the law, there must be thirty-one days to constitute a session, and what is much more important to the average member, to legalize a full indemnity.

Coal Found At New Maryland

Fredericton, N. B., Sept. 23.—News of an important find of coal in the Parish of New Maryland, York County within a few miles of Fredericton, has been reported.

The Greer farm, which was recently purchased by a returned soldier named Briggs, under the provisions of the Soldier's Settlement Act is the place where the specimens of coal have been found, and it is understood that preparations are being made for the proper development of the area.

It was said, to-day, that licenses to search had already been taken out at the Department of Lands and Mines covering the territory involved, and there is a very general belief that extensive coal deposits are likely to be found there. It is further said that the coal is apparently of excellent quality, and it is understood that those who are interested in the development of the area include practical men who have had considerable experience in the Grand Lake district.

Baby's Own Tablets Of Great Help

Mother, if your baby or growing child is sickly; if he does not sleep well at night; if he cries a great deal; is constipated and his little bowels and stomach are not working right, give him Baby's Own Tablets—they have proved of great help to thousands of mothers. Concerning the Tablets Mrs. W. H. Decatur, Corson's Sliding, Ont., says:—"I have used Baby's Own Tablets and have found them excellent for the little ones and would not be without them." The Tablets are a mild but thorough laxative and are guaranteed to contain no harmful drug—that is why they always do good and never harm. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The Time To Paint

In the Maritime Provinces the fall is the best time for house painting, and for the reason that the climatic conditions at this season are the best. Paint put on in the fall takes longer to dry and therefore it dries more uniformly. There is no such danger of scalds or sun-cracks in the fall as there is in the summer. A man whom we used to know years ago, whose house, a white one, was famous for always looking well, once said that for many years he had always done his painting in the month of October. He said that this was the ideal month for such work in the Maritime Provinces and that the good appearance of his house was largely due to the fact that he painted it at the right time. Painting is a thing, too, which one should regard from another standpoint than appearance—namely its value as a preservative. The house that is frequently painted is one that least quickly decays. The more paint and oil the outside of a house absorbs, the stronger is its ability to withstand rot. The best time to give it its dose of preservative is when the weather is cool, when everything soaks in and nothing escapes by evaporation.

SUNNY CORNER

Sunny Corner, Sept. 26—Miss M. H. Hubbard and Mrs. C. Burns spent Wednesday afternoon visiting relatives at the Corner.

Mr. and Mrs. Irvine Matchett are rejoicing over the arrival of a baby girl.

Mrs. Charles Mulin was in Whitteville for the week-end, the guest of her sister, Mrs. John Whitney.

Miss Teresa Hyland has gone to Exmoor for the winter.

Miss Ella Nolan went to Newcastle to attend the convent last week.

Mrs. Bella Matchett was a visitor in Sillikers Thursday.

MARJORIE'S ONE HUNDRED

Marjorie, aged 9, had not been having very satisfactory reports from school. Her father finally said: "Marjorie, for the first 100 you get I'll give you a quarter." Time went on and the reward could not be claimed. One day the child was taken violently ill. Her mother sent for the doctor. When he had gone Marjorie said: "Mamma, am I very ill?"

"No, dear; your temperature is a little over 100, but the doctor thinks you will be better in a day or so."

Smiles broke through Marjorie's tears.

"Now, mamma, I can have my quarter. Papa said he would give it to me."

THERE IS ONLY ONE GENUINE ASPIRIN

Only Tablets with "Bayer Cross", are Aspirin—No others!

If you don't see the "Bayer Cross" on the tablets, refuse them—they are not Aspirin at all.

Your druggist gladly will give you the genuine "Bayer Tablets of Aspirin" because genuine Aspirin now is made by Canadians and owned by a Canadian Company.

There is not a cent's worth of German Aspirin in Canada, it might be purchased from the U.S. Government.

During the war, and imitations were sold as Aspirin in all boxes and various other containers. But now you can get genuine Aspirin plainly stamped with the safety "Bayer Cross"—Aspirin proved safe by millions for Headache, Toothache, Earache, Rheumatism, Lumbago, Colds, Neuritis, and Pain generally.

Handy tin boxes of 12 tablets—also larger "Bayer" packages.

Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

If I could get 100 on anything."—Christian Advocate.

**The True Meaning
Of Fire Insurance**

Excerpts from an Address Delivered Before the Canadian National Shoe Association at the King Edward Hotel, Toronto by Mr. W. G. Wright, Editor of "Concerning Insurance,"—Toronto Saturday Night.

What is Fire Insurance? It is a contract of indemnity. You buy a fire insurance policy for \$1,000. You don't buy any such thing. You buy a contract with the Insurance Company that they will indemnify you against loss to an amount not exceeding \$1,000. If your whole stock is burned up you are entitled to \$1,000—nothing of the kind. You may have had only \$500.00 worth of goods destroyed; you might have had goods which cost you \$1,000 destroyed and they might have been worth only \$400, because of that element of depreciation of which I speak, or they may be, as in the case of a manufacturing shoe establishment for whom an adjustment was made, where the goods had cost \$1,000 and were shown to be worth \$1,700, and the Insurance Company paid the loss on the basis of \$1,700.

Fire Insurance is then, first, a contract of indemnity, under which an Insurance Company agrees that if you fulfil all the conditions of that contract you shall be indemnified for your loss up to the face of that policy. Then, when you have a loss, it is up to you to prove what you have lost, and I may say that not nineteen out of twenty (the one exception is where a perpetual inventory is kept, —I say in nineteen out of twenty cases it is impossible to prove what you have lost. You can arrive at a fairly good estimate of it, but estimates can be made which differ as far as it is possible to differ.

Fire Insurance, then, is a contract of indemnity, and you will obtain a hundred cents on the dollar of your loss if you know how to obtain it and if you have lived up to your contract.

Now, there are several conditions to the contract that you are very apt to fail to comply with. One of the conditions that is very common is this, that you fail to notify of the whole amount of insurance which you are carrying, or fail to protect yourself by having on your policies a clause which reads: "Further Contingent Insurance Permitted." That is the ideal condition.

The next feature in which you are liable to fail in insurance is that you are liable not to live up to the requirements of the Co-insurance Clause. In nineteen out of twenty cases, people are stung by the Co-insurance Clause, and if you can get away from it, my advice is to keep away from it. You cannot get away from it if your risk is a sprinklered risk, or if you want a blanket policy over a number of buildings which do not communicate one with the other, that is if you have to carry the Co-insurance Clause, be sure you live up to it; but as I said, nineteen out of twenty do not live up to it.

With regard to the contract, you should see that your contract really does cover you and insure you on the property which you wish to have insured.

A "Stock in trade" is one of the most dangerous wordings that could be put into a policy.

What wording then do we use? On goods, wares and merchandise of every description, and even if you left it at the words "on goods" you will be perfectly safe for the worst goods will include everything a man owns.

The furniture and fixtures wording should read: "On store furniture, furnishings, fittings and fixtures of every description."

Fire loss adjustment is a business.

PILES Do not suffer another day with itching, bleeding or protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as a certain cure you see a box at all dealers of Edmanston, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

ness. It is just as much a business as the shoe business, and it requires a knowledge of fire insurance and adjustment to deal with fire loss adjustments, just as it takes knowledge to buy boots and sell them at a profit.

When you come to deal with fire loss adjustment the goods on your shelves may be worth less than they cost you. I think in the case of those of you who are so fortunate as to have some considerable stock on hand for some time that they are worth a great deal more than they cost you. I would say take stock of your goods at actual cost every time. This is a safe, sane and conservative method.

Another thing about your inventory. Don't take your inventory on loose sheets and leave them that way; no objection to your using loose leaves to take your inventory on, but immediately it is finished have them bound.

Do not keep your inventory where it is liable to be caught by fire. The correct thing is to keep the inventory off the premises altogether, and after you have a fire you will always have an inventory to work with. I do not know many merchants throughout the country who do not keep books.

Mr. Wright was asked for and gave an explanation of the co-insurance clause. It is a contract by which you agree to keep insured up to (and I mention only one) 50 per cent. of the value of your property, falling which you become a co-insurer for the deficiency. Now for a sample problem we will take a man who has a stock of \$10,000. He agrees that he will insure that stock for \$8,000, and if he doesn't insure it for \$8,000 he is to be a co-insurer for the deficiency. The fire comes along and he has a loss of \$4,000. The adjuster finds that he forgot to renew one of his policies and he has only \$5,000 of insurance and he should have had \$8,000. He is, therefore, entitled to five-eighths of his loss, \$4,000, which is just \$2,500.

**Enthusiastic Meeting
Held In Opera House**

(Continued from page 1)

fought out by the members of the board, it would lessen the boards respect for them, but he felt positive that labor was beyond any such despicable methods as these, and was sure the Compensation Board would get the hearty support of the laborers.

Organizer J. E. Tighe of St. John was the last speaker and expressed his great pleasure in having the opportunity of addressing such a large audience in the interest of labor, and stated that in St. John it would be impossible to get such a large gathering as this one, unless they purposed making a demand for an increase in wages. He was pleased to see such an interest being taken by the laborers and assured them if they kept this good work up, there would be no doubt about them securing their proper rights. He expected to be on the North Shore for the next six or seven weeks organizing the different towns, and would have further opportunities of addressing the Miramichi Workers. He stated that it had been a great pleasure for him to be the man who was available, at the time of the difficulty between the men and their employers, to settle the difficulties, as he had long wished for a chance to organize the men on the Miramichi. It was now a settled fact, and their Union from now on was one which had to be recognized and dealt with properly by the employers of labor.

When preparing the Compensation Act in Fredericton, he had been told by the laborers there, who were opposed to it, that until such time as the men on the North Shore were organized, it was impossible for the other parts of the Province to, com-

pete with the Northern Portion of the Province. However they had been successful in getting the Compensation Act passed, and now they had succeeded in getting the Miramichi Workers organized. During the next few weeks he expected to organize Campbellton, Dalhousie and Bathurst, which, when he got through would be as strong a union as the one now on the Miramichi. He was glad that the local union were forming up a schedule of wages for next season, as then, when the work opened for the year there would be no difficulty in getting things settled at the start of the season's operations. He was anxious to get all trades and callings organized, so they would all work together and he hoped now that the women had the vote that they would throw in their support along with the laborers.

The Compensation Act which is now law, while not perfect, surpasses the old Employers Liability Act, and he hoped the next step would be to amend the Factory Act, and thereby get more inspectors including a lady inspector. A large amount of opposition had been placed against the Factory Act, and consequently they had been unable to have it properly amended but he hoped in the near future that this state of affairs would be remedied. In the past the different Labor Acts had never been enforced, and a Minister of Labor from their own ranks was required to see that they were enforced. This could be accomplished and union should see that it was done, as none of our Provincial or Federal representatives had ever done anything for labor. It was now imperative for labor to see that they got a representative from their own ranks to look after their interests.

Labor had repeatedly asked for Free School Books, and had always been assured that the matter would be attended to, but up to the present moment, nothing had as yet been done. Labor had also asked for a Mother's Pension Fund, to provide for the education and care of children left fatherless, but this matter had also received no attention, while at the same time thousands of dollars were being spent in graft. If a labor minister elected from the ranks of labor unions was appointed this state of affairs would not exist, and it was now time for organized union to see that such an office was created and filled by one of their members.

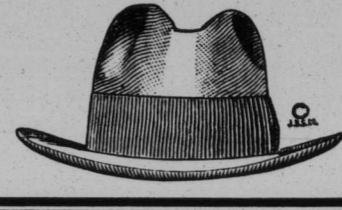

During the war, there had been very few strikes and labor had been requested to keep on working, and at the same time they had to pay exorbitant prices for flour and potatoes etc. Now that the war was over labor was beginning to take its stand against such profiteering and he had no doubt but what they would win out if they all worked together harmoniously. He strongly advised affiliating with the American Federation of Labor, as that body had done much for their Canadian working brothers.

Canadian Unions would never be able to repay the American Federation of labor for all they had done for them and he would strongly advise the Canadian Brotherhood to keep affiliated with them, and by so doing would make their position in all matters pertaining to labor stronger. He had attended the Industrial Conference at Ottawa, and the Labor Representatives at that conference were considered to have better ideas than any of the other members of the different professions represented there. Among the matters discussed at this conference were, Collective Bargaining, 8 Hour Day, Right to Organize, and Recognition of Organization. After much discussion on these subjects the government's answer was, that they did not think the time was opportune for the placing of these laws on the statutes, but he never the less felt positive that good results would yet be received from the meditations of the Conference.

When the next Federal Election was held he felt sure, it would be a fight between labor and capital, and now was the time for labor to prepare itself for the struggle which undoubtedly was to take place. He did not wish to use any threats, but from now on the employers of labor must realize that labor was out after its just rights, and it intended to get them. Mr. Tighe then read a resolution prepared by the Nelson millmen, regarding a schedule of minimum wages which was handed him by Mr. Wallace of Nelson. It was moved and seconded that this resolution be adopted and carried unanimously.

A vote of thanks was tendered the manager of the opera house for the use of the building for the meeting, and also one to the different speakers of the evening, which was also passed unanimously. Mr. Sugrue on behalf of the different speakers, thanked the meeting for their vote of thanks and in concluding gave each and everyone a cordial invitation to call at the building of the Workmen's Compensation Board when visiting St. John. President Martin then declared the meeting adjourned.

Men's Hats

A complete showing of New Fall Styles including the "Borsalino", "Stetson", "Walthausen", "King" and "Redmond" makes. VELOUR hats are strong in public favor for fall wear. We have some smart models in both English and French Velours in all the wanted colors.

THE T. H. TAYLOR CO. LIMITED, CHATHAM, Ont.

SOCIAL AND PERSONAL

Col. Armstrong of St. John was in town last Wednesday.

Mrs. James Stables is in New York visiting friends.

Mr. Thomas Gibson of Moncton, spent the week-end in town.

Mr. Albert O'Donnell of Campbellton was in town last Wednesday.

Mr. W. V. Creaghan of Moncton is spending his vacation at his home here.

Mrs. W. R. Fitzmaurice, spent a few days last week, visiting friends in town.

Mr. H. H. Stuart of Sunny Brae spent the week-end at his home in town.

Mr. and Mrs. M. McCarron and family have returned from an automobile trip to Hampton.

Miss Cassie Armstrong left last Wednesday for New York City to re-sume her duties.

Mrs. Joseph Comfort and young son have returned from Boston where they have been visiting.

Mr. and Mrs. James Hachey, sr. left last week for Putman, Mass where they will spend the winter months.

Mr. and Mrs. H. B. Anslow and young son Allan of Campbellton were in town visiting friends this week.

Mr. H. C. Shaw, representative of the Canadian Linotype Co. of Toronto spent Wednesday and Thursday of last week in town.

Miss Russel and Mrs. Robert Armstrong have returned from Youghal, where they have been spending the summer months.

Miss Edna Vye, who has been visiting friends in Campbellton and Dalhousie for the past two weeks has returned to her home in Blackville.

Mr. Robert Field Sney of the Dept. of Soldier's Civil Re-establishment for the Maritime Provinces was in town last Tuesday in connection with his duties.

Miss Bertha McGowan who has been visiting her mother Mrs. O. McGowan returned to Boston last week, and was accompanied by her sister, Miss Bessie.

Mr. and Mrs. Alex. Corbett of Waverley, Mass. who have been visiting the former parents, Mr. and Mrs. Wm. Corbett Sr. returned to their home yesterday.

Mrs. Alice Currier of New York City has been spending a few weeks in Derby the guest of her brother Mr. H. S. Bateman. Mrs. Currier's mother Mrs. Richard Bateman of St. Stephen accompanied her to Derby where she is also making a visit after an absence of 29 years. Mrs. Currier left on the 26th and will visit a few days in the following towns: St. Stephen, Portland, Woodfords and Lewiston, Me and Boston before going to her home in New York.

Mr. Clifford Mallaley of St. John is in town visiting relatives.

Mr. John Hall of St. John is visiting friends and relatives in town.

Mr. and Mrs. James Park of Sussex N. B. are visiting friends in town.

Mrs. Allan J. Ferguson, who is ill has entered the Miramichi Hospital.

Miss Helen Neif has gone to Duluth Minn. where she will visit friends.

Mrs. Hugh Stewart who has been visiting friends in Boston has returned home.

Mess. W. W. Cormier, W. Cyr and J. E. Cullen attended the Charlotte-town exhibition.

Miss Helen Armstrong, who spent the summer months at Youhall, has returned home.

Mr. and Mrs. Fred V. Dalton have returned from their wedding trip, and have taken up residence in town.

Mr. and Mrs. John McCabe of Moncton are the guests of the former's parents Mr. and Mrs. A. McCabe.

Miss Ethel Falconer left last week for Amherst, where she will be the guest of her sister Mrs. L. P. Jonah.

Mr. W. A. Park, Collector of Customs who is ill with pneumonia, has entered the Miramichi Hospital for treatment.

Mr. and Mrs. Jas. P. Whelan motored through from Bathurst to attend the Chatham exhibition and were visiting friends in town on Friday.

Mrs. W. H. McLean and daughter Miss Edith, have gone to Milestone, Sask. to visit Mrs. McLean's son William, who is in business there.

Mr. Josiah White, formerly of Sibley, but who has been living in Lis-bon Falls, Maine for the past twelve years is in town visiting his son Mr. Burke White.

Miss Alma Godin R. N. who has been visiting her sister Mrs. J. D. Paulin since her return from overseas left Wednesday last for Montreal en route to Ottawa.

Mr. Herbert Morrissy, a graduate of St. Francis Xavier College, Antigonish, N. S. and who recently returned from overseas, left yesterday for Montreal, to enter McGill University to study the Medical profession.

A number of friends of Miss Inez Carrigan gathered at her home in Nel-son, on Wednesday evening, and tendered her a miscellaneous shower. This young lady is to be one of the principals in an interesting event in the near future.

WEDDINGS

CROCKER—SAUNDERS
The home of Mr. and Mrs. E. W. Saunders was the scene of a pretty wedding Tuesday afternoon when their daughter, Miss Ada B. Saunders, was united in marriage to Walter H. Crocker, of Millerton, but now of Truro.

The bride, who was for some time assistant supervisor of Women's Institutes, was beautifully gowned in white satin and bridal veil and orange blossoms, and carried a bouquet of bride's roses. Miss Helen Crocker, sister of the groom, was maid of honor and wore a gown of georgette over pink satin and black hat with pink plumes.

The groom who is a son of Mr. and Mrs. Christopher Crocker, of Millerton, had as his best man Roy Saunders, brother of the bride.

The ceremony was performed by Rev. J. B. Daggett of Marysville, with whom the bride made her home for many years.

Among the out-of-town guests were Mrs. Christopher Crocker, Millerton, Dr. and Mrs. J. B. Crocker, Clarence Crocker and Miss Inez Johnos, of Fredericton.

O'SHEA—YOUNG

An event of very much interest took place in St. Thomas' church, Redbank, Wednesday morning, when Rev. P. Duffy united in marriage Mr. Burton D. O'Shea, son of Mr. and Mrs. James O'Shea of Boom Road, and Miss Adella Young, daughter of Mr. and Mrs. Michael Young of South Bek. After dinner, which was served at the bride's home, the happy couple motored to Newcastle and left on the Ocean Limited on a wedding trip to Montreal and other Canadian cities.

HOVEY—MOUNTAIN

On Tuesday afternoon, the 16th instant, at the residence of the bride, Blackville, N. B., Miss Hulda Edna Mountain daughter of Mrs. Nelson Curtis was married to Mr. Earle L. Hovey of Ladlow by Rev. G. A. Grant of St. Andrew's Presbyterian church, and in the presence of the immediate relatives of both the groom and his bride. At the close of the ceremony a delightful supper was served and with the good wishes of their friends the wedding party left by the five o'clock train for their trip to Fredericton and other places. For the present they will reside in Blackville.

OBITUARY

THOMAS O. THOMPSON.
Thomas O. Thompson of Philadel-phia, whose sister, Mrs. (Rev.) L. H. MacLean, of Newcastle, was called to his bedside several weeks ago, died on the 25th instant. Besides Mrs. MacLean, the deceased leaves three brothers, Arthur Thompson, M. D., Flushing, N. Y.; Victor, Elizabeth, N. J. and J. Edward, Philadelphia and two sisters, Mrs. Smith, of Norwood, Penn., and Mrs. Coppin, of Kent, Eng-land.

ALEX McFARLANE.
The death of Mr. Alex. McFarlane of Chatham Head, occurred at the Miramichi Hospital last Friday morning. Deceased was a respected citi-zen of Chatham Head and was 76 years of age. He leaves to mourn a widow, and five children, James of Chatham Head, Brown of Fredericton Byron of Boston, Ada and Mary at home.

The funeral took place Saturday afternoon from his late residence, interment in the Miramichi Cemetery Rev. L. H. MacLean, pastor of St. James' Presbyterian Church, Newcas-tle, conducted services at the house and grave.

JAMES MANDERVILLE.
The death of James Manderville, Sr., one of Northumberland's oldest and most honored citizens, occurred at his home in Derby on the 25th in-stant. Deceased was 78 years and 6 months, was a native of Campbellton, and was a member of the Anglican church. He leaves a widow, formerly Miss Mary Warren, of Blackville, one half-brother, Robert, of Montana; one half-brother, Michael, of Derby, and the following children: Hiram, How-ard, Norris, James, David A. and John, of Derby; Duncan and Robert, of Renous; Ethel (Mrs. Otty Grady), Derby; and Elizabeth, (Mrs. George Hayes), Renous. The funeral was held Friday, services by Rev. H. T. Montgomery, and interment in the Anglican cemetery at Millerton. The pallbearers were six of the sons of the deceased.

Salesman Wanted

"Good live salesman, with practical knowledge of gas engines to handle on commission basis that famous BULLDOG line in certain territory. Can offer other similar lines to right man. We want hustlers—Good prospects ready to be followed up. Write with references."

UNION ADVOCATE

NEXT LOAN WILL BE FOR \$300,000,000.

It is announced from Ottawa that the coming Victory Loan will be for the sum of \$300,000,000.

A NEW S. S. FREIGHT LINE.

The Norwegian-America Line pur-poses establishing a regular freight line between Norway and Canada, in conjunction with the C. P. R. The ships will run from Montreal in the summer and from St. John in winter. The first boat will commence operat-ing in October, and a monthly route will be established thereafter. A Norwegian newspaper says:—Canada is a country with great possibilities and its export trade has a consider-able market here, chiefly grain and other farming products, sugar, farm implements, and canned salmon. On the other hand there are a great many Norwegians living in Canada who want Norwegian goods, especially Norwegian canned fish which has a good market there.

MORE WHAT?

Mrs. Jun-bridge—"The larder is about empty. We'll have to make our luncheon on bread and cheese and kisses."
Her Hubby—"All right! If there isn't enough I'll run out the Widow Sweetleigh's delicatessen and get some more."

Lieut. Col. Donald Sharpe was un-animously chosen by the Conserva-tives as their standard-bearer of Wel-land riding at a large attend d-convention at Welland.

Steamships under the U. S. flag now comprise 24.8 per cent of the world's tonnage.

U. S. Congress is asked to vote \$10,000 to purchase a gold sword of honor for Gen. Pershing.

STATIONERY

We carry at all times a full line of Staple and Fancy Stationery, School Supplies, Confectionery and Toys.

When you want something different give us your order and we will procure it if possible.

Keep Your Home Looking Young!
It is a mistake to allow your home to get "run down at the heels." When the floors and woodwork show signs of wear, and your furniture has lost its newness and is showing scratches and bruises, it is time to restore the original freshness and attractiveness by using

China-Lac
The Perfect Household Finish

This wonderful little home-brightener is put up in three differ-ent styles—As A VARNISH STAIN, it is invaluable for doing over old furniture. It stains and varnishes in one operation, giving the effect of oak, walnut, cherry, rosewood or mahogany, as desired. As AN ENAMEL, it produces an easily-cleaned glossy surface on interior woodwork, bedsteads, ironwork, porch furniture, etc. Besides white, it can be secured in 6 different colors. As A GRAINING COMPOUND, with China-Lac graining tools it permits the close imitation of hardwood on floors, cupboards, etc.

Come in and let us tell you how many things you can do with a few cans of China-Lac.

It Helps Others Will Help Me

With This Belief Many Thousands Have Learned the Exceptional Value of Dr. Chase's Nerve Food.

You hear people talking about Dr. Chase's Nerve Food. You read about it in the newspapers. You wonder if it would benefit you. And while you are hesitating others are using it to great advantage.

This treatment for the restoration of the blood and nerves is so different to most medicines that you may not realize why you can be so certain of benefit from its use.

In order to maintain the vigor of the nervous system an abundance of pure, rich blood is necessary. When the nervous system becomes exhausted and you are easily tired and suffer from headaches, sleeplessness, irritability or indigestion, it is because the blood is failing to supply proper nutrition to the nervous system.

By forming new, rich blood, Dr. Chase's Nerve Food naturally and certainly restores the vigor of the nerves. Since it works hand-in-hand with nature, it cannot fail to be of benefit, and there is no reason why it will not help you just as it has the writer of this letter.

Mrs. Stephen G. Thwaites, Box 265, Jordan, Ont., writes: "For about a year I was troubled with nervousness, and took doctors' medicine, but it did not seem to relieve me. I could not sleep nor content myself to do anything. I had severe headaches, was tired all the time, and afraid to stay alone. I also tried several nerve medicines until almost discouraged. At last I discovered Dr. Chase's Nerve Food, and found relief in this. I had only taken one box when I began to feel better. I continued using this treatment until my nerves were restored to perfect health. I think the Nerve Food splendid for nervous troubles of any kind, and cannot recommend it too highly."

(Rev. S. F. Coffman, Vineland, Ont., states: "This is to certify that I know Mrs. Thwaites, and her statements are correct.")

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers, or Edman-son, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

SUMMER COLDS Many have their worst colds during the warm months. A very little of

Scott's Emulsion after meals, puts that quality into the blood that helps thwart that rundown condition that is so depressing. Build up your vitality—try Scott's.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Frezzone costs but a few cents at any drug store. Apply a few drops on the corn, callus, or "hard skin" on bottom of feet, then lift them off.

When Frezzone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

MINARD'S "KING OF PAIN" LINIMENT

Extract from a letter of a Canadian soldier in France.

To Mrs. R. D. BAMBRICK: The Rectory, Yarmouth, N.S.

Dear Mother:—

I am keeping well, have good food and well protected from the weather, but have some difficulty keeping uninvited guests from visiting me.

Have you any patriotic druggists that would give something for a gift overseas—if so do you know something that is good for everything? I do—Old MINARD'S Liniment.

Your affectionate son,

ROB.

Manufactured by the

Minard's Liniment Co. Ltd.

Yarmouth, N.S.

Fall Plowing In The Orchard

After the apples are harvested there is generally a slack time when orchard plowing can be done to advantage. Experience had indicated that shallow plowing is advisable in orchard practice and that it is unwise to go deeper than five to six inches and that the area close to the base of the tree should not be plowed deeper than three to four inches. There is as a rule little cultivation after the first of July, and from that time on even if cover crops are not grown, a natural growth of some sort will have been made. This growth when turned under affords practically as good mulch as if left on the surface, and the fact that the ground has been loosened up tends to prevent as deep freezing, as if left compact, for the more compact the soil the deeper will frost penetrate it. Where root killing of trees is liable to occur, it may be wise to leave the cover crop much undisturbed as it assists materially in holding snow and as a result will give a better cover than if plowed in the fall. Other than this there does not appear to be any disadvantages in fall plowing as to possible winter injury from root killing. The great advantage is that a certain amount of work is out of the way for next spring, and should the spring be unfavourable for working land, the discing may be delayed much longer than it would be wise to delay plowing. Early orchard cultivation is of prime importance, and as it is usually necessary to plow once to work under accumulated vegetation, this should as far as possible be done in the fall, thus facilitating early spring work and hastening bacterial activity the next spring.

Dr. Mopps operated on Tell Binkley, today, for a second hand roadster. It seems like a thing never gets a goin' good till the feller that got it up is kicked out.

White Lily Farm, near Anagnone, on the line of the C.N.R., presented a gay and lively appearance last Monday when the directors, employees, salesmen and a few of the many friends of J. A. Marven, Ltd., and Mineral Springs Limited, having laid aside dull care and strenuous work, deviated over its green pastures and enjoyed its splendid hospitality. When the train from Moncton stopped at White Lily siding, there swarmed from the cars nearly two hundred men, women, boys and girls, who at the invitation of Mr. J. A. Marven, the genial president and general manager of the J. A. Marven, Limited, had come thither to enjoy a day's outing far from the noise and dust of the growing railway city. As the crowd alighted their eyes rested on sunlight fields of grain, plowed furrows and a pleasing landscape. Not far from the C.N.R. track there rose a tower of barrels, supported by guy wires and reinforced by many poles, placed wigwam like at the foot. From the topmost barrel, which was about thirty feet from the ground, a spruce bush waved its branches gleefully, in anticipation of the pyramid of flame which would enshroud it when the White Lily bonfire was lighted.

Farther in the rear, a flag bearing the words "White Lily" placed on a high pole, floated in the breeze and extended a mute welcome to the visitors. Nearby were located the farmhouses, which is the home of Mr. W. Howe Reid, manager of White Lily Farm, and not far away the pretty bungalow, which is the summer home of Mr. and Mrs. Marven.

In the shade of the old apple trees, which are now laden with fruit, tables were set and here at 1 and 6 o'clock the feasts were spread to the great enjoyment and satisfaction of the large company. Efficient young ladies, employees of the J. A. Marven Limited, clad in white from head to heel, presented a pleasing appearance and made the picture one of rare attractiveness and beauty.

At the close of the dinner, Mr. W. H. Spears, the well known salesman, in a neat speech extended to Mr. and Mrs. Marven the hearty appreciation of the Marven and Havelock employees for their thoughtfulness in sharing with them for a day the pleasures and joys of White Lily Farm. He said he knew that he expressed the opinion of every employee of the two companies when he stated that all had a most kindly feeling towards Mr. Marven, who had treated them right in every sense of the word. If every employer was as solicitous of the comfort and happiness of those who worked for him as was Mr. Marven then there would be fewer labor troubles and a large increase in production.

Mr. Marven, in rising to reply, received an ovation for which he extended thanks in words and smiles.

Just as the average man reaches for fame his pipe goes out.

Dr. Mopps operated on Tell Binkley, today, for a second hand roadster. It seems like a thing never gets a goin' good till the feller that got it up is kicked out.

Winter Protection Of Plants

Alternate freezing and thawing may be the cause of plant winterkilling, may result from continued cold drying out the wood. This later killing is noticeable in the case of raspberries and roses. The more mature the canes or wood the less the liability to injury. Conditions favourable for late fall growth may produce wood that will not stand the temperature if more mature, as degree of maturity in the wood will lessen the injury due to a low temperature. To protect raspberry canes they are bent over along the row and covered with soil. Care is necessary not to break the canes. The canes are bent over the tips covered and soil filled under the parts that do not touch the ground mounding up until the whole plant is covered. This covering is removed gradually early in spring. Climbing roses may be taken down and covered as indicated for raspberries, and the bush roses mounded up once

shaped to a depth of eight or ten inches around the plant. The branches above this may be killed out, the necessary buds will be kept alive below the covering and all the dead branches can be cut out to good buds the next spring. Over this mound around the rose plants a mulch of three or four inches of strawy manure should be placed. This should be done just before continuous cold weather sets in, and removed as soon as the sap begins to flow in the spring. In mounding avoid leaving deep holes for water to lodge in near the roots of the plants.

Perennials are better of a light mulch about two inches deep. However, care should be exercised in not making it too deep to cause rotting of the crown. This is particularly liable to happen with the biennials such as digitalis or foxglove, campanula, pansies, sweet william and hollyhock, for which a light covering of straw just sufficient so that the plants can be seen through the straw is what we find the best, or just sufficient to prevent excessive freezing and thawing but not enough to hold the crown wet during a continued mild spell.

DID YOU EVER THINK

why that skin trouble, from which you are suffering, will not heal? It is because it is so deeply rooted that ordinary ointments are incapable of penetrating to the seat of the disease.

Zam-Buk, on the contrary, is so refined that it is capable of reaching the underlying tissues, and that is why so many cases of skin trouble, which have defied all other treatments, have yielded to Zam-Buk.

Don't delay! Get a box of Zam-Buk and prove it for yourself. Not only is it best for eczema and all skin troubles, but also for ringworm, ulcers, old sores, blood-poisoning, boils, piles, burns, cuts and all skin injuries. All druggists or Zam-Buk Co., Toronto. 50c. box, \$ for \$1.25. Send 4c. stamp for postage on free trial box.

The Why? of Another Victory Loan

WHEN, on the morning of November 11th, 1918, the guns were hushed and glad tidings flashed across the world, there followed with the Nation's Prayer of Thanksgiving, one yearning query, which found echo in the faster beating hearts of wives, mothers, fathers, brothers, sisters and sweethearts. That query was, "How soon will our boy be home?" And, from France and Flanders, from Italy and Egypt, from Palestine and from far-off Siberia, there came an answering echo, "How soon, how soon, may we go home?"

CANADA caught the spirit of these longings, and at once resolved to satisfy them. It was an appalling task. Shipping was tragically scarce. The composition of the Army of Occupation had not then been settled. And other parts of the Empire as well as Canada were looking for the speedy return of their men.

THE problem was this. The half-million men that Canada had overseas had taken more than four years to transport to the field of battle. To bring them home in a few months was a gigantic undertaking—one to tax all Canada's ingenuity and resources. Canada solved the problem, but it meant crowding into a few short months, an expense for demobilization which it was impossible to foresee.

THEN, too, besides the sentimental aspect of the necessity for bringing the men home quickly the economic side could not be overlooked. That was, to transform efficiently and speedily the nation's army of fighters into a national army of workers.

Need Divides Itself in Two Parts
(a) To finish paying the expenses of demobilization, and the obligations we still owe to our soldiers.
(b) To provide national working capital.

Obligations to Soldiers
The obligations to soldiers include: That already incurred cost of bringing home troops from overseas. The payment of all soldiers still undemobilized. This includes more than 20,000 sick and wounded who are still in hospital, and who of course remain on the Army payroll till discharged. The upkeep of hospitals, and their medical and nursing staffs, until the need for them is ended. These three items alone will use up at least \$200,000,000 of the Victory Loan 1919.

CLASSIFIED ADVERTISEMENTS

Auto For Sale

30 Horse Power E.M.F. 5 Passenger Touring Car. A bargain for purchaser. For particulars apply at this Office.

Ocean Limited Bandits Have Been Caught

Quebec, Que., Sept. 22—After five days of incessant work during which every possible clue was followed to the limit practically every place in the province of Quebec was combed fine, the police operated four arrests in the city of Quebec today and believe they have captured the bandits who figured in the hold-up and rifled the mail car on the Ocean Limited train between Levis and Montmagny on the morning of Thursday Sept. 18th. The men arrested are George Topping a freight conductor on the Canadian National Railways, and C. Bonardin, T. Proteau, a former garage owner, who disguised with masks and carrying revolvers entered the mail car and after binding the hands and feet of the five mail clerks, ransacked the mail and got away with \$1700 in five and ten dollar notes. The other two men arrested, who are held as material witnesses are George Lavasseur, a brother-in-law of Topping, and Napoleon Boulanger of Levis.
While the police have not yet located the missing pony, they hope to be able to do so in a very short time, and in the meantime, they have the masks used by the bandits when they made their haul.
While the operations of the police since the hold-up seemed to be concentrated in the rural districts and along the American line, they were neglecting nothing in Quebec and Levis and the fact that the four arrests were operated in Quebec today indicates that their operations had narrowed down to a small area within the past few days.
The first arrests made today were those of George Lavasseur and Napoleon Boulanger, the former is a mechanic in the employ of the Gossett firm at Levis. Both were arrested in Quebec, the former on St. Joseph street, and the latter as he was entering the Quebec post office.
While these two men had some connection with the crime, it is understood that they turned King's evidence and as a result are merely held as witnesses in the case for the present.

PARLIAMENT BUILDINGS STOOD TEST OF FIRE

Ottawa, Sept. 23—The new parliamentary buildings were the scene of a fire tonight, and but for the fireproof construction a conflagration such as that of February 1916 might have ensued. The blaze occurred in an inside room in the basement among some boxes containing asbestos and the firemen had to drag their hose through corridors, etc. etc. in order to reach the fire. The damage to property was about \$2,000.

Harris Restaurant

ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—Mrs. E. R. CHURLING, B. No. 1, Hellam, Pa.

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way."—Mrs. ELISE HEIM, R. No. 6, Box 83, Lowell, Mich.

Why Not Try LYDIA E. PINKHAM'S VEGETABLE COMPOUND

LYDIA E. PINKHAM MEDICINE CO. LYNN, MASS.

Catarrah Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrah deafness, and that is by a constitutional remedy. Catarrah Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrah, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.
We will give One Hundred Dollars for any case of Catarrh Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Drug F. J. CHENEY & CO., Toledo, O., glats, 75c.

MAKING PROGRESS.

He—Aren't you beginning to care for me just a little?
She—I really believe I am. I can almost listen to your proposals now without laughing.

OR THREE.

"Have you got a price-list?"
"Not a recent one, madam; but I can give you an old one, and all you have to do is to multiply everything by two."—Chicago Tribune.

BUT HE KNEW MOST OF 'EM.

Mr. Upp-Towne—I saw you coming out of the employment agency.
Mr. Downe-Towne—Yep, been hiring a new cook.
Mr. Upp-Towne—Finally decided to recognize the Cookes' Union, eh?
Mr. Downe-Towne—Not entirely, old chap. There are still a few strange faces.

THE SAME ONLY DIFFERENT

"I want to know," said the grim-faced woman, "how much money my husband drew out of the bank last week."
"I cannot give you that information madam," answered the man in the cage.
"You're the paying teller, aren't you?"
"Yes, but I am not the telling payer."

Historical Society Of Gaspesia

That part of New Brunswick from the Miramichi to the Gulf of St. Lawrence and from the coast to the Riviere Aux Saumons near Levis comprised the ancient territory of the government of Gaspesia, which was hereditary in the family of Nicolas Denys, descendant of the captain Jehan Denys who took possession of all this country in 1604 and published a chart of the same at Honfleur in 1608. This region is one of the most historic of America. Besides being Nicolas Denys's residence, as while hereditary lord, or prince, of the district while governor of Acadia and Newfoundland from 1654 to 1669 when he wrote his Histoire de L'Amérique, it was the anchorage of the celebrated privateer Le Griffon (Anse du Griffon) in 1732. It was in this district that Aubert de Gaspé wrote his celebrated book, "Les Anciens Canadiens." These are but a few of the interesting things whose account ought to be gathered together and other things done for the advancement of the district. The pre-

sent Comte de La Gaspésie has consented to be the Honorary-President of the newly formed Historical Society of Gaspésie and it is expected that the Hon. Rudolph Lemieux will be the President. It is proposed to divide the Society up into as many branches, at the head of each being a vice-president, as there are countries, or Seigneuries, in the district. Each one of these branches will choose its own historian and other officers to gather the historical data of its particular locality. Each branch will meet monthly to hear reports, communications, etc. The families of the noblesse, French and British, in genealogical value will have representation in the registries of the Society. The clergy should represent their parishes, and the landed proprietors, merchants and professions should represent their historical belongings etc.

Communication has been opened with the city of Honfleur to obtain historical memorials of the great discoverer, Denys, the Norman, which will be kept at the chief town in the

district (probably Newcastle), where a valuable library from historical interchanges will be open to the public, if the town will provide the quarters necessary for the library room.
The membership fee of \$2.00 per year will entitle each member to the diploma of the society, to the Society's publications and to other privileges.
The organization of the local branch at Newcastle ought to commence at once. Those interested are to communicate either with Comte de La Gaspésie, 128 Canvass St. Cohoes, State of New York, or with the Sec'y of the Society, College of Arms, Archives Department, Ottawa, Canada

THE FLAVOUR LASTS SO DOES THE PRICE!

Local and General News.

CHATAUQUA TO RETURN.
The Chatauqua has again been agitated, and will return next season.

PUBLIC SCHOOLS CLOSED.
The public schools were closed last Thursday, to give those desirous of attending the Chatham exhibition, an opportunity of doing so.

AUTOMOBILE STOLEN.
A Ford car was stolen from the exhibition grounds in Chatham last week, and the local police were requested to be on the look-out for the thief.

UNION HOTEL RE-OPENED.
The Union Hotel and Stable in connection therewith, will be re-opened by the undersigned on Wednesday, October 1st. Good Rooms and Board at reasonable prices.
DAVID MUTCH
35.0-pd.

INFLUENZA.
This dreaded disease is expected again this year, reports from some localities already stating that it has arrived, and the public would be well advised if they would follow instructions as already contained in the press, and by so doing, would materially assist in preventing this terrible disease from becoming an epidemic, the same as we experienced last year.

PUBLIC MEETING POSTPONED.
The public meeting called for Monday evening to discuss the disposal of the funds on hand from the returned soldier's reception failed to materialize. A few of the committee members only were in attendance and it was decided to postpone the meeting until Friday evening October 3rd at 8 o'clock sharp, when it is urgently requested that the committee members, subscribers and general public will be present, so this matter may be finally dealt with.

POP-CORN AND PEANUTS.
Mr. Wm. Richards the enterprising manager of the opera house, has purchased an up-to-date popcorn and peanut stand, which will be used in connection with the opera house entertainments. Mr. Richards installed his new stand at the Chatham Exhibition and did a land office business during the days of the exhibition. This is something novel for Newcastle and when installed at the opera house, which will be done at once, will give Newcastle folks an opportunity of procuring some nice fresh popcorn and hot roasted peanuts such as can be purchased in our larger cities.

RETURNED SOLDIERS CELEBRATION.
At the last meeting of the General Committee in charge of the Returned Soldiers Celebration the following motions were passed unanimously:
That the Committee extend a hearty vote of thanks to Messrs. Wm. and E. H. Sinclair for the magnificent arch they had constructed as a mark of appreciation to the returned soldiers and which caused so much interest to be taken in the celebration. And that Mr. John Fitzgerald be tendered the appreciation of the Committee for erecting the arch and decorating it on such short notice, in such a masterly manner.
That the Ladies of the Red Cross be extended a vote of thanks for their co-operation and help in preparing and serving the dinner, and also the Woman's Institute for the loan of the cut glass and other dishes for the decoration of the tables. Further, that the young ladies be thanked by the committee for their co-operation and help in serving the dinner, and for their services on the sports field.
That the thanks of the committee be extended to Mr. Wm. Johnston for the donation of cream, milk and trees and to Mrs. E. P. Brown, Mrs. Frank Hogan, and Mrs. Geo. Bethune for their donations of milk and cream. All having given freely without solicitation.
The Finance committee wish to report that since the publication of the statement last week which showed a balance of \$1724.29 there has been a bill of \$12.55 paid to A. H. MacKay which leaves a present balance of \$1711.74.

RESPONSIBILITY WITH HONOR.
The returned soldiers' button stamps the wearer is one in whom his fellow citizens have confidence. That is a fact the wearer must never lose sight of.

BACK TO OLD TIME.
The clocks, in town and cities where Daylight Savings time was used, were changed to standard time again on Sunday the 25th inst.

WORK OF INSECTS.
During exhibition week, a government car, from British Columbia, was at the Chatham station containing exhibits of lumber, which had been destroyed by insects.

N. B. LUMBERMAN'S ASSOCIATION.
Under the presidency of Mr. W. B. Snowball of Chatham, a meeting of the N. B. Lumbermen's Association was held last Thursday afternoon in the Board of Trade Rooms, St. John. N. B. Matters of a routine nature only were considered.

INVESTIGATING.
Dr. Gordon Hewitt, Dominion Entomologist went into the Miramichi woods last Friday, with a party, where they purpose making an investigation of the damage caused by the spruce bud worm especially on the Renous and Dugarvon rivers.

ASSIGNED.
Frederick Heckbert, of Chatham, doing business under the name and style of Heckbert Brothers, has made an assignment for the benefit of his creditors. High Sheriff W. F. Cassidy, of Northumberland county is the assignee.

SHOULD BE CAREFUL.
Now that the open season is open for big game, hunters should be careful that the target aimed at is a wild animal, and not a human being or a domestic animal. Reports are all ready coming in of colts etc. being shot, and sportsmen in future should take warning before more serious damage is done.

HIGHER SALARIES PREDICTED.
Dr. W. S. Carter, chief superintendent of education for the Province, in an address to the Charlotte County Teacher's Institute held in St. Stephen last Thursday, noted the recent advance in salaries and predicted a further advance. He also expressed his very strong opinion in favor of free text books.

H. A. A. A.
The Harkins Academy Athletic Association held their annual meeting on Tuesday and elected the following officers for the ensuing year: President, Jack MacKay; vice-president, Rodger McCabe; secretary, treasurer, Edwin Stuart. Also a council of eight as follows: Grade XI, Jack Corbett and Lewis Kingston; Grade X, Hudson Sproule and Vincent MacCullum; Grade IX, Walter Stuart and Douglas MacKay; Grade VIII, Emery Travis and Alexis McCarron.

SECURED LARGE MOOSE.
Mess. F. A. Johnson of New London, Conn. and Chas. S. King of New York City, have just returned from a successful hunt in the Little River Country, with Ned Wayne and Hubert Wayne as guides.
They killed their allotment of deer and brought out a handsome moose head, with a spread of 52 inch. This moose was called and after answering, came so rapidly that it was necessary for the guide to discontinue calling and the animal was shot within 20 feet from where the hunter and guide were standing.

PASTOR QUITS PULPIT TO COMFORT MAGDALEN.
Because a minister sought out a fallen girl, rescued her and took her to her parents, into his choir and his home, his congregation deserted his church. This is one of the powerful scenes in Evelyn Nesbit's latest Wilham Fox photoplay "Thou Shalt Not," which will be shown for the first time at the Happy Hour Thursday. It is a play of heart and home, of tremendous strength, of a tragedy taken from real life.

Evelyn Nesbit is seen as a young, innocent choir singer, who is led astray by a man under promise of marriage. He lures her into shame, only to desert her. The picture reveals the pathetic helplessness of young innocence held in the clutches of a man's selfish and brutal power. It reveals a mother's sorrow, a father's mistakes, and teaches a powerful, lasting lesson.
Miss Nesbit never has done more appealing or convincing acting than she does in this exceptionally fine photoplay.

SYNOD MEETING.
The Presbyterian Synod of the Maritime Provinces will meet in St. Paul's church, Fredericton, N. B. on Tuesday, October 7th, at half past seven in the evening.

PRESBYTERY MEETING.
The Presbytery of Miramichi held a meeting in St. James' Hall, on Friday 26th inst. at which matters pertaining to the Presbytery were dealt with.

RALLY DAY.
Last Sunday afternoon was observed as Rally Day in St. James' Sunday School, and a large attendance of parents, teachers and scholars were present.

ANOTHER NEW BRANCH.
The Royal Bank of Canada has opened up a branch office at Canterbury, and Mr. H. W. Ferguson who was a member of the Fredericton branch, before enlisting for overseas has been appointed manager.

HOLIDAYS OVER.
The Wednesday afternoon holidays observed by the merchants of Newcastle, during the months of July August and September terminated last Wednesday and from now on the stores will remain open as formerly.

MILLS CLOSED.
Some of the lumber mills on the river were closed down last Thursday and Friday, to enable the employees to attend the Chatham Exhibition. A large number of the employees took advantage of the opportunity to see the exhibition.

BAD SIDEWALKS.
Our sidewalks are in a disgraceful condition, and should be looked after immediately. Last week a number of accidents were reported, caused by the holes which are in the sidewalks, and if not attended to, the town may find itself up against a damage suit which will prove more expensive than the repair of the walks.

MUSIC.
The interest taken in the Chatauqua, fully demonstrates that the general public has arrived at the point when they want music, and especially high class music. This is a good omen and one which should not be lost sight of. Of all charms, music is one which ranks at the head of the list, and provides pleasure and entertainment for all classes. The talent is here, if developed, and the citizens could do nothing better for our town than to take this matter up and devise ways and means for the adoption of the necessary methods whereby music would be taught.
Our school children, have nice young voices and if music were taught in our schools, such as is done in other places, it would be a great source of enjoyment as well as education to our children, and in a remarkable short time, we would have the children in a position to take part in any function which might arise. Nothing is nicer than to hear young voices render music, and if they were taught when young, much more interest would be taken in this beautiful art in the generations to come. Would it not be wise to start an agitation along these lines, and see if some thing could not be arrived at, to promote music in the schools. Our school taxes might be increased to some extent, but this would be a small matter, when compared with the results which would be obtained.
