EX-PREMIER OF MANITOBA DEAD

Hon. Thomas Greenway Expires Suddenly at Ottawa—A Dis- tinguished Career.

Ottawa, Oct. 30.—Death came un-
expectedly at 7 a. m. today to Hon.
Thomas Greenway, ex-premier of
Manitoba, who was recently appointed
a member of the railway board. Mr.
Greenway had been confined to his
bed at the Windsor hotel with an at-
tack of asthma, and for several days
his condition was regarded as serious.
On Friday, however, it was stated
he was out of danger. Yesterday
morning symptoms developed which
caused some anxiety to relatives and
friends, but in the evening he was
better and in good spirits. Early this
morning he again took a turn for the
worse and while the nurse was out
of the room for some minutes, getting
something he required, he passed
away. Death was doubtless due to
heart failure. Mr. Greenway caught
a cold while en route to Ottawa and
never got rid of it. He had not taken
his place on the railway board, al-
though he would have done so immedi-
ately on his arrival but that no office
accommodation had been provided for
him.

W. J. Greenway, commissioner of
crown lands and son of the deceased,
will accompany the remains west at
midnight where the funeral takes
place at his home in Crystal City.
If he can get away, Charles
Young, of the N. T. R. commission,
will also go west to attend the funeral.
Many expressions of regret at the
death were heard in Ottawa this morn-
ing, and many western people called
at the hotel to offer condolences to
relatives.

Regret is Widespread.

The remains of the late Mr. Green-
way will be placed in the parlor of the
Windsor hotel at eight o'clock to-
night where they can be viewed by his
friends and later on will be put on
the government car Acadia, which
will be attached to the midnight Pa-
cific express.

Every one in Ottawa from Sir Wil-
frid down who has had occasion to
come into contact with Mr. Greenway
expressed regret at his unexpected
demise. Members of the board of rail-
way commissioners are keenly disap-
pointed that death should have over-
taken him before he had had an op-
portunity to show his capacity for his
new position. The members
of the board anticipated that his
knowledge of western conditions and
agricultural problems would have
been invaluable to the board. It is
not expected that any one represent-
ing the board will go west for the
funeral as the deceased had not been
sworn in and was not really officially
connected with the board.

His Work in Manitoba.

Winnipeg, Man., Oct. 29.—News of
the sudden death of Mr. Greenway
was received here with deep regret
by all sections. The sad occasion re-
calls the sterling work he did for Man-
itoba during the early days when the
terms of the provincial statute were
being arranged with the federal govern-
ment. He was a miller and was
generally beloved here.

Thomas Greenway was the son of
the late Thomas Greenway, an Irish
theologian. He was born March 25,
1836 in Cornwall, England. He came
to Canada with his parents who set-
tled in the township of Stephen, Hur-
on county, Ontario, where he was
educated in the public schools. He
was received here as a citizen in 1854.
He was an unsuccessful candidate for
the representation of South Huron in
the House of Commons in 1870, but

Kaiser's Interview Published in Lon- don Elicits Storm of Protest in Germany.

Berlin, October 30.—If the inter-
view with Kaiser Wilhelm, published
by the London Telegraph, is re-
ceived with coolness in Great Brit-
ain, it is not too much to say that
it has raised a storm of anger here.
Germans have reacted vainly for an
official repudiation of the conversa-
tion, which at first, it was not doubt-
ed, would be forthwith and decisively
disapproved. His reference to the
disappointment at the non-appear-
ance of such a repudiation is ex-
treme. The newspapers express the
popular indignation in a variety of
phrases, and the severest criticisms are
appearing in all papers. One de-
clares the interview to be the greatest
indignation of the Kaiser's reign.
Another says: "It has united our
loss, lowered our prestige and inter-
ested the countries of our foreign
policy."
Favorite Paper Scorns Him.
Tages Rundschau, which is com-
monly known as the Kaiser's
favorite newspaper, imparts its bitter-
ness to the Kaiser's public inter-
view. There is hardly a point in the
whole range of the Kaiser's state-
ment that escapes severe handling.
His admission that he prepared the
war scheme against the Boers is de-
clared as a spectacle which con-
stitutes a disgrace to the Kaiser's
future of the Pacific Ocean is con-
demned as a menace to Japan.
The censures are so general that
it is needless to particularize the dam-
ning papers.
Russia Alienated More Completely.
St. Petersburg, October 29.—The
gradings of the G. T. P. line from
Edmonton as far west as the Pen-
nington river. This was the report
brought by the city yesterday by
J. P. Fetter, superintendent of construc-
tion of the G. T. P., west of Ed-
monton, for the contracting firm of
Welch & Stewart. Mr. Fetter stated
that the work was being pushed ahead
rapidly until the cold weather came.
Some of the contractors had finished
their contracts while others had only
a small portion to do. Then the frost
set in and the work was stopped.
Asked regarding the probable work-
ing of the grading, Mr. Fetter stated
that they were working this morn-
ing on the job in the hope of
finishing it by tomorrow. "If the
present cold, snowy weather con-
tinues," said he, "for four or
five days, however, they will all quit
work as it will be useless to keep the
men longer."
That will mean that the grade to
be completed during the past
month or two in order to have the
line running by Nov. 1st, as stated some
months ago by Mayor McDougall. The
superintendent has worked both night
and day in every capacity, and it was
with considerable satisfaction that
this morning he saw the first car in
operation. He is this afternoon re-
ceiving the congratulations of many
citizens upon this record piece of
work.

EMPRESS TO SUPPRESS CHINESE REFORMERS

The Ruler of China's Countless Mil- lions is Alarmed at Activities of Chengwen Society, Which Re- cently Demanded the Constitu- tion.

Peking, October 29.—The Dowager
Empress of China, alarmed by the
activities of the Chinese reformers,
today is taking vigorous steps to
stamp out the Chengwen Society,
the big Chinese reform association.
The organization started her recent-
ly by urging government changes,
which the empress considers un-
desirable. The leaders met in Singa-
pore and sent a message to Tientsin,
asking for the restoration of the
Empress to power, the dismissal of
the court clique, the removal of the
capital from Peking to Naneking,
the constitution and the summoning of
a national assembly within three
years. Her Majesty has ordered the
Chengwen society suppressed and
all aggressive reformers arrested.

BRITONS DRINK MORE.

This is Disadvantage Under Which British Unemployed Labor, Says Barnes.

Canadian Associated Press.
London, October 29.—John Barnes,
labor leader and President of the
Local Government Board, drew upon
his heart the deep sympathy of
those who heard him in the House of
Commons yesterday afternoon that
the principal disadvantage under
which the British unemployed labor-
ing, compared with the unemployed
in America, lay in the fact that Brit-
ons drank more than their Trans-
atlantic brothers. Loud cries of
"It is untrue" and "It is a shame-
ful comparison" greeted Barnes'
statement.

BRITISH STEAMER FOUNDERS.

Fearing that the Yarmouth Has Been Lost in North Sea.

Canadian Associated Press.
London, October 29.—The wreck
picked up in the North Sea confirms
the fear that the steamer Yarmouth
foundered two days ago while cross-
ing from Hook of Holland to Har-
wich. The Yarmouth was a chime-
lifter freighter belonging to the Great
Eastern Railway Company. She
carried a crew of twenty-three men,
and it is believed all have perished.

Mis Cameron in Winnipeg.

Winnipeg, Oct. 29.—Miss Agnes Deans
Cameron, the well known author, re-
turned from a six months' trip through
the basin of the Mackenzie and Peace
rivers, accompanied by her niece and
secretary, Miss Jessie Cameron Brown.
Miss Cameron speaks highly of the kind-
ly relations of the Protestant and Catho-
lic missionaries in the northern wilds,
she will lecture on the possibilities of
these wilds wherein many places no
white woman has been before. She says
the Indians complain of not being al-
lowed to kill beaver below the fifty-fifth
parallel.

Bulgaria and Turkey Agree.

Paris, Oct. 29.—The Temps today pub-
lishes a dispatch from its Sofia corre-
spondent saying that a preliminary un-
derstanding has been concluded between
Bulgaria and Turkey in the matter
of the difficulties which arose between
these two states following the Bulgarian
declaration of independence, at Tirnova
on October 29th.

Leprosy in Portugal.

Lisbon, Oct. 29.—Declaring that Portu-
gal is threatened with an epidemic of
leprosy, Dr. Zepherino Falcao, of the Li-
sbon health department, today began a
furious newspaper campaign for govern-
ment action toward stamping out the
disease. Dr. Falcao calls attention to
the fact that there are more than ten
thousand leprosy registers throughout
the country.

Fined for Watching Game.

Vancouver, Oct. 29.—Eighteen whites
were fined \$75 each today for loitering
at a Chinese gambling game. They were
caught in a raid last night.

A 800,000 ACRE FARM.

To Be Established at Vermilion This Man Says.

Winnipeg, Oct. 29.—A. B. Exley, a
stranger from Tacoma, who arrived in
the city yesterday morning, claiming
to represent the Anglo-Canadian
Land, Grain and Stock company, in-
corporated at St. Pierre, S. D., with a
capital stock of \$2,500,000, stated that
it was his intention to establish a five
hundred thousand acre farm, to be
operated exclusively by Englishmen,
and the latest machinery, in the
neighborhood of Vermilion, Alberta.
Mr. Exley is general manager of the
undertaking.

FIRST STREET CAR MADE TRIAL RUN

First Operation of the Edmonton Radial Railway on Syndicate Avenue Today.

Once more Edmonton leads the way
for progress in Western Canada and
today for the first time the street car
system has become a reality. At
noon, No. 2 car, on which Superin-
tendent Taylor and his men have been
working energetically for the past few
days, was completed and ready for
operation. The car last night was
hauled out of the car barn and left
standing at the corner of Kinistone
and Sutherland where the finishing
touches were made this forenoon.
A few minutes after twelve o'clock
Superintendent Taylor, in the capacity
of motorman, turned the handle and
the car went forward with a bound.
A cheer arose from the assembled crowd
who had stood by for hours waiting
for the moment, and a number of
photographs were taken as the first
movement was made.

COLD WEATHER STOPS GRADING ON THE G. T. P.

Seven Days More Fine Weather Would Finish the Grade Between Edmonton and Pembina. If Winter Has Set in Problem of Work for Men Who Will Come to City Will Be Serious One.

One more week of fine weather
would have seen the completion of
the grading of the G. T. P. line from
Edmonton as far west as the Pen-
nington river. This was the report
brought by the city yesterday by
J. P. Fetter, superintendent of construc-
tion of the G. T. P., west of Ed-
monton, for the contracting firm of
Welch & Stewart. Mr. Fetter stated
that the work was being pushed ahead
rapidly until the cold weather came.
Some of the contractors had finished

PERSONATION IS ALLEGED.

In Thunder Bay and Rainy River, Three Arrests Made.

Port Arthur, Oct. 29.—Three arrests
have already been made on charges
of personation at the polls in
Thunder Bay and Rainy River, and it is
promised that the evidence will reveal
a wholesale attempt to plug the bal-
lot boxes at different points.
The organization started her recent-
ly by urging government changes,
which the empress considers un-
desirable. The leaders met in Singa-
pore and sent a message to Tientsin,
asking for the restoration of the
Empress to power, the dismissal of
the court clique, the removal of the
capital from Peking to Naneking,
the constitution and the summoning of
a national assembly within three

Chengwen society suppressed and
all aggressive reformers arrested.

MOUNTAINS NO OBSTACLE.

Wireless Messages Pass Over Snow-
covered Peaks Topped
Seattle, Oct. 29.—Advices received at
London from Hook of Holland to Har-
wich, the Yarmouth was a chime-
lifter freighter belonging to the Great
Eastern Railway Company. She
carried a crew of twenty-three men,
and it is believed all have perished.

THREE NEW Q.T. DEPOTS.

Contract Let for Erection of Stations at
Wainwright, Biggar and Wainwright.
Winnipeg, Oct. 29.—A contract was let
by the Grand Trunk Pacific yesterday
for the erection of three fine new rail-
way depots on the main line to Ed-
monton. These buildings will be built
at various points along the line where
depots have not yet been provided. Ten-
ders for these buildings have not yet
been called for, but this will be done as
soon as the necessary preparations can
be made.

Merely After-Election Talk.

Chatham, Oct. 29.—The report that
the Conservatives will protest Mc-
Coy's election in West Kootenay, as
regarded by Liberals as simply dis-
graceful after-election talk. The Liberals
claim to have indisputable evidence of
fraud and bribery on the part of
Conservatives at scores of places,
and say they can double McCoy's
majority at a bye-election.

SEAMEN ROBBED TRUNKS.

Passengers on White Star Liner Find Luggage Tampered With.

New York, October 29.—Wholesale
robbery of passengers' trunks, from
which at least \$8,000 worth of booty
of various sorts was secured, was
committed by four seamen on the
White Star liner Adriatic during the
voyage which ended today when she
reached the North River pier.
The robbery was not discovered
until the passengers, on getting
ready for the customs' inspection,
found that their trunks had been
tampered with. Then detectives
were called and a search made and
most of the loot recovered in out of
the way hiding places and four seamen
were arrested and confessed.
The first complaint received was
from David Nesbitt, valet for Cap-
tain H. B. Glaszart, retired of the
British army, one of the captain's
trunks being opened and the dis-
covery being made that a \$3,500 dia-
mond brooch, an heirloom two hun-
dred years old, was missing. Then
it was discovered that from the
trunk of Mrs. Wheeler, of Philadel-
phia, a \$2,800 set of sable furs had
been taken. The sailors' quarters
were searched in the banks of
William Clark, William Henry, Jas.
Kelly and Henry Cavendish, all Eng-
lishmen, were found various stolen
articles. One of the men broke
down and confessed.

1,011 DEPORTED AND 1,266 REFUSED ENTRY

Class Supervision of Immigrants Now in Full Operation. The Best Year Ever Received. The Best Sugar Industry Statistics Being Prepared.

Ottawa, Oct. 29.—During the first nine
months of this year the Immigration
Department has deported 1,011 im-
migrants as being undesirable citizens.
During the same period 1,266 people have
been refused entry from the United
States. These figures indicate the close
supervision which now obtains. No coun-
try has ever received a better class of
immigrants than the 28,000 who settled
in Canada this year. Immigration for
the year has now practically stopped.
The bureau of Census and Statistics is
preparing a bulletin giving full infor-
mation as to the statistics of the best sugar
industry in Canada, and the best year
ever received in the history of the in-
dustry in Canada, and it is understood
will be encouraged to the establishment
of sugar beet factories in other parts
of Canada.

SIX MAYORALTY CANDIDATES

In the Field in Calgary—R. J. Jamieson Seeks the List.

Calgary, Oct. 30.—The police last
night arrested a man named Kempton
for deserting his family. It appears
that the Winnipeg police are looking
for the man on the charge. Kempton
is said to have brought his wife and
seven children to this country and
deserted them at or near Prince
Albert, Sask. The Salvation Army
people there sent the woman and
children to Winnipeg where they are
being cared for by the government,
which is arranging for deportation
of the family in Great Britain.
Six candidates have expressed their
intention to run for mayor this year.
R. B. Jamieson, formerly General
Superintendent of the C. P. R. here,
has the list and others who are out
are Clifford T. Jones, Ald. Manary,
Ald. Hornby and Ald. Samis.

BLACK HAND VENGEANCE.

Member Who Betrayed Band is Suf- fering Awful Tortures.

Newark, N. J., Oct. 29.—With both
arms cut off and the stump un-
dressed, Willard Dipetti, a former member
of the Black Hand, appealed to the New-
ark police today for a police guard to
protect him from the vengeful mem-
bers of the band which he deserted
and betrayed. Dipetti says he joined
the Black Hand in Moretown, West
Virginia. Suspected of betraying the
order, he was inveigled to a switch-
board house at the side of the rail-
road where a member, who was a sur-
geon, amputated both hands, chloro-
formed him, put him in the hospital
and then shipped him here before his
arms healed. Members are now pro-
ceeding around the home of a friend
where he is staying waiting for a
chance to further torture him.

Assault Preceded Robbery.

New York, Oct. 29.—In a big apart-
ment house at No. 1409 West Nin-
teenth street today a robbery and as-
sault of the most heinous brutality,
was committed when Mrs. Sarah
Dielck, 45 years old, was attacked on
her flat on the second floor with a re-
fugee who beat her down with a vol-
unteer and then dragged her into the
bath room and tied her to the plum-
bing. Before she recovered conscious-
ness he had turned the flat upside
down, and had stolen \$200 worth of
picnic and jewelry. He escaped.

Candidates for Winnipeg Mayoralty.

Winnipeg, Oct. 30.—Controller V.
Sanford Evans announced this morn-
ing he was definitely in the field for
mayoralty outside. Mr. Evans has
done good work on the board of con-
trol during the past year and in his
capacity of chairman of finance has
done much to put the finances of the
city on a sounder basis.

THE TEACHERS IN CONVENTION

Northern Alberta Teachers' Associa- tion in Annual Session at Strathcona.

The annual convention of the teach-
ers of what is known as Northern Al-
berta, but which, as Dr. Tory, presi-
dent of Alberta university, last night
pointed out, would be more correctly
termed, Central Alberta, opened yester-
day morning at 9:30 in Grandin
street school, Strathcona, with a fair
attendance of teachers. As the expres-
sion proceeded additional teachers
arrived and by evening there were
over one hundred enrolled.
In the absence of the president, R.
S. Watkins, A. A. of Strathcona, and
the first vice-president, Walter Scott,
B.A., formerly of Edmonton, the chair
was occupied by the senior vice-presi-
dent, J. Rogers, of Vegreville, who will
preside during all the sessions.
The chairman of the program was
the first item on the program and was
a fitting opening to a convention which
it is expected will be of great benefit
to those in attendance. His subject
was the self-sacrificing work of the
teacher and the speaker pointed out
that though the work may seem hard
and sometimes discouraging at the
time, there is in the future the hope of
great reward in the making of the
coming men and women of the
country.

Wetaskiwin-Pembina

The Philosopher says comparisons are invidious. But this comparison cannot fail to impress Wetaskiwin, according to Dunn's September Review, has a population of 2500.

THE TOWNSHIP OF PEMBINA.

This is an excellent reason for any city's existence, but when there are additional advantages behind a city, that city has that much greater reason for existing. This is true of Pembina.

THE TOWNSHIP OF PEMBINA.

This township is situated on the bank of the Pembina River. The G.T.P. runs through it. It is the heart of the finest Mixed Farming Country in Alberta.

THE TOWNSHIP OF PEMBINA.

Fifteen hundred settlers, within a radius of thirty miles, turn their faces Pembina-ward as their natural market centre. The Township location is the one point on the Pembina River, which is crossed by the G.T.P. and there are 700,000,000 feet of standing Timber drivable thereto.

THE TOWNSHIP OF PEMBINA.

Twenty thousand acres of Coal rights have been located with Pembina, as the nearest point of access to the railway, and the development of these will commence next spring. Stone Quarries also will be opened up with the advent of the railway.
