Scientific Farming

Dr. Saunders, Director of Central Experimental Farm, Visiting Victoria.

To Arrange For Government Farm Exhibits at the Fair.

Reports Crops in Fine Condition From All Through the West.

William Saunders, L. L. D., F. R. S. C., F. L. S., director of the Central Experimental Farm, Ottawa, arrived from Montreal last night, and is staying at the Driad.

Dr. Saunders is on his annual tour of inspection of the Dominion government experimental farms and reports that the crops are in fine condition.

He visited the farms at Brandon, Manitoba, Indian Head, Assiniboia and Regina, British Columbia, and found in each case that good work had been accomplished during the year, and that the crops were in fine condition.

As to the provision of a conduit in which to carry the sewage of the city, Dr. Saunders is of the opinion that the best plan is to carry it in a conduit under the street.

He also pointed out that the water supply of the city should be protected from contamination by the sewage.

Crops Are Wonderful

Manitoba and Territories Will Have Another Magnificent Yield.

Reports From Various Districts Are of a Most Encouraging Nature.

Harvesting Will Be in Full Swing in Less Than Two Weeks.

Winnipeg, Aug. 6.—The C. P. R. crop report received yesterday was of the most favorable character.

The report is particularly encouraging in view of the fact that the weather is so favorable, and that the crops are so well advanced.

It is estimated that the yield of wheat in the province will be about 150 bushels per acre, and that of barley about 40 bushels per acre.

The report also states that the yield of oats will be about 30 bushels per acre, and that of flax about 10 bushels per acre.

THE NATAL ACT.

We repeat what we have said before

that the passing and enforcement of the

domestic question, with which the Imperial

government has disavowed any claim

or title to interfere. Do we understand

the Times to deny this? The point is

not so unimportant as it looks. Those

who have opposed legislation along

the lines of the Natal Act in Canada

or any province have persistently

appealed to the sentiment of loyalty

to the British Empire as justifying

their course. They have no right to do so.

They never had any right to do so.

If the Colonial office objected to the Natal

Act as against Imperial policy, it

would have made the objection in Natal

where the act originated. It would

never have attempted to influence

Canada against legislation which it

accepted in Natal. As a matter of fact,

the Colonial office advised Canada to

study the legislation of Natal. The question

of whether the jurisdiction to pass

such legislation lies in the Dominion

or Province is entirely a different question.

Whether it does, or whether it does not,

the Laurier government is responsible

for the fact that the Natal Act or some

thing equivalent is not in force in

Canada. There is no getting around

or away from that. That is what we

want to know. The question is not

whether the jurisdiction to pass such

legislation lies in the Dominion or

Province, but whether the Laurier

government is responsible for the

fact that the Natal Act or some

thing equivalent is not in force in

Canada. There is no getting around

or away from that. That is what we

want to know. The question is not

whether the jurisdiction to pass such

legislation lies in the Dominion or

Province, but whether the Laurier

government is responsible for the

fact that the Natal Act or some

thing equivalent is not in force in

Canada. There is no getting around

or away from that. That is what we

want to know. The question is not

whether the jurisdiction to pass such

legislation lies in the Dominion or

Province, but whether the Laurier

government is responsible for the

fact that the Natal Act or some

thing equivalent is not in force in

Canada. There is no getting around

or away from that. That is what we

want to know. The question is not

whether the jurisdiction to pass such

legislation lies in the Dominion or

Province, but whether the Laurier

government is responsible for the

fact that the Natal Act or some

thing equivalent is not in force in

Canada. There is no getting around

all, of imagination. There is no pen

and pencil that can do justice to

the horror in that man's

mind as he crawled wounded into

his room. He turned his weapon

against himself. But it was not

able to render audible the contents

of his mind through the impressions

left on his brain through the

unexampled sermon upon the way

of transgressors.

CORRUPTION IN POLITICS.

The following quotation from a speech

made a few years ago by U. S. Senator

Inglis, is a complete illustration of

political corruption:

"Politics, he said, is a battle for

supremacy. The deologue and the

golden rule have no place in a political

campaign. It is a battle for the

advantage, to hire Hessians, to pur-

chase mercenaries, to mutilate, to kill,

to destroy, to plunder, to cheat, to

deceive, to bribe, to flatter, to

seduce, to flatter, to flatter, to

flatter, to flatter, to flatter, to

conclusion that if she had been governed

by a peace society since, let us say,

today, she would either have been

as free, or as rich as she is

now. Let theorists say what they

please, the British Empire, our political

and financial system, our moral

and our wealth, have been gained

by war, against the elements of

peace, the British Empire, our political

and financial system, our moral

and our wealth, have been gained

by war, against the elements of

peace, the British Empire, our political

and financial system, our moral

and our wealth, have been gained

by war, against the elements of

Remount Scandal Again Discussed in the House of Commons.

Aug. 4.—Visitors to London will not be able to see the interior minister before the coronation, so after that event, it having already announced that it having closed on August 12 to August 13, colonial and the native Indian will be admitted free on August 14 to 15, the entrance fees from 5s. to 5s. Invitations to the coronation ceremony have been issued at the King's command to all cities of more than 100,000 inhabitants.

FREE MILLING GOLD.

Work Kootenay crossing bridge, at the base of the mountain has been made this spring. Besides placer work being done on third creek, with fair results. On the opposite side of the river, the gold-bearing strata are being worked by J. Sturgeon and associates, and further work since the original discovery has given most encouraging results. This district at present is reached by railway only, but in time it will probably be connected by ferry and road with Nelson.

COTTONWOOD OREBELK.

Along the valley of Cottonwood creek considerable prospecting has been done this season, and a number of locations are being worked. Besides the placer work, there is some prospecting for copper. It is believed that the condition of the district is such that the copper property is not likely to be developed.

The Armstrong Mining Camp

This camp is situated about seven miles east of the town of Armstrong, on Mount Aberdeen, which attains an elevation of some 5,000 feet. This mountain has a granite centre and is a granite core is an immense thickness of schist and slate.

SILVER QUEEN.

The first mine to be noticed in this camp is the Silver Queen, which is a contact deposit of quartz carrying gold and silver, with values of about \$100 per ton. There are also some 400 feet of this claim two shafts, one 60 feet and the other 40 feet.

MYSTERY NOS. 1 AND 2.

About two miles further north is the Mystery, No. 1 and No. 2, owned by the Armstrong men. These prospects are of the same type as the Silver Queen, and are being worked by the Armstrong men.

GOLD MOUNTAIN.

East of the Mystery claims is the Gold Mountain and Woodland claims, which is evidently a true fissure vein, and is being worked by the Armstrong men.

BLACK PRINCE GROUP.

North of the Mystery claims is the Black Prince group, which is being worked by the Armstrong men.

MOLYBDENITE.

There has also been located recently a large deposit of molybdenite of considerable promise. The people who located this property are pushing forward all necessary arrangements towards proving the value of the discovery.

Coronation Celebration Programme of Sports and Amusements Arranged for Saturday.

J. B. A. A. Regatta, Lacrosse, Baseball Match and the Societies' Re-Union.

(From Thursday's Daily.) CORONATION DAY. 9:30 a. m.—J. B. A. A. Regatta. 10 a. m.—Lacrosse match, Victoria vs. Vancouver, at Calcedonia grounds.

canoe races, and as a final swimming race. A band will be in attendance to direct the proceedings. The complete programme follows: No. 1.—First heat, club fours, three quarter mile straightaway. Outer harbor to (clockwise) from 9:50 a. m. H. Jesse (stroke), W. Kinsman, A. M. George, A. Pearce (bow).

Activity In Mining Transactions Recorded In Victoria Mining Division During Month of July.

Vast Amount of Work Done on Prospects In the District.

The activity in mining, on Vancouver Island generally, and the Victoria mining division in particular, which began early in the year, shows no sign of diminution. On the contrary, as the months slip by the fact forces itself upon the observer that this quickening of interest in local mines is only beginning, and the stimulus given it by the building of the Crofton and Ladysmith smelters is strengthening and increasing.

All Humors Hood's Sarsaparilla and Pills

Remove all humors, overcome all their effects, strengthen, tone and invigorate the whole system. My health was poor and I suffered much from humors and kidney trouble. After taking two bottles of Hood's Sarsaparilla I was cured. I regard this medicine as superior to all others. Mrs. Joseph H. Lusk, Harrison, Ontario.

Certificate of Improvements. NOTICE. I hereby give notice that 60 days after date I will make application to the Chief Commissioner of Lands and Works for permission to resurvey or purchase one hundred and sixty acres of land, more or less, situated on the eastern side of Portland wharf, commencing at its south corner post and running 40 chains east, thence 40 chains north, thence 40 chains west, thence 40 chains south to point of commencement.

FINISH THE EVENING. With an ice cream at Lillie's Ice Cream Parlors. Ladies always feel at home here. Our product and our service are both to be desired. Tasty, quality, cleanliness, neatness, promptness—they do the business for us. We serve the most delicious ice cream and cold drinks, all flavors, made from purest and choicest ingredients. Lillie's Ice Cream Parlors & Candy Factory. Read • The • Colonist

THE EXCURSIONS.

Spokane Will Not Be Run From Seattle. The Spokane, the excursion steamer of the P. C. S. S. company, will not make an excursion trip from Seattle to the city on Coronation Day, as was expected. The P. C. S. S. company having decided not to run the steamer. Arrangements had been made for the steamer to bring a crowd here, and from the inquiry made, it was shown that the steamer would have a full complement of passengers, but it would have to be kept in the harbor for more than otherwise, and boarded for some time, and in view of this expense, the company decided not to make the excursion. The steamer Spokane has completed her excursion trips to Alaska, and yesterday her crew were busy dismantling her preparatory to tying the steamer up at Seattle. It was expected that the steamer would be converted into the Alaskan route in the stead of the steamer City of Topeka, but the business being slack, it was decided not to make the change.

CORONATION SPORTS.

Number of Events That Are to Take Place on Saturday Afternoon and Evening. Besides the J. B. A. A. regatta, there will be a number of interesting sporting events on Saturday. The most important is the lawn tennis tournament, the finals in which will be played on that day. These events are always keenly contested and this year will be no exception, as there are a number of applicants for championship honors. Friday's games also will be full of interest. Then there is the championship lacrosse match, Victoria vs. Vancouver, to be played at the Calcedonia grounds at 10 a. m.; the baseball match, Victoria vs. Leveas, at 3 p. m., at Oak Bay; and a cricket match between Victoria and Seattle, at Beacon Hill, in the afternoon, another at the barracks between Victoria and the barracks team, also in the afternoon, and the boxing tournament at the rooms of the Victoria Athletic club in the evening.

CLUB REGATTA.

Programme Completed For the Aquatic Part of the Coronation Celebration. To help in the celebration of Coronation Day, the J. B. A. A. will hold their annual regatta on Saturday morning, commencing at 9:30. Every arrangement has been made to make this one of the most satisfactory of the many attractions of the day. The chief event will be the club regatta, in which there will be nine heats. Besides this there will be junior and senior singles, dingy and

SALES AND TRANSFERS.

The following sales and transfers were recorded during the month of July: Pacific Wood and Lumber Co., Ltd., ninth individual interest in the Jumbo, Malahat mountain, to Clermont Living. E. W. Shaw, Duncean, to H. A. Hoover, Seattle, the Two Friends, Chemainus river. Hugh Campbell, Mount Sicker, to Fred. Beech, Mount Sicker, Brass Dore. Hugh Campbell, Mount Sicker, to Besse Campbell, one-half interest in the Pacific Wood and Lumber Co., Ltd. K. G. Campbell, Mount Sicker, to Hugh Campbell, one-half interest in the Pacific Wood and Lumber Co., Ltd. CERTIFICATE OF IMPROVEMENTS. The following certificates of improvement were issued during the month: E. W. Molander, Brooklyn, Mount Sicker. C. F. Owen, Richard N., Chemainus river. F. Owen, 15 certificates, Two Friends, Chemainus river. C. E. Owen, Thistle, Chemainus river. C. E. Owen, St. Gull, Chemainus river. C. F. Owen, American Boy, Chemainus river. F. Owen, Seattle, Chemainus river (6 certificates). Anna Koenig, Bine Jay, Leech river. E. W. Molander, Phoebe, Leech river. E. W. Molander, Klondyke King, Mount Sicker. E. W. Molander, Diamond, Mount Sicker. E. W. Molander, Sea Lion, Mount Sicker. E. W. Molander, Lola, Mount Sicker. O. Arneson, Deer Deer, Bella Coola. O. Arneson, Bella Coola (Chia, Bella Coola). O. Arneson, Sulphur, Bella Coola. J. W. Edgison, Bobs, Sugar Loaf and Richard, Mount Sicker.

MINING NOTES.

A proposition is being considered to connect the road between the Crofton and Ladysmith smelters. The road would cost \$100,000 and Greenwood is proposing to issue \$5 per cent. debentures for that amount. About \$85,000 tons of ore have been shipped to the Greenwood smelter from the Carmi at considerable expense, having been taken out part of the way over a snow road in sleighs and afterwards to the railway at Midway in wagons. This ore, which was, of course, selected in the mine, and will be a little better than \$20 in gold and 4 ounces silver per ton. It is reported that the Montreal and Boston Copper Co.'s smelter at Bountiful Falls will have an additional furnace at a cost of \$1,000,000, and will be the capacity of the plant to 600 tons daily. The new furnace will measure 100 feet by 100 feet and will be of standard water jacket construction. The smelter is reported to have been run for the coronation, and making a little money. The Granby smelter has been running for some time, and the shipments of lead mine averaging 1,000 tons or more daily.

MINERS' LICENSES.

During the month of July the Mining Recorder at Victoria issued 322 miners' certificates, considerably more than one per cent. more than in the corresponding month of the previous year. A proposition is being considered to connect the road between the Crofton and Ladysmith smelters. The road would cost \$100,000 and Greenwood is proposing to issue \$5 per cent. debentures for that amount. About \$85,000 tons of ore have been shipped to the Greenwood smelter from the Carmi at considerable expense, having been taken out part of the way over a snow road in sleighs and afterwards to the railway at Midway in wagons. This ore, which was, of course, selected in the mine, and will be a little better than \$20 in gold and 4 ounces silver per ton. It is reported that the Montreal and Boston Copper Co.'s smelter at Bountiful Falls will have an additional furnace at a cost of \$1,000,000, and will be the capacity of the plant to 600 tons daily. The new furnace will measure 100 feet by 100 feet and will be of standard water jacket construction. The smelter is reported to have been run for the coronation, and making a little money. The Granby smelter has been running for some time, and the shipments of lead mine averaging 1,000 tons or more daily.

DR. OHRSTRICH DEAD.

Montreal, Aug. 5.—Dr. Christie, Liberal M. P. for Argenteuil county, is dead after 78 years. He was first elected to parliament in 1876, defeated in 1878, re-elected in 1881, and 1886 and 1890. He was a member of the cabinet of the most ardent supporters of temperance reform in the House of Commons. Dr. Christie died at his home, Lachute, Que. He had been ailing for the past two months. Pneumonia was the immediate cause of death.

COVES REGATTA.

Bryn Hide Wins the King's Cup. Coves, Aug. 5.—Bryn Hide won first place for the King's Cup. Meteor III, third, second, and Meteor II, fourth. Bryn Hide finished at 1:04, Meteor at 6:18 and Glory at 6:16:38. Mr. and Mrs. J. Mackay Smith and family, of Vancouver, left for home on the steamer Metacomb, after spending a vacation in Victoria. Dr. Goldsmith left for the Sound by the steamer Metacomb, left next to spend a vacation.

DR. J. COLLIS BROWNE'S CHLOROZYNE

Vice-Chancellor Sir W. Page Wood stated publicly in court that Dr. J. Collis Browne was undoubtedly the inventor of Chlorozyne, that the whole story of the defendant Freeman was literally untrue, and he regretted to say it had been sworn to.—Times, July 13, 1864. Dr. J. Collis Browne's Chlorozyne is the best and most certain remedy in the world for Rheumatism, Gout, Neuralgia, Rheumatism, etc. Dr. J. Collis Browne's Chlorozyne is prescribed by scores of Orthodox practitioners. Of course it would not be so singularly popular did it not supply a want and fill a place.—Medical Times, January 12, 1858. Dr. J. Collis Browne's Chlorozyne is a certain cure for Cholera, Dysentery, Diarrhoea, Colic, etc. Caution—None genuine without the words "Dr. J. Collis Browne's Chlorozyne" on the stamp. Overwhelming medical testimony accompanies each bottle. Sole manufacturer, J. T. DAVENPORT, 23 Great Russell Street, London. Sold at 1s. 14d., 2s. 9d., 4s.

Sore Feet

Chafed, Blistered, Burning Swollen Feet Soothed, Healed and Cured By DR. CHASE'S OINTMENT. You may know of the exceptional merit of Dr. Chase's Ointment, and still not think of using it for sore feet. It is remarkably effective for this trouble, which is so annoying to many people during the warm weather. Mrs. J. Brunton, Allandale, Ont., states:—"I can recommend Dr. Chase's Ointment as a sure cure for sore feet. I stand a great deal on my feet, and I have been troubled for some time with chafed and blistered feet. My toes were often raw and very painful. I had tried nearly everything recommended for sore feet, but Dr. Chase's Ointment is the only remedy that has done any real good. It soothed the burning and stinging, and thoroughly healed and cured the sores." Dr. Chase's Ointment, 60 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.
