NEWFOUNDLAND STORM ABATED

Stores And Roads Swept Away And Snow Piled in Many Great Banks

St. John's, Nfld., Nov. 2.—Presumably as a result of the short circuiting of wires during the big northeast storm that only abated today, after having raged with the utmost fury since Friday evening last, John Churchill of this city, was electrocuted and instantly killed when he caught hold of the socket of an electric light which he was about to take down into his cellar with him. Today St. John's had the first real experience of bright sunshine in three days, and its citizens could move about without being distressed by the howling of a gale and the buffeting of a wind and rain storm such as has not been equalled in this country within the memory of the present generation.

NO LOSS OF LIFE
Repairs are being gradually effected to telegraph lines, and via this medium and from reports of motorists and other news is gradually reaching St. John's of the depredations of the storm in outlying sections.

So far as can be at present learned there has been no loss of life, though damage to property has been very extensive. It is feared though that some loss of life is inevitable. One small schooner with four men on board, drove out of Portual Cove on Sunday, and is still reported missing. From Conception Bay comes a story of a dozen men being marooned on Kelly's Island near Bell Island. Trapped by the sudden rising of wind and sea on Friday, they were isolated for three days without food supplies and it was only to-day that a rescue steamer got to them.

PROPERTY DAMAGE HEAVY
The railway line is still in a bad state and this morning a string of automobiles left the city with about fifty passengers, who were taken to Avondale, a drive of over thirty miles of road, and entrained for points across country and in Northern and Western sections of Newfoundland. From Grades Cove and other places on the North Shore of Conception Bay reports have been received of tremendous damage to fishing and other property. Wharves, stores and roads have been swept away in this section where the full brunt of the billows from the Atlantic was felt. The losses there are estimated as totalling at least \$200,000.

THE PREMIER'S TRIP
The Prime Minister, Sir Richard Squires, has just returned to town from a motor trip of 250 miles to Trinity Bay. He started on Friday afternoon and experienced the full force of the wind storm and blizzard which at first accompanied it. In some places a pathway had to be shoveled for the Premier's motor through the big banks of snow, which are very much of a novelty in this country at this time of year. Where the highway skirts the sea coast long sections were washed away, necessitating detours inland of scores of miles. The Prime Minister reports that very little distress exists in the sections visited by him on his tour, and such unemployment as is in evidence will be more than remedied by the work of reconstruction of roads and other public property destroyed in the storm. This work of repair and replacement will probably cost at least half a million dollars, and this estimate does not take account of private property swept away by wind and waves.

Too Cold For Monkeys
An auto tourist was travelling through the great Northwest, when he met with a slight accident to his machine. In some way he had mislaid his monkey-wrench so he stopped at a nearby farmhouse where the following conversation took place between him and the Swede farmer: "Have you a monkey-wrench here?" "Now, my brother he got a cattle ranch over there; my cousin he got a sheep ranch further down this road, but too dam cold here for monkey wrench."

Force Of Habit
A member of Parliament recently became a parent. On announcing the news the doctor exclaimed, gleefully: "I congratulate you, sir; you are the father of triplets." "The politician was astonished. "No, no, no," he replied, "with more than Parliamentary emphasis. There must be some mistake in the returns. I demand a recount."

LADY LAURIER PASSED AWAY

The Aged Widow of the Great Chiefain Died at Her Home in Ottawa

Ottawa, Nov. 2.—Lady Laurier, widow of Sir Wilfrid Laurier, died at her home here yesterday at eleven forty-five a.m. All through the night the physicians attending Lady Laurier had expressed the fear that the end was at hand. Lady Laurier was in her eightieth year, and caught a chill while out walking recently. Sir Wilfrid Laurier died on February 17th, 1919. No family survive.

Lady Laurier became unconscious during the night and when the end came peacefully shortly before noon, there were among those gathered near the bedside, Robert Laurier, nephew of the late Prime Minister of Canada; Mrs. A. M. Brodeur, of Montreal, sister-in-law of the deceased lady; Judge and Mrs. Brodeur, of Ottawa; Mrs. Robert Laurier, Lady Taschereau, Miss Yvonne Coutu and Dr. Rodolphe Chevrier.

Lady Laurier was eighty years of age at the time of her death. Sir Wilfrid had passed his seventy-seventh birthday when his career ended on February 17th, 1919.

MODEST AND UNASSUMING
The late Lady Laurier, who before her marriage was Miss Zoe Lafontaine, of Montreal, has resided in Ottawa, almost continuously for over a quarter of a century, and no one was better known in the Capital, but there is probably less written concerning her than of most women who have occupied such a position as she has attained.

Lady Laurier was not a public woman, and like most of the great wives in history, she contributed to the success of her late husband innumerable assistance out of what might be called "a wise heart" not all heart, not all head, but an ad-mixture which men, for want of better understanding, call instinct.

The late Lady Laurier was very fond of children and she and Sir Wilfrid some years ago gave many children's parties.

Lady Laurier always regretted seeing the children grow up.

"A GOOD SOLDIER"
The late Sir Wilfrid Laurier paid many a glowing tribute to his wife and life-long helpmate. There was truly an ideal marriage, save for the fact, which both were only regretted that they never had any children. On the occasion of Sir Wilfrid's 70th birthday, Liberal members and Senators gave him a private dinner, and in his speech on this occasion he told of the part that Lady Laurier had played in his life.

In the course of his address on that occasion Sir Wilfrid Laurier is reported as having placed himself unreservedly at the disposal of the party so long as his health and strength continued.

He told the enthusiastic Liberals that he was enabled to do so owing to the position taken by his wife, whom he happily described as "a good soldier."

SAVINGS OF THE WISE
That it's the easy job that is hard to get.
That to-day's decision may determine our destiny.
That it is easy to find remedies for other people's troubles.
That our ideals are not worth much if we surrender them at the first attack.
That the ignorance that is bliss generally leads to the knowledge that is expensive.
That cleanliness is next to godliness; that is why a woman changes her mind so often.
That no habit is acquired with more difficulty than that of acknowledging one's errors.
That to tell a woman you trust her is an even more fatal thing than to tell her you don't.
That thinking will get you farther than talking—that is, if you harness your thoughts to action.
That many an honorable career commences from a word spoken in season or a warm grasp of a friendly hand.
That the difference between a friend and an acquaintance is that one appears in hard times, the other at big dinners.
That when a man finds twenty good reasons for staying away from home you may be sure he has at least one bad one.
That the modern child has as little belief in the fairy tales his mother tells him as she herself has in the ones his father tells her.
That you must not allow yourself to feel discouraged because of your moods and because people don't understand them. As a matter of fact, very few people understand any person who is a child of moods—because such people are always the most unusual. And it takes unusual people to understand unusual people.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. "CANADIAN FROM THE GROUND UP"
Crew of "Bluenose" Presented With Genuine Canadian Rubber Boots To Mark Victory.

No more fitting recognition of the work of the men who sailed the "Bluenose", winner of the International Fishermen's Challenge Trophy, could have been given than in the presentation to each of a pair of genuine Canadian-made fishermen's boots—the gift of Ames Holden McCready, Limited, to the skipper and crew.

Canada is justly proud of the victory of this Canadian-built boat over the contender from Gloucester—proud of both boat and crew, because they are typical of Canada. And now comes this gift of a product known to Canadians as "Canadian from the Ground Up". The boots presented to the crew were of the style known as "Kingsport", tough, serviceable, comfortable and light, a boot which is first choice of a large number of fishermen and seamen.

DEATH OF MRS. E. ROWLAND
The death occurred Tuesday at the residence of her son, Edwin Y. Rowland, of Mrs. Mary E. Rowland, widow of Charles G. Rowland, at the advanced age of 87 years. Mrs. Rowland had been in failing health for the past year and her death was not unexpected. She was a native of Lunenburg but had lived for many years in Halifax and was highly respected. She is survived by two sons, E. Y. Rowland, local manager of Ganong's Chocolate Company, with whom she made her home, and G. A. Rowland, of Boston, one daughter also survives her, Mrs. Millie Dowell, of 20 Church St., Halifax. The funeral took place Thursday afternoon at 2.30 from her late residence, with interment in Dartmouth.

Quarter Century Search Rewarded

Mrs. Ida Pickett, 274 South Division St., Buffalo, N. Y., says: "Twenty-five years is a long time to keep looking for something without finding it, and it's no wonder I almost lost hope. But I finally found what I was hunting—a medicine to relieve me of an awful case of indigestion."

"Tanlac rewarded my long search for relief, and I now enjoy better health than I have in thirty years."

Many people on verge of despair have taken Tanlac and recovered. Tanlac is sold in Bridgetown by S. N. Wear, and by leading druggists everywhere.

Afflicted ones, why suffer with Eczema, Salt Rheum, Quinsy, Tonsillitis, Piles bleeding or protruding or itching Piles when you can be cured at home. Hundreds have been permanently cured in the past 21 years through Canada and the United States by writing to Prof. B. S. Hamilton now at Hampton, Anna, Co., N. S. We do not answer correspondents neglecting the courtesy of enclosing a stamp for a reply.

TO THE PROFESSOR
Schist Lake, Manitoba, Aug. 12th, 1921.

Dear Sir:—Considering my condition of ill health two years ago when you came to Hampton and comparing it with the present, my heart goes out in gratitude to God the giver of all good. I do not forget to thank Him for your treatment and for the benefit I received for I know it to be the agency which wrought the change. Previous to this time I had tried many physicians in United States and Canada, patent medicines and advertised means to regain health. Notwithstanding all I was fast sinking to an early grave. Acute stomach and bowel trouble accompanied with anaemia, appendicitis and other serious ills which made life a burden my suffering was intense and beyond description. I was obliged to give up work, live on liquid foods, principally milk, could not sleep and had nearly lost hope when you came along. Since then hope has survived I am as a new person, I can eat and sleep and I shall ever praise your treatment and wish you a long and happy life in which to help others and then abundant reward in the hereafter.

Yours truly,
RUTH TOLAN
Now Mrs. R. CANN.

TO VISIT CANADA
Paris, Nov. 2.—It was stated at the foreign office to-day that Marshal Foch expects to visit a number of points in Canada in the course of his trip around the world. The marshal sails for Marseilles on November 11th.

TIPS ON COOKING

Meat cut up for cooking purposes gives a richer gravy than when cooked in one piece. It is a good plan to leave one solid piece of meat to slice cold if the supply is sufficient for two meals.

The cold meat should be left in the stock until it is ready to serve, as to retain the moisture, but any vegetables that are in stock must be removed or the flavor will be too strong.

Emergency biscuits may be made by slightly increasing the amount of liquid and dropping the dough from a spoon on to a greased baking sheet or into small muffin pans.

In this way time is saved that is otherwise used for rolling and cutting, and the biscuits are more tender.

One often puts too much salt in food while cooking. To remove the salt place a wet cloth over the top of the vessel in which the food is cooking, and the steam will draw the salt into the wet cloth.

Best results with deep fat cookers will be obtained when a thermometer is used. For cooked foods such as croquettes, the temperature should be 300 degrees F., regardless of the kind of fat used.

When a platter is used to hold a plan's instead of a metal case, the place where the edges of the platter touch the platter may be concealed by the mashed potatoes.

When these are forced through a pastry tube they are especially attractive.

Some Have A Fleet Of Twenty-Five
A Scotchman named MacDonald was very proud of his ancestors, and was never tired of boasting about them. On one occasion he remarked to a friend that his clan had lived before the Flood.

"Well," replied the other, "I never heard of the name MacDonald gaining into the Ark."

THANKSGIVING

Thanksgiving-Armistice day was observed as a general holiday in Bridgetown on Monday. The disagreeable weather, no doubt, prevented a larger display of flags and bunting. The first real snow storm of the season took place during the day and the small boy with his sled and the regular turkey dinner gave the holiday a somewhat Christmas appearance. While some spent the day, out of town, others entertained visitors. Services were held at St. James church in the morning and in the Baptist church in the evening.

Mr. G. Hodge, assistant to Vice-President McTer of the C. P. R. who arrived here with Mr. Geo. E. Graham, General Manager of the D. A. R., in his private car "Nova Scotia," spent Friday night at the Riverside Inn, and after enjoying a drive about town with the hotel proprietor, Mr. O. C. Jones, left via Saturday's express en route to Montreal via Digby and St. John.

Miss Aileen Freeman, accompanied by her two friends, Miss Bell Morton and Miss Edith Freeman, both of Liverpool, who are also attending Acadia University, spent Thanksgiving with the former's parents, Mr. and Mrs. Karl Freeman, Victoria St.

The local members of the G. W. V. A. attended divine service in St. James church Sunday evening and listened to a very appropriate sermon preached to a large congregation which completely filled the church.

Mr. Israel Longley, of Granville, announces the engagement of his daughter, Alberta Louise, to Cyril Ellison Marshall, of Clarence, marriage to take place in December.

A telegram has been received from Electrical Engineer Sammett stating that he will be at Bridgetown to-day, Wednesday the 9th inst., to inspect the electric light plant.

Miss N. D. Holland, of Aylesford, who was a passenger to Bridgetown, Monday, returned Tuesday. While in town she was a guest at the Colonial Hotel, Granville St.

Mrs. Robert Woodman and son Harley, of Digby, and Mr. and Mrs. Percy Aldred, of Waltham, Mass., spent Sunday in Bridgetown, the guests of Mr. and Mrs. O. S. Dunham, South St.

The first social gathering of the season under the auspices of St. James church Organized Bible Class, will be held in the schoolroom this Wednesday evening 7.30 to 10.

Term school Ronald C. Longmire Capt. Trahon, arrived here last night with hard coal from New York for J. H. Longmire & Son.

The minutes of the regular meeting of the town council, which was held last Friday evening, will appear in our next issue.

Mrs. Susan Dennison, of Lynn, who had been the guest of the Misses Fisher, Washington St., returned home last Saturday.

Mr. and Mrs. John Courtenay, of Kentville, are spending a few days in Bridgetown, the guests of the Misses Fisher, Washington St.

The S. S. Northland is now running the Boston-Yarmouth service in place of the S. S. Prince George.

The Baptist Sewing Circle will meet with Mrs. J. W. Salter on Friday afternoon, Nov. 11th, at 2.30.

The Flag Dance in the courthouse Monday evening was a big success.

Mr. and Mrs. T. B. Chipman returned home from Boston yesterday.

WOULD HIKE THE GLOBE

Thursday's St. John Telegraph says: Joseph McIntosh, a returned soldier who had been overseas with the 25th battalion from Nova Scotia, had planned on starting to-day on a hike around-the-world, said yesterday he had been unable to complete arrangements for a supply of photographs of himself which he desires to sell. He said the sum he needed was \$5.57. He said a citizen promised to secure it for him, but that his anticipated benefactor had left the city.

Local Happenings

Within the last quarter of a century the population of Toronto increased 200 per cent., the assessment 375 per cent., and the taxation 900 per cent.

New York magistrates have a big problem dealing with rent profiteering. Over 100,000 suits have been entered by tenants against landlords.

A "haunted" schoolhouse, purchased by a Galician farmer near Carman, Man., was raided by the police and real spirits, made on the premises, were confiscated.

Mr. Daley Saultier has sold his property on the Morse Road to Mr. Thomas Foster, of Port Lorne, and Mr. Saultier has purchased the Loran Hall property on School street, near the Court House.

We cannot understand how any one could take the time to write a letter to a person and then fail to sign their name. We get one nearly every week. Another one arrived last Wednesday. They are immediately thrown into the waste basket.

Big improvements have been made in the interior of Mr. B. N. Messinger's grocery, in the brick block, on the west side of Queen street. Mr. Messinger now has one of the most convenient and up-to-date grocery establishments in the Annapolis Valley.

Considerable large mackerel were taken by the fishermen of LaHave Islands in their nets the past few weeks. One motor boat with two men, out dragging on Monday night, had over five hundred. The mackerel which are bringing a good price, have nearly all been shipped to the American markets.

Mrs. Thomas Kane and little nephew have returned to their home in Connecticut.

A number from Freeport attended the Hollow'en supper here Monday evening.

Mr. Walter Outhouse and Bradford Farnsworth have returned from Black's Harbor.

We are sorry to report the death of Mrs. Elizabeth Hegaff which took place Tuesday morning, November 1st. Mrs. Hegaff came here three months ago with the remains of her husband for burial and had been ill every since. She leaves to mourn two daughters, Mrs. Elmer Burdick, Mrs. Garfield Spencer; three sons, Frank, Enslay and Luie, all in Connecticut; two sisters, Mrs. Frank Ruggles and Mrs. Byron Blackford, Tiverton and one brother, Henry Outhouse, Freeport. Deceased was sixty years of age. We extend sympathy to the mourning ones in the loss of a kind sister and mother. Funeral took place Sunday.

Bear River

Sorry to report Mr. Frank Dunn on the sick list.

Mr. Howard Kelly is visiting friends in Bear River, a guest at the "Commercial House."

Mr. and Mrs. Charles Dunham, of Barton, are visiting at the home of Rev. and Mrs. J. W. Smith.

Miss Clara Campbell is spending several days in St. John, the guest of Rev. and Mrs. F. H. Bone.

The Ladies Institute met at Division rooms on Friday, November 4th, special business being transacted.

Elta Rebekah Lodge, No. 82, I. O. O. F., celebrated its first anniversary in the lodge room Monday night in the form of a Halloween party which was largely attended. The decorations were beautiful around the hall and tables. The waiters were dressed in very appropriate costumes and a pleasant evening was spent in music and games.

Reggie McCaul, brother of the bride, Miss Helen McCaul, daughter of Mr. and Mrs. Richard McCaul, of Delany's Cove, N.S., and a graduate of Hart's Hospital, Roxbury, Mass., to Capt. Eugene Coates, of the schr. Montclair, and a son of Mrs. S. A. Coates, of Hillsburn, N.S.

LOCAL DEATH ROLL

DAVID J. HALL

A telegram was received Wednesday by Mrs. S. C. Turner, conveying the sad intelligence of the death of her uncle, Mr. David J. Hall, City Clerk of Merrickville, Ont., aged about 85 years. The deceased was in charge for many years of the Great Northern Telegraph Station, and some years ago was associated with H. R. Wright in the publishing of the Merrickville Chronicle and afterwards bought out the latter's interest, becoming proprietor, editor and publisher, which he carried on for many years, it having a large circulation, not only in Lanark County, but in adjoining counties in the province of Ontario. He was also prominent in business and social circles and his demise will be mourned by a large circle of friends. He is survived by one daughter, Ada, at home. His wife predeceased him about a year ago, and his sons passed away still longer ago. Mr. W. H. Welton, who resides with Mrs. Turner, his daughter, was a brother-in-law of the deceased gentleman.

MISS ANNIE RAINFORTH

The death of Miss Annie Rainforth occurred in Bridgetown Wednesday at the advanced age of 80 years. She was a member of the Episcopal Church and is survived by one brother, Miles Rainforth, of Windemere, Kings County, and one sister, Mrs. C. G. Piggott, of Bridgetown. The remains were forwarded to Auburn Friday for interment beside her parents, the services at the grave being conducted by Rev. W. J. Bridgman, rector of that parish.

ARCHIBALD DAKIN

Died in Cambridge, Mass., October 23rd, Archibald Dakin. Funeral services were held at his late residence, 15 Humboldt, Wednesday 26th. A widow and daughter survive him, also a sister, Mrs. E. B. Woodrow. Mr. Dakin was born in Digby, youngest son of the late Capt. Edward J. Hamlin Dakin (nee Bent).

WEDDING BELLS

ORDWAY-BEZANSON

The home of Miss Eliza Walker, 18 Central street, Hudson, was the scene of an interesting event when her niece, Clara May Bezonson, was united in marriage to Mr. Fred Eugene Ordway, of Leominster, Mass., on Monday morning, October 25th, 1921, only a few relatives being present. The officiating clergyman being Rev. Herbert Frances. The bride was dressed in a brown travelling suit with hat to match. Immediately after the ceremony the happy couple left for an extended auto trip. On their return they will reside at Leominster.

ACCIDENT AT YARMOUTH

F. W. Walker, of Fredericton, N.B., and teller in the Yarmouth branch of the Bank of Montreal, met with a very painful accident Tuesday evening, when he walked through an open trap door in the Bank and fell to the cellar floor below. He struck heavily on the concrete floor, receiving a bad fracture of the left arm, and was otherwise bruised.

LOCAL PAPER AND SMALL TOWN

There are many people who take the local newspaper without giving a thought to the real service it performs. There are other functions of the local paper, no less important, than the mere printing of the community gossip, and while this is no doubt one of the functions that gives its interest locally, it is by no means the one of greatest importance, from the standpoint of service.

There is perhaps no other factor in maintaining the community spirit to be compared to the local paper. It is the medium through which the often widely separated districts are linked together. The east, the west, the north and south, are enabled through its ministry to keep in communication, and to know what each is doing.

Through the advertising columns of the local paper the village merchant may set forth what he has to sell and invite the public to do business with him, and it should be borne

Mr. and Mrs. Thos. H. Fortier and son came home on Monday from Windsor.

It is gratifying to report that A. E. Adams is slowly improving, although still confined to bed.

Mr. and Mrs. Jack Pickels arrived Saturday from Florida, this being the first visit of Mrs. Pickels to Nova Scotia.

Sydney Payne's new house on Academy Square east, is almost completed and a notable addition to that section of the town.

A. W. Amberman, of the Bank of Nova Scotia Agency, Bonne Bay, Nfld., is on vacation in his old home in Granville Ferry.

Reg. Harnish spent the week end here and was as much pleased to see his old friends as they were to see him. He returned on Monday to Halifax.

Miss Christine M. Ritchie left on Friday for Lincoln, Mass. Her house on Academy Square will be occupied the coming winter by Mrs. Shaw.

Capt. Haines Marshall left Weymouth on Thursday for Annapolis, where he will visit his sister, Mrs. B. Hardwick. Mr. and Mrs. B. Hardwick and daughter, Bernice, accompanied by Messrs. Arnold and Cullen, of Annapolis, were in Weymouth on Sunday, the guests of Mrs. Hardwick's sister, Mrs. Charles Grant.

Many friends and admirers of Miss Dorothy Humble who appeared here so successfully as leading lady in the Varsity Troupe of Kings College Windsor, in which W. F. McCulloch, of this town, was also one of the principal players, will sympathize with her in the loss of her father, John A. Humble, who died at his home in Truro, on October 23rd.

Miss Ina Dorman, of Margareville, went to Yarmouth on Saturday, accompanying her sisters, Misses Gertrude and Ruth who were returning from their vacation spent at home and in Wolfville.

CLARKE BROTHERS PULP MILL RE-OPENS

After remaining closed for a period of several months on account of the serious water shortage, Clarke Brothers' Pulp Mill, at Bear River, started operating again. All the old staff are back on the job and it is expected that both day and night shifts will be running by the end of the week. The extreme drought prevailing for the past few months has been detrimental not only to industrial work but it has made it difficult for many householders as well. In many cases the wells were as dry until the last rain came as they were at any time in the summer, and water even for ordinary uses had to be carried long distances in some cases.

D., 1921. All the right, title, interest and equity of redemption of said deceased John Tyler in the following real property:—

All that certain piece or parcel of land and premises situated, lying and being in Inglewood, in the County of Annapolis, bounded and described as follows:—Commencing on the east side of the Bay Road so-called at the southwest corner of land of Judson Chute to the lands of Edward Marshall; thence turning and running south along the lands of said Edward Marshall to the lands of Annie Brown (nee Clements) thence westerly along the lands of said Annie Brown to the Bay Road so-called; thence north along the Bay Road so-called by estimation six acres more or less.

Also all that certain piece or parcel of land and premises situated, lying and being on the west side of the Bay Road so-called, commencing on the said Bay Road on the west side thereof where the same is intersected by the southeast corner of lands of Stanley Marshall; thence running westerly along the south side of lands of said Stanley Marshall to the lands formerly owned by Walter Phinney under deed from the Adameson Estate; thence turning and running northerly along the Walter Phinney lands until it comes to the north side of the road leading from the Walter Phinney lands to the Bay Road so-called; thence running along the north side of the said road until it comes to the west line of lands of Stephen F. Jackson, Junior; thence turning and running northerly along the west line of lands of Stephen F. Jackson Jr., thence turning and running easterly along the north line of Stephen F. Jackson Jr., to the Bay Road so-called; thence turning and running northerly along the said Bay Road to the place of beginning containing eight acres—be the same more or less.

Also that certain lot, tract, piece or parcel of land situated lying and being at Hampton, in the County of Annapolis, being part of lot No. 128; bounded and described as follows, beginning at a certain stake and pile of stones standing in the east line of lot 127; thence southerly on the said line to the lands purchased by Perry Sims from Joseph Mitchell; thence easterly at right angles along the north line of the lands purchased by Perry Sims to the west line of lot 129 owned by Miss B. Foster; thence northerly to the said Elias B. Foster's west line to a certain point at right angles opposite to the place of beginning; thence westerly across lot No. 128 to the place of beginning.

Also that certain lot, piece or parcel of land and premises situated in the township of Granville in the County of Annapolis on the west side of the James Road so-called, leading from Bridgetown to the Bay of Fundy bounded and described as follows:—Beginning on the west side of the said James Road at a point ten rods north from the northeast corner of lands of the Estate of the late Thomas L. Bishop, and running northerly on the said road until it comes to the southeast corner of land formerly owned by the late James R. Smith, Esq., thence westerly on the said Smith's south line until it comes to the east line of land owned by William G. Hart, thence southerly along said Hart's line until it comes to the northwest corner of said lands of the Estate of the late Thomas L. Bishop; thence easterly on the said Bishop's north line until it reaches a point sixteen rods of the said James Road; thence northerly parallel to the said road ten rods and thence easterly on a straight line to the place of beginning containing nine acres more or less.

Also all that certain piece or parcel of wood land situated on the north Mountain at Hampton, in the County of Annapolis, bounded and described as follows:—Commencing on the west side of Elias Foster's lands where the same is intersected by the north line of Joseph Mitchell's lands and thence running westerly along the said Joseph Mitchell's north line or about ninety rods or until it comes to the lands belonging to the Wheelock Estate; thence turning and running northerly along lands of the said Wheelock Estate or until it comes to the old bush fence; thence turning easterly along said bush fence until it again comes to the said Elias Foster's lands to the place of beginning, containing about sixteen acres more or less.

Also a certain lot or parcel of land situated in Granville aforesaid on the west side of the James Road so-called, leading from Bridgetown to the Bay of Fundy and bounded and described as follows:—Beginning on the west side of the said road at the northeast corner of lands of the Estate of the late Florence L. Bishop and running westerly in said Bishop's line eight rods; thence northerly the course of the said road ten rods; thence west-

erly parallel with the said Bishop's line eight rods to the said road, and thence southerly on said road ten rods to the place of beginning, containing one half of an acre and the buildings, appurtenances, hereditaments, privileges and appurtenances to the same belonging.

Also all the right, title, and interest of the said John Tyler in that certain other piece or parcel of land and premises situated in the township of Granville, in the County of Annapolis and bounded and described as follows: On the north side of lands owned by Menasseh Litch at the highway; thence along the road nineteen rods or less to the Burial Ground; thence south five rods; thence east five rods; thence westerly along the brook to lands owned by Menasseh Litch to lands owned by the late A. L. Delap; thence north along said line to place of beginning, containing forty acres more or less, the same being the lands and premises conveyed to Henry Tyler, of Litchfield, in the County of Annapolis, by J. H. Woodworth of Granville, in the County of Annapolis, by deed dated the 30th day of July A. D., 1894, and recorded in the Registry of Deeds Office at Bridgetown in the County of Annapolis on the 18th day of January A. D., 1896.

Terms 20% at time of sale, remainder on delivery of deed.

Dated this 20th day of Oct., A. D. 1921.

ANNAPOLIS CO. HAS MYSTERY

No One Has Identified Body of Young Man Found in Brook of Bay of Shore Lake

Karsdale, Annapolis Co., N.S., Nov. 8.—Annapolis County has a mystery which the residents of this section are anxious to solve.

On Wednesday morning, October 19th, an unidentified body of a young man was found in the Bay Shore Lake Brook, Annapolis County. The body was buried on Friday, October 21st, near the spot where it was found. It was that of a man about five feet eight or nine inches tall, five or six inches wide, light complexion, dark brown hair, light blue eyes, dark brown shoes of English last, size 7 1/2 and black cashmere hose. The face was unrecognizable.

LECTURES TO MUSICAL CLUB

Mrs. W. H. Beckwith is President of This Organization.

Dr. J. D. Logan was the lecturer before the Ladies' Musical Club in Halifax Monday night in the School for the Blind. His subject was "Canadian Creative Composers" namely, Lavallee, (composer of "Oh Canada"), Forsythe, Lucas, and Gena Branscombe. There was a large attendance of members.

Nova Scotia creative composers also featured on the program and several songs were rendered, the composers being the following: Soda, by Mrs. Charles Archibald, "In Planders Fields," sung by Lea Curry; song, by Miss Evelyn Curry Crowell; song, by Mrs. Archie Wilson, (Helle Wilson); song, by Miss Nathalie Litterer; song, by Mrs. Campbell; song, by Miss Eliza Down, sung by Miss Major. Others to contribute to the program were Dr. W. H. Beckwith and Miss Anna MacDonald. Mrs. (Dr.) Beckwith, president of the club, presided. She announced that the next meeting would be November 15th, when a paper would be read by Mrs. Aivin MacDonald, subject "Current Music."

STERN REMINDERS OF RHEUMATISM

The Trouble Must be Treated Through the Blood

Every rheumatic sufferer should realize that rheumatism is rooted in the blood and that to get rid of it must be treated through the blood. The old belief that rheumatism was caused by cold, damp weather, is now exploded. Such weather conditions may start the pains, but it is not the cause. Liniments and outward applications may give temporary relief, but that is all they can do because they do not reach its sources in the blood. The sufferer from rheumatism who experiments with outward applications is only wasting time and money in depending upon such treatment; the trouble still remains, and it is all the time becoming more firmly rooted. Treat this disease through the blood and you will soon find relief. Dr. Williams' Pink Pills act directly on impure, weak blood; they purify and strengthen it, and so act on the cause of the rheumatism. Mr. P. J. MacPherson, R.R. No. 5, Cardigan, P.E.I., says: "About three years ago I was attacked with rheumatism. I began taking Dr. Williams' Pink Pills and soon the trouble disappeared and I am in better health than before. I also know of an old lady acquaintance who was badly crippled with rheumatism in her arms and legs, and who suffered very much. She, too, took Dr. Williams' Pink Pills and is now able to do her housework. I tell you this in the hope it may be of benefit to some other sufferer."

You can procure Dr. Williams' Pink Pills through any dealer in medicine, or they will be sent you by mail at 50 cents a box, or six boxes for \$2.50, by writing direct to The Dr. Williams' Medicine Co., Brockville, Ont.

A DANGEROUS PLACE

An Irishman visiting a friend in hospital began to take an interest in the other patients.

"What are you in here for?" he asked one.

"I've got tonsillitis, and I've got to have my tonsils removed," was the answer.

"And you?" he asked another.

"I've got blood poisoning in the arm and they're going to cut it off," was the reply.

"Holy Moses," said Pat in horror. "This is no place for me. I've got a cold in my head!"

Good News For BRONCHITIS Sufferers

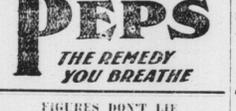

FAMOUS DOCTOR ENDORSES PEPS

"Peps are exceptionally suited for the treatment of bronchial ailments; their peculiar composition, their direct influence on the membranes of the bronchi, and their freedom from risky narcotics, being among their many praiseworthy points."

Dr. GORDON STABLES.

These chilly wet November days, when the old bronchial cough shows signs of return, and the chest feels raw and tender, it is important to have handy a box of Peps. They treat chest trouble in the only direct scientific way. You breathe the Peps medicine, and it penetrates where ordinary medicines cannot. As Peps tablets dissolve in the mouth, the sufferer inhales with every breath a balsamic pine essence with other volatile medicine. This unlike Peps medicine carries comfort and healing into the chest; it soothes the sore inflamed air tubes; frees the breathing; loosens phlegm; allays the cough, and relieves the painful tight feeling around the lungs.

Peps are the safest and most valuable remedy ever discovered for throat and chest. With them you can defy coughs and colds, chills and other throat and chest troubles. 50c. box, all dealers.

FIGURES DON'T LIE

An Irishman was working for a Dutchman, and wanted a raise in wages. Said the Dutchman: "Pat, if you are worth it, I will give it to you; but listen, Pat, you know there are 365 days in the year?" "Yes," said Pat.

"Now, you sleep eight hours each day, that equals 122 days you sleep. Figures don't lie Pat. Take that off 365 days and you have left only 243 days."

"Yes," said Pat.

"Now, you have eight hours for recreation and devotion."

"That is equally 122 days. Now take that off 243 days and you have 121 days left. There then are 52 Sundays in the year. You must take that off, for you don't work on Sundays, and that leaves you 69 days."

"You know I always give you 14 days vacation each year?"

"Yes," said Pat.

"That leaves 55 days. Now, Pat, there are 52 Saturdays half-holidays in the year. You know you don't work Saturday afternoon?"

"That makes 26 days. Now take that off and that leaves 29 days. Now, Pat, you have about two hours for meals each day."

"Yes," said Pat.

"That equals 28 days. Now you must take that off. That leaves one day, and figures don't lie, Pat!"

"Now, Pat, you know I always give you every St. Patrick's Day off. Now, Pat, I want to ask you do you think you are worth a raise?"

Said Pat: "What the h— have I been doing all this time?"—London Opinion.

Just As Dead

"Why do you turn out for every road hog that comes along?" said the misses rather crossly. "The right of way is ours, isn't it?"

"Oh, undoubtedly!" he answered calmly. "As for our turning out, the reason is plainly suggested in this epitaph which appeared in a newspaper recently:—

"Here lies the body of William Jay. Who died maintaining his right-of-way; He was right, dead right, as he sped along. But he's just as dead as if he'd been wrong."

The Nuisance Abated

"John, I hear burglars." The dutiful husband arose and tiptoed bravely out. After undue delay he returned.

"Oh, John," said the wife, what kept you so long? I was so afraid they had overpowered you."

"No, dearie, they were stealing the Victrola from the people across the hall and I made sure that they got all the records."

THE CHARGE OF THE LIMB BRIGADE

Half an inch, half an inch, Half an inch shorter, Whether the skirts are for Mother or daughter, Briefer the dresses grow, Fuller the ripples now While whisking glimpses show More than they oughter.

Forward the dress parade, Is there a man dismayed, No; from the slight displayed None could be sundered. Theirs not to make remark, Clergyman, clubman, clerk, Gaping from noon till dark At the "Four Hundred."

Short skirts to right of them, Short to left of them, Shortest in front of them, Flaunted and flirited In hose of stripes and plaids Hueed most exceeding glad Sporting in spats run mad Come the short-skirted.

Flushed all their ankles there Flashed as they turned in air— What will not women dare? Though the exhibits show Some of them blundered All sorts of shapes and pegs, Broomsticks, piano leas, Here and there fairy shapes, Just built to walk on eggs, Come by the hundred.

When can their glory fade? Oh—the wild show they made, All the world wondered, Grand dame and demoiselle, Shop girl and Bowery belle— Four Hundred, h'm, oh, well, Any old hundred.

DON'T KNOW HOW TO TREAT THEIR ANIMALS

(Halifax Herald)

The vigilant S.P.C. agents are finding a surprising amount of cruelty being, whether consciously or unconsciously, practiced in the city and the country, toward domestic animals, particularly dogs and horses, and they propose to increase their activity with a view to conducting an educational propaganda, and also to punishing those guilty of cruelty. Dogs are being housed in filthy kennels which are never cleaned; are being half starved; are being cruelly beaten, and horses are being discovered in a disgraceful condition as the result of neglect and abuse.

Must Be A Lawyer

"Yes," said the man who was proud of his library, "whenever I find one of my books with a torn leaf, I put it through a legal process."

"What legal process?" his visitor asked.

"I have it bound over to keep the piece."

Your Home Town Paper What it Can Do For You:

First of all, it can bring you the NEWS of your own home town. Week after week, it prints in detail the happenings of the community. Faithfully it sets forth the goings and comings of its people, giving careful attention to the homely little items that are ignored in the overcrowded dailies of the big cities.

It can furnish you with more interesting information about people you know or used to know, than could a dozen private correspondents. The one who writes you may know only a few of your friends at home—but your Home Town Paper knows them all. It tells you about people you are interested in.

Finally, in good, hard business sense, your Home Town Paper is of value to you. It keeps you posted as to the industrial and commercial growth of a community which familiarity may have caused you to neglect. It often reveals that keen people see, right in your home town, a mine of golden opportunity. The moral is obvious.

FROM ENGLAND TO FRANCE ON BIKE

Harold Ashton Rigby Made Trip
From Folkestone To Calais in
Twelve Hours

The English Channel was crossed on a watercycle in a little more than twelve hours from Folkestone to Calais by Mr. Harold Ashton Rigby, a motor engineer, of Morland Road, Addiscombe, Croydon. His cycle was an ordinary one fitted on two large floats and a propeller on the fore part of the machine, a rod from the rear wheel working it when the pedals were set in motion. A speed of seven miles an hour can be obtained in smooth water. The rider was accompanied by a motor boat in charge of Mr. Nichols, of Folkestone, who was accompanied by a local fisherman, a kitchen operator, and a local photographer. They left Folkestone Harbor at 4.45 a.m., when a strong sea was running and a south-west wind blowing. A fisherman who saw their departure said it seemed almost foolish even for the motor boat to put out.

Describing his ride, Mr. Rigby said: "It was a terribly trying experience, but I was really much better off than those in the boat, for the cycle rode the waves better, although at times the propeller was right out of the water. For three hours I was seasick, and I could not be fed as the waves prevented the boat from getting close enough to me. Therefore I had to go without food. "I should say I covered just over 30 miles. The conditions were much worse than they were when I crossed from Cap Grisnez to St. Margaret's Bay last year.

600 BUSHELS OF POTATOES PER ACRE

(Dean R. L. Watts, Market Growers' Journal.)
Louis Peters, of Lehigh County, Pa., decided last fall that he would try to grow 600 bushels of potatoes on an acre of land. His efforts are proving so successful that this plot was one of the chief attractions of the Pennsylvania Potato Growers' Association during an auto inspection trip, August 25th.

On this date ten average hills were dug and they yielded twenty-six pounds of tubers. The hills are about fifteen inches apart and the rows thirty-three inches apart. There are 12,000 hills in the field and only ten vacancies have been found. It is estimated that had all the hills been dug August 25th the yield would have been 515 bushels.

Last fall a surface application was made on an Alfaida soil of twenty tons of manure, one ton of commercial fertilizer, containing 10% of phosphoric acid and 5% per cent. of potash, and one-half ton of bone meal and the land plowed four inches deep. Last spring the land was plowed eleven inches deep and then received an application of one-half ton of commercial fertilizer containing two per cent. nitrogen, eight per cent. phosphoric acid and five per cent. potash, also one-half ton of cottonseed meal and four hundred lbs. muriate of potash. The ground was very thoroughly worked preparatory to planting. Only large tubers were used for seed, the stem ends first cut away and then each tuber cut into four pieces. Thirty-five bushels of potatoes were required to plant the acre.

More Money In Hunting Dogs

Jenkins, visiting a small western town, lost his pet dog. He rushed to the newspaper office and handed in an advertisement, offering \$100 reward for the return of his companion. Later, he returned to the office to have inserted. "No questions asked." On arrival at the office only a small boy was to be seen.

"Where's the editor?" he asked.
"Out."
"The assistant editor?"
"Out."
"Well, the reporter."
"Out."
"The printer?"
"Out."
"Where has the staff gone to?"
"All out looking for your dog."

"DAMN THE PLUMBER"

The following from the October issue of the West Coast Lumberman, outlining the sentiments of one of the largest lumber manufacturers in the United States, is of particular interest to Canadians at this juncture.

LET'S HELP RESTORE CONFIDENCE

"What can we do to help restore confidence and to start the wheels of industry to hum as they were wont to do?" asks the National Lumber Manufacturing Company of Hequiam in a recent sales letter.

"In our judgment one of the first things that we should do is to quit yelling for lower railroad freight rates. "That threat or promise of a down-

ward revision of rates in the misty distant future is inducing caution on the part of the entire business interests of the country to such an extent that industry is slackened and business of all kinds is retarded.

"The railroads are in a bad way financially, and there is not a ray of hope for them to secure new money from outside sources for needed repairs and improvements as long as the strangling hand of governmental control is fastened at their throats.

"The railroads in the aggregate are the greatest industrial force in the country and when they are in financial difficulties, you and we are going to suffer in like proportion.

"For years railroad baiting has been popular and we exhorted with glee when they were hog-tied with rules and regulations, and told where to head in. We smiled when we saw the once proud management talked to sanely by the common individual that the "peepal" had chosen as our spokesman.

"We now find ourselves like the chap that was bothered by a dog barking under his window; wrapping his nightie about his shivering legs, he went to put a stop to it. His wife, becoming alarmed at his continued absence, went to investigate, and found him standing in a snow drift, holding the dog by the hind legs. She yelled, 'For the love of God, what are you doing.' He cried out, 'Go back to bed, I am going to freeze this bugger to death.'

"It can't be done, and we should change our tactics as we are standing on our own feet and not getting anywhere.

"We, on the Pacific Coast, have been harder hit than any other district, as the unscientific, unrailroad-like horizontal advance of last year hit us a wallop that seemed impossible to withstand. We are still groggy, but are adapting ourselves and realize the necessity of securing better service and freer movement of business.

"The lumbermen roar over the additional cost per thousand on our lumber, but a reduction of 10 per cent on the plumbing bill on a dwelling house would mean a greater saving to the consumer than any reduction in the rate of lumber would bring. So let's damn the plumber awhile and let up on the railroads.

"We hold no brief for any transportation system, nor do we wish to bang wreaths of bay and laurel on the brows of any of the managers, as they are just human like ourselves, and our sole idea is to better our own condition.

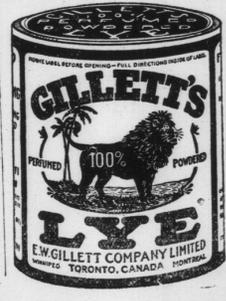

"When we view the thousands of worn-out and damaged cars, the many old, rusty locomotives out of commission; when we sway and bump over tracks out of commission; we shudder at our isolation. When business is again normal, we must have service to thrive, and if we suffer you will not be comfortable.

"Think it over, talk it over, and get that sub-conscious mind of yours busy on the subject, and we feel sure that you will agree with us—that it is time to hunt for another remedy for our industrial and financial ailments."

The Fishing Schooner Championships of the North Atlantic are over for 1921 won and lost; and already the losing country is turning its attention to business of building against this time 1922. One vessel at least will be launched for Gloucester before next March is out. They will call her "Puritan," a mighty fine, old New England name. This "Puritan" lady exists at the moment in the minds and determination of a group of Gloucestermen connected with the fishing industry. They left Halifax for home Friday with the necessary money subscribed, and with their initial plans perfected. As soon as they arrive in Gloucester, work will be begun looking to an early start on actual construction.

Profits And Production

Two farmers met after church as usual, and had this conversation:
"Sold your pig?"
"Yes."
"What'd ye get?"
"Thirteen dollars."
"What'd it cost ye to raise it?"
"Paid \$3 for the shoot, \$5 for the lumber in the pen and house, and \$5 more for the feed."
"Didn't make much, did ye?"
"No, but I had the use of the pig all summer."

TWO KILLED IN TRAIN ACCIDENT Vancouver Express Crashes In Rock- slide And Kills Engineer And Fireman.

Vancouver, Nov. 2.—Eastbound train No. 2, which left Vancouver Monday night over the C.N.R., struck a rock-slide one-mile east of Gelkie, and Engineer Rheaume and Fireman Thompson, both of Jasper, were killed.

The point where the accident occurred is seven miles west of Jasper, in a rocky country. J. H. Cameron, assistant general manager, stated this morning that no one else suffered any injury and that little damage to rolling stock or track was sustained. He declared that passengers would be caused little delay.

The train, which was an unusually long one, left here Monday night and carried both Canadian Pacific Railway and Canadian National Railway passengers from Vancouver to be transferred at points further along the line between the break.

WOULD NOT BE WITHOUT BABY'S OWN TABLETS

Once a mother has used Baby's Own Tablets for her little ones she would not be without them. The Tablets are a perfect home remedy. They regulate the bowels and stomach; drive out constipation and indigestion; break up colds and simple fever and make baby healthy and happy.

Concerning them, Mrs. Nollie A. Pyle, Eum Secum, N.S., writes: "I have found Baby's Own Tablets of great benefit for my children and I would not be without them." The Tablets are sold by medicine dealers, or by mail, at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

Conductor Comes Back

A conductor on one of the Armdale cars, Halifax, occasionally misplaces his "h's", being from the motherland where that habit is common. As he approached the foot of Buckingham yesterday, he called out: "Ollis street! Ollis," and a wit in the crowd remarked: "Hey there, conductor, you've dropped something." The expected laugh went around, but it developed into a roar of mirth when the conductor, with a twinkle in his eye, quickly replied: "That's alright smarty, I'll pick it up at Hoxford street." This is probably the man who spells 'saloon' with a hess, a ha, a hell, two hoos and a hea.

PAINT INSURANCE

Scarcely anyone now needs to be persuaded of the value of Insurance. That gospel has been so well preached, and the risks of neglecting it have been so clearly shown, that to argue it again is like carrying coals to Newcastle or sending a pamphlet in favor of woman's suffrage to Mrs. Pankhurst. If the insurance agent is still needed for campaign work, this is not because any one has yet to be convinced, but because this gospel—like others—is believed by many

who are not faithfully acting upon it.

But the case for insuring one's house against fire, overwhelmingly strong though it is, lacks at least one argument that can be used for insuring it by the use of paint against decay. For, while fires are deplorably frequent, not everybody's house is burned, and the chief risk to careful people is from the carelessness of others. You may take pains with your building so as to render it so far as possible fireproof, and you may be constantly on your guard against leaving combustibles around. If you are among the fortunate people whom these precautions secure, and live among neighbors who are in this respect like yourself, you will be paying premiums for a long time with no return. But every householder, who lives in one of our Canadian wooden houses, will find his house progressively degenerating in value unless he paints it reasonably often. No measures that he can take except the use of paint, will stop the increasing loss.

The decay is like that of a bad tooth, often unappreciated and even unperceived until it has gone a very long way indeed. The dentist will tell you that if you had come to him sooner he could by timely stopping and filling have effected that improvement in your health which must now be brought about by extraction, and the natural tooth that you might have kept will have to be replaced by an artificial one not as good and much more expensive. In the same way a house that cost you much to build, and that might have been preserved in excellent condition for a long time if you had painted it; may easily get beyond the painter's power to save. One artificer would have sufficed if he had been summoned in time. Now you will require at least two, for the carpenter must first reconstruct the parts that are quite hopeless, leaving other parts "that will stand a while yet" but are not very good, and the painter will have to follow him.

If you believe, then, in insurance where there is some risk of loss, but where "with luck" you may perhaps escape altogether, do you not believe still more in insurance where without it there is a dead certainty of loss, for no luck can possibly avail? If you are frightened by the chance that you may be looking at the charred remains of your home and exclaiming "Fool that I was, why didn't I insure" you are not disturbed by the knowledge that while you jog along—saying of your house "It doesn't look too bad yet, we'll let it go another year"—damage is being done which does not show itself in looks at all, but will show itself when you want to sell, and have to accept an enormous cut in price for "deterioration," or when you are forced by the risk of things falling asunder to rebuild what you need only have re-painted? It is as poor economy to say "Paint is tedious" as to say "Premiums are too high." The question is not whether you can afford to insure, but whether you can afford not to insure. So you should ask yourself, not whether you can afford to paint, but whether you can afford not to paint. Multitudes in this country are deferring, until it will be far more expensive and not nearly so efficient the preservation of their homes with a brush and pot—very cheap at the price if used at the right time. By saving the surface you will save much more, very especially to your pocket.

STARVES TO DEATH WITH \$1,400
Huntington, N.Y., Nov. 1.—With \$1,400 in a savings bank in Belfast, Me., Herman Tamm, whose brother resides in Brooklyn, died from starvation and exposure, according to the decision of Dr. William B. Gibson, coroner of Suffolk county.

Tamm's body was found in a bank in a bottling building on the Colonial Springs farm, a short distance from Wyandanch, L.I., by John J. Hauger, who notified Coroner Amasa Biggs, of Suffolk. On the man's body was found a bank book showing \$1,400 in the bank at Belfast, a receipt for \$100 on contract to purchase a farm and a card giving his brother's address.

W. J. Hein, of Bayard street, Brooklyn, identified the body of Tamm but neither he nor the brother of the dead man could account for him being on Long Island. The last heard of him was by letter from Maine, Hauger saw Tamm walking about the farm about a month ago.

Only One In Bridgetown
"Isn't it funny," asks the Glliam Globe, "that the man who thinks he is a business man will get up in the morning from an advertised mattress and shave with an advertised razor, take off advertised pyjamas and put on advertised underwear, hose, shirt, collar and tie, seat himself at the table and eat advertised breakfast food, put on an advertised hat, light an advertised cigar, go to his place of business and turn down advertising on the ground that advertising doesn't pay?"

The University of Alberta

The establishment of the University of Alberta in Edmonton has brought about a great intellectual stimulus in the West where there are in the youth of the province wonderful potentialities for national efficiency and good citizenship. At the primary session of the Legislature of Alberta in 1906, an act was passed creating the University of Alberta and in 1908 the first president entered upon his duties with sessions beginning in September of that year.

The site of the University on the high banks of the Saskatchewan in South Edmonton comprises 268 acres while there is also a farm of 300 acres. Five hundred acres are under cultivation in addition to those covered by buildings. The institution is financed by the government and the expenditure to date exceeds three and one-half million dollars.

There are three commodious residential buildings—Athabasca Hall, Assiniboia Hall and Pembina Hall, providing residential accommodation for four hundred students. The main teaching building is a handsome structure of neo-classic style and was opened for classes in the fall of 1915. The new medical building which will be completed for the opening of the fall session ranks as one of the finest in Canada. It forms the southern part of a quadrangle of University buildings and is in architectural harmony with the other structures. In addition to accommodating the department of chemistry, it contains laboratories for the department of anatomy, physiology, pathology and public health. There are two lecture halls, in theatre form with a capacity for two hundred students each. Twenty-five thousand dollars, representing the interest on half a million, has been made available for the medical faculty by the Rockefeller Foundation, for the

promotion of better medical training in the United States and Canada. Dr. H. M. Tory, M.A., is president of the University. W. A. R. Kerr, M.A., is Dean of the Faculty of Arts and Sciences; E. A. Howes, B.S., is Dean of the Faculty of Agriculture and Dr. A. C. Rankin is Dean of the Faculty of Medicine.

The University has achieved the important function of teaching in its educational work, the people of the province at large through extension work. There is a special secretary for this department who promotes lecture courses throughout the province, a Press Bulletin, a system of travelling libraries and a bureau for information for literary clubs, debating societies and such organizations. One important work was a series of discussions before various audiences, in the province, on the social problems of Western Canada.

The Scientific Association has a definite program of economic research into the resources of the province. The university farms are conducting an experimental station for agricultural research. The library of nineteen thousand volumes has a large collection of books written by Canadian authors on Canada and is located in the main building.

In co-operation with the New York World, The Evening Mail has arranged to bring

the greatest modern writer to America because it believed this was an act of public service to our readers.

Wells will report the sessions of the Conference and he will do more. He will tell the people of Nova Scotia what each development means; what the diplomats are trying to do for them, and to them; what the effect will be on their children and their children's children if this Conference succeeds—or if it fails.

No newspaper in Canada is covering the Conference with greater thoroughness and authority than The Evening Mail. Besides the distinguished reports of Wells, the noted Washington correspondent David Lawrence will send dispatches before and during the Conference exclusively to the Evening Mail. No Nova Scotian can afford to miss these epoch-making articles.

If you sign and send the coupon today you will keep yourself informed on these and the other vital news of the day as you can in no other way.

SOME KICK TO THIS

A correspondent sends in a receipt for Perkins' Home Brew, and while we prefer some other brand ourselves, we are willing to place this receipt before those who are interested in the preliminary details of their own funeral and we might also state that arrangements can be made with the local press to give the users a good send-off, but we cannot guarantee the time of their arrival, or state of their contentment in the next world. Here is the formula:

Pursue a wild bullfrog and carefully gather the hops.

Then add:

Two gallons of pickle brine.

Six quarts of shellac.

Eight bars of home-made soap.

Four pints of sweet spirits of nitre.

Boil three weeks. Then strain through an I. W. W. sock to prevent mixture from working. Bottle, and add a mule to each quart to give the proper kick.

Would Appreciate A Similar Engagement.

"Mamma, was that true about your having a friend in Mexico when that last war started, and about a cannon ball coming right through the house and knocking their piano all to smithereens?"

"Perfectly true, dear."

"And did they have any little children who had to practice on their piano?"

"Yes, they have two little girls and a little boy."

"Mamma, don't we never have no wars in this country?"

Several Good Firms

A pretty good firm is Watch & Waite.

And another is Attil, Early & Layte.

And still another is Doo & Dairet.

But the best is probably Crin & Barrett.

Preferred Creditors

"Want to be a musician, do you? Then I advise you to take up either the bagpipes or the violin."

"Why so, father?"

"Because when there's any paying to be done, I notice it's the piper and the fiddler who are the preferred creditors."

SOLITUDE

Laugh and the world laughs with you; Weep, and you weep alone; For the sad old earth must borrow its mirth, But the sad old earth must borrow its mirth.

But has trouble enough of its own. Sigh, and the hills will answer; Sigh, it is lost on the air; The echoes bound to a joyful sound, But shrink from voicing care.

Rejoice, and men will seek you; Grieve, and they turn and go; They want full measure of all your pleasure, But they do not need your woe.

Be glad, and your friends are many; Be sad, and you lose them all; There are none to decline your neighbor's wine, But alone you must drink life's gall.

Fast, and your halls are crowded; Fast, and the world goes by; Succeed and give, and it helps you live, But no man can help you die.

There is room in the halls of pleasure, For a large and lordly train, But one by one we must all file on, Through the narrow aisles of pain.

SEVENTEEN VESSELS ON MARINE RAILWAY

Sydney, Nov. 7.—That the recently constructed marine slip, at Anderson's Point, has proved a beneficial industry to Sydney, can be gauged by the fact that since the starting of operations there some six weeks ago no less than seventeen vessels have undergone repairs and more are awaiting an opportunity of going on the docks. Included in the list of vessels repaired are several fairly large steamers. At present forty men are being employed in the marine slip while steady work there means a greater amount of work for the machinists and others employed by the Sydney Foundry and Machine Works, Ltd., the owners of the new marine slip. At times the entire force of workmen in the boiler shop of the machine works has been taken to the marine slip to carry on some extensive work there.

WHEN THEY CEASE TO BE GENTLEMEN

A subscriber wanted to know why we have not called on him for his subscription.

We replied that we never ask a gentleman for money. "Indeed," he replied, "How then, do you get it if he doesn't pay?" We replied after a person is in arrears a certain time we conclude he is not a gentleman. We have a number we are about to sue, and we are afraid that the names given to this class would not look good in print. They have not only received the MONITOR for several years without showing any intention of paying, but have also received bank drafts. Some have been accepted and dishonored and some have not been accepted, while others have written on back of drafts, "Settled."

We know they were already pretty small, but they have neglected to tell us how far down they HAVE SETTLED.

ANOTHER INCREASE

Canadian publishers are being reminded by official circulars, issued by the Ottawa Post Office Department that a 50 per cent. increase in the rate of postage on newspapers will become effective on January 1st, 1922. The rate will be 1 1/2 cents a pound, making a total increase of 500 per cent. in newspaper postage since January, 1921. Subscribers who are in arrears can help the publishers meet this increase by paying up their subscriptions.

It Was His Knees

A very nervous man bought a motor car and a friend asked him to give him a lift. They found themselves in a crowded street.

The friend said: "Jim, your engine is knocking badly."

"Don't be a fool," was the reply. "That's my knees."

"MILLIONS NOW LIVING WILL NEVER DIE"

(Published by Request)

The regeneration of the human race has been the hope of Christians for centuries, which hope is based upon God's promise. To Abraham he said: "In thy seed shall all the families of the earth be blessed." (Genesis 12:3; 22:18). This promised blessing is life everlasting.—Romans 6:23.

The opening chapters of the Bible tell of the creation of perfect man in the image of likeness of God, and his habitation in a perfect home, Eden; of his violation of the divine law and his sentence to death. By inheritance all of his offspring have been born imperfect, therefore sinners, and in a dying condition. (Romans 5:12). God made promise to redeem man from death (Hebrews 9:15), this redemption to be accomplished only by the will- ing sacrifice of a perfect man. God sent his Son Jesus into the world for that purpose. (John 3:16). He came to ransom man from the power of the grave (Matthew 20:28), that the people might have life. (John 10:10). He died for the benefit of all men (Hebrews 2:9), which testimony must be given to all men in God's due time. (1 Timothy 2:5, 6). At that due time every man shall hear the truth taught by Jesus, who promised: "If a man keep my saying he shall never see death." (John 8:51). There must be a due time for all men to hear these truths before they can be kept.

The first six verses of Revelation 21 tell of a time coming when there will be no more death, and which time is stated to be during the reign of Christ. "He (Christ) must reign till he hath put all enemies under his feet. The last enemy that shall be destroyed is death."—1 Corinthians 15:25, 26. It is evident from the foregoing Scriptural proof that there must come a time when the people will have an opportunity for life, peace and happiness. The question is, When? St. Peter answers this ques- tion, saying: "Times of refreshing shall come from the presence of the Lord; and he (God) shall send Jesus Christ, who before was preached unto you, whom the heaven must retain until the times of restoration of all things, which God has spoken by the mouth of all his holy prophets since the world began. Yea, and all the prophets from Samuel and those that follow after, as many as have spoken, have likewise foretold of these days." (Acts 3:19-21, 24).

This statement conclusively proves that at the second coming of Christ and during his reign the obedient ones of the human race will be restored to exactly what Adam lost, viz., perfect manhood and a perfect home. Twenty-four of the holy prophets of Jehovah foretold the coming time of such restoration of men. These prophets spoke with divine authority. The disciples of Jesus, knowing of the testimony of these holy prophets and of the coming time of restoration propounded to Jesus this question: "Master, tell us how may we know of the time of thy presence and of the end of the world." (Matthew 24:3). The answer of Jesus to this question was clear and conclusive, understand- able by men when the events men- tioned by him should be fulfilled. The answers shows, in connection with other Scriptures, that the end of the world and the setting up of Messiah's kingdom will mark the beginning of the restoration of man, and from that time forward millions of people liv- ing on the earth will never die.

The first important question, then, is, What is meant by the end of the world and when does it occur? World means social and political order end- uring for a certain time. The lease of gentle dominion began, according to Bible chronology and history, 606 B.C., was to continue for 2,520 years, and necessarily ended in 1914, which marks the end of the present order, at which time its disintegration should be expected. Jesus stated when that time arrived there would be a world war, famine, pestilence, and revolutions in various parts of the earth, marking the beginning of the world's ending. All these things have been fulfilled since 1914, and the famine and revolutions are still in progress.

He further stated—and this corro- borated by many of the prophets—that the return of the Jews to Palestine would be an additional evi- dence of this great time of the world's end. This fact is also now accom- plished. Additionally he said that during the period of the end of the world there would be upon the earth distress of nations, with perplexity, men's hearts failing them for fear of what they see coming upon the earth. This is now in progress. As a further evidence he stated that his followers, loyal and faithful Christians, would be hated of various nations for his name's sake and would be persecuted. This was also fulfill- ed during the world war, and many Christians in Austria, Germany, Great Britain, Canada, the United States, and other places, were severely per- secuted. The greater portion of this persecution was because of the pub- lication of "The Finish! Mystery", which explains the book of Revelation

HAS NEVER FELT THE RHEUMATISM

Since Taking "Fruit-a-tives" The Famous Fruit Medicine

P.O. Box 123, Pausanoo, N.S.

"I suffered with Rheumatism for five years, having it so badly at times I was unable to get up. I tried medicines I saw advertised, and was treated by doctors but the Rheumatism always came back. In 1916, I saw in an advertisement that "Fruit-a-tives" would stop Rheumatism and took a box, and got relief; then took "Fruit-a-tives" right along for about six months and I have never felt my Rheumatism since". JOHN E. GUILDERSON, 506 a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

written by St. John while he was serving a term in prison on a false charge of sedition. Hundreds of thousands of copies of "The Finish! Mystery" are now in the hands of the people. Another important date God has made clear through the prophets. When the children of Israel entered the land of Palestine in the year 1575 B.C., God required them to count time from that date forward, and to keep every fiftieth year as a Jubilee; and commanded that these Jubilees should be kept for seventy periods, which would be equivalent to a total of 3,500 years. St. Paul shows that these things were types or shadows. The Jubilee periods typified the thousand-year reign of Christ, which would begin at the time of his second presence and at the end of the world, during which the obedient of mankind must be restored. A period of 3,500 years beginning in 1575 B.C. of ne- cessity will end with 1925 A.D. It is therefore confidently expected from the Scriptures that 1925 will mark the end of wars, famine, pestilence, revolutions, anarchy, and general dis- turbances, and that the restoration of man will progress from that time forward.

Millions of people now living on earth reasonably expect, in the ordi- nary course of events, to live ten or fifteen years. Coming to live in 1925 and thereafter, coming to a knowledge of the truth and being obedient to truth, will live on the earth forever in a state of happiness. The earth will gradually be improved, the des- ertices inhabited, and the whole world become a fit habitation sufficient to support the entire human race with abundance.—Isaiah 35: Ezekiel 36:24, 25.

The seed of Abraham according to the promise consists of Christ, Jesus the head and the church his body. (Galatians 3:16, 27, 29; Colossians 1:18). These are the ones who have been selected from amongst men from Pentecost until Christ's second com- ing. These are the ones who are properly designated as Christians, and whose eternal dwelling place shall be in heaven; and through this class the blessing shall be extended, according to God's promise, to all the families of the earth. Jesus declared that this message of the kingdom shall, at the end of the world, be preached unto all nations for a witness, and then the end of the world will be complete. This is a message of comfort because it an- nounces the end of the present un- righteous order, the incoming of the righteous order, the incoming of the kingdom of peace, justice and right- eousness, and the time for the giving of life everlasting to the obedient ones of earth. The message "Millions now Living Will Never Die" during the past twelve months has had the greatest circulation of any book ever published in a like period of time. This book, together with "The Finish! Mystery" and "Can The Living Talk With The Dead?", are now being placed by the International Bible Students Association in the hands of the people, and at such price that every one can afford them. They contain a message of hope and com- fort to the groaning creation.

NOTABLES SAIL ON THE OLYMPIC London, Oct. 26.—Lord and Lady Lee, of Fareham, with an advance party of the British delegation to the Washington conference, including Ad- miral Chatfield and other naval offi- cers and Srinawasa Sastri, the Indian delegate left Waterloo station this morning and Southampton whence they will sail for the United States on the steamship Olympic.

A large party of friends were at the station to bid them farewell. These included George Harvey, the United States Ambassador; J. Wilson Taylor, and other representatives of the British Foreign Office.

Wellington Koo, the Chinese dele- gate, with his wife, and a staff of Japanese military representatives, also will travel to the United States on the Olympic.

ANOTHER DRIVING ACCIDENT The Wolfville Acadian says: "Mr. W. B. Eaton, of this town, met with a very serious accident on Monday of this week. He was riding down a steep hill near Lawrencetown, Annapolis County, on his bicycle, when the front wheel suddenly collapsed, throwing him with considerable vio- lence. He was rendered unconscious by the fall, and regained consciousness in a neighboring house to which he had been carried. Mr. Eaton was considerably scratched and bruised about the face, and had a fortunate escape from much more serious in- jury. He is recuperating at his home in Wolfville for a few days."

\$60,000 JEWELRY ROBBERY Los Angeles, Cal., Oct. 29.—Jewelry said to be valued at \$60,000 and auto- mobile in which Sam Hurwitz, sales- man, was conveying from one retail jeweler's establishment to another for exhibition purposes, was stolen here to-day by two men who jumped into the car and drove away immediately after Hurwitz had stepped out of it.

IN MEMORIAM

(Lines on the Passing of Mr. J. F. Shafter, Oct. 12, 1921)

Sad tidings reach our ears to-day That one so loved has passed away To join the throng across the sea From pain and death forever free.

Just when the night had changed to- day, When daylight's gleam sent forth its rays, The weary spirit took its flight Exchanging earth for realms of light.

The reason why, we cannot tell, But Jesus doeth all things well; And 'tho' sad hearts are filled with grief, His loving arms are underneath

To comfort those who mourn and weep, And whisper words of comfort sweet; To beckon on to Mansions fair, And bid them meet their loved one there.

'Tis hard for the loving wife to bear The grief that none on earth can share; To bear life's cares from day to day, And know the loved have passed away.

For the aged mother whose aching heart In earthly sorrow before had part; She soon will meet her angel boy In realms of bliss without alloy.

For the children five who now are left In early life to be herit of loving father's tender care Who ever did their burdens bear.

Whenever business cares oppressed He kept it all within his breast; And round the fire side's warmth and light He mingled with them sweet and bright.

'Tho' now no more his face they'll see, We fondly hope his spirit free Yet lingers round his loved ones here And 'tho' apart, yet ever near.

PUNISHMENT FOR RUTH IS PEND- ING Chicago, Oct. 26.—Babe Ruth, home run king, will know his penalty for violating the rule against post-season barnstorming by world's series play- ers in about two weeks, it was learned here to-day.

Judge Landis, baseball commissioner, is now preparing his decision, it is understood.

The Judge said to-day he had seen nothing but newspaper reports of a proposed visit from Ruth to apologize for violating the rule, and in any case Ruth's apology would have no bearing on the Judge's decision. Sus- pension for a part of the next base- ball season was reported to be under consideration as Ruth's punishment.

A large party of friends were at the station to bid them farewell. These included George Harvey, the United States Ambassador; J. Wilson Taylor, and other representatives of the British Foreign Office.

You can have all these helps on the farm

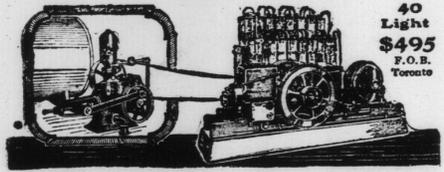

IN the best lighted farm homes, brilliant, clean electric light floods every room, cellar, stairways, stables, and other buildings at the touch of a button. These folks also have running water in bathroom, laundry, kitchen and outbuildings by turning a tap. No one turns the separator, grindstone, fanning mill, or churn—the "F" Power and Light Plant does all these jobs as quickly and easily as it pumps water.

The womenfolk are not slaves to the wash tub, and there are no lamps to fill and clean—the "F" Plant ends such drudgery. They save time and labour by using an electric iron and vacuum cleaner. The farm help is contented, does more work and becomes attached to the place.

You can live under the same happy and prosperous conditions.

Call in the first time you are near and learn how the "F" Power and Light Plant will save dollars, and work for you.

THIS WOMAN'S RECOVERY

Shows Remarkable Restorative Power of Lydia E. Pinkham's Vegetable Compound.

Chesley, Ont.—"Before using Lydia E. Pinkham's Vegetable Compound I was a total wreck. I had terrible pains in my sides and was not regular. Finally I got so weak I could not go up stairs without stopping to rest half way up the steps. I tried two doctors but they did me no good. I saw your medicine advertised in the newspapers and thought I would give it a trial. I took four bottles of the Vegetable Compound and was restored to health. I am married, am the mother of two children, and do all my housework, milk eight cows, and do a hired man's work and enjoy the best of health. I also found Vegetable Compound a great help for my weak back before my babies were born. I recommend it to all my friends who are in need of medicine, and you may print this letter if you wish."—Mrs. HENRY JANKE, R. R. No. 4, Chesley, Ontario.

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

FINDS THE SWEETEST WOMAN IN THE WORLD

Charleston, W. Va., Oct. 31.—The sweetest woman in the world is in this city, according to H. Rus Warne, architect. Warne, who is in charge of the architectural work on the new court house, found the "lady" on top of the old court house building filled with honey. Everybody knew she was there, but none knew she was so sweet.

Warne, who was investigating the statue with a view to determining the feasibility of removing her to another building, found that a swarm of bees had made their hive in the body of the figure. They have been hoarding their honey inside of it for many years. The statue is hollow and the bees gained access through a hole in one of the arms. Now a question of ownership of the honey arises.

Cornet "Wizard" Heads Musical Trio

Chester R. Scott Company is One of Lyeacum's Most Popular Novelty Organizations.

The Chester R. Scott Musical and Dramatic Trio brings to Lyeacum not only one of the finest novelty organizations now appearing before the public but also presents Mr. Chester R. Scott, one of America's finest cornet artists. His tones are remarkable for their wonderful softness and richness. He does the difficult "triple tongue work," and also the "running double tongue"—technical expressions perhaps yet they mean much in discussing an artist's ability. His playing is at all times characterized with the utmost ease and greatest depth of feeling. Mr. Fred Osborne offers musical and dramatic features, and appears with Mr. Scott in special novelty numbers. He is a character impersonator, and his vocal work is a feature. Laura Hale Scott, accompanist and piano soloist, is herself an artist of considerable note.
