The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

P R E F A C E.

THE compilation of the following Exchange Tables has been undertaken to obviate the necessity of separate Tables for converting Currency into Sterling, and *vice versa*. The advantage and convenience of these Tables require no comment.

I have, on EACH OPENING, given ONE COMPLETE Rate of Exchange, both Currency and Sterling Equivalents, and considerably more matter than has hitherto been published. The Currency, it will be observed, is always given in "antique," or heavy figures, and the Sterling in light figures, this contrast facilitates a speedy reference to the column, either Currency or Sterling, and to the amount required.

My Stock Tables will be found of utility in shewing the per centage a Capitalist receives on investment in Stocks, purchased at from 30 per cent. discount to 30 per cent. premium, and yielding dividends varying from 2 to 12 per cent. per annum,—*e.g.* on reference to the table of 18 per cent. premium, it will be seen that Stocks purchased at that rate, and producing an annual dividend of 8 per cent., return $6\frac{77}{100}$ per cent. on Cash invested.—The Table I have calculated for ascertaining the present worth, or Cash value, of Debentures paying 6, 7, or 8 per cent. interest, and having from 1 to 20 years to run, will, I feel confident, supply a want heretofore felt both by buyers and sellers. I have also given Compound Interest Tables, from 1 to 20 years, at 5, 6, 7, and 8 per cent. Tables of Commission or Brokerage, at $\frac{1}{4}$ to 5 per cent. on any sum from \$1 to \$100,000; and, Tables of Charges upon Timber, Deals, and Staves.

In conclusion, I would remark, that being fully aware of the extreme importance of accuracy in a work of this kind, I have taken every means to ensure correctness both of calculation and typography.
